

GEORGIA MILITIA HOLDS CROWDS FROM GOVERNOR

ENRAGED AT COMMUTATION OF SENTENCE OF LEO M. FRANK TO LIFE IMPRISONMENT MOBS ATTACK SOLDIERS GUARDING SLATON

Despite Detailed Explanation of Executive for Saving Man Convicted of Murder of Mary Phagan, a Factory Girl, from the Gallows, Because He Is In Doubt of Jew's Guilt, Angry Throngs Storm the Home of the Governor.-Martial Law Is Declared in Half-Mile Radius Around House.

WIRE ENTANGLEMENTS ARE THROWN AROUND GROUNDS TO BALK RIOTERS

Atlanta, Ga., June 21.—With several hundred men and boys clamoring to get into the front gates of his country home on Peachtree road, which had been barricaded with barbed wire entanglements, and threatening to overpower twenty county policemen, armed with guns, Governor Slaton called out the militia late tonight for protection.

Upon the arrival of four companies of state guardsmen, which had been held under arms and rushed to the estate in automobiles, the governor proclaimed martial law in a district extending half a mile in front of his home, half a mile back and for a distance of about a quarter of a mile on either side.

MOB HURLS BRICKS AND STONES AT SOLDIERS.

When the soldiers lined up with fixed bayonets to disperse the crowd, stones, bricks and bottles were thrown at them. A brick struck Lieutenant Arnold Parker in the stomach and rendered him unconscious for a short time. A bottle, thrown at Private W. W. Poole, struck his gun and cut his hand. The commanding officer, Major Catron, was struck by a stone, as were several of the men.

The governor proclaimed martial law at exactly eleven o'clock and by midnight the crowd had virtually been dispersed. There was no firing.

TROUBLE FEARED AT STATE PRISON FARM.

A telephone message from Milledgeville, where the state prison farm is located, and where Leo M. Frank was taken today after Governor Slaton had commuted his death sentence to life imprisonment, said that trouble was feared there tonight and asked that the governor order out the Milledgeville company of militia. The governor told his informant that such a request would have to come from the sheriff of Baldwin county. At midnight the sheriff had not requested troops.

GOVERNOR AND FRIENDS ARMED WITH GUNS.

The governor was surrounded at his home by about a dozen friends, nearly every one of whom was armed with a rifle or pistol. The unexpected arrival of a member of the family at a dark corner of the front porch caused the governor himself to hastily pick up a large pistol.

In front of the governor's house were more than one hundred automobiles filled with persons evidently there to see what the crowd would do. The troops had great difficulty in clearing the road of these machines and many of their orders were met with the retort of "Shoot!"

Atlanta, Ga., June 21.—Leo M. Frank, whose death sentence for the murder of Mary Phagan was commuted to life imprisonment early today by Governor Slaton, began serving his term at the state prison farm in Milledgeville a few hours later. He will be known as "Convict No. 965."

Officials secretly took Frank by train and automobile from the Atlanta jail to Milledgeville and soon afterward Governor Slaton issued a long statement giving his reasons for commuting the sentence, which was to have been executed tomorrow.

Frank was delivered at the state prison at 4:30 o'clock this morning. When it became known in Atlanta streets he began to gather on downtown street corners. Within three hours their demonstrations had resulted in calling out two-thirds of the police force and an order followed closing all saloons and clubs in the city where liquor could be obtained.

POLICE HALT DEMONSTRATIONS.

About noon a crowd estimated at 2,500 gathered on the capitol grounds and listened to several speeches. Most of this throng later took charge of the hall of the house of representatives, where several speakers said they doubted Frank had been removed from Atlanta. A committee of five was selected to visit the jail. They reported that Frank was not there. Then Sheriff Mangum, who, with deputies, took the prisoner to Milledgeville, assured the crowd he had delivered Frank at the prison. The throng then marched to "Five Points," in the center of the business section, and later went to the city hall. As this had been the scene of a demonstration early in the day the police took stern measures. Soon the list of arrests had increased to ten, all charged with failure to "move on."

Mounted officers rode in circles in the crowd and the demonstrators gradually dispersed. Early tonight the throngs on the streets appeared quiet.

GOVERNOR HANGED IN EFFIGY.

At Marietta, twenty miles away, the former home of Mary Phagan, Governor Slaton was hanged in effigy. An inscription on the dummy read: "John Slaton, Georgia's traitor-governor."

The governor went fully into details

in his 15,000-word statement why he commuted the sentence. He said his decision "may mean that I must live in obscurity the rest of my days, but I would rather be plowing in a field than to feel for the rest of my life that I had that man's blood on my hands."

At the prison today Frank had regained the outward calm that had marked his two-year fight for life. He again protested his innocence, expressed gratitude to Governor Slaton, and said that he had intuitively believed he would get a commutation of sentence.

CONVICTS AT JOLIET INCENSED AT SUSPECTS

Stern Steps Taken to Prevent Outbreaks Because of the Murder of the Warden's Wife.

Joliet, Ill., June 21.—To avoid a repetition of the demonstration by 1,000 convicts against Joe Campbell and Walter Edwards, negro convicts suspected of murdering the wife of Edmund Alford, warden of the state penitentiary here, each convict was locked in his cell tonight and special pains were taken to prevent any outbreak. Even the trustees were locked up—the first time in the history of the prison—and all privileges to any inmates have been suspended.

In spite of the watchfulness of the day guards the convicts rose in the main dining hall while at mid-day dinner and shouted threats against Campbell, then the only suspect. One hundred guards rushed the convicts and, with clubs quieted the uproar.

Inmates Are Incensed. Tonight there is suppressed excitement in the prison and old guards said the whisper had gone from cell to cell by the noiseless underground prison system of communication to punish the negroes whose alleged crime jeopardized the honor system which has been in operation at the prison and had stopped, temporarily at least, all privileges which had been extended as rewards of merit.

The coroner's inquest into the death of Mrs. Allen, a former light opera singer, whose charred body was found yesterday morning after a fire had destroyed the bed in which she slept in the warden's apartments in the prison, occupied most of the day and will be continued tomorrow.

Suspects Chained After Crime. Captain P. D. Clarkson, a guard, testified that Campbell, a house servant, and Edwards, a trusty who served as their waiter, had both changed clothes immediately after the fire. Campbell

after a long questioning in the solitary cell where he is confined, admitted this. Michael Kane, a guard, also testified he had come upon Campbell dressing in an ante room of Mrs. Allen's apartments right after the body had been found. Miss Anna Emery, housekeeper, testified that the alcohol jug, fragments of which were found in the ruins of Mrs. Allen's bed, had been kept in a closet in an adjoining linen room. Both Campbell and Edwards had access to the linen room she said.

M. P. Evans, of the Chicago police, has obtained finger prints from the warden and from Campbell and Edwards and will probably testify before the coroner's jury tomorrow.

Chicago, June 21.—Miss Grace Stewart Potter, concert pianist, protégée of Mrs. George M. Pullman, who vanished a week ago Sunday morning, and who the police feared might have been drowned, walked into the home of Mrs. Scott Durand in Lake Bluff tonight.

