

Tire Board Will Ration Automobiles

In all probability, the county tire rationing board, consisting of Lloyd LeVasseur, of Marquette, chairman; H. E. Perkins, Huron Mountain club, and James E. Flaa, of Ishpeming, will function as a rationing board for several products other than tires.

Chairman LeVasseur said yesterday that he had been informed by Arthur Sarvis, Michigan tire administrator, that according to a plan outlined by the Office of Price Administration in Washington all local tires boards will assume administration of automobile rationing.

"It appears likely there will be other rationing before the war is ended," LeVasseur said. "We are going ahead immediately with plans to ration automobiles as we expect to be called upon to handle the rationing of other products."

Car Survey Underway
The rationing board has undertaken a survey to determine how many passenger cars and trucks are in the county and how many are required by the county government and by townships and villages for essential public services.

The OPA's telegram to Sarvis said, in part, that "within a short time the freeze on automobiles will be lifted. We will set up an automobile rationing plan comparable to the tire plan and using the same machinery. In order that we may determine the number of cars we will have for rationing and redistribution please canvass your state at your earliest convenience."

The number of motor vehicles which will be rationed will be determined to a large extent by the number needed by state and local governments for essential public services as outlined in the eligibility classification of the tire rationing order and the number required for other necessary governmental functions not specifically covered by the tire rationing order. Local boards must specify in detail the types of service for which each motor vehicle is needed.

Cranium Crackers

What's Cooking?
Put the kettle on. It's time to boil up a batch of answers about that favorite indoor pastime—cooking. Don't get in a stew over these questions.

1. What familiar baking dish is made of flour, salt, shortening and water?
2. What are the ingredients of fudge candy?
3. Is Welsh rarebit a meat dish? Is when a breakfast cereal?
4. What is the popular cooking mate to (a) ham; (b) corned beef; (c) Wieners; (d) meat balls?
5. Of what is chop suey made?

Answers on Page 5

Not Surprised Over Hero's Act

"I expected him to do a thing like that," said Mrs. John Bulkeley (left) when told her husband ran his mosquito boat into a Japanese-controlled bay in the Philippines and torpedoed a 5,000-ton Jap ship. Equally proud are the hero's mother, Mrs. Elizabeth Bulkeley, and his daughter, Joan Leslie. (NEA Telephoto)

Temperature At 47; Second Time in Week

While winter sports enthusiasts continued to figuratively tear their hair, and householders chuckled at their fuel supply, the temperature yesterday mounted to 47 at 2:30 p. m.—the second time within a week it's hit that figure.

A decade ago, January 13, 1932,

NOSE PICKING May be a Sign of WORMS

Don't blame your child! It looks like just a nasty habit, but it may mean that ugly, crawling roundworms are starting trouble inside the child right now. Other warning signs are: "picky" appetite, fidgeting, uneasy stomach, itching seat.

Anybody, anywhere, can "catch" roundworms! If you even suspect your child has them, get Jayne's Vermifuge right away! It's America's leading proprietary worm medicine. Scientifically tested, and used by millions for over a century.

Jayne's expels stubborn worms, yet acts gently. If no worms are there, it is just a mild laxative. Demand Jayne's Vermifuge.

Six Recruits Sign Up For Marine Corps

Six more young men, four of whom are residents of Marquette county, have been sent by the U. S. Marine recruiting office here to Milwaukee to take final physical examinations prior to enlistment in the Marine Corps.

If they pass the examination, they will go to the Marine base in San Diego, Calif., for eight weeks' preliminary training.

The men are: Rudolph J. Heine, Jr., of Marquette; Anthony Guizetti and Ralph Parlatto, of Negaunee; Victor Berglund, of Skandia; Arthur Knuttilla, of Hancock, and Clifford P. Oppenhoff, of Gladstone.

