## CONFEREES IN AGREEMENT ON WAR ARMY BILL

Long Deadlock of Senate and House Representatives Finally Broken—Roosevelt Army Section Eliminated.

### DRAFT AGES SET AT 21-31

Washington, May 10.—The long deadlock of senate and house conferees on the selective-draft military bill was broken today with agreement on compromise measures, under which a great war army would be raised by selective conscription of men between the ages of twenty-one and thirty-one.

### EXPECT APPROVAL OF REPORT.

The conferees report is expected to be given approval by both senate and house in a few days, and within two weeks after the president has affixed his signature registration of those eligible for conscription will be under way throughout the country.

The compromise bill is understood to be generally satisfactory to the administration and to the army general staff, on whose advice the original measure was formed.

The section dealing with exemptions from draft was re-written in part by the conferees committee and provision was made for hearings in the exemption applications before local civil tribunals, with the right of appeal to a second tribunal and finally to the president.

Two of the house conferees refused to sign the conferees report. Representative Anthony, of Kansas, would not accept it because the Roosevelt amendment was stricken out.

Republicans in the senate who have favored giving Colonel Roosevelt authority to raise and take American troops to France declared tonight that an effort would be made on the floor to have the senate insist on the retention of this feature.

The prohibition, as agreed to, excludes liquor, beer and wine from any military post, but does not forbid selling or giving these beverages to soldiers, except when in uniform.

Since the age limits of the agreement are a compromise from the extremes of the two bills this part of the report is not looked upon as a stumbling block to early agreement.

Exemptions from the selective draft were left virtually as suggested by the general staff.

County and municipal officers, customs house clerks, postal employees, workmen (Continued on Page 5 Column 4)

## GERMAN AIRMEN PAINT CRAFT IN GAUDY COLORS

### Teuton Machines Now Fantastic Riot of The Most Vivid Hues

(By a staff correspondent of the Associated Press).

With the British armies in France, May 10, via London, 10 p. m.—The fighting in the air has taken on an entirely new interest recently because of the new German policy of painting their machines in most grotesque colors.

Each day the British pilots bring home from over the lines new reports of fantastic creations encountered amid the clouds. The gayest feathered suggestions that have come north with the spring cannot hope to rival the variegated hues of the new harlequin birds that rise gaily from the German airdromes.

Nothing appears too gaudy to meet the tastes of the enemy airmen, who seem to have been given carte blanche with the paintbrush.

Nowadays nothing appears too gaudy to meet the tastes of the enemy airmen, who seem to have been given carte blanche with the paintbrush.

### GERMANS FIGHT STUBBORNLY.

One of the pivotal squadrons encountered was made up of white, red and green machines. There were still others, more patently painted for what has become known as camouflage purposes, as guns, wagons, and tents are often painted to blend with the landscape, and thus avoid detection.

## AMERICAN EXPORTS SHOW A DECREASE

Department of Commerce Figures Show Falling Off in March as Compared to January.

Washington, May 10.—American exports to Europe increased \$27,000,000 in March, the second month of Germany's unrestricted submarine warfare, as shown in department of commerce figures today.

Total shipments to Europe in March are put at \$334,000,000 and to the whole world \$533,000,000.

Total imports in March were valued at \$270,000,000 against \$199,000,000 in February.

Superior, Wis., May 10.—Contracts for the construction of eighteen steamers has been signed up by Superior ship yards, to be rushed out as rapidly as facilities and materials at hand will permit.

## JOFFRE HONORS RESTING PLACE OF GEN. GRANT

France's First Soldier Places a Wreath on Tomb of One of Greatest of America's Fighting Men.

### ENTERTAINED IN NEW YORK

New York, May 10.—Three dramatic events, which will become historic in the annals of New York, marked the activities of the French war mission here today.

The address of Rene Viviani, vice president of the council of ministers and head of the mission, at a luncheon of the Merchant's association, in which he declared that France would never cease fighting until Alsace and Lorraine were restored to her, and when he proclaimed that the stars and stripes never would obtain their full significance until they floated from the trenches of Europe.

The placing of a wreath, by Marshal Joffre, upon the sarcophagus of General Grant.

### RECEPTION TO FRENCH RESIDENTS

The reception to the French residents of the city at the public library tonight, when Joffre, Viviani, and other colleagues, greeted their compatriots, including several hundred blue-jackets from French warships.

The memorable words of the man whose ashes have long reposed within carved in the granite above the kingly tomb a grateful nation gave him, seemed once again to echo their solemn admonition: "Let Us Have Peace."

The thousands who have paused in their daily duties to honor the victor of the Marne and his colleagues, apparently realized the significance of the moment.

Joffre, the soldier; Viviani, the statesman; Chocheprat, the admiral, and De Chambrun, the nobleman, descendant of La Fayette, all were visibly affected.

Then followed a review of the Seventh regiment, New York National guard, in front of the tomb, after which the visitors were taken through Riverside Drive to the Joan of Arc statue, where a brief stop was made.

A wreath of white laurel was handed to Marshal Joffre and he placed it reverently at the base of the statue where the crowd stood silent.

## ROOSEVELT SAYS POLITICS ARE AT BOTTOM OF FIGHT

Washington, May 10.—Correspondence between Theodore Roosevelt and Joseph Leiter, president of the Army League, made public by the league today, disclosed that the colonel has resigned as honorary vice president of the organization because Mr. Leiter opposed the army bill amendment to permit recruiting of the Roosevelt volunteer division.

### Attempt On His Life

PRESIDENT MENCOCAL

Havana, May 10.—An attempt was made last night to assassinate President Menocal, of Cuba, by a bomb explosion. Nine have been arrested.

## OPEN BITTER FIGHT ON WAR TAX BILL

Vigorous Objections to Various Sections of Measure Voiced in the House.

Washington, May 10.—The \$1,800,000,000 tax bill, carrying war-time assessments on a multitude of every-day necessities and luxuries, was taken up in the house today, with leaders of both parties behind it, but with scores of members objecting vigorously to individual sections.

Democratic Leader Kitchin said that some items seemed unjust and excessive when considered separately, the only answer was that "the government needs the money."

### BILL CAUSES PERPLEXITY.

The bill developed a dearth of expert information on the question of just what is provided by the involved legal language of the measure, and throughout the day there was a rapid fire of questions from perplexed members.

### EXPECT VOTE ON ESPIONAGE BILL BEFORE TONIGHT

Washington, May 10.—Debate on the administration's espionage bill reached a point today where leaders were hopeful a vote can be taken upon passage before tomorrow night's adjournment.

### NERVELL, (MICH.) MAN ON CANADIAN LIST

Ottawa, Canada, May 10.—American casualties, as announced by the war record office tonight, include, wounded: F. E. Watki, Nerville, Mich.

## THE WEATHER

FRIDAY, MAY 11.

## FOOD CONTROL NECESSARY TO CHECK PRICES

Herbert C. Hoover Declares That Without Government Action We Are Sure to See \$20 a Barrel Flour.

### MAY BECOME CONTROLLER

New York, May 10.—Herbert C. Hoover, who recently came from Europe to advise the government on food conditions in Europe, says that, without control, "we may see flour at \$20 a barrel before the year is over, but that with control the present price of flour can be reduced 40 to 50 per cent and at the same time the producer be treated in a liberal manner."

Mr. Hoover thus outlined conditions in a statement to the Associated Press today: "There is absolutely no occasion for a food panic in this country, nor any justification for outrageous prices unless the opposition of special interests defeats the president in obtaining the necessary power to control the nation's food fully and adequately."

### NATION NEEDS FOOD CONTROL.

"Therefore the nation needs a food control for two purposes: To regulate prices and to increase the surplus. After providing for our normal consumption, we will have together with Canada, a surplus for our allies equal to only 10 per cent of the food they require from us.

"Without food control, we may see \$20 flour before the year is out and a total dislocation of wages and consequent dislocation of industry and living.

### BRITISH MISSION TO VISIT NEW YORK

Members of Great Britain's War Council to This Country Take a Vacation.

Washington, May 10.—The British war mission, its conference here about concluded, will leave tomorrow for New York to join the French commission.

### PRESENT STARS AND STRIPES TO AMERICAN UNIT IN FRANCE

Paris, May 10, 5 p. m.—An impressive ceremony took place at Passy today when American flags, presented by Charles H. Mackay, of New York, were given to the American units who are proceeding to the front.

### FRANCE'S GREAT NEED IS TROOPS, EXPERT SAYS

London, May 10.—The Times military correspondent today says that France needs, at the earliest possible moment, military aid from the United States. He asserts that France needs help as quickly as possible.

