

AUSTRIA FACES CABINET CRISIS, SEMI-OFFICIAL WORD

GARRISON HITS ATTACK OF TAFT ON P. I. MEASURE

Former President's Statements Are Mendacious in Character and Mischievous in Intent and Are Foundation for Campaign Material, War Secretary Asserts

In His Reply Mr. Taft Denies Any Partisan Feeling, Says He Stands by the Administration in National Crisis, But Scores the Present Policy in Islands.

What Secretary Garrison says: Mr. Taft's statements in regard to the Philippine bill are mendacious in character and mischievous in intent. It was done with a view to campaign material. Conditions in the Philippine islands were never better. The bill is not an independence bill, but is the next logical step in the development of the Philippines. Points to Mr. Taft's statements while he was president, lauding the Filipino and attacking those who spurned him. Mr. Taft's Reply: Mr. Garrison's arraignment is unjust, vehement and unmeasured. I have not the slightest tinge of partisan feeling in my interest in the Philippine problem. I am not unmindful of the necessity of standing by the administration, regardless of party in national crisis. And defend Jones' articles on subject, but already knew the conditions were as described, due to the elimination of Americans in the civil service and the substituting of Filipinos.

Washington, Nov. 29.—Secretary Garrison, of the war department, issued a formal statement today sharply arraiving former President William H. Taft for having lent his name to what are termed "statements mendacious in character and mischievous in intent" with relation to conditions in the Philippine islands under the present administration. Circulation of these statements, Mr. Garrison charges, show plainly "that the Republican politicians are attempting to lay the foundation for campaign material with respect to the Philippine islands."

Particular attention is given by the secretary to articles written by O. Garfield Jones, and published in a California newspaper and later republished in pamphlet form under the title "Unhappy Conditions in the Philippine Islands," with an introduction by Mr. Taft. The introduction attributed the conditions described to the blind and foolish policy of President Wilson and Governor Harrison.

In connection with his comment Mr. Garrison makes public a letter which he says was written recently by Jones to the department, asking where a newspaper market might be found for a "much better article" which he had prepared on "The Philippines and the Democratic Regime," declared to be highly favorable to the administration.

The statement follows: "It is becoming very plain that the Republican politicians are attempting to lay the foundation for campaign material with respect to the Philippine islands. There have recently appeared a series of interviews or articles exhibiting a shameful intention in this matter. These statements are mendacious in character and mischievous in intent. Many of them proceed from sources so inconsiderable as to carry little if any weight, even if undenied. Others, however, are fathered by men whose names and prominence supposedly lend weight to their utterances. It is inconceivable that even partisan zeal would lead these men so to stultify themselves."

"Realizing that the honor and good faith of this nation were involved in its relations to the Filipino people, I have absolutely abstained from any partisan comment or conduct with respect to this subject. The United States took over an enormous responsibility which should be carried out in the highest spirit of good faith and altruism, and all those who respect the good name of this country should at least refrain from misrepresentation and false statements concerning conditions."

"The government instituted in the islands by the United States was conceived in the best spirit and has in the main been carried out in the most worthy way. Such mistakes as have been made were only such as are inevitable in the conduct of human affairs. That government has been continued in the same spirit by the present administration, and conditions, governmental, considered, were never better than they are in the Philippine islands today."

Not an "Independence" Bill. "The bill which was pending in the

FIRST DAY SEES DEMOCRATS GET RAPIDLY ALONG

Organization of Both Houses of Congress Is Well Under Way—Senator Kern, of Indiana, Is Unanimously Chosen Conference Chairman and Floor Leader

Legislators Adjourn Until Wednesday When They Will Hear Committee on Revision of Rules and Nominate the President Pro Tempore of the Senate.

Washington, Nov. 29.—Democrats of both houses of congress today got their work of organization for the coming session well under way. The senate conference unanimously re-elected Senator John W. Kern, of Indiana, as chairman and floor leader and the house ways and means committee began the puzzling task of assigning members to committees. After choosing the party leader the senators adjourned until Wednesday, when they will hear the report of the special committee on revision of the rules and select the vice chairman of the conference and the nominee for president pro tempore of the senate.

OPPOSE SENATOR CLARKE.

Opposition has developed to the re-election of Senator Clarke, of Arkansas, as president pro tempore, because of his fight against the ship purchase bill at the last session. Thus far no other candidate has appeared, but consideration of the matter was deferred at today's session upon request of several senators. Senator Owen, chairman of the special rules committee, has called a meeting for tomorrow to agree upon the form of censure to be submitted to congress. The rule is expected to limit each senator to a certain number of hours' debate on a given subject and to provide that a senator must talk to the subject for a certain time, but not to exceed that time. This proposal is not expected to meet unanimous favor, as some of the Democrats, while opposed to filibustering, do not believe definite limitation of debate can be accomplished.

ASKS LARGER REPRESENTATION.

The house ways and means committee, with Representative Kitchin in the chair, received a petition from Minority Leader Mann for larger Republican representation on all committees in view of the increased minority membership. A tentative plan was agreed upon by which one additional Republican would be added to the ways and means committee, appropriations, military, naval and judiciary committees. No final decision was reached, however, and it probably will be several days before the assignments can be worked out. The committee will meet again tomorrow.

When reorganization of senate committees begins six new Democratic senators and three new Republicans must be taken care of. Democratic leaders are seeking to make room on the finance committee for Senator Underwood, of Alabama, former chairman of the house ways and means committee, and it is probable that Senator Phelan, of California, will be assigned to the committee on naval affairs, which is to be increased by one member.

PROGRESSIVES MEET JAN. 11 TO BEGIN CAMPAIGN

New York, Nov. 29.—A call for the national committee of the Progressive party to meet in Chicago on Jan. 11, 1916, to fix the time and place for the national convention, was issued by the executive committee of the Progressive national committee at a meeting here today. After the conference the following statement was given out: "State issues which have complicated elections during the last three years are now a thing of the past. The next election is a national one. It was on national issues that the Progressive party was born and polled its greatest vote. The greater national issues of 1916 will inevitably embody the salient features of the Progressive national platform of 1912. Believing that the great Progressive independent vote of the country is just as firmly committed to these principles as it was in 1912 the Pro-

MANY MATTERS TO BE UP TODAY FOR REICHSTAG

German Governing Body Will Assemble for Its Sixth Session Under Influence of Two Important Topics, Food Regulation and Aims and Conduct of the War

Members of Parliament Will, It Is Expected, Launch General Criticism of Conservation Measures—Von Bethmann-Hollweg May Speak, But Not on Peace.

Berlin, via London, Nov. 30, 2:35 a. m.—The reichstag will assemble tomorrow for its sixth session—a session which will take place under the influence of the two absorbing topics of the present moment, namely, the regulation of the food supply and the aims and conduct of the war. It will, also, it is understood, be marked by the introduction of a new vote of credit for the war, presumably for the accustomed amount of \$2,500,000,000, although no definite announcement in this respect has been made. The actual items already announced for the working program of the session include a bill for the modification of punishments for minor offenses under martial law, discussion of the governmental report against the reduction of the age limit for old age pensions from seventy to sixty-five years and minor legislative projects that are of no great general importance.

MAY RAP FOOD REGULATION.

It is generally anticipated, on the other hand, that the members of parliament will take this occasion to launch a general criticism of the measures for the regulation of the food supply, on which the government has promised to submit a memorandum to the reichstag and that certain elements, notably the radical wing of the Socialists, will insist on bringing into the discussion the ultimate aims of the war and the terms on which Germany could profitably make peace. Whether Chancellor von Bethmann-Hollweg will be drawn by this discussion into a statement more or less definite on the subject is uncertain. The Associated Press is informed from circles in the closest touch with the chancellor that the decision whether the chancellor will speak on the subject has not yet been made. On the other hand a newspaper statement coming from Major Ernest Bassermann, one of the parliamentary leaders who has been in preliminary conferences with the chancellor, asserted that the chancellor will deliver an important speech on the foreign and internal policies, expressing himself particularly upon the question of the food supply.

LIKELY SILENT ON PEACE.

The correspondent of the Frankfurter Zeitung, who has exceptional opportunities for gathering information on such subjects, expresses himself more cautiously than Major Bassermann and says merely that the chancellor will have an opportunity to make a statement upon the military and political situations. The Associated Press anticipates that the chancellor probably will make a speech—and if one, probably two—but it seems uncertain whether he will touch at all on the delicate subject of the German peace program. His decision whether a speech will be delivered need not be taken immediately since, according to the probable program, the reichstag will gather tomorrow only for a brief session, at which Dr. Karl Helfferich, secretary of the imperial treasury, perhaps will speak regarding new credits and then adjourn for about eight days, in which time all possible questions will be discussed in committees. The members generally are agreed as to the advisability of handling many subjects, particularly controversial ones, in the semi-privacy of committee rooms.

gressives throughout the country are insistent on maintaining the organization of the Progressive party with all the vigor possible. Therefore the national committee of the Progressive party is hereby called to meet in Chicago on Jan. 11, 1916, for the purpose of fixing the time and the place of holding the national convention of the Progressive party to select candidates for the presidency and the vice presidency of the United States and to adopt a national platform."

