

DECISION DECISIVE

SUPREME COURT OPINION CETS OFF 21 SALOONS IN CITY OF ESCANABA FOR COMING YEAR

By a decision rendered by the supreme court, reversing its own opinion recently given in a case appealed from Bay County and which was given a rehearing, the number of saloons in the city of Escanaba for the coming year will be reduced by 21. There is now a total of 80 saloons in the city of Escanaba and by the decision of the supreme court the number of retail liquor dealers here will be reduced to 59.

The selection of the 59 saloonkeepers who will have a right to engage in business in Escanaba will be in the hands of the new council which will hold its first meeting on Friday evening of next week to consider saloon bonds that are presented at that time.

In its first opinion in the Bangor township case the court held that the withdrawal of a man from the saloon business at the end of the license year did not constitute, under the terms of the Warner-Crampton law, a "voluntary surrender" of his license, and that the license be surrendered by going out of business could immediately be issued to a new applicant. This opinion practically nullified the restrictive feature of the Warner-Crampton law.

Now, however, on rehearing of the case, the court has held that when a man quits the saloon business he, in fact, "voluntarily surrenders" his license within the meaning of the statute, and that therefore no license to take the place of the one he gives up can be issued to a new applicant. The court explains its change of front on this important question by the statement that the first opinion was rendered under a misunderstanding of the facts bearing on the Bangor case.

What Decision Means.

The decision means, briefly, that no person who was not legally in the saloon business in April, 1909, when the Warner-Crampton law became effective, has been legally in the business since that time, and that the council and township boards throughout the state can this spring issue no more licenses than a number corresponding to the number of saloon men legally in business in April, 1909, less the number of those in business at that time who have since voluntarily surrendered their licenses by withdrawing from the business, or because of death.

The men who were in the saloon business, April, 1909, have, under the law, no proprietary interest in their licenses. This means, for example, (Continued on Page Eight)

BINK IN COMPANY

By a deal that was closed yesterday N. A. Bink purchased from Nels Ahlquist and Oarf Nelson their interest in the Escanaba Clothing Company. A meeting of the company with the new stockholder will be held within a few days and new officers will be selected. Mr. Ahlquist has been president of the Escanaba Clothing Company since the organization of that corporation and in disposing of his stock to Mr. Bink relinquishes all of his connection with the company. Mr. Nelson has been a stockholder and a director of the company since its organization and also retires completely from association with affairs of the concern.

Mr. Bink will not take an active interest in conducting the affairs of the company but he has a growing family and it is likely that one of his sons will later associate with the concern. The company was organized here about a year and a half ago and has built up an excellent business in the Peterson building in the 1200 block on Ludington street.

MARCOTT IS BEATEN

S. E. Marcott, of Depere, well known to a large number of people of this city, ran second in a three cornered election fight at Depere on Tuesday when he was a candidate for the office of mayor in that city. A L. Steckard was elected as mayor of the city with 398 votes while Marcott received 348 and Joslin, the third candidate received 262.

FATHER'S ILLNESS CALLS ATTORNEY

Atty. H. L. Fitch, of this city, was called to Charlevoix yesterday morning by the serious illness of his father, who is a prominent fruit grower of that district. Mr. Fitch's condition is serious and little hope is entertained for the recovery of the father of the Escanaba attorney. In addition Atty. Fitch's mother has been ill for some time, although her condition is not serious.

STUDENTS ARE COMING

The people of Escanaba, last year enjoyed seeing a real college play given by college students from The Michigan College of Mines and this year they will have another chance to see something of the same nature, a musical comedy in two acts, given by the Mico Club of The Michigan College of Mines. It is not of the nature of a burlesque but a real comic opera, the same as "In Tobero," with bewitching chorus girls, leading men and women, comedians and all the other necessary articles. "The Red Streak" will appear in Escanaba on the night of May 1.

News from Houghton says that rehearsals for "The Red Streak" have been faithfully held since Feb. 1, and at this early date, a month before the first production, the show is practically complete. During the week each chorus rehearses separately, and on Sundays the entire company of about 60 artists congregate at the college gymnasium and go through "The Red Streak" from start to finish. Stage Mgr. C. F. Schaber, says that in a week or two the Sunday rehearsals will be held at the theater so that the "will be" actors may become more familiar with the stage. With a month more to put on the finishing touches, and to become thoroughly familiar with all the details of the play, the Mico Club will be ready to launch its first entirely original production "The Red Streak."

The selection of the cast and chorus has been completed and the parts have been well filled as follows:

- Pacheco, gloomy dispositioned waiter at hotel Malamesa.....D. Crighton
- Donna Felipe, buxom hostess of hotel Malamesa.....C. C. Hassell
- General Pulmitate, bewiskered, be-medaled, bemuddled commander of the Viceroy's troops...R. E. Benedict
- "Casey" Doyle, short, fat, cheerful M. C. M. student.....H. B. Schick
- "Bill" Rodda, tall, thin M. C. M. student.....H. H. Fields
- Henry Schwartz, enterprising newspaper and moving picture.....W. A. Rigby
- Panchita Lana Algodon, Beautiful daughter of the Viceroy.....C. F. Schaber
- Inez Lana Algodon another daughter of the viceroy.....W. J. Harris
- Don Tiburelo, Viceroy of Pobopofundo.....W. A. Richards
- Dolores, maid to the Viceroy's daughters.....F. A. Barkell
- Pedro, Royal slave.....W. G. Exley
- Paneho Sufocar, Royal executioner.....T. J. Welcker
- Brollers: J. P. Francis, A. J. Wessmiller, H. LaLonde, H. K. Boyesen, R. A. Loveland, B. Hirschberg.
- Show Girls: P. E. Hinckley, R. B. Wortley, K. K. Hood, R. E. Jesse, G. Elliot, P. Golden.
- Escorts: J. C. Burt, R. C. Mahon, C. J. Haskeligh, F. E. Kurz, E. L. Pryor, G. H. Wolhaupter.
- Miners: J. H. Fogg, N. G. Marshall, J. F. Lyons, J. C. Parmalee, R. E. Hore, W. G. Exley, T. J. Welcker, P. Pastorino.

Quite an elaborate souvenir program is being prepared this year to be given away to the patrons of "The Red Streak." It will consist of a 36 page book containing cuts of the members of the cast and chorus and scenes from "In Tobero" and "The Red Streak."

COMPLIMENT WAS PAID

The Escanaba Journal in its issue of today pays the following delightful compliment to the supporters of the winning ticket at the election of last Monday:

Escanaba hoodlums, Thomas street frequenters, saloonkeepers, gamblers and other similar trash did a lot of yelling over election results four years ago this spring. But remember that was the last time they had occasion to smile for four years. You better laugh your dirty heads off now while you have a chance. It doesn't bother us one little bit. In fact it rather pleases us to see what an improvement some people can make on the original job the Almighty did in making asses of them.

POOR IDEA OF STANDARD

MINING JOURNAL MAKES LOW ESTIMATE OF SPORTSMANSHIP IN ESCANABA

Judging from editorial comment the editor of the Mining Journal of Marquette places rather a low estimate on the standard of sportsmanship in Escanaba. The Morning Press has commented on the fact, and rightly so, that the Marquette county baseball teams proposed to slip a smooth goal over on the Copper Country team induced to enter a four team league without demanding a bonus for extra traveling expenses. The Mining Journal asserts that judging from Escanaba late demands and the action of the Copper Country team that the standard of sportsmanship is higher in the Copper Country than in Escanaba. The Marquette county teams had an opportunity to judge fairly well of the standard of sportsmanship in Escanaba last season when the fans of this city continually dove into their pockets to keep a team in the field and managed to make the Marquette-Delta county league the most successful league proposition in which the Marquette county teams had ever become interested. Again this spring the quality of sportsmanship in Escanaba was shown when in spite of the fact that Escanaba had a losing team in the race last season the fans here were prepared to send back into the league an aggregation that would keep every team in Marquette county on the run from the start to the finish of the season, had not the northern teams determined on a dog in the manger course which could not be countenanced by supporters of baseball in this city.

The standard of sportsmanship in the Copper Country may be of the highest order but Escanaba must insist that sportsmanship of any quality must not be allowed to stand in the way of sound business judgment, the action of the Copper Country team in joining the league under the terms proposed, notwithstanding.