A maid in the Durand home telephoned the suburban police that Miss Potter was "all right," asked that her friends be notified, and then gave orders that the Durand telephone was not to be called. Mrs. Pullman, after talking with the Durand home, said Miss Potter had been taken to a sanitarium, but added that she was not ill and had suffered no injury.

"She is all right," said Mrs. Pullman, who declined to say where the young woman had been during the week she had been sought by police and private detectives who have been employed by Mrs. Pullman. "Everything will be explained in time," she said.

HENRY SIEGEL STARTS SERVING HIS SENTENCE

Former New York Department Store Head Says He Will Pay All Creditors.

Groesbeck, N. Y., June 21.—Henry Siegel, banker, and former owner of department stores in New York, convicted last November of a misdemeanor and sentenced to ten months imprisonment

ment and fined \$1,000 unless he made restitution to his creditors, started for Rochester today to enter the Monroe county penitentiary to begin his sentence. At his hearing before Justice Clark this morning Siegel waived stay of execution of sentence. Siegel's decision to accept sentence was reached, it is said, when he and his counsel became convinced that his offer to make immediate payment of \$150,000 to the depositors would be opposed by the prosecution in view of the fact that it was not satisfactory to a majority of the stockholders. Siegel said after the court proceedings that ever since the trial last fall he had made diligent efforts to raise funds and engage in business, but that "hard times" had been against him. He declared that after he had served his sentence he was determined to re-engage in business and pay all his creditors in full.

RAILROADS ARE ORDERED TO DROP COAL HOLDINGS

Supreme Court Decision a Sweeping Victory for Government—Is Far-Reaching.

Washington, June 21.—In a far-reaching decision which grows with victory the government's fight to compel the railroads to disassociate themselves from their coal companies the supreme court today ordered that the Lackawanna railroad be enjoined from transporting coal of the Lackawanna Coal company under the so-called 1909 contract and reversed a decision of the lower court, which was against the government. The decision was hailed by government officials as a great victory, likely to have an important bearing on the fight which has been waged for years to break up the so-called "hard coal trust."

Attorneys conversant with interstate commerce affairs wondered, too, whether the decision would affect the interstate commerce commission's ruling on various phases of the anthracite coal business under investigation for months by that body.

OFFICIALS SEE HOPE OF PEACE IN MEXICO SOON

Washington, June 21.—The unexpected arrival in the United States of General Felipe Angeles, who has been General Villa's principal military expert in the Mexican Constitutional movement, and persistent reports, despite denials, of friction between General Carranza and his field leader, Obregon, have given rise to speculation here as to whether certain elements in the contending factions are about to inaugurate a definite movement to bring about peace in Mexico, as urged by President Wilson.

General Angeles, passing through Chicago today, enroute to Boston, where he will visit his family, denied there had been any break between himself and Villa. This was asserted also by representatives of General Villa in Washington. Villa's spokesmen intimated that Angeles had been commissioned to discuss peace plans with the Washington government and that some of the leading supporters of General Carranza, including Obregon and members of the Carranza cabinet, whose resignations have been accepted, were cognizant of efforts to be made for a solution of Mexican difficulties.

BRITAIN WARNS SUBJECTS.

Of particular interest was an warning issued to British subjects by Sir Edward Grey, secretary for foreign affairs, against visiting Mexico unless absolutely obliged to do so. A few hours before news of the British warning reached the United States, advice reached the state department from Mazatlan, on the western coast of Mexico, that Yaqui Indians had raided the town of Mochis, and killed John Jamiston, a British subject.

U. S. CONCERNED OVER YAQUI.

Washington officials still viewed the Yaqui uprising and perils of foreigners in the Yaqui valley with considerable concern and were awaiting reports from Rear Admiral Howard, who arrived at Guaymas yesterday on his flagship Colorado, to afford protection to foreigners in the valley.

Late today reports reached the state department of the defeat of Mexican troops sent by Governor Maytorena of Sonora to curb the uprising. American Consul Simpich, at Nogales, reported that Maytorena's troops had been attacked by the Indians and driven back. From the text of the message, however, it was believed here that only a small force was engaged and that the main body of eight hundred or more men sent by Maytorena had not reached the scene.

CAN'T BAR NEGRO FROM THE POLLS IS COURT RULING

Probably Most Important Race Decision in the History of Country Handed Down by Supreme Tribunal, Invalidating "Grandfather Clause" in the South.

Oklahoma and Maryland Laws Violate Privileges Guaranteed by Federal Government Decision Shows—Right to Vote Cannot Be Abridged Because of Color.

Washington, June 21.—In probably one of the most important race decisions in its history the supreme court today annulled, as unconstitutional, the Oklahoma constitutional amendment and the Annapolis, Md., voters' qualification law restricting the suffrage rights of those who could not vote or whose ancestors could not vote prior to the ratification of the fifteenth amendment to the federal constitution.

Chief Justice White, a native of the South, and a former Confederate soldier, announced the court's decision, which was unanimous. By holding that conditions that existed before the fifteenth amendment, which provides that the right to vote shall not be denied or abridged on account of race, color or previous condition of servitude, could not be brought over to the present day in disregard of this self-executing amendment, it is generally believed that the court went a long way toward invalidating much of the so-called "grandfather clause" legislation of southern states.

NEGROES AWARDED DAMAGES.

The immediate effect of the court's decision was to uphold the conviction of two Oklahoma election officials, who denied negroes the right to vote in a congressional election, and to award three Maryland negroes damages from election officials in Annapolis, who refused to register them. The court held that these election officials could not ignore the potency of the fifteenth amendment in wiping out of state constitutions the word "white" as a qualification for voting. In the Maryland case the court's decision established the point that the fifteenth amendment applies alike to municipal as well as to federal elections.

SOUTH USED CLAUSE 15 YEARS.

For more than fifteen years the "grandfather clause" has been inserted in constitutions of southern states. The most popular form has been to exempt from educational and property tests for voting those who could vote in 1865, 1867 or 1868, thus leaving the tests to apply to those who did not vote in those years.

The Oklahoma grandfather clause provides "that no person shall be registered as an elector in this state, or be allowed to vote in any election herein, unless he be able to read and write any section of the constitution of the state of Oklahoma, but no person who was, on Jan. 1, 1866, or at any time prior thereto, entitled to vote under any form of government, or who at that time resided in some foreign nation, and no lineal descendant of such person, shall be denied the right to register and vote because of his inability to so read and write sections of such constitution."

MANY ARGUMENTS PUT FORTH.

In Maryland the clause was inserted in laws governing elections in various cities. In 1908, it was inserted in the law governing municipal elections in the city of Annapolis. It authorized the registration as voters of all taxpayers of the city assessed for at least \$500; all duly naturalized citizens, all male children of naturalized citizens twenty-one years of age, and "all citizens, who, prior to Jan. 1, 1868, were entitled to vote in the state of Maryland or any other state of the United States at a state election, and the lawful male descendants of any person, who, prior to Jan. 1, 1868, were entitled to vote in the state of Maryland or in any other state of the United States at a state election."

