

PLANT IS INSPECTED

SAFETY COMMITTEE FOR OLIVER IRON MINING COMPANY VISITED CRUSHER HERE YESTERDAY.

Members of the safety committee for the Oliver Iron Mining Company, on the Marquette range, yesterday inspected the newly installed safety appliances, recently completed at the Oliver Iron Company's ore crushing plant in this city. During the past summer nearly \$5,000 has been spent by the Oliver company in installing safety appliances at the local plant. Through the work that has been carried out every piece of machinery, every belt and every moving part in the plant, where accidents might occur has been encased. Thousands of feet of railings have been placed in position; wooden stairways have been torn out and iron stairways with heavy toe holds installed. With the completion of the work not a spot is offered in the plant where a man may carelessly place his hand and sustain an injury and at every place appliances are installed to prevent an accident of any kind for any employe using ordinary care.

The members of the safety committee arrived in the city yesterday morning and after inspecting the new work returned north yesterday afternoon.

The members of the committee are: C. B. Driscoll, Negaunee, superintendent of buildings; A. H. Kennedy, assistant master mechanic; A. H. Thompson, of Champlin; Capt. R. A. Trebblecock, of the Ishpeming Hard Pre Mine, and Capt. Haggerty, of the Queen Mine.

The members of the committee expressed themselves as greatly pleased with the work that has been carried out at the local plant, consuming a large part of their stay in the city inspecting the works.

SYSTEM DEvised

A number of the prominent merchants of the city have become members of an organization by which collection accounts are placed in the hands of a regular collector engaged for that particular work. The accounts placed with the collector are the running accounts of the different store owners, payable on demand, a system that has proven a great convenience not only to the store owners but to many of their patrons.

Patrons owing bills to the different firms in many instances go to the stores without the cash and ask that the bill or a collector be sent to their home. Many of the merchants found it a hardship to employ individual collectors and the new system was instituted. The system is one that works no hardship upon any person and proves a great aid to the merchants. The system is one that should be encouraged as all of those owing bills who desire to meet their obligations are given an opportunity to pay without going to the stores and no objection can be raised to the system by any person owing an honest account.

The following communication was received by the Press yesterday in answer to a communication that was sent to the Press on Thursday night and which was published without the knowledge that merchants of Escanaba had organized a collection system: To Whom the Shoe-Fits

In answer to the Ludicrous protest published in yesterday's issue of the Morning Press all that can be said is Pay Your Honest Debts and You Won't be Bothered by Collection Agencies.

HEAVY ICE WAS FORMED YESTERDAY

Early risers yesterday morning found solid ice in shallow vessels that were left outside on Thursday night. At one point in the city ice one-eighth of an inch thick was reported, while at all points about Escanaba vessels containing water were covered with a thin sheet of ice.

FAREWELL PARTY WAS ARRANGED

Miss Clara Younger was surprised at her home, at 625 South Jennie street, last night, the event being arranged as a farewell to Miss Younger before leaving for Marquette where she will resume her studies at the Marquette normal. The evening was delightfully spent at the home with a musical program and games, after which refreshments were served.

MINISTER GREETED

Rev. Alfred Wood, who is to assume the pastorate of the Union church at Wells, in addition to serving as assistant to Rev. King D. Beach, pastor of the First Methodist Episcopal church of Escanaba, was the guest at a reception held at the home of Mrs. H. E. Robinson at Wells last night.

The new pastor was met at the reception by a large number of the members of the congregation and was given a most hearty welcome to his new field of work. Following a delightful evening refreshments were served.

NEW SCORE CARD IS INVENTED

Rushville, Ind., Sept. 27.—Will Perry, of this city, formerly a catcher with the Athletics and for ten years an umpire in the New England league, has invented and patented a new score card which made such an impression with the magnates of the National and American leagues when it was explained to them that they decided to adopt it for the world's series. Six hundred thousand of the cards have been printed in Dayton, Ohio, to be used in the series. Perry left yesterday for New York to attend to the distribution of the cards in Boston and New York. Tom Lynch asked Perry to record many almost impossible plays and when he did it successfully the commission adopted it for the good of the game.

With the exception of the world's series bunch, Perry expects to print all the cards here. Work was started this week on the factory building which will house the new industry.

Perry has been working on the invention for eight years. The card is ten inches square and marked off in the shape of a ball diamond. The position of each player is indicated, and by the turn of the trial each play is recorded. Every fan can keep a box score on it with ease.

WATCHMAN MEETS DEATH IN FIRE

Calumet, Mich., Sept. 27.—J. A. Brunell, 30 years of age, was burned to death early this morning in a fire which destroyed Frank Lemire's livery stable and residence and the Catholic church at Point Mills on Portage Lake, eight miles east of Calumet.

The fire, which was of unknown origin, started in the stable, where Brunell was night watchman. The flames were so threatening that the fire departments of Hancock and Houghton had to be summoned and were brought here by boat and train.

LAD IS INJURED PLAYING BASEBALL

Clarence Olson, son of Mr. and Mrs. Peterson Olson, of this city, who is a student at Augustana college at Rock Island, Ill., is confined to his room in that city as the result of an injury sustained while playing baseball. Olson was at bat and in swinging at the ball in the mud that surrounded the plate he fell, wrenching his knee and tearing the ligaments loose at the knee can. It is expected that he will be confined to his room for several days.

John M... of this city, was in Brampton on business yesterday.

BACK FROM CONVENTION

JNO. J. SOURWINE RETURNS FROM GATHERING OF MICHIGAN DEMOCRATS AT GRAND RAPIDS.