## WAR COUNCIL FOR RED CROSS IS ORGANIZED

### President Wilson Appoints Henry Davidson At Head of New Body

Washington, May 10.—President Wilson created a "War Council of Red Cross" today to direct relief work during the war, and made a public appeal for Red Cross contributions "from all those who can contribute, either great sums or small, to the alleviation of the suffering and the distress which will inevitably arise out of this fight for humanity and democracy."

The head of the war council is Henry P. Davidson, of J. P. Morgan & company, who said in accepting the post that all the vast facilities of the Morgan firm would stand behind the Red Cross for the duration of the war.

### HEADQUARTERS IN WASHINGTON.

Headquarters of the council will be in Washington, but a branch office will be established in New York, where details of the business of getting supplies to Europe will be handled.

"It is impossible to say how much money is going to be needed," said Mr. Davidson, "but it is going to be many millions of dollars. Just how we are going to get that money I don't know, but I have every confidence that the American people will respond as never before and that we will get it."

### ROADS CANNOT LIVE ON PRESENT RATES

Washington, May 10.—Spokesmen for railroads in the west, and steamship companies operating along the Atlantic seaboard, appeared before the interstate commerce commission and seconded the plea of carriers in other sections of the country that an increase of 15 per cent in freight traffic is absolutely necessary if bills are to be paid during the coming year.

### ASHTON OUTLINES NEEDS.

P. H. Ashton, president of the Chicago & Northwestern, said the emergency confronting the roads is the same as that confronting every other commercial institution generally have met the advanced cost by raising prices to the consumer.

### MEMBER OF ITALY'S MISSION TO THE U. S. REACHES NEW YORK

New York, May 10.—Ennio Arlotto, Italian minister of transportation, and a member of the Italian mission to this country, has arrived in this city, it was announced tonight.

## BRITISH TAKE TWO MILES OF BULGAR LINES

Attacking on Front of About Four Miles in Lake Doiran Region They Bend Back Teutonic-Allies' Front.

### HARD FIGHTING IN FRANCE

(BULLETIN) LONDON, May 10, 8:33 p. m.—Attacking on a front of about four miles in the Lake Doiran region of Macedonia, British troops on the right wing took Teutonic allied trenches on a front of two miles and on the other flank advanced on a front of about one mile, according to British official communication issued tonight.

### GERMANS KEEP UP OFFENSIVE.

The Germans are keeping up with great intensity their offensive against the British around Fresnoy and to the east of Bullecourt, but are being held by Field Marshal Haig's forces. The village of Fresnoy apparently remains in the hands of the Germans.

To the east of Bullecourt, where the British have established themselves the Germans are striving hard to push back the British to prevent capture of the Southern end of the Douaumont-Queant line, which would prove of great menace to the important town of Cambrai.

The British evidently have pushed a step forward toward the capture of the town of Lens and the important coal fields in the immediate vicinity. South of the Souchez river, during a night attack, another portion of the German front and support lines, together with a number of prisoners was captured.

The line where the French are facing the Germans is undergoing a period of comparative calm, except for artillery duels and small German counter-attacks.

The British evidently have pushed a step forward toward the capture of the town of Lens and the important coal fields in the immediate vicinity.

THE DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY The Mining Journal Company, Limited.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

FRIDAY, MAY 11, 1917.

A STIRRING MEETING.

A Marquette audience has rarely been stirred as was the one assembled Wednesday night to hear Father Barth and William Pryor.

Father Barth's address was particularly timely because he, first of all, hammered away on the point that the country is in real and sanguinary war.

There is no need to debate whether Father Barth's estimate of the relative strength of the belligerents is fully warranted.

Whatever of complacency still remains in America should speedily be dispelled. The crisis calls for the supreme effort of the nation and all its people.

WHAT IT MEANS.

The tremendous enthusiasm of the reception of Viviani, Joffre and their associates on the French mission west, as well as east, signifies more than a tribute of the heart to France.

The picture suggested by the words "sleeping giant" no less applies to this country in the present crisis than it does to Russia in its world relations.

That is the meaning of the welcome accorded to the French and the British commissioners wherever they appear in American communities.

Attorney General Gregory within a few days has paid unequalled compliment to the conduct of Americans of foreign birth and whose fathers and mothers were of foreign birth.

It will be a profitable way of doing his "bit" for such persons, also, for whereas the interest on savings deposits is but 3 per cent, the liberty loan bonds will pay 3 1/2 per cent, and will be free of taxation.

public was fairly well stocked with supplies. They therefore predicted a decrease in demand for all commodities in the near future.

State Press

European neutrals are finding it even dangerous to be safe.—Detroit News.

We may yet be reduced to treating the Ben Davis apple as an article of food.—Adrian Telegram.

We have almost arrived at that stage of altitude where the two-bit coin is in the jitney class.—Pontiac Gazette.

The food miser is as much a slacker as the man who neglects to plant that back yard garden.—Escanaba Press.

Secretary Daniels has hit on a new scheme to lure recruits from the army. He has contracted for Michigan butter to feed the boys of the navy.—Flint Journal.

Because German workmen pined the Belgian "slave" workers, most of them have been sent to their homes, dispatches tell us. Those German workmen must have had something wrong with them.—Soo News.

Confidence is expressed by the German people that if they agonize and fight and starve for a couple of years longer, they may be able to prevent a genuine right of suffrage from being given them.—Jackson Citizen Press.

A Laugh Or Two

He Knew.

"What is so rare as a day in June?" she quoted.

"Well, the twenty-ninth of February's got one beat a thousand ways," said the fellow who knows.

Enterprising Newspaper Man.

Theatrical representative tells that he ran across the most enterprising newsboy in the world:

"I was coming from the station when a little fellow ran up to me and called: 'Pooper, mister!'"

"No." "Carry yer grip?" "No."

"Get you a taxi." "No." "Wanna guide?"

"I told him I didn't need a guide, and he planted himself squarely in front of me."

"Want me to turn a flip-flop for you?" he asked.

Getting Ripe.

The scene is laid on the top of an omnibus. The girl seated next to the rough workman had a bunch of wheat in her hat which protruding from the side nearest the man, persistently tickling his ear.

"I no longer, and taking a penknife out of his pocket, he proceeded to sharpen it upon the sole of his boot. The girl watched him in alarm."

"Whatever are you going to do?" she gasped.

"Oh, you needn't worry yourself miss," replied the navy, casually testing the edge of his penknife with his thumb.

"Get into my ear there's going to be a harvest."—Tid-Bits.

Underserving.

Once the master of a steamer, while loading at a Scotch port, took on two hands—one without a written 'character' and another with an abundance of documentary evidence as to his honesty and uprightiness.

They had not been long at sea when they encountered rough weather, and the man with the written recommendations, while crossing the deck with a bucket in his hand, was swept overboard. The other hand saw what had happened and sought out the captain.

"Do you remember the man from Dundee," he asked, "that you engaged with the fine character?"

"Yes," said the captain. "What of it?" "Well, he's run aw'g wi' your bucket."—New York Times.

Literally Speaking.

A prominent commission house recently sent out a letter on the general situation in the commodity markets. In it they advanced the opinion that the food hoarding movement that followed the declaration of war with Germany had about run its course, and that the

Double Tragedy.

A Washington man tells of a dinner at a hotel in that city at which were a number of gentlemen interested in various reforms. About the most conspicuous of these was a man who talked loudly against both vivisection and the eating of meat.

Toward the end of the dinner the latter leaned forward and said to the man first mentioned:

"Pardon me, but am I not to understand that you are both an anti-vivisectionist and a vegetarian?"

"Your understanding is correct."

"Then," continued the doctor, "you will probably be greatly shocked to learn that you have just eaten a live caterpillar with your lettuce salad."—Chicago Herald.

Editorial Opinion

Sending a Socialist to Russia.

The suggestion that President Wilson include a prominent socialist in his list of appointments to the Russian commission is a natural one, in view of the fact that socialists have been a strong element in the bringing about of the revolution and are likely to continue to be during its development.

Former Congressman Victor Berger, who has been suggested, has been regarded as the pro-German wing of his party, and he was one of the signers of the St. Louis socialist convention's extraordinary manifesto denouncing the government for declaring the existence of a state of war.

LANSING—Bernice Olds, youngest daughter of Ransom E. Olds, automobile manufacturer and head of the Olds Motor Car company, has announced her engagement to Clarence Roe, son of J. Edward Roe, head of the Lansing State Savings Bank.

LANSING—With the arrangements for the administration of the selective draft about complete, state officials are merely awaiting the action of the conference between the senate and the house at Washington.

LANSING—For two days persistent rumors have been current at the capitol that William R. Oates, fish and game commissioner, would resign and become assistant attorney general.

WEAK AND TIRED WOMEN

Tells How Vinol Made Her Strong.