The Mining Journal of Marquette says editorially:

The Escanaba Press is laboring under a misapprehension about our proposed Iron-Copper County baseball league. It understands that the terms were made by the Marquette county teams. As a matter of fact, they were fixed by the copper country men, the Marquette county emissary having made the overtures. If they are more favorable for the Marquette county teams than the terms the Escanaba management was holding out for it is perhaps due to the difference between the sportsmanship found in Escanaba and in the copper country. We know of no other explanation.

ELKS BALL ELABORATE

Probably one of the most elaborate Easter parties ever planned in Escanaba is that to be given by members of the Escanaba lodge of Elks at the Elks temple on Monday evening of next week. Invitations for the function have already been issued and members of the committee in charge of the affair are sparing no pains to make the function an immense success in all of its details.

OPERATION HERE WAS INTERESTING

R. Hupey, son of Mr. and Mrs. R. Hupey of Spalding, was relieved of a penny lodged in the passage leading to the lungs at the office of Dr. W. B. Boyce in this city yesterday. The child, with its parents, was accompanied to Escanaba by Dr. Westcott, of Spalding, and through the use of the bronchoscope at the office of the local specialist the obstruction was readily located.

It was removed with considerable difficulty and but little further danger for the child is anticipated. The little patient was first taken to Menominee but was found impossible by physicians in that city to remove the coin from the child's windpipe.

PUTS END TO BAD HABIT.

Things never look bright to one with "the blues." Ten to one the trouble is a sluggish liver, filling the system with bilious poison, that Dr. King's New Life Pills would expel. Try them. Let the joy of better feelings and "the blues." Best for stomach, liver and kidney, 25c.

SKATING RACE WILL BE STAGED

Considerable interest will be centered in the roller skating race at the Gladstone rink tonight between Donna Lafond of Gladstone against Lane Williams, champion roller skater of Manistique. Lafond recently defeated Julius Flath of this city in a race at Gladstone and the Manistique skater comes to the Upper Bay City with a long string of victories. It is expected that a large number of roller skating enthusiasts will be attracted to the Gladstone rink tonight when the race is staged.

JURORS ARE SELECTED

MEN WHO WILL SERVE AT APRIL TERM OF COURT NAMED BY COMMISSIONERS

Jurors who will serve at the April session of circuit court here, were selected by the Delta county board of jury commissioners at the office of County Clerk J. A. Semer yesterday. The members of the board are: County Clerk Semer; Sheriff T. J. Curran and Judges Emil Glaser and O. V. Linden.

Following are the jurors chosen for service at the coming court term:

- Escanaba city, First ward, Chester Schram, J. P. Nolde; Second, Richard Roth, Geo. F. McEwen; Third, Victor Laporte, Con Driscoll; Fourth, L. K. Edwards, John Colbert; Fifth, W. J. McGraw, Werner Olson; Sixth, John Grant, Andrew Lindberg; Seventh, James McKittick, Emil Anderson; Gladstone, First ward, Erick M. Johnson, John Noblet; Second, George Pease, Jr., Phil Hupey; Third, Isaac Jackson, Wm. J. Nucks; Fourth, Robert McNight, Oscar Anderson; Baldwin Township Arthur L. Beason, Henry Norton; Bark River, Thos. Provost; Bay de Noc, George Peterson; Brantton, John Lamberg; Cornell, John D. Colburn; Escanaba, Augustin Caron; Fairbanks, John Fagan; Ford River, Wm. J. Temple; Garden, Harry Hennessey; Maple Ridge, Wallace T. Bridgley; Masonville, Frank Gravelle; Nahma, Anton Abrahamson; Wells, August Johnson.

MEETING ADJOURNED

Because of discrepancies found by members of a special committee appointed by the council in returns from the Fifth and Seventh wards of the city, members of the city's governing body did not last night formally canvass the vote cast for the different officials at the election of last Monday. The errors that were made in the reports from the two wards can be easily rectified and the members of the election boards from those wards will be notified by the city clerk today to appear at the city hall and make the necessary entries on their reports. The members of the council met last night with President pro tem F. T. Long occupying the executive chair in the absence of Mayor John S. Lindsay. The formal proceedings lasted less than three minutes when the council instructed the clerk to have the returns rectified and adjourned until this evening when the formal canvass of votes will be conducted and the vote for alderman in the Second ward will be decided.

MUST KEEP OFF COURT HOUSE LAWN

Instructions have been given by those in charge of the lawn about the county building to keep trespassers off the property at this time and the janitor has received instructions to cause the arrest of any person caught walking on the lawn at this time. With the ground wet and soggy the great number of children with roller skates traveling over the cement walks about the property are continually running off on the lawn and tearing up the turf, seriously damaging the lawn. It has been decided by those in charge to keep all skaters off the walks about the building and to cause the arrest of any of those found walking on the lawn.

Announcements have been received in the city of the marriage at Monticello Ind., of Miss Lillian Coolman, sister of R. W. Coolman of this city, and who has frequently visited here, to Mr. Charles E. Houdrickson.

ICE FIELDS ARE BREAKING

FIRST EVIDENCE OF SPRING COMING GIVEN BY THE ICE ON GREAT LAKES.

The reports from the regular and display stations of the Weather Bureau and the Meteorological Service of Canada indicate that the ice fields in the lakes are decreasing to some extent and there is more open water over western Superior, northern Michigan and Huron and northern Erie and western Ontario. In Superior the ice field extends from Duluth to Two Harbors and from there eastward is a large expanse of open water. The fields over the eastern and central portions are beginning to move with the wind. The ice in St. Mary's river is wearing in the channel. Over Green Bay the ice continues solid, except to the east and south of Plum Island where open water prevails. The extensive fields reported last week over Northern Michigan have decreased and the field is confined to the southern portion of the lake. Open water is reported northward from South Haven to North Manitou Island.

There have been no material changes in the conditions at the Straits. Over northern Huron considerable more open water is reported, but the field remains intact over the southern portion. The ice continues to run out of Lake St. Clair and the Detroit river is open to Har Point light. The fields in Lake Erie are moving with the winds and the ice appears to be softening. There is more open water reported over the western and central portions in Ontario the fields have disappeared over the western portion but are extensive over the eastern portion. The freezing nights and thawing weather during the day has had a tendency to honeycomb the ice in many localities, and the conditions are more favorable this week.

In comparison with last year there is more ice in all of the lakes and the fields more extensive.

The usual details follow:

- Lake Superior.**
 - Duluth: Thickness of harbor ice 36 inches; surface of ice becoming dark; the lake field extends to Two Harbors.
 - Two Harbors: Thickness of harbor ice 20 inches; it has been broken up and harbor practically clear; lake field extends westward to Duluth; open water to east extending beyond vision.
 - Ashland: Thickness of harbor ice 30 inches; the ice is beginning to soft.
 - Port Arthur: Thickness of harbor ice 24 inches; the ice breaker Whalen is breaking the harbor ice; the field in the lake extends beyond vision and has not changed during the week.
 - Portage: The ice inside of the break (Continued on page five)

OFFICERS ELECTED

Members of the Escanaba Commandery Knights Templar last night elected officers for the coming year as follows: W. J. Clark eminent commander; C. W. Malloch generalissimo; G. A. Hoffman junior warden; A. J. Young prelate; J. B. Frechette treasurer; W. W. Berry record keeper; Andrew Brudahl standard bearer; W. W. Oliver sword bearer; D. A. Oliver warden and C. A. Cram sentinel.

MILD WEATHER WILL PREVAIL

For the first time this season Observer V. E. Jaki, in charge of the local weather station, last night predicted that the mercury here would not drop to the freezing point during the night. Of general weather conditions Mr. Jaki said:

A change to warmer weather since yesterday morning is shown over most eastern states, while the temperature has continued to rise over the West; consequently more moderate weather is reported from all portions of the country except the north Pacific states, and the immediate Atlantic coast. The most decided rise in temperature occurred over the middle states, and the freezing line has been pushed northward, being roughly defined by the northern boundary of the United States. No precipitation is reported throughout the country, except from a few coast stations, and generally clear or partly cloudy weather is prevalent this morning. The weather will continue fair and above freezing in this vicinity tonight and Friday, with a further rise in temperature tonight.

BABE DIES AT HOME OF PARENTS

Arthur B. St. Louis, two months old son of Mr. and Mrs. Joseph St. Louis died yesterday morning at the home of the parents at 513 Wells avenue. The child sustained a slight cold and when complications developed death followed. Funeral services will be conducted over the body of the babe at the home at 2 o'clock this afternoon. Rev. P. B. Ferris officiating. Interment will be at Lakewood cemetery.

