SUPT. F. D. DAVIS IS ENGAGED BY BOARD FOR TERM OF THREE YEARS

Action Formerly Taken by School Trustees, Hiring Superintendent of Schools for one Year is Reconsidered by Majority Vote

O'MEARA AND MCRAE AGAINST

But Two Members of Board Favor Action When Resolution is Suddenly Produced at Meeting of Last Night

Supt. F. D. Davis of the Escanaba public schools, has been engaged as superintendent of the local public schools for a term of three years.

Members of the board of education, at a special meeting held last night, by a majority vote reconsidered action that was recently taken by them when Supt. Davis was engaged for a period of one year, and following the presentation of a resolution by Trustee H. W. Reade, voted to engage Mr. Davis for a term of three years.

Following the vote on the resolution hiring the present superintendent of schools for a period of three years:

President Bartley, yes.
Trustee John Gross, yes.
Trustee H. W. Reade, yes.
Trustee John O'Meara, no.
Trustee John A. McRae, no.
Secretary S. M. Matthews, yes.

The action of the board at the special meeting of last night in re-considering action that was formerly taken and entering upon a contract with the present superintendent of schools for three years instead of one year, will be received with astonishment by the majority of the people of the city who had believed the matter closed. Nothing was heard of the movement that was about to increase Supt. Davis' term to three years instead of one until the meeting of last night was opened it being handled with great secrecy by those back of the movement.

Coming on the eve of the school election which will be held next Monday and when the terms of office of two of the present trustees will expire, the action of the majority of the board members has a peculiar significance.

TO PAVE HARTNETT

After Ald. Nelson and Ald. John P. McColl had reported to the council last night that H. W. Reade, acting as treasurer for the auto owners of the city had \$400 to be used in aiding to defray the cost of re-paving Hartnett avenue, the aldermen, by a majority vote instructed the clerk to advertise for bids for the work at once. The action was taken after a lengthy discussion in which several of the aldermen took part and after it had been agreed that the street committee should wait upon the officials of the I. Stephenson company in an effort to induce that company to contribute toward the paving building work.

TEACHERS QUIT AND NEW ONES ARE SELECTED

The resignations of three grade teachers were accepted by the members of board of education last night and their places were filled by new applicants. In addition the board engaged Miss Genevieve Stowe as instructor in dramatic English at the high school.

The teachers whose resignations were accepted are: Miss Theresa Ryan and the Misses Margaret and Ethel McMartin. Those engaged to fill the vacancies are Miss Ella Johnson Miss Margaret Deasey and Miss Frances Connors.

BALLOON WAS SENT UP MONDAY

One of the big features of the Fourth of July celebration was a large balloon, sent up by Dolphus Villeumer of the West End Cycle Works, advertising Hearsay Tires made by The Hearsay Tire Co., of Indianapolis for which Mr. Villeumer is agent. The balloon was 25 feet long and 8 feet high and bore the following add on both sides, "Hearsay Tires could be better than yours." One of Mr. Villeumer's cards was attached to the balloon offering the boy who found it \$2.00 in cash for its return but it hasn't been returned yet. The balloon went out of sight and hasn't been found yet.

UNIQUE BILL IS PRESENTED

Because it was claimed that a patient suffering from diphtheria escaped from the detention hospital and went to the Colonial hotel, where he was given quarters in a room adjoining which was apparatus used by them in their work, George A. Green, a Milwaukee diver presented a bill to the council last night for \$21.50. The amount was claimed by the diver because he was kept from his work with his helper until the apparatus had been disinfected and while the premises were in charge of the health officer.

MUSIC INSTRUCTOR HAS BEEN ENGAGED

Members of the Escanaba board of education last night settled on a superior of music for the Escanaba public schools for the coming year, breaking a deadlock that has existed in the board since the last meeting of the body was held.

At the last meeting Miss Glesson received the votes of three of the members of the board and last night the name of Miss F. Ryan of Lansing, Mich. was presented to the trustees and when the vote was taken all of the members of the body with one exception voted in favor of the Lansing music supervisor. Following was the vote on selection; President Bartley yes, Trustee Gross yes, Trustee Reade yes, Trustee O'Meara yes, Trustee McRae no and Secretary Matthews yes.

