

THE DAILY MINING JOURNAL
A MORNING PAPER PUBLISHED BY
The Mining Journal Company, Limited.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.
SATURDAY, DEC. 11, 1915.

OUR ORNAMENTAL P. M.S.
"Abolish the postmasters," says Mr. Taft and, indeed, why not? If the government's business was on an efficiency basis it would have been dispensed with long ago.

OUR "MILITARISM."
Ernest Thompson Seton, the head of the American division of the Boy Scouts, has, it is reported, resigned. The Scouts he asserts, are being developed too much on militaristic lines.

There is, of course, a certain contradiction in terms in this phrase "abolish the postmaster." He would be abolished as we have known him, but the postoffice would still have a master.

Such a handling of the postoffice there are many arguments, all of them strong. For one thing, there is the saving that would be made in cancelling the salaries of the postmasters.

But of course congress won't abolish the postmasters, any more than it will dismantle the useless army posts or close down the navy yards that serve no good purpose.

THE SOO LOOKING ROUND.
At the Soo there is some discussion of commission government, with a suggestion that perhaps the Soo may get around to considering it seriously.

Local option, we are told of Iron county, is a failure. But even while we are being told this, it is made pretty clear that it is the county officers in Iron who are the greatest failures.

At the Soo, to complicate the situation further, the city tickets have been run on party lines, the Republicans and Democrats making the nominations.

ferred statesman on the west side of the state to score so tellingly on the east side?
A buck law might save hunters' lives, but it will probably be a long time before a buck law will save any hunters' lives in Michigan.

STATE PRESS
Bryan is so busy in his fight on the administration that he is unable to go to Europe to secure peace there.—Jackson Patriot.

However, the permission by Greece to let the allies use her railroads does not indicate any willingness to make excursion rates.—Pontiac Press-Gazette.

Engine Debs comes out flat footed and says he will not run for president. Mr. Bryan, however, has made no recent declaration along those lines.—Bay City Times.

EDITORIAL OPINION
The Speakership Today.
There is now before us an exhibition of the great change made four years ago when the office of speaker of the house was stripped of all real power, and its occupant left with nothing but the gavel in his hand.

NO PROSPECT OF ECONOMY.
The submission of estimates by the various departments of the federal government encourages no hope of "return to that simplicity and economy which befits a democratic government," which the Baltimore platform pledged.

Time to Begin.
Little sister had not been well, and had been especially trying to small Johnny all day. Finally his patience came to an end.

Labor-Saving Hunter.
Tom Williams is one of the heroes who use their wit to save their strength. During a camping trip in the Maine woods Tom was easily the laziest man in the party.

Opera House Block.
We are buyers of high grade furs, such as beaver, fox, muskrat, raccoon, skunk, mink, white weasel. For highest prices and prompt returns ship your furs direct to us.

The Household Remedy
for the ailments from which almost everyone sometimes suffers—sick headache, constipation, disturbed sleep, muddy complexion, lassitude, backache, depression and other results of a disordered digestive system—is
BEECHAM'S PILLS
They have achieved the distinction of being the most widely used medicine in the world, because millions of people have found them dependable, speedy and sure in their action on stomach, liver, kidneys and bowels.

Safe for Children
Directions of Special Value to Women with Every Box. Sold by druggists throughout the world. In boxes, 10c, 25c.
The men watched the chase with loaded rifles ready. On reaching camp Tom turned and shot the bear.

A LAUGH OR TWO
A Sex Distinction.
"When a woman winds a towel around her head and calls for a bucket of water it means the beginning of a 'big day,'" according to Farm and Fireside, "but when a man winds a towel around his head and calls for water it means the end of a big night."

UPPER PENINSULA
Pay-As-You-Enter.
The first "pay-as-you-enter" street car ever seen in the Soo will be placed on the ferry dock-union station run. A fair trial will be given the pay-as-you-enter system, and if it works out as it is hoped it will, all the cars being operated in this city, and perhaps those in the Canadian Soo, will be equipped with the pay-as-you-enter fixtures.

Killed by Train.
John Kruse, for twenty-five years camp foreman for the Bay Shore Lumber companies and others in Menominee county and until about six months ago a life-long resident of Menominee, was killed by a train near Wausau while he was walking on the Chicago & Northwestern railway tracks near a hotel at Wausau Junction, of which he has been proprietor since July.

