

## SITUATION BECOMES TENSE BETWEEN AUSTRIA AND ITALY

### Famine in Brussels has Been Averted Foodstuffs Being Shipped From England--German Line Appears Victorious--Work With Uncanny Preciseness.

#### BULLETIN

Paris, Oct. 20.—An official statement tonight says: "The day is characterized by the efforts of the Germans along all parts of the front. At the extreme north where the Belgians hold its own remarkably. At Labasse, where the Germans attempted an especially violent offensive. On the heights of the Meuse, and everywhere the German attacks are repulsed."

#### BULLETIN

Washington, Oct. 20.—The British government has revealed in an official letter to the state department today an exciting attempt of a fleet of 15 German merchant vessels to flee from the port of Manila, where they put in soon after the declaration of war. The department was informed that five got away laden with coal. Others were trying from time to time to run the blockade of Japanese and British cruisers.

#### BULLETIN

Furnes, Belgium, Oct. 20.—The king of Belgium is here with his army.

#### BULLETIN

London, Oct. 20.—A Berlin dispatch via Amsterdam states that municipal and state officials at Warsaw have been ordered to leave should the Germans approach within 20 miles.

#### BULLETIN

London, Oct. 20.—Lloyd's agency states that the admiralty has received a report that the British steamer *Giltra* was sunk by Germans in the North sea.

#### BULLETIN

London, Oct. 20.—The famine peril in Brussels has been averted. An agreement was reached today whereby England will ship to Brussels sufficient foodstuffs to care for the needs of the noncombatants. These foodstuffs will be consigned to the American minister and he will superintend the distribution. The first big consignment of food leaves England for Brussels tomorrow.

#### BULLETIN

Petrograd, Oct. 20.—The Russian minister of the interior received reports today stating that 4050 horses had been destroyed. The damage estimated at a million and half dollars resulted from an Austrian invasion of Lublin and Rhelm.

#### BULLETIN

Manchester, Mass., Oct. 20.—The Austrian ambassador received the following from the foreign minister at Vienna:

"The battle east of Chrow and Przemysl brought us again great success. The most stubborn fighting of war was near Maszynez. The heights of Magiers were carried by our troops. Our troops advance under continued fighting. The struggle on San river goes on."

#### (Special to the Press.)

Chiasso, Switzerland, Oct. 20.—The situation between Italy and Austria is becoming more grave daily notwithstanding efforts to prevent friction. Prince von Hohenlohe, governor of Trieste declared his moral conviction soon would have evidence that the fire at the Monfalcone dockyard was due to Italian conspiracy. Despite efforts of the conspirators to conceal their identity he is convinced that the ring-leaders will be found among the prominent Italians of Trieste and are included among the thousand whom the police put on their list as dangerous subjects to be arrested in case of war with Italy.

#### (Special to the Press.)

London, Oct. 20.—A wireless dispatch from Berlin today says: "So far 110 German planes have destroyed on the average of one aeroplane daily. The German war machine is working with uncanny and silent perfection. Verdun is sure to fall shortly. Some outer forts are already reduced. It is reported from Constantinople that a German cruiser bombarded the railway line to Adisababa now under construction. The French section of the line is said to be destroyed. Much damage is suffered by the French colony. Unrest in India against the British is increasing."

Paris, Oct. 20.—Seven distinct and violent attacks of desperate character were directed by the Germans today along the whole battle front extending from the Meuse to the sea in tremendous effort to relieve the con-

stantly increasing pressure by the allies' front, all efforts repelled. The invaders suffered further check near the sea by the Belgians. In the vicinity of Labasse they made furious attacks only to be repulsed. North of Arras the Prussians again resumed the offensive and further to the south, between Peronne and Albert the Germans advanced as far as Namets where they were checked and compelled to withdraw. East of Argonne the army of the crown prince appeared for the first time in the vicinity of Vauquois where they met the French equal strength and were driven back.

At the heights of the Meuse the invaders made futile attempts to dislodge the French. The region of Champlain like a disaster met the Germans.

Formal notice has been given by the North Western road that gifts for the European Christmas Ship, will be transported by that company without charge. Following is the letter issued by the company to all agents and the formal notice to the public issued by C. R. Henderson, local agent for the company:

Chicago, October 17, 1914.

To All Agents:— This company will transport free of freight charges shipments of gifts for the European Christmas Ship, sailing from Brooklyn, N. Y., November 10.

Shipments should be plainly marked "for the Christmas Ship" and consigned to Mr. James Keeley, Pugh Terminals, Warehouse B, Chicago, Ill. and waybilled free to State St. Chicago.

S. F. MILLER, General Freight Agent.

To the Public:— The above from our General freight agent is self-explanatory. All shipments of gifts for the Christmas Ship should be brought to the local C. & N. W. freight depot not later than Saturday, October 31, for transportation, as per above letter. Be sure the shipments are plainly marked.

## GERMANS TO STRIP FRANCE OF TERRITORY

Paris, Oct. 20.—M. Clemenceau devotes his leading editorial in *L'Homme Libre* to extracts from a letter just received from an intimate friend who is an American diplomat and knows the Kaiser personally and has been received by him at Berlin. The letter relates a conversation alleged to have been held by Count von Bernstorff at the end of August with an important American banker in the presence of several rich Berliners. The conversation is described as taking place in the smoking room of a casino or hotel at an unnamed city, described adequately enough to identify it as Newport, R. I.

One of the Berliners, the letter says asked Count von Bernstorff what the Kaiser would take from France at the end of the war. The ambassador replied, counting off the points on his fingers:

"First, all the colonies of Morocco, entire Algeria and Tunis.

"Second, all France from St. Valery in a straight line to Lyons, or more than a quarter of France, and having more than 15,000,000 inhabitants.

"Third, an indemnity of \$2,000,000,000.

"Fourth, a commercial treaty permitting German goods to enter France duty-free for 25 years without reciprocity.

"Fifth, the continuation of the trade conditions provided in the treaty of Frankfurt.

"Sixth, the demolishing of all French fortresses.

"Seventh, the gift by France of 3,000,000 rifles, 3,000 cannons and 40,000 horses.

"Eighth, patent rights for German patents without reciprocity for 25 years.

"Ninth, France to abandon her alliance with Russia and England.

"Tenth, a 25-year treaty of alliance with Germany."

## PROPOSAL MODIFIED

Because property owners in the flood district, in the western portion of the city, are unable to reach an agreement, as to the course that should be followed by a drain for that part of the city, officials of Escanaba have been forced to change their plans for that work. Instead of constructing a new drain immediately, the council last night authorized the street commissioner to engage a force of men at once and begin the work of cleaning out the ditches along the Ford River Switch road and the Willow Creek drain for a point north of the road through what is known as the "sand hill." A twelve inch pipe that has been laid through a sand cut on the Willow Creek Drain will be removed and an open ditch planked at the sides will be provided instead.

Property owners residing in the flood district have communicated with the state drain commissioner and the council will authorize no work in constructing a new drain until that official has been heard from or it has been proven that the deepening of the present drain, now to be carried out, is not adequate to meet the situation.

## DEMOCRATIC RALLY; FREE DANCE TONIGHT

Hon. Emmett L. Beach, Democratic candidate for lieutenant governor, will arrive in Escanaba tomorrow to spend two days in Delta county in the interests of his candidacy. Mr. Beach will deliver an address at Gladstone on Thursday evening and on Friday evening will address an audience at the city hall in this city. Mr. Beach was formerly judge of the Saginaw county circuit, is a brilliant orator and an expert parliamentarian. It is expected that his address here will attract a large audience of interested people.

## SORROWING PEOPLE ATTEND FUNERAL

A large number of sorrowing relatives and friends yesterday morning attended the funeral of James Hughes at St. Patrick's church at 8 o'clock. Rev. Father Barth officiated at the impressive funeral Mass. Interment was at St. Joseph's cemetery. A large number of beautiful floral offerings were received at the home speaking eloquently of the sorrow that had been caused among the friends of the young man.