John J. Sourwine, who was one of the members of the Delta county delegation to the Democratic State Convention at Grand Rapids on Thursday, returned to the city last night, asserting that the convention was easily the biggest and most enthusiastic ever held by the Democrats in this state. Harmony and enthusiasm marked every part of the proceedings of the convention and while contests were recorded for the greater portion of the offices for which nominations were made, the contests in the main were friendly, if spirited.

Delegates to the convention from every part of the state brought highly encouraging reports to the meeting, practically every county, it being asserted, showing an unprecedented interest in the Democratic party. From reports that were received at the convention, Mr. Sourwine asserts that in many counties that have before been rock bound Republican strongholds, Democratic victories are certain this fall. Dissatisfaction among the farmers in the stand taken by President Taft on the reciprocity question, it was reported, has turned thousands of Republican farmers to the ranks of Democracy, while early Bull Moose sentiment that was shown in different parts of the state, is apparently dying out.

The only sensation of the convention was that furnished by the upper peninsula, which district offered two candidates for auditor general to the convention in Peter Primeau of Marquette and J. F. Cuddy of Menominee. A split in the Menominee county delegation allowed one of the representatives from that county to nominate Mr. Primeau for secretary of state in an effort to sidetrack the candidacy of the Marquette man. Atty. M. J. Doyle of Menominee showed that there was a split in the Menominee delegation when he was given the privilege of the floor and in a burning address, denounced the movement.

Mr. Primeau's name first went before the convention as a candidate for secretary of state and in which contest he was defeated, while in the contest for auditor general, he won the nomination by a large majority over Mr. Cuddy.

The members of the Delta county delegation at the convention were: James S. Doherty, John J. Sourwine, John J. Cleary and P. L. Utley.

BIRTHDAY IS CELEBRATED

Mrs. L. Valentine entertained a number of her friends at her home, 405 S. Oak St., on Thursday afternoon. The party was arranged in honor of her birthday anniversary. A program of cards was carried out, and several musical numbers were given. The serving of an elaborate supper at six o'clock brought the afternoon's program to a close.

ENLARGE SHOPS AT GREEN BAY

The North-Western road is to enlarge its shops and round house at Green Bay and for that purpose a portion of a street in Green Bay is being vacated and the property turned over to the railway company. Of the action being taken by the authorities at Green Bay to aid the company the Gazette of that city says:

A jury in probate court yesterday afternoon decided in favor of the Chicago & North-Western railroad company in its petition to have Lincoln street vacated by the city. The corporation will use the street as part of the land upon which to build the proposed shops or the roundhouses. It will be necessary for the city council to enact an ordinance in order to complete the proposition of vacating the thoroughfare. The road owns property on both sides of Lincoln street.

SPIDER BITE PROVES FATAL

C. O. Bower, operator at the Grand theatre, is nursing a severely sore finger, as the result of a spider biting the member on Sunday night. While he felt the bite he paid no attention to the matter until the finger began to swell to alarming proportions. A physician was then consulted and it was found that blood poison had developed and the patient has been suffering intense pain for several days.

SELL LOTS IN ADDITION

The Cady Land Company of Green Bay, will today throw open for sale to the public Cady's Second Addition to the city of Escanaba, which was approved of at the meeting of the city council on Tuesday evening. The addition contains 84 highly desirable lots in what is bound to prove one of the most attractive residence districts of the city. The addition lies immediately west of an addition thrown open but a few months ago by the company here and all of the lots in which were snapped up in record time. The lots provide for an extension of Fourth and Fifth streets together with Oak, Maple Elm and Birch and with the already paved Ford River switch road running along one side of the new addition.

Already a large number of the lots in the new addition have been spoken for but today the regular sale will be opened when all of the lots will be closed out on an easy payment plan.

FAITHFUL "PETE" WINS FREEDOM FOR HIS MASTER

New York, Sept. 27.—"My friend, I will discharge you with the admonition that you be as faithful to your wife as your dog is to you," said Magistrate Kermoohan in Harlem court to Thomas Brennan, janitor of the apartment at 125 West One Hundred and Fifty-fifth street, Brennan was charged by his wife with continued cruelty and habitual intoxication.

Brennan's dog "Pete" secured his master's freedom. Pete followed Brennan to the station and whined so dolefully that the desk lieutenant, prior to Brennan's arraignment, put him in the same cell with his master. Previously Detective Phelan put Brennan on a cross-town car to bring him to court. Pete trotted smartly alongside the car, barking delightedly up at his now sober master.

Brennan and the dog were arraigned even the eyes of Mrs. Brennan softened when she perceived the patient faithfulness of Pete. She made no objection when the magistrate discharged her husband with a little good advice.

SHERIFF TAKES PRISONER HOME

Sheriff Joseph Spoerl, of Antigo, was arrived in the city yesterday to take into custody, Joseph Thiel, of the Wisconsin city, who was arrested here while attempting to pass a forged check. It was asserted by the Antigo Sheriff that the young prisoner left his home at Antigo several weeks ago and in that time has passed forged checks to the amount of approximately \$250.

FALL OPENING WAS LAUNCHED

A large number of women patrons were attracted to the Ed. Erickson Company's store yesterday when the formal fall millinery and suit opening of that firm, was staged. The opening will continue through today and Monday, during which time it is expected that the store will be crowded with those seeking the new styles in millinery and fall suits and cloaks.

NO COUNTY CANDIDATES

NATIONAL PROGRESSIVE PARTY IN CONVENTION LAST NIGHT, VOTED AGAINST COUNTY TICKET.

