

FRENCH TROOPS TAKE CRAONNE

SOLDIERS AND WORKMEN MAY OUST CABINET

Provisional Governing Body Not Favored by All the People of Russia—Trouble Said to Be Most Serious.

HOLD PEACE PARLEY

(BULLETIN) PETROGRAD, May 4, 7:10 p. m.—via London, May 5, 8 a. m.—The council of workmen and soldiers' delegates has accepted the government's explanation of its May Day note by a vote of 34 to 19 and has decided that the incident is closed.

(BULLETIN)

PETROGRAD, May 4, 3:30 p. m., via London, May 5, 3:03 a. m.—At 3 o'clock this afternoon many hundreds of factory workers—men, women and boys—preceded by double files of soldiers, marched down the Nevsky Prospect with a banner inscribed "Away with the temporary government."

(BULLETIN)

PETROGRAD, May 4, 3:30 p. m., via London, May 5, 3:03 a. m.—At 3 o'clock this afternoon many hundreds of factory workers—men, women and boys—preceded by double files of soldiers, marched down the Nevsky Prospect with a banner inscribed "Away with the temporary government."

SEEK TO BRING HARMONY.

Petrograd, May 4, noon, via London, May 5, 2:35 a. m.—After an all night joint secret session of the ministers of the government and the Council of the Workmen and Soldiers' deputies, in the Marinsky Palace, the council announced today that another mass meeting would be held tonight, at which the result of the conference would be announced to their constituents.

EXPLAINS SOLDIERS' ACTIONS.

Whether the conciliatory spirit, developed in the secret session, is progressing within the ranks of the council, remains to be determined. In the early hours of the morning delegates from the Tsarskoe-Selo garrison arrived in Petrograd bringing assurances that the entire garrison was back of the temporary government.

WASHINGTON NOT WORRIED.

Washington, May 4.—Disquieting reports from Petrograd of differences between the provisional government and committees of workmen and soldiers are causing concern here, but it was said after today's cabinet meeting that no official information had been received to shake the confidence felt here that the Russian Democratic leaders will hold their organization together and keep up the fight against Germany.

BANKS RUSH TO FLOAT PART OF 'LIBERTY LOAN'

Indications Are That First War Chest Floatation Will be Over-Subscribed

Washington, May 4.—Subscriptions to the "Liberty Loan" poured into the treasury department today at the rate of nearly \$20,000,000 an hour. The greatest outpouring of national wealth in the history of the world was foreshadowed by the first day's response to the offering of the loan.

ENORMOUS OVER-SUBSCRIPTION.

The \$138,674,000 of subscriptions tabulated tonight, representing less than 2 per cent of the banks alone, indicates that the \$2,000,000,000 offer will be over-subscribed at least 100 per cent. With all other agencies of subscription such as department stores, express companies, newspapers and patriotic societies yet to be organized and to exercise their efforts in obtaining subscriptions, the over subscription may be much larger.

BERLIN NEWSPAPER RIDICULES U. S. AID

Says Central Powers Have Nothing to Fear from America Now As It Is Only an Eggshell.

Amsterdam, May 4, via London, 7:51 p. m.—The Berlin Zeitung Mittag, under the caption: "Embarrassment at the Capital," discusses the results of the Anglo-French missions to Washington.

T. R. RAPS COLLEGE MEN AS SLACKERS

Colonel, in Speech in New York, Tells University Students They Fail in Duty.

New York, May 4.—Colonel Theodore Roosevelt, Joseph H. Choate, former ambassador to Great Britain, and Henry L. Stimson, former secretary of war, in addresses here today, before 2,000 college men, deplored the "amazing lack of interest exhibited by college graduates in the training camps for officers."

SPURS AT COLLEGE MEN.

"Any man with a college education," the colonel continued, "is recruited to the republic until he treats the advantage he has as imposing on him the duty of additional service to his country."

BRITISH TORPEDO BOAT SUNK—62 PERISH

New York, May 4.—When the chairman of a mass meeting held tonight in Copper Union, by thirty-two organizations, composed of Americans of Irish birth, or descent, refused to receive a resolution calling upon President Wilson and congress to intercede in behalf of Irish independence, a riot broke out which resulted in the ejection of more than thirty persons from the hall and which was not quelled until 200 policemen made free use of their clubs.