CONTEST IN MASONVILLE

Additional election reports filed at the office of County Clerk J. A. Semer yesterday showed Masonville township was the scene on Monday of one of the most spirited elections ever held in that township. Levi Barboe was elected as supervisor over James Snell by a vote of 142 to 110. For the remainder of the offices there were from three to four candidates, practically the full voting strength of the township being represented at the polls on Monday.

All of the townships of the county have now filed their election returns at the office of the county clerk.

Following were the returns filed yesterday:

- Garden Township
 - Supervisor Wesley Gray; Clerk Ed. Ward Disco; Treasurer, Henry DeLoria; Highway Overseer Jacob Lundis; Justices of Peace George Marsil; Constables Louis Tatroul, Chester Winter, Alton Olmsted, August Neouan; member board of Rivet Thomas J. Tracy; overseer of highways Joseph Fatrouil; Poundmasters Frank Lacout, E. DeLoria Fred Hau; saba; Overseer of highways Dayton Beardsley.

Folio, Alex Franks and Phillip Plante.

WAS PROMINENT BUSINESS MAN

Jacob Kratze and mother Mrs. I. Kratze, left last night for Milwaukee to attend the funeral of J. E. Michels, father of Mrs. Jacob Kratze and who passed away on Wednesday following injuries sustained when his carriage was struck by a street car in Milwaukee on Saturday.

Of the death of Mr. Michels a Milwaukee newspaper says:

Julius Michels, more than a quarter of a century a well known citizen of Milwaukee, died at about 12:15 o'clock Wednesday morning, after a short illness, at the age of 66.

Mr. Michels was prominent in the packing business, a partner in the firm of R. Gunz and company. He came to America from Germany a poor man nearly a half century ago, and first made his home in Appleton. He came to Milwaukee only a few years later.

Surviving Mr. Michels are his wife; three daughters, Mrs. A. P. Fischel of Milwaukee; Mrs. David Kratze of Virginia, Minn., and Mrs. Jacob Kratze of Escanaba, Mich., a son, Daniel Michels of Milwaukee, and a brother, Emanuel Michels of Milwaukee, also a partner in R. Gunz and company.

Funeral services will be held Friday afternoon at 2 o'clock in the residence, 232 Eleventh street, with burial at Spring Hill. Dr. Victor Caro will officiate.

Mr. and Mrs. Solomon Greenhoot and daughter Miss Theresa Greenhoot left last night for Chicago.

OPENING DATES SHOWN

EARLIEST OPENING OF NAVIGATION HERE WAS MAR. 5 AND LATEST DATE WAS MAY 6

The earliest date for the opening of navigation into the port of Escanaba was Mar. 5, 1878, according to records now filed at the local weather office and which have been compiled from records kept here for many years by Henry McFall and officials of the Northwestern road. In but four years in the history of this port has navigation into the port opened in the month of March, those years being 1878, 1902, 1903 and 1910.

The latest date for the opening of navigation into the port, according to the records, was May 6, 1869. In but five years in the history of navigation here has the opening of navigation been delayed until May, those years being 1869, 1875, 1881, 1885 and 1888.

The average date for the opening of navigation here since 1867 has been Apr. 18.

PREPARE FOR PLAY

Elaborate preparations are being made at Rapid River for the presentation of Dad's Gal at Hocks Hall that city on the evening of Apr. 1 under the auspices of the Rapid River high school. The play will be given under the direction of Mr. Ethel Jones, who in the past few weeks has scored successive triumphs in the presentation of her play in Escanaba, Gladstone and Manistique. An excellent cast for the production of the play has been secured by Mr. Jones in Rapid River and another success is bound to be scored when the play is given its presentation at the Head of the Bay City.

AL. LOVE IS RELEASED

According to telegraphic dispatch Albert Love, who served as capt. for the Escanaba team in the Marquette Delta county league for the last season, has been given unconditional release from the Delta team of the Three I League. Love signed a contract this spring for trout with the Dubuque team after but a short trial with the Delta team.

LAUD HARRIS AND SYMONDS

The following taken from the Detroit News of recent date will be read with interest, here by friends of representative Symonds and Michael Harris:

"Rep. Charles D. Symonds, whose district is Menominee county, and who was elected as a progressive republican, and who has kept every progressive pledge he made before election, is a candidate for senator to succeed Senator Otto Fowle. Senator Fowle, who is president of the First National Bank at the Soo, has been twice elected and now will voluntarily retire. Rep. Symonds is a lawyer, 39 years old. He succeeded the veteran Michael Harris, who was the first upper peninsula republican member to declare his independence from the mining and other corporation interests that long controlled practically all upper peninsula legislators, and who for three terms was the only native born son of Ireland in the legislature. The interests tried hard to crush Rep. Harris, but each time he ran his majority was larger than at the preceding election. Rep. Symonds is one of several U. P. members in the present legislature who refuse to take orders from the mining and other corporation bosses as to how they should vote. The Menominee member rendered signal service at all who travel on U. P. railroads when at the regular session a year ago, he had a law passed reducing railroad fares on all railroads above the straits. Attempts to secure such reduction was balked in several sessions by railroad controlled members. Should Rep. Symonds be elected senator, as he stands a good chance to be and should Senator James, of the copper country, be re-elected, also a strong probability, the U. P. will have two progressive senators of the Roosevelt type in the next legislature, and perhaps a solid progressive senatorial delegation, if Senator Morlarity can be displaced in the Marquette district."

Why He Was Late.

"What made you so late?"
"I met Emithson."
"Well, that is no reason why you should be an hour late getting home to supper."
"I know, but I asked him how he was feeling and he insisted on telling me about his stomach troubles."
"Did you tell him to take Chamberlain's Tablets?"
"Sure, that is what he needs." Sold by Farrell & Lohmiller and Groos Drug Store.

WISCONSIN MAN HAS HIS TROUBLES BECAUSE HE LOOKS LIKE CARNEGIE

St. Louis, April 4.—Word that Andrew Carnegie had arrived at Union station traveled rapidly through the trainshed, midway and waiting rooms the other morning.

Police Sgt. Harrington and Terminal Detective Edwards moved forward to act as a voluntary bodyguard. Watchers in the midway craned their necks. Reporters advanced in solid formation.

Newspapers have made it widely known that Carnegie has been in Hot Springs for the last month.

The dapper little man grinned broadly as the reporters approached him. Apparently he was going to say something bright.

"Mr. Carnegie," said the first reporter who reached him.

The smile broadened. In fact, it developed into a chuckle. Turning to a woman who accompanied him, he said:

"See, there it is again."

When he could control his impulse to laugh he said:

"I am not Andrew Carnegie, I am Robert Freeman, a retired lumber merchant and my home is near Wausau, Wis. I had been at Hot Springs a month with my daughter here, and I intended to stay longer, but Andrew

Carnegie ran me away. Oh, no. He didn't ask me to leave. I don't suppose he ever knew I was there, but my resemblance to him made it so unpleasant for me that I packed up and moved.

"Well," said "Carnegie" Freeman, "I have heard that Carnegie was born in the north of Ireland as I was. There may be some family relationship. At Hot Springs I stopped at the Pullman hotel and Carnegie stopped at the Arlington.

"I went to the Arlington to see a friend one day and all the guests followed me around. I ran away. A photographer found me up in the mountains and begged me to pose for pictures. I did, and I guess those photographs of me have been widely circulated as Carnegie's pictures.

"I created a commotion when I attended service at a church. Word got around that Andrew Carnegie had gone to mass. Women in the congregation couldn't keep their eyes off me and people who had never been to church before, I guess, came in from the street to see Andrew Carnegie at worship. The parish priest afterwards told me they all thought I was Carnegie. I guess they were disappointed when I didn't put a big check in the collection box."

SPEECHLESS "SOUSE" HAS NOVEL WAY TO TELL PHYSICIAN HIS SYMPTOMS

New York, April 4.—Dr. George W. Stewart is the head physician over at Bellevue. Bellevue is patronized by some of our best sources. The care is sometimes a bit abrupt at the big hospital, but it is effective. They can turn out there, cold and pallid, and a bit shaky, but able to transact business, in world's record time.

"Dr. Stewart was called to the telephone the other night," said a friend, "to hear a cheerful voice announce that:

"On my way down to see you, Doc! Got fine case of tremens!"

"Dr. Stewart recognized the voice as that of a rather well-to-do young man who had made several previous trips to Bellevue. He expressed over the telephone his strong regret that he should again be bothered by the anticipatory visitor.

