Lack of info plagues zoning process

The Schoolcraft County Zoning Board of Appeals Chairperson Dixie Klagstad told county commissioners at Friday's audit/finance committee meeting that zoning and the zoning appeals process has to change to be effective for the county. Klagstad said there is a lack of communication between the various county departments who have ties to zoning such as the health department, surveyors and the building department...

unforeseeable (zoning) ordinance." Klagstad said the zoning ordinance was not enforced enough in the past and people built where and how they wanted to without penalty. "By not enforcing the ordinance we are punishing the people who are going by the rules," she said. "A lot of time and money has been spent on the new zoning ordinance and if it is not enforced, it will be useless."

Mike Setterlind (left) was named Rookie of the Year in the Street Stock class at Norway Speedway this summer. Setterlind said Paul Bosen (right) was a big part of his success.

Setterlind; Bosen excel with the accelerator

The secret to Mike Setterlind's success in race car driving is simple. "It's very exciting and scary," he said. "There is nothing quite like it. When you're running good it's really good, but when you're not, it's frustrating. There is a lot more to racing than just slamming down the gas pedal."

Bow hunter make their mark on deer herd in UP

There are more firearm deer hunters, but according to a Michigan Department of Natural Resources Wildlife Biologist, bow hunters are getting the first crack at the big bucks. "The number of bow hunters has increased three-fold over the past 10 years," said Greg Souliere of the South St. Marie DNR office...

City to finish multi-purpose building

By Robert Kirkbride
The Manistique City Council voted Wednesday, Oct. 13 to accept a Michigan Department of Natural Resources Recreation Bond Grant to begin the final work on the city's multi-purpose building this spring. The \$211,600 grant will cover a subsoil heating unit, artificial ice skating, ice rink floor insulation, ice rink floor concrete, perimeter floor/concrete, block walls, floor plumbing and lockey boards.

Manistique will designate a Manistique Area Building Authority. "The Manistique Area Building Authority shall be responsible for the general administration of the facility including cost of maintenance and operation, establishment of fees, and scheduling usage," the document explains. Some of the uses outlined in the brochure are car shows, conventions, entertainment, exhibitions, town meetings, special events, basketball courts, roller skating, art shows, ethnic festivals, exercise, recreation, sporting events and tennis courts.

The Manistique Community Players will present "Rumors" on Oct. 23, 27 and 30 at 7:30 p.m. at the auditorium in Manistique high school. The cast is (top to r) Marian Bauer (Claire), Carole Cooper (Cookie), Janet Giles (Cassie), Toni Rozich (Chris) (bottom l to r) Kenn Burrow (Lenny), Ray Wightman (Ernie), Roger Pratt (Glenn) and Bruce Plackowick (Ken).

Paul Weber and Jessy Broemer were named king and queen for this year's homecoming celebration at Manistique High School. The "royal couple" was crowned during half time of Friday's varsity football game against Munising.

At home with Sarah

by Sarah Bignall

This is apple harvest time and there seems to be an abundance of apples this year. Down on the Garden Peninsula there is such a wonderful variety of good apples. We are fortunate to have so many available in our area. I found an old recipe card, yellow with age, that was apparently printed by some food processing company as advertising. I don't remember where it came from, but it makes a great apple cake.

- APPLE HARVEST FLUFF CAKE
- 1 teas. baking powder
 - 1 1/2 cups flour
 - 1/2 teas. salt
 - 1 1/2 cups sugar (divided)
 - 6 eggs, separated
 - 1/2 cup apple juice
 - 1 tbl. lemon juice

Sift together baking powder, flour, salt and 3/4 cup sugar. Set aside. Beat 6 egg whites in a large bowl until soft mounds. Gradually add 3/4 cup sugar, continue beating until very straight, glossy peaks form. Do not underbeat. Combine in a small bowl 6 egg yolks, apple juice and lemon juice. Add dry ingredients and beat 1 minute. Fold batter into egg whites, one third at a time, until egg whites are completely blended. Do not stir. Turn into an ungreased 10" tube pan or Bundt pan. Bake in a 350 degree oven for 45 minutes. Invert tube pan and cool thoroughly at least one hour. Frost with Harvest Frosting.

HARVEST FROSTING

- In top of double boiler, combine:
- 1 cup sugar
 - 1/3 cup apple juice
 - 2 tbl. light corn syrup
 - 2 unbeaten egg whites

Cook over boiling water, beating constantly until mixture stands in peaks. Remove from heat. Add: 2 tbl. grated apple 3-4 drops yellow food coloring. Continue beating until thick enough to spread. Fold in 1/2 cup chopped nuts.

Sarah says . . . Dented plastic toys, such as molded dolls, balls, or beads, can be restored easily. Bring the toy to a bowl in a pan of water and the dent will pop right out.

Food for thought . . . You can't give or take anything with your fist clenched.

The 1993 Manistique High School Homecoming Court was announced during halftime of Friday's football game. Jessy Broemer and Paul Weber were queen and king.

Medicare pays cost of flu shots

For Medicare beneficiaries enrolled in Medicare, there's good news. Since May 1, 1993, the cost of getting a shot to protect you from the influenza virus has been covered by Medicare.

Pasty sale is slated

The First United Methodist Church will hold their regular monthly pasty sale Wednesday, Oct. 27 and Thursday, Oct. 28 at the church. Call 341-6662 for advance orders.

Flu shots are given once a year, usually in the fall or winter. Medicare payment for the shot will be for the full amount and beneficiaries will not have to pay a deductible or co-insurance amount. A doctor's prescription or supervision is not required to have this vaccination covered by Medicare. People are encouraged to get a flu shot every year. Even if they have had flu, they need to protect themselves against each year's new type of flu, and the best time to get the shot is in the fall. It's easy to get a flu shot. You can get it at your doctor's office, your local health department, or

If Vicki Ansell, Manistique, will stop at the Pioneer-Tribune office she will receive a free theatre ticket for Cinema 1.