JOFFRE CAPTURES CHICAGO

Chicago, May 4.—The middle-west today gave to the war mission leaders from France a welcome which brought from the lips of Marshal Joffre the exclamation: "Wonderful!" It was Joffre who caught the popular fancy during the trip about the city. He was cheered wildly everywhere. He was dressed in his service uniform and rode through miles of crowded streets with hand almost constantly raised at salute in return for the cheers of the crowds.

ENSORSHIP CLAUSE MODIFIED BY HOUSE

Espionage Bill Passes 260 to 105 With Press Muzzle Made Less Drastic and Despotism.

Washington, May 4.—The espionage bill was passed by the house late today, after administration leaders had lost an insistent fight for retention of the original section aimed at the publication of news of value to the enemy. The final vote was 260 to 105.

UNBROKEN ICE FIELDS STOP ORE MOVEMENTS AT TWO HARBORS, MINN.

Two Harbors, Minn., May 4.—Ore business dropped flat here today because there are no boats. Docks and yards are filled up, there are no boats to take the ore. It is impossible for a boat to get in this harbor because of the ice.

COMPLETE ALL DETAILS FOR NEW WAR ARMY

Every Arrangement for Raising, Training, Equipping and Organizing Contingent of 500,000 Is Made.

READY TO EXERCISE DRAFT

Washington, May 4.—The full strength of the first war army, organized under the selective draft bill, will be 18,538 officers and 528,659 enlisted men, making up eighteen war strength divisions, complete in every arm, and supplemented by sixteen regiments of heavy field artillery, equipped with large calibre howitzers.

SIXTEEN OFFICERS' CAMPS.

A revised list of officers' training camp districts was issued today by the department. There will be sixteen camps. Officers for the cavalry divisions will be trained at all of the sixteen camps, which will open within a few days, with 40,000 prospective officers under training.

The two cavalry divisions combined will have 1,214 officers and 32,062 fighting men, including mounted engineers and horse artillery units, and each will have also its divisional hospital and camp infirmaries.

INCREASE NATIONAL GUARD.

In preparation for the enormous task of training this great army the existing regular establishment and the national guard is being brought to full war strength. The regulars, when all five additional increments provided for in the national defenses act have been added, will total 112,233 officers and 293,000 men of all arms.

HOLLWEG PUSHED ON ALL SIDES TO GIVE PEACE TERMS

Big and Little Annexationists and Socialists in Squabble On Germany's Plans

Copenhagen, May 4, via London, 8:10 p. m.—The silence of German Imperial Chancellor Von Bethmann-Hollweg, concerning Germany's peace terms, if as declared, it is based on a desire to avoid disrupting the unity of feeling in the country by discussion of contentious questions, and not, as some critics assert upon the absence of a definite government peace policy has failed of its object.

SOCIALISTS GAIN POWER.

The Socialist meetings, on the other hand, are making and strengthening public opinion for a peace with no indemnities and no annexations. The Socialist leaders obviously are endeavoring to sweep the government and imperial chancellor into a declaration of German peace aims, on similar lines and which could be used at the Stockholm conference.

OFFICIALS CONSIDER COMMERCIAL PLANS

Washington, May 4.—Direction of America's vast commercial resources in the common struggle against Germany formed the basis of the second formal conference between American officials and the British mission, held today in Secretary Lansing's office at the state department.

BALFOUR WAS PRESENT.

The highest officials who will have to deal with the matter met in joint session to discuss the results of their various individual conferences. For the American government there were present, besides Secretary Lansing, Secretary Redfield and Dr. E. E. Pratt, of the commerce department, and Counselor Poke of the state department, and E. M. Halsted, chief of the customs division of the treasury department.

HAITIEN PRESIDENT ASKS DEPUTIES TO WAR ON GERMANY

Port Au Prince, Haiti, May 4.—President Artiguevaue has sent a message to the senate and chamber of deputies in congress demanding a declaration of war against Germany and a commission has been appointed to consider the question.

ALLIES' WEDGE BURIED DEEPER IN GERMAN LINE

While Haig's Men Rest After Thursday's Successes Nivelle's Army Huris Self at Hindenburg Positions.

