PRICE FIVE CENTS.

U. S. OFFICIALS ARREST HUERTA ON MEXICAN BORDER

ACCUSED OF ACT SAID VIOLATION OF NEUTRALITY

Purchase of Supplies for an Armed Force Recruited in America for Expedition Into Mexico to Overthrow Present Leaders Is Alleged by Government.

Former Dictator Taken into Custody at El Paso, and Released Under \$15,000 Bonds to Appear for Hearing July 1—Arrest Followed Long Espionage by U. S.

El Paso, Tex., June 27.—General Victoriano Huerta, once president of Mexico, today was seized by United States cavalry officers, escorted by cavalrymen to Fort Bliss, charged with conspiracy to incite a revolution against a friendly country, and tonight released on \$15,000 bonds. General Pascual Orozco, once a military leader in Mexico, was taken into custody with General Huerta, similarly charged with violation of neutrality laws, and released on bonds of \$7,500.

WATCHED SINCE STARTING WEST.

General Huerta, who came to the United States from Spain several weeks ago, whether he exited himself when he was unable to retain control longer in Mexico City, has been under surveillance from the time he left New York a few days ago, ostensibly for San Francisco. After Huerta left Chicago westward bound, reports began to reach El Paso that he was bound for this city.

It was rather openly announced late last night that the general would leave the train on which he traveled and come to El Paso from Newman, N. M., twenty miles from here. This proved to be true, but he came with a military escort not of his choosing.

TAKE ARREST IN GOOD SPIRIT.

Federal officers learned of his plan and Zack L. Cobb, collector of customs at El Paso, and Clifford Beckham, agent for the federal department of justice took several federal officers and twenty-five cavalrymen from Fort Bliss and met the train at Newman. The Mexican generals took the affair good humoredly. They were taken in an automobile and driven rapidly to El Paso. After Washington had been consulted, charges of violation of the neutrality laws were made against Huerta and Orozco. The men soon arranged bonds and were released. Their hearing was fixed for Thursday, July 1.

HUERTA DENIES CHARGE.

Huerta in a statement tonight said: "I am on my way to Los Angeles and San Francisco to visit the Pacific coast and see the Panama Pacific exposition. I lived in Oakland, Calif., about twenty years ago and have never visited the west coast of the United States since then, so decided to make the trip. I came here to visit my daughter, Mrs. Fuentes."

3 MONTHS TRAILING PRECEDED ARREST

Washington, June 27.—The United States government has frustrated for the present an attempt on the part of General Victoriano Huerta and his associates to launch from American territory a new revolutionary movement in Mexico. The detention of the former Mexican dictator with General Orozco and others at El Paso today followed nearly three months of trailing by government agents. The department of justice had instructed United States Attorney Camp of the western district of Texas to take into custody those men who seemingly were engaged in violation of American neutrality laws which forbid the recruiting of men, the purchase of supplies and the organizing of a military expedition on the soil of the United States to be used in operations against a people with which this country is at peace.

WILL DISREGARD INDIVIDUALS.

Mr. Camp was instructed to place before a grand jury at El Paso immediately all evidence in his possession in order that indictments may be returned against anyone guilty of violating the neutrality laws of the United States. Apart from any consideration of policy which the Washington government may have in mind for the settlement of the Mexican problem, the department of justice has full sympathy with the department of state in enforcing neutrality laws, irrespective of the individuals concerned.

When Assistant Attorney General Warren called the attention of the secretary of state to the fact that General Huerta and his supporters appeared to be ready to start an armed expedition into Mexico, Mr. Lansing indicated that this was a subject for the department of justice to handle and the arrests were ordered forthwith.

CARRANZA-VILLA MEN HAPPY.

The developments in El Paso caused a sensation in Mexican quarters here, both the Carranza and Villa agencies issuing statements rejoicing that the United States had checked an effort on the part of the so-called reactionary interests to gain control of Mexican affairs. While officials were reticent as to the probable development of the case against General Huerta, it was indicated that the United States would retain in its custody for the present the ex-dictator who was declared by President Wilson to be responsible for the turbulence in the southern republic. Just what the evidence against General Huerta is is not disclosed here. The Villa agency here has dispatches from El Paso charging that Huerta was guilty of recruiting several hundred Mexicans and purchasing supplies for their equipment.

EFFECT IS PROBLEMATIC.

While the mere preparations of plans for the beginning of a revolution in a foreign country have not been held to be a violation of the neutrality laws, overt acts in consummation of such plan have formed the basis for indictments in the past.

Speculation was widespread in official and diplomatic quarters as to the effect of the arrest of Huerta on the political situation in Mexico generally. The Villa and Carranza adherents regarded it as contradicting reports that the American government had lost its previously expressed sympathy for the original Constitutional movement and was now ready to turn to those formerly in control of Mexican politics. So far as the state department is concerned the question involved, it was said, is merely the violation of neutrality.

TO PROBE CASE THOROUGHLY.

Washington, June 27.—Secretary of State Lansing, when informed today of reports that General Huerta had arrived at El Paso stated that questions involved in Huerta's presence there had been referred to the department of justice for inquiry. An investigation, it was learned, would be made by department of justice agents to ascertain whether any neutrality laws of the United States already have been violated, or whether there is any plan on foot to launch from American territory an armed expedition into Mexico.

Under the neutrality laws indictments frequently have been returned against Mexicans for aiding in recruiting in American territory, or sending armed men into Mexico from the United States. Should it develop in the investigation being made that General Huerta has no connection with any military expedition his re-entry into Mexico would not be forbidden by officials of this government, even though he might join a military force in the field later.

GENERAL ANGELES OVERJOYED.

Boston, June 27.—"I am overjoyed at the news. You may say I hope the United States government will keep them all locked up," exclaimed General Felipe Angeles, who is visiting his family here, when informed tonight of the detention of General Huerta and his party at El Paso.

SAYS ALL IS QUIET IN YAQUI VALLEY

Admiral Howard Reports American Ranches Well Guarded; No Recent Raids.

Washington, June 27.—Officers from American warships off the west coast of Mexico have made an automobile trip through Yaqui valley. They found all quiet with the American ranches recently reported threatened by raiding Indians garrisoned by Sonora state troops.

In a message to the navy department today, reporting the tour, Admiral Howard said that with the soldiers on guard, crops harvested and the rainy season setting in the Indians probably would give no more trouble. Several cruisers, in addition to the Colorado, are still in the vicinity of Guaymas. Admiral Howard was sent there when reports came that foreign settlers were threatened with death at the hands of the Yaquis, who were said to be nearly three thousand strong. The Colorado carried a considerable force of bluejackets and marines and the admiral had orders to use his discretion about sending an expedition inland to relieve the settlers.

Governor Maytorena of Sonora hurried troops to the scene and promised adequate protection to the foreigners, urging that no landing be made from the warships.

GERMANS START ANOTHER DRIVE TO GET WARSAW

Battering Ram Aimed at Polish Capital Part of Teutonic Plan to Press Eastern Victory, It Is Believed—Capture of City Would Weaken the Whole Vistula Line

Russians, Hard Pressed, Again Are Retreating in Galicia, Both to the North and South of Lemberg—Muscovite Reverse Admittedly Will Prolong the War.

London, June 27, 9:50 p. m.—The Russians again are retreating in Galicia, both to the north and south of Lemberg, and in Poland the Germans have launched another attack against Warsaw in the form of a drive from the north through Przasnysz.

The new blow at the Polish capital has been preceded by a terrific artillery action. This fact has been recorded by the Russians themselves, but it is too early to say whether it means a serious offensive. The first clash developed a bayonet encounter, the result of which neither side records. Berlin and Vienna do not make reference to the conflict in this region, confining their statements to the Galician situation, where victories are claimed in the various sectors from the Bessarabia to Rawa Ruska, north of Lemberg. What is more important the Germans claim that the Teutonic forces have crossed the Dnieper north-west of Halez and have driven the Russians some miles into the hills.

RESIGNED TO LONG WAR.

Not since the war began have the English people been so convinced that it will be a long one. Those who took this view months ago were called pessimists, but now it is generally admitted that the Russian army must fight for months and that in the meantime the much heralded big general movement on the western front must be postponed indefinitely while the entente powers thoroughly re-organize their methods. While the campaign in Great Britain for munitions is at its height it must be assumed that Germany is straining every fiber to the same end and calling into play her inventive skill so as to increase the deadly mechanisms of war to offset the inevitable and terrible drain on her men.

GERMANS PRESSING VICTORY.

The present consensus of opinion among military writers in London is that Germany intends further to press her eastern victory with another battering ram aimed at Warsaw in an endeavor to seize that city and the whole line of the Vistula.

The line of defenses now directed from the Przasnysz region is along the valleys of the Omulow and Orzyk, tributaries of the river Narew, which flows across east Poland and joins the Vistula above Warsaw.

TERRIFIC BATTLE IN WEST.

Paris, June 27, 2:35 p. m.—A terrific battle in which both combatants resorted to the use of hand grenades: was fought by French and Germans last night in the vicinity of Quenoveves and near the recently captured German position called the labyrinth, according to the official statement issued by the French war department this afternoon. The report adds that a surprise German attack on Arra court, near the Lorraine border, failed and that twenty bombs were dropped by French aviators on the Donai and neighboring railway stations.

FRENCH COMMUNICATION.

Paris, June 27, 10:40 p. m.—The following official communication was issued by the war office tonight:

"On the front to the north and the center there has been no infantry action. A rather violent artillery engagement has occurred, particularly in Belgium and to the north of Arras. In the Argonne there have been several engagements. We hold all the former first German lines as well as those parts of the second lines which we had previously conquered."

TEUTONIC OFFICIAL REPORTS.

Vienna, via London, June 27, 8:35 p. m.—The Russian forces, which, for several days, made a determined stand at positions east of Lemberg were again in retreat this morning along the entire front in that region, according to an official statement issued today by the Austrian general staff. Fighting on the

SUMMARY OF WAR NEWS.

Without pause the Austro-Germans are continuing their efforts to sweep the Russians out of Galicia.

The French still are hammering against the Germans in the Arras region and on the heights of the Meuse.

The Germans have launched another attack against Warsaw, moving from the north down toward the Polish capital.

Dr. von Bethmann-Hollweg, the imperial German chancellor, and Gottlieb von Jagow, the German foreign minister, have been at a conference at Vienna with the Austrian foreign minister and the chancellor also has conferred with Emperor Francis Joseph.

According to unofficial reports the Turkish ambassador at Rome has asked for his passports, although no declaration of war has passed between Italy and Turkey.

Galicia still remains the scene of the most important military operations. The stubborn resistance which for several days has been offered by the Russian forces to the east of Lemberg finally has been overcome. The Teutonic forces have penetrated the Russian lines, a violent engagement, according to Vienna and have thrown the Russians back. The invading forces are said to be retreating along this entire front.

A German official communication says that the Teutonic forces have crossed the Dnieper north of Halez and have driven the Russians some miles into the hills.

In that section on the heights of the Meuse known as the Calonne trenches, a violent engagement has been characterized by the use of flaming liquids and asphyxiating gases by the Germans behind which they succeeded in reaching their former first line, which had been carried some time previously by the French.

The Germans claim that attempts by the allies on the heights of the Meuse to recapture territory have been repulsed.

