## ISHPEMING

### DEFEATED

ESCANABA WON FROM OLD RIVALS ON GRIDIRON BY DECISIVE SCORE.

### GAME WAS HARD FOUGHT

THOUGH LOSERS ISHPEMING PUT UP A STIFF FIGHT TO THE VERY LAST.

IshpeMING High School, Escanaba's old rival for football honors, went down to defeat last Saturday before the local eleven by a decisive score of 30 to 0. The game was not a championship one, as Menominee had defeated IshpeMING by a single touchdown one week previous. The result however is significant in getting a line on the Upper Peninsula teams. The game was not as easy for Escanaba as the score would indicate and touchdowns were made only after hard fighting. IshpeMING fought doggedly even though losing. The members of their team were in fine physical condition and showed good coaching.

Escanaba relied upon straight football for gains while IshpeMING advanced the ball almost entirely by trick plays.

The game in detail. IshpeMING kicked off to Escanaba 40 yards. Riley returned the ball 15 yards. On almost the first play Escanaba fumbled and IshpeMING got the ball. Escanaba promptly held IshpeMING for crystals and started on a march down the field. Riley and Semer tearing off long gains. Within 15 yards of the goal Semer broke through and ran for a touchdown. Lowell kicked goal. Time 5 minutes.

Escanaba kicked off 30 yards. IshpeMING made no return. By trick plays IshpeMING made 8 yards. They lost five on the next play and punted out of bounds. By a series of fierce line bucks by Semer, Riley and Walsh the ball was carried to IshpeMING one yard line and Riley sent over for another touchdown. Lowell kicked goal. Time of play 12 minutes.

Escanaba kicked off 40 yards and IshpeMING returned the ball ten yards. Escanaba held IshpeMING for downs. Lowell made 5 yards over left tackle. Lehr made a 15 yard run around right end. Hessel ran 10 yards for a touchdown with excellent interference. Lowell kicked goal. Time of play 14 minutes.

Escanaba kicked off 30 yards. IshpeMING made no return. IshpeMING made 7 yards around right end. By trick plays they advanced the ball 20 yards. Escanaba held and IshpeMING punted. Escanaba carried the ball 10 yards and then fumbled. IshpeMING gaining possession of the ball. IshpeMING made 10 yards around right end. On the next play they were thrown back and forced to punt.

Semer made 20 yards in two downs and Riley hurdled the line for 5 more. Time was called with the ball in Escanaba's possession on IshpeMING's 9 yard line. During the first half Riley sustained a badly wrenched knee and played through the game badly handicapped on that account.

In the second half Escanaba kicked off 40 yards. IshpeMING returned the ball 5 yards and then lost 5 yard on a trick play. IshpeMING punted and regained the ball on a fumble. After losing 5 yards IshpeMING punted again, Lehr receiving the punt. Escanaba after a few short gains fumbled. IshpeMING getting the ball. On trick plays IshpeMING made 20 yards and then punted. Escanaba on the next play returned the punt and got the ball on a fumble. Escanaba punted again and IshpeMING on the next play tried to punt. Escanaba broke through and blocked the punt. Hessel made 4 yards and Riley hurdled the line for six more and a touchdown. Lowell kicked goal.

Escanaba kicked off 40 yards. IshpeMING punted and Escanaba carried the ball in straight plays for a touchdown. Lowell kicked goal.

The remainder of the game was a hard struggle neither side having the advantage. IshpeMING improved greatly at this stage and made their first down several times.

The game ended with the ball in Escanaba's possession in the center of the field final score Escanaba 30, IshpeMING 0.

### ESCANABA NOT OUT

Reports That Home Team is Out of Championship Race are Untrue.

Reports are being circulated in the upper peninsula to the effect that the Escanaba High School team is out of the championship race. It is claimed by those who seem anxious to have Escanaba out of the running, that the failure of the Soo to come to Escanaba last Saturday affects the situation in favor of the Soo. How such can be the case no one can comprehend for Escanaba acted under the instructions from the Upper Peninsula board when the game with the Soo was arranged for here last Saturday. Escanaba at first supposed that no game would be played with the Soo on that date and arranged a game with IshpeMING but later acting under instructions from the Upper Peninsula board the championship game with the Soo was arranged and advertised.

The only word Escanaba heard from the Soo, either before or after their failure to show up here, was that they were coming but that they would not play in the forenoon. In consequence of that objection the home boys arranged to play both games in the afternoon.

### HAS TWO DOZEN VOTES

Crystal Falls Man Will Give Roosevelt an Even Two Dozen.

"Grandpa" Campbell a well known Crystal Falls character last week wrote a letter to President Roosevelt telling him that he had an exact two dozen votes in his family that would be cast for Roosevelt and Fairbanks. The President replied through his secretary that he appreciated greatly the support. Mr. Campbell was prompted to write the letter by a paragraph he saw in the daily papers telling of a Montana man who had eighteen votes in his family for Roosevelt. Mr. Campbell has seven sons, nine grandsons, five great grand sons and two sons-in-law.

### CHANGE MAY BE MADE

Maple Street Will Probably be Paved With Crushed Stone.

It is quite likely that arrangements will be made by the council to change the material for paving Maple street from gravel to crushed rock. The matter has been up before the council several times and it is now believed that even though the contract has been awarded for gravel, yet the change can be made without invalidating the assessments for that street. At least 35 of the 37 property owners on that street are in favor of the change.

The contractor Joseph Fleming is willing that the change be made and will put crushed rock for the same price as the gravel.

### FORGED CHECK ON I. S. CO.

Young Man Arrested at Iron Mountain for Passing Forged Check.

A young man who signed himself James McDonald passed a time check Saturday evening at Iron Mountain drawn on the I. Stephenson Co., at Wells in his favor for the sum of \$5.00. The check was accepted by the proprietor of the "Hub" store in that city, who at once sent it to Wells. By return mail he was notified that the check was worthless and he then set out to find the forger. He found him near the St. Paul depot and after a brisk run captured him. The prisoner is jail awaiting prosecution.

### SECURED DIVORCE

Mrs. Emma Anderson of Gladstone Granted Divorce by Court.

On Monday in circuit court Mrs. Emma Anderson of Gladstone was granted a divorce from her husband Andrew Anderson. Mrs. Anderson testified that her husband left her five years ago and that while he lived with her previous to that time he treated her with great cruelty. Mrs. Anderson brought several witnesses who testified in her behalf.

### Has Applied for Patent.

Attorney A. W. Wolfe has applied for a patent on a concrete railway tie, which will be a valuable one should the tie prove a success. Several of the ties are in use on the C. & N. W. and E. & L. S. railways to test their durability. The tie can be made with less cost than other concrete ties and is said will last as long.

### Menominee Land Deal.

William Kent of Chicago has purchased 6,000 acres of land in Menominee county from the C. H. Worcester company. The consideration was \$15,487. Most of the tract consists of cut over land.

### FERRIS WAS HERE

Addressed Crowd in Open Air Yesterday.

