### French Air Defense Is Faulty According to Paris United States to Enter Into Negotiations With Germany for Relief of Starving and Destitute of Belgium.

#### BULLETIN

London, Oct. 12.—A dispatch to the Star from Rotterdam says: "It is reported that Germans entered Ghent in their advance on Ostend."

London, Oct. 12.—The whole German front is preparing to take the offensive along the three hundred mile battle line. The German cavalry has advanced within thirty miles of Ostend. Ghent is threatened by the invaders. The Uhlans, screening a screening a heavy Prussian force were encountered all through the territory of Lille. These maneuvers are covering the establishment of New Belgium battle line. Between Arras and the Oise the enemy renewed attacks with increasing fury.

#### BULLETIN

London, Oct. 12.—The Reuter Telegram company announces it is authoritatively informed that the Queen of Belgium is still accompanying King Albert at the head of his army.

#### BULLETIN

Bordeaux, Oct. 12.—The correspondent for the London Telegraph says: "I am officially informed that the strength of the German forces at Antwerp is much over estimated. There was one army corps, some landstrum men making a total of not over 100,000 men."

#### BULLETIN

Petrograd, Oct. 12.—It is officially announced that a German submarine yesterday torpedoed the Russian armored cruiser Pallada, in the Baltic sea. The Pallada carried a crew of 540 men all of whom were lost.

#### BULLETIN

London, Oct. 12.—The Germans occupy Ghent. Though no official confirmation is obtainable here, news dispatches from two sources seem to establish the authenticity of the report. The Germans evidently met with no opposition in their occupation of the city.

#### BULLETIN

Berlin, Oct. 12.—An official statement tonight says: "Our cavalry Saturday completely routed the French cavalry west of Lille. Enormous quantities of provisions were captured at Antwerp, its garrison taken to northern forts and thirteen thousand English fled to Holland and were disarmed. The Belgians estimate that they lost twenty thousand as prisoners."

#### BULLETIN

Washington, Oct. 12.—Following a conference between the minister of Belgium and the acting secretary of state Lansing, it is announced at the state department today that United States will enter into negotiations with Germany for the relief of the destitute, starving in Belgium. Negotiations will be conducted through ambassador Gerard of Berlin.

#### BULLETIN

Washington, Oct. 12.—That Antwerp will be compelled to pay a hundred million dollar war tax to the Germans is declared wholly unlikely at the Belgian legation today. It is pointed out that under the rules of international warfare, it was agreed at the Hague that no such tax can be levied by a conqueror on a conquered city.

#### BULLETIN

Paris, Oct. 12.—Tonight's official bulletin says: "Violent attacks along our front. We have gained ground at many points and nowhere have we lost."

(Special to the Press.)

Berlin, Oct. 12.—By wireless to Seyville.—The German headquarters reports the German authorities who were searching the archives of the Belgian general staff at Brussels, discovered a portfolio containing the report of the Belgian minister war of 1906, containing the result of the detailed negotiations between the Belgian general staff and the British military attaché at Brussels. Plan stationed by the English sets forth the strength and formation of the expeditionary force at 100,000. Communication says that after the destruction of the German navy the English will direct their supply of provisions via Antwerp.

## BUSINESS TRANSACTIONS

Members of the Delta county board of supervisors yesterday opened their annual October session at the county building here, launching a meeting that promises to prove one of the longest held here by that body in years. Opening the session shortly before noon the supervisors began a grind that will probably run until Friday. Following a brief morning session the board recessed until 2 o'clock and the afternoon session extended close to 6 o'clock when a great volume of business was handled. All of the supervisors were present at yesterday's session excepting Supervisor of Gladstone, who was detained by important personal business.

Among the matters to receive the attention of the supervisors yesterday were the following: Received and placed on file the county treasurer's annual report. Received and placed on file the annual report and recommendations of the Delta county board of road commissioners. Received and filed the application of Samuel Stonehouse as county sealer of weights and measures.

Received the report of the Delta county Soldiers Relief Commission showing that \$787 was expended by that board in the past year for the relief of veterans and widows of veterans. The supervisors will convene again this morning at 9 o'clock.