In the Italian theater the Italians are developing their operations along the Isongo front.

An Austrian submarine has torpedoed and sunk an Italian torpedo boat in the Adriatic.

In the upper Dnieper, the statement says, continued.

Berlin, via London, June 27, 3:50 p. m.—German troops, after fierce fighting have crossed the Dnieper river in Galicia and have taken by storm the hills on the northern banks, according to an official statement issued today by the German army headquarters staff.

In France, the statement says, French artillery stationed near the cathedral of Arras was bombarded by German batteries. In the Argonne a portion of a French trench was stormed by the Germans.

RESUME BY ROME.

Rome, June 27, via Paris, June 28, 1:20 a. m.—The following official Italian war statement was issued here tonight:

"Nothing of special military importance has been reported in the region of the Tyrol and Trentino. The artillery combat becoming intense, Alpine troops succeeded in interrupting the hydro-electric installation at Ponale on Lake Garza.

"In the Carniola the enemy tried unsuccessfully to retake the heights of Zeilenkofel.

"In the Monte Nero zone, where there has been fighting recently we took two hundred guns, twenty thousand cartridges and two bomb throwers abandoned by the enemy.

"At a number of points on the Isongo front it has been found that the Austrians are using shells containing asphyxiating gases."

HOLLWEG AND JAGOW ARE CONFERRING IN VIENNA

Vienna, via Amsterdam and London, June 27, 6:55 p. m.—Dr. von Bethmann-Hollweg, the German imperial chancellor and Gottlieb von Jagow, the German foreign secretary, arrived in Vienna today to confer with the Austro-Hungarian foreign minister, Baron Stephan Burian von Rajesz. During the day the German imperial chancellor had an audience with Emperor Francis Joseph.

ITALIAN TORPEDO BOAT IS SUNK BY SUBMARINE

Vienna, via London, June 27, 11:10 p. m.—An official statement says: "One of our submarines on Saturday torpedoed and sunk an Italian boat in the northern Adriatic."

TURK AMBASSADOR ASKS HIS PASSPORTS OF ROME

London, June 27, 5:10 p. m.—Naby Bey, the Turkish ambassador to Italy, today went to the Italian foreign office and demanded that he be given his passports, says a dispatch from Rome to the Exchange Telegraph company.

No declaration of war between Italy and Turkey has as yet been issued by either country.

WAR STRICKEN NOW ARE ABLE TO HELP SELVES

Rockefeller War Relief Commission in Report Asserts Most of Communities in Europe Affected by Conflict Have Learned How to Guard Against Famine.

Belgium, While Depending on Imports, Requires Much Less Aid Than at Outset of Conflict—Serbia, However, Still Is in the Throes of Typhus and Cholera.

New York, June 27.—The outstanding feature of the situation among non-combatants in Europe today, as observed by the Rockefeller Foundation War Relief Commission, is that the communities are themselves finding it possible to alleviate acute distress among their people. This announcement was made in a report of the war relief commission issued by the Rockefeller foundation tonight. The commission has completed a careful survey of conditions as they affect non-combatants in all the countries at war, except Italy and Turkey, and a visit to the last named countries is planned at an early date.

"At the outset of the war and due to its sudden development," the commission's report says, "there was a severe dislocation of economic life throughout the world, not alone in belligerent countries. A readjustment now has been effected and the populations have become measurably adapted to war conditions. Thus, even countries like Belgium are now able to help themselves to a degree impossible six months ago, though Belgium is still wholly dependent on the commission for the importation of food supplies and would again be confronted by famine if importation were stopped."

SERBIA STILL SUFFERING.

"Suffering and want still are acute in Serbia, Russian Poland and in parts of Galicia. Serbia and Montenegro still are in the throes of typhus and substantial economic or social recuperation is impossible at present."

In reviewing its work, begun in November, 1914, the commission states that it has had the friendly co-operation of every important nation in Europe in its efforts to ascertain conditions surrounding non-combatants and in extending aid where needed.

In Belgium, to which the commission first devoted itself, the money expended for relief amounted to a little more than \$1,000,000. The chief relief provided in France was in the north between the firing line and the Belgian border.

Serbia, the report recites, presented a condition of great destitution, but the poverty and distress were overshadowed by an epidemic of typhoid and cholera. After three months work Dr. Richard Strong of Harvard has been able to check the spread of typhus in regions where it was possible to institute sanitary measures. About \$125,000 has been expended in Serbia, of which the Rockefeller foundation supplied \$85,000.

GERMANY AIDING POLAND.

Of its work in Poland the commission has this to say:

"The German government agreed to furnish \$500,000 a month for the purchase of food and to stop all requisition in Poland as soon as the relief work began. Efforts to obtain grain from other countries in Europe for shipment to Poland were, however, unsuccessful. That situation has now been taken care of as the German government recently has advised the commission that Germany would itself in a position to assume entire responsibility for the relief of that part of Poland under its control."

The war, relief commission, it is announced, has established headquarters in Switzerland and will keep in touch with situations that may develop in the various war areas.

MARCONI HAS BECOME AVIATION LEUTENANT

Rome, via Paris, June 27, 9:30 p. m.—Giulio Marconi, of wireless telegraphy fame, today began his duties as a lieutenant of aviation in the Italian army. The inventor received an enthusiastic reception at the barracks.

ITALY IS PREPARING FOR THREE-YEAR WAR

Rome, June 27, via Paris, June 27, 6:25 p. m.—Italian military authorities today asserted that all arms, ammunition and explosives factories in the

kingdom were working day and night to turn out not only what will be necessary for the war this summer and the coming autumn, but for the possibility of a continuation of the conflict for three years.

PRESIDENT'S AUTO PARTY LOST IN VERMONT WOODS, RIDES UPHILL, DOWN DALE

Windsor, Vt., June 27.—President Wilson and members of his family, out for an afternoon automobile ride, came lost today in the foothills of the Green mountains and for nearly five hours were riding through dense forests, up and down steep inclines, part of the time in a driving rain. The drive took the presidential party over roads seldom traveled by automobiles. The president was accompanied by Mr. and Mrs. Francis B. Sayre, Miss Margaret Wilson, Miss Helen Woodrow Bones, Dr. Cary T. Grayson and several secret service men. The chauffeurs of the two cars carrying the party were from Washington and the president knew the country at least as well as anyone with him. Apparently he enjoyed the experience and forgot entirely the cares of office.

WANTS CIVIL WAR 'VETS' TO URGE 'PREPAREDNESS'

Chicago, June 27.—Civil war veterans were commissioned yesterday to go forth and preach the message of "Preparedness for War" in an address delivered by Commander-in-Chief David J. Palmer to the members of the Old Glory post of the Grand Army of the Republic.

THREE AMERICANS ARE ON CANADIAN CASUALTY LIST

Ottawa, June 27.—The names of several members of the Canadian contingent, with addresses in the United States, appear in tonight's casualty list, issued by the militia department. Joseph Bert Pratt, of Virginia, Minn., a member of the First battalion, is mentioned as having died of wounds on June 21; Herbert Ramsden, of Detroit, Mich., a corporal, and Elmer C. Goldsworthy, of Pacific Grove, Calif., are reported wounded.

REVENUE COLLECTOR CONFFESSED, HE SAYS

Fort Smith, Ark., June 27.—David A. Gates, deputy internal revenue commissioner, announced tonight that Knox Booth, former internal revenue agent for Tennessee and Alabama, had laid bare the details of the alleged "moon-shine" whisky frauds which federal officials assert cheated the government of many thousands of dollars in taxes, and had confessed to accepting bribes from distillers aggregating nearly \$12,000.

DENY FAILURE OF MOVE TO TAKE MEXICO CITY

Galveston, Tex., June 27.—General Pablo Gonzalez has met a reversal in his campaign against Mexico City as reported but has delayed battle in the hope of sparing non-combatants the dangers of street fighting by allowing the Villa-Zapata troops to evacuate, according to a cable message from Vera Cruz, given out here tonight by Juan T. Burns, the Carranza consul.

U. S. MILITARY ATTACHE HAD A NARROW ESCAPE

Berlin, via London, June 27, 10:30 a. m.—Lieutenant Colonel Joseph E. Kuhn, military attache at the United States embassy at Berlin, has returned from the Balkan front. While at Rawa Ruska with the German forces, a shell exploded so near him he was knocked down by the air pressure.

JEWES ARE WELCOMED AT BOSTON MEETING

Boston, June 27.—Jews from all parts of the United States, delegates to the convention of the American Zionist organizations, filled the great hall in Mechanics' Building to overflowing tonight, to receive an official welcome from the state and city. A large overflow meeting was held on the street outside.

SECRETARY DANIELS ON HIS WAY TO WASHINGTON

Newport, R. I., June 27.—Secretary of the Navy Daniels sailed for New York on the cruiser Dolphin today. He will board a train there for Washington and expects to be at his desk tomorrow morning.

Kansas City, June 27.—Storms which swept central Kansas and northern and eastern Oklahoma today caused widespread damage to crops and property. Some points reported winds of a violence almost equalling a tornado accompanied by downpours of rain which sent many streams out of their banks. Few details were available tonight of the damage wrought by the storm, owing to the interrupted wire communications.

JAPAN BREAKS WITH GERMANY.

These events were quickly followed by an affirmation on the part of Italy of her neutrality, by an Austrian invasion of Serbia and by the sending by Japan of an ultimatum to Germany. This had to do with the German possession of Kiaochow of which Tsingtau was the port. By Aug. 17 the first British expeditionary force had completed its landing in France and on that day there began also a fierce battle on the Jader between the Austrian and Serbian troops. Victory was with the Serbs and after five days of fighting and the Austrians were routed.

In the meanwhile the battle of Lorraine had opened and the German troops

FERDINAND SHOT YEAR AGO TODAY; WAR WAS RESULT

European Conflict, to Date, Has Caused a Loss to the Various Belligerents of More Than Six Million Men and Five Hundred Ships, 120 of Them War Vessels.

Although Driven from the Far East, Germany, at Present, Holds Most of Belgium and a Part of France and Russian Poland—Cut Off from the World.

One year ago today the Austrian archduke, Francis Ferdinand, and his wife were shot and killed in the little Bosnian town of Sarajevo, by Garvilo Princip. It was the act of Princip, a poor student, which ultimately resulted in eleven nations going to war. These nations are, on one hand, Great Britain, France, Russia, Serbia, Japan, Belgium, Italy and Montenegro, and, on the other, Germany, Austria and Turkey. The war to date, according to conservative estimates compiled from the best available reports, has caused a loss to the various belligerents of more than six million men, dead, wounded and prisoners, and more than five hundred ships. Of these about 120 were war vessels.

The outstanding results on land are these: The greater portion of Belgium is under the control of Germany. Germany has been driven from the Far East. A part of the Dardanelles is in the possession of the Allied troops. Portions of France and Russia are in the possession of German troops. A strip of Alsace has been taken from Germany. On the continent of Africa parts of territorial possessions have been lost by both sides. Various island possessions of Germany have been taken by the forces of the Allies. Italian troops are in possession of a strip of Austrian territory.

The Results on the Sea.

