ESCANABA, MICIGAN, SATURDAY, SEPTEMBER 5, 1908

NUMBER 34

DR. BREITENBACH HONORED

Name Urged as a Member of the State Board of Health

The Upper Peninsula Medical Society at its meeting at Marquette last week. paid a very high compliment to one of Escanaba's prominent physicians. Resolutions were unanimously passed petitioning the governor-elect of Michigan to name Dr. O. C. Breitenbach as a member of the state board of health. The resolutions as passed were as follows:

"Whereas, The maintenance of health, as it concerns the people of any commonwealth, is a basic need in the furthering of their various activities. and in no small way fosters the happiness of such people, and

"Whereas, The upper peninsula of Michigan, represented by a splendid manhood and womanhood, both heavy tax-payers and interested in the material welfare and prosperity of this section of the state, has in the past been allotted no representation on the state board of health, the official body counselling public h e a l t h needs; therefor be it

"Resolved, That we the undersigned officers and members of the Upper Peninsula Medical society, and other taxpayers of Michigan, respectfully petition the governor-elect for such representation of said board; and be it further.

"Resolved, That we heartily endorse and respectfully petition for the appointment of Dr. O. C. Breitenbach of Escanaba, who has rendered not alone Escanaba, but the entire peninsula inestimable service in furthering public health work."

Were Wedded Tuesday

Miss Alma Hammond of Escanaba and Mr. Oliver Ferrier of Foster City were united in marriage at St. 'Anne's church at 8 o'clock Tuesday morning, the Rev. Father Menard officiating. Miss Laura Laviolette attended the bride as bridesmaid and Mr. Emmanuel Lalonde acted as groomsman. After the ceremony an elaborate wedding breakfast was served. At 11 o'clock Mr. and Mrs. Ferrier left for Milwaukee on a short wedding trip. After visiting in that city for two weeks they will return to Foster City and make their

The bride came to Escanaba from Rimouski, Quebec, two years ago and as a large circle of friends in the city Mr. Ferrier is a well known camp cook having a great reputation as a chef.

GLADSTONE MAN DIES

Peter Moody Succumbs to an Attack of Hemorrhage of the Lungs

Peter Moody, a well known resident of Gladstone, died suddenly about 6:00 o'clock last Monday evening of hemorrhage of the lungs, being stricken while in his place of business and the end coming in a few moments. The deceased, who was an unmarried man about fifty-five years of age, had been a resident of Gladstone for twenty years, the past eight years being engaged in the saloon business. He was a man of genial disposition and possessed many friends not only in his home city, but he was well and favorably known in Escanaba. He was a member of the Eagle lokge, his brother members taking charge of the body, which was removed to the Eagle's rooms. The remains were shipped Wednesday morning to Saginaw, where the mother of the deceased resides.

Late Returns Indicate that the Governor Will Have Lead Over Bradley

Although it was reported that James B. Bradley had carried the state for governor, late returns from rural districts have steadily cut down Dr. Bradley's lead until his credited plurality

has disappeared and Warner leads by about 700 votes. The returns from the districts not heard from are not expected to alter the situation, but the vote is so close that a recount may be asked for.

"Too Prond to Beg"

Lincoln J. Carter's play of heart interest and titled "Too Proud to Beg" will be the attraction at the Peterson Opera House on Tuesday, Sept. 8. The play is said to be well constructed on the line of an intricate and clever desecond class, the next three going to tective story, and it is promised that Kale, owned by Nic Walsh and driven there is no lack of interest throughout the four acts. In this play, Mr. Carter has endeavored to demonstrate to the public that he need not rely on the stage carpenter or scenic artist exclusively was taken by Isaac S., owned by Chas. for the success of his play. It is said that in "Too Proud to Beg," he has written a comedy drama, that for directness of themes, terseness of dialogue, cleverness of situation and legitimate dramatic merit, it compares favorably with many more pretentious plays.

Pre-Nuptial Event

A delightful function in a series of pre-nuptial parties being given for Miss Rose Hessel, whose marriage will occur soon was given by Miss Katherine Leitch and the Misses Alice and Charlotte Robertson at the home of Miss Leitch on First street Monday evening. The event was in the nature of a parcel shower and a number of useful gifts was received. Progressive hearts furnished the amusement program for the evening. Refreshments were served.

Motherless Children

After an illness of three weeks, Mrs. Elizabeth Seymour, wife of George Seymour passed away Wednesday morning at the home of the family at 500 South Birch street. Since the arrival of a babe at the home three weeks ago Mrs. Seymour had been ill complications developed which caused her death.

The deceased was 44 years of age and is survived by her husband and eight children.

Funeral services were conducted at St. Anne's church at 9 o'clock Friday morning, interment being at St. Anne's cemetery,

GOES TO LACROSSE. WIS.

Col. Estover Transferred-Local Mail Service Office Closed

It is with many regrets that it is learned that Col. G. W. G. Estover, chief clerk of the railway mail service for the peninsula district, with headquarters in Escanaba, left Tuesday evening for LaCrosse, Wis., where he has assumed charge of a new district, which will be organized under his direction, covering a large part of Northern Wisconsin and Eastern Minnesota. The department's Escanaba office has been discontinued and hereafter the railway mail service in the district will be supervised from offices at Duluth, Minneapolis, Chicago and Milwaukee.

Mr. Estover, who came to Escanaba about two years ago, has brought about many excellent changes. New service has been arranged to several points throughout the upper peninsula through his recommendations. Practically every change recommended by Mr. Estover has been carried out and there are still a few which will soon be carried into effect.

The district over which Mr. Estover will have supervision at LaCrosse will be considerably larger and more important than the local district.

TEXT BOOK QUESTION

Put Up to the Businessmen's Association to Solve A Difficult Problem

The matter of text books in the public schools of the city is again before the public. For many years there has never been a satisfactory condition of the sale of text books and an effort is again being made to solve the question. One plan is submitted to the Businessmen's association with a view that that organization will recommend the same to the board of education is to secure the service of some competent person to act in behalf of the school board to dispose of all text books and supplies to pupils at the High school building, the school board to purchase the books and supplies, disposing of the same at figures as near cost as possible. One argument advanced is the saving in expense to the patrons of the schools. The opposition contends that the policy would prove disastrous and that it would ultimately result in a free text book sys-

CURED HER CHILDREN.

Girls Suffered with Itching Eczema-Baby Had a Tender Skin, Too-Relied on Cuticura Remedies.

"Some years ago my three little girls had a very bad form of eczema. Itching eruptions formed on the backs of their heads which were simply covered. I tried almost everything, but failed. Then my mother recommended the Cuticura Remedies. I washed my children's heads with Cuticura Soap and then applied the wonderful ointment, Cuticura. I did this four or five times and I can say that they have been entirely cured. I have another baby who is so plump that the folds of skin on his neck were broken and even bled. I used Cuticura Soap and Cuticura Ointment and the next morning the trouble had, disappeared. Mme. Napoleon Duceppe, 41 Duluth St., Montreal, Que., May 21, 1907."

A Unanimous Vote.

Agricultural College Has Exhibit.

state.

tive chair as the only means of bring-

ing about a better government in the

Officials at the state fair headquarters were pleased over the Michigan Agricultural college exhibit at the state fair. It was the best that the institution over prepared. In addition to the live stock and dairy exhibits, the college occupied 3,000 square feet of space, being represented in the borticultural building and in Othe botanical and bacteriological departments. Some of the finest live stock heard by the commission on its trip used at the institution's experiment and in the upper peninsula both the station were shipped to Detroit, the consignment including prize Angus-Herefords and Shorthorn bulls, and cross-bred steers. This exhibit was in charge of Prof. R. S. Shaw, director of the experiment station and superintendent of the college farm. The college dairy exhibit was most complete, showing the whole dairy process. Special machinery was- installed for the purpose of making the exhibit.

Earle Talks Off 14 Pounds.

"I have lost 14 pounds in the last 21 days, but I'm still in fighting trim and am just getting warmed up to my campaign," declared Horatio E. Earle, good roads man by calling and candidate. "While I have lost 14 pounds I have delivered 385 speeches, or in other words, for every pound of flesh that I have scattered over this state, I have given 271/2 speeches. My lungs are still in good condition.

Presents Election Puzzle.

What are the primary boards of election going to do with the elector who enrolled as an independent veter? This is the question that was put up to City Attorney Homer J. McBride and was passed on by that official to the attorney general, with a request that he send back an early solution of the primary puzzle. The primary election law requires electors to be enrolled under the head of the party with which they are affiliated, and in case "daughter of the regiment," who acthey have no such affiliation it permits them to be registered as independents. nurse, were in attendance.