SCORE GREAT GAINS

(BULLETIN) PARIS, May 4, 11 p. m.—North-west of Rheims, French troops have taken the German line on a front of about two and a half miles, capturing 600 prisoners in the operation. On the eastern end of the Vanderc plateau, the war office announces the village of Craonne has been captured by the French. More than 150 prisoners, as well as several points of support, east and north of Craonne, also fell into the hands of General Sivel's forces.

BRITISH STRENGTHEN POSITION.

Attacks by British troops on the Arras front from east of Vimy south to Bullecourt have stopped for the moment while Field Marshal Haig's soldiers strengthen the positions taken on Thursday. London reports the capture of more than 900 prisoners in the attack on the Arras front, Thursday and Friday, which resulted in the capture of Fresnoy and other sectors of the German line. Berlin admits the loss of Fresnoy, but says the British were repulsed elsewhere and that the Germans took 1,000 prisoners.

ARTILLERY IS ACTIVE.

(By a Staff Correspondent of the Associated Press.) With the British armies in France May 4 evening, via London 10:15 p. m.—Infantry attacks and counter attacks having subsided for the time being there came from the battle front tonight only the dull roar of the never ending artillery duel.

THE WEATHER

COUNTRY'S FINANCE CAN STAND BURDEN

L. G. Kaufman Optimistic in His Views—Harmony Between Bankers and Treasury.

L. G. Kaufman, president of the Chatham & Phoenix National of New York and of the First National of Marquette, who has been spending the past few days in the city, speaks confidently of the ability of the financial and industrial structure of the country to support the war, and, despite the doubt that obscures the situation he is optimistic on the subject of the general business outlook.

"Between the officials of the federal treasury and the bankers and financiers of the country the relations, in planning for the support of the war, have been harmonious and mutually helpful," Mr. Kaufman said. "Despite alarmist reports from time to time, in responsible places in the government there has been a full realization of the necessity of giving industry that free scope for the efforts that will be required of it that alone can come by dealing with it wisely and generously.

"The taxation will, naturally, be heavy, but there is nothing that the government has yet proposed that industry cannot support without being devitalized. The wealth of the world has been pouring into this country, its financial position is incomparably strong, whether it is called on to absorb issues of bonds or to meet unprecedentedly heavy taxation. The first thought of the proposed taxes is a little startling, industry having been so accustomed to keeping practically all its earnings, but analysis of the financial sheets of the great corporations shows that they can easily meet the government's exactions and proceed with their own development unhampered.

"It must be borne prominently in mind that much of the money to be raised by our government is to be loaned to our allies, by them to be immediately expended in this country. In the train of this use of the billions we will raise will come corresponding new business, and new profits that, no matter if they are comparatively small, will aggrandize the wealth of the country. It is this condition, principally, that warrants confidence in the immediate business and industrial future.

"In banking and financial circles there has been apparent, in expression and act, for weeks past unqualified patriotism. They desire to support the government to the limit of their mobilized resources. They are in the war, heart and soul, and without selfish thought."

Theatrical

Opera House.

House, Peters and Myrtle Steidman will be seen at the opera house tonight in the fascinating story drama "The Happiness of Three Women."

The complications that set in because of the queer, yet ordinary actions, of a certain Billy Craig (House Peters), his fiancée, the wife of a jealous husband and a bank cashier give the theme for life unusual photodrama. Billy Craig has this problem put to him. He has the power to keep an innocent man from being sent to prison, if he gives his evidence he puts himself in such a position that he will lose his future wife and also incur the anger of the jealous husband. What would you do?

"Lukes Rank Impersonation" will be the comedy reel for this evening's show.

Delft Theater.

"The Mortal Sin" will be shown at the Delft today. Viola Dana will be featured in this Metro Wonderplay.

George Anderson, an author in poor health, is writing a book which he expects to name "The Mortal Sin." The book is a story of a man who becomes so engrossed in his work that his health runs down and he is compelled to go west. He leaves his wife behind to earn money as he is ill to support himself. The wife is unable to make any money so she sacrifices her honor so she may be able to send her husband regular remittances. Her husband returns suddenly and discovers what she has done for his sake. Does he forgive her or not?

Mr. and Mrs. Sidney Drew will be seen in the comedy film "His Wife's Mother."

If you want heavy whipping cream for Sunday, call up the Marquette City Dairy. Phone 223. 5-5-17.