"Successful Tour"

John Anthony Petite, Jr., of Calumet, who has applied for enlistment in the U. S. Naval Reserve, went to Chicago Wednesday night,

Jan. 18, 39; Jan. 19, 34; Jan. 20, 33; Jan. 21, 40; Jan. 22, 47.

Yesterday's high was only two degrees below the all-time January 22 peak recorded in 1900.

Continued mild weather is forecast for today.

Navy recruiters here said yesterday. Blake Foard, of Marquette, also went to Chicago to take the examination for enlistment as a Navy aviation cadet.

Word was received here yesterday that R. H. Bailey, chief machinist's mate, is having a "successful tour" of Houghton, L'Anse, Calumet, Ironwood and Iron River.

Bailey sent word to recruiters here that he had signed up many young men on the current tour.

Four Enlist in Army

Carlton L. Olyer, U. S. Army recruiter, said Raymond Daniels, of Big Bay, and Carl Joseph O'Donnell, of Marquette, will leave for Wausau, Wis., on January 26. Daniels signed up for field artillery, and O'Donnell for coast artillery.

Ralph Russell Sweeney, of Marquette, and William Henry Palmer, of Ishpeming, also have enlisted in the Army and will leave February 2. Sweeney signed up for the signal corps and Palmer for coast artillery.

Enough watermelons to make a patch 10 miles wide and 48 miles long are grown in the United States.

Pelto Named Sergeant In State Troops

Announcement was made yesterday by Capt. Ben H. DeVoe of the appointment of Reino Werner Pelto, 351 West Ridge street, to the grade of supply sergeant of the 503rd company, Michigan state troops, a Marquette county organization. Drill will be held at the Paletstra tonight beginning at 7:30. Pelto was appointed by Major George C. Quinnell, of Marquette, commander of state troops in the Upper Peninsula. He will have charge of all supplies and equipment received from the state troops' quartermaster headquarters. Eighty web cartridge belts were received yesterday and will soon be distributed to all members of the company. Rifles and uniforms, measurements for which have been taken, will be sent here soon, Capt. DeVoe said.

Equipment on the Way

The company has been given use of all facilities at the Paletstra armory. The ballroom is being used for drilling and the supply room and other quarters are off the lobby downstairs. A portion of the quarters used by Clarence Pullock, Paletstra manager, has been made available for a company office. In addition to rifles and uniforms, other equipment has been received here and more is on the way, Capt. DeVoe said. At last week's drill, the troops filled out requisition blanks for winter caps, Arctic overshoes, field service caps, overcoats, raincoats, woolen gloves, canvas leggings, cotton shirts, woolen shirts, slacks, light wool socks, service shoes, working suit (denim), black necktie and union suits. Medical Supplies The company will be supplied with 80 rifles, bayonets, gunslings,

scabbards and 1,000 rounds of ammunition. Other equipment includes 85 barrack bags, 255 blankets (three to each man) 85 canteens, 85 steel cots, 85 canteen covers, one guidon, one guidon staff, 255 shoulder insignias, 85 mattresses. Eighty-five meat cans, cups, knives, forks, spoons, one medical chest, 82 first aid packets, 82 first aid packet pouches, 10 battery and bulb flashlights, six cooks' aprons, caps, coats and trousers.

Job Service Reported 61 Per Cent Gain

Job placements in Marquette obtained through the local office of the Michigan state unemployment service, which now is functioning as part of the U. S. Employment Service, increased 61 per cent to 1,896 in 1941. In a year-end summary, George W. Cross, state director, asserted that for the state as a whole last year the agency filled 162,447 positions in private industry, representing an increase of 29 per cent over 1940. The increase in placements by the Marquette office was second only to Monroe, which reported a jump of 64 per cent. Other Upper Peninsula points reporting increases were Hancock, up 19 per cent; Menominee, up 17.4; Escanaba, up 9.9; St. Ignace, up 8, and Manistique, up four per cent. Reflecting longer-lasting job opportunities, placements lasting more than one month rose 41 per cent to 115,577, compared to 82,087 in 1940. A 33 per cent gain in the number of persons applying for jobs at public employment offices for the first time during the year advanced the total of new applications to 356,266, compared to 219,448 the previous year. War veterans placed in jobs num-

