AUSTRIANS ADMIT AN ENORMOUS LOSS

GERMANS CHANGE TACTICS NEAR PARIS; KAISER'S ALLIES BADLY BEATEN IN THE EAST

COUNCIL SAYS RHEIM TAKEN WITHOUT SERIOUS OPPOSITION

Paris Forts Not Now Drawing Attention of Invading Force But Ruse by Germans is Expected to Develop

REPORT TREMENDOUS FIGHTING

Allies and Men of Kaiser Engaged in Battle Extended over Front of Scores of Miles But Neither Gain Advantage.

BULLETIN Paris, Sept. 5.—The following official statement was issued at midnight: "German army continues to retire from the neighborhood of Paris and continues a movement towards the southeast begun two days ago. "The indications are that the enemy's troops have evacuated the region of Compeigne and Senlis."

BULLETIN Paris, Sept. 5.—A Brest dispatch to the Temps says: "The French trans-Atlantic liner La Savoie has captured the Dutch steamer New Amsterdam with 400 German and 250 Austrian reservists on their way to join the colors."

BULLETIN Paris, Sept. 5.—Official announcement from the war office at Bordeaux says that Maubeuge is being bombarded and is putting up a strenuous resistance. The French garrison being reinforced by part of the British expeditionary force. Maubeuge is a fortress of the first class in the department of Du Nord.

BULLETIN Paris, Sept. 5.—The special to the Temps from Tunis says the Italian steamer Lovo has sailed crammed to the rails with Italians who have been recalled to the colors. As the steamship left Tunis those aboard were singing the Italian national hymn, Marseillaise.

BULLETIN Rome, Sept. 5.—A dispatch from Vienna admits that a ten days battle has ended in the complete defeat of the Austrians by the Russian forces. The Austrians were annihilated at Tomaszov. Two Austrian Generals were killed.

(Special to the Press.) Vienna, via Rome and London, Sept. 5.—That the great Austrian armies of General Auffenberg and Dank have suffered severe reverses was admitted by the war office today. Responsibility for the failure of these gigantic forces to carry out the program of the General staff in Russian Poland is laid at the door of General Fournier whose army failed to hold the line at Tomaszov in the province of Lublin. The army under General Dank had made exceptionally successful progress through Poland when the Austrians before Lemberg were forced to quit the city because of the strength of the movement against their flank. German reinforcements with fresh artillery arrived only in time to cover the retreat of the Austrians. The war office admits it has been necessary to withdraw all Austrian forces from eastern Galicia and a new Austrian line has been established behind San River and along the course of the Vistula. The Austrian losses in the fighting were very heavy.

(Special to the Press.) New York, Sept. 5.—Count Bernstorff, German ambassador, tonight gave out wireless dispatches from Berlin which state that Rheims has fallen into German hands without resistance and that the army of General von Buelow has captured up to today 12,000 men, 260 heavy and 150 light cannons and six colors. This announcement indicates that the army under General von Hoeson in the advance from Charleville through Bethel toward Soissons and Rheims has driven back the French right wing so that the line of Lafere-Loan-Rheims, where the French were expected to make a vigorous stand behind an entrenched position has been entirely evacuated. Berlin reports, if true, indicate a disaster to the French army of which not even a hint has come officially from Paris.

(Special to the Press.) London, Sept. 5.—Wireless dispatches from Vienna say Vienna newspapers state that the whole situation in the northern theater of the war has been improved by victories scored by the armies of General Auffenberg and Dank. (Continued on page five.)

(Special to the Press.) London, Sept. 5.—In response to a request by the Press I have obtained the following interview with Cardinal O'Connell on his impressions of the new Pope Benedict XV.

(Special to the Press.) Rome, Sept. 5.—Your request affords me opportunity of stating that the new pontiff's interest in America is still greater than that of his predecessor. I visited him for the second time this morning and after presenting to him the members of my suite, Pope Benedict XV surprised us all by his keen knowledge of conditions and church institutions in my diocese and several other American dioceses. He expressed to me his great admiration for the splendid condition of the church in America and told me he will always help me in whatever I shall undertake in the interests of both the material and spiritual welfare of the people.

"The Pope listened with the deepest interest to the words of priests and people of the arch diocese of Boston and renewed again his blessing upon the diocese, its priests, its people and its institutions of charity and learning. "Before we departed the Pope blessed the members of the suite and then expressed a wish that I should call again Tuesday after consistory so that he might avail himself of the opportunity of conferring with me." The Cardinal will sail for home on the Canopic and Cardinal Gibbons also is endeavor to obtain passage on the same steamer.

Detroit, Sept. 5.—Five men were injured, two perhaps fatally, when a motor truck driven by Peter Van Lerbeghe was struck by a Forth street car tonight.

Miss Marion Ranquette will leave today for Detroit, where she will visit before leaving for Big Rapids, Michigan, where she will take a commercial course in the Ferris Institute. Mrs. Daniel Dumas has returned from a weeks visit at Nadeau. Joseph Brisson of Negaunee is visiting with Mr. and Mrs. Fred LeQuay today and will leave on Monday for DeBake, Iowa, where he will complete his course of study at the St. Joseph College. Mrs. F. M. Figg left last evening for a week's visit at Chicago. Miss Pearl Flannigan of Racine, Wis., has returned to her home, following a visit with Miss Sara Jaegers. The Misses Lillian Peller and Emma Moresa left for Marinette last evening where they will be guests at a house party given by the Misses Florence Cleary and Georgian Moore, at the latter's home.

That all employees of the Morning Press may enjoy the big Labor Day celebration here on Monday, no issue of this publication will appear on Tuesday morning. CARDINAL O'CONNELL OF BOSTON TELLS OF MEETING WITH POPE BENEDICT XV AND HIS INTEREST IN AMERICA

FOR MER ESCANABA WOMAN PASSES AWAY IN CHICAGO

Notice has been received in the city of the death of Mrs. Alice G. Moore, a former resident of the city, at Chicago recently. Mrs. Moore was well known to a number of local people and the notice of her death comes as a distinct surprise.