Railway Property in Worse Shape

"The railroads of Michigan will go. into winter quarters this year with their general equipment in worse condition than for several years." This was the gist of a statement said to have been made by a member of the ratiroad commission after making a part of the annual inspection of the. lines. A number of the roads have failed this summer to make the usual improvements and additions so the commissioner thinks. The commissioner returned from the upper peninsula where the members looked over the railroads of the north. - They found that while business conditions are fair the Copper Range is the only railroad up there that has done as much this summer as . in former years. Considerable political talk was

Would Inspect All Steamers.

be confident of victory.

State inspection of steamboats plying inland waters will probably be advocated at the next session of the legislature. The recent fatal accident on Lake Leelanau, when the steam dome of the steamer Leelanau exploded, following reports of other accidents and narrow escapes, has brought the matter to the attention of the state officials. Under the present rules there is no official inspection of such boats. On nearly all of the larger lakes of the state steamboats. are navigated. During the resort season these crafts carry thousands and, according to information received here, many of them are unfit for such service. Life preservers and lifeboats were absent in several known instances, while practically no fire drills

Sixty Survive of 2,200.

Sixty survivors of Michigan's famous "Fighting Fifth" regiment, which in war days numbered 2,200 and fought in every battle of the Army of the Potomac, and were present at Appomattox when Lee surrendered, are all who gathered for the thirty-ninth reunion at Saginaw. Veterans from Detroit and other Michigan cities, fit-

cluding Maj. Elderkin of Detroit, veteran of three wars, and Ann E. Hooks, companied it through the war as a

The entire day was set apart to jollification and will ever live in the memory of the inhabitants of Victoria. The federal government tendered a banquet to the admirals and senior officers of the visiting warships at the parliament house, at which Lord Northcote, governor-general of the commonwealth, and Prime, Minister Deakin made brilliant speeches. Rear Admiral Sperry, replying in behalf of the American navy, declared that a rupture between the English-speaking nations would be not only a loss but a crime. Admiral Sperry was presented with an address by the commonwealth parliament. .

Hale of this city, the commander-in-chief.

Mr. Hisgen Is Notified.

New York .- Thomas L. Hisgen of Massachusetts was formally notified here Monday evening of his nomination for the presidency by the Independence party convention in Chicago. In his speech of acceptance he discussed at length the necessity for organizing the new national party.

Pays Off Immense Loan.

New York. The Trust Company of America of New York, upon which a sensational run was precipitated during the financial panic of 1907, has managed its business so successfully as to enable it to pay off a loan of \$25,000,000 which it then effected.

Terrible Fall of Carpenters. New York .- Three carpenters working on a scaffold under the dome of the old custom house building on Wall street were hurled through the air to a skylight 80 feet below Monday. Two were killed and the third fatally injured.

Population of Kansas.

Topeka, Kan .- Official returns compiled by Secretary of Agriculture Coburn show the population of Kansas to be 1,656,799, an increase over last year of 6,639.

German were quite satisfied to have him empty the bottles that had been set apart for their common use. Neither the quality nor the quantity of the wine in the least disturbed the Teuton, and, after draining the last glass, he looked around jovially and said: "Shentlemen, I haf now drunkch all your wine and safed you the trouble of trinking vat you did not like. I tink you ought to vote me a public tank." . They did .- Lippincott's.

Too Much Afraid of Dirt.

It is quite true that "cleanliness is next to godliness," but in this day of fads and scientific frills the question is whether we are not getting altogether too afraid of a little dirt. Dirt has been defined as matter in the wrong place, and hygiene is the science of keeping it in the right place. But we are inclined to think that we are all a little bit too much up in the air on the matter of cleanliness; a little too afraid of coming in contact with the clean-smelling, kindly earth, and are in danger of becoming nasty-nice .-- Washington Herald.

When the Little Man Scored.

A meek-looking little man with a large pasteboard box climbed on the car. As he did so he bumped slightly into a sleepy, corpulent passenger with a self-satisfied look and two little dabs of sidewhiskers. As the car rounded a curve the box rubbed against him again and he growled: "This is no freight car, is it?" "Nope," returned the meek little chap with the box, "and when youcome right down to it, it ain't any cattle car, either, is it?"

REMAINS THE SAME.

Well Brewed Postum Always Palatable

The flavour of Postum, when boiled according to directions, is always the same-mild, distinctive, and palatable. It contains no harmful substance like caffeine, the drug in coffee, and hence may be used with benefit at all times.

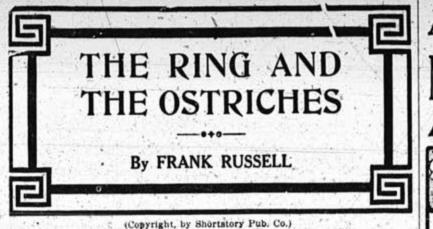

"Believing that coffee was the cause of my torpid liver, sick headache and misery in many ways," writes an Ind. lady, "I quit and bought a package of Postum about a year ago.

"My husband and I have been so well pleased that we have continued to drink Postum ever since. We like the taste of Postum better than coffee, as it has always the same pleasant flavour, while coffee changes its taste with about every new combination or blend.

"Since using Postum I have had no more attacks of gall colic, the heaviness has left my chest, and the old, common, every-day headache is a thing unknown." "There's a Reason." Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs.

BIG LUMBER FIRE AT SOO.

Go Up in Smoke.

Sault Ste. Marie .- About 2,500,000 feet of lumber went up in smoke in a fire which broke out late the other afternoon in the yards of the Lake Superior corporation. The loss is estimated at \$75,000. The fire was still burning late at night but was under poses. This action has been taken by control. The lumber was recently puramendment 3 to bureau of animal in- chased by the Saginaw Lumber company, which will stand the loss. A

What is Pe-ru-na.

Are we claiming too much for Peruns when we claim it to be an effective remedy for chronic catarrh? Have we abundant proof that Peruna is in reality such a catarrh remedy? Let us see what the United States Dispensatory says of the principal ingredients of Peruna.

Take, for instance, the ingredient hydrastis canadensis, or golden seal. The United States Dispensatory says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes lining various organs of the human body.

Another ingredient of Peruna, corydalis formosa, is classed in the United States Dispensatory as a tonic,

Cedron seeds is another ingredient of Peruna. The United States Dispensatory says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a substitute for quinine.

Send to us for a free book of testimonials of what the people think of Peruna as a catarrh remedy. The best evidence is the testimony of those who have tried it.

MUCH UP AGAINST IT.

Old Lady's Description of Ills Somewhat Confusing.

Mrs. Rhoda Holmes Nichols, the artist who spends the summer at Gloucester, Mass., where she teaches va numerous sketch class, tells of an old woman who lives on the out skirts of the town and whom she has known for a number of years. The old lady has often been sketched by the students of Mrs. Nichols' class, and is known to them and to every body else as Aunt Sally.

When Mrs. Nichols-went to Gloucestor this year she called at the quaint little cottage and found the old woman rather more bent than last year and looking a good deal older as she tottered along her little garden leaning on a stick.

"Well, Aunt Sally," said the artist, "how have you been since last summer?

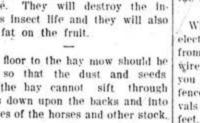

"Oh, not very well," she replied, shaking her head, "not very well."

"Is the rheumatism still bad?" "Oh, yes, miss, it's that bad nowadays I can't set and I can't scarcely

lay."

lad? . Office Boy-Are you a contributor or gentleman?

boxes so's to hang 'em up in the boat with ropes, to keep 'em from rockin' in bad weather.

That took a couple o' days, an' then we started out in camp with the hosses an' some cargo baskets with wool in 'em, to fetch the eggs. You know how plentiful is awstrich eggs now in/December? Well, they's a lot more plentiful than days, an' we got the hosses loaded in no time.

We got the eggs to Punta Arenas, and filled up the inkybaters. Betwixt 'em they held more'n 400. All over the outside of the boxes we painted in Spanish and English: "Handle with care" an' "Delikit contents."

Purty soon the old boat hove in sight-Englishman she wuz, bout 5,000 tons.

When ever'thing wuz aboard, Bill went 'round to the first mate, tellinhim 'bout our inkybaters, an' paid 'im, ten dollars to let us put 'em up for'ard in an empty storeroom. So we drove some big staples in the cellin' an' swung up the boxes.

Ever'thing wus goin' so easy that me an' Bill wuz gettin' more confident in the scheme ev'ry minit.

A woman and two kids was the only other passengers on board, 'cause in them days mighty few people went up the west coast.

We figgered the eggs 'ud hatch out bout a week after we got to 'Frisco, bisected right off." an' I reckon they would have, too; but when we got up here to Callao an' loaded a bit of cargo, a feller, with a bunch of soldiers, come aboard, an' said the plague had broken out an' we gotter stay in quarantine.

