NOTE SENT TO GERMANY, WHILE FRIENDLY, IS FIRMLY

IMPERIAL GOVERNMENT ASKED TO ADOPT MEASURES TO PREVENT THE FURTHER LOSS OF AMERICAN LIVES ON THE HIGH SEAS

Reiterating Representations of May 15 in Regard to Lusitania, Communication Asserts Cardinal Fact is Limer, With More Than a Thousand Souls, Who Had No Part in the War, "Was Torpedoed and Sunk Without So Much as a Challenge, and Men, Women and Children Were Sent to Death."

UNITED STATES DENIES THE RIGHT TO SINK SHIPS WITH ALL ON BOARD

Washington, June 10.—The United States in its latest note to Germany, made public tonight, formally asks the imperial government for assurances that measures hereafter will be adopted to safeguard "American lives and American ships" on the high seas. The alternative in case of refusal is not stated.

It was this note to which William Jennings Bryan refused to attach his signature, resigning, instead, his portfolio of secretary of state.

Robert Lansing, secretary of state ad interim, signed the communication, which went forth with the approval of President Wilson and his entire cabinet.

Friendly terms characterize the document, which renews representations made in the American note that reached Germany on May 15, after the Lusitania was torpedoed and sunk, with a loss of more than one hundred American lives.

The German government, it is declared, "must have been misinformed" when it assumed that the Lusitania carried guns, as official information is at hand to corroborate the original contention of the Washington government—that the Lusitania was an unarmed passenger ship which, since it did not resist capture, could not be sunk without transferring the passengers and crew to a place of safety.

The communication informs Germany that it is "on the principle of humanity as well as upon the law founded upon this principle that the United States must stand." Opportunity is given to Germany to submit any evidence that American officials did not execute their tasks thoroughly in inspecting the Lusitania before she sailed, but the cardinal fact—that the liner was given no warning and made no resistance and was primarily a passenger ship—the American government declares throws "into the background any special circumstances of detail" and lifts the case "out of the class of ordinary subjects of diplomatic discussion or of international controversy."

The issuance of another statement by former Secretary Bryan, coincident with the publication of the note, tonight added to the surprise in official quarters at the character of Mr. Bryan's argument. High officials said the note employed the very process—persuasion—which Mr. Bryan advocated and did not necessarily lead to war.

In diplomatic circles generally the note seemed to create a favorable impression. In quarters friendly to Germany it was stated that the document confirmed a belief held since Count von Bernstorff's recent interview with President Wilson—that the critical stage had been passed and that, with the American viewpoint clearly before it, the German government would be able to find a way out of the dilemma that would satisfy the United States.

One phase of the note which attracted much attention was that relating to mediatory steps on the part of the United States looking toward a reformation of warfare on the seas generally. In this connection it was suggested that the chief difficulty might be an insistence by Germany that the allies refrain from interfering, not only with foodstuffs consigned to her civilian population, but with raw materials of all kinds.

Washington, June 10.—The text of the American rejoinder to the German government's reply to the note following the sinking of the Lusitania follows:

"The secretary of state ad interim to the American ambassador at Berlin:

"Department of State, Washington, June 9, 1915.

"American Ambassador, Berlin:

"You are instructed to deliver textually the following note to the minister of foreign affairs:

"In compliance with Your Excellency's request I did not fail to transmit to my government immediately upon receipt of your note of May 28 in reply to my note of May 15, and your supplementary note of June 1, setting forth the conclusions, so far as reached by the imperial German government, concerning the attacks on the American steamers Cushing and Gullflight. I am now instructed by my government to communicate the following in reply:

"The government of the United States notes with gratification the full recognition by the imperial German government, in discussing the cases of the Cushing and the Gullflight, of the principle of the freedom of all parts of the open sea to neutral ships and the frank willingness of the imperial German government to acknowledge and meet its liability where the fact of attack upon neutral ships, which have not been guilty of any hostile act, by German aircraft or vessels of war, is satisfactorily established; and the government of the United States will, in like course, by before the imperial German government, as it requests, full information concerning the attack on the steamer Cushing.

DENIES RIGHT TO SINK FALABA.

"With regard to the sinking of the steamer Falaba, by which an American citizen lost his life, the government of the United States is surprised to find the imperial German government contending that an effort on the part of a merchantman to escape capture and secure assistance alters the obligation of the officer seeking to make the capture in respect to the safety of the lives of those on board the merchantman, although the vessel has ceased her attempt to escape one torpedo. These are

not new circumstances. They have been in the minds of statesmen and of international jurists throughout the development of naval warfare and the government of the United States does not understand that they have ever been held to alter the principles of humanity upon which it has insisted. Nothing but actual forcible resistance or continued efforts to escape by flight when ordered to stop for the purpose of visit on the part of the merchantman has ever been held to forfeit the lives of her passengers or crew. The government of the United States, however, does not understand that the imperial German government is seeking in this case to relieve itself of liability, but only intends to set forth the circumstances which led the commander of the submarine to allow himself to be hurried into the course which he took.

REASSERTS LUSITANIA UNARMED.

"Your Excellency's note, in discussing the loss of American lives resulting from the sinking of the steamship Lusitania, adverts at some length to certain information which the imperial German government has received with regard to the character and outfit of that vessel, and Your Excellency expresses the fear that this information may not have been brought to the attention of the government of the United States. It is stated in the note that the Lusitania was undoubtedly equipped with masked guns, supplied with trained gunners and special ammunition, transporting troops from Canada, carrying a cargo not permitted under the laws of the United States to a vessel also carrying passengers, and serving, in virtual effect, as an auxiliary to the naval forces of Great Britain.

FLATLY CONTRADICTS BERLIN.

"Fortunately these are matters concerning which the government of the United States is in a position to give the imperial German government official information. Of the facts alleged in Your Excellency's note, if true, the government of the United States would have been bound to take official cognizance in performing its recognized duty as a neutral power and enforcing its national

laws. It was its duty to see to it that the Lusitania was not armed for offensive action, that she was not serving as a transport, that she did not carry a cargo prohibited by the statutes of the United States and that, in fact, if she was a naval vessel of Great Britain, she should not receive clearance as a merchantman. And it performed the duty and enforced its statutes with scrupulous vigilance through its regularly constituted officials.

GERMANY WAS "MISINFORMED."

"It is able, therefore, to assure the imperial government that it has been misinformed. If the imperial government should deem itself to be in possession of convincing evidence that the officials of the government of the United States did not perform these duties with thoroughness the government of the United States sincerely hopes that it will submit that evidence for consideration.

"Whatever may be the contentions of the imperial German government regarding the carriage of contraband of war on board the Lusitania, or regarding the explosion of that material by the torpedo, it need only be said that in the view of this government those contentions are irrelevant to the question of the legality of the methods used by the German naval authorities in sinking the vessel.

NO JUSTIFICATION FOR ACT.

"But the sinking of passenger ships involves principles of humanity which throw into the background any special circumstances of detail that may be thought to affect the cases, principles which lift it, as the imperial German government will not doubt be quick to recognize and acknowledge, out of the class of ordinary subjects of diplomatic discussion, or of international controversy. Whatever be the other facts regarding the Lusitania, the principal fact is that a great steamer, primarily and chiefly a conveyance for passengers, and carrying more than a thousand souls, who had no part or lot in the conduct of the war, was torpedoed and sunk without so much as a challenge or a warning and that men, women and children were sent to their death in cir-

cumstances unparalleled in modern warfare.

WILL UPHOLD LAW OF HUMANITY.

"The fact that more than one hundred American citizens were among those who perished made it the duty of the government of the United States to speak of these things and once more, with solemn emphasis, to call the attention of the imperial German government to the grave responsibility which the government of the United States conceives that it has incurred in this tragic occurrence and to the indisputable principle upon which that responsibility rests. The government of the United States is contending for something much greater than rights of property or privileges of commerce. It is contending for nothing less high and sacred than the rights of humanity, which every government honors itself in respecting and which no government is justified in resigning on behalf of those under its care and authority. Only her actual resistance to capture or refusal to stop when ordered to do so for the purpose of visit could have afforded the commander of the submarine any justification for such as putting the lives of those on board the ship in jeopardy.

"This principle the government of the United States understands the explicit instructions issued on Aug. 3, 1914, by the imperial German admiralty to its commanders at sea to have recognized and embodied, as do the naval codes of all other nations, and upon it every traveler and seaman had a right to depend. It is upon this principle of humanity as well as upon the law founded upon this principle that the United States must stand.

U. S. WOULD ACT AS GO-BETWEEN.

"The government of the United States is happy to observe that Your Excellency's note closes with the intimation that the imperial German government is willing now, as before, to accept the good offices of the United States in an attempt to come to an understanding with the government of Great Britain by which the character and conditions of the war upon the sea may be changed. The government of the United States would consider it a privilege thus to serve its friends and the world. It stands ready at any time to convey to either government any intimation or suggestion the other may be willing to have it convey and cordially invites the imperial German government to make use of its services in this way at its convenience. The whole world is concerned in anything that may bring about even a partial accommodation of interests, or in any way mitigate the terrors of the present distressing conflict.

"In the meantime whatever arrangements may happily be made between the parties to the war and whatever may, in the opinion of the imperial German government, have been the provocation or the circumstantial justification for the past acts of its commanders at sea, the government of the United States confidently looks to see the justice and humanity of the government of Germany vindicated in all cases where Americans have been wronged or their rights as neutrals invaded.

"The government of the United States therefore very earnestly and very solemnly renews the representations of its note transmitted to the imperial German government on the 15th of May and relies in these representations upon the principles of humanity, the universally recognized understandings of international law and the ancient friendship of the German nation.

WON'T RECOGNIZE WAR ZONE.

"The government of the United States cannot admit that the proclamation of a war zone from which neutral ships have been warned to keep away may be made to operate as in any degree an abbreviation of the rights either of American ship masters or of American citizens bound on lawful errands as passengers on merchant ships of belligerent nationality. It does not understand the imperial German government to question those rights.

MUST SAFEGUARD AMERICANS.