Snow fell at the end of last week to start the winter weather season. The Farmers' Almanac calls for two feet of snow accumulation before the end of October in our area.

White honored

Dan White, of Portraits Plus, took top honors at the recent Upper Peninsula Professional Photographers Association print competition. Dan received a red ribbon, two blue ribbons, and the highest honor - Best of Show. The winning photograph, "A Class Act," received high marks from a distinguished panel of judges.

Meeting set

The Schoolcraft County Historical Society will meet on Monday, Oct. 25 at 2 p.m. in Conference Room No. 1 at the Courthouse.

Eagle Scouts

The Manistique area is home to many dedicated individuals. Very few are more dedicated than the men who have earned the rank of Eagle Scout in the Boy Scouts of America.

Only 2 percent of the boys who join the scouting program attain such a high rank.

It is a long, hard road, but as we can see in our community, the character-building skills are invaluable to the individual and the people around him.

The Eagle Scout project recently completed by Jon VanDyck is just one example of the many ways scouts help make our area more pleasant to live in.

Becoming an Eagle Scout is just the first step in a man's life. The lessons learned through scouting are built upon throughout one's life.

These lessons would not be passed on without the help of the dedicated individuals who guide the scouts on their path toward adulthood. The parents and scout leaders are truly heroes and set a wonderful example for the teens.

In a time when teenagers are sometimes seen as a liability instead of an asset, we salute the Eagle Scouts, past, present and future and the Boy Scouts of America for their contribution to our community.

Gov. Engler, continued

Continued from Page 1A

Engler said he is in favor of the agreement that would drop trade tariffs between the United States, Mexico and Canada.

"It means more jobs for Michigan," he said. "When we remove trade barriers, it helps us."

Another nation said addressed by Engler was health care reform.

"We don't feel we can analyze the issue yet because there is no solid bill to look at," Engler said. "We do have a Health Policy Office set up."

"All we know is the costs are going to be staggering."

"We flatly reject the idea of the government as a single payer. That would be a terrible disaster."

Letters to the Editor

Dear Editor:

There have been a number of things said about the development of our lakeshore lately, and until now I have felt no response to them on my part has been necessary.

Over the past year a number of letters to the editor have been based on rumor, conjecture and misinformation. I would like to state a few of the facts as I see them. First of all, the city is not selling any lake frontage. The council is considering putting up for bid a parcel of land that does not include any lake frontage. If the city decides to put the parcel up for bid, they have the right to accept or reject any offer they feel is in the best interest of the city. The city council is, in fact, the group of people we voted for to make decisions for us since 4,000 of us can not get together to decide what to do.

After asking for suggestions from the community as well as offering to discuss my philosophy toward business and this community, not one person opposed to my project has attempted to contact me to discuss my proposal. How can someone who has never talked to me tell the residents of this area what I think.

Bill Giles

As subscribers to the Pioneer-Tribune and frequent visitors to Manistique my wife and I have been following the Lakeshore Development issue with great interest. We own property near Nahma and spend two to three months a year in your beautiful area with plans to make it our permanent home in just a few short years.

We have lived in the Traverse City area for many years and have watched what development, especially uncontrolled development, can do to an area in a relatively short period of time. We lived here before the malls, the resorts, the condos and anything else they could build on 100 feet of water frontage in the name of progress. At one time you could drive down U.S. 31 and actually see the east arm of the Grand Traverse Bay. We had once residential homes and small Mom and Pop Motel/Cabins in now giant condo or hotel type structures that use every inch of property they can build on. Yesterday East Bay Township passed millage that allowed the township to purchase the last 100 foot lot left on the bay to preserve it from future development. Property values have skyrocketed, high taxes are levied long time residents from their homes and once beautiful cherry orchards on the peninsula are now becoming subdivisions and condos.

The Grand Traverse area is still a beautiful place to live but for anyone who has lived here for awhile it isn't what it used to be and we will never be able to replace what has been taken away in the name of progress.

In the September 30 issue of the Pioneer-Tribune Mr. Giles stated "I don't want Manistique to become another Traverse City." If this is true Mr. Giles should re-think his development plans and work with the people of Manistique to find ways to preserve the lakeshore for the pleasure of future generations. The concerned citizens of Manistique must keep complaining and be vocal at any chance you get. If

your elected officials won't listen vote them out in the next election and elect people who will. You can't stop progress but if every one works together you may be able to control it and avoid becoming "another Traverse City" in the next 20 years.

The only ones who will benefit from this development are the developers.

Downstate Differences

by Robert Kirkbride

Sugar-beaters like me who are from below the bridge have a different way of viewing things. Not better, not worse, just different.

In this column, I will try to explain some of the differences and why they exist.

Yes folks, it's getting to be that time of year again. Bait piles are being stocked with carrots and sugar beans.

Hunters are dusting off their rifles and loading their Upper Peninsula in full force.

Growing up in the city-downstate, hunting was not a big priority. I've hunted for small game: squirrels, pheasants, grouse and rabbits, but I've never hunted deer.

This year all that is going to change. I'm a Yooper now and would miss deer season for the world.

I realized how important the season is soon after I arrived in the UP.

People started talking about the "Big Hunt" in about July. I would overhear people talking about how they saw a huge deer on the way to Steuben or the big one down in Garden.

Well, less than a month and the rifle season starts and those people can sit and wait for the big buck. You can tell deer season is about to begin by the look in some people's eyes around town. There is a sharpness in their stare. The lethargic haze of summer has been replaced by a keen glare, ready to strike when the buck crosses their path.

The feeling is contagious.

You can't go anywhere now without seeing somebody in their camouflage outfit or bright orange hunting cap.