Meat Dealers Stress Health Importance

Building the nation's strength means building better health for its individual citizens, Fred A. Johnson, chairman, told 60 meat retailers and their employees at a meeting in the Northland hotel Wednesday night. Johnson is manager here for Armour & Company. The meeting was attended by retailers and others from Marquette county and surrounding territory. "Good health calls for an adequate daily supply of proteins, vitamins and minerals," Johnson said. "Meat plays an important part in the program to improve the nation's health. It is a source of complete proteins as well as B vitamins and such minerals as iron, copper and phosphorus." "Thrifty Cuts" The current phase of the program discussed here by retailers dealt with "thrifty cuts." "There are many delicious cuts of pork, beef, lamb, ham and other meats that can be obtained for very reasonable price at any meat market," Johnson said. "Providing information on how to prepare each cut so as to bring out its flavor and preserve the food essentials it contains is one of the most important parts of the program." A feature of the meeting was a new sound motion picture dealing with national nutrition and balanced meals built around meat. The film suggested ways in which meat dealers can use the educational program in their own markets to better 7,493, an increase of 40 per cent over 1940.

increase the value of their services to housewives. People Like Meat One of the principal points of the film was that people like meat and want to eat more meat, and it is the place of the retailer to show them how they can enjoy it more often by utilizing thrifty cuts, said to be just as nutritious and tasty as those in greatest demand. "Preparation of these cuts so as to bring out their flavor is the problem of the housewife," Johnson said, "and it's our problem too. We don't subscribe to the theory that our job is done when meat is cut, wrapped, and delivered. We must see that meat going out over retail counters gives a full measure of satisfaction."

Republic

Russell E. King, of Ishpeming, was a Republic visitor Wednesday. Mrs. Evald Sommers and son, of Marquette, spent Wednesday in Republic. Mr. and Mrs. Eino Jarvi and family have returned home after spending a few months in Detroit. Mrs. John Caenos has returned to Chicago after spending a few days here visiting her parents, Mr. and Mrs. August Niemi. Miss Leona Niemi has returned to Chicago after spending a few days here with her parents, Mr. and Mrs. August Niemi. Mrs. Ivar Oman, of Humboldt, was a visitor at the home of Mr. and Mrs. Eugene Latvala this week. The Birthday club will have a party this evening at the home of Miss Ethel Pascoe, the occasion being her birthday. The Twentieth Century club met last weekend at the home of Mrs. John P. Sullivan and last evening met at the home of Mrs. Arvo Warlin. Mr. and Mrs. Arvid Ilves and daughters, Nancy and Carol, have gone to Waukegan, Ill., where they will reside and where Mr. Ilves will be employed. The Misses Geraldine and Jennie Peterson have returned to Lansing, where they are employed, after spending a week with their parents, Mr. and Mrs. Barney Peterson. Federal use-tax stamps for automobiles have been received at the Republic postoffice and are on sale. The stamp must be affixed to a prominent place on the car on or before February 1 and the charge for the stamp is \$2.09.

Restrict Fuel Sales LANSING, Jan. 22—P—The Michigan public service commission today accepted new rules of the Michigan Consolidated company which asserts no new house-heating customers will be added by the firm in the Detroit district after April 1 because of heavy demands of war industries on natural gas supplies piped from Texas.

Brooks OLD ORIGINAL CATSUP. Even before we add the final touch of zippy flavor to Brooks Catsup, it is outstanding for its creamy consistency and appetizing color are a pleasure to behold. But when we add that final ingredient, tabasco peppers, you'll smack your lips in spite of yourself. There's a whole family of Brooks finer Foods. Look for them at your grocer's.

Painesdale 5, Soo 3.

GAMES SUNDAY
Marquette at Painesdale.
Calumet at Soo.

