

BERLIN PLOTS FOR WORLD POWER

COLONEL SAYS HIS ARMY WAS READY FOR WAR

In Statement He Tells All Who Volunteered Their Services They Are Absolved and Answers Wilson.

POINTS OUT MISTAKES

Oyster Bay, May 20.—Colonel Roosevelt announced tonight that all men who had volunteered to serve with him under the American flag in France had been absolved from all further connections with the movement...

UNITS MUST DISBAND

Colonel Roosevelt said that at conferences with some of the men who had volunteered to raise units, regiments and battalions it had been decided unanimously that the only course open was to disband...

CORRECTS WILSON'S VIEWS

The statement quoted a newspaper report to the effect that the decision to send General Pershing was a compromise between the original plans of the general staff...

OFFER NOT DRAMATIC ONE

"The president says, in effect, that to comply with our offer would be mischievous from the military standpoint and he adds that the regular officers whom I have asked to have associated with me are some of the most effective officers of the regular army..."

SHIPPING BOARD DENIES STORIES OF CONTROVERSY

Chairman Denman Declares Wooden Ships All U. S. Can Get in Hurry

Washington, May 20.—Chairman Denman, of the shipping board, issued a vigorous denial tonight of reports widely circulated and repeated on the floor of the senate of differences between members of the board and General George W. Goethals manager of the Emergency Fleet corporation...

COULD NOT GET STEEL

"The shipping board," said Mr. Denman "has never wanted to build wooden ships but has been driven to it by necessity. It views the expenditure of government funds for this purpose with the same regret that it would feel towards the expenditure of the \$50,000,000 given to it by congress at the time of its organization for the building of wooden ships to carry merchandise..."

GERMAN PLOTS ARE FOUND GUILTY

Captain Franz Rintelen and Three Others Guilty of Munitions Conspiracies.

New York, May 20.—Captain Franz Rintelen, of the German navy, David Lantar, and Henry B. Martin were found guilty here tonight by a jury in the federal court on charges of having conspired in 1914 to disrupt the munitions traffic between this country and the central allies...

RINTELEN CALLS IS FAIR

Captain Rintelen, who was paymaster for Lantar and Martin in the anti-labor uprising of Labor's National Peace council, did not appear disturbed at the verdict. "It is fair and just," he declared, when asked his opinion.

MRS. "BILLY" SUNDAY NOW OUT OF DANGER

New York, May 20.—Mrs. William A. Sunday, wife of the evangelist, who was operated on last night for appendicitis, now is out of danger and there is every reason to hope for a rapid recovery, it was announced tonight.

U. S. SENATOR LANE ILL IN SAN FRANCISCO

San Francisco, May 20.—The condition of United States Senator Harry Lane, of Portland, Ore., who is gravely ill at a local hospital was reported as unchanged today. The ailment has been diagnosed as a severe nervous breakdown.

BRITISH PRESS GERMAN LINES FOR NEW GAINS

Give Teutons No Chance for Rest and Start Another Drive in Line-Straightening Effort.

CROWN PRINCE IS HELD

(Associated Press War Summary.) With Bullecourt firmly in his position, the British troops are giving the Germans no chance for rest and have started another offensive with the idea of bringing their forces to the north in alignment with those within the village. Sunday Field Marshal Haig's men again struck the German line hard in this region, and carried German positions over a front of more than a mile.

Berlin records an offensive by the British along a fifteen-mile front, extending from the region of Acherville to Quent. The army of the German crown prince continues ineffectually its efforts to crack the front line along the Chemin-des-Dames. After a shell fire of great intensity the Germans, Sunday, endeavored to come out of their trenches and attack in force. The French, at most places, held the Teutons to their trenches and a reciprocal artillery fire. Wherever the Germans were able to come into the open they were met with a withering fire and suffered heavy losses. Only at one place, northeast of Cerny, did they succeed in penetrating the front positions. At this point advanced elements, on a front of about 200 yards, were captured. Again comes news from the Russian front that the Germans, owing probably to the betterment of the internal situation in Russia, have attacked the Russian lines. Last week they essayed an offensive in the Volhynia sector, but met with no success. Now the offensive has been pushed to the north in the vicinity of Mitau, but they were stopped by the Russian artillery. In Rumania there also has been the semblance of an attack against the Russians east of Kovvika, but here again the Teutons were dispersed by the Russian guns.

ITALIANS CONTINUE SUCCESSES

North and east of Gorizia the Italians are continuing their successes over the Austrians, either in fresh advances or in holding counter attacks launched with great effectiveness. A number of guns and large quantities of arms and ammunition were taken by the Italians. In Macedonia artillery duels and isolated infantry engagements continue.

Announcement is made by the French admiralty of the sinking, in the Mediterranean April 20, by a German submarine, of the French steamer Colbert, which had on board French troops and passengers. Fifty-one members of the ship's company were lost.

French torpedo units have been in an engagement with a German flotilla which was forced to retreat hastily to its base. One of the French boats was damaged, but all of them safely made port.

Still further hopes for the solidarity of Russia in the prosecution of the war is had from the public statement of three of her highest officials. "Russia cannot hand down to future generations a dishonored reputation," said Premier Lvov. "The country must speak its imperious word and send an army out to fight."

"So long as I am minister of war," said Mr. Kerenski, "no attempt at a counter-revolution is possible. Our new regime has for its sole complete union with the allies."

Foreign Minister Tereshtenko asserted that in free Russia there was no party capable of carrying on a propaganda in favor of a separate peace.

BRITISH STRAIGHTEN LINES

(By a Staff Correspondent of the Associated Press) British Army Headquarters in France, May 20.—With the fall of Bullecourt the capture of the chemical works, the occupation of Roex, and the general straightening up of the British line, the first phase in the new British offensive in France is over.

For four days the infantry virtually had marked time. The artillery activity, too, has been considerably reduced. Various sectors of the front which a few days ago were sporting fire like volcanic canoes, now are only intermittently shelled. The Germans today manifest wonderment as to what General Sir Douglas Haig can have in mind by sending a spasm of shells first here and then there as if at loss exactly what to do, yet fearing not to do something. This uneasiness also is apparent in attempted raids from Ypres to St. Quentin, and by officers suddenly appearing at vantage points behind the enemy line, eagerly studying the British positions. The Prussians apparently are recon-

Takes Oath of Office

PRESIDENT MENCOCAL

Havana, Cuba, May 20.—The chief justice of the supreme court, at noon today, administered to General Menocal the oath of office, for his second term as president of the Republic of Cuba. Many liberals were present. A complex spirit of cordiality was shown and there was no untoward incident. The president made no inaugural speech. After the usual response he turned to the audience saying: "Gentlemen, I have taken possession of the presidency of the Republic."

PRESBYTERIANS TO CONSIDER REUNION

Will Take Action Soon Towards Bringing North and South Branches Together.

Dallas, Texas, May 20.—That the 129th general assembly of the Presbyterian church of the United States of America, in session here, shortly will take formal action looking to a reunion of the two branches of the church, the north and the south, which separated as the result of sectional differences because of the civil war was authoritatively stated tonight.

WILL REQUIRE MUCH TIME

While many prominent delegates attending the assembly express belief that the Dallas and Birmingham assemblies will go on record as favoring a reunion of the two factions within the next few days, formal details of the amalgamation will require much time.

SIGHTED A SUBMARINE IN PACIFIC OCEAN

San Francisco, May 20.—The commanding officer of Fort Rosecrans reports that two men on duty at the lookout station observed a submarine late today off the entrance to San Diego harbor. Apparently the submarine came from the south and was plainly visible before submerging, according to an official announcement by the Twelfth naval district here today. The authorities declined to make any comment.

GERMANS IN U. S. AND COSTA RICA CHARGED WITH PLOT

San Jose, Costa Rica, May 20.—A far reaching plot to overthrow the present government of Costa Rica has been uncovered by the authorities. A former president, Alfredo Gonzalez, and German residents both here and in the United States are alleged to be implicated.

FOOD CONTROL ISSUE BEFORE BOTH HOUSES

Having Passed the Draft Bill Congress Now Concentrates Attention on Conservation and Money Raising Plans.

WILSON URGES HASTE

Washington, May 20.—Having provided for fighting forces in the war by passing the army draft bill and the measure increasing the navy and marine corps, congress now concentrates its attention upon the problem of raising money to keep fighting forces in the field and regulating the food supply. America must furnish both for herself and her allies.

The senate tomorrow will begin consideration of food legislation while the house proceeds with the \$1,800,000,000 war tax measure. During the week final enactment of the \$3,342,000,000 war budget bill, with its authorization of \$750,000,000 for American merchant ships is expected and possibly the administration's espionage measure also will be passed. Congressional leaders tonight said that pressure from within and from the White House for more speed in passing the war legislation already has had its effect, congress having passed most war measures last week than it had during the previous three weeks.

CONSIDER FOOD LEGISLATION

The first administration food legislation to be taken up in the senate tomorrow provides for a federal survey of food supplies, measures to stimulate production, prevent hoarding and storage, licensing of food dealers and conservation of bread bases by mixing flour. The revenue situation is regarded still in the formative stage, despite the present war tax bill before the house. Virtual re-writing of the measure as it finally passes the house is deemed assured in the senate.

Railroad legislation promises to secure early senate attention, the interstate commerce committee being at work on the administration bill for federal control of transportation facilities. A bill to deal with the car shortage situation will be urged this week by Senator Pomeroy.

SEE WAR PLOT IN DESTRUCTION OF STEEL MILL PLANT

Youngstown, O., May 20.—A mysterious explosion in the power plant of the Republic Iron & Steel company, at noon today, brought instant death to four men and injuries to eleven others. Five of the latter were seriously hurt and it is believed one may die.

An immediate investigation was begun on suspicion that the explosion may have been caused by war plotters, although company officials were inclined to scout the idea.

U. S. OFFICIALS EXPLODE CONSPIRACY TO SECURE CONTROL OVER ALL EUROPE

Washington, May 20.—Germany's next peace declaration, expected to suggest a program of territorial renunciations on the east and west, is regarded here as largely answered before hand by information revealing, for the first time, the full scope of the imperial government's aspirations for conquest in the south.

This information discloses, as one of the primary aims of the war, a plan for consolidation of an impregnable, military and economic unit, stretching from the North sea to the Mediterranean, cutting Europe prominently in half, controlling the Dardanelles, the Aegean and the Baltic seas, and eventually forming the backbone of the Prussian world empire.

In the light of German history, the plan shows how implicitly the Kaiser has followed out the blood and iron methods of Bismarck for the development of Prussian power.

TRUCE ONLY RESTING PERIOD

The full realization of this situation which will form a sinister background for consideration of what-ever renunciation proposals the imperial chancellor may make, adds a new force to the repeated declaration of allied statesmen that German peace maneuvers are in reality war moves, and that a premature truce only would give Germany a resting period, in which to further Prussianize and prepare for a greater world war in the territory to the southeast which she has conquered.

How minutely defined is the German plan and how accurately it is being carried out has become fully apparent only with the opening up during the last few weeks of several new avenues of information. The return of American diplomatic agents from the central empires, the visit of the British and French war missions, detailed confidential reports of the recent frank expressions in the Reichstag and in the German press, and the deduction of alert American agents abroad watching the newest peace moves, has supplied the explanation of more than one hitherto obscure feature of the German policy.

As early as 1911 the Pan-German league is said to have circulated a definite propaganda of conquest, with printed appeals containing maps of a greater Germany, her sway from Hamburg to Constantinople and southward to Asiatic Turkey, was marked out by boundaries virtually coincident with the military lines held today.

How closely the German government did adhere to the plan in reality has been demonstrated clearly, it is considered now by the course of the war.

AUSTRO-HUNGARY SUBJUGATED

The subjugation of Austria-Hungary, which would have presented a difficult task under ordinary conditions, became, under these circumstances, comparatively simple. The Dual-Monarchy was regarded everywhere as on the verge of dissolution. Austria-Hungary's submission was declared to be complete, both in a military and economic sense. The German officers commanding her armies, evidently are holding the Austrian and Hungarian populations in a union which neither the hardships of war, the death of the emperor, nor the inspiration of outside influences, such as the Russian revolution, can break.

Bulgaria's declaration of war on the side of Germany was actuated by a German diplomatic coup, which, in itself, is regarded now as further evidence that a cleared road through to the Dardanelles was considered in Berlin as a primary and imperative purpose of the war.

In the case of Turkey, German domination is believed here to be even more complete than in Austria-Hungary and Bulgaria. These developments throw a new light on many events before the war. Among them is the long-maligned declaration of Emperor William, at Damascus in 1898, that all Mohammedans might confidently regard the German emperor as "their friend for ever." Fitting in squarely with an actuating desire for conquest to the southeast is the general German military policy during the entire war. It is noted that, even at the expense of recessions on the eastern and western fronts, Germany has taken pains to over-run quickly Serbia, Montenegro and Rumania, and to keep in check all allied attempts to strike at the southern pathway from the Dardanelles to Salonika.