COMMITTEE TO PAY BILLS TONIGHT

Members of the general Fourth of July committee will meet this evening at the Elks' hall to settle up all unpaid accounts incurred in the celebration. All bills remaining unpaid must be placed in the hands of the committee today to receive action as tonight's meeting will probably be the last held by that body.

FIRES ARE DANGEROUS

Serious forest fires were raging yesterday close to Escanaba. A fire broke out yesterday near the Gladstone state road bridge in Escanaba township and threatened a quantity of timber in that district. A portion of the I. Stephenson Company's mill at Wells was shut down and a special train carrying fire fighters were sent to the scene and the flames were finally fought back. Throughout Escanaba township numerous fires are reported and farmers in the district are kept busy fighting the flames. The fires have run through several hay fields destroying to crop and practically all of the swamps are on fire.

POWER COMPANIES ASK FOR LENIENCY

Lansing, Mich., July 5.—Considerable pressure is being brought to bear on the state railroad commission to induce the commissioners to let down the bars to a certain extent in relation to bond issue by water power companies, on the score that these corporations if allowed to carry out their plans will cause the development of this state to go forward faster than it has in almost any period.

It is asserted that beyond any question the state has complete control over rates and general supervision powers over these institutions, and that a little less restriction relative to bond issues will allow the power concerns to get their extensions under way this year and ultimately to the expenditure of over \$30,000,000 in developing the water power of this state.

Authorities on Michigan water power say that Michigan has wonderful opportunities along this line. They talk of water power development and promising as much for the industrial and agricultural interests of the state as did the railroads in earlier times. They say that the day is not far distant when the farmer will be supplied with electricity for heating and lighting his home as well as for irrigating purposes. With irrigation will come greater crops, they argue and declare that soon the power lines will be as thick over the state as are telephone lines today.

COUNCIL INVESTIGATES THE WATER PRESSURE

Escanaba Water Company's Hydrant Rental Bill Will be Paid only After Officials of Corporation Have Guaranteed Adequate Pressure on Mains—Ald. Garrity Champions Cause of People

Members of the Escanaba City Council will refuse to pay the semi-annual hydrant rental bill of the Escanaba Water company, unless arrangements are made by that company to provide proper pressure for the mains in this city.

Complaints have been filed from all quarters of the city by the people in the past two months because of the lack of pressure on the water it being represented that in some instances families living in second floor flats have been unable to secure sufficient water for their needs at certain times each day.

Last night when the water com-

pany's semi-annual bill for hydrant rental was presented Ald. John Garrity took up the cause of the people and in a stirring short address denounced the action of the company in failing to live up to the terms of the franchise in the matter of pressure. He urged that the bill be held up until the officials of the company had made arrangements to supply the deficiency.

After a lengthy discussion of the matter the bill was referred to the mayor and members of the water committee who will have power to pay the bill if satisfactory arrangements are made with the company's officials to provide adequate pressure.

BOY PICKED UP CRACKER THAT "FAILED TO GO OFF"

Because he picked up a firecracker that "had failed to go off," Gordon O'Brien 12 years of age, is nursing a painfully burned face. The lad touched a punk to the cracker and when it failed to explode in the usual time he picked it up to investigate. At that instant the explosion occurred and the right side of the boy's face was painfully but not seriously burned.

EXCURSION JULY 24

Members of the Escanaba City band are making particularly elaborate preparations for an excursion to Manistique aboard the steamer Maywood on Sunday, July 24. The boat has been chartered for the day and it is expected that an exceptionally large crowd of pleasure seekers will be attracted. The outing promises to be one of the most delightful of the season as the scenery throughout the trip is exceptionally beautiful and nearly six hours will be allowed for a visit with friends at Manistique.

FORMER ESCANABA COUPLE TAKE VOWS IN WEST

Announcements have been received in Escanaba of the marriage at Lima, Mont. of Miss Beatrice Mulcahey and Charles Kelley both former residents of this city and both of whom have a number of friends here. The bride has been engaged as a teacher at Lima for some time and the groom is employed as a railway conductor.