SKELETON IS FOUND

EVIDENCE OF MYSTERIOUS MURDER IS FOUND IN WOODS NEAR MAPLE RIDGE, HEAD IN CRUSHED IN BY HEAVY BLOW

Evidently murdered his body carried into the woods and secreted under moss and leaves, the skeleton of an unknown man was found yesterday afternoon, one mile north of Maple Ridge. The body had evidently been secreted in the bushes for at least three years, as every particle of flesh had disappeared and only a small bit of overall cloth was left from the clothing. That the unfortunate man was murdered was proven by the fact that the skull was crushed in at the right temple, leaving a hole nearly three inches in length, two inches across near the eye and tapering to a point above the ear. The skull was cracked through the base and across the top, showing that the man had met instant death from a crushing blow delivered by some heavy, blunt instrument.

The skeleton was found, covered by leaves and moss about 100 feet from the main highway, indicating that the man had been murdered and the body carried into the bushes and secreted.

The bones of the skeleton showed that he was a man of immense stature, being at least six feet in height. A bit of hair clinging to the skull showed that he was a man of light complexion and light hair. Under the bones were found a number of buttons bearing the mark of the Carhart Overall Company and a bit of cloth was also discovered. In the leaves a blackened 50 cent piece and a five cent piece were also found. No papers of any kind were left to offer the slightest clue as to the identity of the unfortunate man.

According to residents of Maple Ridge no one is known to have mysteriously disappeared from that locality in the past several years and the identity of the man is a complete mystery.

The skeleton was found by two boys who were walking along the road early yesterday when they saw a bird enter the brush. Both were armed with small target rifles and followed the bird into the woods. Stealing through the deep underbrush one of the lads stepped on what proved to be the bones of a human skeleton. Residents of the village were notified of the find. Coroner A. J. Carlson, of Escanaba was called and went at once to the scene accompanied by J. A. Alto. After inspecting the skeleton it was decided as useless to bring the bones to Escanaba and orders were issued for their immediate burial there.

(Special to the Press.) Detroit, Sept. 5.—Two masked robbers held up the Grand Trunk train from Lansing shortly after it stopped to take the switch at Milwaukee Junction in Detroit tonight. Two passengers who resisted were shot and are reported near death at St. Mary's hospital. "Cornelius Bosekerk, a traveling salesman, from Berlin, Ohio, was shot through the abdomen and Joseph Seltzer, Shelby, Ohio, was shot through the back. The robbers boarded the first of the two pullman cars on the rear of the train. One held a revolver in each hand. The other had no gun. The man with the guns did not wait for the passengers to throw up their hands but immediately began shooting into the car; Bosekerk and Seltzer were shot and immediately everybody else threw up their hands. There were a dozen people in the car, four of them women. The women were calm and everybody handed over their valuables. As the train slowed down at Gratiot avenue, the robbers jumped off and escaped.

DR. LONG IS BACK

Coming direct from the war zone after three months in Europe, Dr. H. W. Long, arrived at his home here last night. Dr. Long crossed the Atlantic on a Canadian Northern liner, landing at Quebec, after his vessel had traveled the perilous northern route, skirting the shores of Greenland and for several days in ice berg fields, to escape hostile warships. Dr. Long went to Europe in June to attend the annual congress of North American Surgeons in London and planned to remain in Europe three months. In spite of the fact that many of his companions became frightened when the great European war developed, Dr. Long continued his trip and returned to his home here on schedule time. Dr. Long spent the greater portion of the rigorous days of the war in London, where the congress of surgeons was in session, and there was able to witness many notable sights. Several times he heard King George and high officials of the English government deliver address to the people and took part in many of the stirring war scenes that marked the early days of the war in London.

"In reality the people of the United States know more about the war than the people of England," said Dr. Long last night. "The newspapers are permitted to print scarcely anything concerning the war and on the arrival of hospital trains with the wounded and announcement of the list of the dead allows England to know that a great war is in progress. Naturally I was subjected to unusual discomforts in reaching home but the conditions in London are not greatly dissimilar to those that maintain everyday. The people are just awakening to the fact that their country is really in a great war but by this time I imagine conditions are far different with the German forces so close to Paris."

In spite of the many discomforts that marked the final days of his trip Dr. Long thoroughly enjoyed every part of his trip and rejoiced in the belief that he has witnessed historical war scenes that may never be duplicated.

ONE INNING DISASTROUS

A disastrous first inning yesterday afternoon gave Negaunee a 4 to 1 victory over the Gladstone league team at the Upper Bay City grounds. Two errors at short, one at second, a wild peg by the catcher, mixed with hits off Olmsted, gave Negaunee a three run lead in the first inning. But Gladstone came back strong in their half and cracked Chaput's offerings for four hits in a row, the bunched hits however, counting only for a single run. After that session Chaput tightened up and the Upper Bay City leaguers were held helpless for the remainder of the game. Negaunee counted again in the sixth inning, making up a total of four markers for the game. The game was played in a steady drizzle of rain, making fast work impossible but after the fatal initial session the Gladstone squad played bang up ball, with Olmsted working steadily to the end.

Mrs. Michael Gunther and daughter Marie, will leave for Arnold, on Monday, where they will visit.

DELTA COUNTY DEMOCRATS SELECT COMMITTEE OFFICIALS

At a meeting of the Democratic nominees recently, the chairman and secretary of the Democratic County Committee were named. William Finnegan was named as chairman of the committee for the coming two years, while George B. Norton was selected as secretary of the organization for the ensuing two years.

WONDERFUL DISPLAY AT JEWELRY STORE

No comparison whatever can be offered to the attractive window display at the Farel and Lohmiller Jewelry store on upper Ludington street. Metropolitan jewelry stores could scarcely boast of a window display of its equal. Thousands last night thronged about the front of the building to gaze upon window decorations, which indeed surpass anything ever before attempted here. In one window is the likeness of a huge St. Bernard dog, in a reclining position, while four puppies stand poised over the back of the mother. The piece was chiseled from a solid piece of wood, the work being completed in Switzerland. The tinting and coloring of the mother and the puppies is superb and lifelike. In the second window are 300 Illinois watches, the largest shipment of watches ever sent to the peninsula. All are running. In the center of the window is the model of the Walschaerts Locomotive Valve gear. The window is one of the most unique and complicated ever shown in this section of the country. Residents may spend their time well by passing the place to see the two uniquely decorated windows.

LABOR WILL HOLD BOARDS

UNION MEN OF ESCANABA PLAN GREAT LABOR DAY PROGRAM IN HISTORY OF THE CITY FOR TOMORROW

United Labor will tomorrow hold the center of the stage in Escanaba while work in practically every line of business is suspended in the observance of Labor's holiday.