WOULD DEMAND TERRITORY

It is problematical to officials here how far Germany might go, should peace be made now with renunciation of all territories on the east and west, in political consolidation of the great territory in the southeast. It is pointed out that any German peace offer would be expected to demand at least some expansion for Bulgaria and retention of enough of the conquered Balkan territory to insure the routes to Constantinople.

MCADOO URGES THAT COMMITTEES HELP IN LIBERTY LOAN SALES

St. Paul, Minn., May 20.—Appointment of committees in states, rural communities and cities to help in the sale of Liberty Bonds was advocated by William G. McAdoo, secretary of the treasury, in a conference with bankers, business men and farmers of several northwestern states at the capitol here today.

TWO AMERICANS FOUND TIED TO THREE, HACKED

San Juan, Porto Rico, May 20.—Authentic information received here today from La Romana, Santo Domingo, says that on Monday the bodies of two American engineers, Stanley Miller, of Baton Rouge, La., and a man named Hawkins, of Paduch, Ky., were found by marines tied to trees and lacked to pieces.

The engineers, with an English negro cook and several Dominicans, had been driven from their camp Sunday morning, according to the information received here. The engineers were tied to trees and slashed with machetes. The others were released after being beaten, and returned to La Romana, twenty miles away, and spread the alarm.

They said the bandit Vincentio Evangelista, for whom the marines had been looking for many months, had committed the crime. The marines cremated the bodies of the Americans.

BRITISH FLEET REJOICES AT ARRIVAL OF U. S. SHIPS

London, May 20.—Vice-Admiral Sir David Beatty, commander of the British grand fleet, has sent the following message to admiral Henry T. Mayo commander of the United States Atlantic fleet: "The grand fleet will now share in preserving the liberties of the world and maintaining the chivalry of the sea." Admiral Mayo replied: "The United States Atlantic fleet appreciates the message from the British fleet and welcomes opportunities for work with the British fleet for the freedom of the seas."

HOME OF SUPERIOR DAILY TELEGRAM IS DESTROYED BY FIRE

Superior, Wis., May 20.—The building of the Daily Telegram was destroyed by fire today. Arrangements were made by the publishers with another company for the publication of the paper without intermission.

THE DAILY MINING JOURNAL A MORNING PAPER PUBLISHED BY The Mining Journal Company, Limited.

Subscription rates: Per year, by mail, \$6.00; Per month, by carrier, \$60. Entered as second class matter of the second class in the postoffice at Marquette, Mich.

MONDAY, MAY 21, 1917.

PERSHING FOR FRANCE.

The time of General Pershing's forthcoming departure is not announced and will not be made known until, with his division, he has arrived in France. But the prompt appearance of the torpedo boat destroyer squadron in British waters, and what we know of the real "preparedness" of our regulars, suggests that it will not be long delayed.

it will be used to facilitate the aggressive conduct of the war, the city meanwhile holding gilt edged securities to represent it. As far as The Mining Journal knows, Marquette will be the first city in the state to subscribe for the Liberty Loan.

TIGHTEN THE PURSE STRINGS.

Because the city should not spend any money this year the spending of which can be deferred without bad results The Mining Journal believes that the Presque Isle improvement project, which it has advocated and in which it implicitly believes, should be put off indefinitely.

A COMMENDABLE PURPOSE.

Behind the purpose of the commission to subscribe for the city of Marquette, for \$25,000 of the Liberty Loan, announced by The Mining Journal this morning, there is both sound patriotism and good business-sound patriotism, because every city in the country, as far as its means will permit, should make its principal business just now seeing that it does its utmost to bring a successful war to an early conclusion.

What Marquette can do in the way of legitimate economy is a matter that can only be determined by a close survey of the various city activities. But it can, and should, postpone all new work at Presque Isle, unless it appears that some swimming facilities can be provided for a small outlay.

Senator Johnson, of California, pays no attention to the precedent that new members should be seen and not heard, or perhaps that precedent has gone to smash, with so many others that have been fractured in Washington of late years.

in the senate, because his failure to exercise the full force of his vigor in the Hughes campaign really encompassed Mr. Hughes' defeat. But whether there is truth in this charge is a debatable question which is still vigorously debated, on occasions, and Senator Johnson appears entitled to the benefit of the doubt when it is charged that his conduct was open to just criticism.

Now, on guard against the man (?) who tries to evade selective draft service.—Muskegon Chronicle.

As we understand the situation when they shuffle the international deck for the final deal, it is going to be shry a few kings.—Detroit Times.

It seems that the enemy aliens have played into our hands by dividing the country into ten geographical districts and we are going down cellar to sort over our Northern Spies.—Grand Rapids Press.

America produces an anti-submarine invention every two minutes. Now the thing to invent is some way of letting the U-boats know about it.—Kalamazoo Gazette.

It is estimated Henry Ford will pay \$15,000,000 personal income tax under the war tax bill. And it will be just as hard for some of the rest of us to pay fifteen cents.—Port Huron Times-Herald.

A Laugh Or Two

'Ow Much?

London children certainly get some quaint views of life. An instance of this recently occurred in an east end Sunday school, where the teacher was talking about Solomon and his wisdom.

Standing on His Rights.

"Why did you strike this man?" asked the judge sternly. "He called me a liar, your honor," replied the accused.

Not So Funny After All. Canon Anger was very fond of children and set out one night to attend a party given "by children for children."

Glug!

"Yes," said a traveling man, "I was once out of sight of land on the Atlantic ocean twenty-one days."

Another man spoke up: "On the Pacific ocean one time I didn't see land for twenty-nine days."

A bald man knocked the ashes from his cigar and contributed his bit: "I started across the Kaw river at Topeka in a skiff once," he said, "and was out of sight of land before I reached the other side."

"What!" demanded the man who had spun the first yarn. "The Kaw is not more than 300 feet wide at Topeka."

"Quite true," said the bald man quietly. "The skiff turned over and I sank twice."

Had Their Tickets.

Mary Ellen, the colored maid, had been carefully instructed by her new mistress in a number of things concerning which she appeared to be profoundly unenlightened.

Perhaps altogether too much had been said about it or perhaps Mary Ellen had stage fright at the crucial moment, for when the first callers came after Mary Ellen's advent into the family she "ushered" them only as far as just inside the hall door.

"Mis' Gallatin! Oh, Mis' Gallatin! Der's two ladies down here der's come to see you and dey's foteh der's tickets."—Baltimore American.

Mistress—Bridget, it always seems to me that the worst mistresses get the best cooks.

Cook—Oh, go on wid yer blarney!—London Opinion.

This is Marquette's Honor List--Is Your Name on it?--If Not--Why Not?

Editorial Opinion

Firing Speeches.

French soldiers in the front trenches are reported to be fighting with a new weapon. They creep, at night, across the "No Man's Land" intervening between the opposing lines, armed not with bayonet or grenade, but with arsenal of President Wilson's war speech to congress, translated into German.

Firing Speeches.

In short, what Russia needs is a Cromwell who will close up her talk shops with a file of soldiers if necessary, apply the celebrated "purge" of Colonel Pride to her loquacious parliament, and, in a word, forcibly evolve civil and military efficiency out of the present sea of disorder and chatter.

Firing Speeches.

Mr. Kennan is about the last man one would look to for pessimism as to democracy in Russia, although democracy there is apparently headed for the strong hand of a strong government in one form or another.

Firing Speeches.

The United States government has more faith in Russia as at present constituted than Mr. Kennan displays, the \$100,000,000 loan seems to indicate.

Firing Speeches.

But the maxim still holds good that democratic self-government is a capacity first and a right afterward.—Milwaukee Sentinel.

Firing Speeches.

It may as well be understood that only severely punitive legislation will keep the food speculators in check. It is yet to be considered by congress.

Firing Speeches.

Long terms of imprisonment are now imposed upon the monopolist who traffics in food for his own pocket. We shall be weakly indulgent if we do not insist upon a federal statute that makes death the penalty of an attempt to corner the market in foodstuffs essential to a successful prosecution of the war.

Firing Speeches.

George Kennan, who for many years has been popularly supposed to know more about Russia than anybody else, now sees reason to back water on his jubilant welcome to Russian democracy as the one thing needed to cleanse the Augean stables of graft and inefficiency and bureaucratic and grand dual hampering of Russia's military progress.

Firing Speeches.

Democracy is not working as well in Russia as Mr. Kennan anticipated, for he now announces that affairs have fallen into the hands of idealists, who, however well meaning, hardly possess the judgment of a twelve-year old

Want Directory

Assistant Secretary of Agriculture Vrooman pays a well deserved tribute when he says that "never in the history of the world have business men shown as much patriotism and unselfishness as have been manifested since the war began by the business men of America."

WANTED

WANTED—Old false teeth; don't matter if broken. I pay \$2 to \$5 per full set. Single and partial plates in proportion. Work and good job. Call or write: Send by parcel post and receive check by return mail. F. Perl, 403 North Wolfe St., Baltimore, Md. 5-21-17

HELP WANTED—MALE

WANTED—Competent man for six-page also two 100-page. Address: Morning Press, Esquima, Mich. 5-19-17

The recruiting committee has not been making a strong effort for recruits, because it wants Major Vallat to participate in the final drive.

The committee has prepared a large number of slides to be shown in moving picture theaters throughout the upper peninsula.

In the expectation that President Wilson was to announce a national Red Cross day, President R. H. Shields of the Houghton chapter wired the president on Friday for information.

'I SEEK NO OFFICE,' DICKINSON INSISTS

Denies He Will Run for United States Senate or for Any State Job.

Lansing, Mich., May 18.—"I will not seek any office."

That is the answer of Lieutenant Governor Dickinson to a straightforward question as to whether he would be a candidate for the United States senate...

Emphatically, the Charlotte man replied that he was not a candidate for either one of those offices, or for any other.

"I have not sought the office I now hold," said Mr. Dickinson, "and I have no intention of being a candidate for another."

Toward the close of the session of the legislature, the exact status of the lieutenant governor as to his political aspirations became a subject of considerable discussion.

Liquor Laws Start Discussion. The hubbub over the liquor bills at their final passage...

START ONTAGONAG ROAD WORK. The Smith-Sparks Construction Company has established a construction camp on the military road in Ontonagon county...

Smith-Sparks Company Establishes a Camp on Military Road.

The Smith-Sparks Construction Company has established a construction camp on the military road in Ontonagon county...

B. F. Sparks, of the firm, returned Saturday from Detroit, where he has personal charge of the construction of four immense concrete tanks for the Rockwood Silica company.

Of these suggestions of his friends, Mr. Dickinson says:

"Many have spoken to me about being a candidate for either one of the places you mention, but I have given them all the same answer—I am not out after either one."

Considered Safe in Senate. Although the lieutenant governor is apparently sincere in his desire to forsake office holding...

They have called a meeting of the committee, suggested in the original announcement in these columns, for tonight at the Houghton club.

At this meeting plans for the observance will be made. It is expected the feature will be an oration by some man of more than local fame.

ANNOUNCES WAGE BONUS. The office of the Atlas Powder company at Senter announced Saturday that the company has granted a wage bonus of 10 per cent effective May 1.

This bonus is in addition to a similar one that has been in effect for the past two years.

THE CALENDAR.

The calendar is one of those things which most people take for granted. It is regarded as a simple and necessary equipment of every well-regulated household or office...

Russia, in the change she has just made, has performed an act besides which the national writing off of an hour at the commencement of summer time is indeed a small matter.

In those sixteen hundred years, the few minutes each year grew into days, and by 1582 the discrepancy between the official date and the actual date amounted to ten days.

WHEN THE CZAR QUIT. Vivid and dramatic pictures of the accomplishment of the Russian revolution are given in copies of Russian newspapers which have just reached this country.

GIVE THE FLAG PLAY. A writer in the New York Sun says in regard to hoisting the flag: "Very often the two ropes are secured quite taut, whereas the lower corner of the flag should be allowed to fly as far as it will away from the pole."

The FLAVOR LASTS

SOME endurance in this WRIGLEY flavor! It lasts—l-a-s-t-s—l-a-s-t-s! Speaking of endurance—two athletes walked an all-day race. One took light foods and liquids—the other took WRIGLEY'S.

Chew it after every meal

Girl Unfurls Flag On Neglected Bunker Hill Monument

What army officers or State or Federal official forgot, Miss Goldie Charak remembered. Miss Charak, who is a resident of Charlestown, Mass., noticed that the famous Bunker Hill Monument was without a flag, so she purchased one and without a speech, music or other ceremony, unfurled the Stars and Stripes on the memorial erected to one of America's greatest victories.

It is announced that nine regiments of United States engineers, to be composed exclusively of highly trained railway men, will be the first American troops to be sent to Europe...

In the present stage of the campaign in France railway lines play almost as important a part as men and guns. It is necessary to have a network of rails leading practically up to the trenches...

These nine regiments will be recruited at the nine chief railway centers of this country. There can be no doubt of the prompt filling of the ranks.

gathered among the peasants for the revolutionary fund. "It is a great responsibility for me to congratulate in your person the fighters for liberty, equality, and fraternity," said Ossinin.

