

## W. J. Vadnais Killed by Car; Inquest Set

William Joseph Vadnais, 36, 1808 Presque Isle avenue, was killed instantly at 12:20 a. m. Tuesday when he was struck by a car driven by Ernest Pesola, 23, Merchants hotel, Spring street.

Pesola was held by city police yesterday for investigation of the accident, but will be released pending an inquest, ordered by Coroner Marvin Fassbender, to be held at 2 p. m. Friday, April 24, in the court house.

Pesola told police he was driving south on Presque Isle avenue when Vadnais suddenly appeared in front of his car about 20 feet away. He said he swerved to the left, but that the right front fender of his car struck Vadnais, tossing him over the hood of the car against the windshield. He said he was driving approximately 30 miles an hour.

Vadnais was taken to St. Luke's hospital where he was pronounced dead. His skull was crushed.

### Was Crossing Avenue

The victim, Pesola told police, was walking east and apparently attempted to cross Presque Isle avenue at the intersection of Norwood street.

Vadnais was born at Beacon Hill on February 12, 1906, and had been a resident of Marquette 24 years. He was a member of St. Peter's cathedral parish. He is survived by one son, William, Jr., his father, Joseph Vadnais; three brothers, Frank, of Lansing, and David and Louis, of Marquette; and seven sisters, Mrs. John Brady, Mrs. Fred Provost and Mrs. Al LaBue, of Marquette; Mrs. Albert Teller, Lansing; Mrs. Michael Pidgeon, Detroit; Mrs. Ray Van Linden, Sandusky; and Mrs. Theodore Gigure, Ishpeming.

Funeral services will be held at 9 o'clock Thursday morning in St. Peter's cathedral and burial will be made in Holy Cross cemetery. The body was taken to the Fassbender funeral home where it will remain until the hour of the funeral.

### Former Marquette Youth Arrested in Chicago

DETROIT, April 14.—P.—Ill-fitting trousers caused the arrest in Chicago of 19-year-old Donald Kropp, formerly of Marquette, Michigan, who was returned here to face a charge of larceny and who was placed on probation for six months.

Police told Judge George Murphy that Kropp, who had been living with a cousin, Robert Anderson, disappeared with Anderson's accordion radio, new suit and top coat. Suspecting that Anderson's trousers might be too short for Kropp and learning that Kropp might be visiting relatives in Chicago, Detroit police asked Chicago officers to be on the lookout for a youth wearing ill-fitting trousers. The description fitted better than the trousers and Kropp was picked up. Police found the accordion and radio, valued at \$180, had been pawned for \$20.

Besides being placed on probation, Kropp was ordered to pay Anderson \$60.

### 400 State Employees Given Pay Increases

LANSING, April 14.—P.—The state civil service commission today authorized pay increases for more than 400 employees, mainly in a move to prevent wholesale resignations by workers lured by higher pay in private enterprise. The majority of the raises, estimated to total \$60,000 a year, were approved for employees of the state liquor control commission. Three highway department engineers,

### Piccone, 13 Others Sent to Branch Prison

JACKSON, April 14.—P.—Dominick Piccone, Highland Park youth who killed three men a fortnight after his release from prison, was returned to the northern branch prison at Marquette today along with 13 other transfer prisoners from the southern Michigan prison at Jackson.

Piccone had served part of a felonious assault term in the Marquette prison before and his transfer from Jackson today was routine, according to Deputy Warden George I. Francis, who said it was customary to send "bad" prisoners regarded as habitual criminals to the Upper Peninsula institution.

The 14 prisoners boarded a bus at the prison gates at 2 this morning and were in charge of Assistant Deputy Warden D. C. Pettit. State police in another car served as an extra guard.

several conservation department technicians and one employe of the public debt commission also were given raises.

Thomas J. Wilson, state personnel director, was authorized to approve raises for more than 200 non-guard employes of the state prisons on an individual basis. The raises, he said, were proposed "in justice" to non-guard employes because the guards were raised recently.

## April Term Of District Court Ends

The April term of U. S. district court was concluded yesterday with the completion of testimony in insurance recovery suits brought by Anthony A. Dotsch against the American and Foreign Insurance company and the Home Insurance company, New York.

Opposing attorneys, S. A. Patek and Ivan D. Wright, both of Ironwood, were given 40 days to file briefs. Judge Fred M. Raymond, of Grand Rapids, has reserved decision until later.

Decision Raymond also has reserved decision in the suit brought against the Federal Government by Harry LaFleur, of Hawatha, to recover and continue war risk insurance, in which attorneys were given 30 days to file briefs.

