

UNITED STATES TO FEED ALLIES

"AMERICA IN DANGER! ARISE AND FIGHT!" ---FATHER BARTH

U. S. GOES TO AID OF FRENCH AND BELGIANS

America Assumes Financial Burden of Feeding and Caring for People in European War Zones.

HOOVER OUTLINES NEEDS

Washington, May 9.—The American government today assumed the immediate financial burden of Belgium relief, by arranging to lend to the French and Belgian governments jointly, \$75,000,000, to be expended by the American Belgian Relief commission for food to go to Belgium and Northern France.

CAN USE MORE MONEY.

Herbert C. Hoover, director of the American commission, announcing the loan today, said: "The inability of the commission to secure ships to provide full rations to Belgium and Northern France makes it impossible for the \$12,500,000 monthly to cover the present restricted operations of the commission. There will be ample need for any balances in hand and any further subscriptions."

Americans recently have been contributing about a million dollars monthly for Belgian relief. The French and British government have spent many millions a month.

HOOVER OUTLINES ALLIES' NEEDS.

Mr. Hoover reported to President Wilson on food conditions abroad and presented the allies' estimates of their food requirements from America during the coming year. At an hour's conference he reviewed the situation in detail, outlining measures foreign governments have taken to conserve their supplies.

Later Mr. Hoover was asked if he would accept a place as food dictator if one were created. "I don't want to be food dictator for the American people," he replied.

The man who accepts such a position will die on the barbed wire of the first line entrenchments."

COLLEGE PROFESSOR FREED BY JURY ON A MURDER CHARGE

Christiansburg, Va., May 9.—Charles E. Vawter, former professor of physics, at Virginia Polytechnic institute, was declared not guilty tonight of the murder of Stockton Heath, Jr., a wealthy young society man and sportsman, whom he shot to death in the Vawter home car on the morning of March 13. The jury was out two and one-half hours. Vawter's defense had been based on the unwritten law and self-defense.

'BILLION' FOR SHIP BUILDING IS PROMISED

Leaders of Both Parties Pledge Support of New Program

Washington, May 9.—Leaders of both parties in congress, at a conference with President Wilson, today promised to support the administration's billion dollar ship-building program. Bills will be introduced immediately to give the shipping board \$500,000,000 for construction of a great steel and wooden cargo fleet to run the German under-sea blockade and the remainder of the money will be appropriated whenever needed.

CAN TAKE OVER YARDS.

The shipping measures will be completed within a few days. They would empower the government to take over ship yards and the output of steel mills, if necessary, but the administration believes such a power will not have to be exercised.

The shipping board plans to clear ship yards of construction actually under way to let contracts for standardized steel cargo ships, all built alike, and of a design permitting a minimum time for completion. It probably will adopt one of four designs already submitted. One of these, for a ship of 8,800 gross tonnage, is especially favored. It has been built successfully already on the Pacific coast.

Building operations will be under the direction of Major General George W. Goethals, manager of the board's emergency ship corporation, who also has charge of the wooden ship-building program.

U. S. PURCHASES AUSTRIAN STEAMERS

Federal Shipping Board Acquires the Interned Vessels for \$6,778,006.

Washington, May 9.—The federal shipping board tonight announced that it had purchased, from American owners, seven Austrian merchantmen held in America ports, totaling 52,651 tons, for \$6,778,006. The price is about half the prevailing price for ships. The vessels will be repaired within a few months and placed in the war merchant trade by the board.

WERE SOLD AT SACRIFICE.

The ships are: Dora, 7,037 gross tons, and Ida, 4,730 tons, both at New York; Emy, 6,615 tons, Boston; Anna, 1,575 tons; Clara, 3,932 tons; Teresa, 3,769 tons at New Orleans, and the Lucia, 6,744 tons at Pensacola. They were bought from A. T. Ford and George A. Cardin, New York ship owners, who agreed to sacrifice their profits and sell at virtually the same price they gave for the vessels.

CHIEF ENGINEER OF STEAMER LA SALLE TAKEN ASHORE ILL

Sault Ste. Marie, Mich., May 9.—The steamer Croft reached the locks today and A. W. Muelhner, chief engineer of the steamer La Salle, who was suffering from pneumonia, was removed to the marine hospital here. The engineer was taken off the La Salle by the Croft Monday, the Croft going out of the channel into the heavy ice to answer distress signals. She became fast in the ice yesterday. The Vulcan has only one blade on her wheel and the La Salle two. Both are held in the ice and have been since last Friday. They are down-bound with grain.

AMERICAN SHIP BEATS OFF SUB NEAR IRELAND

Gun Crew Fires Six Shots at a German U-Boat and Forces Under-Water Craft to Flee.

GERMANS HOLD FRESNOY

(BULLETIN) NEW YORK, May 9.—An armed American Line steamship, which arrived here tonight from a European port, reported that her gun crew fired six shots at a German submarine off the coast of Ireland, on May 2. The under-sea boat immediately submerged and it was impossible to determine whether any of the shots took effect.

The periscope of the submarine was sighted about 6 p. m. and the American vessel immediately swung around to afford the gunner opportunity for accurate aim. The under-sea craft disappeared simultaneously with the firing of the first shot, it was said, and did not reappear. The American ship then put on full speed and proceeded on her course.

(Associated Press War Summary). The sanguinary battle between the British and Germans for possession of the village of Fresnoy goes on apparently without abatement. It is a desperate battle on the part of the Germans who see in the loss of the village a double menace—the placing in jeopardy of their entire line north, especially the town of Lens and its adjacent coal fields, and a deeply projecting salient into their lines which would veritably put the British at the threshold of Cambrai.

TAKE 100 PRISONERS.

Berlin, however, asserts that the Germans have held the village against fresh British attacks and in addition have taken 100 more prisoners. Wednesday saw a return of unfavorable weather along the Anglo-German front, and except around Fresnoy the fighting was mainly by means of the artillery.

The French, meantime, have been busy consolidating the positions captured from the Germans in Tuesday's fighting near Chateau, repulsing counter attacks and engaging in artillery duels with the Germans. Northwest of Rheims, in the single instance where the infantry left the trenches, the French attacked and captured German positions on a front of more than 400 yards, and brought back 100 prisoners.

THE WEATHER

WEDNESDAY, MAY 9. Marquette and vicinity: Fair and warmer.

Upper Peninsula: Partly cloudy Thursday and Friday.

Table with columns for Marquette Temperatures (Last 24 hours) and Temperatures Elsewhere (Boston, Buffalo, New York, New Orleans, Chicago, Detroit, Omaha, St. Paul, Helena, San Francisco, Winnipeg).

WAR TAX BILL NOW READY FOR HOUSE ACTION

Measure Will Hit Every Householder and Taxpayer in The Country

Washington, May 9.—The war tax bill, extending its exisces to the fabric of every American home, was formally presented to the house today by the ways and means committee, with plans for quick passage. As a forecast of what may come later, it proposes special taxes to raise \$1,800,000,000, in addition to the present normal annual revenue of \$1,500,000,000. When its terms are effective the American people will be paying direct taxes of \$33 per capita. The people of the British Isles—half as many—now pay per capita taxes of \$60.

HOUSEHOLDS ARE HIT.

Household light, heat and telephone, admission tickets to amusements, fire and life insurance, railway tickets, automobiles, automobile tire and tubes, soft drinks, postage rates, golf clubs and baseball bats, club dues and a host of other everyday necessities, or luxuries, come under the taxation.

Increased postage rates on newspapers, arranged in a zone system, are such that the publishers say they will force many newspapers out of business. Already protests against many features of the law are pouring in, and attacks upon it will center in the senate finance committee, which will conduct public hearings on it and probably make some amendments.

89,843 CANADIANS KILLED IN BATTLE

Report Issued at Ottawa Shows Terrific Losses of Dominion During War.

Ottawa, May 9.—Casualties among the Canadian expeditionary forces from the time the war began up to yesterday had reached a total of 89,843 killed, wounded and missing, according to a report made tonight by the war records office.

MANY REPORTED KILLED.

The report follows: Killed in Action—774 officers, 14,755 men; total, 15,529. Died of Wounds—242 officers, 5,000 men; total, 5,242. Died of Sickness—49 officers, 1,191 men; total, 1,240. Presumed Dead—35 officers, 1,481 men; total, 1,516. Wounded—2,743 officers, 60,913 men; total, 63,656. Missing—106 officers 2,751 men; total, 2,857.

HOLLWEG TO TALK PEACE NEXT WEEK COPENHAGEN SAYS

Copenhagen, via London, May 9, 10:55 p. m.—A special dispatch, received here from Berlin, says Dr. Von Bethmann-Hollweg, the imperial German chancellor, will answer a peace interpellation in the reichstag Monday.

The dispatch adds that the reichstag will adjourn in the middle of May, but not until autumn, as is customary. Parliamentary objections to leaving the government uncontrolled from the May adjournment until autumn have resulted in plans for a short summer session in July.

COALITION GOVERNMENT FOR RUSSIA PROMISED

Petrograd, May 9, 1 p. m., via London, May 10, 2:30 a. m.—A coalition cabinet in the new future was forecast in a long declaration of the provisional government published today.

NEW YORK OPENS ARMS TO JOFFRE AND COLLEAGUES

Greatest Reception Ever Accorded Visitors to That City Is the Honor Paid to Frenchmen.

ENTHUSIASM IS KEYNOTE

New York, May 9.—New York surrendered unconditionally to Field Marshal Joffre, and the French war commission at 4:35 o'clock this afternoon. Never have visitors to New York been given so tremendous a welcome. At least a million of its citizens turned out. The Frenchmen were overwhelmed at the demonstration.

SALUTE STATUE OF LIBERTY.

The members of the mission caught their first glimpse of the Statue of Liberty as they crossed the Hudson river on a police boat. Viviani and Joffre stood at the rail, the former in silence with his hat at his side; the soldier at salute.

The Frenchmen were greeted by a reception committee, which included Robert Bacon, former ambassador to France, Joseph H. Choate, former ambassador to Great Britain, James J. Jusserand, the French ambassador; Frank L. Dolk, counselor of the state department and George W. Wickersham, former attorney general.

They were escorted to the City Hall by a squadron of cavalry and two troops of mounted police. At the City Hall they were formally welcomed to New York by Mayor John Mitchel and Mr. Choate.

M. Viviani responded. He said America waited a long time before deciding to enter the world war, because she wanted to be certain she was on the right side. France fought for liberty, consenting to pour forth her blood and to make the terrible sacrifice to win liberty for the world and that was why America stepped in.

The greatest lesson of the world, M. Viviani declared, was conscription, because, as long as there was a warlike Germany, democracies would be in danger, with their duty being to remain armed.

It was a Liberty Day in the United States for the Frenchmen. It began with a visit to Independence Hall, in Philadelphia, where was signed the declaration of Independence, America's proclamation of political freedom. It neared its end with the salute to the Statue of Liberty.

REFRIGERATOR'S BOW CRUSHED.

The car ferry was crossing from Detroit to Windsor when the Plankinton crashed into it. The freighter's bow was crushed in.

ENGLAND SPENDING 7,500,000 POUNDS A DAY LAW SAYS

London, May 9, 10:25 p. m.—The tremendous growth of financial burden of the world was illustrated today in amazing figures by Andrew Bonar Law, chancellor of the exchequer, who asked parliament for a new credit of £300,000,000.

TAFT TELLS CANADIANS WILSON SHOWED TACT IN WAR SITUATION

London, Ont., May 9.—William Howard Taft, speaking here tonight on "The United States and the War," praised President Wilson for his diplomacy in keeping the United States out of the war for so long and then his tact and resolution in dealing with the situation "when every act of the Germans indicated that forbearance was no longer a virtue."

LIBERTY LOAN BONDS WITHIN REACH OF ALL

Will be Issued in Denominations Running From \$50 to \$100,000

Washington, May 9.—The two-billion dollar issue of the Liberty Loan bonds, Secretary McAdoo announced tonight, will be in the denominations of from \$50 to \$100,000, will mature in thirty years, and may be redeemed by the government in fifteen; will be subject to payment in four installments and will carry the privilege of converting into any bonds which may be issued during the war at a higher rate of interest.

TWO CLASSES OF BONDS.

Two classes of bonds will be issued, coupon and registered. The lowest denomination of registered bonds will be \$100, other denominations being \$500 and \$1,000, \$5,000, \$10,000, \$50,000 and \$100,000. Coupon bonds payable to bearer, will be issued in denominations of \$50, \$100, \$500 and \$1,000.

LAKE FREIGHTER IS SUNK IN COLLISION

Plankinton Goes to Bottom in Detroit River After Raming Car Ferry—One Man Missing

Detroit, May 9.—The wooden cargo steamer John Plankinton, up-bound, with coal, was sunk in the Detroit river ferry Detroit. The car ferry was only slightly damaged but the Plankinton sank almost immediately. The local mail boat picked up eleven members of the Plankinton's crew. Eight were rescued by a boat sent out by the Westcott company, marine reporters, and one is missing. All were from the Plankinton. The collision occurred off the foot of Third street.

