## GERMANIC ALLIES AIM TO CRUSH RUSSIAN ARMIES

### SOLE OBJECT IS TO CRIPPLE MUSCOVITES AND THEN THROW TREMENDOUS WEIGHT OF MEN AND GUNS INTO WESTERN THEATER

### Failing in Plan to Conquer France Before Slavs, Teutonic Strategists Reverse Campaign, and, by Sheer Numbers and Superior Equipment, Hope to Annihilate Eastern Foe First--Duke Nicholas Handicapped by Shortage of Ammunition--The Fall of Lemberg is Expected This Week.

### KAISER, HIMSELF, GOES TO FRONT; PERSONALLY DIRECTS OPERATIONS

With headquarters at Pless in southeastern Silesia, the German emperor is said to be directing personally, the Austro-German operations in Galicia against the Russians. The crisis of the Austro-German drive is at hand. Grodtek is secure in the possession of General von Mackensen's forces and the German and the Austrian corps, under Field Marshal von Arz, are reported by Berlin to be storming and capturing, one after another, the Russian trenches along the entire front before Lemberg, extending from Rawa Ruska, in the north, to Janow, which lies only eleven miles from the Galician capital. This front is twenty-four miles in extent and the fighting there has been the most stubborn. To the south between Grodtek and the Dniester marshes the Russians are being hard pressed also. Although the Russian war office has had little to say of late regarding the Galician campaign, unofficial reports from Petrograd declare that the rapid retirement of the Russian forces has been accomplished without any demoralization whatsoever, and intimate that the Russian lines have been straightened and put in a state of preparedness to meet the further advance of the vast forces which are being flung against them.

Both French and British in the western war zone are on the offensive and heavy artillery engagements, with numerous infantry attacks have been in progress continuously in the region of La-Bassee, Arras, in Lorraine and in the Vosges. As usual, the French and German war offices are at variance as to the results obtained. As an instance, Paris says that in the sector to the north of Arras the French in an attack advanced about two-thirds of a mile, while Berlin asserts that the French at this point were repulsed with heavy losses.

There is fighting along the Austro-Italian frontier in Serbia on the Gallipoli peninsula and in the Caucasus. Rome asserts that numerous Austrian positions along the Isonzo have been taken by assault. Unofficial advices are to the effect that the Serbians have occupied Durazzo, Albania.

The Turks in the vicinity of Avi Burnu are declared constantly to be on the offensive. A correspondent with the Turkish forces says that with the British fleet unable to assist in the land operations because of the submarine menace the British hold on Avi Burnu apparently is not as secure as it was.

of the Austrians on June 17, and that while the Italian losses were heavy the results were important. The communication says that on the Isonzo, which the Italians passed by main force, the Austrian positions have been taken one after another by assault.

**BRITISH SAID LOSING GROUND.**

Berlin, June 20, by Wireless to Sayville, L. I., June 20.—The correspondent of the Associated Press in the Dardanelles has transmitted the following in an undated dispatch:

"British losses at Avi Burnu thus far are estimated at from ten thousand to fifteen thousand. Turkish losses are somewhat less, although the Turks now are constantly on the offensive and they make bayonet attacks almost every night.

"Field Marshal Lyman von Sanders, the German commander, is highly optimistic regarding the outcome of the operations. He declared to the Associated Press correspondent that not only are the British unable to make progress, but are losing ground daily.

"With the fleet unable to assist in the land operations because of the submarine menace the British hold on Avi Burnu apparently is not as secure as it was."

**THE WAR IN THE WEST.**

Paris, June 20, 10:35 p. m.—The following official communication was issued by the French war office tonight:

"In the sector to the north of Arras as master of Fond De Buzal we have advanced about one kilometre (two-thirds of a mile).

"The artillery action continues to be very violent.

"To the west of the Argonne we repulsed a violent attack by the enemy and made some prisoners.

"Our offensive in the valley of the Foch continues to make progress and we have taken additional prisoners."

**AWAITING INSTRUCTIONS FOR DISPOSAL OF BODY OF HENRY BEECH NEEDHAM**

Paris, June 20.—Arrangements for the funeral services at Versailles of Henry Beach Needham, the American writer, and Lieutenant R. E. A. Warfield, of the British royal navy flying corps, who were killed in an aeroplane accident last Thursday, have been cancelled and the bodies brought to Paris. The body of Mr. Needham has been placed in the mortuary chapel in the American church of the Holy Trinity, awaiting a reply to a dispatch sent from the American embassy to his widow, who is in the United States, asking for instructions. Lieutenant Warfield's body will be sent to England.

**TAUBE PLANE DISCARDED BY GERMANY AS UNSTABLE FLIGHT CAPTAIN ASSERTS**

London, June 21, 3:16 a. m.—A report from Germany to the Times quotes the statement of a German light captain to the effect that the Taube pattern of aeroplane has been discarded by the authorities as unstable and unsatisfactory for military uses, as are other types of monoplane, because of their inability to carry a sufficient load, and the Germans now are making biplanes exclusively of an improved type. The Germans admit that the French still are superior in field aerobics, the correspondent says.

**SERBIANS OCCUPY DURAZZO, ALBANIA**

London, June 20, 6:20 p. m.—A Reuters dispatch from Athens says it is reported the Serbians have occupied Durazzo, Albania. Esad Pasha, provisional president of Albania, and former commander of the Turkish forces at Scutari, is said to have fled to Italy.

Serbian troops have been operating in Albania for some time and the Serbian war office has announced the occupation of considerable territory in that state, with Durazzo as their ultimate objective.

**MINISTER OF INTERIOR IN RUSSIA IS RETIRED**

London, June 21, 2:15 a. m.—The Morning Post's Petrograd correspondent says that M. Makaroff, minister of the interior, has been retired and that Prince Cherbatoff has been appointed his successor.

**21 CANADIAN OFFICERS ADDED TO CASUALTY LIST**

Ottawa, Ont., June 20.—Eight officers are reported killed in action and thirteen officers wounded, in tonight's list of casualties among the Canadian contingent, issued by the militia department here.

John Doherty, victim of paralysis in Atlanta, caused his condition by over-indulgence in athletic sports. Injured a nerve in his spine.

**ITALIAN SUCCESSES TOLD OF.**

Rome, June 19, via Paris, June 20.—An official statement from the headquarters of the Italian army, most of which is devoted to details of the two days' struggle for the heights on the left bank of the Isonzo river near Plaza, says that the Italians took the last of these heights remaining in the hands

### VILLA'S ADVISOR LEAVES MEXICO; BREAK RUMORED

### Chief Aide of Northern Mexican Ruler Enters United States Secretly, His Mission Unknown—Action at This Time Leads to Belief He Split With Commander.

### Coming on Heels of Dispute Between Obregon and Carranza, Incident Causes Some to Hope for a Coalition of Best Elements of the Two Warring Parties.

El Paso, Tex., June 20.—The Carranza consulate announced tonight, after the receipt of messages from Vera Cruz, that General Carranza had refused to accept the resignation of his cabinet.

Washington, June 20.—General Felipe Angeles, artillery expert and right hand man of General Francisco Villa, has left his chief and is now in the United States, enroute to Boston, Mass., to visit his family. Definite word to this effect reached the United States government tonight from its border agents, who reported that Angeles had crossed into American territory secretly last Friday night.

Officials here were unable to throw much light on the reason for the departure of Angeles at a time when his services to Villa in the military campaign would seem to be vitally needed. One explanation advanced was that Angeles was coming to the United States to confer with some of the many prominent Mexicans who have been living in exile and taking no part in the revolutionary activity, but who lately have been planning to form a coalition with some of the forces in the field to enable them to get the active moral support which President Wilson announced in his recent statement the United States would give some group unless the warring factions could agree among themselves.

**THINK HE QUIT VILLA.**

Enrique C. Lorente, Washington representative of the Villa Zapata government, said he had heard absolutely nothing of the movements of Angeles. The Carranza agency gave out a statement pointing out that Angeles probably never would return to Villa's standard.

Many officials seemed to take the view also that Angeles had left Villa because of personal differences, which began shortly before the battle of Celaya, in which Villa lost the first important contest of his military career. He was without the services of Angeles then and rumors were current at the time of a personal disagreement.

With Angeles' move coming on the heels of the split between General Carranza and his commander-in-chief, General Obregon, some officials were encouraged to believe that out of the tangle might come some new alignment comprising the best elements in the Carranza and Villa factions, forming an organization which might, if successful in dominating the situation, be accorded recognition by the United States.

After Villa broke completely with Carranza, Angeles became Villa's most trusted general. To the ability of Angeles as an artillery expert has been attributed often many of Villa's successes.

**CARRANZA OBREGON AT OUTF.**

Until the exact effect of a break between Angeles and Villa, if it develops there has been a break, and the outcome of the differences between Obregon and Carranza are known, officials do not think it will be possible to forecast developments in the situation. No further information was received today through official channels from Vera Cruz concerning the resignation of the four cabinet ministers whom General Obregon has insisted should be retained, nor was any explanation available for General Carranza's removal to the isolated fortress in the harbor of Vera Cruz.

No news was received by the state department or navy department from the Yagui valley, where the Yagui Indians have been threatening Americans.

**VILLA HAS ANOTHER PLAN.**

El Paso, Tex., June 20.—Civil and military representatives of the Villa government will submit a plan for the pacification of Mexico to the Washington government, probably the latter part of this week, it became known here today. It is understood the plan has the approval

of General Villa and that General Felipe Angeles has gone to Washington to represent the military, and that Miguel Diaz Lombardo, foreign minister, will reach the border in a few days enroute to Washington to represent the conventional civil government.

**WOULD OPPOSE U. S. MARINES.**

San Francisco, June 20.—No word was received today from the U. S. cruiser Colorado, due to arrive last night at Guaymas, Sonora, Mex., to which port she sailed with a force of several hundred marines to aid, if necessary, Americans imperilled by Yagui Indians.

Governor Jose Maytorena, of Sonora, a Villa general, was quoted yesterday as having declared that if the marines should seek to land on Mexican soil he would oppose them with all the forces at his command.

**MEXICO CITY PRESSED HARD.**

Vera Cruz, June 20.—The Constitutional forces surrounding Mexico City report progress in their movement. It is stated that they expect to enter the capital the middle of the present week. General Carranza will remain at Vera Cruz.

**OLEO MANUFACTURERS HAVE DEFRAUDED U. S. OF \$27,000,000 M'ADOO SAYS**

Washington, June 20.—Violators of the oleomargarine law have defrauded the federal government out of at least \$27,000,000 due in stamps and special taxes, Secretary McAdoo declared tonight in a statement based on a preliminary report on a sweeping investigation conducted by Commissioner Osborn, of the internal revenue bureau.

The announcement says that since 1902 more than 200,000,000 pounds of colored oleomargarine has been manufactured and fraudulently sold as uncolored oleo. The law imposes a tax of ten cents per pound on colored oleomargarine and one-quarter of a cent per pound on the uncolored product.

"There is a total of approximately \$27,000,000 in taxes due the government from the larger offenders," says the announcement.

**TODAY THE LAST DAY SUPREME COURT WILL ANNOUNCE DECISIONS**

Washington, June 20.—Tomorrow will be the last decision day in the supreme court until next October. It is expected that most, if not all, the thirty cases now under advisement will be decided.

Among the more important cases pending are the International Harvester dissolution suit, the grandfathers' clause' cases and the Oregon minimum wage case. The court will also dispose of the application of the government for a review of the decision of the customs court allowing a five per cent discount on goods imported in American bottoms and vessels of "most favored" nations, under the Underwood-Simmons tariff act.

**TWO BIG RIVERS RISING DESPITE SLIGHT RAINS**

Kansas City, Mo., June 20.—Twenty-four hours of lowering clouds, but only negligible rain in eastern Kansas and western Missouri gave substantial relief tonight from fears of large flood damage by waters of the Kansas and Missouri rivers, but the continued threatening weather left the situation still menacing. Both the Kansas and Missouri rivers were rising very slowly tonight with the Missouri just short of the predicted stage of twenty-seven feet and the Kansas river three feet lower.

**SEVEN BATHERS DROWN IN ATLANTIC CITY SURF**

Atlantic City, N. J., June 20.—Ruffled by huge waves and carried into deep water by a treacherous undertow, seven bathers, including prominent members of the Philadelphia summer colony, were drowned in the surf here today. Scores of others were rescued by lifeguards.

