PROF. F. E. KING, AMES IA. IS SUPERINTENDENT OF CITY SCHOOLS

Members of Board of Education Last Night Elected Successor to Ex-Supt. F. D. Davis by Vote 4 to 1

IS VERY HIGHLY RECOMMENDED

New Superintendent Has been Engaged in Educational Work for 20 Years and is Recognized as one of Leading Educators of Iowa

Members of the Escanaba Board of Education last night engaged Prof. F. E. King, of Ames, Iowa, as superintendent of the Escanaba public schools for the coming year at a salary of \$2300.

Prof. King is recognized as one of the leading educators of Iowa and comes to Escanaba with the highest recommendations of Educators and officials of that state.

For the past six years Mr. King has been superintendent of the schools at Ames and previous to that time he was superintendent of the schools at Centerville for seven years previous to that time was superintendent of schools at Moulton, Iowa.

Prof. King is 46 years of age and for the past 20 years has been engaged in educational work. After completing his college and normal training in Massachusetts, Prof. King took a post graduate course at the University of Chicago and later entered educational work in Iowa where he has achieved an enviable reputation as an educator.

Of the many applicants for the position of superintendent of the Escanaba public schools the qualifications and recommendations presented for Prof. King were the best received by the Escanaba board of education from any applicant. All of the present heads of Iowa's leading institutions of learning endorse Mr. King as one of the best and most progressive super-

intendents of schools in that state. In addition to endorsements from the leading educators he is highly recommended to the board of education by the present governor of Iowa, a former governor and many others high in the affairs of that state.

Last night when the members of the board of education met the question of engaging a superintendent of schools to succeed ex-Supt. F. D. Davis was taken up. Members of the teachers committee, composed of Trustees Spencer, Lemire and Bartley met previous to the general board session and Mr. Spencer and Mr. Lemire presented a report recommending the engagement of Supt. King for the coming year. Trustee Bartley, who had been a firm supporter of Supt. Davis throughout the late unpleasantness, refused to sign the report and when the matter was brought before the trustees formally, Trustee Bartley was the only member of the board present voting against the resolution presented by Mr. Spencer, seconded by Mr. Lemire, engaging Mr. King.

Trustee Bartley asserted at the meeting that he did not believe that the board had yet closed with ex-Supt. Davis, but no discussion followed his assertion and the vote on the resolution resulted as follows:
Yeas: MacRae, Spencer, O'Meara, and Lemire. Nays: Bartley, Trustee Groos was absent from the meeting until after the resolution was passed

ands and listened to Mr. Osborn. Governor Warner lost this county in the last primary, and the feeling against his rule is even more bitter now, the voters refusing to accept Mr. Kelley's repudiation as being genuine. Mr. Osborn says in many ways the taxpayers are paying for the campaign being made against him, inasmuch as they are travelling about the state boosting for Kelley on state money and at state expense, a practice Mr. Osborn promises to forever put an end to in Michigan politics.

The Allegan town was in charge of Edward C. Reid of the Allegan Gazette, one of the foremost political figures in this section and an ardent supporter of Mr. Osborn; in fact, both the Republican papers in Allegan are for the 800 man. Mr. Moore, the editor of the Press, is a son of E. W. Moore, of the Benton Harbor News-Palladium but for many years with the Battle Creek Journal. With the exception of the Democratic paper at Allegan, the other papers are taking a neutral stand on the governorship, but every one of the editors is personally supporting Mr. Osborn.

On the Allegan trip were Sheriff Ferris, Drain, Commissioner Gable, John Wilson, J. E. Nichols, Edw. C. Reid, Ray Vahue, C. L. Barrett, F. E. Fish, G. L. Hicks, H. L. Bartlett, William Dammberg, Laverne Thompson, Fred Sawyer, Sr., and Arthur Odell, all active and influential men of Allegan. S. B. Loyall of Hopkins, from Allegan the Osborn caravan goes into Van Horn which Mr. Kelley claims for his own, but with the only Republican daily in the county (the South Haven Tribune-Messenger) supporting the candidacy of the 800 man, the administration candidate is not going to pick off Van Buren as easily as he imagined at this writing.

After a prolonged illness from tuberculosis Henry Grenier, the 19-year-old son of Louis Grenier, died yesterday morning at the family home at Ayer and Charlotte streets.