Well, the plague got wuss an' wuss, an' we had to lie there for three weeks befo' we got away, an' the cap'in uf the boat wasn't half as mad as me an' Bill, 'cause we'foresees that the awstriches are going ter hatch on board an' cause trouble.

After we left Callao we couldn't git inter any other port 'til after a bunch killed 'cept five, an' still no ring in of uffishuls had nosed round fur a sight. couple of days, an' finally the cap'in sez that we'd be two months behind time when we got to 'Frisco.

One mornin' jest befo' we got to Panama, Bill had a look at the eggs, an' comes back madder'n a freshsheared ram. He says: "The awstriches are comin'."

We hired the carpenter to make, crates time to keep up with the demand. Bill a proper war dance the whole time. wouldn't let me do nothin', said he's a proper burd financeer, an' wus goin'

make 'em sick, but they wouldn't divulge the ring that 'ere way. We sees right off that this scheme is no good, and Bill sez:

"Suppose we leave 'em fur a few days, an' mebbe we'll have terrible rough weather, an' they'll git seasick, an' fling up the ring." Ever'body nacherally roared, 'cept 'the womanshe got proper red-headed. and beeswax or tallow and you will find your tool has your name that

""You're gittin' right foolish," she sez to Bill. "Them burds gotter be

Bill sees there's nothin' else to do, so we gits a knife each, an' begins the investergation.. The woman follers, too, allowin' she's goin' to watch that we look good. I wus to do the killin' an' skinnin' ('cause the skins wus wuth a good bit) an' Bill an' the woman wus goin' ter do the prospectin'.

We worked all that day, killin' an' skinnin' and prospectin', an' found ever'thing in the world inside uv 'em 'cept the ring.

We started again the next mornin', and pretty soon had all the awstriches

'Bout that time here comes them two bally Httle kids, on the hot jump.

"We found yer ring under the bed, mommer," one of 'em hollered. Well, I thought Bill wus a-goin' to massaker the whole crowd. He

jumped up on a for'ard hatch, flung his hat overboard, an' cussed for 20 minfor 'em, an' it kep' 'im working over- its, without takin' breath, and done

"If any you gangle-legged shakes wants to champeen this here female, let 'im 'proach to 'is death, san' I'll The cap'in wus a bit sore 'bout this mash his face like a spiled pertater."

giv 'im a roll of fox skins an' a safe under cover, an' he had the boat After 'while he got tired an' set

then, an' the first mate told the cook 'down, but still a-cussin', so I went out to save all the leavin's an' put 'em to 'im to pacify 'im. "Don't take it so hard, Bill," I sez

"We'll be in 'Frisco pretty soon, an then we can go back to Patagonia fur Out o' the whole lot o' eggs nearly another crop of awstrich eggs."

With the telephone and the mail delivery service and the auto, what more does the farmer need to smooth life's pathway? In the country with her wealth of good things, with all the comforts of the city, that is what life. on the farm is fast becoming.

A cream thermometer costs but little but its convenience in accurately telling you the temperature of the cream is almost inestimable, for the quality of the butter made and the ease with which it is churned dargely depend upon having the cream at the right temperature when beginning operations.

To mark your name upon metal, melt tallow or beeswax upon the tool ever," cautions Prof. C. Minkler, that to be marked, write your name in the tallow or wax, being sure to scratch clear through to the metal surface. Then pour into the letters thus made a few drops of nitric acid. Leave for a few minutes. Then wipe off acide their thirst, and drive the burning im-

won't come off. From all reports an agricultural settlement experiment seems to be working out successfully in Austria-Hun Technical World Magazine tells the gary. In order to turn the tide of em-Igration the Hungarlan minister of agriculture secured an appropriation Later they found that five acres was for the purchase of several thousand acres of good land. This was par- find full work for themselves and for celed out into rural districts, with land prices and taxes, reduced to a how it was done, with profit for all, on minimum. Model farms and villagesare now in operation and apparently succeeding in the purpose for which of the women were a French gardener they were intended.

Wireworms are difficult to get rid produce in a year. The scene at the of. "Prof. Singerland's experiments farm is thus described by one who visat Cornell have shown that salt is ef- ited it. PUNGENT PARAGRAPHS ON THE SIDE

Champ Clark thinks national conventions can be improved in several respects. The democrats could make campaigns more interesting by ceasing to yell an hour and a half for a chronic loser.

Massachussets will be more solidly republican now than ever that the Boston Globe has obscurity. found two split infinities in the Denver platform.

'The democratic rooster gives the halleluis crow," says the Atlanta Constitution. And in November the democratic crow.

Bryan's portrait has been on about everything but a stamp, and it ought to be there. It has been licked often enough.

It will be a great convenience for Mr. Hearst to be chairman of his own party. He can control the expenditure of his own money.

Judge Parker opened the campaign in Los Angeles with a speech, and during his remarks one prominent Democrat dropped dead. If he has any more luck like this, the judge is likely to be invited to come home and keep quiet.

The Milwaukee Journal says Bryan may carry Wisconsin. party nominating him. If this Yes, Debs may carry it, Watson practice is not adhered to, then "may carry it, Chaffin may carry it, Hisgen may carry it, but Taft will carry it.

A Lincoln correspondent says the Bryan home is full of framed mottoes. The place of honor should be given to Mr. Bryan's favorite motto: "Anything to win."

The Guffey and anti-Guffey factions of the Pennsylvania ing their minds, yet the Journal Democracy are fighting each continues to knock his candidacy. other so bitterly that by election day the Democratic Party in the Keystone State may be too maimed and mutilated to walk to the polls.

Three relays of four horses each

But facts, however, do not bear them out. Mr. Bryan's list of millionaire supporters includes Clark of Montana, Tom Johnson af Ohio, Newlands of Nevada, Campau of Michigan, Nixon of New York and Wetmore of Mis-

brothers. souri. Chairman Mack will be expected to give the fullest publicity to his conference with these fierce enemies of predatory

Well, the battle of primary ballots is over. In the contest the will of the people has been fairly expressed and the popularity of the successful ones has been made known and vise versa and all that remains for the unsuccessful aspirants for political fame is to look pleasant and gracefully retire for a time at least to the shades of political

wealth.

THE NEW PRIMARY LAW

Delta county's trial of the new primary election law has proven juite popular with the voters. Everywhere satisfaction is expressed by the people over the new form of nominating. The candidates who have won out have the satisfaction of knowing that they are the choice of the majority while the defeated candidates ought to be more satisfied than under the old system-

When a candidate is nominated by the people at a direct port." primary election, we believe the candidate thus nominated is entitled to the unanimous support

of the electors of the political the benefits of the direct nominating law are few. The attitude of the Journal, with regard to Henry R. Dotsch, Republican nominee for prosecuting attorney occasions considerable surprise.

Mr. Dotsch, has been regularily nominated by a majority of the Republican electors who ought during the fall and winter. to be given the credit of know-The Journal's reason is because Mr. Dotsch received saloon support. This seems a very slight reason for attempting to dis-

credit a nominee, for as near as can be seen every candidate got were provided for Mr. Taft's 40 as much support as possible from miledrive through the mountains every available source, saloons not excepted. Mr. Dotsch is a reputable young attorney, born and brought up in Delta county and there is no good authority for any report that he will not make a good prosecuting attorney.

GAN'T BE SEPARATED

Some Escanaba People Have Learned How to Get Rid of Both

Backache and kidneyache are twin

You can't separate them. And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health. Doan's Kidney Pills make strong

healthy kidneys. Charles Vicary, living at 106 Oak St., Ishpeming, Mich., says: Terrible pains through my back and over the kidneys bothered me for several years and in addition I suffered with a weakness of the bladder that caused me untold annoyance. When the disease was in its worst stage I was all broken up and as near a wreck as one could find. I was weak and in constant suffering from pain, and became very much discouraged, for nothing I did seemed to help me and at length I really stopped trying medicines. One day I read that Doan's Kidney Pills had cured somebody of bladder weakness and the case seemed to be so much like mine that I felt a little hopeful and got a box, and began using them. This one box rid me of the pain and added some strength to my back. I got a second and a third box and the result of this continuation of their use was a complete cure. I have regained my old strength and vigor and the bladder weakness is gone. I feel twenty-five years younger than I did before I used Doan's Kidney pills." Plenty more proof like this from Es-

canaba people. Call at.Mead Drug Co's store and ask what their customers re-

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for United States. Remember the name Doan's and take no other.

to White Sulphur Springs. Judge is kind to animals.

