Fifty-Eighth Year

British Force Axis Back In Battle Of Egypt

Nazis Fought **To Standstill For Four Days**

By Harry Crockett

CAIRO, July 5-P-Furious at-tacks by the reinforced British ar-my of the Nile forced the Germans and Italians from their previous stabilized positions in the El Alamein sector 70 miles west of Alexandria yesterday after the Axis had suffered considerable losses in men and heavy equipment.

The Germans retreated locally to the northwest after being pounded by heavy guns, constantly strafed and bombed by the RAF and South African air force and pressed relentlessly by bayonet-wielding New Zealanders, Indians and British troops.

All British lines in the 35-mile bottleneck between the Mediterranean and the Qattara depression held firmly, and the men of Gen. Sir Claude Auchinleck pressed their counter-attack with vigor through the day and night, front line dispatches said. Not General Withdrawal

Throughout the long blistering gray hair powdered with the dust day of vigorous fighting, it was the of the desert, Master Sergeant British who were on the offensive. George L. Seastrom, U. S. A., eral best selling novels, including

The German retreat was not a strolled into the American ordnance general withdrawal, but the fact office here recently, saluted and that all the fighting was west and addressed himself to officers who southwest of El Alamein was considered significant by military experts at this capital, 160 miles from the front line.

The general headquarters communique said in part:

"During the last 24 hours, between 600 and 700 dust-caked and dier, 20 years in the Army, is one dejected German soldiers have of the best of the United States crossed the El Alamein lines with tank experts that have been help-their hands raised in surrender, ing the British with their Ameridispatches from the front said, can-made models. Don River Reached. **Berlin Says**

BERLIN (From German Broadcasts), July 5 - A- German and allied Axis forces lunging eastward beyond the Ukraine after spectacuar gains of 100 miles or more have driven spearheads to the Don river "on a broad front," the German high command announced today.

A communique said these thrusts to the Don, vital transportation link running south to the Caucasus. following a break through Soviet positions between Kharkov and Kursk and the Nazi press immediately proclaimed that "the long expected big push now has been started.'

Russian tank forces counter-attacked desperately, but were re-pulsed with heavy losses and in savage air fighting 51 Soviet planes were shot down, the high command said.

The Don, Russia's third largest river, rises in the Tula region 110 miles south of Moscow and follows a 1,100-mile winding course to Rostov, gateway to the Caucasus on the Sea of Azov.

(The river's navigation is important to all southeast Russia.)

The high command reported that the Croatian air force sank an enemy torpedo boat and damaged another vessel in Rostov waters. (This was the first official mention that the former Yugoslav province has an air force.)

In a surge of fighting elsewhere on the eastern front, the Germans said air raids were made by day on Russian troop camps in the Lake Ilmen area, south of Leningrad, and by night on communications west of Moscow. German slege guns

By Henry C. Cassidy

MOSCOW, July 6-(Monday)-P -Russian armies fighting bitterly against the Kursk offensive by German armies estimated at more than 150,000 men repelled incessant tank and infantry attacks at heavy losses to the Nazis yesterday, the Soviet command announced officially today as the Kursk battle went into its ninth day.

Just below the Kursk front, however, the Germans succeeded in driving a wedge in one of the sectors of the Belgorod front despite heavy losses

Fierce fighting also continued in the Volchansk sector adjacent to the Belgorod front.

Battlefront dispatches earlier said that savage Russian counter-attacks have hurled back the Nazis on two critical sectors and indicated that the Kursk offensive had stalled

Germans Throwing In Reserves

(The midnight communique indicated that the Russians still were holding their lines against the Hitler drive aimed ultimately at the Don River valley and the Caucasus and that the German legions were making scant progress in the fighting on the Belgorod sector.)

Battling on fields littered with German dead and wrecked Nazi tanks, the Russians declared, the Germans are throwing in their reserves in their grand attempt to crush the Red army lines.

As the Fourth of July weekend drew to a close last night the nation counted its dead from violent

causes at 241 - far fewer than day when Independence day was celeyears of peace.

