Public Safety Dept. gets new radios

The Manistique City Council voted to accept a bid from Anderson Communications of Marquette for a new Motorola radio system for the Manistique Public Safety Department for \$16,280.

City Manager Alan Housler said the department is using radios that are 20 years old and they have trouble reaching the extremities of the county on ambulance and fire runs.

"For these reasons," he said, "Bill (Reno, director of the Manistique Public Safety Department) requested a base station and equipment be purchased."

Housler said the equipment was included in this year's budget for the department.

"The city received bids from Anderson Communications and El-

Com Services, Inc.

"The two systems are basically the same, Housler said, except Anderson was lower in price on their service agreement."

Bill Reno, the director of the Manistique Public Safety Department, said the new radio system works as a repeater. The signal is transmitted to a tower and is then transmitted to the officer.

Under the old system, the dispatcher would transmit the call to the tower over a line, which would then be transmitted to the officer.

"We will save because we were paying GTE on the land line from here (City Hall) to the tower," Reno said. "The radios out-did their service."

"Right now our radio system is hawkeyed together."

"The new system will give us

county-wide coverage.

"We are the only ones in the UP using such an outdated system."

Council member Dennis Boyd made motion to accept the bid of Anderson Communication to be financed at First Northern Bank and Trust for five years at \$330 a month.

Council member Don Halling seconded the motion, which passed unanimously. Council members Mike Dougovito and George Danko were absent from the meeting.

In other council action: ...The Manistique City Council voted to enter into an agreement to rent the VFW land behind the Department of Public Works building for \$50 a month to store city vehicles and equipment for a one year time period.

Housler said city council members had a couple meetings with the VFW.

The city and the VFW had a long-standing verbal agreement, where the city could use the land behind the VFW hall to store their heavy equipment and the VFW could use the city parking lot for bingo and reception parking.

VFW representatives wrote a letter to the city because they were concerned with liability if a city employee was hurt on their property.

The city contacted their insurance company, who said the VFW would be responsible.

City officials and VFW members met but could not come up with an agreement.

City equipment was moved from the VFW land onto the city parking lot and the VFW was not permitted to use the lot for parking.

Boyd said he is pleased there is finally an agreement in place.

"We all felt bad about what had transpired," he said. "We could have settled this three or four months ago."

"It would be beneficial for both parties to enter into this for one year."

Boyd said that after reviewing documentation and survey records, there is still some question as to the ownership of some land behind city hall.

Part of Boyd's motion for the city to enter into this agreement is to clear up any property questions around city hall and the VFW hall.

Boyd's motion was seconded by Halling. The motion passed unanimously.

Mayor John Stewart asked why the audit has not been received from Schneider, Larche, Haspala & Co. of Escanaba.

CCDPW extends MRI recycling contract

The City/County Department of Public Works (CCDPW) voted in a special meeting Friday to extend Manistique Rentals, Inc. recycling contract with the department until the board can decide on the current bids that have been submitted.

The meeting was called to discuss the fate of the crusher and paper balier owned by the CCDPW.

Several area residents went to the meeting to support Bob Ackley and his recycling business, Manistique Recycling Process, located on M-94.

John Stewart said he would like to see Ackley's business succeed, but that the board could not lend the business money.

Ackley was offered assistance to open a recycling plant in Newberry. He said the Newberry Economic Development Corporation gave his business a \$30,000 loan to start the business.

"We will go to Newberry," Ackley said. "I hope we can still run both operations."

"If we get a contract (with the CCDPW), we can get a loan."

Several board members questioned what Ackley wanted from the board.

Ackley said he wanted financial support from the CCDPW for his recycling operation.

"We had three discussions with Mr. Ackley," said Tom Kitzman. "Before, he said he didn't want the crusher and balier."

"It is also clear why he has a cash flow problem. It's because of his association with Eb's Plastics in Green Bay."

"This is not a banking institution. We are looking for finances everywhere for ourselves."

Bob Lenny said the recycling grant the CCDPW received from the Michigan Department of Natural Resources will help support recycling in the area, but the funding is not in place for the grant.

"The grant has been approved," said Lenny. "But has not been funded."

"We may not ever get it. No money has been appropriated as of yet."

Jack Hughson asked Ackley if the balier and crusher would help support his business.

"I came here to let you know what I need," Ackley said. "I have \$28,000 worth of recyclables in my building right now, so the balier and crusher would help, but it would be a band aid on an artery."

Omer Doran said that since the balier and crusher were used by Manistique Rentals for six months it would be fair to let Manistique Recycling Process use them for six months.

"I think the citizens of this county would give us a pat on the back if we helped Mr. Ackley in any way we could," said Stewart.

Mike Dougovito made motion to allow Manistique Recycling Process the use of the crusher and balier.

The motion was seconded by Doran.

"It seems like we have always had a bid process for everything," said Kitzman, "now we are trying to prop up a business that we know has had credit with the bank."

"Every week - every month his (Ackley's) story changes."

"I don't think the motion is valid legally at all."

The board took a recess to call in County Prosecutor Peter Hollebenbeck and ask his opinion on the legality of the motion.

"Supposing there is someone else out there who wants to use the balier and crusher," said Hollebenbeck. "Shouldn't it be put up for bid like you did with everything else?"

"The issue gets confused when there is no consideration to the county."

"If service is the consideration, everyone can see they provide a service."

"The use of the crusher and balier should be open to everyone."

The motion was withdrawn.

Stewart said the public is interested in helping Ackley and asked Hollebenbeck if there is any way the board could legally help him.

"No if it involves a gift or loan of money," said Hollebenbeck. "There may be monies within the grant that may help the situation."

Doran said that since the contract with Manistique Rentals is expired, the balier and crusher should be returned to the CCDPW.

Doran made the motion to get the glass crusher and balier back in the possession of the CCDPW.

The motion was seconded by Dougovito.

"If this is what cooperation with Manistique Rentals is then vote on this right now," said George Livingston, Jr. of Manistique Rentals.

"The motion on the floor would put the balier and crusher back in both balls," said Kitzman.

"What's the purpose?"

"Why don't we have a (recycling) contract in place?" Lenny, Jack Hughson, Archie Carpenter, Kitzman, Alan Housler

Steve Rosebush of Manistique bagged this 12 point monster "somewhere in the woods". Rosebush is having a head and shoulder mount made of the deer.

County board protests 'unfunded mandates'

The Schoolcraft County Board of Commissioners joined other counties across the state and nation by voting to participate in Unfunded Mandates Day on Wednesday, Oct. 27 during a special meeting held on Oct. 21.

The term "Unfunded Federal Mandate" describes actions taken in Washington that impose, but do not pay for, programs or requirements that local governments are directed to carry out.

The board said the aim behind the effort is not to oppose the goals of federal mandates, but to stop the federal government from putting the full costs of implementing these mandates on local government.

The board said what concerns them is the way in which dissent lawmakers in Washington can lay claim to local tax funds. The frustration lies in the programs, which are many times taking precedence over the needs and priorities of the people of Schoolcraft County.

In other board action: ...The board voted unanimously to approve the new Schoolcraft County Zoning Ordinance.

Board member Keith Aldrich said he hopes the ordinance will treat everyone fairly and will be enforceable.

Technology enhances education

by Robert Kirkbride

Technology is playing a larger and larger role in education.

Nowhere is that more apparent in Big Bay de Noc, where elementary students and high school students alike are benefiting from innovative classroom instruction.

Superintendent Sally Gerometta said the classes, which are interactive and taught on television, are

giving educators the opportunity to offer classes that would normally be beyond their budgets.

Thousands of students across the country are in the same class as the students at Big Bay through satellite link-up.

The students can interact with their classmates across the country and with their teachers as the class is being taught with the use of a

telephone.

Big Bay is offering introductory Japanese this semester. Last year macroeconomics was offered.

The class started out with five students, but is down to one because the class is offered on the hour and students have to miss part of two classes.

Gerometta hopes to change the school schedule to accommodate

these classes in the future.

"Small schools such as ours cannot afford to offer enrichment classes to a small number of students," she said. "This is one way small schools will continue to be competitive and remain within budget."

Big Bay de Noc received two grants to facilitate the interactive

Hospital approves budget

The Schoolcraft Memorial Hospital Board of Trustees unanimously approved the 1993-94 operating budget totaling \$10.4 million at a meeting held Wednesday, Oct. 20.