By Jimmie Ward
There was a lot of soup at the Palestra last night going under an assumed name—ice—and 22 guys from Marquette and Calumet were skating around in it. It was somewhat of a mess but a lot of fun and the Sentinels won, 4 to 1.

Without a doubt it was the wettest game at the arena in some time, but remarkably fast and interesting in view of the condition of the so-called ice, which had been coming to a slow boil in Marquette's June-January temperatures for night unto a week or so.

The victory enabled Marquette to extend its winning streak to eight in a row and boosted the alert Sentinels eight points or four games in front of the second-place Sault Ste. Marie Indians, who bowed inauspiciously to Painesdale last night, 5-3.

Wet All the Way

It was wet right from the start, wetter in the second period and sopping, splashing wet in the third period. Every time a player went down on the ice, which was frequent, he got up looking as if he forgot to come in out of the rain.

One of these was Chet Berriman, Calumet goalie, who soaked up a lot of water when he sprang on the ice. And the way the Sentinel forwards were bearing down on big Chet, he was forced to spend most of the evening in a prone position.

George Wolff, new Marquette goalie, made a promising debut, to say the least. He was on his toes all the way, made several difficult stops and impressed fans with the way he stayed in a crouch and watched the play constantly.

Robbed Of Shutout

With only six minutes and 45 seconds to go, Wolff was robbed of a shutout—every goalie's dream, particularly in his home debut—when Alfred "Half-pint" Huot rapped one past him from the mist of a maze of players.

Fine work on the part of Berriman kept Marquette from scoring in the first period. The Sentinels got two good chances in the opener and each time the heavyweight Calumet goalie came up with the rubber.

Play started fast in the second period when Ike Prokaski swept away on a quick break after Wolff had made two good saves and scored on a pass from Frank Laurich 37 seconds after the opening faceoff.

Neat Faceoff Play

At the 17:44 mark, Connie Pleban rang up another for Marquette on the prettiest play of the game. It was a faceoff in Marquette territory with Prokaski passing up the ice to Pleban, who broke for the puck like a scared deer. He had only Berriman to beat, which he did by bankhandling a lift shot over Chet's sprawled form. Frank Gresnick was reclining in the penalty box at the time, serving his second successive two-minute sentence for tripping.

Marquette hopped into a 3-0 lead early in the final session with Johnny Urbha, veteran defenseman, doing the honors on an assist by Lloyd Hill. Huot closed the margin to 3-1 ten minutes later, but hard-working Horace Johnson added another for Marquette with only six seconds to go.

Evasive Puck
Urbha might have had another earlier in the period, but in trying to hit the corner, he hit the corner post and the rubber bounced safely out. Boats Kukulic figured in the play neatly by blocking out Gresnick and leaving Urbha in the clear.

The ice was wet, slow and rough, which made the puck perform like a Mexican jumping bean. That they made an interesting game out of it is all the more to the credit of the puck-chasers, for skating on such ice is like trying to run the 100-yard dash behind a wheelbarrow.

St. Joseph Five Loses To St. Paul
NEGAUNEE, Jan. 22—Led by Taylor, center, St. Paul's of Negaunee defeated St. Joseph's of Escanaba, 44-25, here tonight. Taylor was high point man for the night with 19 counters, nine field goals and one free throw.

Spartans Win Ninth Victory in 12 Starts
EAST LANSING, Jan. 22—Michigan State college's basketball team won its ninth victory in 12 starts with a 37-30 decision over the University of Cincinnati in a listless game witnessed by 2,800 here tonight.

The Spartans spurred ahead, 10-5, in the first 10 minutes of play and then coasted the rest of the way. A seven-minute scoring slump by State in the final period enabled the Bearcats to stage a mild threat in the closing minutes. State led at halftime, 23-10.

Grand Rapids Quintet Wins in Final Seconds

CHICAGO, Jan. 22—P—A field goal by Center Balzell in the last 30 seconds of play gave Grand Rapids a 49-47 basketball victory over Illinois Tech tonight, breaking a 47-47 deadlock and extending Grand Rapids' winning streak to three games.

