## BUY A BOND AND BACK A HERO

... HELP PUT MARQUETTE COUNTY OVER THE TOP FOR VICTORY . . . . .

Come on, everybody! Come on downtown TODAY and help put Marquette county over the top! Let's all buy MORE War Bonds and Stamps than any county twice our size in America! Make today the biggest and most important day in Marquette county's history by buying your full quota of Bonds and Stamps . . . help the fighting men who are fighting for you, your home, your country. Cash your paychecks . . . bring along Junior's bank . . . buy Bonds and Stamps to back American heroes.

### AMERICAN HEROES' DAY ACTIVITIES IN MARQUETTE COUNTY:

- NEGAUNEE:
  - Outdoor stamp booths all day.
  - Drum and Bugle corps drills at 7:30.
  - Street concert, Negaunee band at 8:00.
- ISHPERING:
  - Drill by drum and bugle corps at 7:30.
  - Concert by Industrial association band at 8.
  - Address—Ralph Sheehan—8:30.
  - Outdoor stamp booths.
- MARQUETTE:
  - Outdoor booths all day.
  - Big parade at 7:15.
  - Stamp Boutonnieres and Corsages to be sold downtown all day.

## Major Battle Underway On Desert Front

### Axis Making All-Out Drive Toward Nile

By Edward Kennedy

CAIRO, Egypt, July 16—P—A major battle between British and Axis armored forces on which it appeared the entire fight for Egypt might turn erupted today in the central sector of the Alamein desert front while Germans and Australians fought a ding-dong engagement for "the Hill of Jesus" on the coast.

The Germans apparently were following up an unsuccessful attempt to break into the positions won by the British Wednesday with an attack backed up by heavier armor. Detailed information was lacking on the new battle, but it was indicated it was of decisive proportions.

### Trying Final Break-Through

It was possible that the Germans were now attempting a final break-through toward Alexandria and the Nile. The forces of Field Marshal Erwin Rommel have been stalled in the Alamein sector some 65 to 70 miles west of Alexandria since the British on June 30 halted their long retreat from Libya and made a stand.

(At that time Rommel's forces were exhausted and he was depending on long communication lines hastily extended. It was possible he now felt he had gathered sufficient strength and rest for an all-out attempt to smash the defenders of the strategic Nile valley.)

(Reuters said in Cairo dispatch to London that the Wednesday drive on the center pushed the British seven miles into the Axis lines.)

On the northern sector along the coast, British and Australian troops counter-attacked earlier in the day, retaking the Tel el Elsa (Hill of Jesus) ridge. Later the Axis, using some armor, recovered the position and a see-saw fight roared on into the evening.

General Sir Claude Auchinleck's imperials seized new objectives in the central sector of the front, 70 to 80 miles west of Alexandria. First advancing early yesterday, they gained positions at the western end of a ridge south of El Alamein, taking an unstarred number of prisoners. An Axis counter-attack yesterday afternoon was declared repulsed.

**Dive-Bombers Attack Ridge**  
Axis communiqués said a "violent" British attack was repelled and that the British lost 1,200 prisoners when the Axis hit back.

In the coastal sector German Marshal Erwin Rommel attacked the "Hill of Jesus" ridge with dive-bombers, tanks and at least 500 infantrymen, and succeeded in recapturing some positions which Australian troops had seized last week. But the British still clung to high ground in the sector.

Rommel's attack was preceded by spectacular artillery action and it was followed by one of the heaviest dive-bombing attacks of the campaign, involving from 36 to 40 aircraft.

"Tobruk was beautiful compared to this," said one Aussie veteran after the dive-bombing of most northwesterly British positions, about 10 miles from El Alamein.

**7 Nazi Planes Downed**  
Today's communiqué took note of this sudden increase in German air force activity, but said seven of the Nazi planes were shot down by British fighters and others damaged.

On the Allied side, heavy U. S. Army bombers attacked Bengasi in daylight yesterday, starting a big fire in the docks of that main supply port. The RAF followed up with a night attack against both Bengasi and Tobruk.

Light bombers, fighter-bombers and fighters were out in force for Auchinleck, attacking an enemy headquarters, grounded aircraft and gun positions. Numerous Axis tanks also were reported destroyed by British artillery.

British gunners in the foremost positions were using American-made 155 mm. guns with excellent effect against the German tanks.

### Man Earns \$431,436 In Fees on War Contracts

WASHINGTON, July 16—(AP)—A "socially inclined" sales engineer told the House naval committee today of earning \$431,436 in commission fees for obtaining war contracts during an 18-month period, and the expressed belief that big commissions for the work are "wrong."

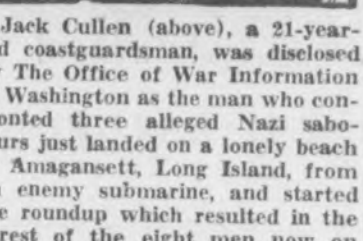

Horace Ward, of Chevy Chase, Md., to committee counsel and his fellow salesmen the "dean" of the war-stimulated business of obtaining Government contracts—acknowledged entertaining naval and Coast Guard officers with whom he did business.

"What is the motive in entertaining these naval and Coast Guard officers?" inquired Chairman Vinson (D-Ga) after Ward, in response to questions, had reported that he charged off bills for parties and presents to sales expenses.

"I'm socially inclined," he responded.

### Confronted Spies

Jack Cullen (above), a 21-year-old coastguard, was dislodged by the Office of War Information in Washington as the man who contacted the alleged Nazi saboteurs just landed on a lonely beach at Anagnanest, Long Island, from an enemy submarine, and started the roundup which resulted in the arrest of the eight men now on trial before a military commission in Washington. He won a promotion to coxswain for his bravery.

General Sir Claude Auchinleck's imperials seized new objectives in the central sector of the front, 70 to 80 miles west of Alexandria. First advancing early yesterday, they gained positions at the western end of a ridge south of El Alamein, taking an unstarred number of prisoners. An Axis counter-attack yesterday afternoon was declared repulsed.

### Music Camp Students Ask Aid of FDR

INTERLOCHEN, Mich., July 16—Students at the National Music Camp here decided at a mass meeting tonight to send a plea to President Roosevelt asking his aid in restoring national radio broadcasts from Camp Interlochen, now banned through action of the AFL Musicians' union.

The camp student council named a six-member committee to draft the appeal to the President asking to keep the privilege of broadcasting.

**Famed Singer Investigating**  
Earlier tonight, Reinold Werrenrath, internationally known baritone and a member of the Musicians' union, announced he would make a report to the Interlochen camp to Fred W. Birnback, of New York, secretary of the American Federation of Musicians.

"I am at a loss to understand James C. Petrillo's (president of the Musicians' union) sudden action in taking the broadcast off the air," Werrenrath said. "I am sure a man of his education and insight into musical matters will undoubtedly change his opinion because musical education of the kind conducted at the National Music Camp"

**WPB Again Reduces Bicycle Manufacture**  
WASHINGTON, July 16—P—The War Production board today further curtailed the manufacture of bicycles, restricting output to 100,000 victory models in July and August.

This is at the rate of 32 per cent of 1941 production, and a cut from 42 per cent output permitted during April, May and June. No bikes other than adult sized, victory models may be produced.

The new amendment permits production only until September 1, but WPB said the question of continuing limited manufacture after the deadline will get further consideration earlier this month. It is a lightweight cycle stripped of critical materials.

## Into Smokestack 'Chutes Seen Dropping In N. Y. State

Major Lofton R. Henderson (above), Marine Corps flier, dived his blazing scout bomber down the smokestack of a Japanese aircraft carrier in the battle of Midway after the plane had been hit by fire from Jap fighter planes, the Navy announced in Washington, D. C.

### Close Consular Offices, U. S. Asks Finland

By Wade Werner

WASHINGTON, July 16—P—The United States moved just a step short of a break in diplomatic relations with Finland tonight by asking the one-time close friend to close all its consular offices in this country before the end of this month.

A State department announcement said the Finnish government had "undermined the basis upon which American consular representation was maintained in Finland" and had denied American consular officers their treaty rights.

This Government's action was announced shortly after Hjalmar J. Procopé called at the State department for a lengthy talk with acting Secretary Welles. Procopé declined to discuss the developments with newspapermen.

### Argentine Ship Torpedoed Off Portuguese Coast

LONDON, July 17—(Friday)—P—A Reuters dispatch from Vichy early today quoted a Lisbon dispatch as saying the Argentine steamer *Argentino* had been torpedoed off the Portuguese coast. She had a crew of 39 men and three passengers.

(The fate of the vessel was not given in the first dispatch nor was there any indication as to the identity of the attacker.)

(The *Argentino*, 2,991 tons, formerly the *Bayard*, was built in Oslo in 1915.)

### Sit-Down Staged In Plane Plant

DETROIT, July 16—P—A sit-down strike, termed by the company a protest against the discontinuance of a telephone service for employees, halted operations at the Ford Willow Run bomber plant for more than an hour tonight.

The strike started at 6 p. m. with the men stopping work but remaining at their machines. A few left the plant. Both company and UAW-CIO sources said that full production was resumed by 7:30 p. m.

Harry H. Bennett, Ford personnel manager, said the demonstration was in protest against company action stopping a telephone service the men were getting in the plant. The service, he said, had been put into effect without "proper arrangements" with the management.

Bennett said that the strike was called by "a UAW-CIO steward named Harris."

## 'Chutes Seen Dropping In N. Y. State

RHINEBECK, N. Y., July 16—P—Army men and state police converged tonight in an area near President Roosevelt's Hyde Park estate to investigate an unconfirmed report that six large parachutes had been seen descending in the vicinity.

Roads throughout this region were blocked off and state troopers from nearby sections rushed to the scene, while the eastern defense command announced in New York City that a military probe was under way.

The state police teletype said that the parachute landings had been reported by Claude Swenson, superintendent of the estate of the late John Jacob Astor near here.

The Astor estate, Ferncliff, borders the east shore of the Hudson river approximately 10 miles north of the Roosevelt country home and on the same side of the river.

Police Use Bloodhounds  
State police were reported to have taken two bloodhounds to the scene from the Hawthorne police barracks.

Gently rolling hills are characteristic of the wooded terrain in the vicinity. The area is not particularly good farming country, but many estates have cleared fields for their cattle, and much of the land is open.

The estate of the late Col. Jacob Ruppert, owner of the New York Yankees baseball club, lies between the Astor estate and Hyde Park. Many wealthy families, attracted by the scenic views, have established homes in the Dutchess county foothills.

The extent and thoroughness of the combined Army-police search was shown by the fact that all motorists traveling on the main highway near Nanuet in Rockland county were stopped and asked to identify themselves. The town is on the west side of the Hudson and some 50 miles from the Astor estate.

**No Army Planes Overdue**  
An alarm went out over the nine-state police teletype network, and police in this vicinity were ordered to pick up all hitch-hikers and demand their identification.

Cardinal Farley military academy said no Army planes from that base were overdue or missing.

Swenson reported, the police teletype said, that five or six parachutes of extra large size descended near the Astor estate and the Cardinal Farley military academy at about 5:45 p. m.

All queries concerning the investigation were referred by Rhinebeck police to Army authorities.

Officially announcing late tonight that an investigation had been launched, the public relations officer of the eastern defense command reported in New York City that there had been no confirmation of Swenson's report.

Agents of the Federal Bureau of Investigation declined to say whether the FBI had joined forces with the Army in conducting an inquiry.

**Second Report in Two Days**  
It was the second time within two days that a report had been received of a parachutist dropping into New York state. Deputy sheriffs, regular Army troops and state police pushed a widespread hunt yesterday in the Glen Falls area, after residents of Athol, an Adirondack mountain village, told of seeing a parachute descend near the village.

The search apparently proved fruitless. At least half a dozen residents of Warrensburg and Athol, however, reported sighting the parachute.

The Army's statement tonight was made through an audio-telephone system for communication with the press, developed for just such emergencies and used for the first time in New York.

## German Troops Thrown Back On Defensive At Voronezh; Reds Reveal Huge Casualties

### Red Troops In Action On Southern Front

Russian infantrymen and machine gunners battle the foe on a sector of the southern front, according to Moscow caption. In center, a nurse aids a wounded Russian soldier. Marshal Timoshenko's troops were maintaining a stubborn defense against the Germans, in their drive for the Caucasus oil fields. (Associated Press Teletext)

### WLB Okehs Pay Boost For Steel Workers

By Joseph A. Loftus

WASHINGTON, July 16—P—The War Labor Board, approving a daily wage increase of 44 cents in "little steel," laid down today a wage stabilization policy designed to maintain the purchasing power of hourly wage rates as of January, 1941.

The board said in effect that workers were entitled to a 15 per cent increase, based on increased living costs, between January, 1941, and May, 1942, and could not expect more than that from the board except under certain specified extraordinary circumstances. The policy was based on the assumption that all seven points of the President's anti-inflation program, announced late in April, would be made operative and would stabilize the cost of living.

**Sought \$1 Increase**  
The CIO United Steel Workers had asked for \$1 a day increase. The board, however, largely granted the union's other demands. It awarded a maintenance of membership clause, checkoff of union dues and the minimum daily wage guarantee.

The board voted the wage increase, 8 to 4, the labor members dissenting. They declared the board majority substituted "rhetoric for analysis" and went "all-out for the inflation thesis, a thesis compounded of conjectures and prophecies, fears and hysteria."

Directly affected were 157,000 employees of the four so-called "Little Steel" companies: Bethlehem, Republic, Inland, and Youngstown Sheet and Tube.

Indirectly, the decision is expected to affect a million or more, including 600,000 throughout the steel industry generally and 400,000 automobile plant workers who are asking \$1 a day increase.

The board expressed the opinion it had created a yardstick for the determination of other disputes before it.

**Argentines Demonstrate At Funeral of Ortiz**  
BUENOS AIRES, July 16—(AP)—Anti-Axis Argentines demonstrated tonight for democracy today at the funeral of their beloved ex-President Roberto Ortiz, called for a break with the Axis over unrestricted U-boat warfare and published an expose charging Argentina is a "minefield" of Axis intrigue with government connivance.

Thousands turned out, despite rain, to cheer respectfully for the ideals of democracy at the passing of the cortège of the president who had preached the politics of Pan-American freedom and opposition to Hitlerism.

Several hundred attempted to join the procession outside Buenos Aires cathedral and there the first clash with police was pitched.

### Draft of 18, 19-Year-Olds Necessary, Stimson Says

WASHINGTON, July 16—P—The drafting of young married men and boys 18 and 19 years old was depicted as an eventual certainty today by Henry L. Stimson, the Secretary of War.

Men in those groups "should not feel it necessary to alter their plans for the immediate future," he said at a press conference. But they should, however, remember that "we have never had a great war in which we did not find it necessary to call up both classes."

Under present law and practice, the 18 and 19-year-olds must register, but are not subject to induction until they are 20. Some young married men are already being drafted, Stimson noted, although a recently established Congressional policy calls for the deferment of men living with wives and children as long as possible.

In foreseeing the induction of 18-year-olds, Stimson went below the age limits requested by the Army last December, when, early in the war, the selective service act came up for revision.

At that time, the Army asked for Congressional authority to conscript 19-year-olds, as compared with the 21-year minimum of the peacetime draft law. The proposal aroused an intense controversy in Congress.

After a spirited debate, the House rejected the Army request and voted to retain the 21-year minimum. The Senate, after a vehement discussion, approved the 19-year limit. Subsequently, the

two branches split the difference and reached a compromise at 20 years.

Selective service officials estimate that there are about 1,200,000 men in each yearly age group. Originally, they figured that after deferring men with dependents and weeding out the physically unfit, about 50 per cent of each group would be acceptable for military service. Since then, however, physical requirements have been relaxed to some extent, and men with minor physical impairments have been drafted for non-combat service.

Thus, in the 18 and 19-year age pool, the Army has a reserve strength of considerably more than 1,200,000.

**Ship Losses In Atlantic Total 377**  
By The Associated Press  
The destruction of 19 merchant vessels by enemy submarines preying on Allied shipping in Atlantic waters has been disclosed in official announcements so far this week.

The latest victims of U-boat attacks—two medium-sized United States cargo ships and two Norwegian merchantmen, announced yesterday by the Navy and included in the week's toll—raised to 377 the unofficial Associated Press count of Allied and neutral ship losses in the Atlantic area since America's entry into the war.

### Sales Levy Opposed By Treasury

WASHINGTON, July 16—P—Chairman Doughton (D-NC), of the House ways and means committee, urging speedy approval of the \$6,143,900,000 tax bill, told the House today that the Treasury department would rather fall short of its \$5,700,000,000 goal than have a sales tax.

Opening three days of debate on the record-breaking revenue bill, he said he had asked Randolph Paul, tax adviser to Secretary Morgenthau, whether he would "rather have the bill remain short or have a sales tax."

"He said he would rather have the bill stay short," Doughton added.

He told the members that the committee had approved as high taxes on all as it believed could be carried safely. He recalled that corporate and individual taxes which were only about \$2,200,000,000 in 1939 would be raised to \$18,000,000,000 if the pending bill becomes law.

"In reality this is a \$24,000,000,000 tax bill," he said explaining that he believed it would produce \$7,000,000,000 while existing taxes are estimated to yield \$17,000,000,000. (The \$6,143,900,000 figure is the Treasury's estimate of additional revenue from the pending bill.)

**Eventual Sales Tax Forecast**  
Doughton said state and other taxes total about \$9,000,000,000, which, with the enactment of the bill, would make the total tax burden of the American people some \$33,000,000,000—"about one-third of the national income."

While Doughton said the bill would raise taxes about as high as the country could stand, Rep. Chairman George (D-Ga) has called for Senate finance committee hearings to begin on the House bill next Thursday. He estimated his committee would require from four to six weeks for its studies.

House members asserted on the floor today that the Senate undoubtedly would revise the measure, perhaps in major particulars, raising the prospect that it would be still more weeks before the two versions could be compromised in conference committee.

**Senate Okehs 125-Million Appropriation for OPA**  
WASHINGTON, July 16—P—A \$125,000,000 appropriation to run the Office of Price Administration was approved by the Senate today after removal of most of the "triplicate amendments" which Leon Henderson had objected.

The sum, \$15,000,000 less than the minimum Henderson estimated he needed, is \$50,000,000 more than the House authorized, and the measure was sent back there for action on amendments.

The Senate left in one provision opposed by Henderson—a stipulation that none of the money could be used to pay subsidies.

### Nazis Inside Northern Caucasus

By Eddie Gilmore

MOSCOW, July 17 (Friday)—P—Soviet armies have now taken the initiative from the Germans on some sectors of the Voronezh front and are stoutly resisting in the south in terrific campaigns which have cost the invaders 900,000 men and the Russians 399,000 in two months, the Soviets announced early today.

The Russians said that the Germans had been thrown back on the defensive on Voronezh, an important railroad city east of the Don river which the Germans have besieged for days with waves of men, tanks and planes.

"In some sectors of the Voronezh front, the initiative has passed into Soviet hands," the midnight Russian communiqué said. "The Germans are on the defensive."

**Retreat in Millerovo Sector**  
The communiqué said there were no essential changes on other fronts, but acknowledged that the Red Army had withdrawn to new positions southeast of Millerovo, where the Germans are pounding furiously toward the Caucasus and the Volga.