New York, June 20.—Six persons were drowned in nearby waters today. Four were victims of boating accidents.

**ADVERTISING CLUBS MEETING AT CHICAGO**

Chicago, June 20.—Chicago was given over today to the thousands of delegates to the eleventh annual convention of the Associated Advertising Clubs of the World. Features of the mass meeting were the annual address of William Woodhead, of San Francisco, president of the organization, and the speech of Joseph E. Davies, chairman of the federal trade commission.

**TRAIN HITS WAGON; THREE ARE KILLED**

Charlotte, Mich., June 20.—Amos Stewart, thirty-five years old, his mother, Mrs. Betsy Stewart, and his nephew, Donald Stevens, eight years old, were instantly killed today at a Michigan Central railroad grade crossing near this city. A passenger train struck the wagon in which they were riding.

**JOHN A. FINCH DEAD.**

Spokane, Wash., June 20.—John A. Finch, reputed one of the wealthiest men in the Northwest and widely known among mining men as a pioneer of the Cour d'Alene mining district, died suddenly today from apoplexy at his summer home at Hayden Lake, Idaho. He was sixty-one years old.

### WARDEN'S WIFE MURDER VICTIM; NEGRO ACCUSED

### Mrs. Edmund M. Allen, Sleeping in Her Apartments at the Joliet Penitentiary, Attacked and Beaten, Her Clothing Saturated With Alcohol and Then Burned.

### Negro Convict, Serving as Trusty, Is Accused of Crime—Young Woman's Husband, Head of the City Prison, Was Out of the City—Accused Only One in Suite.

Joliet, Ill., June 20.—Mrs. Edmund M. Allen, the young wife of the warden of the state penitentiary here, and former comic opera favorite, was found dead and burned this morning in her bed in the warden's suite in the penitentiary.

A long wound on the left temple and the rapidly with which the flames charred her body almost beyond recognition gave rise to the belief that she had been attacked by a convict, stunned by a blow on the head when she resisted and her nightclothing soaked with alcohol and ignited. A bottle which contained alcohol was found in the room. Near it was a heavy water bottle which might have been the instrument with which she was struck.

Mrs. Allen formerly was a prima donna appearing in "The Merry Widow." Her maiden name was Olette Maizee Bordeaux. Her home was in Los Angeles, Calif. She was thirty-four years old.

**NEGRO CONVICT IS ACCUSED.**

Joseph Campbell, a negro convict, who acted as the Allens' house servant, and who lived in the warden's suite, was put in solitary confinement after a committee of prison officials had investigated the crime. He will be charged with murder, it was said.

Fears of a demonstration by the convicts caused suspension of all Sunday privileges at the prison and the convicts were locked in their cells all day.

**WARDEN WAS OUT OF CITY.**

Warden Allen left last night for West Baden, Ind., and except for Campbell, his wife was alone in the suite. The coroner's inquest was postponed tonight to allow the warden to reach Joliet and to permit further investigation. It will be held Thursday.

Campbell is serving an indeterminate term for manslaughter, from one year to life.

Dr. J. T. Benson, former prison physician and an old friend, who examined the body, announced that the wound probably was not sufficient to cause death, which he believed had resulted from the burns. It probably had made her unconscious, he said, after which, indications were, the murderer had sprinkled the bedclothes and her nightclothes with alcohol and had set them afire.

### WANT LAKE BOATS FOR COAST TRADE

Seaboard Shippers Make Offers as the Result of Commerce Commission Order.

New York, June 20.—Reports that some of the Atlantic coast steamship companies are negotiating for the purchase of steamers now plying on the great lakes were supported by an admission from the office of the Erie railroad that the company had under consideration offers for the transfer of some of its lake vessels. It was said that bids for four of these ships came from men who are seeking steamers to be used in the Atlantic coast service. The Pennsylvania, New York Central, Lackawanna and Lehigh Valley railroads also, it is said, are considering offers to purchase their great lake steamers.

The move to buy these lake steamers is the result of the recent ruling of the interstate commerce commission compelling all railroads operating steamship lines on the Great Lakes to surrender their water routes by Dec. 1. There has been no request for a rehearing of the lake cases, but the executive committee of the Truck Line association has such a request under consideration. At a meeting of this committee, held last month, it was agreed to defer action until the interstate commerce commission's ruling became operative.

The lakes are closed to navigation after Dec. 1, and the winter months, it was contended, would provide an opportunity to fight the case before the interstate commerce commission or in the courts.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

MONDAY, JUNE 21, 1915.

TWO AMENDMENTS.

The game laws this year make shooting partridges from automobiles illegal. It is a form of hunting that has been found to be peculiarly deadly for the partridges, and which, if persisted in, will, there is considerable agreement, quickly decimate this game bird except at most remote places.

THE MEN WHO FIGHT.

A good deal has been spoken and printed in the tremulous style to the effect that the common people of Europe are fighting for that they know what they are fighting for—that they are helpless victims of the governing classes and that if they dared they would desert the trenches and go home.

Another of the provisions of the amended laws which greatly strengthens the department's hand is that which makes it illegal for a person to have a fish net in his possession within half a mile of the waters of any stream or inland lake. Heretofore, to secure a conviction for violation of the law prohibiting netting of game fish it has been practically necessary for the deputy game wardens to take the violator in commission of the offense, a most difficult thing to do.

THE SAD CASE OF WAYNE.

The Detroit Free Press is considerably flustered because the state tax commission proposes to revalue Wayne county. "If Detroit is now drastically put up to 100 per cent (assessment valuation) it will evidently be on a very unfair basis with the rest of Michigan, more so than in the past—and Detroit has always been the goat in state taxation, paying more than its fair share. If the commission brings us up to 100 per cent of cash values, Detroit will be still worse off in comparison with the remainder of Michigan while the process of revaluing all the counties is going on."

cluding the President. The two things are irreconcilable, and it's a waste of time to try to reconcile them. The President's new policy marks a complete break with his old policy. He has been compelled to change his mind about the capacity of the Mexicans to muddle their affairs into some kind of order.

little island" they will learn what hard-speak; if very angry, count 100.—Bulletin of the Brooklyn Institute Arts and Sciences.

A LAUGH OR TWO

Doctor for the Finish. In a prosperous rural community the village doctor was also the superintendent of the Sunday school.

The Helpless Fat Boy.

Julian Street says in Collier's: "We are today the spoiled, rich, helpless fat boy among nations. Playing with our expensive toys in our own delightful yards we have gone on, swayed and satisfied, trusting for safety to our fences—the Atlantic and the Pacific—and to the fairness and gentleness of other boys.

Are There Any Others?

At the examination of the pupils in a primary school a short time ago, the instructor put questions at random to the scholars. Among the latter was a red-headed lad, who, on being asked how many days there are in a year, answered "seven."

Sensitive Soul.

A minister must be very careful in choosing his words if he is to give no offense to any of his flock. In a certain congregation there was a dear old lady who loved flowers and had a beautiful garden.

FLINT.

After half a dozen witnesses had been sworn and their testimony taken in the examination of Ted Dalley, manager of the Dalley Stock company, and Frank H. Butterfield, manager of the Bijou theater, here charged with illegally producing "The Girl of My Heart" at the Bijou in May, the case was adjourned until Aug. 16 in order that Oliver Moroseo, producer of the play, might come forward to appear against the defendants.

Easier to Spoil.

Young Arthur, the pride of the family, had been attending school all of six weeks, and his devoted parent thought it was high time he should find out how things were running. So he asked, one afternoon: "And what did my little son learn about this morning?"

Reform.

"Well, mother, this new order of things is making great changes in etiquette. Do you realize it?" "What do you mean? What new order?" "Why, feminism, the independence of women, of course. She has put herself on the same platform with men, and it is up to us to recognize the fact and respect it."

Ann Up-to-Date Woman.

The telephone on the weather director's desk tinkled merrily and the official answered. "This is Mrs. Frisby talking," said the voice at the other end of the wire. "I want to ask you if it is going to rain."

STATE PRESS

Bryan is just about as popular these days as the Kaiser is in London.—Kalamazoo Telegraph-Press. Mr. Bryan will soon be back at his old desk, issuing ultimatums to the typet-setters on the Commoner.—Flint Journal. Switzerland might do a tremendous business just now by exporting those Alps to flat countries.—Jackson Citizens-Press.

Condensed.

The message to Germany in a nutshell—"Stop it!"—Baltimore Sun. The population of America is approximately 100,000,000 Americans.—Kansas City Times.

Right.

A foreign-born citizen in this country has every right that any other kind of citizen has—and a very obligation.—Chicago Herald. We don't know how it is in the sort states, but in Texas child labor is confined largely to baseball on the back lots.—Galveston News.

Play Ball!

Admirals' political failure was closely followed by financial disaster. A receiver appointed for his companies sued him to recover between three and four millions, and he was forced to pay large sums. Since then he had dropped out of sight until this item telling of his being sent to two years later he had raised a paltry sum that in the days of his alliance would have been thought to the political harpies without a moment's thought.

Frank.

The Reverend censures the police for not bringing the Reiss carnival shows to time when they visited Ishpeming recently, and the Iron Ore comments that they "could descend to things for which they should be wiped out altogether. After such exhibitions as were given the last day of the week the whole outfit should have been put out of business. The carnival pitched its tents in a field that proved muddy after the heavy rains, but the field didn't begin to be as dirty as some portions of the show. After this we believe carnivals are going to have a pretty hard time getting a license in Ishpeming." Carnivals are the zero of entertainment and a community loss, without any insurance. Only the great difficulty inherent in the problem of getting any life at the Fair grounds makes it possible to contemplate with any equanimity the engagement of such an attraction for the county fair. But the carnival shows there have not been open to the criticism they earned at Ishpeming. The directors and the police have seen to that.

Editorial Opinion

Inviting Their Own Ruin. These British workmen who are thinking more of their wages and their privileges under union rules than of the needs of their nation in war time are more unpatriotic. They are untrue to themselves, even according to their own standards. They are shortsighted in the matter of their own selfish interest. For by hampering the defensive measures of the government, which is all that stands between them and enslavement, they are inviting their ruin. English unionists may believe that they are hard worked and abused; but if Germany ever gets hold of their 'tight

THE SORDID ADDICKS TRAGEDY.

The old Greek tragedies returned unceasingly to the theme that misfortune dogs the footsteps of mankind, that the greater the man the more awful the sufferings in store for him unless happily averted. The same insistence upon the incertitude of material wealth is noted in the biblical writings and by the philosophers of all lands and times.

Condensed.

A little over twenty-five years ago Addicks returned from Europe, many times a millionaire, through his successful lotation of Bay State gas stock. Rich beyond his dreams, his ambition sought new fields. Glancing over a New York paper he noticed that Delaware was a new land to realize his national aspirations. "Gas" Addicks, the multimillionaire, who for fifteen years kept the state of Delaware in a turmoil by his senatorial ambitions and for a large part of that time deprived that state of half its representation in the United States senate.

Statistical.

The population of America is approximately 100,000,000 Americans.—Kansas City Times. Right. A foreign-born citizen in this country has every right that any other kind of citizen has—and a very obligation.—Chicago Herald. We don't know how it is in the sort states, but in Texas child labor is confined largely to baseball on the back lots.—Galveston News.

Fact.

If ideas and inventions were contraband of war and peace there would be neither flying machines nor submarines on the other side of the Atlantic.—Kansas City Times. Children in the public schools of Chattanooga, Tenn., draw maps of South America, on which they indicate by marks all places where goods manufactured in their city are sold. This is a pointer for the business men of the United States.—Washington Herald.

Jefferson's Ten Rules.

Never put off until tomorrow what you can do today. Never trouble another for what you can do yourself. Never spend your money before you have it. Never buy what you don't want because it is cheap. Pride costs more than hunger, thirst and cold. We seldom repent of having eaten too little. Nothing is troublesome that we do willingly. How much pain the evils have cost us that have never happened! Take things always by the smooth handle. When angry, count ten before you

nice little vacation by sending me the other day a bullet for my left hand, a bit of shell for my right foot, and a few splinters from a hand grenade for my head. All this ought to keep me here in this hospital for several weeks. I received the whole bouquet in a few seconds on Sunday, May 30, when I unfortunately took the notion of charging a German trench at 4 o'clock in the afternoon, but we took the trench."

FOR RENT.

