## PASTOR WARNS COUPLES OF VACATION PARTINGS

### Declares Many Divorces are Result of Wives Leaving Husbands During Summer Time to "Swelter" Alone

## PRACTICES WHAT HE PREACHES

### Likes Ideal of Germans who go for Outings all Together or not at all—Sees no Reason for One End of Family to Stay at Home While the Other Rusticates

(Special to Morning Press.)  
MILWAUKEE, Wis., Aug. 11.—"Wives ought to remain with their husbands during the summer and all seasons of the year."  
"The real 'summer danger' is the separation of married people during the season when the thermometer hovers above the summer heat mark. If there must be separation it should not be for more than during the business hours of the husband."  
In these words the Rev. W. K. Frick, pastor of English Lutheran church of the Redeemer, denounced the practice of families breaking up in order to give wife and children an opportunity to recuperate while "hubby" remains in the heat of the city.  
"I think it is proper for the woman to take her family away from the heat of the city during the sum-

mer months, but it should not be any further away than is possible for the husband to travel conveniently to spend the evening and night."  
"The methods followed by the Germans in this respect have always appealed to me. The head of a German family almost invariably takes his family with him for an outing.  
"Hundreds of divorce cases can be traced to the custom of women refusing to share the discomforts of the hot weather with their husbands."  
Clergymen all over the country are warning fathers and mothers not to separate as soon as the mercury begins to climb upward.  
Mr. Frick will take no vacation this year.

## 400 JAPS DROWNED

(Special to Morning Press.)  
TOKIO, Aug. 11.—A coral fishing fleet was caught in a squall off Kobe and 400 of the fishermen drowned.  
The fierce gust of wind rushed upon them before they had time to adjust the sails.  
Rescue parties at once put out to the scene and many bodies have been recovered.

## IT'S MEANER THAN THROWING ASHES ON SNOW SLIDES

(Special to Morning Press.)  
BRISTOW, Okla., Aug. 11.—During the hot spell in Oklahoma the owners of farms with good swimming holes are charging 10 cents admission to persons who desire to take a plunge in a state that is devoid of lakes.  
The farmers agreed on a proposition of this kind and boys and men from surrounding towns are finding it difficult to land a swimming hole unless they pay the admission price.  
"No Trespassing" signs aid the farmers materially in keeping swimmers of their places.

## C. P. ROAD IS HIT BY STRIKE OF LAKE LABOR

(Special to Morning Press.)  
FORT WILLIAMS, Ont., Aug. 11.—Without having made any formal demands upon the company nearly 1,000 freight handlers employed by the Canadian Pacific, road have gone on strike, and freight movement in Fort Williams is at a standstill.  
Package freight boats are affected more than the railroad, and until men can be secured all freight will be shipped by rail.  
Truckers demand an increase from 17½ cents, with 1 cent bonus, to 22½ cents an hour for day work, and an increase from 21 cents an

## CLARKSON TO WORK

(Special to Morning Press.)  
KENOSHA, Wis., Aug. 11.—Judge Joseph R. Clarkson who recently returned after his remarkable three weeks' absence from Kenosha after being found working in a button factory at Sabula, Ia., will give up the law after twenty years and become a common laborer.  
He personally applied for a job in the factory of the Simmons Manufacturing company here and he will go to work within a few days.  
His work is to be the same work as the regular wage earners.  
When the judge applied for work, Simmons who is one of his best friends, suggested that what he needed was rest and nourishment, but the judge showed the muscles of his arm and told Mr. Simmons that what he wanted was hard work and lots of it.

## TEN BURN IN HOTEL

(Continued from page one.)  
VANCOUVER, B. C., Aug. 11.—The Okanagan hotel, at Vernon, B. C., burned early Tuesday and eleven lives were lost.  
Identification is difficult.  
Property loss was about \$25,000.  
Forty-nine who escaped, left in their night clothes.