The outstanding results at sea are these: German and Austrian mercantile shipping has been driven from all the open seas. German and Austrian war vessels having a total displacement of approximately 257,000 tons have been destroyed. War vessels of the Allied nations having a total displacement of approximately 192,000 tons have been sent to the bottom. The greater portions of the German and Allied fleets in the North sea remain intact. Except for communication through Holland and the Scandinavian nations, Germany is cut off from the rest of the world. Efforts on the part of the Germans to place the British Isles in a similar predicament has resulted in the sinking by submarines of hundreds of vessels flying the flags of the Allied and neutral nations. The sinking in this manner of the Cunard liner Lusitania with the loss of more than one hundred American lives precipitated a request upon the part of the United States that such practices, insofar as they might menace Americans, be stopped.

Prinzip's crime was committed on June 28. An investigation disclosed what was alleged to be proof that the assassin was the tool of a group of Serbians. On July 23, after considerable correspondence and negotiations, an ultimatum was sent to Serbia by the Austro-Hungarian government, which Serbia declined to meet. A week later a general mobilization of Russian troops along the German border was ordered and the following day Germany declared war on Russia. The news of that event was followed in a few hours by the announcement that a general mobilization had been ordered by the French cabinet.

On Aug. 2 German troops entered Luxembourg and Germany demanded free passage through Belgium to the French frontier. This was refused and two days later Great Britain dispatched to Germany an ultimatum demanding that the neutrality of Belgium be maintained. The ultimatum rejected, German forces attacked Liege. On the same day President Wilson issued a proclamation of neutrality.

The following day saw the declaration by Great Britain of a state of war with Germany, and two days later the Germans entered Liege as the French invaded southern Alsace.

Japan Breaks With Germany.

These events were quickly followed by an affirmation on the part of Italy of her neutrality, by an Austrian invasion of Serbia and by the sending by Japan of an ultimatum to Germany. This had to do with the German possession of Kiaochow of which Tsingtau was the port. By Aug. 17 the first British expeditionary force had completed its landing in France and on that day there began also a fierce battle on the Jader between the Austrian and Serbian troops. Victory was with the Serbs and after five days of fighting and the Austrians were routed.

In the meanwhile the battle of Lorraine had opened and the German troops

Copper Country

HIT BY AUTOMOBILE AND NEVER REVIVED

John Olson Dies as a Result of Injuries Suffered at a Late Hour Saturday Night.

John Olson, believed to be a Calumet miner, was struck by an automobile late Saturday night while he was walking along the highway between Calumet and Houghton. The accident occurred near the Franklin Junior mine. Olson was taken to St. Joseph's hospital in Hancock and died there at 12:30 yesterday afternoon.

Dr. J. E. Gallon of Hancock was returning from Calumet shortly after midnight Sunday and he noticed the body of a man in the road. The doctor examined him, found him unconscious and with a hole in the back of his head. The victim never recovered consciousness. Sheriff Cruse was called and took the man to the hospital, where Deputy Sheriff Vivian identified him as John Olson, a miner. Up to yesterday afternoon none of his friends or his latest address had been learned, though it is believed that latterly he had lived at Calumet.

Deputy Sheriff's Hip Fractured.

Deputy Sheriff Thomas Hosking, turned up at the county jail, lying in his bed at St. Joseph's hospital with a badly fractured hip as a result of Friday afternoon's automobile accident in Hancock. Sheriff Cruse says Hosking is entitled to a day of credit for his action at the time.

Hosking was driving the sheriff's car, and not George Higgins, the regular chauffeur. Higgins was with him and he turned the wheel over to Hosking, according to the sheriff's instructions, the latter being desirous of having all his force able to drive. Higgins' statement of the accident is told to him by the sheriff and verified by the latter from other sources, is this:

BOXING AT ONTONAGON.

Jimmy Brady Fights an Engagement, Up to a Certain Point Only.

These boxer times for boxers in the copper country. Take Ontonagon for example. Paaky McDonald, known hereabout as a boxer of a sort, is in Ontonagon, where they have been doing a few mild exhibitions lately.

Paaky thought the going was good and he wired Jimmy Brady, at St. Ignace, to come up Friday night and box him before a good house. Jimmy, nothing averse to getting a bit of Ontonagon money, came up. Jimmy was in Houghton Saturday on his way home to St. Ignace, and he told about it.

When the St. Ignace boxer arrived in Ontonagon he found a 845 house awaiting him, with \$25 tied up for hall rent and \$8 for printing. Jimmy could not see where there was anything in it for him, and he refused to go on.

There was another boxer, a fellow from De Pere, Wis., in Ontonagon, and he rather intimated that he was pretty good. Jimmy said that if the promoters would hang up a \$100 purse he would take this fellow on. The promoters agreed and went away to make arrangements. Money is tight in Ontonagon. Jimmy waited around till midnight and the purse failed to materialize.

Brady has been doing pretty well in the fight game in Michigan since he boxed in Houghton just a year ago. But the recent announcement of Governor Ferris that he will not permit prize fighting in Michigan has killed the game and Brady has decided to go back to his old home in Chicago and go into business.

The present boxing law in Michigan virtually permits only amateur bouts of ten rounds. Governor Ferris has expressed himself as being anxious to see a tax case, so that the courts may define "boxing" and "prize fighting." Jimmy Brady says he is willing to be the goat if any Houghton county promoter wants to hang up a purse for him and some other handy boy of about 125 pounds, but Houghton promoters are shy, especially as they know Sheriff Cruse will give them pretty quick action.

TAG DAY A SUCCESS.

The annual tag day enterprise of Good Will Farm, conducted Saturday throughout Houghton county and in Ontonagon, was a great success from surface indications. Mrs. Donaldson, superintendent, could not yesterday give out the complete figures, but the early returns indicated that the collection would break all records for tag day in the copper country.

Mrs. Donaldson will give a reception for all who were concerned in any way with the success of the enterprise at Good Will Farm next Wednesday afternoon. They will be given an opportunity to inspect the institution in whose behalf they have worked. Mrs. Donaldson only regrets that she cannot entertain in one day all who contributed, but to all she extends her thanks and an invitation to visit the farm at any time.

ADDRESSES WILL BE BY PROMINENT MEN

Annual Meeting of the Upper Peninsula Development Bureau at Houghton July 1.

The annual meeting of the Upper Peninsula Development Bureau is to take place in Houghton next Thursday, July 1. The arrangements are in charge of the Copper Country Commercial club. The meeting is to take place in the Amphitheatrum hall and will begin at 11:30 a. m., making it possible to dispose of the business and allow the delegates to get away on afternoon trains if they choose. Some of the most prominent men of the upper peninsula will be among the speakers.

John W. Black, president of the Copper Country Commercial club, will welcome the delegates, and President Thornton A. Green, of the development bureau, will address the assembly. Rev. Father Francis X. Barth of Escanaba, considered the most eloquent pulpit orator in Cleveland, will discuss the progress of the peninsula. John M. Longyear, of Marquette, will advocate a continuance of the advertising campaign. G. W. McMorris, of Menominee, general manager of the Menominee River Sugar company, will review the accomplishments of the bureau. A. E. Petermann, member of the legislature from Calumet, will discuss the importance of upper peninsula development in relation to the mining interests. W. W. Walker, vice president and general manager of the P. S. S. & A., will tell why the railroads are interested in the work of the bureau.

This is to be a business meeting, not a banquet. But there will be entertainment features none the less, in order to refresh the delegates after the ordeal of oratory. To this end the Imperial quartet and Will Hall, the copper country's best known vocal soloist, will offer several numbers.

HOUGHTON PLAYGROUND PLANS.

Physical Director Wagner Will Guide Play of Youngsters and Elders.

Physical Director Wagner of the Houghton schools, who is retained during the vacation to direct the play of the boys and girls, announces that the public tennis courts on Vivian field will be ready for use today.

Mr. Wagner will spend one day in East Houghton and one day in West Houghton, alternately, throughout the summer. The work in East Houghton for the time being will be confined to the grade schools baseball league and the tennis courts. In West Houghton, the boys are playing indoor-outdoor ball and track games at the Huron sands. Play for girls will be arranged if they show sufficient interest. Bathing facilities are much needed, but there seems to be no hope this year.

The old playground on Isle Royale street has been abandoned as far as work for children is concerned. Mr. Wagner suggests that businessmen take it over and install a tennis equipment. The director also suggests that Houghton businessmen should take up indoor-outdoor ball. A league might be arranged to play every evening between 5 and 6 o'clock and also between 7 and 8 o'clock.

SONS OF ST. GEORGE REUNION.

Concerts and an Outing for Delegates Arranged by Committee.

The general committee in charge of the Sons of St. George State reunion in Houghton the week of July 13 announces that the Calumet & Hecla band has been engaged for a concert in the streets the afternoon of Thursday, July 15. Arrangements also have been made for an excursion to Lake Superior for the delegates and grand lodge officers in the steamer Plowboy. The Quincy band will play a concert on board. The committee expects to arrange some sort of open-air concert during every day of the reunion, probably a band concert.

FOR RELIEF OF BELGIANS.

Houghton County People Contribute Twenty Barrels of Flour.

Walter S. McViear, the Houghton grocer, a few days ago shipped to Detroit twenty barrels of flour, which have been sent to the relief of the Belgian war sufferers by the people of Houghton county. The contributions averaged a quarter barrel of flour. The consignment represents the charity of about eighty Houghton county people. The shipment was collected at Detroit from all parts of the state and will be shipped from New York July 1 by the Michigan Committee for Belgian Relief.

BOWLING PROSPECTS GOOD.

J. P. Leonardy Reports Important Sales in the County.

J. P. Leonardy of Milwaukee, representing the Brunswick-Balke-Collender company, manufacturer of bowling alleys, said Saturday he had closed a deal with the Ketchum alleys at Lake Linden for the installation of three pin-setting machines. The Lake Linden team obtained the Upper Peninsula Bowling league tournament for next year, contingent on the purchase of this equipment. Mr. Leonardy also has sold two complete alleys to the Young Men's Catholic club of Calumet.

DETROIT YACHTSMEN ARRIVE.

Stephen J. Bowling, of Detroit, arrived in Houghton Friday night to be present at the wedding of his daughter, Miss Dorothy Sheldon Bowling, and Albert Mendelsohn on Wednesday. Mr. Bowling came as the guest of Commodore C. W. Kotcher, of Detroit, in the latter's motor yacht, Niagara.

Mary McCoit, thirteen, has taken to preaching in Mississippi. Hawaii has an area of 6,449 square miles.

FERDINAND WAS SHOT ONE YEAR AGO TODAY

European Conflict, Immediate Result of Crime, Has Already Cost Millions of Lives.

(Continued from Page One.)

had entered Brussels, the Belgian capital.

A few days later, Aug. 23, the victorious Germans entered Namur and began an attack on Mons, defended principally by the first British expeditionary force. The next day the British troops began a retreat from their position and from then on until Sept. 12 the German troops drove through France under the leadership of General von Kluck. Zeppelin's bombardment of Antwerp, the French were forced to evacuate Antwerp; the Germans took Antwerp, swept over Longwy and reached Senlis, thirty miles from Paris, where the columns swung to the eastward. The French government fled to Bordeaux.