GERMANS PLAN TO CARRY SUB WAR TO VERY LIMITS

London, May 9, 11:10 p. m.—Bentley's Amsterdam correspondent, quoting Berlin advices, says:

"The reichstag has begun its second reading of the navy budget. Dr. Pfeiffer, naval reporter of the budget committee, declared that the submarine booty for April would not be less than 1,100,000 tons and added that the reichstag looked forward to the activity by the German navy with the confident hope of a speedy and victorious peace. Vice Admiral Von Capelle, minister of the navy, who followed Pfeiffer said:

"This recognition is new stimulus to us to fulfill Germany's expectations regarding the U-boats, which have faced enthusiastically the great task of decisively intervening alongside our victorious army. I assure you that the U-boats will persevere until the end."

CLERGYMAN IN DRAMATIC PLEA FOR THE FLAG

"Germany at Her Zenith; Allies Are on Their Knees," He Says in Calling on Young Men to Enlist.

WILLIAM PRYOR SPEAKS

"Germany is at the zenith of her power, and the allies are stricken to the earth," was the startling declaration of the Rev. Fr. F. X. Barth, of Escanaba, whose address last night created a profound impression upon the audience which packed the Baraga auditorium to the doors. "We have been basely deceived by the allied newspaper reports. Germany is not beaten. The allies are whipped, but not unarmed. America is unprepared—a sleeping giant. Arise young men, and rush to your colors. Enlist! Enlist!"

HIS OWN OPINION.

"I am here to plead my own opinion," said Father Barth in beginning. "This opinion I base upon what I consider the most reliable authority. I do not say that what I am going to tell you is the truth, and that the condition which I am going to describe is actual, but I do pronounce it as my conviction, gathered from the most authentic of sources. Some of you may differ with me. That is your opinion. You are entitled to it. "Patriotism is not emotion, nor sentiment, but the stern and robust virtue of standing committed to the authority under which you live. To stand ready to do or die for the flag which signifies your home—that is patriotism. And it is to American patriotism that I now appeal."

Father Barth then drew a remarkably forceful parallel between the element which today soothes its conscience with the inward conviction that America is not at war, but is only a party in a trifling skirmish which will "blow over" within a few months, and the other element which stands convinced that America is in danger; democracy is threatened, and that this nation is unprepared. "It is not a skirmish; it will not 'blow over' within a few months! We are at war, and it is a war to the finish. We are at war against a nation which at present is at the height of its military and naval prestige—and ourselves stand unprepared, and American democracy and liberty hang in the balance. War means sacrifice—not for the few, but for all, and every American man, woman and child has a part to play in the great task and a sacrifice to make."

REFERS TO GERARD'S SPEECH.

Referring then to a speech which Ambassador Gerard, former American minister to Germany, made to a large audience of business men in Chicago last Saturday Father Barth emphasized the parts of that address, which show only too plainly the predicament in which America now finds herself. "It was not so much the words he used," said Father Barth, "but the way he used the words. He said we are at war; and he said it with tears in his eyes and his body trembling with emotion. Ambassador Gerard, in this address, declared that Germany today has more men in the field than ever before, and that her defenses are not tottering nor broken, as we have been led to believe. On this authority, then, do I base my conviction on this point."

"I have said the allies are stricken," continued Father Barth. "France, the pluckiest of the allied nations engaged in the war, is bleeding, and bleeding badly. If such is not the case then why the supplicant pleas of General Joffre and his mission. Why their urgent appeals for money and men? If England still stands strongly on her own feet and can depend wholly upon her own resources then why has Foreign Secretary Balfour come to this country to confer with our government officials? The United States should, justly, loan money to England."

PREMATURE?

Whether or not the American inventors have found a foil for the submarines...

The public, however, is not likely to attach too much importance to Mr. Saunders' view of the matter...

A SIGNIFICANT DECISION.

The supreme court has held that Snowden Marshall, once district attorney of New York, is not guilty of contempt because he publicly criticised the action of a committee of the house of representatives...

The opinion of the judges, delivered by Chief Justice White, holds that to sustain the contention against Mr. Marshall would be to "strike a knife at the very root of the whole system of representative government..."

THE TWO FRONTS.

There is now an interesting contrast in the fighting. While the western front is staggering under the heaviest shocks it has sustained at any time since the first clash, the Russian front is the quietest it has been since peace was ruptured in the late summer of 1914...

Two theories are advanced to explain the quietude on the Russian front. One, which is the most favorable to the allies, assumes that the Germans are now so busy on the western front...

Those who hold this theory point out that the Germans wisely reckon that they could do nothing just now that would be more likely to give the chaotic Russian disorganization a new national consciousness than to undertake an offensive that, to be successful, would have to involve the further invasion of

Russian territory. Let Holy Russia be invaded further, and the discordant Russian elements might be driven together by the necessity of fighting the invader...

This theory is surely the more tenable of the two. There is little military reason for doubting that, if it was desired, the Germans could find the resources for a sharp campaign against the Russian armies...

If the submarine campaign fails, as fail it will, no doubt, the Germans have one last chance, and one only, to continue the fight until it may get better terms than those that must be yielded in defeat...

Grand Rapids, which went under commission government this week, is the largest city in the state that has abandoned the aldermanic for the more modern form...

Marquette's quota of volunteers continues to be referred to as 140. A little figuring will show that this is an overstatement. On that basis the government would now be asking for not far short of 1,500,000 volunteers...

The perilous expedition of five men of the Munising to shore Tuesday suggests the thought that the vessel owners were taking a good deal for granted when they sent their ships into ice laden waters with such small stores of provisions in their larders...

The future of Russia depends largely on the question whether the Russian people have intelligence enough not to be hoodwinked by German plotters, or led astray by the extremists of their own radical elements...

Incidental to the main business of their visit, the French and British commissions have given a great impulse to patriotism in this country by helping to educate our people as to what the war means and what our part in it will have to be.

State Press

The Ontario minister of agriculture who predicts that wheat will sell at \$4 before it sells again at \$2 cannot be accused of trying to discourage the American farmer...

Congress would like to go home by June first. In good time for the oat harvest and the early wheat.—Battle Creek Enquirer.

American inventive genius is challenged by ruthless submarine warfare.—Grand Rapids Herald.

The submarine menace must be fought—fought now and fought hard, says Mr. Lane. Which is what the anti-pacifists have contended ever since the Lusitania was sunk and before. Let us hope that it's not now too late.—Soo News.

Nearly all the roads are now announcing fishermen's specials. As we remember it a fisherman's special is a ham sandwich and a can of worms.—Grand Rapids Press.

After wondering why the farmer makes such a mess of handling his tract of 100 or more acres, the average man decides that he will not have time to cultivate a patch of ten yards square in the back yard.—Flint Journal.

When the wages of the coal miners go up 20 per cent, the operators will feel entitled to much credit if they raise the price of the product only 40 per cent.—Jackson Citizen Press.

Editorial Opinion

The Railroad's Task.

War has put the railroads of the country up against the biggest problem they have ever faced, and they are aware of it.

War means that the country depends as never before on its transportation facilities. Munitions must be delivered at the places where they are needed, without delay. Food in increased quantities must be carried to the seaboard.

A few days ago word was sent to the thousands of men who have applied to take military training in the several camps, including Fort Sheridan, where men from Wisconsin, Illinois and Michigan are to be trained for three months, that they would be obliged to serve the three months without pay.

The uncertainty of the Russian situation arises in largest part out of the fact that the great majority of the Russian people have nothing to tie to politically. The Little Father and the auto-arch, which represented all of law and order, and authority in the land, have vanished and there is no true national consciousness to take its place.

The action of congress will prove a boon to men who must give up their situations for three months in order that they may receive lessons in military training that will fit them for service as officers, officers the government stands in immediate want for use in supplying commanders for hundreds of regiments and thousands of companies and batteries.

All Wisconsin will watch the progress at Fort Sheridan, for it is to be represented in that camp by 1,200 of its citizens who have manifested a patriotic desire to be of more than ordinary use to their country in the world war.—Milwaukee Sentinel.

A certain old lady was famed in her native village for health and thrift. To an acquaintance who was once congratulating her upon the former she said: "We be pretty well for old folks, Josiah and me. Josiah hasn't had an ailment for fifty years, 'cept last winter. And I ain't suffered but one day in my life, and that was when I took some of the medicine Josiah had left over, so's how it shouldn't be wasted."

A Lesson in Grammar.

Grace's uncle met her on the street one spring day and asked her whether she was going out with a picnic party from her school. "No," replied his eight-year-old niece, "I ain't going."

You never hear of people having headaches from drinking INSTANT POSTUM (NO CAFFEINE) There's a Reason

reply. "About a hundred pounds, I should think." "Good!" cried the sentry. "I'll go back with you and write out a cheque for a couple of hundred. Then I'll turn in. I wouldn't catch my death of cold for twice that amount."—Exchange.

Wasn't Calling Her Dear. Desirous of buying a camera, a certain fair young woman inspected the stock of a local shopkeeper.

"Is this a good one?" she asked, as she picked up a dainty little machine. "What is it called?"

"That's the Belvedere," said the handsome young shopman, politely. There was a chilly silence. Then the young woman drew herself coldly erect, fixed him with an icy stare and asked again:

"Er—and can you recommend the Belva?"—Kansas City Star.

Sorry He Spoke. Carelessness in putting his words together was the downfall of a young man at a theater. When the curtain went up for the first act he found that the hat of a young woman in front of him obstructed his view of the stage.

Looking Like Digging. Smithers had been "lifting" the earth all around the course, a fact which, of course, his keen-eyed caddy had not failed to observe.

Finally the youngster said: "You are a stranger in these parts, sir?" "Not exactly. I was born here, and all my folks are buried hereabouts."

"Then, as the golfer lifted another piece of earth with his driver, the caddy added: "I don't think, sir, you'll get deep enough with your driver; you'd better take your iron."—Puck.

A Great Hero. "This is one of my ancestors," she said, pausing before a portrait. "He fell at Waterloo. Have you any ancestors?"

He suddenly remembered an uncle who had sole charge of the front of a movie show, and murmured, "Er—yes, one."

"Did he fall anywhere?" "Not exactly; but I remember being told how, clothed in full uniform, but unarmed save for a light cane, he stood before an eastern palace and kept a howling surging mob at bay single-handed."

"Really! How splendid!" "Oh, he thought nothing of it. Did it every night for years."—Tit-Bits.

Poor Palliatives. War Correspondent Frederick Palmer, of New York, says: "Germany offers neutrals all sorts of palliatives," he said, "but what good are these palliatives as long as she continues her sea murders?"

"Germany with her palliatives reminds me of the cheese." "A man said to a waiter sternly: "Waiter, I'm not at all satisfied with this portion of cheese here. It looks as if you'd been using it to bait a mousetrap."

"The waiter looked at the cheese; then slipped it over on its other side. "You had the cheese turned upside down, sir," he said. "This is the side which is intended to be uppermost. Now you see, the cheese is all right, sir."

Odorous. The master of the household had ordered that the maid should clean a coat of his with gasoline. The order was not carried out, so he asked his wife: "Why won't this girl of ours clean my coat with gasoline?"

"Oh," said the wife, "ever since that chauffeur jilted her she hasn't been able to find the odor of it."

A Homely Spot. "Don't you think I run a nice, home-like little hotel?" asked the proud landlord.

"Indeed I do," said Jiggers. "It's cold and drafty, and the service is awful, and as for your cook—well, really, Mr. Dampshirts, when I ate that fierce breakfast this morning I actually thought I was home for a minute."

Queer Proposition. One miserably inelegant night recently a two-wheeled cart that had been taken over locally from a French peasant and for army transport got stuck in the mud, and, as it contained some odds and ends of government stores, a sentry was detailed to stand guard over it until morning.

As it happened, the man selected for the job was a rich stockbroker in civil life, and as he stood there shivering in the wet darkness he thought and said many things.

Presently, however, he heard "visiting rounds" approaching, and a happy thought struck him. "Sir," he said to the orderly officer, "how much is this cart and its contents worth?"

"Oh, I don't know," was the careless reply.

LANSING—Three "boners" of the 1917 legislature have bobbed up. Two of them were errors of commission and the other one of omission. The legislature forgot to make any appropriation for the board of mediation and conciliation, which is the board to arbitrate strikes and is presided over by Commissioner Herbert E. Powell, of Ionia.

As a result, Powell's job will cease July 1. There is a balance of \$3,223.20 in the fund, but Auditor General Fuller says Powell must quit at the end of the fiscal year, June 30. Mr. Fuller was the one who discovered the legislature's mistake.

In trying to amend the act providing for the regulation of embalmers, the legislature repealed the entire embalming laws. The attorney general

FOR SALE FOR SALE—Well established business 10 years in operation and making good money. All electric fixtures, handsome health reason for selling. Frank Houser, Munising, Mich. 3-10-17. has been asked for an opinion. The solons started out to amend the act of 1903, which is the embargoing act as it stands today. The title of the law makes it a law to "Amend Act 132 of 1903," but at the tail end of the law, the original act, 132 of 1903, is specifically repealed. Some of the legislative experts say that the old law will stand even if the governor does not veto the bill, because the title merely amends and does not repeal. Such a condition never occurred before. The third "boner" affects an increase in salary for the stenographer of the supreme court. The solons boosted it to take effect in ninety days and then fixed the taxing clause so that the money to pay the increase would not be available until July 1, 1918. That is when the increase will start. GRAND RAPIDS—Grand Rapids is now under the commission form of government. The change went into effect Monday. The seven commissioners met and formally organized, appointed committees and declared for open meetings. Mayor Fuller was officially chosen chief executive; Commissioner Tiseh, president of the commission; Commissioner Kelley, secretary; Gaylor C. Cummins, city manager; George F. Green, city treasurer; Ganson Taggart, city attorney, and Joseph C. Shinkman, city clerk. City Manager Cummin will establish a bureau of publicity for the newspapermen who handle municipal affairs. HOLLAND—With the departure of four young men, Hope college has sent thirty students to join the colors. William Ten Haken, manager, and Harvey Thiam team, left for their homes in Wisconsin preparatory to entering the officers' reserve training camp at Fort Sheridan, Ill., and Frank DeRoos and Arthur Roggen left to join the marine corps. Three other Hope students, Simon Don't, William VanHagon and Wilson Stegeman, have gone west to take up farm work as their "bit" in the defensive preparedness movement. BELL-ANS Absolutely Removes Indigestion. One package proves it. 25cat all druggists.