"It understands it, also, to accept, as established beyond question, the principle that the lives of non-combatants cannot lawfully or rightfully be put in jeopardy by the capture or destruction of an unresisting merchantman, and to recognize the obligation to take sufficient precaution to ascertain whether a suspected merchantman is in fact carrying contraband of war or under a neutral flag. The government of the United States therefore deems it reasonable to expect that the imperial German government will adopt the measures necessary to put these principles into practice in respect to the safeguarding of American lives and American ships and asks for assurances that this will be done.

"ROBERT LANSING, Secretary of State ad Interim."

BRYAN ASSERTS NOTE CONFORMS TO 'OLD SYSTEM'

In Appeal Asking the American People to Hear Him Before They Pass Sentence for Resigning, the Former Secretary Raps Wording of Message to Germany

Just Such an Attitude, Commoner Declares, Caused the War in Europe—Advocates Postponing Discussions With Berlin Until After Peace Is Proclaimed.

Washington, June 10.—William Jennings Bryan in an appeal addressed "To the American people" tonight asks them to hear him before they pass sentence upon his laying down the portfolio of secretary of state in the midst of international stress.

"Confident that the public will credit him with honorable intentions Mr. Bryan frankly says that good intentions are not enough and that if the public verdict is against him, he asks no mercy, asserting that men in public life must be "willing to bear any deserved punishment from ostracism to execution."

Interpreting the American note to Germany on submarine warfare, which he refused to sign, as conforming to the "old system" of diplomatic standards, precedents for which "are written in characters of blood upon almost every page of human history," and characterizing himself as a champion of the new system—persuasion instead of force—and as "a humble follower of the prince of peace" the former secretary of state pleads for the United States to lead the world "out of the black night of war into the light of that day when swords shall be beaten into ploughshares."

Tomorrow Mr. Bryan will issue another statement, an appeal, he says, "to German-Americans." The nature of this appeal he would not discuss. With the issuance of the third statement since his resignation the former secretary said he will be ready to rest his case.

"Of course I shall always be ready to talk when the occasion arises, and I think it necessary," Mr. Bryan declared.

SCORES WORDING OF WILSON NOTE

Mr. Bryan says in part: "If I correctly interpret the note to Germany it conforms to the standards of the old system rather than to the rules of the new and I cheerfully admit that it is abundantly supported by precedents—precedents written in characters of blood upon almost every page of human history. Austria furnishes the most recent precedent; it was Austria's firmness that dictated the ultimatum against Serbia which set the world at war. Every ruler now participating in this unparalleled conflict has proclaimed his desire for peace and denied responsibility for the war and it is only charitable that we should credit all of them with good faith. They desired peace, but they sought it according to the rules of the old system. They believed that firmness would give the best assurance of the maintenance of peace, and, faithfully following precedent, they went on their heads, one after another, sucked into the contest. Never before has the frightful follies of this fatal system been so clearly revealed as now."

REVIEWS HORRORS OF WAR.

"The most civilized and enlightened—aye the most Christian—of the nations of Europe are grappling with each other as if in a death struggle. They are sacrificing the best and bravest of their sons on the battlefield. They are converting their gardens into cemeteries and their homes into houses of mourning; they are taxing the wealth of today and laying a burden of debt on the toll of the future; they have filled the air with thunderbolts more deadly than those of Jove and they have multiplied the perils of the deep. Adding fuel to the flame of hate they have daily devised new horrors until one side is endeavoring to drown non-combatant men, women and children at sea while the other side seeks to starve non-combatant men, women and children on land. They are so absorbed in alternate retaliations and in competitive cruelties that they seem for the time being blind to the rights of neutrals and deaf to the appeals of humanity. A tree is known by its fruit. The war in

Europe is the ripened fruit of the old system.

"This is what firmness, supported by force, has done in the old world. Shall we invite it to cross the Atlantic? Already the jingoes of our country have caught the rabies from the dogs of war; shall the opponents of organized slaughter be silent while the disease spreads?"

WOULD WAIT FOR PEACE.

"As a humble follower of the Prince of Peace; as a devoted believer in the prophecy that 'they that take the sword shall perish with the sword'; I beg to be counted among those who earnestly urge the adoption of a course in this matter which will leave no doubt of our government's willingness to continue negotiations with Germany until an amicable understanding is reached, or at least until the stress of war is over. We can appeal from Philip drunk with carnage to Philip sobered by the memories of an historic friendship and by a recollection of the innumerable ties of kinship that bind the fatherland to the United States.

"Some nation must lead the world out of the black night of war into the light of that day when swords shall be beaten into ploughshares. Why not make that honor ours? Some day—why not now!—the nations will learn that enduring peace cannot be built upon fear—that good will does not grow upon the stalk of violence. Some day the nations will place their trust in love, the weapon for which there is no shield; in love that suffereth long and is kind; in love, that is not easily provoked, that beareth all things, believeth all things, in love which though despised as weakness by the worshippers of Mars abideth when all else falls.

"WILLIAM J. BRYAN."

Boston, June 10.—The executive committee of Massachusetts Branch, German American National Alliance, tonight sent to Wm. J. Bryan a telegram saying: "We wish to express to you our admiration for your moral courage, your sincerity and your American spirit of fairness. You have been the conscience of the American people in the present crisis."

GERMANY SAYS SHE HAD RIGHT TO SINK FRYE

Washington, June 10.—Germany in a note on the case of the William P. Frye, an American ship sunk by the Prinz Eitel Friedrich, has informed the United States that it interprets the Prussian-American treaty of 1828 to mean that American vessels carrying contraband can be destroyed. Payment is promised for the destruction, but the right to destroy is asserted as a logical inference from the language of the treaty. The liability for the sinking of the Frye is still admitted, but Germany contends the case was not "a violation" of the treaty.

Just what the reply of the United States will be is not known definitely, but it is considered certain that the American government will not acquiesce in the new interpretation given the treaty by Germany.

Under the general principles of international law the right to destroy a prize is granted only in extreme military necessity, when the cargo is certain of condemnation, and officials here contend that the German commander who examined the papers of the Frye did not have indubitable evidence concerning the character of the cargo.

WHAT WILL AMERICA DO? IS QUESTION IN BERLIN

Berlin, June 10, via London, June 11, 3:15 a. m.—The first sections of the American note to Germany arrived in Berlin late this afternoon and the other sections began coming in early in the evening. The note will be deciphered and presented to Herr von Jagow, the German foreign secretary, tomorrow.

During the afternoon James W. Gerard, the American ambassador, called on Herr von Jagow and was closeted with him for over half an hour.

Paper Is Conciliatory.

"That the resignation of the secretary of state has not been without effect was shown by a conciliatory article captioned 'America' given most prominent display in double leaded type by the Lokal Anzeiger. This article, which appears in the position reserved for communications of the utmost importance says:

"President Wilson allowed his first adviser, who had made known his pacifist theories to depart in this critical hour. No compromise in their attitudes was possible, therefore. Attempts to reach a peaceful solution, nevertheless, should not be abandoned. This is not the counsel of faint-heartedness, but of an earnest will not to make worse our political relations. Considerations of humanity may be taken into consideration so far as the military situation and the policy of the empire will permit."

The one question heard today in all quarters was: "What will the United States do?" and "What is the significance of Mr. Bryan's retirement?"

RUSSIANS TURN AND BEGIN RUSH; DRIVE FOE BACK

Reinforced, Armies of Czar Advance in Baltic Provinces and Galicia, Putting Austro-Germans on Defensive and Forcing them Back from Lemberg.

At First Sign of Weakening of Dual Allies by Withdrawals of Troops for West, Muscovites Will Deliver Vigorous Offensive—Italians Take Monfalcone

Udine, Italy, via Paris, June 10, 3:45 p. m.—Italian troops are within sight of the city of Trieste. From the hill-tops near Monfalcone they can see the city, the capture of which is one of the main objectives of the Italian campaign. The occupation of Monfalcone, less than twenty miles from Trieste, is regarded by the Italians as of great importance.

London, June 10, 11:15 p. m.—Russian reinforcements have advanced in the Baltic provinces and in Galicia, and it has become their turn to attack. According to the German official report received tonight part of the German force on the Dvina river, in the Baltic provinces, were obliged to withdraw, although in the region of Shvili and on the Niemen they claim to be making progress, despite a stubborn Russian resistance.

More important in the belief of military observers here, however, is the apparent change that is taking place in the Galician battle. The Russian army, according to the German account, the Russians are advancing to the south and southeast of Lemberg, and also are attacking General Lensingen's force which crossed the Dniester near Zaturava.

Maneuvering for Positions.

In eastern Galicia and Bukovina the Russians are falling back between the Pruth and Dniester rivers, with the intention, it is believed here, of making the Dniester their line of defense from the Rumanian frontier to the southeast of Przemyśl. They have very strong positions along this line and the military experts say that if they can drive back the Germans who crossed the river near Zaturava, Lemberg will remain in their hands and they will be in a position to deliver a vigorous offensive, at any rate as soon as the Austrians and Germans begin to withdraw troops for their western and southern campaigns.

It is possible that this withdrawal commenced some days ago, for a Dutch correspondent reports the arrival of large numbers of troop trains in Belgium and the commencement of a battle to the south of Ypres. The official reports, however, make no mention of such a battle.

Paris-Berlin Claims Differ.

Along most of the French front the fighting is of a character similar to that which has been in progress for many months. The French generally are said to be on the offensive, but as to results the claims of Berlin and Paris are contradictory.

Heavy fighting continues on the Italian fronts, particularly along the Isonzo river, where the Italian army is said to have taken Monfalcone, an important town near the coast.

German submarines continue their activity. Today they accounted for two British torpedo boats, while the loss of ten fishing vessels and one steamer, the Erna Baldi, is credited to the underwater boats.

Forty-one members of the crews of the torpedo boats were rescued. As these vessels always carry crews of thirty-five men, it is believed that the loss of life in their sinking will approximate thirty.

MAN WHO SAID HE SAW GUNS ON THE LUSITANIA IS HELD FOR PERJURY

New York, June 10.—The federal grand jury investigation to determine whether there was a conspiracy "to defraud the United States" in connection with the affidavits submitted by the German embassy to the state department to prove that there were guns aboard the steamship Lusitania was begun here today.

The investigation is specifically directed against Paul Koenig, also known as Stenler, who, according to the federal authorities, is head of a secret service department maintained by the Hamburg-American steamship line.