Last year's toll of lives for a three-day weekend, Friday through Sunday, was 628, of which 384 were traffic victims. Death took 124 lives on the counry's highways yesterday and Satrday, while 67 persons were

Recapture Heavy Guns

Dispatches said all agreed they were sick and tired of the battle and decided to lay down their arms. Their decision obviously was induced by hours of constant shellfire, infantry assaults and harassment by motorized machinegunners.

Newly arrived heavy guns, including some recently recaptured from the Germans, knocked out a (Turn to Page 8, Column 6) number of heavy German tanks. Bombers and fighters destroyed at least 50 trucks between Sidi Barrani and Gambut. Most of them were troop carriers, moving up to

the battle zone, the RAE said. All through last night, air action continued apace and the entire period was considered another good day for the Allies.

While the ground forces pushed constantly forward against the most stubborn Axis resistance, fierce dogfights occurred over-American-made Kittyhead. hawks and Tomahawks and the British Hurricanes bagged 19 planes over the battleground and Malta, losing 10.

Navy Starts Second U.P. Air Squadron

Procurement of another Upper Peninsula Naval air squadron will get underway this week when Ensign Gordon Gile, of the Naval aviation cadet selection board in Chicago, comes to this region. Five cities—Escanaba, St. Ignace, Sault Ste. Marie, Munising and Marquette —will be visited by the officer, who proposes to form a unit even larger than the "Wildcats" squadron inducted here last February during Marquette's winter carnival.

Since the organization of the first Upper Peninsula "Wildcats," requirements of applicants for naval aviation training have been broadened. Now all young men from 18 through 26 years who are high school graduates and unmarried are eligible to apply for this air training. Youths under 21 must have the written consent of their parents

Comes Here Friday

Ensign Gile will interview applicants according to the following schedule:

of men placed in 1-B because of minor physical defects were announced by the War Department Saturday.

Marquette county must supply five per cent of its August quota from 1-B registrants. Under the new standards, induction of 1-B men will be limited to those with minor physical defects who are able to "bring to the Army a useful vocation which they followed in

civil life." Men with one eye or who are completely deaf in one ear will be inducted for limited service if they meet all other requirements. They will be assigned to duty with corps area service commands and the War Department overhead organization to release fully qualified

U.P. Bureau **To Continue Operations**

The executive committee of the Upper Peninsula Development bureau Saturday voted to continue. operation of the bureau through the war emergency and unanimous ly favored publication of the 1943 Lure Book in greatly reduced form. The committee met in Gladstone

and its members declared that continuance of the bureau during the war is especially important. Although the committee unani-

mously favored continuance of the Lure Book for another year, on a much reduced basis, actual decision on this matter was held in abeyance until the annual meeting, which probably will be held at Mr. and Mrs. Lee McGinley, 625 Munising in October.

Plan Preliminary Canvass

It was decided that a preliminary canvass in behalf of the Lure Book will be made in several counties previous to the annual meeting of the bureau in order to determine how much support may be counted on for the 1943 Lure Book. In view of the war and because

of lack of funds, the executive committee decided not to contribute \$500 this year to the Upper Michigan Potato Growers' association for premiums for the U. P. potato

A general discussion of finances was held. Reports revealed that the bureau is in more sound financial condition than for several years.

Secretary George E. Bishop was instructed to make every effort to collect all outstanding advertising Gaynesville, Fla. He will study collect all outstanding advertising accounts in the hope that the deficit in the bureau's treasury may be reduced to a nominal amount at

the end of the fiscal year. The executive committee consists of all past presidents of the bureau and two representatives from each county. President Abbott Fox, of Iron Mountain, presided at the Gladstone meeting.

Today And Tomorrow

A Rendezvous

an

tary wisdom of the human race, yet be ungoverned by the basic THE question is how Mr. R, pro- rule of human behavior?