Charges to patients will increase 3.5 percent, but Hospital Administrator David Jahn said the rate hike is modest.

"We are charging 10 percent less for a hospital room than the Upper Peninsula average," he said. "The average cost for a semi-private room in the UP is \$13 per night while ours is \$280."

The budget is based on 2,400 patients, 140 births, 3,100 emergency room visits, 17,000 outpa-

tient visits and \$20 surgeries.

The projected capital budget for purchasing equipment and other capital for the next three years is \$25,000 for 1994, \$74,000 for 1995 and \$510,000 for 1996.

In other action, the board: ...heard that construction on the obstetrics unit is progressing.

The O.B. department will be moved temporarily to the outpatient department.

The estimated completion date for the entire project is April, 1994.

...voted to purchase the Doctor's Harold Lambden, CRNA and Dr. Howard E. Lazerson, M.D., Ophthalmologist.

the hospital's attorney and tax accountant.

The doctors will remain in the building and rent the facility from the hospital.

...agreed to contract with the Luce, Mackinac, Alger, Schoolcraft (LMAS) Health Department for hospice inpatient services.

...wrote off \$12,879.64 in bad debts.

...appointed Dr. Richard Bruner as alternate director to the UP Health Alliance Board.

...approved the credentials of Harold Lambden, CRNA and Dr. Howard E. Lazerson, M.D., Ophthalmologist.

Barr recognized for service to Scouts

Scoutmaster James J. Barr of Troop 400 is presented of Scouting's highest award for volunteer leaders, The Silver Beaver Award, at a special ceremony held at the Hi Sawyer AFB on Oct. 16.

The Silver Beaver Award is given by the Boy Scouts of America to Scouters who have served with distinction not only as Scout leaders but also as community leaders.

Barr began his Scouting career as a Webelos Den leader in Pack 402 in 1971, became Assistant Scoutmaster of Troop 400 in

1972 and since 1973 has served as Scoutmaster of Troop 400. During these years over 35 boys have achieved the rank of Eagle Scout and eight more boys will reach that rank this year. The Troop has attended Scout camp every summer during these years and has hosted and participated in numerous camporees and Scout activities. The Scouts have worked with Project Peninsula and Folk Fest and served with such organizations as the Forest Service, the DNR, and the Department of Interior in various conservation projects. Troop 400, sponsored by the Zion Lutheran Church, is open to all boys age 11 and older and meets each Tuesday at 7 p.m. at the church. At present the troop number is 32 scouts. Barr is assisted by adult leaders, Ken Gillingham, Dr. Edward Klump, Pastor Ingmar Levin, Linda Mason, Dennis Segestrom and Robert Spencer.

Barr is a Brotherhood member of the Order of the Arrow, the Order of the Axe, and earlier this year was presented the District Award of Merit by the Red Buck District of the Hiawathaland Council. His community service was also recognized in the Silver Beaver Award. Barr has served as Manistique Township Supervisor since 1978 and from 1975 to 1986 was president of the Manistique School Athletic

Lana Lucas stands behind the bar at the Tri Valley Golf and Country Club near Garden. The grand opening celebration is this Friday. The course and restaurant will open in the spring.

New course opens

Starting next spring, area golfers will have a new course in Garden that is not a day he (John) doesn't play on the course.

"He loves the land and if he can make a piece of land better, he does it."

John had the idea to build the course," Lucas said. "He worked for Lucas Farms, so he knew how to work the land."

"It has been a long, hard road. There is not a day he (John) doesn't play on the course."

"He loves the land and if he can make a piece of land better, he does it."

John had the idea to build the course," Lucas said. "He worked for Lucas Farms, so he knew how to work the land."

Two killed in accident

Two men were killed when their car was struck by a semi-truck on US-2 near the Fishdam River and was headed-on by a semi-truck at approximately 4:50 p.m. on Monday.

Thomas Bristol, 45 of Port Huron, Mich. and Lawrence Lantz, 51 of Washington, Mich. were traveling east on US-2 and were struck by a semi-truck traveling west, not seeing the approaching truck.

Lantz forced one car off the road before being hit by the semi-truck.

The driver of the semi-tractor, Donald Bazz, 31 of Ellettsville, Ind. was treated for a rib and released from St. Joseph's Hospital in Escanaba.

Bazz was wearing his seat belt. There was no indication that the deaths were alcohol-related.

Jason Blowers leads the Emerald attack as he fires around the Westwood defense. Manistique took the JV Mid-Pen football title with their victory over the previously unbeaten Westwood.

Schoolcraft County Weather

Thursday	44	36	.06"
Friday	49	37	-
Saturday	59	44	-
Sunday	56	37	-
Monday	51	35	trace
Tuesday	53	33	-

The weather information is provided from data collected by the staff at the Manistique Waste Water Treatment Plant for the week beginning Wednesday, October 20 1993.

Robert Tatrow, vice president of the Garden Peninsula Historical Society was presented with a plaque for outstanding service. Robert and the late Lenore Tatrow contributed much to the society. With Robert are (l to r) Camille Spaulding, Gerald Thibault and Della Tatrow.

Police said Heather R. MacGregor failed to see that the vehicle traveling ahead of hers on River St. had stopped, waiting for a vehicle to make a right turn into Nordens parking lot. MacGregor's vehicle hit the rear end of a vehicle driven by Aleasha M. Ackley. The impact forced Ackley's vehicle into the rear end of the vehicle in front of hers driven by Jeffrey S. Osterhout.

J.Yirsa is selected

Alma College senior and former Manistique High School student, Jennifer Yirsa, daughter of John and Patricia Yirsa of Gladstone, has been selected to the 1993 ALL MIAA second team in golf. The former Manistique standout finished ninth individually in the conference and helped lead the

team to a third place finish. Yirsa also received all league honors in golf during the 1991 and 1992 golf seasons. The present major was the first medalist in MIAA history when she fired an 82 at Tomac Woods Golf Course September of 1991.

EPA divers prepare to cover a "hot spot" in the Manistique River. The covering will keep the PCBs in place until the spring.

Two men claiming to be roofers stole approximately \$2400 from an elderly Gulliver woman on the afternoon of Oct. 21.

Michigan State Police, Manistique Post, said that the woman who uses a walker asked the men in before getting to the door because she thought it was the telephone repair man. While one man talked to her about problems with her roof, the other slipped into her bedroom, pried open a cash box, emptied its contents and returned to his accomplice. The two then left.

Subjects matching the description of the two, dark skinned males possibly Mexican or gypsy, stole approximately \$2400 from an elderly person in Menominee several hours earlier on Oct. 21. They drove a dark blue pick-up in the Gulliver incident and a mini van in Menominee.

According to police, Christopher F. Vogel of Newberry was attempting to pass a vehicle driven by Marcella M. Gravelle on US-2 on Oct. 21 at 12:55 p.m. Vogel failed to see Gravelle's left turn signal and the vehicles collided when Gravelle attempted to turn.

Retirees meet

The Schoolcraft County Chapter of Retired School Personnel had a social luncheon meeting at the Moose Lodge on Wednesday, Oct. 20. The Women of the Moose served a delicious turkey dinner.

Lowell Cooper and Bob Kanerva updated the group on legislation coming out of Lansing that is of special importance to retired and currently employed school employees.

Kate LeBrasseur presented President Margaret Cain with a wreath made of recycled materials then gave a short talk promoting the importance of recycling.

The next meeting will be on Wednesday, Nov. 17 at Harbor Inn Restaurant.

The Hiawatha Volunteer Fire Department Women's Auxiliary sponsored a 10 year recognition dinner for the fire department at the 3 Mile Supper Club. The Hiawatha Township Board presented the volunteer fire department with a plaque for 10 years of service.

The Manistique High School Band held a special concert on Wednesday. The highlight of the performance was a line dance performed by the band. (photo by Linda Mason)

At home with Sarah

by Sarah Bignall

Baking bread is fun to do if you have time. So if you are spending a day at home just doing busy work, set a bowl of bread in the morning and bake it in the afternoon and let your family be pleasantly surprised to come home to that wonderful fragrance of baking bread. It is so satisfying and special to make your own bread.