In all probability the June term of Federal court in this district, scheduled to be held in Sault Ste. Marie under the statute, will be held in Marquette.

Because of crowded housing conditions in the Soo and an anticipated long term of court, it is felt that it should be held in Marquette. Increased military activity in the Soo and concentration of troops there have caused considerable congestion.

### FERRY SCHEDULE (Eastern War Time)

The spring state ferry schedule effective at the Straits of Mackinac from April 1 to May 31 follows (two boats):

Leave St. Ignace at 6 a. m.; 7:30 a. m.; 9 a. m.; 10:30 a. m.; 12 noon; 1:30 p. m.; 3 p. m.; 4:30 p. m.; 6 p. m.; 7:30 p. m.; 9 p. m.

Leave Mackinaw City at 6 a. m.; 7:30 a. m.; 9 a. m.; 10:30 a. m.; 12 noon; 1:30 p. m.; 3 p. m.; 4:30 p. m.; 6 p. m.; 7:30 p. m.; 9 p. m.

## Sick Sailors Taken From Ships in Whitefish Bay

SAULT STE. MARIE, Mich., April 14.—P.—Two sick sailors were removed from freighters in Whitefish bay last night by a Coast Guard amphibian plane — one suffering from a toothache and the other from sea-sickness.

Cletus McLean, of Rogers City, Mich., who was suffering from an abscessed tooth, left a local hospital this morning while James Joyce, of Chicago, whose supposed attack of appendicitis was diagnosed by physicians as just plain sea-sickness, was released today.

## Draft Dodgers Enroute To U. S. Prison

Two Upper Peninsula draft dodgers and George Alexander Peterson, 57-year-old former Iron Mountain bank cashier, were taken yesterday morning, in the custody of the deputy U. S. marshal, to Sandstone, Minn., where they will begin serving terms in the Federal Correctional Institution. They were sentenced in Federal court here by Judge Fred M. Raymond.

The draft dodgers are Edward Adolph Jokela, 25, of Hubbell, and Joseph Anton Chopp, 28, of Ahmeek, each of whom was sentenced to serve three and one-half years for violating the selective service law. Peterson was sentenced to serve two and one-half years for making fraudulent entries in the records of the Iron Mountain bank. Rudolph Carl Ekdahl, 20, of Hubbell, sentenced to serve one year and two months for violation of the national motor vehicle theft act, is still confined in the county jail, awaiting transfer later this week to a Federal institution.

## City Paragraphs

Miss Nancy Ann Ellis has gone to Detroit to spend her Easter vacation with her mother.

Leo Driscoll, who is employed in Indiana Harbor, Ind., is here visiting friends and relatives for a few days.

Mrs. Russell Carlson and Miss Virginia Prince have arrived from Charleston, West Virginia, to visit their parents, Mr. and Mrs. LeRoy Prince, 220 West Park street.

Miss Mayme Gentile has returned from a 10-day trip, spent visiting her brother, Pvt. Joseph Gentile, and her fiancé, Pvt. Martin Kiva. Enroute to Marquette she visited friends in Milwaukee.

Pvt. Edward S. Woodbridge, son of Mr. and Mrs. William G. Woodbridge, 132 West Crescent street, is now in the U. S. Army Air Corps gunnery school in Los Vegas, Nev.

He formerly was employed in the Union National bank.

**Won Fishing Award**—M. K. Reynolds, of Marquette, was one of the winners in the West Palm Beach Fishing club's winter contest. His prize catch, a 77 and one-half-pound sailfish, won second place.

**Three Parking Violators**—Three Marquette motorists paid \$1 fines in city court yesterday for violating parking ordinances, two for exceeding the one-hour parking limit and one for obstructing a driveway.

**U. S. Civil Service**—The U. S. Civil Service Commission announces examinations for junior inspector-trainee of ordinance material, \$1,440 a year, for men 18 to 55 years of age. Applications will be accepted until further notice. Complete information may be obtained at the Marquette postoffice.

**Making Good Record**—Hardie Webb, son of Dr. and Mrs. H. B. Webb, of Orlando, Fla., former resident of Marquette, is making a good record as a student at the

Columbia Military academy in Columbia, Tenn. He is associate editor of the school paper, active in football, basketball and track and was one of 37 students among 300 who received scholastic awards last semester. The Webbs lived here 14 years and moved to Orlando about four years ago.