"Thash a' ri', Doc," said the voice through the phone. "I'm goin' co-hic-co-hic-co-operate wiv you zebih

time, Doc. Goin' make recovery in quickest time known." And he hung up the receiver. In half an hour or thereabouts a cab rattled through the receiving gate, and an annoyed driver helped out the telephoning person. By this time he was speechless. The driver dragged him inside.

"We stopped at a wild animal store," said the driver, sadly. "That's why we're late. The stew, here, bought a lot of horned toads and garter snakes and things."

"But what for," asked Dr. Stewart. "He said he was tryin' to help yoz," said the driver. "He says he wouldn't be able to speak by the toime he got to the hospital—but he'd bring along samples of his symptoms."

Don't be surprised if you have an attack of rheumatism this spring. Just rub the affected parts freely with Chamberlain's Liniment and it will soon disappear. Sold by Farrell & Lohmiller and Groos Drug Store.

OUTLAW SID ALLEN ESCAPES A BULLET

Hillsville, Va., April 4.—Sidna Allen, the chief of the mountain outlaws who shot up the Carroll county courthouse and who has been hunted in the mountains ever since, was seen yesterday and shot at by Alex Divine, a farmer. Allen, however, was out of range and ran away. Detectives Payne and Lucas returned to town tonight and reported Allen's escape.

The two bloodhounds from the state farm are the main hope of the man hunters now. The heavy rain has washed away all trails and the dogs make little headway. Last night Payne and Lucas carried the dogs twenty miles on their saddles to put them on a new scent. Some of the posser are still in the mountains, guarding the roads, but heavy rains drove the main parties into the settlements tonight for food and shelter. They will resume the hunt tomorrow.

FAMILY ATTACKED BY HUGE RODENT

New York, April 4.—A 10 pound 27-inch rat fought five members of a family over the ground floor of their home in East New York. It was killed only after a desperate struggle in which one woman was badly bitten and another driven into hysteria. The rat put to flight Terence McKenna, his wife and three children. Mrs. McKenna is ill as the result of her fright and her daughter, Mae, is suffering from bites.

BLUE RIDGE FOLKS ARE GIVEN WARNING

Hillsville, Va., April 4.—The state of Virginia took a hand today in the campaign to force the courts to assassinate out of their mountain stronghold. Governor Mann issued a proclamation calling upon all citizens to withhold aid from Sidna Allen and V. Wesley Edwards, the only two men captured of the outlaw troop that shot up the Carroll county courthouse nearly a month ago, and promising prompt prosecution for any persons who do assist them.

This action had been arranged after conferences with the heads of the posse, and today detectives rode twenty miles into the mountains and arrested Jordan Edwards, a cousin of Wesley and one of the Allens' kinsmen, and boxed him up on a charge of being an accessory after the fact to the courthouse murder.

With the backing of the governor, it is now expected that raids on the Allens by the populace of this district will be frequent. The detectives claim they have been hampered in their hunt by false clues. They are certain that Allen and Edwards have received aid. Without it, their capture is a question of days only.

"My little son had a very severe cold I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Silks, 29 Dowling Street, Sydney, Australia. This remedy is for sale by Farrell & Lohmiller and Groos Drug Store.

O'TOOLE BROTHERS MAY TWIRL THE PRACTICE GAMES

Little Rock, Ark., April 4.—"Bring on your Pirates" is the latest growl sent up by the St. Paul players. The Pittsburgh Buccaneers are on the card for two games with the Apostles, today and tomorrow, and the Kellyites are all worked up over the coming series. The Saints are anxious to get at the big leaguers and although Manager Fred Clarke of the Pirates ship is going to put his very strongest club into the field, the Saints are confident of at least an even break and there are several in camp who look for two straight victories over the National leaguers.

Whether or not the O'Toole brothers Marty and Mike, oppose each other in one of the two games to be played, is up to Manager Fred Clarke of the Dreyfuss club. Manager Kelley is perfectly willing that his present O'Toole oppose his O'Toole of last year and Mike has expressed a willingness to pitch against his now famous brother. And with Marty everything is satisfactory. However, big league managers have their own particularities and mannerisms and Fred Clarke may jump at the proposition to pit his red-haired O'Toole against Kelley's twirler, while again he may put his foot down on any such a scheme.

JAP CORNERS FRISCO SPUDS

Seattle, Wash., April 4.—Four hundred tons of potatoes formed an important part of the cargo of the steamship Governor when she sailed for San Francisco, the tubers having been bought by San Francisco commission men to break the corner held on the California supply by a Japanese who is said to control the market south of Portland. The influx of San Francisco buyers sent the price of potatoes up from \$22 to \$46 a ton, but the market eased and retailers were able to get adequate supplies at \$40 a ton.

DANDRUFF AND ITCHING SCALP YIELD TO ZEMO TREATMENT

Why should you continue to experiment with the salves, greasy lotions and fancy hair dressings trying to rid your scalp of germ life. They can't do it because they cannot penetrate to the seat of the trouble and draw the germ life to the surface of the scalp and destroy it.

Why not try a PROVEN REMEDY? One that will do this. We have a remedy that will rid the scalp of germ life and in this way will cure DANDRUFF AND ITCHING SCALP.

This remedy is ZEMO, a clean, refined, penetrating scalp tonic that goes right to the seat of the trouble and drives the germ life to the surface and destroys it.

A shampoo with ZEMO (ANTISEPTIC) SOAP and one application of ZEMO will entirely rid the scalp of dandruff and scurf. Do not hesitate, but get a bottle of Zemo today. It acts on a new principle and will do exactly what we claim for it. Sold and endorsed in Escanaba by the Groos Drug Store.

COMING SINGER IS A MICHIGAN PRODUCT

In a year or two Michigan may claim the honor of being the birthplace of the greatest singer in the world. She is Blanche Slocum, the protegee of Mary Garden, now studying under Trebelli, at Paris, and who will make her debut before the musical world of Europe next fall.

"You are the greatest singer in the world," said Trebelli when she had been training under him for six months. This from the teacher of some of the greatest singers in the world at the present time is assurance enough that Miss Slocum is going to be a success.

The father of the coming prima donna was in Marquette Saturday and Sunday, leaving for Chicago Monday. He is E. B. Slocum, of Chicago, traveling salesman for the Thompson Brothers Shoe company, and has made the upper peninsula twice a year for many years. He is well known in this city and in other towns of Michigan.

Although Miss Slocum's home is in Chicago, and she is claimed by that city as its own she was born in Hesperia, Newaga county, Mich., giving this state an interest in her progress in Europe. She is now twenty-seven years of age, and has studied music for ten years. Mary Garden gave her an audience last year and when Miss Slocum had finished her song Miss Garden went into raptures over her voice. "Miss Slocum has the most wonderful voice I have ever heard," she said, she took Miss Slocum under her charge and is now paying her tuition in Paris.

"We always knew she had a good voice," said Mr. Slocum in speaking of his daughter, "but we never imagined that she was to become a great singer. I always liked her low tones best, and thought she would become a contralto. But Miss Garden and Trebelli have changed our opinion of the range of her voice, and she has now developed into a dramatic soprano. She reaches high D above high C with ease and I am told that she has the widest range of any singer now living. Her study of music has been strenuous, and she has mastered German, French and Italian."

Mr. Slocum is a big man, and his daughter weighs more than two hundred pounds, he says, so that she has the physique necessary to become a singer.

Seattle, O., April 4.—Mrs. Myrtle Robinson, member of a prominent southern family, reluctantly told Judge Vickery of her efforts to save her husband, Philip E. Robinson, architect, from the dazzling effects of the white lights. She was granted a divorce, with alimony. She said she had permitted him to pawn her engagement ring and watch. She said he spent \$2500 she got as a Christmas gift from her father, J. F. Smith, wealthy real estate owner, McDonald W. Va.

Mrs. Robinson came to Cleveland a year ago with her brother, W. F. Smith of Cincinnati, to search for her husband. Her brother, with Attorney P. J. Beady, found traces of Robinson in grill rooms, dance halls and restaurants.

They were told of his giving a champagne dinner at the Bismark and of his owing \$125 taxicab bills, it was testified.

WHITE LIGHTS ARE TOO MUCH FOR HIM

Cleveland, O., April 4.—Mrs. Myrtle Robinson, member of a prominent southern family, reluctantly told Judge Vickery of her efforts to save her husband, Philip E. Amusements

"THE BARRIER"

The Barrier adapted by Eugene V. Presbrey from Rex Beach's famous story of life in the Yukon country is announced for the Peterson as the next offering, Sunday April 7. The play made an emphatic hit in New York and on the Eastern and Midwestern circuits last season.

