AMONG THE THEATRES

THE ROYAL AND GRAND

Alice Joyce will appear at these houses this evening in the most stirring feature of several days "The Viper." Miss Joyce is supported by a most capable and able cast. In addition to this two part feature, manager Sullivan offers three other pictures.

Announcement was made yesterday of the coming of "Strongheart." This big feature will appear at these houses on Sunday afternoon and evening.

THE BIJOU

"The Dancer and the King" is the big feature at this house for this evening. In this production Manager Hines believes he has secured a picture of real merit.

THE DELFT

The leading pictures at this house today will be "Her Sister." Others that follow in line are "Everything Against Him," a Biograph drama and "Shorty" an Edison drama; "Butterflies and Orange Blossoms," a drama and "Mothers Baby Boy" which is a Lubin Comedy.

On Saturday afternoon the usual programs will be given during the afternoon while Nat C. Goodwin will appear in "Never Say Die" in the evening.

GOETHALS CALLS CANAL FORTIFICATIONS BEST.

Washington, D. C., Jan. 6.—Fortifications of the Panama canal were described as satisfactory on Tuesday by Col. Goethals, governor of the canal, before a house appropriations sub-committee. The colonel told how the great guns mounted at the entrances to the waterway measured up to the heaviest weapons that could be brought to bear by any foreign war craft afloat. Col. Goethals went over the estimates, aggregating \$18,000,000 for completing fortifications.

UNION MEN MUST PAY DAMAGES FOR BOYCOTT

Washington, Jan. 7.—Ending eleven years of litigation the supreme court today held that some two hundred Connecticut labor union members must pay \$252,130.09 damages under the Sherman anti-trust law for a nationwide boycott of D. E. Loewe & Co., of Danbury, Conn., hat manufacturers, who refused to unionize their shops. The bank accounts and homes of many of the men already are under attachment to pay the judgment, and the next step probably will be foreclosure.

Leading lawyers of congress disagreed today on whether this decision meant that union workmen would be liable in the future for damages on account of boycotts. Some hold that the Clayton anti-trust law, passed last year after this suit had been tried, would make another such prosecution impossible.

It was in the Danbury hatmakers' case that the supreme court decided in 1908 that labor unions were subject to the terms of the Sherman anti-trust law, and sent the suit back to the New York federal court for trial. The judgment, the largest ever before the court under the Sherman law, as well as the vigorous defense of the union men, attracted widespread attention to the litigation.

NEW YORK BANKER GIVES \$100,000 FOR FRENCH HIT BY WAR.

Paris, Jan. 7.—James Stillman, the New York banker, has given \$100,000 to the American relief clearing house. This is in addition to his previous contribution, through M. Jusserand, the French ambassador at Washington, money is to be used for the relief of victims of the war. One half goes to the sufferers in Paris and the other half to those in northern France.

Masquerade Dance at Clarks

The first Masquerade dancing party to be held in the city this season will be that of Wednesday evening, Jan. 13, at Clark's hall. Four prizes will be awarded for the affair, one to best dressed gentleman, one to best dressed woman, one to most comically dressed man and one to most comically dressed woman.

Olmsted's orchestra will furnish the musical program for the affair.

CADILLAC PLANTS PROSPER BY WAR

Cadillac, Jan. 6.—At least two Cadillac manufacturing plants will run every day as long as the European war lasts and they will run full capacity, too.

The plants are those of the Cadillac Chemical company and the Cumer-Diggins Chemical company. Both turn out products used in making smokeless powder, an agents of the British government have contracted for the entire output of certain chemicals for the next two years.

In order to insure the company against loss on other by-products and to insure the plants running night and day, the British government is to pay double the usual price for the chemical it desires. A similar contract also was made with the Sunny-side Chemical company of Jennings, owned by Mitchell brothers.

BELGIUM CARDINAL IS IMPRISONED IN OWN PALACE BY GERMANS.

Amsterdam, via London, Jan. 7.—A dispatch received by the Tjld, from Rosendael says that Cardinal Mercier, primate of Belgium and archbishop of Malines, has been arrested by the German authorities and held a prisoner in his own archiepiscopal palace at Malines under a military guard.

The report, which has not been confirmed, said the cardinal's arrest was the result of a pastoral letter issued by him and read Sunday in the churches throughout Belgium. In this letter the cardinal is said to have referred to the occupation of Belgium as follows:

"This power has no legal authority, and consequently you owe it in your hearts neither allegiance nor obedience."

HOLD CERTIFICATE IS NO QUARANTINE

London, Jan. 6.—Although the foreign office regards with high favor the American government's plan of certifying cargoes loaded under the direction of officials of the treasury department and destined for European ports, it was said on Tuesday that England can not accept such certification as an absolute guaranty of the suspicion arises for arobith toradu nature of the cargo in case any cause for suspicion arises after a vessel leaves America.