Manistique Area Schools are shut down for opening camp in some people's eyes around town. There is a sharpness in their stare. The lethargic haze of summer has been replaced by a keen glare, ready to strike when the buck crosses their path.

I had the great pleasure of talking to Ted Nugent this past spring. For those of you who don't know, he is a rock-n-roll star and one of the most accomplished bow hunters in the world.

He was in Grand Rapids signing autographs at an archery store before a "Damn Yankees" (his band) concert in Muskegon.

Talking to the Motor City Madman (his nickname) is easy to catch hunting fever. The thrill of the hunt. This is what I learned that day and that is what has been reinforced by living in the Upper Peninsula.

This year I'm going to hit the woods.

I still don't know if I have the stomach to shoot a deer. It's not that I think it is wrong or anything like that. It's just that I really enjoy watching them run through the woods.

If it comes right down to it will I be able to pull the trigger? Who knows. Maybe that's part of the thrill of hunting - to find out if you have the stomach to actually pull the trigger and drop the buck.

What I'm looking forward to is the camaraderie. Half a dozen guys in a small cabin drinking beer and getting crazy. No women, no job, no pressure (although all of these subjects are talked about).

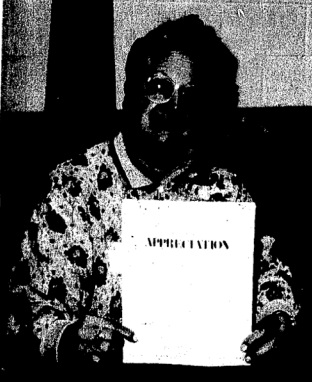

I'll probably just come home with a hangover - without a deer.

But I can say I was there and gave it a try.

Good luck to all the hunters! If you see a guy wandering around in the woods who looks lost, it'll probably be me. Just point me in the direction of the nearest road. I'm sure I'll find my way there.

I've had a lot of comments on my column and have had many people give me ideas on downstate differences. Now it's your turn. Write me and tell me an experience you have had downstate that the readers of this column might enjoy. Be sure to include your name, address and telephone number. Senior Companion Bernice Anderson of Manistique was recognized for nine years of service in the organization.

Companion dinner held

The Senior Companions of Luce and Schoolcraft Counties celebrated 10 years of programming on Friday, Oct. 8, 1993, with a recognition dinner held at the Garfield Township Hall in Engeline.

Activity Director Sally Schuster of the Medical Care Facility in Manistique gave the welcome address.

SXI Supervisor Brian Marier of the Alpha Life Skill Center in Newberry was the guest speaker.

The honorees were pinned with corsages during the afternoon in-service and recognized individually during the evening banquet with certificates, plaques, pins or engraved year plates according to years on the program.

Those recognized were: Emmett (Shorry) Crown of Combs for 10 years; Bernice Anderson of Manistique for nine years;

Fern Heistand of Gulliver for six years;

Jean Hider, Ruth Moon and Stephen Monroe, Sr. - all of Manistique for five years;

Helen Hase and Hilda Roe, both of Manistique for four years;

Eldora Ot donated a beautiful hand-crafted doll that was won by Policy Advisory Council member Charmaine Lehman of Manistique;

Betty Smith donated a hand-crafted "Witch Doll," which was won by Susan Bjorn of Northwoods Home Nursing;

Mary Burton from the Alpha Skill Center donated the centerpieces that were also used as door prizes.

The Senior Companion Program is under the direction of Alice Gustafson and administered by the Menominee-Delta-Schoolcraft Community Action Agency, 507 First Ave. North, Escanaba.

As all those Angels of Mercy who make up the staff and workers in all areas of the UP, we honor you only say a big thank you and call again!

I refer to the wonderful work and care of "North Woods Home Nursing, City and Country wide. They are very adept and cheerful in their profession. This alone can account for in my many years of ambulance serving the same areas.

One incident comes to mind of an elderly woman off the airport Road who was ailing and not able to walk. She refused to come in by ambulance and called for Dr. Wehner to come see her. After two attempts we had to leave and came back empty. This is the sad plight of some who do not understand.

For those who serve Home Nursing in the field, their day can be long and tiring as they perform their many tasks and problems face, their life and care in what they do. It is my belief that training to be a nurse or let say a teacher can be put to use in home or away. So treat them with respect at all times.

It may be you they come to see but their call anywhere now without seeing somebody in their camouflage outfit or bright orange hunting cap.

City Council, continued

Continued from Page 1A

Hydrite Chemical to supply the city with soda ash for \$4,513.50.

Soda ash is used to keep the acidity down and the alkalinity up in the city's water supply.

Council member Don Halling made motion to accept the bid and was seconded by Dougovico.

Stemming from the soda ash decision, Haling questioned the need for routine purchasing decisions to come before the city council.

Under a current city ordinance, purchases of more than \$2,999 dollars must be brought before the council.

Halling made motion to have the city attorney look into routine purchasing decisions going back to the departmental level.

The motion was seconded by Boyd and passed unanimously.

The council tabled the sale of a city-owned vacant lot located on the northeast corner of Second and Dear Streets.

Housler said the city is in the process of clearing the title to the land and is not ready to place the lot for sale at this time.

The parcel had a building on it that the city condemned. The owner was unable to complete the removal of an acceptable timetable, and after negotiating, the owner decided the property to the city, which finished the building removal and backfill of the lot.

New Life Baptist Church approached the city with an offer to buy the land for a parking lot and eventually a building.

As all those Angels of Mercy who make up the staff and workers in all areas of the UP, we honor you only say a big thank you and call again!

I refer to the wonderful work and care of "North Woods Home Nursing, City and Country wide. They are very adept and cheerful in their profession. This alone can account for in my many years of ambulance serving the same areas.