**Sudden Temperature Drop**—No heat record was set here yesterday, but a sudden temperature drop of 25 degrees in 10 minutes provided one of the season's most unusual weather oddities. The Weather Bureau office recorded a high reading of 74—seven degrees below the all-time April 14 record set in 1941—at 4 p. m. At 5:20 the thermometer still registered 73 degrees, but 10 minutes later it read 48 degrees. The change was caused by cold air rushing in from off the lake, forcing upward the calm warm air over the city. However, the temperature rose later, reaching 53 at 7:30 p. m.

A St. Bernard dog, exhibited in England in 1886, weighed 214 pounds.

## Obituary

### Mrs. John Gauthier

Funeral services for Mrs. John Gauthier will be held this morning at 9 in St. Peter's cathedral. Burial will be made in Holy Cross cemetery. Pall bearers will be Raymond Gauthier, Paul Derocher, William Derocher, George Ellis, Mike Novak and Peter Oleynick.

A brand-new tire of first grade should give at least 15,000 miles of satisfactory service, and with meticulous care could be stretched to 25,000 miles.

# Men Learn To Extinguish Fire Bombs

More than 50 air raid wardens, coming here from all parts of the Upper Peninsula, yesterday registered and received preliminary instruction in combating incendiary bomb damage at the U. P. air raid warden school being conducted at Northern Michigan College of Education.

A demonstration of methods of extinguishing and controlling the magnesium-type incendiary bomb, which has been used extensively by the Nazis in raids on English and Russian cities, was given by the Marquette fire department at the Palastra under the direction of R. W. Bystrom, fire chief.

Discussions at the college on methods of handling incendiaries were led by Sigurd Olson, of Calumet, and Oliver Allard, of Menominee, who were among those who attended the state air raid warden school last week in East Lansing.

### Use Spray Pump

Robert A. Gilmour, of Negaunee, is director of the Marquette district school, and Charles H. Rogers, Twelfth district Legion committee man, is serving as administrator. Other instructors are Joseph Ivens, Escanaba; Alfred K. Jackson, Munising; and John L. Sullivan, of Ironwood.

Fire Chief Bystrom demonstrated the necessity of fighting an incendiary bomb with a spray of water instead of a solid stream, which causes the bomb to flare up and spread an intense white flame.

With the use of a hand-operated spray pump, or a stirrup pump—the type used in England against incendiary bombs—a magnesium-type bomb, intended to spread destruction by fire and to disrupt the morale of the civilian population, can be brought safely under control.

"A spray of water causes the bomb to burn faster, but it prevents it from exploding," Chief Bystrom said. "Sand alone will not bring a fire bomb under control. Magnesium creates its own oxygen and cannot be extinguished by smothering."

### No Carbon Tetrachloride

"It also is important to remember," he stressed, "that the ordinary type of fire extinguisher, which we are all familiar with and which are common equipment in most business establishments, cannot be used to combat an incendiary bomb."

"The carbon tetrachloride in this type of fire extinguisher forms a phosgene gas when it comes in contact with metal, such as the magnesium in the fire bombs. This gas is a lung irritant and can be fatal."

The value of fighting fire bombs with the method demonstrated by the chief is that it keeps the fire confined to a small area until the bomb burns itself out. Thermite, which contains iron oxide and aluminum powder, burns approximately two minutes before the magnesium begins to burn.

"A person should not begin to spray water on the bomb until two minutes have passed or until the thermite has burned," Allard explained. "Then the danger point is passed, and the magnesium flames can be brought under control. Ordinarily, however, the fire fighter will not have to worry about this factor, because it will require two minutes or more to get his fire fighting equipment in place."

### McCormick Gives Lecture

Men attending the school, approximately half of whom are Legionnaires, last night heard a lecture given by Donald McCormick, Marquette police chief, on the subjects: "Chemical Warfare and Gas."

To be prepared to extinguish fire bombs, each home owner should have a five-gallon pump, two buckets, a flashlight, a long-handled shovel and long-handled hoe, a sandaliner for sand, a box of sand, heavy gloves and an axe.

Incendiary bombs were described as 14 inches long, two inches in diameter and weighing approximately 2.2 pounds. The magnesium, it was explained, will burn from 10 to 20 minutes.

LT. Col. D. E. Squire, U. S. Army officer from the Sixth Corps Area office in Chicago, is participating

# T. L. Bystrom Heads Battle Creek School

Theodore L. Bystrom, former president of Marquette and a graduate of the Graveret high school and Northern Michigan College of Education, has been advanced from the position of principal of the Southwestern junior high school in Battle Creek to the principalship of Central high school in that city, it was learned here yesterday.