W. M. Ferris, the Democratic nominee for governor spoke to a crowd in the open air yesterday noon. Owing to the cold weather the crowd was not as large as was expected. Mr. Ferris spoke for twenty minutes and received good attention. He confined his remarks to primary reform and the question of free passes. Mr. Ferris is of opinion that the primary reform issue is the one thing the people of the state should consider this fall. He said the republican party was boss ridden and could not be expected to do anything along this line. He recalled the fact that the Australian ballot system was brought about under democratic rule in Michigan and said the people must look to the democrats to accomplish a reform in the primaries.

The speaker said he wanted to see a day when the young men could look forward to a political career without having to ask a political boss for a chance to run for office. Under the present system, he said, a young man has to have considerable money to spend or he will stand no chance in the fight.

Following Mr. Ferris, Hon. F. O. Gaffney candidate for attorney general addressed the people:

Mr. Gaffney confined his remarks to taxation and the alleged wickedness of the republican machine. He claimed the republican campaign managers throughout the state are dominated by railroad influence so that the people are made to bear the burden of taxation. He said the state tax commission had been manipulated by the railroad interests, asserted that Governor Bliss is a tool of the transportation companies and that if the democrats were given a chance all the wrongs would be righted and the railroads would be made to pay their just proportion of the taxes.

### Hunters Already Coming.

Hunters are already coming in from outside points, writes a Newberry correspondent. A good many of the hunters that strike this region are funny customers and this year will probably be the same. Last season one man arrived in time with a pair of snow shoes and a gallon can of oil, which he had carried from down near the Indiana line. Still another, a judge from Indiana, refused to pay sixteen cents for a gallon of oil, saying he could "buy it for twelve cents down home." This class of hunters are pot hunters as a rule and make themselves a curse to the town which they strike. There are, of course, some who hunt for the sport, but they are as scarce as hen's teeth. Another instance which struck the writer as an unusual display of gall was a hunter who kicked on paying \$2.50 for draying two loads of goods seven miles in the woods.

### BORROWS ANOTHER \$5,000

City Treasurer's Report Showed Only \$961.97 on Hand.

A resolution was passed by the council Tuesday evening authorizing the finance committee to borrow \$5,000 for 60 days at not more than six per cent interest. This makes a total of \$12,000 that the city has borrowed during the past three months. It is the failure on the part of the people who owe personal taxes, sewer assessments, and street assessments, to pay up, that forces the city to borrow. An effort will be made at once to collect in these unpaid taxes.

### INSTANTLY KILLED

Millwright Caught in Shaft. Yesterday at Wells.

John E. Minnick of Wells was instantly killed yesterday at nine o'clock by being caught in a shaft in Mill No. 1. One arm was torn completely off, his skull crushed and many bones broken. Mr. Minnick held a position as millwright in mill No. 1. He is survived by a wife.

### OVER 100 TOOK OATH

Large Number Swear Allegiance to United States in Past 10 Days.

Over a hundred foreigners have taken out naturalization papers during the term of circuit court which ended this week. Of this number the major part have been Scandinavians. A large number of Canadians also took out papers.

### Failed to Show up.

After a foot ball game had been arranged for and advertised between Escanaba and the Soo High School teams last Saturday, the latter team failed to show up. They were expected Friday night but as they did not arrive they were again looked for Saturday noon. The game was in the championship series and the Soo by its failure to show up clearly forfeits the game.

### Christian Science.

Services every Sunday morning 10:30 and Wednesdays at 7:30 p. m. at 606 South Charlotte street. Subject for Sunday: "Mortals and Immortals." All are cordially invited to these services.

### THRILLING ADVENTURE

Schaffer Man had Exciting Time With Two Bears.

Sam Benson, of Schaffer had an exciting adventure with two bears while out hunting last Saturday evening. He discovered a cub bear and captured it, tying its feet together with a handkerchief. He had not proceeded far from the place when the mother of the cub overtook him and savagely attacked him. He fired two shots at the infuriated animal both of which took effect.

He then dropped both the cub bear and his gun and took to his heels followed by the old bear. He escaped safely to his home and returned the next morning to find the old bear dead near the place where he had shot her. The cub had escaped. He found his gun nearly torn to pieces. The affair occurred in the northern part of Bark River township in this county.

### TOLD DIFFERENT STORIES

Witnesses Swear to Directly Opposite Testimony in Justice Court.

Jacob Rehuel of St. Jacques was arraigned before Judge Glaser Tuesday morning charged with assault and also with pointing a gun at Mrs. Martha Griffen. Six witnesses appeared in court. Three of them testified that Rehuel had assaulted Mrs. Griffen and pointed a gun at her and the other three testified just the reverse saying that Rehuel had not assaulted the complainant and that he had never seen a shot gun in his hands.

Because of this conflicting testimony Judge Glaser dismissed the case. The case seems to be the outburst of a family quarrel of long standing.

### PUGILIST IN CITY

"Young" Sharkey Was Here Arranging Bout at Houghton.

"Young" Sharkey well known in pugilistic circles throughout the west was in Escanaba this week arranging for a bout between Pat Ryan, the Escanaba boxer and "Young" Nelson at Houghton on Nov. 8.

"Young" Sharkey himself has a remarkable boxing record and is a very hard proposition at 130 pounds. In his last battle at Houghton two weeks ago he sustained a cracked jaw.

### DIVORCE WAS GRANTED

Mrs. Cora Voorhis of Gladstone Given Divorce From Husband.

Mrs. Cora Voorhis of Gladstone was granted a divorce from her husband Clayton Voorhis in circuit court Tuesday. The case has been in court for some time and has attracted no little attention. For alimony the court decreed that Mrs. Voorhis should receive the sum of \$1000.

### Death of Old Resident

William Dausey, one of the oldest residents of Escanaba township died on Sunday last at his home on a farm in that township. He was 68 years of age and is survived by two children who live in the vicinity of the family home in Escanaba township.

The funeral was held from St. Joseph's church Tuesday morning at eleven o'clock.

### Got Dividend Checks.

398 customers received dividend checks last week at the Fair Savings Bank, in other words they got back 2 per cent of all they spent in the store, as shown by their slips. These sale slips will again be redeemed Dec. 28th, 29th and 30th. All slips not redeemed at our anniversary sale will be redeemed on above named dates.

### Bens Theatre.

Benjamin Salinsky reports that the patronage of the new theatre is keeping up as well as it was during the opening week. Next week the following attractions will appear, "The Three Hazlets," "The Zimmermans," "Nibbe & Bordoux." On Tuesday night election returns will be received and read from the stage.

### False Report

Through mistake a false report was circulated at Hancock last week that the Escanaba High School foot ball team had withdrawn from the Upper Peninsula interscholastic race. Escanaba has been far from satisfied from the schedule but no thought of withdrawing from the race has ever been entertained here.

### Violated the Game Law

Game Ward-n Robbins and Deputy Sheriff Gleason of Dickinson county arrested Aloys Rempel, Arthur Welch Ed. Kalisch and Porter Plumley at Channing last week for violation of the game law. The men were taken to Iron Mountain and arraigned before Justice Woodward. A conviction was secured in each instance and a fine inflicted.

### Killed by Cars.

Word was received in Escanaba yesterday that Leonard Sundblad of IshpeMING republican nominee for county treasurer in Marquette county died from injuries received by falling beneath a train from which he was alighting.