In the meanwhile German and Austrian troops met the Russians. A victory at Krasnik was announced by the Austrian government on Aug. 23 while on Aug. 29 the German army under General von Hindenburg defeated another Russian force in a battle at Tannenberg, which lasted three days. Louvain was burned by the Germans on the same days that the Japanese blockade of Tsingtau was begun. The blockade was maintained more than two months before Tsingtau surrendered.

Two days after the French government moved to Bordeaux the battle of the Marne was begun, a few hours before Russian troops succeeded in occupying Lemberg, the capital of Galicia.

Many Events in One Day.

Before the French and British troops, the Germans in France were forced to retreat as far as the Aisne. Events of the next few days included the bombardment of Rheims by the Germans, and the sinking by a German submarine of the British cruiser Aboukir, Cassin and Togue. On the same day the Russian assaults upon the Allied lines between Ypres and Neuport continued for a week and then weakened.

The Germans operating in Russia meantime had been defeated after a ten days battle before Warsaw.

In Africa revolt and mutiny broke out. These disorders were headed by the Boer leader, General de Wet, General Beyers, Colonel Maritz and others.

Colonel Maritz was driven from Cape Colony, General Beyers was killed at Vaal river, and General de Wet was captured after he had been in the field for more than a month. Native troops in the African provinces belonging to Germany, Great Britain and France were lined up on the borders of the respective provinces. Fighting was general. During the latter part of October the British dreadnaught Andraedon was sunk off the Irish coast, the Russians successfully attacked Lodz and Radom, driving out the invading Germans. Turkey joined the war at that juncture by naval operations in the Black sea, Odessa was attacked.

British Beaten on Sea.

November opened with a German naval victory over a British squadron off the coast of Cuba and the Turkish ships bombarded Sebastopol. Two days later German warships ventured from their anchorage behind the naval base at Heligoland and bombarded the British coast in the vicinity of Yarmouth. On Nov. 5, German submarines declared war on Turkey and the forts guarding the entrance to the Dardanelles were bombarded by a fleet of allied English and French warships. On the north the Russians recaptured Jaroslavl after several days of ferocious fighting.

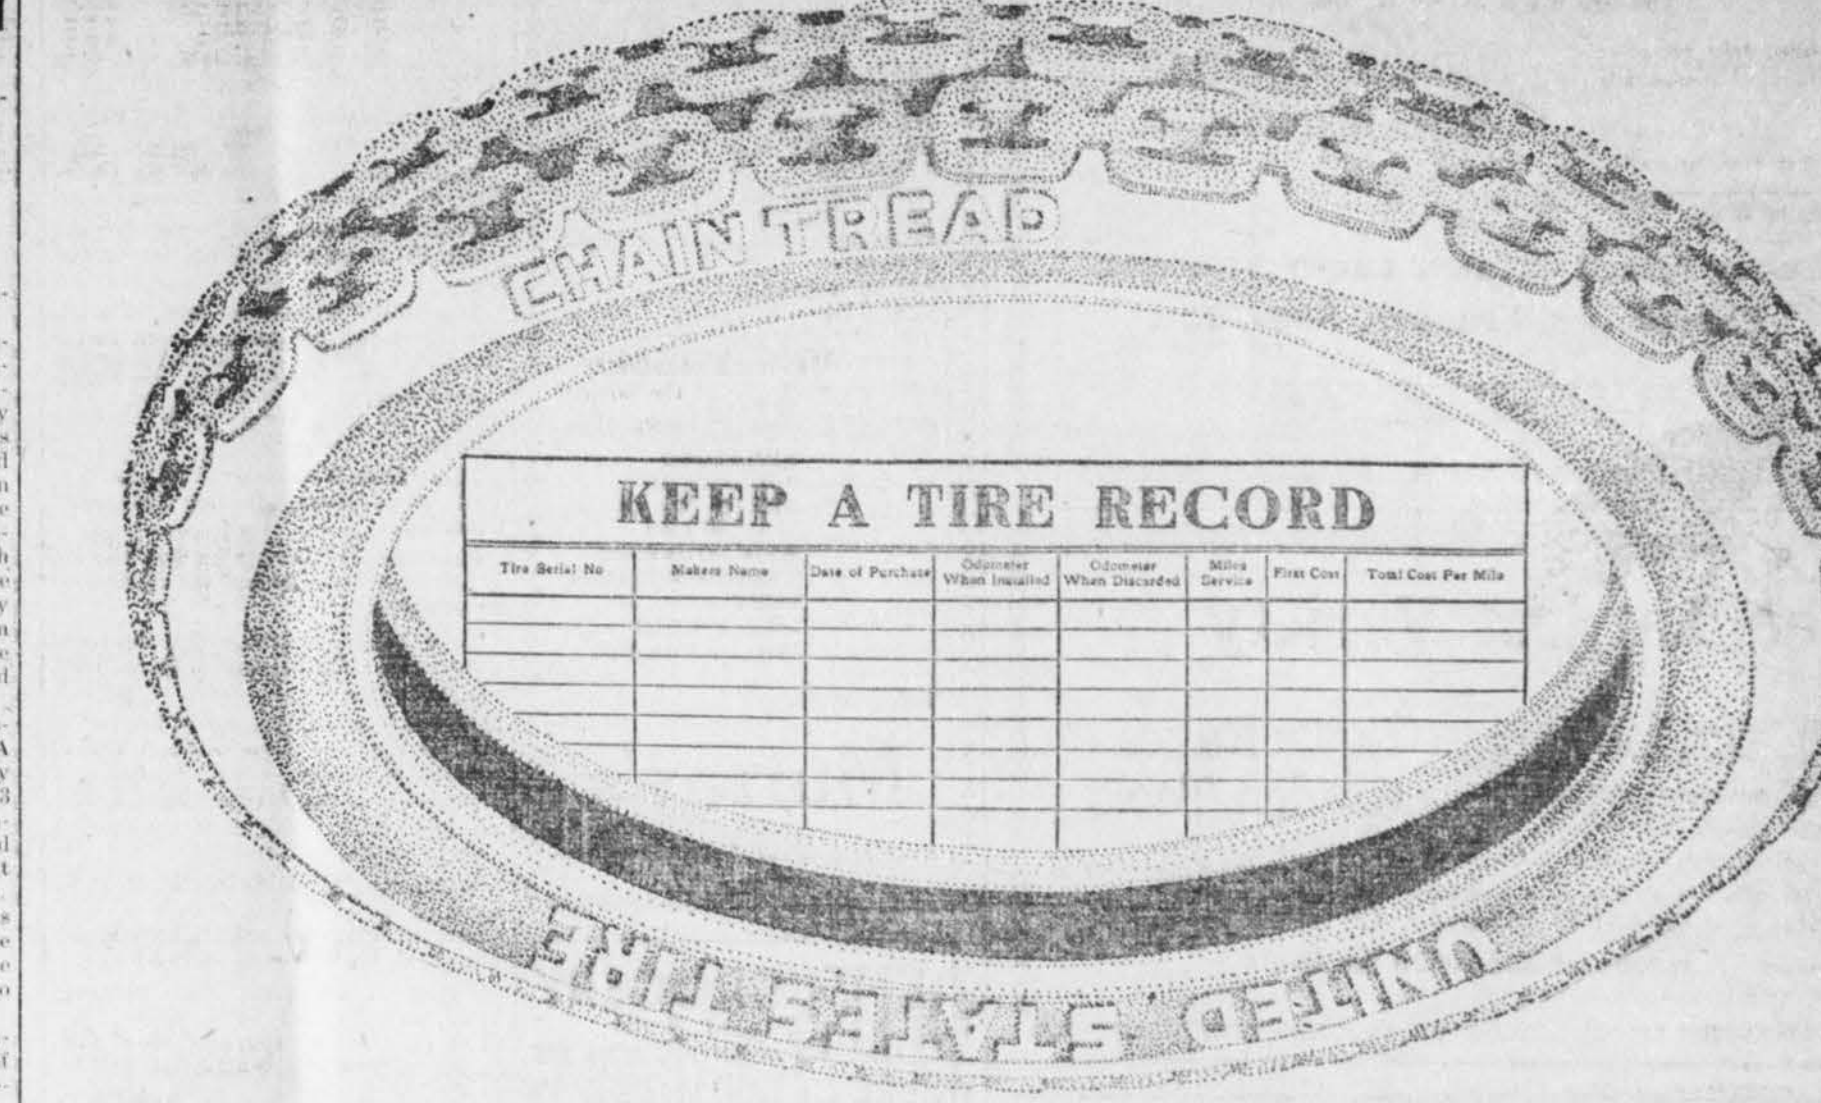

German cruisers which had been stationed in foreign waters at the opening of the war had by that time given a good account of themselves. The Emden operating in the Indian Ocean and adjacent waters overtook and sunk more than a score of allied ships belonging to the nations allied against Germany before she was finally run down and destroyed off Cocos island. In the Atlantic the Karlsruhe and a number of auxiliary cruisers, performed similar duties. They, too, went to the bottom more than a score of ships.

On land the armies of the belligerents settled down to hold their positions for the winter months. Activities from Nov. 11, when the German forces captured Dixmude, resulted in Russian defeats at Vlodavak, Lopno and Kutno. The battle in Flanders progressed at intervals, vigorous actions taking place and thousands of men on both sides being killed or wounded. Between the winter, the armies contended themselves principally with holding the positions they had gained. In the Serbian-Austrian campaign there was considerable activity during the early winter months. The Austrians occupied Belgrade, the Serbian capital, on Dec. 2, and retained it until Dec. 15, when, after the Serbians had captured large forces of Austrians, they were driven back into their own territory.

In East Prussia during the winter there was severe fighting, resulting in the loss of many men, dead, wounded and captured. The German army, operating in East Prussia held off and defeated a Russian army of vast proportions, finally driving it back well into its own territory.

On the sea, a British squadron signally defeated the German squadron which was victorious off the Falkland islands. German cruisers bombarded Hartlepool and Scarborough, and the German armored cruiser Blucher was sunk in the North sea by a section of the British fleet operating there. German submarines became especially active during the winter months, sinking many warships and merchantmen. March opened with an announcement

"A Rubber Chain Tread built on a Powerful Modern Tire"

These are today the acknowledged "Big-Mileage," Popular-Priced Tires. These are the tires that are the newest and biggest sensation of the Automobile World

"Chain Tread" Tires are today acknowledged to be the real "big-mileage," popular-priced tires—but you don't need to take our word for this—simply check the cost-per-mile of "Chain Treads" by keeping one of our Tire Record Blanks.

These Tire Records—in black and white—will prove every claim we make for these sensational tires.

"Chain Tread" Tires

Safety experts acknowledge our rubber chain tread, built on this powerful modern tire, to be an absolutely marvelous anti-skid device.

"Chain Treads" are not simply a fancy design stamped on a tire—they are real anti-skid tires. Send your name and address, for a set of Free Tire Record Blanks, to United States Tire Company, New York City.

"Chain Tread" Tires are sold by Leading Reliable Dealers. Do not accept substitutes

EAST-WEST OARSMEN WILL RACE TODAY

Columbia, Cornell, Pennsylvania, and Syracuse, Pitted Against Leland Stanford.

Poughkeepsie, N. Y., June 27.—College oarsmen from Atlantic and Pacific coasts meet here tomorrow in their annual contest for the crew championships of the Intercollegiate Rowing association.