FOR RENT—A furnished room with modern conveniences. Mrs. Kennedy, 127 E. Ridge St. 6-18-17. TO RENT—Two apartments on the second floor of the Coles block, corner Third and Burt streets. The corner apartment has one very large room and two small ones, nicely decorated for lodge purposes, but would also be suitable for business use. Marquette County Savings Bank, or Charles T. Giehl. 3-1-17.

FOR RENT.

FOR RENT.

FOR RENT—Six-room house, electric lights, heat, 385 W. Hewitt Ave., S. B. Hill, Nester block. 6-18-17.

FOR SALE.

FOR SALE—One 5-foot Bagley grade, capacity 2 1/2 yards; 800 feet of 3/4-inch wire cable. Both in good condition. Will sell cheap, as I have no use for them. O. E. Conner, Keweenaw, Mich. 6-19-22.

CONDENSED TIME TABLE

Table with multiple columns showing train routes and schedules between Marquette, Marquette & South-Eastern and Lake Superior & Ishpeming Railways. Includes sections for Marquette and Princton, Marquette and Big Bay, and Marquette and Little Lake.

U. S. TO USE AUTOS FOR RURAL MAIL

Washington, June 20.—Use of the automobile for distributing mail in rural communities in many parts of the United States will be begun on Aug. 2. It was announced tonight that orders had been signed by Postmaster General Burleson authorizing the operation of 105 machines on that date and preparations are being made by the postoffice department for the installation of the automobile in this branch of the service wherever the roads will permit.

DIRE DISTRESS.

It is Near at Hand to Hundreds of Marquette Readers. Don't neglect an aching back. Backache is often the kidneys' cry for help. Neglect hurrying to the kidneys' aid. Means that urinary troubles may follow.

LOWER STATE NOTES

MONROE—Mark E. Bacon, of Wyan-dotte, well known politician in the Second congressional district, was in the city, looking over the political ground in Monroe with a view to entering the congressional race in the Second district before the convention in the old days; was beaten at the primaries by W. W. Widenmeyer, of Ann Arbor, and at the last election ran at the primaries, but was beaten at the polls by Congress-man Beakes. Every county but Lenawee will have a candidate in 1916 for congressional honors on the Republican ticket and it is reported that Jackson county will have two.

Copper Country

NO WINE FOR GUESTS WILL CELEBRATE AT ANNUAL BANQUET AT LAKE LINDEN

Commercial Club Diners Tomorrow Night Will Quench Thirst With Water and Coffee.

Because of a somewhat general sentiment in favor of the innovation, coupled with the fact that the state law forbids the serving of liquors in an armory of the Michigan National Guard, which is one of the identities of the Amphidrome, no wine will be served at the annual banquet of the Copper Country Commercial club at the Amphidrome tomorrow evening.

St. John's Day—Thursday—to Be Observed by French People of the Copper Country.

French-Canadian people from all parts of the copper country are expected in Lake Linden Thursday for the celebration of St. Jean Baptiste Day, the annual fête day of the French-Canadian societies of the region.

IS CALUMET BRIDE.

Miss Sarah Rupp, of Ironwood, United With Hugh C. Davies.

The home of Mr. and Mrs. Peter McNamara, West Houghton, was the scene of a pretty wedding Thursday evening, when Miss Sarah Rupp, eldest daughter of George Rupp of Bessemer, became the bride of Hugh C. Davies of Calumet.

CELEBRATE FIRST MASSES.

Rev. Fathers Goggin and Kreutzen Conduct Services at Calumet.

An unusual event in Catholic church circles took place yesterday morning at Calumet's Sacred Heart church when two young priests celebrated their first holy masses.

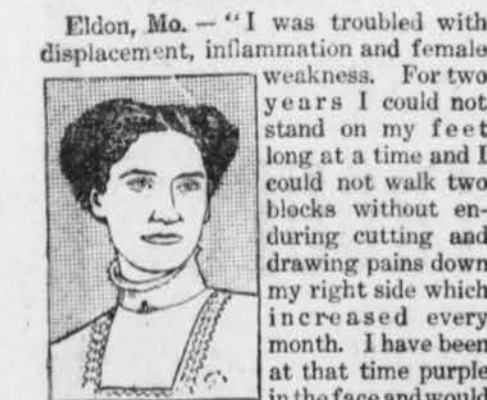

HOUGHTON POPULARITY CONTEST.

Miss Wrubleski Wins Diamond Ring at Close of Trade Week.

The feature of Houghton's "Trade-at-Home" week carnival was the popularity contest, in which four young women competed. It was the most sharply contested affair of the kind ever known in the copper country, eighty thousand votes being polled.

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other remedies have failed. Why don't you try Lydia E. Pinkham's Medicine Co., Lynn, Mass.

FOURTH OF JULY CELEBRATIONS. Smaller Communities in Copper Country and Vicinity Planning.

There are to be in the copper country and vicinity this year a number of pretentious Fourth of July celebrations in the smaller communities. There are to be three in the South range district alone, at Baltic, Painesdale and Atlantic.

President of the Day—F. W. Denton. Grand Marshal—W. C. Cole. Vice Presidents—W. H. Schacht, Albert Mendelson, F. A. Jeffers, Martin Trothevey, Sr., John Jolly, John B. Doe, Dr. W. K. West, Dr. R. W. Hodges, E. W. Kraka, D. D. Noetzel, W. A. Rankin, H. T. Mercer, W. J. Richards, Joseph Paul, Dr. J. W. Moore, Michael Messner Sr., Michael Messner, Jr., H. W. Eave, Louis Braun, G. C. Edwards, Walter Smith, G. A. Shaw, Dr. H. D. Cornell, Dr. A. H. Boon, J. W. Squires, Edward Siler, D. A. Stratton, C. M. Cole, Caspars Leuchesi, Charles A. Bartanen, Charles Jolly, Clarence Gill, Lessing Karger and John L. Harris.

For the patriotic program the following selections have been made: Orator of the Day—Hon. George C. Bentley of Hancock. Reader—Miss Margaret Balrich of South Range. Chaplain—David Shugg of Baltic. The sports include a full list of races, a program of field events and numerous freak contests. Parades, band concerts, and a good time generally will be provided.

Festivities at Pequaming. Pequaming, Baraga county, is to celebrate the Fourth in an unusual manner. Charles Hebard & Sons are financing the celebration and have awarded a silver cup as the prize for the principal athletic event, which is an abbreviated marathon race—from L'Anse to Pequaming, nine miles. The athletic program includes golf hitting, boat races and a sham battle by cavalry. There will be fireworks in the evening and the celebration will close with a grand ball at the new clubhouse.

KENTON CHURCH INCORPORATES.

Articles of New Methodist Episcopal Society Are Filed.

Articles of incorporation of the Kenton Methodist Episcopal church were filed Saturday at Houghton with County Clerk Kaiser. The articles state that the church is incorporated in order that the members may "worship and labor together" according to the rules of the general conference of the Methodist Episcopal church in the United States and the state conference under which it may be conducted.

ARMEEK BONDS SOLD.

The Armeeek village council at a special meeting Friday evening arranged for the sale of the issue of \$17,500 bonds recently authorized by the voters for the installation of a water plant. It was decided the bonds be divided into three parcels, \$7,500 being sold to the Keeweenaw Savings bank at Mowab, and \$5,000 each to the State Savings bank of Laurium and the First National bank of Calumet.

Upper Peninsula

Has Four-Legged Chicken.

William Pilley, a veteran railroader, of Iron Mountain, is doing considerable cackling these days over a freak of nature in the form of a chicken with four perfectly formed legs. Two of the legs are natural, fronting forward, and two backward. The chick makes use of three of the legs in scratching for food now and William inclines to the belief that the fourth will soon be doing business. The chances are good that when this four-legged chick tackles William's vegetable garden, comments Editor Tom Hanna in the Press, he won't cackle quite so loudly.

Big Logging Contract.

One of the largest hardwood logging jobs ever awarded in the upper peninsula, one involving many millions of feet of fine hardwood, has been let to Fred Cooper, of Manistiquie, who has entered into a contract with the Stack Lumber company, of Escanaba, to cut, log and transport to Schoolcraft and Mackinac counties. Mr. Cooper has purchased from the Consolidated Lumber company eight teams of horses. He is making careful preparation, and as he is a logger of wide experience, will, without a doubt, carry the work to a successful conclusion, says the Manistiquie Courier-Herald. The tracts which are to be logged consist of nearly 80,000 acres of hardwood lands in the eastern part of Schoolcraft and the western part of Mackinac. The location and soil are unexcelled. Mr. Cooper expects to log in the neighborhood of ten million feet a year, until conditions in the lumber market change and the demand warrants running the company's mills night and day, when the amount will probably be doubled. The Stack Lumber company has every facility for manufacturing the finished product. Its big plant at Masonville, near Escanaba, is unexcelled by any in the country. It includes a sawmill, shingle mill, lath mill and the very latest flooring plant that could be installed. The company owns its own logging road, extending from Pike lake to Seney, with several branches. It has a fine equipment, including new locomotives and steam loaders and a machine shop. The road is declared the best equipped logging road in the state. It is believed that at the rate the logging will be done the Stack people have enough hardwood timber in the two counties to last twenty-five years. In addition, they have big timber interests elsewhere. The company is preparing to put the cutover lands on the market as fast as they are available.

EGGLESTON VISITS MANISTIQUE.

Fire Chief Ray Eggleston of Houghton left Saturday for Manistiquie to look over the ground in anticipation of the forthcoming Upper Peninsula Firemen's association tournament. While there he will arrange for accommodations for the Houghton delegation. On his return Chief Eggleston will have full information regarding the arrangements for the contests in which his firemen will participate and will be enabled to direct the training to better purpose.

WHY SUFFER FROM RHEUMATISM?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Capparelli, Canastota, N. Y., suffered intensely with pains due to rheumatism in his limbs for a long time. A friend told him about Chamberlain's Liniment. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by All Dealers.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

This remedy always wins the good opinion, if not the praise, of all who use it. Mrs. F. A. Hood, Burrows, Ind., writes, "I have found Chamberlain's Colic, Cholera and Diarrhoea Remedy a positive cure for cramps and summer complaint." For sale by All Dealers.

A Fresh Morning, a Fresh Mount and a Fresh-Rolled Cigarette

—there's a combination to kindle a man's spirits with the pure joy of living! The delicious freshness of "Bull" Durham hand-made cigarettes appeals to the countless thousands of smart, active, sport-loving, health-loving American men—gives added zest and exhilaration to their enjoyment. It is quite the fashion to "roll your own" in any company, upon any occasion, with this famously good, pure tobacco.

GENUINE "BULL" DURHAM SMOKING TOBACCO

To millions of experienced smokers throughout the world "Bull" Durham means much more than a particular brand of smoking tobacco—it stands for a distinctive form of tobacco enjoyment, incomparably attractive, delightful, satisfying. No other tobacco has that wonderful, original, unique fragrance of "Bull" Durham. No other cigarettes have the same delicious smoothness, freshness and mellow-sweet flavor of "Bull" Durham hand-made cigarettes. You can only appreciate this when you learn to "roll your own".

FREE An Illustrated Booklet showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in U. S. on request. Address "Bull" Durham, Durham, N. C.

