HERE'S A TALE OF A JINX

AND THE NUMBER THIRTEEN

Chicago, Sept. 14.—"Friday, the 13th has no terror for me," said Arthur Henry Jinx of Nassau, N. Y., as he registered at a Chicago hotel today.

"Very well," the clerk said, "I will put in Room 1313 and send you there by Bellboy 13. At that, you have nothing on me. I was born on the 13th of February, procured a position with this hotel on Friday, the 13th, and have been working here thirteen years."

Impatience.

Some people become discouraged because Opportunity doesn't respond whenever they whistle for it.

YES!

Monday will be the best day to enter Gordon's Business College, but any day of the week will do in case Monday is impossible.

HUNDREDS SEE MAN SAVE HIS OWN LIFE

Toledo, Ohio, Sept. 14.—Hundreds of terrorized spectators on the fair grounds today watched the desperate fight against death made by Frank Armstrong, a aeronaut, when he was carried two thousand feet into the air by a blazing balloon.

Armstrong was preparing to make an ascension and was straightening out his parachute rigging when the balloon caught fire and his startled helpers let go. Fighting desperately to release his parachute, the aeronaut was carried up in a tangle of ropes.

He succeeded in cutting loose a moment before the flames reached the parachute and the blazing balloon collapsed. Armstrong made a successful drop, landing inside the race track.

Chicago, Sept. 14.—For picturesque fight and thrilling defense, Glenn B. Martin, in a biplane, won the chief honors at the aviation meet here today.

The opening event of the meet, which is held this year on the prairies west of the city of Cicero, was a contest for the best landing at a given spot from an altitude of one thousand feet, with the motor stopped.

Starting from an altitude from which he was stopped from ascending higher than one thousand feet only by a frantic signal from the judge's stand, Martin stopped his motor just at sunset and, in a graceful sweep to earth, landed just twenty-nine feet from the spot marked by a flag not much bigger than a handkerchief.

Other distances made by the contestants were: Max Lillie, second, 50 ft.; DeLloyd Thompson, 33 ft., and George Mestach, 196 ft. All flew in biplanes.

In dropping into a "postoffice" from one hundred feet while in flight bags filled with mail, Anthony Jannus, in a biplane, won first prize. The bag he dropped came within forty-nine and one-half feet of the receptacle.

Thompson was second, with fifty-one feet, and Martin third, with eighty-three. Maurice Prevost of France dropped the bag so far from the mark that his distance was not taken.

Speed contests were over a twelve-mile course, but no records were broken.

SHOOTS WIFE, BANKS BODY WITH FLOWERS THE KILLS HIMSELF

Wallace, Idaho, Sep. 14.—The body of Charles Kell, aged seventy-four, said to have been a wealthy Minneapolis merchant at one time, were found in a mountain cabin near Murray today.

Kell evidently shot his wife, washed the wounds, banked her body with flowers, knelt by her side and blew out his brains. Despondency over the loss of his fortune is believed to have prompted his act.

BOSTON MARKETS

The local market today showed decided strength in certain stocks. The stock most affected were those which have been carried by weak speculators on small margins. The severe break in wolverine the last week has resulted in many loans on that stock and this was necessarily caused selling all through the list.

NEW YORK MARKETS

Fluctuations today were for the most part merely a reflection of week and retelling and evening up of accounts. The chief topic of discussion was the probable showing of the bank statement, many being inclined to the belief that a substantial reduction in the surplus reserve would be indicated in the exhibit of actual conditions.

THIS WAR VETERAN IS "SOME" RUNNER

Los Angeles, Calif. Sep. 14.—Colonel James L. Smith, seventy years old, of Highland Park, Mich., won the Civil War veterans' semi-marathon run of ten miles at a park this afternoon. He covered the distance in one hour and fourteen minutes. Several teams were to have competed, but when the time came to toe the mark only two men appeared to contest with the Michigan veteran.

The delegates to the national encampment of the Grand Army of the Republic held an all-day secret session today, receiving reports from officers and, among other things, virtually exonerating the officials of the National Soldiers' Home at Dayton, O., of charges of mismanagement of that institution.

Commander-in-Chief Trimble, in his annual report, is urged the delegates to take action for the erection of a fitting memorial to "the loyal women of our country, to commemorate their great services and devotion, their willing sacrifices and unequalled fortitude during the period of the Civil war."

### TO PROVE RIGHT FARMING PAYS

Washington, Sep. 14.—To prove that farming—the right kind of farming—pays, is one of the tasks which the rural school has emphatically set itself. It is particularly essential to make the school children realize the money value of agriculture, not as a theory, but as a practical fact, and one of the best ways for demonstrating it has been shown to be to let the children actually farm a bit of ground and collect the proceeds. Recently the United States Commissioner of Education, Dr. P. P. Claxton, had occasion to welcome a party of southern boys and girls who were on a sight-seeing tour of Washington with money earned in their own farming.