## LOCAL KNIGHTS OBSERVE DAY

Four hundred and twenty-two years ago yesterday Christopher Columbus first sighted the mainland of America and in commemoration of that event, the Knights of Columbus of the city yesterday observed the day by attending mass at St. Patrick's church at 10 o'clock.

On Sunday the members of the Knights of Columbus attended mass in a body when Father Barth, pastor of St. Patrick's church delivered a rich and inspiring sermon. The chief thought in the sermon was the honor due and the honor paid to Columbus in comparison with that given Lincoln, Washington and other great statesmen and warriors. Father Barth spoke eloquently of the life of Columbus and urged a more strict observance of the day.

## SORROWING CROWD ATTEND FUNERAL

A large number of the old residents of Escanaba together with many relatives and friends of the family yesterday morning attended the funeral of William Hermes at St. Joseph's church at 9 o'clock. The impressive service was conducted by Rev. Father Julius. Interment was at St. Joseph's cemetery. A large number of beautiful floral offerings were received at the home, reflecting the high respect in which Mr. Hermes was held. Those who served as pallbearers at the funeral were: John Roemer, Joseph Hess, John Naden, Nicholas Walsh, John Gries and Joseph Walsh.

## THREE MILL TAX ASKED FOR ROADS

Whether or not the regular three mill tax will be ordered levied by the county board of supervisors this year for the maintenance and construction of roads in the county, will be decided by the members before the adjournment of the present session. The application for the levying of the tax was submitted to the board yesterday by the county board of road commissioners and was referred to the finance committee to submit recommendations later in the session.

## GALL REMOVED IN AN OPERATION

After submitting to an operation at a Minneapolis hospital for the removal of his gall bladder, Supervisor August Lillquist, returned to his home at Gladstone last week and is this week attending the meeting of the Delta county board. The operation was a most serious one but Mr. Lillquist is now fast regaining his health.

## GOV. FERRIS WELCOMED

### STATE'S CHIEF EXECUTIVE GIVEN ENTHUSIASTIC IMPROMPTU GREETING HERE ON SUN. DAY EVENING

Citizens of Escanaba, irrespective of party, on Sunday evening, joined in giving to Gov. Woodbridge N. Ferris, Democratic candidate for governor, an enthusiastic impromptu reception.

On his tour through the peninsula, after being the guest of honor at a remarkable demonstration in the Copper Country last week, Gov. Ferris was not scheduled to stop in Escanaba. But prominent democrats of the city on Sunday afternoon reached Mr. Ferris by telephone at Marquette and induced him to come to Escanaba on Sunday evening and continue his tour from this city yesterday morning.

Met at the station by prominent members of his party, Gov. Ferris was escorted to the Delta Hotel, where nearly 400 Democrats, Republicans and Bull Mooseers, representing the leading citizens of Delta county, were gathered to greet the state's chief executive.

No plans had been made for an address by the governor but because of the representative gathering of men present he was induced to speak for ten minutes to the voters after an informal reception had been held.

The governor was briefly introduced by Hon. John Power and in opening Mr. Ferris said that in deference to the Sabbath he would not discuss politics, but later asserted that inasmuch as he sincerely believed that the people of the United States should bring more religion into their politics, he touched briefly on a few matters of political interest.

He told of the magnificent demonstration that was provided in his honor by the people of the Copper Country. "It was a demonstration such as I shall never forget. To me it was second only to that which marked the inauguration of President Woodrow Wilson. Employer and employee marched in the street shoulder to shoulder to pay honor to me. And all for what? Not that I had accomplished anything remarkable. Not that I am a great man, for I am not. But because I used just a little common sense and did my duty to the people of that district as I saw it," said the governor.

"I'm not going to talk national politics," he asserted. "The Democrats are with you and they are going to be with you for some time. So what's the use of talking about it? The Democrats have made a tariff. You have until 1916 to find out what kind of a tariff it is. If it isn't a good tariff I hate to think what will happen to us Democrats. But I don't like this talk, this fling, about the emergency war tax measure being a blind to cover up the deficiencies of the tariff. Do you think, Mr. High Republican, that we would have any more revenue now, with the exports shut off, if the tariff rates were higher?"

