

Army Accepts 39 Marquette County Men

Thirty-nine of the 75 Marquette county registrants ordered to appear before the Army medical examining board at St. Luke's hospital last Friday passed the physical examination and were inducted and sent to the reception center at Fort Sheridan, Ill., the county draft board announced yesterday.

Twenty-nine were rejected; three failed to report and four were transferred to other boards. In the case of the three registrants who failed to report, it was explained, they are residing outside the Marquette area and requests to be transferred to other boards will be filed. In all probability, they will be included in the May contingent.

The May draftees will be examined at St. Luke's hospital and will entrain for Fort Sheridan Monday, May 11. The county's quota for next month has not been disclosed.

Residents of the county who left last Friday are:

William E. Peterson, Marquette; Louis Ahonen, Republic; Leo Kangas, Ishpeming; William C. Conway, Negaunee; Samuel W. Turri, Negaunee; Francis J. Dutmer, Marquette; Donald T. Alperi, Ishpeming; Herman J. Pleau, Marquette; Charles J. Jurvelin, Michigamme; Louis A. Andriacchi, Ishpeming; Eino R. Makela, Negaunee.

Elmer R. Heimonen, Republic; Arthur L. Seablom, Ishpeming; Ralph N. Larson, Skandia; Werner E. Hendrickson, Republic; Edward L. Coughlin, Verner E. Heliin, Herbert H. Hultgren, Laurie H. Torvola, all of Marquette; Clayton J. Flannery, Negaunee; Swante Willard Korby, Republic; Wilfred J. Lenten, Negaunee; Wilfred R. Yenore, Champion; Elmer L. Martti, Osear J. Oie, Ishpeming; Joseph L. Stine, Turin.

Waino O. Lehtinen, Champion; George J. Lahti, Palmer; Emil M. Wilson, Negaunee; Lovelle M. Lessard, Ishpeming; George E. Maki, Princeton; William T. Larson, Marquette; Paul J. Manzoline, Ishpeming; Bruno A. Vilona, Ishpeming; Nels Frette, Marquette; Oonie J. Hendrickson, Republic; James E. Mitts, Gwinn; Kenneth W. Beall, Ishpeming; Francis R. Hutt, Turin.

Bishop Page Dies at Home in Ann Arbor

ANN ARBOR, Mich., April 21.—The Rt. Rev. Herman Page, D.D., fifth bishop of the Episcopal Diocese of Michigan from 1924 until retirement in 1939 and widely known for his efforts to liberalize the general church's canons on divorce and remarriage, died here tonight after an illness of six weeks.

He would have been 76 years old May 23.

Since retirement, Bishop Page had made his home here from where he administered, as provisionally, the Northern Michigan diocese.

He was succeeded as bishop of the Michigan diocese by the Rt. Rev. Frank Whittington Creighton.

Despite his long illness his death was unexpected. Dr. Henry Lewis, rector of St. Andrew's Episcopal church here, said Bishop Page had recently shown steady improvement.

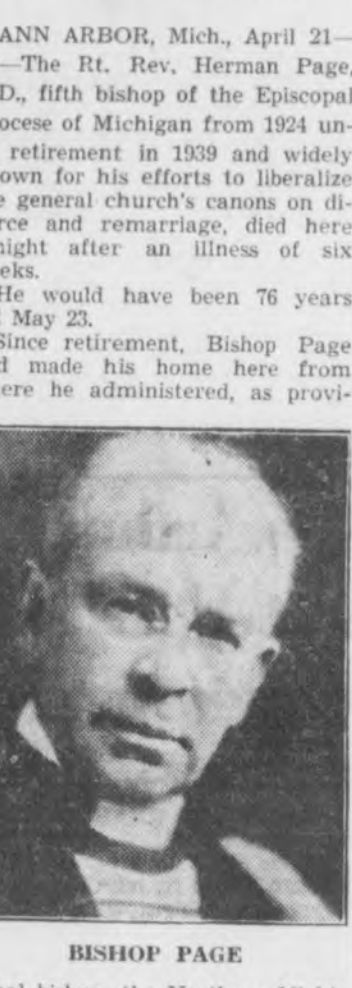

Born in Roxbury, Mass., in 1866, Bishop Page attended the famous

Jungle Charge Near Panama Canal

Members of a rifle squad advance through thick jungle growth after a brisk encounter with the enemy in the interior of Panama. This action occurred during war games held secretly by troops under Lt.-Gen. Frank M. Andrews, in a test of the Panama Canal defenses. (Associated Press Telemat)

old Latin grammar school and was graduated from Harvard university in 1888.