HE MAKES IT VERY PLAIN

The judges of the court of appeals which rendered the Standard Oil decision, seem still unable to comprehend the real questions which were before them. Judge Baker, one of the members of the court, in an interview the other day said:

ß

But when it came to pass judgment it was on the offenses of the parent company that the Hoosier offspring was found guilty and it was in accordance with the property and revenues of the parent company that the tine of the offspring was gauged.

company. By what authority without loss of pay. does the court of appeals say that it was against the New Jersey corporation? What authority has that court to go behind the record and give a decision on what it thinks was in the mind of the judge who imposed the fine?

Judge Baker also misapprehends the real issue when he says that the fine should have been gauged with reference to the property and revenues of the Indiana company. The issue is made plain in the attorney general's brief. He speaks of a letter carrier who extracts a letter from the mails and under the law receives the minimum sentence, a year in the penitentiary. His earning capacity for a whole year is taken from him for a comparatively trifling offense and for but one offense. A bank officer misapplies the funds of the bank and is sent to prison for five years, during which he earns nothing. The fine against the Indiana Standard Oil company took away its earnings for about three years.

Is there one law for the poor letter carrier and the bank clerk and another for the rich corporation? There certainly is if the Journal. .

gers have for years harped upon C. MALONEY & Democratic campaign manawas not financed by the repre- Everything in the line of Flour sentative wealth of the nation. and Feed at lowest prices.

Educators Will Meet

Superintendent F. D. Davis of Escanaba, is on the program for the annual meeting of the Upper Peninsula Educational association to be held at Calumet Oct. 15, 16 and 17. Mr. Davis will take for his subject, "The Delinquent Pupil and the Vacation School," a practical subject in which he will set forth some excellent work done in this line in the Escanaba schools. The meeting will be addressed by some of the best educators in the state. The coming gathering The record shows that the will be attended by several of the local

Wilbur Olin pitched a remarkable game and W. Ranguette as the catcher did himself proud. Mr. Fred Fisher umpired the game in a very impartial manner, which is certainly more than we could give Mr. Hamilton of the Rapid River team credit for doing. The game was very exciting from start to finish and Nahma won by skillful playing and not by any unfair decisions of the umpire nor did we have to knock down without cause their first-base man as did Boyer of that team, Mr. Walter S. Zander of the Nahma team who was too much of a gentleman to retaliate. All the Nahma boys ask of the team is fair and honest dealings. The game was good and each and every-one in the team played fine and well and we are proud of them.

RAPID RIVER

Mrs. Frank Callahan's baby is reported as being quite ill.

Born to Mr. and Mrs. Oscar Sorenson on Saturday, last a boy.

Mrs. C. Perkins is home from Idaho enjoying a visit with her parents. Miss Eva Remillard of Ishpeming, is visiting at the home of Christ Pfiefer. Geo. Carlson is enjoying an outing with a party of friends from Escanaba. Miss Nina Carmody leaves Monday for Trout Lake to resome her duties as teacher.

J. A: Maumaun of the Grinnell Music Co., Escanaba, was a business visitor here Tuesday.

James Osier was taken to Dr. Laing's nospital, where he was operated upon day and returned to Chicago at night last Thursday.

Bert LeRoy has returned from Sturgeon Bay, where he enjoyed a visit with his parents.

Chas. LaBelle, Anna Desmond and Murchie returned last week from Hamilton's camp. George Amberust has returned from

Munising, where he had been at work for a couple of months. Alph Cole and Belle Ambrust, Elsie

cole and Zeph Lumbard returned Tuesday from Schultz's camp.

Loell Boyer and Francis Dennie re-turned Tuesday from Garden Bay, where they visited for a few days.

The new electric theatre is now running smoothly. Miss Elva Wilford has been engaged to preside at the box

Fred Darling, Clifford Burt and Henry Helford have been at Hamilton's ence, which balances all things in the camp during the week, picking blackberries

Miss Sara Berman, Miss Sarah Buckman, Miss Rosella Cole and Mrs. Hamilton and children have returned from Hamilton's camp.

Miss Hazel Baker returned Wednesday to Manistique after enjoying three weeks visit with Miss Ella Desmond and Miss Eva Cole.

A crowd of Chicago people arrived here on Tuesday enroute to Round Lake. | ticoats." On the same day another crowd return-

ed to the Windy City. Dr. J. C. Brooks will return next **DEBS WILL VISIT US**

Socialist Presidential Candidate is Coming on Sept. 23

The members of the various labor organizations of Escanaba are looking forward with much pleasure to the brief visit here of Eugene V. Debs, the Socialist candidate for president, who will visit this city for twenty minutes only on Wednesday, Sept. 23, during which time be will deliver an address to all interested voters of the city. The Debs party left Chicago last Monday on the Socialist party's "Red Special" for a tour of the west,

the trip to cover numerous cities between Chicago and the coast. The journey will take in California, returning east through Oregon, Montana, Minnesota and Michigan, the only stops in the upper peninsula being at Hancock ond Escanaba. Mr. Debs inaugurated his campaign

on Sunday last by firing a locomotive for seventy-five miles attired in overalls and jumper. It pulled the special which will run across the continent and back to New York, making in all a journey of 30,000 miles.

The start was made last Sunday, when the special ran out to Lemont, Ill., where the Chicago Socialists held their annual picnic. The "Red Special" was on exhibition there during the in time to take up the trip to the coast. The special consists of five cars and will make many side trips. There will be a brass band and at each state line the local committees and candidates will be taken aboard, the average num-

ber of passengers to be fifty. Mr. Debs, J. Mahlon Barnes, national secretary, and Otto McFeeley, publicity agent, will make the entire trip.

"Where the Brook and River Meet," Comes Next.

That is the time-at the meeting of the ways-when so much is at stake for the girl of today, who will be the

woman of tomorrow. Her every look must be weighed and her every act guided by the care of material experi-

scales of its own troublesome years. Then and then only may the exacting period be passed without temptation

and without folly. But the story of "Miss Petticoats," the successful book and equally successful play, is one which has to do

with the girl who is brought more vividly to our attention every day, the motherless factory girl.

Her number is legion, in this as in every country, and it requires little imagination to picture the life of this heroine of story and stage, "Miss Pet-

Suffice it to say, it is a strong and intensely interesting portrayal of the characters we are constantly with, and

James Khallmann of Garden, passed away at 6:30 o'clock last Monday even- at Thompson's shooting gallery on ing at the Delta County hospital, where Saturday night after a warm contest. he had been confined for some time In the regular contest Officer Larson suffering from a dropsical affection of with a record of 24 out of a possible 25 the heart. The deceased, who was 73 years of age, had been a resident of Garden township for a number of years Garden township for a number of years while his opponent fell down to 13 two daughters. The funeral was held pected. Wednesday morning at 9:00 o'clock at

Rebuilding Stave Mill

The work of rebuilding the stave mill of the North-Western Cooperage and Lumber company of Gladstone is well under way. It will be remembered that the company sustained quite a fire loss about two weeks ago in the destruction of their stave mill. The full amount of the insurance was collected. as the plant was practically a total loss.

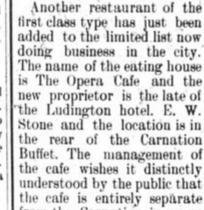

H. T. Hanson Now P. M.

H. T. Hanson has been appointed postmaster at Perronville to succeed A. H. Meloche, resigned. Mr. Hanson also succeeded the gentleman last Monday as manager of Mayor M. Perron's store in addition to the duties of bookkeeper. Mr. Meloche expects to make Escanaba his home.

Infant Son Dies

After an illness of several days, Ralph Berthianme, the four-months-old son of Mr. and Mrs. Fred Berthanme, passed away Monday night at the home of the family at Danford settlement. Funeral services were held at the Holy Family church at Flat Rock Wednesday morning at 10 o'clock, the Rev. Father DesChamps officiating.

BEST PRINTING at THE IRON PORT

Buffet. The management of the cafe wishes it distinctly understood by the public that the cafe is entirely separate from the Carnation in every respect. Entrance can be had off Dousman street and also off Ludington street.

The place has been fixed up in first class style and nothing but the best the market can afford will be served. Anything a customer wish-es will be served and no pains spared to please the trade. See us and you'll be pleased. Then you'll come again

We must Clean Up Our Stock of Buggies. We have a few Tops on hand that we will sell at Rock Bottom Prices as long as they last.

Wednesday from his trip to southern Michigan, where he enjoyed his annual vacation of a couple of weeks.

Funeral services over the remains of the 7-months-old daughter of Mr. and Mrs. Gus Roberts were held Wednesday afternoon at the Catholic church.

John and Frances Courtney of Streeter, Ill., brother and sister of Mrs. L. Scott, returned to their home Wednesday after enjoying a visit here.

Dr. Carlson returned Tuesday from Laing's camp, where he enjoyed a few days angling. He made the catch of several fine pickerel and reports the fishing excellent.