In bloody continuation of the fighting which a special Soviet communiqué said had cost the Germans 900,000 men killed, wounded and captured May 15 and July 15, the midnight communiqué said 4,000 "Hitlerites" have been killed in three days of fighting in the Millerovo sector.

The Red army also destroyed 35 German tanks in that fighting, it was said.

During the two months, the Russian special communiqué announced, the Germans lost 350,000 men killed.

The figures covered the campaigns of Kerch, Kharkov, Izum, Barvenkova, the siege and fall of Sevastopol and the sweep across the Don basin to the gateway of the Caucasus.

**20 Miles Within Caucasus**  
As this Russian picture of tremendous losses was issued, the German offensive in the south already was 20 miles within the extreme northern Caucasus at Millerovo, driving toward Stalingrad on an elbow of the Volga 175 miles to the east.

The Russians said the Germans have lost in two months at least 2,900 tanks compared to 940 Red Army tanks; 3,000 planes against 1,354 Russian planes; up to 2,000 guns of all calibers against 1,905 guns of the Red Army.

Speaking derisively of the "delirious lies of the Hitlerites" regarding Russian losses, the special communiqué said:

"If, according to the announcements of the German information bureau, all the booty and prisoners alleged to have been taken by German troops since the outbreak of the war were to be calculated, it would seem that the Red army had long since been left not only without a single tank and without a single gun but had also been left without any men."

**Contrast Battles With 1941**  
The Russians pointed to a striking difference in the fighting in 1942 compared to the battles of 1941.

"This distinguishing feature," the communiqué said, "is the fact that the increased organization and staunchness of the Red army in battle immediately basic forces and reserves of its army to advance far more slowly than previously and to suffer in the course of intensive fighting irreplaceable losses in manpower and equipment."

# War Stamps, Bonds To Be Sold As Marquette Observes American Heroes Day

## Three Music Units March In Parade

Marquette residents will turn out en masse today to show American boys at the front and in training camps that they mean business when they talk about support on the "home front."

It's American Heroes' Day, and everyone is expected to buy war stamps and bonds until it hurts—and then buy some more!

Through the cooperation of the "Retailers for Victory" committee, the Richard M. Jopling post, American Legion, the women's division of the city war bond campaign committee and scores of volunteer salesmen, war stamps and bonds will be sold in the business district today, beginning at 10 a. m.

There will be attractive booths in conspicuous places, where stamps will be sold by Marquette women volunteers, and beautifully-arranged corsages and boutonnières will be sold by girls. The committee also has a surprise or two in store for today, which will be entertaining as well as helpful to the war effort.

Perhaps the outstanding feature, however, will be the parade, starting at 7:15 this evening. It will be as elaborate as the last parade, but will be confined to the downtown district, where the corsages, boutonnières, stamps and bonds will be sold. Residents are informed that when they pay 25 or 50 cents for a boutonnière, they will receive the full value in war stamps. There is no charge for the trimmings.

The parade will start on Baraga avenue adjacent to the court house and will proceed in this order: Marine Color Guard; the guest car carrying Donald W. Kirkendall and Mayor Louis W. Biegler; massed colors; Coast Guards; Sons of the American Legion drum and bugle corps; 503rd company, Michigan State Troops; a group of children who will participate next week in the campaign to collect old phonograph records for men in the service; the American Red Cross and ambulance; Graveraet high school band; junior service unit; war bond and stamp float; Sea Scouts; American Legion band; decorated bicycles and scrap iron, rubber and waste fats victory floats sponsored by the city and county salvage for victory committee.

Members of parade units are reminded to be at the court house sharp at 7. Every effort will be made to start the parade promptly at 7:15. It is in charge of John H. Milnar, commander of the Marquette Legion post.

The parade will move west on Baraga to Fourth street, north on Fourth to Washington, east on Washington to Front, south on Front to Baraga, west on Baraga to Third, north on Third to Main street and will break up at the South Shore station on Main street.

Each military unit participating in the march will play at least one number at the station. The Legion band will play there until 9 this evening. War stamps in the form of corsages and boutonnières will be sold until 9.

Although Gunner's Mate Kirkendall, USN, only American serviceman home who has seen action in World War II, will be guest of honor, all Marquette men in the service are invited to participate in the parade. They are asked to report at the court house at 7 to be assigned a place.

The merchants have a very sound reason for organizing an American Heroes' Day parade and program to boost the sale of stamps and bonds. They must meet a quota of \$13,300 for July and with the month half gone only \$5,136.40 worth of stamps have been sold through the merchants' efforts.

Some districts are nearing their quotas, but others are trailing. The only district to date which has exceeded its quota is that captained by Thomas Nault. It includes all merchants on Washington street west of Third street. They have sold \$459 worth of stamps, or \$59 more than their quota. Nault said yesterday they would not relax their efforts, but would continue

working to see how much they can exceed their quota.

The best individual record in town is that made by the F. W. Woolworth & Co. store, managed by L. C. Aschom. Clerks in the store, displaying their patriotism by selling stamps after hours as well as while they were on the job in the store, sold \$895 worth in the first nine days of the campaign.

Students Should Buy Stamps Urging participation of school children in the program today, the merchants' committee pointed out yesterday that students should continue buying stamps regularly as they did while school was in session.

Mrs. C. A. Brennan and Miss Melissa Delf are co-chairmen of the women's part in today's activities. They have organized teams of volunteer women to sell stamps in the business district. The location of the booths and women who will sell at each follow:

Joe Harrington's — Mrs. D. J. Vaughan, Mrs. Agnes Conway, Mrs. Charles Bur, Mrs. Ernest Mailgren, Mrs. Fred Winter, Miss Josephine Dunnebacke, Miss Henrietta MacDonald.

Montgomery Ward — Mrs. George Erickson, Mrs. Alfred Eliason, Mrs. Stanley Kelley, Mrs. Eugene Windoft, Mrs. Gervas Brewer, Mrs. E. W. Skytta, Mrs. G. C. Meyland.

Penney's store — Mrs. Ben H. DeVoe, Mrs. Edward Higgins, Mrs. H. T. Dunstone, Mrs. Murry G. Moon, Mrs. H. R. Hadrick, Mrs. Harry T. Culver.

Girls' Report At Woolworth's Lou's store — Mrs. Allie J. Bishop, Tonella & Rupp — Mrs. George E. Bishop, Mrs. James G. Ward, Jr., Helen Farrell, Mildred Casler, Ruth Bennett.

Rose's — Mrs. Ray H. Bourdeau, Mrs. Sam Rose, Mrs. Joseph Cone, Miss Melissa Delf, Mrs. Frank L. Denny.

Woolworth's — Mrs. Munro L. Tibbitts, Mrs. Horace Roberts, Mrs. Don Begole, Patricia Ryan, Mrs. Robert T. Peters.

Among the girls who will sell corsages and boutonnières are the Misses Mary Witters, Loraine Hadrick, Jean Bruce, Mary Hedberg, Sally Richards, Norma Cleminson, Aileen Senecel, Patsy Spear and Nancy Spear. These girls and others whose names were not turned in are asked to report to Mr. Aschom at Woolworth's store.

Democrats Hold State Convention September 26 LANSING, July 16 — P — The Democratic party's state nominating convention has been set for Saturday, September 26, in the Civic auditorium at Grand Rapids.

Charles S. Porritt, state chairman of the party, announced today. A banquet is scheduled for the night of September 25.

Nominating convention of the Republican party has been fixed September 25 in Detroit, the location still undetermined, with a banquet the preceding night. Porritt designated Tuesday, Sep-

tember 22, for county conventions which will choose the 1,119 delegates to the state meeting. Republican county conventions previously were scheduled for September 21.

Time between county and state conventions has been shortened by a new state law which convention officials have asserted probably will result in confusion relative to issuance of credentials. They point out that it may be impossible to receive formal reports from county conventions before they set up state convention headquarters and that some credentials may not be confirmed until the eve of the convention resulting in misunderstanding and discord.

## The Weather

(From U. S. Weather Bureau) Lower Michigan—Warmer Friday.

Upper Michigan—Warmer Friday, except near Lake Michigan.

## Mrs. Vierling Heads Music Disc Drive

Mrs. Helen G. Vierling, 114 West Hewitt avenue, has been appointed chairman of the American Legion's phonograph record salvage drive in Marquette, which will begin today and continue through August 2.

The campaign is sponsored here by the Auxiliary of the Richard M. Jopling post, American Legion. A house-to-house canvass will be made by children of Auxiliary members and prizes will be awarded to those who collect the most records. Other details of the campaign will be announced tomorrow.

Residents of Marquette will contribute toward a quota of 37,500, 000 records which will be collected throughout the United States by the Legion and sold for scrap value by Records for Our Fighting Men, Inc., a non-profit organization of famous music artists.

Proceeds will go toward purchase of new records and phonographs for American Army, Navy, Marine corp, air corps and Coast Guard stations.

Children who will participate in the campaign will be in the American Heroes parade in the downtown district this evening.

## Obituary

### Winkka Funeral

Funeral services for William A. Winkka will be held today at 2:30 p. m. in the Swanson funeral home with the Rev. Wilbur N. Palmquist officiating. Burial will take place in Park cemetery with military services at the graveside. Pall bearers will be Jacob Poroo, Henry Mayry, Louis Vadnais, Toivo Orhanen, David Vadnais and Gust Pakkala.

### Andrew Besander

Andrew Besander, 88 years old, died early Thursday morning in the home of his son, Lowell T. Besander, 306 Waldo street, where he had resided for several years.

Mr. Besander was born in Skone, Sweden, November 25, 1853, and was a former section foreman until his retirement. He had been em-

ployed by both the D. S. S. & A. Ry. and the L. S. & I. Ry. His wife died here in 1936. Mr. Besander was a member of the Messiah Lutheran church.

He leaves four sons, Inge and Arthur Besander, both of Mount Prospect, Ill.; Otto A. Besander, of Saginaw, and Lowell T. Besander, of this city; five grandchildren, three nieces and three nephews. The body will remain in the Swanson funeral home and funeral arrangements will be announced later.

During July and August of 1940, 73 airports built by the WPA were certified by the Army and Navy.

FRIDAY, JULY 17, 1942

Farm Bloc Loses

ONE fight in the effort to keep the price
of living from soaring was won when
the Senate's amendment to its bill fixing
at about 83 cents, instead of \$1.35, the price
of 125,000,000 bushels of wheat to be sold
for feeding stock was accepted by a reluctant
House.

The deadlock on the issue lasted two
months. But time ran against the farm
bloc. It was finally worn down by comment
in the press almost unanimously opposed
to the position it had taken, and, finally,
by the stand by the President that wheat
for feeding cattle should be sold by the
Government at a price equivalent to that
of the corn usually used for this purpose.

If wheat costing \$1.35 a bushel were
used for feeding stock the stock thus fed
would have to be sold at prices correspondingly
higher than those that would be
asked if the feed cost 83 cents a bushel.
Another rise, though it might have been a
small one, would have occurred in the
indices showing the cost of living. Its
influence would have been pervasive. Other
risers would doubtless have occurred.

The wheat the Government will sell
was bought in times of low prices with the
purpose of sustaining the income of the
farmers, thus permitting them to live well
and to make some progress toward restoring
their earlier economic status. It was bought
with the express understanding, and provision
in the law, that the Government
would sell when conditions in the market
enabled it to relieve itself of its load without
impairing the position of the farmers.

To ask that it not sell at less than full
parity when the farmers are as well off as
they are under present conditions, and to
sell only on terms that would add impetus
to rising living costs that affect all the
people, was to make an absurd and unsocial
demand. There should be gratification that
the farm bloc was not permitted to get away
with it, and hope that more realistic dealing
with the bloc than it has had in past months
is forecast.

Forest Fire Losses

The accounting for forest fire losses in
the Peninsula in the first half of the year
shows that more than 75 per cent of them
occurred in Marquette county, where 4,955
acres were burned over in the dry spell
of the early spring. The acreage in the region
swept by fires was 6,627. The loss in dollar
values is not given, but, as much of the
burned over areas were devoid of merchantable
timber, it was not serious.

But all fires in the forests are serious in
the sense that no fire can sweep over
extensive acreage without damaging, if not
destroying, young trees that in the years to
come would develop into a covering of
waste areas which, given time, would be of
considerable value. Incident to all of them
is destruction of humus in the soil on which
new growth must feed. Where soils are
light and fires burn down to the bare sand,
reforestation, either by natural growth or
planting, is seriously set back.

That the spring fires burned over nearly
7,000 acres is to be regretted. But in the
years before the forest protection service
had been developed to its present status the
acreage scorched by fire would have been
many times as large.

The conservation department has to its
credit, considering the money spent on it, a
notable accomplishment in forest protection.
Its fruits are to be seen everywhere
in the Peninsula in the increasingly heavy
stands of new growth. Some of it has little
potential value, but all of it is helping to
make the Peninsula an attractive tourist
and vacation area.

An Arbitrary Stand

The Musicians' union may be in a technical
correct position when it insists that
NBC deny its facilities to the Interlochen
Students orchestra, but there will be considerable
opinion that its insistence, no matter
what its contractual rights may be, is
ill-advised. It will be resented by the public
at large, and will tend to build up
hostility to the union. It is a culminating
instance of a large number of instances in
which its attitude has seemed to be harsh
and dictatorial.

Its contract with NBC calls for employment
for broadcasts only of union musicians.
The purpose is to secure the maximum
amount of income for them from the
broadcasting chains and stations. Within
limits, it is a proper provision. But when it
is cited to prevent broadcasting by an
orchestra organized in the outstanding summer
music camp of the country the union
takes an action it might better have avoided.

There would be, even if the contract were

written without this provision, little danger
that employment of union musicians would
suffer materially. The air audience is too
exactingly put up with more than a nominal
number of amateur performances. Except
in unusual cases, like that of the Interlochen
orchestra, none of the broadcasting
chains would offer them. But in the case of
this orchestra, which is only in being a few
weeks of the year, the union might well
have permitted it to be heard without protest.

The Interlochen camp is educational and
cultural in purpose. Those who attend it
are amateur musicians chosen from large
groups because of promise and proficiency.
Those interested in them from year to year
form a considerable segment of the music
loving public. It is one keenly interested in
the quality of their music, and eager to be
permitted to judge it. They should have the
opportunity.

That the Musicians' union has let itself
in for trouble is shown by the fact that the
officials of the camp have appealed to President
Green, of the AFL, to use his influence
to secure from it consent that the orchestra
be heard, and the comment of the
chairman of the board of war communications,
Mr. Fry, that "a method must be
found to enable the public to receive these
programs."

Occasions arise when unions may well
waive rights they have secured by contract.
This appears to be one of them.

They Are On Warning

The manner in which the FBI has
searched out and secured the arraignment
of men and women who received and looked
after, and were preparing to aid, the
saboteurs from Germany now on trial before
a military court warns in a way not
to be misunderstood that those who give
aid and comfort to enemy agents in this
country have small chance to escape a reckoning.

No words tell of the manner in which
the FBI obtains its results. This will have to
wait for some indefinite time after the
end of the war. But the speed with which
the saboteurs were rounded up and arrested,
and the only less impressive speed with
which those who aided them were taken
into custody, makes clear that FBI must
be rated one of the most effective espionage
agencies ever created.

It was designed, in the first place, to
deal with public enemies at home. But
much of the technique it so successfully
developed for this purpose was applicable
to problems of espionage in war. It is
probable that FBI early anticipated that
it would be called on to serve under war
conditions, and that, long before Pearl Harbor
was attacked, it made a study of the work
that would be required of it.

Be this as it may, the fact remains that
there has so far not been an instance of
serious sabotage in war production plants,
a condition that may be attributed largely
to the efficacy of preventive measures. The
Nazis spent in the country in the months
before it got into the war millions and
millions of dollars on effort to develop a
force of agents. That it was money spent
largely in vain is due to two considerations,
one the admirable quality of the work of
FBI and other secret service organizations;
the other, and it is most important, lack of
enemy sympathizers at all as numerous as
in the last war. The Germany of 1914-18
under the Kaiser was a far different Germany
than the Germany of the present war under
Hitler.

Contemporary Opinion

American Tourists In Arns

One of the most spectacular features of
this time of stress and strain is that it abounds
in babies. Traveling is getting harder every
day and yet more babies seem to travel than
ever before in our history.
I recently entered Washington, D. C., on
a long train from the south. Before arriving
I made a tour of the coaches and found 26
infants. Washington is no place even for the
hardest adults to visit. Yet more than two
dozen babies were going there.
It is characteristic that they travel in coaches
or buses. Although babies are not noted for
humility or self-effacement, they are paragons
in this matter of leaving the cool sleepers to
strong, healthy adults.

"An acquaintance of mine recently went
from Chicago to New York. 'Was the train full?'
I asked her. 'Full of babies,' she replied.
I visited a temporary housing project which
the Government had just set up beside the
greatest bomber producing plant in the world.
The settlement provided homes for a thousand
workers and considerably more than a thousand
small children. To a casual observer the
place looked like babyville. As I commented
on that, the superintendent remarked, 'Yes,
the bomber plant seems to be just an annex
to our nursery.'

On a rather antiquated, hot, straight back
train coach in the southwest, I counted eight
babies at 4 o'clock one morning. Some were
with mammas only, others with both parents.
I saw one mother sleeping folded up on the
outer edge of the seat and baby curled up
against her. Sometimes the mother slept sitting
up with the baby in her lap. I saw a young
father and mother sitting up sleeping, with a
baby sleeping between them.

Babies are playing an enormous role in
this struggle. They are morale builders. They
enoble, stabilize, uplift people. They are visible
reminders of what we are fighting for, of what
we have to defend. Family life is the foundation
of every good society.

Never in our history has there been so much
deranging of homes, and separating of family
members. Wherever it is at all possible families
must be united. Babies must be brought
to their fathers working in the war industries.
They are helping us win this war. R. H.
Markham in the Christian Science Monitor.

Keep 'Em Regimented

For some time now we have been cogitating
the social desirability of razors and razor
blades, and the announcement that their
production is to be continued until July 31
has influenced us to commit ourselves to print
at this particular time.

Being a fierce partisan of individualism,
we think that it would be well to eliminate
razors. If we, like some gentlemen in Washington,
were proponents of regimentation it is the
last thing we would do.

It's all right to laugh at the hirsute
adornments of our grandfathers and even our
fathers, but we are convinced that it was an
influence for individuality. A man with
chops proclaimed his difference from a man
with a walrus mustache and both of them were

Thirty Years Ago

(July 17, 1912)

Marquette
Father J. G. Pinten, vicar general of the
diocese of Sault Ste. Marie and Marquette,
has been further honored by Pope Pius with
an appointment as a domestic prelate, with
the title of "monsignor."

Dr. William Bell has been in the city since
Saturday, giving tuberculin tests to the cows
owned by the following dairymen: Chris
Gensen, Thomas McParland, Peter Stuer, William
Dollar, Swan Nelson, Trisle Langness, Mrs.
Reynolds, Mary Connors and Mathias Fassbender.
The cattle were free from tuberculosis
and all other infectious diseases.

Miss Rose Erieholm, cashier and "right hand
man" for L. Getz for 12 years, has resigned her
position.

The Misses Maude and Stasia Fahey, of Bark
River, have returned home after spending a
few days visiting their sisters, the Misses
Loretta and Rose Fahey, who are attending the
Northern State Normal.