CO. G RECRUITS TO LEAVE TOMORROW

Lieut. Merritt Lamb Will Leave Houghton With New Men to Join His Company.

Lieutenant Merritt Lamb and his fifty recruits for Company G will leave Houghton to join the company tomorrow morning. He arranged for transportation yesterday.

At the time of making the arrangements Lieutenant Lamb had only forty recruits of the required fifty, but was confident that by tonight he will have them. Virtually no effort has been made as yet to take advantage of the recruiting interest worked up on the south range.

Boys Have an Insignia.

While in Ontonagon Tuesday, Lieutenant Lamb decided that as the recruits from that county, fourteen in all, would not be asked to report for a couple of days, they should have some distinguishing mark. He therefore had fifty red and white arm bands printed and each recruit was given one and instructed to wear it. These bands have been given the Houghton recruits and the westerners excited some interest on the streets yesterday.

The recruiting officer attended a meeting at Tremountain last night and today will go to South Range to enlist the men made ready by the volunteer committees of the south range locations. Lieutenant Lamb returned Tuesday night from Ontonagon, where he enlisted two men Tuesday, making 14 obtained in that county. He enlisted one in Houghton Tuesday night, making a total of 40 sworn in out of the 50 he came for.

The girls of the Greenland high school are going to give a farewell banquet to the Greenland and Ontonagon boys tomorrow night. This will be followed by a dance, the proceeds to go into the Company G mess fund.

The recruiting officer says that Company G is in urgent need of a mess fund of at least \$250, as a working capital in buying supplies.

The enlistment committee of the Portage Lake Security league took up the matter yesterday and will attempt to raise a fund.

Calumet Military Matters.

Earl W. Kemp and Hjalmer Dahlback enlisted for the Calumet Engineers yesterday. E. J. Glocke and Rudolph Niemela, students at New York University who have enlisted in the New York naval reserve, are home in Calumet on furlough. A few days ago Township Clerk Kohu, of Calumet, had many applicants for jobs as registrars in taking the census of military eligibles ordered by Governor Sleeper in anticipation of the draft. It was learned yesterday by the public that these registrars are expected to serve their country without pay. Mr. Kahn said yesterday that none of the former volunteers are obtainable now. They are willing to serve their country only if their country settles.

William Fleming, of St. Paul, has taught his fowls to answer to individual names.

KEROSENE STOVE CAUSE OF BLAZE

John C. Vogle Lost Life Through Panic of Employes When Fire Was Discovered.

The cause of the fire in the Crown theater, Red Jacket, through which John C. Vogle was still in his room. The fireman found him too late. The fire had not reached him. Suffocation was the cause of death.

The flames quickly spread outward and to the upper part of the building, burning through the roof, and were only prevented from communicating to the Keckonen building on the north through the efforts of the firemen. Ten streams were turned on the fire. Although a bad fire, it was of short duration, being under control by 7:30 and practically out by 8 o'clock. The interior of the building and the theater furnishings were completely ruined.

The music firm of McLogan & Pearce occupying the Keckonen building will lose considerable through damage to stock, caused by water and smoke. The basement of the building was stored with a big stock of pianos and other musical supplies, which were badly damaged.

Both pictures and vaudeville acts were shown at the theater and artists appearing there this week lost all their effects. S. M. Himm, who was put on a dog posting net Thursday, lost two English setters which he valued at \$1,000 each and the Ladan sisters who showed the first half of the week lost all their property.

An innovation in the way of fire lines was established by Chief of Police Kohlhaas during the blaze, keeping thousands of spectators back from the danger zone. In holding the fire lines, the police were assisted by the Calumet Boy Scouts.

The late Mr. Vogle was a pioneer in the moving picture game in the copper country, coming here twenty years ago from southern Michigan and going into business with D. E. Rice, now of Chicago, in the old Grand theater nearly a dozen years ago. He also spent some time in Baraga. He conducted the Crown theater the past five years and up to a short time ago Will Foley, of Calumet, was associated with him. Mr. Vogle was about fifty years of age and unmarried. As far as can be learned his only surviving relative is a brother, a minister at Flint, Mich. He has been communicated with. The deceased was a member of the Calumet series of Eagles and the Elks.

NOTES OF THE RED CROSS.

Copper Country Collection Totals More than \$7,000, Official Report.

Mrs. John C. Stone, chairman of the Houghton chapter, yesterday gave out the official final figures on the recent foreign relief collection. The grand total was \$7,247.82, divided as follows:

Calumet	\$2,649.02
Torch Lake	454.91
Houghton	4,142.89
L'Anse	123.01
Eagle River	23.60

The Calumet total includes \$4.20 from

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acid in the urine so it is no longer a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

the Allouez school. The Houghton total includes Hancock. Associated with Mr. Stone on the committee were Mr. and Mrs. J. W. Black, Dr. and Mrs. A. P. Whittemore, Mrs. F. C. Condon and J. G. Stone.

The foregoing figures do not include the receipts from the Red Cross dance given under the auspices of the chapter.

The Houghton chapter is grateful to F. J. Webber, who has donated a handsome glass sign to hang in the window of the chapter headquarters. It bears the Red Cross and the legend "Red Cross Shop."

MRS. TRUSCOTT'S FUNERAL. Services Will Be Held Tomorrow Afternoon—Forest Hill Burial.

The funeral of the late Mrs. Truscott, of Hancock, who passed away Tuesday morning at Mohawk, will take place tomorrow afternoon from the First Methodist church, Hancock. Burial will be in Forest Hill cemetery.

The remains were brought from Mohawk to the home of her son, I. John Truscott, on Hancock avenue. The death of Mrs. Truscott occurred exactly one week from the day her late son, Ruth-erford, was buried.

AN OPEN SEASON FOR COWS.

Entire Houghton Village Force Devotes a Day to Catching Ctriers.

There was an open season for cows in Houghton Tuesday, Mayor Ferris decreed that cows running at large in the village must be captured and corralled and be delegated Superintendent Gibson, of the public works department and his entire crew to the work.

Dropping their work at street sweeping, repair jobs and other vocations in the public service they picked up the rriata and went after the cows. Ere nightfall they had six animals impounded in Colombe Bros' livery stable on Sheldon street, near Powabic. This stable has been leased by the village as a West Houghton pound.

Mayor Ferris heard so many complaints last week of cows running at large and damaging lawns and gardens in East Houghton that he took personal charge of the chase on Sunday afternoon and with the assistance of Poundmaster Raymond, he headed fourteen crriers to the pound on Garnet street.

He began to realize that the situation was serious and when yesterday he heard of several complaints of serious damage in West Houghton he ordered the street gang out. Then he made this rule:

Hereafter when a cow is impounded the poundmaster may not release the cow without an order from the mayor. The owner of the cow must bring \$3 impounding fee, plus the expenses of keeping the cow for the time she is impounded, to the mayor's office. The cow will not be released till the money is paid to the mayor.

For a second offense a warrant will be issued for the cow owner and he will be prosecuted under the village ordinance.

DEATH OF S. L. SMITH.

Houghton friends of S. L. Smith, of Detroit, were advised yesterday of his death in that city at an advanced age, Tuesday. Mr. Smith was a copper country pioneer, heavily interested in mining and timber lands in Ontonagon and Baraga counties and a big merchant in the early days in Houghton. He was the principle owner of the White Pine Extension in Ontonagon county.

IN THE CIRCUIT COURT.

Judge Wiest and the jury in the circuit court were occupied all yesterday with the continuance of the case of Mrs. Justa vs. Karvala et al. The case will go to the jury this morning.

WORMS HANDICAP YOUR CHILD.

Worms drain the strength and vitality of children, making them dull and listless. Their power to resist more serious diseases is reduced and energy and interest in play is lacking. Kickapoo Worm Killer is a mild laxative remedy in candy tablet form, that children like to take. It kills and removes all worms and lets your children grow strong and healthy like other children. Don't let your child be dragged down by worms. Full directions on box. At all druggists, 25c.—Adv.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With It to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautiful, dark and luxuriant. Just a few applications will prove a revelation in your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is so sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of diseases.

LUCKY STRIKE
LUCKY STRIKE

It's toasted

LUCKY STRIKE Cigarette

THE slice of toast that is made on your modern gas range is pretty good. But do you remember when they made it over the coals of the kitchen stove, with a long toasting fork? Browned just right, crisp, and buttered hot. Those were the days.

We've gone right back to this fine, simple old idea to make Lucky Strike, the real Burley cigarette. Yes, sir! The tobacco— it's toasted.

We made this discovery after five years of experiment. Before this you couldn't have a ready-made Burley cigarette; flavor wouldn't hold. And you certainly wanted it; look at the sixty million pounds of Burley you poured out of those green, red and blue tin boxes last year. "Blame good tobacco!"

So now go to it; Lucky Strike Cigarettes; delicious, toasted Burley. It's a new flavor—you'll enjoy the idea of the buttered toast.

How to open the package
Tear off part of the top only, as shown

Cigarettes in paper packages of 20 are carried more handsomely than any other brand. They keep better, less likely to spill into your pocket.

20 for 10c

If your dealer does not carry them, send \$1 for a carton of 10 packages to The American Tobacco Co., N.Y. City

Judge Considers Motion.

The motion for a new trial in the case of Miss Frank Gray Shaver, against the Baronesse Van Palland, van Erde, to offset the judgment of \$13,500 allowed Miss Shaver at the last term of court, was taken under advisement at Menominee by Judge Flannigan, who will render his decision before the present term of court is concluded. Attorney F. J. Trudell, who made his first appearance as lawyer for the baronesse, asked for a new trial on the grounds that the November jury was prejudiced by the evidence of fraud which was introduced by the lawyers for Miss Shaver, and that the court erred in transferring part of the case to the chancery side of the court, instead of transferring all or none.

Bakers Change Prices.

Beginning May 10, the bakers of Escanaba will introduce a fifteen cent loaf of bread of twenty-five ounces in an effort to help the consumers, and to offset a slight decrease in the size of the ten-cent loaf. After Thursday, May 10, the ten-cent loaf of bread will be slightly smaller than now and the six-cent loaf will be discontinued altogether. On purchasing flour at the extreme high prices the bakers found they must do something to cut the cost of breadmaking, or increase the price of the present loaf. So the fifteen cent loaf was adopted, which will contain twenty-five ounces of bread. The bakers figure they can afford to give more in proportion for the cost when the bread sold in large quantities. This is illustrated by the fact that the ten-cent loaf will contain sixteen ounces while the fifteen cent loaf will have twenty-five ounces. The bakers recommend the purchase of the fifteen cent loaf by housewives.

"TIZ" PUTS JOY IN SORE, ACHING FEET

"My, How 'Tiz' Gladdens Tired, Swollen, Burning Feet—It's Glorious!"

Oh! what relief. No more tired feet; no more burning feet; no more swollen, aching, tender, sweaty feet. No more soreness in corns, callouses, bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff up the feet. "Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a 25-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25 cents. Think of it.

WOMAN SERVES AS CROSSING WATCHMAN

New Albany, Ind., May 9.—Uncle Sam has a recruit taken from the ranks of railroad men who leaves no gap in the ranks of those who must move the nation's traffic.

The Baltimore & Ohio Southwestern has a new crossing watchman here, whose first act was to wash the windows and scrub the floor of the shanty her predecessor had vacated.

She is Miss Marie Travers, of Cincinnati, who was attracted by a statement by Daniel Willard, of the Baltimore & Ohio, that among the things women could do to aid their country would be to relieve men on duty at railroad crossings. She volunteered her services and was assigned to duty here.

Miss Travers replaced a crippled railroad worker, who in turn, took the place of an able-bodied man who had enlisted in the army at another point. She appeared for duty equipped with the regulation signal flags and with a uniform cap perched upon her black locks. Her hours of duty are from 9 o'clock in the morning to 6 o'clock at night.

THE TRUTH ABOUT ECZEMA AND PILES

Thousands and thousands of people, says Peterson, are learning every week that one 25-cent box of Peterson's Ointment will abolish Eczema and hemorrhoids, and the grateful letters I receive every day are worth more to me than money.

I had Eczema for many years on my head and could not get anything to do it any good. I saw your ad and got one box and I owe you many thanks for the good it has done me. There isn't a blotch on my head now and I couldn't help but thank Peterson for the cure is great. Mrs. Mary Hill, 420 Third Ave., Pittsburg, Pa.

I have had itching piles for 15 years and Peterson's is the only ointment that relieves me, besides the piles seem to have gone. A. B. Ruger, 1127 Washington Ave., Racine, Wis.