Thomas Solor of Ishpeming, the contractor for the new High school building property owned by William Rogers and J. D. Chubb of Chicago, the on South Sarah street, the building bearchitect, were visitors in the city Wednesday. Mr. Chubb was accom-panied by his wife and daughters.

The schools open 'here on Tuesday next, with J. H. McDonald as superintendent. The new High school building will be ready for occupancy about the 15th of Oct., while the new school at Masonville will be ready by Oct. 1st.

The Modern Brotherhood of America is a new candidate for fraternal recognition in Rapid River. A local lodge of this order was organized last Saturday evening by A. R. Shepro of Escanaba, the district deputy. There are now six lodges in Delta county with a total membership of about 500. The officers of the local lodge are as follows: President, J. M. Shippy; vice-president O. H. Sorenson; secretary and treasur-er, L. W. Slocum; chaplain, George Birch; conductor, Edward Goulder; watchman, Frank X. Glesener; sentinel James Boomer.

The baseball game Sunday afternoon at Nahma between the team of that place and Rapid River, resulted in a victory for Nahma, the score being 2 to 1. Forest and Cole were in the points for Rapid River. Forest, the twirler for the locals, struck out twelve men, allowing only three hits. Our team leaves Friday morning for Manistique, where they play a game in the after-noon. Saturday morning they will journey on to Sault Ste. Marie, where they play a series of three games, Saturday, Sunday and Monday, the latter day being Labor Day. While there, the manager will arrange for a number of games to be played in lower Michigan, the team expecting to be gone for a week or two.

Zephie Rushford, a young man about twenty-four years of age, met with a very serious accident Wednesday forenoon, the result of being thrown from a carriage during a runaway. The young man had driven his father to Barber's farm and was nearing Rapid River on the homeward trip when the accident occurred. He was thrown from the rig at Grauchamp's crossing and the team stopped in front of L. E. Scott's store in town. When picked up young Rushford was unconscious and late in the afternoon he had not regained consciousness. He was removed to Dr. Laing's hospital where his to Dr. Laing's hospital where his a shock. The deceased wounds were dressed. It was discover-ed that there was a fracture of the skull and fears were entertained on Wednesday that the injuries might were largely attended.

as an up-to-date presentation of a distinctly human and timely subject, has met with the public's approval. "Miss Petticoats" has made hosts of

friends on its tour of this country, and the lovers of good fiction are promised a treat on Oct. 23, when this campany with all its scenic accessories comes to the Peterson Opera house of Escanaba.

A \$700 Fire Loss

The fire department was called out Wednesday aftennoon, fire having started in a shed in the rear of the residence on South Sarah street, the building being occupied by Edward Brunnel and

family. The shed, in which a quantity of furniture was stored entirely burned away, the flames spreading to the kitchen, the roof of which was badly burned, destroying the kitchen furniture and a good share of the family clothing, which was stored in a little room adjoining. Unfortunately Mr.

Brunnell carried no insurance. The damage to the residence was in the neighborhood of \$700, covered by insurance. The origin of the fire is not known, but it is supposed to have been started by some children who were playing in the shed.

High Officials Here

The members of the local lodge of the Modern Woodmen entertained several prominent officials of the order at their meeting at Odd Fellow's hall last Monday evening. The meeting was a very enthusiastic one and was largely attended. It was a feast for mind and body. After the regular routine work had been disposed of a banquet was served. Toasts were responded to by several of the members of the local lodge and addresses were made by the visiting officials. The visitors were C. J. Byrns, of Ishpeming, member of the national board of directors; Thomas H. Duffy of Dubuque, Iowa, national lecturer; E. J. Bullard of St. Johns, Mich., state deputy; S. M. Stilson of Marquette, district deputy.

Adam N. Sinclair Dead

Adam N. Sinclair of Brampton township, a well known and prominent member of the Delta county board of supervisors, passed away Tuesday at his home at Kipling after an illness of several weeks. Although the illness of Mr. Sinclair was quite generally known among his friends, it was not imagined that his condition was serious, therefore the announcement of his death came as a shock. The deceased was about 45 years of age and had been a resident of Brampton township for many years. The funeral was held on Thursday and

There is a vim and a snap to this beer that is a sign of A1 materials and superior brewing. It affords just theproper degree of healthful stimulation needed by busy people and its effects are greatly beneficial. It makes good red blood and builds up the tissues.

State's Responsibility Toward the **Unemployed Man**

Chief of the Bureau of Statistics of Labor.

HETHER organized society is morally responsible for the maintenance of the unemployed depends not merely on how far one is willing to go in setting up new responsibilities for the state, but on whether the state, as such, should be called upon to perform any purely ethical functions at all. It is, indeed, often difficult in these times to differentiate between purely moral and economic responsibilities, and it will be generally conceded that the progress of the race toward a complete administration of social justice is to be measured by the

rapidity with which economic conditions and statutory laws are brought up to a level with ethical ideals. The state, in many instances, has already long since assumed the responsibility-and whether primarily for economic or consciously ethical motives is relatively immaterial-of caring for numerous dependent classes who are unable either to support or properly care for themselves, such as the halt, the blind, the insane, and the hopelessly pauperized; and now England proposes to follow continental Europetin pensioning the dependent aged.

But the classes just mentioned, and others that might be named, belong to only one division of the great body of the unemployed, namely, the unemployable-that is, those unable to secure or retain a sufficient amount of work to support themselves because of weakness of productive power, and also those whom society purposely isolates and maintains for its own protection. The other two divisions of the unemployed, according to the classification of Prof. Chapman of Manchester, are employable who are willing to work, and the employable who prefer loafing. I should not imagine it would be seriously contended in any quarter that the state is under any obligations, moral or otherwise, to maintain the latter, save as maintenance may be meidentally necessary when they become such a menace to the safety of society as to require locking up. The question is, therefore, reduced to the proposition as to whether the state is morally bound to maintain that portion of the unemployed who are willing and anxious to get work, but who, the question assumes, cannot find it under the present organization of industrial society.

The claim is sometimes made that there is an irreducible minimum of employable unemployed. If this be true, and it could be further demonstrated that this monimum is madily rising, we might feeldy admit that the time would come when the state might be compelled, from motives of self-preservation, if not from a consciously moral purpose, to grapple with the problem. If does not follow, however, because there may be always at any given time a certain number of employable unemployed that the same individuals remain for a long period in an absolutely hopeless search for the bare means of subsistence.

Much can be said relative to the expediency of the state's adopting measures for mitigating the distress of actual unemployment or of lending its good offices free of charge to bringing the employer in search of help and the able and willing unemployed together. But it is my own opinion that it is not legitimate for the government to attempt the maintenance. of the unemployed as such ; that is to say, the state is not justified in embarking upon great undertakings or in extending its functions when it would not otherwise feel justified in so doing, solely for the sake of permanently furnishing opportunity for employment in those who may be at any given time out of work. Such an arrangement would, it seems to me, be artificial and illogical even from the purely humanitarian and the moral points of view. It is, moreover, by no means inconsistent with This denial of moral responsibility on the part of the state, to admit,

Freezing drinks served over coun ters will always be popular, no matter how much the doctors inveigh against them, Preachments do no good in this line.

The woman who is boiling hot argues that she can be made cool by putting as much sweetened ice into her stomach as she can buy along the street.

But fortunately for her health she may live out of the reach of the socalled "summer drinks;" then she can make them for herself, and after she has grown accustomed to the homemade variety she will pass by the others.

Strange it is that very few women make a practice of concocting all sorts of palatable, cooling drinks to serve through the four hot months. They depend on ice water, milk and iced tea.

Here are some recipes that have been tried and found not wanting:

Pineapple Lemonade .-- Peel a ripe] pineapple, grate the fruit, and turn over it the juice of five lemons. Then make a syrup of a pound of sugar and I plat of water by boiling them together for ten minutes.

Cool the syrup and add it to the fruit, turn in a quart of cool water, and strain through a muslin cloth. Serve in a glass filled with crushed ice. If you want to make it quite pretty add a cherry to each glass.

IS MEAL OF IMPORTANCE.

and Children.

Luncheon has become an American institution, and has come to stay. It is, to most women, the pleasantest meal of the day, even when partaken of at home, with none present but "the children" and the grown women of the household. It breaks up the monotony of daily tasks: it is eaten without flurry or hurry, because with little ceremony, "Pick-up" dishes and accidental entrees figure conspicuously in the menu-things for which men, as a rule, care little and their

cupful of simmer over the fire. Then strain, mix with a cupful of syrup made with sugar and water, boil to the thread stage, and turn in a quart and a half of water. Stand the

drink on the ice until it is chilled. Cool Oatmeal Water .- As an alternate for barley water, for children and invalids in summer, use oatmeal. It is not only palatable, but nourishing. It is

made by mixing a large tablespoonful of crushed oats with a little milk and adding more milk to bring the amount to a quart. Bring to a boil over the fire, then draw to one side of the stove and sim-

mer gently for a quarter of an hour. Strain through a cloth, add a little sugar, and put on the ice until wanted. This drink, by the way, is excellent in winter if served hot. It is as good for tired persons or invallds as hot broth or chicken soup.