Members of the National Progressive party in convention last night, voted unanimously against the placing of a county ticket in the field for the coming November election. The handicap under which the candidates would be forced to work by reason of running on slips; the shortness of the time allowed to make the campaign and the belief that the centralizing of the efforts of members of the party in securing support for the Bull Moose national state and congressional tickets, were the reasons that entered into the unanimous decision that was reached, not to present candidates of the party for the different county offices at the coming election.

In addition the members of the party last night elected permanent officers of the party for this county and named delegates to attend the state convention of the National Progressive party at Lansing on Tuesday of next week.

The convention of last night was but sparsely attended, there being but 17 members of the party and three ex-officio members in the council chamber when the meeting was called to order by Temporary Chairman C. H. Kimball. The only contest that developed during the meeting was in the selection of a permanent chairman, when the names of Temporary Chairman Kimball, Dr. William Elliott and Ald. Carl Johnson were presented for that position. On the ballot that was taken Mr. Kimball received 10 votes, Dr. Elliott 4, and Ald. Johnson 3. Mr. Kimball was declared the permanent chairman of the party in Delta county and other officers were named without opposition were:

O. V. Linden, secretary.

Ald. Carl Johnson, treasurer. Members of the executive committee: Dr. William Elliott, Dr. O. B. Lambert, Ald. Louis Folio, Benjamin Mackilligan, L. I. Hettick, all of Escanaba, and John P. Holm and Richard Mason of Gladstone, and Earl Harris, of Wells.

Members of finance committee: Edward Olson, T. J. Martin and Earl Harris. The delegates chosen to attend the state convention at Lansing were: C. (Continued on page Eight)

WILL PLAY ALUMNI

Members of the high school football team of this season will this afternoon get into action in the first game of the season when they clash with the Alumni team. The two elevens will clash at what is known as the brewery diamond and it is expected that the game will demonstrate effectively the worth of the material that is offered for this season's gridiron squad.

BIG MONEYED MEN ARE TO BE QUIZZED

Washington, Sept. 27.—After a telephone conference today with Oscar K. Davis, of the New York Progressive headquarters, Senator Clapp announced that Friday, Oct. 4, would be set by the senate committee investigating campaign expenditures for the appearance of Col. Roosevelt. The hearings will begin next Monday.

Subpoenas have been sent to New York for service upon General Counsel Elliott and the secretary of the Standard Oil company, in connection with the investigation of John D. Archbold's statement that he contributed \$100,000 to the Roosevelt fund of 1904 in behalf of the oil company. The two officials are required to produce and papers they may have bearing upon the transaction, the committee having called them in an effort to discover the receipt which Mr. Archbold said had been given him by Cornelius N. Bliss, then treasurer of the Republican committee.

ESCANABA GIRL ATTENDS WEDDING

Miss Gladys Morrell, of this city, is in Milwaukee where tonight she will serve as bridesmaid at the wedding of Miss Flora Knox, of Milwaukee, to Mr. Werner Rothachild, of St. Paul. The wedding ceremony is to occur at the home of the parents of the bride at 7 o'clock this evening and will be one of the brilliant affairs of the season in Milwaukee.

FOUNDATION IN 2 WEEKS

General Supt. Fred R. Baker, of the Guaranty Construction Company of Chicago, who is pushing a big crew of men and teams in excavating for Escanaba's new hotel building, announced yesterday that the foundation for the building will be completed two weeks from last night. Mr. Baker asserts that the building of the foundation amounts to one third of the work in constructing the building and promises to give the people of Escanaba a perfect example of rapid building construction work from this time until the structure is turned over to the owners.

LOW RECORD WAS ESTABLISHED HERE

The mercury in the local weather station yesterday morning dropped to two degrees below the freezing point, bringing to the district the first killing frost of the fall season. Fair weather with another low temperature this morning, is the prediction for today.

The field of high pressure now covers nearly the entire country, and attending its eastward advance, falling temperatures have swept eastward across the country to the Atlantic and Gulf coasts. Temperatures near freezing again occurred last night over the upper Missouri and extreme upper Mississippi valleys, and the northwestern lake region; but the weather continues to moderate generally in the West. Light rains occurred since yesterday over a few scattered places in the Plains States, and near the Atlantic and Gulf coasts, while some snow occurred in the region of western Lake Superior. Elsewhere over the country, the weather was fair. Fair weather will continue in this vicinity during the following 36 hours, end frost with freezing temperature may again be expected tonight. The winds will be light variable, mostly from the west.

SURPRISE PARTY WAS ARRANGED

David Page, of Gladstone, was pleasantly surprised Monday evening at his home in that city, in honor of his seventeenth birthday anniversary. David had not had the slightest idea of the coming of his friends, and when they walked in he was given a genuine surprise.

A sumptuous repast was served, games were played and a general enjoyable evening was spent. Before leaving, his friends presented him with a beautiful signet ring and wished him many more birthdays of like nature.

TAKES A-RIDE BUT REFUSES TO PAY

John Brown, a local young man, has decided that in order to ride in the best turnout that the Richer livery can produce, such must be settled for before leaving the office.

Thursday evening Brown ordered the best rig in the Richer livery and proceeded to enjoy himself but when he returned he absolutely refused to settle for the desired amount of \$2.50. An officer was promptly called and Brown was allowed to go after the hearing yesterday morning by paying the livery bill fee, together with the costs which totaled \$7.00.

UNION IS LAUNCHED

RETAIL CLERKS OF ESCANABA ELECT OFFICERS AND MAKE PLANS FOR PERMANENT ORGANIZATION.