Miss Alma Olson, recently appointed librarian
at the Peter White Public Library to
succeed Miss Stewart, resigned, arrived home
from Chicago, where she finished a course at the
University of Chicago.

Ishpeming
Sheriff John Lehman was up from Marquette
confering with Louis Erickson & Son
regarding plans for a dwelling he will erect
on the corner of North and Maple streets on a
lot purchased last year from the Catholic
church. The lot is one of the 16 platted in
the old cemetery grounds. Mr. Lehman will
move his family to Ishpeming January 1, when
his term as sheriff expires.

Postmaster Gordon Murray, of Michigamme,
was a visitor in Ishpeming.

John Murphy, who has been living in Douglas,
Ariz., for the last few years, is home on a
visit to his parents, Mr. and Mrs. James
Murphy, West Division street.

R. E. Rolgart, assistant to G. R. Jackson,
who has charge of the Cleveland-Cliffs Iron
company's mines on the Swanzy range, was a
visitor here yesterday.

A few weeks ago J. J. Leffler, the Division
street merchant, lost his gold watch and chain
from his meat market, but the timepiece shortly
came back. Eight days after the watch was
gone one of his young sons, who happened to
be in the store, found it lying on a coffee can
in the grocery window.

Neegaunee
Enich Pohja, the interne at the Neegaunee
hospital, has returned home from Texas, where
he went to look over some land he purchased
from the Benson Land company through C.
O. Squiers, Neegaunee agent. Mr. Pohja, who
bought 10 acres of fish orchard, is well pleased
with his investment.

T. Curtis, one of the entrants in the Cornish
wrestling matches to be held here Saturday
afternoon under auspices of the Sons of
St. George, met with misfortune the other day
while practicing, falling in such a way that
one of his toes was broken. He will be laid
up for several weeks.

Fred Anthony has purchased a new team of
driving horses from an Ishpeming livestock
dealer.

J. E. O'Donoghue went to Humboldt to
deliver a piano.

Harry Davidson, of Champion, drove to Neegaunee
yesterday in his automobile.

(From The Mining Journal Files)

Boarding Prisoners

In June the Iron county board of supervisors
increased the board of prisoners from 75c
to 90c a day at the behest of Sheriff King on
the representation that food prices had increased
materially.

In the language of the Marinette Eagle-Star,
the action amounted to "a raid on the taxpayers'
treasury."

Says the irate Eagle-Star:
"Members of the board of supervisors of an
Upper Michigan county this week voted to
increase the prisoners' board allowance for the
sheriff from 75 to 90 cents a day after the
sheriff pleaded that other counties have been
paying more and the cost of food has increased
substantially."

"The action amounted to a rank raid on the
taxpayers' treasury. In terms of a family of
four, the prisoners' board allowance amounts
to \$3.60 a day or more than \$100 a month.
How many families are so extravagant as to spend
that much for food in a month even at the
prevailing high prices? Yet that's what the
Michigan sheriff is going to get if he feeds
four prisoners at his jail. And it is doubtful
if the actual cost to the sheriff will amount to
more than 30 cents a day per prisoner."

"The business of making substantial allowances
for board of prisoners borders on a racket.
Sometimes it gets completely out of control,
as apparently was the case in Marathon county
where the sheriff tendered his resignation at
the request of the county finance committee
after it was determined that he had over-
charged the county for 14,134 prisoners' meals.
The 14,134 meals which the sheriff never
served cost the county \$3,533.50 and was repaid
by the sheriff after an audit revealed the
discrepancy. Incidentally, the audit was
ordered after the sheriff had asked for an
increase in prisoners' board allowance from 25
to 30 cents a meal and members of the county
board sought to arrive at a rough estimate of
what the increase would cost the county."

"Allowance for feeding prisoners ought to be
placed on a business like basis and take into
consideration the cost of food and preparing it.
It should not be a form of subsidizing sheriffs,
as is the case in many counties of both Wisconsin
and Michigan. Rather than to subsidize
sheriffs through such allowances, their salaries
ought to be increased."—Iron River Reporter.

Quotations

This is no panty-waist war and it won't be
won by panty-waist measures.—Robert Nathan,
WPB planning committee chairman.

We must remember that we have not done
wonders ourselves, yet.—Wendell L. Willkie.

If China doesn't get immediate help, Japan
and Germany will encircle the world.—Soumay
Teheng, Chinese woman lawyer.

The Government has a right to call citizens
to aid in the defense of their country, city and
families, so what is wrong in calling them to
serve their city?—Mayor F. H. LaGuardia, of
New York.

If we put as much thought and money into
the building of markets as we put into the
building of factories we will have no need to
fear another depression.—Walter D. Fuller,
publisher.

Air forces will be the controlling factor in
the Pacific. We are strong, but so is the ene-
my. It is no pushover.—Maj.-Gen. Willis H.
Hale, mid-Pacific air commander.

different than a man with a fringe of hair that
grew from his neck. You couldn't take men
like that and get them to agree on anything,
much less all act alike.

Now it's different. The furthest departure
from a clean shaven face is a few wisps of hair
on the upper lip, at best a pallid and weak
revert against sameness.

The totalitarians had better keep 'em shaving.—Wall Street Journal.

First Class War Scandal

The price amendments before the
Senate from its Appropriation
committee, coupled with the re-
strictions the House adopted, would
utterly destroy the slightest
prospect of maintaining successful
control of prices and rents.

This Senate committee, in fixing
the OPA appropriation, refuses to
give the Price Administration money
enough to enforce its price
orders. It then adds three new
hammering devices, as follows:

1.—Appointments to the ad-
ministrative positions are made
subject to confirmation by the
Senate, placing them at sena-
tors' disposal as political
patronage.

2.—Flat prohibition of using
any price funds as subsidies to
maintain price ceilings, which,
in effect, would make neces-
sary increases of the prices of
sugar, New England coal and
fertilizers.

3.—That the price ceiling of
anything containing farm
products must reflect to farm-
ers at least 110 per cent of the
"parity price" of the products
used.

The third is a most extraordinary
piece of proposed legislation. It
means farm prices at 110 per cent
of parity, instead of the price-
boosting 100 per cent the House
adopted. It means, as Price Ad-
ministrator Henderson publicly
states, that he "must deal with
prices of literally thousands and
thousands of items of food, cloth-
ing and industrial products, to de-
termine whether they reflect to the

farmer at least 110 per cent of
parity." Henderson accuses the
Senate Appropriations committee
of attempting to destroy control of
prices, thus:

"The price of a cake of soap
could not be fixed until the
Secretary of Agriculture had
determined that the proposed
maximum price would permit
the price of tallow to come up
to the point where the price
of mutton and lamb would re-
flect to the producers 110 per
cent of parity. . . . The amend-
ment was drafted and proposed
by the American Farm Bureau
Federation . . . part of a co-
ordinated program by that or-
ganization to destroy effective
price control not only on farm
commodities, but on all things
made from farm products."

A first-class war scandal has
reached its culmination. It is a
scandal that ought to be bared in
all its particulars to the American
people. The climax proposes an
impotent price agency, its fat jobs
all held by politicians. The price
ceiling and, in major ways, the
Price Control act, are on the verge
of complete repeal. A chief Senate
committee acts as the tool of
one of the biggest and most perni-
cious lobbies in Washington.

"This political sabotage of price
control, opening the door to price
inflation and meaning impossible
home living conditions during the
war, is as menacing to the war
cause as enemy sabotage of war
plants or military installations!"—
Detroit News.

New York Chats

By Charles B. Driscoll

NEW YORK—Thinking out loud:
We called traveling men drum-
mers, out in Wichita, in my boy-
hood. . . . They were smartly dressed
fellows who rode in hacks, and
thousands of items of food, cloth-
ing and industrial products, to de-
termine whether they reflect to the

Mr. Tom Terriss is a middle-aged
gentleman who is often seen about
the Lambs. At present he is on
the air with an American travel-
ogue, "See America First."

"I wonder who originated that
most useful slogan."
Terriss claims to be the last sur-
vivor of those who stood in Tu-
tankhamen's tomb beside the Nile
when the inner chamber was op-
ened. He was in Egypt to direct
a picture for Gaumont British. He
told me the other day how he in-
duced his friend, a correspondent
from the London Times, to get him
inside the tomb as the newsman's
assistant.

No, he isn't at all worried about
the alleged curse which is said to
have worked out in the lives and
deaths of other members of the
expedition. He has no faith in
such stories.

Plenty to See in U. S.
Terriss was born in England, and
has spent much of his life in travel.
He is a naturalized American, and
gets lyrical when he begins to
compare the grand scenery of
America with that of any other
country.

It's true, there's plenty to see
in the United States. You ought
to hear my daughter Pat rave
about the Grand Canyon, which
she has visited on her summer va-
cation. And about the glorious
summer climate of the desert in
California, Arizona and New Mex-
ico.

But it may be a trifle hard to get
about this summer, what with so
many priorities. The good old
walking trips, in which one learns
something about his own neighbor-
hood, may become popular vaca-
tions.

In and about New York, the
Fourth of July holiday proved one
of the most active for travel in
the history of the town. Motorists
who had saved up gas jammed the
highways.

Grand Central and Pennsylvania
stations were packed with milling
crowds, as never before. Those
who couldn't motor went by train.
"Labor Day? Well, that may be
another story."

(Released by McNaught
Syndicate, Inc.)

Is It Necessary?

Henry Ford, the Detroit Board
of Commerce and the Washburn
County Board of Supervisors have
clashed with the Federal Public
Housing Authority over the bu-
reau's proposal to build a \$35,000,000
"bomber city" adjacent to
Ford's Willow Run airplane plant.
The project would house some 80,000
defense workers.

Mr. Ford and the city and county
officials consider the project
unnecessary, stating their belief
that existing facilities can be ex-
panded to accommodate the work-
ers; that it would divert materials
and labor needed for the war effort
to a nonessential project; that
a permanent city of the size con-
templated would, in all probability,
become a ghost city after the war;
and that the project is not designed
to facilitate the war effort, but is
a social reform project being
foisted on the community as a
war measure. They demand a
thorough investigation by the
Truman committee, before the
project is permitted to proceed
any farther.

The protests of Mr. Ford and the
local authorities should be
heeded. There seems to be some
difference of opinion as to whether
the city is to be a permanent
community. That question should
be clarified. The real purpose for
which it is proposed to spend \$35,000,000
of the taxpayers' money
should be clearly defined. If such
a community is really necessary
for housing defense workers, the
project may be justified; if not,
the housing it not necessary, justifica-
tion of such an expenditure would
be difficult. In any event, the opin-
ions of Mr. Ford—who owns ap-
proximately 12,000 acres that
would be included in the townsite
authorities, should carry at least as
much weight as the opinions of the
bureau chiefs.—Chicago Daily
News.

come from China and Russia.

Side Glances

"I'm bringing you my laundry as my contribution
for aid to China—but see that you don't overcharge
me!"

Today In Washington

By David Lawrence

WASHINGTON, July 16—There
may be tire mileage enough for
present users till 1944, when syn-
thetic rubber will become avail-
able. There may be no need for
nationwide gasoline rationing.
Reason? Because the statisticians
may find that there has been too
much pessimism about the tire out-
look. And when the statisticians
reveal the facts, then America can
really know what to expect.

It may be surprising for the pub-
lic to learn about it, but all the
discussion of gas rationing and the
predictions about cars being forced
off the road and tires being taken
off and requisitioned by the Gov-
ernment from present users were
predicated on a theoretical survey
of the problem that was not ac-
companied by any comprehensive
statistical analysis of the actual
number of tires, their mileage pos-
sibilities and what could be done
by retreads.

Statisticians at Work

The statisticians of the rubber
industry are at work now at the
request of the Government. They
have completed part of their job,
and the outlook is much more fa-
vorable than had been supposed.
Without using a single pound of
raw rubber to build a new tire, it
has been found that 75 per cent of
normal mileage can be obtained
for about two years. This means
conservation, of course. It means
keeping below 40 miles an hour
and having frequent inspections
and maintaining proper inflation
in their tires.

Now, in order to get enough re-
treads to carry out the balance
of the civilian needs, it has been
learned that about 165,000 tons of
reclaimed rubber will be needed
as well as about 3,000 tons of new
rubber.

Since the recent salvage drive
obtained 300,000 tons of reclaimed
rubber, that part of the program
is easily taken care of. As for
3,000 tons of new rubber, this is
an insignificant fraction of the
600,000 tons of new rubber in our
accumulated stockpile.

Once the program is put into op-
eration, much more rubber from
tires now in use would be re-
claimed, especially if retread
tires were available in exchange.
Such tires need not be issued ex-
cept to persons who have not
abused their tires and the "share-
your-ride" plan and other con-
servation measures would have to be
kept up.

A huge number of tires is in the

Smiles

Thunderbolt

Wife: "Every time you see a
pretty girl, you forget you're mar-
ried."

Husband: "You're wrong, my
dear. Nothing brings home the
fact with so much force."—Santa
Fe Magazine.

Near Thing

A soldier whose main trouble
was extreme talkativeness, was on
escort duty with a corporal taking
an important prisoner to head-
quarters.

Before starting, he had been told
that on no account was he to speak;
a bet of a packet of cigars had
been made that he couldn't remain
silent until reaching headquarters.

They went in single file, the sol-
dier quite mute.

On arriving at headquarters, the
corporal without looking around
said: "Well, Tommy, you've won
the bet."

"Yes," replied Tommy, "but you
nearly had me when the prisoner
escaped."—Telefun.

Regal Nonchalance

When King George II of Greece
was in Washington recently he
was interviewed by the Capital press.
In the course of the interview he
discussed Greek-Turkish relation-
ships freely to the point where it
alarmed his foreign minister, who
interrupted His Majesty and en-
gaged him in a three-minute con-
versation in Greek. Finally the
Prime Minister sat down, and the
King proceeded.

Smiling, he faced his audience,
and cracked, "Gentlemen, I take
it that what we have said was all
Greek to you."—Pathfinder.

### Bonus Sugar Given For Stamp No. 7

Stamp No. 7 in your ration book may be used as a bonus stamp and is good for two extra pounds of sugar any time between now and August 22, the Marquette county rationing board announced yesterday.

The extra sugar ration, it was explained, is made available by receipt of somewhat heavier shipments from the off-shore producing areas than were anticipated when ration allotments were fixed. Because of the uncertainty of shipping conditions, no assurance can be given of continuance of basic ration allotments or of any additional bonus rations.

**No Red Tape**  
The decision of the Office of Price Administration to grant bonus sugar was reached after consultation with shipping officials and after the Division of Industry Operations of the War Production Board had determined that the quantity of sugar available for distribution to civilian consumers between July 1 and December 31 would be 3,435,000 short tons.

Residents of Marquette are informed that Stamp No. 5 is good only to July 26 and stamp No. 6 is good from July 26 to August 22. Actual distribution of the extra sugar ration will entail no red tape, the OPA said. For the individual consumer, it simply means cashing in coupon No. 7 of the ration book at any time between now and August 22. The No. 7 coupon will entitle him to buy the two extra pounds, without any effect whatever on any other coupons in the book.

Likewise, here will be complete absence of any red tape for industrial and institutional users. When they apply for their regular sugar allotments for use in September and October, which they may do on or after August 15, they simply will get this extra allowance of sugar above their regular allotment.

**Step Up Consumption Rate**  
While the extra sugar for these two classes of users does not actually become available until August 15, OPA said, institutions and industrial consumers may step up their rate of consumption immediately in anticipation of the forthcoming increase.

Institutional users, such as restaurants and hospitals, will receive 75 per cent of their normal needs, instead of 50 per cent as regularly allowed, and industrial users will receive 80 per cent of their normal requirements instead of 70 per cent as heretofore. The extra allotment, however, is for the one allotment period only.

In no case is there any reason for anyone to go to the local rationing boards to get this additional allowance, OPA said.

### City Paragraphs

Miss Beatrice Micin is visiting friends in Ontonagon this week.

Miss Verle Fredrickson is at Fort Smith, Ark., visiting Pvt. Howard Kellstrom, formerly of Iron River.

Billy J. Graham, who has been vacationing here, has returned to Chicago where he is employed.

George Bur and Daniel Trotta have gone to Detroit where they will seek employment.

Mr. and Mrs. R. N. Hagset, of New London, Ohio, are visiting friends here.

Miss Louise Scott, 347 East Crescent street, has returned from Detroit where she spent a week.

Albert Nadeau and Frank Frei have gone to Detroit where they will seek employment.

Mr. and Mrs. H. R. Brown, of Detroit, were visitors here Wednesday.

Mrs. Isabel Frost, of Girard, Ohio, is here visiting her son, who is serving with the U. S. Coast Guards.

Charles Lytle, of Detroit, is spending a week with his mother, Mrs. C. E. Lytle, 328 East Ridge street.

Edward Thornton 124 1/2 West Crescent street has returned home after spending a week in Milwaukee and Chicago.

Mrs. R. T. Cushing and daughter, Kathleen, 325 East Prospect street, have gone to Hanna, Ind., to visit relatives.

Miss Kate Anderson, who has been the guest of Mrs. A. W. Hornbogen, 312 East Michigan street, has returned to Minneapolis.

Max Charlton, of Birmingham,

Mich. is spending the summer here with Mrs. D. Fred Charlton, 438 East Ohio street.

Mrs. T. C. Carland and daughter, Grace Francis, have returned to Erie, Pa., after spending several weeks with Mrs. Carland's parents, Dr. and Mrs. C. P. Drury.

Miss Irene Van Chestien, who teaches in Cleveland, is spending her vacation with her father, Joseph Van Chestien, 422 Rock street.

Marvin Langlois, 229 West Michigan street, has gone to Cleveland where he will be employed. His brother, Paul, returned with him and will visit friends there.

Lieut. Colonel and Mrs. L. C. Doolman and daughter, Alicia, of Denver, Colo., are guests of Mrs. Doolman's mother, Mrs. Rose Micklow, 440 West Hewitt avenue.

Mrs. George Kesley, of Milwaukee, is visiting her parents, Mr. and Mrs. Fred Goldenstedt, 303 East Prospect street. Mrs. Kesley is the former Myra Goldenstedt.

The Misses Elizabeth Berlund and Betty Jane Burling, of Skandia, are spending a week at the Luther League Bible camp at Fortune Lake.

Mr. and Mrs. Floyd Castelein and daughter, Janice, of Charlotte, are vacationing at Lakewood. Mr. Castelein is a state policeman and is here installing two-way radio sets in police cars.

Mr. and Mrs. George Jensen, of Toledo, Ohio, are guests at one of the Jacobson cottages at Lakewood. Mr. Jensen is a professional landscape artist and is making marine drawings at Presque Isle.

Mrs. Robert E. Reilly, 135 West Crescent street, has gone to Crystal Falls where she will be waterfront director at the Ba-ta-wa-ga-ma Girl Scout Camp. Her guest, Miss Mary Beth Reilly, of Sault Ste. Marie, accompanied her and will serve as assistant waterfront director.

### L'Anse

Mr. and Mrs. August LaCasse have returned from Rapid River.

Miss Isabel Haanpaa was a caller in the Copper Country Wednesday.

Mr. and Mrs. John Supanich have returned to Chicago.

Charles Hutala, of Covington, was a business caller here this week.

Mrs. John Stack, of Detroit, is visiting relatives and friends here.

Miss Rita Paquet, of Detroit, is visiting here for two weeks.