To Run All Year.
Beginning as early in the spring of 1916 as weather conditions will permit, it is the intention of the Consolidated Lumber company to operate its saw mill during the twelve months of the year hereafter, except such times as may be necessary to shut down for annual repairs, probably not to exceed two or three weeks each year, instead of shutting down their saw mill from four to five months each winter, as has been the custom heretofore.

CASTLE & SON FURRIERS

million feet for the year 1916 will be purchased logs. The company recently purchased from the Connors & McCafferty Cedar & Logging company twelve million feet of logs to come out to the Soo Line at Cooks, Michigan; and if satisfactory arrangements can be made with the M. & L. S. R. Y. for a short branch line from Stueben, they will purchase an additional six or eight million feet from the same parties to come in the M. & L. S. R. Y. This branch line will also give access to about fifteen million feet of timber on the company's lands.

Twenty-Eight Years in One Store.
With a suspicious moisture in his eyes, Peter McKinney turned over the key of the Lipsett building at the Soo to its owner, after a continuous business occupancy of twenty-eight years, lacking but twenty days.

Hultgren Found Dead.
The body of Charles Hultgren, the Homestead farmer who disappeared from his home about a month ago, was found last Sunday morning at the edge of a marsh near the home of John Rudstrom. When found, the body was in a reclining position against a stump, and the discovery was made by several boys who were skating on the pond in the vicinity.

Had to Give It Up.
A colored man from the city applied for a job on a farm, and an assuring Uncle Josh that he was right there with the agricultural education, he was given a pair and a three-legged stool and told to milk the cow.

Valuable Invention.
Alphonse Gibault, of Iron Mountain, has been granted a patent for an improvement in vehicle wheels which is certain to net him considerable money. The invention relates more particularly to a novel tire construction whereby the necessity of using pneumatic tires is obviated.

Confess Mail Thefts.
As a result of investigation by federal officers at the Soo into the recent robberies of registered mail between the postoffice and the Union depot, Floyd Delaney and Clare Woodhall, aged seventeen and nineteen years, respectively, both Delaney and Woodhall, according to the officials, have admitted their guilt.

Confess Mail Thefts.

PORTAGE LAKE TEAM NOW IS ASSURED

Houghton and Hancock Business Men Will Finance Hockey Meeting at Marquette.

A number of the members of the school boards of Houghton and Keweenaw counties, a small number, met yesterday morning in the Houghton public library to hear a discussion of the school laws by W. L. Coffey, of Lansing, chief clerk of the department of public instruction.

There was every reason to believe late yesterday afternoon that the nomination of Houghton and Hancock would get together and finance the Portage Lake hockey team.

FAULTFINDERS BUSY ON WILSON'S MESSAGE

Republicans Have Democrats' Support in Some of Their Criticisms.

Washington, Dec. 10.—President Wilson is said by those who should know to have been unpleasantly affected by the cold, clammy silence with which the world congress of congress received his presidential program.

Taxes unwelcome. In regard to the president's fiscal statement, the comment generally is that he was not, at least, ingenious.

The new offices provide more display room for samples of brick and building materials, and are more commodiously fitted up than the former rooms.

BASKETBALL SEASON ON.
High School Inter-Class Games Last Night Start Cage Activities.
The first of the series of inter-class games of the Marquette High school was played last night at the Fraternity Hall, in which the seniors swapped the juniors to the tune of 40 to 10. The sophomores also mixed things up with the freshmen in the same cage last night, and emerged victorious after a more or less exciting game. Basketball has always aroused the keenest interest among the high school students, owing to the championship caliber of the high school quintet, and this interest is reflected in the inter-class games. The opening of the series last night drew out a large crowd, which divided its interest between the contests and the dancing that followed.
Candidates for the high school basketball five are now hard at practice and as there is only one position available

on the team, the candidates are putting up a strenuous battle for the place. Four of last year's squad are on this year's team, and with their added experience since last year, the basketball team this year should have as successful a season as the football team. The veterans on the five are W. Morrison, L. Morrison, Maline and Sonnenberg. The most likely contenders for the other places are St. John, Doetsch, and James Johnson.