Escanaba Retail Clerk's Union was reorganized at Union hall last night at a meeting that was attended by practically all of the retail clerks of the city. Temporary officers of the organization were named last night and the permanent organization will be perfected at the next meeting. The charter for the union will be received here in a few days and immediately after its arrival the permanent officers of the union will be named. The temporary officers are:

Frank J. Geniesse, president. Taylor Peterson, first vice-president. Victor Anderson, second vice-president.

Charles Carlson, recording secretary. Flora Beauchamp, financial secretary.

Guy Sullivan, treasurer. Tod Bittner, guardian.

The clerk's union is reorganized here at the request of the owners of the larger stores in the city and will meet with the approval of all of the larger employers of clerks in the city.

In the past few months a number of the smaller stores in the city, it is reported, have been breaking away from the evening closing rule that was formerly adopted here. By some of the stores remaining open while others complied with the generally accepted rule of closing at 6 o'clock each week day evening with the exception of Wednesday and Saturday evenings, an injustice was being worked upon the stores who complied with the closing rule.

With the organization of the union all stores employing union clerks will be required to keep their places of business closed on all evenings except those designated in the agreement that will be signed. In this way the evil that is now cropping out will be curbed and conditions will be restored to the normal in relation to closing hours among the business houses of the city.

"YOU KILLED YOUR FATHER" WAS THE STARTLING STATEMENT

"You killed your father," was the startling statement in Appleton circuit court yesterday afternoon when Mrs. Adelaide Trippler, of Marinette county left her seat and advanced in a dramatic manner to the rail separating the attorney's portion of the court room from that of the spectators, swinging her umbrella and delivering the remark to her brother, Gus Steffe, who was on the witness stand at the time.

Mrs. Trippler did not say how the deed she accused her brother of was committed. Calm prevailed before she revealed her thoughts and accused her brother.

It was for a time one of the most exciting scenes the old court room had ever had. Steffe was on the stand testifying in the case of Henry Trippler vs. Leo Behne, a replevin suit from Marinette county in which \$900 worth of personal property is involved. The witness had testified relative to the property and in an effort to get Trippler to admit that there had been an ill feeling existing among the members of the family the attorney Fred a broad side of questions. Trippler hung to the statement that all was harmony. He became so excited under the fire, however, that he rose from the witness chair. Still clinging to the harmony his sister rushed forward with the statement "You killed your father."

"You have got them going now," remarked Attorney Victor Minahan, of Green Bay, Attorney for the defense, and "going" appeared correct for the time being. The charge she made against her brother had nothing to do with the issue in the case and before long all took their seats and the examination continued.

F. H. VanCleve made a business trip to Menominee Thursday.

Wm. Mottie, Miss Hazel Bush and Mr. and Mrs. L. J. Smith, have left for an auto trip to Marquette.

HE RESENTS CRITICISM

Atty. W. J. McDonald, of Houghton, who is candidate for Congress on the National Progressive ticket in the Twelfth district, resents the criticisms that has been leveled at him "that he is a sorehead politician and has entered the congressional race because he was defeated at the recent Republican primaries in Houghton county for renomination for the office of prosecuting attorney.

In Marquette yesterday Mr. McDonald issued the following interview: "The charge is baseless and unfair," he said. "I was for Roosevelt at all stages of the fight leading to the first Chicago convention, as the addresses I made during the primary canvass. I announced my position in an address on the South Range, and in a speech I delivered the night before the primaries, I explicitly said I wished the voters to be under no misapprehension as to where I stood in regard to the presidential fight. I told them I was for Roosevelt and that in the event of my nomination for prosecutor it was my purpose to do all that I could to

secure the election of Roosevelt electors in Michigan.

"Further illustrative of my attitude in this regard, reference to my speech in Houghton county after the primaries and before I consented to accept the congressional nomination will show that I strongly advised against the attempt to get a Progressive ticket in the field in Houghton county, I told the voters I regarded such a movement as expedient and believed that it would not be found to work to the advantage of the head of the national ticket. It was due, in some measure, to my counsel in this matter that the proposal to put a third county ticket in the field was placed to one side.

Petitioned to Run Himself.

"Again, and bearing on the same point, after the primary petitions were circulated by Houghton county voters who approved of the manner in which I have administered the prosecutor's office urging that I become an independent candidate for re-election. They were numerous signed, despite the fact that I did not approve their circulation. I frowned on this suggestion, as I did on the third county ticket proposal. I dwell on these points because it has been stated, and by at least one newspaper unfairly and offensively, that I am a type of the "sorehead" politician, whereas, on the contrary, my advice has consistently been to accept the primary result in Houghton county and not run a third ticket in any form.

"This congressional contest is a bird of another color. My appearance as a candidate is in line with my support of Col. Roosevelt prior to the primaries and is consistent with my attitude throughout my participation in active politics, I was not an aspirant for the congressional nomination. I am not now a candidate because I had my consuming desire to make this campaign. I am in the field as a matter of principle. The nomination was offered to me by the Progressive committee because it did not desire to go into the fall campaign without a candidate for the house of representatives, and it was put up to me that it was my duty to accept it. I agreed to make the fight because my view of the matter coincided with that of the committee. I am in it not because I particularly like skirmishing over the district seeking the support of the voters, but because when the call came I regarded it as a duty to accept. If Roosevelt is elected, and I believe he will be, he will be in most favorable position to carry out his program if there is a large measure of sympathetic support for its several features in the house.