OATMEAL CINNAMON BREAD

1/2 cup warm water	1/4 cup brown sugar
1 pkg. yeast	2 tbl. shortening
2 cups milk	1 tbl. salt
2 cups quick oatmeal	5 1/2 to 6 cups flour

Dissolve yeast in warm water. (To increase the action of the yeast add one tea. sugar to water.) Heat milk to scald but not boil. Add shortening to hot milk to melt; cool to lukewarm. Add sugar, oatmeal, and salt to milk. Add dissolved yeast. Mix well. Add 5 to 5 1/2 cups flour and mix till smooth. Turn dough on lightly floured surface, using the remaining 1/2 to 1 cup flour, using what need to keep dough smooth but not sticky. Too much flour will make the dough dry and heavy. Knead about 10 minutes. Place in a greased bowl, turning to grease surface. Cover and let rise till double, at least an hour. Punch down; divide dough into two and roll 1/2 inch thick, 6 inches wide. Roll as for jelly roll; seal ends; place in two greased loaf pans. Let rise till doubled. Bake at 400 degrees for 35 minutes.

Sarah says After baking bread, rub bread with butter and place loaves in plastic bags while still warm - not hot. The bread will stay soft and fresh much longer.

Food for thought Wise men are not always silent, but they sure know when to be.

King, Rochefort are wed

Tammy Lee King, daughter of Carla King of Manistique and Wayne King of Westland, WI, and Kim Aldin Rochefort, son of Ivan and Kathleen Rochefort of Cooks, were united in marriage on Sept. 11, 1993 at St. Francis de Sales Church.

Fr. Mieczyslaw Oniskiewicz performed the double ring ceremony.

Maid of Honor was Jean King, sister of the bride. Bridesmaids were, Kathy Whitman and Amy Ray, both from Manistique, Amy Rochefort, of Cooks and Stephanie Ferguson, cousin of the bride of Wayne, MI.

Best man was Greg Blount, of Wetmore. Groomsman were, Dan Anderson of Manistique, Jamie and Craig Tryan, nephews of the groom both of Manistique, and Loren Swayer, cousin of the groom of Cooks.

Ushers were Shannon Casey, Dan King, and Jeremy Lester.

Flower girl was Katie Bondy, cousin of the bride.

Ring Bearer was Justin Rochefort, nephew of the groom.

A reception was held at the Cooks Township Hall.

Tammy is a 1991 graduate of Manistique High School and is currently a student at Bay de Noc

Community College and is employed at the Manistique Federal Credit Union. Kim is a 1987 graduate of Bay de Noc High School and is currently employed at Hacco Construction. The couple is making their home in Cooks.

Mr. and Mrs. Kim Rochefort

Gogola honored

Marine Lance Cpl. Charles E. Gogola, son of Craig M. and Joan Gogola of Manistique, recently received the Marine Corps Good Conduct Medal.

The medal recognizes the service member's honest and faithful service during a three-year period. To earn it, Gogola achieved and maintained a satisfactory level of performance and an unblemished conduct record for the entire period.

He is currently assigned with Marine Medium Helicopter Squadron 264, 2nd Marine

Aircraft Wing, Marine Corps Air Station New River, NC.

The 1990 graduate of Manistique Area High School joined the Marine Corps in June, 1990.

Births

Jeff and Cindy Nagy are the parents of a boy, Adam Randall, born Sept. 29, 1993 at Schoolcraft Memorial Hospital. The baby weighed 8 pounds 3 ounces and was 21 inches long.

A reception will be held in the dining room by the Past Matrons.

In recognition of National Physical Therapy Month, SCHOOLCRAFT MEMORIAL HOSPITAL'S PHYSICAL THERAPY DEPARTMENT invites you to attend their Open House on Thursday, Oct. 28 from 11 a.m. - 3 p.m.

Please join us for a tour of the P.T. Department, refreshments, and free prizes, including a chance to win a one-month wellness membership.

Celebrate National Physical Therapy Month at Schoolcraft Memorial Hospital. Physical Therapy is located in the lower level of the Doctor's building.

If Gerald Sitkoski, Manistique, will stop at the Pioneer-Tribune office he will receive a free theatre ticket for Cinema 1.

If Caroline Howard, Manistique, will stop at the Pioneer-Tribune office she will receive a free theatre ticket for Cinema 1.

The voice of Schoolcraft County since 1876

Open Meetings

The Sunshine Laws in the State of Michigan are designed to ensure the rights of the state's citizens by keeping governmental meetings open to the public.

The City/County Department of Public Works held a special meeting Friday to discuss the fate of the county-owned glass crusher and paper baler, which is currently being used by Manistiquie Rentals, Inc.

The spirit of the meeting was to decide who should have the use of the equipment.

Not only was this decided, the board also voted to extend the recycling contract with Manistiquie Rentals until the current bids are decided upon.

Under the Open Meetings Act, governmental bodies that call a special meeting are to discuss only the issues on the agenda.

The only issue on Friday's agenda was "Bailer & Crusher request". There was nothing on the agenda to renew or extend the recycling contract.

The Manistiquie Pioneer-Tribune and WTQJ-WCMM feel the meeting should have been open to the public.

Also, the board did not give adequate notice for the meeting. If the public is to have a chance to comment on an issue, the agenda must be posted for a reasonable time.

Recycling is important to the residents of this county. A meeting on this subject should have been scheduled so the maximum number of people could attend and comment.

Again, the CCDPW took matters into their own hands. Elected officials, meeting on tax payer time and money are not elected to think for the people. They are elected to represent the people.

Open Meetings give the public the opportunity to sound-off on subjects important to the community.

It is one way to keep the reigns on runaway governmental power.

City Council, cont.

Continued from Page 1A

City Clerk Linda Amrock said the audit must be in by Nov. 15 under the contract with the city.

"Maybe we should shop for someone who can do it faster," Sievart said. "We will six months to see what we're doing wrong."

"I would hope there is some way we could do better than that."

"The city council discussed ways to address the vandalism problem associated with the boardwalk along the lakeshore."

Houster said when it comes to destruction of property and vandalism, the city ordinances and state laws are sufficiently strict.

"One problem we have is catching the vandals," he said. "We also don't have an ordinance for bikes, skate boards, etc."

Halling said the boardwalk is designed as a walkway and should not be used by any type of machine, including snowmobiles.

"I hate to be so damn restrictive," said Sievart. "but I know there are people who don't want to deal with anything high speed."

Houster said any ordinance dealing with snowmobiles and bikes would be hard to enforce.

"The city owns the property so we could go under the ordinance," he said. "If we do that, it must be posted."

"We've guided people on what to do and what not to do on the boardwalk, but if it came to a violation (with a snowmobile, bicycle or similar machine), we would not win."

"The question is where do you

City Council, cont.

want snowmobiles and where don't you want snowmobiles."

The subject will be studied by the Manistiquie Public Safety Department and the city attorney and will be the agenda of next month's meeting.

"The city council received one bid for snow removal on city sidewalks."

The bid is from Manistiquie Rentals, Inc. for \$36 per hour.

Boyd said he would like to have a couple more weeks to look the proposal over.

"We want to look at designated routes to have cleared," he said. "Most have been done from Fifth St. to the high school."

"We contacted the DDA (Downtown Development Authority) (for money) to see about clearing downtown."

Stewart said, "From what I understand, the DDA will be hard pressed to cover their current and future expenses."

"We do need to come up with a decision on this. The season is fast approaching."

The council decided to put snow removal on the agenda for next month's meeting.

"Houster said he would like a proposition to put before the DDA (Downtown Development Authority)."

During past city council and DDA meetings, the city has asked the DDA to cover some of the cost incurred by the city for services such as snow removal and cleaning in the DDA district.

The DDA asked the city council to put together a proposal they would review.

County board, cont.

Continued from Page 1A

"There will always be changes," he said, "but I think this is a good place to start."

Under the ordinance there will be three lakeshore and recreational (LS/R) categories instead of the way they exist.

LS/R-1 and LS/R-2 will remain in place, with 100 feet and 150 feet of lake frontage needed to develop, respectively.

Large developed lakes, such as Indian Lake fall under LS/R-1 and LS/R-2.

LS/R-3 will be added, making a 3rd op. The new category will affect small lakes with little current development.

The zoning ordinance has not been completely revised since 1984.

"It's the best thing we have to work with right now," said Zoning Administrator Paul Wood. "It'll get better and better."

Board member Ernest Hoholik said he liked the flexibility for lake frontage of the ordinance.

The ordinance is now sent to the state for review before taking effect.

Aldrich moved to approve the zoning ordinance and was seconded by Board member Don Martin.

and Stewart voted no on the motion. Ray de Noux, Community College by U.P. Whitetails Association, Inc.