One incident comes to mind of an elderly woman off the airport Road who was ailing and not able to walk. She refused to come in by ambulance and called for Dr. Wehner to come see her. After two attempts we had to leave and came back empty. This is the sad plight of some who do not understand.

For those who serve Home Nursing in the field, their day can be long and tiring as they perform their many tasks and problems face, their life and care in what they do. It is my belief that training to be a nurse or let say a teacher can be put to use in home or away. So treat them with respect at all times.

It may be you they come to see but their call anywhere now without seeing somebody in their camouflage outfit or bright orange hunting cap.

Manistique Area Schools are shut down for opening camp in some people's eyes around town. There is a sharpness in their stare. The lethargic haze of summer has been replaced by a keen glare, ready to strike when the buck crosses their path.

I had the great pleasure of talking to Ted Nugent this past spring. For those of you who don't know, he is a rock-n-roll star and one of the most accomplished bow hunters in the world.

He was in Grand Rapids signing autographs at an archery store before a "Damn Yankees" (his band) concert in Muskegon.

Talking to the Motor City Madman (his nickname) is easy to catch hunting fever. The thrill of the hunt. This is what I learned that day and that is what has been reinforced by living in the Upper Peninsula.

This year I'm going to hit the woods.

I still don't know if I have the stomach to shoot a deer. It's not that I think it is wrong or anything like that. It's just that I really enjoy watching them run through the woods.

If it comes right down to it will I be able to pull the trigger? Who knows. Maybe that's part of the thrill of hunting - to find out if you have the stomach to actually pull the trigger and drop the buck.

What I'm looking forward to is the camaraderie. Half a dozen guys in a small cabin drinking beer and getting crazy. No women, no job, no pressure (although all of these subjects are talked about).

I'll probably just come home with a hangover - without a deer.

But I can say I was there and gave it a try.

Good luck to all the hunters! If you see a guy wandering around in the woods who looks lost, it'll probably be me. Just point me in the direction of the nearest road. I'm sure I'll find my way there.

I've had a lot of comments on my column and have had many people give me ideas on downstate differences. Now it's your turn. Scout builds toboggan run

The new toboggan run on the ski hill was built by Eagle Scout candidate Jon VanDyck with the help of other scouts. The City of Manistique donated the tool and grass seed for the project.

"It's really a unique project," he said. "I'm tickled that he showed the interest and went out and did it."

"I hope people know it is there and use it."

"He has worked hard on this project with minimal supervision."

The City of Manistique donated the use of shovels and also donated grass seed and hay to put over the run after it was dug.

The project ran from Aug. 9 to Aug. 23 and VanDyck, with the help of fellow scouts Dan McDermott, Damien Spencer, Gary Raffensberger, Chris Raffensberger, Pat Jeske, Max Slater, Galen Slater, Erjo Slater, Ryan Olson and Chris Larson the project was completed.

The Scouts logged more than 170 hours on the toboggan run.

VanDyck is in final stages of attaining the rank of Eagle Scout. He still has to send in a "resume" and detailed application, five letters of recommendation and go before a formal board of review in Rapid River.

Hardee's to collect socks for those in need

Hardee's and the Menominee-Delta-Schoolcraft Community Action Agency's Retired Senior Volunteer Program would like your help in making a difference by helping the children in our community keep warm by donating "New-Socks" of all colors and sizes.

Socks will be collected from 8:30 a.m. to 3 p.m. on Sunday, Oct. 24, 1993, which is National "You Can Make a Difference Day" to be held across the nation.

Drop off new socks and receive one free cool twist cone or one free big cookie or a cinnamon raisin biscuit, compliments of Hardee's.

All socks will be donated to the Head Start Program in Schoolcraft County.

The Retired Senior Volunteer Program is sponsored by the Menominee-Delta-Schoolcraft Community Action Agency.

For further information, call 786-7036, ext. 12 or 36 or 1-800-562-9136.

Congressional letter tips

Editor's Note: Several area residents have come to the Pioneer-Tribune office wondering how to send letters to state and federal congressmen.

Below is a list of our congressmen and their addresses, along with a few tips to follow when writing your letter.

The Honorable Carl Levin, United States Senator, 458 Russell Senate Office Building, Washington, D.C. 20510, Phone: (202) 224-6221.

The Honorable Donald W. Riegle, Jr., United States Senator, 105 Dirksen Senate Office Building, Washington, D.C. 20510, Phone: (202) 224-4822.

The Honorable Bart Stupak, United States Representative, 317 Cannon House of Representatives Office Building, Washington, D.C. 20515, Phone: (202) 225-4735.

The Honorable George A. McManus, Jr., State Senator, State Capitol, Room 605 Farnum Building Lansing, MI 48913, Phone: (517) 373-1725.

The Honorable Pat Gagliardi, State Representative, State Capitol Room 70, Lansing, MI 48913, Phone: (517) 373-2629.

1. Always include your last name and address on the letter itself.

2. Use your own words.

3. Time the arrival of your letter while a bill is still in committee and there is still time to take effective action.

4. Know what you are writing about. Identify the bill or issue of concern to you.

5. Be reasonably brief.

6. Give reasons for your position.

7. Be constructive.

8. Groups and individuals should determine their priority concerns.

9. You may not always receive a long, detailed response.

10. Write a letter of appreciation when you feel a legislator has done a good job.

Remember, on any one issue, even a few letters to one legislator can have an important impact," McManus said. "Sometimes just one letter, from a new perspective, or with a clear-cut position or arguments can be the decisive factor in a legislator's action."

"We had a couple of accidents and spin-outs.

"Mike's kids and I did our best to put the car back together."

Settlerlind is sponsored by Burns Auto Salvage, OK Auto, WCCM Radio Station, Fennell Oil, Hubble Tire, Rick's Home Maintenance and the Northshore Motor Inn.