Grand Rapids led, 24 to 18, at halftime and maintained its lead until the dying minutes, when Tech knotted the count at 45-all. Another Tech field goal gave the home team the lead until, with a minute and 35 seconds left of the game, Grand Rapids again tied the score. Balzell's winning field goal was his eighth. He was high scorer with 17 points.

Neil Trophy Given Louis By Writers

By Sid Forder
NEW YORK, Jan. 22—P—Private Joe Louis last night received the Edward J. Neil Memorial trophy as the man who did the most for boxing in 1941 and with the award, former Major James J. Walker gave Joe "the highest title known among our people—that of an American gentleman."

The heavyweight champion, all dressed up in his brand new soldier suit, was guest of honor at the annual dinner of the Boxing Writers' Association of New York to receive both the plaque given annually in memory of the Associated Press sports writer and war correspondent who was killed in Spain in 1938 and also the Ring magazine merit award as the fighter of the year.

Tunney Also Honored
Lieut. Commander Gene Tunney, of the Navy, the former heavyweight champion, came in for a share of the honors, receiving a special award from the boxing writers for "his services to boxing during the year," as head of the Navy athletic activities.

A crowd of 250, liberally sprinkled with Army and Navy gold braid and the leading beach-combers of Jacobs Beach, turned out in Ruppert's brewery for the proceedings, which were topped off with the presentation of the plaque to the Brown Bomber.

"When I won the heavyweight championship," Louis said on receiving the handsome bronze trophy, "I thought I'd never feel that good again. But tonight tops it all. I've never felt better in my life than I do right now. I hope I never did anything in the ring that I'll be sorry for in years to come."

Louis 'Great American'
In his presentation speech, Walker pointed to former Heavyweight Champions Tunney, Jack Dempsey, and Jim Braddock and to Louis among those present and declared, "if there are four men in the world with better principles of life than these men, I don't know who or where they are."

"Your performance in the ring is well established," he went on in addressing Joe, "but your personal conduct marks you with the highest title known among our people. The thing that keeps boxing on the upper plane depends more on the heavyweight champion than anyone in the game. You have been a great American; you have been a great negro; and by the sacrifice you made two weeks ago in putting your heavyweight title on the line against Eddy Baer for the benefit of the Navy relief fund, you did something more. You laid a rose on Abe Lincoln's grave."

Each Group Claims Credit
Abe J. Greene, president of the National Boxing association, and Chairman John J. Phelan, of the New York state athletic commission, got into a mild and humorous verbal tangle during their speeches over which organization was to be credited for the 1941 ring campaigning which cleared up the title mixups among the light-heavyweights, middleweights and lightweights.

"But everything is straightened out now," Greene added seriously, "and there is very fine feeling of camaraderie between the N. B. A. and the New York commission. At this moment, boxing faces its most trying experience since it became recognized as a legal sport. Boxing rises or falls as we comport ourselves in days to come."

St. Joseph Five Loses To St. Paul
NEGAUNEE, Jan. 22—Led by Taylor, center, St. Paul's of Negaunee defeated St. Joseph's of Escanaba, 44-25, here tonight. Taylor was high point man for the night with 19 counters, nine field goals and one free throw.

Hall Of Fame

Rogers Hornsby, (above) was selected for a niche in baseball's Hall of Fame. Hornsby is now general manager of the Fort Worth Cats, a Texas League club.

Tom Kuzma, Michigan Gridder, Has Pneumonia

ANN ARBOR, Mich., Jan. 22—P—The University health service reported tonight that Tom Kuzma, Michigan's sophomore football sensation, was ill of pneumonia. He has been a patient in the health service since Tuesday.

Dr. Gilbert E. Ryke said he did not regard the young halfback's condition as serious. The physician said he believed Kuzma would be ready to leave the health service in two weeks.