Lemon Ginger Beer .-- Another excellent home-made drink for summer is a mixture of lemon and ginger.

It is as palatable to many as the imported ginger ale, which is costly to drink if one makes a practice of it. It is made as follows: Pour two gallons of cold water over

a half-dozen lemons thinly sliced and add to this not quite an ounce of ginger root. To this mixture add a pound and a half of sugar.

Let it come to a boil; then add a tablespoonful of cream of tartar. Strain and set in a cool place. When nearly cold add a yeast cake

dissolved in a little lukewarm water; stir thoroughly; then set in a cool place over night.

In the morning mix well and bottle, Be sure to make the corking nirtight and lay the bottles on their sides in Currant Water .-- To prepare currant | a cool place. A small bottle of Jamaica water mash a cupful of raspberries ginger extract may be used in place of and two cupfuls of, currants, 'add a the whole ginger if more convenient.

THE LAND OF GRAIN -BY-JAMES OLIVER CURWOOD

"Canada-The Land of Greater Hope"-"The Invasion of Canada by American Farmers"-"A Thousand Miles on Horseback Across the Dominion Provinces," Etc., Etc.,

Not so very many years ago the majorty of people in the United States laughed at the prediction that the day was coming when Western Canada would far outstrip this country in the raising of grain-when, in other words, it would become the great bread-basket of the world. During the past three or four years the enormous production of grain in the Dominion West has thinned the ranks of those who doubted the destiny of Canada's vast grain growing regions; the crops of this year will dispel the doubts of the remaining few. From Winnipeg. westward to the foothills of Alberta, over a country nearly a thousand miles in width, the grain production this year will be something to almost stagger the belief of those hundreds of thousands of American farmers whose average yield is not more than from ten to fifteen bushels of wheat to the acre, and who are finding that their product is also outclassed in quality by that of their northern neighbors.

The enormous grain crop of this year in the Canadian West may truthfully be said to be the production of "a few pioneers." Only a small percentage of the unnumbered millions of acres of grain land are under cultivation, notwithstanding the fact that tens of thousands of homesteads were taken upglast year. And yet, when all the figures are in, it will be found that the settlers of the western prairfes have raised this year more than 125,000,000 bushels of wheat, 100,000, 000 bushels of oats and 25,000,000 bushels of barley. It has been a "fortune making year" for thousands of American farmers who two or three years ago owned hardly more than the clothes upon their backs, and whose bumper crops from their homesteads will yield them this season anywhere from \$1,500 to \$2,500 each, more money than many of them have seen at one time in all their lives.

Very recently I passed through the, western provinces from Winnipeg to whole forming a brilliantly scintillat- Calgary, and in the words of a fellow passenger, who was astonished by what he saw from the car windows in speaking, in a "land of milk and The country was one great honey." sweep of ripening grain. In fact, so

Canada. There are good scientific reasons why these regions are capable of producing better crops than our own western and central states, but best of all are the proofs of it in actual results. This year, for instance, as high as one hundred bushels of Author of "American Farmers Builds oats to the acre will be gathered in ing a New Nation in the North"- Manitoba, Saskatchewan, and Alberta; and some wheat will go AS HIGH AS FIFTY BUSHELS TO THE ACRE, though of course this is an unusual yleld.

Last spring it was widely advertised in American papers that Alberta's winter wheat crop was a failure. In fact, this is Alberta's banner year in grain production, as it is Saskatchewan's and Manitoba's, and from figures already in it is estimated that Alberta's wheat will yield on an average of THIR-TY-FIVE BUSHELS TO THE ACRE. In many parts of the province returns will show a yield of as high as FIFTY bushels to the acre and it is freely predicted by many that when the official figures are in a vield of at least forty-five instead of thirty-five bushels to the acre will be shown.

At the time of my last journey through the Canadian West, when my purpose was largely to secure statistical matter for book use, I solicited letters from American settlers in all parts of the three provinces, and most of these make most interesting reading. The letter was written by A. Kaltenbrunner, whose postoffice address is Regina, Saskatchewan.

"A few years ago," he says, "I took up a homestead for myself and also one for my son. The half section which we own is between Rouleau and Drinkwater, adjoining the Moosejaw creek, and is a low, level and heavy land. Last year we put in 100 acres of wheat which went 25 bushels to the acre. Every bushel of it was 'No. 1.' That means the best wheat that can be raised on earth-worth 90 cents a bushel at the nearest elevators. We also threshed 9,000 bushels of first class oats out of 160 acres. Eighty acres was fall plowing AND YIELDED NINETY BUSHELS TO THE ACRE. We got 53 cents a bushel clear. All our grain was cut in the last week of the month of August. We will make more money out of our crops this year than last. For myself, I feel compelled to say that Western Canada crops cannot be checked, even by unusual conditions."

An itemized account shows a single year's earnings of this settler and his son to be as follows:

2,500 bushels of wheat at 90 cents a bushel.....\$2,250 9,000 bushels of oats at 53 cents a bushel..... 4,770 Total\$7,020 It will be seen by the above that this man's oat crop was worth twice as much as his wheat crop. While enormous was the crop, that at the the provinces of western Canada will Mrs. Cavendish-Bentinck, a sister of time there were grave doubts as to for all time to come be the world's wives and daughters much. Tea and Mrs. Ogden Mills, wore this sort of the possibility of GETTING ENOUGH greatest wheat growing regions, oats are running the form race for supremacy. The soll and climatic conditions in Manitoba, Saskatchewan and Alberta are particular ly favorable to the production of oats, and this grain, like the wheat, runs a far greater crop to the acre than in even the best grain producing states of the union. Ninety bushels to the acre is not an unusual yield, whole homesteads frequently running this average. And this is not the only advantage Western Canada oats have over those of the United States, for in weight they run between forty and these inverted diadems the same eve- told about this country I don't sup-1 wheat goes to sixty-two pounds to the bushel. In' fact, so heavy is Canadian grain of all kinds, and especially the wheat, that throughout the west one will see cars with great placards upon them, which read:

that the individual in many cases most emphatically does have moral responsibilities where the state, as such, has none whatever,

pural free delivery think of it may be judged from its extraordinary extension in answer to persistent demand. Ten years ago when the service was started S3 carriers were employed, at an expense of \$14,riers, at an estimated expenditure of \$26,-155,524.

free delivery may be gathered from the recommendation of Fourth Assistant Postmaster General De Graw, that the rural delivery be supplemented by a parcels post

delivery.

Where in the readjustment of routes it has been necessary to reduce. the frequency of rural free delivery from daily to triweekly, the postoflice department reports, the amount of mail has so increased that the daily delivery has been restored in a large number of instances.

The plan of rural free delivery was no more problematical at its plain white linen. inception than was the experiment of free delivery of letters in the large cities, which was begun at a time well within the memory of living men. The penny post was still in vogue only a little more than 40 years ago, and the postmaster general at Washington thought delivery would bankrupt the government.

It was in a New England city, New Haven, that the experiment was tried, and its subsequent success is a matter of record.

Rural free delivery is one of a number of agencies that have brought the city and the country nearer, and have increased the farmer's opportunity to become in the broadest sense a business man. Before these means of communication were established the farmer labored under great disadvantages of remoteness.

He was necessarily out of touch with the world, and his isolation made his life one of more or less drudgery. He often had a right to complain of neglect, but he usually accepted his situation with philosophic patience.

When one by one all these means of intercommunication, were extended from the city into the country the transformation was remarkable. The electric car appeared, the telephone was installed, rural free delivery was established, and communities were drawn together as swiftly as neighbors on the same road had been in the years before.

As to rural free delivery there is no thought save that of its development and growth. That is the view which the government takes, after

a survey of the benefits accomplished, takes, based on personal knowledge of Lauri Ellumth its benefits.

What the beneficiaries of the system of 840, while at present there are 31,582 car-

What the government thinks of rural

ment, and a harmless dash of gossip can be uncovered without provoking severe strictures.

loved without fear of bantering com-

The family luncheon is the best medium I know of for_acquiring the valuable French art of concocting entrees out of "left-overs."

Some Johns have a rooted dislike for "made dishes"-a prejudice which, I may remark, adds sensibly to the sum of household expenses. It would double them but for the canny housewife's use of cold cuts and scraps for the mid-day meal "just for the children and myself."