The governor referred, in brief, to the character and work of President Wilson, in a eulogistic strain. Particularly he endorsed his Mexican policy, which, he noted, has had the wonderfully beneficial result of permitting this country to be at peace at a time when all the rest of the world is involved in war.

Governor Ferris disclaimed any idea of claiming sole credit for this performance, for the legislature, he said, was controlled by the Republicans. "In that legislature it was usually difficult to tell the difference between a Republican, a Democrat and a Bull Moose. They are all entitled to credit."

The governor discussed at length, Mr. Osborn's charge that his administration had been an extravagant one, and made little of Mr. Osborn's assertion that he had voted no appropriations. There were no vetoes, he said, because the committees on appropriations and the administrators had given the most careful attention to appropriations before the bills were drawn, and so the figures they contained were irrefutable figures, if the state's various institutions and activities were to be carried on with the greatest benefit to the state.

The governor asserted that Mr. Osborn in questioning the appropriations was attacking the course of a Republican legislature, as well as of a Democratic governor. Governor Ferris charged that if Mr. Osborn, when he was governor, had not vetoed an appropriation of \$6,500 for a pumping plant at the School for the Deaf at Flint the administration building building would not have subsequently been lost by fire. Governor Ferris asserted this \$6,500 economy had cost the state \$195,000.

## BUSH FALLS; BRAVES WIN

### BOSTON NATIONALS TAKE THIRD STRAIGHT FROM ATHLETICS IN MOST SENSATIONAL WORLD'S SERIES GAME EVER PLAYED

(Special to the Press.)

Fenway Park, Boston, Oct. 12. In one of the most thrilling games ever witnessed in a world's Series, the Boston Braves defeated the Philadelphia Athletics in the twelfth inning this afternoon by a score of 5 to 4, thus gaining their third straight victory in the race for the championship of the universe.

The game was close from the start to the finish. The Athletics were at bay striving to stop the triumphant march of the National League pennant winners.

The latter part of the game was played in the twilight that made it difficult for spectators in the grand stand to see the ball. In the ninth inning the Athletics, first to bat, scored two runs and made it look as if they had the game sewed up but in their half of the inning, the Braves came right back, undaunted and scored two runs. One of them was a home run by Catcher Gowdy, who earlier in the game had also made a double.

The game was replete with sensational fielding stunts by members of both teams. The winning run was scored by the Braves as the result of a mishap to Pitcher Bush, who had withstood every attempt of the Braves to capture the victory.

Catcher Gowdy was the first man up. He doubled into the left field bleachers, for the second time during the game and for his third hit of the day, but Mann ran for him. Gilbert was sent up to bat for pitcher James, who had succeeded pitcher "Lefty" Tyler, in the tenth inning, when a pinch hitter was sent in to bat for that twirler.

Gilbert was given an intentional pass by pitcher Bush. Moran was next up and hunted to pitcher Bush, who fell while attempting to field the ball and threw wild to third, while lying on the ground Barry, who covered the bag made a desperate try for the ball, but it rolled into left field and Mann jogged home with the winning run.

The game was watched by 35,520 frenzied spectators. Gowdy was the slugging star of today's game, the Braves' catcher driving out two two base hits and a home run during the afternoon. With the Athletics two runs in the lead, when Boston took the field in the tenth, defeat seemed certain for the Braves, but it was Gowdy, with his mighty war club that connected for one of the longest home run drives ever made on the local grounds, that drove in the tying count and hoisted the great army of Boston fans from the depths of desperation to the heights of ecstasy. Strong men shed tears of joy and a scene was enacted then that was only duplicated when Mann raced home with the winning score in the twelfth.

## PASSES AWAY AFTER A SHORT ILLNESS

After being ill for but a few days, Hugh Sharkey, a resident of Escanaba for many years, passed away on Sunday evening at a local hospital. The body was removed to the undertaking rooms of J. A. Allo, where it was prepared for burial and yesterday afternoon was removed to the home of Mr. Sharkey's mother at 117 Ludington street.