Under the direction of the Trades & Labor Council of Escanaba a more elaborate Labor Day program has been arranged than ever before in the history of this city. In the Labor Day parade, which will mark the opening of the day's program, led by the Escanaba Military Band, more Union men will be in the line than on any occasion of the past. Every union in the city will be represented in the parade line and every union in Escanaba is vowing with the other to secure the attendance of practically every member.

Following the parade feature, the formal exercises of the day will be carried out at Ludington park, where Mayor O. P. Chatfield will deliver the opening address and the formal address of the day will be given by Atty. Joseph F. Cuddy.

During the afternoon a program of sports and games will be carried out on Ludington street, offering a continuous program for the entertainment of the great crowds of people who will throng the downtown district. The formal program of the day will be closed with a grand ball at the South Park pavilion on Monday evening.

Following is the official program arranged by the Trades & Labor Council for Labor Day: (Continued on page seven.)

UMPIRE WINS GAME

(Special to the Press.) Ishpeming, Mich., Sept. 5.—Escanaba's league baseball team was today the victim of some of the "coarsest" umpiring ever to mark a game in the Marquette-Delta county league. As the result of the deliberate effort of Umpire Thomas Dwyer to render unfair decisions, the Escanaba players left the field in the eighth inning, with the score tied 4 to 4. The umpire forfeited the game to Ishpeming by a score of 9 to 0. That there was a preconceived plot to defeat Escanaba in today's game is the belief of the Sandy City players, who assert that Dwyer began his unfair tactics with the opening of the game in a deliberate effort to force the visitors to quit the game.

In the first inning the umpire refused to call a strike on an Ishpeming batter until after Ishpeming had scored four runs. His tactics were so unfair in that inning, assert the Escanaba players that the game was made a farce. He continued the same tactics until the seventh, when with the score tied at 4 to 4, a heavy down-pour of rain started and of necessity the game was stopped. After waiting for a time the game was again started in a drizzling rain. After Escanaba had been retired in one, two, three order, the umpire again refused to call strikes on the Ishpeming batters and in spite of the fact that it was raining far harder than when the game was called in the seventh, refused to stop the game. He refused to listen to the protests of the Escanaba players and they left the field. The Escanaba team was prepared to return to their homes tonight, cancelling the game of Sunday because of the treatment accorded them, but upon promise from the Ishpeming management that a fair umpire would be provided for tomorrow's game, they remained in the city.

Miss Clara Fox left last evening for a weeks visit at Menominee. Mr. and Mrs. Charles Ewald left yesterday for a two weeks visit at Menominee. Mrs. Delore LaCombe is visiting Menominee for several days.

A DESTROYER OF DEMAGOGS.

When a nation is preparing for war there is a period when demagogues thrive. The demagog is usually a jingo, and he makes much noise. He tells the nation what it should do, and he prates of easy victories. But when the war is present, with all its awful horror, when a nation is face to face with fearful actualities and responsibilities; the wemagog drops out of sight. His habitually thoughtless admirers become more thoughtful; they have no use for their former idol. Even if the demagog is not a distinct jingo, if his exertions for popular favor have run a fairly peaceful course, he becomes suddenly a superfluous member of society.

Perhaps the most notable demagog of Europe before the beginning of the present war was Joseph Caillaux. He was a man of power, one whose shrewd political manipulations and brazen appeals for popular favor had been largely successful.

Today no one in France thinks of Joseph Caillaux. Such men are not thought of at a time of national crisis. The new cabinet, which was constructed to include the great leaders of every variety of political thought and to be truly a government representative of all the people, does not include Caillaux. Caillaux, instead, has been given a position as subaltern lieutenant in the financial inspection department of the army. It is a very obscure post; moreover it is well beyond the danger of German bullets and bayonets.

Sometimes the demagog is in a position to do much harm. Napoleon III was an enthroned demagog. He rushed France into an unjustifiable war, and, within a month, surrendered his army and incidentally his crown and left a helpless nation to continue a hopeless struggle.

A demagog of a strange new type has been forced into black eclipse in England. Enoch Powell is no longer heard or feared. No one even has time to arrest her. The nation is too busy with really important things. And the association of which Powell

hurst is no longer heard or feared. No one even has time to arrest her. The nation is too busy with really important things.

And the association of which Powell-hurst was the head has closed its headquarters and ceased publishing its official organ. Its funds, amounting to nearly \$1,000,000 are hidden somewhere.

Every other woman suffrage organization of Great Britain has turned its funds over to the government and is enthusiastically engaged in patriotic women's work. But a genuine demagog never makes personal sacrifices in the temple of patriotism.

Hats off to the jaller who had the courage to shoot the leader of a lynching mob at Paris, Ky. All believers in law enforcement will praise this brave official, no matter what the amazed best citizens of his community may think of his daring.

Those Boston National League ball players are an admirable example for ambitious youth. They climbed from the bottom of the ladder to the top—and then slipped back only to rise and fall again.

Dispatches state that the horrors of war have already been brought to the gates of Przemysl and Brzokovitz. It is to be hoped that they will not reach Samarsdziz. That would be too horrible.

Even if Spain should get into the war there will be no danger of an enemy gathering up her scattered colonies. That little job was attended to some years ago.

Among the other examples of inconsequential expenditures can be mentioned the \$1,500,000 expended for the unsailed yacht race.

September is rated as an autumn month, but the "melancholy days" of 1914 can add little or nothing in the world's woe this year.

Of course, the world's trade will not be won for America by merely talking about winning the world's trade for America.

Bumper crops are fine, but one must be careful that they do not bump the wrong persons.

The high cost of baseball in Cleveland—to the club owner—is another sad feature of 1914.

Mars may stop yacht races, but he'll get into trouble if he interferes with football.

The spirit of old Munchausen is roaming freely over the battlefields.

And so far, scarcely a yip from Yap.

AMERICAN TRAVELERS
FLOCKING TO COASTS

Paris, Sept. 5.—Henry S. Breckenridge, assistant secretary of war, who came to Europe on board the United States cruiser Tennessee, in connection with the relief work, arrived here today from Vienna, home-bound.

Washington, Sept. 5.—Assistant Secretary Breckenridge, of the war department, in charge of the distribution of relief funds to Americans in Europe, called the war department from Paris tonight, saying: "It is impossible to state the exact number of Americans still in Paris, but it is estimated there are between one and two thousand. They are being sent out as fast as possible. Americans are still coming into Paris from the southern provinces and also a few from Switzerland."