Women don't cook for themselves! But for the saving clause, "the chil dren," our economist would starve herself upon toast and tea. Being a mother, she brings forth strengthening soups, savory stews and relishful compositions of fish and vegetables out of most unpromising materials, unconsciously becoming a culinary artist,

Collars in Dresden Colors.

Stiff collars have, for a long time, been embroidered, but it remained for this summer to bring them forth decorated with bunches of flowers in ; multitude of Dresden shades. The little hosegays are placed on the corners of the collars in front, and they add just a dainfy touch of color to the immaculate whiteness of a white linen tailored suit.

With them are worn jabots, made of handkerchiefs, imbroidered to match the collar, or little butterfly bows in

Beaded Belts.

Beaded leather belts are on sale in great quantities, and they are very pretty, indeed. The best of them are made of soft suede and decorated in many-colored small glass beads-to imitate the Indian work. On some the beads are grouped only just in front, to take the place of a huckle-while others have an imitation buckle both front and back.

draheri@ were seen.

The duchess of Rutland also wore a new pattern in diadems; in this inears meeting in the front and Queen

The crepe de chine coat is a great favorite.

The satin coat is an excellent example of the present craze of associating a cloth or veiling skirt with a wrap of satin.

Have a pendant or two of unattached chiffon floating about you-it makes little difference where-and the suc-

cess of your gown will be established." The empire and the Greclan are a particularly happy combination for a summer evening gown, the tunic lending itself admirably to the long skirt. For the more dressy tailor-made suit a new combination of white skirts and colored coats is making its appearance. The little red golf jacket has also reappeared.

Before I made my first trip through the Dominion west I doubted very much the stories that I had heard of diamond tassels and diamond set cords this so-called "grain wonderland" across the border. I believed, as unnumbered thousands of others believed, that the stories were circulated mostly to induce immigration. I quickly found that I was wrong. As one Alberta farmer said to me a few weeks ago, "If the whole truth were ning that the diamond studded corsage pose you could find one American in ten who would believe it."

This year the prospects of the wheat crop of Saskatchewan, Manistance it was a pointed crown of wheat toba and Alberta are an average of over TWENTY-FIVE BUSHELS TO Alexandra wore a similar colffure or- THE ACRE, and that this grain is nament, but instead of wheat ears a far superior to that raised in the diamond thistle rose from the center. states is proved by our own government statistics, which show that American millers are importing 'millions of bushels of B "Canadian hard" to mix with the home product in order that THIS HOME PRODUCT MAY BE RAISED TO THE REQUIRED STANDARD. It is a peculiar fact that while the Dominion Government is anxious for its western provinces to fill up with the very best of immigrants, there has been no blatant or sensational advertising of those lands. For this reason it is probable that not one American farmer out of fifty knows that Canada wheat now holds the world's record of value-that, in other words, it is the best wheat on earth, and that more of it is grown to the acre than anywhere else in the world.

> A brief study of climatic conditions, and those things which go to make a climate, will show that the farther one travels northward from the Montana border the milder the climate becomes-up to a certain point. In other words, the climate at Edmonton, Alberta, is far better than that of Denver, 1,500 miles south; and while thousands of cattle and sheep are dying because of the severity of the winters in Wyoming, Montana and other western states, the cattle, sheep and horses of Alberta GRAZE ON THE RANGES ALL WINTER WITH ABSOLUTELY NO SHELTER. This is all largely because sea-currents and air-currents have to do with the making of the climate of temperate regions. For instance, why is it that California possesses such a beautiful climate, with no winter at all, while the New England states on a inrallel with it have practically six months of winter out of twelve?

It is because of that great sweep of warm water known as the "Japan current," and this same current not only affects the westernmost of the Dominion provinces, but added to its influence are what are known as the An effective border in cross-stitch for working on the ends of towels, side "chinook winds"-steady and undevlboard cloths, etc., is shown here. It may be worked in two or three colors ating air-currents which sweep over the great wheat regions of Western | reled!"

"This car is not to be filled to capacity with Alberta wheat."

When I made my first trip through the Canadian West a few years ago I found thousands of settlers living in rude shacks, tent shelters and homes of logs and clay. Today one will find these old "homes" scattered from Manitoba to the Rockles, but they are no longer used by human tenants. Modern homes have taken their place -for it has come to be a common saying in these great grain regions that, "The first year a settler is in the land he earns a living; the second he has money enough to build himself a modern home and barns; the third he is independent." And as extreme as this statement may seem to those hundreds of thousands of American farmers who strive for a meager existence, it is absolutely true. I am an American, as patriotic, I believe, as most of our people-but even at that I cannot but wish that these people, whose lives are such an endless and unhappy grind, might know of the new life that is awaiting them in this last great west-this "land of greater hope," where the farmer is king, and where the wealth all rests in his hands. As one American farmer said to me, "It is hard to pull up stakes and move a couple of thousand miles." And so it is-or at least it appears to be. But in a month it can be done. And the first year, when the new settler reaps a greater harvest than he has ever possessed before, he will rise with 200,000 others of his people in Western Canada and thank the government that has given him, free of cost, a new life, a new bome, and new hopes-which has made of him, in fact, "A man among men, a possessor of wealth among his people."

Thoreau's Sensible Answer.

When the forest-haunting hermit Thoreau lay on his deathbed, a Calvinistic friend called to make inquiry regarding his soul. "Henry," he said. anxiously, "have you made your peace with God?" "John," replied the dying naturalist, in a whisper, "I didn't know that God and myself had quar-

with flax thread, mercerized cotton, or silk.

F IT hadn't been so really serious it might have been laughable-this 48-hour romance of pretty little Ethel English, just turned 15 years, and Clark Breckenridge, big and 23. It was a

wooing, a wedding, a spanking and a forgiving-all within the brief span of two days. And more than thatthe angry father began proceedings at once to have the marriage annulled, and to boot had the youth arrested for perjury, only to find that the perjury charges could not be sustained and that annulment was impossible.

The old story-a schoolgirl falling. in love with the first young man who came along and was good-looking and said tender things and talked of flowers and moonlight. Half of Brownsville, Pa., says that Dr. H. J. English, the bride's father, did perfectly right in tearing the romantic Mrs. Breckenridge away from her indignant young bridegroom. The other half, with equal emphasis, feels for the young man. Why shouldn't he marry the girl of his heart, seeing that she had money of her own and he a good position at a good salary for one of his years, and is heir to a nice fortune besides?

The Wooing.

It only began the other day, when Ethel English, school over for the term, went to Carmichael's, Pa., to visit her cousins, the Baileys. At the same time young Breckenridge had a vacation and he went to Carmichael's, too. And there he met pretty Miss English-vivacious, clever, pretty as a picture and young and romantic to her finger tips.

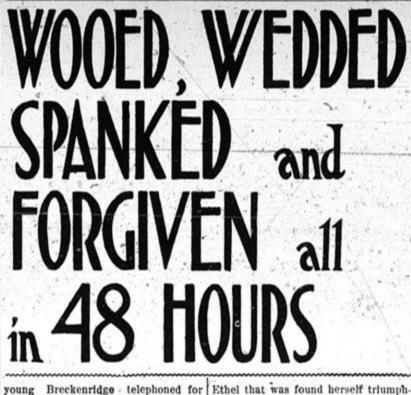

He had met Miss English casually. before, in Brownsville, where he lives, but there were plenty of other young chaps around then and he was only one of fifty. But here at Carmichael's the field was clear for him. Miss Ethel did not know a single other soul in all the town except her relatives, the Bailey family, and when young Mr. Breckenridge touched his hat in the street to the pretty little girl from Brownsville she colored a bit and stopped to speak to him,

"What brings you here?" she asked, interestedly.

"Oh, I'm just on a vacation," said the young man.

"Isn't that nice?" exclaimed Miss

chug-chugged up and once more little home. Miss English smiled. They hurried along swiftly in the second car to in a convenient garage, all three tak-

ing the train to Steubenville, O. And here their troubles really began. Fearing pursuit all the time, the as soon as they could. Meanwhile the ily affairs. angry father of Miss English and the angry father of Miss Bailey began to think that something was wrong. The trio had only been going ostensibly to the Dawson races near by, and stone township. why had they not returned? Soon the telephone wires in all directions were locate the fugitives.

By this time they were at the county clerk's office in Steubenville. But even before that Dr. English had got wind of their direction and telephoned spanking. by long distance wire to Steubenville.

"Nothing doing," said the clerk, laconically, when Clark Breckenridge brought Miss Ethel in for a license. We've heard from papa!"

The three turned and fled.

minute," gasped the girl; "we must I will do it!" get away somewhere!"

Young Breckenridge was resource aboard a trolley car and in a few minutes they were over the state hard work they got a license and hulled, if it were possible, found a parson who was willing to the the knot.