The young man's condition had been growing more serious for several days and his death was not unexpected. Definite arrangements for the funeral were not made last night.

The Ladies' Aid Society of the M. E. Church will give a lawn social at the home of Mrs. F. M. Judson, 523 St. Campbell street, on Tuesday evening, July 26.

and when he entered and took his seat.

Following last night's meeting President MacRae and Sec. Lemire signed a formal contract with Prof. King and he will arrange at once to bring his family to Escanaba and take over the active management of the local schools.

Following are a few of the many recommendations that were filed for Supt. King:

Des Moines, Ia., April 26, 1910.

Dear Sir:—I have your favor of the 25th making inquiries concerning Mr. F. E. King of Ames. I have known Mr. King personally, for about fifteen years. I do not think he has a superior in the state. He is a man of the highest personal and Christian character, and his influence in the school and community is the very best. He has always been particularly strong in holding the boys through the entire course.

I am sending you under separate cover a copy of the Iowa Educational Directory, and refer you to pages 5 and 34. On the former page, you will see the size of the town of Ames and on the latter page the phenomenal size of the high school, and also the very large proportion of boys, in this school.

Supt. King has the fullest co-operation of his teachers and gets from them the best work they are capable of rendering. I have no hesitancy whatever in recommending him as entirely fitted to superintend the larger system you have.

Yours very truly,
Signed J. F. RIGGS,
Supt. of Public Construction,
April 18th, 1910.

Dear Sir:—I feel that I can not say too much in favor of F. E. King, our present school superintendent. This last year he was unanimously re-elected at an increase of salary of \$100 and without any solicitation on his part.

He is a good clean strong Christian man with a splendid family. He has brought the standard of our schools up to the very top in the state, and in the six years he has been with us our tuitions have increased from less than \$200 to nearly \$2000. So you can see his record is good. And we are sure whoever may be fortunate enough to secure F. E. King to head their schools can consider they have one of the best, if not the very best, schoolmen in the state.

Respectfully,
Signed O. E. WASSER,
To Whom it May Concern:

This will introduce Prof. F. E. King, whose profession is teaching. Prof. King has been engaged in his profession in graded school work for 10 years. He has been the Superintendent of the Centerville schools for six years and is still employed, and I know of no reason, unless by his own volition, why he may not continue for years to come. He has proved himself entirely efficient and given great satisfaction. His schools are orderly and well controlled. He is a man of culture and a Christian gentleman. I most heartily commend him.

Very respectfully,
Signed Ex-Gov. F. M. DRAKE.

YOUNG MAN PASSES AWAY HERE MONDAY

After a prolonged illness from tuberculosis Henry Grenier, the 19-year-old son of Louis Grenier, died yesterday morning at the family home at Ayer and Charlotte streets.

The young man's condition had been growing more serious for several days and his death was not unexpected. Definite arrangements for the funeral were not made last night.

The Ladies' Aid Society of the M. E. Church will give a lawn social at the home of Mrs. F. M. Judson, 523 St. Campbell street, on Tuesday evening, July 26.

MUSSELMAN COMMITTEES IN ESCANABA ARE NAMED

Amos S. Musselman, of Grand Rapids, candidate for governor, yesterday conducted a whirlwind campaign through Delta county and although cordially received at all points was given firm evidence of the fact that Delta county is solidly for Chase S. Osborn, the peninsula's candidate, for the state's chief executive office. After arriving in Escanaba yesterday morning, Mr. Musselman started in an automobile trip through the county, visiting the principal points and returned to Escanaba last night and was the principal speaker at a meeting held at the city hall. Seventy-five people made up the audience attracted to the city hall last night to whom Mr. Musselman was introduced by Atty. A. H. Ryall who acted as chairman of the evening. Judge George Clapperton of Grand Rapids followed Mr. Ryall with an eulogistic address on Mr. Musselman's record and qualifications. Mr. Musselman then took the floor and repeated the address that he has been making continuously since opening his campaign in the state.

At the meeting of the Escanaba Board of Education last night Pres. John L. MacRae announced the remainder of his committees for the coming year. The committee assignments are:
Administration, Bartley, O'Meara and Spencer.
Finance, Lemire, Spencer and O'Meara.
The committees on Teachers and Textbooks and Buildings and Grounds were announced at the last meeting of the board.