SOLDIERS TURN PEACE MEETING INTO RECRUITING

London, Nov. 29, 11:10 p. m.—Canadian and Australian soldiers, with a sprinkling of British territorialists, this evening took charge of Memorial hall, where the "Union of Democratic Control," an organization which is opposed to conscription and favors peace, was advertised to hold a meeting, and unceremoniously threw the speakers from the platform and turned the gathering into a recruiting meeting. The soldiers, forming themselves at the top of the staircase and leading to the great hall and galleries forcibly took possession of the building. Bombs containing "asphyxiating gases" were launched and then the soldiers took the platform by storm. Several of the speakers, including E. D. Morel, the leader of the union, sought refuge in an ante room. The promoters of the meeting were thrown from the platform with the furniture to which they clung. The soldiers took the places of the speakers and passed a resolution that the only terms of peace acceptable to the allies were those which should be dictated after the complete defeat of Germany.

DEFENSE WILL OPEN TODAY IN HAMBURG CASE

New York, Nov. 29.—The government's case against officials of the Hamburg-American line, on trial for conspiracy to deceive and defraud the United States by dispatching relief steamers with supplies from American ports to German cruisers at sea in 1914, was closed today. "The defense may present all its evidence tomorrow and the case be given to the jury Wednesday. Three motions will be heard by Federal Judge Howe at the forenoon session tomorrow: A motion to dismiss the indictment; a motion to direct a verdict for the defense; and, these failing, a motion that the jury be instructed to disregard all testimony concerning the steamer Marina Quersada, which, the defense claim, was in no way connected with their operations. Argument on these motions, it was indicated today, will be somewhat protracted; so much so, in fact, that the jury was excused for the entire forenoon session, or until 2 p. m. tomorrow. A dramatic touch was given today's proceedings by the demand of the defense that the government assert whether it considered Captain K. Boy-Ed, German naval attaché, a conspirator in the case with the defendants. Captain Boy-Ed, one witness testified earlier in the trial, directed the expenditure of \$750,000 alleged to have been spent in outfitting relief ships for German cruisers in the Pacific as well as the Atlantic. The government did not reply directly to the question, nor did the court, to whom it was reiterated, pressed for an answer.

MESSAGE TO CONGRESS IS ONLY 4,000 WORDS BUT IS TO THE POINT

Washington, Nov. 29.—President Wilson tonight completed his annual address to congress which he will read at a joint session of the senate and house a week from tomorrow. In preparation of the address the president has followed the precedent set by him when he inaugurated the custom of reading his messages to congress in person and it contains no long review of the activities of the different government departments. It is understood that there are less than four thousand words in the document. In other words, the president saw no callers and worked in his study from the time of his arrival from New York early in the morning until tonight. It has been definitely established that the president will read other messages to congress after the Christmas recess in order that he may take up subjects not bearing on national preparedness.

WINTER STOPS BIG MOVES.

New York, Nov. 29.—Jim Coffey knocked out Gumbert Smith in the fourth round of their fight at Madison Square Garden tonight.

TODAY'S WEATHER.

Washington, Nov. 29.—The following is the weather bureau's forecast for Upper Michigan: Cloudy Tuesday and Wednesday.

MEMBERS MAY RESIGN GERMAN AGENCY WIRES; KAISER IS IN VIENNA

German Emperor Visits Francis Joseph to Discuss What the Next Move Will Be in the Theater in the Near East, To Attack the Anglo-French, or Concentrate on Bulgarian Border to Meet Threat of a Russian Invasion and the Possibility of Roumania Taking Sides Against Her Old Enemies, Bulgaria and Turkey—Kitchener Ready to Make Report.

London, Nov. 29, 8:15 p. m.—A dispatch to the Exchange Telegraph company from Copenhagen says: "The Wolff bureau (the semi-official German news agency) says that several members of the Vienna cabinet will resign."

London, Nov. 29, 3:20 a. m.—A dispatch to the Times from Florina, Greece, dated Saturday, says: "The Bulgarians yesterday crossed the river Cerna. Monastir has been evacuated. The Serbian army is retiring in good order."

London, Nov. 29, 3:13 p. m.—The Tribune asserts that Austria is attempting to conclude a separate peace, according to a dispatch from Rome to the Exchange Telegraph company.

For the first time since the outbreak of the war Emperor William of Germany and Emperor Francis Joseph have met. The German emperor went to Vienna and conferred with the Austrian sovereign, the Austro-Hungarian foreign minister, Baron von Burian, and the Hungarian premier, Count Tisza. The nature of the conference can only be surmised, but they are believed to have been concerned more with the situation in the Near East than in any of the other war theaters. Coincident with Emperor William's visit, however, comes a report from the semi-official German news agency that several members of the Austrian cabinet are about to resign.

The British secretary of war, Lord Kitchener, after having visited the Balkan theater and Italy, is now in Paris, where he will give an account of his observations to the French government and possibly join in the war council to outline a policy for future military operations. The threat of a Muscovite force invading Bulgaria has not yet materialized, nor has the attitude of Roumania been defined. The Russian foreign office suggestively calls attention to "the reported change of front by the Austro-Germans toward the allies at Strumitsa and toward the Danube," which, it says, "if confirmed would indicate that the Austro-Germans and Bulgarians anticipate surprises from Russia and perhaps from Roumania."

London, Nov. 29, 10:30 p. m.—The campaign in the Near East is about to enter a new phase upon which the visit of Lord Kitchener to Paris and Emperor William to Vienna, it is believed, will have an important effect. Earl Kitchener, after visiting the Balkans and Italy, has arrived at Paris for an important series of conferences with the French staff while the German emperor has gone to Vienna to see Emperor Francis Joseph and discuss with the Austrian generals what the next move will be. Presumably it is a question whether the central powers will attack the Anglo-French forces in southern Serbia or concentrate in western Bulgaria to meet the threat of a Russian invasion from the east and the possibility of Roumania taking sides against her old enemies, Bulgaria and Turkey.

So far as Serbia is concerned, winter appears virtually to have put an end to any important movements, although the Austrians are proceeding to deal with the Montenegrins, whose frontier they have crossed, while the Bulgarians are attempting to advance to Prizrend and Monastir. With heavy and continuous snowstorms reaching the proportions of a blizzard these operations must be slow, especially as the Serbians and Montenegrins are still offering stubborn resistance. Monastir, it is admitted, cannot

be saved, but the Serbians who are defending the city are determined to resist to the last and give the civilians a chance to escape. They hold a front some five miles from the town in the direction of Prilep, from which point the Bulgarians, who have crossed the Carassou river, are advancing. Snow has completely stopped operations on the Anglo-French front in Serbia, the opposing forces, who are separated by a valley a mile across, having lost sight of each other.

GREEK NOTE MAY EASE TENSION.

There are no details of the Greek reply to the collective note of the entente powers demanding facilities for the Anglo-French forces, but a dispatch from Athens says it is couched in friendly terms and is regarded as paving the way for the desired settlement, which would enable Greece to maintain her neutrality and not interfere with the intention of the allies. Desperate fighting continues on the summits around Gorizia; the Italians claim to have captured more Austrian trenches, but the Austrians declare that the attacks all along the Isonzo have been repulsed. Artillery and aerial fighting has marked the progress of events in France, while in Russia an almost complete lull prevails. In the Caucasus a resumption of activity, however, is reported, Petrograd recording several scouting expeditions.

BAGDAD'S FATE NOT SEALED.

London, Nov. 29, 8:50 p. m.—The British victory over the Turks at Ctesiphon, near Bagdad, as reported last week, has not, as many persons believed, sealed the fate of Bagdad. An official report issued tonight says that having successfully completed the removal of his wounded and prisoners, General Townshend, the British commander, in the face of the arrival of Turkish reinforcements, again has withdrawn his force to a position lower down the Tigris river. The announcement was made in an official statement tonight, which reads: "The enemy's strength at the battle of Ctesiphon is estimated at four divisions. One of these is stated by prisoners to have been practically wiped out. This is confirmed by our own observations, but the approach of Turkish reinforcements is reported. General Townshend having successfully completed the removal of his wounded and prisoners has withdrawn his force to a position lower down the river."

READY TO QUIT MONASTIR.

London, Nov. 30, 3:23 a. m.—Telegraphing from Saloniki Sunday the Times correspondent says: "It is stated that the director of telegraph, twenty gendarmes and three army officers who are still remaining in Monastir today are ready to leave at the last moment and the civil authorities already have left in anticipation of the arrival of the Bulgarians, who are said to have been joined by the Austro-Germans descending from Mitrovitsa. Apparently they have succeeded in shaking off the French force, which has been attacking them east of Prilep. From that direction as well as probably from Kriševce they are said to be advancing on Monastir, driving back the handful of Serbians, who, without hope of keeping them permanently in check have gallantly sought to delay their progress."