Miss Joyce Grieg, of Beechwood, is visiting her cousin, Lois Payne.

Sheriff and Mrs. Joseph Blake have returned from Green Bay.

Miss Sigrid von Zellen, of Marquette, visited relatives and friends here Monday.

Mrs. Virgil Larsen has returned to Detroit following a visit with relatives here.

Ralph Sayatovich has returned to Chicago after spending a few days with his mother.

Henning Johnson has gone to Grand Rapids where he will be employed.

Paul Paulson, of Bessemer, is visiting his daughter, Mrs. Fred O'Hara.

Levine Eliassen has gone to Detroit where he has procured employment.

Mrs. Gust Soli, of Fort Williams, Ont., is visiting her sons, Gust and James.

Hubert Benson has returned to Detroit following a visit here with Mr. and Mrs. Robert Edwards.

Mrs. Charles Denomme, of Pontiac, is the guest of Mr. and Mrs. Arthur Denomme.

Miss Bernice Brennan has returned to Detroit after spending her vacation with relatives.

Mrs. Edwin Karvonen and children have gone to Kalamazoo where Mr. Karvonen is employed.

Mrs. Matt Samardje recently underwent an operation in St. Joseph hospital, Hancock.

Dr. and Mrs. Charles Picard have returned to Red Wing, S. D., after visiting friends and relatives here.

Peter Clyne will leave Saturday for Detroit where he will be employed.

Mr. and Mrs. John Kinney has returned from a visit in Iron Mountain.

Miss Leona Tollefson has gone to Neganuee where she will spend two weeks with her grandmother.

Mr. and Mrs. Fred Muzzey have returned from a visit with their son-in-law and daughter in Iron Mountain.

John Hickey has gone to Ann Arbor where he will visit his parents, Mr. and Mrs. John Hickey, Sr.

Mr. and Mrs. William Lewis, of

Detroit, are spending two weeks with Mr. and Mrs. Frank Bernatowicz.

Miss Mary Goldquist has returned to Chicago after spending two weeks with her mother, Mrs. Alvin Goldquist.

Mrs. Henry Roberts and daughter, Sharon, of Libertyville, Ill., are visiting friends and relatives for two weeks.

Miss Margaret Taggart has returned to Chicago after being a guest at the home of Mrs. Alvin Goldquist.

Mrs. Curtis Menard and son, Larry, have returned from Duluth, Minn., where they visited Mrs. Menard's aunt, Mrs. Henry Borgan.

Eugene Paquet has received word from his son, Mylo, of his safe arrival in Australia. The latter is serving as an auto mechanic.

Cecil Dubuque, of Iron Mountain, visited his brother and sister-in-law, Mr. and Mrs. C. J. Dubuque this week.

Mr. and Mrs. Phillip Foucault and sons have returned from a visit with Mrs. Foucault's parents, Mr. and Mrs. Peter Foss, of Lake George state park.

**New Sidewalks**—Approximately two miles of new sidewalk are being built in L'Anse. The work completed to date includes an eight-foot walk from Broad street to Evergreen cemetery; Third street in the court house block; one-half mile on the Bay Shore drive; 1,500 feet on Eastern avenue, Sicotte and Louis streets. Four hundred feet of five-foot walk will be laid on Seifert avenue; 1,000 feet on the Brewery road; 7th street from L'Anse avenue; Fall street, 2,200 feet on Spruce and Birch streets; 4th street, Brennan's addition. The village paving crew has been laying an average of 600 feet of walk daily.

**July Selectees**—Thirty-seven men were accepted for Army service from a group of 54 that returned Tuesday from Traverse City. The following group will have two weeks leave before departure for camp: Eli H. Sarri, Wilbert J. Haka, Elmer W. Kauranen, Reino J. Kemppainen, Arvo J. Kauranen, Arvo O. Laakso, Ernest V. Erickson, Alvin L. Bawden, Frank E. Sall, A. Sam Maki, Edwin A. Kemppainen, Kaino M. Nurmi, Arne A. Anderson, George D. Price, Fabian J. Johnson, Roland A. Archambeau, Kaino M. Johnson, Arne W. Takalo, Carlo W. Maki, Hubert A. Harfo, Wilho W. Oikarinen, Donald E. Kemppainen, J. Arthur Rowe, Bernard A. Goldquist, Antos W. Syrjala, Otto R. Sutin, Donald E. Manninen, John W. Maki, Thomas J. Herron, Victor J. Edwards, Carol C. Jarvey, Verne A. Anderson, Eino H. Haapala, Arne J. Manninen, Veikko O. Immonen, Agel O. Carlson, Oliver H. Hautanen.

**Police Radio Installed**—A two-way radio communication system is being installed at the state police post on US-41. A 200-foot tower with an 18-foot whip type aerial has been completed. Post officers will be able to communicate with cars on the road and with district headquarters at Marquette. Each patrol car will have a receiving and transmitting set.

### Lt. Contardi Missing In Plane Crash

LIEUT. L. D. CONTARDI

WASHINGTON, July 16—(AP)—Officials at Bolling Field reported today that two Army planes crashed at 11:50 a. m. today at Fredericktown, Md., and that one of the two pilots parachuted to safety. The fate of the other was not immediately determined. No other personnel was involved.

Captain H. H. Norman, commanding officer of the Bolling Field group, to which the fliers were attached, said Second Lieutenant Robert P. Palenscar, 21, Philadelphia, Pa., parachuted to safety, but Sec-

ond Lieutenant Louis D. Contardi, 27, of Iron River, Mich., was missing.

The accident occurred in the vicinity of Sassafras river. A board of air force officers will be appointed to determine the exact cause of the crashes.

Both officers are unmarried. Lieutenant Contardi's mother is Mrs. Marie Contardi, 53 Fifth avenue, Iron River, Mich. The names of Lieutenant Palenscar's relatives could not be learned immediately.

Lieut. Louis "Dick" Contardi, 27, son of Mrs. Marie Contardi, 53 Fifth avenue, Iron River, Mich., reported missing following an airplane crash at Fredericktown, Md., Thursday morning, is a graduate of Northern Michigan College of Education and a well-known former athlete at the Marquette institution.

He resigned a coaching position at the Brethren, Mich., high school last November 3 to start flight training in the U. S. Army Air corps. He was graduated from Foster Field, Tex., in the same class with Lieut. Francis F. Hetherington of Marquette, and Lieut. Francis J. Votort, of Michenset, also former Northern Michigan college athletes.

### SERVES UNTIL 1944

LANSING, July 16—(AP)—Ray Hafel, member of the Wayne county board of auditors, is entitled to serve until December 31, 1944, in filling out the unexpired term of the ousted Ray D. Schnecker, the supreme court held today, and need not run for the office in this year's general election. Hafel had filed a test suit.

It is estimated that at the end of the summer course of the Civilian Pilot Training program, more than 1,000,000 hours were flown by 34,000 students and instructors.

# Andrew Lahti Candidate For Sheriff

Andrew "Big John" Lahti, former sheriff of Marquette county, yesterday announced his candidacy for the Republican nomination for that office in the September primary. He is the third announced candidate for sheriff on the Republican ticket.

Mr. Lahti, who resides at 1226 North Front street, has been a life-long resident of this county. He moved to Marquette from Negaunee and for the last year has been employed by the Lake Shore Engineering company. He is a veteran

ANDREW LAHTI

of the first World war, is married and the father of two children. Since the last war he has been active in American Legion affairs and before he went into the Army he was prominent in athletics in Negaunee.

Lahti's nominating petitions are being circulated and will be filed, he said, before the deadline next Tuesday.

It is expected that in the Republican primary there will be four candidates for sheriff — Howard Treado, incumbent; Henry Houseman, of Negaunee; Sam Ford, of Negaunee, and Lahti.

News Bits About Marquette County Young Men in Armed Forces

(Editor's Note — Don't be modest at a time like this! The men in service appreciate this column. It gives them a chance to keep tabs on their home town buddies. If you have an item about anyone you know in military service, mail it to the Service Editor, The Mining Journal, Marquette, Mich., or telephone him at 150. He will need your cooperation to maintain this interesting feature for the duration. Telephone Marquette 150; Ishpeming 3; Negaunee 404, or Republic 701.)

"I've never seen so many dishes to wash in my life!" wails Pvt. Leo J. Cote, son of Mrs. John Cote, of Marquette. He left with the June 11 contingent and is stationed at Camp Pickett, Va. Dishes excluded, Army life is swell, he says.

Sam the Editor, who checks up on the boys in the camp newspaper at Camp Chaffee, Ark., sends in this piece: "We find the Gold Dust twins, Corporal Bourque and Private Mill, of Negaunee, in a huddle again talking about furloughs. We understand Pvt. Mill will be driving home a medium-size tank on furlough so he won't be lonesome."

On hand a note from A. B. Deverell, of Orlando, Fla., in which he reprimands the Service Editor for inadvertently trying to change the map of the United States to the extent of placing Orlando in California instead of Florida. So we'll give Deverell his Florida grapefruit and take our California orange!

It all had to do with an item about Roy T. Miller, son of Mrs. John Parilla, of Marquette, who is stationed at Orlando, Fla., not Calif., as we mistakenly reported. Deverell's note follows: "By the way, don't youse all know a Florida Cracker shore do hate to have the name of any town linked with California. Just a matter of Florida pride. Yours truly, A. B. Deverell."

Because of the expansion of facilities at the Naval training station in Great Lakes, Ill., and the establishment of many new Navy service schools and training centers

in midwestern states, there is an urgent need for enlistment of men possessing cooking and baking experience in restaurants, hotels, CCC camps, country clubs and other similar establishments. The age limits are 18 to 50. More detailed information may be obtained by calling a Chief Petty Officer Raymond H. Bailey, Frank O. Jones or Yeoman Robert Eckison at the Navy recruiting office in the basement of the postoffice.

Cpl. Howard Bennetts, visiting in Ishpeming, is on a seven-day leave from Camp Sutton, N. C.

Rudolph Tupala, formerly of Ishpeming, now at Camp Rucker, Ala., 32nd. Station hospital, was promoted from private to staff sergeant. He says "you can have all of the hot weather you want from down here. We have more than enough."

Congratulations to Frank Y. McKeown, Bluff street, Marquette, who has been promoted from sergeant to technical sergeant at Fort Leonard Wood, Mo. Frank writes to say he enjoys reading the Service Column in The Mining Journal very much.

Alfred Drury, son of Dr. and Mrs. Charles P. Drury, 114 East Hewitt, avenue, Marquette, has soloed in a Ryan P-22 at King City, Calif., where he is training to become

an Army Air corps flier. In a letter home, he reports that his Marquette buddies who enlisted with him, William Zerbel and Martin Niemi, are training at Calero Flight school in Oxnard, Calif. The Ryan P-22, incidentally, is an Army primary trainer.

"Our field is built on Mesa Del Rey," he said. "This is really a beautiful place—prettier than any college campus I've ever seen. Our quarters are adjoining bungalows with asphalt walks, beautiful grass lawns and flowers of all different colors and varieties. Each room has a study desk, showers and plenty of floor space (which must be scrubbed)."

Here's the schedule, Al reports: "4:30, out of bed; 5, breakfast; 6, school; 8, athletics; 9, supervised study hall; 11, lunch; 12 noon, on the flight line; 3 p. m. drill; 6:30, supper; 7:30, quarters; 8:30, lights out." And since "we are dodo birds (underclassmen) here, we have to run at double time wherever we go except to meals and when we are in formation."

Al writes further to say that "this is what I have been waiting for for a long time, and am more than satisfied. Uncle Sam is more than fair to his fliers." Marquette friends who wish to write him may reach him at this address: Alfred C. Drury, Flight 3, A. F. T. D., Room E-6, King City, Calif.

Pvts. Paul and Charles LeMaire, both of whom were employed at the Northland hotel before entering the service, are now stationed at Camp Rucker, Ala. They want to hear from

their friends. Paul's address is Ho. Btry., 81st Div. Atty. Bks. 1701, Camp Rucker, Ala., and Charles may be reached at Co. C. 323rd Inf., APO-81, Camp Rucker, Ala.

George W. Mattson, of Denver, Colo., former Ishpeming resident, is now serving with the U. S. Engineers, at Lowry Field, Denver, under a war service appointment.

Pvt. Wilfred Greenleaf, stationed in Orlando, Fla., with the 90th Fighter Patrol, U. S. Army Air corps, has arrived in Marquette to visit relatives. He is on a 14-day furlough.

## Upper Peninsula

**Gets Big Brown Trout**  
MANISTIQUE, July 16—One of the largest brown trout to be caught near here this season, if not the largest, came out of Carr Lake Monday night. The fish was caught by Leslie Shaffer, of Charlotte, who took it on a perch minnow. It tipped the scales at five pounds, was 25 inches long and had a girth of 14 inches.

**Horse Kicks Boy**  
SAULT STE. MARIE, July 16—Frederick Plogstra, eight-year-old son of Mr. and Mrs. Sam Plogstra, of 1019 Swinton street, is in a critical condition in the War Memorial hospital from a fractured skull suffered when he was kicked by a horse Tuesday at the Herman Farowe farm near Ruyard. The boy was found unconscious near the farmyard shortly after the horses had been let out of their barn for the evening.

### USES Staff Geared For War Effort

The Marquette office and 51 other field offices of the United States Employment service have been streamlined to give more effective service to the nation's war machine, Russell R. Olds, manager here, said yesterday.

"Realizing that wartime responsibility has first call upon the time, effort and facilities of the USES, we have decided that such activities will be carried on to the exclusion of all others," George W. Cross, state USES director, reported.

"The USES has been unable to obtain resources adequate to perform competently its war job and to continue other activities not related directly to wartime responsibility. Even if we had virtually unlimited financial resources it still would be necessary to establish priority in service because of the limitations upon trained, competent staff to do the employment service job. Furthermore, the USES shares the common obligation to avoid using manpower in unnecessary or relatively less essential activities," Cross said.

#### Help Employers

First interest of the Michigan offices will be to give all necessary service to employers engaged in essential war activities. There may be transfer of agency personnel to new duties or between offices to accomplish this purpose.

Essential war activities which the USES will perform will include service to firms holding war contracts, to their sub-contractors, to establishments producing equipment and supplies for war contractors, to agriculture and to essential civilian activities such as public utilities, transportation, hospitals and others.

Some services which have taken much time of the USES personnel will be curtailed or eliminated. Included in this list are the following: Complete registration for applicants, specialized counseling service, specialized teachers' placement service, physical examinations, photographing, obtaining proof of citizenship and fingerprinting of applicants except when necessary because of Government regulations, assistance to selective service registrants, training of applicants for positions in the USES.

#### Republic

Emil Hangas was an Ishpeming visitor Wednesday.

Clarence Kemp, of Ishpeming, was a Republic caller Wednesday.

Mr. and Mrs. Evald Sommers, of Marquette, were Republic visitors this week.

Helmer Johnson, of Chicago, is a guest at the home of Mrs. H. Gjeers.

Jack Dunn, of Chicago, is visiting Mrs. H. W. Gjeers in West Republic.

Mr. and Mrs. Clarence Duhamel and Mrs. Herman Laabs were Ish-

### Birth Record Not Needed For War Job

A recent act of Congress has lowered barriers facing many Michigan workers who have been unable to get jobs with war contractors because they could not produce birth certificates, according to George W. Cross, Michigan director of the U. S. Employment Service.

This Act, H. R. 6634, states "that no defense contractor should deny employment on account of failure to produce a birth certificate, to any person who submits, in lieu of a birth certificate, an honorable discharge certificate or certificate issued in lieu thereof from the Army, Navy, Marine Corps, or Coast Guard of the United States, unless such honorable discharge certificate shows on its face that such person may have been alien at the time of its issuance."

The term "defense contractor" is defined as "an employer engaged in: (1) the production, maintenance, or storage of arms, armament, ammunition, implements of war, munitions, machinery, tools, clothing, food, fuel, or any articles or supplies, or parts or ingredients of any articles or supplies; or (2) the construction, reconstruction, repair, or installation of a building, plant, structure, or facility."

"This will be good news to many skilled workers in Michigan who have been unable to secure employment in the war plants because they were unable to provide proof of citizenship," Cross said. "It also will be a boon to employers who would have welcomed these skilled men long ago had their war production contracts permitted the hiring of workers without concrete proof of citizenship."

**ENSIGN ROCHE PROMOTED**  
HOUGHTON, July 16—Mrs. C. L. Roche, of 1312 Houghton avenue has been advised that her son, John O. Roche, has been promoted from rank of ensign to that of Lieutenant, Junior Grade. He has been on duty on a destroyer in the North Pacific fleet since February, 1941.

ship's five new ore carriers launched this spring recently established a new high for an ore cargo when a load of 16,883 gross tons was brought down from Duluth by the steamer, Leon Fraser. It is anticipated that the Fraser's four sister ships will be in operation before the end of the 1942 season. The five new vessels have a capacity of 2,500,000 gross tons of iron ore at present water levels over a full season's operation.

**U. S. Steel's Fleet Steps Up Ore Flow**

CLEVELAND, O., July 16—With 40 per cent of the 1942 shipping season elapsed to July 1, figures show that iron ore moving facilities of the Pittsburgh Steamship company, U. S. Steel subsidiary, are being strained to the utmost to provide the raw material in the nation's all-out war effort.

The Pittsburgh Steamship fleet, largest on the Great Lakes, has handled a large percentage of the 33,950,000 gross tons of iron ore brought down to lower lake ports. The fleet transported 500,000 gross tons more ore to July 1 of this year than on the comparable date of 1941, during which season more ore was carried than in any year in the history of the company.

The increased movement is due largely to the earlier opening of navigation by the Pittsburgh fleet in addition to the deeper draft at which vessels are permitted to load and increased dock efficiency. The Pittsburgh vessels started for upper lake ports March 27, which is considerably earlier than is practiced in normal times. Sixty-eight steamers and two barges with a single trip capacity of 770,000 gross tons under the specified summer emergency draft started the season for the company.

### Houghton To Have NYA War Training Center

LANSING, July 16—Reorganization of the National Youth Administration for Michigan has been completed, it was announced today by Orin W. Kaye, regional

director for Kentucky, Ohio and Michigan.

He said war production training centers have been designated at Detroit, Flint, Grand Rapids, Traverse City, Houghton and Cassidy Lake near Chelsea, to train young men and women for jobs in de-

fense industries.

Each center, Kaye said, will be a regional headquarters, the plans calling for 29 war production training shops in strategically located municipalities to provide training for 3,800 persons at a time. The shops are to provide actual work experience and training in ma-

chine shop, arc and gas welding, sheet metal, radio shop, wood-working and auto mechanics trades, with some clerical projects to aid the selective service system, Army posts and the U. S. employment service.

Kaye, who was NYA director for Michigan prior to the reorganiza-

tion, said 1,200 to 1,500 workers a month will be trained for war industries. At present, a third of the enrollees in training classes are girls, but this ratio will be raised to "at least 50 per cent," Kaye said.

The German Ju-87 dive bomber has a level flight speed of 245 miles an hour.

As always, we pledge our service to bring the homes of our community the finest foods your money can buy - the kind of foods that build sturdy Americans. We pledge our service to bring attractive values that will help the farmer, labor and the homemaker to maintain economic stability.