### WHITECAPS

### AT GLADSTONE

Threatening Letters Received by Several Persons in that City.

### CAUSES MUCH TALK

Object of Letter Was to Frighten Family of Mrs. Ryan to Leave City.

A great deal of talk has been caused at Gladstone during the past ten days by what looks like an attempt on the part of a certain person or band of persons to force a family to leave the city. Letters purporting to be from a band of Whitecaps have been received by several persons in that town and all of the letters threatened violence unless a certain course of action was pursued against the family in question.

The family against which these anonymous letters was directed was that of Mrs. Wm. Ryan. Over a month ago Mrs. Ryan received a letter telling her to leave the city at once with her family or suffer the consequences. The letter was signed "Leader of the Band of Whitecaps." Mrs. Ryan paid but little attention to the letter at the time. Shortly afterwards a letter was sent to the firm of P. & H. B. Laing who own the building which Mrs. Ryan occupied stating that unless they would put Mrs. Ryan out of their building the place would be dynamited. The letter was also signed "Leader of the Band of Whitecaps." About ten days ago I. E. Shelley who conducts a dry-goods store below the rooms occupied by Mrs. Ryan and family received a letter warning him that the building would be dynamited if Mrs. Ryan was allowed to stay there. A communication next appeared in the Gladstone Reporter which advised the family which had received notice to leave town to do so at once and avoid trouble.

This was also signed "Leader of the Whitecaps." Editor Champion says he found the notice in his letter box. Last Sunday night Mrs. Ryan left town and no one seems to know her whereabouts. The letters have been turned over to the postal authorities and the case will be investigated. It is believed by many that the letters were sent by someone who had a personal grudge against the Ryan family and the thought that a band of whitecaps sent the letters is quite generally ridiculed.

### PLAY AT GLADSTONE

Escanaba Will Use Light Men Against Gladstone High School

A foot ball game will be played tomorrow between the Escanaba and Gladstone High School teams. As Gladstone has a lighter team than Escanaba, only the lightest men on the squad will play in this contest.

Following will be Escanaba's lineup for the game:

Hessel f. b.; R. Mead r. h. b.; H. Atkins l. h. b.; H. Mead, q. b.; M. Walsh, c.; Belland l. g.; Good, r. g.; Tolan, l. t.; Lowell r. t.; Lehr, r. e.; A. Robinson, l. e.; Jno. Woodham, C. F. Carey, R. E. Hodson officials.

### GRAND LECTURER HERE

Masons Conferred Second and Third Degrees Thursday.

Frank T. Lodge of Detroit, Grand Lecturer for the Masonic order in Michigan was in the city Thursday on business with the lodge in this city. Special meetings were held in the afternoon and evening at which time work in the blue lodge was taken up and the second and third degrees conferred. A number of Masons from Gladstone came over at night on the steamer Lotus, which was chartered for that purpose. The degree work in the evening was conducted by the Gladstone members.

### FIRE SHOT GUN

Gladstone Man Shoots at Intruders on Halloween

Martin Weing, a well known butcher of Gladstone, was arrested Tuesday for firing a shot gun at a number of persons who invaded his premises on Halloween. Mr. Weing pleaded guilty to the charge of firing off a gun within the city limits and was fined \$10.00 and costs. Mr. Weing's action is not criticized as he has been made the victim of Halloween pranks regularly in the past, and has suffered considerable loss of property thereby.

### Tug Burns and Sinks.

The tug Bruce, owned by the Ford River Lumber Co., took fire Tuesday night while lying near the Reiss Coal Co.'s dock and to save her she was scuttled. The craft sank in about thirty feet of water. Her machinery will probably be recovered. Wm. King a member of the fire department, was on the tug as it sank and he narrowly escaped being drowned.

### COUNCIL MEETING

Many Matters Discussed by City Fathers Tuesday Night.

A petition was received from a number of taxpayers asking for a street light and a fire alarm box at the corner of Corcoran street and Murray avenue. The petition was referred to the street committee.

The liquor dealer's bond of Arthur Mineau was approved.

A report from the city treasurer was received and showed cash on hand amounting to \$961.97. The treasurer also reported that he had received from fines \$35.00, from sidewalk assessments \$12.16, from personal taxes \$149.69, and from sewer taxes \$395.51.

A report was received from Justice Glaser showing \$45 collected in fines. Most of the offenders were fined for being drunk and disorderly.

The report of street commissioner Erick Anderson was received and showed the sum of \$427.65 paid out for material and labor.

The report of the poor commissioner showed an expenditure for last month of \$300.35.

The Board of Public Works recommended that bills against the lighting plant amounting to \$2800.25 be paid. The same was ordered paid by the council.

A bill of \$589.10 against the city for lights for city buildings was presented by the Lighting plant. This bill was ordered credited to the plant on the overdraft and a portion of the bill amounting to \$41.10 for lights in the public library was ordered taken from the lighting fund.

A report from the board of Park commissioners was received with bill amounting to \$463.40 which was ordered paid by the council.

City Engineer Zane's report on the amount of work performed by Joseph Flemming on Hale street and Stephenson avenue showed that \$3810.60 was due Mr. Flemming. This was allowed less 20 per cent.

A resolution to release the bonding company on the bond of Joseph Fleming for the work on Sarah street was introduced by Alderman Smith. This question provoked considerable discussion some aldermen holding that while everything was no doubt all right, yet it looked like poor business policy to release the bond until the 60 days, in which suits to collect bills for material and labor may be begun, had expired. The council finally decided to release the bond.

### GIVES ESCANABA CREDIT

Says Game was Fairly and Squarely Won By Best Team.

The following from the IshpeMING correspondent of the Marquette Mining Journal is of interest to Escanaba readers:

The foot ball team of the IshpeMING High school was beaten, and beaten badly, at Escanaba Saturday afternoon, but the defeat was no disgrace, Escanaba certainly having one of the strongest high school teams of the year. She has a line that combines weight and charging qualities worthy of a small college. Her backs are heavy, fast and experienced, and these forces combined sent IshpeMING down in defeat by the score of 0 to 30.

Despite the heavy odds against them, not once did the IshpeMING boys give up, and they seemingly gained strength as the game progressed. The hurdling of Riley and the quick dodging runs of Semer, for Escanaba; the hard tackling of Steyer and Johnson, and the punting of Walters, for IshpeMING, were the features of the game. Individually and collectively the IshpeMING boys put up the best game they have played this year. The game was devoid of wrangling and every member of both teams attended strictly to business. IshpeMING was defeated fairly and squarely by a heavier, faster and more experienced set of players, and the team may congratulate itself upon the score as it was.

### Drowned in Hay Lake

Captain Joseph Taylor, of the tug Sioux, reports the death of Sam Erickson, a scowman, whose home is in Escanaba, by falling overboard in Hay lake near the Soo. It is not known just how the fatality occurred. The first knowledge the crew of the tug had of the accident was when the fireman heard a cry from Erickson's companion on the scow which the Sioux had in tow. The two had been engaged in winding in the tow line when Erickson suddenly disappeared overboard. He was going down when the fireman looked back and the body never rose to the surface again.