ROUMANIAN TROOPS MOVING.

Petrograd, Nov. 29, via London, 3:45 p. m.—"The position of Roumania is evidently becoming more definite," says the Reich in its weekly summary of the war situation. "The press even alludes to an agreement having been reached. Italian newspapers add to this the information that a movement of troops is under way. The visit of Emperor Nicholas to the frontier during his inspection of the southwest front also seems to indicate that particular attention is being given to military preparedness in these localities. These suppositions are strengthened by the alarm shown by the Bulgarians respecting the Danube frontier. Evidently fearing the moral consequences of a collision of the Russian and Bulgarian armies, they are drawing thither German and Turks and requiring the local population of several sections to retire into the interior of the country."

PREPARING TO ANSWER NOTE. Athens, Nov. 29, 2 p. m., via Paris, Nov. 30, 2:10 a. m.—The government yesterday prepared the way for a reply to the second note of the entente powers. The reply will be given after a final conference between the ministers and the sovereign this afternoon. It is believed that Greece's acceptance of the terms of the entente allies will not be without certain reserves.

REPLY TO BE SATISFACTORY?

London, Nov. 29, 5:15 p. m.—The tenor of official messages today to the Greek legation here corresponds with newspaper dispatches as to the satisfactory nature of the Greek government's reply to the entente ministers.

GORIZIA IN FLAMES.

London, Nov. 29, 11:15 p. m.—Telegraphing from Zurich the Exchange Telegraph company's correspondent says: "A semi-official Austrian dispatch received here says that suburbs of Gorizia are in flames and that the evacuation of the town by the remaining civilians is proceeding methodically."

WHEAT SEIZURE TAKEN AS SIGN OF BRITISH PLAN

New York, Nov. 29.—The commandeering of Canadian wheat by the Canadian government was interpreted here by grain exporters as possibly the first step by England not merely to take over all Canadian grain but to smash ocean freight rates by requisitioning the Atlantic freighters. Exporters regarded the situation as undoubtedly serious from their point of view. Julius Barnes, one of the leading exporters on the New York produce exchange, asserted that the British government could virtually drive the American grain exporter out of business if it chose. "The seizure of Canadian wheat," Mr. Barnes said, "has left us all at sea. None of us know yet just what it means, but if the British government intends, as is possible, to take over all of the Canadian grain crop, it is going to put us in a serious position." For some time there has been a rumor current in New York exporting circles that Great Britain intended to take over all her Atlantic merchant marine as a drastic step toward breaking the high freight rate. Mr. Barnes declared that the Canadian grain seizure looked very much like a step in this direction.

WINNIPEG MAN, NOV. 29.—TRADING IN WHEAT FUTURES WILL BE RESUMED TOMORROW ON THE WINNIPEG GRAIN EXCHANGE.

President Milner announced tonight, after a conference, that the council had decided to open the market tomorrow for trading in everything except November wheat.

Copper Country

LOCK CONTRACTORS LOOK OVER TRAP ROCK

Men Who Will Do Government Work at Soo May Get Material in Copper Country.

S. A. Knowles and L. George, representing the Oscar Daniels company, contractors for the concrete work on the proposed fourth lock at the Soo, were in the copper country Sunday investigating trap rock. They hope to be in a position to use a considerable quantity of this rock in their concrete work.

The Daniels company has a contract to put in 250,000 cubic yards of concrete, which will involve 250,000 tons of crushed rock. The company is operating quarries closer to the Soo but will be unable to get out the rock fast enough there and will want 50,000 tons from another source.

Messrs. Knowles and George inspected old burrow piles of the Isle Royale, Mowat, Franklin and Quincy in connection with the trap rock. They were in the Houghton office of the Ingersoll-Rand company. They were impressed with the quality of the trap rock obtainable at the Mohawk and Quincy and took samples with them.

The use of this rock is contingent on the approval of the United States engineers in charge of the lock construction. If they find its quality meets their specifications the contractors may open negotiations for the purchase and shipment of the rock.

May Buy at Marquette.

There is one alternative to this arrangement. The Soo men left Sunday night for Marquette to confer with F. B. Spear & Sons, who operate a quarry for crushed rock near that city. They expressed the opinion before they left that the shipping facilities at Marquette would include them to the use of that rock rather than copper country rock, providing its quality is as good.

The use of concrete in the construction of big ship canal locks is an interesting development of that form of construction. The two older locks at the Soo, one built in the early eighties and the other completed in 1897, are constructed of cut limestone.

This type of construction involved in each case the employment for several years of hundreds of stone cutters and masons, skilled workmen drawing big wages.

The construction of a lock at the Soo under the old conditions meant a boom in that city, one lasting from four to half a dozen years. The concrete lock is built with greater speed and with the employment of fewer skilled workmen so that it does not mean so much to the city.

If the rock for the concrete comes in part from the copper country next summer it will mean the shipment of many cargoes of rock and the employment of quite a large number of laborers in loading the rock on cars and transferring it to vessels.

ARRAY OF LAWYERS IN CONFUSING CASE

J. F. Hambitzer Prosecuting for Alleged Fraud—Rees, Robinson & Peterman for Defense.

One of the most confusing and complicated criminal cases ever brought before the circuit court of Houghton county was that opened yesterday morning before Judge Louis H. Fead of Newberry, who is here to act for Judge O'Brien, when Bernard Holmstrom, a Laurium building contractor, was put on trial on a charge of obtaining money under false pretenses.

One phase of the case, which has a history extending over eight years, is that Judge O'Brien is disqualified from sitting on it because as a lawyer, before his elevation to the bench, he was interested. Prosecuting Attorney Galbraith is disqualified because he had an interest as an attorney also before he became prosecutor. Joseph E. Hambitzer of Houghton is acting as prosecutor and the importance of the case is further shown by the fact that Mr. Holmstrom's defense is in the hands of Rees, Robinson & Peterman, who have not had concern with a criminal case for years, excepting one growing out of the strike.

Something of the History.

Mr. Hambitzer's opening statement to the jury yesterday morning was read, instead of being the usual informal presentation of what the people are prepared to prove. He said the matter is so complicated he could not trust to his memory the duty of marshaling the facts. His fear was sustained by the statement. It was long and it showed a most complicated transaction.

It appears from the opening statement for the people that Hans G. Hansen, an aged Laurium merchant, was in financial difficulties on Dec. 11, 1907. He was sued in the circuit court by E. M. Liebkin, the Hancock and Calumet wholesale grocer, and judgment was brought against him in the sum of \$5,863.

It is charged that in order to save something from the wreck Mr. Hansen gave Mr. Holmstrom a fake mortgage, amounting to be security for \$2,000, with the intention that when the judgment was levied on his property this mortgage would be a prior claim and that Mr. Liebkin would have to pay it in order to get possession of the property. The intention was that Mr. Holmstrom, according to the prosecution's allegation, was to turn this sum over to Mr. Hansen, which with \$1,500 exemptions would give the latter \$3,500 out of the wreck of his estate.

From this point in the statement a reporter who is not a lawyer and a stenographer would get into deep water if he attempted to report in detail. Mr. Hambitzer's statement, it consisted of a maze of notes and mortgages, promises and performances, failures to perform and other legal juggling, and the upshot of it all was, according to the charge of the people, that Mr. Holmstrom came out with \$2,236.75 in his possession, which was either the property of Mr. Liebkin or Mr. Hansen. The people charge that Mr. Holmstrom had no financial interest in the affair and that he obtained this money by fraud and retained it fraudulently.

Mr. Hansen on the Stand.

Hans G. Hansen was the first witness called. He is a man well advanced in years and somewhat feeble. He is said to be one of the first Finns to settle in the copper country, but he still is unable to talk English fluently and his testimony was given through an interpreter. His story tallied in essentials with the opening statement of the prosecution.

ISHPEMING HOCKEY EXHIBITION.

Portage Lake Team Accepts Invitation to Play During Holidays.

Even though Portage Lake may not have a team in the Western league of the American hockey association this winter, and this is a matter very much in doubt right now, there will be a Portage Lake hockey team for at least one week. J. A. Yates of Ishpeming, one of the former Dollar Bay fans, believes that the iron country is interested in hockey and he wants to show the game to the people of that section.

For this reason the Portage Lake team will be reorganized this winter and will play during Christmas week at Ishpeming, against a picked iron country team.