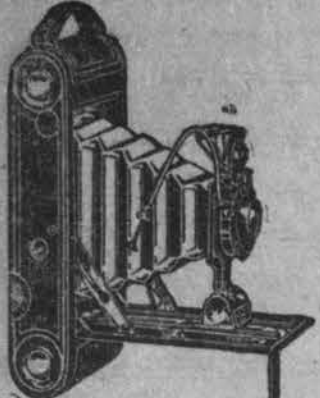

Edwin Stanton, reported to have won \$300,000 in one night at Monte Carlo in 1867, forcing the famous Casino to close temporarily, came to New York from Albany recently on the steamer Berkshire of the Hudson River Navigation company penniless and hungry.

FORTUNE AND MISFORTUNE.

Edwin Stanton, reported to have won \$300,000 in one night at Monte Carlo in 1867, forcing the famous Casino to close temporarily, came to New York from Albany recently on the steamer Berkshire of the Hudson River Navigation company penniless and hungry.

City Brevities

Arthur Wilson, of Stambaugh, spent
yesterday in the city.
L. W. Beardsley, of Michigamme, was
here over the weekend.
George Hartley, of Trout Lake, spent
the weekend in the city.
Arthur Schwartz, of Manistig, spent
the weekend in Marquette.
William A. Wollner, of Laurium,
Mich., was in the city Saturday.
J. E. Parkin, of Houghton, was a busi-
ness visitor in the city Saturday.
Mrs. E. W. Adams, of Negaunee, left
last night for Chicago and Ann Arbor.
Dr. L. M. Drake left last night for
Chicago and Ann Arbor on a few days
business trip.
Thomas Conlin, editor of the Crystal
Falls Diamond Drill, was a weekend vis-
itor in the city.
Ben Willesen, of Calumet, spent yes-
terday in the city visiting his brother,
Charles F. Willesen.
Miss Elsie Larson and Charles Be-
beau, of Iron River, were visitors in
Marquette yesterday.
Leal Hargrave left last night for Chi-
cago where she will spend a few days
visiting with friends.
Superior tent, of the Macabees, will
entertain at a card party for the Lady
Macabees this evening.
The Woman's Relief corps will meet
this afternoon in Keough's hall at 2:30
o'clock to discuss a program for Mem-
orial Day.
Seymour Charlton left last night for
Chicago where he will take an examina-
tion for a commission in the U. S. ma-
rine corps.
The Baptist Brotherhood will hold a
monthly meeting in the church parlors
this evening at 8 o'clock. Following the
business session Dr. A. K. Bennett will
address the meeting on "Medical Mission-
ary Work in Arabia."
P. B. Spear and Abe Mathews spent
yesterday at the Champion gravel pit
overseeing the plowing and seeding of a
considerable area of ground that will
grow potatoes this year. Employees of
the company at the gravel pit will have
plots in the planted area.
Opens Insurance Office—T. Duquette
has opened a fire insurance and real
estate office in the Nestor block, and has
secured the agencies for a number of re-
liable companies.
Masons Attend Service—Lake Su-
perior commandery, No. 30, Knights
Templar, attended services yesterday
morning in St. Paul's Episcopal church.
The Rev. Bates G. Burt delivered a ser-
mon on "The Sign of the Cross."
Dance Tomorrow Night—The "Patriot-
ic Six" will give a dancing party tomor-
row night in Bureau's hall. Mrs. Weed-
man's orchestra will furnish the music.
The members of Company M, Thirty-
Third Michigan infantry, are invited to
attend.
Will Present Call—The Rev. B. G. Burt
and M. W. Jopling will leave this after-
noon for Grand Rapids where they will
call upon Dean F. N. White with other
members of the committee and ask that
he accept the office of bishop coadjutor
of the Episcopal church in the diocese
of Marquette.
Classes Will Organize—Dr. Main's class
in First Aid to the Injured will meet
to organize this evening, at 7 o'clock, in
the Red Cross shop in the Pythian build-
ing. All women interested in this course
of Red Cross instruction are requested
to attend this meeting. The second class
will organize at the same time.
One Fire; One False Alarm—Fire de-
partment, No. 2, responded to two calls
yesterday, one from the home of Alex
Maher, 924 Lee street, where a chim-
ney fire was extinguished by chemicals,
and the other at the home of E. C. Wat-
son, corner of Ridge and Pine streets,
where an over-heated furnace led some
boys to turn in an alarm, thinking the
chimney had caught fire.
Says He Was Misquoted—Fred La-
combe, the driver of the grocery truck
which was completely wrecked in a
collision with an ore train Friday even-
ing, declares that, contrary to the re-
port of the accident, he did not turn to
wave to a friend before seeing the train.
"It was after I jumped that I motioned
to a friend whom I saw standing near,
in order that I could get him for a witness
if necessary," is the way Lacombe de-
scribed it.
Will Operate Farm—The Charcoal Iron
company of America, with offices in this
city, will begin immediately to clear and
place under cultivation a large tract of
cut-over lands in Luce county. The tract,
consisting of 840 acres, is adjacent to
the new county road west of Newberry,
and consists of some of the best land in
the county. Started primarily as a war
preparedness measure, it has been decid-
ed to make the farm a permanent enter-
prise, and ultimately to create a model
experimental farm. Buildings are to be
erected at once and a large crew of men
put at work clearing and plowing the
land. The company expects to plant and
seed between 100 and 200 acres this sea-
son.
Death of Mrs. Jenkins—Mrs. Charles I.
Jenkins, formerly a resident of this city
and widely known throughout Marquette
county, died recently in Cleveland, O.,
according to word received by friends
here yesterday. She was the wife of
Charles I. Jenkins who also has a wide
circle of friends in this district. Mr.
Jenkins came to Marquette in the early
seventies, shortly after the burning of
the old Bay furnace, at Onota, of which
he was manager. He established a fur-
niture store in the Masonic block, on
Washington street, which he conducted
for several years before leaving for
Cleveland. He is at present connected
with the Peck, Stowe and Wiley firm,
manufacturers of hardware, at Cleveland.

**WILL RECRUIT TO
FULL WAR STRENGTH**

**Over Forty "Rookies" Added to
Company M—Are Established
at "Fort Picnics."**

With the announcement by the war
department that all national guard reg-
iments must recruit to war strength,
Company M, Thirty-Third Michigan in-
fantry, has opened a campaign to bring
its muster roll from about ninety-five
to 150 men. Since the arrival of the
contingent of the company here, which
numbered fifty-four men, over forty re-
cruits have been received, the most of
them from the Soo and from Manis-
tique. One Marquette man enlisted in
Company M Friday.

The company is now established in
the camp near Picnic Rocks, or at "Fort
Picnics", as the men call their new loca-
tion "rookies" and a corporal quartered in
an "rookies" and a corporal quartered in
each tent. The quartermaster is located
in a separate tent, and there are also
tents for the commissary department,
equipment and supplies, and one used as
headquarters. All of the tents are
electric-lighted two of the Manistique
"rookies", Harvey Quick and Earl B-
scher, electricians, completed this work
last week. There is also a telephone in
headquarters and work on a water main
from the lake is now in progress. The
work of supplying the men with fresh
water at present falls to what is termed a
"water detail", different men being
assigned to the work each day.

The "rookies" are drilled daily, the
barracks being utilized as a drill
ground. The officers report the work
to be going on satisfactorily, and de-
clare that the men are rapidly round-
ing into shape. Strict discipline is main-
tained at the camp.
A few of the recruits from Manistique,
who left the senior class of the high
school to join the company, are arrang-
ing to secure a few days' leave of ab-
sence in June, so that they can go home
and graduate with their class. Their
diplomas were assured them when they
enlisted.

Practically every man in the company
now possesses his full equipment and
the officers are bending every effort
towards training the men in preparation
for the call from the federal government,
which according to the reports from the
department at Washington, will come
early in July.

Fred L. Gayton, formerly with the
Goodyear Tire & Rubber company, has
joined the forces of the United States
Tire company. Mr. Gayton is in the
truck tire department and will have his
headquarters in New York.

WEEK OF PRAYER AT ST. PAUL'S.

Special services will be held during
this week each afternoon at 5 o'clock in
the Morgan Memorial chapel, consist-
ing of litany and intercessions. These meet-
ings are being conducted by the women
of the Auxiliary, and will follow the
plan of the prayer pilgrimage under-
taken by women in England where an
effort is being made to awaken a deeper
sense of spiritual things among the peo-
ple especially in the time of war.

RUSSIAN EXILES RETURN TO FREE RUSSIA.

Now that Russia has overthrown the Czar and his autocratic government, thousands of Russian exiles from
all parts of the world are thronging back to their native land. Several hundred exiles who have been living in the
United States recently sailed from San Francisco. The photograph shows a group of the more distinguished exiles.
Left to right, they are Basil Semexoff, who is known among Russians in this country as the "Father of the Revolu-
tion"; Boris Chersky, Mme. Zena Morarsky, a noted Russian suffragette and journalist, and Israel Bryllion, who has
been a leading Russian journalist in the United States. He served nine years in Siberia for political offenses and sub-
sequently escaped to America by way of China.

WHITE EVENT

Splendid Values in Undermuslins

To offer you something better than the average is the policy of this store—and it is fully accomplished in this "White Event." When you come here you will see in our Under Muslins the smartest styles, most exactly made, under garments, you will find sold today.

Begins TODAY, May 21st Ends Saturday, May 26th

An Occasion Which We Consider One of the Finer Achievements of This Store—And One That We Are Sure Will Be Eagerly Welcomed by Every Woman in Town.

There are more good things for this event than we can tell of in this limited space. Practically every section of the store has something "white" to offer at a price that would hardly be expected at this time.

Preparation for this White Event which began a long time ago is alone responsible for the buying advantages we will offer. No other circumstances could bring such values, with cotton prices soaring as they are today.

Corsets

Our Corset section is more complete than ever before. Our new Redfern models, the Justrite and our own special corsets. We have competent fitters and make no charge for fitting or altering of corsets costing \$3.00 or more. We know you will be better satisfied if you have your corset fitted.

Specially priced for our White Event at 75c

Two splendid models of our own special make, suitable for slender figures and one for the average figure, well made and perfect fitting at. \$75c

Specially priced for our White Event at. \$1.00

An excellent model adapted for the medium figure, lace backed; this is an exceedingly popular model at. \$1.25

Stout figure model for the figure needing support from the corset, medium height bust, well boned, made of coutil, lace trimmed, at. \$2.00

In fact, there is a suitable model for every figure.

Huetter's Specials are. 75c to \$1.75 G. D. Justrites are. \$1.00 to \$3.00 Redferns are. \$3.50 to \$6.00

Rare Values in Dainty Blouses

Scores of white Summer blouses in as many designs—lovely white things that every woman will adore, fashioned of voiles, lawns and white silks.

CHARMING BLOUSES AT \$2.00—Made of sheer cool voile, tub silk and organza; smart new shaped collars and prettily trimmed jabots add to their distinctiveness; a wonderful selection at. \$2.00

DAINTY BLOUSES AT \$3.50—Made of splendid Crepe de Chine, fine French voiles and organza; come in all the very newest effects as to collars, sleeves, etc. The materials used are seldom found in waists at this price. \$3.50

EVERWEAR WAISTS AT \$1.00—Are sold here and here only; they cannot be bought at any other store in the city; they are recognized the best of all Dollar waists; always something new to show at this price.

White Event Drawers

- DRAWERS AT 25c—Of splendid grade cambric, made with deep hemstitched ruffles, has a fitted waistband. \$25c
- DRAWERS AT 35c—Made of fine soft cambric, fitted open or closed styles, has neat emb. ruffle of val. lace insertion and edge. \$35c
- DRAWERS AT 50c—Made of superior quality cambric carefully made, prettily trimmed and perfect fitting, several styles to choose from. \$50c

Night Gowns

NIGHT GOWNS \$1.50—Excellent quality nainsook, many styles to choose from, all beautifully trimmed with embroidery, medallion and laces, cut generously full. With the price of cotton advancing steadily these are rare values at. \$1.50

NIGHT GOWNS AT \$2.00—At this price we are offering several charming styles made of sheer fine nainsook, Val. lace edge with insertion, slipover styles or open front, long or short sleeves, all cut very full; at. \$2.00

One table of night gowns, slipover and empire styles, in five new designs, trimmed profusely with laces and embroideries; excellent values. \$1.00

White Neckwear

25c, 50c, 75c Dainty frilly neckwear, lace and net jabots, stocks, collars and cuffs; the daintiest neckwear in the city for less.

Upper Peninsula

Man Injured on Mather.

Struck on the head by a trap door while passing between decks, a second engineer of the steamer Samuel G. Mather at Escanaba sustained an ugly scalp wound and numerous bruises about the head and face. He was rushed to the office of Dr. H. B. Reynolds, marine surgeon, in Haring's ambulance and his injuries were given immediate attention.

Speeders Are Arrested.

Two automobile drivers and one motorcycle rider were arraigned before Police Judge C. D. McEwen at Escanaba to answer to charges of speeding. Benjamin Ritchie was the motorbike speeder, while Alphonse Bucholtz and Sherman Hogan were charged with speeding their automobiles. All were released on payment of costs. "The arrest of three speeders means that we have opened a crusade against reckless driving," said a police officer, "and although it was recommended that the three men arraigned be released on payment of costs, stiff fines will be imposed hereafter. The days of leniency to speeders have passed."