The first result of the investigation was the arrest today, for perjury, of Gustave Stahl, a German assessor, who made one of the affidavits submitted by the embassy, and who is alleged to be closely associated with Koenig. Stahl, in his affidavit, which was made before a notary public, swore that he visited the Lusitania on April 20, the day before it sailed, and saw four guns on the deck concealed by leather covers. The repetition of this story when he was called as a witness in the investigation of Koenig's activities was the basis of the perjury charge.

In addition to the statement by Dudley Field Malone, collector of the port, and by officials of the Cunard line that the Lusitania was unarmed, the government authorities said tonight that they had evidence by which they would prove that Stahl was not on board the Lusitania on any day before the departure of the Lusitania on her fateful trip.

FRIDAY, JUNE 11, 1915.

Mr. Bryan has made a pretty kettle of fish for the administration.

MR. BRYAN'S PROGRAM.

The points on which Mr. Bryan differs from the President are infinitely less important than the fact that he proposes to yawn about them at a time when the President, and thus the country, is thoroughly committed to a given course of action in the German negotiations. This, The Mining Journal believes, is a thoroughly unpatriotic program and one that will gain little credit for the late secretary of state. It will, furthermore, intensify the feeling of relief with which, generally speaking, the news of his withdrawal from the cabinet has been received.

Mr. Bryan, in cabinet council, obviously had full right to his opinion about the wisdom of the President's course. His opinions being what they are, he conducted himself as he should when the form of the notes to Germany, and particularly the latest note, was being considered. But he was overruled not alone by the President, but by the other members of the cabinet, as well. And, also, he was overruled, as far as the issue took form, by the opinion of the American press, which has supported the President with rare unanimity.

In The Mining Journal's view Mr. Bryan's withdrawal from the cabinet, which it can understand, should have been followed by an eloquent silence. Instead, he apparently proposes to yawn, for yawn is about the only work that fits the case. His sophomoric statement, characteristically timed to coincide with the dispatch of the latest note to Germany, makes this very plain, at the same time indicating an unbelievable obtuseness to the conditions of the situation. He says, for instance, that he will urge his views "in the hope of securing such expression of public sentiment as will support the president in employing these remedies, if, in the future, he finds it consistent with his sense of duty to favor them." In view of the definite manner in which the administration has taken its stand, in view of the irrevocable nature of the steps it has taken, such suggestion must be said to reach the limit of puerility.

Mr. Bryan has chosen a course—even if he goes no further with it than his formal statement—that greatly increases the danger of a serious development from our strained relations with Germany—a fine piece of work for the chosen prophet of peace. For the menace the situation holds comes largely from the inability of the Germans to sense the real temper of the American people. They haven't been able to believe that the President's words are to be taken at face value. They have dwelt much on the influence of Americans of German descent in leading our government to temporize. They have believed that our love of the dollar and of a slothful peace would stop us from drastic measures, no matter how we were affronted. They have credited Mr. Bryan, and the peace at any price crew, with much more influence than they have possessed.

Mr. Bryan's course is admirably suited to intensify their error, and thus to increase the danger of a serious breach. The principal corrective will be the readiness of the American press to characterize Mr. Bryan's attack in the rear, when an administration of the people has been committed to a definite policy that is going to be gone through with, as it ought to be characterized, as essentially disloyal.

POLITICAL.

Attending the shakedown in the Wilson cabinet is speculation as to whether it will not be further reorganized at the instance of the President and his political advisers, to the end that its political value to the administration may be increased. Mr. Bryan, from a political standpoint, was the strongest man in it. He has a personal following second to that possessed by no man, unless it is Colonel Roosevelt. His withdrawal leaves the cabinet without men of marked political strength, and with some men who have no political strength at all. In the view of many of the President's advisers this is a condition that must be corrected, particularly if it is going to be necessary to meet a challenge from Mr. Bryan for control of the organization, as so many persons believe is to be the case. Yet changing a cabinet about merely to serve political purposes is a most ticklish operation, and one in which the President would find little pleasure or satisfaction. Take it all in all,

for some time. Since 1892 Lansing has represented the United States in six international disputes, in all of which he has acquitted himself with the utmost credit. He is one of the 'finds' of the Wilson administration, the other two being Lane and Garrison, and it is to be hoped that he will continue to sit with them in the cabinet during the life of the administration."

Many automobile drivers yesterday viewed the ruin of the car that Wednesday night crushed out a life on the Marquette-Negaunee road. It is matter for regret that every driver in the county could not have seen it, for the suggestion it wracked and blistered frame carried of how small a margin separates life and death, and safety and ruin, when the speedometer is allowed to mount on dangerous roads, was impressive. The sight was one to have a steady influence on all who pilot cars. It requires only a small lapse from sound sense at times to make an automobile a juggernaut car.

It appears to be a generally accepted opinion that Mr. Bryan's letter of resignation is to be regarded as the first gun in his presidential campaign for 1916.

STATE PRESS

Lieutenant Governor Dickinson is willin' alright, but wants to be shoveld overboard.—Kalamazoo Telegraph Press.

Teddy thought he unloaded a lot of trouble on Taft, but look what Taft unloaded on Wilson!—Grand Rapids News.

Mexico has tried arms and ammunition, and now frankly confesses that what it needs is food.—Pontiac Press Gazette.

Ambassador Bernstorff has lived in the United States long enough to be able to grasp American sentiment in a case such as that of the Lusitania.—Bay City Times.

Lord Kitchener must be fairly satisfied with himself as a prophet. The war did start in May, as he predicted, but it was the Teutons who started and who have done most of the fighting so far.—Kalamazoo Gazette.

Przemysl is again in Austrian hands. The Russians finding it too hot to hold, presumably. The captors will oblige a long-suffering reading public, however, by giving the fortress a pronounceable name.—Jackson Citizen Press.

The Germans have issued a White Book newly. It reviews the Russian atrocities in Posen and Galicia. It is superfluous to recite them. We have no interest in the book. There is only one atrocity and that is war.—Detroit Journal.

The typewriter for one armed persons is well enough in its way, but a more pressing need is a typewriter for stenographers who cannot spell.—Chicago News.

One for the Little. One of England's leading pugilists has entered the army. (The time has passed, however, when bulk and brawn are expected to characterize a fighter, the most successful German submarine commander, is dead; caught in a submarine net like a rat in a trap. Admiral von Spee was the hero of the chief naval victory standing to the German credit. He is dead. So it is in war, the weak, the cripples, the helpless live on. The bravest and strongest die.—New York World.

War. Michael O'Leary won the Victoria Cross by capturing single-handed a German position in France. He is reported dead. Lieutenants von Weddiger, the most successful German submarine commander, is dead; caught in a submarine net like a rat in a trap. Admiral von Spee was the hero of the chief naval victory standing to the German credit. He is dead. So it is in war, the weak, the cripples, the helpless live on. The bravest and strongest die.—New York World.

ALASKAN COAL. The opening of Alaskan coal fields can not come any too soon.

To present date, the vast populations along the Pacific ocean have been obliged to import their coal from Atlantic lands, or to put up with a very inferior article mined near their own shores. Japanese coal is far below the best British or American standards. British Columbia supplies a still poorer article; yet these have enjoyed a practical monopoly for years. If the vast and splendid coal measures of the northwestern territory had been opened a decade ago, Alaskan fuel by this time would have held the inside track from Manila to Cape Horn.

Unfortunately this was not done, and another land, plentifully supplied with good coal, has begun to realize its resources. China seems to have as much mineral fuel as the eastern half of the United States. Some Chinese deposits—not the best, but far better than much that is being marketed now—lie reasonably close to deep water, and within the commercial influence of the Great British free port of Hongkong. The American consul at that port advises our government that capital is being raised to develop these South China mines.

Yet Alaska need not feel downhearted. Her chance for unhindered seizure of a great market is gone, but her opportunity for healthy industrial development remains and grows.

Of Lansing the Grand Rapids Press says: "The reliance which the President has placed upon him of late makes it improbable that he will be supplanted

white women both offered prayer for their future safety, but the colored woman sat by in stolid silence. One of the white women, turning to her, said: "Pray, woman, pray. Do something to help."

LOWER STATE NOTES

BAY CITY—Mrs. Henry H. Bennett, suffering from a nervous attack, went into the bathroom to bathe her face under the faucet of the bath tub. While leaning over she fell, striking her head on the tub. When discovered, her head was in eight inches of water and it was supposed that she had drowned, but the attending physicians say that there was no water in her lungs and that she died of heart failure.

EAST LANSING—President J. L. Snyder, of the Michigan Agricultural College, left for Syracuse, N. Y., to attend commencement exercises at that university which will confer upon him the honorary degree of doctor of agriculture. This makes the third honorary degree which has been conferred upon him. President Snyder received his A. B. degree at Westminster college in 1886 and was honored with a degree of Ph. D. in 1891. The University of Michigan conferred the degree of L. L. D. upon him in 1908.

PONTIAC—Frank Moore, alias Korkenski, was arraigned before Justice Stockwell on a charge of horse stealing. Moore declares he started from Detroit on a street car and rode as far as his money would take him. Then he started to walk. He met a stranger whom he describes as "Tom." Tom had a bottle of whiskey, according to Moore, and produced a horse which Moore helped to hitch. They drove to Rochester, picked up two girls, but later lost them in the country. "Tom" disappeared and Moore drove on with the horse, which belonged to Edward Hagerman, of Bloomfield Center. Moore was held for examination.

DETROIT—Recovery of \$1,500 worth of goods stolen from Kline's store on Woodward avenue and the arrest of two negroes and three women in connection, has brought out that \$1,000 worth of goods has been surreptitiously taken from that store in the last year. The stock was found to be short that amount at the time of the last inventory. Louis Stone and Jesse Motley, porters in the store, Mabel Brown, Margaret Sawyer and Nellie Tarburn were arrested on suspicion by Detectives Piles and Grossman. Officers searching the homes of the two men and claim they found many of the missing articles. Parisian gowns of expensive pattern, brought here for display, are among the goods lost. The porters' arrested worked in the store at night.