The award will go to a student from the Upper Peninsula in their second year of school in the fields of wildlife management, biology, forestry, natural resources, ecology or conservation.

U.P. Whitetails CEO and Treasurer Alan Eitenhofer said the award was one additional project as part of the group's overall goal to promote sound deer management in Michigan's Upper Peninsula. Past major projects have been in association with the Michigan DNR, the U.S. Forest Service, Michigan State University, and the U.P. Troc Improvement Center.

Eitenhofer pointed out that because of membership volunteer work, savings more than \$80,000 have been realized by the DNR and Forest Service, and project donations total more than \$100,000.

to Manistiquie to tape anything that can be learned.

Sincerely,
Paul L. Schultz
N2164, Hwy. M-35
Menominee, MI 49858

Dear Editor:

For the past three years I have been researching and writing a history of early aviation in Michigan's Upper Peninsula. Enclosed is a copy of an article that appeared in the Menominee Herald-Leader several years ago and which, through their connection with the Associated Press, was also printed in many other papers around the country.

As a result, I received many phone calls and letters with information which was of help in many cases. I have found and interviewed many surviving pioneers who flew in the 20s and 30s and have been able to get many great stories of some of their experiences. I have also scanned newspapers from 1911 on, to get the real early stories. Some of your readers may be able to provide information that would give Manistiquie greater attention in the book.

What I know:
June 18, 1919: airplane arrives at Manistiquie; possibly a Jenny or Canuck.

July 4, 1919: airplane is wrecked at Manistiquie. The airplane was rebuilt and Wallace A. (Shorty) Rowell of Marquette went to Manistiquie to fly the airplane.

June 21, 1920: Two Manistiquie aviators to fly here (Menominee) this week. They were Ray Wassall and Benjamin Gero. did they learn to fly in WWI?

December 8, 1919: Shorty Rowell becomes secretary of the Manistiquie Chamber of Commerce. (Did he ever fly again?)

When I need to know:
When did the very first airplane come to Manistiquie, what kind was it, where did it land and who was the pilot?

Did anyone from the Manistiquie area learn to fly with the Aviation Section of the Signal Corps during WWI? If so, who?

Where was the first flying done and when and where was the first flying field established?

When was the present airport built and dedicated? Who was the first fixed base operator there?

Has Manistiquie ever had airline service and who was the carrier and when did it start?

There may be other bits of early aviation history that would be of interest in Manistiquie's part of the book.

Possibly some history of the Manistiquie area has been written already that may have aviation items in it. I have found that to be the case occasionally.

Any help will be very much appreciated and I'd be pleased to go

Big Bay schools, cont.

Continued from Page 1A

learning program and buy the satellite dish and equipment needed to get the classes off the ground.

Mary Jo Cooper, the student in the Japanese class said the program is easy to follow and offers interaction with students from around the country.

"Speaking Japanese is not that bad," she said, "but remembering all the letters is difficult."

"The class is great because the students in other states can ask questions of me and I can ask them questions."

"I've got a letter from them written in Japanese that I have to translate and respond to in Japanese."

Although the students are not being taught by teachers on site, there is a classroom facilitator, who must be a certified teacher, in each of the interactive classes.

"Librarian and media specialist Barb Hoffmeyer is the facilitator for the Japanese class."

"I think this is fascinating," she said. "There are 50 schools that talk back and forth and take the class."

"There are three 'centers' with half-a-dozen teachers that are on line and can answer questions."

"Mary Jo does have textbooks and a lot of work to do."

Cooper also has language tapes and quizzes that Hoffmeyer corrects.

The tests and quizzes are sent in to the class hub in New Jersey. Every two weeks grades are received.

Cooper is earning straight As in the class.

The fifth grade at Big Bay is also using the interactive technology as part of the learning process, although not in a structured class.

The fifth grade is taking field trips without leaving their classroom.

The electronic field trip allows the students to travel to far off places and ask questions of the tour guide as they go.

Last week the fifth graders visited Sea World in San Diego, Calif.

Shamu the Killer Whale was the big hit with the students.

Students asked the tour guide how long the whales live and what they eat.

"The opportunity this allows children is wonderful," said Gerometta. "This technology opens a whole new world for these boys and girls."

Gerometta said she wishes the district had the money to hire a telecommunication or technical consultant to stay on top of the latest educational opportunities for students.

"We try to keep up," she said, "but there is so much going on."

Gerometta said the computer lab and science labs are being interconnected.

"I would like to have the whole school connected," she said. "I think it is to the advantage of the student to have access to all the technology."

"It is a fun time to be in education."

Downstate Differences

by Robert Kirkbride

Sugar-beetlers like me who are from below the bridge have a different way of viewing things. Not better, not worse, just different.

In this column, I will try to explain some of the differences and why they exist.

This week, I am going to talk about something we all hold dear, both above and below the bridge. Children are the most important resource we have. They are our future.

I had the wonderful opportunity to host my sister, her roommate and my 6-year-old nephew Andrew this past weekend.

We did all the standard tourist stuff. We enjoyed the unseasonably warm weather by exploring Palms Book State Park and Picured Rocks National Lakeshore.

The amazing part of the visit happened when we got back to my apartment.

We were all pretty tired from hiking around all day so we were relaxing with a cup of coffee.

Andrew is just starting to learn how to read.

I sat and watched as Andrew struggled with the words in his book "Little Q."

He sounded out each of the words separately, putting them together to form sentences. Although he had problems with some of the words, it was easy to see the excitement on his face as letters turned into words, words turned into sentences and sentences turned into a story.

It was a joy to see a child learn how to read right before my eyes.

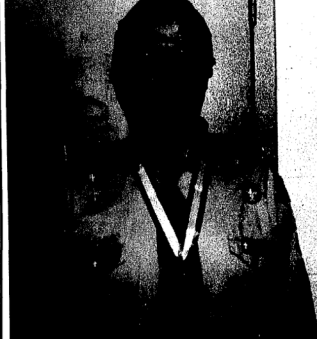

Andrew's excitement was obvious. He was on his way over one of the many hurdles in his early life. Being single without children, I do not have the opportunity to see learning in action on a daily basis.

Teachers and parents: when you get discouraged or frustrated with your children, take a second and just sit back and watch the child learn about their world.

One of the greatest things in the world is to see a child succeed at something they try so hard to do.

I've had a lot of comments on my column and have had many people give me ideas on downstate differences. Now it's your turn. Write me and tell me an experience you have had downstate the readers of this column might enjoy. Be sure to include your name, address and telephone number. Send your downstate difference to: Downstate Differences, c/o the Manistiquie Pioneer-Tribune, 212 Walnut, Manistiquie, MI 49854.

The best Downstate Differences will win dinner for two at the Ramada Inn!

Continued from Page 1A

Lucas said Denny Winter and his wife Carolyn designed and built the club house and John Tomilly and Sid Ranguette helped with building the course.

Lucas said the bar will be open this winter, but the restaurant will not open until spring.

"The restaurant and bar will definitely have a family atmosphere," he said.

Lucas said the business hopes to capitalize on the 100,000 plus visitors to Fayette State Park.

"If I had a dollar for every car that drove by and asked if we were open," he said, "I would never have to go to the bank again."

Although tourists will be valuable for business, Lucas said the greens fees and drink prices will be competitive.

"The customer is always right," he said. "We will try and offer whatever the people want."

Lucas said Tri Valley will also be open to parties and receptions.

"Our grand opening is Oct. 29," he said. "We will be having a masquerade party with the band 'Double Trouble' providing the entertainment."

"Everyone is invited to come. We are opening at 7 p.m. and the band will start around 8 p.m."

"We will be open the whole weekend."

"On Saturday, Oct. 30 the band 'Trinity' will play."

"We are looking for a nice, quiet atmosphere. I'm sure people will respect the place."

Merchants give gift

The Manistiquie Merchants Association is offering a Christmas gift to area residents.