Supervisors Act.

Chippewa county will purchase seed for its farmers through a committee of five members of the board of supervisors, as the result of a resolution unanimously adopted at a session of the board. A sum of not to exceed \$5,000 was appropriated for this purpose. Each supervisor will act as the distributing agent in his township. The county plans to purchase 2,000 bushels of seed potatoes and to sell them at actual cost. R. P. Hudson, chairman of the War Council of Chippewa county, informed the board that this organization has ordered 1,000 bushels of seed potatoes which may be sold at about \$3 a bushel, and will be glad to turn these over to the county if the board so desires. It is probable that the board will accept this offer. According to information received by the board the seed grain question is fairly well cared for in the county, but the board will continue to work along these lines.

Man Killed by Train.

A man supposed to be John Dombroski, of Nadeau, was killed at Stephenson by a Chicago & Northwestern train. The body was cut into many pieces and the victim was only identified by a dues book in his name from St. Francis church at Spaulding. George Little saw a man lying on the side of the track near the depot. Mr. Little asked him, "Why don't you get a better place is all right." The man is supposed to have been killed a few minutes later when he must have tried to catch a train southbound. He must have tried to get on at the water tank near the depot and slipped. He was dragged two hundred feet south and trains during the night in both directions passed over the body and cut it in pieces. William Jenkinson, a farmer residing out of Stephenson, came to the depot for information about a freight train, and in going back to his horse he saw pieces of flesh from the dead man. He immediately called up the night operator, Oscar Larson, and they notified William Winters, the undertaker. Dombroski lived on a farm three miles east of Nadeau, where he leaves a wife and two children. He was a man about thirty-five years of age.

Lower State Notes

KALAMAZOO—W. D. Hall, Kalamazoo newspaper man, is normally only five feet and three and three-quarters inches tall. He recently applied for admittance to the reserve officers' training camp, at Fort Sheridan, Ill., but failed to pass because he was a quarter of an inch too short. He consulted several physicians and finally an osteopath, who placed him on a stretching machine. Upon re-examination Hall passed the test and is now in camp as a class A man. He is five feet, four inches tall.

MUSKEGON—Marking what will mean the confiscation or destruction, it is expected, of over \$100,000 worth of illegally meshed nets now used by commercial fishermen along the east shore of Lake Michigan, Deputy State Wardens C. N. Smith, of Petoskey; Walter E. Grelliek, of Traverse City; Frank Salisbury, of Grand Haven, and George Weillamer, of Muskegon, appeared as witnesses against Peter Verduin and William Verduin, of Grand Haven, heads of two fishing corporations of that city, who pleaded guilty, and were fined \$50 and costs each by Justice Jerome E. Turner. Ben Vanderberg, of Muskegon, who also admitted his guilt of a similar charge, paid \$15 and costs. The prosecutions, the deputy wardens assert, will mean a temporary tie-up of commercial fishing on this side of Lake Michigan until legally meshed nets are obtained.

mother, a frail woman, helped eke out the family existence by taking in washing. With characteristic devotion to her family she has worked early and late, taking care of two boys and a girl, aged fifteen, twelve and eight years, respectively. In November, last, the Cotas made application to the probate court to adopt the boy, but as the parents refused to give him up, by signing the necessary papers, no order was ever made confirming the adoption. Tony said that Mrs. Cota, at first was kind to him, but during the absence of her husband in the woods began a series of cruelties, including that of making him sleep on the bare floor, his only covering being three dirty sacks, while she and her children occupied comfortable beds. As a result of sleeping on the floor the boy, it is said, has a severe case of rheumatism in his legs. On Cota's return from the woods, Tony stated that he was whipped daily, half starved and made to do heavy work. Recently, when he rebelled against the shameful treatment, he said Cota would shackle him at night with logging chains, so that he could not escape while they slept. On Tuesday of last week, while working in a field near the farm, the boy said, Cota struck him with a stone, because he did not move fast enough, and as soon as Cota left the child ran to Wilson, where he told his story to the Beachamp family. He was fed, and kindly people gave him clothing, as he was in rags.

DID YOU KNOW

- That the Italian front is longer than the French, British and Belgium fronts combined?
- That some of the Italian positions can only be reached in baskets slung from wires?
- That Italian railway trains have been shelled by submarines?
- That some of the most famous churches in Venice have been destroyed by Austrian airplanes, which have raided that city more than a hundred times?
- That in six days the Italians mobilized and equipped and transported to the front an army of half a million men?
- That the French have built a 52-centimeter gun which fires a shell weighing one and a half tons?
- That the French have in commission 7,000 airplanes?
- That tear-producing shells are more effective and more generally used than asphyxiating gas?
- That in places the Austrian and Italian trenches are only six feet apart?
- That on the western front men have been drowned in the mud?
- That infantry charges are now led by officers in airplanes?
- That the British have organized a salvage corps to save everything on the battlefield; that even the rags are collected and sold?
- That the traffic on the roads behind the British front is denser than the traffic on Fifth avenue, and that it is controlled by traffic policemen?
- That the French have organized a corps of scene-painters to paint scenery to deceive the German airmen?
- That in a heavy bombardment the springs of a field gun wear out in two days?
- That soldiers whose faces have been blown away have been given new faces by American surgeons?
- That there is a Russian army fighting in France?
- That an American woman is giving phonograph concerts in the Belgian first-line trenches?
- That in one day the French fired \$1,600,000 worth of shells at Arras; that in one week the Germans fired two hundred and forty train-loads of shells at Verdun; that in one month the British fired five million shells on the Somme?
- That these are a few of the revelations made by E. Alexander Powell in his new book, "Italy at War, and the Allies in the West," to be published in May by the Scribners.

SICK HEADACHE

This disease is nearly always caused by a disordered stomach. Correct that and the attacks of sick headache may be avoided. Mrs. A. L. Luckie, East Rochester, N. Y., writes: "I was a victim of sick headache, caused by a badly disordered stomach when I began taking Chamberlain's Tablets three years ago. In a few weeks' time I was restored to my former good health." Obtainable on the pay roll through sympathy. The everywhere.—Adv.

Theatrical

At the Delt.

Gladys Brockwell is presented as the star in "One Touch of Sin," at the Delt today.

Mary Livingstone places her trust in a western miner and gambler, Richard

Mallaby. He marries her and then goes west leaving his wife to earn her living as best she can. The fates carry her out to a frontier town where, to keep from starving she commits a theft, but is kept from prison by the kind actions of Watt Tabor. Tabor marries her and Mallaby comes to claim her as his wife, this causes a fight between Tabor and Mallaby in a mine which begins to fill up with water and Tabor drags Mallaby

to safety. When Mallaby regains consciousness Mary is told to take her choice.

At the Opera House.

Mrs. Vernon Castle will be seen in chapters 12 and 13 of the fascinating serial, "Patricia," at the opera house tonight.

This picture has been playing to full

houses ever since the first installment was shown here. Each chapter is an interesting photoplay in itself. Mrs. Castle is a rare mixture of an actress with grace, emotional power and daring.

There will also be shown a Pathé weekly and a Ford animated weekly.

Anna P. Thomas thinks Washington would do well to retire its statue of Frederick the Great.

THE JEWISH MASSACRES.

Not the least interesting phase of the Russian revolution was the abolishment of the pale and the emancipation of the Jews, and not the least among the causes of the revolution was the attitude of the Russian bureaucrats toward the Russian Jews. The revolution was a great victory for the Jewish people, perhaps more important to the race than the emancipation of the Jews in England. But the pity is that the Jews in all parts of the world cannot celebrate this victory with free hearts unburdened by thoughts of the suffering of their people in the lesser nations.

Hardly had the effect of the Russian revolution been felt before the London Chronicle printed an announcement that the Turkish governor of Palestine has ordered the Jews massacred as they were in Armenia. This will be a blow to many Jewish leaders who had hoped the advance of the British expedition out of Egypt would frighten the Turks into some regard for the standards of humanity as observed generally by non-Semitic peoples. The British expedition now in fact becomes a crusade, for it is a race to save the Jews in Palestine from the fate which the Turks reserve for those who are not Mohammedans or do not worship the Prussian god.

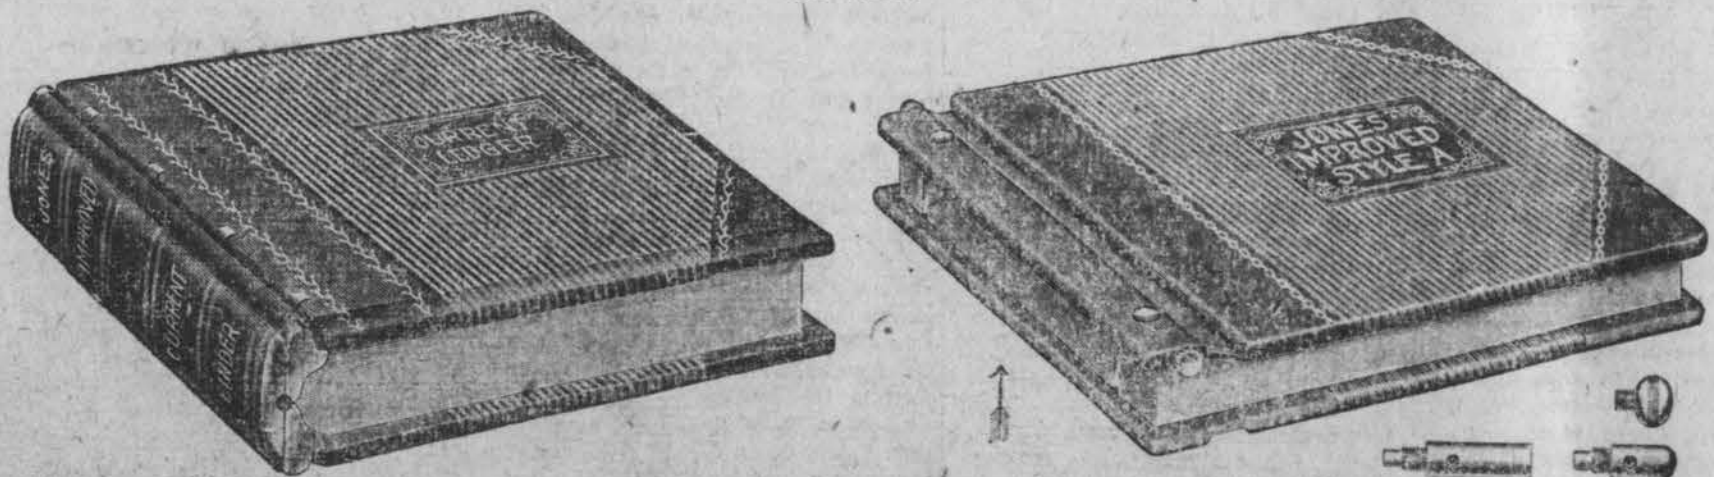

Credibility is lent to the Chronicle story by the reputation of the Turks in their dealings with Jews. No doubt the massacres have already begun, or rather been continued in the new territory. The British force will find the Jews reduced to poverty and want, if it finds them at all, and in any case their predicament will be fully as pitiable as that of the Polish and other Jews who have suffered from the war. The generosity of American Jews in providing relief will be subject to many calls for help. The warring governments must also be urged to extend their military plans to meet this Palestine situation, for the Turk knows no law save that of might.—Indianapolis News.

DREADFUL COUGH CURED.

"Following an attack of pneumonia I had four years ago, I had a dreadful cough that hung on for months," writes Mrs. Owen Carothers, Wabash, Ind. "I lost in weight and became alarmed about my condition. I doctored with a number of remedies without benefit until taking Chamberlain's Cough Remedy. It helped me almost immediately and by taking one bottle of it I was cured." Obtainable everywhere.—Adv.

The Triumphant March of

A NEW CREATION OF SCIENCE AND NATURE

WHEN we announced Bevo recently, our hopes were high. We knew that we had the most unusual soft drink that had ever been offered...

Now, one final word. We promise you that, in accord with the known principles of Anheuser-Busch and all its products, Bevo not only will forever maintain its present high standard of quality...

You will find Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars and other places where refreshing beverages are sold.

Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and that the crown top bears the Fox.

High as were our hopes for its reception, we have realized them far and beyond our expectations.

Bevo today is an established popular success. Everywhere the same question is asked: "Have you tried Bevo?"

NOTES OF SPORT

Captain Fred Williams, of the tennis team of the University of Missouri, has left school to attend the officers' reserve camp at Fort Riley, Kan.

Steps to make the Mississippi Power Boat association regatta a success, despite some unfavorable conditions, are being taken as a result of the decision to hold the regatta July 3, 4 and 5 as originally planned.

The Webb entry, Miss Peoria, and the Detroit candidate, Miss Detroit IV, will compete in this event. In addition to the Class A boats, many smaller craft will be entered for numerous other events on the program.

Upper Peninsula

"More Daylight" at the Soo.

Chippewa county will adopt the "more daylight" plan provided it is endorsed by the common council. This action was taken unanimously by the board of supervisors. Just as soon as the city adopts the new time, if it does, the county court house clock will be turned one hour ahead. Much sentiment in favor of the proposed plan is being evidenced. Votes taken at the Union Carbide plant and the Northwestern Leather company show the majority of men to be in favor of the plan.