From Havre, Consul Osborne called the state department as follows: "The cruiser Tennessee is at Havre, preparing to embark five hundred Americans for England. Special trains are arriving daily from Paris, bringing about five hundred Americans to the train, making the congestion here very great. The steamship Touraine sailed Sept. 3 with as many passengers as possible. No Americans are in danger. Sixty per cent of the Americans about whom inquiries have been received have been found."

London, Sept. 5.—The American cruiser Tennessee landed at Weymouth today with three hundred refugees from Havre. The Tennessee will act as a ferry from Havre to England until all Americans have been transferred, and will bring a large crowd of Americans from Havre tomorrow. About one thousand Americans left Havre today. There is much uneasiness there because of the fear that regular steamer sailing from Southampton may be discontinued.

Raymond Day, son of Mr. and Mrs. John Day, of Gladstone, submitted to an operation for tonsils and adenoids, at the office of Dr. W. B. Boyce on Saturday.

JUDGE CULLEN'S WARNING

Edward Montgomery Cullen, until recently Chief Judge of the New York Court of Appeals, delivered the annual address for 1914 to the Bar Association of that State. His subject was "The Decline of Personal Liberty in America." The utterance of so eminent a man is the sort of warning which deserves the attention of thinking citizens.

When a man so eminent as to venerable Edward Montgomery Cullen, until recently Chief Justice of the New York Court of Appeals, asserts that personal liberty in this country is in danger, there is at least an invitation to reflection.

Personal liberty is not menaced in this country by conquerors or kings. It is assailed by misguided sections of the people having faith in the omnipotence of law, by timid legislators and by courts that yield to clamor or influence.

In West Virginia, martial law in time of peace; in the State of Washington, martial law proclaimed by a girl stenographer; in various States, laws intended to deprive the press of liberty hitherto recognized almost universally; in Minnesota, an attempt to say who shall engage in the business of barbering; in Wisconsin a law of "eugenics" calculated to restrict the right of honorable marriage, in dozens of States, licenses, fees and regulations to make difficult the pursuit of occupations; in many places, so-called public-health laws that are nothing else than discriminations against certain people in behalf of others more powerful; in States and Nation, taxes, like that on oleomargarine, designed to help competitors; everywhere in this country, restrictions upon transients advertising bankrupt sales; monopolistic laws for physicians and nurses; excessive punishments; the denial of the mails; the long ballot and the short ballot, intended to defeat the voters' purpose; prohibition; anti-tobacco, and what not—these, all typical of many others, are only a few of the invasions of personal liberty which are in all places notorious.

Judge Cullen speaks by authority. He has been a judge in this state for more than a third of a century. In his honorable retirement he warns his fellow-citizens that their personal liberties are in danger, and, distinguished as his career has been, he never performed a greater public service. Lindquist-Harris

Of the marriage at Calumet, of Miss Clara Lindquist of Calumet to Mr. Bruce Harris of Wells the Houghton Mining Gazette says: Calumet loses one of its best known young ladies in the marriage Tuesday morning at the home of Mr. and Mrs. John T. Linquist of the Red Jacket shaft location of their second daughter, Miss Clara, to Bruce Alexander Harris of Stephenson, Mich. The ceremony was performed by Rev. Axel Strom of the Calumet Swedish M. E. church, the ring service being used.

At 10:30 o'clock, to the strains of Lohengrin's wedding march, played by Albert Eddy, violinist and Miss M. Gustavson, pianist, the bride attended by her maid of honor, descended the beautifully decorated staircase and entered the parlor on the arm of her father, where she was met at the altar by the groom and his best man. During the ceremony, Albert Eddy, accompanied by Miss Gustavson, played Lang's "Flower Song" and at the close Mendelssohn's Bridal Chorus.

Miss Alice Lindquist of Evanston, Ill., was the maid of honor and Earle Harris of Wells, Mich., acted as best man.

The bride wore a gown of hand embroidered white voile and carried an arm bouquet of white roses. Miss Lindquist, the bridesmaid, wore white voile, trimmed with pink hand-embroidery and carried an arm bouquet of pink sweet peas.

Among the out-of-town guests were Mr. and Mrs. Bagley Harris of Wells, Ray Harris and the Misses Mae and Ethel Harris of Escanaba, Mr. and Mrs. Alfred Lindquist of Lansing and Miss Alice Lindquist of Evanston, Ill.

Little Folks Entertained

Little Ruth Burke entertained a number of her little friends at the home of her parents at 407 South Jennie street in honor of her tenth birthday.

The little folks were entertained with music and games, after which refreshments were served. Those present were: Beatrice Boyce, Cecile LaPoint, Pricilla LaPoint, Clara Jacobs, Clara Morris, Mildred Hanrahan, Phillis Dishno, Isabella Cota, Margaret Burke, Irent Cota, Helen O'Leary, Theodora Ammels, Esther Westerlund, Leona Doherty, Adeline Loof, Lucile Loof, Jane Kennedy, Marie Brown, Irent Dart, and Francis Demars.

Pal De Uma to Give Party

What promises to be one of the most enjoyed events of the early fall season is the dancing party to be given by members of the Pal De Uma Fraternity at Clark's Hall on Wednesday evening. The function will serve as a farewell party to graduates of the Escanaba schools who are soon to leave for various colleges and universities to take up their year's work. The musical program for the party will be furnished by the Escanaba Military Band orchestra.

Entertains at Dinner
Miss Mable Rose entertained a company of 15 girl friends at 8 o'clock dinner at her home last evening.

Monday Miss Rose will leave for Chicago to enter training school for nurses.

NO PROHIBITION
VOTE TILL 1916

Lansing, Sept. 5.—The people of Michigan will not have an opportunity to vote on state-wide prohibition until the general election in 1916, according to Grand Hudson, superintendent of the Anti-Saloon league. He says the league will not have enough petitions signed in time to ask the legislature to submit the proposition next spring. It also is believed that it would be much more favorable to the anti-saloon cause to submit the proposition at a general election instead of the spring election, because of the larger vote cast at the former.

"We will be much stronger in 1916 than we would be next spring," said Mr. Hudson, "and for this reason we are not anxious to vote on state-wide prohibition in 1915. Plans are now being formulated to strengthen our organization in Kent, Wayne and Saginaw counties.