The almost certain answer is that American university, could advise he is the product of an academic system in which the study of moral wisdom has been abandoned. In this system men learn to reach conclusions on practical issues without being subject to the discipline of a moral education. Thus they do not know why they have reached the conclusion they reached. Professor R, for example, hands over the German-speaking Swiss to a greater German state because he thinks that all who speak German should be under one government. But why must all who speak the Gerin this fashion can become a pro- man language live under one government: all those who speak Spanish, all those who speak English, do not live under one govern-

In all the global waters there is no more erful land planes of the enemy, and the flags. air above it is constantly patrolled. How stand. When it can be told in full the story should be thrilling.

It will be noted that of late there has been no news of attack on Malta, which had so prominent a place in the dispatches a few weeks ago. The reason is to be found in the fact that the heavy sustained aerial bombardment, having served its purpose of preventing British forays against ships bound for North African ports, with reinforcements for Rommel, the Axis, for the time being, is finding more useful employment for its aircraft.

The Axis would like to blot out the Britapparently, an undertaking beyond their resources. The alternative is, when there is a particular need, such as to facilitate reinforcement of Rommel before his offensive, so to blanket it with planes as to make it, for the time being, of no use as a Monkey Business base for offensive action.

Attack on Malta will rise and fall in accordance with change in the -immediate purpose of the enemy.

The County Fairs

Mr. Carton, an executive of the state fair out of dividends. entered into them.

How much of a kickback there would be ficient time in which to make other arrangements for keeping busy.

weather conditions being at all favorable, offset, exclusive of premiums, the expense Schools In Wartime of conducting it. If any fair could be justified in war time it could be.

> ice of supply. The British bombing forces have latterly dustries, they miss the overtime earned elsebeen giving much of their attention to areas in which submarines are built and harbors on which they are known to be based. In the long run this will have its effect, but for early results increased officiency in the means of defense must principally be counted on.

The shipping situation is one of great concern until a falling off in the toll now and profit limitation to control runaway inflaish in Malta once and for all. But this is, taken in American waters shows that the Navy is gaining the upper hand.

Contemporary Opinion

The War Labor board panel which recommended a raise in pay for the 157,000 employes of four steel companies said that the increase-around \$50,000,000 if the workers got a \$1 a day boost-would come 89 per cent out of excess profit taxes and 11 per cent out of stockholder earnings. If Congress adopted the proposal of the House ways and means committee to "up" the profits tax, 94 per cent would come out of taxes and only six per cent

officials association, intimates that all Do you get the picture? War contracts would be well with the Government's effort to secure cancellation of the county fairs awarded the companies enabled them to make huge profits in 1941 and so far in 1942. Conto secure cancellation of the county fairs gress stepped in to recapture the profits, at if it issued an order, following up the re- least to a considerable extent. But cutting quest that came from Mr. Eastman. In that across the trail of Congress was labor, using event the war clauses of contracts entered the fact that such profits were made as a reainto would become effective, and there son why it should get a raise. Instead of the money going from the United States Treasury could be no kickback from those who had to the company and back to the Treasury, as

Congress decreed, it will go from the Treasury to the company to the workers. They will if the request were honored cannot be to cut down consumer demands. How then can he be a pro- good and evil." ous, process. tion. While the President carefully avoided insisting that present wage levels be frozen,

he made it plain that he favored increases only in the case of substandard wages, and the steel wages under discussion are not substandard, as this Labor Board panel admits. In fact, old newspapers and whiskey bot-

statistics published by the Department of Labor show that of 19 industry groups surveyed only two have a higher hourly wage scale.

The board as a whole, of course, may reject the panel's "directive." One must hope it will. It has at least a partial precedent for so doing in a recent decision in which it held that "if the wage-stabilization program is to have any meaning, wage instability should not be created solely because the individual concerns may, at a certain time, be able to pay an increase above prevailing standards." It has another excellent reason for rejection in the ound rule, which so far it has generally honored, that the hourly wage is the criterion which should be regarded as the controlling

one. Even the panel says this rule should be her down to earth and may have where she is sleeping. followed in all normal cases, American earth. Can the board, then, afford to make an exeption of the steel workers with numerous other demands for dollar-a-day increases pending before it? Or, rather, can the country afford that it should? The answer seems to us emphatically in the negative .- New York Her-

YOU Can Help Prevent the "Headache" of Inflation By Paying Open Charge Accounts Promptly!