Definite arrangements for the funeral will not be made until today. Mr. Sharkey was 42 years of age and is survived by his mother and one sister.

ed. Mr. Ferris left Escanaba at 7 o'clock yesterday morning, accompanied by Francis T. McDonald, of Sault Ste. Marie, Democratic candidate for congress and G. T. Werline, of this city, to tour through Menominee county yesterday, concluding his visit to the peninsula with an address at Menominee last night.

## PETITIONS PRESENTED

### LOCAL OPTION PETITIONS FILED WITH SUPERVISORS AND REFERRED TO A COMMITTEE

Petitions formally placing the matter of submitting the local option question to voters of Delta county at the election of next spring, were presented to the Delta county board of supervisors yesterday. The petitions bear a total of 1065 names with the number required for submission of the question is 1495. A committee of five members was appointed by the board to investigate the petitions to learn if all of the signers are legal citizens and to hear objections that will be made to the consideration of some of the petitions. The members of the committee are Supervisors Mason, Atkins, Bruce, Chaffin and Good.

By an arrangement made yesterday the members of that committee will meet with the attorneys representing both the proponents and the objectors to the petitions on Wednesday evening and on Thursday morning the matter will probably be brought before the board of supervisors as a whole.

Atty. A. H. Ryall appeared before the board yesterday representing the petitioners while Atty. Joseph P. Cuddy, appeared to represent the objectors to the petitions.

In a short statement before the supervisors yesterday, Atty. Cuddy broadly hinted that he will make public startling charges against some of the petitioners when the matter is brought before the board. Petitions from the Fourth ward of Gladstone and from Isabella, Nahma township were yesterday withdrawn, following the ruling of Pros. Atty. T. E. Strom, that they were not in proper form and not legal petitions.

## SOX DOWN THE CUBS

### WILL HAVE CLUB ROOMS

(Special to the Press.) Chicago, Ill., Oct. 12. The Sox won today 3 to 1 and now have a chance to win the city series if they win two more. The Cubs have won three and the Sox two. Scott and Eber have the Cubs only five hits between them while the Sox piled up nine singles off of Cheney. Both pitchers had perfect support but in the ninth inning Schalk doubled, Boston sacrificed, Bodie batted for Scott, but was an easy out at first. With two out Weaver tripled, scoring Schalk. Blackburne then singled, scoring Weaver and the game was won. The Cubs made their only run in the fourth on a triple by Schultz and he scored when the Sox were getting Sweeney out between bases.

Mrs. William Griggs of Gladstone was in the city last evening enroute to an extended visit with friends and relatives at Chicago and Detroit.

## RESULTS ARE MADE PLAIN

### COL. C. W. MOTT DELIVERS STIRRING ADDRESS FOR DEVELOPMENT BUREAU BEFORE SUPERVISORS

Col. C. W. Mott, manager of the Upper Peninsula Development Bureau yesterday gave to the supervisors of Delta county a lucid verbal demonstration of what the bureau has accomplished for Delta county and the whole of Cloverland. By statistics furnished by the supervisors of the 15 counties in the peninsula, it was shown that from May 1 1913 to May 1 1914, a total of 1624 new families came into this district, increasing the population of Cloverland by 4156 people. In Delta county alone 241 new families came into this county and lands totaling 52,260 acres in this county was sold during that period. In two years time the same statistics show that 2804 new families have been brought into Cloverland, or increasing the population of the district by approximately 11,000 people.

Mr. Mott showed to the supervisors over 8000 lines of free advertising secured for this district in outside newspapers and magazines in the past year. He told of the wide circulation that has been given by the bureau to literature setting forth the true advantages of this district. He told of the cooperation that has been secured by the bureau from the railway companies. He showed to the board the names of 2700 residents of other states who have written to him in the past year concerning Cloverland after reading advertising for this district furnished by the bureau. He told of the advantages that this entire district really possesses and pleaded for the cooperation of the Delta county board to enable the bureau to continue the great work that has been under taken that already has been accomplished a wonderful result and is just now ready to enter upon a wider scope of endeavor through the foundation that has now been prepared.