"The vote of the upper peninsula next spring will enable us to decide on the advisability of submitting the proposition in 1916."

The local option fight will be waged in 15 counties in the lower peninsula and in 10 or 12 in the upper peninsula next spring.

MILITARY RULE IS
ASSAILED AT BUTTE

Butte, Mont., Sept. 5.—The military court established by the National Guard since martial law was declared here, because of threatened riots, was attacked today in a petition filed in the United States district court, the petitioner asking the release on writs of habeas corpus of three of the nine men arrested by state troops.

Federal Judge George M. Bourquin issued an order citing the military officers to show cause next Monday why the writs should not be issued. Judge Advocate Jesse B. Rodee said that an answer which would be filed Monday will show that the militia is in supreme command in Silver Bow county and has power to make arrests.

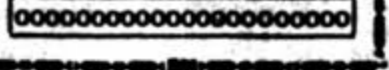

The city was quiet today. The mines which have been operated recently worked uninterrupted, and the miners of whatever faction were not molested.

Major Donohue directed the municipal authorities to continue all functions of the city government, except the police department, which is now in charge of Provost Marshal Conley. The petition for writs for habeas corpus alleges that Governor S. B. Stewart issued a proclamation proclaiming Silver Bow county a state of insurrection and that that is untrue.

The Misses Mabel and Myrtle Bowers will leave on Tuesday for a visit at Green Bay, Oconto, Cedar Grove and Milwaukee.

Miss Florence Wilson of Gladstone has accepted a position as milliner at

FREIGHT RATE TO BE LOW

The rate question for the farmers of every section of Delta county, who will exhibit at the Northern Michigan State Fair to be held here on Sept. 15, 16, 17 and 18, was finally adjusted yesterday and in a manner which should prove highly satisfactory to the exhibitors.

The railroads have already agreed to carry all live stock with the exception of horses, free of charge one way and yesterday Captain McCaulley of the Steamer Saugatuck consented to reduce his rates to half to all exhibitors at the fair, not only on live stock but also on passengers. Besides the steamer will be held until early in the evening on Thursday of the fair for the convenience of the scores the bay people. This should be sufficient inducement to bring a large number of people to the fair here and to insure many exhibits from across the bay.

DELTA AVENUE SEWER FALLS DOWN

Approval of plans for the construction of a sanitary sewer, on Delta avenue, which has been before the council for several months, was denied by members of the council last night by a vote of 5 to 4. Mayor O. P. Chatfield announced that he believed it would be impractical to undertake any sewerage work at this time because of the straightened condition of the city's finances but announced that early in next spring he will favor the submission of a bonding proposition to the people for the construction of all needed sewers in the city. Ald. Tolani, chairman of the council sewer committee signed the report submitted last night recommending that the Delta avenue sewer be constructed but other members of the committee refused to sign the report and the chairman's recommendations became the minority report turned down by the council by a single vote.

REGITAL IS ARRANGED

Miss Susan Christoph, who is to appear in connection with a concert by the Escanaba Military Band on Friday evening, Sept. 18, at the Orpheum theater, is easily the most promising vocalist ever developed in Escanaba. Her talent has been recognized for some time but it was not until the past year that it became known that she was possessed of unusual ability and her progress has been watched with great interest. Her appearance in a regital will meet with a great outpouring of Escanaba's music lovers making up an audience greater than any ever before attracted to a similar event in this city.

EMPLOYMENT AGENT IS INVESTIGATED

Prosecutor T. E. Strona yesterday received a reply to his message directed to O. Cunningham, State Commissioner of Labor in regard to the 26 Austrians stranded here, stating that the employment agent at Detroit had been complained of before and upon one instance had cost his employers \$1000 to settle for his misdeeds.

It is alleged that but recently the man sent almost the same number of foreigners into Wisconsin where he had secured no work for them. It is also alleged that the man has operated under five different names. The J. Stephenson Company has wired the chief of Police at Detroit but has as yet received no reply.

ORDINANCE IS ADOPTED

The city council's new building ordinance, proposed at the last session of the council, was formally adopted by the unanimous vote of the aldermen last night. The new ordinance gives to the council building committee supervision over the construction of all buildings in the city fire district. Before a building in the future can be constructed in that district the plans and specifications must first be approved of by the building committee of the council and a license issued by the city clerk. The remodeling of buildings within the fire limits will not be interfered with by the committee, under the ordinance, unless the supporting walls are tampered with. Under the ordinance, the building committee is given power to condemn public buildings in any part of the city. The new act gives to the city of Escanaba its first adequate ordinance and which was fathered and framed under the direction of Ald. C. N. Wood.

U. S. CONSUMES MUCH OF OPIUM

Washington, Sept. 5.—That "we are an opium-consuming nation today" is the belief of the senate and house committees on whose joint recommendation the senate has finally passed the house bill to provide for the registration of, with collectors of internal revenue, and to impose a special tax upon all persons who produce, import, manufacture, compound, dispense, sell, distribute or give away opium or opium leaves, their salts, derivatives or preparations.

Included in the bill's provisions are several amendments, such as inserting the words "or hypodermic syringes or needles adapted to administer any of the above drugs," and stipulating that the amount of any drugs mentioned in this bill shall be shown upon the label of the container of such remedy or preparation.

The committee contend that there is a real and even desperate need of federal legislation to control our foreign and interstate traffic in habit-forming drugs and to aid both directly and indirectly the states more effectively to enforce their police laws designed to restrict narcotics to legitimate and medical channels.

TOBACCO MAY NOT BE TAXED

Washington, Sept. 5.—Because of the fact that the market for American tobacco has been hit a staggering blow by the European war, tobacco may not have to bear any of the burden of the special war tax which congress will levy before it adjourns.

This information cropped out at a conference of Democratic members of the ways and means committee today which preliminary steps were taken toward framing the special war revenue measure. Although no final results were announced the unanimous agreement of those present was that tobacco should not be taxed at all, or if so, very lightly, because of the fact that the tobacco production of six states had been disastrously affected by the cutting off of the foreign market which formerly consumed large quantities of American tobacco.

The sentiment among the members of the committee also was against an increase of tax on whiskey which now pays a tax of \$1.10 a gallon, although whiskey can be manufactured for 20 cents a gallon. The view of the members was that to increase the number of illicit stills and will result also in gross adulterations.