PLAN EVENING OUTING TO MAYWOOD FRIDAY EVENING

A large number of dancers of the city will go to Maywood on Friday evening, when members of the Escanaba City band will give a moonlight excursion to the upper bay resort. The boat will leave the Stephenson dock at 7:45 o'clock and after stopping at Gladstone will go to Maywood where a dancing program will be enjoyed.

Sane Fourth is Endorsed

The people of Escanaba showed on Monday that they are thoroughly in sympathy with the Sane Fourth idea such as has been maintained in this city at the nation's natal day demonstrations for the past three years. When it was feared that over zealous youths and others would break from the bounds that have held them securely since Escanaba declared for a Sane Fourth, not a single disturbing feature marred the day.

The celebration was easily one of the most successful ever held here. Not a single serious accident occurred to mar the day. Escanaba celebrated patriotically but sanely. It is to be hoped that all celebrations of the future will measure up to that of Monday.

FUNERAL WAS HELD

The last rites for the dead were performed over the body of Rev. George C. Emson of Gladstone at the First Congregational church of Gladstone at 3 o'clock yesterday afternoon.

The funeral was attended by a great concourse of friends and admirers of the aged pastor, among whom were a number of Escanaba people.

The service at the church was beautiful in its impressiveness. Rev. J. Edgar Wilson, pastor of the Presbyterian church of Gladstone, offered prayer and was followed by Rev. E. E. Williams of St. Stephen's Episcopal church of Escanaba who read the scripture. The Rev. P. B. Ferris of the First Presbyterian church of Escanaba read the obituary and after whom followed Rev. F. W. Ainslie, pastor of the First Baptist church of Escanaba, gave a short address as representing the Twin City Ministerial Association of which Mr. Emson had been a member. Rev. E. J. Warren, pastor of the Alice Memorial Methodist church of Gladstone then delivered the funeral oration. The musical numbers of the service were beautifully given by members of the choir.

Following the service the body was interred at the Gladstone cemetery. Mrs. L. P. Frost and children left for Chicago Sunday to spend the Fourth with relatives. Every glass of Grape Juice a meal Sweet Corner.

WILD ANIMALS WERE SHOWN IN THE BIG PARADE

One of the most unique floats entered in the Fourth of July parade of Monday and which attracted universal attention was that of Victor Johnson of North Escanaba, who brought out for the parade a number of the animals from his menagerie. Enclosed in a monster cage on wheels were several raccoons, bears and monkeys that were put through different stunts as the float passed down the parade line much to the delight of children and others who lined the street.

BUSINESS TRANSACTED

According to action taken by members of the Escanaba city council last night a number of new cement sidewalks are to be constructed in different parts of the city. The sidewalk committee was ordered to investigate the conditions on Tweedy, Langley, Birch, Oak, Sinclair and the upper end of Ludington street.

H. J. Bourdelais was last night formally appointed as a member of the Escanaba fire department, the appointment announced by the mayor being concurred in by the council.

Reports submitted to the council last night showed there were 35 arrests in the city last month for violation of city ordinances and Judge Glaser collected \$45 in fines and Judge Linden \$69.

The cost of supporting the street department last month was \$598.25 and the cost of the poor department to the city was \$336.46. The report of City Veterinarian Dr. William Firkus submitted to the council showed that in the month of June he made 11 sanitary examinations and in 27 cases applied the tuberculin test.

BASEBALL TODAY

Members of the West Park baseball team of Milwaukee will arrive in the city this morning and this afternoon will open a series of two games with the local champs at South park. The first game will open this afternoon at 3:30 o'clock and will be followed by another at the same hour tomorrow. The West Park team is considered to be one of the strongest semi-professional aggregations in Milwaukee and local fans will watch with interest the showing made by the locals against the visitors.

BOY PLAYING DOCTOR GIVES BABY DOSE OF POISON; DEATH FOLLOWS

Birmingham, Ala., July 5.—While playing doctor, the 10-year-old son of W. S. Holcomb of Fort Payne, yesterday, took down a bottle of carbolic acid and administered a large quantity to his 10-year-old sister. The baby died in a few minutes.