Remember--Open Charge Accounts Contracted Up To May 31st.

Must Be Paid By July 10th!

Regulation W, controlling consumer credit, has only one purpose—to protect America—and that means every one of us—from the economic dangers of credit inflation NOW and to avoid depression after the war. It is, in other words, an effort to keep America's economy stable while we fight and win this war. It's your patriotic duty to conform to this new regulation, so play ball with your Government, your If you now owe for merchandise bought before May 31st, this is what you must do according to the terms of Regulation W, which became effective May 6, 1942:

•••• Open charge accounts contracted BEFORE May 6th MUST be paid on or before July 10th.

Open charge accounts contracted between May 6th and

merchant and yourself. You'll be protecting your own future and economic well being. Get your house in order— NOW!

You Can Still Say

"CHARGE IT"

Fundamentally, charge accounts are the same as always!

If yoy are in the habit of paying your charge accounts in full promptly upon receipt of your monthly statement. Regulation W will not effect you. You may continue to enjoy the convenience of buying as you did in the past and simply saying "charge it."

But—if you let your charge accounts remain unpaid after the tenth of the second month following the month of purchase—then Regulation W will effect you—and you will not be permitted to charge or make installment purchases until the default is cured in accordance with the regulation. May 31st MUST also be paid before July 10th.

3... If you are unable to pay your open charge accounts in full by the deadline date—July 10th—you are obliged to see your merchant and arrange to have the account placed on a time payment basis.

> If you are confused about the regulation as it pertains to you consult your merchant or your banker. Either have received full and complete instructions on Regulation W —and can advise you.

'40 Et 8' Collects Playing Cards For Men In Military Service

Many Men Face **Difficulty** In **Deciding Issue**

(By MANTHEI HOWE)

More and more, we are beginning to note that the draft has taken a great number of young men out of the county. Go into any crowd and you will see there are not as many men present as usual.

The draining of young men out of all communities will be more and more in evidence as this war goes on. I doubt if there is a single woman in the country who could honestly say: "I'm glad there is a war. To me war seems above all a glorious adventure. I'd be willing to have it go on for years.' If any such woman happened to be ambling around and talking like that, it is likely that all the other women would gang up on her, ostracize her completely, or try and use their influence to see that she consulted a phychiatrist.

Women Hate War

Women hate war because it is children, a good world in which son, hate war.

But women are not women only, they are human beings with a capacity for thinking, an intelonly in terms of tender emotion, but in terms of what is best for, not only their individual families, but for all families.

And so, much as they hate war, there are thousands and thousands of women who are not only willing but eager to have sons, husbands, brothers and friends enter the armed forces and help win the war.

clearly what the position of woman would be, what would happen to were defeated.

It's Not Cricket

Hundreds of thousands of wothose thousands of women, there According to Mrs. Parker there is of cards. are always a few hundred who feel already a lack of teachers and in a Will You Help? that this war must be won, who number of cases a short-sighted sible only if this war is won, who is evident. are willing to do Red Cross work Stress Citizenship Training and salvage vaste materials, only -they want the sons, fathers, brothers and husbands of other women to do the fighting so their

men may remain at home. That is a supremely selfish attitude for any American woman to hold. . Of course, I do not mean that to apply to instances in which

County Chapter Asks Public's Help In Project

Have you any playing cards to contribute? The Marquette county "40 et 8," with the full approval of the American Legion, is undertaking to do its share toward supplying the men in military, on transports and in isolated outposts with enough playing cards, so in leisure moments they can indulge in the popular recreation.

You folks who, .when returning from work a bit tired and grouchy, find relaxation in sitting down and playing a game of solitaire; others of you who get so much pleasure out of a good bridge game; those of you who know the hilarious fun to be had from a game of gin rummy or Help-your-neighbor, just bethink yourselves that you really don't know what fun a card game can be.

love. It is probably the custom of people in every war to cajole themselves into thinking that special war is different, has a better reason than usual for being rought. Sometimes in the past people have lived to learn that they had not rea-soned clearly. They have come to know that wars, some of them. were fought to obtain some coveted possession not worth, even in the large and long range view, the blood it cost.