Marquette woman who are weak, run-down and suffer from the consequent effects of such a condition, will be interested in Mrs. Odell's letter. She says: "I am a farmer's wife and was all run-down, weak, tired and suffered from indigestion, and sometimes it seemed as though I could not keep around and do my housework."

The reason Vinol builds up weak, run-down women so quickly is because it contains a delicious combination of most successful tonics, beef and cod liver tonics, a glycerophosphate, in a mild tonic wine.

Lower State Notes

LANSING—Eighty-five appropriation bills were passed by the legislature, calling for an expenditure of \$18,653,254.38 during the next two years, according to figures compiled by Auditor General O. B. Fuller.

MANISTEE—Believing that the state of warfare demands additional precautions to safeguard the public health, the city commissioners have authorized free smallpox vaccination of all citizens.

LANSING—Bernice Olds, youngest daughter of Ransom E. Olds, automobile manufacturer and head of the Olds Motor Car company, has announced her engagement to Clarence Roe, son of J. Edward Roe, head of the Lansing State Savings Bank.

Copper Country

MAJOR VALLATT VISITS HOUGHTON

Commanding Officer of M. C. M. Engineers' Battalion Makes Flying Trip to Copperdom.

B. W. Vallatt, of Detroit, major of the Michigan College of Mines battalion of United States engineers, arrived in the copper country yesterday noon, but could only remain during the day.

Major Vallatt found that the preparations for the organizing of the battalion are progressing well. He returned to Detroit with the intention of getting back to Houghton next week.

A Russian Alumnus. President McNair of the college, is in receipt of the following telegram from George S. Weinberg, of New York: "Perfectly delighted to see that alumni association has organized a battalion of engineers."

Company G's Recruits. Lieutenant Lamb and his fifty recruits for Company G will leave Houghton this morning at 11 o'clock.

Calumet's Memorial Day. Military enthusiasts of Calumet are making an effort to have Memorial day observed this year as Loyalty day.

SAW JOFFE IN CHICAGO. Hancock Man Only Few Feet from Auto Carrying Marne Hero.

To read of Marshal Joffre, the hero of the Marne, is to admire him, but to see him intensifies that admiration beyond words," said Fred M. Penniston, cashier of the Detroit and Northern Michigan Building & Loan association.

DESCRIBES NEW PRODUCT. S. W. Osgood, of Chicago, an alumnus of the Michigan College of Mines, is in Houghton for the purpose of explaining to interested people a new article of commerce of which he is the inventor.

TO DIOCESAN CONVENTION. Trinity church has elected Dr. L. L. Hubbard, J. G. Stone and F. R. Bolles as delegates to attend the diocesan convention at Marquette, May 16.

FOR SALE—Twenty head of second-hand logging horses; from \$75 to \$225 per head. Wm. Dorris, South Marquette. 5-27-17

MANUFACTURE OF NEAR BEER.

Milwaukee Brewers' Representative Speaks of the "Dry" Outlook.

That Michigan has proven entirely too fertile in the past as a money-maker to be abandoned entirely by the brewers, who have millions of dollars invested in machinery and property, when the "dry" amendment to the constitution becomes effective May 1, 1918, has passed from the stages of possibilities to facts.

Major Vallatt found that the preparations for the organizing of the battalion are progressing well. He returned to Detroit with the intention of getting back to Houghton next week.

**A WRIST WATCH IN DESERT.**  
 One night a company of Arabs attached themselves to our party. This is customary in these wild lands. They saw that we were well armed and came with us for safety. One of them, a dignified young chief, was accompanying a woman across the desert. She was well dressed, this Arab girl, with a yellow turban and a silken robe. On her wrist she wore a Swiss gold watch, and though barefooted she was as dignified as the queens of Lenox and Newport. One of my men apparently made an insulting remark to her, and she called him down, just as an American girl would have done. According to the custom of the desert, we had to give him a thrashing, which Mahomet did lustily with a big stick. After that, the Arab party always showed us white men the deepest respect.—Peter MacQueen, in World Outlook.

**City Brevities**  
 Clark Osgood, of Ishpeming, was a business visitor in the city yesterday.  
 A class of ten students from the Michigan College of Mines is in the city on a geological survey.  
 The Rev. C. E. Lundgren, of the Swedish Lutheran church, left last night for Republic where he will spend a few days.  
 The party which was to be held tonight, at the Guild Hall, by the Kawawgam Camp Fire girls, has been postponed until next Friday night.  
 The Woman's society, of the Presbyterian church, will meet this afternoon at 3 o'clock with Mrs. W. B. McClintock, 316 Hematite street.

**First Come First Served**—Any one desirous of securing a lot for home gardening purposes should communicate with Henry Patenaude, who has donated lot No. 93, of the Patenaude addition, for this purpose. The land is near the South Shore round-house, and can be secured for gardening on application to Mr. Patenaude.

**Leaves for Fort Sheridan**—Walter N. Hadley, private secretary to A. T. Roberts, left yesterday afternoon at 5:15 o'clock for Fort Sheridan, Ill., where he will enter the officers training camp for the three months' course of instruction, which begins May 15. Of those who applied from this city Mr. Hadley is the first to receive the summons to the camp.

**Elks' Party Tonight**—The last of the winter series of Elks' parties will be given tonight in the Elks' hall. Mrs. Weedman's orchestra will furnish the music. Refreshments will be served in Doncker's ice-cream parlor during intermission. Invitations have been issued, but the committee announces that if any who usually attend these affairs fail to receive one, they are cordially invited.

**Silver Tea Today**—The Woman's Home Missionary society, of the First Methodist Episcopal church, will conduct a silver tea in the parlors of the church this afternoon from 3 to 5 o'clock. An attractive musical and literary program has been arranged. Members expecting to attend are asked to bring their dues and mite-boxes in order that a complete report of the work may be presented at the convention to be held next month in Escanaba.

**MRS. LA DUC PASSES.**  
 Well Known Local Woman Dies After a Brief Illness.

Mrs. Estella La Due, wife of W. A. La Due, of this city, passed away at St. Luke's hospital Thursday morning after a brief illness. She is survived by her widower and two children, Ruth, aged thirteen and Wilton, aged eleven. Mrs. La Due's death is also mourned by her parents, Mr. and Mrs. H. H. Baker, of this city; H. T. Baker, a brother, of Manistique and a sister, Mrs. J. M. Thompson, of Omaha.

The funeral services will be held at the home, 1026 North Front street at 1:30 Friday and will be conducted by Mr. Lautner. Interment will take place at Manistique Saturday.

**Theatrical**  
**"20,000 LEAGUES."**  
 "Twenty Thousand Leagues Under the Sea," a spectacular eight part photoplay of romance and thrilling adventure, based upon Jules Verne's fascinating novel of the same name, originally published over fifty years ago, attracted large audiences at both performances yesterday. It will be repeated today, matinee and evening.  
 The story has to do with the daring deed of Captain Nemo, who, about the time of our Civil war, invented a submersible craft with the purpose of avenging a personal wrong. The vessel became the terror of the ocean, and in this, the first sub-sea photodrama ever produced, the scenes open with the dispatch of a United States frigate to destroy the "monster." The frigate is sunk by Captain Nemo, who rescues the only surviving four, and keep them prisoners, not, however, without showing every courtesy and displaying to them the mysteries of the deep. Here follows a series of scenes of the wonders of the sea. The photography of which was made possible by the wonderful invention of devices by the Williamson brothers.

**At the Delft.**  
 The Inter-Ocean Film company will present at the Delft theater today and Saturday the eight-reel feature, "Sweden as It Is Today." This picture comes to Marquette direct from remarkable runs in Minneapolis, St. Paul and Duluth, where it has been patronized by thousands of people who rarely attend the picture theaters. The picture was shown in Duluth under the auspices of the Swedish-American league. The picture shows scenes in Sweden, the Trall Hattan Falls, Stockholm, Poryos, the meeting of the kings at Malmo, the Swedish army being mobilized, the exchange of wounded soldiers of Germany, Russia, and Austria through Sweden scenes from Skio, Varmland, Lapland and Stockholm, and many other famous places in the "Land of the Midnight Sun."

Order your milk, cream, butter and buttermilk of the Marquette City Dairy. The most modern sanitary plant in Michigan. Score 100 per cent on recent tuberculosis test. 5-5-6t.

Atlanta and Anderson, Ga., are to be connected by a new interurban electric railway.

### Your Corset and Your Gown

It's the designing that makes the perfect fitting corset, and it's the corset that sets off the gown.

Women who select G-D Justrites for their dress foundation have an added pleasure in wearing their gown, because the lines of it are as the designer intended. There's something about a G-D Justrite that makes it different.