SANITARY SEWERS FOR NORTH ESCANABA

Ald. Charles Nelson, of the Seventh ward, last night called the attention of the council to the necessity of making plans for a sanitary sewerage system for North Escanaba. The matter was referred to the sewer committee with instructions to investigate and report a suitable outlet for the system.

BABE DIED SUNDAY AT TROMBLEY MICH.

Harold, the two year old son of Mr. and Mrs. Fred Deloria of Iron River died Sunday. The child was severely burned seven weeks ago, and lingered on until death relieved him of his suffering. Mr. Deloria formerly lived in Garden, where funeral services will be held today. J. F. Sullivan left last night for Minneapolis on business.

FIRE DESTROYS AN AUTOMOBILE

A fire of unknown origin almost completely destroyed the Rambler automobile owned by John E. Jackson on Monday night. The car was left outside the Escanaba Electric and Garage company's building by Mr. Jackson and a short time afterward it was discovered in flames. The fire department was called out and the fire extinguished but not until after the car had been damaged beyond repair. The loss is covered by insurance.

OUT LOOKING FOR A PEEPING TOM

Chief of Police Andrew Iverson was called to Jennie street and Wells avenue by frightened residents who reported that a stranger was skulking about the houses in that vicinity. After standing on guard for some time the chief was unable to find the peeper and another officer was detailed to watch during the remainder of the night.

Pure Tone Butterfield. Made right, kept right and served right. Sweet Corner.

Atty. J. C. Ketchum returned to his home at Norway yesterday.

GOING AWAY

"Oh, thank you!" said the young woman who was just about to depart for Michigan for the summer.

"In fact, I am quite looking forward to the moment of my departure because I am so curious to know just what I shall take along. You know, when I travel I always yearn to start away traveling like the girls in the railroad advertisements. They are invariably attired in the freshest of tailor suits. Each carries one attuned, natty suitcase and a tightly rolled umbrella built on lead pencil lines, and displays a pleasant, care-free smile. They all appear to have successfully packed everything they own in trunks that have gone on ahead. It rests me to look at them.

"Somehow, though, no matter how hard I try to reach the ideal of a railroad girl in a picture, something invariably interferes.
"Once year somebody brought me a dozen jars of jelly at the last minute. These I had to carry along with the umbrella. Then my cousin added a paper package containing the rubber overshoes which she had worn away last year by mistake and which belonged to the cottager next door. She said it would relieve her conscience if I dropped them overboard just as soon as I got on the boat, however. Her conscience never knew the difference and it was lots sicer for me.

"This year it is going to be even worse. It started with the bulldog. Dick Farrington owns the dog. He said some friends of his had it and also had a little baby, and couldn't manage both, so they let him take his choice. He decided after some thought he'd take the bulldog, because he could keep it at the stable with his riding horse, and he couldn't dispose of a baby that way, although he said he regretted the baby, because he said it was a very nice one.

"The dog is a white, meek-eyed creature and so affectionate that he weeps if you raise an eyebrow at him. He looks as though butter wouldn't melt in his mouth, yet one day when I had him out he jumped on an innocent fox terrier that was attending strictly to its own affairs and licked the daylight out of it in a disinterested sort of way. I quit hauling him around by his collar right then and there!

"When in a jesting moment I suggested that Dick board the dog this summer at my house he jumped at the idea because it seems he is going away and there was nobody to leave the dog with. So I've got the bulldog to lead on a chain in one hand. No doubt I shall spend my summer alternating between the rural police court and the jail, because the bulldog will chew up all the other resorters' offspring, cats and poodles. I asked Dick what on earth I'd do if there was an awful dog fight because of the bulldog. He replied that I must go into the house and close the windows so that the noise would not disturb me and then let the best dog win. I am almost certain that I shall not have a dull summer.

"Then just last night John Gordon and I went out to one of the newly opened amusement parks and we came to a booth where people were buying ten-cent chances on birds. There was everything from sea-green parrots down to darling little gray birds with red throats. John bought a couple of chances. Just as I was explaining what kind of cage I should get to match the gray bird that I was going to win the man called out my number in such a loud voice that I was dimly positive I had drawn a parrot at least. What do you suppose I got? A globe with three gold fish in it. John got nothing.