Use Peterson's Ointment for old sores, salt rheum and all skin diseases. Druggists recommend it.

meets her approval at all.

Between trains her first day was occupied in giving it a thorough cleansing. She says that she intends to have a little garden beside the tracks, and proposes to have the shanty covered with trailing vines before the summer is over.

Railroad men, commenting upon the attention Miss Travers attracted in her unusual post, said it would be a common sight before many months, as the heavy enlistment of younger men engaged in such railroad tasks would make the filling of their places a problem.

RHEUMATISM.

If you are troubled with chronic or muscular rheumatism give Chamberlain's Liniment a trial. The relief from pain which it affords is alone worth many times its cost. Obtainable everywhere.—Adv.

GOITER

Goiter is not only unsightly, but disagreeable—it has a tendency to make one nervous, irritable, short of breath, etc.

Desjardins' Goiter Remedy

UNGOTTROID

Is a harmless, successful remedy that cures permanently all kinds of goiter, no matter how large they are or how long standing, in the most simple manner, externally, by absorption. It checks the growth at once, reduces the enlargement gradually and improves your run-down system in a short time. Price \$2.00 postpaid.

City Brevities
 Arthur Grimby left yesterday afternoon for a few days' visit in Detroit.
 Troop No. 2, of the Boy Scouts, will meet tomorrow night in the armory at 7:30 o'clock.
 The Dorcas society, of the Swedish Lutheran church, will meet this evening at 8 o'clock in the church parlors.
 The matinees for the picture "20,000 Leagues Under the Sea" will start at 2:15 o'clock each afternoon, on account of the length of the picture.
 The Ladies' Aid society, of the Swedish Methodist church, will meet this afternoon at 2:15 in the church. Mrs. Sara Johnson and Mrs. Hilda Olson will entertain.

The card party and social that was to be given Wednesday night by the Young Ladies' sodality, of St. Peter's cathedral, and was postponed on account of the patriotic meeting will be given in the Baraga auditorium tonight.

Relatives of John Fagan, formerly of this city, have been advised that he has enlisted in the mounted artillery stationed at Lansing, Mich. Mr. Fagan was a member of the U. S. coast guard, stationed here, for several years.

Elks' Party Tomorrow Night—The last of the winter series of Elks' parties will be given tomorrow night in the Elks' hall. Mrs. Weedman's orchestra will furnish the music. Refreshments will be served in Donckers' new ice cream parlor during intermission.

Five Recruits Leave—Three Marquette young men, Harry E. Fonger, Richard J. Bashaw and Earl O'Donnell, and two from Munising, Solomon Benoit and Donald Gilbert, left here last night for Jefferson Barracks, Mo., to enter the United States army training camp. Marquette's honor roll is growing, slowly but surely.

Commander Moffett Coming—Captain W. A. Moffett, commander of the Great Lakes Naval Training station, at Great Lakes, Chicago, Ill., is expected in the city within the next few weeks to inspect the lighthouse here. He has been ordered to inspect all lighthouses west of Buffalo. The navy department took over the lighthouses since the declaration of war and this will be the first inspection under that department.

Pythian Sisters Convention—The annual convention of the Pythian Sisters of the upper peninsula took place Tuesday afternoon in the Knights of Pythias hall, Houghton. Mrs. Charles Strobel, of Houghton, upper peninsula district deputy, presiding. About 100 delegates attended. Mrs. Amelia Lafoche representing the Marquette chapter. The session closed with an initiation by Laurium temple, followed by a luncheon.

Many Visit Parlor—Donckers' new ice cream parlor, which was formally opened yesterday afternoon at 2 o'clock, was visited by crowds of admiring persons during the day. The parlor is unusually attractive and, the side-panel and candle-light effects, for the booths, giving to the interior a decidedly novel and artistic appearance, augmented, also, by the balcony in the rear. Mrs. Weedman's orchestra furnished music during the afternoon. A special menu of light refreshments was served during the afternoon and evening.

MORE CLERKS GRANTED WEEKLY HALF-HOLIDAY
 Several Merchants Agree to Fall in Line With Grocers and Butchers—More to Come?

In line with the action taken by the grocers and butchers of the city, by which the latter agreed to close their stores Wednesday afternoons from May 1 to Oct. 1, the following merchants have agreed to close their places of business every Wednesday afternoon during June, July, August and September:
 Hager Bros. Co., Ltd.
 J. H. Foster Co.
 Anderson & Bennett Co.
 J. B. Van Cesteing.
 M. R. Manhard & Son Ltd.
 Union Clothing company.
 Marquette Hardware Co.
 B. Neidhart & Co.
 The Paris Fashion.
 Washington Shore Store.
 Swanson Hardware Co.
 Andrew E. Peterson.
 A. H. Westlake.
 C. H. Ducoin.

In connection with this decision on the part of the above merchants the retail clerks communicate the following to the buying public:
 "The labor organizations all over the country are trying to shorten the hours of labor, as evidenced during the past few months, particularly, by the railroad men. The latter secured an eight-hour day.
 "Many of the local organizations are working only eight hours a day.
 "Do you think it unreasonable that we, as retail clerks, should ask for a half-holiday each week during the summer months?
 "We work every day, nine or ten hours, and on some days twelve or fourteen hours.
 "House maids and servants have a half-holiday each week. In the offices the employes work only eight hours, with Saturday afternoons off, most of them.
 "So we appeal to you to assist us in convincing the few merchants who still refuse to grant the half-holiday that it will not in any way injure their business.
 "If you are in sympathy with this movement will you kindly arrange your shopping hours so that they will not fall on a Wednesday afternoon. You will thus encourage the movement, so that we who now have the half-holiday

may continue to enjoy it. And help us to gain it for those who have to work full time.
"RETAIL CLERKS."
 Burns Family Soap is absolutely pure and safe for the hands by its use. It preserves the clothes—try a bar.—At your grocer. 4-23-17.
ROUMANIAN PRISONERS ESCAPE TO HOLLAND.
 Maastricht, Netherlands, April 20.—(Correspondence of the Associated Press.)—Thirty-eight German deserters, besides two Roumanians.
 The Roumanians had managed to secure a pair of wire cutters, the handles of which they had insulated with pieces of wood wound with an old rubber bicycle tire. Thus equipped, they crawled to the border and severed the "wire of death" that barred the way to freedom.

CLOTHES REGULATIONS ARE NOW EFFECTIVE.
 Berlin, April 20.—(Correspondence of the Associated Press.)—New regulations for putting the German people on clothes rations are now in force. They go into considerable detail as to the number of garments which citizens may possess, and even specify the amount of cloth which may be used for making suits and dresses.

NEW BREAD PROPOSED.
 Berlin, April 20.—(Correspondence of the Associated Press.)—Bread made from the spring buds of lime and beech trees, is the latest promise of German scientists. Two brothers named Branco have perfected the process of producing a flour from this source, with considerable quantities of fat and animal fodder as by-products. They estimate that about 500,000 tons of the new flour can be produced annually in Germany. The flour is said to have about the same nutritive value as barley.

The Imperial Corn office is sceptical as to the value of the invention, declaring that the harvesting of the buds and the preparation of the flour involve such an expenditure of manpower and money that it hardly seems likely the invention can be exploited at present.

For men: One everyday suit, one Sunday suit, one overcoat or cape, two smocks or jerseys, two waistcoats, two pairs working trousers, two pairs overalls, one pair winter gloves, six handkerchiefs, three shirts, three suits underclothes, two nightgowns, and four pairs stockings.
 For women: Two everyday dresses, one Sunday dress, one extra skirt, two blouses, one cloak or cape, one shawl, one dressing gown, three aprons, one pair winter gloves, six handkerchiefs, chemises, three nightgowns, three suits of underclothing, three petticoats, and four pairs stockings.
 Both men and women are limited to three pairs of shoes, one pair of house slippers, three pillow cases, two sheets,

two blankets, one eiderdown, three towels, two kitchen towels, and three dusting towels. Both men and women are limited to three and a quarter yards of material for a suit or dress. Trousers must not be made "turned up" and overcoats must not have pleats or belts.

THE MATTCOTE STORE

SPECIAL MATTCOTE DISPLAY May 7th to 12th

What Is Mattcote

MATTCOTE is a full-bodied oil paint without gloss that comes ready for use. It dries to a soft, velvety finish that is agreeable to the eyes and meets all requirements of modern home decoration.

It is made in shades and tints to suit your every need. It makes a beautiful, non-fading background for pictures and furniture. It can be washed and will last five or more years where other finishes must be done every year.

Mattcote can be applied by anyone. It can be used on plaster, woodwork, stucco, burlap, composition board, metal or even over old wall paper. It is applied similarly to kalsomine and a gallon will cover from 500 to 700 square feet.

MATTCOTE WEEK

From May 7th to 12th we will have a Special Mattcote Display in our store. We invite you to stop in and examine the beautiful displays of this splendid material. We will be pleased to give you color-cards and full information.

WALTER J. GODFREY HELD FOR MURDER

Former Inmate of the Marquette Prison Charged With Complicity in Detroit Killing.

Walter J. Godfrey, who was released from the Marquette prison Dec. 16 last, on parole, is held in Detroit charged with complicity in the killing of Max Schreiber, a saloon keeper, whose death by shooting followed an attempt to rob him of \$10,000. Three other men and a woman are held for complicity in the crime.

The gang of which Godfrey was a member also committed three store hold-ups in April, and three of the prisoners, have confessed to a plan to hold up and rob the Detroit Savings Bank branch on Holden avenue. They were prevented from carrying it out by their arrest in connection with the killing of Schreiber.

The news that Godfrey was implicated in a series of crimes was something of a surprise to the officers of the Marquette prison, as his record there was a good one, and they were hopeful that he would make good on parole. He was sent up from Detroit for burglary of a clothing store. He is twenty-seven years of age.

According to the Detroit Free Press, "Godfrey, when he arrived at the detective office, admitted he was the man who shot Schreiber, using a pistol marked 'New York Police Department.' He says he shot the saloon keeper twice, and chased him half way up the stairs to his living apartments over his saloon, thinking he could get the \$10,000 he carried in his vest pocket. He says he was prevented from getting the money by Mrs. Schreiber, wife of the saloon keeper, appearing at the top of the stairs.

"When the officers were talking to Godfrey he confessed that he and Saunders held up three business places last month, and the records at police headquarters corroborate his statement. He says they entered Hack's shoe store, 1067 Hastings street, at 10:25 o'clock the night of April 5, and held up Hack, his wife and several customers, and robbed the cash register of \$155, and Mrs. Hattie Greenwald, 317 Frederick street, one of the customers in the store, of a handbag containing \$25. He also confessed he and Saunders held up Morris Knopper, manager of C. F. Smith's grocery store, 1009 Grand River avenue, the night of April 26, and stole \$135 from the cash register. Godfrey also confessed he and Saunders were implicated in holding up Henry Fisher's saloon, 922 East Lafayette avenue, shortly after midnight April 27, and robbing him of \$52."

MORE DAYLIGHT.

To The Mining Journal: I notice in your editorial you are of the opinion the "day-light" saving scheme is apt to go by default.

There is a hazy sort of opinion floating round that the majority of people are not in favor of any such scheme. I would like to know the actual conditions, as it seems to me that if this general gardening proposition is going to be a success the extra hour of daylight will be a material help.

It also seems to me that there is a lot of unnecessary emphasis laid on the inconvenience of setting the clocks ahead an hour on account of train schedules. I do not see what prevents the city adopting earlier working hours, say, the ordinary office hours from 7 until 4 instead of from 8 until 5 as at present.

You cannot expect the general public to take much interest in this question when the people who are so insistent on the gardening scheme treat the whole thing with indifference.

I believe a careful census of local opinion would show a large majority in favor of day light saving with the clocks left alone.

Yours truly,
"A WOULD-BE-GARDENER"

Famous Players film, "Poor Little Peppina."

Miss Pickford has endeared herself to many in her characterization of the part of a waif and it is in this characterization that she is seen in, in this play, Poor Little Peppina has been reared by Italian peasants in ignorance of her own American parents. She is befriended only by her connection with a gang of counterfeiters and when they are brought to justice they confess to the abduction of Peppina fifteen years before.

Vandenboom's home churned butter-milk is the best tonic on the market. 5-5-6t.

BASEBALL

Detroit, May 9.—Detroit won both games of a double-header with Cleveland today, 4 to 1 and 9 to 1, through the pitching of Elmke and Carroll Jones, aided by timely hitting. Detroit made two runs in the sixth inning, with two hits and a base on balls. In the second contest, the home team pounded three pitchers for fifteen hits, scoring eight runs in the first three innings.

Score: R. H. E.

"20,000 LEAGUES."

At last Marquette is to see the greatest achievement in motion pictures photographing human beings playing their allotted roles in a drama which is being performed at the bottom of the ocean. Of late the leading newspapers and magazines of the country have been devoting columns of reading matter and numerous photographs to this new photoplay spectacle which has taken the world, especially the New York theater-going public, so much by surprise. Coming at a time when the attention of the world is directed towards the part that the deadly U-boat is playing in the present world conflict, this gigantic film spectacle proves of extraordinary interest to the American public. "Twenty Thousand Leagues Under the Sea" which will open a two-day engagement at the opera house today.