The board last night accepted with regret the resignations of Miss Nellie Lavigne and Miss Gladys Zane and also engaged Miss Gertrude McCauley as assistant instructor in the commercial department for the coming year.

Numerous improvements and repairs about the school buildings are going forward under the direction of Chairman O'Meara of the building committee and everything will be in readiness at all of the buildings when the school year is opened.

After taking a tight game on Sunday by a score of 4 to 2 from the West Park team of Milwaukee, Olmsted's champs yesterday trounced the visitors 9 to 0. In Sunday's game the locals played loosely in spots and the inimitable Jack McDonald, worked in the old time form, won a deserved victory.

Yesterday's game was a brilliant battle up to the last half of the eighth inning when the visitors blew up and when the carnage and ended the locals had scored nine runs in the single inning. During the inning 13 batters faced the Milwaukee pitcher, the locals batting nearly once and a half around before the third man was retired. The nine runs were gathered in on five hits and a multiplicity of errors, mainly by the West Park's short stop. Up to the eighth Mordeus Olmsted was performing in true shut out form having allowed but two hits, and he was opposed by a scissors-like gentleman by the name of Britzman who up to that time had shown a violent dislike for hits off his delivery, like Olmsted, allowing but two bingles. The batter in the eighth however, netted five off his delivery, while Monte continued to perform in great style and ended the game with but two hits having been taken off delivery.

In Sunday's game that star performer, McDonald, held the Cream City lads ransess up to the seventh when Lacy managed to bunch three hits on him and in the ninth a single hit with an error netted the visitor's only remaining tally of the game.

Following is the story of the two games in tabulated form:

Smith allowed but five hits and lost the game through errors by his supporting players. Mercer, the Norway slab artist, was landed on for 11 hits and he struck out six men.

A jury in Judge O. V. Linden's court yesterday awarded a verdict of \$32.50 together with costs of \$7.25 to Peter Carow against Joseph Ambeau. Carow leased a horse to Ambeau to do skidding in the woods and Ambeau leased the horse to another man and the animal died in the latter's possession. The suit was brought before a jury with the above result.

In a game that was Maple Ridge's from start to finish, Maple Ridge defeated the Rapid River Red's Sunday by a score of 7 to 3. White the Rapid twirler was swatted all over the diamond and had it not been for his good support, the slaughter would have been terrible. Murray pitched shut-out ball every minute and had it not been for a few costly errors on first and second base it would have been a whitewash for Rapid.

John H. McLean, general manager of the Olive Mining company of Duluth was in the city yesterday a guest at the home of Mr. and Mrs. John Trotter.

John Manning left last night for a visit in Chicago and Milwaukee.

Miss Catherine Hodson, who was a student at the University of Michigan during the past year, and who went to Boston to attend the meeting of the National Educational Association following the close of the school year, has returned to her home.

ESCANABA TAKES TWO GAMES FROM VISITORS

After Copping Sunday's Game 4 to 2, Locals Shut out Milwaukee West Parks 9 to 0—McDonald Starred on Slab Sunday and Monte Olmsted Yesterday

PROS. ATTY. H. R. DOTSCHE RETIRES FROM CAMPAIGN

Pros. Atty. H. R. Dotsch yesterday announced that he will not be a candidate for re-election at the Republican primaries in September.

For the past few weeks Mr. Dotsch has been suffering severely from a chronic affection of the heart and has been advised by his physicians that he must give up all political activity and maintain a careful course of treatment which will extend through several months. Atty. Dotsch came to Escanaba yesterday from Menominee where he has been a patient at the Menominee River hospital for the past ten days and will return there today to resume the treatment.

The announcement of Mr. Dotsch's retirement from the campaign was received yesterday with great surprise by political leaders throughout the county. He had already circulated his primary nomination papers and had perfected an organization in each township in the county and had not falling health interfered, he undoubtedly would have been renominated and re-elected. Mr. Dotsch held the office of prosecuting attorney for one year and is recognized as one of the most prominent young attorneys of the county.

Since assuming the duties of his office Mr. Dotsch has made hosts of friends throughout the county and had he remained in the race would have received the enthusiastic support of a host of voters, that would have insured his election.

His decision to retire is the cause of general regret among all of his friends throughout the county.