"This congressional fight would be no place for a 'sore head' politician. It is rather a place for a man who is in it because he has sincere convictions that his efforts will help to the ultimate realization of more popular government and more adequate representation in the halls of congress of the masses of the voters, who have here-

tofore been too often overlooked in the shuffle between purely selfish interests. My fight is no easy one, but I intend to wage it honestly, consistently and a selflessly as lies in my power. If I should push it to a successful conclusion I promise to stand on the platform of the Progressive party and to give the masses of the voters in the Twelfth district real representation."

MARCONI SUFFERS PAINFUL INJURIES

Spezia, Italy, Sept. 27.—William Marconi, of wireless fame, was injured today in an automobile accident near Borghetto, in the valley of the Vara River, while the extent of his injuries has not been entirely disclosed, he was brought back to this city suffering from a wound of the right eye and his right cheek and temple were badly bruised. He also was severely bruised about the body.

Mr. Marconi was motoring with his wife and shortly after passing Borghetto in turning a fast curve his machine came into collision with an automobile which was proceeding from Genoa. Both cars were overturned. Mrs. Marconi was not injured, but Mr. Marconi's secretary and chauffeur received slight injuries. In the other car were five women, all of whom received severe bruises.

Mr. Marconi was brought here to a hospital. An eye specialist said he hoped the optic nerve was not injured, but that it was impossible to say definitely until the swelling had been reduced. His temperature was reported tonight to be above 100 and it was also announced that he was in considerable pain.

SUMMER RESORT PIANOS

Commences Monday Morning, September 30th, 1912 and Will Continue for Ten Days

GREATEST OF ALL PIANO SALES—In these five words is well expressed the magnitude of this Clearance. **Greatest in number of instruments offered**—more than a thousand instruments are embraced in our sale stock; **quality of the highest order**—Pianos recognized as leaders the world over; **Savings absolutely unequalled**—\$50, \$75, \$100 and more saved on Pianos good as new and of the very best makes; **Terms which present no obstacle** to any home desiring a Piano. These are the features which characterize this Clearance—which are of greatest interest to you as a purchaser, and which will make our Summer Resort Piano Sale of 1912 the greatest and most successful sale, not only in our history, but in the entire history of the Piano business.

WE ARE RENTAL HEADQUARTERS FOR THE STATE—Herein are embodied the reasons for these wonderful bargains. The rental business of the past season has been the greatest in our history. Previous to the return of these instruments our warerooms have been filled with new pianos to care for our Fall and early Winter business, and as these rental instruments reach us it is necessary to store or immediately dispose of them. Experience has proven the latter the preferable course—thus it is that you can buy a beautiful high-grade, guaranteed piano for many dollars less than the regular price.

You Save All the Rent

Every doll we have received for their use is deducted; and bear in mind that their use in the music-loving homes where they have been throughout the summer has not harmed them. Every one before it is placed in our salesrooms is carefully tuned, polished and regulated. It is a fact that were it not for the Red Tags, with which they are marked, you could not tell many of them from brand new. All exchanged, sample and shopworn Pianos are also included in our sale stock; these, too, have been through our repair rooms and are in fine condition.

For early buyers there are Pianos at such prices as these

\$162 - \$158 - \$232 - \$173 - \$222 - \$198 - \$143 - \$128

The instruments and prices shown are but suggestive of the vast array of wonderful bargains offered—complete enumeration is impossible—and this entire stock is available to you; for if, among the many on our floors you do not find just the instrument desired, it can quickly be obtained, as every one of these Pianos will be on sale Monday morning just as advertised—but there are few duplicates, and you must realize that these are values which mean quick sales—SELECT YOUR PIANO MONDAY MORNING!

Not only do we present startling reductions, but we stand back of each and every Piano. Our long record of straightforward business dealing and the fact that we give you a whole year's privilege of FREE EXCHANGE makes absolutely certain your permanent satisfaction.

Every Home Can Share in These Bargains

Five dollars to \$10 down is all we ask—\$5, \$6, \$7, etc., monthly pays the balance. Organs and Square Pianos going at 50c weekly. STOOL and DRAPE furnished FREE!

Note well this fact: There's not a requirement in design, finish and value which cannot be gratified through this great sale. Here you choose from the splendid instruments of our own line—STEINWAY, GRINNELL BROS. (our own make), SOHMER, VOSE, STERLING, etc.—late handsome

designs—as well as from the best makes sold by other dealers. To secure an instrument whose appearance will prove wholly pleasing in your home is hardly less important than the matter of saving—here you will find just the instrument you want!

OUR NINTH ANNUAL SALE OF SUMMER RESORT PIANOS COMMENCES MONDAY MORNING—THE MOST FAVORABLE OPPORTUNITY EVER PRESENTED TO PROVIDE YOUR HOME WITH MUSIC!

ANOTHER CHANCE TO OWN A HOME

You Can Do It by Buying a Lot in Cady Land Company's Second Addition TO ESCANABA

Located in the choicest residence section of the city, close to pave streets, and only two blocks west of the street car line. Surrounded by lots worth \$400 to \$800 each.

You can buy these lots from \$99 to \$199 each, and on terms of \$1.00 down and \$1.00 per week. No interest and no taxes. Privilege granted to skip payments in case of sickness.

Start now--save the money you are wasting each week and pay it toward a lot. In a couple of years the lot will be paid for, and you will never miss the money, and in addition to that the lot is going up in value all the of the time and will probably be worth twice what you paid for it by the time you are through paying.

Don't overlook the fact that the finest residences in the city are going up in the section adjacent to our plat, and remember also that there is more building and a better class of building going on in this section of the city than in any other.

REMEMBER!

\$1.00 Down Per Week :-: **NO** Interest Taxes

Copy of abstract showing clear title with every lot. All payments after the first are to be made at the Escanaba National Bank.