He also said he received help from fellow racer John Ostermann.

"He really did a lot for us," Settlerlind said. "We made a lot of friends this year while racing."

Settlerlind is quick to add that most important support has come from home.

"My wife Bonnie has supported me completely," he said. "Friends and family have also given me tremendous support."

Settlerlind did not forget his parents, Sally and the late David Settlerlind. "Thanks Mom" is painted right above the rear window of his race car.

EDC, continued

Continued from Page 1A

The funds were initially collected by buy poles, brackets and tags with yellow ribbons to decorate area communities during the war. The EDC recently realized there was a small amount still left in the account.

"Rather than have the account sit there," said EDC Chairperson Dixie Klagsdahl, "I think it should be put to a good use."

The money will be donated to the county to buy flowers and beauty veteran's plots.

Boardmember Eric Bourde made motion to donate the funds to the county for the veterans memorial site.

The motion was seconded by Boardmember Bob Panek and passed unanimously.

In other EDC action: ...The EDC voted to sign off on the lien held on the doctor's building at the Schoolcraft County Memorial Hospital.

The EDC voted at a special meeting held Sept. 27 to sign off on the land needed to remodel the obstetrics unit and lab. Hospital Administrator David John said the doctor's building was the next step to get the project going.

The EDC purchased the land and signed for the building to get lower interest rates for the hospital.

"I think it will benefit the county and everyone else if the hospital can get started on this project," John said.

Boardmember Bob Males made motion to give the EDC chairperson the right to sign off on the lien contingent on the pay off of the loan at the bank.

EDC Treasurer Lisa Hinkson seconded the motion, which passed unanimously.

...Bourde updated the EDC on U.S. Environmental Protection Agency (EPA) action to partially cap contaminants in Manistique Harbor.

Bourde said the EPA plans to start the capping process on Monday, Oct. 25.

High school memories are the best and worst

by Debbie Lang

I think the best and worse memories have to be made when you are in school.

School is such an important time of a child. A child is growing and developing into the person he or she will someday be.

Big Bay de Noc School has only been consolidated for a little over 20 years. Though our school is not big and brassy, the walls of Big Bay have had a lot of memories.

We have memories of the foot-

Memories

not very good for a football team but it sure made up for one heck of a group of basketball players. Bill and Kim Hartman, Dick Miller, Joe Lavigne, Kevin Miller, Dave Hardwick, Dennis Bernard and Paul Grotan are just some of the basketball players for years and years, they went that down in sports history in 1978. Don't forget Leo Bodette and 1979 for having the most heart and spirit that would not quit.

Most of our guys at Big Bay de memories with their quick defense lanky or short and quick. That's The past for memories doesn't

have to go back too far. Cory and Clay Polvin made memories recently playing basketball and now Sid Lucas, a twelfth grader at Big Bay, is making his mark on the halls of Big Bay.

We have definitely been blessed with talent in the basketball area, not only in the males but also in the Lady Bears.

Jennifer Thill, Rhonda Farley, Sandy Miller, Beth LaTulip, Faye Hartman and Heather Peterson are just some of our talented females. Their sweat and tears of fighting

for the ball and steady shooting is locked away in the trophy case at Big Bay.

Along the walls at school our past seniors are lined up for all to see. Friends and family in their worn wearing their black horn rimmed glasses, sporting their bouffant and page boy hairstyles. The men smile back wearing butch haircuts that I'm sure their parents had to have made them wear.

Some seniors have changed so much you can't help but laugh. Others never had the chance to change, dying before they had a chance to make their mark in the world. At 18, we think we know it all.

We are ready for tomorrow and glad to be done with our 12 years of education. Now looking back I realize how much a person actually doesn't know at 18 and how secure and loved this place we call school actually was.

The lockers are still here, the halls don't seem as long, and we still expect someone to be smoking in the bathroom everytime we enter there.

So much time has passed and now our children are making memories in these halls and rooms. I finally know what my parents were saying when they used to say "Where does the time go?"

Bay Cliff needs help

by Dorothy Hoholik

It's a little early to think about Christmas, but the Bay Cliff Health Camp Mitten Tree needs your help with trimmings. This unique tree needs mittens, hats, scarves, footies and stockings. Stockings have been added to the mitten tree project. All sizes are needed. We hope to provide two bushels of stockings of any size or nature to supplement the need for the annual Christmas basket preparations.

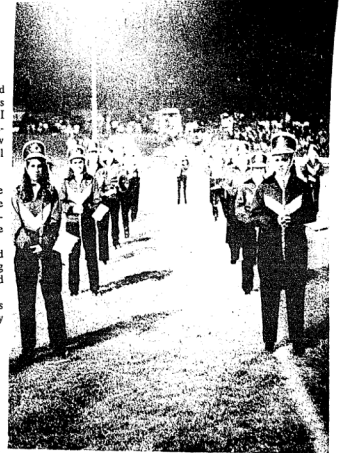

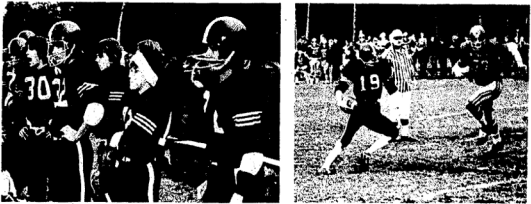

The tree will be set up in the Peoples Store on Nov. 8 and will be trimmed with lights. As the donated items come in, the tree will glow with warmth from the caring ladies in our community and beyond. The Christmas Committee Basket Project will receive all of the items donated and help to fill the much needed baskets during the final week before Christmas.

Last year was a most successful year for the mitten tree which has been an on-going project for needy people for the past 20 years. 1992 provided 315 items and we hope to top that this year. Get busy with your needles and crochet hooks and make this year the best ever. Stockings need not be home knitted. Anyone wishing to buy any of the other items from store shelves, may do so also.