"I was so dazed that I let the man hand me the globe and then I walked away before I realized that I had accepted the responsibility for the welfare of three innocent fish, at that moment flopping about in the water and gazing at me trustfully. There was a wire on the globe so I could carry it, and John said of course I wouldn't think of leaving it behind. I've got to take it along or hurt his feelings, and as my other hand is busy with the suitcase I shall have to hang the gold fish globe about my neck. I can fry the fish for breakfast after I get to Michigan.

"I nearly forgot to mention my telescope. It is one of those framed, glass-covered trays and so big that it wouldn't go into a trunk. It is wrapped in burlap with one handle sticking out for me to hang on to, because it would have been too much trouble to crate it. I think I shall carry that in my teeth.
"Then there is the little satchel with all the solid teaspoons and other silver in it and there will be three or four late packages from the stores that I'll have to take along. Mother said she wanted to send a little red wagon to the caretaker's child if it wouldn't trouble me too much to include it in my luggage. I may have forgotten some things, but those are the chief articles that I shall have to carry."
"Goodness!" said the listener. "You can't travel on one ticket as a single individual, can you? Why, you're a whole caravan!"
Talk about heroes; a Virginia clergyman has just been married for the 25th time.

Latest News in the World of Finance and Trade

BOSTON MARKETS

A more hopeful feeling has sprung up over the holidays and local traders were willing to buy stocks this a. m., but they were soon discouraged by heavy liquidation in New York. Local coppers were distinctly dull and showed a sold out condition. With one or two exceptions the break has been very decisive and they have fully discounted the poor condition of the metal market. We expect prices in the local market to remain relatively the same and look for a sagging and lower market in New York.

NEW YORK STOCKS

The developments over the holidays were not of a startling character but traders were still inclined to be pessimistic, more particularly in view of the lack of aggressive support. Liquidation does not as yet seem to have run its course but the appearance of the list in the last half hour indicative of a desire on the part of shorts to cover and on such buying a moderate rally might ensue but a sustained upward movement at this time does not seem probable as the situation is one still surrounded by a great many uncertainties.

THE CURB MARKETS

CURBS—It is expected that the statement of the Coppers' Producers Association to be published Friday will make a better showing than was predicted earlier in the month. According to the United States Customs House figures the exports in June were in excess of 4,000,000 pounds larger than a May Domestic deliveries have also been excellent and will be expected to be as great as those of the preceding month. Estimates of the probable increase in stocks range from 10,000,000 to 15,000,000.
The Calumet & Hecla is selling copper every day, both at home and abroad at 15c. Friday it sold copper abroad at 13 cents and to a buyer, who usually makes the lowest bid and the buyer made request for immediate shipment. A Calumet & Hecla official says there is no question but foreign supply of copper in private hands has been materially reduced.
Total sales, \$10,700.

An Appeal to all of the People of Delta County, Save one, who is Awfully busy always.
For two years have I in vain, appealed to men of means and influence in order to have them check up the iron ore which has been cut in Delta county. One year ago I was promised by a man without word that he would make this test long before this and since, have I been held out strong hopes for having this done and have been asked to wait many long weeks by an awfully busy man, to only be swindled out of valuable time in the end. What is there about money and influence as will crush the man out of some would be men? Why trust with contempt and ridicule men who are men to the core? Why ride rough shod over men who will wrong no man—men who will do their duty by their town and county as they see it—and men who possess the courage of their convictions? Where is the wisecrack so brave as to state that he can see one sixteenth of an inch under the ground and then have the audacity to say that there is no iron ore in Delta county? The iron ore, is here—it has been cut!

HE TRIED TELLING THE TRUTH

Inspiration That Extricated Government Clerk from an Exceedingly Deep Hole.
Government clerks in Washington are allowed so much time every year for vacation and so much for sick leave. The improved health of the capital city has eliminated the sick leave requirements, and of recent years clerks have been somewhat worried as to how they should continue to secure it in view of their robust health. A conversation overheard in one of the corridors threw light on the situation.