**FEDERALS DEFEAT MUNISING 7 TO 1**  
Marquette Players Broke Loose in the Seventh Inning of Well Played Contest.  
The Marquette Federals yesterday afternoon defeated the Munising city baseball team in a game played at that town, by a score of 7 to 1. A crowd estimated at 500 saw the contest, which was one of the best played this year on the Munising grounds.  
Up to the seventh inning the teams ran neck and neck, the pitching being of a high order and the support given the boxmen effective in pitches, and neither side was able to put a run across the plate. In the seventh, however, the Marquette players tore loose, and four hits and the openings caused by three errors by Munising players netted seven runs all the visitors were able to get. Goodreau, the pitcher who figured for Munising in this unfortunate session, then retired in favor of Burge, who was in good form and allowed the Marquette men but one hit in the last two innings. Birk, the Federals' twirler, had a large share in the victory, as he allowed but five hits and had nine strikeouts to his credit. He held the game safe all the way, and gave a most creditable exhibition of pitching. The playing of Noble in center field, after the box work of Birk, was the outstanding feature of the game put up by the Federals.  
The summary follows:  
Federals—A. B. R. H. P. O. A. E.  
E. Madigan, R. 5 1 2 1 0 0 0  
Noble, cf. 5 0 1 3 1 0 0

**City Brevities**  
Bert Cons, of Munising, spent Sunday here.  
W. N. Trotochaud spent yesterday at Negaunee.  
William McGee spent yesterday in Ishpeming.  
Miss Margaret Connors visited yesterday in Negaunee and Ishpeming.  
Alex Monette and son, of Munising, visited in Marquette over Sunday.  
Edwin Bakken, of Lake Linden, spent Sunday in the city, visiting friends.  
H. S. Gallup left for Detroit Saturday afternoon on a few days' business trip.  
Miss Gertrude Krafft is in Detroit for an extended visit, leaving here Saturday.  
The Misses Cora Harris and Gerda Anderson, of Ishpeming, were here Saturday and yesterday.  
Mrs. Joseph Donohue and daughter, Ruth, arrived home from Ann Arbor and Detroit Saturday evening.  
Mrs. Ed Millere and her sister, Miss Helen Murphy, are visiting their sister, Mrs. Olinger, in Chicago.  
Mrs. George E. Watson of Astoria, Ore., is visiting her sister, Mrs. George Polmeur, East Michigan street.  
Miss Helen Herscheid, of Menominee, is here to attend the Northern State Normal commencement exercises.  
Mrs. D. Desormier and daughter, Anna, arrived home Saturday night from Jackson, where they visited friends.  
Bruno Primeau, who is attending the University of Michigan, arrived home from Ann Arbor Saturday night, to spend the summer.  
Mr. and Mrs. Philip Carroll of Hancock attended the funeral of Miss Nellie McCabe, held here Saturday with services at St. Peter's cathedral.  
Miss Ella Martin, of Iron Mountain, is here, the guest of her sister, Miss Carmen, who is a member of the Class of 1915, Northern State Normal.  
Oscar Brush, of Chicago, who is connected with a prominent publishing house, arrived in the city yesterday. He will leave today on a fishing trip.  
A. H. Westlake has subscribed \$10 to the homecoming fund. A misprint in the list published Saturday gave the credit for the contribution to A. S. Westlake.  
Mrs. H. E. Kellan left Saturday afternoon for Chicago, to attend the commencement exercises at the University of Chicago. She will be the guest of her daughter, Mildred.  
Mrs. G. E. LeVeque and daughter left Saturday night for their home at Virginia, Minn. They had spent three weeks here, guests at the residence of L. J. LeVeque, East Ridge street.  
Professor Glockzin, of the commercial department of the high school, and Mrs. Glockzin will leave Wednesday morning for Ann Arbor. Mr. Glockzin will attend the university during the summer term.  
Jacob Rose announces a special sale of men's and boys' clothing, in celebration of his second decade anniversary. The sale will continue until July 4 and is for cash only. The details are set forth on page 8.  
Mrs. J. E. Kraft and daughters Elma and May left Saturday morning for Detroit, Buffalo, Niagara Falls and Toronto. The Misses Kraft, who have been teaching school in the copper country, returned home Friday night.  
In a ball game played on the Longyear field Saturday afternoon, the Baraga Juniors defeated the Alerts, 2 to 1. The batteries were Frank Sabotka and George King, for the Juniors, and the Beaudry brothers, for the Alerts.  
The steamer Henry C. Frick loaded ore at the South Shore dock yesterday for Cleveland. The steamer Presque Isle cleared with a cargo taken on at the L. S. & I. dock and consigned to Buffalo, The Michigan, coming from Fort Arthur, Ont., will load at the upper harbor today.

**Pythians Defeated Travelers**—The Knights of Pythias ball tossers were too much Saturday for the pastimes who represented the U. J. council. Commercial travelers, in the game played at Longyear field, and when the final count was made the score stood 20 to 7. Eckstrom and Richardson were the battery for the K. of P. and Morrison and Bruce for the Travelers. The latter failed to plead the usual excuses. They gracefully conceded that the K. of P. men knew more about the national game than they did.  
**Kicked by Horse**—Richard Whelan, a teamster for F. B. Spear & Sons, was kicked in the head by a horse while he was looking after some of the stock at the firm's barns at the east end of Baraga avenue yesterday morning. A woman who happened to be nearby saw the accident and she ran to one of the boats at a neighboring dock and notified some of the men there what had happened. They went to Whelan's assistance and took him to a doctor. It was necessary to make several stitches to close the cuts caused by the horse's hoof, but apparently Mr. Whelan escaped serious injuries, although he will be laid up for several days.  
**Children to Picnic**—The Catholic children of the city, those attending the Baraga and St. John's schools, and all others, will today enjoy their annual picnic at the Crescent street beach, with the members of the Knights of Columbus acting as hosts. The children will carry their lunches, and the Knights will provide refreshments of all kinds, as well as offer prizes for various games and athletic events. The children will attend mass at St. Peter's cathedral at 8 o'clock before proceeding to the grounds. The parade to the beach will be headed by Klamer's band. Each of the children will carry an American flag. The band will play at the grounds throughout the day.

**INSURE WITH PETER WHITE & CO**  
500 CANAL PASSAGES.

**Upper Peninsula**  
**Remarkable Tree for Flag Pole.**  
A piece of spruce timber, eighty feet long, straight as a ramrod, and slightly more than one foot in diameter, at the butt, has been taken to Manistique from Hiawatha township, to be put up as a flag pole in the courthouse yard. The tree was taken from the property of Fred Davis.  
**Venison Found in His House.**  
Game Warden F. W. Nelson and Elmer Crull caused the arrest of Fred Hart in Mackinac county, a few days ago, on the charge of killing deer out of season. Venison was found in the Hart home and the evidence was conclusive, so he pleaded guilty and paid a fine of \$25 and \$250 costs. The warden also ordered two dogs to be shot.—St. Ignace Enterprise.  
**Believes in Dreams.**  
A prominent Dickinson county business man is a firm believer in dreams, says the Iron Mountain Press. He has a spirit mascot who has directed him in a number of business deals, and invariably the deals have proved successful. This business man has related a number of cases. In one instance, while in the West, he was hesitating about investing about \$5,000 in a timber deal. He retired at night nearly resolved to turn down the proposition. During his slumbers the spirit mascot appeared at his bedside and advised him to purchase the property. Following the advice, as he did, in several other cases, the deal was closed the following morning. A few months ago the Dickinson county business man was offered a sum in excess of \$100,000 for the property. This is no fairy tale, but the story of an extremely shrewd business man.

**Mother Wins Fight for Insurance.**  
Announcement has been made of the affirmation by the state supreme court of a judgment in the case of Mrs. Eva Rousseau of Escanaba versus the Brotherhood of American Yeomen. The action was started because of the failure of the fraternity to pay to the beneficiary of the insured, Frank Rousseau, a sum, the face of a policy, following the man's death in 1911. The suit was begun on Dec. 13, 1911. The case was appealed, returned for trial and appealed again, each time the original judgment being affirmed. The contention of the defendant was that the policy was not in full effect and that the young man, the son of Mrs. Rousseau, was not a member in good standing, owing to a situation brought about by the alleged non-payment of the premiums. The plaintiff merely introduced the policy in evidence and proved the death of the insured and there rested its case. At the time of the original trial, Attorney A. H. Hyall represented the plaintiff. Attorney H. J. Ruston was the representative of the defendant company, and the case was tried before the Delta circuit court, a judgment being rendered by the jury in favor of the plaintiff. The case was appealed to the supreme court. Chief Justice Brooks and the full bench of judges passed upon the action, finally affirming the judgment. The mother will now be paid the full amount of the policy, together with interest and the costs.

**Geraniums at Half Price.**

**St. Jean Society to Celebrate Midsummer Day, Thursday.**  
Midsummer Day, Thursday, the 24th, will be celebrated by the St. Jean de Baptiste society of this city with a picnic on the beach at the foot of Crescent street during the day and a ball in the Fraternity Hall in the evening. The members will attend mass at St. John's church at 9 o'clock. Following the service they will parade to the picnic grounds, headed by Klamer's band, which has been engaged to furnish music all day. Dinner will be served on the beach. Various athletic games will be played in the afternoon, and there probably will be some speech making as well. All friends of the society are cordially invited to participate in the festivities.  
For the ball in the evening, Fraternity Hall has been uniquely and prettily decorated. Red and blue streamers have been hung from the north to the south side of the auditorium, with white streamers in the center. These are the French national colors. The walls are decorated with ground pine and with small pine trees, the latter set in the molding. Suspended from the balcony are two mounted young beavers. The beaver is the emblem of the order. Trombly's orchestra will furnish music for the dance, at which the public in general will be welcomed.

**Our Weekly Chat**  
COURTESY.  
Our conception of "courtesy" is to accord the same degree of deference to every visitor to our store.  
We do not greet the "shopper" with frowns or forbidding glances because she does not go to the buy. Our very counter to her is just as sincere as to the one who honors us with a purchase. Our facilities are at her service just the same—every courtesy is extended to her, we try to be obliging without grins or grumble.  
And we may be pardoned for saying that this conception of courtesy is in no small measure responsible for the growing esteem in which this store is held in the community.  
Very truly,  
A. D. Mueller

### SICKNESS INSURANCE NEXT STEP IN U. S.

#### Development of Agencies to Protect Laboring Class Is Asked in Federal Report.

Washington, June 20.—There are already several million wage earners in the United States insured in sickness insurance agencies and organizations, and sickness insurance is even now recognized almost universally as the most feasible method by which workers can meet the expenses and the loss of wages occasioned by ill-health. The great majority of the insured workers, however, are the better paid; the low-paid worker is least able to meet the cost of sickness and to weather the periods of unemployment that sickness forces upon him, is rarely insured. The development of the existing agencies and organizations into national or state systems of sickness insurance similar to those which have been so effective in European countries, is the next step for the United States.

These are striking facts brought out in a report on sickness insurance to the federal commission of industrial relations prepared by Surgeon B. S. Warren of the United States public health service, who was detailed as sanitary adviser to the commission, and Edgar S. Denckler, a member of the commission's staff, according to an announcement by the bureau of the public health service here.

The report includes the results of a study of the various sickness insurance systems in Europe and of plans in the United States. It strongly advocates a governmental system, in which employers, employees and the public contribute to the fund and co-operate in its control and administration, and which is closely linked to the governmental health promoting agencies as the most effective from all sickness insurance for wage workers. The report points out that in nearly all European countries the private sickness insurance plans and methods have given way to governmental systems, and the governmental systems now exist in Great Britain, Germany, Austria, Norway, Russia, Luxembourg, Roumania, Italy (for miners) and France (for miners, seamen and railway employees).

The chief shortcomings of private or non-governmental sick benefit plans in this country are pointed out to be: (1) the low paid worker, who is financially unable to provide for healthful conditions of living and to meet the cost of illness, is not insured; (2) the employer as well as the employee has not a sufficient incentive to reduce the prevalence of disease in their places of work and in the homes of workers; (3) there is no close correlation of sickness insurance with the public health department, bureaus and boards.

A governmental system of sickness insurance, says the report, will prove to be a preventive measure as well as a method of enabling the low-paid worker to tide over periods of illness, since the cost of insurance is determined by the amount of sickness to be provided for. The lower the sick ratio of any industry, trade or locality, the lower is it possible to put the rate of contribution by employer, employee and government. A governmental system necessarily implies that all workers of a trade or industry in any locality will be insured. This will, it is believed, enable the cost of insurance per insured person to be much less than it is now provided for in the trade union, employers' sick benefit funds and mutual benefit societies.

South Africa expects to next year export 100,000 boxes of oranges. United States in the first half of 1914 imported 66,687,228 pounds of macaroni. Cuba will spend \$400,000 in government funds to erect six maternity hospitals.

### TAX RETURN WILL EXCEED ESTIMATE

#### Treasury Department Now Expects to Receive \$83,000,000 from Incomes.

Washington, June 20.—First estimates of returns from the personal and corporation income tax have been revised upward by treasury department officials, who now anticipate more than \$82,000,000 during the present calendar year from this source. Estimates made in May provided a return of \$80,625,000. It was said, however, that it was quite probable that when the books were finally closed it would be found that the actual receipts are nearer \$83,000,000, which would put the returns \$3,000,000 above the amount figured upon nearly nine months ago, when the treasury's annual estimates of income for the year were made.