### G. D. Justrite Rustless Corsets Back Laced and Front Laced

No. 5690—Front Laced. For Medium Figure. This G-D Justrite model has distinctive figure moulding qualities. It is designed so as to give the hip-in waist, and yet avoid the wide effect in the back. The bust is average high and does not blot the figure. Skirt is extended, with elastic inserts, and gives the look an unbroken line effect. Bobbing is placed to give support, yet allow free hip. Fitted with the G-D Justrite Shield. Made of coutil, lace and ribbon trimming. \$3 Sizes 29 to 32

We have models in Justrites that will fit every figure

### U. P. SOIL GOOD FOR BARLEY, EXPERTS SAY

Urge Utilization of Spare Acreage for This Purpose—Still Cold for Planting.

Every acre of farm land in the upper peninsula which has not been planted to other crops should be seeded to barley, declare the experts of the Michigan Agricultural college. Barley, they declare, will produce, in those districts which are not adapted to corn, more food than any other grain.

"Where corn is a gamble as it is in the upper peninsula," they say, "barley can be put in as its perfect substitute in the grain ration. It has been demonstrated that where soils and climate are adapted to it, as is the upper peninsula, barley will produce fine crops for fattening animals, aiding milk production and furnishing horse feed.

"The seed should be put in as soon as the ground is warmed up enough. This will be some time during May in the upper peninsula. The planting should be about two bushels to the acre, though six pecks will do if the grain is seeded early on well-prepared land.

"As a protection against smut, the seed should be treated. The formaldehyde method, which consists in spraying pure formaldehyde over the grain, and then storing it immediately in sacks, will do."

#### Seed Potatoes Scarce.

The rapid dwindling of the seed potato supply in Michigan, and the information that there are now in the state probably less than ten carloads of tubers suitable for seed, led the horticultural department of the college to issue a warning to prospective planters, advising them to get in their seed stock at once.

During January and February the horticultural department, through the secretary of the Michigan State Potato association, made a canvass of the state, to determine the amount of good seed potatoes available. Fifty carloads were located, but these were bought up so rapidly that only five carloads remained unsold May 3. It is questioned by the college men whether there are now in the entire state more than ten cars of potatoes suitable for planting.

The seed potato situation has been made worse by the fact that many growers holding seed potatoes may sell their stores for table stock. This means that if they are taken up at once for seed they will be sold out.

#### Ground Still Frozen.

But little plowing is yet being done by farmers hereabouts. The ground, they say, is still very damp and hard. The farmers look for an unusually late season.

It is pointed out that unusual care must be taken in planting potatoes, both because of the great scarcity of the seed variety and because a slight frost will quickly kill the "spuds" in the ground. While the average time for planting, throughout the upper peninsula, is usually the latter part of May, the majority, it is declared, will wait until early June, so as to escape any possibility of a ruined crop. This is particularly true in this locality, where the cold winds from the lake keep the frost in the ground much longer than in other parts of the peninsula.

#### FAVORS MORE DAYLIGHT.

To The Mining Journal: Referring to letter about more daylight in your issue of yesterday, may I point out one advantage that would result from the change? I am planting a lot and in order to make a success of it will have to spend a lot of time on it.

Under the present scheme, I will have to get up at 5 a. m. in order to put in an hour in the garden. Then I have to wash and change my clothes and go to work at 8, quit work at 5, change my clothes, eat my supper, and get to work on the garden from about 6:15 to 7:30, or 2 1/2 hours during the day. Under the more daylight scheme, I would get up at 5:45 or 6 o'clock, go to work, fresh at 7, quit at 4, and be in the garden at 5:15 to 7:30, or 2 1/2 hours in the garden with a saving of 3/4 of an hour to an hour daily.

Yours truly,  
"MORE POTATOES."

### MOTHERHOOD WOMAN'S JOY

Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both tried me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health improved and I am now the mother of a fine baby girl and do all my own house work."—Mrs. ALMA E. TIMMONS, 216 Almond St., Poplar Bluff, Mo.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.

### AGREE ON ARMY BILL

(Continued from Page One)

in navy yards, or arsenals, or armories, and others in the federal government's employ whom the president may designate. Pilots or mariners actually employed in service. Persons engaged in industries, including agricultural, found to be necessary to the maintenance of the military establishment, or the effective operation of forces for the maintenance of the national interest during the emergency.

Those having persons dependent upon them for support; those found to be physically or morally deficient.

#### CANNOT SHOW FAVORITISM.

To dispose of any fear that county and city registration boards will exercise favoritism in enrolling soldiers under the draft act, Provost Marshal General Crowder issued a statement tonight declaring such tactics would be virtually impossible, because of the explicit terms in which the act is drawn. He warned registration officials that favoritism very easily could be detected and would be punished with heavy penalties.

### CHURCHILL DEALS WITH ENTIRE WAR SITUATION IN SPEECH

London, May 10.—The official report of today's secret session of the house of commons, issued tonight, says that Winston Spencer Churchill, formerly first lord of the admiralty, opened the discussion and dealt with the general military situation, with special reference to the situation in Russia, the developments of the struggle on the western front, the strength of the United States and the submarine question.

#### ANNOUNCEMENT.

Manufacturer's Display of Dresses at the Paris Fashion.

We announce a manufacturer's display of dresses to be held here ONE DAY NEXT WEEK.

The "Weiss" line so well known to traders at this store, will be shown here in all its freshness and beauty by Mr. Charles Hulquist, direct from the house of Weiss & Co.

Women who are interested in this line of refined dresses, will please phone us (tel. 715) so that we may record the names of all who wish to be called in time to come and see the display.

The moment Mr. Hulquist will wire us the correct date of his arrival here, we will in turn "call up" every person whose name we have recorded in response to this announcement. ADV.

### ALLIES IN NEED OF MEDICAL MEN

England and France Need 2,000 Doctors and 5,000 Ambulance Attendants

Chicago, May 10.—England and France are in immediate need of two thousand medical officers and five thousand ambulance attendants.

This statement was made by Dr. Franklin Martin, head of the medical division of the council of national defense, in an appeal addressed "to the doctors of America." The appeal follows:

"With our country entering the war, the responsibility for which we as doctors have been preparing is now upon us. The Englishman and Frenchman now our allies have come to confer with us and tell us their problems. Their need for medical officers is acute. Their civil population is left without adequate medical protection and the ravages of war in the fighting line have been unusually severe in the destruction of medical officers and ambulance attendants. Two thousand medical officers for France and England and five thousand ambulance attendants, if immediately available, would scarcely fill their requirements.

"We have listened to their appeal and the council is seeking to help them as promptly as possible. The secretary of war, the chief of staff and the surgeon general have authorized and are now executing the following plan:

"(a) Surgeon General Gorgas is mobilizing and equipping in groups of two hundred doctors who are now members of the medical officers' reserve corps to support the depleted medical forces of England and France. These groups of two hundred will sail every month, the first leaving within the next three weeks.

"(b) Six Red Cross base hospital units with twenty-four doctors, fifty nurses and a supporting personnel, aggregating 196 each, have been ordered by the war department to France for immediate service.

"(c) One hundred and ten hospital units with approximately three thousand automobile ambulances and 5,000

Sold in SEALED BOTTLES ONLY by most druggists, grocers and dealers. \$1.00. If they can't supply you, write us. Useful household booklet free. The Duffy Malt Whiskey Co., Rochester, N. Y.

## Keep Business Going!

This is the most patriotic answer to the universal American question "What can I do for my country?" It applies to us all alike—men, women, children. It is universal, therefore democratic; and this war is a war for democracy.

A prosperous country can pay for a war; an unprosperous country cannot. A prosperous country can help the Allies, an unprosperous country cannot effectively help herself.

### Keep Business Going

forward so that the country can effectively go forward. Keep money circulating, keep people employed, keep wages good, keep making money so that we may have it to use and to sacrifice in the common cause. Be economical, which means be NOT Wasteful. Practice

### Patriotic Economy

by buying carefully and using efficiently. Spend money, don't hoard it; thus your neighbor will spend money and not hoard it, for hoarding stops the wellspring of wealth, lessening the need for employment—possibly in time your own employment. It is hoarding, not war, that makes panic and disaster. Keep

### The Nation Progressing

while the nation helps to keep the world progressing. Civic improvements must go on; road building must be carried forward; railroads must renew their equipment; factories must be kept going; labor must be employed; merchandise must be produced, distributed and used; homes must be kept up. The more we do, the more we can do.

The keynote is clearly sounded for us when

### President Wilson Says:

"It is evident to every thinking man that our industries, on the farm, in the shipyards, in the mines, in the factories, must be made prolific and more efficient."