According to reliable statistics there were 127 boys 13 years of age, 330 of 14 years, 773 of 15 years and 2,738 of 16 years, making a total of 16 or under of 3,888 in the Northern armies during the Civil war. There were probably as many, if not more, very young boys in the Confederate armies.—Boston Globe.

ARREST THEATER ROWDY.

Opera House Management Takes Action Against Boy Who Threw Marbles.

The arrest of a boy for throwing marbles and other objects from the gallery of the Marquette opera house, by Chief of Police McIntosh, last night, is the first of drastic steps being taken by the management of the theater to put an end to such misdemeanors by occupants of this part of the theater.

Patrons have complained to Manager Zerbol that boys in the gallery have been throwing marbles and other objects on people seated on the first floor. A watch was kept, but it took some time to finally locate one of the offenders. Last night General Manager Gallup, of the Delft Theaters Inc., saw a boy in the act of throwing pieces of wood on the lower floor patrons and called Chief McIntosh, who happened to be in the theater at the time, and had the offender arrested.

"I want to announce that the boy we had arrested is going to be prosecuted to the full extent of the law" said Manager Zerbol last night, "and that if this practice is not discontinued we will follow like offenses with just as vigorous action. We will not tolerate these manifestations of rowdism and intend to force occupants of the gallery to behave themselves if we have to station special police there to do so."

WILL NOT CHARGE FOR USE OF LOTS

A. Mathews Announces He Will Loan "Home Garden" Lots Free.

A. Mathews, who recently offered several city lots for use of residents of Marquette who wish to plant their own gardens, announces that these lots will be turned over to the people without cost.

Children's Potato Contest.

"The Kid's drive!" That is the name given to the boys' and girls' potato growing contest staged by the Rotary club, for which \$100, in addition to the profits obtained through the crops, will be given away.

Twenty-nine prizes are offered by the committee of business men. The first one is \$20 while the others range as follows: \$15, \$10, \$5, two of \$4, five of \$3, nine of \$2 and nine of \$1. An investment of \$3.25 is required to get a bushel of potatoes for seed so that a neat money return besides the satisfaction of doing something for the nation will be the result.

The contest is open to girls as well as boys. Any person under nineteen years and who is a resident of Marquette and any school student in any of the Marquette schools and who lives here can enter the contest by filling out cards provided by the committee turning them in before May 11.

School teachers will be supplied with the cards and they also can be secured at the offices of John Van Evera, P. B. Spear or George W. Rowell, Jr. The cards must be turned in to Chairman Van Evera. The prize seekers are expected

Can Use Vacant Lots.

Any person who has a vacant lot should call up any member of the committee and advise him of the fact so that it may be recorded and turned over to the boys and girls. A tract of ground forty by fifty is required by the committee and the rule is that the size of the crop will govern the winner. Hence, the potatoes must be dug under the supervision of the committee.

The seed can be secured at the office of F. B. Spear and Sons. This firm with the aid of the committee secured a carload of Green Mountain potatoes just as they were to be shipped to Wisconsin. The Spear firm will sell these potatoes at cost, \$3.25 and will deliver free of expense. It is expected that arrangements will be made with different stores in the city so that orders can be left with them.

Adults looking for seed will be supplied with what they need upon application. The price to them will be the same as to the children, but the children will be given preference. If the entire supply is not taken before May 11 they will be shipped from the city so that haste is necessary.

GUILD PLANS RELIEF WORK.

Women's Society of St. Paul's Church Adopts Elaborate Program.

At a meeting of St. Paul's Guild yesterday afternoon officers for the coming year were elected, and a plan adopted whereby the members expect to devote all the resources and energies of their society to the work of war-relief until peace shall be declared. As soon as arrangements can be completed they will undertake to keep groups of women engaged in this work in the Guild Hall every afternoon from 2 to 5 o'clock, a special committee for each day being in charge and responsible for furnishing work to any who may come to help. The plan is to keep the hall open every afternoon in the year except Sundays so that all who will may avail themselves of the opportunity offered to work for the Red Cross or for any of the various relief and auxiliary agencies. There is, of course, no idea of interfering in any way with existing organizations which are working for the same ends, but rather to supplement their efforts. The work is not to be carried on as a denominational enterprise, and the Guild will heartily welcome all who care to work

with them without regard to any one's religious affiliations.

A special meeting of all women interested in the above program is called for Monday afternoon in the Guild Hall at 4 o'clock.