Yesterday Mr. Dotsch issued the following announcement:
Editor Morning Press:
I wish to announce to the people of Delta county through your paper that on account of ill health I will not be a candidate for Prosecuting Attorney this fall. I have appointed Newton C. Spencer assistant prosecuting attorney. After this date Mr. Spencer will personally attend to all the duties of the office of Prosecuting Attorney as far as any new business is concerned. It is understood that I will attend to and dispose of all cases and business before this time commenced or in any way now pending. Mr. Spencer has an office in the city of Escanaba where he can be found every day.

I want to thank my friends for their support.
HENRY R. DOTSCHE.

GARDEN BLUE JAYS ARE DEFEATED

The Bluejays are known to be one of the strongest and wildest teams of Upper Michigan, but they are not so well known in the Peasjammer circles.

Is Too Much Light Being Thrown on State Affairs.

The Adrain Times, Postmaster Dalley's newspaper, which is supporting Kelley for governor, is very much disturbed by Mr. Osborn's style of campaigning. It rebukes him in a long blurt for telling the truth about state affairs on the ground that it "is bad for the party."

There is a possibility of Kelley winning by aid of the Warner horde of officeholders and office seekers, with Musselman in the field to draw off votes which naturally would go to Osborn, and there would be great danger of this were not Mr. Osborn so strong in many sections of the state.

NATIONAL LEAGUE WINNERS REPEAT

New York, July 25.—It is an interesting and somewhat extraordinary fact in connection with the championship of the National league that since 1890, the year of the Brotherhood war, there always has been a "repeater" for the title. The explanation of that phrase is that a winning team has won the championship at least two years in succession.

CORK-CORED BALL IS HUGE FAILURE

Improvements have gone along the line year after year in everything and naturally baseball had to receive a lot of attention. But all the improvements in the national game have not been up to the mark and especially is this so of the manufacturer of the spheres that highly paid athletes knock around the field.

The official ball used in the National league this year is far from being perfect and its use is blamed for the erratic work of many of the twirlers known to fame.

For a score of years or more the ball used had a center of solid rubber, but during the past winter the manufacturers sought to improve upon this by inserting within the rubber a center of cork.

But cork has proven to be a failure. This was demonstrated at the office of Charles Webb Murphy, president of the Chicago club, yesterday morning, when one of the discarded balls was cut open and thoroughly inspected.

The ball used this year so far is prone to become lopsided when hit a few times.

The ball used heretofore with its solid rubber center always retained its perfect shape. There were times that a split occurred in the cover and the ball had to be thrown out, but rarely indeed did anything happen to its spherical condition that compelled an umpire to put it out of commission.

But there has been trouble all over the circuit this year with the cork centered baseball.

During the last two days' play between the Cubs and the Phillies Umpire Rigler tossed out no less than ten balls as useless because of their lopsided condition.

"Last year," declared Mr. Rigler, "when the old ball was in use I only had to throw out three balls, all told, on account of their condition. They were all right as regards their shape, but the hide covering them had split and rendered them useless. With this new ball it seems that after it is rapped heavily a few times it flattens, so to speak. It becomes impossible for a pitcher to do justice to his delivery with a flat side here and there on the ball and I really believe that the newest creation in baseball manufacture has worked more damage among twirlers than any other one thing. This ball which we have cut open clearly shows that the trouble lies with the cork on the inside. The ball itself is a trifle dead with the cork in it and loses its shape because the cork does not come back like the rubber to its original position. The sooner the manufacturers of baseball throw out the cork and get back to the old-fashioned rubber-cored baseball the better."

"This year's baseballs have not given the best for satisfaction," declared President Murphy, as he fondled the cork and rubber combination center of the ball that had just been dissected. "No wonder the pitchers have been a little off. They have been educated to toss true spheres across the plate and not these lopsided affairs. I think we will have to go back to the original ball that has been in use for thirty years."

"What do you suppose they put the cork in for?" was asked.

"They were talking in low tones of the hostess. She has a very gracious presence. It's a pity she can't manage her money, so that she can get a little more elegantly. She used to entertain her former husband and some means."

"Well, the manufacturers evidently thought it might increase its efficiency," was his reply, "and incidentally the price of rubber has jumped some. You would readily realize that if you purchased many automobile tires of late, this last series has thoroughly demonstrated the fact that the new ball is useless. Umpire Rigler had to throw ten of them out of games on the last two playing days. Pitchers are bound to be seriously affected when using these damaged spheres and we cannot tolerate them any longer."