Our industries are prolific only when patronage makes them so. Business slackens when buying slackens. And slackened business cannot grow efficient, any more than stagnant water can grow pure.

### Idle Business Invites Competition

If American business grows inefficient through idleness, foreign business will make inroads upon it after the war. This is a thought for every patriotic American to consider NOW. It is for us—all of us—to keep our own industries mobile and active so that they may have the force and momentum to compete when the smoke of battle clears.

### Keep Business Going

for our country's sake. War must be waged and won with the sinews of war.

## The Ormsbee & Atkins Store

STERN & FIELD, Successors

mer asked for by France, will be dispatched within the next three weeks.

"These are modest requests. The medical profession is prepared to meet the call and treble or quadruple it if need be. Every doctor under fifty-five years of age who has not responded to the call to enroll in the medical officers' reserve corps should do so at once. Every doctor who is already a member of the medical officers' reserve corps or an applicant should place himself at the disposal of the government through the surgeon general's office for service with our allies, the English and the French. This will enable the surgeon general who has discretionary powers in the distribution of members of the medical officers' reserve corps for service to utilize the younger men for service on active duty at the front and assign the older men now engaged in teaching medical students and in the care of civilian pop-

ulation at home to pursue the work for which they are best fitted and maintain a normal supply of medical graduates."

"The medical profession has been honored with the first call by those who have been fighting our cause. Let us respond generously and fill their cup of demand to overflowing."

#### WHALES KILLED BY MINES.

England has a new ally in the fight

HOSPITAL For Horses, Cattle, Dogs, TUBERCULIN TESTING, DR. S. H. BUCK Graduate Veterinary Surgeon and Dentist. Marquette. Phone 189

against German mines. Many reports are coming from the North sea of dead whales being found with their heads blown off, presumably after bumping the horns of mines.

CITY EMPLOYEES GET MORE MONEY

Increases for Several Provided for in Annual Salary Budget of Council.

A few of the city employes working on a monthly salary basis have been given increases in pay, upon recommendation of the committee on salaries of the council. The salaries will be as follows:

Table of city employee salaries: Marshal \$115.00; Deputy Marshal 98.00; First Night Watchman 90.00; Second Night Watchman 90.00; Third Night Watchman 90.00; Fourth Night Watchman 90.00; Fifth Night Watchman 90.00; Poundmaster 90.00; Recorder 83.33; Clerk of Cemetery Board 23.00; Health Officer 33.33; City Assessor 56.50; City Attorney 50.00; Justice of Municipal Court 100.00; Clerk of Municipal Court 50.00; Sexton 82.50; Engineer of Fire Department 114.00; Teamster of Fire Department 88.00; Teamster of Fire Department 88.00; Chief of Fire Department 15.00; Fire Warden 35.00; Janitor City Hall 73.50; Janitor No. 3 Hosiery House 15.00; Dairy and Milk Inspector 62.50; Teaming, Double (per day, ten hours) 4.00; Teaming, Single (per day, ten hours) 4.25; Labor, Water and Sewer (per day, ten hours) 2.00; Labor, Highway (per day, ten hours) 2.75.

Money for Celebration.

The committee appointed recently to take charge of the proposed Fourth of July celebration, asked the council for financial assistance. The members believe that a demonstration on the Fourth will do a great deal to rouse enthusiasm for the war, and it is not intended that a great amount of money shall be spent in floats or other big features.

The council instructed the recorder and mayor to sign a check for \$350, for the committee. Its letter was as follows: "As a committee chosen at a public meeting to arrange a Fourth of July entertainment, we have decided to make the feature a patriotic one, along attractive lines that will find many of our people engaged. The advisability of such an effort at this time is apparent, and we respectfully ask your honorable body to assist us financially that we may present a fitting program well carried out. In this way many will assist who otherwise might be overlooked, and it is a time when every red-blooded American, such as we all are, will want to assist."

Municipal Court Activities.

William St. John, judge of the municipal court, submitted a summary of the business during the year. The receipts of the court were \$1,615.55. Of this amount \$514 of fines was paid the county. The balance, \$1,101.55 being turned into the city treasury.

Big Program at Butler.

Lionel Barrymore and Irene Howley will be seen tonight at the Butler theater in "His Father's Son," a Metro wonderplay of romance, mirth and millions, together with the fifth episode of "The Secret Kingdom" with Charles Richman, Dorothy Kelly and other Vitaphone stars, making a program of seven reels. The first show will start at 7 o'clock, new time, and the second at 9:45.

Mr. Barrymore is supported by an unusual cast in "His Father's Son." Besides Miss Howley it includes Frank Currier, Charles Eldridge, George A. Wright, Phil Sanford and Walter Horton, all sterling actors. All of these players have been identified with the dramatic stage for several years and come to the screen with splendid reputations. "His Father's Son" is a most pleasing photoplay and there is much excellent comedy in it.

Tomorrow at the Ishpeming theater, afternoon and evening, the last episode of the fascinating serial, "The Lass of the Lumberlands," with Helen Holmes, will be shown. This episode is said to have more thrilling scenes shown in any of the preceding chapters.

Lemons Beautify!

Strain lemon juice well before mixing and massage face, neck, arms, hands. Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness, softness, whiteness and beauty.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily. Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling. Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength othine, as this is the prescription sold under guarantee of money back if it fails to remove freckles.

Anderson's Claims Denied.

The petition of Andrew Anderson, who asked the council for additional compensation for injuries received while in the employ of the city, was denied, on recommendation of the board of public works and the committee on claims and accounts. The board and committee reported that they had made a careful investigation of the matter and they are of the opinion that Mr. Anderson is not entitled to any additional compensation. The report was adopted.

Circulation Was Well Over 100,000

Carnegie Library Is Largely Used by People of Ishpeming, Report Shows.

The board of trustees of the Carnegie Public Library presented its annual report to the council Wednesday evening. It covers the receipts and disbursements for the year, the circulation of books, the names of magazines and periodicals subscribed for, and other interesting information. The financial statement follows:

Table of Carnegie Library financials: Receipts: Balance March 31, 1916 \$6,181.96; Tax levy 7,500.00; Fines collected 63.30; Delinquent taxes collected 20.75; Total \$13,766.01. Disbursements: Salaries \$3,009.96; Fuel 344.81; Light 475.93; Telephone 36.00; Rebinding 289.07; Drayage and freight 17.90; Supplies 136.11; Repairs, fixtures, etc 669.05; Books 1,352.35; Magazines 234.75; Newspapers 25.00; Additional help 219.75; Express 2.34; Water 8.75; Incidentals 15.75; Convention 66.25; Insurance 32.60; Delinquent taxes 36.51; Balance on hand March 26, 1917 6,793.13; Total \$13,766.01.

March Banner Month.

In March, the banner month, the number of books drawn for home reading was 11,255. This was the largest month's circulation on record. The following data is from the report: The library was open, days 304; Total circulation of books during the year 101,705; Number of books loaned to children 36,211; Gain in circulation over last year 4,533; Average monthly circulation 8,476; Average daily circulation 334; Largest monthly circulation, March, 1917 11,255; Smallest monthly circulation, July, 1916 6,032; Largest daily circulation, Feb. 10, 1917 645; Smallest daily circulation, July 29, 1916 106; Number of readers' cards registered during the year 532; Whole number of cards issued 14,974; Last number in accession book 23,238; Books added by the city during the year 1,141; Books added by gift 128; Books discarded since March 31, 1916 215.

Circulation By Months.

Table of monthly circulation: 1916: April 8946; May 7985; June 6963; July 6032; August 6362; September 7476; October 7710; November 9883; December 9258; 1917: January 9900; February 9935; March 11255.

MACCABEE MEETING MONDAY.

Ambrose tent, No. 490, of the Maccabees, will give a social Monday evening in Milton's hall, in honor of a class of fifty new members, secured since the first of the year. James Patterson, district manager, will be present and confer the secret work. Supreme Commander D. P. Markey was invited to attend the meeting, but cannot come on account of a previous engagement. In a letter to the local commander, John H. Williams, he expressed his regret at not being able to attend, and also congratulated the officers for the splendid work they are doing in the interest of the organization. Mr. Patterson has been in the city the past couple of days.

Alkali In Soap Bad For the Hair

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulled coconut oil (which is pure and greaseless), and is better than soap or anything else you can use. One or two teaspoonsful, will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulled coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

DOESN'T COST MUCH TO TRY IT ANYWAY

Tells How to Take Soreness from a Corn and Lift It Right Out. Hospital records show that every time you put a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called (rezone) can be obtained at little cost from the drug store, but is sufficient to rid one's feet of every hard or soft corn or callous. You simply apply a few drops of this on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, with out pain. This drug is sticky but dries at once and is claimed to just shove up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.