### W. C. T. U. Notes.

The union will meet at the home of Mrs. L. A. Cates 410 Maple St. Thursday 7 Nov 10.

The meeting at the home of Mrs. Cox held last Monday was well attended; the afternoon was spent in making comfort bags while one of the members read aloud articles of interest bearing upon the work of the organization.

The hospital work is being carried in regularly and more literature is wanted for distribution.

Another pantry sale will be held at Mead's drug store, Saturday Nov. 5.

## GOES TO COURT OF INQUIRY

DANGER OF WAR BETWEEN ENGLAND AND RUSSIA AVERTED.

Question of Responsibility for North Sea Affair to Be Submitted to Arbitration.

London, Oct. 29.—All danger of war between Russia and Great Britain has been averted, and the settlement of the only points in dispute regarding the attack by the Russian second Pacific squadron on British trawlers October 21 has been referred to an international commission under The Hague convention.

Premier Balfour, speaking at a meeting of the national union of conservative clubs at Southampton Friday night, broke that silence which had been so long preserved and had brought the people of the United Kingdom to a condition of almost desperate irritation, and given rise to misconceptions which Mr. Balfour himself exposed.

"The Russian ambassador," said Mr. Balfour, "has authorized a statement to the following effect: The Russian government, on hearing of the North sea incident, at once expressed its profound regret, and also promised most liberal compensation. The government has ordered the detention at Vigo of that part of the fleet which was concerned in the incident, in order that the naval authorities might ascertain what officers were responsible for it; that those officers and any material witnesses would not proceed on the voyage to the far east; that inquiry would be instituted into the facts by an international commission as provided by The Hague convention. That, Mr. Balfour interpolated, had nothing to do with arbitration. It was the constitution of an international commission in order to find out the facts, and any person found guilty would be tried and punished adequately. The Russian government undertook that precautions would be taken to guard against recurrence of such incidents. Special instructions on this subject would be issued.

Preliminary to this court, said Mr. Balfour, there would be the coroner's inquest at Hull over the dead fishermen, a board of trade inquiry and an inquiry by Russian officials at Vigo. The board of trade inquiry would be specially constituted by the British government to include representative men. The Russian embassy had been asked to send a representative and give assistance. Apology and compensation having already been offered, nothing now remains but to determine which account is correct, Rojestvensky's or the trawlers'. Mr. Balfour plainly said that Thursday evening Russia and Great Britain seemed to be on the brink of war, and yet gave the frankest praise to the attitude preserved throughout by the emperor and Russian government.

While the premier was unable to praise the pacific attitude of the government too highly, he bitterly assailed Rojestvensky's report, declaring that it was an insult to Great Britain as a neutral nation, and ridiculed its probability.

Throughout the affair the influence of the recent Anglo-French understanding has been a potent element and Ambassador Cambon, whether acting personally or in behalf of the French government, has been indefatigable in using his close relationship with both the British government and in the Russian embassy to bring about an honorable settlement.

St. Petersburg, Oct. 29.—There is a feeling of profound relief in higher government spheres and diplomatic circles, where the knowledge existed that the grave crisis in the relations between Russia and Great Britain over the North sea incident has happily been avoided by a decision to submit the issue to a commission to be created under the articles of The Hague convention.

#### OHIO PRELATE IS DEAD.

Archbishop of Cincinnati, William Henry Elder, Succumbs After Short Illness.

Cincinnati, Nov. 1.—Archbishop Elder died at 11:55 o'clock Monday night. The end was peaceful and without pain. The archbishop was surrounded by sisters of charity and Coadjutor Archbishop Moeller led in the prayers during the last moments of the prelate's life. Coadjutor Archbishop Moeller succeeds at once to the office of archbishop of Cincinnati, as he was appointed by the pope with that understanding at the request of Archbishop Elder.

The funeral will be held from St. Peter's cathedral in this city one week from to-day. The 14 archbishops of the United States and also Cardinal Gibbons are expected to attend. Archbishop Elder was not only the oldest prelate in years, but also in tenure of office in this country. He had presided over this archdiocese for a quarter of a century, and previously was almost as long a bishop in the South.

## THE TICKETS.

Nine Candidates for President in the Field for Suffrages of the People.

New York, Nov. 1.—Nine national political conventions were held this year, and nine candidates for president and vice-president of the United States were nominated, but only six electoral tickets will be generally voted for one week from to-day. Besides "the two great political parties," seven others made nominations—people's, prohibitionist, socialist labor, continental (labor), national liberty (negro), and Lincoln (negro). The two negro parties, however, apparently ended their work when the national conventions adjourned, as no electors have been selected, or at least none will appear on any official ballot. The continental party seems to be confined to Illinois, and, perhaps, to Chicago, the place of its origin.

The terms of 30 United States senators expire March 4 next. Seven of the vacancies have already been filled, and the legislatures of 23 states to be elected November 8 will fill the other 23. Members of the house of representatives are to be voted for in all except three states—Maine, Vermont and Oregon—which have already elected their congressmen.

In 27 states a governor and all, or nearly all, the elective state officers are to be chosen; in five states minor state officers are to be selected, and in 13 electors are to be voted for. South Carolina enjoys the distinction of having only one ticket in the field. All the other states have from four to six, Illinois leading with seven. There are three republican tickets in Delaware, but only one variation in the names of the candidates, the nominee for governor of the "regulars" refusing to abide by the decision of the factional conference which resulted in the withdrawal of the "union" candidate and an agreement upon a compromise ticket. The republicans in Wisconsin will have a choice between two tickets for state officers, the "stalwarts" having decided to keep up their fight against La Follette. The electors on both tickets, however, are identical.

The democrats and people's party, or populists, fused on the state ticket in Kansas and Nebraska, but in both states the people's party named separate presidential electors. In Nevada the democrats and one wing of the silver party divided the minor state officers to be voted for, but the "stalwart silver" men put up their own electors.

The people's party, which endorsed Mr. Bryan in 1896 and 1900, has an active organization in 33 of the 45 states, the nominees for state officers and electors being on the official ballot in 12 states, and for electors in 20. Efforts to this end were made in a number of other states, but the requisite number of signatures to petitions were not obtained.

The prohibitionists have electoral and state tickets in 27 states, and electoral tickets in 12 others—one less than in 1900.

The socialists (called in some states social democrats) have electoral and state tickets in 32 states, and electoral tickets in 11 others—11 more than in 1900.

The socialist labor party have whole or part electoral and state tickets in 12 states, and electoral tickets in two others—six less than in 1900.

#### The Tickets.

The following are the tickets nominated by the different parties. Where a ticket is incomplete no nominations were made:

Republican.—President, Theodore Roosevelt, New York; vice president, Charles W. Fairbanks, Indiana.

Democratic.—President, Alton B. Parker, New York; vice president, Henry G. Davis, West Virginia.

Prohibition.—President, Silas C. Swallow, Pennsylvania; vice president, George W. Carroll, Texas.

People's.—President, Thomas E. Watson, Georgia; vice president, Thomas H. Tibbles, Nebraska.

Socialist.—President, Eugene V. Debs, Indiana; vice president, Benjamin Hanford, New York.