Three Meals for Six Cents.

YOUTH BLOWS HIS HEAD OFF

Green Bay, Wis., July 25.—James M. Hansen, son of Martin H. Hansen, a farmer of Ashwaubenon, committed suicide by blowing his head off with dynamite.

From what facts that have been obtained it is apparent that the young man laid on his back in a roadway a short distance from the farm house and placed the stick of dynamite under his head and then applied a match to the fuse. His head was severed completely from his body by the powder.

The act of self-destruction was committed some time yesterday morning. The bloody trunk and head were discovered by the father and brother later during the day.

No reason can be assigned by the family for the suicide. The young man had been in this city Wednesday with his brother, Anton, and they drove home about the middle of the evening. The brothers parted, Anton going to his own home and James to the home of his father but not into the house. It is supposed that he went to the granary and there procured the dynamite. There was a quantity of the explosive left from an amount bought some time ago to use in blowing up stumps on the farm and the dynamite is gone now. Going a short distance away to a piece of land on the Oneida reservation owned by the Hansen family, the young man prepared to end his existence, it is thought.

When Martin Hansen and his wife arose yesterday morning they did not see the son James and when they went to his bedroom he was not there. Inquiry of the brother Anton resulted in finding out that James had returned from this city with him, so a search of the farm was begun. After a short time the two searchers came upon the gruesome sight of the body and head lying several feet apart in the roadway.

RETAIL CLERKS BEAT BARBERS

By a score of 10 to 5 the retail clerks' union defeated the barbers' team at the annual baseball game Sunday.

The game was played at the local ballpark and was a very interesting one. The clerks' team, which was coached by their manager, played a very smart game and kept the barbers' team on their toes throughout the entire contest.

The final score was 10 to 5 in favor of the clerks. The game was well attended and the spectators enjoyed the play very much.

PEOPLE ON EXCURSION

The excursion party to the lake Sunday conducted by the band, encountered some trouble on the trip going to the lake.

The boat was delayed at the dock and the party was not able to start until a late hour. The sea dogs, however, enjoyed the ride and the others are not complaining about the boat excursion.

WITNESSES TAKE MANISTIQUE GAME BY BIG SCORE

RAG PICKER'S CONFESSION TOO LATE FOR JUSTICE

Tours, France, July 25.—A rag picker named Joseph today confessed to the assassination April 21, 1901, of five children of a farmer named Biere in the vicinity of Chartres. The father of the children was found guilty of the murder and sentenced to life imprisonment. He died in prison.

The trial of Biere, attracted the attention of the whole of France. Four of his daughters, aged, respectively, 14, 11, 5 and 4, and his son, 7 years of age, were found in bed one morning, stabbed and beaten to death. The farmer was arrested and charged by the police with the crime. According to a theory advanced by the police to provide for the crime, Biere, who owned a small farm near Cerances, wished to marry a woman of considerable wealth. Circumstantial evidence led to the conviction that the farmer, considering his family an embarrassment, murdered his five children in order to carry out his wishes.

Briere stoutly maintained his innocence throughout the trial and declared that two tramps entered the house during his absence and killed the children. He added that he returned while the murderers were robbing the place and that they attacked him and left him for dead. During the trial, the judge got down from the bench and gave loud expression to his opinion of the guilt of the prisoner, while the spectators yelled with fury: "Kill him! Kill him!"

A pathetic incident of the trial occurred when Briere's surviving daughter, who, the police declared, only escaped the fate of the other children, by not responding to Briere's invitation to go to see him, went on the witness stand and begged, sobbingly protesting that her father was innocent and begged the court to restore him to her.

PARENTS REMARRY ON PLEA OF THEIR BOY

Owosso, Mich., July 25.—Austin, the ten-year-old son of John W. Hammer, an Owosso railroad man, was responsible for the remarriage of his father and mother, Mrs. Jesse Hammer, of Marion, who was divorced three years ago.