In other words, the right of search can not be waived, because of the possibility of shifting cargoes at sea and of the impossibility of having the treasury officer who issues the certificate accompany the ship to its destination to guard against smugglers who may carry copper or other contraband on small ships to be transferred at sea.

The waiving of the right to search ships bearing contraband cargoes, in the opinion of several prominent British officials, would be an invitation for smugglers to play their trade, whereas, the retention of the right would tend to prevent dishonesty.

PRINCE, HUSBAND OF AMERICAN GIRL IS HONORED HERO.

Washington, Jan. 7.—Prince Cantacuzene, husband of Julia Dent Grant, has been decorated by the czar for heroism in the Gallipoli campaign, and Wilhelm von Rath has received the Iron Cross for distinguished service on the French and Russian frontiers. Von Rath, who is engaged to be married to Cecilia May, has been invalided to his home in Frankfurt, where Miss May is a guest. He was formerly attached to the German embassy here.

C. & H. MUST FIGHT INJUNCTION SUIT

Houghton, Mich., Jan. 7.—The United States court of appeals today reversed the decision of Judge Sessions of the United States circuit court at Marquette, in which two years ago he refused Godfrey M. Hyams an injunction against the Calumet & Hecla to prevent the latter from effecting a merger with the Isle Royale Copper company and the Tamarack Mining company. The bills of complaint stated that the merger contemplated was in violation of both the state and federal anti-trust laws. Hyams appealed his case, and the upper court now orders that further proceedings be gone into the district court along a line which is designated in the opinion.

Hyams alleges that the Calumet company sought to secure control of the other companies when it was discovered that its supply of copper was running short and that its mines were almost exhausted.

WILSON INTERESTED IN U.S. COAST GUARD

Washington, Jan. 7.—President Wilson has suddenly taken an interest in Senator Townsend's bill for the uniting of the revenue cutter and life-saving services as the "Coast Guard." Senator Townsend has made a hard fight for this measure which will place members of both services on a pensionable basis.

Can Be Used For Defense. The bill gains additional importance just now because it provides that in case of war the coast guard may be taken into the federal service under direction of the secretary of the navy. It is believed that President Wilson's interest in the bill will result in its passage at this session.

In a letter to Representative Underwood the president said: "It is of the highest consequence for the efficiency of both services that this bill should pass, and I hope that some chance may be found for it even in the busy hours of the house calendar."

TRAVELING MEN ARE OPTIMISTIC

It is several months since commercial travelers making this territory have felt so sanguine over business prospects as during the past week or so.

A commercial man in Escanaba said that the feeling is general among the traveling men that the year 1915 will be one of the best they have ever had.

For a time they were greatly discouraged, and many traveling men were laid off temporarily. But the first of the year will see most of them back on their former jobs.

Many of the wholesale concerns have called their representatives during the past few weeks to discuss with them trade conditions and prospects for 1912.

As a result of the conferences between the traveling men and their employers the former will go out on the road with a thorough understanding of conditions.

timism will spread faster than can be expected during a period when new work is not opening up.

MAY INVALIDATE CALL OF G.O.P. TO MEETING

Detroit, Jan. 7.—Legal barriers in the state primary election may invalidate the call of the republican state central committee for a state convention to convene in Grand Rapids February 12, several weeks before the March primaries.

No Provision in Statute. City Clerk Lindsay of Detroit, in looking through the primary law, could find no provision for a pre-primary convention.

The city clerk was brought into the controversy by being asked to have the election booths moved to the election districts in time for selection of delegates to the county convention by caucus.

MICHIGAN RANKS THIRD IN U.S. AS APPLE STATE

This year's apple crop was the largest ever produced in the United States. Estimates announced yesterday by the department of agriculture at Washington placed the 1914 yield at 259,000,000 bushels or 114,000,000 more than was produced last year.

B. & O. SHOPS OPEN EMPLOY 2,000 MEN

Baltimore, Jan. 7.—Two thousand workmen responded to the whistle this morning when every department in the big Baltimore and Ohio railroad plant at Mount Clare will throw open its doors.

This is the railroad company's answer to the Interstate Commerce Commission's recent decision to allow the Eastern trunk line railways 5 per cent advance in certain freight rates.

"DEVOTEDLY, BILL"

By IZOLA FORESTER.

"Where are the matches?" Nan stumbled over a taborer and emitted a startled exclamation.

"Stand still until I can find where the switch is, goose." There came the click of a button and the long reception hall lay revealed in a flood of light.

It was after twelve, and they both needed rest more than anything after the trip down from the mountains.

"Bless his old brave heart," interrupted Nan fervently, leaning forward, her chin on her hands.

"Did you hear that?" Nan whispered, her face pressed against the door listening. "Somebody whistled, and it was answered."

"No, no, wait." The knob turned. A shoulder pressed against the door panel. "Nell, open the door, please. I know your voice. It's Bill."

"Who's with you?" "Just the watchman. I saw the lights and thought burglars were in here. Open the door, please."