Socialist-Labor.—President, Charles H. Corrgan, New York; vice president, William W. Cox, Illinois.

Continental (labor)—President, Austin Holcomb, Georgia; vice president, A. King, Missouri.

National Liberty (negro)—President, George E. Taylor, Iowa; vice president, William C. Payne, Virginia.

Lincoln Party (negro)—President, E. P. Penn, West Virginia; vice president, John J. Jones, Illinois.

## HAPPY WOMEN.

Mrs. Pare, wife of C. B. Pare, a prominent resident of Glasgow, Ky., says: "I was suffering from a complication of kidney troubles. Besides a bad back, I had a great deal of trouble with the secretions, which were exceedingly variable, sometimes excessive and at other times scanty. The color was high, and passages were accompanied with a scalding sensation. Doan's Kidney Pills soon regulated the kidney secretions, making their color normal and banished the inflammation which caused the scalding sensation. I can rest well, my back is strong and sound and I feel much better in every way."

## WILL HAVE BIG INFLUENCE

Advent of Big Boat May Revolutionize Ore Carrying Trade.

## MANY NEW BOATS

Owners of Small Boats Perplexed at Outlook Which Seems to be Very Unfavorable For Them.

There has been much comment says the Marquette Mining Journal among men interested in the marine and in ore shipments on the great number of contracts let during the past few weeks for modern freighters of the Wolvin type, and general agreement that the advent of such a large fleet of giant ships is going to have a big influence on the conditions of ore carrying next season. Over twenty ships of 500 feet length, with beam in proportion, have been contracted for, to be launched early in 1905. The Wolvin has been the only ship of this class during the past year. However, next season the 500-footers will be so common as to hardly create comment, and they will begin to make their appearance in this port. Heretofore the larger ships have been regularly in the ore carrying trade between the head of the lakes and the lower ports, and it has been the exception to see them in Marquette harbor. At least one of the new ships will doubtless be a regular caller here. Reference is made to the craft contracted for by the Cleveland Cliffs Iron company. Others of the modern fleet will also make this port with considerable regularity.

The scramble to place orders for these mammoth ships can be ascribed to the success of the Augustus B. Wolvin. Stockholders in this great craft have, it is said, already received two dividends of 3 per cent each.

The Wolvin has made seven trips, having started late in the summer, and it has made a net profit of \$30,000. Yet freight rates have been unusually low this year; many steamers have and difficulty in getting cargoes, and some are several thousand dollars in debt as a result of a season's work.

Doubtless the big corporations which have ordered the twenty or more

freighters of the Wolvin's size had their plans all made months ago, and were only waiting for the Wolvin to demonstrate the value of building ocean steamers for lake traffic.

### SMALL OWNERS ARE PERPLEXED.

An actual panic exists among owners of freighters of 1,000 to 2,000 gross tons. It has been growing more acute as additional orders are placed for mammoth vessels of the Wolvin type, until now every man in the harbors of the Great Lakes is asking, "What is to become of the old steamers?" One fear prevails--that the steamers which ten years ago were the pride of the lakes and which five years ago made large profits, have outgrown their usefulness and must rot at the docks. So gloomy does the situation look that it is pathetic to hear owners and captains talk about it.

Every impediment to the successful operation of small steamers in coal, ore and grain trade seems to be growing. The Wolvin type of steamer will have the advantage in every possible way, and it does not seem probable that even with a good year in 1905 there will be business for the small boats. They cannot turn to carrying other products, for there are few of consequence. The lumber trade is already overcrowded. Doubtless some steamers will be sold to Atlantic coast trade. There is no sale whatever for them on the lakes.

The score of new steamers which will come out next spring will carry from 3,000 to 12,000 tons of coal, or three to six times as much as most of the steamers built a few years ago. The expense of running them is little more than that of running the small vessels. The effect of putting them into commission will be both to lower the present all too low rates and to take away the business that dozens of small steamers would do. It is believed by some captains that in five years a large proportion of commission officers will have to go out of marine business, as there will be three or four times as many officers as there are steamers. Already the effect of large steamers has been to compel small steamers to take aboard a class of worthless sailors and deck hands. Good men seek the large steamers.

### WOLVIN'S EXPENSES ARE WATCHED.

The expense of operating the Wolvin has been closely watched. It carries a captain, two mates and three engineers as commissioned officers. A steamer which carries one-fifth as large a cargo must carry four commissioned officers.

The number of the crew on a small steamer is almost as large as that on a large one. The cost of cooks is just the same. Provisions and coal will not cost much more for the large steamer.

With modern loading and unloading devices the large steamer can be loaded and unloaded so as to make almost as many trips during a season as can the small steamer.

A well known captain says that at the end of the season he will offer his resignation on the ground that he cannot endure to run a vessel, even though its profit on loss does not concern him, at the loss that seems certain to occur. Six years ago he made \$4,000 during a season with a \$40,000 boat. Today the boat is in as good a shape as it was then and this season the steamer has lost \$1,000.

With the increase in the number of huge steamers, he says that a captain of small steamers has to put up with every form of insolence, idleness and drunkenness from the crew. He can get only the poorest men. He cannot make them work for fear of labor unions. He no longer makes a pretense of compelling the cooks to cook or keep the kitchen clean. He says that the life of a captain on a large trust boat is little better, as he cannot turn around without wiring the company for permission.

### MESSAGE FROM DEAD

Message in Bottle Tells Story of Ill Fated Steamer.

After more than three years a message has been received from the ill fated crew that went down with the steamer Hudson off Eagle Harbor September 19, 1901. It is a message from the dead, a message that has floated on the waves of Lake Superior three years and more at last finding its way to eager eyes. Edward Switzer of Bay Mills found the message in a bottle floating on the water near the shore off the Iroquois light. It read: "Capt. of steamer Hudson. Steering engine gave out, we are all going Good by."

This is the first light thrown on the cause of the wreck of the Hudson. During a heavy wind she went down with all hands on board. The last time she was seen was in the trough of the sea, helpless. But it was never known how she came to be disabled. She went down, taking 24 souls into eternity.

## THE PROTECTION OF SUCKERS.

The postal department is continually extending the scope of its operation for protection of the public from swindlers who make use of the mails to reach their victims. This is rather a thankless task when the confidence men find easy victims at every turn.

Every time a mail is stopped the persons to whom it was addressed get a lesson in the theory of swindling that is cheaper, if less effective, than the practical lesson of loss of their money. Meanwhile the department keeps its own conscience clean by refusing to be an instrument of fraud and by setting the public an example of prudence.

The worst of these laws permitting the censorship of the mails is the new opportunity they open to graft; but the lesson administered last summer will probably keep that in bounds for a time.

This postal censorship is a growth of the last few years. The postal department used to leave the sucker to the stern law of survival of the fittest.

The ordinary swindling, get-rich-quick enterprises thrive without check. We believe it was the impudent publicity of the New Orleans lottery that first directed attention to the efficiency of postal fraud orders as a prevention, even before Louisiana grew virtuous enough to deny it a charter. But the lottery was a "square game" compared with the race track and stock investment companies that flourished so vigorously in St. Louis and other places last summer.