BISHOP PAGE

He was married to Mary M. Riddle, of Allegheny, Pa., in 1891. She and a son, Major Herman Riddle Rada, head of the United States Army school for chaplains at Indianapolis, survive.

Funeral services were not immediately completed, but Bishop Page will be buried, as are all former Michigan bishops, in the crypt of St. Paul's cathedral, Detroit.

Dow Chemical Plants \$20,000,000 Plant

A \$20,000,000 magnesium plant, to be operated by the Dow Chemical Company, of Midland, will be established in the St. Clair River district, it was disclosed recently at Port Huron. It is understood that contracts for construction of the huge new plant have been awarded by the Defense Plant Corporation to the Austin Company, Cleveland contractors.

Exact location of the new plant is being withheld, but it was announced that surveys and borings had been made and that bids for materials are being sought. The electrolysis process will be used in obtaining magnesium metal from the brine, it is understood.

If It Happens Here!

Sudden emergencies must be expected in wartime. The important thing is to be ready—to know what to do.

One of the first rules to fix in your mind is: Leave telephone lines as free as possible to speed the work of rescue and defense.

In black-outs—during air-raid alarms and other local emergencies—you add to public danger if you use your telephone needlessly. You may clog the lines and

hinder the efforts of the fire-fighters, police and rescue squads.

In any time of public emergency, use your telephone only for vital messages.

WHILE AMERICA IS AT WAR
Help vital messages go through without delay by!

- Keeping telephone conversations short.
- Avoiding the busy hours—10 A. M. to noon, 2 to 4 P. M.
- Answering your telephone promptly.
- Giving the number when placing Long Distance calls.

Michigan Bell Telephone Company

Obituary

Howard O. Pierce
Howard O. Pierce, 41, timekeeper and assistant to the manager of the Huron Mountain club, where he had been employed 14 years, died in St. Luke's hospital at 10:30 last night after a brief illness. He had been in good health until Sunday, when he suffered a heart attack at his home, and was in a serious condition when brought to the hospital.

Mr. Pierce was born in Marquette December 3, 1900, the son of the late Mr. and Mrs. Fred Pierce. He attended school here and worked in Marquette until he became a member of the Huron Mountain club staff in 1928.

He leaves his wife, Alma, and his sister, Mary.

The body was taken to the Swanson funeral home.

Joseph Stickney
Word has been received of the death, in Oakland, Calif., on April 11, of Joseph Stickney, former resident of Marquette and brother of Frank Stickney and Mrs. A. J. Henne, both of Marquette.

In addition to the Marquette residents, Mr. Stickney also leaves his brothers, Arthur, in LaSalle, Ill., and Oral, Virginia, Minn.; his wife, Marie, and three sons, one of whom is serving in the United States Army in Texas.

Services were held last Wednesday in Alameda, Calif., a suburb of Oakland, where Mr. Stickney resided for the last 35 years.

Melvin Edward Saari
Funeral services for Melvin Edward Saari, 13, who died in his home, 326 Center street, Sunday night, will be held today at 2:30 p. m. in the Swanson funeral home.

The Rev. Arnold Stadius will officiate and interment will take place in Park cemetery. Escorts will be Paul Carlson, Theodore Olson, Roy Swanson, Bernhard Kallio, Wendell Anderson and Calvin Johnson.

Patrons Of Delft Like New Chairs

Installation of the American Bodiform chairs has been completed in the Delft theater and they have brought many compliments from patrons.

Only recently developed, this new type theater chair has a scientifically designed compound curved back to fit the human body, and a new spring seat construction allowing the occupant to sit in rather than on the seat. Another feature is the three-quarter safety fold seat hinge, which automatically raises seat to a three-quarter vertical position. With slight pressure rearward the seat will fold to full vertical position, which allows the occupant to stand between standards to let others pass. When sitting down the three-quarter position prevents patron from missing the seat. Tapes cannot be pinched in the seat ahead because the steel chairback comes down far enough to completely cover the seat.

Hazards Eliminated
The new chairs are streamlined and their color scheme harmonizes perfectly with the decorative motif of the Delft.