# MICHELIN TIRES

*"Your Change, Sir!"*

If you buy a Michelin Universal and hand us as much as you're asked to pay for some tires, we'll give you back 25 to 30% in change. Yet no better tire than a Michelin can be made.

**Cloverland Auto Co.**

Michelin Casings are just as good as Michelin Red Inner Tubes, which are often imitated in color but never in quality.

## Upper Peninsula

### City Purchases Potatoes.

Between 600 and 700 bushels of seed potatoes will be sold shortly to residents of the Soo at a cost of about \$3 a bushel, according to action taken by the common council. A carload of spuds was ordered by the council through the Gamble-Robinson-Shaw Produce company. It will be purchased in the lower peninsula. A limit will be placed upon the number of bushels any one person may purchase. The supply of seed potatoes in the city now is limited. Many of the big stores cannot obtain the seed. They are now selling from \$3.50 a bushel up. Citizens can obtain the seed from the city at actual cost. This price will be about \$3 a bushel and may vary a trifle one way or the other as there will be some expense attached to handling.

### Two Soldiers Jailed.

As a result of liberties taken contrary to the military regulations, two privates of Co. L, Thirty-third Michigan, on duty at Escanaba are held at the county jail. The two men, Eugene Labelle and Anton Bauer, are charged with being absent without leave. Bauer is a son of Sheriff Bauer, of Menominee county, and Labelle is a former pugilist. Rumors that the men were absent for several days because they didn't relish the food at Camp Riley were discredited by the officers of the organization. The two men said they had visited Menominee without getting permission to do so. Both Labelle and Bauer are "busted" non-commissioned officers. The men will serve from ten to twenty days as a result of taking "French leave."

### "More Daylight" at the Soo.

Members of the War Council of Chippewa county endorse the "more-daylight" movement which is now being considered by the city council. Recommendation that the council adopt the plan was made in a resolution unanimously passed by the War council. "Inasmuch as there is much discussion of the matter yet, the committee has decided to put off its report until next week," Alderman Watchorn declared. "Many business men and manufacturing plants are in favor of the project, but some of the

hotel men are against it. We feel that by next week we will be better qualified to make our report." Alderman Watchorn also stated that the committee wishes to discuss the question with members of the board of supervisors which will hold a special session next week.

### French Mission Invited.

The French mission now in this country has been invited to visit the Soo, the first French settlement in this country, as a result of unanimous resolutions passed by the common council and the war council of Chippewa county. The invitation, if it is accepted, result in the greatest celebration in the history of the city. It will be an occasion of great historic interest, and will bring the Soo into prominence all over the United States and Canada. Plans are already being tentatively discussed for the reception to be accorded the distinguished Frenchmen, should they accept.

### Attempt to Burn Tabernacle.

An attempt to burn the big tabernacle on Bridge street, Menominee, failed when a fire, which is declared by firemen and insurance men and those in charge of the meetings conducted by Evangelist James Rayburn to have been of incendiary origin, was extinguished with a loss estimated in the neighborhood of \$80. Officials of Marquette and Menominee conducted an investigation in an attempt to locate the incendiary who set fire to the building. No clues have been uncovered, it was said. From the evidence at hand it was evident that the fire had broken into the building from the rear, had piled up some of the hunting which is used as decoration in the structure on the speaker's platform, had poured either kerosene or gasoline on the meetings and on the sawdust in front of the platform, and then had touched a match to the pile, and left hurriedly. Two young men who were passing the building noticed the flickering light thrown by the flames. Not knowing that the janitor in charge of the building was sleeping in a room on the left wing of the structure, the young men, whose names were not learned, ran over to the Queen City hotel and telephoned a fire alarm to the Menominee fire department.

## BASEBALL

Detroit, May 10.—Boston defeated Detroit in the first game of the series today, 3 to 1, through the pitching of Leonard, who allowed only four hits. Detroit scored its run in the first inning as the result of two errors and a hit. The visitors scored in the sixth, seventh and eighth, errors helping them to two of their runs.

Score: R. H. E.  
Boston . . . 000001110—3 6 2  
Detroit . . . 100000000—1 4 2  
Batteries: Leonard and Agnew; Covelskie, Cunningham and Spencer.

St. Louis, 2; Philadelphia, 1.  
St. Louis, May 10.—St. Louis bunched hits with a base on balls and two outs in the seventh inning and won from Philadelphia, 2 to 1.

Score: R. H. E.  
Philadelphia . . . 000100000—1 6 1  
St. Louis . . . 00000020—2 5 0  
Batteries: R. Johnson, W. Johnson and Noyes and Schang; Davenport and Severoid.

New York, 1; Chicago, 0.  
Chicago, May 10.—A wild throw in the ninth inning enabled New York to score a 1 to 0 victory over Chicago.

Score: R. H. E.  
New York . . . 000000001—1 4 1  
Chicago . . . 000000000—0 3 2  
Batteries: Shawkey and Numanaker; Russell and Schalk.

Cleveland, 4; Washington, 3.  
Cleveland, May 10.—Cleveland took the first of the series from Washington, 4 to 3, scoring all of its runs on three passes and two hits in the first inning.

Score: R. H. E.  
Washington . . . 101000000—3 0 1  
Cleveland . . . 40000000—4 3 2  
Batteries: Harper, Ayres, Gallia and Henry; Connors, Bagby and Billings.

National League.  
Philadelphia, 1; St. Louis, 0.  
Philadelphia, May 10.—Philadelphia defeated St. Louis in a pitchers' duel here today, 1 to 0. Philadelphia scored the only run in the second inning on a double, an out and a single.

Score: R. H. E.  
St. Louis . . . 000000000—0 4 0  
Philadelphia . . . 01000000—1 6 1  
Batteries: Meadows and Snyder; Alexander and Killifer.

Chicago, 3; Brooklyn, 1.  
Brooklyn, May 10.—Brooklyn made three errors in the first inning today and Chicago gained a lead that Brooklyn could not overcome, the visitors making it two straight, by 3 to 1.

Score: R. H. E.  
Chicago . . . 000010000—3 5 2  
Brooklyn . . . 000000001—1 8 5  
Batteries: Vaughan and Wilson; Cheney, Dell and Cadore, Miller.

Pittsburg, 11; Boston, 4.  
Boston, May 10.—Pittsburg beat Boston, 11 to 4, today in a long, uninteresting game.

Score: R. H. E.  
Pittsburg . . . 072115001—11 9 0  
Boston . . . 001300000—4 8 4  
Batteries: Mannaux, Miller, Grimes and Schmidt; Barnes, Neft, Reubach and Gowdy, Traggessor.

New York, 5; Cincinnati, 2.  
New York, May 10.—New York hit hard here today and easily won the opening game of the series with Cincinnati, by a score of 5 to 2.

Score: R. H. E.  
Cincinnati . . . 002000000—2 7 1  
New York . . . 00011201—5 11 1  
Batteries: Toney and Hahn; Perrett and McCarthy.

HAD A VERY BAD COUGH.  
This letter should interest every reader: "Last winter I had a very bad cough. I used medicines, but they did me no good. I took one bottle of Foley's Honey and Tar and it cured me. (Signed) V. DeKuster, Amberg, Wis." No substitute is as good as Foley's Honey and Tar for coughs, colds, croup and whooping cough. Sold Every-where.—Adv.

Boots, which ranks at the top of stars that recently have "sported silks" on this side of the Atlantic. It is planned to make it a weight-for-age affair at a mile and one-sixteenth and a fast track probably will result in a new record.

Two captains of athletic teams at Indiana University have been elected, one of the freshmen baseball players. H. Wiley, a junior of St. Paul, Ind., was chosen to head the wrestling squad. Although he won his letter in wrestling for the first time last season, he is considered one of the strongest men in the conference in the 175-pound class. Foy Hammonds, of Little Rock, Ark., was chosen to lead the yearling nine. He is considered one of the best all-around athletes in the university. It is believed almost certain that he will make the varsity football, basketball and baseball teams.

## YOU'LL enjoy the warm summer days if you dress comfortably. Nothing keeps you cooler, or is in better summer style than a sensible SUMMIT SHIRT.

### Lower State Notes

**JACKSON**—Warden Bruce P. Disque announced a new plan at the Michigan state prison. It is aimed to reward the inmates for good behavior in half yearly periods and at the time of their release. Starting with the first six months a man is in prison, he will wear an insignia on the collar of his uniform with a bar of bold braid across the insignia. For each additional six months which the inmate spends in the institution without a report for breaking any of the rules, another bar will be added until he has received six bars. When the inmate has received that number, denoting that he has served three years without a report, the insignia will be changed and he will be given a star on the coat collar. This procedure will continue until he is released. As an additional reward for good behavior, Warden Disque says that for each star a man has gained while at the institution he would be given \$5 when released.