The new officers of the Guild are Mrs. M. W. Jopling, Mrs. W. H. Elliot, Miss Ada Mapes, directors; Mrs. Ora Manes, secretary and treasurer; Mrs. Nellie Wishart, and Mrs. Geo. J. Webster, members of the executive committee.

If money were more plentiful, probably more people would marry for it.

Clears Complexion

Don't worry about blotches or other skin troubles. You can have a clear, clean complexion by using a little zemo, obtained at any drug store for 25c, or extra large bottle at \$1.00.

Zemo easily removes all traces of pimples, black heads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable. The E. W. Rose Co., Cleveland, O.

OPERA HOUSE Thursday and Friday, May 10 and 11

CHINA TO JOIN THE ENTEENTE ALLIES IN FEW DAYS IS BELIEF

Peking, May 4.—Passed by censor.—(Partly deleted).—The entry of China into the war on the side of the entente allies, at an early date, seems inevitable. President Li Yuan Hung, and the senate, are opposed to such a step, but the house of representatives, the premier and conference of military governors are urging war.

The brewing industry last year only used 48,000,000 bushels of barley, 17,000,000 bushels of corn, 2,000,000 bushels of rice, which represents less than 1 per cent of the grain produced in the United States, and of this amount fully half goes back to the farmer for cattle food in the form of dried grains and by-products.—Exchange.

REPORT OF THE CONDITION OF THE

Marquette County Savings Bank

At Marquette, Michigan, at the close of business May 1st, 1917, as called for by the Commissioner of the Banking Department:

Financial report table for Marquette County Savings Bank, listing assets (RESOURCES) and liabilities (LIABILITIES).

Watch !!!

We make a prediction—watch for its fulfillment. For some years, various and sundry concerns have been making beverages which are grouped under the general description of "near-beer."

Now comes Bevo—a cereal beverage, not a "near-beer," nor do we seek its sale on any basis of being an evasion of the law or of being a substitute for anything. It is offered purely for what it is—a delightful, wholesome and nutritious drink.

Bevo met with instant and complete success. A whirlwind success. Surely there must be something special about

Bevo that has won this success. That something is not the shape of the bottle or the beauty of the label but the goodness of the contents of the bottle.

We anticipate some beverages will be offered in a way to make the appearance of the package look as much like the Bevo bottle as possible. The intention is obvious.

But you don't taste the shape of a bottle—it's the flavor of the contents of the bottle that you must depend upon for enjoyment.

Then beware of impersonators—don't be satisfied to try to identify Bevo by the shape of the bottle alone—

Look !!

There are these certain identification marks that are your protection against imitations. Not just imitations of the product, remember—but those more insinuating imitations which try to deceive you by putting an old failure into a bottle similar to a new success. So look for these unmistakable marks of the genuine Bevo—demand that the bottle be opened in front of you, then—

Look for the Seal See that it is unbroken covering the Crown Top. Look at the Crown Top, and see that it bears the Fox. Be sure the Bottle bears this Label.

Have you tasted Bevo? Then you know that nothing can satisfactorily take its place. If you haven't tasted it you should learn what it is and all that it offers you. Bevo is an all-year-round drink. You cannot enjoy Dutch lunches, Welsh rarebits, oysters, clams, lobsters, sausage, cheese, and many other such delicious edibles without partaking of a little Bevo. Give it a trial and see if this prediction is not true.

Listen!

Bevo is a pure drink; is strictly non-intoxicating. This means more than that it contains pure and harmless ingredients—it means that though you might often well be afraid of possible germs in milk or water, Bevo, being a pasteurized product in sterilized bottles, is absolutely free from bacteria. Bevo is a nutritive beverage—the fine cereals from which it is made give it this quality. Bevo is a delightful and refreshing soft drink—unlike any you have ever tasted—indeed a Triumph in Soft Drinks. You should hear the comments of people who have tasted and who know Bevo. They all—

men, women and children—have a good word to say about Bevo's good qualities. We feel that we can say this with assurance, not only because of the wonderful sale we have had on Bevo but because of letters on letters received, congratulating us on the product. You can't get these good qualities in anything but Bevo—demand the genuine. You will find Bevo at inns, cafeterias, restaurants, groceries, department and drug stores, soda fountains, dining cars, steamships, canteens, soldiers' homes, navy, and other places where refreshing beverages are sold. Your grocer will supply you by the case.