"Real farming did it," said Dr. Claxton, in describing the experiment. "The money earned from their individual garden patches in connection with the study of up-to-date farming paid the expenses of those 23 Virginia school children. The children came from the Second congressional District Agricultural School at Driver, near Norfolk. The party was in charge of J. B. L. DeJarnette, the principal of the school, and he was a busy man indeed during the three days spent in seeing the sights of the nation's capitol.

Only Small Part of Earnings.

"Tomatoes and other produce paid the full cost of the trip—which was just \$13.78 for each pupil, by the way. This amount was only a comparatively small part of their total earnings for the year. The children come from one of the best gardening regions in the south, and their school has a unique place in that particular community. The school has an instructor in agriculture, who teaches three days a week and spends the other three days in farm demonstration work, applying on the actual farms of the district the theory he imparts in school."

Further inquiry showed that this is not the first time the children have learned that intelligent farming brings in a cash return. Each student makes regularly a profit of from \$25 to \$100 on the individual garden

patch he cultivates. In addition, the children help in working a school farm, which after paying all expenses, including the wages of a man who serves both as a farm-hand and school janitor, shows a profit of about \$200. Mr. DeJarnette is confident that with a 75-acre farm, which he hopes to have soon, his boys will be able to earn their own living entirely while attending school.

Virginia to Fore.

The state of Virginia is among the rapidly increasing number of states that are beginning to realize the importance of adequate agricultural education, and money has been appropriated to aid the school. There have also been private benefactions. A new \$25,000 building is to be dedicated in September, and Dr. Claxton has promised to be present at the ceremonies.

The experiment at Driver is only one of many indications of what the American rural school can and should do. All over the country efforts are being made to bring home to the country districts the significance and value of agriculture. The rural school is the essential link in the chain, and

### U. P. LEADS IN CROPS IN STATE

Figures compiled by Frederick C. Martindale, secretary of state, in his September crop report, show the upper peninsula far in the head of any other district in the state in the raising of grains, grasses, vegetables, seeds and live stock. There is not a single exception in the advance copy of the scoring prepared for and supplied to newspapers in all parts of the state. The upper peninsula score is several points ahead of that of any section of the sections of the lower peninsula.

**Wheat.**

The average estimated yield in the state is 10, in the southern counties 11, in the northern counties 14 and in the upper peninsula 20 bushels per acre. The quality as compared with an average per cent is 73 in the state, 70 in the southern counties, 67 in the central counties, 84 in the northern counties and 90 in the upper peninsula. The total number of bushels of wheat reported marketed by farmers in August at 74 mills is \$1,269 and at 79 elevators and to grain dealers 71,476 or a total of 152,745 bushels. Of the amount 125,124 bushels were marketed in the southern four tiers of counties, 15,858 in the central counties and 11,763 in the northern counties and upper peninsula. The estimated total number of bushels of wheat marketed in August is 500,000.

One hundred mills, elevators and grain dealers report no wheat marketed in August.

**Oats.**

The estimated average yield in the state is 32, in the southern counties 23, in the central and northern counties 30 and in the upper peninsula 25 bushels per acre. The quality as compared with an average per cent is 84 in the state, 83 in the southern counties, 82 in the central counties, 89 in the northern counties and 95 in the upper peninsula.

**Rye.**

The estimated average yield in the state and southern counties is 13, in the central counties 12 in the northern counties 14 and in the upper peninsula 22 bushels per acre.

**Corn.**

The condition of corn compared with an average per cent is 73 in the state, 70 in the southern counties, 61 in the

### WISCONSIN LOSES HEAVILY THROUGH NIGGARLY POLICY

Madison, Sept. 14.—Hundreds of thousands, if not millions of dollars, have been lost by Wisconsin as the result of too small an appropriation to the state forestry reserve. This fact has just been developed by the purchases of large tracts of mineral lands in Iron and Vilas counties by a Chicago man. There have been operations upon all of this land held by the state, but the appropriation by the legislature was not sufficient to permit acquisition. The land is believed to contain iron deposits.

central counties, 71 in the northern counties and 72 in the upper peninsula. The condition one year ago was 83 in the state 84 in the southern counties, 70 in the central counties and 89 in the upper peninsula.

**Beans.**

The probable yield of bean compared with an average per cent is in the state, 81 in the southern and northern counties, 71 in the central counties and 77 in the upper peninsula. One year ago the probable yield in the state was 78, in the southern counties 75, in the northern counties 84 and in the upper peninsula 85.