Now things have come to such a pass that one cannot start a "daisy chain" of letters for extraction of pennies from children or dimes from women who are filled with a generous animosity against cigarettes or the liquor devil without having his mail held up in the postoffice. There have been many attempts to establish the sanctity of swindling mail in the courts, but they have all come to naught, and there is no knowing where the thing will stop.

The last development is a crusade against newspapers and other advertisement of what are called "fraudulent nostrums" when sent through the mails. That popular notion of the educated as well as the ignorant, is that one "patent medicine" is much the same as another; but it seems that medical science recognizes a difference.

The republican state ticket is conspicuously a young men's ticket. Patrick H. Kelly, for superintendent of public instruction, is 37; John E. Bird, for attorney general, is 38; Fred M. Warner, for governor, 39; Geo. A. Prescott, for secretary of state, and Frank P. Glazier, for state treasurer, are 42; James B. Bradley for auditor general, is 46; Luther L. Wright, for board of education, 48; and only two in the whole list are above 50—Alexander Maitland, for lieutenant governor, and Wm. H. Rose, for land commissioner, each 60. The average is 45½. All are in the prime and vigor of manhood. They are men of today abreast with the times; they are men of today, matured, but not decayed; in sympathy with the purposes of the age,

and responsive to its demands. Such a ticket appeals powerfully to the sympathy and support of the alert young manhood of the state, and every first voter will ally himself with enlightened progress when he marks his cross at the head of the ticket, below the honest and beloved face of Abraham Lincoln.

All the western universities should unite in one effort to eliminate betting from the game of football. One college has already taken a step in this direction, but it will need the combined power of every faculty to make a success of it. Football being the representative college sport, there should be no speculative ends connected with it, and if stringent rules were adopted, students would be quick to drop the gambling habit. It would be impossible of course, for the colleges to hold outsiders in check. A man is free where he has no connection with an institution, but the bulk of betting is being done every season by the students who believe their favorites unbeatable, and who are willing to pay tribute for the sobriquet of "dead game sport."

The practice has now spread to an alarming extent and unless the colleges take some action, it will soon develop into an evil, where the matter of checking it will be an impossibility. There are other branches of sport where a man can get a run for his money. But the college sport should be above this standard.

Ex-Senator Marion Butler, chairman of the populist national committee several years ago, has been making speeches in Indiana for Roosevelt and has visited nearly all the strongholds of populism. He says that the populists of this state and many free silver Democrats will vote for Roosevelt. "They know," he says, "that their party has been betrayed to the trust influence and bond syndicates. They know that Mr. Bryan is forced to be regular to be in a position to try to redeem their party four years hence. Therefore, they do not blame him for supporting Parker, but they see no reason why they should do so. They know that it is for the best interests of the county as well as for their party for them to defeat Parker. They knew that you can not reform a party by indorsing and putting in power those who have betrayed the party."

The report of the commissioner of education for the year ending June 30 1904, shows that 16,009,461 children, or 20 per cent of the population, attended school during that year. At that compared with the population showed a decrease. The total cost of the public school system is given as \$251,457,625, an increase of \$16,000,000 over the previous year. It amounts to \$3.15 per capita of total population and \$22.65 per pupil.

These stupendous figures graphic ally illustrate the importance of the place given to popular education in America. Yet there is no indication that we have reached the period of greatest school expansion. The schools are constantly being made larger and better, and there is a tendency to increase the period of instruction until it is a long as material conditions make feasible.

Between fifty and sixty-five thousand Japs and Russians have been killed since the opening of the war and the slaughter has only begun. No matter which nation wins it seems that the mothers of Japan and Russia will lose. For high class and wholesale ruffianism war certainly has the long and short distance records.

The funeral was held Sunday from the Catholic church, Father Corcoran officiating.

U. P. Beets Stands the Test.

Judge William M. Snell of the Soo has received an analysis of sugar beets recently sent to the Sanilac Sugar Refining company, which is of a flattering nature. The letter was written by Manager G. G. Scanton and praises the percent sugar and in purity 96.1 percent.

Mr. Scanton says they are worth \$5.27 per ton. As the difference between a chemical test and a factory test is generally marked, it is considered that these beets, which were raised in Chippewa county this year, show remarkable value. This test is better than 15 per cent test at the Agricultural college, from the fact that all theoretical features have been eliminated.

Judge Snell has been one of the most energetic workers in behalf of the establishment of a sugar beet factory at the Soo and as a result of the experiments this year he is greatly encouraged.

Its Influence Has Been Felt by so Many Escanaba Readers  
The soothing influence of relief. After suffering from Itching Piles. From Eczema or any Itchiness of the skin.  
Makes one feel grateful to the remedy.  
Doan's Ointment has soothed hundreds.  
Here's what one man says:  
Geo. Steltz who lives at 625 Washington street, Wausau, the sexton of the Wausau cemetery says: "While working in the cemetery with my sleeves rolled up not long ago, before I knew the sun burned my arms so badly that they were covered with white-water blisters. It is so much easier to tell this than to describe the painful feeling. It had occurred before and reaching home I took down a liniment from my shelf which I usually employed and I was about to treat both arms with it when I thought of Doan's Ointment in the house I would see if that preparation acted up to the claims made for it. I used the liniment on one arm and the ointment on the other concluding to remain neutral myself and let Doan's Ointment and the liniment fight it out. The next morning the arm treated with the ointment was entirely cured while the other was still sore. That was sufficient for me, so I used the ointment for either itching hemorrhoids or eczema, an affliction which has annoyed me for a month. It cured me.  
Just such emphatic endorsement can be had right here in Escanaba. Drop into Mead's drug store and ask what their customers report.  
For sale by all dealers. Price 50 cents. Foster-Milburn Co. Remember the name Doan's and take no substitute.

After Everything Else Has Failed.

After physicians have tried in vain and finally said, "I can't cure you," after dozens of other medicines have not given even temporary relief, in absolute hopelessness, Dr. Gossom's Kidney and Bladder Cure has, as a last resort, been "tried" and never in all its record of forty-two years has it failed to cure any and every disease for which it was intended.

**Dr. Gossom's Kidney and Bladder Cure** is positively guaranteed to quickly and permanently cure Bright's Disease, Backache, Dropsy, Gravel, Diabetes, Rheumatism, Gout, Weak Heart, every Urinary Disorder, Aching Pains over the Hips and Kidneys, Dimmed Vision, Periodical Headaches, Pain in Urthra, Despondency or "Blues," Sallow Complexion, Foul Breath, Bad Taste in the Mouth, in fact all Irregularities caused by and associate symptoms of Bladder and Kidney Trouble in any form. No matter how long you have suffered, nor how terrible your affliction may be, Dr. Gossom's Kidney and Bladder Cure will cure you. It eradicates totally and completely any irregularity or symptom of Kidney and Bladder Trouble and puts those most vital organs in as perfect and healthy condition as in childhood. It never fails.

**It is Guaranteed to Cure**  
It destroys the very roots of these diseases. It fortifies the body against the attack of disease germs of every kind. It tones up, renews and invigorates the entire system. It is the only remedy in the world which completely and permanently drains out of the blood every particle of Uric Acid, Urates, etc., which cause these terrible diseases. It has cured thousands of others. It will cure you. Why shorten your life by neglect when health can be yours now.