But there are few people now who do not believe that this war really is different. It is a conflict between two irreconcilable and conflicting ideals of life, not of the daily living of a minority of the privileged or underprivileged, but of all our people. The outcome of this war will directly effect you and me.

They Recognize Crisis

Men knowing this are giving up jobs, parting from their families, setting back their plans by years, taking the gamble of not returning from the war, because-to them, it seems infinitely more serious and critical than preceding wars.

When a man feels that way about it (as thousands do) the women in their lives, whether they be sweethearts, wives, mothers or sisters, do those men a tremendous disservice when they try to coax the men with tears, threats, or feigned illness, not to enlist; or urge them to seek deferment.

They are doing a worse disservice country in a war that will end in not incorrect. the not too distant future.

Passeau To Start For National Leaguers In All-Star Contest Today

Winner Will **Play Service** Nine Tuesday

By Judson Bailey

NEW YORK, July 5- AP -The character of tomorrow night's tenth annual major league all-star game began to take shape today as Clude Passeau, of the Chicago Cubs, was tabbed for the National league's opening pitcher and Manager Joe McCarthy revised his tentative American league lineup. Baseball celebrities headed by

Commissioner Kenesaw M. Landis and American League President Will Harridge began gathering today and a crowd of 50,000 was expected to jam the Polo Grounds on the maneuvering of the managers to get the strongest possible teams onto the field.

The American league stock suffered a severe blow as Bill Dickey, veteran catcher of the world champion Yankees, disclosed that a shoulder injury would keep him out of the game. He wrenched his right shoulder at Philadelphia the middle of last week and has not been able to perform since.

McCarthy Rejoins Team

Manager McCarthy, rejoining his. club today after a siege of illness which separated him the Yanks when they were in Chicago on their western trip, announced the following batting order for tomor-TOW:

Boudreau, Cleveland, ss Henrich, New York, or Spence, Washington, rf

Williams, Boston, If J. DiMaggio, New York, cf. York, Detroit, 1b Gordon, New York, 2b Keltner, Cleveland, 3b Tebbetts, Detroit, c McCarthy indicated his choice of a starting pitcher rested between Spurgeon (Spud) Chandler, of his own team, and Al Benton and Har old Newhouser, of Detroit.

Although nine pitchers were

White Sox Release **Tigers Divide** Pete Appleton, Hurler CHICAGO, July 5-P-The Chi-Doubleheader cago White Sox today announced

With Indians Appleton, 37, was used in only

By Watson Spoelstra

DETROIT, July 5-P-The Detroit Tigers, trying desperately to catch the Cleveland Indians in the fight for the American league's third place, pulled within one game of the Tribe today by winning the Appleton recently visited the opener of a doubleheader, 10 to 1,

but slipped back again in the nightcap when bespectacled Mel Harder pitched a three-hit 5 to 1 victory. To the roars of 31,032 spectators, who raised the season's attendance at Briggs stadium, to 399,891 in 40

games, the Tigers tore into their former teammate, Vernon Kennedy, and Steve Gromek, former Michigan State leaguer, for 16 hits, including Ned Harris' seventh homer.

Backing up Paul (Dizzy) Trout with brilliant support, the Tigers put the game out of Cleveland's reach as early as the second inning. Billy Hitchcock and Rudy York each had three hits in the robust attack, and Hitchcock, Barney McCosky and Roger Cramer each drove in two runs. The only

-Fifty minutes of birling is enough run off Trout came on ex-Tiger for even the most rugged lumber-Les Fleming's ninth homer in the second.

Higgins Hit Eighth Homer

With that flying start it seemed likely that the Tigers would be their match for the men's title in able to puncture Harder, whom they drove out of the box in less than an inning Friday night, but

Mel came up with a masterpiece. Pinky Higgins' eighth homer in the fourth produced Detroit's lone run and only one other Tiger advanced beyond second base.