Clothing soiling and tearing hazards have been eliminated. Hinge mechanisms are enclosed and there are no exposed bolts, screws or sharp edges to catch or tear hosier or clothing. The American Bodiform chair eliminates the tripping and stumbling hazard common to old style chairs by curving the standards in at the floor line. The new chairs are silent in operation and will not squeak. They are mounted in rubber and there are no metal-to-metal contacts. Because of their compact simplicity of design extra space is provided for knee room and for passing. Self-folding seat action permits free use

SAULT STE. MARIE, Mich., April 21.——Giant dredges of the Great Lakes Dredge and Dock company ripped at the south approach wall of the old Weitzel lock today to start work on Sault Ste. Marie's new lock that is expected to be completed by next year.

Designed to accommodate boats of deeper draft than those now able to traverse the present locks, the new 800-foot long, 80-foot wide structure will be cut through red sandstone. Blasting operations are expected to start about June 1.

Preference Rating Forms Available
Preference rating application forms for distributors, wholesalers and jobbers covering various types of supplies purchased from producers are available at the Upper Peninsula contract distribution branch office of the War Production Board in Iron Mountain, George Wallner, branch manager, reports.

Types of supplies included are automotive, aviation, builders, construction, dairy, electrical, farm, foundry, grain elevator, hardware, health, industrial, plumbing and heating, railroad, refrigeration.

of the patron's hands to hold hat, coat and packages.

No Private Schools On USES List

The United States Employment Service does not endorse any private school and has no connection with any such school. The Federal Government, in cooperation with local school authorities, offers courses of training, both supplemental and refresher, designed to fit the trainee for openings developing in war production plants. It was pointed out yesterday by USES officials here.

Many employers are currently engaged in training-within-industry and in-plant training programs to supply the workers they will require.

Any persons contemplating the taking of any training to fit them for a war production job should investigate the possibility of public training being available to them and also that of procuring training from an employer.

While there are many reputable private schools offering training which will fit the student for war production job, no person should enroll in such school until he has assured himself that the school is reliable and that the course offered is as represented and will enable the student to qualify for war production jobs after completion of the course," it was stated by Russell R. Olds, manager of the Marquette office of the USES.

Lack of Snow Saved City Over \$6,000

Although many skiing enthusiasts and other winter sports devotees bemoaned the lack of snow during the last winter season, it was a boon to the city's pocketbook. The city spent \$6,153.66 less for snow removal and sanding of streets and sidewalks during the winter than it did last year. A check of city records yesterday revealed that \$13,494.10 was spent during the winter of 1941-42, compared with \$19,647.76 in the 1940-41 season, which is about the average yearly expenditure for snow removal and sanding.

For the calendar year, 1941, the sum of \$19,877.47 was spent. In 1940 the city spent \$25,465.69. In an effort to reduce the number of automobile accidents and injuries to pedestrians during the winter, sanding operations have been increased steadily in recent years. In the calendar year of 1939 the city spent \$4,700 for sanding operations only. This figure was increased to more than \$6,000 in each of the following two years.

Compensation Law Hearing To Be Held in Marquette

LANSING, April 21—P—A study commission considering redrafting of the workmen's compensation law plans public hearings in Lansing, Detroit and Marquette to obtain the views of labor, management, attorneys, insurance companies and the medical profession. Each group will be interviewed separately at each of the hearing sites, it was announced today as the commission prepared its program. Commission hearings will be held May 6 and 7 and 14 in Lansing, June 4 and 5 in Detroit and June 29 in Marquette.

100 Per Cent Conviction Record in Conservation Cases Reported for Region

A 100 per cent conviction record to date on 88 arrests made by conservation officers for violations of state conservation laws in the Upper Peninsula during January, February and March is shown in the first quarterly report for 1942 at the regional office in Marquette. Eighty-five convictions have been recorded. Of the three remaining cases two have been continued for trial at a later date and one defendant pleaded not guilty and is scheduled for trial before May 1.

Collected fines amounted \$634.85 and costs aggregated \$405.50 for a total of \$1,040.35. Sentences aggregated 375 days in jail, and periods of probation add up to two years. Damage collections amounted to \$295.87 and fines amounting to \$210 were suspended.