Leo Cullinan of Dollar Bay, cover point for the Portage Lakes last season, has received from Mr. Yates an invitation to bring this arrangement about and members of the old Portage Lake team of last winter have stated that the entire team with the exception of Haas, now playing in the west, will get together for this trip if for nothing else. Mr. Yates is an enthusiastic hockey fan. He came up from Ishpeming last winter on several occasions to see hockey matches. He has taken an interest in hockey in a small way in the iron country city and he believes there is material there for a good season. He believes the sport can be developed in the iron country with any sort of encouragement and he considers an exhibition by the Portage Lake team to be the best kind of an incentive for iron country sportsmen.

The members of the Portage Lakes are all enthusiastic for the trip and they are going to make for it the same preparations they would make for a regular schedule.

CITROLAX CITROLAX CITROLAX

Best thing for constipation, sour stomach, lazy liver and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory flushing—no pain, no nausea. Keeps your system cleansed, sweet and wholesome. Ask for Citrolax. Sold Everywhere.—Adv.

DEATHS IN LAKE LINDEN.

Nonagenarian Found Dead—Sister Justina—Mrs. Russell Test.

John D. McDonald, ninety-four years of age, was found dead Sunday afternoon at his home in Lake Linden. He was one of the oldest residents of the village, in point of residence, was a native of Scotland and came to the United States when eight years of age. He leaves a grown family.

Sister Justina, in the world Miss Emma Delisle, a member of the Sisterhood of St. Joseph, died yesterday at St. Anne's academy in Lake Linden. Sister Justina's home was in Somerset, Ill. She had been in Lake Linden four years, a teacher in the parochial academy. The funeral will take place Thursday and it is expected Rt. Rev. Bishop Els of Marquette will be present.

Rev. Father Beauchaine of The Rock will arrive in Lake Linden today to officiate this morning at St. Joseph's church in the funeral service for his cousin, the late Mrs. Russell Test of Detroit, who died in that city last week and is to be interred at Lake Linden.

BROKEN NECK PROVES FATAL.

D. J. Sullivan, Veteran C. & H. Employee at Hubbell, Dies.

D. J. Sullivan, fifty-eight years of age, a veteran employee of the Calumet & Hecla smelter at Hubbell, died Sunday night at the Calumet & Hecla hospital, Calumet, as the result of a broken neck. Mr. Sullivan fell down a scree-way in his home in Hubbell Friday night and sustained the injury. For a time it was thought he might recover. He is survived by Mrs. Sullivan and two sons.

Otto Laiti, thirty-three years of age, of Wolverine was found Sunday night on Pine street in Red Jacket, unconscious. He did not know how serious the injury was and started to walk home. It was necessary to practice artificial respiration to restore him to consciousness. He is being cared for at the Calumet public hospital.

SHERIFF AS GOOD SAMARITAN.

Finds Isaac Ojala of Oseola Unconscious on Calumet Highway.

Sheriff Cruise acted the good Samaritan Sunday night. He was returning in his automobile from Calumet and about 9:30 o'clock near Highway he found a man lying in the road. The man was unconscious and had several bad looking cuts on his head.

The sheriff took the man into his car and brought him to consciousness long enough to learn that he was Isaac Ojala of Oseola. The car was turned around and the man taken home. Sheriff Cruise believes he has been struck by an automobile but at his home Ojala recovered and explained that he simply was drunk and had fallen in the road, the cuts on his head resulting from that accident.

REV. JOHNSON AT HANCOCK.

Pastor of Marquette M. E. Church Is the Speaker at Anniversary.

The anniversary service of the First Methodist Episcopal church of Hancock was held Sunday with Rev. Charles J. Johnson, of Marquette, in the pulpit at the morning and evening service. Rev. Mr. Johnson chose for his topic at the morning service "The Heroic Age of Upper Peninsula Methodists" and in the evening he spoke on "The Relation of the Republic in the Schools of the Republic."

In the morning Mr. Johnson went over the work of Methodist missionaries in the upper peninsula in the early days. The first church in the upper peninsula was established by the Methodists at L'Anse and the first church erected in the iron country was near Ishpeming under the direction of Methodist missionaries. Both of these churches were made of logs. The speaker also stated the first missionary work in the copper country was under the leadership of Methodist missionaries at Eagle River.

Rev. William Benson, said Mr. Johnson, came to L'Anse as a missionary and labored among the Indians. Later going to Marquette where he was successful in having a church built. In 1834 Rev. Mr. Clark was sent into the upper peninsula by the Methodist church of New York, continued Mr. Johnson, and established a mission at L'Anse.

MORE THERMOMETER ADVICE.

Weather Observer Tells How to Test the Home Instrument.

Weather Observer Cowdick admits that the subject of thermometers is a big subject. In an interview the other day he tried to cover the subject in a general way but he now admits that he missed a very important point, the test for accuracy.

The instrument is of little service unless its reports on the temperature are accurate, or reasonably so. To determine its accuracy the weather observer says that it should be thrust into a vessel containing ice and salt, in about the proportions used in freezing ice cream. Any small vessel will hold

LUMBER COMPANY IS BANKRUPT.

Zenith Company of Baraga in Hands of Referee R. T. Looney.

R. T. Looney, referee in bankruptcy for the upper peninsula, on Sunday took possession of the property of the Zenith Lumber company of Baraga and placed James Copeland of Hancock in charge as custodian.

The action results from the company being forced into bankruptcy through the suit of a Chicago creditor. The liabilities are about \$85,000 and the assets about half of that.

The Zenith company is the result of the reorganization of the Nestor estate. It is said that it may come out of the present difficulty and be able to resume business.

NEW LAMPS IN M. E. CHURCH.

The Painesdale M. E. church was on Sunday the occasion for commendatory remarks. All of the old electric lamps in the building had been replaced during the week with tungsten lamps.

WENT TO THE HOSPITAL.

C. E. Blanchard, postmaster, Blanchard, Cal., writes: "I had kidney trouble so bad I had to go to the hospital. Foley Kidney Pills completely cured me." Men and women testify they banish lame back, stiff joints, sore muscles and sleep disturbing bladder ailments. Sold Everywhere.—Adv.

How Attrition May Decide the War

"Attrition," which the *New Standard Dictionary* defines as "the act of wearing out by rubbing or grinding by friction," will be the deciding factor in the European war, giving the victory at last to the side with the greatest reserve of men to draw upon, is an opinion held in the allied countries and familiar to all students of the great conflict. The public, however, has lacked any comprehensive estimate of the rate at which this process of attrition is actually going on. In THE LITERARY DIGEST for November 27th there is a very comprehensive digest of the results that may be looked for at a definite date in the future.

Of equal interest, in the same issue are these articles:

Bringing the War to the United States

A Summary of the Newspaper Opinion of This Country Regarding the Mysterious Explosions in American Munitions-Plants and on Ships Carrying American Arms to the Allies

- Probing the "Ancona" Tragedy
- America to Rebuild France
- A Chimneyless Suburb
- An Underground Battle with the Ocean
- Fenders for Auto Trucks
- Starving Oxford University
- Booker T. Washington
- Pernicious "Tell-Tale" Literature
- Russia Demanding Reform
- Reprisals Demanded for German Air Raids

- Points Ignored in "Preparedness"

- (Illustrated by Striking Pictures of Modern Farming Implements in Operation)
- The European Art Invasion
- What the German Soldier is Reading
- Christians Not at the Mikado's Coronation
- Easing the Soldier's Conscience
- Both Sides Pick Flaws in our Blockade Note
- Authoritative Accounts of German Food Shortage

A MELANGE OF HUMOROUS CARTOONS AND INTERESTING PHOTOGRAPHS

In THE LITERARY DIGEST every fact that has a bearing upon great national issues is impartially presented by text and picture. There is no attempt at editorial suasion by the "Digest" editors. All the facts, pro and con, are given and the reader is thus able to form a clear, unbiased opinion on every subject under discussion. While, naturally, the war news occupies a place of importance in this issue of the "Digest," this subject being uppermost in the public mind, all other fields of human endeavor are covered in the same intelligent manner. Every week the newest and most important happenings in Science, Politics, Invention, Literature, Art, Religion, Industry, Sports, and Drama are recorded. There is such a heavy demand for THE LITERARY DIGEST that if you don't buy it on Saturday, you may not get it at all.

enough for that purpose. The temperature of this mixture is 32 degrees above zero, Fahrenheit. If the thermometer registers this temperature when covered with the ice and salt it is accurate enough for all practical purposes.

RESPIRE FOR H. WALKUP.

Colored Man's Examination on Assault Charge Will Be Postponed.

The examination of Henry Walkup, colored, charged with shooting Anna Shaw, colored, of the Shaw hotel, Houghton, is set for this morning before Justice Little but cannot come up because of the condition of the complaining witness.

The woman was shot two weeks ago, the bullet glancing along her left temple. It was later seen that the bullet had scraped the skull resulting in a somewhat serious condition and she was taken to St. Joseph's hospital and operation. She is still in the hospital and unable to come into court.

LUMBER COMPANY IS BANKRUPT.

Zenith Company of Baraga in Hands of Referee R. T. Looney.