## FEDERAL BANKS TO OPEN SOON

(Special to the Press.) Washington, Oct. 20.—The federal reserve banks are to be opened on Monday, Nov. 16 to perform at least some of their functions, according to an announcement made today at a convention of Federal reserve directors. Secretary McAdoo said it would be necessary to prepare to receive its reserve deposits from banks and to have rediscount machinery ready for such part of the reserve as would be paid in by the banks.

## EXPLOSION IN TENEMENT HOUSE

(Special to the Press.) Montreal, Oct. 20.—One man is dead and four are injured in a tenement house, wrecked and believed to hold other bodies, as a result of an explosion tonight. Tenement was peopled by Austrians, Poles and Roumanians. The police are investigating the cause of the explosion.

## COUNCIL DOES NOT ACT ON XMAS SHIP GIFT

Members of the city council last night took no action on a request from a committee of the Escanaba Woman's Club for a donation of \$25 to be used toward providing the city's gift toward the European Christmas ship that is to sail from New York on Nov. 10. The request of the club was presented to the council by Mayor Chatfield near the close of the session but no action was recommended by the aldermen and a motion to adjourn followed.

## SPECIAL SERVICES LARGELY ATTENDED

Special services marking the observance of Forty Hours Devotions at St. Patrick's church, were launched at St. Patrick's church at 9 o'clock yesterday morning. In addition to the High Mass service of the morning last evening at 7:30 o'clock Rev. Father Corcoran, of Iron Mountain delivered a sermon to an audience that taxed the capacity of the church. Rev. Father LaForest of Iron Mountain will officiate the High Mass service of this morning at 9 o'clock, assisted by members of the visiting clergy who are in the city. This evening at 7:30 o'clock Father Corcoran will again deliver the formal sermon. The special services will close on Thursday evening.

## TO INSPECT AUTO TRUCKS

A committee of four, representing the Escanaba city council, will leave this evening for cities in Wisconsin and Illinois to inspect auto fire trucks, now in use, that the aldermen may be furnished with authoritative information before a motor fire truck is purchased for this city. According to action taken by the council last night the junketing committee will be made up of Mayor O. P. Chatfield, Aldermen E. J. Noreus and C. N. Wood, of the special council committee and either Fire Chief William Meiers or Ald. William Buchholz, chairman of the council fire committee. The expense of the trip will be paid by the council with the understanding that the company from which a truck is purchased, will later reimburse the city for the expense that is incurred by the trip of the committee members. Mayor Chatfield with members of the committee will be absent from the city for the remainder of the week.

## REPUBLICANS TO APPEAR SECOND

Unlike the makeup of the ballots of former years the Republican candidates will occupy the second column while the Democrats will be accorded the first column and the National Progressive third on the document. This information, though slight, should be carefully regarded by voters of the district.

## OSBORN MAKES MALICIOUS CHARGE

The few friends Chase S. Osborn seems to have in the commonwealth of Michigan are considerably perturbed because of another flaccid brought about by an unwarranted attack by Mr. Osborn upon the state tax commission.

Mr. Osborn deliberately misrepresented the tax commission and charged it with holding star chamber sessions. The prompt and dignified reputation of this slander by the commission, one of whom is George B. Horton, former master of the state grange, and a leading Republican appointed by Mr. Osborn when the commission replied to Mr. Osborn's false charges, men of all parties knew that Osborn could not prove his statement, but his advisers, knowing his ability to get out through a small hole, hoped that he could make some plausible explanation, but his utter silence proves that there is no reply that he can make.

## LOCAL PHYSICIAN GETS APPOINTMENT

Dr. A. L. Laing yesterday received official confirmation from Soo Line officials of his appointment to the position as So Line physician for this district. All injuries occurring on the So Line should be reported to Dr. A. L. Laing of this city where they will receive attention.

## ST. JOSEPH SECOND TEAM WINS GAME FROM JEFFERSON

St. Joseph's high school second football team yesterday afternoon defeated the Jefferson school team by a score of 26 to 6. The St. Joseph's school players gained a lead early in the game and held the advantage to the end.

## FOUR CASES WERE UP

### TWO ACTIONS BROUGHT AGAINST ESCANABA MANUFACTURING COMPANY ARE NON-SUITED

Four cases yesterday held the attention of Circuit court now in session here, one criminal case was continued, two jury civil cases were non-suit while the third jury civil case was occupying the attention of the court when the afternoon session was closed and will again be taken up at 9 o'clock this morning.

In the criminal case of the People against Joseph Blondeau, the case was continued on application from Prosecuting Attorney T. E. Strom.

In two actions brought to recover damages from the Escanaba Manufacturing company, the first by Fred Paro and the second by Joseph Youngs and others, both plaintiffs submitted to non-suits and will be brought up again at a future term of court.

The second of the two cases against the Escanaba Manufacturing Company, brought by Joseph Youngs, Sr., was of a decidedly exceptional nature. Youngs had brought action for the recovery of \$900 which he alleged was due him for logging operations which he claimed to have carried on for the Escanaba Manufacturing Company. With Atty. N. C. Spencer appearing for the plaintiff and Atty. A. H. Ryall for the local manufacturing company, a jury was drawn and the first witness, Mr. Young's was called. When the witness was turned over to Atty. Ryall for cross-examination, it immediately developed that Young's had been working for the United Logging Company and the Beaver Timber Company in his logging operations instead of the Escanaba Manufacturing Company. The plaintiff readily admitted that he had started suit against the wrong company and the case was dismissed from the present calendar.

Following the two non-suits a jury was drawn for the case in which the action was brought by John Colburn of Cornell against the Chicago, Milwaukee and St. Paul railway. In the brief declaration of the case to the jury it was set forth that Mr. Colburn would attempt to recover damages to the extent of \$12,000 which he alleges is due him for the destruction of a saw mill at Cornell by fire on the night of May 14, 1914, which, the plaintiff contends, was caused by sparks from a Chicago, Milwaukee and St. Paul locomotive pulling empty ore cars through Cornell over the Escanaba and Lake Superior Railway.

Charles Harrison of Cornell was placed on the stand yesterday afternoon as a witness through whom Mr. Colburn will attempt to substantiate his claims. In his testimony on the stand yesterday afternoon, shortly before court was adjourned, Mr. Harrison stated that the fire had started at the mill but a short time after the locomotive had passed through the village emitting clouds of sparks with a strong wind blowing them toward the saw mill buildings. The entire property was destroyed.

The defense spent but a short time in the cross examination of the witness yesterday afternoon but it is clearly shown that they will attempt to show that the fire was started from a burner near the mills, which, it was alleged, had taken five several times previously.

The case will be taken up again this morning and will probably occupy the greater share of the day. Atty. A. H. Ryall is representing the plaintiff while Atty. N. C. Spencer and Atty. Charles Watson of Crystal Falls, also a Chicago, Milwaukee and St. Paul attorney, are defending the interests of the railroad company.

## LOCAL DRAYMAN DIES SUDDENLY

Two hours after he had suffered his fifth stroke of paralysis, George Brickley, pioneer drayman of the city, passed away at 11:30 o'clock at his home at 210 South Elmore street last night. Mr. Brickley has spent the day as usual on his dray and returned to his home at about 9 o'clock after making the evening train, complaining that he was not feeling well. A short time later he attempted to walk to his bed, he found it impossible and accordingly Dr. Harry Long was called who found that the man had suffered a severe stroke of paralysis. Gradually the life ebbed away and at 11:30 the end came. This was his fifth stroke. Mr. Brickley is survived by two brothers, James of Milwaukee and Joseph of Green Bay, together with his wife. He was a member of the Modern Woodmen of American and the Institut Jacques Cartier. No funeral arrangements have as yet been made. He was 52 years of age.

## LOCAL YOUNG MEN WITNESSED GAME

Harold Gross and Rintoul Whitney spent Saturday and Sunday at Appleton, attending Carroll-Lawrence game. Mr. Whitney played the past two years on the Carroll team acting as linesman. Saturday Whitney had an excellent opportunity of reviewing the game.

Carroll put up a strenuous fight and made more consistent gains than Lawrence, although lost the game on two intercepted forward passes netting Lawrence 12 points. Poliere, the Indian quarter back and Moeke, starred for Carroll. Poliere kicked a goal from the field making three points for Carroll. A week ago Lawrence won from Lake Forest 19 to 17, and two weeks ago Saturday Carroll won from Marquette University 16 to 0. In the season's record so far the College teams are stronger than many of the Universities.