Various arguments were advanced to meet the attack that these clauses violated the fifteenth amendment to the constitution providing that "the right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of race, color or previous condition of servitude." Another line of argument was that the clauses did not "deny" or "abridge" the right of negroes to vote, as forbidden by the fifteenth amendment, but it

merely discriminated against them by allowing those not negroes to vote without meeting the qualifications imposed ostensibly upon all.

PREDICTS WAR WILL COST FRANCE \$15,000 A MINUTE

Budget Reporter of Chamber of Deputies Says Credits So Far Total \$3,123,000,000.

Paris, June 1, 9:40 p. m.—The total amount of credits voted since the beginning of the war exceeds 15,015,000,000 francs (\$3,123,000,000), according to a statement by Albert Meunier, general budget reporter of the chamber of deputies. If the war continues, he said, the time is not far off when the country will spend 3,000,000 francs (\$600,000) an hour or 50,000 francs (\$10,000) a minute.

London, June 21, 10:10 p. m.—The house of commons adjourned tonight after unanimously giving a first reading to the bill providing the new chancellor of the exchequer, Reginald McKenna, with a blank check which may amount, at a maximum, to £1,000,000,000 (\$5,000,000,000).

The vote of credit for £250,000,000 (\$1,250,000,000) passed last week by the house simply authorized the government to spend that much for war purposes, but did not provide for the manner in which this sum should be raised. Tonight's enactment would authorize the government to raise not only the £250,000,000,000 deemed necessary to pay the cost of the war at the rate of £3,000,000 sterling daily for a limited period, but as much more as may be needed.

The new loan, which, as now provided for, is of an indefinite amount, will be issued at par, will bear interest at the rate of 4 1/2 per cent and will be redeemed at the option of the government between 1925 and 1945.

SAYS ANCHOR LINER HAD NARROW ESCAPE FROM A SUBMARINE

London, June 21.—The Anchor line steamer Cameronia, under charter to the Cunard line, had a narrow escape from a submarine in the Irish sea on her voyage from New York to Liverpool, according to Peter Fletcher, of New York, one of the cabin passengers. The Cameronia arrived in Liverpool Sunday. Mr. Fletcher says that during the run through the Irish sea a submarine came out of the water showing the top of her conning tower. To save the Cameronia the submarine, which dived. After passing the spot where the underwater boat went down without finding any evidence that the steamer had collided with it the captain changed the course of his vessel and got away safely.

The Cameronia sailed from New York June 11. She had on board about forty first-class passengers and a large number of persons in the second cabin.

TIME IS NOT RIPE TO TRY FOR PEACE IS BELIEF OF POPE

Paris, June 1, 4:40 p. m.—La Liberté publishes today an interview with Pope Benedict, signed by Louis Latapie, a prominent member of the staff, who was sent to Rome for the purpose of ascertaining the pope's view on the European war. Pope Benedict is quoted as expressing horror at some of the developments of the war, but in the main the words of the pope had to do with peace. "Does Your Holiness expect to take any initiative to promote peace?" he was asked. The pope replied: "The hour does not seem to me to have come. I should not act save with the fullest knowledge that I seek from the moral authority which I hold of God and which I must employ to bring peace again among men. But I shall seek the opportunity. I shall seize the first hand outstretched."

ITALIAN BOOTY WORTH MILLIONS OF FRANCS

Paris, June 21, 11:10 p. m.—The booty taken by the Italians in the capture of Monfalcone is worth several hundred millions of francs, according to a special dispatch received here from Rome. Included in the booty are two superdreadnoughts and one cruiser under construction, eleven merchant steamers, twenty-four sailing ships, thirty auto boats, five aeroplanes and a large stock of torpedoes, mines and ammunition and three cannon.

DE WET FOUND GUILTY OF TREASON CHARGE

Bloemfontein, Union of South Africa, via London, June 21, 5:25 p. m.—General Christian de Wet, one of the leaders of the South African rebellion against the British government, was today found guilty of treason on eight counts. Sentence was deferred until tomorrow.

BRITISH AVIATOR KILLED IN MAKING TRIAL FLIGHT

London, June 21.—Major Harry T. Lumsden, of the royal army flying corps, was killed this afternoon while flying over the Brooklands aviation course. Major Lumsden was making a flight as a passenger on a trial test. The injuries of the pilot were not serious.

ITALIANS ARREST UNPatriotic MONKS

Brescia, Italy, June 21, 12:30 p. m.—via Paris, June 21, 6:30 p. m.—The military authorities have arrested fifteen monks in a monastery near here. They are accused of maintaining unpatriotic relations with Austria.

TEUTONIC DRIVE IN EAST GALICIA NOT YET HALTED

Rawa Ruska Falls Into Hands of General von Mackensen, Whose Troops, It Is Reported, Are Only Nine Miles from Lemberg—Russians' North Retreat Cut Off.

Further French Advances in the West, Capture of Trenches and Occupation of Important Town in the Vosges Claimed by Paris—Italian Failures Are Told Of.

London, June 21.—Rawa Ruska, according to a Berlin official report, is the latest Russian position in Galicia to fall into the hands of the Austro-Germans, and, as the Teutons also are reported to be fighting east of this town, the investment of Lemberg must be so nearly complete that the Russians either must withdraw from the Galician capital or leave a portion of their forces there to be besieged.

The German general, von Mackensen, is reported to have seized the railway connecting Rawa Ruska with Lemberg, thus cutting off the retreat northward of the Russians. According to the latest news from the Austrian headquarters, the Teutonic allies are now within nine miles of the limits of Lemberg.

FRENCH ADVANCE CONTINUES.

In the west Paris continues to report French advances, especially in the region of Arras. Here, it is asserted, progress has been made in the direction of Souchez and the capture of several trenches has brought the attackers near the northwest of the village. Further progress also is reported in the Lorraine district and in the Vosges. In the latter region the French claim to have made an advance beyond the cemetery at Metzlar, the loss of which town is now officially admitted by Berlin.

LINE BENT AT ONE POINT.

At one point the French line was bent under a heavy bombardment in which asphyxiating projectiles were used. This was on the western border of the Argonne and two companies of Frenchmen were buried in the overturned trenches during the bombardment. Paris declares, however, that a counter attack enabled to French troops to regain all the most important positions.

Progress on the heights of the Meuse in Lorraine and in Alsace is claimed by Paris and all the ground taken recently in the sector north of Arras is declared still to be held by the French, despite the heavy artillery bombardment and local infantry attacks.

Replies of the Italians near Preva and in the district northwest of Kerm are reported by Vienna, which also tells of bombardments by Austrian warships of Monopole, Bari and Brindisi.

An official Turkish report indicates that there has been considerable activity in the Dardanelles with an allied battleship again battering away at the forts of Seddul Bahr.

SUPREME COURT WILL TAKE UNDER REVIEW CAMINETTI-DIGGS CASE

Washington, June 21.—Reversing its own action of a week ago the supreme court today decided to review the conviction of Maury L. Diggs, found guilty with Caminetti in the sensational cases which attracted countrywide attention two years ago. The cases will be the first in which the supreme court has reviewed a white slave law prosecution where it was contended that the law did not apply to prosecutions which failed to show evidence of elements of commercialized vice.