LOCATION

The addition lies between Third and Fifth streets, immediately south of and adjoining our first addition to Escanaba and is intersected by Oak, Maple, Elm and Birch streets.

To get to the property drive out on Sarah street and turn west on Third street or take the south bound street car and get off at Third, Fourth or Fifth streets and walk two blocks west. Property lies three blocks west of Escanaba's fine new high school.

REASONS FOR BUYING

HOW MUCH MONEY HAVE YOU PAID TO A LANDLORD WITHIN THE PAST TEN YEARS? DO YOU SEE ANY PROSPECT OF CEASING TO PAY RENT IN THE WAY YOU ARE NOW WORKING? WE OFFER YOU THE OPPORTUNITY TO GET AWAY FROM RENT PAYING. SAVE \$1.00 EACH WEEK UNTIL YOUR LOT IS PAID FOR AND THEN YOU WILL BE ABLE TO BORROW THE NECESSARY MONEY TO BUILD A HOME.

HOW MUCH MONEY ARE YOU ACTUALLY WASTING EACH WEEK? ENOUGH SO THAT YOU COULD PAY \$1.00 EACH AND EVERY WEEK TOWARD A LOT AND NEVER KNOW IT, AND IN A SHORT TIME YOU WOULD HAVE A VERY CHOICE LOT, WELL LOCATED, AND ADVANCING ALL THE TIME IN VALUE.

DON'T FORGET THAT ESCANABA IS ONE OF THE BEST CITIES IN THIS PART OF THE COUNTRY. IT IS ENJOYING A SURE, STEADY, RAPID AND SUBSTANTIAL GROWTH. WE ARE ACQUAINTED WITH

MOST OF THE CITIES IN THIS PART OF THE UNITED STATES AND BELIEVE THAT THERE IS NO OTHER CITY WHERE AN INVESTMENT IN REAL ESTATE IS SAFER AND Surer TO ADVANCE MATERIALLY THAN IN ESCANABA.

THIS SPRING WHEN WE PLATTED OUR FIRST ADDITION TO ESCANABA WE SAID TO ESCANABA RESIDENTS THAT IN ALL OUR EXPERIENCE WE HAD NEVER SEEN A CITY SO COMPACTLY BUILT AS THE MAIN SECTION OF ESCANABA. THE CITY IS PRACTICALLY SHUT OFF TO THE NORTH BY THE ORE DOCKS AND RAILROAD TRACKS AND TO THE EAST AND SOUTHEAST BY THE BAY, LEAVING ONLY ONE DIRECTION FOR NATURAL GROWTH--TOWARD THE SOUTHWEST. OUR PLAT LIES IN THAT DIRECTION CLOSE IN TO THE FINEST RESIDENCE SECTION OF THE CITY.

WE OFFERED OUR FIRST ADDITION FOR SALE THIS SPRING, AND

EVERY LOT IN THE WHOLE PLAT WAS PICKED OUT AND A PAYMENT TO HOLD THE SAME MADE BEFORE NOON OF THE OPENING DAY. DURING THE AFTERNOON OF THAT DAY WE TOOK A LONG LIST NAMES OF PEOPLE WHO WANTED TO GET A LOT PROVIDING ANYONE DROPPED THEIRS. OUT OF ALL OF THE LOTS SOLD AT THAT TIME ONLY ONE PERSON HAS FAILED TO KEEP UP HIS PAYMENTS, AND THAT MAN WAS EXCUSABLE ON ACCOUNT OF UNFORESEEN CIRCUMSTANCES. THE PLAT REFERRED TO ABOVE CREATED A NEW RECORD WITH US AND WE CONFIDENTLY ANTICIPATE THAT THE LOTS IN THE ADDITION WE ARE NOW OFFERING WILL SELL FULLY AS RAPIDLY. OUR NEW LOTS ARE IMMEDIATELY SOUTH OF AND JOIN OUR FIRST ADDITION AND HAVE ALL OF THE MANY ADVANTAGES ENJOYED BY THAT PLAT.

The prices are very reasonable and the terms are easy enough so that any one who desires can buy.

Sale will open on the grounds on the coming Monday, September 30, but you can make your selection and reservation at any time. Come out Saturday or Sunday and get a choice location. Our salesman will be on the grounds all day Saturday and Sunday. Remember our other addition was all sold out by Sunday noon. So be on hand early if you want a good lot. This is your opportunity. It may never come again.

An article that has real merit should in time become popular. That such is the case with Chamberlain's Cough Remedy has been attested by many dealers. Here is one of them. H. W. Hendrickson, Ohio Falls, Ind., writes: "Chamberlain's Cough Remedy is the best for coughs, colds and croup, and is my best seller." For sale by all dealers.

NO CRIME TO SLAY IN DAUGHTER'S DEFENSE

Oklahoma City, Ok., Sept. 27.—"The father who wins in defense of his daughter's honor will receive protection and not punishment in Oklahoma," declared Chief Justice Furman of the criminal courts of appeals when he reversed the five-year sentence imposed upon C. M. Litchfield, who killed Bill Collins, a Democratic politician for attacking his daughter.

In reversing the sentence, the chief justice said: "It matters not what the previous reputation of his daughter may be, the father has the right to defend her against an assault, and he may do this immediately, with the most easy means at his command, and if he kills her assailant the law will hold him guiltless, even though it may afterwards turn out that he might have prevented the offense by use of some other means, providing only that the father acts in good faith and upon reasonable appearance of imminent danger to his daughter."