If you have any questions please call Dorothy Hoholik at 341-5720 or Becky Charlier at 341-6860, members of the Bay and beyond. The Christmas Committee in Schoolcraft County.

Periodic Furnace Maintenance Recommended

Modern furnaces are complex, high-tech appliances and should be inspected and serviced periodically by a professional heating contractor in order to ensure safe and efficient operation. This maintenance is recommended whether the furnace is fueled by natural gas, propane or oil, according to the American Gas Association.

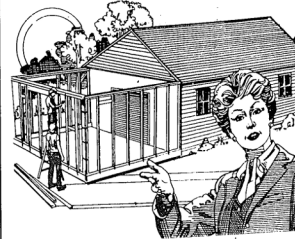

The start of the heating season is the best time to have a furnace inspected and maintained. Heating contractors should follow the manufacturer's maintenance guidelines for each unit in accordance with local building codes and regulations, A.G.A. says.

There are a number of steps that should be included in most periodic inspection and maintenance procedures:

- Remove any leaves, nests or other obstructions from inside chimney.
- Replace or clean air filter as required.
- Properly lubricate blower motor, fan and other appropriate parts.
- Replace frayed blower belts.
- Clean pilots and burner chamber.
- Remove dust or lint from furnace vents, registers and baseboard heaters, and:
- Clean and adjust thermostats.

In addition, qualified contractors should check to see that all flue connections and elbows are firmly fitted. There should not be any cracks or openings at the point where the flue pipe enters a chimney. Large amounts of rust may indicate excessive condensation inside the flue, which can be a sign of improper installation.

For Airy Elegance In Outdoor Living, Try Fine Lattice

Probably the easiest way to add a touch of elegance, a note of class, a decorative feeling to any yard or outdoor living area, is to use some lattice. With its airy classic look, lattice provides the ideal background for foliage and flowers and for summer living, whether you are entertaining or just relaxing with the family. And it is so adaptable. Painted in the traditional white or in soft colors, it lends a formal atmosphere to a traditional garden or terrace. Left unpainted to weather to a silver gray, or stained in light transparent tones, it fits the mood of more casual or rustic settings. Given assertive shapes and bold, decorative colors, it brings sharp geometric accents to contemporary decks and patios.

But lattice is not merely a decorative material. For all its lightness and elegance, it is both strong and practical. It provides one of the most effective screens against both wind and harsh sunlight. It offers a highly effective measure of privacy while avoid-

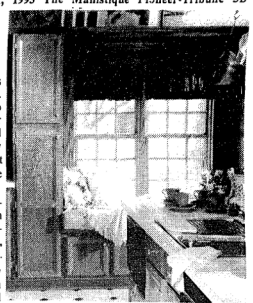

ing the unneighborly barrier of a solid fence or wall. It provides attractive support for flowering vines, climbing

roses and floral boxes and baskets. Little wonder, then, that lattice is enjoying a resurgence of popularity. Even ten years ago, if you wanted to install some lattice in your home or yard, you had to have it made or build it yourself from strips of lath. Now machine-made lattice is available at building material dealers and home centers in every part of the country.

A good-looking lattice project demands well made lattice, built from quality lumber with no structural defects, cut into clean, uniform lath, carefully and accurately assembled.

To help with further details on how to select lattice, how to work with it on your own projects, and how to build attractive and useful structures like the Lath House shown here, write to: LWO Corporation, Woodway Lattice Division, P.O. Box 17125, Portland, OR 97217.

The window seat in this kitchen was created by using two matching stock kitchen cabinets creating an affordable custom look.

Old favorite pieces of wood furniture can be restored by antiquing with paint. It's a great way to revive those pieces in the attic.

YOUR CHOICE

Better Than Ever

When the PULSE™ gas furnace was introduced in 1982, it earned the Good Housekeeping Seal and the U.S. Department of Energy Special Award for Energy Innovation. Now the new PULSE2™ gas furnace is even better... combining the same award-winning features with the latest energy conservation technologies.

It's quiet. Safe. Easy to maintain. Built to last a lifetime. And delivers efficiencies up to 96.2% for consistent low heating bills.

The PULSE2 is our most advanced gas heating system. Isn't it time you had a PULSE2 furnace?

Senior Citizens

Memorials were given to the Manistique Senior Citizens Center in the name of Robert Barton by Noreen McLaughlin, Ellen Dyer and the Monday and Friday Bridge Players; in the name of Dorothy Hughton by Mabel Thomas; in the name of Florence Reese by Irene and Dick Keteck, John and Beth Nagy, Richard and Harriet Burns, Denton and Bernice Nelson, Merrill and Faye Archey, Pam Besadre, Joanne Milroy, Bob and Ruth Ann Johnson, Jim and Joanne Nelson and John and Barb Zella.

Ian and Carla McKilligan gave a postage donation and Helen Neal gave the Center flower vases to be used as Medicare favors.

Another "Big" thank you to Luella Lambert for the donation of mittens. Luella donates all her

time making the mittens, which the Center sells for \$3 a pair. The Center then gets to keep the profit. We have all kinds of colors and sizes. Drop by and check them out!

We wish to thank each of you for your concern towards the Center.

Senior band plays in Powers

by Helen Peterson

The Senior Swingers Band entertained at Pinneret Nursing Home in Powers last Wednesday. We were served dinner, then given a tour of the building. After the tour, the patients who could be moved, were brought into the recreation room where we played and sang for them, some of the patients sang along with us, some even danced. All the room doors were left open so those who were bedridden could hear the music.

One of the Social Workers has a dog which she calls Mutt. This dog is everybody's friend. He danced and "sang" to "How Much Is That Doggie In The Window."

I don't think we have ever had a more appreciative audience. The patients liked us and even the dog wagged his tail. We have been asked to come back at Christmas time.