Under the law payments of the income tax may be made as late as July 10, but from the way in which the tax is pouring in officials are confident that a large proportion of the total will be in the vaults before the close of the present fiscal year, June 30.

It is now apparent, officials say, that there will be sufficient money from this source to wipe out a large part of the deficit which appeared early in the year and which steadily increased until shortly before the close of the present fiscal year, June 30.

### DUTCH REVENUES REDUCED BY WAR

#### Mobilization of Troops and the Loss of Business Also Increase the Nation's Expense.

Amsterdam, June 20.—The published statement of the receipts of the Netherlands government, from all forms of taxation and state enterprises for the month of April, shows that while the war is not only increasing the cost of running the Dutch government, it is also decreasing its revenues. This is also news for the Hollanders, who already find the burden of the expenses of the mobilization well nigh intolerable, when added to the ordinary expenses of life. Long before the war, taxes in the Netherlands were remarkably high. Every Dutch child started life with the handicap of his share in over \$200,000 per day of taxes for expenditures which are unknown in any other country of the world. In Holland it is an existence tax; for it costs that much to maintain dykes to keep a great part of the Netherlands from being overrun by the sea.

The annual budget in Holland is carefully calculated to produce a certain figure through taxes, when the revenues fall below that figure, as in the month of April, extra imposts are necessary, and lead to growing dissatisfaction among the people who pay taxes. This year, the month of April exhibits a shortage of \$4,992,804 compared with the revenues of the corresponding month of last year. So great is this deficit in proportion, and so close have the figures this year, in the first three months, run to the figures of last year's receipts for the same period, that, with the April deficit, the revenues for the four months of 1915 show a loss of \$3,183,709 over the same period of 1914.

The principal deficits lie in the receipts from the inheritance taxes, and in the excise on sugar. The former fall \$1,065,000 short of last year's figures, while the latter falls by \$338,800 of the corresponding month of last year. The immense increase in taxation which will be necessary to pay the expenses of mobilization, and the large number of laborers out of work through the suspension of industries vitally affected or temporarily discontinued by the long continuance of hostilities, makes the outlook for the taxpayer in the Netherlands far from bright. Already, the three great cities of Amsterdam, Rotterdam and The Hague, aggregating almost a million and a half souls, have established municipal distribution of bread to the needy and have issued bread cards.

Haarlem, Netherlands, June 6.—(Correspondence of the Associated Press.)—Although the bulb business for Holland is world famous would seem to be immune from the effect of the war, it has, like other industries, had a sad blow from which it is even less able to recover as time goes on and the war continues. The head of the Bulb Growers' association of the Netherlands, whose headquarters are in this city, reported to the municipal distribution of bread to the needy and have issued bread cards.

Everything in the bulb trade was ready for the export season which starts in the first week of August when the war broke out," said Mr. Kregel, its motor whirled the correspondent through gorgeous fields, planted in checkerboards of scarlet, purple, yellow, white and parti-colored late tulips and fragrant hyacinths whose odor hung heavy above the sandy fields. "On first impression there was that exportation would be impossible altogether, and that the whole season would be lost. But the results were really better than we had anticipated. Exportation was found possible to the United States

without interruption; also to England, Sweden, Norway and Denmark, Germany and Austria, France and even Russia. Many orders, however, were cancelled or cut down. Domestic readjustments made necessary by the departure of so many millions of men for the battlefields of Europe caused the abandoning of much of the garden beautifying which has been the hobby of the Dutch bulb growers, especially of hyacinths, which had already been somewhat too plentiful even before the war.

"Enormous quantities of bulbs, also, were sent to the various countries in several foreign countries, to be sold in that way at exceedingly low prices—which did not help the Dutch bulb business. At the end of the export season, tulips and narcissi proved to be practically all sold, while there still remained a large quantity of hyacinths in the warehouses, which had to be thrown away in the end.

"The prices of most kinds of bulbs went down in August. Hyacinths could be had at any figure; tulips in cases for half the normal price. The official export statistics for the first three months of 1915, compared with the record year of 1914, but these figures are deceptive. They can be accounted for by the large size and heavier weight of the bulbs, and also by the large quantities sold at auction upon which there was little if any profit to the vendors, or the bulb growers.

"The financial losses to the bulb growers, although not perhaps so bad as anticipated last August, have been very serious. But they depend to a certain extent upon the character of the trade supplied by the individual grower. Some have not irreparably suffered, while those exporting chiefly to Russia have had a very bad year.

"This spring the representatives of the bulb firms of Holland have traveled as usual to take orders and make contracts for the coming season. They report, generally, that payments, even in the countries at war, are coming in far better than expected. They are, however, booking their new orders as a rule without definite arrangements as to prices, as many large buyers of bulbs are waiting until the season commences to firm their orders. If the war looks as if it might continue on into next spring, of course many of these orders will be lost, and the plight of the Dutch bulb growers will be worse than ever."

It is the smaller bulb growers who suffer most, just as it is the small butcher, baker and candlestick maker in Holland who has so far, had to bear the chief burden of war's misery. The small bulb grower must sell to the large wholesaler, who has the facilities for storing the bulbs and can afford to do so. The large wholesaler of Hillegom, near here, recently stated that he had received over 1,000,000 bulbs at his warehouses, of which he had been able to dispose of only 150,000. These bulbs came from the small growers.

The bulb fields of Holland are a rare sight, familiar to tourists, especially during the month of August. Before the war, however, there have been the snowdrops, the croci and the narcissi, and after them come the hyacinths and the gladioli. The tulip bulbs are, as a rule, of five year's growth, and are sold in their third year. They are sold while in flower, in the case of the small grower, by auction, held on the ground by local notaries, who make a very good thing out of it, whether the grower does or not.

When the crop has been sold, the blossoms are cut and heaped in a pile in the corner of the field to rot and serve as fertilizer. Some of the finer ones are sold to dealers in cut flowers, many are given to anybody and everybody who asks for them. Of a fine Sunday in spring, it is a great sight to watch thousands of bicycles sweeping in to The Hague, Amsterdam or Rotterdam about midnight and their riders, with garlands of the most beautiful tulips imaginable, the bicycles themselves loaded down with the flowers, and great bouquets of them suspended by a string passed about the riders' heads.

### Upper Peninsula

#### Furnace Tests Satisfactory.

John T. Jones has returned to Evansston, Ill., from Pittsburgh, Pa., where he was engaged for nearly two months in conducting extensive research work at the Carnegie institute in connection with his furnace inventions. While Mr. Jones and his associates decline to make public any detailed information relative to the experimental work, the Iron Mountain Press learns that the results are deemed entirely satisfactory to all concerned.

### Invents Electrical Shovel.

The electrical steam shovel invented by Frank H. Armstrong, mechanical engineer for the Penn Iron Mining company, is now being tested out at the Vulcan stockpiles. It is said that the tests thus far have been satisfactory. When the invention is operating smoothly Mr. Armstrong expects to perform with his shovel about three times the amount of work performed by the average steam shovel of the same power. In addition to having a much greater loading capacity, the electrical shovel can be operated by one man, whereas the steam shovel requires three men.

### Farm Expert for Dickinson County.

The committee on agricultural education of the Dickinson county board, acting through the county farm bureau, has made application to the agricultural college at Lansing to have Clinton S. Ballard, county agricultural instructor in the Iron Mountain High school, appointed county agriculturist. If the application of the county is granted, Mr. Ballard will be relieved of his duty as instructor, and will receive a salary paid in part by the United States government and in part by the state of Michigan and the balance by the county. The contribution is \$600 by the United States government and \$600 by the state. It is proposed by the agricultural education committee, which consists of E. F. Brown, Iron Mountain; A. W. Thompson, Vulcan, and Patrick Flannagan, Sargents, to utilize the services of Mr. Ballard entirely in assisting farmers to determine the proper methods of handling the various kinds of soil, to assist them in the stock raising industry and in all other lines of farm work; also in delivering lectures. If the appointment of Mr. Ballard is confirmed, it is proposed to hire an instructor in agricultural education, who will utilize the

facilities of the Iron Mountain High school, and all residents of Dickinson county will be entitled to free tuition, and to the use of all facilities of the school applicable in teaching the course in agriculture. This course has now been established for nearly a year and has been well patronized.

### Mines on Double Shift.

The best news the people of that part of the Menominee range have heard in months is the announcement that, beginning today, the Chapin mine at Iron Mountain and the Aragon mine at Norway will be operated on full time—six double shifts a week. The properties are mines of the Oliver Iron company, of which O. C. Davidson of Iron Mountain is the range superintendent. They have been wrought on a reduced scale for several years past.

### Is Student of Mackinac History.

There is no more earnest or enthusiastic student in matters pertaining to the history of the Mackinac country than Edwin O. Wood, of Flint, says the St. Ignace Enterprise. Long before he was named as a member of the board of Mackinac Island State Park Commissioners and of the Michigan Historical commission, he had been gathering together material and collecting books, maps and manuscripts, all directly bearing upon the Michilimackinac of the Seventeenth century and later. He started out to bring into one library everything obtainable relating to Mackinac, but soon found that to cover the subject properly it was necessary to include a great deal of history and North-west. Therefore, while the library is distinctively a Mackinac collection, it is known to historical societies and scholars as one of the country's largest and best special libraries dealing with the north-west region. For ten years Mr. Wood has been engaged in editing and preparing a compilation upon the Mackinac country. He has had transcripts and photostat reproductions made of records in Washington, Ottawa, London and Paris. Recently he has purchased from Mrs. Anna L. Kelton, widow of the late Mayor Dwight H. Kelton, the entire Kelton library, including correspondence and manuscripts, together with the copyrights of all of Major Kelton's works. These include "Annals of Fort Mackinac," "Indian Names," and "History of the Sault Ste. Marie Canal."

In the Kelton collection are autograph letters from Constantine Fontaine Woodson, Francis Parkman, Rev. Edward Jucker, John Gilmory Shea, General Winfield Scott Hancock, General W. T. Sherman and some of the most noted historians, army officers and writers of the country. There is also a fine collection of photographs, showing Fort Mackinac from the earliest days.

### Barter Got Big Surprise.

John Dermogreault, the Isabella saloonkeeper, has been arrested on a warrant sworn out in Justice McEwen's court by Sheriff Iverson, the charge being violation of the liquor law. His saloon was open and business was being transacted last Sunday. And thereby hangs a good story.

Sheriff Iverson and Prosecuting Attorney Rushton were returning from Garden, where they had been investigating the Seavey fire and the death of James Brodie. As their auto was passing the Isabella saloon Mr. Rushton saw some person looking through the window from the inside. He told the sheriff to stop, which he did. They went to the front door of the saloon and tried to enter. A voice from inside told them to go around to the back door. They obeyed, and they had no difficulty in entering the saloon.

Several men were playing cards at a table and there were several other men in the barroom. Mr. Rushton called for a cigar and paid for same. He then asked the bartender: "Don't you know it is Sunday?" "Oh, yes," was the response, "out times are hard and we have to do a Sunday business."

"Do you run your saloon every Sunday?" was the next question asked by Mr. Rushton. "Yes, every Sunday if there is any business doing."

"Did you have your saloon open last Sunday?" queried the prosecutor. "Sure thing," was the reply. "Well, aren't you afraid you will get into trouble," the officer asked. "No, the officers never loth us out here," was the reply.

"Well," said Mr. Rushton, "the officers are going to bother you this time. I want you to tell your boss to report at my office for I shall have a warrant issued for his arrest, and if he doesn't report, the sheriff will come after him."

About this time some other person who knew the officers entered the barroom and informed the bartender in a whisper who they were. The bartender turned white and then red, and when the officers told him to put the men

### What kind of roofing shall I buy?

The General says: You can buy a cheap unguaranteed roofing and save a few dollars in initial cost—or you can pay this slight difference and get a roofing guaranteed by the world's largest manufacturer of roofing and building papers. The final cost is what counts and you'll find it cheaper in the long run to buy

## Certain-teed Roofing

This roofing is the highest quality possible to make and it is guaranteed 5, 10 or 15 years, for 1, 2 or 3 ply respectively. When once laid, Certain-teed must remain intact at least for the period of the guarantee and the guarantee is a definite insurance against all roofing trouble.

Roofing that is cheaper than Certain-teed is cheaper in quality and is not guaranteed by a big mill and best responsibility. If the cheap roof falls down you will have to pay the double expense of laying a new roof all over again. Certain-teed Roofing is for sale by dealers everywhere at reasonable prices.