The story of this wonder picture that has aroused so much attention and comment in the amusement world was pictured from Jules Verne's works, which fifty years ago were considered the height of wild imagination, but since have been read by millions of people. In the filming of this "Twenty Thousand Leagues Under the Sea," the marvelous invention of the Williamson brothers were utilized to take the moving pictures under the surface of the ocean. By this patented device, for which the inventors have since been offered fabulous sums, many thrilling scenes, including the fight of a pearl diver with a giant octopus and the trip through the shark infested waters near "Mysterious Island," were reproduced. The taking of the picture required two years' time and the services of more than 2,000 performers. Jane Gail, the popular screen star, appears in the principal feminine roll of this under-sea romance as "the child of nature." Two performances will be given daily, matinee at 2:15 and evening performance at 8:15. Seats have been placed on sale in advance at prices ranging from 25 cents to 50 cents. All seats during this special engagement will be reserved.

At the Delft.
Mary Pickford will be seen at the Delft in a return engagement of the

Notes of Sport

So anxious is Ty Cobb to be crowned checker champion of the major leagues that he has engaged as tutor Newell Banks, the American champion. The latter, incidentally, is a Detroit youth.

The Omaha Speedway association has offered its grounds in East Omaha to the war department for a training camp for military drivers. Although preparation for the big racing meet scheduled for July 4 are going forward, it is announced that it will be declared off if the government accepts the offer to use the park.

Each time Roy Sanders gave a base on balls during the two games he pitched recently for the Cincinnati Reds George Tebeau, owner of the Kansas City team of the American association, just \$468.75. These are the figures a statistical fan here has compiled since Sanders was turned back to Tebeau's team. The basis of the fan's calculations were that Sanders had been sold to the Reds for \$7,500, but he allowed sixteen walks in the two games and then was sent back. Just what final disposition will be made of Sanders has not been determined by Manager Gangel of the Blues.

William Whaley, a promising young pitcher of Indianapolis, is ready to follow the flag into France. Whaley has joined the Indiana National Guard. He has played in the Three-I league and Central association and was given a trial with the St. Louis Nationals.

The latest semi-official baseball record book shows that twenty-three leagues classified from A to D started the present season. This is one less than the list of a year ago. In 1915 the number was stated as twenty-nine and in 1914 the records show that thirty-three leagues were in operation.

Loren Caley, for three years a star on the University of Nebraska football team, is the third athlete at the university to join the colors. He has joined the officers' reserve corps. Corey, captain of the 1914 team, and Halligan also have enlisted. A dozen more athletes expect to enlist before the draft becomes operative.

More than half of the members of the Cleveland Americans are eligible for military service and they will be urged to "do their bit" for the country, according to Robert McRoy, vice president of the club. McRoy, however, does not believe the players will be called, if at all, until the close of the season. "In one sense we are prepared," McRoy said. "With the other clubs in the league we have been conducting military drills. Our players could enlist tomorrow, and with little subsequent training could join any military organization and go through the required drill movements." Although the American league will not open its gates in 1918, if the war continues, McRoy is of the opinion that there will be plenty of baseball. "The

Use Zemo for Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 25c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, whether pimples, rash, black heads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

24 BRITISH SHIPS SUNK IN LAST WEEK

British Admiralty Gives Figures on Victims of U-Boat Warfare.

London, May 9, 7:45 p. m.—Twenty-four British merchant vessels, of more than 1,000 tons each, were sunk during the last week, it was announced officially. Twenty-two vessels of less than 1,000 tons and sixteen fishing vessels also were sunk.

The report follows: "Vessels of all nationalities, arrivals, 2,374; sailings, 2,492. "British merchantmen over 1,000 tons sunk, including five not previously reported, 24; under 1,000 tons, 22. "British merchantmen unsuccessfully attacked, including six previously not reported, 34.

"British fishers sunk, including one not previously reported, and thirteen sailing vessels, 16.

RUSSIAN GENERAL HAS BEEN ASSASSINATED

Riga, Russia, May 9, via London, May 10, 1:04 p. m.—Major General Kartzoff, commander of the Siberian Rifles divisions, has been assassinated.

THINK PERSHING WILL HEAD FORCE THAT GOES TO FRANCE

Washington, May 9.—Orders summoning Major General John J. Pershing, commanding the southern department, to Washington, have aroused much speculation here. Officials declined to comment on reports that the general's visit is connected with the subject of selecting a commander for a military expedition to France.

TWO MORE AMERICANS REPORTED AS WOUNDED

Ottawa, Canada, May 9.—Americans wounded today with the Canadian forces, in France, as announced by the war records office, include K. Zinko, Detroit; V. L. Pearce, Grand Rapids.

MUSCLE SORENESS RELIEVED

Unusual work, bending and lifting or strenuous exercise is a strain on the muscles, they become sore and stiff, you are crippled and in pain. Sloan's Liniment brings you quick relief, easy to apply, it penetrates without rubbing and drives out the soreness. A clear liquid, cleaner than messy plasters or ointments, it does not stain the skin or block the pores. Always have a bottle handy for the pains and aches of rheumatism, gout, lumbago, grippe, bruises, stiffness backache and all external pain. At your druggist, 25c.—Adv.

WAR RESTRICTIONS MULTIPLY IN SWEDEN

Stockholm, April 10.—(Correspondence of the Associated Press.)—While Sweden has not yet had to suffer as many privations from the war as have certain other neutrals, conditions have reached a point where it is unusual for a week to pass without bringing some new restrictions, either in the form of an expropriation by the state of certain articles, or some other method of reducing consumption. Hides of all sorts were expropriated a few days ago. A decree followed shortly, forbidding the drinking until Sept. 30, next, of malt drinks with a greater volume of alcohol than 3.6 per cent. The latest restriction deals with gas and electricity.

With the beginning of the new submarine campaign Sweden's coal supply from England virtually stopped. It has now been found necessary to compel a considerable reduction in consumption. To save coal the price of gas and electricity has been increased. The police are empowered to reduce the lighting of signs and advertisements.

Street car companies must reduce their traffic. The price of fuel wood, which already had quadrupled since the beginning of the war, has gone up another notch. A cord cost \$2.40 in 1914; it now costs \$9.75. Railway authorities are experimenting with peat for fuel, and have decided to ask the state to expropriate all peatbogs.

MILLION AND HALF IS DELAY'S TOLL

Estimated Loss Resulting from Vessel Tie-Up Because of Lake Superior Ice Fields.

That the loss to vessel owners from the ice blockade in Lake Superior, Whitefish Bay and at the Soo will be well over \$1,500,000 was a statement made by a local shipping man yesterday. This man based his estimate on the time lost by boats, which had they not been held up by the ice since April 24, when the first vessel passed through the Soo locks, would have reached Marquette and other ports along Lake Superior, emptied and taken on cargo, and completed at least a trip and a half to date.

"I think that a conservative estimate of the earning capacity for a vessel carrying ore would be fifty cents a ton for each trip," said this man, who is in a position to know as he is in constant touch with practically all of the ore shippers on the Marquette range. "At this rate the 200 boats, held up in the ice since April 24 and which carry an average of 10,000 tons, would earn \$1,000,000. The half trip would net \$500,000 with a grand total of \$1,500,000. This does not take into consideration damage to vessels from bucking the ice, steel plates that must be replaced, or propellers replaced. Many boats are still being held at the Soo because their owners fear to risk them in the ice fields, and from the looks of the ice field outside Marquette harbor, and the apparent difficulties the boats, which are trying to buck their way in, are having, I figure that if this condition is the same at the other Lake Superior ports, and I have no doubt, but what it is, the loss to shippers will run over the two million dollar mark before the season opens. The only thing that can save them from further loss now is a strong and steady south wind, which would carry the ice out into the lake and give the boats their chance to get into the harbors."

Reports from the Soo indicate that the opening of Whitefish Bay and the lower end of Lake Superior, under favorable winds, have resulted in a rush of down-bound vessels and that more than fifty have entered the lake since the Harvester led the way last Friday night. Because of ice bound ports, however, these boats are confining themselves with bucking the ice fringe to the harbors which they seek entrance and laying in wait for the wind that will bring the final break-up.

ONTARIO HOSPITAL A MODEL

London, April 20.—(Correspondence of the Associated Press.)—The latest word in military hospitals is the Ontario Military hospital in Kent. Its equipment and organization has been a revelation to British hospital managers. American and Canadian business methods have been introduced, with card index systems in all departments.

There are at present twenty wards in the hospital, each of fifty-two beds, and an isolation ward of forty beds, bringing the total up to 1,080. In six weeks, 1,040 more beds will be ready. The staff includes eighty nurses from Ontario, who rank as first lieutenants and wear two stars on their shoulder straps. The matron, Miss Smith, of Ottawa, ranks as a captain.

One of the features of the hospital's equipment is a fine moving picture theater, where pictures are shown twice weekly.

The reason Birns Family Soap is having such a big sale is because ladies are finding the difference between the common cheap laundry soap and a pure soap. 4-9-17.

WOULD ORGANIZE WORK OF PATRIOTIC LEAGUE

J. R. Van Evert, President Suggests That Local Relief Clubs, Etc., Co-Operate.

The re-organization of the Marquette Patriotic League for purposes of the co-operation of all interests in matters pertaining to military, agricultural or other activities within the city is a subject being discussed among the business men, and which may come to a head at a meeting called for next Saturday night, when the Rev. Fr. H. A. Buchholz, rector of St. Peter's cathedral, will be the speaker.

The movement towards such an organization was given impetus at yesterday's Commercial club luncheon, when John Van Evert, president of the Patriotic League, brought up the subject.

"The Patriotic League is but loosely organized, at present," Mr. Van Evert said. "It is more of an impulse, brought about by the need of enlisting Mar-

Lift Corns Off With Fingers

Doesn't hurt a bit! Corns and calluses loosen and fall off! Magic!

Few drops of Freezone take all pain and soreness from corns instantly

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift off, without a particle of pain or soreness.

Wonderful discovery by Cincinnati man

This remarkable drug is called Freezone and is a compound of ether discovered by a Cincinnati man. Ask at any drug store for a small bottle of Freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus

will loosen and can be lifted right off with the fingers. Freezone doesn't eat out the corns or calluses but shrivels or rather loosens them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. Try a little and see for yourself. It is surprising.

Few drops stop corn-pain

Take soreness from any corn or callus instantly

Women should keep Freezone on their dressers and never let a corn ache twice. If a corn starts hurting just apply a drop. The pain stops instantly, corn goes!

Tiny bottles of Freezone cost but a few cents at any drug store.

HUMPHREYS' Witch Hazel Oil

SICK ANIMALS

A BIG BOOK on diseases of Horses, Cattle, Sheep, Dogs and Poultry, mailed free. Humphreys' Veterinary Medicine, 156 William Street, New York.

His suggestions were favorably received, and were unanimously approved. Short Patriotic talks were given by various other business men. About forty members attended the luncheon.

CHORUS SINGERS STRIKE

Petrograd, April 10.—(Correspondence of the Associated Press.)—One of the numerous petty strikes which preceded the revolution was a strike of the chorus singers of the Petrograd opera. They struck for more pay. Some of them were receiving only about \$250 a year, which they insisted was less than half of a living wage under present circumstances. Promises of an increase in salaries had been repeatedly made and not kept, and the chorus decided on drastic measures. The opera house was full, and the curtain rose on a native opera which begins with a stirring chorus. The chorus was on the stage, but not a single note did a single member of it sing. So it went throughout the evening, except for an occasional diversion when the chorus suddenly took it into their hands to sing pianissimo a part which ought to have been sung forte, or vice versa. The ending was happy—all chorus salaries were raised 50 per cent the next day.

HOW'S THIS? We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm. NATIONAL BANK OF COMMERCE, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.—Adv.

"I believe we should close our eyes, for a time at least, on the proposition of extending our industries here and securing more factories. I believe that we are battling for a nation now, and that we should not selfishly conserve our resources to build up our own city. "J. M. Longyear has offered the use of the large store room in the Knights of Pythias building for private and public meetings, or for any other reasonable use which we may see fit to put it. It is our aim to engage an organizer—a man who has the trained faculty for bringing people together, and making them work together. Get him located in the Pythian building and then direct him to 'go to it.' If we are going to help out in the great task, and do so effectively, we must organize."

Proposes Stock Loan. Following Mr. Van Evert's talk, E. C. Rice reported on an investigation regarding the organization of a stock loan association. He told of the plans formed in Mequonnie and Iron counties and suggested that a county, not a city or organization, to consider a proposition for buying more cattle for the farmers. Mr.