A four-team basketball league will undoubtedly result from the conference to be held at the Marquette Hotel today between the principals and coaches of the following schools: Ishpeming, Negaunee, Escanaba and Marquette. YIELDS \$900 GOLD

Reading, Pa., December 10.—Only an odd-sounding rattle when an old chest was being taken out of the home of the late Daniel Stoudt of Shartlesville preliminary to being sold as junk or chopped up for firewood, saved for the family a store of \$900 in gold pieces. The late Mr. Stoudt had hidden the gold away in the old chest, forgotten in a dark attic until he died, and the family decided to hold a sale of old furniture. The day before the auction a son, John Stoudt, removed to the first floor of the Stoudt farmhouse all the furniture to be sold. When the old chest was set on the floor something jingled inside. The lid was securely fastened and had to be broken open. The ascent into a secret compartment under the lid and out rolled a stream of bright yellow coins. The newest was dated 1900.

HUGE EXPORTS FROM PORT OF NEW YORK

New York, Dec. 10.—Exports from the port of New York during the month of November exceeded \$180,000,000, the largest amount in the history of the port, according to estimates made by customs house officials.

Exports, with iron and steel bars and fabricated iron and steel also reaching a large total. Smokeless powder formed the major portion of the export class. Wheat will probably lead the exports of foodstuffs, although the records show a long list of raw and manufactured products in this class. Cotton and copper were shipped in considerable volume.

The Student Girls' league gave a dramatic entertainment on Wednesday evening for the purpose of raising funds to carry on their work of helpfulness among the students. Miss Mary Love, assistant in the domestic science department, and Harold Hallam, one of the male students, assisted in the program. Miss Love, in her initial appearance as a reader, gave a delightful impersonation of "Pollyanna." Miss Porter's famous child character, Miss Marion Hathaway read with fine expression a short story from Robert Barr. Two short farces had been prepared by the girls, most of whom are in the expression classes, and they were given with appreciation of dramatic situations. Musical numbers and class songs were also included in the program, which was thoroughly enjoyed by the audience.

The Osiris society held its regular meeting last Monday night, when the following program was rendered:

Vocal duet: Harry Jennings and Amiel Toupin.
Two-Minute Talks: Ella Blomgren and Frances O'Mara.
School Events: Lewis Bailey.
Piano Solo: Marie Miller.
Five-Minute Talk: Harry Jennings.
Current Events: Ruth Miller.
Vocal Solo: Harry Jennings.
Reading: Rae Archambeau.

The first of the series of basketball games between the senior and junior girls' teams, in the annual contest for the trophy cup, was played last night in the new gymnasium, resulting in a victory for the seniors, by the score of 16 to 13. A dance followed the contest. The present senior class was the first to win the cup during its junior year, and as the present junior class is conceded to be even more promising, keen interest is being manifested in this series.

The consistory quartet of Chicago, which has proved a feature of the consistory and Shrine reunion here, delighted the student body of the Normal school yesterday morning with a well-selected program. The students showed a thorough appreciation of the splendid singing of the quartet, and the singers responded most generously to the applause with encore. The entire student body attended the concert, even to the tiny tots of the training department.

Assembly hour on Thursday morning was divided between two interests. Mrs. A. T. Roberts and Morgan W. Jopling spoke on the forthcoming concert here, in which a still further reduction in rates was made to the students. After this the students were afforded an opportunity of showing their enthusiasm in the first of the senior-junior basketball games to be played on the following evening.

Several superintendents of upper peninsula schools visited the Normal school yesterday. The visiting superintendents have been in Marquette for the last week to attend the Masonic ceremonies.

A delightful musical program was given in the dining room of the girls' dormitory last Thursday evening, which was attended by a large number of students.

ASQUITH TO CALL FOR 1,000,000 MORE MEN

London, Dec. 10.—With the Earl of Derby's scheme for "voluntary enlistment" to expire Dec. 11 there has been a great rush of recruits who join the colors now in order to reap the benefit of the group system which allows recruits to enlist for deferred service. So great has the influx been that stations have called for extra officers and clerks. Premier Asquith next week will ask parliament to authorize the raising of another million men, making the aggregation called for since the start of the war 4,000,000.

WAR UPON PAIN!

Pain is a visitor to every home and usually it comes quite unexpectedly. But you are prepared for every emergency if you keep a small bottle of Sloan's Liniment handy. It is the greatest pain killer ever discovered. Simply laid on the skin—no rubbing required—it drives the pain away. It is really wonderful.

Mervin H. Soister, Berkeley, Cal., writes: "Last Saturday, after tramping around the Panama Exposition with wet feet, I came home with my neck so stiff that I couldn't turn. I applied Sloan's Liniment freely and went to bed. To my surprise, next morning the stiffness had almost disappeared, four hours after the second application I was as good as new."