EAST LANSING—Dr. E. T. Hallman, state pathologist, has returned from Forest Hill, Westford county, where he found an infectious disease which resembled black leg, among cattle. This makes the second time within two years that Dr. Hallman has been called to look over cattle in this district, each time on the same farm. The cattle are believed to have hemorrhagic septicaemia. This disease is fatal in more than 90 per cent of the cases. It has been known heretofore only in the southern states. It is commonly known as constack, or buffalo disease, and affects cattle, sheep, horses and goats, although it is most common among cattle. It is transmitted by contact and once it breaks out on a farm all of the herd are to be kept under observation. The disease is accompanied by high fever, with hemorrhages under the skin. There is a little external swelling. Isolation and disinfection of all suspected herds is recommended.

LANSING—The actual work of making valuations of property in Detroit by the state board of tax commissioners will be begun July 1. By that time Chairman Barnes announced, the preliminary work will have been finished and the field men, who will visit all the property in the city and do the actual valuing, selected. To accomplish the work the city will be divided into four districts, each district with a foreman. These foremen will spend the first few days of July in getting over the ground and gathering a general idea as to the valuation of the property. Then they will get together with the commissioners and formulate the basis upon which the detailed work is to proceed. As soon as the foremen have harmonized their ideas, the field men will be turned loose. It is expected that before July is over the commission will have at least twenty-five men at work in the city, exclusive of the foremen. The latter simply supervised the work after it started and make the rounds with the men daily. The delay in starting the actual work has been caused by the transcribing of the record which had to be in the possession of the clerical force. Just now records transfers are being checked up and according to Chairman Barnes there will be no question about starting the actual work July 1.

JACKSON—Calling Mayor William Sparks a liar and using a similar term in characterizing City Attorney Lyman B. Trumbull, Attorney Frank L. Blackman belittled the administration of the city commission to its face and questioned the methods under which it operates. Mr. Blackman appeared before the commission at its invitation to explain his charges of dishonesty and unfairness

A GARDEN'S CHIEF GRACE. He therefore who would see his flower's dispose 'd Slightly and in just order, ere he gives The beds the trusted treasure of their seeds, Forecasts the future whole; that, when The scene Shall break into its preconceived display, Each for itself, and all with one voice Conspiring may attest his bright design.

Some clothe the soil that feeds them, far diffused And lowly creeping, modest and yet fair, Like virtue, thriving most where little seen: Some more aspiring catch the neighbor shrub With clasping tendrils, and invest his branch, Else unadorn'd, with many a gay festoon And fragrant chaplet, recompensing well The strength they borrow with the grace they lend. —Cowper (The Task).

THE WINDING LANE. The wood-light grows more mellow-dim, The leaves dance happily, The russet path glows deeper hue'd To greet her worthily, And all the birds in chorus sweet Sing rapturous incense, When lassie comes to meet me Adown the winding lane, She's sweet as little roses are, As quaint as magnonette, And shy as modest pansy-buds, With shower-jewels set on her hair, She's Happiness! And from this world I've nothing more to gain When lassie comes to meet me Adown the winding lane.

This earth would be a kingdom place If every man could know The fragrance of a shady path Where cool, green grasses grow, Where, when the sunset hour came by, And life was sweet and sane, His singing lassie turned the stile Adown the winding lane. —Ethel Halle Parter, in Lippincott's.

Wanted An Explanation. During the Dayton flood a good old "daddy of color" was rescued with two white women from the deep water and put on the roof of a barn for safety. After the boatman had rowed away the

PRESBYTERIANS AND WOMEN.

In the early days of the church religious activity was entirely the business of men. Men did all the work connected with the advancement of the faith and consequently took the reins of all church government, general and local. Today conditions have changed. Women are largely dependent on, not only to fill church auditoriums, but to raise funds, prosecute missionary work and carry on allied social service movements.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a humming sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hart's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

"The Best Little City on Earth" Marquette, Mich.

"Owns the finest site on earth" for the new high school—Pine street. From it we have developed the finest streets. From it we will develop some of the greatest minds. Overlooking Lake Superior, a breath of air from the grand old lake will make the dummy blossom as the rose. Room for a grand ball park, football field, gymnasium and all for a mere bagatelle. To have the opportunity to look out of the back window, in winter or summer, will kill the drug business—No cough and tonics a thing of the past. Of course Jones' Hot Spring Blood Remedy will always sell.

Auditor General Fuller will be among the visitors in Marquette today for the meeting of the Shrine. He will arrive in Marquette from the copper country, where he has been in attendance at the Knights Templar convalescence.

Mr. and Mrs. Samuel R. Krause, of Grand Rapids, were in Marquette Wednesday, the guests of Dr. and Mrs. E. L. Drake. They left that night for Houghton, where they had been in attendance at the Knights Templar convalescence.

There has been presented to the Marquette Commercial club a picture of Marquette in 1882. It is a reproduction of a photograph taken by C. W. Greene, and shows the early-day shipping facilities of the harbor, as well as the business part of town.

Traps Second Quarry—The Marquette Trap Rock company yesterday put into commission its quarry at Harvey, which had been idle for some time past. The company's Marquette plant has been in operation for some weeks.

At the Delft—A three reel Edison feature, "Killed Against Orders," presenting Miriam Nesbitt, will be featured at the Delft theater today. "The Legal Light," a Selig western comedy, will be the other picture on the program. An orchestra will play at the evening performances.

Well Carried Out—The auditorium of the Baraga school was filled yesterday with a musical entertainment. "The May Queen," given by the grade children. The cantata was greatly enjoyed by the parents and the friends of the school. Tuesday evening, June 15, the cantata will again be presented, and the public is cordially invited to attend. A nominal admission charge will be made.

Will Call on Merchants—A committee has been named to call on the merchants to invite them to enter floats in the Fourth of July parade. Fraternal organizations also will be urged to participate. The committee hopes that the merchants will enter into the spirit of the observance, and that everyone make some effort to help the celebration along. Substantial cash prizes will be awarded for the best floats.

To Ishpeming Tonight—The Knights Pythias special train to Ishpeming, the running of which was postponed last night on account of the disagreeable weather, will leave the South Shore station at 7:30 o'clock this evening, provided the weather is fair. The Pythians will attend the Ishpeming carnival at the invitation of the Ishpeming members. The train is for the accommodation of the general public as well.

Commencement Exercises—The Marquette High school will hold its annual commencement exercises at the opera house tonight, starting at 8:15 o'clock. Professor O. T. Coran, former superintendent of public instruction in Ohio, will be the speaker, his subject to be "The Three Cs in Education." Persons attending are asked to enter the theater by means of the parquette exit, opening on the arway between the theater building and the Peter White & Co. insurance block.

Births Recorded—Births recorded with City Clerk Donovan during the past week are as follows: A daughter to Mr. and Mrs. Fred Anderson, 337 West Crescent street; a son to Mr. and Mrs. Richard V. Fox, St. Luke's hospital; a son to Mr. and Mrs. James Madigan, Big Bay; a son to Mr. and Mrs. Reider Larson, 407 Norwood street; a son to Mr. and Mrs. James Reid, Ishpeming; a daughter to Mr. and Mrs. David Anderson, 328 West Park street; a son to Mr. and Mrs. John Vainompa, 527 South Seventh street; and a daughter to Mr. and Mrs. Michael Wallin, 315 West Bluff street.

INSURE WITH PETER WHITE & CO. Another thousand geraniums, all sizes, half price. Sorensen's Green-houses. (6-11-21)

Upper Peninsula

Unique Claim Presented. Charles Lindeen asks the city of Iron Mountain to allow him \$12, alleging that while going home the other evening his foot caught in a water pipe, causing him to fall and tear a pair of new trousers valued at \$10 and a pair of \$5 shoes, besides suffering an injury to his ankle. The claim has been referred to the city attorney.

Bond Issue Proposed. The Iron Mountain common council is considering the question of submitting to the voters the matter of bonding the city for \$75,000 for sewer and street improvement work. Aside from the desirability of having the work done, it is argued that employment would be given to many men now idle. No definite action has been taken.

Bark River Boy Is Winner. Archie Dubard of Bark River township will represent Delta county at the Michigan State fair at Detroit in September. He won the honor in competition with five other contestants by a margin of 4 per cent. The honor is awarded in each county to the eighth grader who passes the annual eighth grade examinations with the highest mark.

Garbage Contract Awarded. At Iron Mountain this week bids for the collection of the city's garbage for the year beginning June 8, 1915, and ending June 8, 1916, were submitted. Joseph Krabel being the lowest bidder, his bid being \$2,160; he received the contract. The money will be paid in monthly installments of \$180. Other bids were: Domestic Ruffati & Co., \$2,275; J. O. Prenevost, \$2,980; Frank Parent, \$2,478; A. Fusi & Co., \$2,790.

Ellsworth Making Good. Another Escanaba boy is making good. Charles Ellsworth employed by the state of Illinois in the construction of a road in the vicinity of Jacksonville. The young man recently took the civil service examination at Chicago, along with 127 other engineers. When the papers were corrected it was found that the Escanaba boy had finished third in the list, with an average of 97. He was at once advised that a position was ready for him and was notified to report to Springfield. After assisting another engineer for a few days, he was given full charge of the work.

Alleged Robbers Held for Trial. Fred Higgins and Fred Durmal, eighteen and nineteen, who were arrested at Marquette in connection with the theft of the MacMartin automobile at Escanaba, were arraigned in Justice C. D. McEwen's court in that city. They waived examination and were bound over to the July term of circuit court, with bonds fixed at \$1,000 each. They could not furnish bail and were taken to the county jail. The proprietor of the Rosenbloom store of Gladstone identified a pair of shoes which one of the lads was wearing as coming from his store. The boys explained this by telling the officers that the man who, they claim, picked them up and gave them a ride to Marquette gave them the shoes.

Inventor of Important Naval Device. John Semer Farnsworth, of Cincinnati, O., a grandson of Mrs. John Semer, Sr., of Escanaba, and a midshipman in the United States Navy academy at Annapolis, has been awarded signal honors by officials of the United States government. Mr. Farnsworth, who is twenty-one years of age, has invented a device that will, it is said, enable battleships to fire at the ships of an enemy fully ten minutes before the ships of the opposing fleet could determine the range. The invention has been tested and has been adopted by the United States. Secretary Joseph Daniels, of the navy department, writing a congratulatory letter to the midshipman, said his invention was the most important improvement made in the United States navy in twenty-five years.