Competent critics have pronounced it a much better drama than its author's previous success, "The Spoilers," because its plot is equally interesting, but untraveled with finer skill, while the gripping episodes of the novel are retained, they are mellowed to meet the requirements of those theatergoers who prefer realism to extravagance. "The Barrier" thrills by legitimate means.

Flambeau, a trading station on the great Alaskan river, is the place of action, and the time is summer. In the first and second acts the scene is the interior of Gale's store, a very picturesque stage setting.

A living room in the same structure is shown in the third act, and in the last act the military barracks is realistically presented.

All the love making that made the story a "best seller" for several months is condensed into four acts. The duel that forms one of the most exciting chapters of the story is fought in full view of the audience.

Grace Johnson has been specially engaged to impersonate "Necla," and with Lee Millar as "Captain Burrell," Norval MacGregor as "John Gale," and a capable supporting company, a treat of satisfying proportions is assured.

Telephone your "wants" to 693.

 By Paine Webber & Company, Marquette, Michigan

BOSTON MARKETS

The local copper showed greater activity and strength all through the list. Many specialties would have shown a greater advance except for the scarcity of offerings.

At one period today Hancock was 34 1/4 bid with no stock offered and North Butte was 34 bid but no sales were made at either prices as the buyers became discouraged and withdrew their bids. B & S was very strong the buying apparently coming from people close to the management. East Butte was especially well bought and closed at the top.

Scattered buying of Lake advanced the price to 47 3/4. Bullish enthusiasm has increased all day and with the holiday tomorrow we should have a big bull market on Saturday and much higher prices next week.

NEW YORK MARKETS

The stock market gave a very good account of itself today and a factor worthy of mention was the marked increase in the demand from good sources. The buying of Steel was very impressive and suggestive of favorable occurrences in the industry in the near future. We believe that the general trend of the stock market is still upward, but of course there is no occasion to climb for stocks on the sharp rises as reactions will doubtless occur quite frequently.

New York and Boston exchanges closed Friday Apr 5. Chicago Board of Trade open for grain only.

8 PER CENT INTEREST ON YOUR MONEY
 IS POSSIBLE IN THE
FARM MORTGAGE BONDS
 of The Western Land Corporation
 OF HOUSTON, TEXAS
ON THEIR 1000 ACRE TRUCK FARM

This farm consists of the finest prairie soil on which three crops a year can be raised, reaching the early and late and winter markets. Our own canning factory will take care of any surplus, thereby insuring the greatest economy.

The bonds are first mortgage on the farm with its improvements, and are additionally backed up by the assets of a clean, high grade company, well known in Houston.

When you remember what just two crops will do in Michigan—strawberries and celery—then add fully 50 per cent to this on account of climatic conditions, you will have an idea of what this farm will do.

These bonds are also profit-sharing. Their denomination is \$100 each so that they afford a secured profit-sharing investment for any sum from \$100 to \$25,000.

BOASTS WORLD'S BIGGEST JUSTICE

Houghton, Mich., Apr. 4.—"Big Louie" Mollanen, the copper country giant, was ejected justice of the peace in Hancock township Monday of this week. He has the reputation of being not only the biggest man in Houghton county, but is one of the few giants of the world. "Big Louie" was reared near the Boston mine and little was known of him until he had attained the age of seventeen, when F. M. Sackrider, then proprietor of the Board of Trade in Houghton, discovered him and took him to the Houghton establishment as a curiosity. "Big Louie" at that time created a decided sensation and hundreds of people called daily to visit and chat with him. The giant is now twenty-five years of age and is still something of a curiosity in the copper country. For several seasons he traveled with Ringling Bros' circus, but quit the road two years ago to engage in the saloon business in Hancock township. Some idea of his size can be gained from the size of the shoes he wears, which are No. 19. His hat size is 31-4 and his height is 7 feet 8 inches.

HARRISON WING IS ON TOP AT CHICAGO

Chicago, April 4.—Twenty-five Democratic and eleven Republican aldermen were elected and bond issues carrying an expenditure of \$5,730,000 were voted on in the election here today.

A bitter factional fight between the Harrison and Sullivan forces marked the Democratic aldermanic race. The Sullivan followers lost, eighteen of the victorious Democrats being aligned with the Harrison wing. The Harrison Democrats were particularly interested in eight candidates, and six of these were elected.

The bond issues which carried follow: Five million dollars for outer harbor improvements; \$250,000 for bath houses, and \$380,000 for a contagious disease hospital. The proposed issues which failed were those for \$2,245,000 for new police stations and \$1,814,000 for new fire engine houses.

There will be eighteen new aldermen in the council. Eighteen of the present aldermen were elected. The Democrats gained five aldermen, making their total strength forty-five, to twenty-four Republicans.

ICE FIELDS ARE BREAKING

(Continued from page one.) water is 26 inches in thickness and solid; high winds of March 28 caused the ice to break three miles from shore and the fields have been moving with the wind; small pieces of open water visible.

Marquette: Harbor ice 19 inches in thickness and solid; open water visible along northern horizon.

Munising: Thickness of harbor ice 22 inches; no change. Grand Marais, Mich.: Harbor ice 29 inches in thickness and solid; some narrow lanes of open water in the lake; the fields have moved but little during the week.

Sault Ste. Marie: Thickness of harbor ice 20 inches; the river is open in the channel from the rapids to Little Rapids cut; along shore it has diminished 5 inches during the week.

Lake Michigan. Gladstone: Harbor ice 29 inches in thickness with about two inches of slush on top.

Escanaba: Harbor ice 27 inches in thickness; snow all gone.

Green Bay: Ice along shore of river 8 to 12 inches in thickness; some open water visible in the channel.

Plum Island: The ice in Green Bay to the west of the Island is decreasing in thickness; small fields of ice visible to the eastward; the "Door" is open and navigation possible.

Sturgeon Bay: The ice averages from 12 to 18 inches and has been broken by tugs to the canal; no fields visible in the lake.

Lake Huron. St. Ignace: Harbor ice 22 inches in thickness.

Mackinac Island: Thickness of harbor ice 24 inches and has softened some during the week; open water at Bois Blanc lighthouse with solid ice to south and west.

Cheboyan: Conditions unchanged during the week except that the north winds have driven the ice fields from south end of Bois Blanc Island and there is open water south from Poe's Reef as far as can be seen.

Lake St. Clair and Detroit River. The ice has been running slowly out of the lake during the week and there is about 12 miles of open water; the ice at the mouth of the river moved out Saturday night and Sunday and open water appears beyond Bar Point light.

Lake Erie. Toledo: The ice is broken up in the river and running out; ice in Maumee Bay is broken up.

Vermilion: The ice in the lake is softening, but no open water is visible.

Cleveland: Thickness of harbor ice is 8 inches and honeycombing; it is breaking away fast; lake practically covered with soft ice; considerable open water visible March 31.

Ashtabula: Heavy fields of ice in the lake are shifting with the wind.

Conneaut: Harbor open on March 29; very little open water in lake during week; navigation opened by departure of Bessemer No. 1 on March 30th.

OLD DOC YAK PRESCRIPTION GIVEN TO COMMERCE BOARD.

Washington, D. C., April 4.—One of old Doc Yak's prescriptions from The Chicago Tribune appeared in a brief filed with the Interstate Commerce Commission today by the Escanaba Business Men's association against the Ann Arbor railroad and steamship lines and the Escanaba & L. S. Ry. company.

The association complained of various rate discriminations, but the defendants put in no defense. The attorneys for the business men say in their brief that this attitude of the railroads can be characterized no better than by Sidney Smith's Doc Yak cartoon, which was reproduced as follows:

Rx. FOR COLD FEET. QUIT THE GAME EARLY. YAK, M. D.

The association complains that the refusal of these railroads to allow Escanaba equitable freight rates is proving ruinous commercially and that manufacturers there are compelled to withdraw from competition for sales, except in the immediate vicinity.

ALMOST A MIRACLE.

One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendonia, Tex., was effected years ago in his brother. "He had such a dreadful cough," he writes "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for coughs and colds with excellent results." It's quick, safe, reliable and guaranteed. THE MOST IMPORTANT FASHION FEATURING OF ALL THE YEAR

The keynote of distinction has never been so clearly sounded and the foreign designers have never been more keenly alert to catch the American Women's preferences so readily as this year.