**Peanut.**

The estimated average yield in the state is 16, in the southern counties 15, in the central and northern counties 14 and in the upper peninsula 20 bushels per acre.

**Potatoes.**

The condition of potatoes compared with an average per cent is 93 in the state and northern counties, 91 in the southern counties, 78 in the central counties and 101 in the upper peninsula. The condition one year ago was 63 in the state, 67 in the southern and central counties, 69 in the northern counties and 85 in the upper peninsula.

CLERK-CARRIER EXAMINATION

Place of Examination, Escanaba, Michigan. Date of examination, Sept. 30, 1912. The United States Civil Service Commission announces that on the date and at the place named above an examination will be held for the positions of clerk and city carrier in the post office at that place.

Clerks in offices of the first and second classes and carriers in the city delivery service are divided into six grades, as follows: First grade, salary, \$600; second grade, salary \$500; third grade, salary \$400; fourth grade, salary \$300; fifth grade, salary \$200; sixth grade, salary \$100. Clerks and carriers at first-class offices will be promoted successively to the fifth grade, and clerks and carriers at second-class offices will be promoted successively to the fourth grade.

Promotions of both clerks and carriers will be made at the beginning of the quarter following the expiration of a year's service in the next lower grade. No promotion will be made except upon evidence satisfactory to the Post Office Department of the efficiency and faithfulness of the employee during the preceding year.

Amusements

THE PETERSON "Ole Olson" blonde of hair, ruddy of cheeks, ingenious as to manner, unsophisticated in worldly ways, but honest to the core, and willing to incur any danger in behalf of his friends and the triumph of right, is one of the few stage characters that have retained their popularity despite the ever-changing tastes of the theater-going public.

WILSON STEERS CAUTIOUSLY IN EMPIRE STATE

Syracuse, N. Y., Sept. 13.—Determined not to interfere in the political tangles of any of the states, Governor Woodrow Wilson admittedly steered a cautious course today at the state fair at Syracuse, where Governor Dix, Charles F. Murphy and many Tammany Hall men had gathered.

Governor Wilson met Charles F. Murphy, leader of Tammany Hall, but held no conference with him. The presidential candidate likewise saw and talked with Governor Dix, who is seeking renomination, but the New Jersey executive discussed no politics with him.

Unaware of the program that was outlined for the day, and cognizant not until the last moment that he was to be thrown together with a number of state politicians, Governor Wilson showed plainly his discomfort at some of the day's events.

ALTHOUGH TEAM FAILED TO WIN THE PENNANT, IT MADE A GREAT RECORD.

Wilkesbarre, Pa., Sept. 14.—Although Bill Clymer's team failed to win the pennant this year in the New York State league, as they have the last two, the team made baseball history by their record run of victories. After being counted down and out, a sure second division club, with the addition of Joe Riggert and Frank Decaniers and the coming to life of some of the regular pitchers, the team started on one of the greatest winning streaks in the history of baseball.

CAR LINES TIED UP BY THE STRIKE

Duluth, Minn., Sep. 14.—"We will have cars running Thursday morning," said General Manager Warren Wednesday night, but this morning Duluth's streets were quiet, with not a car in sight and the workmen and women plodding to their places of employment.

Wednesday night was a night of false reports, ranging from four killed at the car barns to stories of fatal wire cutting. Yet nothing of the sort happened. Fifteen thousand men, boys and hysterical women gathered at the barns and hurled imprecations, but no bricks. The police were out in force and seemed to have the big crowd cowed.

KAISER TO GIVE UP FAST RIDING

Barlin, Sept. 14.—The Kaiser's future plans are very uncertain. This includes the one for his attendance at the army maneuvers in Switzerland. The speculation that he might have cancer of the throat like his father is seemingly unwarranted.

CAPT. JACK TO APPEAR HERE

Those who pride themselves upon their abilities as "crack shots" will no doubt receive an eye opener or two at the Northern State Fair here next week when the Fair management introduces "Captain Jack" O'Connell the most noted rifle expert in the country. "Capt. Jack" has mighty few equals in his style of shooting. He uses real bullets in direct rebuke to the "Shot"—cartridge humbugs of the various traveling shows.