# Enrollment For WAAC Opens Monday

Enrollment of members of the new Women's Army Auxiliary Corps will begin July 20, Major Archie B. Whitlow, recruiting officer for western Michigan and the Upper Peninsula, announced yesterday. Eligible for the corps are women citizens between 21 and 45, of excellent character, good health and capable of passing an intelligence test.

WAAC is a corps of women in military uniform and under military discipline, organized for non-combatant service with the Army. In addition to many general duties, the following list shows the type of work in which WAAC personnel will be employed.

### Many Duties

Accountants, bakers, bookbinders, bookkeepers, cashiers, clerks, cooks, cryptographers, dental assistants, dietitians, drivers, draughtsmen, hospital assistants, hostesses, aides, laboratory assistants, library aides, messengers, mimeograph operators, motion picture projectionists, pharmacists, printers, radiographers, radio operators, radio technicians, receptionists, secretaries, statisticians, stenographers, stewardesses, store accountants, storewomen, telegraph operators, telephone operators, typewriters, teletype operators, typists and waitresses.

Although all applicants will be enlisted as auxiliaries at \$21 a month for the first four months and \$30 thereafter, many will be made leaders with pay up to \$72 a month. In addition they will receive full maintenance, uniforms, living quarters, meals and medical care.

All applicants will also have equal opportunity to be selected for officers' training school.

### Married Women, Too

Married as well as single women are eligible for the corps. However, married applicants must submit an affidavit that dependents are properly provided for. Applicants may state a preference as to duty and station, which will be given full consideration.

Term of enlistment is for the duration of the war, plus six months. Units of the corps may be assigned duties wherever units of the Army may be stationed, at home or abroad.

Organization will proceed slowly, Major Whitlow said, and applicants should not become discouraged if their applications cannot be accepted immediately. Delay in calling those accepted also is expected.

Information folders, application blanks and questionnaires may be obtained at the Marquette recruiting station.

### Select Some Each Week

The application will be completed and filed, preferably by mail, at a recruiting station together with the health form in the information folder signed by a physician, the completed questionnaire, proof of birth date and citizenship, although the latter may be presented at time of examination. Those desiring to claim occupational training should submit statements, not to exceed two, from employers. All applications will be forwarded to the district office.

Each week the interviewing officer will select an adequate number for examination and interviews. Applicants not called for an interview in any one week are eligible for call at a later date. Those called for interviews will be given mental examinations. They will then be enlisted and placed on reserve to await orders to report. It may be three months before any enrollees receive orders to report.

## Keyes File Petitions For State Office

LANSING, July 16—P—Dr. Eugene C. Keyes, of Detroit, today became the first aspirant for elective state administrative office to file nominating petitions with the department of state. Keyes was the Republican nominee in 1940, and is running on the same ticket.

State Senators James T. Milliken, Traverse City, and Don VanderWorp, Fremont, Republicans, filed for renomination.

Charles F. Mann, Marine City, Democrat, filed as a candidate for Representative in Congress from the Seventh district, now represented by Jesse P. Wolcott, Port Huron, Republican.

Circuit Judges Benjamin N. Halstead, of Petoskey, and Paul R. Cash, of Alma, filed for reelection in non-partisan judicial elections. Each now serves by appointment.

## WPB Sends Caravan To Iron Mountain

Northern Michigan manufacturers and their neighbors will go after thousands of dollars worth of war sub-contracts tomorrow when the War Production Board's Caravan visits Iron Mountain.

Designed to stimulate a greater spread of war business and to find idle machines and manufacturers, the Caravan is a traveling display of more than 1,000 articles needed at once in the war program.

Two big truck trailers, joined together to form one display room when the Caravan stops, carry the show. Arrangements for bringing the Caravan to northern Michigan were made by the WPB regional office in Minneapolis.

Manufacturers who visit the Caravan will be able to see war articles for which sub-contracts are actually awaiting signatures. In practically all communities visited by the Caravan to date contract negotiations have been opened with some manufacturers within a few hours of its arrival.

WPB officials, specialists and engineers are accompanying the Caravan. When manufacturers have passed through the "corridor of exhibits" in the two truck trailers, they will be able to attend a war business clinic at which they can take up practical problems with the visiting specialists.

The whole show is designed to bring war business to the very doors of potential sub-contractors. In addition, the Caravan is looking for idle machines and available for active duty, Major Whitlow said. They will be notified two to three weeks in advance of the reporting date.

## MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 2 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or steady passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 16 million of kidney tubes that cast out poisonous waste from your blood. Get Doan's Pills.

manufacturing storage space. It is expected that the traveling exposition will facilitate thousands of dollars worth of business per day.

WPB officials today called attention of manufacturers to an important qualifying factor in getting war work. It is necessary that they have their facilities records on file with the nearest WPB office. Further details may be obtained from the Chamber of Commerce or WPB officials.

The Caravan is visiting 10 cities in a 13-day tour of northern Michigan, northern Wisconsin and Minnesota.

The City of Santo Domingo—now renamed Ciudad Trujillo—was built by Christopher Columbus' brother, Bartolome, and named for their father's patron saint.

## Industrial Accidents In June Cause 21 Deaths

LANSING, July 16—P—John W. Gibson, chairman of the state department of labor and industry, said today Michigan industries reported 2,579 compensable accidents in June, an increase of 8.5 per cent over the May total of 2,377.

The accidents resulted in 21 fatalities and 126 permanent disabilities, Gibson said. The June total of 56 industrial diseases, all but six of them involving inhalation or absorption of harmful substances, exactly doubled that of May.

RESIGNS STATE POST  
LANSING, July 16—P—The state defense council announced today that Dr. Lloyd H. Gaston, director of the bureau of local

health service of the state health department and deputy chief of the emergency medical services, has resigned to take a position with the U. S. public health service. Dr. Gaston was scheduled to report for duty at Detroit today and probably will be assigned to the Office of Civilian Defense in Washington, the council said.

## Do You Resent Idea Of Being Fingerprinted?

(By MANTHEI HOWE)

What do you think about all Americans being finger-printed and required to carry an identification card?

Some years ago, the mere suggestion of anything like that would be sufficient to arouse the indignant protest: "What do you think we are criminals? Do you want a police surveillance such as they have in Europe with a person not being able to change his residence without reporting to the police?"

Certainly such a plan is a bit difficult for Americans to accept. We have been so accustomed to going wherever we pleased, and when we pleased, that anything that sounds like the least curtailment of such independence tends to make us squirm and fidget against such a challenge to our liberty.

### It's Practical Plan

But if we are to assure that our form of government is to be maintained, and with it the freedom for which it stands, we might well be about the business of safeguarding it, of adopting some means of registering and identification whereby we shall be able to keep a closer supervision on the millions of people who claim to be Americans.

One suspects most Americans are beginning to feel much the same way about that. There is no least excuse for any honest and law-abiding person objecting to having his finger-prints made, his picture taken, and a full dossier furnished with information as to his parentage, and his birth place, age, employment, and any other important and related facts.

Of course, if we keep on accumulating social security numbers, driver's licenses, birth certificates, identification cards, sugar ration books and others that likely will have to be forthcoming, we shall find ourselves needing to carry an overnight bag or similar contraption to contain all the various and sundry bits of paper.

### "We Missed the Boat"

Seriously, though, it seems we have been guilty of the most stupid credulity in having permitted the situation to develop which makes it possible for residents to wander about as they please, tell any story of identification which may occur to them, and make a checking up on such data a slow and inadequate process.

Fifth columnists, saboteurs and espionage agents, if 10 years ago we had started to finger-print the population, had set up records of identification, and required each person to carry an identification card. Of course hindsight is always more illuminating than foresight, but there is a certainty that the work of FBI men would be made easier and more effective now, had such a system of identification been established a decade ago.

One does not for a moment believe that the system would have no imperfections. There would be plenty. Some forgeries of identification cards would be made, some of the shrewd criminals would attempt, and in some instances succeed in, side-stepping the identification technique, but those instances would be so few in number as to be practically negligible as far as practical results are concerned.

And now that we are in the war and likely to remain in it for some time, judging from news in the papers, there is an additional practical reason for finger-printing and identification cards. If, and when, there is an attack by the enemy and there are the inescapable casualties, there is less opportunity for folk disappearing without relatives being able to get any information as to whether they are dead or alive.

### Could Take Now

It would take so long to set up an identification system that would be as nearly as possible criminal proof, that the war might end before the work could be completed, but certainly it could be done readily enough in congested areas,

especially in regions likely to be come attacked.

Why, if we had a thoroughgoing efficient finger-print gallery, it might even be easier to bring home to roost some of the odd transactions in which some politicians indulge.

One can hope for no panacea for all evils. Always, in every emergency, there are men and women who take advantage of propitious circumstances to feather their nests, to make profit out of the heartache of others, to chisel something for themselves at the expense of other persons.

As far as I'm concerned I'd be happy if all men in positions of leadership and trust had to submit to a lie detection test in answering especially prepared questions, built for individuals rather than job lot tests.

### One Would Know Them

The scheme is too fantastic for realization, but wouldn't it be enlightening if it worked? There are men being accused of bad faith who are completely sincere and honest in the stand they have taken. There are other men, who are accepted as being idealistic, public spirited persons, who are carefully developing several projects with the idea of ultimate personal gain. And to date, since there is no way for a person to see another person's mind, one has to take the suspect at his own evaluation.

Some readers will doubtless think my attitude extremely cynical. Possibly it is, but with election in the offing and at least some politicians planning, talking and working with the idea of re-election upmost in mind, it would make the choice of the voter much easier if science could develop some gadget for testing sincerity.

I'm always tempted to give a wry grin when hearing some folk talk so smugly about the criminal element, having in mind some fourth-eyed lads who sneak around in the dark.

It's surprising the potential criminal traits inherent in all of us, and we'd likely be a bit dumbfounded if we had a complete picture of the plans and the whereabouts of the plans, of all men who sit behind ornate desks.

There are many good Americans, they have to be in the majority or this country would not be fighting in this war, but would be a Nazi-ruled continent. But there are some bad apples in the barrel and I'm all for finger-printing, identification, or anything else that makes it easier to record good and bad.

## Society-Club

**Group Meeting**—Members of Group I of St. Paul's Auxiliary will hold a meeting at 2:30 this afternoon in the cottage of Mrs. Arnold Yelland, Mehl Lake.

**Meet Tonight**—Members of the American Legion Drum and Bugle Corps are requested to appear in full uniform at 7:15 tonight in the city hall to participate in the parade.

**Entertained Club**—Mrs. A. Mallette, 420 Center street, was hostess at a party for the July "300" Birthday club held in her home Wednesday night in honor of Mrs. Lloyd Helt. Cards were played and prizes went to Mrs. Helt, Mrs. Arthur Lemieux and Mrs. Simon Girard.

**YNA Report**—At a monthly meeting of the Visiting Nurse association, held in the agency's office in the Harlow block, Miss Lily Olson reported making 78 nursing visits in the month of June and 33 visits for instructive or other purposes. Cash disbursements amounted to \$158.22.

**Red Cross Workers**—Red Cross surgical dressing workers are asked to meet in uniform at 7 tonight at the court house to march in the Heroes' Day parade. It is also urged that all other Red Cross workers, in uniform or civilian clothes, meet at the same time and place to participate in the chapter's divisions in the parade.

**Timber Trail Mail**—Some mothers and friends of Girl Scouts, who are in camp at Timber Trail, have been addressing their mail to Nah-

## There Will Be Much Activity At 118 N. Front

Today any man in the military service of Uncle Sam is invited to stop in at the Service Center, 118 North Front street, at any time to be served a generous wedge of homemade pie. The pies have been contributed and, of course, are being served free of charge to the men in uniform.

Mrs. Sam Rose, who is the chairman responsible for keeping the club's cookie jar filled, is also in charge of providing enough of apple, berry, cherry, peach and all the other favorite brands of pie for the men. Any woman willing to contribute one, two, half a dozen or more pies today is asked to notify the chairman, 1771.

### Have You A Machine?

By the way, if any one has a sewing machine to loan for use at the Service club it would be most acceptable—Mrs. Agnes Graham is chairman of the mending committee for the men in uniform. When they come to the club with a sleeve ripped at the armhole, or with a rip in their trousers, Mrs. Graham, or a member of the committee, immediately gets busy on mending. There are many instances when a machine would save time and make a more lasting job of the mending. So if you have a machine to loan, telephone Mrs. Graham, 1286, and the loan will be most gratefully received.

The executive committee (composed of Mayor L. W. Biegler, Clarence Bullock, James Maynard, Mrs. Phil Spear, Jr., and H. E. Patrick) is delighted with the way the project has rounded into shape, the smoothness with which it has run, and the cooperation received from individuals and business firms.

### All Women Help

Miss Lillis Seitz, who is secretary at the club, has it as one of her duties to telephone various women asking them to serve as hostess at the club, a different woman each day. Though some, because of engagements, can not serve on the day in question, they volunteer for some other day. There has never been a refusal.

The business men, whose firms are located in the same block as the Service club, have been most generous in their cooperation, having rather taken to looking upon the project as something for which they, in part, were intimately responsible.

The men in uniform, and those who are still in civilian garb but are taking military training, have found the Service club a pleasant place to go, one that has a reminder of home.

The men have from time to time, visited the Service club accompanied by a girl friend who has been presented to the hostess in charge

at Junction. That is incorrect and will result in the girls being dreadfully disappointed at not hearing from the folk at home. All mail intended for the campers should be addressed to Timber Trail Girl Scout camp, Nahma, Mich.

on that day and has registered in the guest book.

The Service club has been a center, too, where it has been possible for housewives in town to get in touch with some one who would know of a man, or two, who would enjoy eating a meal with the family. Recently one mother had two men in uniform as guests of her family at dinner, and, of course, the men were thrilled. Some of the fellows, through acquaintances made at the club, have had opportunity to enjoy an evening of dancing in a private home.

### Provides a Bit of Home

One fellow entering the club the other day, spied the chair in the living room, and dropping his lanky length in it, sighed happily: "Gee, this is comfortable. It feels like home."

Miss Phyllis Rankin, of the Peter White library, has provided selections of books which have been donated. Some of them are put on the regular shelf, and some are available for the fellows to take with them, the only stipulation being, "When you are through, hand this on to some other man in service."

Candy and coke vendors have been placed in the building. There are games, cards, and a piano available, in addition to the reading room, to provide recreation for the men, and do they ever enjoy it!

A question box has been placed in the club so the fellows may slip in a hint as to what they would like in the way of changes in the club house, suggestions of innovations which would make the club of greater service for the men. There have been some suggestions of magazines which they would appreciate. Some would like some new phonograph records. That's an opportunity for folk who have new records. If you have any such please leave them at the club. Any new sheet music will be welcome, too, and the club could use some more decks of cards.

### Keep History of Club

A scrap book recording the story of the origin of the club and commenting on activities there is being carefully compiled, so there may be a complete record. An inventory is also being kept of all persons who have contributed furnishings so there may be no confusion about original ownership of articles donated.

Today happens to be pie day at the club. Later on there will be a special cake day.

From time to time there will be other activities held in the club house for the men. Recently, when 70 men were milling around waiting to leave town for military training, it was found that the club would permit room for that many fellows to stand around and visit. There were not enough chairs for all, but the fellows played games, sat on the floor, leaned against the wall, talking, visiting and kibbitzing; and assuredly it was infinitely more appealing and did considerably more to raise their spirits, than having to stand around on the street in a strange town.

Anyhow the Service Center is daily proving it is a project worth all the time and efforts put into it by interested men and women.

## Noted Speaker Here Tuesday

Dr. Roy L. Smith

Marquette is fortunate in having an opportunity to hear Dr. Roy L. Smith, who is an outstanding lecturer and experienced writer. He will give a talk at 1:50 Tuesday afternoon in the auditorium of the Northern Michigan College of Education.

Said Dr. H. A. Tape, president of Northern: "Dr. Smith comes so highly recommended as a speaker that we take great pleasure in inviting all interested townspeople, as well as our students, to hear him."

### Is Well Qualified

He is a graduate of Southwestern college, Winfield, Kansas, where he received the degrees of bachelor of arts, doctor of divinity, and his LL.D. His degrees make an imposing list. From Ohio Wesleyan university he received his Litt. D.; from the University of Southern California, his S. T. D.; and L. H. D. from Florida Southern college; his D. D. from Chapman college; a Litt. D. from Upper Iowa university, and an LL. D. from Sam Houston college.

He is the author of more than 20 books, has written for some 300 American periodicals, and has had an extensive editorial experience. In addition to his writing he delivers about 400 addresses annually, and those who have heard him are most enthusiastic in their commendation.

So circle 1:50 Tuesday afternoon for attendance at his lecture.

## St. Luke's Hospital Has Emergency Room

The board of trustees of St. Luke's hospital announces the opening of an "Emergency Room" especially equipped for first aid treatment. Obviously such a room should be readily accessible, so it has been located on the first floor of the St. Luke's building where it is easily reached from the ambulance entrance leading from Magne street, or from the front entrance of the hospital on Hebard Court.

The women of St. Luke's Hospital Auxiliary purchased a fine new modern stretcher which stands just inside the ambulance entrance door

## Dr. F. L. Rector Gives Cancer Talk At College

The students of the Northern Michigan College of Education will have an opportunity at 9:50 next Wednesday morning to hear a talk on "Cancer" by Dr. F. L. Rector, cancer consultant of the Michigan department of health.

Since the subject is one in which every one, not only students and teachers should be interested, it is hoped there will be a large attendance of townsfolk. There will be no admission charge.

### His Extension Experience

For 11 years, Dr. Rector has been mid-western field representative of the American Society for the Control of Cancer. About a year ago, he was appointed consultant for the state health department.

It may be a surprise to some laymen to note that cancer is the second-ranking cause of death in Michigan.

Within the past few years, there has come the comforting proof that cancer, if treated early by radium, X-ray, or surgery, need not have a fatal outcome.

There are no immunities. Cancer may affect any one. Pain is not an early sign as it is with most diseases. Because of that, it is most important that the layman should have an intelligent idea of what cancer is, what the early signs are, so treatment may be started in time, and he will want to know something of what constitutes acceptable and dependable treatment.

### Public Should Know Signs

When the public at large has received such education, there will be no persons duped into a sense of false security by reason of quick treatments until it is too late to do anything by tried and trustworthy therapy which, administered in time, would have affected a cure.

All persons are invited to attend the talk next Wednesday morning, but it is especially urged that all those teachers or others responsible for health education in the schools, hear the discussion.

Dr. Rector would like to have questions from the audience and so if there has been something on the subject of cancer that you have been wondering about, make ready to put the question to Dr. Rector next Wednesday morning in the college auditorium.

so there may be no delay in service to the injured.

Miss Alice E. Snyder, R. N., superintendent of St. Luke's, says: "It has been the aim of the administration to prepare for all types of accident cases and we hope and want to be of real and effective service if, and when, necessary."

The emergency room is an efficient step taken in the direction of making such service available.

## Jack's Ballad

In an article "Social and Economic Effect of Lumbering" by Ormond S. Danford, in the summer number of Michigan History Magazine, is given a lumberjack ballad submitted by John L. Higgins, early Crawford county lumberjack.

Since such ballads have of recent years become a subject of interest to many readers, it is being reprinted here:

"I've been around the world a bit, An' seen beasts both great and small, The one I mean to tell about for darin' beats 'em all. He leaves the woods with his bristles

Raised the full length of his back. He's known by men of science as the festive lumberjack. He's a wild ripsnortin' divel ever-time he comes to town, He's a porky, he's a moose-cat, too busy to set down, But when his silver's registered And his drinks is coming few, He's then as tame as other jacks That's met their Waterloo."