Brief Illness Fatal to County Clerk. Frank X. Kaiser, clerk of Keweenaw county for the last thirteen years, died this week at the county seat, Eagle River, after an illness since Sunday with acute pneumonia. The news of his death came as a shock to Keweenaw and Houghton officials and to a host of friends all over the copper country. Mr. Kaiser was thirty-nine years of age. He was born in Lake Linden and spent his boyhood there, taking up his residence in Alhonz after the Lake Linden fire in 1887. He was elected county treasurer of Keweenaw county in 1898, a position he held for four years, and upon the expiration of his second term was elected county clerk, continuing in this office up to the time of his death. Mrs. Kaiser and three children survive. The deceased's mother died when he was a small child and his father met death in an accident near Gay about ten or twelve years ago. Mr. Kaiser was a member of the Calumet lodge of Elks.

PIANO TUNING. Jesse Martin, the tuner and regulator, makes a specialty of suiting particular people. Local references. Phone Summit House. (6-7-1w)

Another thousand geraniums, all sizes, half price. Sorensen's Green-houses. (6-11-21)

"EXPLOITS OF ELAINE."

Nineteenth Episode of Popular Serial Will Be Shown Tonight.

"The Saving Circle" is the title of the nineteenth episode of "The Exploits of Elaine," which will be shown this evening at Ishpeming theater.

A new ally of Wu Fang, the serpent-aviator—in his plane circles ominously above Craig Kennedy's house.

Banned in the reckless flyer's palm is a bomb of Trolite, the new super-force in explosives. The birdman looks for a painted circle as the pre-arranged target for his agent of destruction.

Miss Russell plays the part of Henrietta Barrington, daughter of a racing gambler, Keefe. Armed with documents which he steals from the dead man, Keefe goes East to claim Mr. Barrington's stables. He changes his name to Duffy and becomes infatuated with Henrietta (Barrington's daughter).

The girl becomes suspicious of Duffy, and is certain from his frequent and involuntary betrayals of himself that her father met with foul play. She watches him, in secret, and obtains documentary proof of his guilt.

Wildfire, the crack felly in the Keefe stable, is the favorite for the big hand-cup and is being backed to win. Keefe, realizing that he is suspected of being a murderer, backs another horse to win and bribes the rider of Wildfire to lose the race. Henrietta discovers this plot and frustrates it by conveying the wrong signal to Wildfire's jockey, who wins.

Realistic views of the race-track are shown.

THE very best and cheapest fuel for summer days is PIN WOOD, which is all Hardwood and comes in miscellaneous lengths and sizes.

We deliver a big box full for \$4.50 cash. Try a load of it.

FUNERAL OF FATHER BORDAS YESTERDAY

Gathering of Priests and Parishioners Pay Honor to the Deceased Clergyman.

The funeral of the late Father Edward Peter Bordas, held yesterday morning from St. Joseph's church, of which he was pastor for ten years, was one of the largest seen in Ishpeming in many months.

The services consisted of a requiem high mass, with Right Rev. Bishop Eis as celebrant, and Right Rev. Mgr. J. G. Platen, of Marquette, assisting. Other officiators of the mass were Rev. J. A. Keul, of St. John's church, this city, and Rev. F. Marceau, of Escanaba, deacons of honor; Rev. H. A. Buchholz, of Negaunee, deacon; Rev. M. Jodocy, of Marquette, sub-deacon; Rev. Joseph Beauchamp, of East Rock, first master of ceremonies, and Rev. Joseph Tasterin, of Perkins, second master of ceremonies.

During the mass the male choir sang a number of hymns. The late Father Bordas was an excellent musician and had always trained the church choir as well as a boys' choir of some sixty members, which frequently assisted in the services.

The several services were very impressive. At the conclusion of the mass Bishop Eis referred briefly to the life work of the deceased, who had been a priest for forty-five years, thirty-three years of which were spent in the Marquette diocese. The bishop said that while it had been the request of the deceased that no sermon be preached, and that no flowers be sent, he felt he should make some slight reference to the admirable work he had done during his years of service in the diocese, and to his steadfast devotion to his religion.

More than thirty priests from all parts of the diocese attended the services, and occupied seats in the sanctuary. Those present, in addition to the officiators of the mass above referred to, were: Revs. P. Girard, Marquette; Joseph Hollinger, Republic; F. Glaser, Hancock; N. Raymond, Lake Linden; William Stohl, Bark River; James Corcoran, Iron Mountain; George LaFlore, Iron Mountain; A. Hassenberg, Champion; D. Cleary, Menominee; Joseph Dufort, Engadine; P. Latolano, Garden; Joseph LaMotte, Greenland; A. Waechter, Gwinn; V. C. Tavagne, Manistique; P. Fillion, Spalding; I. Moir, Escanaba; William Tonton, Bark River; P. Blasker, Ishpeming; John Stenglein, Sault Ste. Marie; B. Eiting, Brimley; B. Vandermenter, Rochester, N. Y.; and George Dingfelder, Negaunee.

Upon leaving the church the members of the women's Catholic societies formed two lines along Lake street, extending to the altar boys, about sixty in number, who occupied seats in the front of the church, were at the end of the line and following these came the students attending St. John's parochial school, both lines extending along Division and well into Main street.

Members of the men's societies marched to the cemetery and a large number of the priests took part in the services at the grave.

Rev. Father Bordas had many staunch friends among the priests of the diocese, and he was intimately known to most of them.

At noon yesterday the women of St. Joseph's congregation served dinner for the visiting priests in St. John's hall.

CHANGE AT NELSON HOUSE.

Harry Dunn Has Purchased Interest of His Partner, Peter Barnaby.

Harry Dunn, who for the past several years has been associated with Peter Barnaby in the management of the Nelson house, has purchased the latter's interest, and from now on the hotel will be under his exclusive management.

Mr. Dunn has taken a new lease on the property for an extended period.

John P. Outwaite, the owner of the hotel, is to make a number of important improvements to the bath rooms, which will be equipped with new hard wood floors will be put in and new rugs will be purchased for the sleeping rooms. The dining room is to be redecorated and various other work will be done.

Mr. Dunn was employed as a clerk at the Nelson house for several years before he and Mr. Barnaby took over the management, and he is one of the best known and popular hotel men north of Chicago. He and Mr. Barnaby have been successful in the management of the Nelson and his many friends will be pleased to learn that he intends to make the Nelson house a better hotel than it has been in years.

Less than a year ago members of the Ishpeming Advancement association had an expert hotel man look the property over with a view to enlarging and remodeling it, but the deal for the organization of a stock company fell through. Some of the improvements that were talked of at that time will now be made by Mr. Outwaite. No additional rooms will be provided, but every sleeping room will be gone over thoroughly.

BOYS STAYING ON THE FARM.

The country lad is not emigrating to the city as fast as he did. It is beginning to dawn on him that when he begins to raise food products he is selling his interests in a commodity that is rapidly raising in price. Nobody ever advanced in life on that principle. And as the boys stay on in the country, the girls will stay on, too. The farmers are going to own many more automobiles in 1925 than they do now. The store clerks—Madison (Ind.) Herald.

INDIGESTION AND CONSTIPATION. "About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's Tablets helped me at once and by using them for several weeks I was cured of the complaint," writes Mrs. Mary E. McMullen, Phelps, N. Y. For sale by All Dealers.

GIVES \$500 FOR PLAYGROUND WORK

Council, on Request of Board of Education, Made Appropriation This Week.

The council Wednesday evening authorized the mayor and city recorder to issue a check for \$500, payable to the board of education, to help defray the expense of conducting the playgrounds work during the vacation period. A similar amount was given last year, when several grounds were equipped with suitable apparatus.

The appropriation was made upon request of the board of education, which submitted the following communication: "The board of education of School District No. 1 has made arrangements for opening and continuing until the end of the school year the playgrounds established last summer, and the members believe that it would be very desirable for the city of Ishpeming and the school board to arrange jointly to continue the playgrounds during the vacation season the same as last year. In order to do this, it will be necessary to secure from the city council an appropriation covering a fair proportion of the expense during the vacation period. Last year the city made an appropriation of \$500 for this purpose and while this is not sufficient, yet if the council will make the same appropriation this year, we will place our physical instructor in charge of the playgrounds, aided by competent assistants, during the entire summer, and will assume and pay the balance of the expense over and above the appropriation so made.

"We believe that the playgrounds, and the playground work, are of great value to the children and we respectfully urge that you give this matter your favorable consideration."

Favor Public Scales.

The board of public works recommended that a public scale be purchased and installed at some convenient point in the business district, and the recommendation was referred to the streets, grounds and insurance. The board's letter was as follows:

"We respectfully recommend and ask that a city weigh scale be purchased and installed at some convenient part of the city for the purpose of weighing coal and like commodities that should have the official stamp of the city when sold to a purchaser.

"We also ask that, if the common council gives this matter favorable consideration, it order the removal of the Loselyong scales from West Pearl street.

"The situation of this scales on the street causes the damming of water, causing an overflow on the streets and walks and an unsightly pool on that part of Pearl street.

"We recommend that the nuisance be abated by the city.

"F. W. Menhennitt, the dairy and milk inspector, reported that he issued seven licenses last month, visited a number of dairies and found a number of cows for tuberculosis. Improvements in one of the dairies were ordered. Dr. Menhennitt reported that new equipment is being added by several of the dairymen.

James Arzall, who is building a house on North First street, between East Empire and Michigan streets, asked the council to have the water main extended to a point on First street, so that he can connect it with his residence. The petition was referred to the committee on water works and board of public works.

Mrs. Emma Crane, 778 Morris street, and Mrs. Fria Anderson, 618 Morris street, asked the council for exemption from the payment of water taxes. The petition was referred to the committee on water works.

Municipal Judge St. John asked the council to buy a typewriter for the court, as the one now in use is his personal property and is in bad condition. The matter was referred to the committee on purchasing and printing.

A. A. Lind asked permission to cover the building that he recently purchased from the Knights of Pythias society with corrugated iron. The petition was referred to the committee on buildings, grounds and insurance and board of public works, with power to act.