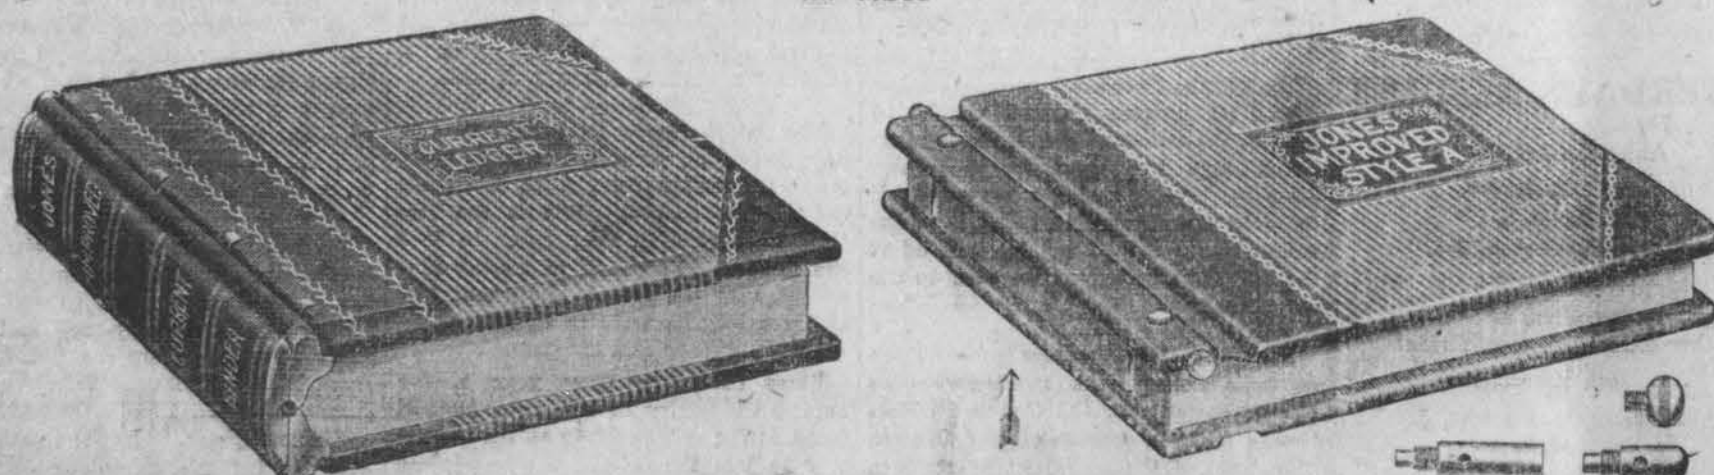

THE BOSS AND HIS SUPERINTENDENT. THERE ISN'T ANY TOBACCO THAT HAS THE SATISFYING AND LASTING QUALITIES OF W-B CUT CHEWING. YES SIR! I KNOW IT--SEVERAL OF OUR MEN HAVE CHANGED FROM ORDINARY TOBACCO TO W-B CUT. YOU'RE RIGHT.

THERE'S as much difference between tobaccos as there is between sugar canes—the more sap there is in the leaf to start with, the longer it takes before the last drop of goodness is used up. W-B CUT is shredded; so that the satisfaction, stored in the rich, sappy tobacco, comes along easy, without so much chewing. When you chew W-B CUT, you are chewing tobacco. OLIVER MEN GAVE MURPHY A SURPRISE

Master Mechanic Who Goes to Minnesota Highly Esteemed by Fellow Employees.

Con M. Murphy, who left the city Tuesday night for Coleraine, Minn., to assume the duties of master mechanic for the Oliver Iron Mining company in that district, was given a flattering farewell by his associates at the banquet held that evening in the Oliver office building. Although it was arranged on short notice, the committee who had charge of it received many compliments on it.

Mr. Murphy was completely surprised, as he did not know anything about what was planned until he was escorted from his home to the rooms where his friends had assembled. Some seventy-five members of the Oliver club sat down to the banquet, and there were a few guests, including C. T. Kruse, superintendent of the Jones & Laughlins properties, C. L. Sporely, John Lacey, James McGee, Louis Tontloff and Ed J. Butler.

D. J. Sloney Toastmaster.

At the conclusion of the service the assemblage was called to order by D. J. Sloney, assistant superintendent of the Oliver properties on the Marquette range, who acted as toastmaster. Mr. Sloney referred to the important position that Mr. Murphy had held with the company and expressed regret at his departure, though he said all of his friends were pleased that he had received a well-deserved promotion.

Mr. Sloney first called upon Joseph Kennedy, who succeeded Mr. Murphy as foreman of the company's shops ten years ago, when the latter was made master mechanic to succeed James Clancey. Mr. Kennedy has been closer to Mr. Murphy in the shop organization than any other man in the company's service.

He spoke of the efficiency of the master mechanic in the discharge of his duties, and said every man employed in the mechanical department would regret his departure.

Others who spoke were Thomas Eckman, who has charge of the cable work for the company; Thomas Gribble, the corporation's chief of police on the range; Michael Gleason, who was the oldest employe present, having entered the service of the company in 1870; John T. Miners, John Redmond, John Eggan, Captain John Redmond, John Eggan, Captain William Haggerton, of the Queen mines, Negaunee; C. L. Sporely, John Clancey, of the National, Ed J. Butler, C. T. Kruse, James Bryden, Captain Edwards, Joseph Malloney, John Lacey, William Hooper, Louis Tontloff, Garrett Kalink, Len Johnson and Superintendent E. E. Keese.

In his introduction of John Redmond, the toastmaster said he had been employed in the mechanical department longer than any other man working for the company on the range. He entered its service in 1876 as an apprentice in the machine shop, and he has been employed there continuously ever since.

Presented With Charm.

Captain Keese, the last speaker of the evening, spoke in behalf of the employes and concluded by presenting Mr. Murphy with a handsome Elks watch chain. Mr. Keese said that there was perhaps no man in the employe of the company who would miss Mr. Murphy any more than he, as their work brought them close together. He highly complimented Mr. Murphy as to his ability as a mechanic, for the splendid judgment that he has used in handling the men under him, and for his loyalty to the corporation. He could not recall the time, he said, when he found any friction of a serious nature in the mechanical department, as Mr. Murphy was equal to every emergency. He had known times when the master mechanic would be continuously employed for from twenty-four to thirty-six hours and he had never known him to shirk his duty.

In responding to the presentation, Mr. Murphy expressed regret at his departure from Ishpeming.

Is Big Position.

Some idea of the importance of Mr. Murphy's new position can be gained from the fact that he will have forty foremen under him. He will have charge of the mechanical work in connection with locomotives, steam shovels, washing plant and hoisting. Some ninety engineers are employed in the district, exclusive of steam shovel operators and cranesmen.

Mr. Murphy will begin work immediately upon his arrival in Coleraine. Among those employed under him are a number of former Ishpeming men who worked in the mechanical department here under James Clancey during the time that Mr. Murphy was foreman of the shops. Among these are machinists, steam shovel operators, locomotive engineers and others.

DON'T LET YOUR COUGH HANG ON.

A cough that racks and weakens is dangerous, it undermines your health and thrives on neglect. Relieve it at once with Dr. King's New Discovery. This soothing balsam remedy heals the throat, loosens the phlegm, its antiseptic properties kill the germs and the cold is quickly broken up. Children and grown-ups alike find Dr. King's New Discovery pleasant to take as well as effective. Have a bottle handy in your medicine chest for grippe, croup and all bronchial affections. At druggists, 50c.—Adv.

PATRIOTIC RALLY HERE THIS EVENING

Ladies of the Twin Cities Are Specially Invited to Be Present at Gathering.

The members of the committee in charge of the patriotic meeting to be held this evening at 8 o'clock in the Butler theater extend a special invitation to the ladies to attend. Addresses will be given by W. J. Thompson, of the Canadian food commission, who will talk on food conservation and Sergeant Albrogh who has just recently returned from the battle line in France. This will be the first opportunity for people of this district to hear first hand information on action on the front line. The members of the committee are especially desirous of having Negaunee well represented.

Mr. Thompson, who has given addresses in a number of places in Michigan since a state of war has been declared against Germany, is doing excellent work in arousing interest among the people on the food supply question. He has had extended experience at the head of the food commission in Sault Ste. Marie, Ont. He will tell how the commission has been successful and how failures have been met with. He will have many practical suggestions that the members of the committee hope will be given serious consideration by the residents of the two cities.

Mr. Thompson has one son in a German prison camp, and another son is a captain in a Canadian regiment. The Ishpeming City band will furnish music and the Schubert chorus will lead in the singing of patriotic songs. W. P. Belden will preside.

NO YEAR TO CELEBRATE.

Ishpeming Man Believes Fourth of July Plans Should Be Dropped.

Ishpeming, Mich., May 9, 1917. To The Mining Journal—I am surprised to read in your paper that plans are to be made for a Fourth of July celebration here this year. In most cities where such celebrations have been discussed it has been agreed that this is no year to spend money and exert effort to carry out programs of this nature, but that the money and energies of the communities should be directed to some one of the many war purposes that are now being urged on people's attention. There is a place for every dollar in auxiliary work in connection with our own war preparation. The Red Cross asks help; the Y. M. C. A. expects to raise \$3,000,000, and Michigan's allotment of that sum is \$250,000; there will be appeals for a dozen and one worthy purposes connected with our own part in the war. Then, also, there is Belgian relief, and various other appeals from our allies that demand attention.

Turning to our local situation, there are many things that Ishpeming ought to do in connection with the war that demand work and money. The towns of the county, the recruiting officers tell us, are still far below their quota of volunteers for the army. Marquette is

trying to remedy this condition and is giving its money and energies to the Patriotic league. I believe that it will be much more to the purpose if the effort of July celebration is at once turned to the organization of a league like this that will take up the question of recruitment, and measures to see that Ishpeming is prepared to meet every other demand that is made on it in the course of the war.

Under the circumstances, I believe it will not reflect any credit on the city if it gives a lot of effort and spends a lot of money on a celebration when there are so many demands for patriotic effort in serviceable ways and when every dollar that can be raised for war efforts of one kind or another is badly needed. I feel that if the matter is viewed in the broad way by the men who are interested they will decide that the celebration plan ought to be dropped, and the energies and money that would be called for by it used in other and more useful ways.

A READER.

OPPOSES ENLISTMENT OF MINING ENGINEERS

Minnesota State Auditor Urges That Their Services at Mines Are Vital.

Mining engineers here, who have offered their services for the army, will be interested to learn that State Auditor J. A. O. Preus, of Minnesota, where mining operations are conducted on a much larger scale than in the Michigan field, is opposed to engineers enlisting, because their services are so badly needed at the mines.

According to a Duluth paper, Mr. Preus will try to persuade skilled mining engineers not to enter the army, for the present at least. His view is endorsed by State Mining Agent W. J. Wildes, who this week conferred with him. Many engineers, enthused by the wave of patriotism that is passing over the country, are eager to enlist and go to the front, either as engineers or soldiers. Mr. Preus fears that an exodus of such men would have the effect of curtailing the production of ore when the nation needs ore as it has never needed it before.

The federal government exempts from service men engaged in forestry work, and in view of the importance of the mining industry, Mr. Preus expressed the belief that mining engineers should also be exempted.

ISHPEMING IN BRIEF.

A son has been born to Mr. and Mrs. William Jarvi, 321 West Johnston street. Mrs. R. P. Bronson has returned from Florida where she spent the past several weeks.

Fred Raiskey, a former resident, who now makes his headquarters in Duluth, is here on a business mission.

A regular meeting of Ishpeming council, Knights of Columbus, will be held this evening at 8 o'clock, new time, in St. John's hall.

Mr. and Mrs. Ole Seem, old residents of Ishpeming, celebrated their silver wedding anniversary Monday evening. They were tendered a surprise in the Norwegian Lutheran church, where a large party of their friends assembled. The

'Wellworth and Wirthmore' DAY AT SKUD'S

One or Two Dollars, Buys Better Waists on that day, than can be bought elsewhere, on any day.

SOLD ONLY AT

SKUD'S

"THE STORE THAT DOES THINGS"

Rev. O. Hill, the pastor, presented Mr. and Mrs. Seem with several appropriate gifts from their friends. A lunch was served.

The members of the Women's Missionary society, of the Presbyterian church, will meet with Mrs. C. L. Christian tomorrow afternoon.

A number of Ishpeming youngsters are organizing their ball team. Every available lot in the city is now being used by the boys in practice games.

Mr. and Mrs. Frank Edlund, former residents, who came up from Brillion, Wis., to attend the funeral of his father, the late Charles Forsberg, have returned to their home.

The Carpenter-Cook company put an auto truck into service yesterday. It is the largest truck ever seen here and attracted attention as it stood in front of the concern's headquarters on Front street.

The banquet for the members of the Young Men's Christian association, who participated in the Y. M. C. A. bowling league, scheduled for this evening, will be held at 9:30 instead of 8:30, as many of the members desire to attend the patriotic meeting in the Butler theater.

The proprietors of Ishpeming garages are busy these days. Many owners neglected sending in their cars for overhauling or inspection until auto season opened. There will be at least 25 per cent more cars in use here this season than last, while there has also been a large increase in other places in the county.

TO RUSH SHIPMENTS.

It is reported from the Minnesota iron ranges that ore shipments will be rushed during the present season in the hope of sending down a larger record than last year, when a new high record of 46, 210,130 tons was established for the Mesabi, Vermilion and Cuyuna ranges. That was 9,700,000 tons ahead of the previous best record for the three ranges. On account of the late opening of the shipping season of navigation mining men are not certain that it will be possible to beat last year's record. The season from the Duluth docks opened last season on April 23.

TRIOBLE ENTIRELY DISAPPEARED
Knudt Lee, Waukegan, Minn., writes: "For several years my daughter had a bad chronic cough. Not until we tried Foley's Honey and Tar did anything produce any great relief. F. BRAASTAD & CO.

AN ANCIENT HOPE.

The doctrine of a Messianic hope, of the expectation of deliverance from sin and suffering by a god man in the shape of a King, goes back at least to 2500 B. C., when the Sumerian theologians and priests evolved a theory which has been the basis of Jewish and Christian religion ever since, according to tablets in the Nippur collection of the University of Pennsylvania museum translated by Dr. Stephen Langdon.