TIGERS DEFEAT GIANTS; MATHEWSON NO PUZZLE FOR PREMIER TY COBB

Toledo, O., June 21.—A ninth inning batting rally gave an exhibition game between the New York Nationals and the Detroit American league team to Detroit by a score of 4 to 3 here today. Thirteen thousand employees of a local automobile concern saw the game. Cobb proved the star, getting two hits out of three times up and scoring the tying run, besides running wild on the paths. Cobb faced Mathewson for the first time in his life. He singled, past second on the first ball pitched, then stole second standing up. The New York veteran only smiled. Richmond, Va., Confederate Memorial Institute is now open to the public.

Copper Country

HAIL STORM FOLLOWS MANY DAYS OF RAIN

Plague Brought on the Copper Country as if Someone Were Emulating Pharaoh.

Copper country folk versed in Biblical lore are convinced that someone has been emulating Pharaoh of the Exodus and has brought down a plague upon the district. It is a plague of rain.

For the last three weeks the rain has been almost continuous. It spoiled the Templar convalescence to a great extent, it spoiled Houghton's "Trade-at-Home" week, it has almost ruined the farmers of the district, and no relief is in sight.

Sunday was a reasonable dry day, though not warm enough to justify the calendar in calling it the twentieth of June. But the rain came on again Sunday night. It eased off yesterday morning, but at 1 o'clock it came on again, horse, foot and dragons and particularly artillery.

The big guns of the heavens boomed most fearfully, and they must have been loaded with canister, because the hail that ensued was one of the most terrifying exhibitions of that form of precipitation ever seen in this latitude.

The hail stones were as large as peas, which is large for hail stone, though various people have said they were as large as walnuts.

Weather Observer Cowdick has no explanation to offer for the long-continued rains, nor any immediate hope of a dry spell.

Yesterday was the first day of summer. In Chile, maybe, but not here.

VILLAGE INCOME NOT CUT.

Financial Record Prints an Erroneous Statement About Houghton.

The Michigan Manufacturer & Financial Record, a weekly publication devoted to industrial and financial matters throughout the state, the current issue of which was received yesterday, contains an erroneous statement about Houghton.

The statement is to the effect that the board of review at its recent annual meeting so seriously reduced Houghton's valuations that the income of the village for 1915 is reduced by the sum of \$12,000 and, in consequence, a large amount of contemplated public improvements has had to be abandoned.

The statement was brought to the attention of Mayor Hartman, and he not only denied it but offered figures to show that the income of the village has increased about \$600.

The total tax roll of the village this year is \$3,863,925, an increase of \$33,312.29. At the rate of 1 1/2 per cent. the increase is, roughly, \$600. This increase is on personal property wholly, the general taxpayer not suffering by it at all.

The speakers will be Hon. David S. Rose, former mayor of Milwaukee; Hon. Daniel Day, vice president of the American City Bureau of New York; Rev. Father James Miller, pastor of St. Francis' church, Dollar Bay; Hon. George C. Bentley, Houghton county judge of probate; James MacNaughton, general manager of the Calumet & Hecla, and subsidiary mining companies; John A. Doelle, superintendent of the Houghton and Portage township schools; Hon. W. Frank James, congressman for the upper peninsula; Hon. Alton T. Roberts of Marquette, state senator. Concert entertainment is to be provided by the Calumet & Hecla orchestra; Harry E. King, trombone soloist; Francis Carrier, tenor; John Hartman, diatonician.

The club has received two hundred acceptances to the invitation to dinner so that the gathering is to be a notable one, comprising the leaders in mining and in industrial business and the professions of the copper country.

ANNUAL REUNION SONS OF ST. GEORGE

Houghton's Biggest Gathering of the Summer Scheduled for the Week of July 11.

The Templar convalescence has gone into history, the "Trade-at-Home" week excitement is over and now Houghton is looking forward to the largest of the gatherings scheduled for the summer. This is to be the annual meeting of the grand lodge of the Sons of St. George of Michigan.

The general committee of General Biller lodge of Houghton and Duke of Wellington lodge of Trimountain, when lodges jointly are to be the hosts for the coming visitors, will meet this week to complete the arrangements, but plans are now so far advanced that it is possible to give a comprehensive outline.

The meeting of the grand lodge opens July 14 in the Old Fellows' temple, and the sessions will continue three days. This brings the meeting up to Saturday, the big day of the reunion. The grand lodge sessions will be the occasion of the presence of a large number of the Sons of St. George in Houghton, particularly the delegations from the lower peninsula, which will want to put in the entire period in the copper country.

The big attendance will be on Saturday, reunion day. That day the parade will be given, and in it there will be at least ten brass bands and twelve lodges. The committee has not as yet announced the route of the parade, but it probably will include Hancock.

There are to be fine entertainment features during the reunion. The opening feature will be a concert at the Amphidrome the evening of July 13. Those participating will include many of the most talented musicians, both vocal and instrumental, in the copper country. The general committee also has arranged for the appearance during the four days of three high-class vaudeville acts, which will perform on the streets, or on specially prepared platforms. This entertainment will be free to all.

For the Saturday reunion the big delegations will be from the lodges of the copper and iron countries. It is expected that the full membership of each of these lodges will be present, each with a brass band. All of the lodges will wear distinctive uniforms.

Commercial Club Banquet Tonight.

The second annual banquet of the Copper Country Commercial club is to take place tonight at the Amphidrome. The dinner will be served promptly at 6 o'clock. It will be in charge of the women of the Presbyterian church. There is no necessity of advertising to the menu. The fact that some of the most artistic cooks in Houghton have prepared it is assurance the wants of the inner man will be well served.

The speakers will be Hon. David S. Rose, former mayor of Milwaukee; Hon. Daniel Day, vice president of the American City Bureau of New York; Rev. Father James Miller, pastor of St. Francis' church, Dollar Bay; Hon. George C. Bentley, Houghton county judge of probate; James MacNaughton, general manager of the Calumet & Hecla, and subsidiary mining companies; John A. Doelle, superintendent of the Houghton and Portage township schools; Hon. W. Frank James, congressman for the upper peninsula; Hon. Alton T. Roberts of Marquette, state senator. Concert entertainment is to be provided by the Calumet & Hecla orchestra; Harry E. King, trombone soloist; Francis Carrier, tenor; John Hartman, diatonician.

The club has received two hundred acceptances to the invitation to dinner so that the gathering is to be a notable one, comprising the leaders in mining and in industrial business and the professions of the copper country.

Development Bureau Meeting.

Colonel Mott, secretary-manager of the Upper Peninsula Development bureau, yesterday forwarded to Houghton the draft of the program for the annual meeting of that organization, which is to take place in Houghton July 1. The program follows:

Invocation—Rev. William Reid Cross. Selection—Imperial quartette. Address of Welcome—John S. Black of Houghton, president of the Copper Country Commercial club.

Reply—Thornton A. Green, of Ontonagon, president of the Development bureau.