The result is EXCLUSIVE INDIVIDUALITY that will arrest the eye of every woman seeking distinction, refinement and taste in dress.

While it is impossible to describe or illustrate all the styles we display, we have selected a few gowns and costumes, which were sketched from especially posed models. The reproductions are in natural colors.

An early inspection will demonstrate to you our ability to offer you the best assortment of street, dinner and evening gowns for women, Misses and small women, as we exhibit the most exclusive apparel only.

Model 538—Shown on front cover, a street costume of IMPORTED GERMAN VOILE, draped over silk satin drop and lining, yoke and collar of finest ST. GALL LACE, revers, collar and cuffs, hand embroidered and braided. Can be made up in black, apricot, light tan, navy brown and light gray.

Model 556—Evening or dinner gown made of finest grade of CREPE DE METEOR, trimmed with cream MACRAME LACE, a touch of gold is used to emphasize the dainty lace pattern. This gown is available in apricot, pink, light blue and ivory.

Model 534—A dainty creation of embroidered real cream BRUSSEL NET and chiffon draped over silk satin; suitable for all occasions; and can be made up over pink, light blue, lavender and Nile green.

Model 528—French embroidered robe that can be worn over white or colored slip. This costume embodies the highest art of foreign embroidery and American dressmaking skill. Suitable for both Misses and women.

Model 550—Entire white robe embroidered with dainty dots on finest FRENCH WASH VOILE with woven border trimmed with dainty CHANTILLY LACE. Border comes in pink, light blue, lavender, black and French blue.

Model 561—This 3-piece costume, worn with the coat, is a most attractive and ideal out-of-door suit; worn without the coat, it is a gown suitable for all in-door functions. It is made of finest black DUCHESS SATIN with black chiffon draped over blue silk and MACRAME LACE in waist and coat. Can be worn by women and Misses.

Model 511—A gown for all occasions made of imported pure white linen with MACRAME and BALL LACE to be worn over white or colored slip; suitable for both women and Misses.

Model 540—This frock embodies the French idea of combining a street dress and calling gown. It is made of finest quality CREPE DE METEOR. The fine SPANISH CHANTILLY LACE used in this gown is veiled with chiffon to subdue it to the shade of the dress which is trimmed with self color fringe. This style is suitable for ladies and Misses and can be made in black, ivory, light blue, pink, green and apricot.

Model 504—Street or in-door costume, made of IMPORTED ENGLISH PIQUE, embroidered in self color, bag to match the gown. Appropriate for women and Misses; can be made in white, pink, lavender, light blue, tan and French blue.

KEITH OF THE BORDER A TALE OF THE PLAINS By RANDALL PARRISH

(Copyright, A. C. McClurg & Co., 1916.)

SYNOPSIS.

Jack Keith, a Virginian, now a border outlaw, is looking for roaming war parties of savages...

CHAPTER XXV.—(Continued.)

"Was that all?" "De ol' gin'ral he didn't seem ter know what ter say; he done set dar lookin' off ober de prairie like he was ciar flumegasted."

CHAPTER XXVI.

A Chance Conversation.

The opportunity thus so unexpectedly afforded was not one to be wasted, and Keith accepted it with swift determination.

"I presume this is a public table, and I consequently have little choice in the matter, if you insist," she replied, her voice more civil than her words.

Heve that. I—I have heard it whispered it might be because of the other girl. "The other girl!" in complete surprise at this swift return.

"No, doctor; I am Miss MacLaire." "Ought to be, including you, Mr. Jack Keith."

REAL HISTORIC ROOM

WHITE HOUSE APARTMENT WHERE HISTORY WAS MADE.

It is at the Head of the Main Flight of Stairs, and Has Been Used as an Office by Many of the Presidents.

Visitors in Washington seem generally to think that the east room of the White House is the "historic chamber" of the old building.

PASSING OF THE OLD TIMERS

Absence of Brilliant Group of Statesmen, Wits and Bon Vivants is Recalled.

"Whenever I play in Washington nowadays I am saddened by the absence of that brilliant and congenial group of statesmen, wits and bon-vivants who of yore made their headquarters at John Chamberlin's."

PRETTY SASH CURTAIN

EFFECTIVE WINDOW DRAPERIES NEED NOT BE EXPENSIVE.

Until the spirit for contriving lays hold on one it would never seem possible that the prettiest of sash curtains could be so easily designed, and that without visiting the precincts of the "drapery department."

Had a Good Time.

Vice-President Sherman tells this story about former Speaker Reed: "Lucius Littauer gave a party on a boat down the river, and Reed was invited. At the last moment something intervened to prevent him from going. But he came around the day after to learn about it."

Peanut Roast, Tomato Sauce.

Soak one quart fine bread crumbs in milk (part water will answer), mix with a pint of water, add one cup of salted peanuts (about one cup) finely ground, add one egg well beaten, salt and pepper to taste.

Peach Shortcake.

Sift together one cup of flour, two teaspoons of baking powder, one-quarter teaspoon salt, one teaspoon of sugar; work into this lightly with the tips of fingers one tablespoonful lard or butter; pour enough milk to make a soft dough; pour it into a square baking tin.

Lightning Cake.

Put into a cup two eggs unbeaten, four tablespoons of melted (not hot) butter; fill the rest of the cup with milk, add one teaspoon of vanilla; then pour into a bowl.

Lemon Cream Sauce.

Cream one-fourth cup of butter, add one-half cup powdered sugar, then add the white of one egg and beat well. When ready to serve set the saucepan containing the sauce in boiling water over the fire and add the juice of half a lemon and one-fourth cup boiling water; stir until creamy.

Brown Sugar Sandwiches.

For the children incessantly craving sweets, brown sugar is an excellent thing to keep in the house. Spread it thickly on buttered white bread and put the slices together so as to make narrow sandwiches.

**POST SEASON GAME
 ALREADY PROPOSED**

The Mining Journal of Marquette
 says:
 The Escanaba Press remarks, in con-
 nection with the proposed Marquette-
 Copper Country baseball league, that
 the Marquette county teams "slipped
 over a smooth deal," also that "as
 either Hancock or Calumet, on enter-
 ing the league, will insist on engaging
 only home players the quality of base-
 ball offered is bound to be low." To
 the latter suggestion we will say, "per-
 haps." However, Escanaba will have
 no difficulty in booking a post season
 series with the league winners to de-
 termine the upper peninsula cham-
 pions. They will take a chance on the
 quality of their baseball being "high"
 enough to come out of that last suc-
 cessfully.

**LAFOLLETTE AND GOVERNOR
 WILSON ARE THE WINNERS**

Milwaukee, April 4.—United States
 Senator Robert M. LaFollette of Wis-
 consin, according to incomplete re-
 turns at hand tonight, defeated Pres-
 ident Taft on the Republican ticket,
 and Woodrow Wilson defeated Speaker
 Clark on the Democratic ticket, in the
 state's first presidential primary,
 held today. Although the availabil-
 ity of returns are scattered, E. L. Philipp,
 manager of President Taft's primary
 campaign in this state, concedes to
 Senator LaFollette twenty-three out
 of the twenty-six delegates to the Re-
 publican national convention.

At Superior, LaFollette defeated
 Taft by a vote of 1,487 to 278. At
 Oshkosh and throughout Winnebago
 county, LaFollette defeated Taft by a
 two to one vote. Similar returns were
 received from Eau Claire, Appleton,
 La Crosse, Racine, Madison and a
 number of the other larger cities of
 the state. Woodrow Wilson's lead
 on the Democratic ticket apparently
 equals that of Senator LaFollette on
 the Republican ticket.

Colonel Roosevelt's name did not
 figure to any extent in the presiden-
 tial primary, as his supporters did not
 have his name printed on the ballot.
 Although Colonel Roosevelt's name
 was written on the ballot by some
 voters, the returns from a majority
 of the counties show no considerable
 vote for him. No other presidential
 candidate in addition to those printed
 received any support. The latest re-
 turns show that Speaker Clark gained
 considerably in the northern part of
 the state, but not sufficiently to effect
 the total.

THE DANGER AFTER GRIP.

Lies often in a run-down system. Weak
 nerve, nervousness, lack of appetite,
 energy and ambition, with disordered
 liver and kidneys often follow an attack
 of this wretched disease. The great-
 est need then is Electric Bitters, the
 glorious tonic, blood purifier and regu-

**HEN LOSES LIFE IN HER
 ATTEMPT TO SET A NEW
 EGG RECORD FOR WORLD.**

Salt Lake City, Utah, April 4.—A
 hen's egg 8 1-6 inches in circumfer-
 ence is on exhibition at the Utah Pro-
 ducts exposition here this week. In
 attempting to make a world's record,
 the hen, which belonged to a Salt
 Lake City man, gave up her life. Not-
 withstanding the grief in the family
 and the peril of the undertaking, a
 sister of the deceased today laid an
 egg that measures 7 3/4 inches.