(Special to Morning Press.)  
MIDDLETOWN, N. Y., Aug. 11.—A million dollar loss is the result of a fire in the resort town of Monticello last night.  
Thirty-six buildings were burned.  
(Special to Morning Press.)  
ALGONAC, Mich., Aug. 11.—The Ruhl cottage, on the Flats, was destroyed by fire early this morning.  
Mr. and Mrs. Ruhl, sole occupants of the building, narrowly escaping with their lives.  
They climbed out of windows in their night clothing.  
Morning Press readers will find every advertiser in our columns responsible. The offers made in the advertising sections are more than

## EVELYN IS ALL "BROKE"

WHITE PLAINS, N. Y., Aug. 11.—Reasserting his sanity, Harry K. Thaw issued a statement reviewing the evidence given in the recent hearing.  
Thaw said that, according to the alienists, District Attorney Jerome had proved him to be sane "forty-five times over" in his long questioning.  
Evelyn Nesbit Thaw declared there was no truth in the story that she would sue for \$500,000 against her husband. She said, however, her usual monthly remittance of \$480 from her husband had not been received this month, that she was practically penniless.  
Thaw said: "It seems to me I must be perfectly sane if I had heard of sensible men who slept in the same room with me, saw me in dress and go to sleep and wake up, then eat my breakfast, dinner and supper and who took me up on the mountains where I could have left them miles behind had I not been trustworthy."

## 'LITTLE PRINCESS' MUST BE SERIOUS

(Special to Morning Press.)  
BERLIN, Aug. 11.—Germany's "little princess," the only daughter of the kaiser, is about to "come out."  
Since the wedding of Miss Alice Roosevelt there has been no social event to match this in importance.  
Princess Victoria Louise aged 17, is the only girl in the kaiser's brood.  
With her confirmation the daughter of the kaiser will come into responsibilities from which any girl might gladly shrink.  
She will reside in a palace of her own, Rhinsberg, a pretty little palace near Potsdam, belonging to the emperor.  
In this little palace the princess will command a staff of eight servants, and a pony carriage and small automobile will be at her service.  
The princess' taste in decorating her new home is of the simplest character. The rooms she is to inhabit will be made as light as possible; the furniture and hangings are all to be in bright or light colors.

## ESCANABA NOW CERTAIN TO GET BIG WIRELESS STATION IN THIS CITY

### Results of Work Done by John A. Stromberg and T. J. Martin Shown in Prompt Action of Company in Preparing to Carry Out Plans

That Escanaba is to have a wireless telegraph station was made certain yesterday when word was received by J. A. Stromberg, that the United States Wireless Telegraph company will send a crew of men here late in September to undertake the work. The manager for this district is now in the Copper country and will come to Escanaba as soon as possible to make the preliminary arrangements for erecting the station. The company's construction crew has a great quantity of work ahead but because of the activity shown by Mr. Stromberg and T. J. Martin in interesting local business firms in the enterprise every effort will be made to give Escanaba the wireless service as soon as possible.  
Following is the letter received by Mr. Stromberg yesterday:  
DEAR SIR:—  
"Your registered letter of the 9th instant, enclosing signed subscriptions from 50 parties in your city, with contracts to give the United States Wireless Telegraph company \$1 worth of business a month under the regular form of contract, received. It is needless for me to say that the receipt of these subscriptions is very pleasing to the writer.  
"I have turned the matter over to the United Wireless Telegraph company who will push it forward as speedily as possible so as to have all arrangements for the station completed and the erection of same begun at an early date. At the present time the construction force of the company is exceptionally busy in erecting new stations and putting up steel towers and it will probably be the 1st of September, and possibly a few days thereafter, before the Escanaba station can be completed.  
Mr. Moo, the manager for this district is at present around Duluth, Calumet and that section and we are writing him if possible to go to Escanaba as soon as he can and complete the final details for the arrangement of site, etc.  
With best regards and assuring you of my personal appreciation and the appreciation of the company for the work of yourself and Mr. Martin, and wishing you everything good, I remain  
Very truly yours,  
R. B. RESPESS."