## MORROW TO MANISTIQUE

Joseph Morrow, organizer for the Loyal Order of Moose, will leave this morning for Manistique to begin the preliminary work for the institution of a lodge of the order in that city.

As an organizer, Mr. Morrow has displayed marked ability in this city where in less than a year he has established a Moose Lodge with a membership of 700 and with over 300 applications pending before the members, awaiting initiation.

The remarkable strength gained by the local Moose lodge in such a short time has already prompted officers of that organization to begin the consideration of plans for the construction of a magnificent Moose temple in this city. The local lodge has been placed on an eminently satisfactory financial basis and is recognized as one of Escanaba's most flourishing fraternal bodies.

Mr. Morrow will today make a preliminary survey of the field at Manistique and later will return to that city to undertake active work for the formal institution of the lodge.

## CHEMISTRY CLASSES VISIT FILTERATION PLANT

The two classes in chemistry of the local high school yesterday morning were taken on a tour of inspection to the filtration plant of the Northern Michigan Water Company. The members of the two classes remained at the plant from 10 o'clock until noon and emerged from the building with a feeling that their time had not been ill spent.

## CANDIDATES FOR OFFICE TO EXPOUND

The members of the Republican candidates for county and state offices have arranged for a meeting at South Ford River on Friday night of this week, at which time candidates prominent in that party will deliver addresses to the voters of that section of the county. Among those who will go to South Ford River are Atty. G. R. Empton, Atty. H. J. Rushton, Atty. Myrick D. Mead and Atty. Pierson.

On Monday night of next week the same candidates will go to Stoughton where they will hold another night meeting. From this time until election the Republican candidates will be on the jump every minute carrying out campaign duties.

## CAR LOAD OF MAXWELLS RECEIVED IN THE CITY

John J. Jackson, local agent for the Maxwell automobile, yesterday received a car load of cars which he will distribute in this locality immediately.

Several of the cars received by Mr. Jackson have been sold for several weeks and those which remain will go within a few days time. All are equipped with the latest automobile appliances.

## MODERN WOODMEN MEET FOR AMENDMENT DISCUSSION

At the special meeting of the Modern Woodmen of America at the Odd Fellows hall last evening, R. A. Langley, state deputy addressed the 100 gathered members on the proposed fraternal amendment. Following the address by Mr. Langley the members of the lodge voted unanimously against the amendment to the constitution.

Tommy Moore, of Bridge One is in the city on business.

## MANY MATTERS GET ACTION

Members of the city council last night transacted a considerable volume of routine and special business in record time.

Among the matters given action were the following:

Ordered an arc light placed on Georgia and Ayer streets.

Accepted the recommendation of the finance committee to refund to J. C. Vallin a tax that had been illegally assessed.

Accepted the recommendation of the finance committee to refund to Mrs. Delphine Pichette a tax that had been twice paid.

Received and referred to the finance committee the applications of Helme Groth and D. McGovern as auto truck driver in the fire department.

Received a communication from Supt. Roberts of the North Michigan Water Company, notifying the council of the completion of new water mains from First to Elm streets and from First to Jacob streets.

Received the report of the city treasurer showing that on Oct. 6 the city's total amount of cash was \$11,151.91.

Authorized the purchasing committee to advertise for bids for the purchase of hose to be used by the street commissioner in flushing sewers about the city.

## HOLD FUNERAL THIS MORNING

Funeral services over the body of Nicholas Nies, pioneer businessman of Escanaba, who passed away on Sunday night, will be conducted at 7 o'clock this morning at St. Joseph's church. The body will be removed from the undertaking rooms of J. J. Allo to the residence of Peter Lemme on Campbell street, at 7 o'clock this morning and the funeral will be conducted from that home to the church interment will be at St. Joseph's cemetery. James Nies, a brother, arrived in the city yesterday morning and assumed charge of arrangements for the funeral.

## TWO CLASSES BATTLE TO TITLE

To decide the interclass football championship of the high school, the members of the Junior Class and the Seniors yesterday afternoon battled a 0 to 0 tie for the four quarters play. At no stage of the game did either class have a chance to score and with the staging of the second game between the classes next week a considerable crowd will probably be attracted. Both teams are evenly matched and are fighting hard for the school championship.

## ITALIAN ADMITS KILLING FARMER

Kenosha, Wis., Oct. 20.—After hours of third degree examination, Luigi Lozz, an Italian 20 years of age, this morning admitted that he had shot and killed John Luss, a prominent farmer, at his home in the town of Somers. Sunday morning after Luss had ordered him and five other bus drivers off the farm.

The confession of Aulozz was secured after the story had been told by 15-year-old Italian boy, Nuzio Marus who had been a member of the party. The boy stood out against the order of the examination for four hours, when one of the official shouted him. "It was your father that killed Luss," the boy gave up and sobbed he shouted "No, no, it was Louie."

Later Aulozz admitted that he had killed Luss. He asserted that he had shot him in defense of his father Phillip Aulozz, who had been one of the party. He asserted that Luss had tackled his father with a pruning hook and that threatened to kill him, when he raised his shotgun and killed the farmer.

Aulozz was arraigned on charges of murder this morning, but the hearing adjourned to permit further investigations into the case. Somers' farm is being heavily guarded for fear there may be an uprising to threaten the life of the Italian defendant. The housekeeper for Luss, Mrs. Ad. Jones, declares that Luss had no attack on any of the members of the hunting party, and that he simply ordered them to keep away from the farmhouse.

ONE DAY OF PEACE.

A Catholic cardinal, a Protestant bishop, a Jewish rabbi and a university president are promoters of a movement to induce the warring nations of Europe to declare a truce of twenty-four hours on Christmas day.

The warring nations are all Christian. They all profess adherence to the teachings of the Prince of Peace. Yet, on Christianity's most solemn day, on the anniversary of the birth of him who enunciated the golden rule and whose coming was heralded from on high as inaugurating the reign of peace on earth, there will probably be no cessation of hostilities.

The spirit of war and the spirit of Christmas are irreconcilable. There can be no compromise. War is essentially un-Christian and Christianity is fundamentally unwarlike.

It is none the less gratifying that the suggestion for a Christmas of peace has come from America. This county will lend to the innocent sufferers of Europe a ship load of Christmas cheer to bring a little light where there is appalling darkness of misery and hopelessness.

The sultan must demobilize his army unless someone can lend him money to meet the expense. Anyone supplying money for this purpose will, therefore, be at once suspected of having an ulterior interest in the Turk-

ish army. Altruism is not the order of the day.

WAR

(Continued from page one.)

London, Oct. 20.—Great battles continue in the eastern theater between the Russian and the Austro-German forces. Reports from both sides are brief and contradictory.

Petrograd claims the Russians have won partial success in very severe fighting before Warsaw and Przemysl. Vienna declares that the Austro-German armies have made advances in both regions and that the Russian casualties in Przemysl number forty thousand.

A newspaper correspondent at Lemberg, referring to the German losses in the attempts to cross the upper San river, telegraphs that this stream is filled with the bodies of German soldiers, floating down to augment similar flotillas on the Vistula, where other German troops have met the same fate. The correspondent says that none of the repeated attempts to cross the San yet have been successful.

The correspondent of the Central News at Rome says that there has been received from Bucharest a telegram which declares that a German train composed of 150 trucks laden with munitions and other war material for Turkey has been stopped by the Roumanian authorities on the railroad between Bucharest and Giurgevo, on the Danube. The German government protested, but the train was not allowed to proceed.

According to a telegram received from Berlin, the Turkish government has requested the ecumenical patriarch, the head of the Greek orthodox church, to leave Constantinople. The Greek church is the dominant force of Christianity throughout the Russian empire, in the kingdom of Greece, in European Turkey among both Slavs and Greeks, in parts of Austria and Hungary and in Roumania, Bulgaria, Servia and Montenegro.