Pomona Grange Gathering.

The first annual gathering of the Houghton County Pomona Grange, the central organization of the Granges of the county, is to take place next Friday afternoon at the Amphidrome. It promises to be an important gathering of the most progressive farmers of the

region. Leo M. Geismar, county president, announces the following program for the occasion:

Piano and Violin solo, "Spanish Serenade"—Mary and Roy Kendall. Address, "Grange Legislation"—Hon. A. D. Edwards. Vocal solo, "Shadow Time"—Miss Anna Teefey.

Address, "The Mission of the Grange"—Mrs. Dora H. Stockman, lecturer of the state Grange. Piano solo, "Love Song"—Miss Marion Lietz. Recitation, Selected—Miss Olive Benson.

Vocal solo, Selected—Miss Charity Warrington. Remarks, "Reward of Efficiency"—John T. Stone. Address, "The School and the Grange"—John A. Doelle. Piano duet, "Serenade"—Angust and Nalacha Brady.

IN THE CIRCUIT COURT.

Mrs. Sanna Kusisto Wants Possession of Her Son—Lahna Case Note.

Judge O'Brien yesterday announced the postponement till August of the hearing of a petition by Mrs. Sanna Kusisto of Centennial, begun Saturday, for the possession of her twelve-year-old son. Mrs. Kusisto is the woman who killed her husband in 1913 and was released as cured from Ionia hospital for the insane, she having been committed there on proof that her act was that of an insane person. Her boy was given into the care of J. A. Johnson of Centennial, and now she wants him back. Johnson is fighting the petition, because he took the boy with the expectation that he would be a help to the family within a few years.

Judge O'Brien also has given an order directing that the county pay the expense of transcribing the testimony in the Lahna murder case, for purposes of appeal, Lahna being without means. Lahna is serving a life sentence at Marquette on conviction of the murder of his father.

WATCHMAN FOR FLORIDA.

Calumet Township Board Heeds Plea Registered Long Ago.

Something like a month ago, the people of the Florida location, a populous settlement adjoining the village of Laurium, asked the Calumet township board to appoint a special watchman for night police work at Florida. The residents protested that the location was infested with a type of boater with no respect for anything or anyone.

The township board found this a difficult situation, for some reason or other, and passed it back to the county supervisors. The supervisors could not see where it had the authority to act and passed it back to the township. Yesterday morning that board named Ed Gilbert a special officer for Florida, and the incident is closed, excepting insofar as the disturbers of the peace of the location are concerned. If conditions are as bad as the Florida residents claimed them to be, the Calumet justices should find Officer Gilbert a good source of business.

HANCOCK SCHOOL ELECTION.

Three members are to be elected to the Hancock board of education at the annual school election, which takes place July 12, the second Monday of that month. The terms of Messrs. Reid and Roberts expire. A successor of the late Jacob Raip is also to be chosen. So far little interest has been shown. The members whose terms expire are willing to succeed themselves, but will refuse to conduct an active campaign.

It is understood they will not be opposed. President Henry L. Baer, Con T. Harrington and Martin R. Goldsworthy election commissioners. The ballotting will take place in the high school.

EAGLE DELEGATES RETURN.

Ed Cuff and Con Keough of Hancock got back Sunday from Port Huron, where they attended the state convention of Eagles. Both men were elected to office. Mr. Cuff being named a state trustee and Mr. Keough deputy grand president. While Messrs. Cuff and Keough would have liked to see Escanaba win the 1916 meeting, they are satisfied that Jackson was awarded the convention.

W. C. DOUGLASS A DIRECTOR.

W. Corbin Douglass of Houghton has been elected a member of the board of directors of the Detroit & Northern Michigan Building & Loan association. He succeeds the late W. B. Hoar. The late Frank A. Douglass, father of the newly elected director, was one of the organizers of the association and served on the board for fifteen years.

TO VISIT MAYO HOSPITAL.

Dr. G. A. Conrad, health officer of Houghton, left Sunday for Rochester, Minn., to visit the Dr. Mayo at their celebrated hospital. Mrs. Conrad accompanied him as far as Duluth where she will visit friends during his stay at Rochester.

For Manly Men

We have purposely made up a tobacco to appeal to the strong, vigorous man who wants full flavor and fragrance combined with natural sweetness in his smoke or chew. This tobacco is PEERLESS. It was put on the market fifty years ago especially to satisfy the tobacco hungry man. It has filled the bill.

Firemen, policemen, out-of-doors men, two-fisted men in general, all say PEERLESS satisfies. Once they start using PEERLESS they cannot get the same satisfaction out of any other brand.

PEERLESS Long Cut Tobacco

has character to it. That's why it appeals to and pleases these men of sturdy character.

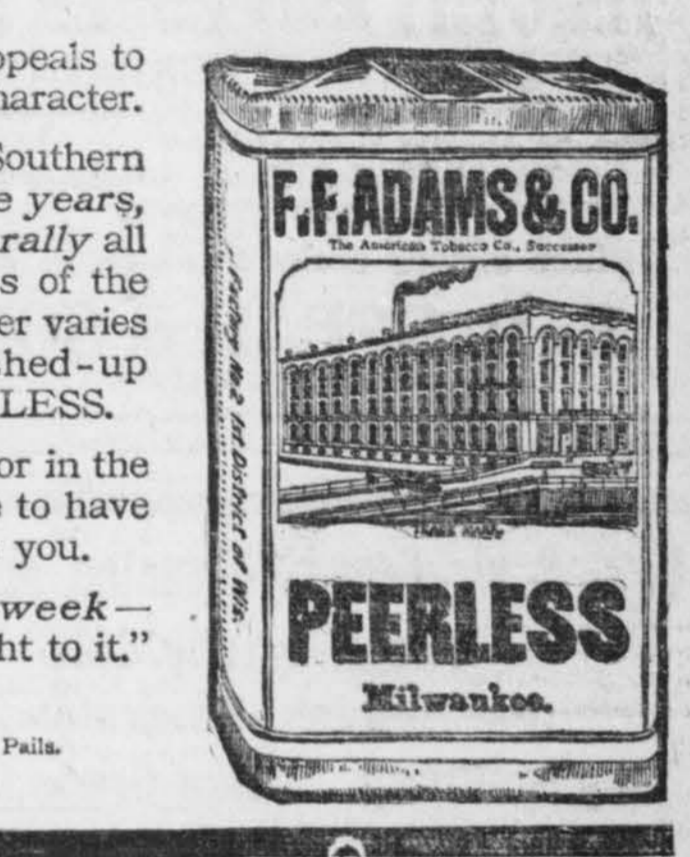

PEERLESS is made from pure Southern Kentucky leaf, aged for three to five years, so as to bring out slowly and naturally all the juicy mellowness and richness of the tobacco. That's why its quality never varies—and that's why hurried-up, hashed-up tobaccos can't compare with PEERLESS.

In the strenuous hours of work or in the pleasant hours of relaxation, be sure to have some of this wonderful tobacco with you.

Just try PEERLESS for a week—"Smoke it or chew it—but go straight to it." Sold everywhere in 5c packages.