JOHNSON CASE TO JURY TODAY

Prosecuting Attorney Kennedy Started Closing Address at 3:50 O'Clock Yesterday Afternoon, After All Testimony Had Been Given—Spoke for Over an Hour

Dwelt on Physical Evidences of Crime, as Indicated by Bruises on Body of Murdered Man—Jury, It Is Expected, Will Retire to Determine Verdict by Noon.

After the last of the testimony was offered in the Johnson murder trial at 3:50 o'clock yesterday afternoon Prosecuting Attorney Kennedy started to address the jury, and his impassioned plea for conviction was still unfinished at 5 o'clock, when court adjourned for the day. His presentation of the case will be resumed when court convenes at 9 o'clock this morning, and as Attorney Potter's appeal for the defense will probably open about 10 o'clock it is expected that the jury will retire to determine the verdict some time this morning.

In his plea Prosecuting Attorney Kennedy dwelt particularly on the fact that the body of Adolph Johnson was bruised in several places, that he was alone and unarmed when he was shot, and that the nature of the wounds sustained by him indicated that he was not the aggressor in the fight. He also assailed the character of several of the witnesses who testified that Adolph was of a quarrelsome and nagging disposition, and emphasized the fact that the prisoners themselves admitted that he had never struck them until the day of the shooting.

"Whatever happened in that house will never come to light," the prosecuting attorney stated. "They closed Adolph's mouth when they took his life away, and now they are doing everything possible to blacken his character."

"There is nothing for us to do but to remember our oaths, to form our opinions without prejudice. In most homicide cases the victim is always the fighting, quarrelsome, nagging brute, while the culprit is invariably painted as a down-trodden angel."

"Not satisfied with taking their brother's life, these men are endeavoring to take away his reputation. Self-defense, they claim, was their justification, but was it a case of self-defense or sham self-defense? We cannot take bare words for our estimate of the cause, we must measure up the facts."

Physical Evidences of Crime.

"The physical evidences in this crime tell their own story. Adolph's body showed bruises on the shoulder and forehead, and a serious bruise on the forehead, undoubtedly sustained when he raised his arm to protect himself. In the head there were two bullet wounds, both entering at the corner of the jaw. A third bullet, and the one which took his life, entered his right side and penetrated his heart. Adolph stood there alone against these men, and there are no independent witnesses to tell us the exact circumstances of the crime. We know from the testimony, however, that Adolph was unarmed, that the revolver in his room was unloaded, and that his hands were empty. Both these men admit they were armed, one with a heavy shotgun, and one with a loaded revolver—both deadly weapons, and used with deadly effect.

"We know that when they were arrested, neither of the brothers had as much as a scratch. Surely if their act was in self-defense, there would be some evidence of violence to justify that claim."

Meant to Conceal Crime.

"The defendants were both born in this country, and understand the law, and what constitutes self-defense. Yet, after the crime was committed one of the brothers left the body lying in the kitchen, and taking a bottle of whiskey to bed with him, went off into a peaceful slumber. The other visited the house of his neighbor, to whom he said something about money and about a hole. Early in the morning, he took the body down into a pit.

"He intended to keep the body in that hole, and to keep his crime a secret, but he realized the next day that he had already exposed his secret to Hjalmer Johnson, and for this reason it was not altogether safe. His intent was proved in the remarks made to Martenson and others, while the

body of Adolph lay in the pit, in which he skillfully gave rise to the belief that Adolph had left the farm and would therefor make his home somewhere else."

The prosecuting attorney then went on to assail the reliability of the testimony in which Adolph was described as a fighting, quarrelsome brute, and maintained that this testimony was advanced with malicious purpose, by some of Adolph's former enemies, or by friends of the prisoners, in the hopes of justifying the crime.

Johnsons On Stand.

In the examination of the witnesses yesterday the defense laid particular stress on the reputation of Adolph. Several of the Johnson neighbors testified to his brawling and ugly nature. One witness, however, a former employer of Adolph, stated that in the year and a half that Adolph had worked for him, he had never known him to get into any trouble. Attorney Potter then cross-questioned him as to whether he had ever heard of any of a long string of assaults charged to Adolph, to which the witness replied in the negative. Both Oscar and John Johnson were on the witness stand yesterday, and the testimony of each was given in a dispassionate, even tone, without the slightest trace of emotion. The story told by each was substantially the same as that told and re-told by the previous witnesses, and the oft-repeated facts had by this time become a mere recital of incidents. Oscar gave his testimony in somewhat deliberate manner, and although his voice was composed, his features betrayed the severe strain under which he has been laboring. John told the story of the crime in much the same manner as any disinterested observer might, and for the most part he spoke freely and in a conversational tone. The testimony of either was of comparatively little significance, as no new features were brought out.