## Can You Answer This Test on Manners?

Test your knowledge of correct social usage by answering the following questions, the checking against the authoritative answers below:

1. Should a man take his partner's arm when they are walking across a dance floor between dances?

2. If a woman buys a birthday card for a friend and signs her own and her husband's name, which does she sign first?

3. Should a man put his arm on the back of a woman's chair when they are in a public place, like a theater or a hotel lobby?

4. Should one keep his voice low when talking in a crowded place?

5. If an adult is learning to ride a bicycle, should he stay off city streets until he can control it easily?

What would you do if—  
You are a girl who has had two or three dates with a young man when his birthday comes around—  
(a) Give him a gift?  
(b) Don't give him a gift, unless it is something very inexpensive or in the nature of a joke.

### Answers

- No.
- It doesn't matter much, though the person doing the writing usually signs his or her name last.
- No. It makes them conspicuous.
- Yes.
- Yes. Better "What Would You Do" solution—(b).

## Turtle-Necks Being Rushed By Knitters

You will recall that The American Red Cross recently sent out a hurry call for some knitting that had to be done immediately. The Marquette county chapter was given a quota of 160 turtle-neck sweaters, helmets, and scarves to be completed, returned, and shipped by August 15.

That was something of an assignment and an imperative request which could not be delayed. Production chairmen were a bit worried about it, but it looks as if it would be possible to get the articles completed on time though 160 turtle-neck sweaters present something of a staggering challenge on such short notice.

### Look At Display

If you are down town today take a look at the exhibit on display in the window of the Grant Gift and Flower shop, Third street. There are several completed articles in the window and they present comforting assurance that, when the wind blows and snow comes driving down in icy pellets, the American soldiers will receive protection with those warm, well-made sweaters, the long scarves that can be wrapped around the neck and with some length to spare to wrap around the chest, and with helmets and wristlets to protect head and arms.

The yarn is warm, but soft and you will note how beautifully the articles have been knitted. More than one thought of absent sons, brothers, or husbands was knitted into those articles.

**That's A Record**  
One of the sweaters was knitted by Mrs. Alex Beaudry, North Pine street. Special mention is made of hers because it is the 71st she has knitted for the Red Cross, in addition to other smaller articles!

Of course the articles in the window are hardly more than an infinitesimal start toward the completion of the whole quota, but it is amazing how a large group of women, determined to get some project accomplished, can get down to business and work.

One would wager a considerable amount that those women, who for months have been working so quietly and unassumingly for the Red Cross, will get every single required article completed.

From time to time, there will be news of the progress they are making, and meanwhile give nine rals for the knitters. Almost all of them have the responsibility of caring for families, but they find time to knit for Uncle Sam's men.

The Museum of Natural History in New York contains 53 pieces of movable metal printing type which were invented in Korea in 1406 A. D.

# Mary Agnes Wall Reaches Finals Of Michigan Women's Golf Tourney

## Meets Detroit Girl in Title Match Today

DETROIT, July 16.—Mary Agnes Wall, 23-year-old stylist from Menominee, fought her way today to the finals of the 29th annual Michigan women's golf championship and will meet Marjorie Row, of Detroit, in 36 holes at Plum Hollow tomorrow she can become the first Upper Peninsula entry ever to win the title.

## Down Sports Trail

By Whitney Martin  
Wide World Sports Columnist  
NEW YORK, July 16.—Here's an idea for raising charity funds that's so simple it's practically a moron, and yet with a little anti-hill cooperation on the part of the citizens would amputate them from a goodly sum, painlessly.

## Hubbell Wins Third Game Of Season

PITTSBURGH, July 16.—Pittsburgh Pirates tonight, Hubbell hurled the New York Giants to a 3-1 victory over the Pittsburgh Pirates tonight.

## Cubs' Rookie Catcher Suffers Splint Finger

CHICAGO, July 16.—A foul tip by Augie Galan's bat split a finger of Salvatore (Chico) Hernandez, rookie Chicago Cubs' catcher, while playing the Brooklyn Dodgers today.

## Sarazen On Ryder Cup Squad Again

By Watson Spoelstra  
DETROIT, July 16.—That Gene Sarazen is back with the American Ryder cup squad is an item of no scant attention to golf fans—or promoters of the charity domestic series that reaches a show-down stage this weekend when Walter Hagen's challengers encounter the coppers.

## Close Consular Offices, U. S. Asks Finland

(Continued From Page 2)  
of German consular offices in this country and of American consular offices in Germany was one of the preliminaries leading up to the final rupture and declaration of war.

## Nazis Inside Northern Caucasus

(Continued From Page 2)  
even forcing them to defensive battles in one sector.  
The Millerovo sector, due east of Lisichansk and the Moscow-Rostov railway, appeared to be the most critical, but another Nazi threat to the great industrial city of Stalingrad developed to the north around fallen Boguchar. The Nazis appeared to be driving close to the west end of the central Don in this area of gently rolling steppes, so favorable for the tank forces.

## Tiger Errors Give Senators 6-5 Decision

WASHINGTON, July 16.—Virgil Trucks, Johnny Gorschka and Dizzy Trout restricted Washington to five singles tonight, but with the aid of six Detroit errors turned those five hits into six runs for a 6 to 5 victory in 10 innings.

## Duck Season Extended To Seventy Days

WASHINGTON, July 16.—Taking note of a one-third increase in the North American waterfowl population to 100,000,000, Secretary Ickes today proclaimed a 70-day hunting season for wild duck, which is a human dish for many a sportsman's table.

## Rank, Mikulich Ousted In Doubles Competition

NEENAH, Wis., July 16.—Top-ranking Seymour Greenberg, Chicago, 1942 national clay courts champion, moved into the semi-finals of the Fox River Valley open singles tennis championships today by defeating Ben Migdol, Chicago, 6-1, 6-1. Migdol was seeded No. 5.

## Cubs, Dodgers Divide Pair; Feud Wanes

By Dave Hoff  
CHICAGO, July 16.—The Cubs-Dodgers feud, in which Brooklyn led the upper hand after yesterday's clonish series opener, waned today like last year's tires as both teams diligently devoted themselves to baseball tactics and divided a doubleheader.

## WINS LINKS TITLE

ALMA, Mich., July 16.—Mrs. Dee Rose, of Portland, won the Central Michigan Women's Golf association championship by defeating Mrs. Helen Renwick, of Mt. Pleasant, 5 and 3, in the 18-hole match play final at the Pine River course. Medalist and Defending Champion Helen Hendershot, of Alma, bowed to Mrs. Rose in the semi-final.

## Denied Treaty Rights

"This action of the Finnish foreign ministry," the department's announcement continued, "had the direct effect of denying to American consular officers in Finland" their specific treaty rights as consular officials.

## Detroit Lions Sign 7 Former College Men

DETROIT, July 16.—The Detroit Lions of the National Football league, announced today the signing of seven former college players to professional contracts for the 1942 season.

## War Causes Decline In Total of Softball Teams

LANSING, July 16.—Seth Whitmore, state softball commissioner, reported today that the war was making sharp inroads in the field of the annual Michigan softball tournament. Changing industrial hours and transportation problems, he said, had caused fewer than 200 of the 2,000 out-state teams to register for the competition which last year attracted 800 teams.

## War Causes Decline In Total of Softball Teams

Whitmore said the entry deadline has been extended until July 20. The state championships will be held in Lansing September 5, 6 and 7, following local tournaments starting August 10 and eight district tournaments during the final weekend of August.

### 'Buy Stamps' Slogan For Heroes Day

ISHPEMING, July 16—With a quota of \$7,000 to meet in July, IshpeMING's retailers Friday will observe American-Heroes' day with a colorful appeal to the people to purchase war savings stamps and bonds in numbers sufficient to guarantee meeting their monthly pledge.

Assisted by the Legion drum and bugle corps, the IshpeMING Industrial association band, the merchants' committee is offering a patriotic program to highlight the day's activities. The drum and bugle corps, escorted by the color guard, and with Legionnaires in line, will parade Main street and at the city square, starting at 7:30, will put on the same drill they gave as one of the stand-out exhibitions at the U. P. Legion convention in Manistique. The association band will then play at the square and march to the rock garden of the Mather Inn for a concert. Ralph Sheehan, of the state police, will be the speaker during an intermission.

#### Sell Stamps at Booths

Merchants are sponsoring booths from which will be sold stamps and corsages, as well as other stamp novelties, and during the concert the booths will be placed near the Mather Inn gardens. The retailers hope their efforts will result in the sale of a large part of the month's stamp quota in the one day. Still attracting interest is the gallery of servicemen's photos at Sundblad Brothers and spectators also will find a similar display in the window of the F. W. Woolworth store.

### Band To Play Navy Music This Evening

ISHPEMING, July 16—The concert to be played Friday night at 8 in the rock garden at the Mather Inn by the IshpeMING Industrial association band will be highlighted by Navy music in observance of American Heroes Day.

The band will parade before and after the concert, playing informally on the city square. Features of the concert program will be an address by Trooper Ralph Sheehan, of the state police, and a baritone solo by Henry Augustson. The program follows: "The Star Spangled Banner" (March) ... Zimmerman "Anchors Aweigh" (Song of the Navy) ... Zimmerman "Orpheus" (Overture) ... Offenbach "Land of Hope and Glory" ... Elgar "Wings Over America" (Marching Song) ... Edwards Henry Augustson, bass-baritone. "A Pretty Girl is Like a Melody" ... Berlin "All Hands" (March) ... Benter "Heroes Day" address—Ralph Sheehan. "America, I Love You" (march) ... Gottler "Stormy Weather" (descriptive-fantasy) ... Arlen "Canadian Capers" ... Chandler Tom Collins at the xylophone. "The Navy" (march-medley) ... Fogelberg "My Hero" (concert march military) ... Alford "Banner of Democracy" ... Hayes "America"

The diamond, emerald, opal, pearl, ruby and sapphire are the "big six" among gemstones.

Old metal ornaments, obsolete plumbing and heating equipment, broken tools and other things considered worthless or too old for further use will be turned up in late spring and summer house-cleaning. They can become parts of guns, tanks and planes and should be added to the nation's scrap collection.

### Plans for Huge Air Freighter Completed

PORTLAND, Ore., July 16—(AP)—Engineering and designing has been completed for an air freighter that will carry a load of 250,000 pounds 10,000 miles at a speed of 350 miles per hour. Col. Joseph L. Stromme asserted today.

The commander of the Portland Army air base made the disclosure, but added no details in a farewell address at a Retail Trade Bureau dinner. Stromme will leave soon for duty in Washington.

### IshpeMING Briefs

Lawrence Ryan, of Lansing, is here visiting relatives.

Miss Marian Ham has returned from a three weeks' visit in Winnetka, Ill.

Legionnaires are requested to meet promptly at 7 tonight in the American Legion clubrooms.

Mrs. Dan Spencer is spending several weeks in Lansing visiting her daughter, Mrs. O. L. Parker and family.

Friday, July 24, will be the payday for IshpeMING, Negaunee and Gwinn district employees of the Cleveland-Cliffs Iron Co.

The Bethany choir of the Bethany Lutheran church will meet for rehearsal at 7:15 tonight. Junior choir rehearsal is at 6:30.

The Sunday school of the Bible Baptist church will hold a picnic Saturday at Van Riper park. The bus will leave the church at 9:30.

Mr. and Mrs. Spencer Heiden and daughter, Katherine, are spending their vacation at the Heiden cottage at Three Lakes.

Dr. and Mrs. A. B. Aldrich, of Houghton, are the parents of a son, born July 16 in Houghton. Mrs. Aldrich formerly was Ann Norman, of IshpeMING.

Mr. and Mrs. Otto Stangler and two daughters, has returned to Saginaw, after spending a few days here. He was accompanied by his wife and daughter, who have been visiting in the city the last five weeks.

William Sawyer, a former IshpeMING resident, has returned to Saginaw, after spending a few days here. He was accompanied by his wife and daughter, who have been visiting in the city the last five weeks.

### Boy Scout Camp Period Ends Sunday

ISHPEMING, July 16—"Two weeks are not enough," is the battle cry of Boy Scouts at Camp Minne-where, where they are having the time of their lives. The camp period ends Sunday.

Under a long-term plan, the camp is to be improved considerably. Construction of one lodge will be started soon, and there are plans for two others.

Stunt groups at the regular visitors' night and campfire program last night. The Camp Minne-where band also entertained. Members of the band are Paul Steere, drums; David Kuh, snare drum, nephew of Phil Levine, of Negaunee, who hails from Marinette, Wis.; Douglas Erickson, trumpet; Keith Wieland, trombone.

### Sugar Ration Volunteers Call for Help

ISHPEMING, July 16—The IshpeMING sugar rationing office in the council chambers of the city hall will close at noon Saturday and will not be reopened this year, it was announced today. Persons failing to get sugar for canning purposes will have to go to Marquette after Saturday for that purpose.

The rationing office here was operated two weeks by several IshpeMING women volunteers, under the chairmanship of Miss Lois Tucker. There were waiting lines today as the anticipated rush for canning sugar got underway. Persons now eligible for ration cards can get them at the local office from Miss Tucker. The office will be open from 10 to 12 Friday and Saturday mornings and from 2 to 4 Friday afternoon. Because of the anticipated rush, there was some concern that the small corps of registrars might be swamped, so another appeal for additional help was made today.

### No Shortage Of Sugar In This County

ISHPEMING, July 16—Wholesalers here reported today that if there is a shortage of sugar impending in the state, as reported from the Office of Price Administration in Washington, it apparently does not extend to Marquette county.

There are ample supplies of both cane and beet sugar on hand, it was stated, and indications from refiners are that they will be able to ship any required amount. Demands for sugar, as a result of issuance of certificates for canning supplies, have been heavy, but wholesalers have had no difficulty filling orders. One reported that he had just unloaded one carload of cane and one of beet sugar, adding that there had been as much request for sugar in the last week as for the six weeks following the issuance of ration cards.

Rubber accessories, essential to all-out construction of the greatest number of the world's best airplanes, include: bullet-proof gas tanks and hydraulic hose for brakes; molded parts such as engine shock mounts and bumpers; flotation bags to keep planes afloat in case of forced landings on water; tubing for fuel, oil, water and air lines.

### Macomb-Oakland Sewage Plans May Be Shelved

LANSING, July 16—Efforts to obtain Federal aid for correction of sewage disposal problems in industrial areas of southern Macomb and Oakland counties apparently have struck another stalemate, Milton P. Adams, secretary of the state stream control commission, reported today.

and surveyed by the Works Projects Administration, the area's proposed sewage system may be shelved until after the war, Adams said, asserting he had been informed that some high sources in Washington consider that Roseville, St. Clair Shores and the village of Warren, although many defense plant workers reside there, lack sufficient defense industrial developments to warrant sanction for their projects at this time.

Approval is understood to be more likely for sewage facilities for East Detroit, Warren township in Macomb county and Centerline. Meanwhile, Dr. H. Allen Moyer, state health commissioner, told newsmen: "The Lord has been kind, and we have escaped an epidemic from this pollution (in crowded defense areas), but how long we can escape unless we correct this condition I can't say."

### Dutch Queen Invited To Visit Grand Rapids

GRAND RAPIDS, Mich., July 16—Queen Wilhelmina, of Holland, Thursday was sent an invitation to visit Grand Rapids by Mayor George Welsh.

Welsh's invitation, sent to Ambassador Alexander Loudon at the Netherlands embassy at Washington, took note of the large Dutch population in Grand Rapids and promised that "I am sure I can assure you the presence of the Governor of this state should you decide to favor us with a visit."

The mayor said that such a visit would be "a decided contribution to the war effort, and inasmuch as we have had, prior to Pearl Harbor, the reputation of being an isolationist center, I feel that we could stand some stimulation."

### New Garbage Truck Ready For Service

NEGAUNEE, July 16—At long last Negaunee has its new garbage truck and it will be put into service immediately.

Months ago the city council ordered a garbage truck. It was finally advised that the truck was assembled and in Milwaukee. All that was needed was the formality of a release from the War Production Board.

But the formality proved to be a stumbling block and the city was stymied. Then the agency through which the truck was bought tried to lift restrictions and failed.

It developed that failure to get a release on the chassis was holding up the deal. The body did not figure in the picture. So the city got around that by making a deal for a second hand chassis in excellent condition, and arranging for transfer of the body from the new to the used chassis.

Representatives of the board of public works came home with it last evening.

The mechanism is hydraulically operated and has a device for packing garbage from rear to the front so that the contents of the truck are packed down. With a nine cubic-foot box, the mechanism packs in a load of 13 cubic feet. The equipment will make for speedier and more sanitary collection.

### Negaunee Briefs

Mrs. Earl Makela and Mrs. S. J. Bessolo are in Rochester, Minn., in the Mayo clinic.

Mrs. Nellie Bennett and Miss Pat Smith, Port Huron, are visiting at the home of Mr. and Mrs. Herman Bargeson, Pioneer avenue.

Mr. and Mrs. Chester Prudeaux, 603 North 6th street, Ishpeming, are the parents of a son, Allen Roger, born July 11 in the Twin City hospital.

The United Steel Workers of America, CIO, Locals 2491 and 2656 will meet at 7:30 Sunday evening in the Scandinavian hall. Members of Locals 2626, 2573 and 2576 are invited to attend.

Every headline that tells of a petroleum tankship sunk means that nearly 100,000 passenger cars, or 35,000 domestic oil burners have to find some other transportation means for their fuel. Each tankship carries 63,000,000 gallons annually.

### Weddings

#### Honkavaara-Bussone

NEGAUNEE, July 16—Miss Ann Honkavaara, daughter of Mr. and Mrs. Victor A. Honkavaara, Marquette street, became the bride of Michael James Bussone at a wedding ceremony performed by the Rev. Father LaMothe in St. Paul's church at 8 Thursday morning July 9.

They were attended by Miss Sybil Peterson and Frank Bussone, Miss Dolores Zenti and Miss Joyce Davey were the flower girls.

The bride, given in marriage by her father, wore a white satin gown with a floor-length veil held in place with a tiara of white seed pearls and orange blossoms and carried a bouquet of white roses and baby's breath. Her attendant wore a blue gown with a matching tiara and carried an arm bouquet of pink roses and baby's breath. The flower girls wore floor-length dresses and carried hand bouquets of sweet peas and baby's breath.

Following the ceremony a wedding dinner was held at the home of the bride's parents for the immediate families. The centerpiece on the table was of white roses and baby's breath, balanced by white cathedral candles. The three-tier wedding cake was cut by the bride.

The bride is a graduate of St. Paul's high school and has been employed in the Twin City hospital. The groom is a graduate of the Ishpeming high school and is employed by the Cleveland-Cliffs Iron company.

A pre-nuptial shower was given in honor of the bride by Mrs. A. McGillivray and Mrs. E. Spelgatti.

Mr. and Mrs. Bussone are on a short wedding trip and upon their return will be at home at 162 Bluff street, Ishpeming.