Twenty Innings Played Ending in No Score Tie; Game Sets a New Record.

Burlington, Ia., June 27.—Burlington and Keokuk, in the Central association, played twenty innings to a scoreless tie today, breaking the record of organized baseball for the longest game without a score.

Grant is Crowded Out of the Fourth Place in 500-Mile Auto Race.

Chicago, June 27.—Harry Grant, who established a non-stop record by driving the five hundred mile automobile derby yesterday without a stop, was crowded out of fourth place today when the official time was made public.

ITALY JOINS IN CONFLICT.

On May 23, Italy declared war on Austria-Hungary after having denounced early in the month the triple alliance treaty. The declaration of war was quickly followed by raids upon the Italian coast cities by Austrian aeroplanes. The Italian army struck across the border into Austria with Trieste and Trent as objectives.

During all this time the Allied warships in the Dardanelles had been kept busy by practically a continuous bombardment of the shore forts. Numerous warships of different types were sunk. Transports were hurried to the scene and troops were landed. On June 3 the Austro-German forces recaptured Przemysl.

During June the Serbians inaugurated a campaign to secure a seaport on the Adriatic. Troops were sent across the border into Albania, with the seaport of Durazzo as an objective. Montenegro also dispatched troops into Albania, an independent nation recognized by the chief powers at the close of the second Balkan war.

Brigade airships and aeroplanes made numerous raids during the winter and spring. London and Warsaw were the objective of a number of trips made by Zeppelin airships, while Paris was visited by hostile aeroplanes. French and British aircraft attacked various points in Germany, dropping explosive and fire bombs.

While the total entry list falls short of the record established in 1907, when sixteen crews competed, there will be twelve crews propelled by seventy-two oarsmen in the two and four mile races and close contests are expected in every class.

An unusual feature of the regatta is the fact that the Cornell crews, especially the varsity, will paddle to the start second choice in the watering.

The defeat of the 1914 crews by both Columbia and Pennsylvania last year and the poor showing made by the Ithaca combinations in preliminary races this spring, has led to the belief that this is an off year for Cornell.

EXTINGUISHERS ARE ON GUARD.

Roach & Seiber Company Warehouses Now Protected by Sprinklers.

The sprinkling system recently installed in the warehouses of the Roach & Seiber company in Houghton by the General Extinguisher company of New York was tested Saturday and was approved. The buildings are now protected by the most modern devices. There are in the system 447 "heads," or sprinklers. Each of these opens and sprinkles water over a large area in the presence of heat, so that a fire will be confined to a very small space. A large alarm bell will be struck the instant one of the heads opens, so that the fire department as well as the employees will be notified of the presence of a fire.

Why the New High School Should Be Built on Pine Street

The city owns the property—good for nothing else. Two basements built. Two walls in place. Lots of light. Overlooks old Lake Superior—always cool, good air, great view. Away from street car, not too far—nearly central.

Will keep about \$25,000 worth of property on the tax roll. Will improve Ridge street. Manual training in basement; light on two sides, doing away with noise, making cheaper insurance. Chance to expand for forty years without buying high-priced property. A good athletic field. About \$25,000 more to put into the building.

But I could give you more reasons why you should buy your drugs at

City Brevities

D. F. Charlton left for Seney on the afternoon train yesterday.

H. C. Reynolds departed yesterday for Chicago, on a business visit.

W. H. Masters, of Munising, was in Marquette Saturday and Sunday.

Harlow Clark left Saturday for Cleveland, O., on a few weeks' business trip.

Charles Labine, of Laurium, is the guest of Marquette friends for a few days.

Miss Tillie Mattson, of Iron River, is here to resume her summer work at the Normal.

Leon Shauer left Saturday for New York. He goes there on a business mission.

Miss Carrie Nordhart is in Detroit to visit with friends. She left Marquette Saturday.

Miss Mary Wallace, who was visiting in Milwaukee for several weeks, arrived home Sunday.

Miss Mary Donovan, who had been visiting in Chicago, arrived home Sunday morning.

Burton Frei left yesterday for southern Michigan to resume his work at Kalamazoo college.

Miss Violet Tomella, who is studying nursing in a Green Bay hospital, is home to spend her vacation.

William R. Sotesky and R. E. Bergman, of Rapid River, arrived in Marquette Saturday to take the summer course at the Normal.

Myron J. Sherwood has returned home from Crystal Falls, where last week he attended the session of the iron county circuit court.

The Misses May Goggin and Ann Opie, of Calumet, arrived in Marquette Saturday. They will attend the summer session of the Normal school.

Phil Stolpe, who had been visiting his father, Frank Stolpe, for the last week, departed yesterday for Ann Arbor to resume his studies at the state university.

Miss Mary Coppens, who has been visiting with her parents the last week, returns today to Green Bay to continue her course at St. Mary's hospital, where she is training for a nurse's certificate.

Miss Mayne McCall, who has been visiting Miss Ruby McDonald at Escanaba, arrived home Sunday to spend several days visiting her parents, Mr. and Mrs. John McCall, of West Prospect street.

Alton T. Roberts and Myron T. Sherwood, of this city, were named last week by Governor Ferris as delegates to the American Mining Congress, the annual meeting of which will be held in San Francisco in September.

F. S. Case, and family, and V. G. Halby, and family, of Marquette and Mr. and Mrs. Conlin, of Crystal Falls, left Saturday for Newberry in automobiles. Messrs. Case and Conlin are members of the board of control of the Newberry hospital, and will attend a meeting there. The party traveled in three automobiles, and expects to be home Wednesday or Thursday.

The South Shore will have excursion rates in effect for the meeting of the Upper Peninsula Development bureau in Houghton July 1. Tickets will be on sale June 29 and 30 and for the morning train of July 1, and will be good for return until July 3. The South Shore will also have in effect special rates for the Marquette homecoming, and the usual Fourth of July rates on all parts of its mileage.

The quick response of the fire department to the alarm at 1:40 o'clock Saturday morning and the rapidity with which the firemen extinguished the blaze at the dwelling house of Fred Yungbluth, on Oak street, are commended by the family. But for the prompt work of the department the fire easily might have become much more serious. Members of the Yungbluth family yesterday expressed their sincere thanks to the firemen's excellent services.

Married Saturday—John Russell Francis, of Ashland, Wis., and Miss Constance Bottom, sister of Dr. C. N. Bottom, of this city, were married Saturday at the Bottom residence, North Third street. Rev. P. T. Amstutz performed the ceremony. Miss Lawrence Wood, of Delancey, O., was ring bearer. The bride wore a Porto Rican dress, trimmed with Spanish lace. Mr. and Mrs. Francis left on the Tionesta for a lake trip. They will make their home at Ashland, where Mr. Francis is representative of the Newport Mining company.

INSURE WITH PETER WHITE & CO.

Half a part per million of iron in water is detectable by taste and four or five parts make water unpalatable.

Upper Peninsula

Charged with Blasting Creek.

One of the most serious violations of the game law reported at Calumet this season came to light in the court of justice Armit when J. Campmen and Frank Gasperich, both of Tamarack, were arraigned on complaint of Deputy Game Warden John T. MacDonald, charged with blasting the creek leading to the Tamarack dam. The alleged offense occurred last Sunday. Considerable fish were destroyed. Campman entered a plea of guilty and accepted full responsibility for the offense, claiming the other man was with him. After a warning by the court, a fine of \$25 and costs, the minimum under the law, was meted out. Gasperich was released on payment of costs.

Will Be Married Next Wednesday.

Miss Ruth Robertson, formerly of Escanaba, has arrived here from Detroit and is visiting at the home of her sister, Mrs. E. J. Noreus, on Michigan avenue, while preparations are going forward for her marriage next Wednesday to Dr. Andrew Potter of Detroit. Rev. Pliny B. Ferris, formerly pastor of the First Presbyterian church of Escanaba and now of Petoskey, will officiate at the ceremony. Mrs. Ferris, a sister of the bride-to-be, will accompany her husband. Dr. Potter is a physician and surgeon in Detroit. Following the wedding the couple will leave for San Francisco on a honeymoon tour.

Calumet Vacation School Popular.

The popularity of the summer school established by the board of education of Calumet is greater this year than ever before. The enrollment totals 600 students. The establishment of the summer school provides an opportunity for students who have fallen behind to make up work and also opens a way for ambitious students to utilize vacation time to make faster progress than can be made under ordinary circumstances. The proposal to erect a trade school to relieve the overcrowding in the Calumet high school is being considered by a committee composed of representatives of the boards of education of District No. 1, No. 2 and Osceola townships. The project has met with considerable favor and is believed to offer the best solution of the problem which confronts the school authorities. The proposed school would provide a practical course in copper mining and treatment of rock and ore, laboratory work, geology, chemistry, engineering and mechanics, and turn out finished trades-

men, as well as provide a first-class preparatory course for advanced technical schools, such as the Michigan College of Mines. The courses would also cover such work as the repairing of machinery, the building of mining and milling equipment, etc. There is little question a trade school would prove popular with both boys and girls and that it would have the tendency of removing the congestion in the high school, leaving the latter open for the academic branches.

Killed by Falling Tree.

Struck on the head by the limb of a falling tree, Alfred Bouschor, aged fifty-four, a teamster well-known in Marquette, was fatally injured at Hiawatha early Friday morning. He died at the Munising hospital late the same day. Bouschor had been in the employ of his cousin, George Bouschor, of Marquette, for some time. He had left to visit his sister at Munising. He had stopped off at Hiawatha, and was planning to go to Munising Friday.

LICENSE IS REFUSED CARNIVAL COMPANY

Mayor Wahlman Declines to Issue a Permit to the Heinz & Beckman Shows.

Mayor J. S. Wahlman Saturday positively refused to grant the Heinz & Beckman Carnival company a license to show in Ishpeming next month. The mayor ascertained the views of a number of the aldermen and business men, practically all of whom expressed themselves as opposed to having another carnival here this year. Some of the business men told the mayor that they could not see that the carnival attractions are of any benefit to the community.

Mayor Wahlman will be generally commended for refusing the carnival company a license. There has always been opposition to carnival companies in Ishpeming, whether they show in the park or the city proper, as there have been but few carnivals here in the past that had attractions of any merit. As a rule, the shows are of a shoddy nature, and are not worth the price asked for them. The carnivals are organized to get the money and get it in the quickest and easiest way possible, and there is, as a rule, little difference in the character of their shows.

The upper peninsula is overrun with carnival companies this year. Their managers had the idea that there has been a great revival in business in both the iron and copper districts, as a result of the increased activity of the mines. The carnivals that have played the Menominee range have not made any money, however, and the Westcott shows have been stranded at Stambaugh for the past two or three weeks, with no indications that the manager will be able to raise sufficient funds to get them out. It is not unlikely that the outfit will be sold for debts.

Earl Enos, the representative of the Heinz & Beckman shows, went to Neegaunee Saturday, in the hope of being able to induce Mayor Heggerton to grant a license to show there. He said he also intended to go to Marquette, to see if he could not secure a date.

ISHPEMING PYTHIANS AWARDED MEDALS

Three Win Honors at Menominee—Team Is First in One Contest, Third in Another.