Delta, Menominee At Top
Conservation officers spent 38,768 hours and covered 166,380 miles on patrol during the three-month period. The Fifth district, consisting of Delta and Menominee counties, topped all districts with 22 arrests.

BOY KILLED IN CRASH
SAGINAW, Mich., April 21—P—Lyle Lyke, 9, of New Lathrop, was killed today when, sheriff deputies said, he ran into a car driven by Martin Lunsford, 34, of Arlington, Va. The accident occurred at the intersection of M-57 and M-13 south of Saginaw.

Old Weather Tower Put On Auction Block

If anyone hereabouts could make good use of a 40-foot steel tower he can buy one, probably for a small fraction of what it is worth, at the Coast Guard station at Light-house Point today.

At 11:30 a. m. the dismantled U. S. Weather Bureau tower, which stood for many years on top of the Marquette County Savings Bank building, will be sold at public auction to the highest bidder by H. G. Cowdrick, Weather Bureau observer here. Notices of the sale have been sent to junk dealers, one of whom probably will buy the tower today as scrap steel, unless the highest bid comes from somebody who can make legitimate use of the tower as such.

It contained 1,600 pounds of steel and was dismantled when the new tower, an 85-foot structure, was erected on Lighthouse Point in November, 1941. If the old tower goes into the hands of a scrap dealer, its steel undoubtedly will find its way into a war production plant and can be credited to the Weather Bureau as part of its contribution to the business of axing the Axis.

HOME ECONOMICS DAY
EAST LANSING, April 21—P—The kitchen's importance in Michigan's war effort will be stressed at Michigan State college Friday when 1,000 high school home economics students gather for the seventh annual home economics day. Theme of the one-day meeting is "the high school girl plays a part in defense." President John A. Hannah, of Michigan State, and Dr. Marie Dye, dean of home economics, will address the group.

Gust J. Saari Dies After Heart Attack

Gust J. Saari, 64 years old, 450 East Hewitt avenue, stricken by a heart attack yesterday morning while driving to Negaunee with his wife, died shortly after being taken to the Negaunee hospital. Mr. Saari had stopped the car on the highway near Teal lake outside of Negaunee before collapsing. Mrs. Saari signalled an approaching motorist who took Saari to the hospital. A retired carpenter, he was born in Kauhava, Finland, June 24, 1877, and has lived in Marquette 25 years. He was a member of the Finnish Lutheran church. Besides his wife, he leaves a daughter, Mrs. Theodore Vashaw;

a son, Dr. W. J. Saari, both of this city; two brothers, Onni, of Ashburnham, Mass., and Victor, who resides in Finland, and three grandchildren.

The body is in the Swanson funeral home. Funeral services will be held in the Finnish Lutheran church, Bluff street, Friday, and burial will be made in Park cemetery.

Is your child a NOSE PICKER?

It may be more than just a nasty habit! It may be a sign of worms. Yes, ugly, crawling roundworms inside your child! Other warning signs are fidgeting, "picky" appetite, crankiness, itching in certain parts. Roundworms can cause real trouble! If you even suspect your child has them, get Jayne's Vermifuge right away! Jayne's is America's best known proprietary worm medicine. Scientifically tested and used by millions for over a century. It expels stubborn worms, yet acts very gently. If no worms are there, Jayne's acts merely as a mild laxative. Be sure you get Jayne's Vermifuge.

Coast Guard Seeks Men For Growing Fleet

Ratings up to petty officer, second class, with pay amounting to \$72 a month, plus food, clothing and quarters await men who can qualify as radiomen, cooks or machinists with the United States Coast Guard Reserve.

In radio communications, maintenance men especially are needed. For the growing number of ships operating under the Coast Guard, mechanics and machinists of all fields, automotive, aviation and Diesel, are wanted.

Opportunities for advancement are excellent and depend entirely on personal ability. Cmdr. M. W. Rasmussen, personnel officer of Coast Guard at the Cleveland office, reports: "Men who qualify for second class petty officer ratings may be given an allowance for dependents."

Republic

R. E. King, of Ishpeming, was a Republic visitor Monday. The Misses Exilda and Pearl Treado, of Chicago, are visiting relatives here.

Mr. and Mrs. Peter Storti are the parent of a son, born April 8. Mrs. Max Finley is a patient in the Ishpeming hospital where she underwent an operation.

Serving U. S.