**Had Almost Given Up in Despair.**  
Dr. Gossom's Kidney and Bladder Cure Brought Health.  
It is with a feeling of thankfulness that I write you this letter, and if it will be of any benefit to suffering humanity, you have my permission to publish it.  
I was suffering with my kidneys when I saw your advertisement offering a free sample of Dr. Gossom's Kidney and Bladder Cure. I got the sample and was so much pleased by it that I continued taking the medicine, and now I am entirely well. I had tried many things to relieve me of the awful pain in my back and when I had almost given up in despair, Dr. Gossom's Kidney and Bladder Cure brought the relief for which I had longed.

# GAINS THIRTY POUNDS

MRS. WEBER TELLS HOW SHE WAS HELPED WHEN DOCTORS FAILED.

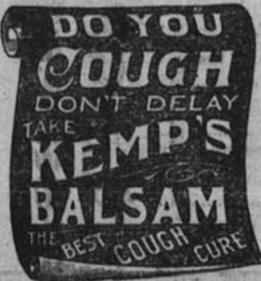

She Let Her Trouble Become Chronic Because She Hesitated to Consult Her Physician—Fruitful of a Remarkable Case.

The natural reluctance which every woman feels to consult a physician regarding troubles peculiar to her sex caused Mrs. C. Weber, of No. 7653 South Front street, Columbus, Ohio, to let her illness run on until it became chronic, and even the excellent doctor whom she employed could give her no relief that was permanent. She gives the following details of an interesting case:

"I felt the trouble a long time before I went to our doctor, perhaps a year or more. When I did consult him he told me I had female trouble. I felt sharp pain through my stomach and could not walk across the room without suffering agonies which I cannot describe. My head ached so that it fairly thumped and at times it seemed that I would go crazy. My stomach became so weak that it would retain only the lightest food. Week after week I took the doctor's medicine, but I continued to feel worse and worse. On several occasions I was confined to my bed for a week at a time. My weight decreased to 103 pounds and I seemed a confirmed invalid.

"One day I read of a case similar to mine that had been cured by Dr. Williams' Pink Pills for Pale People and, although I did not have much confidence, I began taking the pills, having already discontinued my doctor's treatment. While I was taking the second box I began to feel a little better and the improvement continued until I was cured. In a few months I had recovered my health and strength and weighed 133 pounds. I owe everything to Dr. Williams' Pink Pills."

No discovery of modern times has proved such a blessing to women as Dr. Williams' Pink Pills for Pale People. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health in the exhausted patient when every effort of the physician proves unavailing. These pills are sold in boxes at 50 cents a box, or six boxes for \$2.50, and may be had from all druggists, or direct from Dr. Williams Medicine Co., Schenectady, N. Y.

It Cures Colds, Coughs, Sore Throat, Croup, Influenza, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in its early stages, and a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by druggists everywhere. Large bottles 25 cents and 50 cents.

## Western Canada's Magnificent Crops for 1904

Western Canada's Wheat Crop this year will be 60,000,000 bushels, and wheat at present is worth \$1.00 a bushel. The oat and barley crop will also yield abundantly.

Special prices for all kinds of grain, cattle and other farm produce for the growing of which the climate is unsurpassed.

About 150,000 Americans have settled in Western Canada during the past three years.

Thousands of free Homesteads of 160 acres each still available in the best agricultural districts.

It has been said that the United States will be forced to import wheat within a very few years, secure a farm in Canada and become one of those who will help produce it.

## FIRED BY JAPANESE SHELLS

CONFLAGRATION IN PORT ARTHUR DUE TO BOMBARDMENT.

Buddhist Temple Hill Near Mukden Captured by Japs, but Is Retaken.

Chefoo, Oct. 31.—The third general attack on Port Arthur began October 24, according to unimpeachable authority. On October 26 Japanese shells set fire to the only smokeless powder magazine in Port Arthur. Portions of the town caught fire, the conflagration continuing the whole day. On October 26 the Japanese captured the Russian trenches on the slope of Rihlung mountain, also a fortified position protecting that fortress. The Japanese consider the progress of the siege to be highly satisfactory.

Mukden, Oct. 31.—The attack by the Japanese on the Buddhist temple hill on October 27 led to sharp fighting. The Japanese artillery played on the position from early in the morning, rendering the trenches untenable, shells and shrapnel sweeping everything and demolishing all the shelters. Two machine guns with the battalion defending the hill were smashed and disabled, but the defenders carried off the remains of the guns when they were forced to retire. The Japanese infantry attack under cover of the bombardment was made in close order. There was a desperate hand-to-hand fighting in the trenches, followed by a counter attack with the bayonet. The Japanese finally gained the hill, but were unable to hold it in the face of the deadly Russian artillery fire.

St. Petersburg, Nov. 1.—Everything indicates that both the Japanese and the Russian armies south of Mukden are ready for a resumption of hostilities, if indeed fighting has not already begun. Gen. Kuropatkin reports that the Japanese have received reinforcements from the south and Fenwangcheng. Their concentration seems to have been accomplished, and they are ready to resume the offensive both east and west of the railroad. There is no official estimate of the strength of the Japanese reinforcements, but correspondents place it at from 40,000 to 60,000. It is believed that the Japanese force has been very largely augmented both from Port Arthur, where an engineering siege has been begun, and Japan, from whence it is understood every available man is being drafted. It seems to be assured that the Japanese will be able to meet Gen. Kuropatkin on almost if not quite an equal numerical footing. The mere fact that they are again threatening a double flanking movement indicates Field Marshal Oyama's confidence in the sufficiency of the force at his disposal.

Dispatches indicate the resumption of fighting on both extremities of the Russian front. The night of October 30 the Japanese attacked the Russian entrenchments east of Sinchinpu, but were repulsed, though the bombardment continued throughout the night. A Japanese advance has also begun against the Russian positions at Tunganon, a mile and a half north of Bentislaputze, where they encountered a heavy Russian force.

Indicted for Murder. Newcastle, Ind., Nov. 1.—The grand jury on Monday returned an indictment against Haley Gipe, charging him with the murder of Mrs. William Starbuck and little daughter, who were found in an abandoned well on the night of July 9.

Two Men Killed. Carbondale, Ill., Oct. 28.—Joseph Martin and John Glenn, of Chicago, were killed Thursday at Thebes, Ill., by falling 100 feet while at work on an Illinois Central railroad bridge. Martin and Glenn were hoisting iron blocks by means of a derrick from the ground to the top of the bridge. They were riding on an iron beam to the top. When 100 feet from the ground the pulley slipped from the derrick, letting them drop to the ground. Both were mangled. Their bodies were sent to Chicago.

Hollow'en Tragedy. Westfield, N. J., Nov. 1.—Shooting to frighten Hollow'en merrymakers Monday night, a bullet fired by Harold 25. Wilcox, a well-known citizen, struck John Barling, aged 14, in the mouth. He staggered across the street and dropped dead.