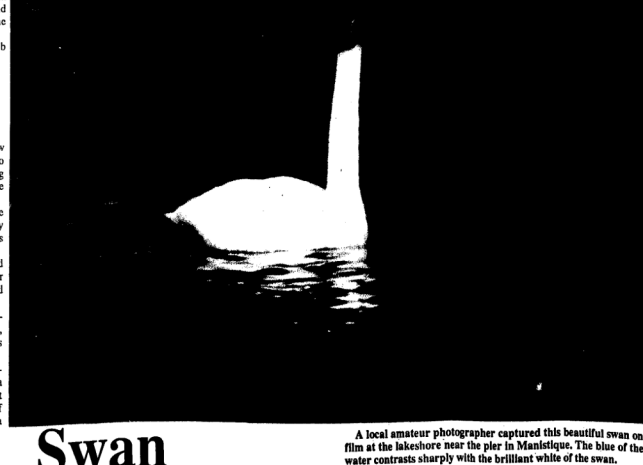

Interest free loans up to \$500 for qualified borrowers are available at all four Manistiquie area lending institutions.

"Christmas Cash" is a "script money" redeemable at any member of the Manistiquie Merchants Association, so you can shop at a variety of area shops interest free this Christmas.

Check with the Limestone Federal Credit Union, Manistiquie Federal Credit Union, First Northern Bank & Trust, or the State Savings Bank of Manistiquie for complete details.

The fifth graders at Big Bay de Noc School recently went on an electronic field trip to Sea World in San Diego, Calif.

A local amateur photographer captured this beautiful swan on film at the lakeshore near the pier in Manistiquie. The blue of the water contrasts sharply with the brilliant white of the swan.

Obituaries

Rudolph F. Evonich Sr.

Life member of Schoolcraft County Veterans of Foreign Wars Post No. 4420, Rudolph F. Evonich, Sr., 79, died October 25, 1993 at Schoolcraft Memorial Hospital. He was born on April 6, 1914 in Manistique, son of Steven and Catherine (Kopin) Evonich.

He was a lifetime member of Manistique and attended St. Francis de Sales School.

He was a member of the St. Francis de Sales Church, the Manistique Eagles Club No. 3755, and the American Legion Post No. 131 of Manistique and the Munising Moose Lodge.

He was the proprietor of Rudy and Son Coin Machines of Manistique.

He married Helen F. Smith in Escanaba on December 15, 1945.

He is survived by his wife, Helen; one son, Rudy Jr. (Terri) of Manistique; two grandchildren; several nieces and nephews.

He was preceded in death by two brothers, John and Steven.

Visitation will be at the Messier-Broullier Funeral Home on Thursday Oct. 28 from 4-7 p.m.

There will be a F.W. Memorial Service at 6 p.m. on Thursday.

The funeral will be Thursday following visitation at 7 p.m. with Fr. Mieczyslaw Oniskiewicz.

Burial will be at the Lakeside Cemetery.

Gladwin Olsen

Gladwin Olsen, 89, died October 24, 1993 at Bloomfield Orchard Villa in West Bloomfield, MI. He was born on May 30, 1904 in Fife Lake, MI.

He retired in 1969 from Zayv Trucking in Northville as a truck driver.

He is survived by his wife Dorothy of Novi, two sons, (Marge) Olsen of Warren, Peter (Emmie) Olsen of Manistique; five daughters, Gladys (Paul) Latford, Audrey Herbst both of Manistique, Karen Dotter, Helen (Robert) Werner both of Clawson, Judy (Earl) Fischer of Allen Park; 23 grandchildren; 27 great-grandchildren; one brother, Cecil Rubick of Gulliver.

He was preceded in death by two brothers, Carl and Raymond Olsen and his first wife, Ina.

Arrangements were under the direction of Lyle Elliott Funeral Home in Warren, MI. Burial was at the Utica Cemetery in Utica, MI.

Palma E. Martin

Lifetime Manistique resident Palma E. Martin, 78, died October 24 at the Tendercare of Gaylord. She was born on September 19, 1915 in Manistique, daughter of Carl and Hilda (Swanson) Olson.

She attended Manistique Area Schools and was a member of the Zion Lutheran Church.

Former Palma Eleanor Olson married Gilbert Wyrning Martin in Manistique on December 25, 1934. He preceded her in death on October 28, 1971.

Survivors include two sons, Gilbert Walter Martin of Highland Park, IL and Wallace Carl Martin of Escanaba; one daughter, Edith Gates of Gaylord, MI; four brothers, Ed and Paul Olson of Manistique, Albert Olson of Granddale, WI, Gus Olson of Moonsa, WI, one sister, Edith Washburn of Milwaukee, WI; 12 grandchildren; 17 great-grandchildren; several nieces and nephews.

She was preceded in death by three sisters, Gertrude Willis, Pauline Oberg and Hilda Finer.

The funeral was held at the Messier-Broullier Funeral Home on Tuesday October 26 with Rev. Michael J. Heller officiating.

Burial was at the Fairview Cemetery.

Memorials can be made to the American Cancer Society.

Mabel P. Moreau

Manistique resident Mabel P. Moreau, 84, died October 23, 1993 at Schoolcraft Medical Care Facility. She was born on September 29, 1909 in Dagger, MI, daughter of Fred and Ellen (Johnson) Mathison.

She came to Manistique in 1946 from Sault Ste. Marie, MI. She graduated from Escanaba High School.

She was a member of the First United Methodist Church of Manistique, a former member of the Naomi Circle of the First United Methodist Church and a former member of the Manistique Senior Swingers Band.

She was a former telephone operator and Michigan Park Service Information Guide.

The former Mabel Pearl Mathison married Wilfred "Bill" Moreau in Escanaba on December 3, 1929. He preceded her in death on May 7, 1984.

She is survived by two sons, Douglas (Karen) of Eaton Rapids, MI and Dennis (Judie) of Manistique, MI; two sisters, Anita LaChine of Jacksonville, FL, Betty Maynard of Neenah, WI; two granddaughters, Pam (Dave) Garland, Roberta (Doug) Child; two grandsons, Michael (Merisue) Moreau, Matt (Robin) Moreau; four great-grandchildren; several nieces and nephews.

She was preceded in death by three sisters, Myrtle LaCross, Alice Wallo, Joyce Hall; three brothers, Gordon, Floyd, Earl; one daughter-in-law, Marilyn Moreau.

A memorial service was held at the Messier-Broullier Funeral Home on Monday October 25, with Rev. Raymond Wightman officiating.

Burial was at the Fairview Cemetery.

Memorials can be made to the Manistique Senior Swingers Band.

INDEPENDENT AUDITOR'S REPORT

Board of Education
 Big Bay de Noc School District
 Cooks, Michigan

We have audited the accompanying general purpose financial statements of the Big Bay de Noc School District, Delta County, Cooks, Michigan, as of June 30, 1993, and for the year then ended. These general purpose financial statements are the responsibility of the Big Bay de Noc School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards, Government Auditing Standards, issued by the Comptroller General of the United States, and the provisions of Office of management and Budget Circular A 128, "Audits of State and Local Governments." Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the General G) Fixed Assets Group of Accounts. A General Fixed Assets Group of Accounts which reflects all general fixed assets of the District is required by generally accepted accounting principles.

In our opinion, except for the effect on the general purpose financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Big Bay de Noc School District as of June 30, 1993, and the results of its operations and the cash flows of its non expendable trust fund for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual funds financial statements as listed in the Table of Contents are presented for purposes of additional analysis, and are not a required part of the general purpose financial statements of the Big Bay de Noc School District. The information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material as a whole.

Anderson, Tackman & Co.
 Certified Public Accountants

Big Bay de Noc School District is located in Cooks, Michigan. It consists of one building with 22 classrooms. The number of full time resident pupils is 383. In the 1992/93 school year there are zero nonresident pupils, this equates to a total of 383 full time pupils. Teachers salaries per master agreement for 1992/93 school year are, B.A. step zero \$19,031, and a masters degree +15 with 35 years of experience receives \$38,373 annually. Total fund spent for class room teachers for 1992/93 is \$278,053 which was equated to 27 full time teachers. This equates to one teacher for every 14.3 students. The value of all insured property, building and equipment, is \$4,288,200.

Paul Wood
 Zoning Administrator

22c1

NOTICE TO BIDDERS

Sealed bids will be accepted immediately and until 4:00 p.m. on Tuesday, November 9, 1993, for the purchase of the tract index and the records of the Schoolcraft County Abstract Department. The tract index is not complete but the documents to finish the tract up to January first of 1993 are included in the sale.