News About Marquette County Men in Uniform

(Editor's Note—If you have an interesting item about some relative or friend in the armed forces of our country, send it to "Serving U. S.," care of The Daily Mining Journal, Marquette, Mich. This column, devoted exclusively to news about service men, will be a regular feature of the Journal. Censorship rules, of course, will be observed closely. No information of value to the enemy will be published, but we all are interested in what our relatives and friends are doing in the service.)

Robert A. Neault, son of Mr. and Mrs. Guy E. Neault, of Negaunee, is an Army aviation cadet at Chanute Field, Rantoul, Ill. Bob attended Northern Michigan College of Education and received his engineering degree from Michigan College of Mining and Technology at Houghton.

The U. S. Army Air Corps also claims Waino Carlstrom, son of Mr. and Mrs. Gust Carlstrom, 730 Park street, Ishpeming, who enlisted here for service in the air branch of the Army and entrained Friday night for the reception center at Fort Sheridan, Ill.

Among others, George E. Bishop, secretary-manager of the U. P. Development bureau, has congratulated us for conducting a column of this sort. We are proud to make it a regular feature and hope that all will cooperate by contributing newsy items to maintain reader interest.

Just to give prospective Army recruits an idea of the many opportunities that await them, we cite Cadet Salmela's experience. He enlisted as a private in the Army Air Corps and eight months later decided he wanted to win his Army wings. That accounts for his present course of study, but in the meantime he studied and earned his diploma from the Air Corps Technical School for radio operators and mechanics at Scott Field, Ill.

Pvt. Raymond Windsand, 1106 North Second street, Ishpeming, who is stationed at the Army air base at Las Vegas, Nev., would like to hear from some of his friends in Marquette area. Apart from the cactus and sand at the Nevada camp, Pvt. Windsand reports that "Army life is swell." More mail will help matters, however, he adds.

Fox Company Gets Part Of War Contract

IRON MOUNTAIN, April 21—The Von Platen-Fox company will supply a half million feet of lumber for construction at Camp McCoy, Wis., and the Badger Ordnance works at Merrimac, Wis., Abbot M. Fox, president of the company, said today.

Purchases for the construction projects by the United States Engineers' office were made at auction in Chicago, according to an Associated Press dispatch.

Corp. John L. Labby will leave this morning for Mather Field, Sacramento, Calif., after spending a nine-day leave with his parents, Mr. and Mrs. John J. Labby, 160 West Hewitt avenue. The corporal is in the U. S. Army Air Corps. He enlisted last July.

Second Lieut. Barbara Mudge, daughter of Dr. and Mrs. E. J. Mudge, East Crescent street, is home for a short leave from her duties as an Army nurse at Fort Custer,

\$113,000 For 2-Way Radio Setup Released

LANSING, April 21—A \$113,000 fund to provide the state conservation department with two-way radio equipment designed to aid Michigan's war preparedness was released today by the state administrative board.

Planned primarily to combat possible incendiaryism in Michigan's forests, the communication equipment also will be available for sounding air raid alerts, dove-tailing with radio facilities of the state police, officials said.

The grant will provide two-way radio equipment in 10 fire towers, as well as 100 portable two-way sets, small enough to be carried on a back-pack; and 100 two-way sets to be installed in patrol cruisers.

The board recommendation followed suggestion by the group's defense committee that a \$798,000 surplus in the conservation depart-

Shortage Temporary

At Oshkosh, O. T. Swan, secretary and manager of the Northern Hemlock and Hardwood Manufacturers association of Wisconsin and northern Michigan, said that the current shortage of seasoned lumber due to the Government's heavy purchasing was "very temporary."

He said stock piles, usually low at this time of year, would be augmented by a monthly Wisconsin production of 40,000,000 board feet.

GET TASTE OF WAR

COLUMBUS, Ohio, April 21—P—Columbus firemen got a taste of war today—dodging bullets. Excluding 22 caliber bullets hampered their efforts to extinguish a \$75 blaze at the Ohio State university pistol club range. Firemen crawled along floors to escape being hit.

A French engineer originally laid out the capital of the United States, Washington, D. C.

CCC's Get Furloughs For Farm Employment

Civilian Conservation Corps enrollees who volunteer and are accepted for seasonal employment on farms, ranches or orchards will be granted furloughs without pay, Maj. Gen. George Grunert, Sixth corps area commander, said yesterday.