All through the hearing yesterday a great crowd was in evidence thruout any previous time in the proceedings, the court room and galleries being well filled constantly.

SHRINERS YESTERDAY IN ALL THEIR GLORY

Reunion Great Success—Banquet Attended by 460—Class of Fifty-Three Candidates.

A class of fifty-three candidates was initiated in the unusually successful Shriner's reunion, which was in session yesterday. These candidates represented every point in the upper peninsula, and in quantity and quality, the class exceeded even the fondest expectations of the Shriners.

Yesterday's reunion commenced with a business session during the afternoon, although informal programs for the entertainment of the visiting Shriners were given in the morning. At the business meeting, the annual election of officers resulted in naming the same dignitaries as before. They are as follows:

- Illustrious Potentate—Albert J. Young, Escanaba.
 - Chief Rabbi—Herman A. Holden, Munising.
 - Assistant Rabbi—Frank Scadden, Crystal Falls.
 - H. P. and Prophet—Thomas M. Wells, Negaunee.
 - Oriental Guide—Aug. P. Johnson, Negaunee.
 - Treasurer—Wm. B. McCombs, Marquette.
 - Recorder—J. H. O'Meara, Marquette.
 - First Cer. Master—A. H. Eddy, Soo Mich.
 - Second Cer. Master—Fred A. Jeffers, Painesdale.
 - Marshal—John Mennie, Ishpeming.
 - Captain of the Guard—Norman W. Fox, Manistique.
 - Outer Guard—Perceval J. Delf, Marquette.
 - Alchemist—Alfred E. Healey, Ironwood.
 - Director—Frank E. Stolpe, Marquette.
 - Assistant Director—Ransom A. Manshard, Marquette.
 - Steward—John H. Lewis, Marquette.
 - Steward—Louis Pendill, Marquette.
 - Rep. on Masonic Temple Bldg. Assn.—Frank A. Bell, Ishpeming.
- Representatives to the Imperial Council to be held at Buffalo, N. Y., in July, 1916, were elected at the business session. The representatives are: Albert J. Young, of Escanaba, Herman A. Holden, of Munising, Frank Scadden, of Crystal Falls, and D. A. Oliver, of Escanaba. It was also voted to send the Arab patrol and band to the Imperial Council, and they will undoubtedly be accompanied

by many of the Shriners from the upper peninsula. A special excursion will be formed for this occasion, but it has not been decided as yet whether the trip is to be by rail and boat, or whether it will be an all rail trip.

The Arab patrol and band proved a spectacular and interesting feature of the parade last night. Starting from the Marquette hotel at 7:30 last night, the marchers came up Front street to Washington, and then turned to the Masonic hall. The Arab patrol band led the way, followed by the class of candidates. Immediately behind was the crack Arab patrol, led by Captain Jenks. The resplendent costumes of the Arab patrol and the splendid drill exhibitions, to the stirring music rendered by the patrol band, combined to form an impressive and inspiring sight.

The banquet, which started at 11:30 last night, was attended by 460 Shriners, a record-breaking number for the upper peninsula. The menu was arranged by Louis Pendill and John Lewis, whose efforts last night culminated in previous attempts in this direction. During the courses musical numbers were rendered by the Arab patrol band and by the consistory quartet of Chicago. The principal speaker of the occasion was Lou B. Windsor, of Reed City, past imperial potentate of the Shriners of North America, the highest shrine office in the country.

GAME LAW VIOLATION.

Felix Gour Held by Justice Robertson for Present Term of Court.

Charged with having a portion of a deer in his possession without the necessary seal attached, Felix Gour, of Turin township, was arraigned before Justice Robertson on Thursday, and after a hearing lasting the greater part of the day, the hunter was placed under \$200 bail, to be tried at the present term of the circuit court. Gour was arrested by Deputies Mohr and Hayward, who stated that he is a persistent violator of game laws. The latest offense on which he was tried has several complicated features, which will undoubtedly result in additional comits. Owing to the serious nature of the offense, Justice Robertson was constrained to impose the maximum penalty of \$125, but as this