The boy had been living with his mother, but wrote almost constantly to his father, urging him to arrange a meeting with Mrs. Hammer. Daily he begged his mother to forgive the father and take him back. Finally both parents agreed to forgive and forget far enough to hold an interview at Corunna in order to talk things over. After half an hour of earnest conversation in one of the county offices, in which the boy renewed his pleading, both parents conceded they had been to blame for the separation and agreed to try married life again. A license was secured at the clerk's office and the ceremony was performed by Justice Peacock. Young Austin, radiantly happy, was one of the witnesses.

RIGDON HAD AFFAIRS IN SHAPE FOR DEATH

Chicago, July 25.—Although so desperately ill that her life is despaired of, Mrs. Annie Young, the victim of Charles W. Rigdon's pistol, yesterday, directed her attorney to initiate proceedings which would protect her interests, said to be considerable, in the estate of the man who, after trying to kill her, took his own life.

A development of the day was the discovery that a short time before the shooting, Rigdon, either in the expectation of death or of a financial crisis, put all of his property under the control of a concern known as J. A. Rigdon & Co. This company was organized for the express purpose of conserving Rigdon's interests and of getting them in such shape that if anything happened to Charles W. Rigdon, J. A. Rigdon & Co. would have everything of his property.

A considerable part of the property owned by the company is situated in the city of Chicago.

ADDITIONAL CHASE

Dutch Walch had his batting clothes on Sunday. He got three hits out of four times up.

After trimming Gladstone to a finish Sunday, the Rapids failed to score on the cellar champs yesterday.

Rapid River seems to be stuck at .500.

LANDS FOR SALE

I have 32 fortyes of land lying from 2 to 5 miles from the city. These lands are going to be sold at prices that will reach every poor man, who wants to get a home for himself and family, and make himself comfortable in his declining years.

Why go to western Canada, Florida or Mexico, when the golden opportunity of a life time is at your door? After seventy days of dry, hot weather an investigation of the small truck farms around Escanaba in our sand and muck lands, will convince the most skeptical that they will produce more to the acre than any other land in the upper peninsula.

I also have large tracts of farming and lumber lands on the E. and L. S. Ry. The C. and N. W. Ry. and on the Soo Line Ry. and also in the townships of Bay de Noc, and Masonville. These lands are going to be sold and will be in the reach of all who wish to make a home for themselves.

The titles of these lands are perfect warranty deeds will be issued.

For any information in regard to these lands call on

GEO. F. WILLIAMS, 522 Hale St., Escanaba, Mich.

I have also six fortyes of good timber lands one mile from St. Jacques' Spur, which will be sold cheap if taken at once.

BEN'S THEATRE

Thrilling Re-Enactment of Custer's Last Stand.

With complete lecture, greatest motion pictures ever conceived or constructed. Scenes and incidents connected with Indian warfare showing exactly how Custer and his brave band suffered complete annihilation at the hands of the bloodthirsty Sioux in Montana on the fatal Sunday morning 34 years ago. Only correct representation of this historic battle, endorsed by governor Norris and United States Senator Carter of Montana.

Hundreds of Sioux and Cheyenne and Crow warriors, painted and painted, hideous and howling hurt themselves upon Custer's men and finish massacre and mutilation.

Fifty additional views of Indian life on the Crow reservation, presenting in motion pictures, annual fair, races, parades, etc.

These pictures were secured at an enormous expense by the Montana motion picture company by special permission of the department at Washington, and are shown only by this company. First and last time here, at Ben's Theatre, Saturday and Sunday, July 30 and 31.

RESOLUTION

Escanaba, Mich., July 21, 1915. Trades and Labor Council, Escanaba, Michigan:

We endorse Charles Joergers as candidate for Sheriff at the Republican primaries to be held September 6th, 1915, for the following reasons:

First—That he is competent and capable of holding said office.

Second—That he organized the Trades and Labor Council nineteen years ago, and was the first president of said order; and that said order has shown good results ever since.

Third—Before Labor Day was a legal holiday, and previous to the organization of the Top Dock Workers, he waited on the C. and N. W. Ry. company's officials in Escanaba in behalf of said workers; and hence was instrumental in them observing said day.

Fourth—Mr. Joergers has lived in Delta county for twenty-three years, and we hold that he is entitled to the office.

Fifth—We appeal to all laboring people and all voters in Delta county to cast their votes for Charles Joergers.

CHAS. FORD, Pres. JOS. EIS, Sec. 2817-207-1t.