ISHPEMING SENIORS AT ANNUAL BANQUET

Members of Graduating Class Were Enjoyably Entertained Saturday Evening.

The members of the Senior class of the Ishpeming high school held their annual banquet in the school Saturday evening.

This evening the members of the class will be guests of Mrs. N. C. Krogman, their counselor, at a dinner dance in the golf-club house.

The program for the banquet was as follows:

- Toastmaster.....Hollurn Bryden Selection.....Orchestra Roll Call.....Seniors. "Here's to the years that are stretching ahead, To the days that are blithesome and gay, May the joys of the old, be the joys of the new And the sorrows fade gently away." The Faculty.....Rudy Henrickson "May we always part with regret, and meet again with pleasure." Piano solo.....Ella Elfred Mr. Davis.....Harry Bottrell "The only way to have a friend is to be one." Class of 1916.....Minnie Pengelly "May we realize in dreams the presence of those who are away." Song.....Senior Quartet The Class Pin.....Edgar Holmgren "It brings the memory and fight of days gone by, around us." Solo Play.....Nancy Olson "May the shadow of its memory never grow less." Piano solo.....Burtie Olson The L. H. S.....Myrtle Pryor "To know, to esteem, to love—and then to part, Make up life's tale to many a feeling heart." Our Class Colors.....George Dymond "A standard of value, that represents the precious mettle of America." Violin solo.....Harry Bottrell The Officers.....Hugo Swanson "The world knows nothing of its greatest men." The Annual Board.....John Sibley "To write well is to have at the same time, mind, soul, and taste." Piano solo.....Viola Williams English 12.....Russell Mowick "To love it was a liberal education." The Seniors.....Mr. Davis "Our greatest glory consists not in never falling, But in rising every time we fall." The Boys.....Hattie Spencer "They are uncommonly hard to beat." The Girls.....Lawrence Pearce "May woman's charm be dependent on neither eyes, hair nor complexion, but on heart." Our Athletics.....Harold Moss "Mens sana in sano corpore." Our Guests.....Clifford Gustafson "This night I hold an old accustomed feast Where I have invited many a guest Such as I love, and you among the store One more, most welcome, makes my number more." Our Counselor.....Lydia Olson "Here's to the Chaplaine May she learn from Cupid Just enough blindness to be sweetly stupid." Selection.....Orchestra "Millinery at half price, tomorrow, at Braastad's."

PYTHIANS GO TO MENOMNEE TUESDAY

Zenith Lodge Will Be Largely Represented at Upper Peninsula Reunion.

A large delegation of members of Zenith lodge, Knights of Pythias, will spend the greater part of this week in Menominee, in attendance at the annual convention and celebration of the Upper Peninsula Pythian league.

The Reiss Carnival shows, which were to be the principal outdoor attraction at the reunion, have cancelled the date and the Heath United shows will be instead. The Reiss shows are to remain in the copper country for two or three weeks.

In referring to the carnival and other entertainment features, the Menominee Herald of Saturday said:

"Menominee's Knights of Pythias convention for the members of the Upper Peninsula league and for the Wisconsin visitors will not be a dry affair, as is evidenced by the special attractions which have been listed by the men in charge of the affair. 'To be sure, there will be the usual 'Hot Dog' men, the banner criers and all the rest of the things which go toward making a convention of any sort a success. 'But one of the greatest features of all will be the great Heath's United shows which will have ten big shows to attract the attention—and also the purses—of the merry-makers. 'In addition to this there will be a gala Knights of Pythias parade on Thursday night. This will be made up of degree teams and delegates. It will not be the usual parade of men strutting along with a ribbon tied to the lapel of their coats. Instead it will present to the people Knights in full regalia with a military band at the head. Red lights will mark the line of the march. 'The carnival will have the greatest array of attractions that the city has ever seen. There will be Benjamin's Tipperary Girls—all Irish and red Irish roses. They will put on a musical show and all fifteen of the girls are some dancers and singers (according to the commotion). 'Then there will be Francis Williams' dog, pony, monkey and goat circus; Frank Thornton's circus of ten individual shows; Hodge's palace of illusions; McIntyre's Motorcade; the Blue Eye Mystery show; Charlie Strickland's Original September Morn' show; Heath's marble show; Calloway's Merry-Go-Round, and McIntyre's ferris wheel. 'Last but not least will be Professor C. O. Dean and his concert band of fifteen pieces.'"

Millinery at half price, tomorrow, at Braastad's.

DRAMATIC SPECTACLE. Situations in "Everywoman," Soon to Be Seen Here, Command Interest.

Once in a while there is produced a play of such vital human interest that the person who views it is fairly carried away by its representations. To make a scene or situation so absolutely faithful to life that he who views it mistakes it for life itself, and himself a part of it, is the highest achievement of the dramatist. In the dramatic spectacle, "Everywoman," which will be seen at the Ishpeming theater July 1, there is a situation so real that often some person in the audience forgets he is witnessing mimic life, and from his seat addresses the character upon the stage. It occurs in the fourth act in the street scene when on New Year's eve "Everywoman" deserts him. To make a scene or situation so absolutely faithful to life that he who views it mistakes it for life itself, and himself a part of it, is the highest achievement of the dramatist. Ladies' coats and suits at half price, tomorrow, at Braastad's.

MARRIED FRIDAY EVENING. Miss Elizabeth Carlyon, daughter of Thomas Carlyon, Oak street, and Richard Carlyon were united in marriage Friday evening by Rev. H. C. Karr, in the parsonage of the First Methodist Episcopal church. The bride was attended by her sister, Miss Lillian Carlyon, and A. J. Healy, of Negaunee, was best man. Mr and Mrs. Carlyon departed on the South Shore early train Saturday morning for Detroit, Buffalo and other points on their honeymoon trip. Mr. Carlyon is employed as foreman with Trelock Bros., and his bride has been a teacher in the eighth grade in the grammar school. Both are well known and popular. They will keep house on Oak street.

New suspender wash dresses at choice, \$1.19, tomorrow, at Braastad's.

SPECIAL RATES FOR STUDENTS. All Ishpeming and Negaunee students who are planning to attend the Northern State Normal summer school will be interested and pleased to know that the South Shore will have in effect, beginning the opening day of school, a fifty-cent return rate. Because of the number of trains leaving Marquette in the afternoon, it will be possible for almost every student to take advantage of the rate. Including students from Ishpeming and Negaunee, there were over forty who returned every day last summer from the Normal sessions, and it is solely because of this fact that the railroad company feels justified in offering the rate again this year.

New suspender wash dresses at choice, \$1.19, tomorrow, at Braastad's.

VICTIM OF TUBERCULOSIS. John Samuelson, 231 New York street, died Saturday from tuberculosis. He was a son of August Samuelson, who is in the employ of Trelock Bros., and was born and brought up in Ishpeming. He was twenty-seven years of age and is survived by his widow and two children. For some time prior to a year ago, when he had to give up work, he was employed as engineer at the Hartford mine, Negaunee. He was a member of the Swedish Home and Order of Vasa societies. The funeral will be held tomorrow afternoon at 2 o'clock from the house. Services will be conducted by Rev. Edwards, pastor of the Swedish Methodist church.

CORAZA HAVANA CIGAR.

FOR SALE—A house on corner of Oak and Ely streets, also adjoining house on Oak street. G. D. Hodgkins, Marquette. 6-21-15

to the appeal of "Everywoman" and shouted in reply: "I will help you! I will save you! Trust me!"

AGNES MEEHAN A BRIDE. Ishpeming Young Woman Wedded to Cornelius Holland, of Gay.

Miss Agnes Meehan, daughter of Mrs. M. Meehan, 316 Greenwood street, was united in marriage with Cornelius Holland, of Gay, at the Sacred Heart church, Calumet, Thursday morning. The news of the wedding came as a surprise to Miss Meehan's many friends here.

The bride wore an Alice blue traveling suit and a white picture hat. Miss Beatrice Meehan, a cousin, was bridesmaid. Albert Holtenhoff, of Wolverine, attended the bridegroom.

The bride is one of Ishpeming's most charming young women. She was born and reared in this city and was educated here and at the Northern State Normal at Marquette. For the last two years she has been teaching at Gay. The bridegroom is a graduate from the Michigan College of Mines. He is in the service of the Mohawk and Watrous Mining companies as a chemist. Mr. and Mrs. Holland arrived in Ishpeming Thursday evening for a visit. They will make their home at Gay.

BUSINESS STILL EXPANDING. Eastern Furnaces Being Pushed to Capacity as Orders Continue to Grow.

New business of the United States Steel corporation is reported to be now running on a close-to-capacity basis and a substantial gain in unfilled tonnage is looked for in the present month.

Further advances in price of staple steel products are expected within the next couple of weeks. Inquiries for steel rails and equipment are being received from France, Great Britain, Russia and Italy, and it is believed that large orders will be placed in the near future.

Iron and steel manufacturers in the Sharon and Farrell, Pa., districts are feeling optimistic over the industrial outlook for the coming summer and fall. Fires have been lighted at the blast furnace of the Carnegie Steel company at Sharon, and the finishing mill there, which has been idle for eighteen months, is scheduled to resume operations within the next few days.

The American Steel Foundries company will resume work within a short time affording employment to several hundred men. The Petroleum Iron Works company is running its plant at that point day and night; the Pennsylvania Tank company is rushed with work and the Sharon Steel Loop company is running at normal capacity.

Scarcity in galvanized sheets continues, but manufacturers are now hopeful that the flurry in spelter is over and that a more stable market will prevail from now on. In the meantime independent Middle West galvanized sheet makers have jumped their quotation to a range of from five to six cents with more mills withdrawing from the market. Wood sales of basic pig iron have resulted in an advance to \$13, Pittsburgh, being made.

Ladies' coats and suits at half price, tomorrow, at Braastad's.

MARRIED FRIDAY EVENING. Miss Elizabeth Carlyon, daughter of Thomas Carlyon, Oak street, and Richard Carlyon were united in marriage Friday evening by Rev. H. C. Karr, in the parsonage of the First Methodist Episcopal church. The bride was attended by her sister, Miss Lillian Carlyon, and A. J. Healy, of Negaunee, was best man. Mr and Mrs. Carlyon departed on the South Shore early train Saturday morning for Detroit, Buffalo and other points on their honeymoon trip. Mr. Carlyon is employed as foreman with Trelock Bros., and his bride has been a teacher in the eighth grade in the grammar school. Both are well known and popular. They will keep house on Oak street.

New suspender wash dresses at choice, \$1.19, tomorrow, at Braastad's.

SPECIAL RATES FOR STUDENTS. All Ishpeming and Negaunee students who are planning to attend the Northern State Normal summer school will be interested and pleased to know that the South Shore will have in effect, beginning the opening day of school, a fifty-cent return rate. Because of the number of trains leaving Marquette in the afternoon, it will be possible for almost every student to take advantage of the rate. Including students from Ishpeming and Negaunee, there were over forty who returned every day last summer from the Normal sessions, and it is solely because of this fact that the railroad company feels justified in offering the rate again this year.

New suspender wash dresses at choice, \$1.19, tomorrow, at Braastad's.

F. BRAASTAD & CO.

The officers of the Ishpeming division of the Ladies' Auxiliary to the Ancient Order of Fibreians attended a county meeting yesterday afternoon in Levine's hall, Negaunee. The officers of the three divisions of the county were present. A pleasing feature of the meeting was a talk on the good work being done by

the order by Miss Anna Lacey, state president. It was decided to hold a picnic for all three divisions at Presque Isle on Sunday, Aug. 8.

# CARLYLE SAID:

"It's a grand thing for a man to have had a 'sair fecht' in his youth."

This wise Scotchman believed that when a man had a "sore fight" in youth there would be developed in him just the qualities necessary to win success later on. The history of many a savings account in the First National Bank bears strong testimony to the truth of this statement.