Members of the Escanaba council Knights of Columbus are to open elaborate club rooms in the Knights of Columbus building at 602 Ludington street. Work on the remodeling of the first floor of the building is to be started at once to make the club rooms available for the use of the members of the order before the opening of severe winter weather. In addition to a large lobby, reading room and billiard room, the quarters will be provided with the usual club room accommodations, making of it one of the most exclusive and modern club quarters of the city.

The work of laying floors, building partitions and finishing the walls and ceiling is to be started at once and rushed to completion as quickly as possible.

Members of the council met last night in special session to receive the report of a committee that had been named at a previous meeting and the complete recommendations of the committee were unanimously accepted.

## MRS. WILCOX TO REORGANIZE CLASS

Those who heard the recital given by the members of Mrs. Wilcox's vocal class, held at the Vandenberg Music store, last July, will be pleased to learn that Mrs. Wilcox will reorganize her class in the city.

Those wishing to consult her about vocal lessons, call at Vandenberg's music store on Ludington street on Tuesday, from 3 to 8 o'clock.

## We Now Present The Overcoat of the Season THE KLAIVICLE!

With the approach of the skirmish line of winter, in self defense men's thoughts are turning overcoatward.

For those who prefer a loose, draping garment—a garment that is a distinction as well as a necessity—there can be but one answer this season to this overcoat question—THE KLAIVICLE.

In all the years of our clothing experience it has never been our privilege to see anything that even approached it as a fashion achievement. In fact, we doubt whether there is another overcoat that can seriously dispute this Kuppenheimer production's title to absolute superiority—in point of style, comfort, and service.

Cut with all the drape and swing of a soldier's cape. Full military back and sleeves, all from one piece of cloth but without a seam, Padless shoulders. Wide velvet collar. Full soft roll lapel. Genuine natural buffalo horn buttons.

Within the impregnable defense of this sturdy-fabricked, brilliantly styled garment the wearer may face a long Winter's siege with an even and a tranquil mind,

To-day and all next week we will make a special showing of the KLAIVICLE in Belgian Chinchillas as well as in the most favored American weaves at

\$20, \$25 and up to \$45

BARAGA BALL TEAM SUES SOUTH SQQRE

Houghton, Oct. 10.--The Baraga ball team has been made the defendant in a civil suit instituted in Justice Hartanen's court at South Range by the South Shore ball team, for a sum of money equivalent to the expense of the latter organization in playing a series of two games at Baraga on Labor day and the Sunday preceding. The action was taken after the Houghton county club had been threatened with arrest for alleged defrauding a boarding house keeper. Manager Glass of the South Range team paid the bill then fled the suit. Manager Glass avers that the Baraga team, through Manager Birk, offered to pay the expenses of the local team to Baraga and that hotel bills were to be included. Accordingly the South Range team made its headquarters in Baraga's leading hostelry. They left without settling the account and the threatened arrest followed. The local team has retaliated and the entire town is interested in the case.

### LAJOIE THROUGH AS A REGULAR

Cleveland, O., Oct. 12.—Napoleon Lajoie will not be a Nap regular in 1915. This fact was learned definitely yesterday. While he still has great playing ability, the man who has been the idol of Cleveland fans for a decade cannot compete in a machine such as the Cleveland club expects to put on the field next season.

During the past few months rumors were afloat that Lajoie might be retired as a regular. It can now be stated authoritatively that one of the younger players will hold down the keystone sack. In fact, the entire Cleveland team will be made up of young players. What the club officials will seek next season will be speed. Any players who tend to slow up the machine will have to give way to someone with more speed.

While Lajoie has been able to play brilliant ball at times during the past season his work has not had the steadiness of the past. He covered less ground, although at times displaying that old time brilliancy in scooping up sizzling grounders and making those graceful one-handed stops of line drives. But his actions on the playing field were slower and did not add to the ginger of the men who are just coming to the top.