The highest officers are the four patriarchs of Constantinople, Alexandria, Antioch and Jerusalem, but the most of these rulers is the patriarch of Constantinople. Germanos V, known as the ecumenical patriarch. He is the most exalted patriarch of the eastern churches and his influence reaches far outside the land of the patriarchate.

London, Oct. 20.—Prince Yusof Izzeddin, eldest son of the late Sultan Abdul Aziz, of Turkey, was proclaimed by the sultan today her presumptive to the Turkish throne and generalissimo of the army and navy, according to a dispatch to the Reuters Telegram company from Petrograd.

The announcement was made unexpectedly at a family council, says the Constantinople correspondent, in order to combat the dictatorship of Kaiser Pasha and German influence.

The ports has declined to discharge the German crews of the cruisers Goeben and Breslau, which have been in Turkish waters since early in the hostilities and which are said to have been sold by Germany to the Turkish government. This reply was given in answer to the British representations regarding the continued presence of Germans on board these two vessels. The Turkish government has now shelved the matter, declaring it to be a domestic question, although it had previously given repeated assurances that these Germans would be repatriated.

London, Oct. 20.—A Rome dispatch to the Central News says: "According to advices from Trieste, all the new Austrian soldiers are required to take the oath of fidelity to the German emperor as well as to the Austrian emperor."

"From Trieste it is reported also that insurrectionary bands are swarming in all parts of the Austrian empire. The attitude of the Slav troops forming the garrisons at Pola and Sebenico is said to be menacing and disaffection is reported on the ships of the Austrian fleet, whose crews are made up in part of Slavs and Italians."

London, Oct. 20.—The Daily Mail says that the preliminary proceedings in connection with the court-martial of a supposed American on a charge of espionage will begin in private at the Wellington barracks, London, today. The accused has been in custody several days.

Antwerp, via London, Oct. 20.—Antwerp is a dead city. The populace has fled and the streets are deserted. Smoking ruins still mark the havoc wrought by the German shell fire. The thoroughfares are piled with wreckage, millions of dollars' worth of merchandise having been ruined in the wholesale district alone. The invading hosts, however, have passed on. Only blue jackets and marine infantrymen now guard the city.

The effect of the big guns on Antwerp's fortifications was more striking than at Liege. Two armored turrets at Fort de Waverre St. Catherine were put out of action with a single shot, their steel beds being broken in two and the heavy masses of metal hurled five or six yards away. In another fort the concrete embankment was pierced like an egg shell and the steel turret uprooted. Still another turret was completely up-ended and lies with its base pointing skyward and its gun buried beneath.

Behind Fort Waelhem, where a 12-inch shell penetrated the magazine, a heavy steam engine which furnished power for the light plant was blown twenty yards from its base. The entire top of the forts here was torn off and sixty men of the garrison are said to have been buried beneath the debris.

London, Oct. 20. The population of Belgium suddenly is becoming what a French writer terms "a nation in exile." The burden of this tragedy is falling upon Great Britain, Holland and France. Between three hundred and four hundred thousand Belgians have crossed into Holland, and equal numbers have flocked southward into France. More than one hundred thousand have arrived on English shores and are continuing to pour across the English channel by thousands daily.

The principal Brussels newspaper, the Independent Belge, begins publication in London Wednesday. Its editor says that the Belgians fleeing from their country will never return if it remains under German rule.

A large proportion of the exiles are looking forward to making their homes in the United States, when they can obtain funds to go there.

Washington, Oct. 20.—The German government has consented to the admission of food supplies for destitute Belgians. The British ambassador here and Ambassador Page, in London, have been so notified by the state department. The state department has been urging this action by the German government for nearly a week. By the arrangement effected, supplies may enter Belgium, provided they are consigned to Minister Whitlock. The British government was insistent on this point, desiring to make certain that the supplies would not be used by the German army.

Ottawa, Ont., Oct. 20.—Orders went out from the militia headquarters today to the various centers to proceed at once with recruiting for the new Canadian expeditionary force. Within a year or less it is expected to have a hundred thousand men under arms. Drafts will be sent to England from time to time as requested by the war office, probably in units of about ten thousand each. About twenty thousand men are to be mobilized at once.

London, Oct. 20.—A Pretoria dispatch to the Reuters Telegram company says three officers and seventy men of Colonel Maritz's rebel force in South Africa have been captured and that four officers and forty men have voluntarily surrendered.

London, Oct. 20.—Another mob attempted to wreck German shops in the borough of Deptford tonight, but a large force of special police dispersed the crowd. Many of the German shopkeepers have strongly barricaded their stores.

A judge in the police court today declined to accept bail in the cases of the more than thirty rioters arrested during Sunday night's demonstration. The public prosecutor advised this

course, declaring that the conduct of the participants in the wrecking and looting of the stores and living apartments of the Germans was a disgrace to Englishmen.

The newspaper campaign against the employment of subjects of enemy countries continues. Several hotels announced today that all German and Austrian employees had been discharged. A number of large restaurants have substituted girl waiters for Austrians and Germans.

PERKINS NEWS.

Mrs. Norman Bishop and daughter Jeanne left Monday night for Green Bay.

Miss Jessie Whitney left Wednesday morning for a three week's visit at Hermansville and North Crandon, Wis.

John Sederlund was here on business Thursday.

Mrs. A. J. Voeiker and Miss Belle Hannigan of Brampton visited here on Sunday.

Miss Esther Carlson left a week ago for Minneapolis.

Miss Alice Pilon of Gladstone spent Saturday and Sunday at her home here.

Miss Mayme Decremmer from Gladstone visited a few days with relatives and friends here.

D. C. Pilon drove to Gladstone Sunday.

We fear that the correspondent of the "Perkins Notes" in the Escanaba Mirror has been misinformed. The Priscilla Sewing club is not a Perkins Suffragette Organization. It is simply a union of the young girls to perform womanly tasks, and not to attempt to achieve, what others more wise in active affairs of suffragism have not yet attained. When equal suffragism is granted to the people of this country, the sewing club will not be in the background at the polls, but until that day they are content to be absorbed in their daily occupations.

IT WAS REAL TROUBLE

By JESSE CROWN.

Mrs. Whittingham squeezed lemon into her husband's second glass of iced tea. "George," she began abruptly, "I'm perfectly sure that those Youngmarrys across the street have had a dreadful quarrel."

Whittingham knew that he might as well have it over with. "Now, Genevieve," he answered, "you're always suspecting something. But what makes you think they have had a misunderstanding?"

"You know how much they always seemed to think of one another," she said, "and how they always seemed to be such ah—"

"Billers and cooers."

"Yes, that's it exactly. Well, this morning after you had gone she came out on the porch as usual and got into the swing, in a little while he came out, too, and he never once offered to kiss her good-by, which is something he never before failed to do. He seemed so stiff and straight, and he simply marched right down the steps and away up the street without looking back once. I never saw it happen before. He always kisses her good-by and he always kissed her first thing when he reached home in the evening."

"Why," said Whittingham, "I came home with him this evening and—" "You needn't tell me that you didn't notice anything amiss," interrupted Mrs. Whittingham. "I know you didn't. Men never do. But what I noticed only confirms what you call my suspicions."

"After you left him at the steps you didn't look back. But I watched and Mr. Youngmurry marched right up and into the house with his face straight in front of him—dignified and cold and unbending as a ramrod. Mrs. Youngmurry appeared to smile a little half ashamed smile, and she got right up and followed him inside."

"And then while you were working in the garden Mrs. Youngmurry called little Jimmie Monson and sent him hurrying off to the drug store. I in-

"Dignified and Cold and Unbending."

quired of Jimmy what it was that Mrs. Youngmurry asked him to get, and Jimmy said he couldn't remember the name, but that the bottle had a skull and crossbones on it.

"I think it's perfectly dreadful for a romance as sweet as that one to end so. And such young married folks, too!"

"Well, my dear," said Whittingham, "you see—"

"Now, there's no excuse for it at all," went on Mrs. Whittingham emphatically. "I'm sure they haven't been married a year, and here they are quarreling like cats and dogs. To think of their not kissing good-by! I shouldn't be surprised if she took that poison she sent Jimmy Monson after! I'm all excited over it. I'm waiting every minute to see the ambulance rush up to their door and carry out her poor dead body! Men are such heartless things, and I think that something ought to be done before it's too late. I thought maybe Mr. Youngmurry said something to you about it on the way home—men are apt to tell one another their troubles."