LITTLE PROSPECT FOR HEATING PLANT

Lack of Capital Will Deprive Property Owners of Central Station.

There is little or no prospect of securing the proposed central heating plant for Ishpeming; the money needed can't be raised," William Leininger, president of the Ishpeming Advancement association asserted yesterday. "The bankers do not feel that they could advance the entire amount necessary to erect the building and equip the plant, as suggested by the expert who met with the business men last week. However, I believe the banks would be willing to carry part of the load, in the event a responsible individual, or company, took hold of the project. I am satisfied that the banks would extend a loan of \$30,000 on the \$80,000 expenditure."

Mr. Leininger is greatly interested in the proposal, as he is convinced by the correspondence he has had with business men in cities and towns where similar plants have been installed, that the plant would be a big money saver for property owners. Mr. Leininger believes that the cost of heating buildings in the business part of the city, as well as in nearly all residences, could be reduced all the way from 50 to 75 per cent.

The figures presented by Mr. Abernethy, who met with the Ishpeming men, indicated that a most substantial saving could be effected, and that more satisfactory service could be secured through a central station than by individual heating. Mr. Abernethy had many letters testifying to these facts, and he was prepared to give the property owners a guarantee that the results obtained would be far more satisfactory than is possible with the use of individual heating plants.

The Ishpeming men who are interested in the proposition have made no

special effort to obtain financial backing for the project.

BULLARD ENDORSED.

State Deputy of Modern Woodmen Favored for National Board of Directors.

Emil Swanson, who represented the Modern Woodmen camps of Marquette county at the triennial convention held this week in Flint, reports that E. J. Bullard, of Detroit, the state deputy, was unanimously endorsed for membership on the national board of directors.

Mr. Bullard has made an excellent record in charge of the field work in Michigan and he was complimented highly by the delegates who presented his name before the convention for endorsement for the national board. He has been the state deputy since C. J. Byrnes, formerly of this city, resigned to accept a place on the national board. During Mr. Bullard's incumbency, the membership in the state has increased considerably, especially during the last few years, since the rate question has been disposed of.

THEATRICAL.

The fourteenth episode of "The Lass of the Lumberlands" will be shown this afternoon and evening at the Ishpeming theater. This highly interesting and exciting serial will be brought to a close a week from today, when the fifteenth and last episode will be presented. Helga Holmes, who is featured in this photograph, is now appearing in another serial, "The Railroad Raiders," the first chapter of which will be shown here some time in June. "The Railroad Raiders" is in great demand, and the producers are obliged to send additional film prints in every district where "The Lass of the Lumberlands" has been shown.

Other pictures in today's program will be "The Cloud Puncher," with Hank Mann, the well known comedian. This is the second of his Fox comedies, which is in two reels. There will also be a Mutual Weekly, See America First, and other pictures.

"Bought and Paid For."

The screen production of "Bought and Paid For," Joseph Broadhurst's big stage success, will be the offering at the

NEGAUNEE TO HAVE 'STATE TROOPS' UNIT

Young Men of City Announce Their Desire to Enter New Home Guard Corps.

A movement is on foot here to form units of "Michigan State Troops," in connection with the home guard movement. This service would not be compulsory and is authorized by Governor Sleeper by virtue of the authority invested in him under the provisions of an amendment to the Public Acts of 1909 this year. The troops will, for the duration of the war, take the place of similar units of the Michigan National Guard, now or hereafter called into the service of the United States. In order to be recognized as a unit in the Michigan state troops, each man enlisted must subscribe to a declaration, and contract of enlistment.

Each company will consist of at least fifty enlisted men and three officers. No officer shall assume to act as an officer of the Michigan state troops until he has been commissioned by the governor and shall have qualified for the office to which he is appointed.

Before any company or unit is accepted into the state service it shall first be inspected by an officer detailed for that purpose by Governor Sleeper, and if it is found properly organized and otherwise in compliance with conditions prescribed, may be formally accepted and mustered into the Michigan state troops.