Mr. Bystrom is the brother of R. W. Bystrom, chief of the Marquette fire department. He has served as principal at Southwestern since 1933 and will succeed Earl J. Welsh, who was named the Jr.

# W. K. Kellogg Junior High School in Battle Creek

After being graduated from Northern Michigan College here, he continued his studies at the University of Michigan, receiving his bachelor of arts degree from that institution in 1927 and a master's degree from Michigan the following year.

**A Phi Beta Kappa**

At the university, he was a member of Phi Kappa Phi and Phi Delta Kappa and was elected to the national scholastic fraternity, Phi Beta Kappa. He was enrolled in the school of education.

He served as assistant junior high school principal in Ann Arbor from 1927 to 1929, and became associated with the Battle Creek school system in 1930 when he was named principal of the old Central junior high school.

He is a past president of the Lions club and chairman of the Battle Creek advisory committee. Recently, he was the principal speaker at a victory dinner.

# WPB Makes New Rule On Metal Buying

Consumers will not need to obtain preference ratings for the purchase of a wide list of metal articles under a change of priorities procedure, George Wallner, WPB manager in Iron Mountain said yesterday.

Under the new plan, distributors, wholesalers and jobbers will be granted preference ratings for critical materials. They will supply dealers without preference ratings, although the amount the dealer may purchase may be restricted in proportion to the amount of critical material available for civilian use.

In the past dealers and ultimate consumers have been required to obtain ratings before purchases were authorized. Distributors must list their inventories and sales from stock during the preceding month, when applying for priority ratings.

Affected by the change are distributors of the following supplies: Automobile aviation, builders, construction, dairy, electrical, farm, foundry, grain elevator, hardware, health, industrial plumbing and heating, railroad, refrigeration, restaurant, transmission, textile mill and welding and cutting.

Application forms may be obtained at the WPB office in the Commercial National bank building, Iron Mountain.

Two things shorten the life of a battery—a loose rack and lack of water. With proper care a new battery should last several years.

# Fraud Trial Receded; Jurors See Ball Game

DETROIT, April 14.—P.—The McKay mail fraud trial receded today after U. S. District Judge Shackelford Miller, Jr. and the jury of six men and six women heard Muri H. DeFoe, Charlotte editor and former state liquor commissioner, testify concerning operations of the liquor commission while he was in office.

Jurors attended the Cleveland-Detroit baseball opener at Briggs stadium while Government and defense attorneys resumed their arguments over the admissibility of telephone company records of long distance calls as evidence against Republican National Committeeman Frank D. McKay and Fred C. Ehrmann, former liquor commission secretary.

DeFoe was today's only witness. Orrin A. Demass, chairman of the liquor commission while Ehrmann was secretary, was scheduled to

# Legal material available for civilian use

# Legionnaire Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a two-week supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 2 tablespoons two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pain does not quickly leave and if you do not feel better, return the empty package and Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by Pendell Pharmacy and drug stores everywhere.

# Commission Orders State Park Closed

LANSING, April 14.—P.—Nine state parks were ordered closed for the 1942 season by the state conservation commission today, but a local government immediately took over the job of handling one of them.

The commission said it would be willing to consider similar agreements for operating the remaining eight, but the wartime conditions made it necessary that available labor and equipment be concentrated in parks with larger use.

The village of White Cloud agreed to operate the White Cloud state park. Those closed were the Benzie, Cheboygan, Dodge, Munising, Gladwin, Fletcher, Lake City, Marquette and Dodge No. 9 at Flat Rock.

**Rahilly Re-elected Chairman**

Joseph P. Rahilly, Newberry, was re-elected chairman of the commission and Wayland Osgood, East Lansing, secretary. P. J. Hoffmaster was re-elected as director.

The commission delayed a decision on a plan to return to the one-time private game warden system, but members said they seriously considered an experiment with increased game law violations in the metropolitan area.

It was suggested that 55 such wardens be chosen by lot in Wayne, Oakland, Macomb and Monroe counties.

Strict limitations were suggested to prevent public objections which 10 years ago forced abandonment of the system. It was charged then that wardens were politically appointed, that too many were named and that they exceeded their authority.

The commission approved the following purchases to provide public access to fishing grounds: 495 feet of frontage on Paw Paw lake for \$2,500; 1,000 feet on Third Fortune lake in Iron county for \$600; 500 feet in Michigan Center lake in Jackson county for \$3,000; 850 feet on Gun lake in Mason county for \$1,200; 175 feet on Wolverine lake in Oakland county for \$1,580 and 200 feet on White lake in Oakland county for \$1,900.