Charles W. Beck and thirteen others asked that street lights be placed on Zoberline and Summit streets. The petition was referred.

Alderman D. J. Siney, chairman of the committee on finance and taxation, reported that the balance in the city treasury June 1 was \$67,936.55, and that the books of the recorder and treasurer agreed.

Auto for City Use.

The board of public works recommended that an automobile be purchased for city use. The communication containing the request, as follows, was referred to the committee on purchasing and printing.

"The board of public works would respectfully ask that an automobile be purchased for use in their department.

"We recommend this as a matter of economy; also it would enable the persons who use it to reach the various places where city work is being done with more frequency.

"The matter of horse hire is becoming quite an item, which would be stopped with the use of a car, the use of which would in a short time more than pay for itself.

The committee on buildings, grounds and insurance recommended that the city building be renovated, as several of the rooms, including the court room, marshal's office, jail, women's cell, etc., are in bad condition. Bids were received for kalsomining and painting from So. dregren Bros., Trembly Bros., and Eman & Swanson. The latter furnished the lowest bid and were awarded the contract.

George J. Williamson, who damaged his automobile a few weeks ago, when he ran into a hydrant on First street, will receive \$100 in settlement of his claim, on recommendation of the committee on claims and accounts.

Last Month's Bills.

The bills and official pay rolls for May totalled \$1,117.90, as follows:

Table listing bills and pay rolls for various departments including Highway fund, Water fund, Sewer fund, Cemetery fund, Library fund, Street lighting fund, Fire fund, Police fund, General fund, and New sewer fund.

ORDER LIGHTS FOR SEVERAL STREETS

Council Acts Favorably on Several Petitions of Property Owners.

Several of the streets in the outlying districts of the city are to be provided with lights, which will be installed at once. In addition to the lighting service was recommended to the council Wednesday evening by the committee on street lighting. The committee's report, which was adopted by unanimous vote, was as follows:

"Gentlemen: Your committee on city lighting, to whom was referred the several petitions for lights, beg leave to report that we have had the same under consideration, having visited the several places, and would recommend that the are light at Lake Angeline pit be discontinued.

"That the are light at the South Shore crossing at street 19 be changed to the L. S. & 1 crossing, and that 100 watt Mazda lights be placed opposite Sec. 16 engine house, on South Pine street at Homes' crossing; on Zoberlin street; on Summit street; on North Maple street between Empire and Michigan streets."

The receipts of the municipal court last month were \$17,959. From this \$50 was deducted as fines paid the county treasurer, leaving net receipts of \$17,909. The receipts for fines in criminal cases were \$50; costs in criminal cases, \$42; costs in civil cases, \$41; received from the county for justice fees, \$22.75; received from Marshal Trevarrow as officers' fees, \$14.55.

The council voted to allow the paid members of the police force their usual two weeks' vacation, with pay, during the summer months.

The city auditor is being instructed to look into the question of vacating the old cemetery and to report to the council the proper procedure.

Mayville Jenks was re-elected to succeed himself as a member of the board of public works, for the ensuing three years.

The committee on streets and alleys and the board of public works was instructed to ascertain what it will cost to rebuild the sewers on North Pine and Oak streets, an improvement that has been asked for by property owners on both thoroughfares.

STRUCK BY TRAIN.

Baraga Man Had Close Call from Death at Three Lakes.

John Cotey, the agent for the Ford automobiles at Baraga, had, according to report from Michigamme last evening, a narrow escape from death when a Ford car he was driving was struck by the South Shore day train from Duluth at Three Lakes late yesterday afternoon.

Cotey was taking three Ford cars through to Baraga from Iron Mountain and was himself driving the second car. A fence is said to somewhat obstruct the view of the crossing and Cotey drove on the track in front of the train. The car was demolished, but Cotey was thrown clear, landing between the track and a pile of rails about twenty-five feet from where the car was struck. His injuries were slight, apparently, as he was able to walk. He was picked up by the Copper Country express on the South Shore and taken through to Baraga.

PYTHIAN CONTESTS.

The standings of contestants in the popular K. of P. contest up to noon yesterday were as follows:

Table listing contestants and their scores in the Pythian contest, including Ethel Adams, Gyla Anderson, Dagnar Patron, Anna Hennessey, Nina Blongren, Olive Gill, Myrtle Stambid, Mildred Larson, and Anna Ree.

The standings of contestants in the popular K. of P. contest were: Arthur Anderson 407, Len Johnson 378, Billy Hooper 356, Bert Thomas 352, Robert Wilcox 249, Herbert Swanson 128, August Swanson 29. Next count will be made today at noon.

BALL GAMES SATURDAY.

The Junior A and Junior B baseball teams of the Young Men's Christian association will meet Saturday morning at 10 o'clock on the Oliver grounds, and in the afternoon at 2 o'clock a team from the Cleveland Cliffs will play a nine composed of older members of the "Y" at the Union park grounds.

The teams will line up as follows: Junior A—Goodey, catcher; Olds, pitcher; Nichols, first base; Peterson, second base; Dundon, third base; Ginn-grass, shortstop; Frostberg, left field; Eldred, center field, and Hilden, right field.

Junior B—Greenell, catcher; Pascoe, pitcher; Wahlman, first base; Doney, second base; Christian, third base; Sundberg, shortstop; Mitchell, left field; Butler, center field; Anderson, right field.

Cleveland Cliffs—Kellow, catcher;

ISHPEMING IN BRIEF.

Mrs. A. W. Jurina has gone to the lower peninsula on a visit to relatives.

A daughter has been born to Mr. and Mrs. James Harris, 740 Michigan street.

Mrs. John Martin has gone to Detroit, Buffalo and other points on a few weeks' visit to friends.

The funeral of the late Mrs. John Jones will be held tomorrow morning at 9 o'clock from St. John's church.

Arthur Sandberg, who travels in the west, is home on a visit to his parents, Mr. and Mrs. Andrew Sandberg, of East High street.

Patrick Lyons, Jr., who has been a student in St. Thomas' college, St. Paul, for the past year, arrived home yesterday to spend the summer with his folks.

Sid Goodney, who is taking a course in dentistry in Chicago, is home on a short vacation. He will play in an orchestra in Chicago during the time the college is closed.

Several relatives and friends of Ishpeming boys attending St. Thomas' college, St. Paul, have received invitations to attend the graduation exercises, to be held there next week.

The employees of the Cleveland Cliffs Hard Ore, Lake and Cliffs shafts mines will be paid today, and the men working in the Salisbury and North Lake mines will be paid tomorrow. The employees of the Oliver mines here will also be paid tomorrow.

The exhibition and contests by some 2,000 children attending the grade schools of the city, that had been planned for tomorrow by W. E. Turner, have been declared off. It was planned to hold the exercises in the Cleveland field, but the grounds are taken up by the Reiss' Carnival shows.

Four hoboes who engaged in a free-for-all fight among themselves at the South Shore transfer station were gathered in by the police last night and taken to the lock-up. The evidences indicated a knife or two had been employed. One man was cut in the hand, and another in the face. The two winners doubtless will be ordered today to achieve their migration.

The pictures that will be presented with the nineteenth episode of "The Exploits of Elaine" tonight at the Ishpeming theater are "Monkey Business," a Lubin comedy, and "The Brooding Heart," a Biograph drama. The Ching Yuen Lee company, presenting a Chinese illusion act, were well received last evening. The act is by far the best of its kind ever seen here.

The Sing-Yuen-Lee troupe of Chinese magicians last night thrilled and mystified the patrons of the Ishpeming theater, where yesterday it opened a three-days engagement. The performers, four in number, give an illusion act, the like of which was never before seen here. Many tricks rivaling those with which the great Hermann was wont to puzzle his spectators were performed to the amazement and wonder of all those who saw them.

In the concluding spectacle the magicians entice a young woman to disappear from a table on the stage in full view of the spectators.

The Reiss Carnival company, starting here this week, under auspices of Zenith lodge, Knights of Pythias, continues to have hard luck, as it rained all yesterday. The carnival did a big business Wednesday night, which was the only day so far this week that the weather has been favorable. Some of the shows were crowded from early in the evening until after 10 o'clock, while

LOCAL LACONICS.

Fred C. Bennett spent yesterday on business at Marquette.
James McAuliffe is confined to his home by an injured back.
Fred and Richard Ware spent yesterday visiting in Marquette.
W. O. Lawry, of Iron River, was a business visitor in the city yesterday.
Mr. and Mrs. A. H. Gholz, of Crystal Falls, spent yesterday here visiting with friends.
Miss S. Wellert, city librarian, has gone to Chicago, where she will spend a week on business.
B. J. Hagerty has gone to Marquette, to spend a few days visiting with relatives and friends.
J. M. Edgerton left yesterday for his home in Oberlin, Ohio, where he will spend a week visiting with his family. His daughters, Marcia and Avis Edgerton, will be members of the class that

will be graduated from Oberlin college next Tuesday.
Harold Jenkins and Ray Calligan have gone to Duluth, where they have been promised employment.
Joseph Richardson came up from his home at Little Lake yesterday, to spend a few days here visiting with friends.
Mrs. H. W. Sheldon and Mrs. M. C. Quinn were the hostesses at a dinner dance which was given last evening at the Golf club.
Dave Dowd arrived home yesterday morning from Sheldrake where he has been employed for the past several months by a lumber company.
Mr. and Mrs. Victor Krift and Mrs. Will Pellisier, of Marquette, and Mrs. Frank McKindles, of Hancock, were here yesterday on a short visit with Miss Mable Jackson.
John P. Miller and Thomas J. Flynn arrived home yesterday from Ironwood, where they attended the eleventh an-

nual session of the Michigan jurisdiction of the Catholic Order of Foresters.
George R. Jackson, superintendent of the Cleveland-Cliffs Iron company's properties at Gwin and Princeton, was here yesterday with his family. They made the trip in Mr. Jackson's Franklin touring car.
Mr. and Mrs. J. I. Smith and daughters, Elizabeth, Hazel and Helen, of North Platte, Neb., and Miss Olivia Rasmussen, of Chicago, are here to spend a few days visiting with Mr. and Mrs. H. A. Smith and daughter, Miss Rasmussen is a sister to Mrs. Smith.
"The Prodigal's Progress," the fourth episode of "The Diamond from the Sky," will be shown tonight at the Star theater. Other pictures on the program will be "The Death Train," a Kalem drama, and "Lonely Lovers," a two reel Selig drama.
The reception to be given tonight at the high school gymnasium by the Alumni association to the senior class of the high school will be largely attended. Tickets will be sold for \$1. Behan's four piece orchestra, of Marquette, will furnish the music. Dancing will start at 8:30 and will continue until midnight. Refreshments will be served.
Harry Howell, a pioneer resident of Little Lake and Forsyth township, died at his home at Little Lake yesterday morning at 4 o'clock after a short illness. He was seventy-seven years old and had no relatives. During the greater part of his life Mr. Howell was engaged as a trapper and frequent visits here made him wellknown to Negaunee people.
Yalmer Heinenon, manager of the Negaunee City baseball team, has signed "Doc" Embison, of Ishpeming, to play the shortstop position for the remainder of the season. Earl Rule has been signed as a regular pitcher and Charles Tomola pitcher and outfielder on the Ishpeming Excelsior nine, will also play with the team. While Leaf is unable to pitch on account of a sprained back he will fill in as an outfielder and pinch hitter.