Other sizes, 10c, 20c and 40c Packages, and 45c Tin Packs.

PREPARING FOR TAG DAY. Mrs. Donaldson of Good Will Farm Finds Interest is Alive.

Good Will Farm will hold its annual tag day in Houghton county next Saturday, with an overflow into Ontonagon, several women of that village having agreed to sell tags for the benefit of the institution that day also.

Mrs. Donaldson, superintendent of the farm, says that the interest in the welfare of the homeless children is lively and that enthusiastic volunteer committees have agreed to dispose of tags in Chassel, Dollar Bay, Lake Linden, Hubbell, Laurium, Red Jacket, Calumet, Hancock and Houghton.

This is the only general appeal made annually to the public by the institution. The plan is familiar. The committees will offer tag badges for sale and any amount of money, no matter how small, will be accepted.

HANCOCK'S FOURTH OF JULY. Attorney Shields of Detroit, Hancock Native, to Be Speaker.

Mayor Abram Ojala yesterday received from Attorney John Shields of Detroit, son of John C. Shields of Hancock, a telegram accepting the invitation to make the Fourth of July address in Hancock. Attorney Shields is a former Hancock young man, a graduate from the public schools and the University of Michigan. The committee is satisfied the public will hear an oration that will not lack enthusiasm and patriotism. Mr. Shields feels honored in being asked to make the address in his home city and the committee is elated in being able to select for this occasion a former Hancock boy who has gone out into the world and made good.

The day's program will be made up of a morning parade, exercises at Marquette Park, races in the afternoon and a band concert in the evening. Ice cream will be furnished free to the children.

REMEMBER DECEASED FIREMEN. Hancock Chief and a Committee Mark Graves of Dead Associates.

Paul H. Exley, chief, and a number of the Hancock firemen visited the city's two cemeteries last Sunday to place markers on the graves of members of the department. The committee will visit the Houghton cemetery next Sunday for a similar purpose, several Hancock firemen being buried in Forest Hill. This is the first year that these markers have been placed. It is proposed to make the duty an annual custom.

The marker is an aluminum square, bearing the letters H. F. D. together with a small American flag and a ladder and helmet on a plate attached to the marker. The use of the markers is in vogue in practically every city in the country. While heretofore the Hancock firemen have not had a memorial service, the plan will be instituted next year.

Every member of the Hancock department has arranged to attend the upper peninsula tournament at Manistee. Special importance is attached to this year's meeting from a Hancock point of view, because Chief Exley will be elected president of the association.

**DETROIT**—Details of another gigantic plant fathered by Henry Ford, automobile manufacturer, have become known here. The motor magnate has secured options on large tracts of land on both sides of the River Rouge, north of the village of Oakwood, comprising over 1,000 acres. On the broad plain there, Ford expects to erect a vast plant in which he will manufacture a tractor engine for farm use. It will be cheaper than horses, and far more efficient. Two of these tractor engines have been tested on Ford's farm, it is said, and have proved successful. They pull wide gang plows, barrows or any other device used in tilling fields of investing crops. Ford's plans also have been extended to the erection of an

**JACKSON**—David A. Will, aged 18, son of Mr. and Mrs. A. W. Will, was drowned when a motor boat in which he was riding on the mill-pond at Michigan Center struck a sunken snag, tearing a hole in the bottom of the boat. Young Will was in company with his brother, Duval, Paul Dreyck and a young woman named Boyce. The accident occurred in the extreme east end of the lake in comparatively shallow water. There are a large number of stumps in this part of the lake. Young Will swam for nearly 40 rods and then sank. His brother, Daryl, young Orwick and the girl clinging to stumps until morning, when they were rescued.  
**MIDLAND**—State Highway Commissioner Rogers and Deputy Commissioner Roberts have prevailed the supervisors of Midland county to adopt a change in the course of the state trunk line highway involving the construction of about two miles of road, but absolving the state from liability in the construction of a bridge across the Tittabawassee river where the principal median of the state crosses that stream. The saving to the state will amount to about \$40,000. Midland county is taking up the building of good roads energetically. In one district 11 miles of state award road were constructed last year and now another district is asking to be allowed to raise \$26,000 for a road on the meridian line. The supervisors have also made provision for insuring an adequate water supply for the Central Michigan Tuberculosis sanitarium at Sanford.  
**DEAFNESS CANNOT BE CURED**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound in your ears, which is usually entirely closed, deafness is the result, and unless the inflammation can be taken out the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

**Name Wins Prize of \$10.**  
The Nevada Land company has awarded Miss Mattie Nelson of Crystal Falls a \$10 prize, offered to the person sending in the name most suitable for the new garden addition to Alpha, lots for which are now being sold. The addition will be known as "Homecroft," that being the name sent in by Miss Nelson. The name means "home with a little farm."  
**No More Kelly Pool.**  
Crystal Falls is to have no more Kelly pool, reports the Diamond Drill. The mayor issued orders that the game be tabooed, and Marshal Broad immediately visited the several pool and billiard parlors and served notice. Kelly pool was quite the rage about town. Many young fellows indulged in it; indulged so much that the mothers of some of them complained, with the result that the bid was put on it.  
**Ironwood Mines on Full Time.**  
Superintendent D. E. Sutherland announced Thursday that he had received instructions from the general offices of the Oliver Mining company to operate the company's Ironwood mines on full time, beginning Monday, June 21. During the past six or seven weeks the Oliver mines in the district have been operated four days a week, and for six months previous to that time they were operated on a half-time schedule of three days a week. Superintendent Sutherland's announcement is the most cheerful bit of news that has come from local captions of industry in many months.—Ironwood News-Record.  
**Man Thought Dead Writes to Mother.**  
Andrew Thompson, who was thought to be dead, is alive and again fighting under the British flag. A letter received by his mother, Mrs. Kelstrom of Ahmeek Mills in the copper country, states that he has been discharged from the hospital and sent to the front. A few months ago, when young Thompson was seriously wounded, he wrote a farewell message to his mother, saying, "I am being dyed. My family and relatives fully believing he had succumbed, Mrs. Kelstrom expects to take steps to have her son discharged from the army and sent to the United States. It is understood the basis of her appeal will be that the boy is the son of a United States citizen and is not yet of age.  
**Is a Former Escanaba Woman.**  
Attorney Patricia Norman, of Los Angeles, Cal., formerly Miss Patricia Hogan of Escanaba, has been named by the police judges of the coast city as public defender of all women arraigned in court and who are without funds. The former Escanaba woman has gained fame as an attorney in Los Angeles and the position to which she has been named is one that carries with it a great moral responsibility. Without appointment from the court, Attorney Norman has interested herself in the cases of several women who were brought into court. Her work attracted the attention of the police judges and her appointment followed. Since leaving Escanaba ten years ago, says the Press, Mrs. Norman has studied law and has been admitted to the bar. As a young woman of this city she was engaged as a bookkeeper at the Fair Savings Bank store and Bittner's meat market. She is a sister of George, Matt and William Hogan, of Escanaba.