Foresters celebrate

The 80th Anniversary of The National Catholic Order of Foresters was celebrated at the Harbor Inn on Oct. 12.

The evening began with a prayer offered by Fr. James Menapace followed by a roast beef dinner.

The Women's Catholic Order of Foresters later known as National Catholic Order of Foresters was installed in Manistique on May 29, 1913. The purpose was to provide dependable Life Insurance for its members and sociability for them.

Over the years they have been a working organization in the parish of St. Francis de Sales doing fund raising, church dinners and the Good of The Order Committee which took care of the needs of visiting clergy. For 30 years they have sponsored a "Pay to Play" Card Marathon in the City of Manistique. This has been their main fund raiser and a welcome social asset for the community.

Throughout the 80 years whole families beloved by mother, daughters and granddaughters. At this occasion the NCSF honored one such family, the "LaVigne Births"

William and Lisa Utter are the parents of a boy, Jaden Lawrence, born Sept. 28, 1993. The baby weighed 7 pounds 10 ounces and was 20 3/4 inches long. He has a big brother, Robert, who is 10.

Maternal grandparents are Lawrence and Glenda Hominger of Gulliver. Paternal grandparents are Merle and Betty Utter of St. Ignace.

Girls: Myrilda "Ditta" McNamara, Cecile "Sis" Hololik, Euginia "Bibi" Duquette and Myrtle Garvin. Together they have given 157 years of service. President Ann Willcock presented them each an award for years of service.

Willcock also presented 25 year pins to Beatrice Berger, Betty Fakety and Bibi Duquette. The organization's two 65 year members Dorothy Conlin and Mary Schuster were presented with corsages.

Beverly Jahn was chairperson and served as mistress of ceremonies. Cards were played and prizes were given for Bridge; first Bibi Duquette, second, Janice Redeker and low, Mary Schuster.

(l to r) Meghan McKenzie, Michelle Cook, Julianne Portugues, and Brittany Perilloux practice their pile during Monday's young ballet class at J's Dance and Twirl located off US-2.

JV boys lose first game

by Andrew Mason

The Manistique Junior Varsity team suffered a tough defeat last Thursday against the Manistique Mustangs. The final score of the game was 40-32.

The score at the half was 24 Manistique, 12 Emeralds. The JV's came out at half time fired up and stopped the Mustangs opening drive at the beginning of the third quarter. The Emeralds came back with a 1 yard touchdown from Jason Blowers.

Blowers also got the two point conversion. Then Manistique came back with a touchdown and a two point conversion. The score now was 32 Manistique, 20 Emeralds.

At the beginning of the fourth quarter Jason Blowers scored another 1 yard touchdown. Then Manistique came back with a

touchdown and a two point conversion. On the Emeralds next drive Snyder threw an interception on a pitch pass. The Emeralds held strong and held the ball back and got the ball back. The Emeralds drove to the 15 yard line and Jon Ylinsen threw a pass and was tipped by a Manisting player and Jason Blowers caught the ball and ran it three more yards to the touchdown. The final score was 32 Manistique, 20 Emeralds and the Emeralds fell short of the win.

Jason Blowers had 238 rushing yards, a 15 yard reception, and 32 points. Nick Snyder had 100 yards rushing. Derek Culliton had 2 yards rushing and a 37 yard reception.

The Emeralds are now 6 and 1. They face the undefeated Westwood Patriots this Thursday at home.

Fish Report

By St. John Walker (Ret.)

Well, by all the people who are running around you would almost think it is the fall of the year in the U.P. There were sure a lot of fishermen in and going through town this past weekend. They have been doing pretty good on walleye in places and are getting a few steelhead. The salmon runs have never been what we thought they would be at the end of summer. This year too they ended up being real spotty.

Goose season is over because there are no geese left! I have to wonder if some of those who make up the waterfowl rules ever get out of the office. If their reason for a shorter goose season is the fact that there are not many geese around they are not checking things out too good before they pass the seasons and bag limits.

I still am looking for my first pat to see for this fall. Now if someone would say that there are not many pat around I think most of us would agree.

The bow deer season is still going pretty well with a good number of deer being taken.

Remember that this time of the year is some of the best time of the year to get out. There are not many bugs, the weather is nice during the day, usually you can find a spot where there are not many people around so you can be by yourself, so get out and enjoy it.

take a back-pack lunch, some coffee and off we would go to spend the day. Now, back then most of the camps we came across back in the woods were not ever locked so if you wanted to stop and make a meal you just did. In fact if you wanted to stop and spend a night in one of these camps you were welcome to. Usually they had a note book and they wanted you to sign in and let them know who stopped by and used the camp. Then you had to fill the woodbox and clean up before you left. The only lock on the door was a wooden peg that was used to keep critters from pushing it open. Those were the days. How days, if a dad and a couple of kids went out they would not have to worry about being over the bag limit on pats, but back then you could be on a two-three day trip. Would you believe it at this time you would put on covers, of 10-12 pats in one bunch. Maybe not hit any, (dad would) but they birds were sure there to find back then. Would you also believe that there was a time you had to stop hunting past because you could not afford shells to hunt them. You got your five day in and day out and finally ran out of shells. I cannot remember any of us ever taking an extra bird after we got our five, even if we saw dozens more on our way out from hunting. After you got your five you put your gun up and they were just glad to be out there and see more girls. Because there was always another time to get out with dad and my brothers on a nice fall day in the U.P.

It can't here and think back like it was yesterday to my dad and us boys being out on a fall day up in Ontonagon. The picture in my mind is as clear as can be. We had an old Model A made into a hunting "bug" that we used to build around. We later went to a gear up tractor with a trailer that we used to get through the famous Ontonagon red clay. We would

Varsity plays tough

The Manistique Varsity Football Team lost a close homecoming game to Manisting 21-6. The Emeralds held the Mustangs to just seven points in the first half in a fine defensive performance.