Negaunee Department

WILL SEEK TO KEEP NEGAUNEE CLEAN

Department of Health Proposes to Enforce All Sanitary Regulations.

The city health department will this season seek to compel all householders within the city limits to keep their premises clean. The garbage ordinance has not been strictly enforced in the past, but this year it is hoped there will be an improvement in this respect. The department has found that many cases of sickness have been caused by neglect of yards and alleys. Many have been careless about dumping of garbage, paper and other waste matter in the heart of the city, as well as in the outskirts. Even iron street has not been kept in the best of condition. Every Sunday morning waste paper and other refuse can be seen scattered along the pavement from one end of the street to the other. This is due to the carelessness and the indifference of the people who are on the streets on Saturday night.

Particular care should be exercised in disposing of garbage, now that fly time is at hand. It is advised that powdered borax be used in the garbage receptacles, in pools of stagnant water, manure piles, etc. In this way thousands of flies, and their eggs, will be destroyed.

The department will insist that all yards and alleys be kept as clean as possible, and all house occupants will be required to use garbage cans. It is suggested that screens be placed on doors and windows, and that residents be cautioned not to drink water, without first boiling it, that is not known to be safe. The board does not recommend Teal lake water for drinking purposes, unless it is boiled. The spring water is safe. Recent analysis of Teal lake water show it to be in fairly good condition, but not as good as a couple of months ago.

JURY FAILED TO AGREE.

Michael Scanlon, Dan Shea, Charles and Napoleon Marketty and Ray Brotherton have returned from Duluth, where they were witnesses in the case of Scanlon vs. the Cleveland-Cliffs Iron company, an action in which Scanlon sought \$3,000 damages because the mining company had consigned the body of his daughter to an unmarked grave after it had been removed from the old to the new cemetery. The jury deliberated for twenty-four hours, and then reported a disagreement.
Judge Cant was informed that the jury was hopelessly divided, and as the vote was six to six he discharged it, and directed that a mistrial be entered.

CORAZA HAVANA CIGAR.

ferred on the court journal. Mr. Scanlon may enter the case at another time of court.

MARRIED AT ESCANABA.

John Maga, a wellknown Negaunee young man, was married Tuesday morning at Escanaba to Miss Maline LeCaptain. Yesterday's issue of the Press had the following account of the wedding: "Miss Maline LeCaptain, daughter of Mr. and Mrs. Julius LeCaptain, became the bride of Mr. John Maga on Tuesday morning at St. Anne's church. Miss Lucy LeCaptain was bridesmaid and Samuel Brandt was groomsmen. The bride was dressed in white crepe de chene. The bridesmaid was attired in white voile. A wedding breakfast was served at the home of the bride. After the breakfast the couple left on their honeymoon to Milwaukee. They will make their home in Negaunee."

ARRESTED AT DIORITE.

William Arsenault, of Diorite, was arrested Saturday evening by Charles Brown, deputy sheriff, for shoplifting. Arsenault was in the Diorite store early in the evening, and was seen by one of the clerks to put a hat under his coat. Deputy Brown was notified and he arrested him a short time later. The man was given a hearing on Monday before Solomon Aho, justice of the peace, and pleaded guilty. He paid a fine and was released.

NEW PAINTING FIRM.

T. K. Gilbert and R. T. McAll, the latter of Ishpeming, who have been employed as painters for J. W. Elliott for the past few years, have formed a partnership and will do painting, paper-hanging and decorating. They are experienced painters and are wellknown here. The firm has opened a shop at 112 Clark street. They will commence work today painting the residence of Al F. Maitland, on Main street.

LOCAL LACONICS.

August Jacobs, of Ishpeming, has taken a position as blacksmith with Lucas Bros.
Mrs. Clark Kirkpatrick is here from Park Falls, Wis., on a visit with her parents, Mr. and Mrs. J. H. Rough.

Mrs. August Heckla, who came here to attend her mother, the late Mrs. Oscar Field, has departed for her home at Butte, Mont.

Jacob Wirsula, of the copper country, who has been the guest of George Smedman for the past few days, has departed for Denver, Col.

Miss Lucy Nightengale arrived here Wednesday evening from Duluth and will spend a few weeks here visiting with her grandmother, Mrs. Charles Nightengale.

Isaac Walkama, who, prior to May 1, for several years kept a saloon in the Hogan building on Iron street, is here from Owen, Wis., on a short visit with his family. Mr. Walkama has purchased a saloon business at Owen and as soon as he can get a suitable residence will move his family there. Owen is located

SHRINE NOBLES IN CITY TODAY

Members of Ahmed Temple and Their Ladies Gather for the Semi-Annual Ceremonial Session—A Large Class of Candidates Will Cross Burning Sands

Entertainment of Visitors Has Been Carefully Planned—Parade of Nobles and the Candidates at 6:30 This Evening Will Be a Noteworthy Event.

Shriners and their ladies will be the guests of Marquette today to the estimated number of four hundred, the occasion being the semi-annual ceremonial session of Ahmed temple, at which a class of twenty-five candidates will be received and led across the burning sands to the oasis of Marquette.

The first of the Shriners' party arrived in Marquette last night from the copper country, where they had attended the Knights Templar convalesce the early part of the week. The Arab patrol of Ahmed temple will meet all incoming trains this morning, and will take charge of the visitors. If the weather is favorable this morning, an automobile sight-seeing tour will be arranged by the Marquette nobles.

The visiting nobles and their ladies are asked to meet at Colonial Hall not later than 12:15 o'clock, as a whitefish dinner will be served promptly at 12:30. It had originally been intended to hold this event at Presque Isle, but owing to the outlook for inclement weather it was decided the party should dine indoors. In the afternoon, entertainment for the visiting ladies and nobles will be provided at Guild Hall.

There will be an informal reception and dancing at 6:30 at Colonial Hall, where the Arab patrol band, from about 1:30 to 5 o'clock or later.

Exhibitions in Street. If the weather is favorable the latter part of the afternoon, exhibitions by the nobles will be held in the business streets. There will be band music, drills and other attractions. An automobile trip to Ishpeming, Negaunee and return may also be arranged.

At 6:30 o'clock, as has been the custom of the nobles in past years, a parade will be held from the Marquette Hotel to Colonial Hall, where the ceremonial session will be held at 8 o'clock. The nobles will wear their fezzes. The Arab patrol band will play. At the conclusion of the ceremonial session a banquet will be served in Colonial Hall at 11 o'clock.

For the entertainment of the ladies, a theater party will be held at the Delt at 9:15 o'clock. A special program will be offered. It is expected that many ladies from Ishpeming and Negaunee will be present.

A short business session of the officers and nobles will be held the early part of the afternoon. Only those who find it convenient to attend are asked to be present.

Owing to the rainy weather of the early part of the week, which to a certain degree put a damper on the copper country gathering of Templars, the Marquette nobles have not been advised as to the exact number of visitors who will be here today. However, it is believed that there will be about four hundred, including the ladies.

SYMMES-WEBSTER NUPTIALS.
Daughter of Prominent Marquette Man Wedded at Toronto.

The Toronto Daily News says of the marriage of B. H. L. Symmes to Miss Grace Webster, daughter of George J. Webster, of Marquette, generally manager of the Lake Superior Iron & Chemical company, which occurred in Toronto last week:

"A pretty wedding, which with its quaint costumes, might have stepped from the days of Dolly Varden, took place in St. James' cathedral when Miss Grace Hamilton Webster, only daughter of Mr. and Mrs. George Justin Webster, was married to Bert L. Symmes, son of Mrs. B. A. Barrister-at-law, only son of Mr. and Mrs. Luther Richardson Symmes. The church was banked with palms and the guests' pews were marked with marguerites and white ribbon.

Bishop Reeve performed the ceremony, assisted by C. Cannon Plummer, Dr. Ham played the organ and, during the signing of the register, Mr. Edmonson sang 'The Voice That Breathed Over Eden.'

"The bride, who was given away by her father, looked lovely in a bridal gown of ivory duchess satin with bodice of rose-point lace, and from the shoulders fell a long contr train of cream moire lined with satin and trimmed with rhinestone butterflies. Her tulle veil, with silk embroidered corners, fell over her face from a wreath of orange blossoms, and she carried a bouquet of white lilies and lilies of the valley, and an ivory prayer book given her by the bishop of Toronto. Miss Jean White, who was the maid of honor, and Miss Naomi Miles, the bridesmaid, were gowned alike in quaint gowns, the skirts of which were accented with ivory meshing, with jackets of Nile green shot silk. Their Dolly Varden hats were of cream and green, with American Beauty roses, and they carried long crooks tied with bouquets of marguerites. Their gifts from the bridegroom were platinum and pearl pendants. The best man, Frederick Arrington, and the ushers, Walter Webster, Edward Cockin and Roy Simpson, received mother of pearl and gold studs.