**GREAT REMOVAL SALE**  
Begins Monday, Sept. 16th

Before Moving Into Our New and Larger Quarters  
**Must Close Out Bulk of Our Jewelry Stock**

*We have outgrown our present location. Less than 6 years ago we came into possession of this store, within that time, each year, the business has jumped ahead by leaps and bounds, until we have entirely out grown our present space, a growth we believe to be remarkable, taking into consideration the small beginning.*

*We have now rented brick building on the corner of Ludington and Jennie streets--1123 Ludington street. Will take possession of building immediately; and as soon as necessary alterations have been made and our new beautiful mahogany fixtures arrive, we'll remove our Jewelry business to the new store, conducting a strictly Drug Store in our present location.*

*But before moving into our new store, we have decided to dispose of our present Jewelry Stock right here in our present location, even at a great loss, so as to be able to open our New beautiful store with practically an entire new stock of goods. We have already placed orders for a new line, which will be here within the next 30 days. This, therefore, makes it all the more important that we dispose of every dollar's worth of goods in our **West End Store, Right Here and Now.***

**Remember--the Reductions Do Not Effect Merely An Item Here and There--Nothing Reserved---It Means No Matter What You Select, You'll Find the Prices Trimmed.**

Since we place on sale only our regular stock, you have the assurance, not alone that prices are low, but that the merchandise offered are of reliable quality and this will induce hundreds of Escanaba's shrewd shoppers to purchase at this sale, not alone for immediate needs, but also for many months to come, also anticipate and buy things suitable for Holiday Gifts.

We can't think of ordinary selling methods in this situation, only the extraordinary will do, we realize that to accomplish these stock reducing requirements we must put quick selling prices on our entire stock. This we have done. The saving will be so apparent on every item in the store that you **Must Be Convinced** that we intend to solve this stock reducing problem in a quick and effective manner. We could not begin to give you details and specify each item separately, so we have decided to offer our entire stock at a reduction of

**ONE THIRD TO HALF OFF REGULAR PRICES**

*Included in this sale is "Libby's," World's Famous Cut Glass, White's Finest Hand Painted China, very finest grades of Plated and Sterling Silverware and a complete line of Diamonds, Watches, Clocks, Solid and Gold Filled Jewelry*

### GEN. NOGI AND WIFE KILL SELVES

Tokio, Sept. 14.—Gen. Count Maresuke Nogi, supreme military councillor and his wife, the Countess Nogi, committed suicide tonight following the religious ceremonies in connection with the death of the late Emperor Mutsuhito.

They committed hari kari.

Hari kari is the aristocratic Japanese method of suicide. The act of the famous general and his wife will be understood in Japan as the greatest compliment they could pay to the memory of the dead mikado.

The name hari kari is given only to a peculiar form of suicide, in which the "operator" exhibits great self-possession and disdain of pain. A long knife or short, sword, razor sharp, is thrust into the left side of the person and drawn across the body. The entire lower abdomen is opened and the person disembowels himself.

Gen. Nogi was the greatest hero of the Russian-Japanese war. His chief achievement was the capture of the supposed impregnable Russian stronghold at Port Arthur. Several of his sons, his devotion to whom was almost a national tradition, went to heroic deaths in that terrible conflict.

It is related that the father himself, selected his sons' voluntary service for missions that he knew meant certain death, and in at least one case it is said, he declared he felt proud that his son was to die rather than a less distinguished soldier.

### THE PETERSON

"Age cannot wither nor custom stale" the attractions possessed by that best of Swedish dialect plays, "Ole Olson." Year in and year out, for more than a decade "Ole" has been presented to the theater-going public and its popularity has never waned. Other Swedish characters have come upon the scene, but none of them can vie with "Ole" in the regard of the public and it stands unique in its line like Rip Van Winkle and Uncle Joshua Whitcomb. "Ole" will be presented at the Peterson on Wednesday evening, Sept. 18, by the Northland singer, Arthur Lawson, with his budget of new songs and yodels. Mr. Lawson makes his singing a feature and those who have heard him know that a thoroughly clever and artistic performance is assured. The company is the same that has presented the play this season in New York, Brooklyn, Boston, St. Louis and other cities.

FOR SALE—Cows. Inquire at 912 South Fannie street. 259-31.

### WOMEN TAR AND FEATHER A GIRL

Norwalk, Ohio, Sept. 14.—A young girl of Clarkfield, Ohio, it became known today, was the victim of eight married women, dressed as men, who on Sunday night tarred and feathered her.

The girl, alleged to have been flirtatious with several men of the town, was induced to go walking shortly after dusk by three members of the tarring party.

A short way up the road five other women, in male attire joined the convoy. The party then proceeded to a lonely spot along the pike, and stripping the girl, administered the tar. Afterward she was warned to leave town or "worse would follow." She left.

### Saving Old Trays.

When a japanned tray becomes old and chipped, give it two coats of white paint and one of enamel, the bottom as well as the top. Stand it on the edge to dry after each coat. It will be found as good as new, as well as very pretty. The enamel is easily renewed.