Speeding Comes High.

A prominent man of a nearby county learned to his sorrow that speeding is not allowed on the streets of Escanaba or Gladstone. His experience cost him in all just \$24. The driver and his friend were charged with exceeding the speed limit and taxed \$10.50. After doing a good deal of fast driving in Escanaba, the men went to Gladstone, where they repeated the same performance. Louis Danielson was on their trail and after they had been arraigned at Escanaba, they were taken before Judge Hubbs in Gladstone and paid \$13.50 for speeding in that city.

Have Enough Aviation Men.

No more enlistments will be accepted in either the aviation corps or the signal corps branches of the United States army, it was announced in a telegram from headquarters at Chicago to Lieut. J. McNeal at the recruiting station at Escanaba. No enlistments of youths under eighteen years will be accepted either, it was announced. Marquette has enlisted eighty-six men in all branches of the service to date. Lieutenant McNeal was notified in Marquette, while visiting the recruiting office there, where Private Mahoney and Corporal Martin are stationed. But three men were accepted at Escanaba for enlistment on Friday. They were all from Marquette. "I am a boy sixteen years of age and I would like to do my bit for my country," writes an Iron Mountain youth to Lieutenant McNeal. "I believe I could best serve my country if I could join the U. S. army now and be in training or on duty until some time in September when I can return back to school. When school is over I would enlist again. This would mean that later on when I am subject to draft I would be already trained. I would be very willing to stay here in America and not be sent abroad."

Many Advanced the Clocks.

The "more daylight" plan will have an extensive tryout in Menominee. The plan is to set the shop clock ahead one hour during the summer months, so that employes may complete their day's work earlier in the afternoon and have more daylight time at their own disposal. The Northern Hardware & Supply company reports a most satisfactory trial of the plan in every department of their business. The Carpenter-Cook company's office force is working on an advanced clock but the fruit and warehouse departments are on standard time, as are the Michigan Refining factories. The linotype department of the Herald-Leader, together with the news department, began the advanced day one week ago, and will continue it during the summer, as was done a year ago. The big mills of the Marinette & Menominee Paper company will on Monday, May 21, move their clock one hour ahead for the purpose of operating under more daylight, and will continue this schedule until further notice. The lumber mills are now operating on a schedule fifteen minutes ahead of city time, and it has been the custom later in the year to put mill time from a half hour to a

hour ahead of the city clocks, in order to get more daylight. The J. W. Wells Lumber company and the Spies-Thompson company officials both stated that if the more daylight schedule is desired by the men and adopted generally by the industrial plants on the river they would be glad to join the campaign.

Passengers Slightly Injured.

Five persons were injured and others are suffering from bruises, all of them passengers on the incoming South Shore passenger train, due at the Soo at 9:25 p. m., which struck a loaded freight car on the main line near the transfer depot. The five most severely bruised received medical attention, but the others were able to go to their destinations unassisted. W. E. Miller, freight agent for the D. S. S. & A. road, said the freight car had become detached from a train which was being moved to a siding without any of the crew knowing of it. The passenger train was traveling at six miles an hour when it struck the car. Those injured are: H. A. West, Chicago; A. H. Ehrlick, Chicago; internal injuries; F. J. Kitts, Houghton; Mrs. George Nelson and Mrs. Cleveland Thompson, Gillette, Wis.; J. H. Vallier, St. Ignace, cut on face and head. "Those who were hurt most severely were standing up in the aisle of the car or had risen from their seats preparatory to leaving the train," said Mr. Miller. "When the shock came they were not able to brace themselves, but were thrown to the floor. Those sitting down were not bruised so severely." The train in charge of Conductor R. Wood and Fred Brown, engineer, had just passed over the bridge across the water power canal when it hit the freight car, according to Mr. Miller. The pilot house of the locomotive was damaged and there was slight damage to the freight car. The train pulled into the station under its own power.

Many Accidents Near Soo.

More accidents occurred in navigation on the Great Lakes, particularly near the Soo, last week than at any previous time this season, the number probably establishing a record for accidents not due to storms. Eight boats are in trouble now or have been during the last two days. The tugs of the Great Lakes Towing & Wrecking company at the Soo have been working day and night trying to take care of this rush of business, which has more than swamped them. A lighter, the Newman, from Port Huron, and the tug Michigan from the same place have been sent to aid. The list of accidents includes: John Owen, aground at Corbeil Point near Batchewana. The steamer is leaking badly and is full of water. She is upbound with coal. The Favorites and Lighter Reliance are working on her. Clement A. Reiss, aground on Vidal Shoals. The lighter Newman and a tug are working on her. She is downbound with wheat. The Outland, aground two miles west of Corbeil Point, was released by the tug Alabama, Friday morning. The Fayette Brown was released Friday morning from Iroquois Point, where she grounded. Marshal Duddleson of the Soo is her captain. Within a few miles from the point where the Brown grounded the M. A. Bradley is aground. She is unable to release herself and is waiting for a tug. Captain John W. Duddleson, father of Captain Marshall Duddleson, is in charge. The steamer Cort and Mather released the steel truss steamer Baker from a shoal near Bois Blanc Island in Lake Huron Friday. After breaking her wheel in the ice the freighter J. C. Wallace returned to the Soo. To government tug Noble broke her propeller and is undergoing repairs in the Weitzel lock, which has been

partially pumped out. The Pittsburgh Steamship company is taking steps toward salvaging the Pentecost Mitchell, which sunk in a collision with the Saxona, last Monday morning. This will be done by the wrecking crew of the company. A contract for raising the Saxona will be let by the Tomlinson Steamship company. Work will start soon on both boats.

Munising Man Passes.

John McMillan, of Munising, a leading citizen, former village president, former supervisor, pioneer, former county political leader and well known fraternal worker has passed away. He was born on a farm near Craighurst, Ont., January 8, 1848. In the year 1883 he went to Dollarville, Luce county, and in 1896, moved to Munising where he had since lived. Until about two years ago, when he retired from active business life, Mr. McMillan conducted a thriving retail business in Munising. He was formerly president of the village of Munising and supervisor of the township of Munising and his official acts were characterized by the same scrupulous honesty which made him honored and respected by all with whom he had business dealings. Mr. McMillan was active in fraternal circles, particularly in the Independent Order of Odd Fellows, and formerly presided over the Munising lodge of the order. He was also active in the Independent Order of Foresters, several times attended the meetings of the supreme court of the order, and was high chief ranger for the upper peninsula of Michigan. He was one of the chief promoters of the Munising Pioneers' association and had been its president ever since it was organized.

Injured Man Dies.

The death of Leo Bunno increased the death toll from last week's explosion at the Soo to five. Bunno was employed on the refuse wagon which carried twelve boxes of torpedo caps from the Haller block to Brady pier. Joseph Bossineau is still in a critical condition in the hospital. The condition of George Lawrence remains serious, according to a statement from the hospital. All rumors of reports that there was dynamite hidden under the dock have been run down by the jury and the testimony points conclusively to the torpedo caps as the cause of the explosion. Tests made show the caps contain potassium chloride and sulphur. One man making a test said he found picric acid and sand, a combination which makes a strong explosive. According to Frank Bavia, the wagon bearing fifteen to eighteen boxes, some refuse and a driver drove on the dock accompanied by two men. Two started to throw off the boxes another had a pitchfork with which he was tossing off rubbish. "When I was opposite the rig one fellow said: 'Let's have some Fourth of July celebration.' 'Go to it,' said another, 'we have lots of stuff here.' I saw a box thrown on the ground and that was the last I remember," Eugene Haller in his testimony said he had repeatedly warned Guy Kemp, janitor of the Haller block, to caution the men about the danger of the caps. "They knew there was danger," said Haller, who testified he did not know the caps were taken away until Kemp told him after the wagon had gone. Frank Parr, of the firm of Smith & Parr, garbage collectors, said the contents of the boxes had always been referred to jokingly as Fourth of July fireworks. This he thought meant decorations and he had no idea it was dangerous.

Woman Killed by Explosion.

The premature explosion of a charge of dynamite with which she was blowing out stumps caused the death of Mrs. Alex. Stewart, of Germfask township, Schoolcraft county. There were no witnesses to the accident, and the cause of the explosion will probably never be known. Mrs. Stewart had planned to blow out a big pine stump which was located a short distance from the house on the Stewart farm. Tuesday afternoon she put several sticks of dynamite in a tin pail and, faking permission tags and a knife, started out to do the work. No one was near except James Lupton, who was working in his garden some distance away. Mr. Lupton heard an explosion a short time after Mrs. Stewart reached the stump, and thought that she had hurried to set the charge in such a short time. He thought nothing of it, however, but went on with his work. He had worked only a few minutes when he noticed a pall of smoke directly above the place where Mrs. Stewart had been working. He hurried across the fields to the place, and found Mrs. Stewart's body, enveloped in flames, nearly all her clothing having been burned. She was still breathing, but unconscious. One hand had been blown off and all of the fingers removed from the other by the explosion. Her face was so badly injured by the explosion and blackened by the fire as to be unrecognizable. Help was immediately summoned. Mrs. Stewart lived for nearly twenty minutes after being found. Mr. Stewart and son, Chester, have been in Unity, Saskatchewan, for some time where they have a homestead. Mrs. Stewart was alone at home at the time. She frequently worked on the farm, and there was no farm work which she could not do. Neighbors state that she had previously used dynamite to blow out stumps and knew how to go about it.

RECOMMENDS CHAMBERLAIN'S.

"I take pleasure in recommending Chamberlain's Colic, Cholera and Diarrhoea Remedy, having used it in my family for the past thirteen years. I have tried other remedies, but Chamberlain's is the only one that ever gave me permanent relief. We are never without it even when on a visit or summer outing, and I cannot say too much in praise of it," writes Emerson Demere, Harpersville, N. Y. Obtainable everywhere.—Adv.

Great French Artist Now Blind, Can Paint No More.

German gas and shrapnel have put an end to the cunning hand of J. J. Limondant, numbered among the greatest of France's living painters. Blinded when serving with his regiment, M. Limondant returned to Paris recently to learn that several of his canvases had won highest honors for their wonderful quality and technique. True, M. Limondant will paint no more, but he still lives to hear the plaudits of the world in connection with his work.

3 1/2%

Liberty Loan

As Good as Cash and Paying Interest

Greater Prosperity for You.

In asking you to subscribe to the "Liberty Loan," your government does not ask you to spend your money. Instead it holds out to you an opportunity to save and to invest. It merely asks for the use of your ready cash. It offers to pay well for the privilege and to give you in return the safest investment in the world—A UNITED STATES GOVERNMENT BOND.

Most of the proceeds of this first offering will be loaned by our Government to the Allies—but not a dollar will leave this country or pay for other than American products. This money will be used to extend credit to the Allies that they may continue to enter our markets and pay us for the products of our farms and of our factories. It will come back to us finally in payment for labor and materials. It will broaden the market for our goods, increase the demand for what we have to sell, speed up production and yet guard against over-production.

When you invest in a "Liberty Bond" you get a signed "promise to pay" backed by the total resources of the richest nation on the face of the globe—a nation whose wealth is recorded at the astounding figure of \$250,000,000,000, or only \$45,000,000,000 less than the combined wealth of Great Britain, France, Germany and Austria-Hungary. You get the bond of a nation whose yearly income is estimated at \$50,000,000,000, or twenty-five times the present loan—one whose per capita wealth of \$2,500 is larger than that of any other power and whose per capita debt, even after the present \$2,000,000,000 loan is sold, will be about \$30, or less than one-tenth that of either Great Britain, France or Germany. To bring the debt per person in the United States up to that of Great Britain (\$376 per capita) it would be necessary to increase our debt to the astounding total of \$40,000,000,000, or twenty times the present loan.

Later on, it will make our Government the world's biggest customer for our own products because practically the entire \$2,000,000,000 will come back for re-deposit in our banks to be used in payment for what our farms and factories produce. In short, this great loan will quicken our industrial pulse and make for Bigger, Better Business, not only throughout the Northwest, but also throughout the entire country.

As Good as Cash.

In some ways the "Liberty Bonds" are even better than cash—they are in much the same class as United States Bank Notes—are almost as liquid as a checking account at your bank—and they pay you three and one-half per cent interest. Your banker will take your bonds as security for a loan.

Our last big government loan, the \$200,000,000 of 3 per cent Spanish-American War Bonds, was sold in 1898 at par and by 1900 the price had risen to 110%.

In Multiples of \$50.

Liberty Loan Bonds may be secured in multiples of \$50. This makes it possible for every earning person to share in this great investment. The bonds will bear 3 1/2 per cent interest and will be dated June 15, 1917, with interest payable semi-annually, December 15 and June 15. Bonds will become due in 30 years and be redeemable in 15 years.

Should the Government put out any future issues at an interest rate higher than 3 1/2 per cent before the close of the war, the "Liberty Loan" will immediately become convertible into higher rate bonds.

Exempt From Taxation.