The Indians, meanwhile, touched up Hal White for three hits and three runs in the first frame. White hurled five straight hitless frames thereafter and locked in a duel with Harder, but the Tribe gathered two more runs on three hits

in the eighth. Hal Newhouser worked a scoreless ninth. With every Tiger but Higgins

joining the batting attack, Detroit son, also of Cloquet. Jimmie Herscored in all but two innings of the ron, of Kelso, Wash., announced opener. Cramer's outfield fly scorbefore the tournament he was ened Hitchcock, who had doubled and listing in the Army and would not

advanced on an infield out, in the first, and a double by Harris and single by York brought another in the second.

That was enough to win, but the Tigers got one in the third, drove Kennedy from the premises with his fourth defeat with a three-run fourth inning, and tagged Gromek Lieut. Mickey Cochrane's Great for one in the seventh and three in Lakes Sailors, assisted by several the eighth.

Army men who, as former major Trout, bagging his sixth victory leaguers, will play Tuesday in the against eight defeats, scattered sevice all-star game at Cleveland, six hits and had exceptional fieldtuned up today with an 8-2 vic- ing support. Cramer threw out tory over a Flint Amateur Base- Manager Lou Boudreau at the plate in the second and made a

RADIO - Both games will be broadcast Mutual Broadcasting System.

RESULTS OF PREVIOUS GAMES-American league won 6,

selected for the American league all-star club, every one of them was used either yesterday or the day before.

Chandler Likely Choice

Chandler, winner of nine games against two defeats, was generally considered the most likely choice. He beat the Boston Red Sox Friday weight eight-hit pitching. Friday night, Newhouser pitched a threehitter to curb Cleveland. Benton, who worked Thursday and beat the St. Louis Browns although rapped fro 12 hits, also appeared for two innings yesterday.

At Boston today Manager Leo Durocher, of the Brooklyn Dodgers, who will guide the National league all-stars, said he would start Passeau.

Passeau, the losing pitcher in last year's all-star upheaval at Detroit when Ted Williams slammed his ninth-inning homer, has won 12 games and lost five this year, pitching 15 complete games. In spite of the fact that he is hurling for a second division ball club, he leads both major leagues in victories.

His selection further was bolstered by the fact that he has had four days rest since beating the Derringer's Replacement Undecided In the second game, Steve Sundra Cincinnati Reds on five-hit hurling Wednesday night.

Cooper May Start

Durocher said that if anything kept him from using Passeau he would open with Mort Cooper, of the St. Louis Cardinals, who was knocked out of the box in the fifth inning yesterday and charged with a loss to the Cubs. He has won 11. including six shutouts, Passeau,

Cooper and the other Cardinal allstars were to fly here from St. Louis tonight. Cooper, Whitlow Wyatt, of

Brooklyn, and two lefthanders, VanderMeer and Cliff Johnny Melton (who worked yesterday), were singled out as the other hurlers most likely to be called for the service later in the game.

Although the rule this year permits a pitcher to work five innings instead of a maximum of three as in the past, it was understood Durocher planned to rotate each three innings.

Winner Plays Service Club

Whichever squad wins will have winning team takes on Lieut. Gordon (Mickey) Cochrane's all-star Army and Navy array at Cleveland before an expected crowd of about game will start at 9 p. m.

War Bond Workers To **Meet Tonight**

ISHPEMING, July 5-A brief but important meeting of all chairmen at 7:30.

Wayne J. Williams, general chairman, conferred last week with Norman H. Hill, regional director, and some of the business discussed then will be brought before the Monday meeting for further discussion and action.

"Every facility within our means," Williams said, "will have to be turned into the effort to increase, to the greatest possible extent, the sale of bonds and stamps within our organization.

"We all realize the many demands upon people's time and we appreciate the effort already being put forth, but we do need further support and we must have the services of committee talent in laying out this new program. That is why we call this meeting for Monday evening. We assure its brev-

ity. We stress its importance." Nazis Fought **To Standstill** For Four Days

told her, and she removed Burke's Tom softly from across the room.

cept for the purring of the engine against her ribs so loudly she

She turned slowly and saw the man who had kidnapped her in the taxi.