One of the rules to be strictly observed will be that of drilling, and it will be necessary for a company to drill at least once a week and have an assembly for instruction. Service in the Michigan state troops will not obligate anyone to federal service, neither will it exempt therefrom. Reasonable physical fitness for both men and officers is desired and each man enlisted will be examined physically by an officer, who will certify to such examination upon the enlistment blank. All service will be purely voluntary and without compensation for drills or other such formation. Troops placed on actual duty will receive the pay prescribed by law, but no troops shall go on actual duty except upon the order of the governor.

Governor Sleeper desires that the units of the Michigan state troops be known as "Home Guards" and these units are expected to render every assistance to the federal recruiting officer and other federal activities to stimulate local pride in national guard and volunteer organizations, and to perform such other duties as may be required of them from time to time.

The choir of the Swedish Lutheran church will render the cantata, "The Lord of Easterie," Sunday evening. The cantata, which was given Easter Sunday, is being repeated by request.

Captains James Stephens, Alfred Collick and James H. Roup, of the Cleveland Cliffs Iron company, will leave Sunday night for West Baden, Ind., where they will spend two weeks taking the bath treatment.

The high school cadets made their first appearance on the streets yesterday afternoon. The boys are making very good headway with their drill work, under supervision of W. E. Turner, physical director of the schools.

The members of the choir of the First Methodist Episcopal church will render a musical program tomorrow evening instead of the regular evening services. The program will include numbers by the choir and solos by Mrs. L. E. Karr, Dr. E. G. Robbins and Miss Merva Hennett, also a duet by the Misses Lillian Rovee and Catherine Burt.

John Beauchamp, the Cleveland avenue barber, who for the past several months has owned and conducted a shop in Palmyra, yesterday sold his business there to Charles Makki, of Duluth, who has already taken charge. Mr. Beauchamp will go to Palmyra today to introduce Mr. Makki to the trade. Hereafter he will devote all his time to the conduct of his Ishpeming business.

Arvid Trosvig, an Ishpeming electrician, died last night in the hospital. Mr. Trosvig who had lived in Ishpeming all his life severely injured his spine last December by a fall from a telephone pole. He has since been in Chicago taking treatment for his spine until about a month ago when he brought to Ishpeming. The funeral arrangements have not yet been made.

The body of Charles A. Forsberg, who died Tuesday in Duluth, will be received here this morning and will be taken to the home of his daughter, Mrs. Vernquist, from where the funeral will be held Sunday afternoon at 2:30 o'clock, with services in the Swedish Lutheran church. Several relatives of the deceased are here from the copper country, arriving yesterday. Others will accompany the body from Minnesota.

Charles Osier who has been visiting relatives here the past few days, will leave today for Detroit, where last week he enlisted in the aviation corps of the United States army. He will enter the service Monday and he will leave next week, together with some 300 other young men for Ohio, going from there to St. Louis to a training station. Mr. Osier reports that a great many young men in Detroit are enlisting.

REJECTED—REGRETS IT.

Albert Sanders who enlisted in the United States Army at Escanaba a few days ago and passed the preliminary examinations, was rejected at Jefferson Barracks on account of having heart trouble. William Pultz, of Crystal Falls, was also rejected. The latter resigned his position here with Sam Farson, the hardware dealer, to enlist, and was greatly disappointed when he was refused.

STAR TODAY.

Frances Nelson, E. K. Lincoln and June Elvidge in "The Almighty Dollar." A story of two sisters, orphaned, compelled to face the world alone. They are taken advantage of by an unscrupulous doctor, but saved by a manly young fellow from the West. An inspiring and fascinating story.

Matinee starting at 2 p. m. "The Great Secret," fourth episode, also will be shown.

NOTICE TO COAL DEALERS.

The city of Negaunee will receive bids on 2,500 tons of 2 1/2 in. Youghiogheny soft coal P. O. B. coal trestle up to Wednesday, May 9, 1917 at 5 p. m. Alfred Bellstrom Superintendent. 5-3-6t.

FORD LAYING OFF MEN.

Many Marquette County Young Men Will Return Home in Few Weeks.

A large number of the Marquette county young men, who, during the past two years, went to Detroit to take positions in the Ford Motor company's plant, will probably arrive home within a few days as the "Auto King" has laid off a large number of his employees and many more are expected to be let out during the next few weeks.

Two Negaunee young men, Robert Johnstone and Raymond Stephens, who have been employed in the Ford plant for the past two years, were among the first 3,000 men to be laid off, and have returned to their homes.