Our Government has made these bonds exempt from all state or federal taxes (excepting, of course, estates and inheritances) and thus it affords an income of 3 1/2 per cent absolutely net to you, regardless of the amount of your income.

You may have bonds of \$100 denominations registered; thus eliminating any loss from theft and making it possible for you to receive your interest direct from the government rather than presenting coupons at a bank or bond house for collection.

No investment you hold can be safer, and no other bonds enjoy such a broad and ready market in case you wish to sell. You can get your money practically as easily as you can withdraw it from a savings bank and the right to convert it into higher rate bonds gives you absolute protection of income.

Bonds of every issue the United States Government has put out have at some period sold far above the issue price. So it is almost certain that if you continue to hold your bonds you will not only get a 3 1/2 per cent tax free income, but also have an opportunity to realize a profit on their sale.

Subscribe Now.

Subscribe for your Liberty Bond now. It is as patriotic an act as you can do. Secretary of the Treasury McAdoo says: "The greatest immediate service the American people can render in this War for universal liberty throughout the world is to furnish the means for its vigorous prosecution. This bond issue is the first step. I earnestly bespeak the co-operation of every citizen throughout the length and breadth of the land in this great service of patriotism."

Do not purchase from solicitors or agents. Any bank, trust company, bond house, department store or postoffice will take your subscription for your Liberty Bond. Make the best financial and patriotic investment of your life today.

WILL DISCUSS FOOD CONSERVATION TODAY

Ishpeming Public Invited to Attend Meeting This Afternoon at the Butler.

The members of the county committee in charge of the food conservation movement will meet this afternoon at 4 o'clock in the Butler theater to discuss with the men and women of Ishpeming plans now being considered. It is hoped that the theater will be filled, as many matters of special interest at this time will be brought up.

Miss Margaret Justin, extension specialist in charge of home economics for the upper peninsula, will give a talk and will offer the women, especially, some timely suggestions. The pastors of a number of the churches yesterday announced the meeting, and asked their members to attend.

Steps will be taken at this meeting to organize a committee to work among the residents of the rural districts in this end of the county. Among the questions considered will be gardening and canning, the increasing of poultry, simplified food habits, simplified dress habits, food conservation, sewing, the number of articles that should be served at meals, how to use food to the best advantage.

The members of the committee and others interested in food conservation are pleased by the way the men of the several committees are taking up gardening, and it is hoped that the women will become fully as interested in the lines of effort open to them.

It is likely that the women of Ishpeming will be organized by wards, with a committee in charge of each ward, to walk upon the housekeepers to further plans for the saving of food.

The Rev. Bates G. Burt, of Marquette, will be one of the speakers this afternoon.

MUST GET LICENSES.

Motorcycle Officer Thinks Some Autoists Are Putting it Over Him.

Frank Trombly, county motorcycle officer, states that the "L. A. F." cards on automobiles, indicating that the owners' licenses have been applied for, will not be accepted as evidence of this fact after May 25. Mr. Trombly is satisfied that some car owners are "putting one over" on him and that they have not applied for their licenses.

The officer states that exceptions will be made only in the case of parties buying new cars within a week or so prior to the twenty-fifth. Another rule he will enforce will be to compel all persons making applications for license, and not having them on their cars, send him a receipt for their license fee as proof that they have made application. This receipt should be mailed to Mr. Trombly in Marquette and will be used for identification purposes.

GOLF COURSE GIVEN OVER TO GARDENS

Nearly 100 Potato Patches Will Be Cultivated in Tract Owned by Club.

Ishpeming men who have secured garden plots on the golf course are showing keen interest in the work. Many of them can be seen at the gardens every evening, and others go out early in the morning, before starting their day's work in the stores and offices.

Practically the entire course, with the exception of the greens, will be under cultivation, and will be planted with potatoes. The use of the course was secured by the planting committee of the Ishpeming Advancement association, K. I. Sawyer, chairman, M. A. Kahn and E. J. Townsend.

Many of those who have gardens and who have not a great deal of time to work them will have the assistance of experienced gardeners, but most of those who will plant will do the greater part of the work themselves.

In addition to those who will plant at the golf club course, there are several hundred who will have gardens on lands owned by the Cleveland-Cliffs and Oliver Iron Mining companies. Most of the workmen of both corporations will do something in the way of planting, and Ishpeming's output of potatoes and other vegetables will be increased by several hundred per cent. The officials of the companies are doing everything possible to encourage gardening.

The following have taken plots at the Golf club course and in the vicinity of the cemetery:

- Golf Club—
- Howard O'Keefe, Thomas Barge, Carl Brewer, C. J. Shaddick, R. P. Davis, C. H. Moss, K. I. Sawyer, H. T. Hulst, Dr. Smith, Dr. S. G. Main, W. H. Moulton, R. J. Cheneour, James Hodge, Peter Sulbed, James Flaa, Len Flaa, W. A. Wells, J. P. Small, S. Terri, E. J. Townsend, Chas. Hawes, J. H. Williams, Wm. Argall, Thomas Bennett, Andrew Johnson, John Olds, Richard Olds, Ernest Kalm, Gust Johnson, James Mullins, A. R. Meen, Thos. Mallory, Geo. Hathaway, Mr. Kay, M. A. Kahn, Wm. St. John, J. A. Blackney, Thos. Heard, Patrick Collins, Harold Lindbom, Henry Hassenger, A. P. Peterson, Andrew Christian, J. Johnson, Mr. Archland, Peter Carlson, Frank Grenfell, James Eade, Thos. Kuschner, John Pierce, Edwin Richard, Jns. Hawke, A. J. Sundberg, Eric Peterson, Wm. Hart, Ernest Sundberg, C. H. Dawson, H. L. Ramsdell, O. G. Olson, Ivar Lallerstedt, J. S. Wahlman, H. J. Adams, Howard Lally, Herbert Potter, Joseph Martin, John Martin, Carl Palmquist, Albert Stensrud, Joseph Gunville, Oscar Blum, Jack Grummett, Jack Larson, John Larson, Arthur Emblem, Roy Dower, Arthur Devine, Henry Watters, Walter Stromwell, Howard Joachim, William Watters.
- Dr. Vandeventer's Farm—
- Gust Westman, Andrew Hyetsten, Albert Westman.
- Dr. Carson's Farm—
- O. R. Osgood, J. A. Minnear, Wellington Hunt, J. K. Osborne, Dr. T. A. Felch, J. R. Thompson.
- Cemetery—
- Gust Nyquist, Andrew Carlson, Andrew Anderson, Elmore Dobbs and party of five, John Delbridge, Jas. Thomas, Jas. Trembath, Mr. Barabe, Mr. Reebes, Napoleon Mayran.
- School Farm—
- August Olson, Jr., August Olson, Sr., Walter Olson, Arthur Olson, Chas. Forrell, Fred Williams, Mrs. Peter Johnson.

THEATRICAL.

"Satan's Private Door" with Mary Charleson, one of the Essanay's most popular actresses, and Webster Campbell, will be the offering at the Ishpeming theater tonight. Mr. Campbell is a new star with the Essanay company and is a big success in every picture that he appears in.

Miss Charleson has a very strong dramatic part in "Satan's Private Door" and it is said she scores the biggest hit of her career in this splendid feature. She first caught the eye of the nation as leading woman for Henry B. Walthall, and wonderful emotional work has won for her the plaudits of the critics throughout the country. She has surpassed all former achievements in this picture and those who have admired her in former productions can be assured of this fact in viewing "Satan's Private Door."

Excellent Offerings Tomorrow.

Both theaters will have excellent offerings tomorrow night. Clara Kimball Young, now one of the biggest screen stars before the public will be seen at the Ishpeming theater in the World-Brady production of "Trilby," while Stuart Holmes is the star in "The Scarlet Letter," a Fox production, which is said to be a marvelous pietization of an immortal classic by Nathaniel Hawthorne, will be seen at the Butler.

Dustin Farnum Wednesday.

Dustin Farnum, who is fully as popular as his famous brother, William Farnum, and for some time past has been one of the stars in the Paramount program, will be seen at the Butler theater Wednesday night in "The Parson of Panmint," a Pallas production, on the Paramount program. On Wednesday and Thursday nights, the offering at the Ishpeming theater will be William Cross' famous, "200,000 Leagues Under the Sea," for which popular prices will prevail. Seats are being reserved for both evening performances, but there will be

no reserved seats for the matinee, which will start at 2:30.

Gail Kane at Butler.

The offering at the Butler theater Thursday will be "The Men She Married," adapted from the story by Harold Vickers, published in "Snappy Stories," magazine.

SPECIAL SERVICES THIS WEEK.

There will be a celebration of the Holy Communion at 8 o'clock every morning this week, at Grace church, as part of the prayer pilgrimage, being carried on in the different dioceses of the Protestant Episcopal church throughout the United States. This is the week that has been appointed for the diocese of Marquette, and there will be special services in every parish.

We are asked to pray especially for our country, church unity and the peace of the world.

OPEN CAMPAIGN FOR Y. M. C. A. FUND

Two U. S. Army Officers to Speak on Behalf of Association's War Needs.

The campaign for raising \$5,000 in Marquette county for the benefit of the Young Men's Christian association war program will be opened with meetings in Ishpeming and Negaunee this evening, and at Marquette tomorrow night. Captain E. J. Sharp, of Grand Rapids, Mich., and Captain I. D. MacLachlan, of Marquette, who have had personal experience with the work of the Y. M. C. A., on the Mexican border, will explain to the citizens of Marquette county the tremendous value the association service has been to the soldiers and sailors, and the great amount of the work which the association has undertaken to do in the immediate future.

Captain Sharp who served on the staff of Fitz Hugh Lee during the Spanish war, is now at the Mexican border, and is intimately acquainted with all the phases of the work done there by the organization, while Captain MacLachlan, as an army officer, has also been in close touch with the movement and will present the matter to the people of Marquette county from his standpoint.

The meeting in Ishpeming tonight will open at the Butler theater at 8 o'clock, and an invitation is extended to the men and women of the city to be present to hear from direct sources what the association program means to every man, woman and child in the entire country. Why the large funds of money to be raised are required, and why every citizen should aid financially in the movement. The success of the big financial campaign, which the Y. M. C. A. is waging all over the state this month, is almost certain because of the powerful ap-

NOTHING LIKE IT ON EARTH!
Matinee 2:30 Prices 2c5
Evening 8:20 Prices 25c, 35c and 50c.

It has on all informed on its various features.

The amount to be raised for the work at this time is \$30,000,000, of which run Michigan's apportionment is \$250,000, the upper peninsula's share being \$30,000, Marquette county's portion is \$5,000.

The local committees in Marquette, Ishpeming and Negaunee will have their corps of solicitors ready to make a thorough canvass immediately following the public meetings. The Marquette county campaign is under the supervision of J. M. Longyear, of Marquette, M. M. Duncan and J. R. Thompson, of Ishpeming, who are members of the advisory committee of the state Y. M. C. A., while the actual campaign management is in the hands of Ed. Macdonald, E. J. Townsend and J. P. Thompson.

tual work of fitting up buildings for taking care of the soldiers and the financial campaign is being pushed so that the funds will be available at once that the details may be completed and camp equipment ready as the mobilization of the troops progresses. The plans at present call for the erection of 200 buildings, with complete equipment, each building to care for 5,000 soldiers, and costing, on the basis of the border experience, about \$10,000. It will require the services of 1,000 trained secretaries and assistants to properly care for the work. The work has the strong endorsement of President Wilson, government officials and army men and officers to a man and the life of the boys who go to the front will be safeguarded in every way by the efficient and tried program, which the Y. M. C. A. proposes to carry out.

Keep Pace With Nature "Dress Up!"

When the fresh green leaves begin to change the winter beaten trees into things of beauty--when the new grass starts to cover up the bare spots, and hide winter's brown under the fresh new Spring green---

That's the time we all begin to figure on keeping pace with nature, and dressing up in new Spring Clothing.

Our stock of Men's and Young Men's Spring styles awaits your approval.

Come in now and have the full variety to select from. You never saw such styles, values and fabrics before.

Ishpeming

ISHPEMING IN BRIEF.

Miss Jean Craig, of Beacon, visited with friends in Ishpeming yesterday.

Albert Bjork and family are to occupy Mrs. J. Gleason's property, corner Fifth and Vine streets, June 1.

Mrs. James Money and her sister-in-law, Miss Catherine Money, returned Saturday from a short visit in Chicago.

J. R. Thompson, manager of the American mine, arrived home Saturday from a business trip to Chicago and other points.

The women of Grace Episcopal church congregation will hold a pantry sale next Saturday morning, the 27th, at Tilson's store, from 9 o'clock until 12.

Mr. and Mrs. M. J. Olson are here from Duluth, to remain two or three months. Mr. Olson has just finished overhauling some big pipe organs in Duluth.

Leif Erickson, of this city, who has been located at Kalamazoo for the past two years, is in the city visiting relatives. Mr. Erickson enlisted in Company D, M. N. G., on the first call for volunteers.

Several Ishpeming fishermen had good luck fishing the past week, while others have not returned with any considerable number of trout. There were many at the streams yesterday, but it was too cold for good fishing.