The evidence in the case showed that Collins had misled the Litchfield girl under promises of securing a divorce and marriage. On the point of attacking the girl's former reputation the court became emphatic and assailed vigorously the so-called "double standard" of morality. "It would be unjust" said Judge Furman, "to have the varacity of a man called in question by proof of his reputation for morality. If this be true as to men, why should not the same rule apply to women?"

"We are not willing to establish a double standard in Oklahoma in favor of men and against womanhood. This court will extend to the prodigal daughter every right and every protection which is afforded the prodigal son. It is a false and vicious standard of morals which opens every door and bids welcome to the prodigal son, but closes every door except that of the grave to the prodigal daughter. We believe that if any differences are made between men and women, they should be in favor of womanhood. In ninety-nine out of every 100 case when a girl goes wrong, it is owing to the temptation and villainy of some man, and that, too, in the sacred name of love.

"To every true father, his daughter is the core of his heart, the pride, the joy and the inspiration of his life. He

would willingly die a thousand deaths to save her from shame. Her dishonor permeates all of the sources of his happiness and renders life a burden, a nightmare, a curse and a disgrace.

The killing for which Litchfield was convicted occurred on July 19, 1910, and his conviction came later in the same year.

LATEST NEWS IN THE WORLD OF FINANCE AND TRADE

By Paine Webber & Company, Marquette, Michigan

BOSTON MARKETS

The New York market continued strong and active today, most of the leaders reaching new high marks, on this movement. Steel was heavily bought and closed right at the top. The feature of the local market was the continued strength and activity in E. Butte, selling up to 16 7-8 were considerable realizing took place, but stock held well and closed around 16 1/2. It is expected that some financial plan will be announced by this company in the next few days. C. & H. was the feature for strength, selling up to 615 an advance of 16 points from yesterday's closing. Osceola declared a quarterly dividend of \$3 a share, changing the previous policy of declaring semi-annual dividends. This had a favorable effect on the stock which sold up to 116, heavy sales of copper were again reported at \$17.80. The money market, while strong most of the day, closed easier and we look for the rise in the market to continue tomorrow.

NEW YORK MARKETS

Owing to the fact that substantial interests whose attitude invariably governs in great part the action of security prices are disposed to the view that monetary conditions are still such as would not warrant a material expansion in loans for stock market purposes. We have been disposed while believing that the general trend of prices is upwards to advise the securing of at least part profits on holdings.

GREENLAW'S

Escanaba, Mich.

U. P. HOSPITAL OVER-CROWDED

The upper peninsula asylum for the insane at Newberry, is overcrowded with patients because the 1911 legislature refused to appropriate enough money for the erection of another cottage.

There are now 840 patients in the institution. Extra beds have been placed in several of the sleeping rooms; one sitting room has been converted into a bedroom; the management has been obliged to place cots in hallways, and for some time probate judges have been committing upper peninsula insane persons to the state asylum at Traverse City, which is not filled.

No new cottage has been erected for three years, although members of the board of control claim that at least one new cottage should be built every two years. If the 1913 legislature appropriates enough money for a new cottage, the asylum board will not be able to have the building erected before next fall, if by that time.

"When new buildings at state institutions are needed, it is poor economy and poor policy for state officials to wait two years before appropriating the required money," said Perry Leighton of Newberry, a member of the local asylum board of control, today. The 1911 legislature should have granted the appropriation for a new cottage regardless of the state being short of money. Our state taxes are

not so very high and the people would not have objected to the legislature appropriating enough money for a new building at the Newberry asylum to provide enough rooms for the patients to sleep."

WOULD GIVE PEDDLERS BRIBES TO THE NEEDY.

Chicago, Sept. 27.—Municipal Judge John R. Newcomer surprised his fellow judges and officials of the police department today when he ordered policemen to accept proffered bribes from peddlers violating city ordinances, the money to be used as a fund to aid the poor during the coming winter. Attempts by peddlers to bribe policemen have become extremely numerous recently.

"You should have accepted the money for the aid of the poor," said Judge Newcomer to one policeman who had refused a bribe of \$5.

"I don't mean, however, that you should have allowed your prisoner to go. You should have taken the money he offered and then arrested him."

"In the future money received under such conditions will be given over to a fund to help the destitute during the cold weather. This is the best way to handle this situation."

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

SCHAEFER MUST WORK FOR LIVING

Herman Schaefer, the greatest clown in the history of baseball, must work for a living next year. That much is settled. A report from Washington says he will scout for the Nationals next season. Another report under a Sacramento date line declares Schaefer will manage Sacramento in 1913. One thing is certain—wherever Herman may be the public will know his whereabouts.

The best thing "Schaefer" pulled off last year was to tell Frank Dowling, press representative of the Temple theater, that Washington would not finish lower than in second place this year. Herman made that prediction last December when he was in Detroit. Frank laughed. Now he is proclaiming Schaefer the best comedian and prophet he ever saw.

DEFENDANTS WIN IN FIGHT CASE

Green Bay, Wis., Sept. 27.—At 2:30 this afternoon the jury in the Parmentier-McGinnis case, which has been on in the circuit court before Judge Hastings all week, returned with answers to the ten questions submitted which are all in favor of the defendants. The first question: "Was the death of John Parmentier the proximate result of his taking part in the contact with the defendant, Lom?" was included in the list of those answered "No."

Answers to the first of the eight questions submitted were answered "No" by the jury while on the last two an answer of not "Not any" was brought in.