"The new tablets," says a Philadelphia correspondent, "are of interest because they show that the Sumerians never lost hope that the restoration to a state of sinlessness and happiness through the agency of the gods would come and their faith was pinned to earthly kings. Elaborate rituals were made for all kings, but each failed. Then came the Semitic conquest of

Sumer and the era of pessimism set in, as shown by the famous epic of Gilgamesh, one missing book of which has just been found in the Nippur collection. It is presumed that the Jews got their idea of a Messiah from the Sumerian epics rather than from their own congeners in Babylonia."

The correspondent adds that the fundamentals of Jewish and Christian religion are shown in tablets at least 4,000 years old.

HARD WORK FOR WOMEN.

It is doubtful if there is any work harder than house work. Overwork tells on the kidneys, and when the kidneys are affected one looks and feels older than the actual years. Mrs. A. G. Wells, R. R. 5, Rocky Mount, N. C., writes: "I cannot praise Foley's Kidney Pills enough for the wonderful benefit I have derived." Sold Everywhere.—Adv.

HEAVY LIQUIDATION OF SECURITIES IS MARKET FEATURE.

New York, May 8.—The financial community expressed its anxiety at the government's far-reaching program of war taxation today by heavy liquidation of securities. Other phases of the general war situation came in for further serious discussion, particularly the plan of the administration to take over the steel and iron mills of the country. The government weather reports, indicating backward conditions in most parts of the country, was another deterrent factor.

Liquidation began early and continued almost to the last hour, when supporting orders in rails and short covering for profit resulted in many material recoveries.

Total sales amounted to 900,000 shares. Resumption of gold imports, the first since this country's declaration of war against Germany, was significant feature of the international situation, \$16,000,000 being received for account of the entente allies from Canada.

BOSTON COPPERS.

Ishpeming, May 9.—Stocks were weak today, but in the last hour rallied easily. While the market has had to withstand considerable liquidation there is little doubt but that much of the strength was from short covering. Undoubtedly short covering started the late rally and it should go further. In some instances, closing prices were slightly higher. The railroads have been acting heavy. This is due to the number of objections raised to increased freight rates. The action of the grain markets today probably caused some hesitation. There were some comments today on making the individual income tax retroactive for 1916 and making the excess profit tax 16 per cent. When the war tax bill is finally agreed upon and passed by congress it will be found the government does not wish to interfere with busi-

MOVIES OF SWEDEN.

Inter Ocean Film Company Will Present Pictures Here Tuesday.

The members of the Ishpeming branch of the Order of Vasa, under whose auspices the Inter Ocean Film company will present motion pictures of Sweden in the Ishpeming theater next Tuesday afternoon and evening, are meeting with excellent success in the sale of tickets, and the house promises to be well filled at all performances. There will be a matinee at 2:30, new time, and two performances in the evening, the first starting at 7 o'clock, new time.

The program is one that will appeal particularly to natives of Sweden, as they will see in the pictures many scenes that were familiar to them in their earlier days. The winter sports and pastimes and the more beautiful of Sweden's scenery will be shown. There will also be interesting pictures of education and agriculture, together with scenes in the more important cities and summer resorts. Pictures of Sweden's military organization, showing what they are doing in the way of preparedness, together with pictures of the rulers of that country, will be shown.

The exchange of wounded prisoners to Germany, Austria, Hungary, and Russia, are interesting pictures.

There will be no reserved seats. The tickets now being sold will be good for admission to any part of the theater at any of the performances. Tickets will also be sold Tuesday at the box office.

THEATRICAL.

"The Pride of the Clan," with charming Mary Pickford in the leading part, will be the offering at the Ishpeming theater this afternoon and evening and tomorrow. In addition there will be a novelty vaudeville dancing and drum act by the Hayles.

"The Pride of the Clan" is the second production of Miss Pickford's own company. It is said to present the best natural settings that have ever been seen in a Pickford production, and Miss Pickford is surrounded by a strong cast of players.

Double Bills at Butler.

There will be double bills at the Butler theater tomorrow and Saturday night. "His Father's Son," a Metro Wonderplay in five parts, with Lionel Barrymore in the cast. In addition, the fifth episode of "The Secret Kingdom," with Charles Richman, Dorothy Kelly and other Vitaphone stars, will be shown.

The double bill on Saturday will be "The Warning," a World-Brady feature in five parts, with Henry Kolker, and "The Butcher Boy," the first of "Fatty" Arbuckle's Paramount comedies, in two reels.

Paramount Features Next Week. Manager Butler has entered into a contract with the Famous Players company to show their Paramount features, two of which will be shown each week, on Wednesday and Saturday. The World-Brady features, which have become so popular here, and which have been shown every Saturday at the Butler, will hereafter be shown there on Thursday.

The Paramount service will start next Wednesday with "Ashes of Embers," with Pauline Frederick in the leading part. This will be followed on Saturday, the 19th, by "The Rainbow Princess," with Ann Pennington. Other features to follow in succession are "The Parson of Pavarine," with Dustin Farnum; "The Victory of Conscience," with Lou Tellegen; "The Big Sister," with Mae Murray; "Miss George Washington," with Marguerite Clarke, and others.

CLEAR AWAY THE WASTE.

Bowel regularity is the secret of good health, bright eyes, clear complexion, and Dr. King's New Life Pills are a mild and gentle laxative that regulates the bowels and relieves the congested intestines by removing the accumulated wastes without griping. Take a pill before retiring and that heavy head, that dull spring fever feeling disappears. Get Dr. King's New Life Pills at your drug-gist, 25c.—Adv.

Negaunee Department

ANNUAL RECITAL BY GLEE CLUBS

Will Be Given at High School Assembly Room Thursday Evening, May 17.

The annual recital by the high school glee clubs and orchestra will be given Thursday evening, May 17, at the high school auditorium. The members of the organizations will be assisted in the program by students in the department of oral expression. The program will be made up of music and speaking, and a small admission price will be charged to assure that there may be plenty of seating space for adults. The school officials extend an invitation to the public to be present.

Wednesday evening, May 16, a travelogue, "The Yellowstone National Park," which will be illustrated with slides and motion pictures, will be given at the high school auditorium. There will be no admission charge, and the public is cordially invited to attend. The program for the recital will be as follows:

- Part I— Junior High School. "Poet and Peasant".....Suppe High School Orchestra. "Meadow Song".....L. B. Marshall Junior High Chorus. "My Captain".....Walt Whitman Reuben Borg. "Over the Moonlit Sea" (from "Pinafore")..... Girls' Glee Club. "The Launching of the Ship"..... H. W. Longfellow Rhin Heggaton. "Sailing"..... G. A. Veazie Boys' Glee Club. "Good Night".....Ferdinand Mohring Thomas Leverton and Chorus. Intermission.

- Part II— Senior High School. "Thoughts of Home".....Hazel High School Orchestra. "Esmeralda".....W. C. Levey "Little Cotton Dolly".....Adam Geibel High School Chorus. "Our Folks".....Ethel Lynn Beers Ruth Mitchell. "Herve Riel".....Robert Browning Clarence Goodman. "A Holiday".....Charles Vincent Girls' Glee Club. "Humoresque" (violin solo).....Dvorak Sybel Bellstrom. "A Little Pink Rose"..... Carrie Jacobs-Bond Mervyn Bennett. "The Trial of Ben Thomas"..... E. S. Edwards Eugenia Mitchell. "Webster's Reply to Hayne".....C. S. March Edward Mellier. "A Perfect Day" (cornet solo)..... Carrie Jacobs-Bond John Warren. "Song of the Armorer".....G. B. Nevjn Boys' Glee Club. "Call Me Thine Own" (clarinet duet)..... Walter Broad and Mr. Sedlock. "Who Knows".....Ernest Ball Eugenia Quinn. "Memories"..... Boys' Quartet.

STAR TONIGHT.

Fannie Ward, the beautiful and talented Lasky star, who will be seen tonight in the Lasky-Paramount production "Betty to the Rescue," went with her company under the direction of Frank Reichler, into the mining district for the purpose of photographing mine interiors. In order to secure sufficient "juice" for the Klieg lights, it was necessary to run a special wire from the power line to the mine, a distance of two miles. Prominent in the cast supporting Miss Ward are Jack Dean, James Neill, Lillian Leighton and Charles West.

SARISTA'S FUNERAL SUNDAY.

The funeral of the late K. O. Sarista, a well known labor leader, who died last Sunday, will be held Sunday morning at 10 o'clock from the Labor Temple. Many out of town friends are expected here for the funeral, which will probably be one of the largest ever held in the city. Prominent socialists will be here to conduct the services, and practically every member of the organization will be in attendance. The socialists will march in a body and will accompany the remains from the Temple to the eastern end of Main street. Young lady members of the organization will be the pallbearers.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustreous, glossy, silky and soft, and look and feel a hundred times better. You get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

LOCAL LACONICS

Joe Flynn spent yesterday on business at Escanaba.

Louis V. Townsend spent yesterday on business at Escanaba.

Jacob Dolf, of Marquette, spent yesterday here on business.

A. L. Gholz, of Crystal Falls, spent yesterday in the city on business.

G. C. Margatter, of Escanaba, was a business visitor in the city yesterday.

Dave Caples, of Escanaba, is spending a few days in the city, visiting with friends.

J. H. Harrington, of Hancock, is spending a few days here, visiting with friends.

The Richmond and Empire mines at Palmer went on the "more daylight" schedule yesterday.

Miss Wallace, the nurse, who spent the past few weeks in the city, has returned to her home at Detroit.

Louis Merrill and Andrew Erickson arrived home yesterday afternoon from Sands, where they spent several days fishing.

Mrs. James Vincent and son, Edward, of Kearsarge, are spending a few days here visiting with Charles Vincent and family.

George Williamson is able to be out again after being confined to Dr. N. J. Robbins hospital for three weeks on account of illness.

Judge William VerRan started to take the city school census yesterday. He expects to be engaged in the work for a week or more.

Arthur Hooper has taken a position as night baggageman for the Duluth South Shore & Atlantic railway, succeeding James H. Yelland, who resigned.

Mr. and Mrs. O. J. Lacombe and Mrs. Charles Just arrived home yesterday afternoon from Little Lake, where they spent the past few days at Mr. Lacombe's farm.

Mr. and Mrs. G. L. Woodworth, of Iron River, were Negaunee visitors yesterday. Mr. Woodworth received an automobile here yesterday and drove it back to Iron River.

John Hill, of Kenosha, Wis., agent for the Chicago & Northwestern railway at that city, is spending a few days in the city, visiting with his uncle, Patrick LaValle Sr., and family.

The members of the city police force are now wearing their new uniforms on duty. Each member has also been provided with a black Stetson hat. The suits were made by Peterson & Willers, local tailors.

Werner Kero, who has been employed as telegraph operator for the Duluth South Shore & Atlantic Railway near Duluth for the past several months, has returned to the city and will take a position as operator at the Ishpeming yard of the Lake Superior & Ishpeming Railway. He will assume his new duties on Monday.

Following a visit with friends at Republic, John Hoffman, who disappeared from Escanaba over a week ago, is back in that city and was met face to face by officers who have been searching everywhere for him in the last ten days. He offered no explanation of his absence from the city, nor his sudden departure, which led to the search for him. He said that he left for Republic a week ago last Thursday without telling anyone. The sheriff's office was notified that he was missing the day after he left the city by his partner, John Gries, who believed he had met with foul play or had been drowned. Since that time a continuous search had been made for the man. Even the lady was dragged near the docks, as it was believed he might have fallen in and been drowned while fishing.

The driver of a big gray automobile containing several passengers learned at Wells that it was impossible to cross a railroad crossing when a train occupies it. About 5 o'clock in the afternoon an automobile went through Wells at a good rate of speed. It could not stop when it reached the Northwestern crossing and ran into the freight train which was passing at the time. The front of the car was badly damaged and the car carried along the tracks for several feet. The machine was righted after the train passed, but on the trip towards Escanaba the driver couldn't keep it in the road and several times it was ditched because of a twisted steering gear. The occupants were not injured.

Charles Van Dooser, captain of the Menominee police force for the last ten years, was elected chief of police at the meeting of the city council. There were two nominations for the office, Patrolman John Reilly also being nominated. The vote stood: Van Dooser—Cleary, Daley, Dunlap, Hogan, Kaltenbach, Longlais, Seidl, Wanek and Whitemore, Reilly—Doyle, Branch, Mayer, Schultz, Sullivan. Dr. E. V. McComb was re-elected health officer for the ensuing year, by a vote of 12 to 2. The rest of the appointments were made without opposition to the present office holders. The following were elected: Fire chief, L. C. Collins; street commissioner, Daniel Potter; city attorney, John J. O'Hara; city clerk, F. S. Norcross; sewer inspector, Daniel Potter; sealer of weights and measures, C. J. Wnellner; president protem, A. C. Seidl; milk and meat inspector, C. J. Wnellner; sanitary inspector, Frank Moerchen; city engineer, T. R. Hasley; pound master, William Seiman and George Trantner. The council confirmed the appointments by the mayor of Dr. C. R. Elwood, as a

NOTICE TO COAL DEALERS. The city of Negaunee will receive bids on 2,500 tons of 3/4 in. Youghiogheny soft coal, F. O. B. coal trestle up to Wednesday, May 9, 1917 at 5 p. m. Alfred Bellstrom Superintendent. 5-3-6L.