Kuzma's home is Gary, Ind.

New Players Fail To Help Soo Cause

SAULT STE. MARIE, Jan. 15—(Special to The Mining Journal)—A disappointed crowd of 1,700 fans saw the renovated Sault Ste. Marie Indians bow to the Painesdale Chiefs, 5-3, in Pullar Stadium tonight.

Disappointed at the result, they nevertheless saw a bangup game in which Soo fought back to tie the game at 2-2 and then got into a 3-2 lead in the final period before the speedy visitors went into high and ran away with the game.

The Mielich brothers turned in a right smart night's performance, scoring two goals each, and Frank Mielich also got credit for an assist. Frank got his first in the opening period, and Johnny collected one marker in the second. Both figured in the last-period rally.

Game Tied Twice

Deadlocked at the end of the first period as the result of Duke MacDonald's tally four minutes after Frank Mielich rang the gong, Painesdale went into a 2-1 lead in the middle session.

Soo's new players sparkled in the finale, but it wasn't enough to handle the always-dangerous Chiefs. Christie tied the game when the period was four minutes old and Good took a pass from Christie to put Soo into the lead for the first and last time.

In quick succession, four fast and furious minutes to be exact, Koopka and Frank and John Mielich scored to put the game on ice for the visitors.

Meet Northern's Wildcats!

Playing on a team of championship caliber such as the Northern Michigan Wildcats is nothing new to Ray Cardew, former Ishpeming Hematite ace.

Cardew played on one of the many Upper Peninsula championship teams produced at Ishpeming by Coach C. C. Watson. He has had two years of high school experience and this is his second year on the Northern varsity squad.

He has seen plenty of action this season from his guard position. He is a sophomore weighing 160 pounds and scaling five feet 10 inches in height and is 25 years old.

Cardew is one of the few athletes in Northern Wildcat history to make the varsity basketball squad when only a freshman.

An industrial arts major, the Ishpeming player is quiet, reserved and studious and promises to go far in whatever work he chooses. The other night the badminton crew, after finishing a session in the college gym, wondered why the lights were on in the drafting room. When they investigated, they found Cardew hard at work.

Pierce Meets Newberry In Underdog Act

When two undefeated teams clash, something is bound to happen. And it probably will when J. D. Pierce invades the Newberry Indians' stomping grounds tonight.

The Indians have breezed past Munising, Eben, St. Ignace, Sault Ste. Marie and Manistique in rapid succession and are odds-on favorites over the Marquette team. Pierce has defeated Gwin, National Mine, Baraga Parochial and Eben.

Pierce will have a tough time tonight, for the Indians scalped Eben, the defending Class D champs, 55-20. Pierce's score over Eben was 33-21, or exactly 23 points less than Newberry's.

Newberry is reputed to have the best Class C team in the Peninsula, not even barring Crystal Falls. Pierce, on the other hand, is having one of its best cage seasons in years.

Ten Pierce players, accompanied by Coach Vic Hurst and Carl Slick, will leave at 2 for Newberry. Those who are expected to start the game are Ted Olson and Kieth Butler, forwards; Will Tuominen, center, and Ray Ahlsten and Lloyd Rose, guards. Others making the trip are George Schrandt and Bob Rood, forwards; "Mope" Malette, center, and Jim Mense and Bob Hedgcock, guards.

Hedgcock has been elected captain for tonight's game.

Watson Five Plays Delta Boys Tonight

ISHPEMING, Jan. 22—Ishpeming's high school basketball team goes to Escanaba Friday night to see what it can do about lessening the blow for the Hematite faithful.

The Hematites took on Escanaba on the home boards prior to the Christmas vacation and walked off the floor thoroughly drubbed, the first Ishpeming team to let an opponent score more than 40 points since Coach C. C. Watson has been around—and he's been around for quite a spell.