At Watters, Arthur Anderson and George Johnson, members of the degree team of Zenith Lodge, Knights of Pythias, were awarded medals as a result of their work in the third rank contest at the annual convention and reunion of the Upper Peninsula Pythian league, held last week in Menominee. To win an individual medal the recipient must have performed his work better than the members of competing teams filling a similar position.

The first prize in the first rank contest went to the Ishpeming team. The Ishpeming men took third place in the third rank contest. Sault Ste. Marie won first place in this exhibition, retaining the silver cup won by the team last year. Marquette was given second honors, and Marquette fourth. A victory again next year will give the Soo permanent possession of the trophy. Next year's reunion will be held at the Soo.

The Ishpeming members, some of whom returned home Friday evening, the others on Saturday, enjoyed their visit. They report that the Menominee Pythians are fine entertainers and there was something doing all the time. There were 218 Pythians from various parts of the upper peninsula, outside of Menominee, in attendance, and thirty outside members of the Pythian Sisters.

Dr. Carl Christofferson, of Sault Ste. Marie, was elected president for the ensuing year. Andrew Forbes, of Marquette, was chosen vice president, and T. M. Ross of the Soo was elected secretary and treasurer. A feature of the meeting was the conferring of the grand lodge rank on seven past cancellors. Grand lodge officers did the work. The Pythians so honored were D. G. Wilson, retiring president of the Upper Peninsula league; John Hemes, of Menominee; T. E. Donovan and Henry J. Jensen, of Bernardsville; E. J. Williams and W. H. Blackwell, of Gladstone; and Andrew L. Cameron, of Sault Ste. Marie.

The visiting Pythians were entertained with carnival shows, a picnic in Times Park and automobile rides. The parade on Thursday evening was one of the largest ever held in Ishpeming. The Pythian gathering. All the visitors and practically all the members of the Menominee lodge, as well as a delegation from Marquette, were in line. A number of the business houses were represented by floats. The procession was nearly a block over long. It was witnessed by thousands of Menominee and Marquette people, who lined the streets in the business district.

THE HEATER FOR THE COOL DAYS

Clean and Convenient Comfortable and Cheap

REZNOR Gas Heating Stoves
The Original Copper Reflector

So much comfort for a few cents.

MARQUETTE COUNTY GAS & ELEC. CO.

BIG OUTLAY ON SPECTACLE.

Production of "Everywoman" Cost Henry W. Savage Over \$50,000.

Henry W. Savage in sending on tour his immense production of "Everywoman" has not cheapened the cast, or cut out any of the trappings. The production, just as it was seen on Broadway, New York, for two years, will be offered at the Ishpeming theater Thursday evening.

The effort to tour a production the size of "Everywoman" is an extraordinary one. In the first place there are really three separate organizations merged into one. There is a large dramatic company of thirty-seven speaking characters. Then there is a grand opera contingent with soloists and chorus; beyond this there is a musical comedy company with principals and chorus. Added to all this there is a scenic production which requires special cars for its transportation from city to city; tons of mechanical and electrical effects, and costumes which were especially made in Paris for its production. Then to round out the whole, there is a symphony orchestra to render the score that was especially composed for "Everywoman" by George Whitefield Chadwick, dean of the New England Conservatory of Music of Boston. It is said that the production of "Everywoman" represents a cash expenditure of upward of sixty thousand dollars and over a year's constant effort on the part of the several departments of the Savage producing offices in New York. Mr. Savage considers "Everywoman" his greatest triumph as a producer.

WHY SUFFER FROM RHEUMATISM?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Capparelli, Canastota, N. Y., suffered intensely with pains due to rheumatism in his limbs for a long time. A friend told him about Chamberlain's Liniment. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by All Dealers.

GOOD BASEBALL CONTEST.

College and Y. M. C. A. Teams Played Close Game at Union Park.

One of the best ball games seen at Union Park this season was played Saturday by teams made up of college students home on their vacation and members of the Y. M. C. A. The score was a tie, 4 to 4, in the ninth inning when Arvid Hendrickson, of the "Y" team, drove in the winning run with a single over short. An amusing feature of the game was the "wide-ones" the collegemen's twirler threw to "Pop" Geelan every time he came to bat. However the veteran slugger managed to reach the ball on one occasion and it went out for a safe single.

The summary follows:

Y. M. C. A.—AB.	R.	H.	P.	O. A. R.	
Peterson, c.	5	1	11	1	0
Olds, R.	4	1	0	0	0
Urquhart, ss.	4	0	0	0	3
Geelan, lf.	3	0	1	9	1
Johnson, 3b.	3	0	1	0	2

NOT IN REISS' EMPLOY.

A Nat Reiss carnival agent who was here Saturday on business declared that Mr. Reiss had not stated to Charles Wolgast that he was to play a return date in Ishpeming. The agent said that Wolgast was not now in Mr. Reiss' employ. He said also that the carnival management will not make an attempt to play a return date in Ishpeming. The hearing in the gambling case in which Mr. Reiss is the defendant has been postponed until tomorrow.

JUST WHAT SHE NEEDED.

There is an old saying that "There is a remedy for every ill." It is sometimes yours before you find the remedy exact by suited to your case. Mrs. Rachel Cribley, Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation. She writes, "My neighbors spoke so enthusiastically of Chamberlain's Tablets that I procured a bottle of them. A few days' treatment convinced me that they were just what I needed. I continued to use them for several weeks and they cured me." For sale by All Dealers.

"BILLY'S SANTA CLAUS."

The management of Ishpeming theater has booked J. C. Lewis, Jr., & Co., presenting a novelty comedy playlet, "Billy's Santa Claus," for Friday and Saturday of this week. There are five people in the company, which is headed by J. C. Lewis, Jr., who is said to be the world's youngest comedian. The playlet runs for twenty minutes and in the cast are the young comedian's father, J. C. Lewis, Sr., one of the best known theatrical men in this country. He was the originator of the so-called "hay seed" shows, and for several years traveled with his own troupe, producing "Si Plunkard."

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

J. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

Everybody is talking about our new Butter-Kist popcorn. We use nothing but the best creamery butter. John Polas, Robbins block, Main street. 6-26-44.

MARRIED IN BUTTE.

Former Ishpeming Girl Is Wedded to a Montana Man.

Miss Margaret Nolan, daughter of Daniel Nolan, formerly of this city, and son of Mrs. Dan Nolan, of West Johnston street, was united in marriage last Wednesday to John Lemmon, of Butte, Mont. The bride was born and brought up in Ishpeming and left here with her parents some years ago.

The Anacanda Standard had the following account of the wedding:

"A pretty wedding took place Wednesday when John E. Lemmon and Margaret Nolan were married in the Rectory, Father De Siers at St. Patrick's church at 8 o'clock. The bridegroom is an employe of the Butte postoffice. The bride is a well-known and highly esteemed Butte girl. The bridegroom is also a Butte man. They were attended by Agnes Nolan, a sister of the bride, and Francis Lemmon, a brother of the bridegroom. They left for a trip in the western part of the state and will return in a few weeks and will be at home to their many friends at 412 East Broadway."

BROADWAY FEATURE.

ISHPEMING IN BRIEF.

A son has been born to Mr. and Mrs. Louis Moore, of North Lake.

Paul Linden, who is employed in the Cadillac automobile factory in Detroit, is here on a visit.

Robert Patter has returned from Beloit, Wis., where he has been attending school the past year.

Roland Stanford and James Neidham will leave today for the Michigan V. M. C. A. boys' conference, to be held at Torch Lake.

The members of Zenith lodge, Knights of Pythias, who intend to try for places on this year's ball team are

asked to attend practice this evening at 7 o'clock on the Oliver grounds.

Miss Agnes K. Burns, who holds the position of county commissioner of schools in Benton county, Minnesota, is visiting relatives in the city.

Miss Irma Glanz, of Menominee, is in the city for a few days' visit with her sister, Miss Gertrude Glanz, manager of the Postal Telegraph office.

M. I. Chaney, who a few months ago sold his business college here, has opened a college in Virginia. It is the first school of its kind to be established there.

Mrs. Lars Fernstad has returned from a five weeks' visit to her daughters, Mrs. George C. Ray, of Spencer, Ind., and Mrs. A. C. McCormack, of Elgin, Ill.

Mr. and Mrs. Fred Kirio, of Rimini, are the parents of a daughter, born in Dr. Henry Helm's hospital. A son has also been born at the hospital to Mr. and Mrs. John Nemi, of Elmman.

Births recorded in the city Saturday were a son to Mr. and Mrs. James Williams, 412 West Empire street; a daughter to Mr. and Mrs. Alvin Egan, North Pine street, and a daughter to Mr. and Mrs. Louis Naut, 123 Salisbury street.

A Chaplin coupon matinee will be given at the Ishpeming theater tomorrow afternoon at 2:30 o'clock. The coupon valid for admission appear in today's issue of the Mining Journal.

Mr. Chaplin will be seen in "The Tramp," a two-reel comedy. The Hearst-Selig News, and an Essanay comedy will also be shown.

The baseball team of the Gwinon Boy scouts will hike from there today, accompanied by Scout Master Mike Sathar. The boys will remain until Wednesday evening and will play three ball games tomorrow and Wednesday at Union Park. The nines they will meet are the Junior B and Salisbury Scouts, of this city, and the Jackson Cubs of Negaunee.

Miss H. G. O'Keefe will entertain tomorrow afternoon for Mrs. Henrietta Ruez and Mrs. George E. Ruez. Mrs. Henrietta Ruez will leave the city Thursday for Chicago, where she will reside. She will be accompanied by her grandchildren, Paul and Elizabeth Ruez, who will remain with her until their parents are settled in Milwaukee. Mr. and Mrs. George Ruez and their other children will leave here for Milwaukee within ten days.

Mrs. A. E. Rogers of Alpha, formerly of this city, was operated upon Saturday in a Milwaukee hospital. A

long distance message from her husband to relatives here conveyed the information that she is getting along satisfactorily. Mrs. Rogers was accompanied to Milwaukee by her husband and Dr. V. H. Vandewater. Her sister, Miss Elizabeth Bamford, left last night for Milwaukee to remain with Mrs. Rogers for a week or two.

Si Harper, who a few weeks ago went to Ewen to pitch for the Ewen ball team, and who has been at his home here the last week or more, will return to the Ontonagon county town this week. He broke a finger while sliding to third base in the first game played, but as the injury was not to his pitching hand he expects to pitch for the team next Saturday. The Ewen team has games scheduled for nearly every Saturday and Sunday this summer. It will play clubs from Sidway, Trout Creek, Ironwood, Wakefield, and Bessemer. "Rube" Goulette, a former Ishpeming twirler, is pitching for Sidway.

Upper Peninsula

The Enterprise recently quoted Superintendent Young of the Ant-Salmon league as saying that sufficient signatures had been secured in Mackinac county for the submission of the local option question next spring. The statement is not true, according to one of the dry workers. He says that only about five hundred signatures have been secured, that the number required for submission is between seven hundred and eight hundred, and that not less than the latter number would be satisfactory owing to the fact that errors and people who were not eligible to sign would reduce the number somewhat when it went before two hundred of super-scrs.—St. Ignace Enterprise.