"I'm very pleased with the way our defense played," said Head Coach Todd Kangas. "I wish our offense could have put more points on the board."

Kangas said the heavy rain hurt the Manistique offensive scheme.

"The weather really cramped our style," he said. "In that kind of weather, you have to be able to pound the ball on the ground."

"We're more of a fusese team."

Manistique's offense had five first downs on 174 yards rushing against the Mustang defense.

Quarterback Mike Kraatz gained 77 yards on six carries and Jim Colegrove gained 61 yards on seven carries.

Kraatz was 3-12 in the air for 49 yards and an interception.

Mark Jarski led the Emerald receivers with a 27 yard catch. Ben Armock caught a pass for 19 yards and Brian Koski caught one for three yards.

The Emerald defense was ready to play.

Dan Bignall had an interception for Manistique.

"I think the defense played well enough to win the game," said

Kangas. "Scott Sholander and Rob Landis both had good games. We also got solid games from our interior linemen, Koski and David Temyson.

"This game was good for our kids. It went right down to the very end and it was very exciting."

The Emeralds face Westwood Friday at Westwood.

The final game of the season is against Newberry at home. The game is also parents night.

"I really feel we can end the season with a couple of wins," said Kangas. "We really played well against Manisting and we have to reach that level to win the last two."

"I think we played our best game so far this year against Manisting."

Big Bay de Noc takes two games in two days

The Big Bay de Noc Lady Bears won two big games this week against Stephenson and Superior Central.

The Lady Bears beat Superior Central 51-43 on Tuesday.

"We continue to play well in the first half," said Coach Kim Picord, "but we are having problems scoring in the second half."

"Debbie Hermes had a good game offensively and defensively."

Hermes led Lady Bear scoring with 20 points and Dana Potvin was next with 12.

The Lady Bears also beat Stephenson in a tight game 43-41.

Big Bay lead 31-21 at halftime only to let Stephenson back into the game by temporarily folding under their full-court press.

The Lady Bears also turned the ball over 30 times, with most of them coming in the second half.

Lisa Farley helped the Lady Bears overcome their second half slump.

Farley had eight blocked shots and 14 of the Lady Bears' 50 rebounds to go with 12 points.

Hermes had 15 points and Potvin added 12 along with 10 rebounds.

Big Bay is now 9-5 on the season.

JV girls lose heartbreaker

The JV Girls Basketball Team lost a tough game to Norway, 50-48 on Thursday, Oct. 14.

Manistique had defeated Norway by two in their previous meeting and Norway returned the favor on their home floor.

"It was a knock-down, rough-tough game from the start," said Coach Mike Oas. "With Norway jumping off to a 10-2 lead and the quarter ending with Norway leading 14-12."

The second quarter was no easier for the Emeralds with the half ending in a tie, 28-28.

Manistique had a good third quarter, taking a four point lead into the fourth.

Norway came back in the fourth, taking a two point lead with eight seconds left in the game.

"We were able to get the ball up the court and force Norway to foul seconds to go," Oas said, "but we missed the free throw."

Mandy Cohen played a very aggressive game combining good defense with a 23 point offensive performance. Cohen hit two 3-pointers.

Aleasha Ackley and Courtney McGuire played strong games combining for 22 points.

"I was very proud of the job McGuire, Michelle Michelson and

Kristen Wodzinski did on the boards against a very big Norway team," said Oas.

McGuire pulled down 14 rebounds, while Michelson grabbed 13 and Wodzinski 10.

"It was a very good game between two good teams," Oas said, "who both played very hard. Manistique hit 12 of 22 from the charity stripe and pulled down 43 free throws to Norway's 38."

The JV season record now stands at an impressive 12-2.

Varsity girls basketball beats Norway

The Manistique Varsity Girls Basketball Team got back on track after two losses by beating Norway 41-35 on Thursday, Oct. 14.

The win gave the Emeralds their tenth victory of the season.

The game was a defensive battle as both teams held the other teams offense in check.

Norway played a 1-2-2 zone that caused Manistique a lot of problems.

"The highlight for us against their zone and a definite key to the victory," said Coach Bob Ryan, "was four 3-pointers from Reneae Kennedy."

Kennedy ended up with 14 points on the night to tie her with Sue Fleck for game high honors.

Manistique got off to a good start taking a 15-8 first quarter lead.

Kennedy had five first quarter points and Alison Malloch had four.

Norway's best offensive output came in the second quarter as they scored 13 points to Manistique's 10 to cut the lead to 25-21 at half-time.

Fleck paced the Emeralds in the second quarter with six points.

Manistique came out strong in the third quarter scoring 12 points while holding Norway to just six, which gave the Emeralds a 37-27 lead to go into the fourth.

Kennedy had two of her three 3-pointers in the third quarter and Fleck added four points.

"We showed a lot of patience in the fourth quarter," said Ryan, "but Norway closed the gap toward the end and they closed to within six with under a minute to go."

The closest they got was the final margin of 45-41.

Fleck had five assists and six rebounds to go with her 14 points.

Kennedy had four assists and two steals plus her 14 points.

Malloch had seven blocked shots to go with her 13 rebounds.

Robin Demers had four steals and combined with Shannon Lawrence to do a good job at the guard position.

Sarah Bourdo also did a good job at guard while scoring six points.

Jon Gerometta, Casey Ford and Lori Vaughan played well off the bench.

I would like to thank all my friends and students who voted for me for Homecoming Queen; The MHS Student Council; Cheerleaders; Majorettes; Pom Poms; and the MHS Band for all of the beautiful gifts and flowers. A special thanks to Jean King for nominating me, also thanks to Grandma Lee for always being there for me.