**MELANCHOLY WOMEN.**  
Women should understand that melancholy, commonly called "the blues," is in many times out of ten a pure symptom of some organic derangement which should have attention. For nearly forty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for such conditions, as proved by many testimonials which are constantly publishing from women who have been restored to health by its use.

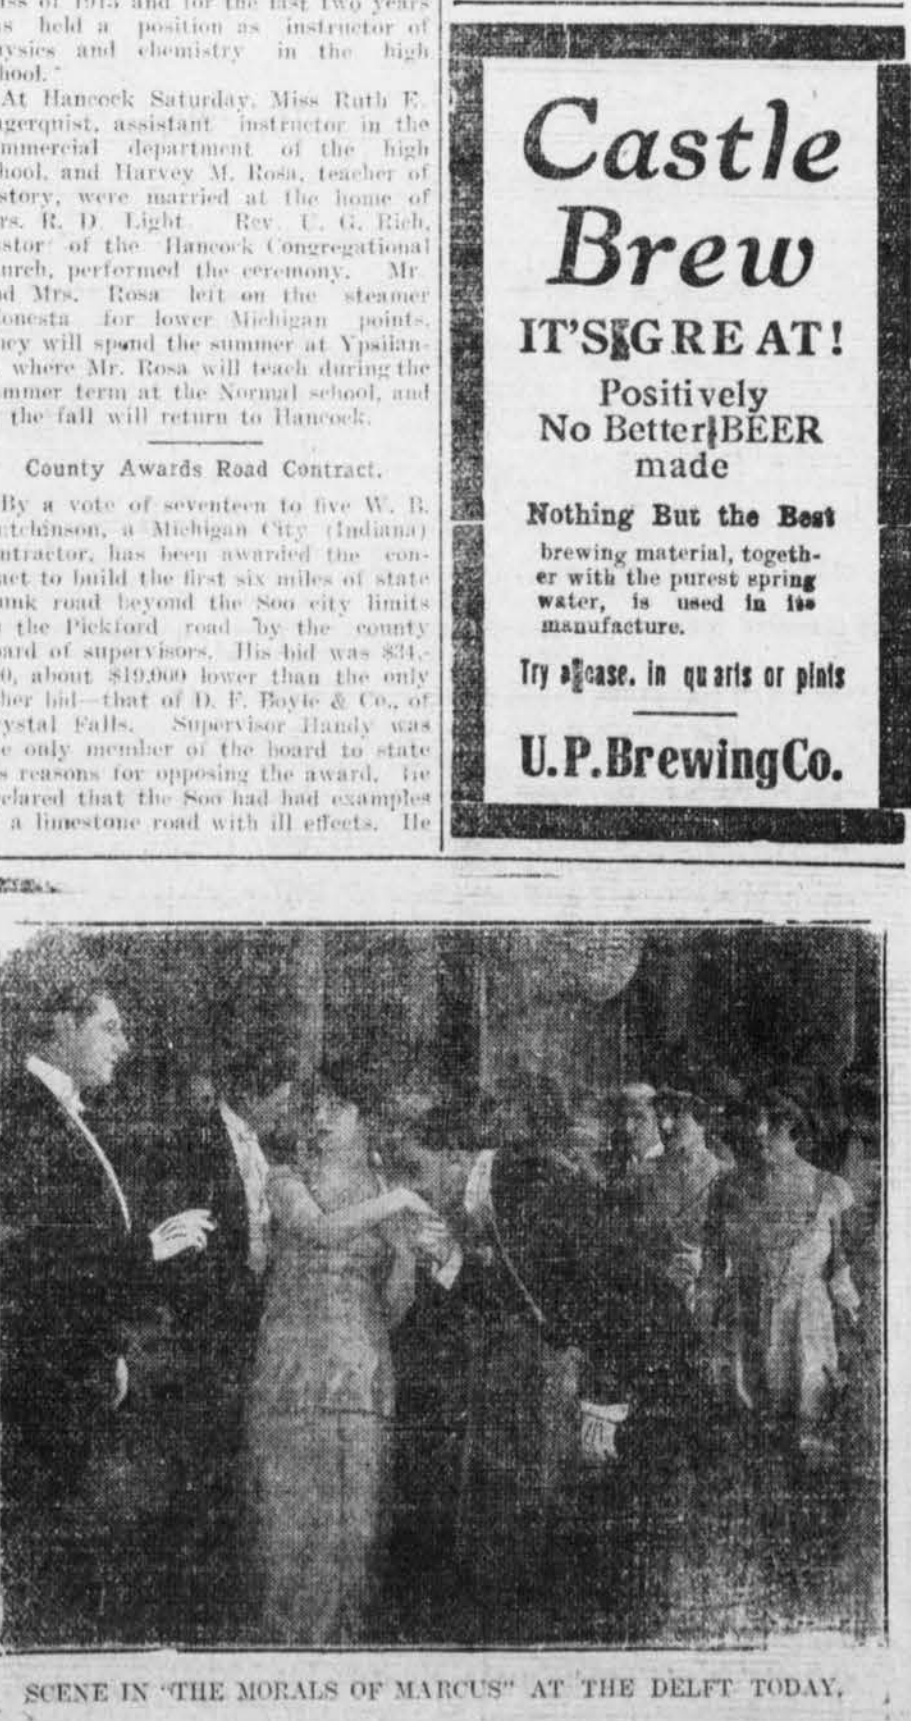

**County Awards Road Contract.**

By a vote of seventeen to five W. B. Hutchinson, a Michigan City (Indiana) contractor, has been awarded the contract to build the first six miles of state trunk road beyond the Soo city limits on the Pickford road by the county board of supervisors. His bid was \$31,200, about \$19,900 lower than the only other bid—that of D. F. Boyce & Co., of Crystal Falls. Supervisor Handy was the only member of the board to state his reasons for opposing the award. He declared that the Soo had had examples of a limestone road with ill effects. He

#### ALLEGED SHOP LIFTERS ARE HELD IN ISHPEMING

##### Man and Woman Accused of Stealing from Several Stores in This City.

Herman Hakala and Lydia Korpi were arrested yesterday morning, charged with shop lifting. John Eman, manager of the Ishpeming Store company, is the complainant.

The pair were in the Ishpeming store Saturday and looked at some dress goods, but did not purchase. They returned yesterday morning at 7:30 o'clock, before the clerks arrived. Mr. Eman waited on them. Mr. Eman had shown them several bolts of dress goods from the shelves when Miss Korpi asked to be shown some shoes. While Mr. Eman and the woman were in the shoe department, which is in the rear of the store, Hakala, it is charged, concealed a bolt of dress goods under his coat. From where Mr. Eman stood in the rear of the store he could not see Hakala, but he claims he saw the piece of goods on the counter moving. When he came to the counter he pulled Hakala's coat open, he says, and found the goods.

Deputy Marshal Patrick Collins and Marshal Trevorarrow placed Hakala and Miss Korpi under arrest. In the police station Miss Korpi denied being implicated in a theft. She said she was living in Negaunee. She came here about a week ago from Henning, Minn. The police say they have learned she and Hakala had been living together in a house on Bank street. Officers visited the place and found about \$150 worth of new merchandise.