"You bet I was up against it last August."
"Thought you had a fine vacation—what was the matter?"
"Vacation was all right—it was before I started. You see, I secured medical certificates from two different doctors—the first was an insurance doctor who gave me a clean bill of health to obtain a policy. The other doctor was a friend of mine, and he gave me a certificate that would help out on my vacation for extended sick leave!"

"Well, what of it? Lots of us do that. Does your conscience prick you now?"
"Well, I shuffled the two certificates and sent the insurance doctor's assurance of good health to my chief, with a note asking for extended leave; the paper making me out desperately ill. I sent to the insurance company."
"What on earth did you—I see you have not lost your position?"
"Well, I lay awake all one night worrying. In the morning I had an inspiration—I told the chief the truth!"—National Magazine.

The "Top-Knot" Cutting Ceremony.
A Siamese child, whether boy or girl, wears its hair in a little top-knot until it has attained the age of 11 or 12 years. On reaching this age the top-knot cutting ceremony takes place. The child is dressed in its best, and amid much rejoicing of relatives and friends the top-knot is cut, one lock at a time. The head is then completely shaved by the priests. All guests invited to the ceremony bring presents—usually money, which is carefully invested for the child by its parents or guardians. A young prince or princess will sometimes receive as much as \$25,000 in presents at his or her top-knot cutting ceremony, while a poor child may get \$10 or \$15.—Wide World Magazine.

OLDEST UMPIRE IN COUNTRY QUITS GAME

Washington, D. C., July 4.—John F. Sheridan of the American league, for thirty years a professional baseball umpire, packed his baggage here on Monday and left an hour before the time for the first game between Washington and New York surprised Umpire Egan with the announcement that he had shouted "batter out" for the last time.

Rotation of the Earth. The rotation of the earth, at the equator, is at the rate of 1,000 miles per hour.

Knowledge of the World. Everybody but a fool keeps good friends with waiters, for, whether these have any union or not, they are a big-fated brotherhood.

Belzer soused one over the back fence for the circuit in the sixth after he should have been called out on strikes.

What kind of a ball was that, that Loell threw out for Escanaba to play with when Escanaba refused to use it.

Big Mike Walsh should have been marked up with an error when a ball was thrown wild to Boyer and would have gone into the crowd if Mike hadn't stopped it and thrown it to Boyer.

That's going some to take a series of 3 from a bunch of ball players like Loell has gathered together.

The West Parks of Milwaukee will be here Wednesday and Thursday.

Old Bill O'Connor was there with the wing in all three games.

What do you know about those Continentals winning 2 out of 3 from the Soo. Some class. Yes!

The Continentals let the Soo down with an awful fall yesterday when McCarthy shut them out 11 to 0.

TIGERS DOWN THE NAPS ON HOME GROUNDS

RETURN TO DETROIT FOR A DAY AND WIN GAME.

Detroit, Mich., July 5.—The Tigers returned from Cleveland today bringing the Naps with them and then trounced the visitors 5 to 2. Linke, the Cleveland twirler, held the Naps to six hits but they were bunched and the visitors were unable to get at Willets for consecutive hits.

PLANK HELD THE SENATORS TO 3 HITS

Washington, D. C., July 5.—Plank held the senators to three hits today and while Johnson was nearly as effective for the locals the visitors carried off a 3 to 2 victory.

BROWNS BEAT SOX IN 10 INNING GAME

Chicago, Ill., July 5.—In an exciting ten inning game today the Browns defeated the Sox 6 to 5. Both teams played loosely and the hitting was bunched.

YANKS BEAT BOSTON BY SCORE 3 TO 2

New York, July 5.—The Yanks defeated Boston 3 to 2 today by landing on Hall for 10 hits. Warhop did the twirling for the Yanks and while he was found for eight hits he kept them scattered.

DETAILS OF THE MONDAY AFTERNOON GAME ARE GIVEN

1st Inning. Olmsted hit to Toman out at 1st. Lantz base on balls. Caught trying to steal second while Toman held ball.