"He did," responded Whittingham. "And you've let me worry all this time! George, that's downright mean of you! I don't see why you couldn't tell me."

"I've been trying to tell you for ten minutes. Youngmurry did not kiss his wife this morning as you observed and I know that he walks stiff as a poker. That is because he has a large pet bull on the back of his neck. The poison that Jimmy Monson purchased was nothing but a little iodine I advised him to paint it with. And so your terrible tragedy is not going to be pulled off this evening!"

"Oh," breathed Mrs. Whittingham. "I'm sure that's too bad!"—Chicago Daily News.

A Hopeful Parent.

"So your boy is home from college?" "Yes."

"I presume you have ambitious plans for his future?"

"Oh, yes. There are two big league teams in town and I expect one of them to approach him at any moment."

TWENTY SONS OF THREE FATHERS ARE IN KAISER'S RANKS.

Berlin, Oct. 20.—The Tageblatt publishes this "wayside picture" from a correspondent in France:

"At a far-advanced railroad guard-far away from their German homes—I met members of the landsturm who hailed from Trier, bearded, sunburned faces, with blue, friendly eyes. There was one Peter Bush, son of the old Bush in Fleringen. He has five sons in the field. Near him stood one Lambertli. He was prouder still, for he has six sons at the front. But what is that against Dominicus Eisen in Wittlich, who has nine sons fighting and a tenth about to enter the army? Is the country not happy when such hearts beat?"

## ANNIVERSARY WAS OBSERVED MONDAY

Van, Sister M. Bernard, superior of St. Joseph's hospital at Menominee and formerly engaged in hospital work at St. Francis' hospital in this city Monday at the Mother House of the Sisters of St. Francis, at Peoria, Ill., observed the twenty-fifth anniversary of her entrance into the Sisterhood.

The Menominee Herald-Leader says: Ven. Sister M. Bernard, Superior of St. Joseph's hospital, Menominee, left last evening for the Mother House of the Sister of St. Francis at Peoria, Ill., where on Monday she will renew the vows made 25 years ago.

Sister Bernard entered the St. Francis order of hospital nuns 29 years ago and following a four-year course in hospital work, as candidate and novice, took the three vows—poverty, chastity and obedience. It is these three vows that will be renewed on Monday in the chapel at the Mother House in Peoria. The same garments worn by Sister Bernard a quarter of a century ago will again be blessed on Monday and during the solemn high mass a crown of silver leaves and snowy white blossoms will be worn over the veil of the local nun.

**Came Here Six Years Ago.** Previous to coming to Menominee six years ago, Sister Bernard did hospital work at Bloomington, Ill.; Keokuk, Ia.; Escanaba and Burlington. She was superior for several years at the hospital at Burlington, and for a number of years had charge of the novices at Peoria, but because of ill health was obliged to give up the work. Following an operation for appendicitis six years ago, Sister Bernard was sent to Menominee and two years ago was named Superior, succeeding Sister Lucy who was made Mother General of the St. Francis order.

**Observe Anniversary.** Sister Bernard was accompanied to Peoria last night by Sister Victoria. They expect to return to Menominee the latter part of next week, as the twenty-fifth anniversary of the founding of St. Joseph's hospital in Menominee will be observed by the local hospital Sisters. It is planned to hold an informal reception at St. Joseph's hospital every afternoon during the week of Oct. 26, in order that all former patients and friends of the nurses may inspect the new addition to the local institution.

Twenty-five years ago a hospital building was erected in Menominee by the order of St. Francis at the cost of \$5,000. Today the building has been enlarged and improved at an expense of \$75,000.00 and the staff of six nurses has been increased to 17.

## TO START BIG PLANT

The new Jones furnace at Marquette the successful operation of which will prove a boon to many mining properties in this district, will be placed in blast late in this week. Construction work on the big plant has been in progress for the past year and as a similar plant may be constructed here if the Marquette works proves a success considerable interest will be attached to the beginning of operations. The Mining Journal of Marquette says:

"We'll have the plant in operation by the middle of the week and every thing will be in ship-shape condition by the last of the week," said John T. Jones last evening, when questioned relative to the progress at the furnace of the New Process Metals company, which has been in course of construction throughout the summer. "One is now on hand for the start, which we expect to make Wednesday, or Thursday, if everything goes well. We now have but a few minor details to attend to before the plant goes into blast. Our progress the last few weeks has been more than satisfactory and we have not met with setback of any sort. When the plant goes into blast it will require a few days to get the equipment tuned up and adjusted."

### To Use Baron Ore.

The company has received 1,000 tons of ore from the Baron mine at Republic, and two hundred tons of manganese ore from the Cuyuna range, in Minnesota, which will be used in the first runs at the new furnace. The Baron ore is of low grade, and its reduction will test the plant in just the manner Mr. Jones desires. The Cuyuna ore is a special quality, for use in the manufacture of special iron, which will be one of the products of the furnace. This iron is used extensively in the manufacture of steel. Baron mine, is of low grade, and if it works out successfully in the trials it will be used extensively at the Jones plant.

The erection of the Jones furnace was commenced early last spring, and the building of the plant has required approximately six months' time. From thirty to forty men have been employed on the work. Delays were caused a number of times during the summer by the delivery of the wrong material, but the progress the last two months has been satisfactory.

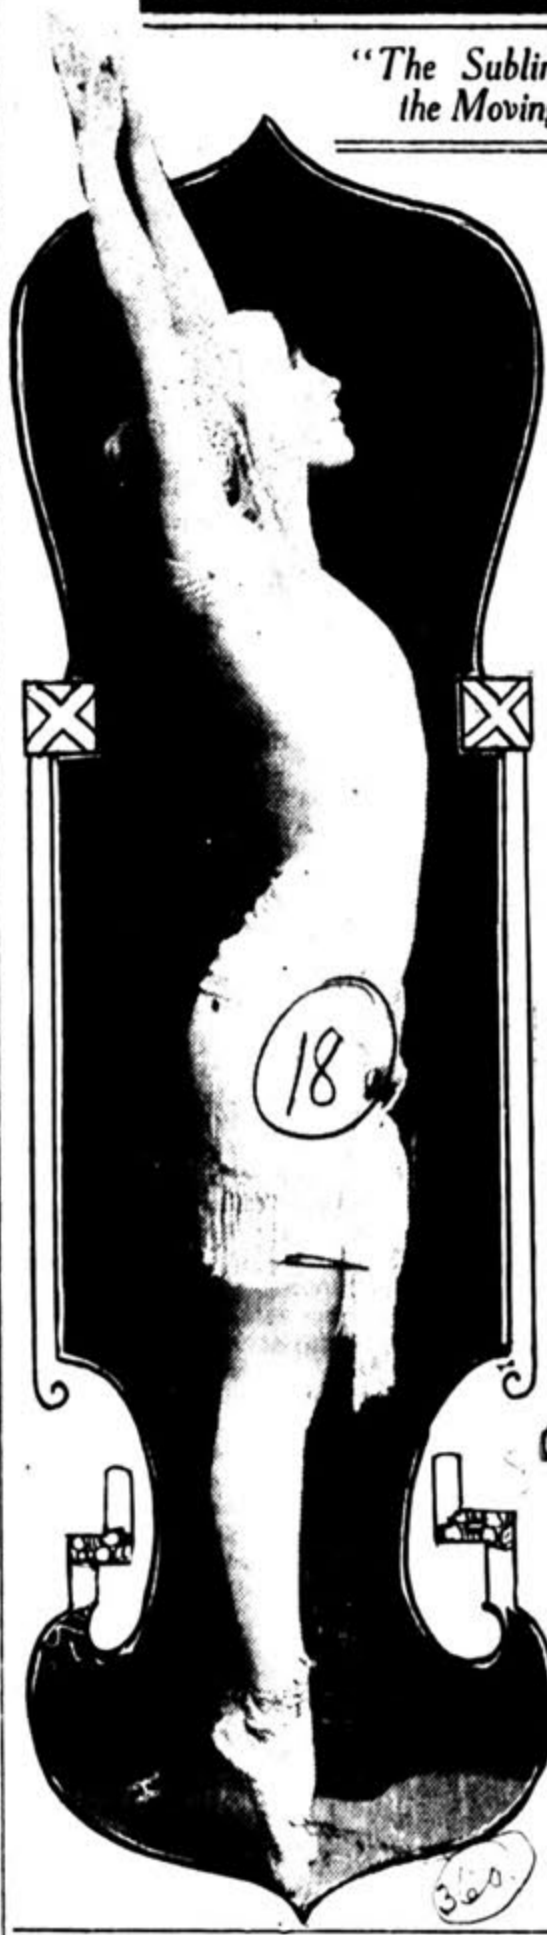

### Interest Is Great.

Furnace men in all parts of the country will watch with interest the results obtained at the plant, as the process is essentially different from any now in practical use. As the furnace is planned for the reduction of lower grade ores than are now smelted anywhere, the commercial significance of its means would be great. It would create a ready market for low grade ores that are now smelted anywhere, the commercial significance of its means would be great. It would create a ready market for low grade ores of which there is practically no end on the Marquette range.