MAKES ANOTHER ATTEMPT.

Eddie Morris, of this city, a patriotic and persevering young man, is again seeking admission to the United States navy. He was among the seven Negaunee men who enlisted in the navy when Officer Thoms first established a recruiting office at Ishpeming. He was rejected, after being examined at the Milwaukee office, on account of an ailment in his throat. Since returning home he had the ailment remedied and has left again for Milwaukee, to take another examination. He hopes this time to pass the entrance examinations.

The other young men, William Roberts, William Hill and Leonard Scimi, who enlisted and passed the entrance examinations when Morris made his first try, have completed their training work and are now on battleships.

William Kiehofer and Ed Beaulieu, well known Negaunee men, have enlisted in the army and have gone to Jefferson Barracks, Mo., to take the examinations.

FISHERMEN'S TRAIN.

Commencing tomorrow The Duluth South Shore & Atlantic Railway train No. 8, which leaves here at 4:30 in the morning will stop, on signal, at Gordon, Sand River, Deerton, Onoto, Rock, Antrim and Nelsonville for the purpose of discharging passengers beginning tomorrow. This is being done especially for fishermen. Train No. 7 will stop on signal at the same places in order for the fishermen to return to their homes. Excursion rates will be in effect to all the above named points.

LOCAL LACONICS.

J. Emmett Driscoll is confined to his home on Clark street on account of illness.

A daughter was born yesterday to Mr. and Mrs. James Webb Jr., 3197 street.

Miss Eileen McDonald has gone to Munising, where she will train in the Munising hospital.

The funeral of the late John Stewart Sr., was held yesterday afternoon and was largely attended.

The employees of the Republic Iron & Steel company will be paid for the last half of April next Saturday.

John Trudell, former city treasurer, left yesterday for Jerome, Ariz., where he will be engaged in diamond drill work.

Mrs. Carl Bloom and son and daughter, left yesterday for Detroit, where she will spend a month visiting with relatives and friends.

Frank William, who has been located at Racine, Wis., for the past two months, is spending a few days in the city visiting with his parents, having come home to attend the funeral of his grandfather, the late John Stewart Sr.

Beginning today the employees of the city building have been granted a half holiday on Saturdays from now until Nov. 1. The office will close at noon, but one man will remain in the building until closing time every Saturday.

George R. Jackson, superintendent of the Cleveland Cliffs Iron company's Negaunee mines left last evening for Scranton, Pa. He was accompanied by his two sons, Mrs. Jackson, who has

ven visiting at Detroit, will join him there and will accompany them to Scranton.

John Rock Sr., has been employed to act as watchman for the city pumping station and electric light plant. Mr. Rock, who is a former city police officer, will be employed on night duty. His bonds of \$1,000 with Thomas C. Yates and Frank L. Hallier as sureties were approved at the last meeting of the council.

Lower State Notes

HASTINGS—While grading a hill in Carlton township a gang of six farmers working on the roads uncovered a nest containing fifty-eight snakes of various sizes and of every kind found in this part of Michigan, ranging from harmless garter snakes to poisonous moccasins and rattlers. The reptiles were partially stupefied with cold and could not put up much of a fight when the farmers attacked and killed them with clubs.

LANSING—"Cng out ice cream" is one of the many suggestions as to the conservation of food supply coming to the food preparation committee. "In the summer time 15 per cent of the milk supply goes to the manufacturer of ice creams," writes one correspondent to former Governor Fred L. Warner. "Ice cream is a luxury and we can easily do without it. Save the milk for the babies and those who need it, and let the ice cream eaters turn their attention and money to some other more laudable channel."

HASTINGS—For the purpose of cutting out the profits of the livestock shippers, farmers in this locality have formed the Central Barry co-operative shipping and purchasing commission, with the following officers: Charles Woodruff, president; Peter Kunz, vice president; A. N. Williams, secretary and treasurer. Hastings will be the ship-

ping point. A similar association at Nashville, twelve miles from here, transacted over \$80,000 worth of business in one year.

FLINT—The possibility that Michigan troops may be made a part of the first expeditionary force has livened up recruiting for the two Flint companies of the Thirty-third regiment. One hundred boys, fifteen to eighteen years old, have enrolled in the junior Marine Scouts, forming here under the direction of the marine cops recruiting party.