R. T. Looney, referee in bankruptcy for the upper peninsula, on Sunday took possession of the property of the Zenith Lumber company of Baraga and placed James Copeland of Hancock in charge as custodian.

The action results from the company being forced into bankruptcy through the suit of a Chicago creditor. The liabilities are about \$85,000 and the assets about half of that.

The Zenith company is the result of the reorganization of the Nestor estate. It is said that it may come out of the present difficulty and be able to resume business.

NEW LAMPS IN M. E. CHURCH.

The Painesdale M. E. church was on Sunday the occasion for commendatory remarks. All of the old electric lamps in the building had been replaced during the week with tungsten lamps.

WENT TO THE HOSPITAL.

dryer in Milwaukee, was begun yesterday morning.

The Green City must get out tonight because at midnight the marine insurance expires and the cargo would have to be shipped thereafter at owner's risk.

Whitney Bros. of Duluth arrived at 1 o'clock yesterday morning with their lighter and salvage plant and began operations at once in the loading of the wheat city. After she is away the contractors will send lighter loads of wheat to the Copper Range dock to load it into cars.

Mr. Graff said yesterday that he expects to recover in good condition, though wet, about 70,000 bushels of the wheat. He estimates the work will take a week.

From here he goes to Parish, Texas, to take charge of the wheat stored in an elevator recently burned.

MRS. PANKHURST IS SCORED BY WOMAN

London, Nov. 29.—Many members of the Women's Social and Political union have revolted against the leadership of Mrs. Emmeline Pankhurst. A largely attended meeting under the chairmanship of Mrs. Elinor Penn Gaskell unanimously approved a long indictment against Mrs. Pankhurst.

In this indictment those who attended the meeting charge that in using the name of the Women's Social and Political union for political purposes, Mrs. Pankhurst was acting without authority, "the consent of the members not having been asked or obtained."

They accuse her of "usurping authority and expelling members who differed from her will," resulting "in the removal from membership of almost all the women possessed of influence, capacity and independence of thought."

Finally, they call upon Mrs. Pankhurst to issue a statement showing the funds that have been expended since the war began. They ask Christabel Pankhurst, her daughter, to resign or explain her continued absence from the country.

HAD TO BUY SWORDS JUST TO SHOW KING

London, Nov. 29.—A curious survival of the martinet spirit of the old army appeared during the recent visit of the king to the British troops in France, when an order was issued that the officers should appear with swords during the royal review.

It was a costly order for the young

officers, as few were provided with swords, which are the most expensive part of a kit.

Swords are obsolete as part of an officer's equipment in the field. Officers who had them left them at home when they went to the front. A small bomb case has taken the place of the sword, except when in action, and then some officers carry rapiers.

The king, on account of falling from his horse, was unable to review his troops, after all. And it is said that the king would have been the last man in England to place this heavy tax on his officers for the sake of mere form, had he known of the order.

GIFT OF CAR LINE REJECTED BY CITY

San Angelo, Tex., Nov. 29.—San Angelo has refused a Christmas gift of the local street railway system and a bottle of injunctions may ensue if J. D. Sugg, owner, enforces his order to suspend street car service and fulfill his threat to tear up the tracks within a week.

Street railway patrons were considering court action to compel a continuation of service.

Mr. Sugg, reputed the wealthiest citizen of San Angelo, offered the system to the municipality several weeks ago. It was reported that the various lines had been operated at a loss. The city commission refused the gift.

SECOND MEDICAL RELIEF CORPS GOES TO GERMANY.

New York, Nov. 28.—Three physicians and six nurses, forming a second medical relief expedition to Germany, sailed on the Scandinavian-American liner Helig Olav today for Copenhagen. Dr. Fred Kammerer, Dr. Kurt Sauer and Dr. Frank D. Gorham were in charge of the expedition, which carried supplies for a hospital of 400 beds. The nurses will have charge of a large corps of nurses to be formed in Germany. The German relief committee is preparing to send a third expedition.

Brown, midnight; Bixby, 1 a. m.; Meaford, noon; Goulder, 2:30 p. m.; Assiniboia, Augustus, John Donaldson, Matthews, James Wallace, 4; Hurlbut Smith, 5; Francis Robbins, 5:30; Kopp, 6:30; Lagonda, 7.

NOTED CRIMINAL JAILED AGAIN.

London, Nov. 10.—After spending thirty-seven years in prison, John Hartley, aged seventy-three, has been sent to jail again for twelve months at the London sessions. Hartley's criminal career establishes a record in its way. His first sentence, a week in jail, was imposed in 1855 when only twenty-one years old. Two years later, he got three months. Thirteen other sentences followed, mostly for burglary. In his old age, the sentences were shortened. But he has already served six months during the present year. Hartley is so feeble that he had to sit in a chair during his trial, instead of standing up as is the custom here. He pleaded guilty to burglary.

City Brevities

Today's weather: Cloudy with snow flurries. Yesterday's temperatures: Seven a. m. 26 degrees; noon 25; 7 p. m. 24; Highest 26 degrees; lowest 24.

Carl Meeske left last night for Milwaukee.

Carl Kraft left yesterday morning for the Soo.

J. E. Kraft left yesterday morning for Munising.

A. W. La Due left yesterday morning for Wetmore.

Mrs. W. R. Oates was a passenger for Chicago last night.

E. J. Hudson was a passenger for Chicago Sunday night.

A. B. Eldredge was a passenger for Chicago last evening.

There will be no study hour at the Public Library this afternoon.

R. P. Bronson, of Ishpeming, was a business caller here yesterday.

V. S. Hillier, of Ishpeming, was in the city yesterday on business.

Mrs. N. E. Brayton, of Ishpeming, visited with friends here yesterday.

H. J. Ulrich left yesterday morning for Sidnaw, on a few days' business trip.

Douglas Johnson, of Gwinn, is visiting in the city, the guest of James and Edward Moloney.

Ernest Riopelle, who has been employed at Houghton, returned home yesterday afternoon.

Mrs. J. Stenglein returned home last night, after a two weeks' visit with relatives at Negaunee.

W. R. Oates left yesterday for Lansing and other lower Michigan points on a week's business trip.

John Lewis and Louis Pendill returned yesterday afternoon from a few days' hunting trip at Onota.

Miss Mary Jacobs returned to Harvey yesterday morning after a few days' visit with relatives at Ishpeming.

The L. P. L. society will hold a social meeting Thursday afternoon at 4:15 in the Methodist church parlors.

Mr. and Mrs. R. J. Klamert have returned from Escanaba, where they visited friends and relatives for a few days.

Commissioner E. L. Pearce and Wm. Robinson, foreman of the Lake Shore Engine works left on Sunday night for Chicago.

Miss Elizabeth Block returned to Michigamme yesterday afternoon after a visit with her brother, John Block, Hewitt avenue.

Mrs. Albert La Fortune, who was called to Duluth last week by the illness of her brother, Leo Nys, arrived home yesterday morning.

Miss Jennie Kimberg, a normal student, who had to give up her studies on account of ill health, left last night for her home at Norway.

The Rev. Charles J. Johnson has returned from Hancock, where he preached at the Methodist Episcopal church on the occasion of the anniversary of the dedication of their place of worship.

Chief of Police McIntosh has fully recovered from a recent illness and was very much in evidence around town yesterday for the first time in several days and is apparently feeling better than ever now.

The members of the Women's society of the Presbyterian church will entertain their husbands at an informal dinner Friday night at 6:30. All members expecting to attend will please notify Mrs. Amstutz by Thursday.

John Fish, the two-months-old son of Mr. and Mrs. W. E. Fish, 420 Washington street, died Sunday night. Funeral services will be held this afternoon at 2 o'clock from St. John's church, with interment at the Negaunee cemetery.

The Great Pumpkin Case—In the Sunday school rooms of the M. E. church, December 1st, 1915, at 8:00 p. m. sharp, will be given the above mock trial. There will be merriment galore of a wholesome character. The proceeds will be used for furthering Sunday school work, and it is hoped that a large crowd of backers will support the participants in this, their initial attempt of this kind of a program.

Bridge Tournament—The first of the winter series of bridge tournaments for the members of the Marquette club will be held Thursday evening. Those who will play will dine at the club at 6:30 o'clock. Members who would like to take part in the games are requested to notify R. C. Lowe.

Last Boat for Spear—Due to an unexpected demand for hard coal, Spear and Sons have ordered another boat load since the close of the navigation season for this concern last week. The Sharpless was due to arrive from Buffalo last night with a cargo of coal, and the season for Spear and Sons will close with the unloading of this steamer.

Trainers Hold Meeting—A meeting of the Brotherhood of Railroad Trainers was held at Fraternity hall last Sunday night in which the election of officers proved the most important business transacted. At the conclusion of the meeting a delicious luncheon was served, prepared by George Beaudry, steward of the Elks' club. Seventy-five resident and out-of-town members were present.