### Markets

#### BOSTON "COPPERS."

Boston, June 20.—The coppers were dull and featureless Saturday, with no incentive to traders to take a speculative chance. The zinc stocks continued easier. Generally speaking, sentiment on coppers is bullish but awaits leadership. There was some inquiry Saturday for North Butte on expected dividend action. To sum up the whole situation, however, it is a waiting market, lacking initiative, and until some development takes place that will produce leadership and arouse the public a continuation of the present condition is forecast. J. A. Minnear & Co. report Saturday's closing prices as follows:

#### WHITE PINE EXTENSION.

No development work in the history of the Lake Superior copper mining district has been as pregnant with possibilities as that of the White Pine. It is the White Pine extension, in Ontonagon county. During the six years in which the Calumet & Hecla interests have been opening up the White Pine and putting it in condition for production, exploratory work has been done away at another property in the vicinity and upon the same formation. Under direction of S. L. Smith, a Lake Superior pioneer, connected with the opening of a number of Michigan copper mines, diamond drilling and shaft sinking have been done. Mr. Smith and his associates have determined upon the organization of the White Pine Extension company.

#### MINER MEETS DEATH.

Workman at Cleveland Lake Dies from Effects of Gas Poisoning.

Oscar Hantula, a well-known Finnish miner, met death late Friday in the Cleveland-Chiefs Iron company's Lake mine, where he had been employed for ten years past, ever since he arrived in the country.

Hantula and his partner had left a mine just before midnight, and after waiting a short time Hantula returned to see if the place was in such condition that work could be resumed. His partner remained in the level below. After he had waited about forty minutes he decided to go up into the mine and see what Hantula had not returned. He soon came upon the body of his partner. Help was summoned and nearly three hours was spent in an effort to bring the man back to life. Every known method was used.

#### FROM HEADQUARTERS.

Popular Vitagraph Stars in Feature at Ishpeming Theater Tonight.

"From Headquarters," one of the Vitagraph Broadway star features that have become so popular with patrons of the Ishpeming theater, will be included in tonight's program. It is a three-part story, and the stars are Anita Stewart, Earle Williams, Anders Randolph, Ruth Edwards and Tompall Saxe.

Rose Peters, the daughter of a detective who believes there is no such thing as an excuse for crime, falls in love with her employer, William Brown. He devotes himself to her exclusively, despite the anger of her father. Matters change when Belle Waring is engaged to fill a position in his employ.

#### GRADUATED WITH HONORS.

J. M. Edgerton arrived home yesterday from Oberlin, Ohio, where he attended the commencement exercises of Oberlin college. His daughters, Marcia and Avis Edgerton, were members of the class of 1915 and both finished with excellent records.

## Negaunee Department

### UPPER PENINSULA MEN TO NORWAY

Party of Between Forty and Sixty Will Sail from New York This Week.

A party of between forty and sixty upper peninsula miners, timbermen, shaftmen and trammers will leave Negaunee tomorrow morning for Norway, where they will be employed by the E. J. Longyear company, which has the contract to sink a shaft for the Orkila Mining company. Twenty-one members of the party will be Negaunee men.

The shaft will be sunk under the direction of W. E. Richards, of Crystal Falls, and William H. Holman, of Alpha, formerly of this city. Captain Holman, who engaged the men, will have direct charge of the work. He has made his home in Negaunee for many years and is personally acquainted with every man in the party. He is taking only the most skilled men and he will try to establish a record in sinking the shaft, which will be put down about 1200 feet. The Longyear company has two years in which to complete the contract, and it expects to finish the job in about eighteen months.

The men will be paid from the time they leave here until they return home, and they will receive a bonus if the work is completed in a shorter time than the contract calls for. For every foot sunk over sixty feet a month extra pay will be given.

The shaft will be known as the Wallenberg shaft and will be located a few miles from Tromsø, one of the principal cities in Norway.

The party will sail at 2 o'clock Thursday afternoon on the steamer Hellig Olav, of the Scandinavian American line, from New York. The Negaunee men have been considerably concerned the past few days over the possibility of being attacked by vessels of the warring nations. Since the war began the steamers of the line have maintained their regular sailings, and have carried over 28,000 passengers between the United States and Scandinavian ports, who have been landed safely.

Several of the Negaunee members of the party will have their first experience on water. Their friends recently constructed a large raft at Teal lake and offered to give them instructions on how to avoid sea sickness. They are more afraid of rough weather and sickness than of snoring. The Negaunee men will take along complete baseball and football paraphernalia.

All of the men have been furnished with passports and their photographs have been sent to the federal authorities. They do not anticipate any trouble in leaving or returning to the United States. Most of the men are citizens and the others have applied for their first papers.

Some of the members of the party are: Captain William H. Holman, of Alpha; Oliver Ryd, of Marquette; Matt Grandlund, John A. Johnson, Samuel Stanaway, Thomas Goldsworthy, Eusti Himankka, Jack Wijnland, Charles Carlson, Aale Carlson, Arvid Johnson, Charles Raatikainen, and Simon Jankainen, of Negaunee. There will also be some men from Crystal Falls, Iron River, Stambaugh, Alpha and Diorite.

#### LAST FIRST GAME.

Manistique Was Defeated at Escanaba Saturday by Score of 2 to 5.

Escanaba took the first of a two-game series from the Manistique baseball team Saturday by a score of 5 to 2. Manistique had assembled one of the fastest and highest paid baseball teams that was ever gathered together in the upper peninsula for the series with Escanaba and its defeat on Saturday came as a surprise.

The Escanaba management expected a hard contest from the visitors, and with only two first class pitchers available Manager Schram arranged with Hilmer Leaf, the Negaunee star, to pitch the Sunday contest. Garland, who started on the mound for Escanaba, finished in a very hot and dry condition, the Ishpeming twirler was used yesterday. It was thought that after Garland was in the box a few innings he would be hit so hard that Swanson would have to finish the game, and Leaf could be used on Sunday, but Manager Schram notified Leaf last Saturday evening that he would not be needed.

Manager Heinonen expects to arrange a game with Escanaba for some time during July. The Negaunee team is in much better form now than it was when it was defeated by the Rapids River club a few weeks ago. Captain Jesse Pool has made several changes in the lineup and has had the players out for practice every day when the weather has permitted. The members of the team spent yesterday afternoon at the Union Park, practicing.

Me and Mrs. J. S. Wahlman and Mr. and Mrs. George A. Newett drove to Manistique Saturday to attend the marriage of Miss Helen Winsand, who is a sister of Mesdames Wahlman and Newett.

Mrs. Harry Hickory and three children have gone to the Mesaba range on a visit to her brothers, Ed and Harry Johnson. She will also visit in Duluth before returning. She will be away about a month.

J. A. Brandlund, who some months ago purchased Calvary Baptist church property, corner Third and High streets, has started to remodel the structure, which will be converted into a flat building. Louis Erickson & Son are doing the work.

Ten or a dozen Junior members of the Y. M. C. A. will hike to Gwinn today, going by way of Palmer and following the Cleveland-Chiefs Iron company's transmission line. They will be accompanied by Edgar Swanson, boys' secretary at the "Y."

The Lyric today and tomorrow will show "The Littlest Rebel," starring Dustin and William Furnum. The photoplay is in five reels. The attraction for the Lyric Wednesday and Thursday will be "Spartacus," a George Kleine spectacle in eight parts.

Prussia in normal seasons produces slightly more oats than does Canada. A Birch veneer is being sought in Canada by London manufacturers of tea chests.

girls' league games started by the end of this week. Several of the girls' teams have already been organized and a meeting of the managers and captains has been called for 9:30 this morning at the high school gymnasium, when plans for the league will be completed.

#### MANY ORDERING SEATS.

Negaunee residents have been placing orders for seats for "Everyman," the Henry W. Savage production which will be seen at the Ishpeming theater July 1. This company, which travels by special train, is said to be the largest ever sent on the road, with the exception of "Ben Hur." It carries its own symphony orchestra and several carloads of scenery. Manager Butler has received orders from as far off as the Menominee range. It is expected that most of the people attending from there will come to Ishpeming by automobile.

#### LOCAL LAONICS.

Axel Henriksen was a passenger to Detroit Saturday morning.

Axel E. Larson, of Marquette, spent yesterday here visiting with his folks.

Mrs. C. A. Johnson and Mrs. Dowd were the guests of friends at Marquette Saturday.

John Lehman, deputy sheriff at Gwinn and Princeton, was here Saturday on business.

Fred Gullackson departed Saturday afternoon for Detroit, where he will seek employment.

Albin Make departed Saturday evening for Telluride, Colo., where he will be employed.

James Tregooning and Jack Borlace have gone to Detroit, where they expect to obtain employment.

Miss Mabel Thomas, of Milwaukee, is spending a few days here, visiting with relatives and friends.

W. T. Mitchell spent yesterday at Champion, where he was the guest of Mr. and Mrs. A. J. Rich.

John Verellino, who is employed at Gwinn, spent Saturday and yesterday here visiting with his folks.

John Forslund, who recently returned from Chicago, has accepted a position as butcher for Thomas L. Collins.

Mrs. John Ellis has returned to her home at Gwinn, after a few days visit here with relatives and friends.

J. L. Smith and sons, Harry and Jay, and Thomas Ellis have returned from a few days fishing trip at Cascade Junction.

Peter Valley, of Chicago, claim agent for the Chicago & Northwestern Railway company, was in the city Saturday on business.

A. T. Kennedy has returned from Iron River, where he spent a few days on business for the Republic Iron & Steel company.

The Misses Ethel Neely and Olga Waldstedt, teachers in the schools at Wakefield, have returned home to spend their vacations.

William Collins was here yesterday from Iron River, on a visit with his folks. He made the trip in his Ford touring car.

Mrs. Stephen Connors and son, Steve, and Mrs. John Ward, of Escanaba, were the guests Saturday of Negaunee relatives and friends.

Mr. and Mrs. Albert J. Hoeking, who came here to attend the funeral of the late Mrs. John Swartzman, which was held Saturday, returned yesterday to their home at Republic.

Bert Boggetto and family, of Gwinn, spent Saturday and yesterday visiting in the city with relatives and friends. Mr. Boggetto is manager for Winter & Sness in the Gwinn district.

The Misses Bernadette Lemie and Mae De Tourville have gone to Chicago, where they will spend the next few weeks. The latter will take an advanced course in dermatology from E. Buchanan.

Mrs. Peter Trotter arrived here Saturday morning from Chicago, to spend a few days visiting with her mother, Mrs. Mary Sheehy, of Peck street. Mrs. Sheehy has been seriously ill for the past several days.

John Arola was arrested Friday evening at Gwinn by John Lehman for stealing \$15 from a friend, who was intoxicated at the time of the theft. Arola was sentenced to serve forty days at the county jail by Judge Sarasin.

The members of the Scandinavian Aid and Fellowship society and their families of Gwinn will celebrate Midsummer day with a basket picnic at the forks of the Escanaba river. The members of the league will march to the picnic grounds.

Ralph Koski, of Gwinn, has gone to Detroit, where he will take a position at an automobile factory. His brother, George Koski, who recently completed a course at the Ferris Institute at Big Rapids, has also gone to Detroit to work.

Miss Gertrude Saw, of the Hotel St. Charles, has left for her home in Negaunee. Miss Saw will not return to Iron Mountain another year—in the capacity of a teacher, but she will return at an early date as a bride.—Iron Mountain Press.

The Misses Agnes McAuliffe and Elizabeth Reddy, teachers in the Minneapolis schools, and Miss Anna McAuliffe, who is a nurse in a Minneapolis hospital, arrived home Saturday morning to spend their vacations visiting with their parents.

"The Serpent Sign," the fifteenth episode of "The Exploits of Elaine," will be the feature at the Star theater tonight. "The Vision of the Shepherd," a two-reel Selig picture, with Kathryn Williams in the leading role, and "Flirtations Lizzie," a Kalem comedy, will be the other pictures on the program.

A farewell party was tendered William Polto Saturday evening at the home of Johnson Glandville on Peck street. About twenty-five couples attended. The evening was enjoyed in playing games and dancing. Mr. Polto will be a member of the party of men who will leave tomorrow for Norway.

Oscar Dahlquist, who has been employed as foreman for Andrew Lindquist ever since the latter has been engaged in the contracting business here, will succeed Mr. Lindquist. Mr. Dahlquist is a first-class carpenter and through his

WE solicit your business. We are certain it will be valuable to us and we are no less certain it will be valuable to you. We are always glad to consult and advise with those who do business with us and who contemplate placing business in our hands. All matters entrusted to us are held strictly confidential. Three per cent. paid on savings.

# COKE

## \$5 PER TON

During June, July and August we will deliver Coke for \$5 a ton.  
We wish to save our customers the cost of storing.  
We can do this only by delivery as we crush it.