**BIG "8" TO MAKE
 ITS OWN RULES**

Urbana, Ill., April 4.—The reign of
 eastern football arbiters for the west
 is passed. Instead the western confer-
 ence, reorganized with delegates, in-
 cluding athletic directors, will draw
 its own code.

This was the news told to the Uni-
 versity of Illinois senate by President
 James yesterday. He stated that every
 president of the "Big Eight" univer-
 sities was in favor of this step. Be-
 cause of a desire to procure expert
 knowledge in the drafting of athletic
 playing codes, the conference was en-
 larged to admit the athletic directors.
 Instead of sending a few delegates to
 the eastern rule conference every
 year, the "Big Eight," if maintained,
 will act henceforth. Belief that the
 east bankers after the old style of
 football impeded the presidents to this
 decision, President James said.

The presidents gathered at Chic-
 ago were unanimous in one thing at
 least. That was that it was time for
 the conference to take hold of rule-
 making. There is no reason why the
 conference teams should not play un-
 der their own rules, no reason why
 the western schools should be at the
 mercy of the east. The west, I believe,
 is mainly in favor of the open game
 of football, with mass play eliminated,
 and many critics believe that the new
 code for 1912 is a partial return to the
 old game. We all felt that the con-
 ference schools playing each other
 should decide for themselves the
 rules.

FRECKLES

New Drug That Quickly Removes
 These Homely Spots.

There's no longer the slightest need
 of feeling ashamed of your freckles,
 as a new drug, othine double strength
 has been discovered that positively
 removes these homely spots.

Simply get one ounce of othine—
 double strength from Hill Drug Store
 and apply a little of it at night, and
 in the morning you will see that even
 the worst freckles have begun to dis-
 appear, while the lighter ones have
 vanished entirely. It is seldom that
 more than an ounce is needed to com-
 pletely clear the skin and gain a beau-
 tiful clear complexion.

Be sure to ask for the double
 strength othine, as this is sold under
 guarantee of money back if it fails to
 remove freckles.

**BRIDE WAS BUT
 13 YEARS OLD**

Schroon Lake, N. Y., April 3.—Much
 public feeling has been stirred in this
 vicinity by a marriage recently in
 which the bride was, according to the
 school records, only thirteen years old.
 She is Mrs. Thomas Venner, formerly
 Gertrude Vanderwerker.

Venner, who is well along in the
 thirties, is an Englishman, who, after
 helping along the assimilation of
 South Africa by work in building sta-
 tions for the British government, came
 to Loch Muller village and took a farm.
 He prospered, and might well have
 been considered a good catch for one
 of the young women of the vicinity.
 To several of these he paid attention,
 but nothing came of the affairs. Some
 time ago he centered his affections on
 the little Vanderwerker girl, who was
 going to school in short dresses. Ac-
 cording to the school records, she was
 thirteen years old on Feb. 5. Within
 a short time the marriage followed, a
 minister, the Rev. Frank M. Labar,
 having been found who was willing to
 perform the ceremony.

During the courtship the young men
 of Loch Muller and surrounding vil-
 lages several times showed the public
 disapproval of the proceedings by
 "horning" the home of the girl's par-
 ents while Venner was there, making
 a racket with everything that could be
 found for that purpose. After the
 marriage, leading citizens wished to
 do something to separate the couple,
 but found that under the marriage
 law nothing could be done.

The question whether the girl bride-
 must go to school was referred to the
 state department of education at Al-
 bany, and this was the reply received.
 "When a thirteen-year-old girl en-
 ters wedlock it would be against pub-
 lic policy to compel her to attend
 school. The legislature in the enact-
 ment of the law made no provision for
 such case, on the theory that children,
 as such, would not get married until
 after they had passed the school age
 period."

**MINNEAPOLIS WOMEN MAY
 CARRY POLICE WHISTLES.**

Minneapolis, Minn., April 1. Little
 silver police whistles, monogrammed
 and attached to silver chains may take
 the place of the coin purse, the powder
 box or the silver engraved mirror as
 the result of the statement made by
 Michael Mealey, chief of police, that
 he favors women carrying whistles for
 their protection. As the result of re-
 cent attacks upon women here an of-
 ficer has promised to frame an or-
 dinance authorizing all women to car-
 ry such whistles.

**MAN'S NIGHTMARE

Fargo, N. D., April 4.—Nicholas
 are the bane of the existence of Sam-
 uel Iverson. Sunday night his cries
 caused a commotion at a Fargo hotel
 and today he was in court on the
 charge of "seeing things."

"I guess I made a noise in my
 room," he told the court, "but I didn't
 have snakes—not one. I was dozing
 you know, and thought I was lead-
 ing a choir of angels. I have nightmares
 often and when I get up I get 'em good."
 "One night I thought I was kicking
 a dog around, and when I awoke I
 had two broken toes, and they are
 crooked yet. If you don't believe it,
 Judge, I'll show you," and he started
 to unlace his shoe.

The judge took his word for it, and
 released him with a warning concern-
 ing midnight suppers.

PITS END TO BAD HABIT.

 "the blues." Ten to one the trouble is
 a sluggish liver, filling the system with
 bilious poison, that Dr. King's New

Webster's
White Liniment
 for Strains and Sprains
 and all minor injuries, such as bruises,
 burns, swellings, discolorations, insect
 bites, lameness, etc. Rub it thoroughly
 and vigorously into the pores of the skin.
 It contains medicinal oils, which soothe the pain; also stimulating ingre-
 dients, which increase the flow of blood to the injured part and thus help
 Nature in the healing process. In the same way it quickly relieves muscular
 rheumatism, stiff joints, lame back, sore muscles, and all soreness, stiffness
 and lameness.

Webster's White Liniment is pure, clean and non-irritating. It is
 scientifically compounded by the ablest pharmacists. Our forty years'
 experience as manufacturing chemists has taught us to make Webster's
 White Liniment and all other Webster preparations so good that we can
 absolutely guarantee them.

In twenty-five cent and fifty cent bottles. Your money refunded
 if you are not satisfied with results after a fair trial.

NO MORE BARS OWNED BY BREWERIES

Lansing, April 4.—By the vote of 71 to 19, the house this afternoon passed the bill preventing breweries from owning saloons. The major interests in the house made unsuccessful attempts to defeat the measure by making numerous amendments to it, but each time Representative Peterson, of Charlevoix, raised the point that should the bill be returned to the senate again it would probably be defeated, and this argument was sufficient on each occasion to carry the bill through without amendment. The bill has passed each house and will now go to the governor for his signature.

Through the efforts of Representative Gansser, of Bay, and Representative Stewart, of Kent, the house this

afternoon, by a vote of 67 to 20, also passed a bill making an annual appropriation of \$30,000 for armories for the National Guard. The bill went through the senate without a dissenting vote. A year ago the governor vetoed the armory appropriation, in order to economize on expenses, but inasmuch as he sent a special message to the legislature, urging the passage of the present measure, it is thought that he will affix his signature to it.

Governor Osborn today sent a special message to the senate, urging that the office of state salt inspector be abolished after the term of Salt Inspector John Baird, of Saginaw, expires. However, but sixteen votes would be rounded up in favor of the bill, and the measure was tabled until another vote could be procured.

The Copley corrupt practices bill suffered defeat in the senate this afternoon, after having passed the house by an overwhelming vote. Senator Miller, of Detroit, led the fight against this measure.

SENATORS DOOM THE PHOSSY JAW

Washington, April 4.—In the face of a bitter attack by Senator Bailey, Democrat, of Texas, the senate today passed the house bill to put a prohibitive tax upon the manufacture or importation of phosphorus matches. Mr. Bailey called the measure a monstrosity and spoke pointedly of the fact that many women had demanded its passage.

"When the labor agitators and the women get through running this congress, there will not be a shred of the constitution left," said he. The senator quoted a little Shakespeare and declared that Portia was a suffragette who had palmed a subterfuge in her argument before the court which tried Shylock's claim.

Senator Lodge had the bill in charge and when Senator Bailey spoke of agitators he referred to the friendship between the senator and "a former president" (Colonel Roosevelt) and when he characterized as "the most pernicious of agitators."