"After the ceremony Mrs. Webster held a reception at the Prince George Hotel, where the drawing rooms were festively with lilies and hydrangeas. Mrs. Webster wore a becoming gown of black.

ELKS PLAN FOR FLAG DAY, JUNE 14

Program in Evening at Temple, Preceded by Parade in the Business Streets.

Flag day, Monday, June 14, will be observed by the Marquette Elks with a special service in the evening. The members of the lodge are asked to be at the temple at 7:30 o'clock, preparatory to meeting the Negaunee and Ishpeming Elks, who are coming here to participate. In connection with the exercises a parade will be held at about 7:45 o'clock.

All Marquette Elks owning cars and willing to donate their use are asked to have the machines decorated with one or more flags and to report at the temple not later than 7:30. The members of the lodge will board the cars and proceed to the west end of Washington street, where the up-the-road delegation, also in autos, will meet. Together the two contingents will parade through the business streets, winding up at the temple, where the flag day exercises will be given, starting at 8 o'clock. The program follows:

Music—Orchestra.
Introductory exercises—Former ruler E. B. Rydholm and officers of lodge.
Prayer—Chaplain L. H. Francis, Sr.
Song, "Columbia Gem of Ocean"—Miss Norma Ross.
Record of the American Flag—Brother F. G. Jenks.
Altar Services—Esquire O. J. Welch and officers.
Song, "Auld Lang Syne"—Officers and members.
"Elks' Tribute to the Flag"—Brother A. T. Roberts.
Music, "Southern Airs"—Orchestra.
Song, "America"—Audience and members.

CHILDREN WILL ENTERTAIN.
Normal Training School Pupils Will Appear in Program Today.

The first and second grades of the Northern State Normal training school this afternoon will present two plays, "Siegfried" and "The Sunbonnet Babies" and the "Overall Boys" in the school auditorium. The entertainment will start at 2 o'clock. Parents and friends of the children are given a cordial invitation to attend. The children have been trained by Miss Proofroot, one of the critic teachers.

"Siegfried" was written by the pupils of the A class, second grade. The parts have not been committed to memory, but the language is individual and spontaneous. The swords and tools used in the play were made by the boys of the class, and represent the expression of the children's own thought and interest. The program will be:

"Siegfried."

TRAVELER KILLED IN AUTO ACCIDENT, WAS A PROMINENT CITIZEN.
The body of J. H. McLaughlin, of Traverse City, who was instantly killed in the auto accident Wednesday night, when a Buick touring car driven by William Parr, of Traverse City, skidded into the ditch three miles west of the brewery, was taken to Traverse City yesterday afternoon in charge of C. L. Greif, mayor of that city, who was a member of the Traverse City party that had been in attendance at the Knights Templar convalesce in the copper country. Mr. Parr and William Pohlman, of this city, the other occupants of the car, are at St. Luke's hospital. Their condition yesterday was reported to be not serious.

Mr. McLaughlin was a dealer in grain and feed in Traverse City, and was one of the prominent merchants of that place. Besides being wellknown in the Masonic order, he was a member of the Elks. He is survived by his wife, who was informed yesterday morning of the accident. Mr. McLaughlin was a past commander of the Traverse City Knights Templar and the body was escorted to the depot yesterday afternoon by the eminent commander of Lake Superior commandery, the generalissimo of the order, and four past commanders.

Mr. Parr and Mr. Pohlman had little to say at the hospital yesterday concerning the accident. They admitted that they were traveling at a good rate of speed when the car struck the "S" turn, one of the most dangerous spots on the Negaunee-Marquette road. Many Marquette, Negaunee and Ishpeming residents visited the scene of the accident yesterday, to see the remains of the car, which was a battered mass of scrap. Of the entire car only the front wheels and the headlights were intact. The aluminum crank case of the engine was partly melted off by the intense heat of the fire. Examination of the ground yesterday showed that the car began to leave the road fully 150 feet from the spot where it finally overturned.

The accident was the second one that has caused death on the road to Negaunee. The other occurred when Albert Trethewey of this city, on a motorcycle, ran off the road to avoid striking a train that stood on the crossing below the Town and Country club. There have, however, been many accidents in which escape from death has been marvelous.

Persons who drove past Mr. Parr's car a few minutes before the accident said yesterday that it was traveling at a high rate of speed.

WILL PRESENT PLAY ON MONDAY, JUNE 21
Last Rehearsals for "A Midsummer Night's Dream" Now Being Held.

Final rehearsals for the production of Shakespeare's "A Midsummer Night's Dream" at the Normal school auditorium Monday evening, June 21, are being held under the direction of Mrs. E. C. Rushmore, head of the department of expression. The promise is for a finished production, the most pretentious effort of the kind the students have ever staged. The first complete dress rehearsal probably will be held the early part of next week.

The staging of the piece is an exceptionally difficult task. The cast is a large one, in fact one of the largest that has ever taken part in a play given by the Normal. The costuming has required much planning and much work. The first dress rehearsal of the fairies was held last night, and those who witnessed the exhibition were decidedly impressed. Several dancers are admirably presented. The fairy costumes, which were designed under the personal direction of Mrs. Rushmore, are beautiful.

ELKS PLAN FOR FLAG DAY, JUNE 14

Program in Evening at Temple, Preceded by Parade in the Business Streets.

Flag day, Monday, June 14, will be observed by the Marquette Elks with a special service in the evening. WASHINGTON AWAITS DETAILS FROM MEXICO
Interest Divided Between Election of Villa Man as President and Battle at Leon.

Tuesday, June 10.—Americans and Germans in the Yaqui valley were reported today to have been surrounded by a force of from four hundred to six hundred Indians. An appeal for aid has been sent to Nogales.

El Paso, Tex., June 10.—Orders under which the Fifteenth United States cavalry was to sail for the Philippines within the next few weeks were suspended on telegraphic instructions from the war department at Washington. The Fifteenth cavalry was ordered to remain on the border.

El Paso, Tex., June 10.—George Marx, an American citizen, convicted in Juarez recently on a charge of passing counterfeit money, was ordered taken to Chihuahua tonight. The Juarez court sentenced Marx to be shot, the sentence being subject to review by a higher court.

Washington, June 10.—Further explanation of the significance of Francisco Lagos Chazaro's election as provisional president of the "convention government" in Mexico City—which has the support of the Villa-Zapata factions—was awaited with interest tonight by administration officials.

Chazaro succeeded Roque Gonzales Garza, who was named provisional president when Euladio Gutierrez led several months ago. He was governor of Vera Cruz state under Madero, but now is described as a Villa delegate, in the convention, from the state of Chihuahua.

The situation around Leon where Carranza and Villa forces are believed to be fighting for mastery in central Mexico divided interest with the Villa-Zapata governmentals, for which the Delimitation of the trend of the battle still was lacking but reports that General Oregon, the Carranza leader, had been so seriously wounded by shell fire as to require amputation of an arm were confirmed.

MOB LYNCHES MINER ACCUSED OF MURDER
Alleged Slayer of Illinois Farmer Taken from Jail and Hanged by Infuriated Crowd.

Johnston City, Ill., June 10.—John Strando, arrested in connection with the murder last night of Edward Chapman, a wealthy retired farmer, was taken from jail here today and hanged to a rafter of an ice house. Several persons were injured in the fight when Strando's countrymen, members of the foreign colony of Johnston City, who are employed in the mines near here, tried to rescue him after he had been suspended for several minutes.

Three companies of militia are enroute here tonight to prevent rioting between the townspeople and the foreigners. Governor Dumm tonight advised Mayor Barlow of Johnston City that companies of militia had been dispatched from Shelbyville, Benton and Cairo, Ill. Two other men arrested with Strando were taken to Marion, the county seat, tonight because the authorities feared renewed attempts at lynching.

Strando is said to have confessed completely in the minutes to the leaders of the mob and to have told them he was a member of a band of foreigners who planned to shoot Manager Schull, one of the mines, because of the recent discharge of several of Strando's countrymen. The town is quiet tonight.

COPPER SELLS AT 20 CENTS; HIGHEST PRICE SINCE 1907
Lead, too, Is Boosted to Best Quotation in 30 Years—War Demand, the Cause.

New York, June 10.—High grade Lake copper, sold at 20½ cents per pound in the New York market today, a record price since 1907, when, for a brief period, it sold at 25½. Lead also advanced to 6½ cents, its best price, according to report, in about thirty years. In the Boston market lead was quoted at seven cents.

The advance in the metals results chiefly from the enormous demand by the European countries now at war, especially England and Russia. Copper enters largely into the manufacture of cartridge shells, for which the best quality of the metal is required.

Lead is used in the manufacture of bullets and shrapnel. It is estimated that from 75,000,000 to 100,000,000 pounds of copper have been sold since March 1 by the leading producers to the General Electric, Westinghouse Electric and other companies now filling large war contracts. In the last three months electrolytic copper has advanced steadily from an average price of 17 cents and lead from about 4½ cents to its present high quotation.

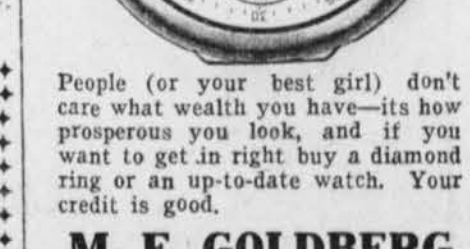

Figures issued today by the department of commerce at Washington showed that during the week ending May 29 exports of copper in various forms to England amounted to 3,253,500 pounds and to Russia 2,667,900 pounds. Italy also took large amounts of the metal.

Great piles of refuse around Scotch iron and coal mines, regarded for years as waste material, are being utilized for the manufacture of bricks.

One firm selling paper and wooden soldiers at the rate of 3,000,000 a year before the war is selling today at the rate of 5,000,000 a year.

YOUR COUGH CAN BE STOPPED.
Using care to avoid draughts, exposure, sudden changes, and taking a treatment of Dr. King's New Discovery, will positively relieve, and in time will surely rid you, of your Cough. The first dose soothes the irritation, checks your Cough, which stops in a short time. Dr. King's New Discovery has been used successfully for 45 years, and is guaranteed to cure you. Money back if it fails. Get a bottle from your Druggist; it costs only a little and will help you so much.

Diamonds and Watches on Monthly Payments