Karl said curtly: "Bring in the tray of food," and the man back of her moved away to carry out the order.

Not once did Heavy relax his vigil with the gun. Burke kept his gaze fastened on Karl though Judith knew he was watching the other man from the corner of his keen eyes. Tom had her gun and she knew he was waiting an opness. portunity to use it. It would be suicide to try anything now. Her thoughts made her shiver. The blond spy with his close-cropped me." hair gave her a curious glance. "Cold?"

Judith looked at him but did not offer to answer his question. ing. Instead, she turned her blue eyes death.' on Tom. He moved his steady gaze to her face for an instant. Tom still loved her, she realized, though no word passed between them.

"Your nose is shiny," Tom said critically.

Judith's mouth fell open and for a minute she had the mad desire to slap him. Burning with anger, she turned her back on him and vanity case. She applied the puff to her nose with more vigor than was necessary.

"Better?" she asked acidly while the captors looked on slightly puzzled at the act going on before them.

He shrugged. "A little."

When the food stood before her, the men stood guard like so many buzzards. Judith grew more selfconscious with every bite she took. But she was hungry, even if this might be her last meal on earth. The thought occurred that the food might be poisoned, but she cast it aside. It was not their time to die yet.

Just as she finished her meal another man came in the room and whispered to Karl, excitedly. They spoke in a foreign language, but Judith guessed from their manner that the matter was serious.

Sharp commands were given at once, and she and Tom were pushed roughly through a door and down a dark hall. Muffled sounds and shouts came from behind them, but they moved on until all was silent around them. Before a closed door, a blindfold was tied over their eyes. Then they were ushered out and into a car.

Judith sat between Tom and Karl as they sped away through the night. Two other men sat on the little seats in front of them and Judith could guess they held guns on them. Tom's hand found hers and the pressure of his warm fingers was reassuring. Her own fingers clung tightly to his. Danger had brought her close to Tom again. He bent his head to touch her's.

"You're a swell girl, Judith," he whispered and his lips brushed her red hair.

Judith opened her mouth to speak but closed it again.

"If you persist in talking, you will be gagged," Karl threatened. At the threat, Tom's body had grown rigid and the grip of his fingers had almost paralyzed her hand. She waited for him to re-

brutally. They seek to spare troops so far as possible. Moreover, unlike the Russians and Chinese, they are dying in corners of foreign lands and not in defense By Albert N. Leman of their own cottages and meadows. There are no finer back-tothe-wall defenders, but in this mad conflict there is no homely wall. It is a vast melee of movement. The Japs and the Germans, on the other hand, kill in earnest. Even in peacetime maneuvers they used real bullets and shrapnel to harden participants to blood and death. In the United Nations the only ones who display the same ferocity and tenacity are the peasants of Stalin and Chiang Kai-shek.

Synthetic runder AND STANDARD OIL COMPANY (INDIANA) Rubber...let's get it. Fast...and plenty of it! No matter who makes it or what it's made from!

• We want to see America get the rubber it needs, whether natural or synthetic. We want America to get that rubber in the quantities required and in the shortest possible time, whether it is made out of petroleum, out of alcohol, dandelions, guayule, or sawdust. The main thing is to get the rubber!

To those who are working to make rubber out of materials other than petroleum, we say, "God speed your efforts." Solving the rubber problem is necessary for winning the war and winning the war is our main concern.

Much has been said about making rubber from alcohol derived from farm crops. We do a great deal of our business with farmers. We should like to see them having a hand in supplying the raw materials for rubber. We are working with petroleum because we understand it. At the request of the Government we have helped form Rubber Synthetics, Inc. In 1943 that company expects to put into operation at Gary, Indiana, a large plant financed by the Defense Plant Corporation to produce butadiene, which is one of the principal ingredients of synthetic rubber. Negotiation is now under way with the Government to supply that plant with a part of the petroleum raw materials required in its operation.

Nevertheless, we urge a "green light" and all speed for any other practicable method of making synthetic rubber.