Senators Gallinger, Martine, Cummins and Borah defended the bill and it was freely admitted that its object was to tax the white phosphorus match industry out of business in the country. Many bills, among them the so-called "phossy jaw" are said to afflict the workers.

THE DANGER AFTER GRIP.
Lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthened the nerves, build up the system and restore to health and good spirits an attack of Grip. If suffering, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by all druggists.

PRESIDENT IN CITY

Douglas Malloch, president of the Chicago Club and a member of the staff of the American Lumberman of Chicago, arrived in the city yesterday and will be a guest for a few days of his brother C. W. Malloch. Mr. Malloch has a wide reputation as the "Lumberman Poet" and has issued a volume of poems that has established a wide popularity.

As president of the Chicago Press Club Mr. Malloch is at the head of the largest organization of newspaper men in the world and under his administration the Chicago society has taken a more prominent place in public affairs than ever before.

LEAGUERS' DONT'S

1. Don't steal second with the bases full. This is exclusively John Anderson's stuff.
2. Don't fail to touch second.
3. Don't wait until you are just about to duck under the players' bench before removing your cap after making a home run. The public pays to see your blishes.
4. Don't have a small telephone number. George Bell never could hit over his—124.
5. Don't be afraid to hit 'em over the fence. The small boy outside will gladly return the ball—up to the 7th inning.
6. Don't hold the ball too long after catching a fly. Lefty Davis did this in Brooklyn and was let out. In Pittsburgh he did not hold them long enough and was decorated.
7. Don't insist on half the purchase price. Rube Waddell did this in Pittsburgh and received a box of stogies from Barney Dreyfus.
8. Don't fail to run out infield hits. Even Hal Chase and Jake Daubert have been known to drop 'em.
9. Don't oppose the suffragette movement too strongly. You may be transferred to the Cardinals.
10. Don't use the harsh pedal too often on the umpire. Billy Klem or Silk O'Loughlin may be your manager next year.

BARBERS UNION PLANS A DANCE

Members of the Barbers Union of Escanaba are making particularly extensive plans for the party to be given by members of that Union at Clark's hall on Monday evening of next week. No expense or effort has been spared to make the event easily the most successful ever planned by any union organization in this city. A large number of patrons is certain to be attracted and through arrangements that have been made a delightful evening is in store for all of those who attend.

DECISION DECISIVE

(Continued from page one.)
that if the Escanaba council has the power to license only sixty-one saloons and there are eighty-two applicants, the council has the power to refuse licenses to all the men who were in business in 1909 and grant them to entirely new applicants.

Its Future Effect.
The decision means that, in the future, each time a license is voluntarily surrendered, either by a holder withdrawing from business or because of death, the number of licenses that a council or township board can issue is automatically reduced by one until the ratio of saloons to population falls below the one to each 500. In short, the decision of the court gives the Warner-Cramton law the force most people thought it had when it was adopted.

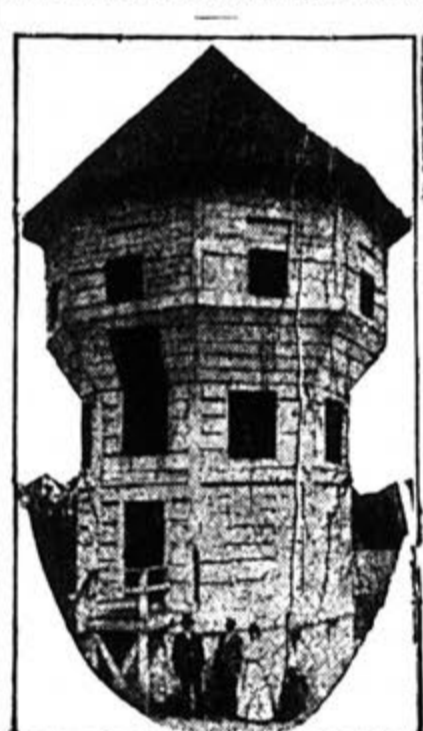

The decision of the court is a far-reaching one, and will result in putting hundreds of saloons out of business. It is the most far-reaching decision affecting the saloon business that has been rendered in many years.

The full text of the opinion is as follows:
"Our attention is called to the fact that in our former opinion (18 D. L. N. 921) we reached our conclusion upon an erroneous understanding as to the facts. We gathered from the record, as it now appears erroneously, that relator's application was for a license which had been unissued to any person for an entire license year. It now appears that the license for which application was made by relator was in force from May 1, 1910, to May 1, 1911, but that the holder did not apply for a renewal thereof prior to its expiration. Relator made application therefor and it is his contention that being a 'duly qualified person' he was entitled to the writ of mandamus under the intimation contained in our former opinion.

HOW CAMEL TAKES HIS SMOKE

A curious fact is described in the paper, "El Tobacco," regarding the taming of wild animals by the natives of Morocco. A three-cornered piece of wood, through which a hole is drilled, is placed in the mouth of the camel, and a lighted cigar, very large and loosely rolled, is then inserted in the hole. As soon as the animal starts to draw it becomes very tame, and continues to inhale the smoke and to emit it through its nose. As soon as the first cigar is finished, a new one must be put in its place, otherwise the camel becomes furious and very stubborn, fixes its legs in the ground, and cannot be made to move until the cigar smokes again.

OLD BLOCKHOUSE OF NANAIMO

At Nanaimo, a mining town on the east coast of Vancouver Island, about seventy miles from Victoria, stands a block house that is a relic of pioneer days. The block house, which stands on the seashore, was built as a retreat for the first settlers of about 1850 when attacked by hostile Indians. Loopholes through which rifles could be fired are visible above the shuttered windows.

WISE DOG SAVES BABY'S LIFE

The sagacity of a handsome sheep dog owned by Chris Wilkins, a farmer living near Georgetown, Del., recently saved the life of the farmer's young child. In the night the child became violently ill and a doctor was needed immediately. Wilkins did not like to leave his wife alone, and as she often had gone to the home of Wilkins' brother, in Georgetown, he believed the intelligent dog could be sent again. Writing a note telling of the child's illness, he tied it about the collar's neck and told him to go to Georgetown. The dog safely delivered the message and a doctor arrived in time to save the baby's life.

For rheumatism you will find nothing better than Chamberlain's Liniment. Try it and see how quickly it gives relief. For sale by Farrell & Lohmiller and Groos Drug Store.

OLD BLOCKHOUSE OF NANAIMO

"Had the facts been as we understood them, it is obvious that it was unnecessary to determine more than that under the case there presented, relator was not entitled to the relief sought. Under the situation actually presented, we most decide whether a new applicant is entitled to take the place of the holder of a license when the old holder declines, for any reason, to ask for a renewal thereof, where the ratio of saloons to population is greater than 1 to 500.

"After mature deliberation we have concluded that he has no such right.

Law Defined.

"We do not mean by this to say that such new applicant may not be granted a license in the place of an old license under the power of selection vested in the licensing body, but we are of opinion that the total number of licenses to be granted must be held to have been diminished by one on account of the failure of an old holder to apply for a renewal—that as to that license it must be held to have been voluntarily surrendered within the meaning of the act. We are led to this conclusion by a consideration of the evident purpose of the legislature as evidenced by the whole act, which was to gradually work a reduction of the number of saloons until they reached the ratio fixed by the statute, and to effect this end without undue hardship to those already engaged in the business. It is, we think, clear that but for this latter consideration, the legislature would have at once fixed the number of the licenses to be granted, at the statutory ratio.

"These conclusions do not necessarily mean that the legislature sought to, or did in fact, create a property right in the holder of a license to a renewal thereof. It means only that so long as the holder of a license is able to meet the requirements of the licensing body, and made it to exercise its discretionary power of selection in his behalf, he shall be permitted to remain in the business, even though by so doing the number of saloons continues to be higher than the ratio fixed by the statute. When the holder fails to apply for a renewal, then the number to be granted is reduced by one, if the number in force is greater than the statutory number. Any other construction would clearly prevent any sensible reduction in the number of saloons to effect which was, as we have seen, the cardinal object of the legislation.

"The writ is denied."

Why He Was Late.
"What made you so late?"
"I met Smithson."
"Well, that is no reason why you should be an hour late getting home to supper."
"I know, but I asked him how he was feeling and he insisted on telling me about his stomach troubles."
"Did you tell him to take Chamberlain's Tablets?"
"Sure, that is what he needs." Sold by Farrell & Lohmiller and Groos Drug Store.