Some merchants identified goods which, they said, had been stolen from them. In a jewelry box, on which was the name of a Negaunee jeweler, were found several lockets, chains, and cuff buttons. The jeweler sent a clerk who said the chains looked like some they had in stock. Hakala and Miss Korpi were in the jewelry store Saturday.

Two new suit cases, a half dozen pairs of trousers, thirty or forty neckties, a half dozen or more razors, handkerchiefs, and stockings, a silk shirt, umbrellas, shirts and various other articles were found by the police in the Bank street house. The tags had not been removed from many of the articles and a few of the merchants recognized figures on the tags. When told that these articles had been taken from their rooms the girl denied she knew they were there. She also denied she and Hakala had lived there. It is thought testimony can be brought out tending to show the two had lived in the house and had said they were recently married.

Hakala has been living in Ishpeming for the last few years. He has been working at the Oliver Iron Mining company's Section 16 property. He is said to have a wife and several children in his native land.

Miss Korpi is twenty-two years old. Hakala is about thirty years old.

#### IN PARIS WHEN WAR WAS DECLARED

##### Manager of "Everywoman" Company Talks Interestingly of His Experiences.

W. H. Wright, business manager of Henry W. Savage's great dramatic spectacle, "Everywoman," was in Ishpeming yesterday, making final arrangements for the appearance of the attraction at Ishpeming theater Thursday, July 1.

Mr. Wright, who, with Mrs. Wright, was in Paris when war was declared, tells many interesting stories of his experiences. They were among the last to get out of Paris with their baggage, and there were 1,800 refugees on the boat that brought them to New York.

Mr. Wright was greatly impressed with the way the people of France acted following the declaration of war. He said that there was no excitement and that everybody seemed to be cool and reconciled, although it was known the army could not be mobilized as soon as the German army. He saw men leave for the front wearing their every day clothes and tan shoes, while alongside them marched men who wore wooden shoes.

If the Germans had succeeded in placing their big guns on the foundations that had been built outside of Paris, Mr. Wright believes they would have taken that city. He is of the opinion that the capture of Paris would have gone a long way toward settling the war, but he now thinks the Germans will never enter the city.

Foundations built for German guns outside of Paris were, Mr. Wright says, constructed in the names of French people, and every one supposed they were to be used for factory work. He saw some of the foundations.

The women of France take up the men's work as fast as the latter leave for the front. Hundreds of them can be seen working on the streets and in the fields, doing the work the men had previously done and doing it willingly.

Mr. Wright has been business manager of the "Everywoman" company ever since it was put on the road four years ago, and says it has been a big financial winner. A short time ago one of the motion picture producing companies offered Mr. Savage \$100,000 for the picture rights, but the offer was refused as he expects to keep it on the road for several seasons.

The company played last week in Minneapolis and it is in St. Paul this week. It will travel from the latter city to Calumet by special train. The company is just completing a most successful tour of the Pacific coast and is on the last lap of its journey to New York. It is one of the largest organizations that has ever been sent on the road. It carries a symphony orchestra. Some idea of the stage equipment can be imagined from the fact that it requires from thirty to forty stage hands to handle it.

REV. JAMES PASCOE ILL. Former Superintendent of Houghton District to Go West.

Rev. James Pascoe, former superintendent of the Houghton district of the Methodist Episcopal church, and one of the most widely known Methodist church men in Michigan, has resigned his pastorate at Alpena, because of ill health. He is well known in Ishpeming. He was a frequent visitor here during the years he served as superintendent of the district.

The Soo News says: "Rev. James Pascoe left Pickford many years ago, taking with him, as his bride, Miss Emma Pickford, daughter of the first settler of that town. Mrs. John Laing, of the Soo, is a half sister of Mrs. Pascoe. A. E. Pickford, of Sault Ste. Marie, Ont., is a half brother."

Mr. Pascoe will go west for his health, with his youngest son, Charles S. Pascoe, who graduates from the medical college of the University of Michigan this month. Another son is a practicing physician in Tacoma, which will become the home of the family, it is expected.

BURNED AT POWDER MILL. Harold Moss, son of C. H. Moss, who last week took a position at the Photo Powder company's works, was burned about the neck, hands and arms yesterday as the result of an explosion of acid he was handling in the mixing house. While his burns are painful they are not serious and Mr. Moss will be out of the hospital in a day or two.

MANY ASK EXEMPTION.

The city council, sitting as a board of review, started yesterday what apparently will be a busy week. Many taxpayers called yesterday asking to be exempted from taxes. Most of them were widows, who asserted they are un-

able to pay the taxes on their properties. In a number of cases the board granted exemption, but a committee was named to investigate some cases and report to the board before the latter part of the week.

DEGREES FOR CLASS OF 1915

Northern State Normal Graduates Will Receive Them from President Kaye at Commencement to Be Held This Morning in the New Administration Building.

Class Play Last Night Was Given Favorable Reception—Annual Dinner Will Be Served in the Gymnasium at Noon, Following the Formal Exercises.

The members of the class of 1915, Northern State Normal, will receive their degrees at the annual commencement at the auditorium of the new administration building this morning.

- Cast of Characters: Thesusus, duke of Athens... Helena, in love with Demetrius... Oberon, King of the Fairies...

The public is cordially invited to attend the program, for which there will be no admission charge.

The officers of the class are: Ruth Elizabeth Young, president; Mary Hayes, vice president; Ella Gray, secretary.

The annual dinner, an event in which the graduates, both of the outgoing class and of former years, the undergraduates, the faculty and friends of the school are entertained, will be served in the normal gymnasium at the conclusion of the exercises.

The class play, "A Midsummer Night's Dream," was presented in the auditorium last evening before an assemblage that filled the spacious hall.

The result was a most delightful and a thoroughly admirable production. The elements of the play, disjointed, but harmonized by the central thought of the "dream," gave the actors opportunities for interpretation of their parts to excellent advantage.

The performance from start to finish was as though presented by a professional troupe.

Earle Pomeroy, as Lysander; Laurence Tucker, as Demetrius; Ruth Young, as Helena; and Marjorie Campbell, as Titania, assumed the principal roles in an entirely adequate manner.

Each of the young people showed remarkable histrionic ability. John Morrison, as Duke Theseus, and Evelyn Luciere, in the character of Hippolyta, were excellent leaders of the entourage that attended them.

Albert Baker, in the role of Hermia's irascible father, Eggeus, was admirable in the depiction of his character.

Of the artists playing, Albert Janzen, as Pyramus, and Langan Ford, as Thisbe, played their parts exceptionally well.

The dancing and nymph choruses by the fairies added much to the delight of the play.

The solo dance of Mrs. Frances Cushman, as the First Fairy, and the dancing of Esther Graefe were especially pleasing.

The music, by Mendelssohn, is exceptionally tuneful and as played on the piano by Miss Ethel Hanby and Marjorie Needham, with Frank Tromblay accompanying on the violin, was exquisite.

Hermia and Lysander plan to escape to the wood near Athens to be married.