MEAT PRICES AGAIN SOARING

New York, Sept. 27.—"The law of supply and demand" again has come to the aid of meat dealers this week and has enabled them to boost the price of beef three cents. Porterhouse, which a week ago was 32 cents a pound is now selling at 35. Sirloin has leaped from 26 and 28 cents to 28 and 30, and the price of other cuts have gone up in proportion. Pork is selling at 27 cents two cents higher than last week.

Dealers announced that reports from the six great meat packing centers showed that more meat is being consumed in the United States than ever before. The supply of heavy beef, from which the choice cuts come, is low this year and consequently prices simply have to go up. The explanation of the dealers does not explain why "chuck" and the cheaper cuts of beef have risen, for they admit that the supply of intermediate beef from which these cuts come is abundant.

NO COUNTY CANDIDATES

(Continued from Page One)
 H. Kimball, Fred Stegath, Escanaba; Richard Mason, Gladstone; Dr. Foot, Garden; Dr. A. L. Laing, Rapid River; and Dr. William Fraser and Henry Carlson of Escanaba.

The members of a committee on regulations was named as follows: Dr. O. B. Lambert, Henry Carlson, and L. I. Hettick.
 The members of the executive committee of the party last night was empowered to name committeemen in each ward of the cities and each township of the county.

At the final business of the meeting, Chairman Edward Olson, of a committee that had been named to decide on the advisability of placing a county ticket in the field, reported that after a careful survey of the situation, the committee recommended that no county ticket be nominated. A number of the supporters of the party in the council chamber expressed themselves as endorsing the recommendations of the committee.

O. V. Linden, who recently made a strong run for the office of county clerk in the Republican primaries and who, it is generally reported, would be the Bull Moose party's candidate for clerk if a ticket was placed in the field took a stand in strong opposition to the placing of a ticket in nomination.

In addressing the convention, Mr. Linden said in part: "I agree perfectly with the recommendations of the committee that no county ticket shall be placed in the field by the National Progressive party. The time that is offered to make a campaign is too short, and the idea of forcing our candidates to run on slips is a hardship that we could insist on no one undertaking. I know that it has been reported about the county that I would be the candidate of this party for county clerk if a ticket was placed in the field. I have given the matter careful consideration and have come to the conclusion that I do not care to undertake the responsibility. I wish to thank all of my friends for their assurances of support should I enter the race. I have had my chances before the people and was defeated by a small majority and am, after a full consideration of the matter, desirous to abide by the will of the people as shown in the primary election in which I took part. I think it best to abandon entirely the idea of organizing a county ticket and devote all of our energies toward the carrying of Delta county for our national, state and congressional nominees."

Others who expressed themselves similarly were: Chairman Kimball, Aid. Folio, Carl Johnson, Dr. William Elliott and Dr. William Fraser.

YOST LOSES HEAD WITH BAD RESULTS

Ann Arbor, Mich., Sept. 27.—Coach Fielding H. Yost, yesterday sacrificed a total of \$150 that his athletes might learn the rudiments of football, namely, how to tackle a man and how to fall on the ball. Yost became angry at the manner in which some of his men handled themselves.

Reaching a point where he could no longer hold in his wrath, he plunged to his warriors to stand up in a line, and then with a shout of "this is the way to put a man down," he lunged at the timid youngsters, throwing them violently to the ground. With no rest, he lunged time and time again at the pigskin.

When he recovered and started to be recovered and started to brush himself off, he discovered that his \$90 watch was smashed to bits and he had cut and bruised his arms, to say nothing of a ruined \$60 light gray suit of clothes. But he was satisfied he had not spared the rod and he had saved his children. They had learned their lesson, and the practice was continued with renewed vigor.

MAN HAS LEG BROKEN AT CAMP

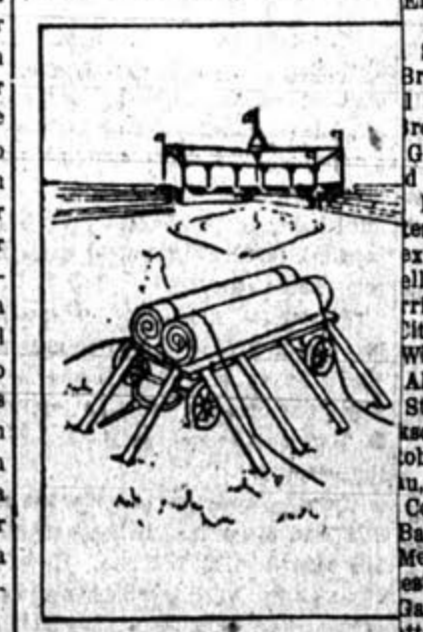

Albert Kosick, a laborer employed at the I. Stephenson Company's Camp No. 2, near Ralph, was caught by a rolling log yesterday, sustaining a fracture of the leg and other injuries. He was brought to the city at 2 o'clock this morning and taken to the Delta county hospital where his injuries were attended.

SOMETHING for the LITTLE ONES

COVER FOR BASEBALL FIELD

Waterproof Strip Drains Rain From Base Lines and Prevents Them From Getting Muddy.

With the baseball season in full blast, anything relating to the national game becomes of paramount interest. Here is a waterproof cover for the diamond designed by a Pennsylvania man that is guaranteed to keep the base lines dry during the heavy rains. The cover is a strip of waterproof material that when not in use is rolled up from both ends and placed on a truck, being first laid on a support having hinged legs that facilitate its rolling and unrolling. When a storm comes up one of the strips can be unrolled over each

the four base lines and will protect them from getting muddy and slippery. The supporting device serves to keep the cover raised slightly in the center and drain the water off all along the line, so there is no danger of any settling along the edge and seeping underneath. Cables tacked to the ends of the strip facilitate its unwinding.