### LITTLE BOYS ARE SEEKING HOMES

Mrs. L. J. Donaldson, superintendent of the Good Will Farm home for children, has written to the Press, that she has two fine boys 13 and 11 years of age, together with others of two, four, five and six years, whom she desires to place in good homes. Mrs. Donaldson will be in Escanaba on Tuesday and at that time will be pleased to meet any persons who may desire to adopt one of the children.

### Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorate like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. ### TELL HOW SIEGE GUNS DESTROYED ANTWERP

Rotterdam, Oct. 12.—Here is a description taken from the Berliner Tageblatt of the terrible Krupp siege guns in action against Antwerp:

"Five kilometer (about three miles) north of our camp the great growlers lie. Every ten minutes there is a shot, a flame as from a smelting furnace, a very small cloud of smoke, a thunderous roar and then a hiss which becomes weaker and weaker.

"Pointed toward the heaven, the shot has begun its journey of destruction. Already after a few seconds the powder magazine of Fort St. Catherine has exploded. All had been carefully prepared for us. Fresh ammunition is carried to the guns and then automatically lifted into the breach."

News from other sources confirm the statement that the Germans have not at any time fired wildly against the forts. Their spies had the ranges of the vulnerable points to a yard.

### FERRIS BOOSTED AT LAKE LINDEN

A request has been received by the Press for the publication of the following from the Native Copper Times of Lake Linden:

Not only in the mining country is there a strong Ferris sentiment, but from below the straits comes news of many republicans who will endorse the big governor who was great enough and fearless enough to perform his full duty. The man who when the state and the national guard were maligned, was prompt to strike back for the honor of this great commonwealth and the good name of the Michigan National Guard; who told Washington that they could throw no light on conditions, for he knew, having personally investigated—and it is little wonder that party is forgotten to remember and welcome Woodbridge N. Ferris.

Thursday, Oct. 8th, will be Ferris day in the copper country. Michigan's strong governor is to be here, attending the Upper Peninsula Educational meeting. Thursday morning, and talking to our people at two o'clock in the afternoon, at the Coliseum. Calumet Arrangements are about completed for the governor's reception, a token showing appreciation of his worth as a man and governor, who performed his duty to the people of the copper country and of the great state of which he is the executive head, without thought of his political future. The great big plain American citizen governor who saw his duty and acted accordingly.

### CALUMET WANTS ESCANABA'S PLACE

Citizens of Calumet are making a strong effort to secure Escanaba's berth on the Second Battalion Michigan State Naval Reserves, following the mustering out of the local division early in the summer. The Calumet News says:

Early action by the state military board anent Calumet's application for the mustering in of the local division as a unit in the state naval reserve organization, is expected by local members, the expectation being based on recent communications from members of the board. Capt. Stevenson of the Yantic is expected in the copper country the first of next week to look over the situation and it is felt locally that the state military board will act largely on his recommendation.

As the Calumet division so far has met every possible expectation, has a prospective enrollment in excess of that required by the state board, it is regarded as almost certain favorable action will be taken.

The local reserves at their meeting next Tuesday evening will likely select a permanent armory and will elect provisional officers. Active drills will be started and the reserves hope to be mustered into the service at an early date.

The Laurium town hall is looked upon with favor as a suitable armory and without question would be a very desirable location. Further negotiations to the end that the hall be engaged probably will be conducted with the village officials.

### WANTS GENTLEMEN TO RAISE THEIR HATS

The following communication was received by The Press last night:

Notice to Men—Young and Old: Several visitors in the city, men well known in the social world and used to the rules of etiquette, had occasion to note the unwillingness or forgetfulness of men, especially young men of this city, of taking off their hats to their lady friends when they meet upon the streets. It does not show the proper respect merely to speak or touch your hat. Boys, don't be afraid to take off your hats for fear of disarranging your "pompadour". If you should read the history of the German people, you would find that they never fail to take off their hats when they meet a friend, whether gentleman or lady. Why cannot the present generation live up to these well laid customs.

### FISH IN HOT WEATHER

HEALTHIER THAN A CONSTANT DIET OF FRESH MEAT.

Supply is Generally Plentiful and Should Be Freely Used—Jellied Dish for Sunday Night Luncheon—Brook Trout.