Schoolcraft county's jail and poorhouse are well maintained, and compare favorably with similar institutions of the various counties of the state, according to Douglas Joffling, member of the state board of corrections and charities, who made an inspection last Friday. The county jail was carefully inspected by Mr. Joffling, particular attention being given to ventilation and sanitation. "The jail is well maintained," said Mr. Joffling after the inspection, "everything is kept up well and in good condition, and I have no suggestions to make as far as the maintenance is concerned. However, the building is old, and I would suggest that if ever the number of inmates warrant a change of addition that a new building be constructed."

GOOD NEWS. Many Marquette Readers Have Heard It and Profited Thereby.

Mrs. T. Cook, 206 Rock St., Marquette, says: "The first that I noticed my kidneys were not acting right was when my back began to bother me. I had sharp pains in my back and was lame and sore. Sometimes the trouble was so bad I could hardly do my housework. When I got up in the morning I was all first out. I was very nervous and had headaches and dizzy spells. The kidney secretions bothered me, too, and my health was all run down. When I saw Dean's Kidney Pills—the same that Mrs. Cook had—Foster-Milburn Co., Props., Buffalo, N. Y.

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mrs. Cook had—Foster-Milburn Co., Props., Buffalo, N. Y.

Negaunee Department

RAIN PUTS A STOP TO INTER-CITY GAME

Negaunee and Ishpeming Baseball Teams Play to a 2 to 2 Tie in Six Innings.

The baseball game between the Negaunee and Ishpeming teams at Union Park yesterday afternoon was called in the sixth inning on account of rain. The score at the time was 2 to 2. Negaunee's runs were made in the first inning. Ishpeming tied the score in the fifth. An attempt was made to finish the contest after the rain, but the diamond was too wet.

Rule was in the box for Negaunee. He pitched a good game and was given first-class credit for Ishpeming. Negaunee's runs were made in the first two hits were made off of his delivery. Tumola fanned four men and gave three bases on balls. Rule, who struck out six men, allowed six hits, three in the fifth inning.

In the first inning, Heimonen went out, C. Ayotte to H. Ayotte. Peel got a base on balls, stole second and went to third when Mandley juggled Ford's grounder long enough to permit the latter to reach first. Ford stole second. Holman popped to Tumola, Walter Willman hit a hot grounder to Harry Swanson, at short. The ball got away from Swanson, and Peel and Ford scored. Tall struck out.

Fregolle, the first man up in Ishpeming's half of the fifth inning, got to first when Rule balked. He stole second while the Negaunee players were contesting the umpire's decision. Tumola went out, Davey to Fredrickson, and when the latter tried to catch Fregolle at third he threw the ball over Holman's head and the runner went home. C. Ayotte went out on an infield play.

Harry Swanson singled and took second on a wild error scoring later on singles by Young and Bill. The inning ended when R. Swanson was thrown out, Davey to Fredrickson.

Walter Willman, who recently returned home from Lansing, where he has been attending school, made his debut as a Negaunee pitcher. He played the center field position in a manner that got him several rounds of applause from the grandstand. His throwing from the outfield was responsible for the shutting off of three Ishpeming runs. Willman has one of the best "sings" of any outfielder who has played in this region in several years. His judgment of fly balls is good. Negaunee friends who saw him in action yesterday are positive Willman will make good as a college player. He will try for an outfield position on the Michigan Agricultural Varsity team next spring.

"Hap" Swanson, younger brother of Einar Swanson, Ishpeming's former league pitcher, played his first game with a city team yesterday. Although a little off color in covering the ground and gathering up the hits, due perhaps to nervousness, he showed that he can play ball and he made two of the six hits garnered by his team. The boy is only fifteen years of age.

The summary of the game follows: Ishpeming—A. B. R. H. P. O. A. E. C. Ayotte, 3b., 3 0 1 1 2 0 0; Swanson, ss., 3 1 2 0 1 1; H. Ayotte, 1b., 3 0 1 0 0 0; Mandley, 2b., 3 0 1 0 0 0; Fredrickson, lf., 3 0 1 0 0 0; Ouyey, cf., 2 0 0 3 1 0; Tumola, p., 2 0 0 1 2 0 0.

Totals 25 2 6 15 8 2
Negaunee—A. B. R. H. P. O. A. E. Heinonen, 2b., 2 0 1 0 0 0; Peel, c., 2 1 0 5 1 0; Ford, rf., 3 1 0 0 0 1; Holman, 3b., 3 0 0 2 0 0; Willman, cf., 3 1 2 0 1 0; Tall, 2b., 2 0 0 2 0 0; Fredrickson, lf., 2 0 1 4 0 2; Ouyey, ss., 2 0 0 3 1 0; Rule, p., 2 0 0 0 0 0.

Totals 18 2 2 18 6 4

Runs and hits by innings: 1. Two-base hits—C. Ayotte. First on balls—off Tumola, 3. Left on bases—Negaunee, 4; Ishpeming, 6. Stolen bases—R. Swanson, Heinonen (2), Peel, Ford (2). First base on errors—Negaunee, 2; Ishpeming, 2. Struck out—by Rule, 6; by Tumola, 4. Double plays—Mandley to H. Ayotte. Umpires—Goulette and Gaffney.

PLAYGROUNDS BALL GAME.

Saturday afternoon at the high school playgrounds, the Bomb Bombs defeated the War Eagles in a fast and well-played contest of playground ball by a score of 24 to 8. Alford Borlace, pitcher for the Eagles, was knocked out of the box in the sixth inning when Werner Nemi made a home run and Irving Lamson drove out a three-bagger and six runs were scored.

Some excellent contests are being staged in the playground ball league and the games are watched by large crowds. The line-up of the teams and the runs scored by the players in Saturday's game follow:

Bomb Bombs—Leo Berg, pitcher, three runs; James Fredericksen, first base, four; Carl Sanders, third base, three; Erik Erickson, second base, two; Fredrickson, left field, one; Werner Nemi, catcher, three; William Phillips, left shortstop, one; Fred Anderson, right shortstop, three; James Gundry, center field, two; Irving Lamson, right field, two.

War Eagles—John Laverton, catcher, one run; Alford Borlace, pitcher, one; Fred Cheverette, first base, two; Ernest Haupt, right shortstop, one; Thomas Farrer, second base, two; George Jewell, left shortstop; Charles Pulkineen, third base; Carl Hill, left field; Alfred Treussler, center field; Leslie Jennings, right field.

Mrs. Henry Denn and son Albert arrived here Friday evening from their home at Medicine Hat, Alberta, Can., to spend the summer with Mrs. Denn's parents, Mr. and Mrs. T. Wellett.

INSTALS APPARATUS PROCURED IN ITALY

Dough-Mixing Machine of John Lisa Believed to Be Only One of Kind in Country.

John Lisa, proprietor of the Negaunee bakery, corner of Clark street and Pioneer avenue, has installed a dough-mixing machine believed to be the only one of its kind in the United States. The mixer was purchased by Mr. Lisa while he was in Italy last summer.

The machine, which is manufactured in Italy and exclusively by the Brevetto-Pensotti company, is operated by electricity, with the power furnished by a motor attachment. The largest part of the mixer is a large steel pan or bowl, in which the dough is first prepared and later kneaded. The motor furnishes the power to turn the pan and also to operate two spiral arms which perform the kneading operation. The spirals intervene through the dough while the pan is turning. It requires only twenty minutes to mix a quantity of dough for 400 loaves of bread.

The machine is provided with safety attachments. It is easily kept clean, and there is no opportunity for particles to lodge in the bowl or mixing device. The spiral screws are at one side of the bowl, which permits the operator to remove any part of the mixture at any time without putting his hands near the kneaders. Sharp langes on the spiral arms cut into the dough while it is being tumbled in the bowl, and a scraper keeps the edge of the bowl clear and throws the dough back under the arms. The motor has a capacity of 200 revolutions a minute. The entire operation is automatic. The machine takes in twenty minutes work that would take two men more than two hours to perform.

Mr. Lisa's bakery is electrically sanitary in all departments. The large oven is lighted by gas, and all parts of it can be seen at all times. As each batch of bread is baked the oven is cleaned before any more baking is done. Mr. Lisa employs two bakers and two men on the delivery wagons. He has been in the business in Negaunee for eleven years. More than twenty-five hundred loaves of bread are baked every week.

While in Italy Mr. Lisa also purchased new tile for his oven. These were shipped in twenty-eight sections, but before reaching Negaunee twenty-three of the tile were broken. It will take two or three months before he can obtain more.

Mr. Lisa will leave here in August for Italy to undergo a surgical operation. He expects to be in Italy for several months.

DIED AT OSKOSH.

Child of Charles Johnson Passes While Visiting Grandparents.

Charles Johnson, a member of the Iron Herald force, received word Saturday afternoon that his daughter Gladys, six years old, had died at the home of her grandfather, Peter Freireich, at Oshkosh, Wis. The little girl left here last week with her mother and two brothers for an extended visit in Wisconsin. She was in the best of health at the time. Shortly after reaching Oshkosh she was taken suddenly ill.

Her condition, while somewhat alarming, was not critical for several days. On Wednesday, however, she became ill with black diphtheria and died early Saturday afternoon. Mr. Johnson left here Saturday evening for Oshkosh to attend the funeral, which will be held today from the Freireich home.

LECTURE THURSDAY.

Christian Sorenson, of Wooster University, a lecturer and traveler and member of the National Geographical Society,

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and headache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. F. W. LANSSING, Box 8, Ailyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

A good bank connection wins half the battle of business. The bank's financial responsibility and its capable management are equally vital considerations. Your idea of the kind of a bank you would prefer to deal with is exemplified in our facilities, responsibility, service and accommodations.

NEGAUNEE NATIONAL BANK

Designated U. S. Depository.

will give an illustrated lecture on "Denmark" at the Swedish Lutheran church next Thursday evening, commencing at 8:30. At the conclusion of his lecture Mr. Sorenson, who is a native of Denmark, will give an impartial discussion of the European war and will show views of various places of conflict.

LOCAL LACONICS.

Elh Dawe spent yesterday on business at Saults.

Frank Richards has returned from a few days' visit at Marquette.

Arthur Pascoe left Saturday for Detroit, where he will be employed.

Henry Trevarrow has returned from a business trip to the copper country.

Mr. and Mrs. T. A. Jones are here from Minneapolis, on a visit with relatives.

Mr. and Mrs. Thomas Pascoe arrived home Saturday evening from a week's visit at Detroit.

George Gold, of Chicago, who spent the week here on business, left last evening for Calumet.

P. R. Perring, clerk at the Stephenson mine at Princeton, spent Saturday and yesterday in the city.

Mr. and Mrs. Fred Coran and baby, of Gwinon, are spending a few days with relatives and friends here.

A delegation of Negaunee people went to Diorite yesterday to attend a picnic given by a Diorite church.

Albert Sanders has been confined to his home on Cyr street for the last several days on account of illness.

Dr. John Winter, of Duluth, spent Saturday and yesterday here visiting with his brother, J. H. Winter.

Charles Taylor, who recently left here for Detroit, has gone to Keokuk, Ia., where he has accepted a position.

The June issue of the Michigan Street Telephone company's telephone directory has been delivered to patrons.

Bart Duschane has gone to Marquette, where he has taken a position with his uncle, Frank Labonte, the grocer.

Samuel Bishop, who is employed as quarry foreman for Duracher & Son at Marquette, spent yesterday in Negaunee with his family.