Taken to Hospital—Clifford Smith was brought here from Trout Lake yesterday afternoon in serious condition, and was taken from the train to St. Luke's hospital. The lad, who is sixteen years old, was attending school at Trout Lake, when he was taken ill. He has been in rather serious condition for several weeks, but the nature of his malady is not known as yet. His case is now being diagnosed at the hospital.

BRITISH MUNITION PLANTS EFFICIENT

Those of Hatfield and Vickers Pour Out Great Flood of Shells Daily.

Sheffield, Nov. 9.—(Correspondence of the Associated Press.)—An Associated Press representative has today walked ten miles through the plants of Hatfield and Vickers on a tour arranged by the minister of munitions. Sheffield is perhaps as much as any one place in British answer to the Krupp challenge. Sir Robert Hatfield, who conducted the party through his large shops, explained that Herr Krupp von Bohlen was his guest five weeks before war was declared. Now the Hatfield plant is working day and night to counteract the Krupp influence.

While engineers and metallurgists would find countless details to interest them in such a visit, the newspaperman merely grasps some notion of the intensity of output, the ceaseless pace, the driving power of this enormous establishment, all running with one aim. It is as if every blow of the machines, every turn of the shafts chimed in the chorus: "Our aim is to kill Germans."

At the Hatfield plant the Associated Press man was permitted to repeat the experiment conducted on the occasion of the king's visit five weeks ago, the discharge of a 10cm shell at a 4-in. plate, at an angle of 50 degrees, like the side of a ship. The king's shot pierced the armor; the correspondent's did not. One of each allotment of shells is thus tested. And there are acres and acres of shells completed and awaiting shipment. And new factories are in process of erection.

Here at the Hatfield plant, the home of manganese steel and other noteworthy inventions, all the ingenuity and capacity are harnessed to the munitions work and at the celebrated Vickers establishment it is nearly the same story.

Mr. Douglas Vickers conducted the party through the latter plant, long famous for its part in the Admiralty work. Everything is done here, from receiving the pig to turning out the 15-in. guns like those of the Queen Elizabeth. You can devote hours to a tour through all the shops, viewing all the processes, or you can sit in the neat little theater provided adjoining the general offices and see on the cinematograph screen every process pictured.

In these Sheffield shops the manufacture of munitions is not a new thing, as in many of the new munition plants, and you can find many a wisecrack to remind you that there would have been no shortage of shells if Sheffield's advice had been taken. But the complaints are over now and everybody is driving, driving, rushing, rushing at full energy to make up for lost time. It is not all impersonal either. For example, one engineer confided in the correspondent that he was particularly interested in studying the effect of the German shell-fire on the Tiger. He had worked on her armor and they let him go to see the result. "It was good armor," some armor as you say in the States" was his proud description of the result.

Ruskin's observation about Sheffield, that it was a wretched picture, but in a lovely frame, did not hold good today; it was as clear and bracing amid the workshops as out on the surrounding moors. In no other of the munition areas is there more activity. Shops are measured by acres, employees estimated by thousands and output by millions. Essen is answered by Sheffield, Krupp by Hatfield and Vickers! The munition aspect of the war takes on its grimmest aspect here.

"We make these shells at half the cost of the shells for the American navy," said one foreman before an acre or two of twelve-pounders.

"The war pressure must have increased the cost, hasn't it?" "I don't know," he replied. "Somebody is probably figuring on that. Our job is to turn out more, more, more." That's the lasting impression of touring the munition factories—the question of cost, but the question of doubling, tripling, quadrupling the output till one wonders whether the war can possibly last till all these death-dealing weapons reach their mark.

Will Close Out Tuesday
150 Women's and Misses' Suits
 From the Regular Stock

This collection of suits has been taken from the regular stock and represents some of the season's most desirable styles in Gaberdines, Broadcloth, Poplins, and Whipcords, trimmed with Skunk, Opossum and Raccoon.

Formerly Selling Up to \$26.50

\$15

Markets
CANADA'S SEIZURE OF WHEAT
 ADVERSE FACTOR IN MARKET.

New York, Nov. 29.—A fresh element of uncertainty was injected into the financial situation today by the news that the Canadian government had commandeered some twenty million bushels of high grade wheat at home ports and probably would reserve the total wheat surplus of the dominion, amounting to over two hundred million bushels. United States Steel was inclined to sag and Bethlehem Steel emerged from its security closing at 43 1/2, sixteen points under its previous quotation. The final trading was dull and irregular, with total sales of 464,000 shares.

CHICAGO GRAIN MARKET.
 Chicago, Nov. 29.—Butter, firm; creameries, 23 1/2 cents. Eggs, steady; receipts, 2,217 cases; firsts, 28 1/2 @ 29 1/2 cents; ordinary firsts, 26 1/2 @ 27 1/2 cents; at mark, cases included, 26 @ 29 cents. Poultry, alive, steady; fowls, 11 cents; springs, 12 cents.

BOSTON COPPERS.
 Boston, Mass., Nov. 29.—The market, although dull, was very strong. Mohawk at 89 1/2 established a new high record since 1907. The advance in the price of silver caused Nipissing, Kerr Lake and United States Mining, the latter being quite a large producer of this metal, to show good gains. Range sold, ex-dividend at \$3 today.—Pettigrew, Brigat & Co.

THE COPPER SITUATION.
 One of the largest copper producers tells us that he sold on Wednesday last a block of 5,000,000 pounds of copper for export, on which he will net better than twenty cents per pound, alongside ship, New York harbor.

PRODUCE PRICES AT CHICAGO.

Chicago, Nov. 29.—Wholesale commanding by the Canadian govern-

MOTHER SEES SON
 GO ON HONEYMOON.

St. Paul, Minn., Nov. 28.—While unpacking his suit case in the St. Paul Samuel Clarke, married recently to Miss Aloetta Gilbert, found the following note:

"My boy, you will not be many miles away before I am married again."

"MOTHER."

Mr. Clarke telephoned to his mother, Mrs. Elizabeth B. Clarke, and found that she, on the evening he was married, borrowed the minister who officiated at his wedding and stepped around the corner to her home, 2009 Grand avenue, where she was married to Fred M. Davies, a prominent Minneapolis grain man.

MINING NEWS
KENNECOTT COPPER.

J. P. Morgan and M. Guggenheim Sons have formed a syndicate which has underwritten the \$65,000,000 cash which is the maximum commitment that might be required in connection with the new Kennecott copper merger should each stockholder of the Braden Copper company prefer the cash option to Kennecott shares and should all the stockholders of the Guggenheim Exploration company elect to take the equivalent of \$75 per share for their Utah Copper in place of a share and a half or \$75 per share for their Utah Copper in place of a share and a half of Kennecott.

REFUSES TO HANG
 INSANE PRISONER

Phoenix, Ariz., Nov. 29.—Basing his action on a certificate signed by two physicians stating that the undersigned, Warden R. Sims, of the Arizona state prison, refused to go forward with the execution and brought the question of Faltin's mental condition before the county court here.

TRIBUTE TO U. S. REGISTRY.

London, Nov. 11.—At the Baltic exchange this week the admiralty auctioneer paid a compliment to the United States registry when offering the prize steamer "Maracas" for sale. He said he had never had the privilege of offering for sale a vessel of United States registry and in this case the registry should make the vessel worth more than if she had been registered under any other flag. There would be no bond required as was the case with other prize vessels.

GARRISON RAPS TAFT FOR HIT AT P.I. BILL
 (Continued from Page One.)

last congress and which will be brought before the next congress is exactly in line with all that has heretofore been done in the islands, and is simply the next proper logical step to be taken toward developing the people thereof for self-government. No honest reading and consideration of the measure can lead to any other conclusion. Because the preamble of that bill repeated in concrete language that which has been substantially stated to be the position of this country from the time of President McKinley on down, it has been falsely labeled an "imperialist" bill, and the impression has been widely conveyed that it alters in some vital, radical way the orderly progress of the self development of the Filipino people. Such an interpretation creates an absolutely false impression.

BERLIN WOMEN DEMAND RETURN OF HUSBANDS AND END OF THE WAR

London, Nov. 29, 5:06 p. m.—Reuter's Amsterdam correspondent forwarded the following:

"The Telegraf is informed on good authority that a serious rioting took place last Saturday in Berlin in which several thousand women gathered before the imperial castle and demanded the return of their husbands from the front and improvement of food conditions. The crowd finally was dispersed by the police."

BISHOP OF BROOKLYN SLATED TO SUCCEED ARCHBISHOP QUIGLEY

Washington, Nov. 29.—Announcement was made tonight by the papal legation that at the next consistory the Pope would appoint the Rt. Rev. George William Mondell, bishop of Brooklyn, archbishop of Chicago, to succeed the late Archbishop Quigley. It also was announced that the Rev. Ferdinand Broderick, of Covington, Ky., would be appointed bishop of Covington and that Bishop Doherty, now in the diocese of Jaro, P. I., would be transferred to the diocese of Buffalo.