There is everything to make the fans believe the team will turn in a much better performance in the return game. While there were some wild spots in the play against Marquette last Friday, the Ishpeming cagers put up the best defense they have shown this season—and came through with much-needed points in vital moments.

No one is looking for an Ishpeming victory in Escanaba, because the Delta team is one of the Peninsula's strongest. Coach Watson was hopeful today he might be able, for the first time since the Munising encounter early in the season, to use his first five men in the Escanaba game.

ALMA WINS NO. 7

YPSILANTI, Mich., Jan. 22—P—Alma extended its winning streak to seven straight tonight with a 59 to 43 basketball victory over Michigan Normal's Hurons. Alma defeated Normal, 48 to 39, in an earlier contest.

AN IMPORTANT ANNOUNCEMENT FROM GOODERHAM & WORTS!

G & W FIVE STAR

Blended Whiskey

NOW REDUCED IN PRICE!

NOW ONLY
WAS \$2²⁷ Full Quart
\$2⁰⁴ FULL QUART

WAS \$1.18 FULL PINT...NOW ONLY \$1.06 FULL PINT

THE SAME FINE QUALITY... THE SAME SMOOTH TASTE

Japs' Scrap Metal Supply Not Small

(From Iron Age)

Of all the nations at war, Japan has been considered most vulnerable from the viewpoint of supplies of raw materials like iron and steel scrap. It is likely, however, that Japan's supply of scrap is much larger than is generally realized and is sufficient to permit high armament production by that country for many months to come. Japan's iron and steel scrap pile at the start of 1942 was estimated at approximately 10,000,000 tons. In the decade just ended Japan received about 11,600,000 tons of scrap from the United States, a period in which the Japanese steel

industry produced approximately 56,000,000 tons of steel ingots and castings, and about 30,000,000 tons of pig iron. Among the factors taken into account are Japan's imports of finished steel products as well as scrap, its home-produced scrap and recovery of old metal from large-scale wrecking operations in China.

Because of prospects that steel production may be lower in 1942 than last year due to the scrap shortage, the U. S. mills are beginning to experiment with light grades of scrap. Scrap collectors in the east have been burning the tin off old cans in bonfires and sending the charred cans to the steel mills. One mill in the Pittsburgh-Wheeling-Weirton district is experimenting with use of partly dented cans in steel melting. In an effort to salvage the tin from old cans, two large detinning firms met recently with OPM representatives at Washington.

New Inspection System
The recent announcement that a drive is being conducted to end misgrading of iron and steel scrap,

under a system in which OPA inspectors will appear at consumer plants without advance notice, is not unwelcome to many steel plants and foundries. Scrap found to be upgraded will be recommended for reclassification, and sellers and consumers will be liable to penalties.

This week the Office of Production Management, is working on a method to determine the demand for any one of 100 basic materials according to the end use, and to what degree considering the stress of war consumption of material, this use should be supplied. This method is called the end use code, and it is said, the 100 "broad bands of use" may be considered as "supply bins" from which materials may be directed both for civilian and military needs.

Meanwhile the most drastic step yet taken to enforce the priority system of distribution of war materials and equipment is proposed in the second war powers bill now being considered by the Senate judiciary committee. This bill con-