The committee did not reach agreement on any specific schemes of taxation, but various proposals were discussed and there was a general understanding that the tax on beer will be increased at least 50 per cent and possibly a dollar a barrel. A dollar a barrel on beer would yield on a basis of past consumption \$65,000,000 a year.

Mother of Eighteen Children

"I am the mother of eighteen children and have the pride of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Vt. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers.

ATTACKS THE TONNAGE TAX

Protesting against the tonnage tax on upper peninsula mining operations Wednesday noon in an address at Detroit before 50 members of the Detroit Board of Commerce and 150 visiting members of the Lake Superior Mining Institute, James Russell, editor of the Marquette Mining Journal, declared the law unjust. He said:

"While many persons think the upper peninsula is a wilderness, others seem to think it is rich enough to pay all the state taxes. But the fact is the majority of the mining properties are being operated on assessments on stockholders. They already were paying a high rate of taxes as the cities of the state and a rate much higher than is paid on farm property. For that reason the tonnage tax is unjust, and that is one of the things we want to talk to you Detroiters about while we are here."

"Were it not for the mining development and the enterprise up there you would be using 40 pound iron rails instead of 90 pound steel rails, on Michigan railroads. In this connection let us urge that the close business and political interests of Detroit and the upper peninsula be so close together that, in order to preserve their proper relationship, better transportation facilities are imperative."

Politically, he will admit the upper peninsula once saved a governor (former Governor Alger) from defeat by voting with Detroit, and the political ties of the two extremes of the state should be kept close together. Transportation facilities are the keynote in this effort to hold the interests of the two together—you can't do it by taxation."

DULUTH WOMAN IS SENT HOME

Stricken with the hallucination that she is of royal descent and is a powerful force in the present European struggle, Ellen Larsen of Duluth, became demented while visiting with friends here. Officers were called and after she had been examined at the office of the probate judge she was placed in charge of Under Sheriff A. J. Henry and sent to her home at Duluth, after officials of that city had been instructed to meet her.

STATE OF MICHIGAN

In The Circuit Court for the County of Delta, in Chancery.

George H. Page, Complainant, vs. Alfred N. Lawrence, his Unknown Heirs, Devises, Legatees and Assigns, Defendants.

Suit pending in said court on the 25th day of July, A. D. 1914.

On reading and filing of the bill of complaint in said cause, together with the affidavit of Myrick D. Mead, Solicitor for the said complainant, and it appearing from the sworn Bill of Complaint, that Alfred N. Lawrence has an interest in said premises which has been on record for more than fifteen years, and it appearing by the affidavit of Myrick D. Mead that the residence of the said Alfred N. Lawrence, if living, is not known, and that after diligent search and inquiry, it is unable to ascertain the names and residences of his heirs, devisees, legatees and assigns, Now Therefore, On Motion of M. D. Mead, Solicitor for said complainant, and in pursuance of the authority given by the statute in such cases made and provided, IT IS ORDERED, that the said defendants, Alfred N. Lawrence, his unknown heirs, devisees, legatees and assigns, cause their appearance to be entered and filed in said cause within five months from the date of this order, and that in case of the appearance of Alfred N. Lawrence, or any of his unknown heirs, devisees, legatees and assigns, in their proper name, that they cause their answer to the bill of complaint to be filed and a copy thereof served upon the solicitor for the complainant, within fifteen days after service on them, or their solicitor; of a copy of the said bill, and in default thereof said bill shall be taken as confessed against the said defendants; and it is further ordered, that the said complainant cause this order to be published in the "Escanaba Morning Press," a newspaper printed, published and circulated in said county, such publication to be commenced within twenty days from the date of this order, such publication to be continued therein once in each week for six weeks in succession, or that the said complainant cause a copy of this order to be personally served upon the said defendants, Alfred N. Lawrence, his unknown heirs, devisees, legatees and assigns, at least twenty days before the time above prescribed for their appearance.

The above entitled cause is an action brought by said complainant against the said defendants for the purpose of quieting the title of said complainant to the lands described in said Bill of Complaint, which lands are situated in the County of Delta, State of Michigan, and are particularly described as follows:

Fractional Section Thirteen (13), Town Thirty-six (36) North, Range Twenty (20) West, containing 11.33 acres more or less.

CAN'T TAKE CASH OUT OF COUNTRY

Lansing, Mich., Sept. 5.—The Michigan department of insurance has received the part two weeks a large number of letters inquiring as to what effect the European war will have upon the stability of the foreign insurance companies whose policies are held by citizens of the United States, and the commissioner deems it proper to say to the insuring public of Michigan, that foreign insurance companies doing business in this country that are admitted and authorized by the various states are in effect American Companies. Every foreign company authorized to do business comes into the United States through one of the states as a state of entry. Most of these companies make New York their state of entry, any they must have a deposit capital with the state of New York equal to the minimum capital required of domestic companies. This deposit capital is regarded the same as the capital of domestic company.

Furthermore all foreign companies are required to maintain the same insurance reserve as the domestic companies. These reserves are held or deposited with trustees for the general benefit and security of all policyholders of such companies in the United States and these funds cannot be withdrawn without the permission of the insurance department of the state of entry. As a matter of precaution the New York department has notified the various foreign companies that no funds from this side of the water may be transferred to the other side during the war period.

In view of these facts and the assurance by the New York department that no funds will be permitted to be transferred, it is the opinion of this department that the European war will not effect the security of policyholders of foreign fire insurance companies authorized to do business in this country.

Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. York, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured other than I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. On ordinary attacks of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers.

ATHLETIC INSTRUCTOR HAS ARRIVED IN THE CITY

L. E. Hutto, the new athletic instructor at the local high school, arrived in the city Friday and at once went into a conference with George Perrin, captain of the local football team.

As far as he was able to determine yesterday, Mr. Hutto believes that he has some excellent material to work with here and will endeavor to build a team with which Escanaba can at least "beat Menominee." Every student of the high school wants a good football team in Escanaba, but the big reason back of it all is to beat the old rivals, Menominee. The men were out for their first practice yesterday with the new coach.

WAR GIVES THE U. S. GREAT OPPORTUNITIES

New York, Sept. 5.—Assured that South Americans are preparing to give to this country a large share if not all, of the electrical supply business which has hitherto gone chiefly to Germany, manufacturers of electrical supplies in New York are printing complete catalogues of their wares in Spanish and Portuguese and getting ready an army of salesmen to swoop down into Argentina, Brazil and Chili and smaller republic to the South.