How To Make the Quickest, Simplest Cough Remedy

Muc's Better than the Best—Made Kind and You Save—Fully Guaranteed

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, clearing the throat, and really removing the cause, you can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, spasmodic croup, bronchial asthma and winter coughs.

Merry Christmas
 1915
 AMERICAN RED CROSS

THE TRIBUTE ARTICLE.

"There lately appeared a series of articles in a newspaper called the 'Oakland Tribune.' Subsequently they were published in a pamphlet entitled 'The Unhappy Conditions in the Philippine Islands,' by O. Garfield Jones, former Member of the Philippine Department of Education, with an introduction by ex-President William Howard Taft, former Governor General of the Philippines, in the introduction ex-President Taft says:

"I have read with much interest Mr. O. Garfield Jones' article on present conditions in the Philippines published recently in the Oakland Tribune. It is not news to me.

"That he says of the demoralization in the present government due to the blind and foolish policy of President Wilson and Governor General Harrison, is confirmed by every report that I receive from the islands."

EARL OF DERBY EVOLVES ANOTHER PLAN FOR MEN

London, Nov. 29, 5:40 p. m.—The Earl of Derby, director of recruiting, has decided upon a further measure to supplement the steps already taken to augment the British army without resorting to conscription. In a letter to the chairman of the British Red Cross society today he urged the necessity of releasing young men and active men of military age for enlistment, replacing them by men unfit for military service on account of age or physical disability.

NEW YORK FEDS' GROUNDS AT 143RD ST.-LENOX AVE.

New York, Nov. 29.—Announcement was made at Federal league headquarters here today that the grounds secured for the New York Federal club cost \$125,000 and were located at 143rd St. and Lenox avenue and extended to the Harlem river. The names of the

BRITISH AEROPLANE SINKS A SUBMARINE

Official Report Says German Raider Broke in Half—Two Enemy Aircraft Wrecked.

London, Nov. 29.—A German submarine attacked by a British aeroplane off Middelkerke on Sunday, was sent to the bottom, according to the official report of Field Marshal Sir John French, which was given out by the press bureau tonight. The British commander further reports much activity on the part of the artillery and the aircraft, no less than fifteen encounters in the air taking place on the 28th. The report says:

THE JUSTICE OF THE GENERAL DESCRIPTION
 in the bad effects of the present policy in the islands, to which I referred in my comment, does not, however, depend on the credibility of one witness. The success which attended our policy in the Philippines was largely due to the admirable quality of the civil servants, who were the guiding force in the bureaus and departments. It was a model colonial service, made up of men who knew the language of the people, the history of the government and its aims."

"THE SOUL OF BROADWAY."

Valeska Suratt to Be Seen Here Today in Fox Feature.

"The Soul of Broadway," a Fox feature production in five parts, with a notable cast, headed by Valeska Suratt and William E. Shay, will be the photoplay at the Ishpeming theatre this afternoon and evening. The afternoon performance will be continuous from 3 to 5:30 o'clock, so that the picture will be shown twice.

Valeska Suratt, the most discussed woman of the stage or screen, is the fashion-plate of the dramatic profession. Her gowns created sensations by their beauty and daring as well as by their dazzling lavishness of design. In making her screen debut in "The Soul of Broadway," the latest of the great William Fox photodramas, Miss Suratt has outdone all her previous efforts in gowns and millinery, fashioned by famous modistes.

In all Miss Suratt wears 150 gowns, some daintily and uniquely simple; other that are calculated to make the feminine portion of her spectators break into astonished exclamations when they see them. It is estimated that in the course of "The Soul of Broadway" Miss Suratt changes her garments with every forty feet of film. Many of them are designed to match the "sets" of "The Soul of Broadway," which latter in their selves are quite unlike anything yet seen in a motion picture.

The custom of sending a photo of the sender with a Christmas gift has become in later years quite general. It frequently happens that the enclosed photograph is accorded a welcome that rivals the gift, particularly if the photograph is good, both as to likeness and quality of work. By having your photos made at Childs' Art Gallery, Ishpeming, you will be sure to secure both of those desirable qualities. Please attend to the business of sittings at once, as there is not much time to lose. 11-24-15.

Ishpeming Department

(Additional Ishpeming news on page 7)

ORE SHIPMENTS SHOW A BIG GAIN

Increase from Head of Lakes More Than 10,000,000 Tons Over Last Year.

Although figures showing total ore shipments from docks in the Lake Superior district during the season now closing will not be available for several days, it is thought the increase over last year will be from eleven million to thirteen million tons. The Mesaba range alone shows an increase of over ten million tons, and it is thought that the combined increase in shipments from other ranges will be at least from two million to three million tons.

The total shipments in 1914 up to Nov. 1 from the Duluth, Missabe & Northern, Duluth & Iron Range, Great Northern, Northern Pacific and Soo docks was 23,087,093 tons, compared with 33,346,795 tons to the corresponding date this year.

If the shipments at Escanaba, Ashland and Marquette show proportionate increases it is believed that the record of 1913, which was 49,000,000 tons, will be nearly equalled. The shipping season practically was closed last week, though it is expected some cargoes will leave the docks in some of the districts this week.

New Earning Records.

It is predicted that a number of the iron producing and steel making concerns of the United States will show new high earning records this season. The Republic Iron & Steel company, which operates the Hartford and Cambria properties in Negaunee, will establish a record, while it was announced several days ago that the United States Steel corporation will also set a new mark during the first quarter of 1916.

Estimates of earnings of the Bethlehem Steel corporation are being advanced. It now is said that the surplus this company has available for dividends on the common stock will be equal to \$10 a share. Interests in close touch with the Bethlehem Steel corporation express confidence that earnings of \$300 a share, or even \$400, will be shown in 1916.

Quotations are advancing in all lines of iron and steel. The Carnegie Steel company, which had been almost out of the market on bars, sheets and plates, announced a price of \$1.70 per one hundred pounds, or \$2 a ton above what had been the market price. This brought the advance for these products in the last two weeks up to \$6 a ton.

The United States Steel corporation is completing a large spelter and zinc plant at Denora, near Pittsburgh. Work on it is being rushed day and night. Over two thousand men have been employed in its construction. It is expected to be completed early in January. The corporation has recently purchased ground along the Monongahela river, so that it now has a river frontage of three miles.

BETTY NANSEN TOMORROW.

Betty Nansen, the Scandinavian actress, who has become a great favorite with patrons of Ishpeming theatre, will be seen here tomorrow afternoon and evening in the Fox production of "Anna Karenina." There will be a continuous matinee from 3 until 5:30 o'clock. The story of Anna Karenina deals with the ill-fated passion of the beautiful Anna. Married without love to an old man, falling under the fascination of one to whom, under better auspices she might have been wed with happiness and honor, she is driven to desperation. Clashing climax succeeds climax. At last, driven to bay, she takes the law into her own hands, in a scene that for sheer drama has never been equalled on stage or screen.

CLASS OF 1913 TO MEET.

The members of the graduating class of 1913 of the Ishpeming High school, who are still in the city, are asked to meet tomorrow evening in room 16 of the high school. Arrangements for the annual reunion to be held Dec. 31 will be started.

WATER COLOR PAINTINGS.

We have just received the latest productions of the celebrated Wallace Nutting water colors. Nothing finer or more acceptable for a holiday or wedding gift. We carry also a fine line of up-to-date mouldings for picture framing and trays. CHILD'S ART GALLERY, 11-25-6t. Ishpeming, Mich.

SAWYER SUCCEEDS HILLYER.

Formerly Was In Charge of State Highway Work in Upper Peninsula.

H. J. Sawyer was in Ishpeming yesterday and accepted the position of superintendent in the office of State Highway Commissioner Rogers. A year ago he was put in charge of the state work in the upper peninsula under Mr. Rogers. Mr. Hillyer was president of the Ishpeming Y. M. C. A. for the last three years, and a banquet was held last night in his honor at the "Y." Over seventy of his friends attended.

MOTHER DIED IN FINLAND.

Jacob P. Neimi received a letter yesterday from Finland advising him that his mother died after five or six weeks' illness. Heart disease caused death. Mrs. Neimi was sixty-eight years old and is survived by her husband and eight sons and daughters, three of whom are in America. A son and daughter are in Astoria, Ore., and Jacob resides here. Mrs. Neimi died Oct. 23, but the letter was delayed on account of the war.

STABBING AT NORTH LAKE.

Senri Luoma of North Lake, yesterday made a complaint against Gust Lettija, charging him with assault. Lettija was arrested at his boarding house at the location by Deputy Marshal Collins and is now in jail. He was unable to give a \$500 bond. His examination has been set for Thursday morning. Luoma was cut on the face and hands, while Lettija's hand was cut. Luoma claims he did not use a knife, thus leaving it a mystery how Lettija sustained the cut on his hand.