All bids shall be submitted to the Office of the Clerk of the Schoolcraft County Board of Commissioners at the following address:

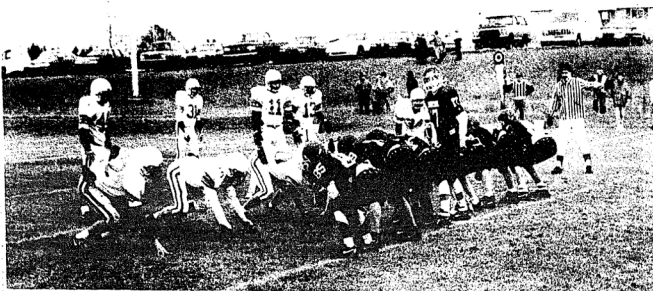

Commissioner Keith P. Aldrich
 Personnel Committee
 Schoolcraft County Courthouse
 Room 164, First Floor, East Wing
 300 Walnut Street
 Manistique, MI 49854

All bids shall be submitted in sealed envelopes, and plainly marked "ABSTRACT Bid" on the outside of the envelope.

The Schoolcraft County Board of Commissioners reserves the right to reject any or all bids, to waive informalities, and to accept any bid deemed by the Board to be in the best interests of Schoolcraft County.

Sigrd I. Hedberg, Clerk
 Schoolcraft County Board of Commissioners

22c2

The Manistique JV offense shredded opponents defenses this year on their way to the Mid-Peninsula Conference

Championship. Westwood did not escape Manistique's offense. Jon Ylunen barks out a play as the Emeralds prepare to score.

Varsity offense sputters at Gwinn

The Manistique Girls Varsity Basketball Team split a pair of games this week beating Iron Mountain, but losing to Gwinn.

The Emeralds dropped the game Tuesday against a tough Gwinn team 60-30.

"We never got on track offensively and eventually Gwinn took advantage of it and went on to the win," said Coach Bob Ryan.

In the first quarter, Manistique's defense kept them in the game as the Emeralds held Gwinn to eight points, but the offense could only score eight to match Gwinn.

Manistique hit just four of 15 shots.

Things got worse in the second quarter as Manistique's shooting problems continued.

The Emeralds made just two of 14 shots and Gwinn outscored Manistique 14-4 to take a 22-12 halftime lead.

"Despite the lack of offense," Ryan said, "we still felt we could come back considering we only trailed by 10 points."

Manistique made a move in the third quarter cutting the Model-towner lead to six, but when the quarter ended, Gwinn rallied and took an 11 point lead into the fourth.

It was all downhill from there as Gwinn quickly built a 20 point lead.

Manistique could not get back into the game because of Gwinn's stingy defense.

"They definitely controlled the game," said Ryan. "We missed a lot of shots early in the game and they were able to take control of the game defensively."

"It's one of those losses that shouldn't have ended up as bad as it did, but we've got to bounce back and play the way we're capable."

Alison Malloch led the Emeralds in scoring with 12 points. Sue Fleck scored 11.

Black Bears maul Rockets

The Big Bay de Noc Girls Varsity Basketball Team crushed Rapid River Tuesday 64-36.

Lady Bear Coach Kim Picord said she was pleased with the team's effort.

"It was an excellent team effort," she said. "We moved the ball well and played hard for four quarters."

Lisa Farley had an excellent game pulling down 14 rebounds and scoring 16 points.

Tera Ranguette and Debbie Hermes ran the fast break to perfection. Hermes scored 21 points and Ranguette had eight assists.

John Thill, Manistique, will stop at the Pioneer-Tribune office he will receive a free theatre ticket for Cinema 1.

Manistique shot a dismal 25 percent from the field, but did better from the charity stripe, hitting 60 percent.

Manistique grabbed 35 rebounds, paced by Malloch with 13 and Renee LaFleur with seven.

Manistique beat a tough Iron Mountain team 45-39 on Thursday, Oct. 21.

"We really came out and played an inspired game and earned a 45-39 win over the Mountaineers," Ryan said.

Manistique outscored Iron Mountain 16-5 in the third to take a 38-21 lead into the fourth quarter.

Renee Kennedy had the hot hand in the third quarter scoring seven points while Malloch added five and Fleck, four.

Iron Mountain made a super effort and dominated the fourth quarter.

Fleck and Malloch got the Emeralds going in the first quarter as they both scored six points to lead Manistique to a 12-10 first quarter lead.

Manistique held Iron Mountain to six points in the second quarter, while the Emerald offense scored 10 to lead 22-16 at the half.

"Once again, as we've done consistently all year," Ryan said, "we really came out with a strong offensive effort in the third quarter."

Manistique outscored Iron Mountain 16-5 in the third to take a 38-21 lead into the fourth quarter.

Renee Kennedy had the hot hand in the third quarter scoring seven points while Malloch added five and Fleck, four.

Iron Mountain made a super effort and dominated the fourth quarter.

With a very effective full court press, they quickly erased the 17 point lead and got it down to seven points with four minutes to go.

The Emeralds got a big basket from LaFleur and four key free throws from Malloch to hold on to the victory.

"This was a big win for us on the road," Ryan said. "We felt confident going in realizing we lost to them at home by just five points earlier in the season."

Malloch's 23 rebounds is a new single game school record.

Kennedy has also set new records for 3-pointers in a season and career in recent games as her total for the year is 30 3-pointers.

Manistique shot 29 percent from the field and 63 percent from the free throw line.

Manistique grabbed 54 rebounds.

Jayvees are conference champs

by Andrew Mason

The Manistique Junior Varsity Football Team took the Mid-Peninsula Conference title last Thursday night after they defeated the Westwood Patriots 36-17.

On the opening kick off the Emeralds recovered their on-side kick. But the quarter ended in a 0-0 tie.

In the second quarter, Westwood scored on their first possession, but failed on their two point conversion attempt.

The Emeralds then came back with a 27 yard run by Jason Blowers for six points. Manistique also failed their two point conversion.

Later in the quarter Westwood came back with a field goal to take back the lead.

The Emeralds got the ball back without much time left on the clock.

With a few precious seconds left, Blowers ran for a 70 yard touchdown.

Nick Snyder scored the two point conversion and the Emeralds went to the locker room with a 14-9 lead.

The Emeralds came out hungry for the win and the M.P.C. title at the beginning of the second half.

Derek Culliton had a 24 yard touchdown run in the third quarter. The two point conversion failed.

Later in the third, Snyder had a one yard touchdown run. He also converted the two point play.

Westwood came back with a touchdown and a two point conversion.

The Emeralds came out of the third quarter with a 28-17 lead.

In the fourth quarter Jon Ylunen threw a 17 yard touchdown pass to Tim Sholander. The two point conversion was successful with a three yard pass from Jon Ylunen to Jason Blowers.

Then the game ended with the Emeralds on top 36 to 17.

Coach Peters said, "Our team has worked really hard for the past two years and deserved to win the M.P.C. title again."

Jason Blowers had 246 yards rushing, 8.2 yards per carry, two catches for 10 yards with a total of 14 points, and had 14 tackles.

Nick Snyder had 152 yards, 5.8 yards per carry, 11 points, 10 tackles, and was one for three in passing for 30 yards.

Derek Culliton had 24 yards, 12 yards per carry, six points, and had a 30 yard pass from Nick Snyder.

Tim Sholander caught a 17 yard touchdown from Jon Ylunen for six points and had 15 tackles.

Adam Fuson caught a 17 yard pass from Jon Ylunen and had nine tackles.

Jon Ylunen was four for four in passing for a total of 40 yards.

Josh Carlson had 10 tackles and a blocked punt.

Steve Hinkson had 11 tackles on the night.

Andy Ozanich had 10 tackles for the Emeralds defense.

Dick Ekstrom had nine tackles for the Emeralds defense.

The J.V.'s have one more game left in the season at Newberry at 7-0. This game is not a conference game so the J.V.'s are the M.P.C. champs. But Westwood has one more conference game against the Negaunee Miners.

The Miners defeat the Patriots the Emeralds will be sole champs, but if the Patriots defeat the Miners then the Emeralds will share the title with Westwood.

Nick Snyder cuts around the end and runs for a first down against Westwood. Manistique won the game 36-17.

Kraatz, Armock excel

The Manistique Varsity Football Team lost a close game to Westwood Friday, 26-14 in Westwood.

Head Coach Todd Kangas said the Emeralds played well.

"Offensively, we moved the ball well," he said. "Defensively we stepped them up."

"Turnovers and a couple of big plays really hurt us."

Manistique had 17 first downs on 134 yards rushing and 181 yards passing for 315 total yards.