(By LIDA AMES WILLIS.) For the summer, white-meat fish is greatly used, and the supply is quite equal to the demand.

True, there are restrictions in eating fish as frequently as we do meats. But these very restrictions add to its value. Most of us eat too much fresh meat, especially in hot weather, when it really should not be served oftener than three times per week.

**Jellied Fish.**—A nice relish for Sunday night supper, or for luncheon on a hot day, may be made as follows: For two cupsful of fish flakes use quarter of a package of soaked gelatin and a generous cupful of hot fish or chicken broth. Cook the fish in well-seasoned and acidulated water, and when flaked mix with finely minced capers, a little sweet green pepper, minced and chopped, or a pimento cut in small bits. Add the gelatin mix and mold.

**Brook Trout a la Cascade.**—Get road-sized trout, freshly caught, if possible. Remove the fins and have the fish drawn at the gills. Wash well in cold water. Cut in each fish several slanting gashes through the skin. Have a baking pan of agate or porcelain-lined near and put in a little bacon dripping or butter. Then lay in the fish and over them spread a mixture of two tablespoonfuls of butter whipped to a cream with a teaspoonful of finely minced parsley, two dashes of lemon juice, two or three dashes of pepper and salt to taste. Then mix a quarter of a teaspoonful each of salt and pepper with two kitchen tablespoonfuls of white wine and pour over the fish. Cover with heavy, buttered paraffin paper and bake in a moderate oven about twenty-five minutes. Taste two or three times, or often as necessary. Carefully remove the dish to a heated platter, strain the sauce in the pan into a half pint of sauce Hollandaise, cut thoroughly and pour over the fish and serve.

**Haddock au Gratin, With Sauce Normay.**—Try this for your next fish day dinner when you have a special guest. Most of the work may be done in the cool of the morning or before the actual hurry of dinner getting. Carefully clean and wash a haddock weighing about three pounds; do not remove the head or tail. Steam the fish in a pint of boiling water to which you have added a small onion, sliced, strip or two of parsley, several whole cloves, small bay leaf, quarter of a cupful of vinegar, half a teaspoonful of salt and a few pepper corns. When the fish is done remove and let it cool and strain the broth. Measure the flakes of fish. For a pint and a half, scant measure, a pint of sauce will be sufficient. Prepare as follows: To a pint of fish broth allow three tablespoonfuls of butter and a quarter cupful of flour stirred into melted butter; then broth is added. Season to taste with salt and pepper. When sauce boils add two ounces of Parmesan cheese and stir rapidly until cheese melts. Take from the fire and mix in three tablespoonfuls of butter chopped in bits. Have ready a quart of Duchesse potatoes (plain mashed will do), pipe an oblong au gratin dish or earthen baking dish with a potato border two inches high; put in a layer of sauce; on this spread some fish, then sauce, and fill dish up in this way, with top layer of sauce. The potato border of piping must be high enough to keep the sauce from running out. Cover the top with a layer of two tablespoonfuls of soft butter, grated cheese and a large tablespoonful of bread crumbs, and place in oven to brown.

**White Potato Meringue.** Pare and grate one large white potato, add the juice and grated rind of one lemon, one cupful of cold water, one cupful of white sugar, one-half teaspoonful of salt and the well-beaten white of one egg. Turn into a pie plate lined with puff paste and bake. When done cover with a meringue made of the beaten whites of three eggs, three tablespoonfuls of powdered sugar and flavored with a few drops of lemon extract. Brown delicately and, when cool, dot with bits of bright colored jelly.

**Raspberry Eclair.** A delicious dessert for the fruit season is éclair or pastry puffs filled with a raspberry mixture. To make the filling, whip until stiff a half-pint of cream. Stir in gradually a scant quarter of a pound of sugar and add three-fourths of a pint of raspberries which have been thoroughly crushed. Keep the mixture on ice a short time before serving.