CARD OF THANKS.

We desire to express our appreciation for the kindness and sympathy extended by friends and neighbors during our recent bereavement. We wish particularly to thank the members of the societies, also the pastor and members of the church choir for their kindly consideration, as well as all others who came to our aid. We feel very grateful to friends for floral offerings. MRS. RICHARD PROPHET and family.

ISHPERING IN BRIEF.

Mrs. Nellie Brynton spent yesterday on business at Marquette.

Ed. Gaborrie, of Superior street, was returned from the district south of the city with a dog.

Captain Duncan Campbell of the Cleveland-Cliffs Iron company's Cliffs Shafts property, who has been at a hospital in Chicago for the last several weeks, has returned. Captain Campbell

is much improved, but it will be a few weeks before he will be able to resume work.

John Murphy will leave this morning for Munising, where he will spend a few days on business.

The Duluth, South Shore & Atlantic Railway company is enlarging its transfer office, near Third street.

Arthur Campbell, who spent a week here visiting relatives and friends, has returned to his home at Lansing.

The members of the Women's Guild of Grace Episcopal church will conduct their annual sale and supper Dec. 7.

M. A. Kahn has returned from Woodruff, Wis., where he spent the last several days with relatives and friends.

The Lake Superior & Ishpeming Railway company is installing a bell warning at the Division street crossing. When the locomotive reaches a certain point, about a block on either side of

Ishpeming

ISHPEMING IN BRIEF.

O. G. Aas and Charles Andrews, the latter of Marquette, are spending a few days at William Andrews' camp, in the Dead River district, hunting deer.

Mr. and Mrs. Charles C. Hawes and daughter have returned from a week's visit with Mrs. Hawes' parents, Mr. and Mrs. Richard Quayle, at Gwinn.

Mrs. Mary E. Ryan, who visited friends here, has departed for Panama. She will be accompanied by her son, Edward, and daughter, Tessie, of Chicago.

Mrs. Henry Curtis and son, of Duluth, will arrive in the city this morning to visit Mrs. Curtis' mother, Mrs. Cornelia. Mr. Curtis will be here to spend the holidays.

Roy Youngbluth departed last evening for Chicago, where he will spend a week visiting, and will later go to Detroit, where he will be employed in an automobile factory.

The members of the third division of the Ladies' Aid society of the First Methodist Episcopal church will conduct a ten-cent social Wednesday afternoon in the church parlors.

Jacob P. Neimi gave a lecture to the members of the Finnish Temperance society, and their friends, at Crystal Falls, Sunday, the occasion was the twenty-fifth anniversary of the society.

James Driscoll, superintendent for J. S. Wahlman, who has been in charge of the postoffice construction work in Ypsanti the last several weeks, came home to spend Sunday with his family.

Ephram York of Canada, arrived in the city yesterday to visit Mrs. Cornell of North Main street. Mr. York is on his way home from Calumet, where he spent several weeks visiting relatives.

"Bill" Kearns, third baseman on the Ishpeming league baseball team during the season of 1912, who spent the last week here visiting "Pop" Gedlan, departed last evening for his home at Chicago. Last season Kearns played with a semi-professional team at Chicago. In 1914 Kearns was a member of the Manitowish team of the Lake Shore league, but played only one month with the club, being out of the game for the remainder of the season with a broken leg.

THE PROBLEM IS DIFFERENT.

German submarines have been unable to pass through the Straits of Dover to attack transports carrying troops from England to France across that narrow waterway since the early days of the war because the passage is blocked by chains and nets, anchored, buoyed and guarded by torpedo boats and other war vessels. It is often asked why the British do not block the Straits of Gibraltar in the same way and keep the German submarines out of the Mediterranean sea.

At the narrowest point the Straits of Dover are twenty-one miles wide and the Straits of Gibraltar is only a little more than eight miles wide, but the former channel is shallow enough to give good anchorage while the latter is six thousand feet deep, with a current setting inward at three to six miles an hour and a deep undercurrent running out into the Atlantic ocean. The average depth of the navigable channel at Gibraltar is nearly seven hundred feet and it is impossible to anchor in that part of a stretch of more than four miles across the middle of the Straits of Gibraltar. No doubt everything possible will be done to block this channel but the methods successfully employed at Dover are not feasible.—New York Commercial.

LOCATING THE TROUBLE.

When one is suffering from backache, rheumatism, lumbago, biliousness, sharp pains, sore muscles, and stiff joints it is not always easy to locate the source of trouble, but nine times out of ten it can be traced to overworked, weakened or diseased kidneys. Folex Kidney Pills have benefited thousands of sufferers. Sold Everywhere.—Adv.

Negaunee Department

PIONEER RESIDENT DEAD AT KALAMAZOO SCHEDULE SHOWS PARCEL POST ZONES

Richard Harvey, Who Lived Here for Many Years, Passed at Eighty Years.

Word was received in the city yesterday of the death at Kalamazoo of Richard Harvey, a pioneer resident of Marquette county.

Mr. Harvey came to Negaunee from his native place in England over forty years ago and made his home here continuously for about fifteen years.

Mr. Harvey was a member of Beacon Lodge of Odd Fellows, and the funeral will be held under the auspices of that order.

STAR-TONIGHT 'The Survivors' First Episode of 'NEAL of the NAVY' And here is what they say: The Buffalo Times: 'The peppier creation ever built by fiction king and photoplay master.' The Salt Lake Telegram: 'The most absorbing and fascinating story ever filmed.'

never behaved in a hostile manner towards us, unlike the prisoners on other fronts, who could not conceal their enmity and contempt. As I inspected the many thousands of Russian prisoners I always found that they were first-class material in every way.

The Russian counter-attacks were much stronger in the beginning of our offensive than later on. As time passed they became weaker and more rare, as the Russian reserves began to diminish.

Despite war, Bavaria launches vast project. Munich, Bavaria, Nov. 28.—(Via London.)—In the midst of the war, the Bavarian government has placed its final seal of approval on the project of a vast electrical power plant to supply all Bavaria with electric power, and has submitted to the Bavarian diet its report recommending the erection of a state power plant.

German paper proposes an economic dictator. Berlin, Nov. 28. via London.—In connection with the war measures of the German government regarding industry, the distribution of foodstuffs and other things, the Cologne Volkszeitung, an influential organ of the Catholic Central party, today again raises the issue whether it would not be advisable to appoint an economic dictator to take charge of economic, industrial and agricultural conditions during the war.

Wife talks for 3 hours, husband asks divorce. San Francisco, Cal., Nov. 28.—Because she sometimes talks for three hours without ceasing John H. Corcoran, former official of Mariposa county, began suit in this city for divorce from his wife Mary K. Corcoran.

Chicago & Northwestern passenger train from Chicago was five hours late yesterday morning, arriving here at 12:20. The train was delayed because of a freight train being wrecked below Green Bay, Wis.

Swanson Brothers, who have the contract to install the heating plant in the new building being erected by F. E. King for the Knights of Pythias at Ishpeming, expect to be able to turn on the steam in the structure before the end of the week.

Mrs. Samuel Redfern, sister of Captain James H. Rough, and John Rough, deputy game warden, is seriously ill. The latter was called home from the deer hunting district near Escanaba, where he intended to spend the next few weeks, because of his sister's illness.

"The Survivors," the first episode of the great American serial, "Neal of the Navy," will be shown tonight at the Star theater. The other picture on the program will be "The Barriers of Prejudice," a two-reel Vitaphone drama. Fred Thomas & Co. will present their vaudeville act again tonight.

John Mattson, a farmer living about four miles north of the city, came in yesterday with a red fox, which he trapped near his home. The fox was one of the largest ever seen in Negaunee and measured nearly five feet from tip to tip. Mattson, who is a successful trapper, a few weeks ago caught a large wolf in one of his traps.

WILLIAM FOX PRESENTS VALESKA SURATT IN 'THE SOUL OF BROADWAY' AT THE ISHPERING THEATER TONIGHT.

SWITZERLAND GOOD SAMARITAN OF EUROPE And It Is the Only Role in Which She Has Been Successful in Pleasing All. Bern, Switzerland, Nov. 5.—(Correspondence of the Associated Press.)—Switzerland, surrounded on all sides by warring nations, obliged herself to act against possible violations of her territory, forced into an economic neutrality in which she is scarcely able to sustain anybody while suffering a great deal of harm herself, finds only one role that pleases everyone—that of the "Good Samaritan of Europe," relieving the sufferings her neighbors are causing to each other's subjects.

When in Doubt, Give Flowers. Every one appreciates a gift of Flowers. We have the nicest, fresh, crisp flowers at the most reasonable price. Negunee Greenhouses Negaunee, Michigan Phone 80

QUICK RELIEF FROM CONSTIPATION Get Dr. Edwards' Olive Tablets. That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards is a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.