That is one of the results of the war which is prostrating industries in the European Continent and swiftly opening to this country markets which have for years been practically closed to it. Quite as enthusiastic over the outlook as are dealers in all kinds of equipments for electrical improvements are getting ready for what they confidently expect will be one of the greatest booms they have ever known. They are especially jubilant over the prospect of seeing their goods permanently established in the South American markets. Once there, the manufacturers declare, the products of the German and other European factories will never be able to replace them because, while somewhat more costly than the European articles they are so superior that, as the makers say, "to be seen means to be thoroughly appreciated and purchased."

BOSTON TIES UP WITH THE GIANTS

Philadelphia, Pa., Sept. 5.—By trimming the Phils 7 to 1 today, with Perdue pitching great ball for the entire distance, Boston today tied up with the New York Giants for the leadership of the National League. After the third inning Perdue was invincible.

The Score: R. H. E.
Boston 4 0 2 0 0 0 0 1—7 9 0
Philadelphia .. 0 0 1 0 0 0 0 0—4 6 1
Batteries: Cochrane and Gowdy; Mayer and Kilflinger.
Umps: Klem and Emslie.

LEADERS ARE DOWNED AGAIN BY SPEED BOYS

Boston, Mass., Sept. 5.—Boston took another game from the leaders today winning with recruit, Shore who allowed the Athletics but four hits, Boston copping the game 4 to 1.

Philadelphia 1 0 0 0 0 0 0 0—4 1
Boston 0 0 0 0 4 0 0 0—4 6 1
Batteries: Bressler and Thomas; Shore and C. Thomas.
Umps: Hildebrand and Connolly.

CUBS RALLY IN NINTH AND NOSE OUT PIRATES

Chicago, Ill., Sept. 5.—Facing defeat with a shutout as the leaders today the Cubs rallied in the ninth today and rushed three runs across the plate, winning the game 3 to 2.

The Score: R. H. E.
Pittsburg 0 0 1 0 1 0 0 0—2 7 1
Chicago 0 0 0 0 0 0 0 3—12 1
Batteries: McQuillan and Coleman; Lavender and Archer.
Umps: Byron and Lincoln.

DEMAREE WINS ONE BUT MARQUARD LOSES OTHER

Brooklyn, N. Y., Sept. 5.—After Demaree had pitched the Giants to an 8 to 5 victory in the first game of a double bill, Nap Rucker was invincible in the pinches in the second and Brooklyn won 4 to 1.

The Score: R. H. E.

FIND HEART OF MAN WHO WAS MURDERED

Mexico City, Sept. 5.—The constitutional military authorities today discovered a human heart, preserved in alcohol, in a private residence here. Several arrests were made in connection with this discovery. Other arrests are expected shortly.

Bloodstained clothing which belonged to President Madero and Vice President Pino Suarez, who were killed in Mexico City in February of 1913 also has been found, together with a watch which belonged to the president and a pin which was the property of his brother, Gustavo Madero. These pieces of jewelry will be placed in the National museum.

Gen. Joaquin Jimenez Castro, one of the federal commanders, was arrested today. The charge against him was not made public. The search for arms in Mexico City is being prosecuted with vigor.

Paul Fuller, representative of the state department at Washington, and John R. Silliman of the American consular service, are expected here today from Vera Cruz.

Funny, funny thing, this game of ball, and the feeling it arouses. The savage animosity between Herzog and McGraw is a feature of this season's struggle and the language they exchange on the field is frightful. It is absolutely on the level, too—no press agent feud about it—but New Yorkers who know them say that in business life they have some investments together; that they regard each other with mutual esteem as bright business men, and boost each other with as much earnestness as they can and root each other on the diamonds.

WANTS MR. WILSON TO QUIZ THE KAISER

London, Sept. 5.—The Spectator, discussing the German operations at Louvain, says: "We venture to take this opportunity of again suggesting that President Wilson should approach the German emperor and ask him for a plain declaration of what his intentions are with regard to all the treaties signed in his behalf at The Hague. Those agreements have been shamelessly disregarded, so that no earnest man can now place any trust in German promises."

The newspaper says that Englishmen, no matter what Emperor William's answer might be, would have no thought of reprisals, adding that there must be no policy of an eye for an eye and a tooth for a tooth.

"Here is Mr. Wilson's opportunity," the Spectator continues. "The United States is strictly neutral—as honestly neutral toward Germany, we are sure, as toward ourselves. But she is the only neutral great power, except Italy, left outside the orbit of war. We earnestly hope that Mr. Wilson, finding himself in this position, particularly since he represents a nation deeply committed to the principles of The Hague, will boldly ask the German emperor to declare his intentions.

"Mr. Wilson can act where no one else could as the spokesman of civilization and of human rights. The question to be put to the German emperor could be asked in a manner that would admit of no misunderstanding or evasion.

"Does the German emperor repudiate the Geneva convention, and—perhaps even more binding—the common understand of Europe that has grown up in the last two hundred years? Does he repudiate all The Hague conventions? We ought to know. In our opinion, the United States owes it to civilization to find out for the rest of the world."

Mrs. E. W. Doak returned last evening from a visit with relatives at Eben, Mich.

GLOSTER NAMED BY GOV. FERRIS

Lansing, Mich., Sept. 5.—Governor Ferris has settled the appointment of all members of the state industrial accident board by naming Thomas B. Gloster of Detroit, a member of the board to succeed Ora B. Reeves of Jackson, who has been a member of the board since its creation.

Mr. Gloster is employed as a linotype operator on the Detroit News, in Detroit, and is a union labor man. He has been a life-long Democrat.

Miss Ida Rousseau is visiting in the city today.

In the event that Governor Ferris is not re-elected, the incoming governor would have the right to send in the name of Gloster to the senate to be confirmed or send the name of some other appointee. Hence, Gloster's appointment is really for four months, should the incoming governor be other than Governor Ferris and should such governor choose not to name Gloster for that place.

Mr. Reeves, whose term expired Aug. 31, is a Republican.

The appointment of Mr. Gloster is for six years in the event that he is confirmed by the state senate.

THE liquor license revenues which go to the school funds in the county, for the first six months of this year amounted to \$63,000. County Auditor Patten yesterday signed warrants for the amounts the various townships will receive. The Indianapolis schools get \$55,929.36, and the remainder of the sum is distributed among the out townships, all of which are "dry" territory.