## COAL MEN SCRAP; IT MEANS NEW LAKE BOAT LINE

(Special to Morning Press.)  
PITTSBURG, Pa., Aug. 11.—The Pittsburg-Butte company, largest of all independent coal companies of the Pittsburg district, has thrown down the gauntlet to the Pittsburg company, or soft coal trust, and will invade the markets of the north-west.  
President John H. Jones of the Pittsburg-Butte company, announced that his company has secured ground for docks at Duluth and will begin their erection at once.  
He expects to store 1,000,000 tons of coal there, and for the first time in history give consumers of the northwest more than one point

## LAD OF SIXTEEN IS ACCUSED OF WHITE SLAVE WORK

(Special to Morning Press.)  
MILWAUKEE, Wis., Aug. 11.—Sold, it is alleged, as a "white slave" for \$450 to a Milwaukee woman, Genevieve Schwartz, aged 16 years, Chicago, is sought in the resorts of Milwaukee by the police.  
She was traced to a resort where she came Saturday night, but left after being there two hours.  
Search further was made upon an alleged confession to the Chicago police by Charles Kaufman, aged 16 years, 463 Sixth street, Milwaukee who was arrested in Chicago as he was about to board a boat for Milwaukee.  
Young Kaufman, who is the son of a Milwaukee saloon keeper, is charged with having lured the girl away from her home.  
"I regret that the whipping post

## ESCANABA LAD HAS TERRIFYING EXPERIENCE LOST IN THE WOODS

### BLONDIES, GO WAY BACK AND—ETC.

(Special to Morning Press.)  
NEW YORK, Aug. 11.—A startling note of warning to blue-eyed, light-complexioned New Yorkers is uttered by Dr. Charles E. Woodruff, surgeon and major in the United States army.  
The jails, he says, are full of blondes, who, unable to stand the struggle for existence in a climate to which they are unfitted, have fallen into poverty, disease and crime.  
What is true of New York, he says, is true of the country as a whole, and unless the blonde American finds or adopts some better means of survival than he has at present he will be wiped out as a type in favor of the brunette.  
The great trouble is the sunshine. There is too much of it in America for the blondes, says Dr. Woodruff.

### OH, YOU! MOLLIE, GIRL STRIKE BREAK

(Special to Morning Press.)  
NEWCASTLE, Pa., Aug. 11.—Certainly Miss Mollie Bradin is the first woman strike-breaker in labor's history, at least in a strike of men.  
Miss Bradin has done most to break the strike in the mills of the American Sheet and Tin Plate Company here pretty Mollie. But the young and impressionable ones are saying:  
"I love my work—but O, you Mollie Bradin!"  
Miss Mollie actually took the position of "foreman" in the mills as sorting room. She is the daughter of Dan Bradin, once a superintendent in the mills.  
Every day Miss Mollie was driven to and from the mills in her own automobile. From her wrist suspended a large handbag and in the bag was a revolver fully loaded. Her chauffeur and the three detectives who ride in the car are armed, too.  
As she was being driven home one evening stones were thrown at her auto.

### Harold Mead Wanders for Thirty Hours Swamps Between Gleason on E. & L. S. and Swanzy

## FINDS WAY OUT OF WOODS ALONE

### Went Into Woods For Short Hunt and Becoming Confused Wandered For Hours Without Rest. Clouds Obscured Sun and all Idea of Directions Lost

Lost for 30 hours in the dense woods and swamps of the peninsula wandering continually in a circle and with only wild berries for food was the terrifying experience of Harold Mead of Escanaba, who arrived at Swanzy late yesterday afternoon almost wholly exhausted.  
Mr. Mead entered the woods at Blake's camp, near Gleason, on the line of the Escanaba & Lake Superior railroad at noon on Tuesday and becoming confused, wandered frantically through the woods and swamps until yesterday afternoon when he fought his way out to the North Western tracks at Swanzy. Mead became convinced that he was lost late on Tuesday afternoon and although he signalled with his gun repeatedly, with the hope that the shots would be heard and a rescue party organized, no help came. Throughout Tuesday night he continued to fight his way through the

thick underbrush and finally becoming exhausted rested for a portion of the night on a log.  
When daylight came he believed that he would be able to get bearings from the sun but the sky was overcast with clouds and drizzling rain was falling.  
He wandered throughout the forenoon without being able to learn his whereabouts but early in the afternoon heard the whistle of a North Western train. He walked in the direction from which the sound came and finally arrived late in the afternoon at Swanzy.  
After partially recovering from his exhaustion Mead secured a team and started to drive back to the Blake camp where he expected to arrive late last night and relieve the anxiety of other members of the party there.  
Mr. Mead went to Blake's camp last week and is expected to return to Escanaba in a few days.