The Emerald defense held Westwood to 11 first downs on 153 yards rushing and 25 yards passing for 178 total yards.

Andy Fuson led Manistique's rushing attack with 59 yards on 17 attempts.

Ben Armock had an outstanding day receiving, catching six passes for 141 yards and a touchdown.

Mark Jarski caught three passes for 40 yards on the day.

Manistique faces Newberry at home Friday at 7:30 p.m.

"Newberry is more of a power team," said Kangas. "They like to use all their downs and control the ball."

Kangas said the game could go either way.

"We match up well with Newberry," he said. "I really thought the last few games we played well enough to win."

"We just blew certain aspects of the game."

"This is the last game of the seniors so we will be ready."

"It will be a good game."

Friday's game is also Parent's Night where all the parents of the players are introduced.

"We have had very good crowds at all our home games," said Kangas. "The community support has been great."

Jason Blowers slices through the defense on his way to 246 yards for the game.

Jayvee girls crush Gwinn

The Manistique JV Girls Basketball Team cruised to two easy wins this week.

The Emeralds notched their fourteenth win of the season Tuesday against Gwinn, beating the Model-towners 63-15.

"It was a very easy game in which all the girls played a big part," said Coach Mike Oas. "Each girl was given plenty of playing time and they all performed well."

"Nobody likes to win by such a huge margin, but you can't ask the girls not to try their hardest."

Manistique got the chance to mix up the line ups and look at different combinations of players.

"We also missed some pretty easy lay ups."

The second half was completely different with Manistique coming to life.

"We looked a lot more like the team that is 13-2," Oas said.

Manistique outscored the Mountaineers 32-14 in the final half.

Courney McGuire led rebounders with eight followed by Mickelson with seven and Cohen, Frances Rodriguez and Kyle Norton with six.

Manistique also defeated Iron Mountain on Thursday, Oct. 21 51-34.

The first half was a hard fought contest with Iron Mountain taking a 20-19 lead into the locker.

"We just weren't putting a lot of effort into our game and the Iron Mountain girls were just out hustling us," said Oas. "There was just too much standing around and not enough movement."

"We also missed some pretty easy lay ups."

The second half was completely different with Manistique coming to life.

"We looked a lot more like the team that is 13-2," Oas said.

Manistique outscored the Mountaineers 32-14 in the final half.

GIANT AND DIAMOND BACK

Attention Deer Hunters

LaCrosse Ice-King

There's never been a warmer, more comfortable pac boot than the triple-insulated Ice-King. It features a double-insulated outer boot plus a thick foam felt liner.

The LaCrosse Iceman Is Here!

LaCrosse

- Double-insulated so cold can't penetrate
- Polymeric foam plus 1/2" felt middle surround feet
- All rubber bottoms won't leave scent like leather boots do
- All rubber bottoms are 100% waterproof
- Super-warm 9mm wool felt liner is removable and replaceable
- Comfortable, warm, and lightweight for easy walking

LaCrosse Iceland

100% waterproof - top to bottom

LaCrosse

Very lightweight, yet double insulated for cold weather use. Removable 6mm Thinsulate wool felt/Cambrelle liner provides superior warmth. Air Grip sole for sure footing. Fiber heel crupper for comfortable walking.

A great hunting and farming boot.

The LaCrosse Burly

LaCrosse

A 16" pull-on boot for extra support and protection. Fits tight around the ankle so it won't pull off in the mud. Polymeric foam insulation for warmth and comfort. Tank tested 100% waterproof. All rubber construction means the Burly won't leave a scent for deer like leather bottom boots.

Manistique High School Class of 1943

Brooke Bowman wins Mead essay contest

In recognition of National Forest Products Week, Oct. 17 to 23, Mead Paper, Publishing Paper Division announced Brooke Bowman, a seventh grader at Manistique Middle School, as the second place winner in the Fourth Annual Mead Woodlands Essay Contest. Students from the seventh and eighth grades submitted 300-700 word essays, which addressed the question, "Forests are a dominant feature of the American landscape and play an important role in our society. On a personal level, what influence and/or impact do YOU have on our forest? What role do you play?"

Bowman, the daughter of Bill and Lorrie Bowman of Gulliver won a \$100 U.S. Savings Bond for the essay. Jeannie Pearson is Bowman's teacher.

My Impact on America's Forests
Brooke Bowman
Seventh Grade
Manistique Middle School
Mrs. Pearson, teacher

Every person on the earth has an impact on their ecosystem around them. Personally, I feel that I influence the forest in many ways. There are both good and bad impacts that people make on forests. Some influences look bad to some people, although they are stepping stones to a better environment. These are some of the ways that my family, friends, and I are influences on the forest.

When I was in grade school, I was wonderfully impressed by the forest. Every year, Mead gave us a young tree to plant on Earth Day. In fourth grade my class went on a tour of Mead and I was amazed at the process of making paper. When I was in fifth grade, we went to Clear Lake Camp and planted a plantation of trees for the Forest Service.

My respect for the forest is also a result of my family's positive influence. Every year my dad brings home around fifty trees and we plant them around my grandpa's house and our house. When I go to the house I used to live, all the trees form a green boundary around the field, creating a natural windbreak. I am proud to tell my friends that I helped plant the trees that are now taller than me, and how they help protect the open field from erosion.

I personally have an impact on the forest in a more subtle way. I play a role in my ecosystem by coexisting with forests. I produce carbon dioxide for the trees to live on. In exchange, they produce oxygen for me to breathe. We also need forests to enjoy life, because we need their wood for heat, housing, and numerous other wood products we've come to take for granted.

I also have an affect on the forest because I share the understandings I have about common forestry practices such as clear cutting. One of the ways trees are harvested is by clear cutting. Just about all clear cut areas are bought to cut, and are planted over and over. After the spot is clear cut the area may look horrible to some people. Branches and a few trees are left lying on the ground. What these people may fail to see, however, is that during the harsh winter months, animals like deer and rabbits eat the tender tree tops that grow after a forest has been clear cut. If an area was over cut or thinned out, it may become so dense that young trees and small plants could not grow. I think it is important for people like me to help break these kinds of misconceptions about practices like clear cutting.

I also try my hardest to make sure I do not use anything that will pollute the environment. There are many pollutants that can be harmful and may even kill the trees.

The students of Hiawatha School walked to Wright's pumpkin patch on Friday, Oct. 15. They selected their favorite pumpkins. Last Friday, Oct. 22, they carved them into Jack-o-lanterns.

Masks come off

by LeRoy Fox

Remember when "Many Many years ago"...

We all looked forward for the coming of fall and all it had to offer, knowing that winter was right behind, with all its outdoor activities. Now most of us wonder where the summer went, it seemed to slip by so fast, and we only finished about half of what we set out to do. You know, that is what seems to be unequal with our generation. We have been there, did what we had to do, and now wonder just how in the world we ever had the time.

I just received a very nice letter and article from Angelus LaRose Rosic, one of the graduates of 1943, we held our reunion this summer for those are wondering. What the connection, I think the article explains itself and it is something I would like to share with all of you. I would also like to remind anyone who has anything that might be of interest, please feel free to either send it to me care of the Tribune or just tell me about it.

After 50 Years, Masks Come Off

They were all there in the parking lot, Cadillacs, Lincolns, a few sports cars but mostly Buicks, Plymouths and Chevys but this wasn't a high school lot where everyone saw what the other was driving. It was the parking lot at Fireside Inn Restaurant on July 24, 1993 and nobody really cared what you drove up in. Once inside everyone was the same. Fifty

Memories

and, whether all admit it or not, all must accept the driving force of time and the realization that being 18 was a long time ago. Lessons have been learned whether learned hard or easy. Relationships have been made and folds and reunions don't hide commitments made, sometimes thing.

The Manistique High School Class Reunion of the graduating class of 1943, what an event! Who was fun being there with who did you used to be? and then added "I mean who are you now?" anyone getting involved in the stories from the past or feeling bad if I didn't recognize a classmate. People change over 50 years. Earlier reunions bring out the bragging about jobs and careers and finances, but not at 50 years. People settle down, there aren't many left to impress with glittering stories of hope and dreams. The hopes and dreams have already come and gone and what's left is a few more pounds, a little less hair and a lot of grandchildren. People know who they are now. The quiet ones have Manistique High School of 1943. It was a pleasure to see what you have become.