HONOR TO MRS. WOOD. Work in the Fifth avenue rooms of the New York Red Cross paused for a time one morning lately while the workers paid honor to Mrs. Leonard Wood for her work with the New York chapter of the society by presenting a gold watch and a bracelet to her. Mrs. Belmont Tiffany, chairman of the chapter, made the presentation.

Mrs. Tiffany, on behalf of the workers, told of the good work Mrs. Wood had done and of the appreciation of those who had worked beside her in the Fifth avenue workrooms. Mrs. Wood offered her services to the chapter two years ago and since then she has devoted a large part of her time to the work. She said, in reply to Mrs. Tiffany, that she was glad to have been in a position to do her share of the work, but she was sure that she had received more good from her association with the workrooms than she had rendered.

Van Dooser Is Chief. Charles Van Dooser, captain of the Menominee police force for the last ten years, was elected chief of police at the meeting of the city council. There were two nominations for the office, Patrolman John Reilly also being nominated. The vote stood: Van Dooser—Cleary, Daley, Dunlap, Hogan, Kaltenbach, Longlais, Seidl, Wanek and Whitemore, Reilly—Doyle, Branch, Mayer, Schultz, Sullivan. Dr. E. V. McComb was re-elected health officer for the ensuing year, by a vote of 12 to 2. The rest of the appointments were made without opposition to the present office holders. Elwood, as a

CORNS HURT TODAY? Lift your corns or calluses off with fingers and it won't pain you one bit.

Yes! You truly can lift off every hard corn, soft corn or corn between the toes, as well as hardened calluses on bottom of feet without one bit of pain. A genius in Cincinnati discovered freezeone. It is an ether compound and tinsy bottles of this magic fluid can now be had at any drug store for a few cents. Apply several drops of this freezeone upon a tender, aching corn or a callus. Instantly all soreness disappears and shortly you will find the corn or callus so shriveled and loose that you lift it off with the fingers. You feel no pain while applying freezeone or afterwards. Just think! No more corns or calluses to torture you and they go without causing one twinge of pain or soreness. You will call freezeone the magic drug and it really is. Genuine freezeone has a yellow label. Look for yellow label.

Use "Gets-It," Lift Corn Right Off. Shrivels, Loosens—and It's Gone! "Just like taking the lid off—that's how easy you can lift a corn off your toe after it has been treated with the wonderful discovery, 'Gets-It.' Hunt the wide world over and you'll find nothing so magic, simple and easy as 'Gets-It.' You folks who have wrapped your toes in bandages to look like bundles, who have used salves that turned your toes raw and sore, and used plasters that would shift from their places and never 'get' the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just cut these old and painful ways and try 'Gets-It' just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death. It loosens from your toe, and off it comes. 'Gets-It' is the biggest selling corn remedy in the world today. There's none other as good. 'Gets-It' is sold by drug stores everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Marquette and recommended as the world's best corn remedy by Starford Drug Co. and Desjardins' Pharmacy.

Sisters Plant Garden. The St. Joseph's hospital at Menominee is one of the first institutions in the city to heed the mayor's request for food preparedness. The institution has been granted a piece of property west of the hospital for planting purposes.

The sisters of the hospital have had the land plowed and prepared for planting. First and foremost among the crops which will be raised will be potatoes. Other food products to be raised will be beans, cabbages and corn. The sisters expect to raise a bumper crop. The Sisters of St. Joseph's, instructors in the St. John's school, will also plant a potato field between the St. John's church and the Dan Burns residence on the corner of Dunlap avenue and Jenkins street. The property was granted them by W. A. Pentilly, owner.

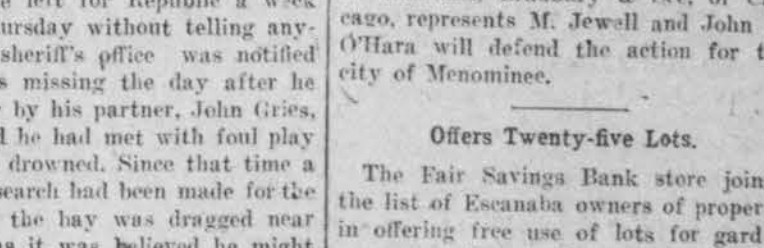

Was Only Visiting. Following a visit with friends at Republic, John Hoffman, who disappeared from Escanaba over a week ago, is back in that city and was met face to face by officers who have been searching everywhere for him in the last ten days. He offered no explanation of his absence from the city, nor his sudden departure, which led to the search for him. He said that he left for Republic a week ago last Thursday without telling anyone. The sheriff's office was notified that he was missing the day after he left the city by his partner, John Gries, who believed he had met with foul play or had been drowned. Since that time a continuous search had been made for the man. Even the lady was dragged near the docks, as it was believed he might have fallen in and been drowned while fishing.

Auto Ran Into Train. The driver of a big gray automobile containing several passengers learned at Wells that it was impossible to cross a railroad crossing when a train occupies it. About 5 o'clock in the afternoon an automobile went through Wells at a good rate of speed. It could not stop when it reached the Northwestern crossing and ran into the freight train which was passing at the time. The front of the car was badly damaged and the car carried along the tracks for several feet. The machine was righted after the train passed, but on the trip towards Escanaba the driver couldn't keep it in the road and several times it was ditched because of a twisted steering gear. The occupants were not injured.

Offers Twenty-five Lots. The Fair Savings Bank store joined the list of Escanaba owners of property in offering free use of lots for garden purposes. Twenty-five lots on Third street, Oak street and near the golf grounds are offered to families of the city who desire to raise produce for their own consumption.

'AMERICA IN DANGER! ARISE AND FIGHT' SAYS FR. BARTH

(Continued From Page One.)

but by every right she ought to give money to France.

Not only that but America must give men to the allies. She must help fill up the broken ranks of the French, and make secure the allied position on the western front.

Democracy is America's mission. Then let every able-bodied American pledge his life's blood, if necessary, to stem the tidal wave that comes rushing on, not only to destroy our own democracy but to endanger the democracy of the world.

William Pryor, the young Ishpeming minor, struck a harmonious chord and instantly won his way into the hearts and sympathies of his audience.

Unless mature, successful business men, between thirty and forty years old, preferably with college educations, come to the front and enlist as prospective officers, Michigan will be recorded as standing in the "line of shame" in the most urgent hour of one of the darkest periods of the country's life.

Only 300 men of the most desirable class of citizens of Michigan and Wisconsin have signified their willingness to aid in directing the thousands of men who will be called to arms under the draft system, according to a telegram received by J. C. Gannon from Wharton Clay, executive secretary for the central committee of the Military Training Camps association.

Get busy and enlist in the officers' reserve corps college men, club men, successful business men, thirty years old at least, men who have had experience in handling other large bodies of men; men who can show results," is the plea being sent to chairmen throughout the state.

Which only emphasizes previous statements that the strapping applicants have little chance of being accepted, even if they take the three months' training, because with all their educational qualifications, they have not the mature knowledge of life's byways which fit them to lead to war others of their own age.

family rests partly upon the service you can render in the ranks.

Mr. Pryor's address was received with great enthusiasm, and he was forced to respond to vigorous applause.

Before introducing the speakers John R. Van Evera, president of the Marquette Patriotic League, under whose auspices last night's meeting was held, outlined a plan for the organization of all units in the city which are, in any way contributing to the service.

Mr. Van Evera then read a letter sent yesterday to A. K. Moore, secretary of the league, by an inmate of the Marquette prison, in which the latter expressing sincere regret that his misdeed had kept him from active service in the ranks, inclosed the sum of \$2 to be applied to any fund which was being raised for a patriotic purpose.

Solos were sung last night by Miss Kate Snell and A. W. Jones, the latter in charge of all musical programs for the Patriotic League.

Michigan Urged to Furnish More Mature Men for Camp at Fort Sheridan.

Without mature, successful business men, between thirty and forty years old, preferably with college educations, come to the front and enlist as prospective officers, Michigan will be recorded as standing in the "line of shame" in the most urgent hour of one of the darkest periods of the country's life.

Which only emphasizes previous statements that the strapping applicants have little chance of being accepted, even if they take the three months' training, because with all their educational qualifications, they have not the mature knowledge of life's byways which fit them to lead to war others of their own age.

STEAMERS RUSH TO AID OF MUNISING

Are Breaking a Channel to Ice-Bound C. C. I. Boat—Distress Signals Are Heard.

Two steamers, believed to be the Ishpeming and the Grand Island, were slowly smashing their way through the ice in the direction of the two stranded freighters, Munising and Bartow, the former stuck fast in the ice about seven miles off Black Rocks, Presque Isle, and the latter caught in a solid field about two miles northeast of the Munising.

Intermittent distress signals could be heard from one of the ice-bound vessels last night, the whistle blowing at intervals from 6 o'clock until about midnight. Just which vessel sent out the signal could not be determined.

Action relative to getting food and help out to both the Munising and the Bartow is being delayed awaiting both the result of the progress being made by the two other ice-bound steamers and the outcome of negotiations pending between the Cleveland-Cliffs Iron company and Walter Durocher, of T. L. Durocher & Son, the latter being in charge of the tug Thompson with which it had been planned to cut a channel through the ice, from the local harbor to the present location of the Munising. It is understood that Mr. Durocher asks a guarantee against possible wreckage of the tug, in addition to a rate, per hour, for services.

Yesterday passed, therefore, with no progress in that direction. This morning the look-out at the life-saving station will make a thorough survey of the headway made by the steamers believed to be the Grand Island and the Ishpeming, and subsequent proceedings will depend on these findings.

Without mature, successful business men, between thirty and forty years old, preferably with college educations, come to the front and enlist as prospective officers, Michigan will be recorded as standing in the "line of shame" in the most urgent hour of one of the darkest periods of the country's life.

TELLS OF CONDITIONS IN PHILIPPINE ISLANDS

Walter Foard, Formerly of This City, Describes Strategy of German Sailors.

A graphic description of the present conditions in Manila, the Philippine Islands, where 4,000 German sailors and merchants are held prisoner and where twenty-six German merchant ships are interned, seized by the United States government since the declaration of a state of war, was given yesterday by Walter Foard, son of M. H. Foard, and who arrived in the city yesterday morning to visit his parents before leaving for Washington to receive a commission in the quartermaster's department of the U. S. army.

Mr. Foard left Marquette fourteen years ago, and shortly after joined the United States marine corps, being assigned almost immediately to the Philippines. After three years and five months service with this branch of the service he was appointed paymaster and later transferred to the engineers' corps. Mr. Foard served seven years, in all, receiving an honorable discharge.

Giving up the army for civil life Mr. Foard then located in Manila and started a men's furnishing retail store. In the past seven years, Mr. Foard says, his business has grown to such proportions that he now maintains two such stores, and is enjoying excellent success. He has introduced a system of advertising, he declares, which has seemed to strike the right spot with the Filipinos, for they come to him for everything in the line of furnishings.

Mr. Foard left Manila a short time ago on a business trip to Seattle, Wash., and while in the latter city received a telegram from the army department, urging him to accept a quartermaster's commission, and to apply to the department at Washington immediately. Mr. Foard leaves here today for Washington, to accept the commission.

Mr. Foard described the manner in which the crews of the twenty-seven German ships, which were interned in Manila harbor when war was declared, completely destroyed the engines and other equipment of the ships, rather than see them pass into the hands of the United States to be used for allied shipping. The driving rods were taken from the engines and thrown over-board, Mr. Foard declared, and other damage done to the mechanism so as to completely disable the engines. Emery was poured in the dynamos. The interior of the state rooms were set afire and valuable paintings hanging in the salons were ripped to shreds with sabres and knives.

Other boat crews, Mr. Foard said, put on full steam and then drained their boilers, burning them out and rendering the ships useless.

It would cost more to repair any one of these boats than it would to build new ones," Mr. Foard declared, "so effectively did the crews work."

Stick to Monroe Doctrine. "But we have not taken a thing that we have not paid for, and paid well for. When the German merchants were imprisoned, Americans occupied the shops, and kept up the business, so that if peace were declared at any time these men could step back into their shops and find them as they left them, or maybe better. We have, however, been particularly careful to see that none of the proceeds from the business gets to the Kaiser, and I think we have succeeded in that. We keep well within the limits of the Monroe doctrine in our dealings with the Germans in Manila, so that no injustice of any kind is being done."

"Before war was declared with Germany," Mr. Foard declared, "the United States had a standing force of 11,000 men in the Philippines. Since that time, however, the government has called in 3,000 of them, and it is expected that another 3,000 will go in another month."

"Business conditions in Manila are very good," Mr. Foard said, "with the exception of the difficulty the merchants have in obtaining shipments. The chamber of commerce detailed me to visit the states and confer with transport officials in Seattle, Wash., in an effort to secure some more satisfactory arrangement for the transportation of our merchandise, and it was while on this mission that I received the call from the government."

"Marquette looks just as good to me as it ever did—and that's some," said Mr. Foard in conclusion. "I find, however, that I know very few of the people I meet on the street. Some of the young fellows I used to know have grown so that I don't recognize them any more."

500 CANAL PASSAGES. Sandt Ste. Marie, Mich., May 9.—(Special)—Upbound vessels passing the canals the last twenty-four hours were: The Foster, 10; Mathews, midnight; Harvester, 3:30; Northern Wave, 7; Colona, John Owens, 3; Presque Isle, 6.