**Webb-Ahlgren**  
NEGAUNEE, July 16—Miss Betty Webb, daughter of Mr. and Mrs. Joseph Webb, of Marquette, was married at 11:45 Thursday morning to Romeo Ahlgren, son of Mr. and Mrs. Victor Ahlgren, of Marquette. The ceremony was performed by Judge John J. Hauserman in the Negaunee municipal court. The couple was attended by Miss Betty Wisuri, of Champion, and Harold Carlton, of Marquette.

**Maki-Kivisaari**  
NEGAUNEE, July 16—Mr. and Mrs. Simon Maki announce the marriage of their daughter, Lempi, to William Kivisaari, son of Mr. and Mrs. John Kivisaari. The wedding took place in the Bethel Lutheran church of Ishpeming, where Mrs. Maki had been married some time ago.

Mrs. Frank Adamini was the

### Northwestern Reports Big Bond Sales

NEGAUNEE, July 16—More than 21,500 employees of the Chicago and North Western railway are buying over a quarter of a million dollars worth of war bonds a month under the payroll allotment plan, it was announced today by R. L. Williams, chief executive officer of the railway.

Mr. Williams said that as of June 30 a total of 76.6 per cent of the railway company's employees had signed up to purchase war bonds totalling \$288,259 a month. Many of the offices and departments of the railroad, not only in Chicago but in scores of other cities have 100 per cent participation by employees.

"In some instances, due largely to the fact that many employees are in distant offices, complete reports are not in," said Mr. Williams. "The executive committee handling the war bond campaign for the railroad has given assurances, however, that 90 per cent or more of all employees of the railway system will be participating in the payroll allotment plan within the next 10 days."

The executive committee handling the campaign includes George W. Hand, assistant to the chief executive officer, chairman; E. L. Henry, superintendent of safety; F. O. Linsted, treasurer; E. H. Richards, assistant traffic manager; A. R. Seder, general auditor; C. L. Dennis, general chairman, Brotherhood of Railway Clerks; R. C. Willott, general chairman, Brotherhood of Locomotive Firemen and Engineers; and E. Peterson, general chairman, Sheet Metal Workers International Association.

#### Every Employee Solicited

Division, shop and office working committees composed of employee representatives and supervisory officers were organized and are en-

gaged in the personal solicitation of every employee on the system.

Mr. Williams pointed out that the plan for the purchase of bonds by employees was started long before the raid on Pearl Harbor. The effort now being put forth comprehends a more intensive campaign of solicitation and explanation with the objective of a 100 per cent participation on the 10 per cent basis which the Treasury department has requested.

In every instance credit is being given by the Treasury department to the local community in which each employee resides when bonds are purchased. Even though employees buy bonds through the payroll allotment plan, the local communities are credited with the sale and distribution.

bride's attendant, and William Riekkii was the best man.

The bride wore a tailored suit of robin's egg blue with white accessories and a corsage of white roses and sweet peas. Her attendant was dressed in a turf-tan suit and wore a corsage of yellow roses.

The bride has been principal of the Park street school for several years. The groom is employed by the Gannon Grocery company, of Marquette.

Mr. and Mrs. Kivisaari will reside at 415 1-2 East Ridge street, Marquette.

### '400' Begins Extended Run Tomorrow

ISHPEMING, July 16—Starting Saturday, residents of this district get their first weekend of speed train service as the Chicago and North Western puts the terminal-to-terminal run from Chicago to Ishpeming by the "Peninsula 400" on a seven-day schedule.

The train ends its northward run at Ishpeming Saturday night, instead of at Escanaba, and will leave here Sunday morning for the southbound run to Chicago.

Extension of the service to Ishpeming on the seven-day basis is fulfillment of the promise made by Chicago and North Western officials when the service train was established. At that time the Peninsula received six-day service, the train ending its northern run on Saturdays at Marinette. It was stated that as speedily as conditions warranted, service would be extended. After a few months, Escanaba became the northern terminal on Saturdays. Last week the railway announced full service to Ishpeming, effective Saturday, July 18.

About \$4,000,000 worth of bricks and metal was salvaged from bombed British houses last year. The bricks are now being used to build airport foundations and runways for the R. A. F.

By the end of 1942, the Army Air Forces plan to have 1,000,000 officers and men with an eventual strength of 2,000,000.

Resignation of Miss Margaret Sullivan was accepted. The veteran teacher is retiring from service.

I wish to express my appreciation to the voters of Negaunee for the support given me in the Negaunee Board of Education election last Monday.  
**FRANCIS D. DIGHERA**

### Obituary

**Baggiore Funeral**  
NEGAUNEE, July 16—Funeral services for Dominic J. Baggiore will be held at 1:30 Friday in the family residence at 770 East Empire street, Ishpeming, and at 2 in the Bethel Lutheran church. The Rev. K. V. Mykkanen will officiate and burial will be made in the family lot in the Negaunee cemetery.

Full bearers will be Estion Meika, Leslie Meika, Henry Terres, Russell Johnson, Joseph Foisie and Marshall Foisie.

### Mining Men Not Called To ODT Meeting

ISHPEMING, July 16—As nearly as could be determined today mining companies of the Marquette range will not be represented at the meeting called by the Office of Defense Transportation Friday in Escanaba when one of the principal subjects for discussion will be

emergency transportation of iron ore in the event of damage to the Soo locks. Mining officials have not been consulted and it is presumed that the discussion in Escanaba will be restricted entirely to the ability of the railways to handle increased loads to the ore docks in that city. It is presumed that the mining companies will be brought into the picture after the railroads' ability to handle extra traffic has been determined. It was pointed out that in the event of damage to the Soo locks there would have to be close working agreements between railroads and mines to keep ore moving at an adequate pace.

**DOUBLE STAMPS TODAY. ALL STAMPS DOUBLE.**  
For years Friday has become the symbol of "double stamps" at our store and as a result Friday is our banner day in volume of business.  
**TODAY IS U. S. WAR SAVINGS STAMP DAY**  
We have installed a booth in front of our store for the sale of U. S. stamps. The purchaser of U. S. stamps at our booth will receive gratis double trading stamps the same as if a purchase from our store was made. For an illustration: With every 10 cent purchase of U. S. stamps we will give two of our stamps, with a \$1.00 purchase of U. S. stamps you will receive \$2.00 of our stamps, and with a \$10.00 purchase of U. S. stamps you will receive \$20.00 of our stamps. Purchases at our store are not necessary to get our free trading stamps with U. S. stamps. Let us make this day a memorable one in the sale of U. S. war savings stamps.

**AMERICAN HEROES DAY JULY 17th**

SAVE AT SUSS' SAVE AT SUSS'

Public Pays Tribute To War Heroes

NEGAUNEE, July 16 — With a full measure of patriotic color, American Heroes Day will be observed in Negaunee with every resident invited and urged to participate.

The public will have its first opportunity of viewing a gallery of Negaunee's heroes, the boys who have answered the call to service, when their pictures will be displayed in windows in the Ben Franklin store and Levine Brothers store.

Volunteer Salesmen Throughout the day war savings stamps will be sold in retail stores and from special booths staffed by Negaunee women. There will be opportunity to purchase stamp corsages, lapel V's, war savings stamp handkerchiefs and hair bows. These have been made by a corps of women volunteers.

At 7:30 the Sons of the Legion drum and bugle corps, which took second place in the Peninsula competitive drills in Manistiquette, will perform on the city streets, stopping at each of the stamp booths and also in the city square. Half an hour later the Negaunee city band will play at each of the booths and at other points in the business district. A program will be given later in the Community building.

Buy Stamps—That's The Idea Dan J. Sues and C. J. Tamplin, committee chairmen, after checking the plans for the day's celebration, made the following statement: "We believe everything possible has been done within the time allowed to make this event successful. We have received the utmost cooperation. Merchants have been eager to participate, the women have assisted in making novelty contributions, the city has provided booths for stamp sales and relatives of servicemen have been generous with pictures.

"The day, of course, will be successful only in the degree that the people realize the serious task back of the program and make that extra effort to buy war stamps which is the prime purpose of the retailers' campaign. We know Negaunee residents will carry their share of any war burden. This is the window dressing to the serious business of financing the war. It remains for the public to decide what shall be the degree of success."

Upper Peninsula

Jennings Lt. Commander

MENOMINEE, July 16 — Robert Jennings of the United States Naval Reserve has been commissioned a lieutenant-commander in the United States Navy and is attending the Naval War college at Newport, R. I. Jennings, the elder son of Mrs. R. E. Jennings of 328 Sheridan road, served in the Navy for more than a year during World War I. He has been a seaman, novelty class, at Great Lakes Naval Training station in June, 1917, and was assigned to the naval air service. He was later promoted to the rank of chief quartermaster and sent to the Key West, Fla., naval air station. From there he was transferred to Miami where he served as an instructor in advanced flying. He was commissioned an ensign June 14, 1918, later promoted to the rank of lieutenant and released from active duty after the war on April 9, 1919.

Army Gun Starts Fire

ESCANABA, July 16 — A forest fire started by a trench mortar on the Army's firing range west of Escanaba burned over 1,000 acres of sand plains on the Marquette national forest Tuesday afternoon and yesterday before the blaze was brought under control Wednesday morning, it was reported by the U. S. Forest Service office here. Fire fighting crews succeeded in getting a line around the fire yesterday morning. No timber was destroyed by the fire although the blaze threatened to spread to a stand of pulpwood south of the firing range. Fanned by a high wind the blaze moved rapidly across the sand plains. No fires were reported in the Hiawatha national forest but the fire hazard is considered extremely high after a week without rain. Two small fires were reported Tuesday by the conservation department here, one at Wells covering a section of an acre and the second at Perkins. Both fires were caused from burning rubbish.

School Head Enlists

CHASSELL, July 16 — Paul V. Anderson has received an appointment to the Air Corps Technical school, for duty Thursday, July 16, at Scott Field, Ill., where he will be given three months preliminary training, and will then be subject to transfer to other training schools. Mr. Anderson came to Chassel in the fall of 1935 as high school instructor, and was advanced to high school principal during that school term. He was given the superintendency in January of 1937 which position he has resigned to join the armed forces. He did his under-graduate work at Northern Michigan College of Education in Marquette, did graduate work at the University of Michigan and Michigan State College, and has been active in educational circles in the Upper Peninsula, and Upper Peninsula as well.

Legion Post Distributing Service Flags

NEGAUNEE, July 16—John H. Mitchell post, American Legion, is ready to distribute service flags to all families in Negaunee having one or more men in the armed services.

Blanks and flags have been received and a Legion committee will be at the clubhouse Monday, Tuesday and Wednesday evenings of next week to interview relatives of service men.

The blanks are in duplicate, one for the Legion and the other for the family, and will be preserved for an accurate record of Negaunee soldiers and sailors.

The flags are free. Relatives of service men who cannot call at the Legion clubhouse are asked to communicate with Commander J. P. Collins or Oral J. LaCombe. They Are Honor Flags

The Legion wants the name, address and birthplace of each service man, the date and place of enlistment or induction, signature and relationship of the person receiving the flag. "These flags honor the man who has gone into war service," said Commander Collins this afternoon, "and every family which has a man in the service should consider it in that light. The Legion wants a 100 per cent record of Negaunee boys who have answered the call of their country. Residents of the community can do much to assist us and we ask their cooperation."

L'Anse

Mr. and Mrs. Donald Biersbach and son, of Detroit, are guests at th Al LaBine home.

The L'Anse Heights extension group attended a dinner and theater party in Hancock this week.

Mr. and Mrs. Bernard Draeger and son, of Duluth, Minn., are visiting relatives and friends here.

Mrs. Howard Helmer and children, of Poplar, Minn., are spending the summer with Mrs. Helmer's parents, Mr. and Mrs. E. J. Warren.

Miss Louise Schutte has succeeded Miss Catherine Sweet as a clerk in the village office. Miss Sweet is taking an NYA course in Traverse City.

Mr. and Mrs. Algo Trevarrow and Albert Dobeck, of Elmhurst, and Mr. and Mrs. W. C. Harding, of Chicago, are visiting Mr. and Mrs. John Payne.

Mr. and Mrs. Claude Freel and son have returned to Detroit following a visit with Mrs. Freel's father, Peter Ellis.

Miss Doreen Marie Homier entertained seven of her friends at a picnic Monday. The occasion was her seventh birthday.

Mr. and Mrs. Henry Sterk and son, Paul, of Chicago, are guests of Mr. Sterk's sister, Mrs. Katherine Kelsley.

Mrs. Sharp has returned to Chicago after a 10-day visit with her parents, Mr. and Mrs. John Sands, Bay Shore Drive.

Harry Conrad, pharmacist's mate, 2nd class, has returned to San Diego, Calif., after spending a week turlough with his parents, Mr. and Mrs. Joseph Conrad.

Mrs. A. Holman and Miss Valere Kilp, of Wausau, Wis., have returned home after visiting Mrs. Holman's parents, Mr. and Mrs. J. Edward Clements.

Mr. and Mrs. Joseph Redding and son, of Milwaukee, and Mrs. John Johnson, Duluth, have returned

home after visiting Mr. and Mrs. Charles Jacobsen.

Mr. and Mrs. Joseph Mastay, of Iron Mountain, are the parents of a son, Kenneth James, born July 10, Mrs. Mastay is the former Doris Muzey, of L'Anse.

Leonard Gouneau, formerly of L'Anse and now technical advisor for the Appleton Paper company, Appleton, Wis., visited friends here Wednesday.

The Finnish Evangelical Lutheran church will hold a picnic dinner Sunday at 12 at the William Maki farm on the Skaneer road, three miles from L'Anse.

The conservation department recently planted 40,000 lake trout fingerlings in L'Anse Bay. The fish were planted at the L'Anse pier and on the reef opposite Piquaring.

Edward St. Onge, son of Mr. and Mrs. George St. Onge, who has been employed in Detroit, has joined the Navy and is in training at Great Lakes, Ill.

Mrs. Alvin Stahl and son, James, of Libertyville, Ill., are visiting Mrs. Stahl's mother, Mrs. Permelia Clement. Mrs. Stahl will return shortly while her son will spend the summer here.

Leo C. Washburn, Boy Scout executive of the Copper Country council, advises Boy Scouts to make reservations now for the camping period at Camp On-Ke-Ho-Ba on Otter Lake.

Joseph G. Carling, of Ann Arbor, has arrived here to accept the position as sanitarian for the district health department. He succeeds Harold Whitman who has accepted a similar position in Houghton County.

Carl Jacobsen, manager of the Jacobsen food store, has been appointed county chairman in the drive for the collection of waste fats and grease. The appointment was made by E. S. LeDuc, chairman of the county salvage committee.

Mrs. Nicholas Gerard, employed at the Commercial Bank, has resigned and will leave soon for the west to join her husband. She will be succeeded by Miss Ethel Schumacher, daughter of Mr. and Mrs. Albert Schumacher.

Otto Luoma has been appointed manager of the A. & P. store, succeeding Arnold Rosendahl, who was sent to the Iron Mountain supermarket. Mr. Luoma has been with the L'Anse branch 12 years and has served as assistant to the manager.

A canning demonstration will be held at the high school today, beginning at 10. Miss Olga Ludwik, of Marquette, extension demonstration specialist, will conduct it. Canning recipes using limited amounts of sugar will be given women who attend.

The L'Anse township and school library received \$337.11 from the state board of libraries. To be eligible for the amount, the local library had to have an appropriation during its last fiscal year equal to or more than the average of the last three fiscal years.

The American Legion drive for old phonograph records will begin

Monday and will continue through August 2. Records may be left at the Le Berge-Blair barber shop on Main street or will be called for by a member of the American Legion or auxiliary, if that is requested.

At the school election Monday Carl Bentzen, who has filled the unexpired term of Ronald Duguay, was elected to a full term. Norman McKindles, treasurer of the board, was elected for a third term. There was no opposition to either candidate. Seventy-three votes were cast.

Air raid warden instruction will begin July 24 with the showing of several films. All wardens and fire watchers who do not attend the lessons will be dropped from the list. Telephone Belanger, chief air raid warden for the county, announces that the temporary signal for an air raid or blackout will be one long and one short blast of the fire siren.

Howard B. Anderson, mathematics instructor at the high school, has resigned his position to accept a commission as lieutenant in the U. S. Army signal corps. He is located in Chicago where he will teach in an Army school. During his stay in L'Anse, Mr. Anderson was Scoutmaster of Troop 16, and a member of the L'Anse Camera club.

The following girls from L'Anse are attending an NYA course at Traverse City: Patricia McKindles, Merle Gerard, Jean Almi, Catherine Sweet, Dorene Paquette, Margaret Schultz, Mural Bolvin, Jean Brown, Betty Brown. A three months course will be given the girls in metal trades including welding, machine shop, forge work, sheet metal work, after which they will be given employment in defense plants.

Mrs. Hattie Delgoffe was elected vice-president of the American Legion auxiliary, 12th district, at the convention held recently in Manistiquette. Mrs. Alice McKindles, also of L'Anse, was named a member of the executive board of the 12th district. Mrs. Adele Sullivan, president of the William McKelvey post, auxiliary unit, was awarded two prizes for the membership drive. The L'Anse auxiliary was second in the district.

Balloon Attached To Japanese Lantern Found FAIRFIELD, Calif., July 16—A small balloon attached to a Japanese lantern was found in brush land near Vacaville today a few miles from the scene of an unexplained fire several days ago.

Deputy Sheriff Harry Oliver said the contraption was brought in by a rancher, Vern Christopher, who discovered it in Pleasant Valley.

The balloon, collapsed and torn, was slightly larger and of heavier material than the toy variety. The lantern was made of paper and cardboard. It evidently once contained a candle, which had burned out.

Pleasant Valley is in the foothills of a low range of timber. There is no military objective in the vicinity.

Baraga

Mr. and Mrs. Charles Wilkinson and children are visiting in Flint. William Lindeman, of Detroit, is visiting friends here.

Fritz Gerard, of Camp Chafee, Ark., is home on furlough.

Miss Grace Olson, of Detroit, is visiting her mother, Mrs. Rose Olson.

# Profit Selling Dampens Stocks' Inflation Power

## Steel Firm Despite Wage Boost

NEW YORK, July 16.—The stock market's inflation powder was dampened a bit today and the recovery offensive for many leaders ran into profit selling opposition.

Steels were able to maintain their stability in the face of the 44-cent daily wage increase granted "Little Steel" workers. Actually, most in Wall Street had expected a 50-cent compromise. While Bethlehem finished off 5-8, small advances were held by U. S. Steel, Republic and Youngtown Sheet.

The Associated Press average of 60 stocks was up 1/4 at a point at 37.3 although, of 571 individual issues traded, 193 were down, 189 up and 189 unchanged. Transfers totaled 265,390 shares compared with 385,480 yesterday.

A number of earnings statements confirmed the impact of climbing taxes and other expenses on corporate profits but, it was suggested, this situation may have been fairly well discounted. Westinghouse revealed six months' net of \$2.10 a share against \$4.33 in the comparable 1941 period, and the stock ended up 3/4 at 71 3/4.

## Bond Trend Irregular; Sales Small

NEW YORK, July 16.—Bond market prices improved in spots today, but the main corporate list showed little disposition to break out of the narrow and irregular pattern prevailing most of this week.

Sales again were low, totaling \$4,404,400, par value, compared with \$4,276,800 Wednesday. All groups in the Associated Press averages varied only slightly if at all.

Ahead were Chicago & Northern Pacific 4 1/2 at 61, Erie 4 1/2 at 48 1/4 and American Telephone 3 3/4 at 107 1/2.