### Church, State and Poor.

A book on "The Church, the State and the Poor" has been written by an English vicar. The book is comprehensive, tracing the subject of preformation days. The author regrets that during the growth of collectivism, under which he classifies what is called "Christian socialism," the church has trusted too much to the state to better the conditions among the poor. Now there is a revival of interest in the welfare of the poor on the part of the church. The writer's contention is that a firm belief in the Christian creed is the only inspiration and guide to any effort to solve "the social problem."

And the Clerk Smiled. They recently went into a fashionable shoe shop the daughter of a man whose wealth has been acquired within very recent years. The young woman was disposed to patronize the clerk and rejected a number of "classy" slippers he produced for her approval. Finally she said: "I think, perhaps, I shall take these two pairs. But Louis XV heels are too high for me. Give me a size lower—or, stay—perhaps Louis XIII will be high enough."

**Probable Duration of Sun.** Adopting the well-known hypothesis of Helmholtz, which attributes the production of the heat emitted by the sun to its contraction, an idea can be formed of the sun's duration. If one gives to the sun a co-efficient of expansion intermediate between that of mercury and that of gas, one arrives at the conclusion that it has taken one million to three million years for the sun to contract to its present radius; in particular, it would have taken ten thousand years to contract from infinity to a radius twice its present radius. Finally, the sun will take 200,000,000 years to contract from its present radius to half that radius, and even then its temperature at the surface will be 3,000 degrees—Scientific American.

# No Alum— No Dyspepsia

Look to the food. Eat heartily of hot breads, hot biscuit, hot cakes, made light and tasty with Royal Baking Powder, and snap your fingers at dyspepsia. It is the tasty, appetizing food that aids digestion.

There is a quality in Royal Baking Powder coming from the purity, wholesomeness and fitness of its ingredients, which promotes digestion. Food raised by it will not distress. This peculiarity of Royal has been noted by hygienists and physicians, and they are accordingly earnest in its praise, especially recommending it in the preparation of food for those of delicate digestion.

### MAKES GOOD, HEALTHY FLESH.

West End Drug Store Offers to Pay for Samose If It Falls.

Begin the use of Samose today, and you will soon notice a gain in good healthy flesh. To all who are thin, weak and run down, this remarkable flesh-forming food promises plump,

rosy, perfect health, vigor and vitality.

Most people eat enough to become fat; the trouble is not lack of food, but lack of assimilative power.

Samose mingles with the food that is eaten, so that it is assimilated by the blood, and builds up plumpness and good, healthy flesh.

Those who use Samose for a week or ten days will soon notice a gain in weight and an improvement in general strength and health.

Samose is in tablet form, pleasant to take, and is sold by one of the most reputable drug stores in Escanaba, The West End Drug Store, under their personal guarantee to refund the money if it does not give satisfaction.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Cherman St., Hornesville, N. Y. For sale by all dealers.

**Inexpensive Joy.**  
The amount of joy in one's life is not at all dependent upon the amount of money one spends. A man can get just as much fun, for instance, out of lying about the height of his tomato plants as he can out of pursuing the same course with respect to his mileage per gallon of gasoline.

## ARMISTICE OF ALL ARMIES ON XMAS

London, Oct. 20. A new peace movement of more than ordinary interest is being organized by religious leaders in the United States.

It is founded upon the strikingly poetic idea of urging England and her allies and Germany and Austria to agree to an armistice on Christmas day. The plan in its entirety looks to much more than an armistice on the day significant of peace and good will to all men.

One, at least, of the religious leaders interested proposes that the armistice be the introduction of a movement to end the war.

This peace program is understood to be in its infancy, but it has already enlisted the sympathies of such distinguished leaders of their creeds as Cardinal Farley, of New York; Bishop David H. Greer, of the Episcopal diocese of New York; and Rabbi H. Peeries Mendes, of the Jewish synagogue.

The larger movement looking to a permanent cessation of hostilities is at present subordinated to the movement for an armistice on Christmas day.

**Receives Warm Support.**  
Bishop Greer, when interviewed by the Daily Mail's representative, said that while no definite action has as yet been taken on the proposal, which had originated with Rabbi Mendes, it was proper to say that the suggestion for a Christmas armistice had already received the enthusiastic support of prominent members of the Catholic and Episcopal churches and of the Jewish synagogues.

The movement is all the more remarkable in that the idea of observing the day of "peace on earth" should have come from a rabbi.

The movement is all the more remarkable in that the idea of observing the day of "peace on earth" should have come from a rabbi.

Rabbi Mendes received the Daily Mail's correspondent on a sick bed. He was suffering severe pain, but his face lighted up as he spoke of his dream that men of all religions should unite in a plea for peace. He said: "It seems to me that if religion had any force in the world, and I believe it has, its voice ought to be heard right now. For we have had enough carnage and there is enough ruin."

**Powers Will Not Listen Now.**  
"At this moment the great powers are intoxicated with the drunkenness of war and will not listen to the clergy nor to our president, nor to anybody. But Christmas day is approaching, identified with peace on earth, and good will to all men."

"If the war be not ended by that day it seems to me that perhaps the efforts of the churches might be used with all the great powers to induce them to cease hostilities on that day and to agree to submit their claims to such an international court of honor as I have mentioned."

## TURPINITE ONLY A MYTH OF WAR

Paris, Oct. 20. "Turpinite, the world's worst explosive," France's death-dealing secret, is a myth," said his excellency, Mons. Millerand, the French minister of war, and raised his handsome gray head to glance at the war map of LaPatrie, along whose northern frontier a line of tiny tricolors blocked an invading line of small black flags.

His excellency received me at the ministry at 8 o'clock in the evening. He had reached his desk twelve hours earlier. His dinner tray, covered with simple food, still waited on a side table. Soldiers, in service-stained uniform, came and went. One submitted the latest communication from the front.

**The "Poor Women."**  
"Mon Dieu, this is awful. Think of the poor women," sighed the minister of war, and courteously handed me the paper. A grim dispatch announced the annihilation of a Prussian corps de garde—only 100 men remaining.

"Will your excellency be good enough to speak of turpinite, until lately France's great military secret?" The tired minister smiled.

"Turpinite, the world's worst explosive, France's death dealing secret, is a myth. Hons. Turpin, the inventor of melinite and lyddite, did invent turpinite in 1912. He and his assistants are said to have worked under lock and key in a factory near Paris, where they assembled the parts of turpinite bombs manufactured in different workshops. This is possible, sk-gdDaweahthagT b

**Some Tales.**  
"Many unquile men are oversusceptible, prone to nurse grievances and to become suspicious. Enough. It is claimed that the death-dealing fumes generated by the explosion of a fifty-six pound shell paralyze certain organs of the body and cause instantaneous and painless death to every living thing within a radius of 400 square yards."

"Whole regiments of German infantry are said to have been found petrified by this lethal gas, still standing in their trenches, dead hands grasping their rifles, glazed eyes still at the sights. Were these claims true to the appalling new explosive would be the most awful engine of destruction ever known to man, a hall of hell capable of instantly exterminating the people of a city."