Persons desiring to employ enrollees for agricultural work must submit their requests through the nearest Federal employment agency to the company commander concerned.

The request must indicate that a local labor shortage exists and enrollees must be advised as to the rate of pay, place of work, working conditions and that in case of injury while on the furlough, they will not be entitled to benefits un-

Four Sons in Army, Father Can't Get Job

NEW BRITAIN, Conn., April 21—(P)—Joseph Mika leaves home Thursday to become a soldier in the U. S. Army, as three of his brothers have done before him. A fourth is serving with the Canadian army.

His father, John Mika, says he can't get a job in a defense factory — because "I'm not a citizen."

Stool Constricted?

If constipation symptoms still hang on... if your bowels are clogged and need more and more help to throw off clinging waste matter... if you endure gas pains and bloating... if you feel tired, nervous, sickly and played out... the chances are you haven't tried Dr. Peter's KURIKO. Not merely a laxative. Dr. Peter's KURIKO is a real internal stomachic tonic medicine, a prescription prepared by a skillful young doctor since 1906. No opiates, no narcotics. Ask for Dr. Peter's KURIKO today.

Get FREE AIR EVERY WEEK

...a Cheerful Service to all

A tire can lose up to three pounds of air a week — and next to driving at high speeds, that's the greatest waste of rubber known. Why, only one pound of continuous under-inflation cuts up to 700 miles from the life of a passenger car tire!

So... with rubber so precious, FREE AIR becomes a priceless service. Use it, then, as never before. Whether you need gasoline or not, come in once a week and check your tires.

In August, 1938, you may have read a Wadhams advertisement in this same newspaper, which said: "Neither you, nor we, nor the smiling attendant who fills your tires, think of FRIENDLY SERVICE in terms of dollars and cents... but cold figures sometimes tell a story — and \$400,000 is the amount Wadhams dealers and stations have invested just to help keep your tires correctly inflated."

Give your car a FRESH START

Wadhams

DEALERS AND STATIONS

Over three years later, the times put one thing you never could pay for atop the list in value... but now the "Friendly Service" that has made the Flying Red Horse a pleasant national symbol not only reminds you that air is still free, but insists that you use all you need of it! Your country expects you to care for your car!

From where I sit...

by Joe Marsh

Every Friday night a bunch of us fellows get together over at Bill Webster's place. We wouldn't miss those weekly get-togethers for anything.

There are seven in the group — Bill Webster, Judge Cunningham, Pete Swanson, Old Doc McGinnis the dentist, and young Doc Mitchell the M.D., the government man Bob Newcomb, and myself.

We don't play cards. We don't sing or carry on.

We just sit quietly and talk — and drink a glass or two of beer. I guess we discuss just about everything under the sun — politics, business, family affairs, music, farming, hunting, fishing, and what not.

But mostly we like to chew the fat about life's experiences and a man's philosophy in these times.

To sort of help out the conversation, we've found mellow beer particularly relaxing. Every one of us likes the tangy taste of beer... and now and then Judge Cunningham insists on ale for everybody.

Grass Fires Bring Plea From Chief

ISHPEMING, April 21—A series of grass fires, several of which were on the outskirts of the city, brought a plea for cooperation today from Arthur Brown, chief of the fire department.

"We know that most of these fires," he said, "have been purposely started to bring out the department because we have seen boys running away from the scene as we arrive."

"While we have not caught any guilty person, you may rest assured that if we do, an example will be made of him. We want parents to cooperate with us and emphatically instruct children not to start fires. We realize," he added, "that some fires are started innocently by younger children. Often they start a small grass fire and it gets out of control. Then the department has to step in. Parental cooperation is our best means of dealing with this hazard."

"But some of these fires, especially those near Salisbury, beyond Lake Bancroft and near the golf grounds have been started by boys old enough to know better and old enough to take their own medicine if they are caught."

Ishpeming Briefs

The Ladies of Kaleva will meet at 8 tonight in Kaleva hall.

Edward Olds, of Butte, Mont., is visiting relatives here.

The Home Makers club of North Lake meets tonight in the clubhouse.