Word has been received that Miss Lilian Jackson, of this city, and Mr. Sarrela, a prominent newspaper man of Chicago, were married recently in Chicago. Mrs. Sarrela is a daughter of Mr. and Mrs. Mathew Jackson, of New York street.

A surprise party was tendered Mrs. James Winkler, of Park street, by a number of her friends, on Thursday evening. She received several beautiful gifts and a large bouquet of flowers. Card games and musical selections were the amusements and a dainty lunch was served.

T. A. Kirkish, former well known Ishpeming boy, spent Saturday and Sunday in the city visiting his parents, Mr. and Mrs. A. Kirkish. He departed last evening for Greenland, Mich., where he is at the head of the J. and T. A. Kirkish company, a general merchandise concern.

William P. Belden arrived home Saturday from Chicago and Cleveland. He visited Fort Sheridan and he saw several of the young men from this county who are there training for the officers' reserve corps. They are well pleased with the work and the treatment they are receiving.

J. Quyla, a former Champion young man, was recently killed in battle in France. He went across a few months ago and enlisted in the French army. Word of his death has just been received by his parents in Champion. He was with the American army on the Mexican border for a time before he went across the ocean.

A. J. Ferte, former manager of the upper peninsula branch of the Metro Pictures corporation, was a visitor in the city yesterday. He now travels for the concern out of Detroit, the Escanaba branch having been closed. He still retains charge of this territory and is booking the special feature picture, "The Call of Her People," with Ethel Barrymore in the leading part, for dates in August and September. This feature is now having big runs in both Detroit and Chicago. It is a seven-reel production, with a gypsy story of absorbing interest and great dramatic power.

Among the features at the school athletic entertainment to be given next Friday afternoon and evening in the

Ishpeming theater, under direction of V. E. Turner, physical director, will be a catch-as-catch-can wrestling match between Gordon and Harold Christian. They will wrestle for ten minutes and they will use all of the holds that were used by Waino Kotonen, Mike Yokel, Charles Repton and Johnny Meyers in their wrestling matches here during the winter. The Christian brothers are very clever on the mat and the audience will surely be delighted with their work. Bernard Schroeder will be the referee.

Dance party in the Anderson hall, Tuesday evening, May 22, under auspices of Ishpeming Legion, Jacelek's orchestra will furnish the music and refreshments will be served. Admission, twenty-five cents each.

WOMAN SUFFRAGE AND WAR.

The effect of the war on woman suffrage has been very different from what many people expected. There was a widely prevailing idea that when the war gave the English people something real to think about the suffrage propaganda would be dropped and never heard of again. If that campaign were to dissolve in England it would have no chance in continental countries, where suffrage had made fewer converts.

Although the propaganda was dropped in England and the suffrage leaders took hold of war work with energy, suffrage has won official recognition through the very sacrifice of women and the government is practically pledged to its adoption after the war. In France, where the suffrage campaign had made far less headway, the same result is likely to be accomplished for the same reasons. M. Flaminin, the deputy who has been empowered to bring in a bill authorizing the extension of municipal suffrage to women, told The Sunday Eagle that he had no doubt about the adoption of the bill as a part of the political reorganization which must follow the war, nor much question that general suffrage for women would soon follow the initial step. The reasons he assigns are two. Of course, the great efficiency of the French women, in caring for the wounded and in carrying on the work at home from which their husbands and brothers were called to the front, is the chief of these, but the other is far more poignant. The French philosophy has recognized the family as the social and political unit, represented in public affairs by the husband. But thousands of families no longer have male heads and the injustice of leaving them without representation because they have given husband and father to their country appeals keenly to the logical French mind.

We call this the war of democracy, but we are likely to get democracy from it in ways undreamed of when the war began. Conscription is democratic in that it leaves the man who does not want to serve no way to escape by hiring a substitute, as did the drafts of the Civil war, while the principle of universal service is being applied to industry in novel ways. It is too early as yet to see what the end will be, but it is not too early to foresee that both political and industrial conditions will be as greatly changed after this war as they were by the Civil war.—Brooklyn Eagle.

HOW'S THIS?

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm. Sold by all druggists. "The Hall's Family Pills for constipation."—Adv.

Negaunee Department

SEEK TO RECRUIT MEN FOR ENGINEERS

Recruiting Officers for Upper Peninsula Battalion Open Headquarters Here.

Recruiting officers for the Upper Peninsula's Engineers' battalion will be in the city for a few days this week and will make an extended drive to recruit men. There are a number of M. C. M. alumni in the city and with their cooperation it is expected that a large number of recruits will be secured here. Two young men, who have learned the plumbing profession, have already sent their applications to the officers of the company. Eugene Houle, who is employed by the Michigan inspection bureau, and a former student at the Michigan College of Mines, has enlisted in the company.

Several Negaunee young men, who are familiar with automobile mechanics, have offered their services to the company and will probably be accepted by the recruiting officers during their stay here. Another man, who is a telegraph operator, will also join the engineers. Mayor Robbins has granted permission for the use of the city council chamber to the recruiting officers and during the time that they are here. The upper peninsula engineers will probably be the largest unit to be formed in Michigan for the present war and it is likely that the members of the battalion will be among the first to go to France.

Edward Beaulier, son of John Beaulier, of this city, who left here a couple of weeks ago to join the army, has notified his parents that he is now stationed at El Paso, Tex., as a member of Company M, Twentieth Infantry. "You ought to see me in my army uniform. You would not take me to be thirty-six years old. I look more like a twenty-year-old kid," writes Private Beaulier to his parents.

"We were fitted out with our uniforms at Jefferson Barracks and here is what we got: Two khaki suits, two hats, four pairs of underwear, four shirts, six pairs of socks, two pair of shoes, six pair of laces, two blankets, knapsack and toting outfit.

"The number of men sent from the barracks in four days amounted to 7,000 and when they had gone there were over 6,000 remaining. At Jefferson Barracks I was in the Sixteenth Cavalry, but am now in the Twentieth Infantry. All of the fellows who left Escanaba with me are in the same company and we have some mighty good times together.

"Two weeks ago I thought that I liked to travel and see the country, but now I have had my fill of that and am willing to remain in one place. I think that I have been traveling all the time since I left Escanaba. When not traveling we are drilling. We left St. Louis for the border on a Thursday night and rode night and day until Sunday evening, when we arrived at Fort Bliss, Tex. There are 30,000 soldiers stationed here and we dare not cross the border with our uniforms on because as soon as we do there is trouble with the 'Greasers.'

"There is certainly some difference between the north and the south even in the buildings and the people. As for Mexicans, I don't like them at all, and I do not believe that they get much love from any of the Americans.

"The heat here is different from what we used to get at Negaunee, but it does not bother me as much as it does some of the other boys. I have seen some real cattle round-ups already and it has got the moving picture kind beat. Everything is in bloom in this section and it sure is lovely.

"Yesterday we had an eight-mile hike into the foothills and saw many small bands of Mexicans. We camped there for the night and returned to the fort in the morning. I am unable to tell you how long we will be here as no orders have been announced yet."

AT FORT SNELLING.

Albert J. Rough, eldest son of John Rough, of this city, who is a prominent mining man at Virginia, Minn., where he has been located for the past couple of years, and who was a member of the Minnesota National Guards on the Mexican border, has gone to Fort Snelling, Minn., where he will be a member of the engineers' reserve. Mr. Rough received an honorable discharge from the state militia following his service on the border.

Theatrical.

The feature at the Star Theater today will be the long-heralded appearance of the popular young star Norma Talmadge in the first of her Selznick-Pictures productions, a screen version of the noted drama "Panthea" by Moneckton Hoff. Miss Talmadge recently severed connections with the Triangle Company to appear at the head of her own producing organization under the Selznick banner.

In "Panthea" Miss Talmadge plays the role made famous on the stage in this country by Mme. Olga Petrova, a role that gives the young star the best chance of her career to make the most of her emotional powers. From press reports in New York and other large cities where the picture has been shown Miss Talmadge has surprised even her most ardent admirers by the manner in which she enacts scenes in which the story of "Panthea" abounds. Matinee starts at 2 p. m.

Royal.

Wallace Reid and Anita King, will be seen in "The Golden Fetter." A thrilling western photodrama produced by Lasky Paramount.

BIG MEETING TODAY.

Food Conservation Committee Will Have Good Speakers At Guild Hall Today.

Several speakers will outline the plans that have been made by the members of the food conservation committee at a meeting which will be held this afternoon at 2:30 at the Guild Hall of St. John's Episcopal church.

Every housekeeper in the city is urged to be present at the meeting which will be free. Rev. G. Bates Burt, of Marquette, will be present and will give the movement and will tell why the movement is necessary. Miss Margaret Justin, of the Food Economics Department of the United States Department of Agriculture, will be present and will give an outline of how housewives can best serve their country in the conservation of food.

Meetings for instruction will be held frequently in the city by Miss Justin and her assistants and ward committees will be appointed to call upon the housewives and urge their hearty cooperation, by avoiding waste and to encourage planting of gardens and the home canning of all surplus vegetables and fruits.

The county committee is as follows: Negaunee—C. V. R. Townsend and Mrs. T. C. Yates. Ishpeming—Mrs. Ed. J. Butler. Gwinn—Mrs. W. W. Graf. Marquette—Margan W. Jopling. Miss Margaret Justin, Miss Della McCallum, Mrs. W. D. McIntosh and F. B. Spear Jr.

CARD OF THANKS.

We desire to express our appreciation to the many kind neighbors and friends for their kindness and sympathies extended during the illness and death of our beloved husband and father. We are grateful to those who sent flowers and in a special manner we wish to thank Mr. W. J. Crocker and the members of the Echo Band of Palmer. Mrs. Alfred Williamson and Children.

LOCAL LAONICS

Fred Roberts has taken a position with Otis Rule.

Abel Heinenen is here from Ashtabula, O., on a visit with relatives and friends.

Captain James H. Rough has returned from a two weeks' visit at West Baden, Ind.

F. D. Klinglund has returned from Chicago, where he spent a few days on business.

John B. Perenchio left yesterday for Duluth, where he will spend a few days on business.

A regular meeting of the Order of Owls will be held Wednesday evening in Kirkwood's hall.

G. L. Fredstrom, who has been located at Detroit for the past year, has returned home.

Miss Margaret Whalen, of Republic, spent the past few days in the city, the guest of Miss Dodge.

Mrs. A. H. Knight arrived home yesterday morning from a two weeks' visit in the lower peninsula.

John Kuzak and his mother have returned from a few weeks visit with relatives and friends at Detroit.

Mrs. A. V. Brazeau has returned from Iron River, where she spent a few days visiting with relatives and friends.

Mrs. T. H. Roberts who has been a patient at Waukesha, Wis., for the past several months, has returned home.

Mrs. John Ellis has returned to her home at Gwinn after spending a few days visiting in the city with friends.

Mrs. Al Hooper has returned from Duluth, where she spent a few days visiting with Captain and Mrs. John Perkins.

Miss Marie Flicher, who spent a week in the city visiting with Mrs. Barbara Sulvey has returned to her home at Greenland.

Mr. and Mrs. Andrew Johnson, of Chatham, are spending a few days in the city visiting with Mrs. August Olson, Case street.

Arthur Sawbridge, of Chicago, city passenger agent for the Illinois Central Railroad, spent yesterday in the city visiting with his folks.

Mrs. A. J. Rossiter and two children are here from Butte, Mont., on a visit with her parents, Mr. and Mrs. J. H. Locking, Bluff street.

Mr. and Mrs. Eric Johnson and two children of Calumet, are here on a visit with Mrs. Johnson's mother, Mrs. William Kent, Rock street.

Elmo Teddy, a son in law of Michael Cox, Jackson street, is here on a visit with the latter. Mr. Teddy has been located at Oglesbee, Ill.

Paul Bell, who is employed as a chemist for the Oliver Iron Mining company at Ironwood, spent yesterday in the city visiting with his folks.

Jafet Rytokonen spent the past week at Three Lakes, where with the aid of a carpenter he built an addition to his summer home there. He also made provisions for the cultivating of a small farm.

The members of the Echo band, of Palmer, will give a picnic next Sunday at the Farmer's hall south of Palmer. An attractive program of sports is being prepared by the members of the band and an enjoyable day is promised those who attend. The hall is located seven miles from Palmer and eight miles from Gwinn.

CITY WILL SUBSCRIBE FOR \$25,000 OF LIBERTY LOAN

Commission to Pass Resolution Tonight Favoring This Action—First in State.

At the meeting of the commission tonight a resolution will be passed authorizing the officials in charge of the city's finances to subscribe for \$25,000 of the Liberty Loan.

Marquette will, it is believed, be the first city in the state to make subscription to the loan. Mayor Marx has recommended that Detroit invest \$100,000 in the bonds for the sinking fund, but action will not be taken until tomorrow night. If Detroit subscribes, Marquette will have anticipated it by twenty-four hours, and, furthermore, the per capita subscription will be much greater in Marquette than in Detroit.

Mayor Begole, who considered the matter in all its phases Saturday morning, reached the conclusion that Marquette should give practical support to the government by investing its surplus money the coming year in the Liberty Loan. He presented the subject to the commission informally, and within half an hour had their endorsement of the plan, and their agreement to support the resolution that will be presented this evening. Without exception, the commissioners warmly commended the proposed investment.