**Made Sheep Gay.**  
Attend, it is claimed that the bomb of last resort calls for a gun of difficult and peculiar pattern. That is true. I have seen the gun. It is asserted that Hons. Turpin handed the deadly bomb to the government on the eve of the war. That is true. Also, that the war office inaugurated experiments. Again, true.

"Within a sheepfold of 400 yards square a flock of sheep were assembled. From a safe distance certain tacticians followed the explosion of annihilating bombs. Some minutes later the investigators reached the sheepfold. An order of methylated spirit mingled with menthol was still discernable. But the sheep were quiet as before, only, perhaps, a little more gay."

**Pure Fable.**  
"It is said that the German general staff anticipated that turpinite, the unseen death, would be used in extremity to repulse the storming of Paris. I have been heard that the kaiser would pay millions for France's great military secret. These tales, like the power of turpinite, are pure fable. Frenchmen fight with bullet, bayonet or with Maxim guns, not with an invisible avenger."

As we rose the brave eyes looked again toward the great war map. One defiant, little tricolor near Paris flaunted how far the enemy had been driven back.

"A Napoleonic repulse, your excellency."

"By an army of patriots," smiled the French minister of war.

"When Dreams Come True" the first musical comedy written by Phillip Bartholomae, author of "Little Miss Brown" and "Over Night" will be produced at the Peterson on Friday evening, Oct. 23, Silvio Hein who composed the music will be remembered as the composer of the scores of "The Cabell's" most pronounced successes and of other well known works.  
The three acts of "When Dreams Come True" are entirely different in outline, the first carrying some dramatic touches, as well as a number of comic situations; the second being farcical, and the third having musical and dancing features. The play contains no fewer than seventeen dancing number most of them invented and directed by Frederick Santley the leading member of the cast. In the company in addition to Mr. Santley will be found Connie Mack, Florence Lee, Jack Mundy, Anna Little, Andrew Glassford and other well known musical comedy artists. A chorus of 40 exceptionally shapely and handsome young women, will act as a background for the principals and wear some of the most stunning and elaborate costumes ever seen in musical comedy.

## NO STAGE WORK FOR STALLINGS

Boston, Oct. 20.—George Stallings has turned down an offer of \$15,000 for six weeks in vaudeville. The manager of the Boston Braves could clean up this sum by going on the stage twice a day for six weeks or less, saying enough words to last 10 or 15 minutes, matinee and evening, and then retire to his Georgia plantation to hibernate for the winter.

"It does not appeal to me," declared the Braves' chief. "I need the money, I have 600 or 700 bales of cotton on my Georgia plantation, representing \$30,000 or \$40,000. This cotton is the bread and butter of hundreds of negroes on my plantation, who have picked and baled this product.

"The \$15,000 I could make in vaudeville would ease the situation, yet I cannot bring myself around to the idea of going to the stage and getting this 'easy money.' I have been in the baseball. I cannot see my way clear to let vaudeville help me out."

Stallings will leave Boston today for his Georgia plantation. He will be north again on Dec. 9, when the annual meeting of the National League takes place in New York.

## WANTS \$45,000 FOR THREE YEAR CONTRACT

Chicago, Oct. 20.—If Roger Bresnahan manages the Cubs in 1915, he will also be on the job in 1916 and 1917. And if Roger Bresnahan manages the Cubs for a period of three years he will receive a salary of \$45,000. And he will have a contract that will be absolutely iron-clad. He will also be absolutely boss of the Cub team. These are the conditions that must be agreed to, and in writing, by the Cub owners before the popular catcher will consent to sign a contract to take hold of the managerial reins of the Cub.

Bresnahan has made his declaration. He told the Cub owners that he would work for \$15,000 per year, provided he was to have a three-year contract minus the reserve clause. That means that if Roger takes the Cub management, and the fans are pulling for him to get the appointment, he will be on the job for a period of three years. He will see that the contract handed him contains no flaws. There will be no chance for the Cub owners to hand him a brand of the Chance-Evers joker stuff.

The Federal leaguers have been after Bresnahan. That is no secret. During the summer he was offered the management of the St. Louis Reds. He was asked to take the job before Fielder Jones was considered. He was offered more money than Jones is drawing.

### Most Dangerous of Minor Ailments.

Of the minor ailments a cold is by far the most dangerous, not in itself but the serious diseases it so often leads to. Pneumonia and consumption always start with a cold. When you have a cold you are much more likely to contract the infectious diseases such as diphtheria, scarlet fever and whooping cough. Colds are easily cured, in fact, Chamberlain's Cough Remedy is famous for its cure of this most common ailment, and is pleasant and safe to take. Why take such desperate chances when so reliable and trustworthy a medicine may be obtained for a quarter. For sale by all dealers.

## BRIDE IS FACING A PRISON TERM

Menominee, Mich., Oct. 20.—A marriage which was performed here on Aug. 26, 1914, bids fair to be sufficient to land pretty Mrs. Amanda Schumacher, 19 years old in the penitentiary.

Frank Lindner, 21 years old, and Mrs. Schumacher received a marriage license here, but Mrs. Schumacher gave her name as Amanda Syring, 18 years old of Menasha, and both said they asked for their first license to marry.

Now the courts at Milwaukee are bringing a charge against Mrs. Schumacher for bigamy, while Lindner's mother is willing to see him go to jail if the courts see fit to convict him on a charge of taking some of his mother's belongings with him when he went to live with his bride.

### Story in Court.

The story which came out in Milwaukee courts is as follows:

Frank Lindner, 21 years old, lived with his mother and 19-year-old Mrs. Amanda Schumacher at 616 Burieligh street.

Frank and the young woman grew fond of each other. The youth believed she had received a decree of divorce from her husband. He suggested marriage and elopement plans followed, it is said.

Frank then made his first mistake. He packed various articles belonging to his mother into a trunk and off to Menominee, Mich., they sped. The marriage ceremony took place on Aug. 26.

Amanda's mother had lived in Menasha, Wis. There Amanda had played away her childhood. The quaint town held a fascination for her, and so the pair went there to spend their honeymoon.

### Swore Out Warrant.

Mrs. Mary Lindner, however, grew wrathful when she discovered many of her belongings. She swore out a warrant for the arrest of the young couple. Meanwhile the Schumacher divorce action was still pending. Attorney Edward Mock, who represented Amanda, called her over long distance. The case is set for trial in Judge Eschweiler's court on Monday," Mock said.

"I can't come to court. I am ill and won't be able to leave home" Amanda answered over the phone, so another adjournment was taken.

Dressed in a pretty red coat and black hat, Amanda was arraigned in District Court on Saturday. Patrolman Kienzle had arrested her with Frank Menasha. By happenstance Attorney Mock was in court on Saturday.

### Case is Continued.

Mrs. Lindner, the boy's mother, expressed her willingness to see her son go to jail providing the court wish it.

"The girl was injured in a wreck in Menasha four years ago," Attorney Mock told the judge. "The hayrack in which a dozen people were riding was struck by a train. This girl was thrown two hundred feet. There were only three survivors, she is one of them. I don't believe she has fully recovered."

Amanda protested she knew her own mind.

"Weren't you aware that you made yourself liable to five years in the penitentiary for marrying again without having first secured a divorce from your first husband?" Judge Page asked her.

"No, I didn't," the girl answered bravely. "Frank and I love each other. I didn't know I was doing anything wrong. I knew the divorce had been started."

### Things to Worry About.

Tears do not accompany a baby's cries until it is three months old.—Cincinnati Enquirer.

## RUDOLPH NOT SMALL IS 5 FEET 10 INCHES

Both the New York Giants and the New York Americans refused to keep Dick Rudolph, or even to ask him to report at training camps, because somebody said that somebody else said he was too small. The prejudice against little men, especially little pitchers, is so strong that Rudolph was turned back untried, and without even appearing for inspection. And now, during the great series, the same talk prevails, and the writers call him the midge and the little pitcher. Who started that stuff about Rudolph being little? Dick Rudolph is 5 feet 10 inches, and weighs 173 pounds, mostly muscle. IS THAT a "little man"? If this fellow is a little man, how large must they grow to be called big men?