Midweek prayer service will be held at 7:30 tonight in the First Methodist church. Following the

Duluth Symphony To Play Varied Programs In Ishpeming Next Monday

THE Duluth Symphony orchestra, pictured above, plays matinee and evening concerts in the Ishpeming high school auditorium next Monday. Under the direction of Paul LeMay, it has acquired an unique place in American music circles. Reflecting the community character of the organization is the type of symphonic program it offers. LeMay does not believe in playing "over the heads" of his audiences, but at the same time he adheres to the higher concepts of musicianship.

The wide appeal of the music LeMay has chosen is reflected in the following comments on some of the numbers in the evening program:

Chatham

Mr. and Mrs. Perry Bowser motored to Marquette Saturday.

Mr. and Mrs. Vern Richmond motored to Au Train Sunday.

Mr. and Mrs. Eino Lindquist motored to Marquette Saturday.

Matt and George Manisto were Escanaba visitors Sunday.

Mr. and Mrs. Larry Barber motored to Marquette Saturday.

Mr. and Mrs. Frank Lowsher, of Cold Springs, visited at the Pittsley home Sunday.

Charles Nygaard, of Sun Prairie, Wis., spent the last week here visiting friends.

Mrs. Hilja Torma and Mr. and Mrs. Victor Palonen were Sundell visitors Sunday.

Mr. and Mrs. Eero Lindfors and son, Sven, visited relatives and friends in Munising Sunday.

Mr. and Mrs. Walter Rantanen and children, of Munising, were Forest Lake visitors Sunday.

Raymond Stohl, of Marquette, spent Sunday here with his parents, Mr. and Mrs. Fred Stohl.

Vern Richmond and George Kallio were visitors in Munising Monday.

Mrs. Eino Sturvest and John Kallio were Marquette visitors Monday.

Mr. and Mrs. Waino Kouri and son, Leslie, of Munising, visited friends here and at Eben Sunday.

Abel Takkinen and daughter, Irene, and John Marine motored to Munising Monday.

Ralph Samuelson and J. L. Hill

devotions a Bible study period will be conducted by a special leader. The topic for discussion is "The Way of Prayer."

Overture, "Poet and Peasant"—von Suppe. The opera for which this overture was written has been long forgotten, but the overture itself, like that of the same composer's "Light Cavalry" finds a frequent place on all band and orchestra programs. After an imposing opening fanfare by horns and trumpets, follows the theme of the slow first part stated by cellos of the orchestra, from which the composition soon turns to a fast contrasting movement for full orchestra. Von Suppe shows a versatility of mood by offering a waltz movement alternated with a fast march theme and sustained slow oboe passage.

Two Intermezzi from "The Jewels of the Madonna"—Wolf-Ferrari. No work of modern days has met with such immediate success as the "Jewels of the Madonna," which was given its initial performance in Italian by the Chicago Opera company in January, 1912. In this work Wolf-Ferrari has told the story of a common-place incident of every-day life in Naples, and the score reflects the folk-music of this interesting place.

Minuet in G—Paderewski. No single composition of the past decade attained greater popularity than the charming Minuet by the great Polish pianist. Written in the classic dance form, this minuet breathes a spirit of past court days.

Finale from Symphony No. IV—Tchaikowsky. In this movement Tchaikowsky describes the music as depicting a rustic holiday. Tchaikowsky chooses as his theme an old Russian folk song: "In the Woods There Stood a Birch Tree."

Obituary

Charles Bergquist

ISHPEMING, April 21—Mrs. J. E. Burgeson, 812 Bank street, has received word from Battle Creek

of the death of her brother, Charles Bergquist, 78, who died April 19. Funeral services were held today in Battle Creek.

Mr. Bergquist, who lived in Ishpeming for 40 years, was well known among the older residents here.

Consumers' Defense Unit Advocated

ISHPEMING, April 21—Samuel Jacobs, of the consumers division of the Office of Production Administration, called on Ishpeming civilian defense council officials today and requested the formation of a consumers' division within the council to assist in an educational campaign to teach the public how

to conserve critical materials and save supplies and equipment on which there are restrictions now or which shortages are foreseen.

"We are facing a situation," he said, "where the people must adjust themselves to conditions brought on by war restrictions. There is a great service to be achieved by a consumers committee working in close cooperation with the civilian defense setup."

Such a committee, he pointed out, would use the press, radio and other means to emphasize the necessity and methods of conserving radios and refrigerators, saving such commodities as anti-freeze, and to point out the need of buying coal in advance for next winter.