Licence Plate Bolts

**2 for 11c**

Save on new-design bolt! Patriotic red, white and blue shield! Sure-to-hold bolt, sturdy spring!

## From where I sit . . .

by Joe Marsh

RUMMAGING through my desk the other day, I came across some snapshots of friends of mine made back in 1933.

If you don't think time flies . . . if you don't think this world ever changes . . . you ought to look at the women's hats and dresses in those pictures taken 9 years ago! Wow!

It gave me quite a start . . . and then it set me to thinking . . . and remembering! Lots of things sure happened in 1933. A new administration in Washington . . . the turning point of the depression . . . and the coming of Repeal.

I remember the re-legalization of beer. It came before Repeal, when Congress amended the old Volstead Act to allow legal sale of "3.2" beer.

What talk and arguments they had in those days! One argument I remember well . . . was that beer would do a lot to help bring back prosperity. I wondered at the time whether that argument could be proved.

I thought about that again, the other day. I decided to check up and find out.

Well, I found out plenty. I found out that legal beer has paid more than 3 billion dollars in taxes since 1933. It has made more than a million new jobs.

According to one of the reports I've seen, beer has put more than 15 billion dollars in general business circulation. Goodness me, that's a lot of money.

Beer is sold today in every state in the Union. Every state benefits from beer's jobs and taxes. And I guess there's no denying that beer did its share in bringing back better times.

I'm glad it did, too, because beer is such a pleasant, appetizing beverage. And it stands for moderation and moderate people . . . it's not likely to get you in trouble.

Joe Marsh

Ayres Case Has Film Men In Quandary

By Gladwin Hill HOLLYWOOD, April 14—(Wide World)—The case of Lew Ayres has a million-dollar Hollywood jackpot suspended in mid-air. It also has a sizeable segment of the movie industry tugging itself into a strangle-hold trying to figure out the matter and smooth it over. The million dollars represents the approximate potential revenue tied up in three new Ayres pictures—"Dr. Kildare's Victory," another Kildare picture as yet untitled, and a non-Kildare mystery melodrama, "Fingers at the Window."

Here is the smoldering wreckage left in the wake of the disastrous fire that destroyed or damaged scores of buildings in the business district of Kewanee, Ill., a town of 15,000. Police Chief George Nelson said that the loss might reach \$2,000,000, including smoke and water damage. There were no known dead and only two firemen were hurt.

his chin in his hands and stared glumly at the ground. He was still sitting in the same spot and the same attitude 20 minutes later when Escobar came striding back, his spurs jingling bristly, to halt a few paces before him. Allan looked up. The colonel was grave, but no longer appeared angry. He saluted formally.

Town's Business District In Ruins After Fire

Mexican Masquerade

By Cecil Carnes ASIA'S GETAWAY CHAPTER XVIII "Allan!" He marveled at the way Asia's wonderful eyes were suddenly lit by the fire of new hope. "You've come to save me! He will—he will shoot me, that Escobar!"

summoned his courage and spoke bluntly to the point. "You won't like it, but—I've just set Asia free." "The devil you have!" For the first time, Allan saw the colonel really angry; his brow was a thundercloud, his eyes were coal of fire.

cation of the secret Nazi base in the Pacific from which that bomber must have come this morning, summoned by Watanabe before a bullet put him out. "Splendid! I knew that would be your program, for it is exactly the clever strategy I would have adopted in your place," said the colonel artlessly. "And now, Captain Steele, our masquerade here is ended. You will be going home—and to the further pursuit of Asia, no doubt! But some day, when this mad world is sane again, you will come to see me in Mexico City, I hope. We will talk over these strange times. And you will bring Senora Steele, eh? She, too, will have memories."

Two Sets of Twins Named MacArthur

NEW YORK, April 14—P—Two sets of twins at Adelphi hospital in Brooklyn bear the brave name of Gen. Douglas MacArthur.

Lindbergh Learning About Bomber Output

SAN DIEGO, Calif., April 14—P—Charles A. Lindbergh, now an employe of the Ford organization at Ypsilanti, Mich., arrived here to receive schooling in B-25 bomber production at the Consolidated Aircraft Corp.

'I'M NOT A DEPOSITOR— CAN I BORROW AT THE FIRST NATIONAL?'

—YES! "I got the idea somewhere that the bank's loan service was only for depositors. I'm glad to learn I can use it, too; even though I've never been in the bank before."