## FREDDIE WELSH AND WHITE ARE SIGNED UP

Chicago, Oct. 20.—There is no dispute over the weight for the Charlie White-Freddie Welsh lightweight championship contest at Milwaukee November 9, we learned last night. The articles have been signed by both parties and the match is definitely clinched.

The articles signed by Late Lewis for White call for a weighing of 133 pounds at 5 o'clock. It was understood that Welsh would not agree to scale later than 3 o'clock. That is the hour at which the men must get on the scales for the boxing commission, and the chances are that if both are under at that hour, there will be no 5 o'clock scaling.

Anyway, it is pleasing to know that the last chance of a hitch has been removed and that within a few weeks boxing fans will have a chance to see the two greatest lightweight of the day in half-hour of battling. From this distance the mill looks to have much more class than the two championship rows staged in the beer town last winter, involving Ritchie and Wolgast and Ritchie and White. Wolgast went badly in that first whirl and Ritchie went wrong against White.

### Welsh has not boxed in this vicinity since his sensational ten-round bout with Packey McFarland in Milwaukee during February, 1908.

Welsh then was a Milwaukee idol and the fans there set up an awful howl when in late Malachy Hogan gave the verdict to the stockyards speed boy, Hogan never referred again in Milwaukee.

## MINNEAPOLIS CLUB SIGNS SIX PLAYERS

Minneapolis, Minn., Oct. 20. That there will be a sweeping change in the Minneapolis baseball team's lineup in 1915 became apparent when Mike Cantillon announced that six members of the Washington American league club had been secured for next year.

"We are unable to make known the names of the players at the present time, as it might spoil the deal," declared President Cantillon. "I received a telegram from Joe today stating that he had secured six Washington players, but that the men had not yet been signed to Minneapolis contracts. Joe is leaving to sign the men in question."

"No more tailend ball teams for us. We are going to put a club in the field next year that will win the championship or at least be in the running for the pennant from start to finish. Joe will scour the east for ball players and we also will rake the bush leagues

## BRIVES TO PUT MONEY IN BANK

Boston, Oct. 20.—Promoters of wild-cat schemes are hereby warned to pass up the "Boston Braves."

The world's baseball champions are wise young men, and they have resolved that not one cent of their winnings of \$2,818 each will fall into the hands of promoters or "con" men.

However, persons who have good producing farms to sell, or who control banks that pay good interest, may approach the champions without risking the possibility of being booted across the threshold. The boys are open to reason on the question of farming and banking.

"I'll assassinate the first person that approaches me on the subject of investment," declared Capt. John Evers.

"I invested all I had a few years ago—and I lost it all. No more investments. My little roll goes right into the bank—and the soundest bank I can find."

### The Bank For Gowdy.

"Going to use some of yours honey-moonings?" "Hank" Gowdy was asked. It may be recalled that "Hank" the batting hero of the series, was reported as about to become a benedict.

"Nix on that honeymoon talk," responded "Hank." "I'm not going to get married—not right away, at least. My money goes in the bank."

Pitcher Dick Rudolph, who beat the Athletics twice, plans to use the money as a part payment on a bungalow. "I've always wanted a bungalow and now I will get one," said Rudolph.

### Charles Schmidt, the huge first baseman, will use his money in the purchase of a home in Baltimore.

Schmidt who is wealthy, owns several large butcher shops in Baltimore, but says that he won't buy any more—at least, not with his world's series winnings.

### Save Up For Dainty Day.

"Rabbit Maranville, the whirlwind shortstop, said he is going to put his money in the bank.

"All the other money I get hold of is going in the bank, too," said Maranville. "My ball playing days will be over some time and when they are I want to have enough money laid aside to enable me to start in a good, paying business."

### Charles Deal, third baseman, is going to buy a farm near Wilkesbarre, Pa.

Oscar Ducey, the utility infielder, will buy a farm near his home in Palestine, Tex., and "Josh" Devore, substitute outfielder, will buy a farm near Chillicothe, O.—his home town.

Pitcher Bill James will buy some stock in a mine in Placer county Cal.

"It's a good paying proposition and it's safe," said James. "So that's where my money will go. No frivolous it away for me."

### Ted Cather, outfielder, will place his wad in the bank "until some such time as I see a good, safe investment."

Outfielder Whitted will buy some real estate with his share and Larry Gilbert, another outfielder, will do the same with his.

### Some to Start Farming.

Pitcher Tyler and Coehreham are among those who will buy farms. Tyler wants to get one somewhere up in New Hampshire near his home, while Coehreham will buy a farm around Luling, Tex., his home town. Catcher Bert Whaling, who hails from Seattle will be another farm purchaser. He has picked out one in the estate of Washington.

Joe Connolly, the outfielder, will put his money in the bank for the time being.

The winning of Pitcher Paul Strand, utility infielder Mitchell and Pitcher

## NEGAUNCE TELLS OF FAST GAME

Of Escanaba's victory over the Negaunee high school team on Saturday the Negaunee correspondent for the Mining Journal says:

In one of the cleanest and fastest football games ever played in the county the Escanaba high school team defeated the Negaunee high school team by a score of 14 to 0 Saturday afternoon. A crowd of about 500 persons witnessed the contest.

Both teams were in the best of condition, and their average weights were about the same. Escanaba's only touchdown was scored after seven minutes of play in the second quarter, but Escanaba was on the aggressive during all the first half and several times had the ball within ten yards of the Negaunee line. The touchdown came after Baldwin, Escanaba's fullback, failed to make a drop kick for goal from the twenty yard line. Negaunee recovered the ball on its eight yard line. Hawke attempted to punt the ball out of danger, but the Negaunee ends broke through and rushed the kicker back across the goal line, where he dropped the ball. G. Perrin, the Escanaba captain, falling on it and scoring the touchdown. Escanaba failed on an attempt to kick goal.

### The game started with Escanaba kicking off to Negaunee, the ball going to Siml on the thirty yard line. He made ten yards. On the next play the visitors were penalized five yards for being off side. Negaunee carried the ball to the center of the field, but lost there on a failure to make the required distance of ten yards. Baldwin got away for a run of forty yards carrying the ball to Negaunee's fifteen yard line, but the Negaunee line braced and the ball was regained on the ten yard line. Hawke punty thirty yards to Baldwin, who returned it twenty yards. Negaunee again regained the ball on their own ten yard line, after an Escanaba player fumbled.

### The kicking game was again resorted to. With the aid of fifteen yard penalty the Negaunee players secured the ball on its thirty-five line, and by runs by Hawke and Lakso it was carried to the center of the field. When time was called the first quarter the ball was in Escanaba's possession on Negaunee's thirty-five yard line.

### Uses Forward Pass.

In the second quarter Escanaba made several long gains on the forward pass and several times was within a few yards of the Negaunee goal line. After the Escanaba eleven scored, the ball was played up and down the field by both teams. When the half ended it was in the center of the field, in the visitors' possession.

Negaunee kicked off to Beath on Escanaba's forty yard line at the opening of the second half and the player was downed in his tracks. Long runs by Bronson and Bergman placed the ball on Negaunee's one yard line, but the next play the Negaunee line held. Siml recovered Baldwin's fumble on the two yard line with a five yard penalty and several successful forward passes the ball was advanced to the center of the field, after which Negaunee speeded up. The Negaunee goal line was not again in danger during the remainder of the contest.

In the remaining period of play at one time Negaunee had the ball on the

Friday: ANNETTE KELLERMANN "THE PERFECT WOMAN"

LOCAL BAND DIRECTOR IS BECOMING POPULAR

The popularity of George E. Barnard, the local band director has extended even farther than the boundaries of the United States. Yesterday the local musical director received an order from a South American of Argentine Republic for a set of orchestration from a score sent to Mr. Barnard by the Argentina resident.

AT THE GRAND

A special attraction arranged for Friday evening at the Grand theater will be the appearance of Annette Kellermann, celebrated as "the perfect woman." In a spectacular presentation of "Neptune's daughter," the feature is known as "The Sublime achievement of moving picture art" and should prove easily the greatest drawing card of the year at the Grand.