# Michigan State News

## SHORT IN LEAP; DROWNS IN RIVER

(Special to Morning Press.)  
MT. CLEMENS, Mich., Aug. 11.—Twenty people standing on the dock at the Clinton river saw a man go down to his death, in spite of every effort made to save him.  
George Mint, of Weston, Ill., a dredgerman employed on the D. U. R. excavation work at Pearl beach, spent the evening at the Denmark.  
He was standing on the bow of the launch Hattie Denmark, when another launch, by action of its screw, threatened to throw the Denmark boat against the dock.  
Mint sprang for the dock to fend off, fell short and into the river. He up once, calling for help, and then sank not to arise again. Men on the dock dived for him, but recovered only the dead body. Mint has an uncle, John Highstreet, living at Pearl Beach.

## LIFE OF SORROW ENDED

(Special to Morning Press.)  
JACKSON, Mich., Aug. 11.—After many years of hopeless abandonment to the drug habit, Mrs. Cora A. Sundberg, formerly of Jackson, died at her humble home in Quincey.  
Until last fall she had confined to only two friends the tragedy of her life.  
Once a beautiful young woman she had been married happily to a man of fine reputation in Calhoun county and to them two children were born. In some way she became addicted to the use of drugs.  
Finally her husband was unable longer to live with her, so the two separated, the wife leaving her two children behind and making her way to Jackson.  
Here she found employment in the Union hotel. One night the hostelry burned and several lives were lost; it was officially reported that this woman was a victim of the flames and her husband, hearing it, gave her up for dead.  
In the course of time he remarried and the two daughters, now grown (Continued on page six.)  
For if ever a person needed such

## GEN. CORBIN'S GRAND- DAUGHTER TO WED JAP MERCHANT OF DETROIT

(Special to Morning Press.)  
DETROIT, Mich., Aug. 11.—Daihiro Wooyeno, a Japanese art merchant of this city, has taken out a license to wed Miss Alice M. Corbin, granddaughter of Gen. Henry C. Corbin, U. S. A., retired.  
Wooyeno is 29 years old and vramet Miss Corbin, he says, at a fête in Cincinnati. Miss Corbin lives in Corbin, Ky.  
Wooyeno says he will sell out his business here and go to New York to start in business, as he says his fiancée loves New York.  
In 1912, he says, he intends to take her to Tokio to meet his "papa and mamma" and view the sights of the world's fair which will be held there at that time.

## CLIPS OFF HER HAIR

(Special to Morning Press.)  
PORT HURON, Mich., Aug. 11.—Sheriff Wagonsell and a force of deputies are scouring Port Gratiot township for a man who approached the 5 year old daughter of John McCollom, on the Livers road and clipped her pretty, long curls and then

TIME OF RECOVERY.

The warm days impress the rest of us with the thought that annual midsummer vacation is a pretty good thing. It was unusually warm here, where coolness usually prevails all summer.

But the vacation should not be overlooked. Blessed is the institution; it should be participated in by every city worker, man and woman.

Those vacationists were wise who sought out recreation which was the opposite of their daily routine, mental and physical. They are better men and women today for this rest—they have lengthened their lives.

Most of us are thoughtless of the future and wasteful of our energies. Many would go to smash earlier than they do if it were not for the summer holiday.

There is a way to live and keep as fresh the year around as are the vacationists now see returning to the cities. It is very simple for anyone who is in control of himself.

Concentration is one of the main essentials of success. But concentration is fatal unless alternated with passive diversions. To live with but one purpose or one set of thoughts is fatal to health of mind.

Views of Editors From Other Cities

Having beaten up an umpire Jackson, Mich., begins to make a noise like a real town.—Grand Rapids Press.

"Baby" is the name of a goose captured in 1873 by a Flint woman, and now supposed to be the oldest in the state. Time to change that name, isn't it?—Pontiac Press Gazette.

Senator Aldrich is of Quaker origin, it is claimed. The Quakers never clamored about it; but then the Quakers are noted for their silence upon troublesome topics.—Battle Creek Moon.

It is said that Harry Shaw has improved wonderfully at Matewan. Glad to hear it. Fifty or sixty years more in that place may make a fairly decent citizen of Harry.—Saginaw News.

It is currently reported that the market price for Portuguese prices is \$1,000,000 each and that Miss Anita Steward and her mother are willing to ante. And this on top of Anna Gould's experiences.—Grand Rapids News.