The Home Coming.

another car, and in half an hour it antly escorted to the. Breckenridge

Thrashed by Bridegroom When Dr. English heard how things Washington, and there put the auto had come out-he was scouring the countryside for any trace of his missing daughter by that time-he sent his two sons to bring her home. Clark Breckenridge promptly thrashed both youngsters wanted to get married just for attempting to interfere in his fam-

Dr. English was furious.

"I'll bring her home," he declared, and he drove right over to the Breckenridge place from his farm at Red-

He stalked boldly in and was confronted by the bride. Then he did made hot by the two fathers, trying to what fathers have done before, but perhaps never to a bride. He took Mrs. Clark Breckenridge-if you please-right across his knees, and gave her a good, sound, old-fashioned

> "Now come home where you be long,' added Dr. English.

"As for you, young man," he shouted, turning to the bridegroom of less than a day, "I'll see what the law can do in your case. If I can do any-

"Why, father might get here any thing to punish you, you may be sure Next day Dr. English had Clark

Breckenridge, his new son-in-law, arful enough. He bundled the two girls rested on a charge of faisely swearing to his daughter's age. Then he sent a messenger to West Virginia to look up line into West Virginia, where it isn't the facts and find out the law of the so hand to get married. Dr. English's state regarding the marriage of miphone hadn't reached that far, and by nors. He was going to have it an-

Begin Legal Proceedings.

Clark Breckenridge sued out a writ of habeas corpus, in turn, to regain Then the young culprits decided to possession of his bride, getting out go back to Brownsville, and make a on bail on the perjury charge. The clean breast of the whole thing. And town took sides; it was going to be a Annie Balley weni along. It was ten fight to a finish, whether or not a

For just a day Dr. English held out. Still little Mrs. Breckenridge kept on weeping. Then he gave in.

"I'll forgive you," said Dr. English, taking the girl wife in his arms. "I guess you love him and I guess he loves you. We'll send for him right away."

The Forgiveness.

The next-minute Dr. English was at the telephone calling up the Breckenridge home, and finally he got Clark Breckenridge himself on the wire. He had learned that under West Virginia law the marriage was perfectly legal, and it was the fatherin-law, not the son-in-law, who found himself forced to give in.

"Come over," he said. "You're forgiven, but don't do it again."

It took young Breckenridge only a few mintues to dash over to Redstone township to claim his bride of 48 hours responsibility, and when these infebefore. There were kisses and handshakes all around andsoff went the bride, suffused in smiles and tears, to make her new home with her young husband

Now the perjury suit is dropped and the habeas corpus proceedings are quashed.

"After all," says Dr. English, "I can't blame them so' much. I might have done the same thing myself." The bride is the youngest daughter of Charles C. Carter, a leading young | Building. lawyer of Brownsville. Josephine, the second daughter, is single. A son, B.

J. English, M. D., died recently, The children inherited money from their mother's relatives, and a recent sale of coal acreage gave Ethél \$47,000 from that deal alone. And she has other money. The father wanted the girl to go to school, but she opposed. and it is believed fear of being sent to some tight-laced institution had much to do with this elopement.

She was approaching the romantic age and took the first man who asked her. In this case the man was quite attractive. He is a handsome young fellow, unun-usely popular with young women. He is the eldest son of William Breckenridge, a rich retired hotel man. The lad has always had a free hand with money and his latest exploit was to drive his father's auto. her, mobile to the point of exhaustion in

WHAT THE TRADE MARK MEANS TO THE BUYER

Few people realize the importance of the words "Trade Mark" stamped on the goods they buy. If they did it would save them many a dollar spent for worthless goods and put a lot of unscrupulous manufacturers out of the business.

When a manufacturer adopts a trade mark he assumes the entire responsibility for the merit of his product. He takes his business repution in his hands-out in the limelight-"on the square" with the buyer of his goods, with the dealer, and with himself.

The other manufacturer-the one who holds out "inducements," offering to brand all goods purchased with each local dealer's brand-sidesteps rior goods "come back" it's the local dealer that must pay the penalty. A good example of the kind of pro-

tection afforded the public by a trade mark is that offered in connection with National Lead Company's advertising of pure White Lead as the best paint material.

That the Dutch Boy Painter trade mark is an absolute guaranty of purity in White Lead is proved to the most skeptical by the offer National of Dr. English, a very well-known phy- Lead Company make to send free to sician. The Beginning.

Ethel. "I'm here, too, for a visit with my cousins, the Baileys. Won't you come up and see me, and we'll talk over Brownsville?"

"I'll only be too glad," replied the young man, flattered at the invitation from such a pretty, likable girl as Ethel English. ,"I'll come around tonight."

Now, most Brownsville folks say that this was pure chance, this meeting of the two young people in another town. But there are a few who declare that young Breckenridge had fallen in love with the girl the first time he say her at Brownsville and that he had gone purposely to Carmichael's, where he could have the field alone to himself. At any rate, there had been another girl to whom he had been engaged, but three weeks before he had given her up-the reason he gave at the time was because she had danced with another fellow.

So that very night the young man called on pretty Miss Ethel. They sat out on the porch and talked of many things. Next morning it was a stroll through the quiet lanes of the countryside and in the afternoon a drive. There was candy, too, whenever the young man came, and flowers very often.

And all the time the Baileys didn't suspect a thing-the young people were just enjoying their vacation.

The Elopement.

There was a garage in Carmichael's and occasionally young Breckenridge got a speedy roadster for an afternoon's run. Nothing was thought of young daughter of the family where Miss Ethel was visiting.

So, when an auto spin was proposed one bright afternoon the other day and Miss Annie was invited to accompany Miss Ethel, nobody had the slightest objection. But Annie Bailey was in a little secret, too, and her of Clark Breckenridge. going was only to be with her cousin on the most momentous occasion of her life.

authorities," said Eric Her land, a lumber merchant of Traverse City, Mich., who has been on a visit to his native land, Denmark.

"Denmark still possesses in the heaths of Jutland a large undeveloped territory that requires much labor to make it suitable for agricultural purposes," .continued Mr. Herland. "Of late years, however, many farms have begun to dot this Jutland landscape. Through persistent efforts trees are now in evidence where formerly the heaths were barren except for unbroken stretches of ling. Acres of grain bearing soil have replaced the tough undergrowth that was good for nothing but the torch.

"The work of reclaiming the Danish heaths has been accomplished largely through the co-operation of the Danish prison authorities and individuals who wished to embark in farming on their own account and had no means of buying ground. In such instances every-inducement is offered the agriculturist to become the owner of a plot of ground on the heath. For him to break up the earth single handed and start buslness would be a physical impossibility. It is here the prisoners do the preliminary work.

"A freedom which will not infringe on the regulations necessary to keep up discipline is enjoyed by. the prisoners on the Danish heath, but the work is no child's play. Severe as the labor is, however, seldom, is a prisoner heard to complain, for if such complaints should reach the

ears of the officials the convict would at once be deprived of this semi-liberty and returned to the confinement of the prison. The average human being loves liberty too well the doctor, when he found that im- to voluntarily exchange it for the

Last of the Season

The last excursion of the season by the Escanaba city band, was given last evening on steamer the Lotus the same having been postponed from last week owing to the inclement weather at that time. The trip was to Giadstone only, the extra ride up the bay being dispensed with.

The band boys arranged an exceptionally good musical program for the occasion and there was a liberal "speil" both going and returning.

The first team expect to play two

games of ball in Gourley Sunday and in a score of 5 to 3 after ten innings of hard play, it might be stated that inasmuch as the two teams are so evenly matched one would not go amiss if he

The judge will retain his office in this city and visit here at frejuent intervals to look after the affairs of his justice court.

Priests Were Transferred

Rev. Fr. James Corcoran who has een in charge of St. Francis de Sales' Catholic parish at Manistique, has by order of Bishop Eis been transferred to the Spalding parish, about twenty miles from Escanaba, assuming charge of his new duties last week. Fr. Laforest, his assistant, has come to Escanaba to assist Fr. Menard, who for many years was in charge of the Spalding parish. They are to be succeeded at Manistique by the Premonstratensian Fathers of Depere, Wis., one of them the Rev. Fr. B. J. Schevers. Prior to their departure from Manistique, Frs. Corcoran and Laforest were serenaded by the hand. A high mass of thanksgiving was celebrated in honor of Fr. Corcoran's tenth anniversary of his ordination. Rev. F. X. Barth of Stevenson, schoolmate of Fr. Corcoran, preached the sermon; Rev. Raymond Jacques of Iron Mountain, deacon; Rev. James Dittman of Hermansville, sub-deacon; Rev. Jos. Dufort of Rapid River, master of ceremonies; Rev. Geo. Laforest, assistant master of ceremonies, and Rev. James Corcoran, celebrant.