Counterfeiter Convicted. Atlanta, Ga., Nov. 1.—P. S. Coffee was convicted of "having plates made and casting to be printed therefrom, spurious money" in the federal court here Monday. Coffee is one of the counterfeiters recently captured in this city.

# HIS NAME IN GOOD BOOK.

Indiana Man Had Been Heard of Even in the Wilds of Colorado.

"Because my name is Lord, I frequently have not a few funny experiences," said J. G. Lord, of Muncie, Ind., according to the Louisville Herald. "One of the most amusing incidents I ever had by reason of my name happened while I was driving from town to town in Colorado. While on the road one day, driving very slowly, for I had plenty of time, I noticed by the roadside a young fellow about 16 years old, dressed in as ragged a fashion as anyone you could ever conceive of. He had on a pair of his father's worn-out trousers, which were cut off at the bottom, and which extended far up on his body, almost to his shoulders. More as a matter of personal amusement than for any other reason, I asked him how far it was to the next town.

"'Bout six miles, I reckon,' he replied.

"I reined up my horse.

"'Do you have any fun out here?' I asked.

"'Yep; heggp.'

"'What is your name?' I asked him.

"'Willie,' he replied; 'Willie Hawks.'

"I started to drive on, but he called after me, asking me to stop.

"'Say, mister,' he asked, 'and what about your name be?'

"'Lord,' I answered; 'Mr. Lord.'

"And then he grinned. He grinned all the way to the armbolts of his father's pants.

"'Why'd you smile?' I asked. 'Have you ever heard of me?'

"'Sure; I've heard pop read of yer in that good book; but I never saw yer afore.'

"And he continued to grin as I drove on."

## LOCAL COLOR TOO STRONG

Sunday School Girl Works Local Hotel Into the Story of Bethlehem.

Seneca, Nemeh county, Kas., is a thriving town of almost 3,000. Travelers thereto, says the Philadelphia Press, put up at the Gilford house, which is a real brick hotel and is regarded by the permanent population as the latest thing in the hotelery line in the northeastern part of the state. To the children of the town it is known as "The Hotel."

So it was that when a faithful Sunday-school teacher endeavored to fix on the minds of her small pupils the story of the birth of Christ she described how Mary and Joseph had come into Bethlehem on the eve of the first Christmas and found the inn full of guests. To make it realistic she used the simile of the town of Seneca and explained how it was just as though the weary travelers had come in from the surrounding country at evening.

Too well she drew the picture, for one young miss was so impressed with the local color that when the Christmas festival came and the superintendent of the school asked for the tale of Bethlehem this young lady started out in this fashion:

"Mary and Joseph came to Bethlehem, but the Gilford house was full—"

She got no farther, however, for the walls of the church rang with the laughter of the audience, which realized that here was local color with a vengeance.

## Cured Her Rheumatism.

Deep Valley, Pa., Oct. 31 (Special).—There is deep interest in Green county over the cure of the little daughter of L. N. Wheeler of Rheumatism. She was a great sufferer for five or six years and nothing seemed to do her any good till she tried Dodd's Kidney Pills. She began to improve almost at once, and now she is cured and can run and play as other children do. Mr. Wheeler says:

"I am indeed thankful for what Dodd's Kidney Pills have done for my daughter; they saved her from being a cripple perhaps for life."

Dodd's Kidney Pills have proved that Rheumatism is one of the results of diseased kidneys. Rheumatism is caused by Uric Acid in the blood. If the kidneys are right there can be no Uric Acid in the blood, and consequently no Rheumatism. Dodd's Kidney Pills make the kidneys right.

A Ray county (Mo.) man bet two dollars that he could twist the tail of a dun-colored mule and escape unscathed. In reply to a telegram from the coroner his father, in the east, wired: "Bury the fool where he is."—Denver Post.

## Tenth Season of the California Limited.

Ten years ago this fall the Santa Fe started its California Limited train on the initial run across the continent. Many improvements have been made in that busy decade. To-day's engines and coaches are much heavier than those of 1894. Millions of dollars have been spent on the track alone—some of it for oil-sprinkled (dustless) roadbed and oil-burning (smokeless) engines. The time is faster, too.

Daily service of the California Limited will be resumed Sunday, November 13, for the tenth season, superseding the present semi-weekly schedule. This is now an all-the-year-round train, between Chicago, Los Angeles and San Francisco, running through Southwest land of enchantment. The time, Chicago to Los Angeles, is about 68 hours, which is fast speed for the 2,353 miles traversed, considering that several mountain ranges are crossed.

It took five New Haven policemen to put a Yale man in a cell the other night, yet some persons contend that university training is valueless.—Philadelphia North American.

## November 15th

The next legislature is expected to take cognizance that trains going in opposite directions on a single track are not to be passed lightly.—Kansas City Star.

Do not believe Piso's Cure for Consumption is an equal for coughs and colds.—J. F. Boyer, Trinity Springs, Ind., Feb. 15, 1900.

The letters of Miss Merkley, whose picture is printed above, and Miss Clausen, prove beyond question that thousands of cases of inflammation of the ovaries and womb are annually cured by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gradual loss of strength and nerve force told me something was radically wrong with me. I had severe shooting pains through the pelvic organs, cramps and extreme irritation compelled me to seek medical advice. The doctor said that I had ovarian trouble and ulceration, and advised an operation. I strongly objected to this and decided to try Lydia E. Pinkham's Vegetable Compound. I soon found that my judgment was correct, and that all the good things said about this medicine were true, and day by day I felt less pain and increased appetite. The ulceration soon healed, and the other complications disappeared and in eleven weeks I was once more strong and vigorous and perfectly well.

"My heartiest thanks are sent to you for the great good you have done me."—Sincerely yours, Miss MARGARET MERKLEY, 275 Third St., Milwaukee, Wis.

## Miss Clausen Saved from a Surgical Operation.

"DEAR MRS. PINKHAM:—It seems to me that all the endorsements that I have read of the value of Lydia E. Pinkham's Compound do not express one-half of the virtue the great medicine really possesses. I know that it saved my life and I want to give the credit where it belongs. I suffered with ovarian trouble for five years, had three operations and spent hundreds of dollars on doctors and medicines but this did not cure me after all.

"However, what doctors and medicines failed to do, Lydia E. Pinkham's Vegetable Compound did. Twenty bottles restored me to perfect health and I feel sure that had I known of its value before, and let the doctors alone, I would have been spared all the pain and expense that fruitless operations cost me. If the women who are suffering, and the doctors do not help them, will try Lydia E. Pinkham's Vegetable Compound, they will not be disappointed with the results."—Miss CLARA M. CLAUSSEN, 1307 Penn St., Kansas City, Mo.

**First Signs**

The first signs of having taken cold are a chill or shiver—a scrapy throat or a sneeze—a disposition to respire and always that tired feeling.

A few doses of Dr. Humphreys' "Seventy-seven" will restore the checked circulation, start the blood coursing through the veins and break up the cold. "77" will also break up colds that hang on and do not yield to other treatment.

"77" cures coughs, colds, grip influenza, catarrh, pains and soreness in the head and chest, hoarseness, sore throat, general prostration and fever.

At druggists, 25 cents each, or mailed.