Angelus (LaRose) Rosic the real person inside with all those hopes and dreams of 50 years ago cradled under the face of time. Masks pretending to be 18 when 68 is too hard to face. The Masks, though, are the exception at this stage of life. Most of us have accepted what life has brought us. Must have accepted the extra pounds and gray temples. Most have accepted the others as equals rather than competi-

High scores in bridge on Monday, Oct. 11, were taken by Eleanor Peterson, Elma Bowersox, Thelma Bauer, Bea Wilde, Ann Wilcock, Mabel Patz and Eric Webb. Jean Mickelson was the CFC contributor.

Emma Tuftnell was the hostess, serving homemade caramel rolls with butter.

Friday, Oct. 22, high scorers were Joyce Lesica, Eleanor Peterson, Freda Smith, Kay Schanz, Elma Bowersox, Lorraine Rungtens, Dorothy Whitelaw and Judy Rogers. CFC contributor was Jane Leonard.

Belle Berto and Norma Archambeault were the hostesses. They served egg salad and ham salad sandwiches, cream cheese and veggie sandwiches and banana bread with cream cheese or butter.

First place in cribbage on Thursday, Oct. 31, went to Miriam Hamel with a score of 618. Bob Hewitt placed second with a total of 600 points.

Memorials were given to the Center in the name of Gertrude

Willis by her husband, George Willis and daughter, Jeri Smolen and in the name of Roberta Barton by her now, Robert A. Stump. Dorothy Rubick gave a maintenance and support donation.

Postage donations to help supplement the cost of the monthly "Timepiece" newsletter were received from Ellsworth Davenport, Loreta Daniel, John and Fern Novitski and Jane Leonard.

We wish to thank each of you for your kindness and concern towards the Center.

Birthday greetings go out to: William Wright, Oct. 30; Almeda Bryers, Carl Larson, Andrew Gilewski and William Erickson Nov. 1; Mary Jo Sahlack, Nov. 2; Elba Shampine, Nov. 3 and Edward Cook, Nov. 4.

Happy Birthdays!

The Seniors of our town. When you have Board members like Denton Nelson, Eric Webb, Harry Hastings, Bill Haindl, Mary Blomquist, Dorothy Briggs, Elma Bowersox, Peg McNab, LeRoy Fox, George Willis and Bernice Stapleton you know you have a winning team. Thanks to each of you, I always know I could count on your support.

Also a thank you to the Board members of the Schoolcraft County Commission on Aging. They make decisions on the services that are provided to the Seniors. This Board only wants what is best for the Seniors and are willing to take time to see that it is provided. A job well done to Sally Schuetter, Bill Mueller, Harriett Abramson, Helen Davenport, Jean Flodin, Tillie Darwin, Myrtle St. Martin and Norma Johnson.

And last but not least, a thank you does not seem enough to my friend and co-worker, Connie

The "kitchen crew" has always been known for a laugh or two. I'm really going to miss Tillie Derwin's joke of the day. She knows a million! Deanna Polon, Colleen LaVance, Diane Beterly and Mary Smith are the best cooks in town and believe me I always let them know. Especially you, I always know I could count around 10 m. when you are just starving.

A special thank you to Loretta Norbotten who is the Homemaking Aide. She is always willing to give extra to the Seniors to make their life just a little bit easier.

If Ed Jackson, Gulliver, will stop at the Pioneer-Tribune office he will receive a free theatre ticket for Cinema 1.

don't think I am letting you down, because the future will bring you days that are new and interesting. You deserve only the best.

Please consider this an open invitation to my new home. If you are out my way please look us up and when you see me working, please remember to "tip" big. My best to each of you.

RAMADA INN On East US 2 Manistique, Michigan

by Diane McClelland

Dear Friends,

Writing this last column for the Center is being done with mixed emotions. It is hard to believe that I no longer have the first office on the right and that I will be leaving people who have become very special friends.

As I think of the past years, I remember some very fine people who have made my job worthwhile and were always there when needed the most. To those people I would like to say how much I have appreciated your friendship and support.

And a thank you to the people who support the Center by their donations. Without the support of these people the Center would not have the funds to operate.

The Center would not be what it is without the dedication of the Manistique Senior Citizens Center Board. These board members give freely of their time for

the Center in the name of Gertrude

Fish released in Germfask

The Manistique River Watershed Project released 5,000 walleye into the Manistique River in Germfask. (l to r) Carma and Tom Gronback of Northland Outfitters, George Lyon, Bob Panek and Tom Arnold helped release the fish into the river. The fish were purchased by Manistique Papers as part of their five year commitment to donate 5,000 fish per year.

Fish Report

By Sgt. John Walker (Ret.)

Well, it seems that fishing has slowed down a little this past week. There seems to be a lot of fishermen after walleye this fall and they are getting a few, but no records are being set.

There was a real nice buck taken this past week with a bow. The guy who got it has not touched the ground yet. It was a real beauty with 12 points and a wide rack. Now there goes his Christmas money to get the head mounted.

Well, I really got a scare the other day I heard they were going to use my book for an English literature class. I thought now I'm in trouble because I will have to come out of retirement to explain the English language as used in U.P. story telling to them. I thought I would take this time to prove to you readers my point about the proper use of English in the U.P.

My wife and kids keep telling me that then and than are two different words, but I keep telling them they are the same word and are inter-changeable. Let me explain:

Eino was down the river fishing. He got a snag and lost his last lure. So he yelled over to Teivo that he had to walk up to Top-of-Lakes and get some hooks. Off he went to stop at Top-of-lakes for some new lures, then he walked across the street for a cup of coffee to warm up.

About five minutes later wouldn't you know it Teivo hooked a big one and with Eino not there to help him land it he not only lost his temper, but he also lost his whole spool of line and his last lure out of his box. So he took a walk over to the Holiday to get some line and a few lures. Then he walked across the street to meet Eino and have a cup of coffee.

Now to prove my point you have to look at the facts:

- 1) Were both Eino and Teivo fishing in the river, yes.
- 2) Did both Eino and Teivo lose their lures, yes.
- 3) Did both Eino and Teivo

to a sporting goods store and get new lures, yes.

4) Now did both Eino and Teivo end up across the street with a hot cup of coffee to warm up, yes!

So you see both words worked out the same way used in the inter-changeable spot and hot coffee was the result.

Now, one other time I used the word frustrated in a story and my daughter told me, "Dad, there is no such word. I said there has to be!" Let me prove this too.

Your brother gets off work November 14 just before midnight, 300 miles from home. He drives all night through ice, sleet and snow to get home. I have breakfast ready so we eat as he changes so we can get out to our deer blinds. We get out to our vehicle and it has a flat tire, so we work up a sweat changing a tire. Then your brother finally gets into his blind and he must have dozed off, for all of a sudden he realizes there is a buck standing down at his bait pile. He shoots and misses the first buck he ever missed. After looking around he heads over to my blind to tell me. His hope is all fogged up and wet, but he figures he has already missed his buck so big deal. He takes a half dozen steps and up jumps the biggest buck he has ever seen and he cannot find it in his fogged up scope! Now he was

PTO to meet

Manistique Area Middle School P.T.A. will hold its next meeting on Wednesday, Nov. 3 at 3:15 p.m. in the MHS board room.

If Barb LaLonde, Manistique, will stop at the Pioneer-Tribune office she will receive a free theatre ticket for Cinema 1.

If Julie Chase, Manistique, will stop at the Pioneer-Tribune office she will receive a free theatre ticket for Cinema 1.

First Northern receives grant

The Federal Home Loan Bank of Indianapolis announced recently that it is awarding \$14,000 to First Northern National Bank of Manistique under the Affordable Housing Program. The funds will be used to assist in the creation of two (2) units of affordable housing.

The Affordable Housing Program was created through the Federal Home Loan Bank district Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA). Under the program each Federal Home Loan Bank (FHLB) makes subsidized priorities of the AHP were recommended to the Federal Housing Finance Board (FHFB) in Washington, D.C. August 13, 1993. The FHFB recently reviewed those recommendations and has approved the funding of 42 projects.

"These projects highlight truly creative combinations of public and private efforts to meet the housing needs of low-income households," according to Martin L. Hager, president and CEO of the Federal Home Loan Bank of Indianapolis. "Through such efforts our member financial institutions in Indiana and Michigan continue to demonstrate their strong commitment to the communities they serve."

The Federal Home Loan Bank of Indianapolis provides credit and correspondent banking services