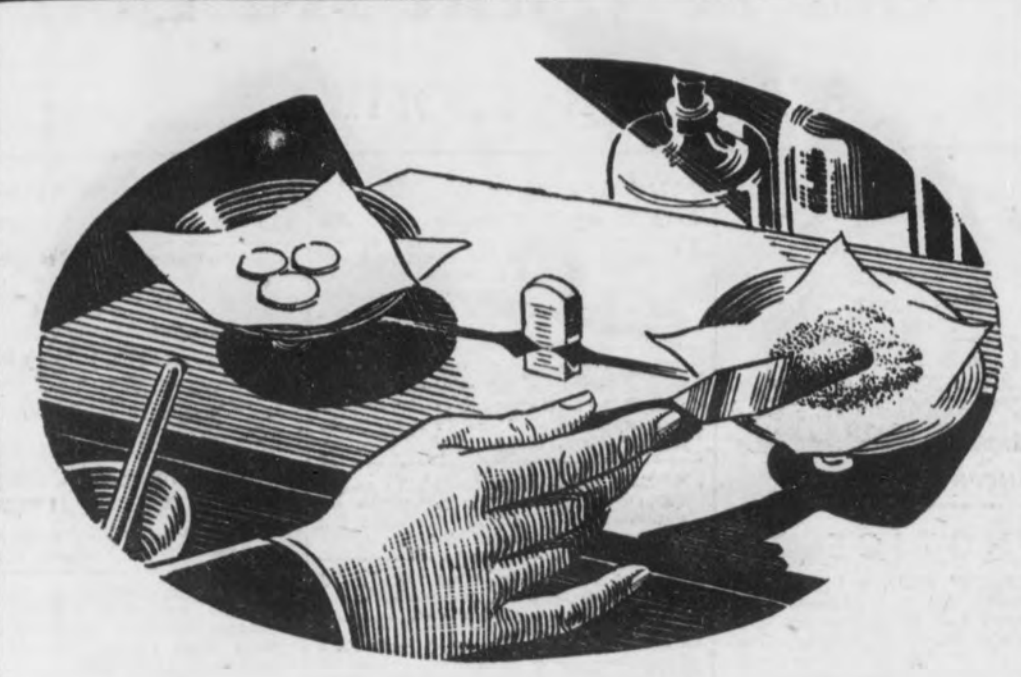

tains provisions for giving the armed forces all-out power to requisition any machine deemed necessary for war work, regardless of how much that machine is being used. Requisitioning powers under the Selective Service Act are restricted to machines which are not in actual use and which are not considered necessary for the operation of a plant.

Output Up Half-Point
Steel production this week is at 96.5 per cent of capacity, a half-point advance over last week. The minor rise is due to small gains recorded at Chicago, Cleveland and in Southern Ohio. The Pittsburgh rate is unchanged at 97 per cent, and Youngstown output is holding St. Louis dropped seven points to 85 per cent, the eastern area one point to 103 per cent and Eastern Pennsylvania a half point to 91 per cent. While operations in Southern Ohio rose nine points to 102 per cent, Buffalo is unchanged at 90 per cent, Wheeling at 88 per

cent, Birmingham at 95.5 per cent and Detroit at 94 per cent.

Steel orders booked so far in January are equaling, or in a few cases exceeding, the volume of the corresponding period in December, although orders had been expected to decline somewhat because of the all-out war program. The OPM has allocated 375,000 tons of steel to South American countries for the first quarter of 1942, together with some tungsten and nickel.

Approximately 1,750,000 tons of steel will be needed for the 522 merchant ships for which contracts totaling \$948,000,000 were announced last week by the U. S. Maritime Commission. The ships, made as part of the Victory Program, call for 8,000,000 gross tons of shipping in 1942 and 10,000,000 tons in 1943.

MUTUAL CONFIDENCE balances the scale

Mutual confidence is vital to the science of banking. Lose it and the scales go off balance, and the results may be disastrous—inflation, unstable currency, depression. The First National for years has enjoyed the full confidence of thousands of people from every walk of life . . . a confidence based on the strength of this institution and its experienced officers — on seventy-eight years of fair and sympathetic approach to your banking problems.

That is why people say the First National is "their" bank. It is your bank too! Its complete banking facilities and the advice of its executives are always at your disposal.

Come in anytime for a chat with an officer who is sincerely desirous of being helpful to you.

MICHIGAN INTANGIBLE TAX LAW

The 1939 legislature enacted the law which imposes annually, beginning in 1940, a tax on intangible personal property. The tax is due and payable on or before April 1, annually, or 90 days after the close of each year.

The undersigned banks in the best interest of their depositors will again pay the tax, as they did last year, insofar as it applies to the deposits of their customers for the year 1941.