**EAST LANSING**—The M. A. C. cadet regiment had a taste of what real army life is like when Colonel J. A. Pen, U. S. A., put the troops through eight hours of maneuvers as a part of the annual inspection required by the United States war department. The maneuvers consisted of nearly every type of military work, including close and extended order, battalion review and parade, and individual inspection and questioning. After the cadets were about ready to drop, he

### ARBUTUS SEASON SOON IN FULL SWING

Many Persons at Villages on the Northwestern Pick for the Market Buyers.

Many Negaunee residents have been eagerly waiting for the advent of the arbutus season, which will be in full swing in a few days. The picking of these is one of the most interesting spring pastimes in this region. Negaunee is situated in a good arbutus country and hundreds go to the woods daily when they are in bloom.

The gathering of the flowers is carried on on a large scale, commercially at Little Lake and Sands and other villages. Arbutus buyers usually make their headquarters at Little Lake and large quantities are bought daily and are shipped to the city markets.

Louis Haase, baggage master of the Chicago & Northwestern railway at Marquette, Wis., is known as the "Arbutus King." For many years past he has bought the flowers in various localities in Northern Wisconsin and the upper peninsula. He has buyers at every station along the Chicago & Northwestern road where the flowers are plentiful, and during the height of the season he forwards thousands of bunches, daily, to Chicago, Milwaukee and other points. Haase does not control the market, however, as he has considerable competition from the train crews running into this section. The train news dealers, brakemen, baggage men, express messengers and freight men buy along the line and every evening at Little Lake a large number of residents meet the south-bound passenger, to harter with the members of the train crew for the sale of flowers. The news agents sell the flowers through the train at each station and they can usually dispose of all they

can get at good prices. What remains after their run is finished is either turned over to the "newsie" who takes the train at a profit, or are shipped to the city markets.

Mr. Haase secures most of his flowers from pickers at Little Lake, Princeton, Swaney and Sands, where agents buy for him. Mr. Haase says the season is about a week late this year. So far he has only been handling from 80 to 100 bunches a day. He thinks that before the middle of next week that the flowers will be picked in larger amounts.

The flowers grown in Marquette county are choice, and a large demand for them has already been established in Chicago and other cities.

### MICHAEL EAGLE DEAD.

Former Well Known Negaunee Man Passed Suddenly at Lathrop.

Michael Eagle, a former resident of Negaunee and a brother of the late Nicholas Eagle, died suddenly at his home at Lathrop, where he had been a blacksmith for the past twenty years. The deceased was well known here, having come to the city frequently on business. Yesterday's Escanaba Press had the following account of his death:

"His failure to arrive at the blacksmith shop where he worked for the past twenty years prompted an investigation which led to the finding of the body of Mike Eagle at his home in Lathrop Wednesday morning. Eagle lived in a shack. Heart failure is believed to have been responsible for his death. Eagle, who was known to practically every man, woman and child in the vicinity of Lathrop, was forty-seven years old. He conducted a blacksmith shop there for many years.

### NOTICE TO COAL DEALERS.

The city of Negaunee will receive bids on 2,500 tons of 3/4 in. Youghiogheny soft coal F. O. B. coal trestle up to Wednesday, May 9, 1917 at 5 p. m. Alfred Bellstrom Superintendent. 5-3-6t.

### LOCAL LACONICS

A son has been born to Jacob Haataja and wife, who reside at the Patch location.

Miss Mary Kratz is confined to her home on the county road on account of illness.

F. E. Tompkins, Fred Ware and E. G. Sterling spent yesterday fishing at Green's Creek.

Mr. and Mrs. Clifford Leo Mercier are rejoicing over the birth of a son at their home 408 Kanter street.

John D. Moffat and Mr. and Mrs. James Duley and son, Jack, spent yesterday fishing at Morgan Pond.

Dr. and Mrs. Paul Van Riper, of Champion, were visitors in the city yesterday having made the trip in their automobile.

William Donithorne, who has been located at Butte, Mont., for the past two years, is here on a visit with his folks.

There will be a special meeting of the Jackson Bebekah lodge, No. 111, this evening in the Old Fellows hall. Refreshments will be served.

Miss Bessie Blacker, of Chicago, and Harry Johnson, of Negaunee, were married at 6 o'clock last evening by Justice George DeFraine. The ceremony was performed at the home of the groom on Peck street, with Miss Minnie Stier, of Ishpeming, as bridesmaid and Isadore Dubinsky, of this city, best man. An elaborate wedding supper was served, after the ceremony, to about twenty-five guests.

The Junior auxiliary, of St. John's church, will give a tea and hold a pantry sale in the parlors of the church tomorrow afternoon, from 2 to 5 o'clock.

Many Negaunee automobile drivers experienced punctures on the road to Marquette during the past few days, caused by new carpet tacks, which were strewn along the highway for several miles.

Edward J. Pearce has been appointed city engineer succeeding E. G. Sterling, who held the position for two years and who resigned early in the week. Mr. Sterling expects to leave Negaunee to assume a similar position.

A. T. Kennedy, mining engineer for the Republic Iron & Steel company, left last night for a few days' visit in Duluth before going to the Officers' Reserve camp at Fort Sheridan. Mr. Kennedy has been given a three months' leave of absence by the company and the property will be under the direction of one of the engineers of the Mesaba range while Mr. Kennedy is attending camp.

Before leaving Mr. Kennedy was presented with an attractive Masonic signet ring by a number of his employees.

# Startling Revelation!

That is sure to interest every woman in Negaunee and the county.

No doubt you know or at least heard your neighbor say that

NEGAUNEE

FIVE STEAMERS ARE STUCK IN ICE FIELD

Peter White the Last to Arrive—Durocher Tug Still Struggling With the Ice.

Five steamers, one the Munising, and the others believed to be the Ishpeming, Presque Isle, Bartow and the Peter White, are now held in the ice about seven miles off Black-Rocks, Grand Island.

Tug Still Working.

Late last night the sturdy "chug-chug" of the tug Thompson, which started out early yesterday afternoon to break a channel through to the imprisoned steamers, could still be heard, as it bravely struggled against the heavy ice field.

A large crowd gathered on Black-Rocks yesterday and watched the five steamers maneuvering, in their close quarters, trying every method possible to open a channel through which they might make their way to the thinner ice near shore.

Condition Relieved.

The sight of the three steamers drawing near the Munising brought relief yesterday to the hundreds of persons who have been following the progress of the boats and who had been greatly concerned over the reported shortage of provisions on board the Munising.

CHOICE ROSE STOCK.

I have just received a shipment of a choice lot of rose bushes, hybrid perpetuals and hybrid teas and climbers, which I am now ready to deliver at reasonable prices to parties desiring them.

Burns Family Soap is absolutely pure

no sore or chapped hands by its use. It preserves the clothes—try a bar—at your grocer.

CENSUS WILL CLASSIFY STUDENTS FOR SERVICE

Normal School Officials Adopt System Taken Up by Other Institutions in State.

Steps towards a comprehensive census of the students attending the Northern State Normal school, to ascertain their fitness for any of the branches of the national service, military or otherwise, will be taken by President James H. Kaye, as the result of a conference yesterday between the faculty and Francis M. Bacon, of the University of Michigan.

The census will include the name of the student, his (or her) home address and his (or her) ability in the military, relief or Y. M. C. A. branches of the service. The results will be forwarded to the appropriate department at Washington, and be placed on file for reference.

Over 100 colleges, Mr. Bacon declared, have already taken a census of their students, and the colleges and Normal schools in Michigan have signified their intention of doing so. The census of women will determine their ability for service in such branches as the Red Cross, municipal relief societies or other organizations. The men will be examined as to their fitness for the various branches of the military, such as infantry, cavalry, artillery, etc., and the commissary department, or for work among Y. M. C. A. branch organizations.

SOO CANAL PASSAGES.

Sault Ste. Marie, Mich., May 10.—(Special).—Upbound vessels passing the canal the last twenty-four hours were: Graham, R. J. Reiss, 7:30 last night; Morien, 8; Hoover, McIntosh, 6:30 p. m.; Philip Alneh, 10; Pope, 12:30 a. m.; E. P. Jones, Superior City, Filbert, 3; Phipps, 4; Siemens, Widener, 5; Ionia, Baker, 6; Harmon, Balmer, 6:30; Perkins, 7:30; Buffington, 9:30; Corey, Mercola, Tioga, 10:30; Utley, 12:30 p. m.; House, Taurus, 1:30; Verona, William Reiss, 4; Glenyon, Thomas Davidson, 5:30; Stanton, 6.

WILL YOU SERVE?