The money to be placed in the bonds will be the earnings of the electric light and power plant and the water plant for a good part of the ensuing year. There will be no use in the purchase of money raised by taxation, which will be used for the purposes for which it is designated in the budget. Payment on the bonds can be made in installments, and the city treasurer, it is said, will have no difficulty meeting the installments as they fall due.

tion with the government. Detroit contemplates an investment of \$100,000 in the bonds, but action has not yet been taken. Marquette will be, I believe, the first city in Michigan to subscribe to the bonds. But there should be many others. Every city on a sound financial basis should be able to make a substantial investment in these securities.

"Our finances are in such satisfactory condition that we will have no difficulty paying the installment on the \$25,000 as they fall due. They will be met largely by the earnings of the light and power and the water plants. We have no extraordinary expenditures to make this year, and the purchase of the bonds will not compel us to skip any of the necessary and normal activities of the city. We will purchase the bonds under a sinking fund provision of the charter."

May Curtail Activities.

Members of the commission have given some thought to the question whether some of the projected activities of the city government shouldn't be postponed. It is probable that the projected improvement work at Presque Isle, for which George Shiras 3rd gave \$5,000 and for which the city appropriated a similar sum, will be permitted to go over until after the war, but pressing work on the streets will be done. For one thing, the commission expects that the labor situation will presently become serious, and that it may be a good deal of a problem to secure men to carry on in the most effective manner even work that is absolutely necessary.

SEEK ENGINEER RECRUITS HERE

Recruiting Officers of Upper Peninsula Unit Open Offices in the City.

A drive for recruits for the Upper Peninsula Engineers' battalion will be opened in Marquette today with headquarters at the Red Cross shop, by officers who are now at work organizing the unit.

Under the leadership of A. T. Sweet, recruiting officer for the battalion, and Sergeant Alvin Beck, determined efforts will be made within the next three or four days to enlist at least twenty-five or thirty men from Marquette. Skilled mechanics and laborers of all kinds are wanted, as are men who are willing to learn a trade. The officers state that they are especially anxious to enlist telegraph operators, ax men, and lumbermen familiar with timber work beginning with rounded timber up.

The idea of organizing the Upper Peninsula Engineers' battalion is credited to the alumni association of the Michigan College of Mines which agreed to organize such a unit. It is probable that an effort will be made to secure another battalion of engineers in lower Michigan. Major Vallat, of Detroit, has been named to head the upper peninsula unit.

The Alumni association of the Michigan College of Mines, acting in the interest of the Michigan battalion of United States Engineers, is making a strong effort to induce the war department to select the copper country as a permanent camp for the training of engineers.

Major Vallat thinks the selection is possible. The alumni are going to make it certain if they can. A part of the campaign is the mailing of a circular letter to the business men of the upper peninsula.

FLUFF RUGS.

Mr. J. D. Thomas, the reliable rug agent, will be in Marquette, at the Queen City hotel, the first or second week in June. Orders will be taken as on former occasions. 5-18-17.

The reason Burns Family Soap is having such a big sale is because ladies are finding the difference between the common cheap laundry soap and a pure soap. 4-9-17.

RED CROSS CAMPAIGN WILL CLOSE TODAY

Ward Committees Will Visit Every Home in City—Officers Urge Support.

The Red Cross membership soliciting campaign ends tonight.

Ward committees will call at every home in the city today, seeking support for the movement, and it is expected that the results of the effort will be gratifying.

"We believe that by tomorrow night Marquette will have a Red Cross membership of which it may justly be proud," declared one of the officers yesterday. "We are going to visit every home in the city today, and give those who have not yet come forward a chance to increase the local chapter."

"We believe that those who have not yet joined the Red Cross do not understand the objects and requirements of the organization. Surely no American can begrudge the small membership fee to an organization which is performing such great work, particularly when that the combined new entrance fees will mean a greater field of action."

While Americans, generally, believe that the Red Cross is an American organization and that America is doing more for humanity than any other nation, the United States ranks very low, comparatively, in Red Cross memberships. Japan, with a population of 40,000,000, has 1,800,000 members; Germany, with 67,000,000 population, 1,400,000; Russia, with 171,000,000 population, 1,200,000 and the United States, with 100,000,000 but 250,000.

A Red Cross nurse says: "After seeing the wonderful work accomplished by the Red Cross during the San Francisco earthquake, the Ohio floods and the Titanic and Eastland disasters, it is hard for me to understand how, in the face of such a crisis as now exists, Americans can be so slow in responding to the call for Red Cross memberships, and for support in the work of the organization."

Following are the committees who will have charge of the soliciting in the various wards of the city:

First Ward—Mrs. T. B. Catlin, chairman; Mrs. George Denny, Mrs. James O'Reilly, Mrs. Rodias Wiseman, Mrs. W. J. Wiseman, Jr., Mrs. Albert Shauer, Miss Nell Denny, Mrs. J. D. Mangum, Mrs. J. H. Lewis, Mrs. W. E. Pellier, Mrs. Henry Peltier, Mrs. A. E. Grimsby, Mrs. Ernest Longtime, Mrs. James Fraser, Mrs. Samuel McLain, Mrs. Alec Fraser, Mrs. Jacob Smyth, Mrs. Wm. Smith, Miss Gladys Eymar, Miss Vancie Durocher, Mrs. Brassard, Mrs. Ann Martin and Mrs. George Sambrook.

Second Ward—Mrs. Chas. Willeson, chairman; Mrs. J. S. Courtney, Mrs. L. S. Reindinger, Miss Nellie Atfield, Mrs. Jas. Maloney, Mrs. Carl Siegel, Mrs. G. Onge, Mrs. Jas. Gray, Mrs. Geo. O'Neill, Mrs. Goudreau, Mrs. L. Blaser, Miss Mary Carey, Miss Pauline Maney, Miss Kitty Mulvey, Mrs. Thos. Payne, Mrs. Geo. La Branche, Mrs. Geo. McCormick, Mrs. A. E. Olivier, Mrs. W. C. Foard, Mrs. D. Keough and Mrs. Stewart Zyrd.

Third Ward—Mrs. Chas. J. Johnson, chairman; Mrs. Charles Brainerd, Mrs. J. H. Kaye, Mrs. James Deagon, Mrs. M. W. Anderson, Mrs. K. S. Barker, Mrs. A. H. Palmer, Mrs. H. J. Hornbogen, Mrs. Pearl Powell, Mrs. J. C. Gannon, Mrs. H. R. Harris, Mrs. A. K. Moore, Mrs. Edgar Bell, Mrs. C. E. Lytle, Mrs. A. E. Miller, Mrs. E. C. Watson, Mrs. James Sherman, Mrs. L. R. Walker, Mrs. Frank Spear, Mrs. Charles Begole, Miss Emily Phelps, Mrs. George Sherman and Mrs. W. A. Urich.

Fourth Ward—Mrs. A. E. Archambeau, chairman; Miss Gus Primeau, Miss Nellie Beaton, Mrs. H. H. Landry, Miss Florence Archambeau, Mrs. M. G. O'Hara, Mrs. O. D. Lyons, Mrs. A. T. Sheldon, Mrs. A. R. Watson, Mrs. John T. Adams, Mrs. C. J. Young, Mrs. C. J. Young, Mrs. John Drouin, Mrs. John Lang, Mrs. W. J. Ellison, Mrs. E. W. Jones, Mrs. J. R. Macdonald, Mrs. Guy Freese, Mrs. E. A. Spessard, Mrs. A. A. Weiser, Mrs. J. M. Biscomb, Mrs. A. E. Archambeau, Mrs. J. B. Coy and Mrs. E. R. McPhee.

Fifth Ward—Mrs. W. B. McClintock, chairman; Mrs. R. W. Scott, Mrs. E. R. Tauch, Mrs. Nola Flodin, Mrs. E. E. McIntosh, Mrs. D. F. Stull; Gordon Plourd, Arthur Treloar, Mrs. Louis Vierling, Irene Siefert, Mrs. Herman Shauer, Mrs. C. Peterson, Edith Wright, Mrs. C. C. Carlisle, Mrs. W. S. Wright, Miss Maxwell, Miss Linton, Mrs. M. E. Asire, Mrs. G. F. St. John, Florence Rydholm, Gertrude Peterson, Amanda Maki, Marnie Beatti, Mulda Elson, Marie Jackson, Grace McCall, Mamie Macinver, Arbutus Brown, Margaret Artz, Eva Prince Celeste Frechette, Tille Blongren, Mable McKie, Mrs. J. E. Lautner, Florence Barber.

FEEL ALL USED UP?

Lots of Marquette People Do. Does your back ache constantly? Do you have sharp twinges when stooping or lifting? Feel all used up—as if you could just go no farther? Why not look to your kidneys? Why not use Doan's Kidney Pills Marquette people have done so. They tell you the result.

Mrs. Samuel Devine, 511 W. Bluff St., Marquette says: "About a year ago, I suffered awfully with my back and kidneys. I could hardly get about my housework because I felt so miserable. My kidneys were out of order and caused annoyance. My back ached nearly all the time and I shall never forget how badly I felt. I had a lot about Doan's Kidney Pills and began taking them. They relieved me of the trouble, and are what other kidney sufferers should use."

Price 50c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Devine had. Foster-Milburn Co., Props., Buffalo, N. Y.

TO FIGHT PROPOSED INCREASE IN RATES

Carpenter Cook Urges U. P. Shippers to Protest Against Proposed Boost by Railroads.

Appealing for support in a movement to prevent the railroads of the upper peninsula from obtaining a 15 per cent increase in freight rates, the Carpenter Cook company, of Menominee, has sent to the Marquette Commercial Club and to J. C. Gannon of the Gannon Grocery company, telegrams urging that they immediately protest with the Michigan state railroad commission, against any increase. The Menominee firm has issued similar appeals to all the Commercial clubs and leading wholesale business houses of Cloveland.

The appeals follow:

"The railroads are trying to obtain approval of commercial clubs and large firms of Cloveland for 15 per cent increase in rates. Upper Michigan distance tariff rates are now from 60 per cent to 110 per cent higher than rates in the lower peninsula for the same haul. Protests should be filed with the Michigan State Railroad commission at Lansing against any increase in upper peninsula rates."

"The Carpenter Cook company has launched a vigorous campaign against the proposed increase, in behalf of the shippers of Cloveland. An expert accountant of the company, has compiled the following table, relative to freight rates:

"Less than car-load freights are divided into four classifications. Most of the shipments by local jobbers are of third and fourth classes. For many years the upper peninsula has been discriminated against in these rates, and it is an outrageous proposition to think of increasing them now, unless all the rates are revised so as to make them fair for all of Michigan and Wisconsin. The fifteen counties of Cloveland have been overcharged for years, and have paid the railroads in advance for anything that may be due them at this time.

Unfair Distinction.

"I refer particularly to intra-state rates, as distinguished from inter-state rates.

"Take, for example, a fifty-mile haul of the various classes of freight within the state of Michigan. In the upper peninsula the four rates are as follows: 1st, 36 cents; 2nd, 30 cents; 3rd, 24 cents; 4th, 20 cents. In the lower peninsula the similar rates for the same haul are: 1st, 20 cents as against our 36 cents; 2nd, 17.9 cents as against our 30 cents; 3rd, 13.7 cents as against our

24 cents; 4th, 10.5 cents as against our 20 cents.

"For the same distance in Wisconsin the rates compare as follows: 1st, 23.4 cents as against our 36 cents; 2nd, 19.9 cents as against our 30 cents; 3rd, 13.6 cents as against our 24 cents; 4th, 11.7 cents as against our 20 cents.

"Even the inter-state rate, presumably higher than the rates solely within states, is lower than the local upper peninsula rates. Take these official figures for the 50 mile haul: 1st, inter-state 32 cents against our 36 cents; 2nd, 27 cents against our 30 cents; 3rd, 21 cents against our 24 cents; 4th, 16 cents against our 20 cents.

Highest Rates Today.

"The freight rates in the upper peninsula today are higher than the freight rates in any state, or any part thereof, east of the Mississippi River, and it is easy to understand why the shippers here do not view with enthusiasm still further increases and still further discrimination.

"It is argued that the proposed 15 per cent increase would be very little. It would, for the favored parts of Michigan. It increases the freight rates of every upper peninsula shipper three cents, or just double that of his fellow citizen below the straits.

"It costs as much to send a fourth-class shipment from Menominee to points on the Soo road east of Marquette and on the South Shore east of Marquette as it does to send the same shipment to these points from Chicago, more than 250 miles further distant."

A Chance For All

The Liberty Loan War Bonds offer a chance to all to give service to the Nation.

Buy a War Bond for all you can spare. Bonds come in denominations of Fifty Dollars and up to a half million. If you cannot spare Fifty Dollars all at one time you can arrange with us for the purchase of a bond and make weekly payments upon it. When you have completed your payments we will turn over the bond to you.

All can serve and we will help you buy YOUR bond if you wish thus to show your patriotic loyalty. The money sacrifices we make at home will keep our Army and Navy fit at the front.