Thomas Allen will leave today for Escanaba. He will have charge of the public yards of the Chicago & Northwestern railway.

Mrs. A. H. Knight and daughter, Edna, arrived home yesterday morning from Duluth, where they spent a week visiting with relatives.

Sam Spargo, train dispatcher for the Chicago & Northwestern Railway company at Escanaba, visited with relatives here for a few hours Saturday.

Mrs. R. A. Brotherton and children have gone to Green Bay, Wis., to spend a few days visiting with Mr. and Mrs. G. W. Simonsin, parents of Mrs. Brotherton.

S. A. Farnson has completed painting the dwelling houses of Joseph Peterson on Heath street and William Jewell on Lincoln street. Today he will start painting James Davey's residence, on Heath street.

Mr. and Mrs. William Janzen, Miss Anna Schultz and Miss Anna Janzen, of Marquette, and John Moffatt spent Friday at the Pecheke river, fifteen miles north of Champion. They made the trip in Mr. Moffatt's automobile.

A regular meeting of the city council will be held Thursday evening. Persons having claims against the city are asked to file them at the recorder's office before Wednesday evening.

Nelson Jensen, aged one year and four months, son of Nelson Jensen, died Friday afternoon at Saults, from tuber culosis meningitis. The funeral was held yesterday, with interment at Marquette.

Walter M. Webb, general safety inspector for the Republic Iron & Steel company, who spent several days here at the Hartford and Cambria mines, left Saturday evening for his home at Gilbert, Minn.

Births recorded in the city Saturday were: Mr. and Mrs. Herman Antio, Tubin street, a son; Mr. and Mrs. Oscar Carlson, Collins addition, a son; Mr. and Mrs. Peter Cheverette, 328 Cherry street, a daughter.

The Boy Scouts will meet this evening at 7:00 o'clock at the high school gymnasium. The meeting has been called for the purpose of arranging for the participation of the troops in the big parade at Marquette next Monday.

"The Cryptic Ring," the sixteenth episode of "The Exploits of Elaine," will be the feature picture at the Star theater tonight. A Biograph two-reel feature entitled "Adam Bede," George Elliot's greatest story, and "Sweetie Learns to Ride," an Essanay comedy, will also be shown.

Mrs. John P. Miller, her son, Walter and her daughters, Ruth and Alice, arrived home Saturday night from Chicago and Ann Arbor. Mrs. Miller and son went to Ann Arbor to attend the commencement exercises of the University of Michigan. Ruth Miller was a member of the graduating class. Miss Alice Miller has been attending school at Ypsilanti.

A team heralded to be the "best" nine at Green Bay, Wis., staged a comedy for the fans at Escanaba Saturday. Escanaba won by a score of 11 to 2. The Green Bay men were entirely outclassed. Commenting on the contest the Escanaba Press yesterday said: "The feature of the joker comedy was Green Bay's pitcher. The second big joke feature was the

ALL HANDS BUSY ALL WEEK LONG

Committees Will Seek to Clear Slate of Arrangements for the Homecoming Observance by Friday Night—Will Concentrate Attention on the Many Details.

Executive Board Well Pleased Both With Progress and Outlook—Fifth Will Be Big Day and Program Will Be Continuous from Dawn Until Midnight.

Marquette will this week be in a bustle of preparation for its homecoming observance and 5th of July celebration. The plans are now fully outlined, and the work of arranging to carry them out is well advanced, but of course much detail remains to be disposed of. The committees will, however, turn to the task with a will, and by Friday night, preceding registration day for the homecoming, they expect to have the slate clear of all arrangements.

The executive committee is well pleased, indeed, both with the progress and the outlook. The observance will, through the efforts of the financial committee, made up of Messrs. Rice, Jenkinson and Case, representing the three banks, be adequately financed. Generous appropriations have been made for the various entertainment features. The committee adopted the plan of asking each person addressed for a definite sum, and it has given good results. As a rule, the persons to whom letters were sent have responded freely, although the work is not yet complete and some additional money must be raised.

Meanwhile the planning of the program has gone on steadily, and it is now possible to predict much well thought out entertainment for the visitors, particularly on the 5th, which will be the big day of the meeting. It is the particular aim of the committee having the arrangements for the 5th in charge to see that there is something to hold the attention of the crowds from early until late, and when the details of the program are announced it will be seen that they have accomplished this as it is rarely accomplished in connection with small town celebrations of the kind.

Four features will stand out in the program, the industrial parade in the morning, the auto parade in the afternoon and the Mardi gras parade in the evening, which will precede the street dancing and the exhibition of fireworks. In between will be sandwiched a great variety of other events, including street sports, water sports, canoe and launch races, and relay races. For the day an aggregate of prizes that will call for not far short of \$500 will be offered.

Both the industrial and automobile parades now bid fair to be the most attractive ever seen in the county. The merchants are all interested in the former, and several of them are now working out the ideas for particularly elaborate floats that they hope will be among the prize winners. This week the committee in charge of the automobile parade will seek assurances from car owners that they will put in elaborate representations. Saturday night there will be a drawing, as a result of which \$5 cash prizes will be given four lucky persons entered for the parade, conditioned only on their appearing in the line according to their agreement. By this expedient it is hoped that it will be possible to announce Monday morning the entire lineup of the parade.

The comic features of the several parades now promise to cause much merriment. Several young men are planning unusual stunts that they expect will take the crowds by storm, as well as carry off some of the prizes. They are having little to say about their plans, but they are as industrious as they are secretive.

Pioneers' Day.

Plans for the other features of the homecoming observance are not being slighted, even if those for the 5th claim the most attention. Persons about the city hall Saturday caught a glimpse of a rehearsal of what is expected to be one of its most appealing features, the living flag, which will be made up of boys and girls dressed in the appropriate colors, and which will form the background to the "new citizens" program at the county court house the morning of Tuesday. The preparation for this feature is being looked after with the greatest care by the ladies assisting with it, and they hope to make it unusually attractive.

Responses to invitations to the homecoming indicate that there will be a large attendance here of former residents and relatives of residents. Many persons who came particularly to attend the homecoming program are already in the city and while there is no means of knowing just how many will be here, large numbers will arrive towards the end of the week. The necessity of seeing that they are properly cared for is not being overlooked, and the committees will be prepared to see that rooms are found for them and that everything possible is done to make their stay a pleasant one.

VOLENDAM DAIRY DANCE.

Will Be One of the Numbers Given at Kermis This Week.

One of the dances to be given at the Holland Kermis at Guild Hall Wednesday and Thursday is called the Volendam Dairy dance. It will be interesting because it will be an authentic reproduction, in correct costume, as worn in Volendam at the present time, of the original. In this quaint village on the Zuyder Zee it is considered improper for a girl to allow her head to be seen bare. The hair is, as a rule, close cropped, and the women and girls wear under the white cap with "coenettes," or ears, a black skull cap which does not permit more than a fringe of hair to be visible.

The rehearsal of this and the other numbers to be presented in the Kermis has progressed to the great satisfaction of Mrs. Pettee, the directress, and the program promises to be a most attractive one.

NO STREET SHOWS FOR MARQUETTE

Commission Will License Only Carnival That Will Appear at County Fair.

If, as is reported will be the case, the representative of the Heinz & Beckman shows travels to Marquette to seek an engagement for them on the Marquette streets he will have wasted that much time and travel. He will receive a courteous negative from Mayor Begole. The commission will license only one carnival company for Marquette, and that will be the one that will show in connection with the Marquette county fair. This will be admitted out of deference to the wishes of the Agricultural society directors, who have fallen back on carnival entertainment as the best way in which to entice the fair grounds.

Miss Cecil Robbins and Miss Elsie Krueger, of Gladstone, visited friends in the city over the weekend.

Miss Hazel Hanford, who had been visiting at Detroit for several days, arrived in the city Saturday night.

K. S. Baker, district manager of the Michigan State Telephone company, was in Houghton last week, on an inspection trip.

The eleventh-month-old son of Charles Desormier, 1008 Presque Isle avenue, died Saturday. The funeral will be held this morning at 8 o'clock from St. John's church.

Klaner's band gave a concert in Lakeside park Saturday evening. It was listened to by a large crowd. Similar programs will be given at intervals on Saturday evening throughout the summer.

There has been no gambling at the fair in connection with the carnival. In fact regulation was carried so far last year that one of the "middle" concessions, in which doll babies were the prizes, was put out of the "spindle" business last fall on complaint of a Marquette man, and had to finish out the week selling the doll babies as merchandise, a business that was not very productive of profits.

The success of the shows was interfered with by the weather last fall, but under favoring conditions this year they are expected to do a large business. Meanwhile it will not profit the management of any other attractions to seek Marquette dates.

GERANIUMS AT HALF PRICE.

5 and 10 cents each. Beats any 10-cent store. Sorensen's Greenhouses.

City Brevities

Thomas Neault was in Calumet on business last week.

Ed Raich, of Big Bay, was in the city Saturday, on business.

Mrs. Guy Freeze left Saturday for the Soo, on a brief visit.

Mr. and Mrs. A. L. Huetter left yesterday for Detroit.

Lowell Youngquist is in Detroit on a few weeks' vacation trip.

H. W. Jackson, of Negaunee, was a business caller Saturday.

A. H. McDougall, of the Soo, spent the weekend in the city.

Mrs. W. J. Dyer and daughter left Saturday for Providence, R. I., on a several weeks' visit.

Miss Adele Egan arrived in Marquette Sunday, after visiting her sister, Mrs. Wm. Normie, at Chicago.

Miss Cecil Robbins and Miss Elsie Krueger, of Gladstone, visited friends in the city over the weekend.

Miss Hazel Hanford, who had been visiting at Detroit for several days, arrived in the city Saturday night.

K. S. Baker, district manager of the Michigan State Telephone company, was in Houghton last week, on an inspection trip.

The eleventh-month-old son of Charles Desormier, 1008 Presque Isle avenue, died Saturday. The funeral will be held this morning at 8 o'clock from St. John's church.

MENOMINEE IMPRESSED.		MARQUETTE TEAM WON.		MARQUETTE STOLE TWELVE BASES.	
Greatly Appreciated Large Representation of Marquette Pythians.		Munising Defeated, 7 to 13, in Six-Inning Game at the Fair Grounds.		Marquette stole twelve bases. The box score follows:	
Menominee greatly appreciated the large representation of Marquette Pythians in that city last week, for the annual session of the Upper Peninsula league. The Herald-Leader says: "There were three groups of persons who deserve special mention. Marquette, the Soo and Hermansville are the towns to be congratulated for their live and wide-awake Pythians. The Marquette lodge came here in full regalia with a band of no mean ability and a crowd of good fellows. When a city can turn out like that for a convention it is easy to see why it progresses and why it is advancing faster than some of its neighboring cities."		By filling the bases twice in the fifth inning and then clearing them with hits, the Marquette City baseball team yesterday increased a two-run lead over the Munising nine in the game played at the fair grounds and clinched the victory. The final score was 13 to 7. Due to the fact the visitors were to leave on the 5 o'clock train for home the contest went only six innings. At no time did Munising appear threatening. The inability of Pitcher Goodson or Catcher James to nip men stealing bases contributed largely to the home team's run-getting.		Marquette: A. B. R. H. A. P. O. E.