This afternoon, at 2:30 o'clock, about fifty recruits from Lough-ton will pass through Marquette. The Woman's Welfare club will endeavor, with the aid of any who will help, to furnish a lunch for every recruit. They send this plea to YOU.

Will you be one of the 100 patriotic women to provide a lunch for one soldier? If so please pack the lunch, consisting of sandwiches, cake or doughnuts and some fruit, in a large shoe-box and have it at the D. S. S. & A. station before 2 o'clock. The Welfare club will furnish hot coffee to the boys. If you are sending a box please notify one of the following members of the committee: Mrs. J. D. Mangum, Mrs. T. B. Catlin or Mrs. C. J. Johnson.

URGES ORGANIZATION OF RELIEF SOCIETY

A. T. Roberts Suggests "Dollar-a-Month" Club for Marquette—to Help Belgian Children.

Partial organization of a Marquette "Dollar-a-Month Club," for Belgian children, was effected at a meeting held in the south store building of the Pythian hall last night. A. T. Roberts presided, and declared that inasmuch as the sum of \$131,000 a month has been designated as Michigan's contribution to the fund which will give every Belgian school child an extra meal a day, it was Marquette's duty to contribute at least \$500 a month, and that the work should be pushed with every effort.

Reviewing the conditions among the children in Belgium Mr. Roberts pointed out that the extra meal, to consist of one cup of chocolate and a biscuit and to cost one cent per meal, would be a decided boon to these hungry, starving pupils. He urged that in spite of the fact that the government had agreed to donate a considerable sum to the work efforts towards the relief of Belgian children should not be retarded, but rather pushed ahead with more vigor.

A Few Facts.

Following is a memorandum of facts in connection with the "Dollar-a-Month club," which outlined the purposes of the work:

With the utmost effort the commission for relief in Belgium has been able to furnish to the children a ration averaging just under 50 per cent of the food required by a normal child. In consequence the children are doomed to rickets, tuberculosis, and other permanently disabling diseases, or early death, unless they have immediate help from America. The "supplementary meal" which can be furnished daily to a child at the cost of a dollar a month consists of a single biscuit with a little lard and sweetening in it, and either a portion of thick soup or a cup of cocoa with phosphate and sweetening, and, if possible, milk. This supplementary meal is scientifically planned and proportioned and will furnish nutriment enough to tide the child over by increasing resistance to physical and mental decline.

The number of children menaced by decline or death through mal-nutrition is 1,250,000.

Michigan is asked to provide the supplementary meal for 131,000 children in the city of Brussels and its suburbs. Citizens of Pennsylvania have undertaken to provide the supplementary meal to 199,000 children in Antwerp and vicinity; the citizens of New York, to provide similarly for the 200,000 children in the region of Liege. In two days the city of Reading, Pa., raised \$12,000 to carry 1,000 children for a year.

The occasional reports of the sinking of relief ships are misleading, because no mention is made of the ships that safely reach port. Up to the latest word, the commission for relief in Belgium has shipped in round numbers, 2,000,000 tons of food to Belgium; of this amount, less than 60,000 tons has been lost, or less than three per cent. All cargoes lost have been fully insured, so that the money contributed has been turned into new cargoes and so utilized for the starving people.

NO MORE SMOKING IN LOBBY OF THEATERS

New Order to Fire Department Prohibits This Practice—Also Hits Actors.

The fragrant puff of the favorite "smoke" between the acts is doomed, both for the man behind and in front of the footlights. "Smoking in any opera house, theater, hall, auditorium or moving picture is strictly prohibited, and the state fire marshal or his deputy or assistant or the chief of the local fire department or any fireman in uniform is hereby given authority to stop any performance or moving picture exhibition in any opera house, theater, etc., where smoking is allowed or he may eject from such opera house, theater, etc., any person violating this section," reads an order received yesterday by Fire Chief Johnston from John T. Winship, state fire marshal. The order calls for immediate and strict enforcement, "without fear or favor."

It is assumed that by "opera house" the state fire marshal means the lobby and all other parts of such a building, where men gather, between the acts, to enjoy a cigar or cigarette.

"During the past year," writes the fire marshal, "several fires have occurred in the theaters of this state where the origin has been traced directly to smoking, carelessly-thrown cigarettes and matches. We are frequently notified and I am writing at this time to warn you that the inspectors of this department and the fire chiefs of the state have been given instructions to enforce the prohibition, without fear or favor."

"A violation of the regulation is declared to constitute a nuisance and any person, firm, board or corporation violating such regulation shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished by a fine of not more than \$100, or by imprisonment in the county jail not more than ninety days, or by both such fine and imprisonment, in the discretion of the court."

No smoking will be allowed in the dressing rooms, the "green room," the halls, lobby or any other part of the theater.

ENLISTMENTS INCREASE AS PATRIOTISM GROWS

Five More Marquette Men Left Yesterday—Another Meeting Saturday Night.

Following is yesterday's contribution of Marquette men for the United States army: Carl A. Lerch, George F. Anderson, Raymond Miller, Alfred E. Du Boise, John P. O'Donnell. They left last night at 5:30 o'clock for Escanaba.

"Marquette's enlistment is growing," said one of the officers yesterday. "But I know you can do better yet. Surely no able-bodied young man can resist the appeal by the Rev. Father Barth in the Baraga auditorium Wednesday night. The country is crying out for men, and Marquette will do her full share, if the young men will only realize the seriousness of the situation. Don't wait for the draft. Do it now."

Company G, Thirty-third Michigan infantry, will pass through Marquette this afternoon, on their way to lower Michigan. It is urged that persons wishing to contribute to the comfort of the men donate to the company some article of food, when the train arrives at 2:30 o'clock today. The Woman's Welfare club has offered to furnish a quantity of sandwiches and other light refreshments.

Meeting Saturday Night.

The Patriotic league has arranged another meeting for the Baraga auditorium for Saturday night. The Rev. Fr. H. A. Buchholtz, rector of St. Peter's cathedral, will be the principal speaker. Father Buchholtz has a reputation as a brilliant speaker. He will have an important message.

Harvey B. Hatch will also speak. Mr. Hatch is active in civic and church affairs, and is a close student of the present international situation.

Arthur W. Jones is arranging a musical program for this meeting.

WOMEN JOIN IN WAR RELIEF WORK

Many Avail Themselves to Use of St. Paul's Guild Hall During Afternoons.

War-relief work in Marquette is now well organized by the committees in charge at the Guild Hall and every afternoon from 2 to 5 o'clock finds many women availing themselves of the opportunity to "do their bit" in sewing or knitting for the soldiers and war sufferers, and preparing surgical materials and other supplies for the army hospitals.

A general invitation has been extended to all Marquette women to join in this service for the soldiers. The large assembly room of the Guild Hall is an ideal place for such work, being comfortable and well-lighted and easy of access to a large part of the residential section of the city. The enterprise is un denominational, the guild of St. Paul's parish merely using their organization as a means of promoting this patriotic work and seeing that it is carried out effectively. All who desire to help are welcomed, and each woman is given, so far as possible, the kind of work she is best fitted to do or the kind she prefers. There is knitting and sewing, hand and machine work, cutting, arranging, folding and packing, in fact every sort of work to be done.

This work is devoted to a number of different objects. Red Cross supplies are furnished to both the American and Canadian societies, the latter having, of course, immediate use for all that can be sent them. Other work is given to the Surgical Dressing society, which furnishes hospital supplies to all of the American base hospitals in France. The sailors are being reached with comfortable articles sent through the Navy league. Other work is being devoted to the relief of French, Belgian and Armenian refugees, and to blind and crippled soldiers. The ladies are not making any canvass for funds to support their work, although a large amount of money must be spent in the purchase of materials, and will therefore be very grateful for any financial assistance offered them and would also appreciate donations of materials for the making of garments for those whom the war has left destitute, as well as for any gifts of clothes that would be suitable to give to such a purpose.

SECOND FIRST AID CLASS.

Will Be Organized, With Dr. Main as Instructor.

In response to an inquiry as to what progress is being made in Red Cross first aid instruction, Dr. Arthur Bennett, who has this matter in charge, states that much interest is shown in the work by members of the class, who have been receiving instruction for about three weeks. They have been faithful in attendance and have taken the work seriously, with the result that excellent progress is being made.

The work is now so advanced that no more will be taken in this class, but, as there is now on file a sufficient number of applicants to warrant the forming of another class, Dr. R. C. Main has kindly consented to instruct it. All applicants for membership should be made either to him or to Mrs. P. R. Spear. The class should meet and organize as soon as possible, for books and instruction material must be procured from Washington before the work can begin. The course will take from five to seven weeks, according to the length and frequency of the lectures.