A new book of etiquette is contemplated by a wide-awake publisher. It is to deal with the manners of those who own automobiles, and those who are novices will be instructed in the proper way of sitting the law of equilibrium, and many other subtle observances which show a passenger is to the manner born. It is a great scheme! Such a book would soon be found in every household; children would cry for it, and not a motor carriage would be complete without a copy added to its luxurious furnishings. There are to be chapters telling how to behave when the auto turns turtle, and no one can plead ignorance of concealed seats, or mirrors, or bridge table and vanity boxes, because there will be a complete guide to all these accessories, as well as a full list of every prize car, with the numbers and owners' names—a sort of Social Register for those who speed. How to Ride in a Car is bound to be one of the "best sellers" and a wonderful addition to modern literature!

A Florida republican explains that "the high cost of chickens is not because of the protective tariff on beef but because the negroes steal so many chickens." If the negro has any political friends left in this country, we should like to know where they are.

A New Jersey man claims to have seen two ghosts engaged in furious combat recently. Competition in New Jersey is confined almost exclusively to ghosts, as the trusts have crushed out all other.

A small sample of the great Napoleon's hair recently sold in England for one thousand pounds. The man who bought it, however, probably makes a terrible howl about the high cost of living.

An Illinois girl jilted a millionaire for a soda dispenser. The influence of soda water on the summer girl is a little short of the marvelous.

The south is getting so solid that even a hurricane can't even blow it away.

In Africa after the hunting trip the cameras click and the typewriters rip.

It will cost more to get a little squeeze of lemon now.

Aldrich, Payne, Cannon—When will these three meet again?

At the end of the next fifty years it will be the United Airways lines.

An Awful Fight. Who was the boy that got scared coming up the road and went so fast that it took his breath, and then went to his neighbors to get him to bring his gun and shoot the animal, so his neighbor brought the gun and 25 shells to shoot the awful thing, but when he got there it was nothing but a neighbor's boy.—Rural Valley Advance.

BOSTON MARKETS

Table of Boston Market Report listing various commodities like Adventure, Arcadian, Alouze, Atlantic, etc. with their respective prices.

NEW YORK STOCKS

NEW YORK.—The stock market after early irregularity became extremely active under the leadership of the Hariman issues, particularly Union Pacific, on which the talk of a holding company is becoming insistent. The list is much benefited by the early declines and with the support tendered there does not seem to be any doubt here will be efforts made to force higher levels throughout the list. Total sales, 1,016,800.

THE CURB MARKETS

CURBS.—Ray Cons. and Ohio Copper were the features in a big curb trading market. Both stocks scored substantial gains. The last named property, it is rumored, is being bought by the Cole-Ryan interests. Over 44,500 shares of Ohio Copper changed hands during the day. There was good demand for Santa Rosalia with sales at 1 1/2. Ely Central selling around 1 1/2 is being well bought, while Cactus and Chief Cons. were in good demand at 4 and 1 1/2, respectively. We believe in higher prices through out the curb list.

FARMING ALIVE ON PENINSULA

John Wilde, a state deputy of the Michigan grange, has reached this vicinity in the course of his organization tour of upper peninsula, and has already organized two local granges and more are to be formed. Mr. Wilde has been busy with this work north of the straits for several months and the number of granges he has organized carries its own refutation of the assumption that the upper peninsula has no agricultural development to speak of.

GRAB SYSTEM IS GIVEN KIBOSH

It is reported from the Mesaba range that stripping operations at the Grant mine, conducted by Butler Bros., are progressing very satisfactorily. The interstate iron company let the stripping contract some months ago, after it had been proved beyond any question of doubt that the grab system was not a success. The machinery has been discarded and is to be removed after a total expense of installing it of approximately \$1,500,000. It was demonstrated at the Grant that the grab system would work all right if no large bowlders were encountered. Proper Display of the News. The Rome Tribune "would like to read of one hotel fire where the nightgowns did not get in the headlines." That's right; leave the most prominent feature of the parade to the body of the article.—Nashville American. Great Mind Stirred by Trifle. Kant, the great metaphysician, was so in the habit of gazing at a nearby clock-tower from his study window that when the trees grew up to ob-