The school funds derived from taxes levied by the state for that purpose in Marion County amount to \$143,897.52 for the first six months of this year. Of that amount the Indianapolis schools will get \$126,851.17.—Indianapolis Star.

Tess of the Storm Country

Famous Players Production in Six Parts

"Tess of the Storm Country," the drama of a woman's unconquerable faith written by a woman who knows her sex, will appeal to the entire feminine population of the world—and the other half. Tess, with her quaint philosophy of life, at once humorous and pathetic, is one of the most powerful characterizations ever conceived. Tess is an elemental type of womanhood, a primitive heart struggling with modern conditions and the delicate tortures of civilization. Mary Pickford as "Tess," the ragged little "squalor" girl, dirty but beautiful, rude, willful, saucy, but noble and self-sacrificing, renders a portrayal of inexhaustible fascination.

never been made by any officer of this Society. It is for such a price as the owners and the Society could agree upon, but the improvements shall not be taken into consideration. The owners refused to give a specific price and the Society could not dictate to them. Mr. Strom, then secretary, tried for about six months to get such an option, and wrote up quite a number of leases before he could get one that the owners would sign. Neither he nor any other officer ever represented or claimed to have a fixed price. We did the best we could do.

2nd. Our officers in selling space under lease to the exhibitors explained the option clause as it is. The merchants' leases expire in 1916, while the Society's lease expires in 1923, so there was no reason to misrepresent the facts of the option. The merchants took the leases promptly, with a spirit of co-operation that made it possible to erect the exhibition building, at a cost of about \$7,500, not \$5,600 as the Delta County Reporter claims, but of the cost the lease holders paid only about \$4,700.

3rd. The Board of Directors has not been manipulated at any time by any person to put the older officers out and give Mr. Strom the swing. The Directors are elected by the members, as are also the officers. The members have seen fit to acknowledge the great amount of good work done for the society by Mr. Strom, as secretary for several years, to make him President. They have also filled the other executive positions with men who were willing to give up some of their time and do some actual work in carrying on the business of the

Society.
4th. Mr. Strom has never objected to the auditing of the books, and in fact they have been audited every year, as anyone can see by an examination of the books and reports. This is a delibera's lie.

5th. The Fair Society wanted the bond issue to go through because we do not feel that we should make any further permanent improvements on the present or any other site for fair grounds unless the land belongs to the County. We believed that the site could be purchased for such a price that there would be enough left of the bond issue to equip the grounds with what was needed.

6th. When the Committee of the Board of Supervisors consulted our President, Mr. Strom, about the option clause in the lease, he read it to them carefully, and explained how the lease had been secured and why an option for a specific price could not be obtained. He further told them that the County could probably condemn the site for fair grounds and get it for a reasonable price, if it could not be purchased at a right price. He also told them that if the County bought the present site they would have to make their own terms and that the Fair Society's option would not be of much use to them. Mr. Strom has nothing to blush over about the lease. Few men would have given the time and effort which he gave in securing the site in the first place, and then getting it on the terms that he did. This Board of Directors, knowing the facts better than the Delta County Reporter, believes Mr. Strom is entitled to a vote of thanks for the manner in which he handled the work of the Society.

7th. The Board of Supervisors was not asked to defer action on the fair ground proposition until after the August primaries. The insinuation that Mr. Strom asked any such thing

is a willful and malicious falsehood. The Committee of the Board was not ready to make a final report and it was given further time, until the October meeting.

8th. Mr. Strom never received any salary from the Fair Society for his work as Secretary or as President. While he was secretary, he was allowed a small amount for stenographer and office expense. The present secretary is allowed the same. These men give so much of their time to this work, it would be asking altogether too much to ask them to pay these expenses also.

9th. Relative to complimentary tickets: Mr. Strom has had nothing to do with them since he was secretary. This society, in accordance with the usual custom everywhere, has sent out complimentary tickets to the clergy, police and fire departments, city aldermen and supervisors. They have never been sent out as the compliment of an officer, but as a courtesy from the entire management.

19th. The fair printing has always been handled by the advertising committee and Mr. Strom has had no more to do with the distribution of it than the committee. He and they have tried to divide it as nearly equally as they could among all the publishers. Any editorials the newspapers have printed have been voluntarily printed, so far as this Society or any of its officers are concerned. The newspapers have given all the officers, including Mr. Strom, full credit for the success of the Fairs, and no doubt when those who see fit to find some fault with his work for political reasons, shall themselves accomplish something of benefit to the County, the newspapers will recognize their achievements in similar manner.

Be It Further Resolved, that the Secretary be instructed to send a copy of this Resolution to the Delta County Reporter with a request to publish the same and that the other newspapers by likewise requested to publish the same, to the end that the people may know the truth and an unjust attack may be corrected.

ADMISSION, Five and Ten

Miss Clement is Hostess

The first pre-nuptial party to be given for Miss Rosella Thatcher, who last week announced her engagement to Mr. George Owen Boomer, of Louisville, Ky., was that of yesterday when Miss Grace Clement entertained informally, a number of intimate friends at her home at 604 Michigan avenue.

The afternoon was given over to the preparation of a box of linen napkins which were presented to Miss Thatcher at the conclusion of the affair. After the presentation of the gift the guests were served with a five coursed dinner at four individual tables. In the center of the brides table was a huge bouquet of sweet peas and perched on top center were two snow white doves and draped over the top were pink and white ribbons, from which were hanging lady slippers in profusion.

The entire dining room was a veritable bower of sweet peas and tiny miniature lady slippers, making the effect most imposing.

Just as the affair was ending, Miss Thatcher, mounting the staircase, threw the brides bouquet into the crowd. Miss Drusilla Thatcher was receiver of the flowers, indicating that she will be the next bride of the company.

BUSINESS COLLEGE TO RESUME SCHOOL ON TUESDAY

Gordon's Business College will open for the regular season's work Tuesday morning, September 8. Advance enrollments and inquiries received indicate an unusually large attendance at the local school. Many students are enrolled from Gladstone and other nearby towns.

The local commercial school is entering upon its tenth year in Escanaba, and the fact that the management receives more calls for graduates than can be supplied is ample evidence of the strength of the courses offered and the practical nature of the training given its students. Night school sessions will begin Sept. 14.