Unchanged or down small fractions were Portland General Electric 4 1/2, Missouri-Kansas-Texas 5 1/2, Illinois Central 4 3/4, Commonwealth Edison 3 1/2 and Union Pacific 3 1/2.

## Grain Prices Down on Lack of Buying

CHICAGO, July 16.—Wheat and other grains declined under steady liquidation today, closing near the lows for the session. Although dealings were not heavy, the lack of any sustained buying gave the market a weak undertone throughout the day.

Traders blamed the downturn on a variety of causes—anti-inflation talk in Washington, hedge selling, weakness in cotton and reports that harvesting is making rapid progress in important producing areas. In contrast, there was little news to inspire bullish enthusiasm.

Wheat closed 1 1/2 to 1 7/8 lower, July \$1.18 1/4, September \$1.19 7/8 to \$1.20. Corn was off 3/8 to 1 cent, July 57 5/8, September 57 3/4 to 58 1/4. Oats lost 3/8 to 5/8, rye 1 3/8 to 1 5/8 and soybeans were unchanged to 1/4 lower.

## Obituary

**Carl Matte**  
MUNISING, July 16.—Carl Matte, 20, son of Mr. and Mrs. Emil Matte, of Detroit, was drowned Tuesday in an Illinois lake while on a vacation. He is survived by his parents and two brothers, Stewart and Donald, all of Detroit. He was the nephew of Mr. and Mrs. Horace Whitmore, Mr. and Mrs. Lawrence Bidwell, Mr. and Mrs. Theodore Belfry, Mr. and Mrs. William Belfry, Mr. and Mrs. Alex Belfry and Mr. and Mrs. Joseph Macey, of Munising.

## Munising News

### Legion Flays Violation of Veterans Act

MUNISING, July 16.—A resolution condemning those in power "who have flouted the Veterans' Preference Act" in filling the Munising postmaster position by appointment of a non-veteran was adopted by the Upper Peninsula Association of Legion Posts at its annual convention in Manistique last weekend, and by the 71st zone organization of the Michigan Department of Rogers City, which seek reelection to the office as a Republican.

### Former Mayor of Sault Candidate for Congress

MUNISING, July 16.—Former Mayor Paul L. Adams, of Sault Ste. Marie, has announced his candidacy for the Democratic nomination for congressman from the Eleventh district. Fred Bradley, of Rogers City, will seek reelection to the office as a Republican.

### Army Inducts July Draftees Next Week

MUNISING, July 16.—A group of Alger county men who passed Army physical examinations in Traverse City last week will leave next Thursday for an Army induction center. In the group will be: George A. Iikka, William R. Maki, Victor G. Paluch, Francis A. Somero, James M. Tweeddale, Walter I. Nixon, Sulo A. Hakkinen, Anton Debelak, Charles A. Smith, Oliver P. Tuulama, William R. Lukkonen, Herman Monro, E. Berwyn Anthony, Eugene A. Groeue, John Bartol, Walter J. Antilla, Homer P. Lyons, Glenn R. Price, Reino W. Maki, Alfred Boyling, Elmer J. Cole, James L. Hood, Leonard W. Johnson, Arvo V. Jarvinen, Frank W. Jokipii, Edwin E. Pelkki, George W. Miller, Carl H. Maki, Phillip J. LaRue, Ayner W. Karmjala, Paul H. Johnson, Eino W. Nummela, Harold J. Iikka, Clifford R. Harris, Russell J. Masse.

### Large Trout Being Taken By Trollers

MUNISING, July 16.—Trolling's good in Munising waters. The development club reported today that the average weight of the nine largest fish caught in this area and entered in the club's trout trolling derby was 20 pounds.

Dr. George W. Cline, of Detroit, leads the "big trout" parade with a 30-pound, 3-ounce fish he caught July 5 near Wood Island reef.

Everett C. Morrison, of Munising, holds second place with a 24-pounder taken on July 4. That fish won first prize in the "little derby" held the fourth.

### Munising Briefs

John Scholtes left Wednesday for Detroit, where he will be employed.

Miss Alice Mary Scholtes is a surgical patient in St. Mary's hospital, Marquette.

Miss Maurine Morrison will leave today to spend three weeks in Detroit and Ann Arbor.

Mr. and Mrs. Harold Webber and children returned to Morris, Ill., Wednesday after visiting Mrs. Laura Adams.

The second in a series of summer dances for young people will be held from 9 to 12 tonight in the K. of C. hall under sponsorship of the Knights of Columbus council.

Second Lieut. Albin Strom, of Munising, has arrived at Lowry Field, Denver, Colo., for classification and for officers' training in the Army. He expects to be transferred in about two weeks to an unknown destination.

### Carnival Coming—Pleasureland Shows will come to the old city ball park for six days next week, beginning Tuesday, under the auspices of the American Legion post.

**Scout Drive—**Solicitors who participated in the Boy and Girl Scout financial drive and who have not returned their envelopes are asked to turn them over to Vernon A. Florida, at the Peoples State bank, or to Mrs. Howard Morgan, 105 Jewell street, as soon as they complete their soliciting.

### Munising Girls Leave Sunday for Scout Camp

MUNISING, July 16.—A group of Munising girls will leave Sunday to spend two or more weeks at the Girl Scout Camp, Timber Trail. They are Ruth Romans, Shirley Adair, Theresa Scholtes, Lois Ann and Phyllis Ann Tunteri, Mildred Whitmore, Gyendolyn Olson, Ruth Salo and Betty Brebner.

### Wash Tubbs

are spending a few days at Shag lake.

Nels Hendrickson was painfully injured Saturday when he fell off of a mower and was pinned beneath it.

### News Behind the News

By Ray Tucker

WASHINGTON, July 16—American mothers and fathers need not grow alarmed hearing reports that their sons will go forth to battle with second-rate weapons. Confidential advice from foreign officers and our own observers on all fronts testify to the excellent quality of our equipment.

The principal criticism concerned Yankee tanks used by the British in the Libyan engagement. Certain spokesmen charged that the M-3, or General Grant, was inferior to Field Marshal Erwin Rommel's machines. They emphasized our vehicle's inability to embrace a 360-degree circle with its shells and there were suggestions too that in maneuverability the M-3 was less effective than the enemy's. The fact is that the M-3's match the Mark-3's, and our new M-4's are better than the Mark-4's. German prisoners confessed that they were amazed when they pitted their stuff against our recently arrived materiel. From Russia comes word that nothing on that sector equals our later shipments.

The squabble involving our land battalions' limited zone of fire was really a waste of valuable breath. The General Grant type will sweep a 15-degree field; this means that it has a traverse of about 1,000 feet. Fighting in close formation, there is no need for a wider range. The rear attacks can be met by a simple twist of a lever that shifts the monster into position. But even that supposed defect has been corrected in the newest model, which has a turret arrangement.

Japanese zero planes showed their heads to the old P-40's sent against them in the early days of Australian dogfights. But our most modern ships can outfly and outshoot them, especially as our men are cleverer pilots. There is no gun anywhere to be classed with the rapid-fire General Grant and our artillery is not based on guesswork, but on actual tests as reported by Allied experts.

ROMMEL—United States ordnance practices were modernized several years before the outbreak of the war in 1939. The equipment was revolutionized even further since this nation became an active participant. Under the new field-to-factory system improvements in instruments can be made without any serious delay.

In the old days high officials sitting at desks in the Capital decided the type of guns without consulting men at the front or on maneuvers. It was an arbitrary procedure against which line officers of lower rank dared not protest. It accounted for numerous First World War failures, delays and difficulties. Now the final decision rests with the fighters themselves. Frequently their pet ideas go sour, but they are allowed to learn their mistakes by the experimental method. "If they ask me for a purple rabbit," explains Major General Levin H. Campbell, Jr., the chief of Ordnance, "I make it for them. I might disagree, but I believe in letting them try it out. We can always change it into a blue rabbit if we have to."

Our technicians are constantly shuttling back and forth from Europe, the Far East and Russia to the general's headquarters here and thence to plants turning out tanks, artillery, munitions, etc. A similar procedure governs in the Navy and the air corps. Rommel has been eulogized as a great commander because he spent months in Reich workshops before each Libyan offensive. His superb mechanical superiority was attributed to this close liaison. That's old stuff to our boys!

SEV—Native and official irritation against Uncle Sam has cropped up in one of the danger spots of the Western Hemisphere—the Republic of Panama. Consular and commercial attaches on the fringe of the Canal have recommended drastic changes of policy both here and there in order to allay mounting unrest.

The local economy has been battered badly by trade losses resulting from the war. The Army, Navy and air corps have virtually taken over the countryside in their effort to secure the safety of the vital waterway between the two oceans. Certain inexplicable decrees issued by Henry Wallace's Board of Economic Warfare and the War Production Board have angered important inhabitants. Many types of machinery previously okayed by these agencies have been withheld because of technicalities and red tape. Firms with large backlogs of orders from Isthmian key interests have been assigned extremely low priorities by Donald Nelson's aides. Naturally, German propagandists and sympathizers have seized upon these relatively unimportant incidents to promote discord, as they have been doing in every South American country. It was no mere coincidence that the complaints listed above reached Washington simultaneously with the arrest of 20 members of a Nazi spy ring in this area.

RUM—The Navy and Coast Guard may be compelled to shelve a time-honored qualification for membership in those services because of their campaign to crush the submarine menace along the Atlantic. They may waive the ban on men convicted or suspected of having engaged in criminal enterprises.

Although they dare not make a public admission, high officials here are convinced that enemy U-boats are receiving supplies of oil, food and water from our mainland. The bayous of Louisiana, the rivers of Florida, the inlets of Georgia and the Carolinas and the rocky harbors of New England provide ideal

lairs whence small ships laden with contraband can sneak out to sea. It is almost impossible for the sailors occupied in other duties to police those coves.

One species of an almost forgotten race knows this winding shore line as well as it does the palms of its hands. The group includes the rum runners and their land aides who defied the prohibition laws for more than a decade, including fishermen who were willing to pick up a dark dollar on the side. In fact, although no order has been published, it is understood that enlistment officers are not scrutinizing too closely the means by which coastwise recruits earned a living from the Wayne Wheeler to the Franklin Roosevelt era.

**New York**

By Albert N. Leman

**SNOOPEIS**—Current popular sport is taking pot shots at the old school-tie caste system of the Cairo staff, which cracked like a rotten doorstop when Rommel's hounded boot kicked it. But the British Brahmins are no worse than Frank Knox's s'nob hatchery. Among those who know what goes on behind the blinds in Washington his star chamber Agpu is notorious for the undemocratic manner in which it awards and rejects many commissions in the Navy.

It thumbs down practically anyone whose parents were not born in America, especially those of Italian and German descent. Had today's policies been functioning in 1776, John Paul Jones would have been blackballed because he was born abroad in an enemy country. But in the Chicago area Frank's agents have scooped up the Lake Shore crowd of society dilettantes whose single qualification seems to be that they can wear dress uniforms without spilling naval salt horse drippings on the gold braid.

**FDR May Ask Stricter Price Control Power**

WASHINGTON, July 16—P—An influential member of Congress said tonight that President Roosevelt would request more stringent price control legislation, including some form of wage stabilization.

The new proposals are to be transmitted to Congress within a week or two, probably shortly after the House passes the tax bill next week, said the Congressman, who is an authority on the situation but who preferred not to be quoted by name.

"It's been only a matter of when' for some time," he remarked.

Members of the House reported they have been told unofficially not to count too much on plans originally laid for a recess of perhaps 30 days starting next week.

This disclosure came as the Senate granted some concessions to Price Administrator Leon Henderson but put off until tomorrow a final vote on a \$1,837,151,710 appropriation bill for his 17 other war agencies.

**ANNUAL MEETING AND ELECTION OF HUMBOLDT SCHOOL DISTRICT**

Annual meeting and election of Humboldt school district was held Monday, July 13, 1942, at the town hall.

The following members were sworn in to serve on the election board: Walfred Perna, Matt Eliason, Jr., Erick Hintsala, Alex Bentti. Polls were open for voting at 10 o'clock a. m., and closed at 6 o'clock p. m.

The results of the election was as follows out of 42 votes cast: William Jeffrey received 32 votes and Albert Jeffers received 10 votes. William Jeffrey was declared reelected for a full term of 3 years.

At 3 o'clock p. m. annual meeting was called to order by chairman Walfred Perna. The minutes of last year's annual meeting were read and approved as read.

A motion was carried that the salaries of members of Board of Education remain same as previous year: Secretary—\$125.00 per year; Treasurer—\$100.00 per year; and each of the 3 trustees—\$48.00 per year.

A motion was carried that the Miner's First National Bank of Ishpeming remain depository of school funds.

Next year's budget was discussed and motion was carried that a tax of 4 mills on valuation of the district be collected for school purposes.

A motion was carried accepting the following report of the secretary and treasurer: There being no further business the meeting adjourned. Annual report of receipts and disbursements. From June 30, 1941 to June 30, 1942.

**SLUGGING**—Just as earlier cables about Japan devouring great chunks of territory in the Far East made unpleasant reading in Berlin, so the news of Nazi advances in Russia brings no secret rejoicing to Tojo's cabinet. In theory at least, if the USSR collapses entirely, the vision of Haushofer's Eurasia comes true and the Luftwaffe is based in Vladivostok. Then Japan will be expected to split the Pacific swag—or else.

The 1936 anti-Comintern pact between the two powers was a deal of sweeteners and not a marriage of convenience. At that time Germany was true and the Luftwaffe admitted to prominent New York importers that the most popular policy in the Third Reich would be an arrangement with Moscow which truly leaves the Teutons free to "settle the hash of the oriental upstart." The Kaiser's old theory of the Yellow Peril still permeated official circles.

Even then the Foreign Office warned against Nipponese trade expansion, coolie wage scales and the flooding of world markets with "junk." Hamburg exporters insisted that they found Hirohito's businessmen unprincipled and wholly out for immediate advantage. This racial and commercial mistrust is soft-pedaled by the war but the hash is only temporary. The ingrained mutual hatred of this maladjusted pair may be a help to us when we really start slugging the Mikado.

BARAGA AVE 442—Downstairs apartment. Four rooms and bath.

# Murder in Ferry Command

By A. W. O'Brien  
ESCAPE—THE HARD WAY  
CHAPTER VIII

Like a person walking under a strange roof and attempting to figure where he is, Dawson fought through a haze of pain to clear his mind. The least motion of his body brought savage darts while his head pounded mercilessly. His mouth was dry as parchment and his tongue evidently swollen. As he twisted a bit to the right the pain increased around his heart. . . then he remembered John's closing words and the flash of pain.

His wrists and ankles were numb, for which he was grateful. They were badly swollen, but he'd be able to work on them without too much suffering.

The gray light of pre-dawn trickled through a skylight into his stateroom prison. Peering at the forms about him he concluded a number of them were packing cases. That meant rough, jagged edges.

Picking out a large one propped in a corner, he began the ordeal of wriggling toward it. Eventually he made it, panting for breath, salty perspiration dripping over his eyes.

Slowly he maneuvered for position, lifting his bound legs and propping them against the high rough edge. Muttering a silent prayer that the packing case wouldn't move with the weight of his legs, he drew them up and down so that the rope binding his ankles scraped on the edge. Until he got the use of his legs he couldn't stand up to free his hands the same way.

It was a long, tedious job—hours it seemed—while the gray light changed to bright sunlight. Frequently he felt his head swimming, but Dawson continued scraping. It had to be done easily lest the sound awaken his captors. . . Abruptly he froze. What was that?

A door had shut almost directly below him and . . . yes, somebody was mounting the stairs!

Frantically Dawson poured every ounce of power into the scraping . . . the rope was stretching . . . break, damn you, break . . . there was a key grinding in the lock . . . one more last push—that did it . . . the rope parted!

Digging his teeth into his lips to suppress his sobbing breath, Dawson swung his legs over to one side and stretched out still just as the door swung open.

The dusty rays from the skylight reflected on a revolver in a man's hand—it wasn't John; it must be the other man who had helped carry him the night before.

Suspiciously, the man looked from the spot where they had thrown the captive to the shadowy corner. Slowly he approached, gun aimed squarely at Dawson.

The man's sneering face was directly over him now.

"How would you like an ice cold Tom Collins, big shot?" he rasped.

Dawson barely opened his eyes as he spoke again:

slowly moved out of the bed and stood up.

"Walk ahead of me—through the door and downstairs. One false move and I'll drill you!"

Obediently, John half staggered to the door. Dawson swung it wide and the prisoner walked in to the hallway, halting at the top of the steps. Something in his manner caught Dawson's attention. Flashing a glance down the steps, he saw the door-keeper halfway up—a snub-nosed automatic in her hand!

Dawson didn't falter—he fired without warning and the house-keeper clutched her shoulder, tottering sideways and rolling down the steps.

Dawson bounced past John to the next door—the door leading it open and went in—revolver first. One quick glance told him it was unoccupied—the bed had not been slept in. John was still standing rock-like in terror at the head of the stairs.

"Okay, chum," Dawson grinned. "Let's go downstairs."

As they passed the prostrate form of the housekeeper, the investigator examined her briefly.

"Sorry, grandma," he said, "but you should be a nice girl." Digging his gun into John's back, he continued, "and you keep right at the end of this gun while I phone—just in case there should be somebody else in this den of rats."

Using only one hand, Dawson flipped the phone off the hook and dialed "Operator." Lifting the receiver he barked:

"Federal Bureau of Investigation—emergency!"

Almost immediately, he was through to the officer in charge.

"This is Clyde Dawson of the Canadian Intelligence Department. . . John half turned and Dawson dug the gun into his back-bone. "I've bagged a nest of Nazis you'll want to meet—please make it fast." He gave the address and the phone clicked.

Just as Dawson hung up, the doorbell sounded. Wheeling quickly, he pointed to the floor:

"Lie down, toothless—flat on your back and one move to get up will be your last!"

Dawson stepped backwards to the door and peered through the glass. It was the postman. Shifting his revolver to the other hand, he opened the door.

"Special delivery letter for Mr. John Daxel."

"I'll sign for it," Dawson replied.

Closing the door again, he looked at the letter, his curiosity instantly aroused. The postmark was North Sydney, Nova Scotia.

Dawson didn't hesitate. He tore the letter open.

have returned to their home in Mantowoc, Wis.

Mrs. Leland Yauch and children, who have been guests of Mrs. Yauch's parents, Mr. and Mrs. Fred Hecox, have returned to Detroit.

## BRING BACK THE CAP

BOTTLE CAPS ARE NEEDED

Today, metal is precious. So after you enjoy a bottle of Pepsi-Cola—don't throw away the cap. Keep it and return it to your dealer.

And don't forget . . . one big, big bottle of Pepsi-Cola goes a long, long way—tastes grand, quenches thirst quick and sure. 12 full ounces . . . just a nickel.

PUT CAPS BACK ON EMPTY BOTTLES

Just as soon as you've emptied the big big Pepsi-Cola bottle—simply press the cap back on top. It's an easy and a neat way to return cap and bottle to your dealer. Thank you!

126 - 134 WASHINGTON ST. Montgomery Ward  
TELEPHONE 3367

Pepsi-Cola is made only by Pepsi-Cola Company, Long Island, N. Y. Authorized Bottlers: Pepsi-Cola Company, of Marquette.