Kindly order early.  
**MARQUETTE COUNTY GAS & ELEC. CO.**

association with Mr. Lindquist has become well-known in the city. Mr. Lindquist expects to leave with his family for Chicago about July 1.

Judge William Vanlan has completed the taking of the school census. Yesterday he said that there has been a pronounced falling off in the number of children of school age in the city compared with last year. This is due to the removal of several large families from the city. Judge Vanlan found that most of those who had left the city were Finns, who have taken up farms near Maple Ridge. The lack of employment has been the cause of the movement to the farming settlements.

E. A. Miller, principal of the high school, left last evening for Madison, Wis., where he will take a course during the summer vacation. Mr. Miller asks the members of the senior class who still have money for the class annuals to purchase more copies of Chamberlain's Tablets that a few days' treatment convinced me that they were just what I needed. I continued to use them for several weeks and they cured me." For sale by All Dealers.

Pennsylvania railway system yearly buys \$100,000,000 worth of materials and supplies. Mrs. M. B. Knoblauch has spent over \$100 in lighting health board order to amuse her dog in New York. Britain has 1,000,000 income taxpayers.

Paul Bell has returned from Ann Arbor, where he is a student at the University of Michigan.

Walter Willman and John Gaffney arranged to give a general housework. Apply Mrs. C. V. T. at home, Negaunee, 6-16-15.

# NEW BUILDING IS ACCEPTED

### State Board of Education Saturday Placed Its O. K. on Administration Structure at Normal Goup Which Has Been Under Erection a Year Past.

### Was First Used for Formal Program at Baccalaureate Exercises Yesterday When President Kaye Was the Speaker—Principal McClintock Is Offered a Position.

The administration building of the Northern State Normal, the finest educational structure in the upper peninsula and one whose erection completes the original plan for the Normal, was formally accepted Saturday by E. L. Keeler, state superintendent of public instruction, Frank Cody, of Detroit, and W. J. McKone, of Alton, on behalf of the state of Michigan. This action was taken after a thorough inspection of the structure, during which the visitors commented in most favorable terms on the excellence of the plan and of the work that had been done by the contractor.

The building has been in course of erection for over a year. Its completion gives the Northern Normal facilities adequate in every manner for a student body largely in excess of the one now in attendance, and a plant excellent in size by any of the kind in the country. It is beautifully located and the development of the campus, with which rapid progress has been made the past few years, will soon make the institution one of the most attractive, from the standpoint of architectural beauty in fitting environment, to be found anywhere in the state.

### Baccalaureate Yesterday.

The first formal program held in the auditorium of the new structure was the one given in connection with the baccalaureate address to the Class of 1915 yesterday afternoon. As was eminently fitting, the speaker was J. H. Kaye, the principal of the institution, who has watched with keen

interest the erection of the fine structure and who has spared no effort to make it one entirely adequate. Mr. Kaye delivered an earnest and thoughtful message to the graduates and undergraduates, and was heard in addition by several hundred townspeople. The main floor of the auditorium was well filled, it being estimated that 700 persons were present. This floor contains over 800 chairs and with the seating capacity in the balcony there are seats in the auditorium for over 1,200 persons. Even this does not exhaust the capacity of the great hall, and additional hundreds can be accommodated by putting in extra chairs.

The auditorium will be used for the second time this evening, when the annual class play will be presented. It will be "Midsummer Night's Dream," for which the students have been preparing in a conscientious manner, under the direction of Mrs. Rushmore, for the past several weeks. The cast is said to be an excellent one, and the performance, it is believed, will take a high place among the long list of Normal productions. The stage has been fitted out with all scenery necessary to put on plays in an adequate manner. It is well lighted and is provided with a handsome velvet curtain. "Midsummer Night's Dream" will be greeted by a large assemblage.

### Endorse Recommendations.

Mr. Kaye Saturday recommended to the board the granting of a year's leave of absence to Dr. T. C. Hebb, of the department of physics and chemistry, and the engaging of W. B. McClintock, principal of the Marquette high school, for the position of athletic coach and head of the department of manual training. Both these recommendations were approved by the members.

Dr. Hebb plans to spend the year of his leave pursuing advanced work in his specialty at Harvard.

Mr. McClintock is well equipped for the position offered him. Prior to coming to Marquette, he took charge of manual training in the high school he held a similar position at Benton Harbor, where he met with much success in coaching the athletic teams, which during the period of his work there figured in the state championships. Mr. McClintock's work in Marquette was so satisfactory that when the resignation of former Superintendent Gehrend caused a readjustment in the faculty he was made principal of the high school.

Mr. McClintock will doubtless meet with a large measure of success in tuning up Normal athletics. It is believed he will accept the appointment, and that the Marquette board of education will release him from his contract.

Today's weather: Fair.

# DRAWINGS OF SITES BEING PREPARED

### Board of Education Is to Make Careful Study of the New Building Plans.

The school board is going about the task of deciding where the new high school will be erected in a systematic manner. Charles Cummings has been asked to prepare drawings of all the sites that have been suggested, together with notations of the assessed value of the property embraced, and they will be placed before the trustees at a meeting that will be held this week. Ten or a dozen sites will be submitted in this manner, it is expected. Some of them are being urged by Marquette men and women who have interested themselves in the matter, and others are sites that the board has all along considered worthy of careful study as promising to meet the needs of the community.

One site near the present high school buildings that has been suggested is the property on Pine street directly opposite the present group. It comprises the Murray properties, the property of S. R. Rose, that owned by A. E. Palmer at the corner of Pine and Arch, the Rankin property and two or more other lots, all the property, in fact, between Ridge and Arch streets, back to the line of the land owned by the Episcopal church. This site, it is urged, would be greatly preferable to one on Ridge street adjoining the present group because it would permit of a better realization of the architectural values of the new building, while at the same time it would obviate the necessity of building a power plant. Heat for the new building could be provided, if it was erected there, by running the necessary steam pipes to it through a tunnel that could be built under Pine street.

While the board has the power to condemn any property that may be needed for the new school, in which event the money that would be paid would be fixed by a jury, it is hoped that it will not have to take legal steps to provide a site, but that it will be possible to make a satisfactory deal with the owners of any property that may be needed.

Meanwhile the trustees will visit a number of modern high schools with a view of further defining their ideas of what they desire to have embodied in the Marquette building. They are already thoroughly familiar with the high

school structures at Negaunee and Ishpeming, and James O'Reilly, one of the members, is planning a trip to Duluth and the Mesaba range to look over several buildings in those places. Other members will go to Iron Mountain to visit the high school recently built there and several other upper peninsula structures that have been endorsed by school men will be inspected.

The board hopes soon to be able to make real progress with disposing of the preliminaries for the projected work, and within a month it is expected that several important decisions will be made.

### 400 CARS ORDERED.

L. S. & I. Will Make Important Addition to Its Rolling Stock.

The L. S. & I. railroad has placed with the Cambria Steel company an order for 400 fifty-ton all-steel ore cars, delivery of which is expected not later than October. They will replace a lot of wooden cars that have worn out in the service, and will be used in hauling ore from the Ishpeming, Negaunee and Swanzy range mines to this port. The L. S. & I. company has something over 1,000 ore cars, and 1,500 cars for all purposes. While for the most part the new stock will replace worn-out cars, it will give the company a substantial increase in ore carrying cars, as perhaps 100 of the old cars will be fit for continued service.

### OLD RESIDENT PASSES.

### Mrs. Mary Jacobs Had Lived in Marquette Since 1865.

Mrs. Mary Jacobs, one of the oldest of the surviving pioneers, both in age and the date of her arrival in Marquette, passed away yesterday at the age of eighty-one years. Mrs. Jacobs came to Marquette in 1860, and had been continuously a resident of the city. Her husband died here some twenty years ago. Despite her advanced age Mrs. Jacobs had been in good health, and her last illness extended over a period of only a few weeks. The immediate family are a daughter, Miss Frances, and Arthur Jacobs, residing here, and A. B. Jacobs, of Duluth, who arrived in the city yesterday morning. The funeral will be held from the family home on Fourth street, near the corner of Washington, tomorrow afternoon at 3 o'clock, and Rev. P. P. Amstutz will be the officiating clergyman.

# ROSE'S QUARTER BACK ANNIVERSARY SALE

See Our Arcade Window Displays for Prices and Styles

## WE ANNOUNCE TODAY

### a Sale of Men's and Boys' fine clothes at a cut of --- 25% from regular prices ---

Included are Rogers, Peet & Co. suits — Adler Rochester suits — the best that money can buy — at one quarter off.

All through our great stock of fine clothing of this spring's models—the prices have been cut from 15 to 33% as an inducement to buyers, and you will see some extraordinary values at every turn — and a large assortment of styles and sizes to select from.

Abnormal weather during May made conditions extremely favorable, this season, for purchasing at unusually reduced prices — even from the best makers in the country — and we have secured for this Anniversary Sale of ours, a great number of their mid-summer models in fancy worsteds and chevots at greatly reduced prices. Had weather conditions been normal we would have had to pay from \$4 to \$5 more, per suit — at wholesale.

From Today until July 4th we give you a buying opportunity of selecting your suit from the best makes at a reduction of 15 to 33%.

This timely sale comes as a stroke of good fortune at a season when money is not as plentiful with many as they would like and—is an opportune event and distinct, from the viewpoint of extraordinary values, that has been even our privilege to offer in the past—

Sale Prices will continue until July 4th and are for Cash only—

### The Store of Quality

304-306 S. Front St.

In our Custom Order Department we offer now a price reduction of 20% all through the lines of Domestic and Imported suitings and top coatings.

### Theatrical

#### Marquette Opera House.

The Chin-Yuen-Lee troupe, one of whose remarkable feats is to cause a young woman associate to disappear in full view of the spectators, will be the vaudeville attraction at the Marquette Opera House the first half of this week, beginning this evening. The performers are Oriental magicians and illusionists, who amazed and mystified large crowds at the Ishpeming theater a week ago. The opera house picture program tonight will be made up of "His Captive," a Laemmle drama in two acts, and "His Only Pants," Nestor comedy. The latter features Billy Rhodes and Lee Moran. "Woman and Wine," a five-part photoplay starring Wm. Elliott, will be exhibited Thursday. Friday a feature attraction will be Edith Tabafero, in "The Young Romance," a five-act production. "Everywoman," the famed stage spectacle, is booked for Friday, July 2.

#### Delft Theater.

"Janet of the Chorus," a two-reel Vitagraph comedy, is the feature of the moving picture program at the Delft theater today. Norma Talmadge, S. Rankin Drew and Van Dyke Brooke appear in the principal roles. "The Girl on the Trestle," the current episode of the "Hazards of Helen" railroad series, will also be shown, as will this week's series of the Hearst-Selig News Pictorial. Tomorrow the Delft will exhibit a five-part Famous Players subject, "The Morals of Marcus," in which Marie Doro takes the lead. The producers of the play classify it as a "picturesque romantic comedy," which, the Moving Picture World comments, describes it accurately. "The Morals of Marcus" is an adaptation of the novel of the same name by William J. Locke, one of the most popular works of that noted author. Miss Doro has the role of Carlotta. The scenes are laid in Turkey and England.

#### SORENSEN SELLS GERANIUMS

At half price. Make your selection now, 5 and 10 cents. Beats any 10-cent store. 6-21-15

The rapidly increasing demand for Vandenboom's dairy products is due entirely to the excellent quality of the goods. 6-17-15

#### NOTICE TO CONTRACTORS.

Sealed proposals will be received by Dr. E. H. Campbell, Secretary, Board of Trustees, Newberry State Hospital, at Newberry, Mich., for the following buildings: One cottage, one choler, one nurses' home and an addition to the tubercular ward building. Proposals to be in the hands of the foreman secretary of the board on or before 12 o'clock of the 28th day of June, 1915. Plans, specifications and instructions can be seen at the Newberry State hospital and also at the offices of the architects. The right to reject any and all bids is reserved. CHARLTON & KUENZLI, Architects, Marquette, Mich., and Milwaukee, Wis. 6-14-15

The dollar sign was derived from the letters "U. S." in monogram.

### Society Brand Clothes

## For Your Summer Outfitting

If quality and reliable goods are of any account, you will be in safe hands if you come to our store. We are not trying to misrepresent anything by offering you goods below their real value.

Let this stick in your mind--when an article said to be worth a dollar is offered you at seventy cents, there is thirty cents in value missing somewhere.