**Oriental Beef.** One and one-half pounds of round beef, one-half pound fresh pork, one onion, two green peppers, one cupful crumbs. Salt to taste. Put all through meat chopper. Mix thoroughly, form into loaf, place in pan, lay three slices of bacon on top, pour over it one can tomatoes. Bake in steady oven 1 1/2 hours. Thicken gravy and strain.

**To Prevent Pastry Scorching.** Salt in the oven, placed over the baking plates, will prevent the pastry from scorching at the bottom.

### PENINSULA IS SOUND

In spite of the financial stringency now effecting many portions of the country, not a single business failure has occurred in the peninsula in four months and during the present year there has been but 14 failures recorded in this district. The showing is an exceptional one and reflects the sound business conditions that prevail in this district. An exchange says:

Bankruptcy matters in the United States district court for this district, the upper peninsula, since the first of the year have been negligible, and in the last four months, or since June 22, no petition of any kind has been filed. This condition is most unusual. In fact it has been several years since a similar good showing has been made.

In 1913, the records on file in the office of the deputy United States clerk show that thirty-four petitions, both voluntary and involuntary, were heard by the referee in bankruptcy, R. T. Looney. Since Jan. 1, 1914, only fourteen petitions have been heard, which is less than half of the number for the corresponding period a year ago. Furthermore, in a period of nearly four months, not a single business failure has been reported.

The strike conditions in the copper country last fall and winter are partially responsible for this condition, as the merchants in that region watched their accounts more closely than ever before, curtailed credit in every instance where the collection of an account seemed improbable. This condition has extended to every part of the upper peninsula.

### WOMAN KILLED WHEN MOTOR CAR OVERTURNS

Chippewa Falls, Wis., Oct. 12. Four women and a baby from Rhineland, touring in a big automobile, plunged over a 15-foot embankment at a dangerous curve in the road twelve miles east of this city this morning. Mrs. W. E. Ashton, aged 55, wife of the cashier of the First National bank, was killed. She was pinned under the car and survived only a few minutes. Mrs. Anna Walkers, aged 29, widow of Judge Walker, drove the car. Her ankle was broken, her limbs badly bruised and an arm hurt.

Mrs. H. Hildermann, aged 50, owner of the car and mother of Mrs. Walker, was seriously injured about the spine, several ribs were broken and internal injuries inflicted. She may die. She is the wife of a retired brewer. Mrs. E. H. Keith, aged 37, wife of a leading dentist, hurt her left side and was bruised. Harriet Walker, aged 2, daughter of Mrs. Walker, was not hurt at all.

Mrs. Walker was driving twenty-five miles an hour on a slippery road. She came suddenly to a sharp turn at the top of a hill, and could not swing the car. It shot off the bank and turned over, landing on the wheels. Three women and the baby were thrown clear, but Mrs. Ashton was caught under the wheels and crushed.

### OFFICER GIVES OPINION ON WAR

New York, Oct. 10.—Among 1,500 passengers, who arrived on the Lusitania from Liverpool today, were Assistant Secretary of War Breckendridge and twenty officers of the United States army, who went to Europe on the cruiser Tennessee to assist Americans out of the war zone.

The New York City news bureau quotes Captain Coleman, one of the returning officers as saying that he was with the right wing of the allied armies at the battle of the Marne and that five million men were engaged in the battle.

"The German retreat was due to the lack of food supplies and ammunition," he said. "The Germans never again will get as near Paris as they have been. The French artillery is superior to the German, but the German cavalry is better than the French."

"Coleman is said to have characterized the bayonet charges of the French as wonderful."

### CHARITY BALL PLANNED BY THE WOMAN'S CLUB

At the meeting of the Charity Committee of the Women's Club at the City hall on Friday afternoon tentative plans were laid for a Charity ball to be held in Escanaba in the near future. Charity balls, as a general rule, are foremost social events of any locality and would prove such in Escanaba. Plans for the ball will be completed within a few days.

**CUT loose from the big bulgy wad. For a clean, small chew there's nothing like "Right-Cut." It is the Real Tobacco Chew that you hear men boosting to their friends.**

Pure, sappy tobacco—seasoned and sweetened just enough. You get the taste of the richest tobacco grown.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary scented tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.