"Nell," he cried, "I had no idea it was you in here. I've had a room across the street all summer just to be near the house, and when I saw the lights flash on, I called Sullivan here and we hustled over to get the burglars. I'm awfully sorry."

"Listen, dear. Don't let them take you away from me again. It's Providence, this mixup here tonight. I've been patient for months. Don't say no, Nell. I'll be over early for you, and we'll be married before anything can happen."

JACKSON PRISON ASKS A HUGE SUM

Jackson, Mich., Jan. 7.—If the state legislature will "come across" with the necessary \$75,000 appropriation overruling in Jackson prison will be eliminated and another step will be taken at the same time in developing a sense of moral responsibility among prisoners.

For another \$5,000 Warden Simpson is prepared to remodel the old cell block, which has been a standing reproach to the prison for years, and make it less home-like for tuberculosis germs and hook worms and things and by the same token more hospitable for convicts.

The prison authorities will offer one argument to the legislators and that is the condition of the present cell blocks. Eighty convicts are sleeping bunk to bunk now in the corridors of the new cell block and 19 more are doing the same in the barred-in corridors of the old. In some of the corridors there is not even room for a convict to stand beside his cot.

The new cell block at whose foot most of these men are sleeping, cost \$225,000, with the building, and it houses 320. The building that Warden Simpson proposes to build connecting with this structure, but divided into two wards instead of cells, would cost \$75,000 and house 380 prisoners.

All labor on this building and most of the material would be furnished by the prison itself.

CHICAGO POLICEMAN STICKS TO CRIPPLES

Chicago, Jan. 7.—Patrolman Thos. Williams, for 25 years assigned to the spaulding school for crippled children, decided today to give up his job on the police force rather than to give up his care of the lame boys and girls he has carried and watched over.

In the police regulation plan, Williams was ordered returned to patrol duty. After deliberation he wrote Chief Gleason:

"I have been on the force long enough to draw a pension. I've been looking after children ever since I've been on the force. They have needed some one every day and they still need him. Please accept my resignation beginning today and I will take my pension and stick with the kids."

For years Williams has started each day by shouldering some of the boys and girls and carrying them to school.

JOHNNY KLING SAYS H EMAY PLAY BALL AGAIN NEXT SEASON.

Springfield, Mo., Jan. 7.—Johnny Kling, until two years ago catcher of the Cincinnati Nationals and since then "business man" of Kansas City, may return to the baseball diamond during the coming season. Kling made this statement while visiting here tonight.

"I have received an offer recently from Cincinnati and several from the Federal league," he said. "If ever I return to baseball it will be to play with Cincinnati."

KELLEY COMES TO DEFENCE OF CLARK

Washington, D. C., Jan. 7.—Protests against the reelection of Speaker Clark because of the recent unfortunate incident at Detroit, Mich., are meeting with very little sympathetic response from members of congress. Congressman P. H. Kelley expressed the general opinion in a letter he wrote to a sociology class of a Lansing church which had made a protest. Mr. Kelley said that this case was a splendid one "to cover over with the mantle of charity."

"I understand that for many years the speaker has put up a most heroic fight against an appetite for liquor," said Mr. Kelley, "and has won a splendid victory. It may be that in the course of twenty years he has on one or two occasions fallen down. The incident at Detroit may have been one when his strength was not quite sufficient. I do not think this should balance against his whole honorable career. Those of us who have not appetite for liquor comprehend but very little the heroic struggle men are obliged to overcome a natural appetite of this sort."

MEMORIAL CHIMES DON'T APPEAL TO ALL

New York, Jan. 7.—The chimes on the estate of Mrs. Julia Gertrude Lyle at Tenafly, N. J., may be rung three times a day during the week and twice on Sunday, and not every 15 minutes, according to a decision Monday by Vice Chancellor Villan Lewis in Jersey city.

In the future Mrs. Lyle may have her bell ringer at 8 o'clock every week morning ring chimes for just 30 seconds. At noon a hymn may be played for three minutes. Again at sunset, Mrs. Lyle may play again. On Sunday's the schedule is changed. The court's program is that the first chimes must not sound until 10 a. m., again at sunset the bells may chime.

Mrs. Lyle spent \$75,000 in having the stone bell tower erected on the estate of Tenafly in memory of her husband, John L. Lyle. By clockwork the bells tolled every 15 minutes of the day and night. Neighbors testified they could not sleep.

U. S. SUBMARINES ARE IN BAD SHAPE

Washington, Jan. 7.—That the submarines now in use by the United States are generally in disrepair and totally unfit for service in time of war is disclosed impressively in a communication submitted to the house committee on naval affairs by authority of Secretary Daniels.

The data on the submarines was prepared by Captain Albert G. Winterhalter aide for material in the navy department.

It was sent to the house committee as a result of the discussion aroused by the publication of the report of Commander Stirling that few, if any, of the Atlantic flotilla of submarines are fit for war service. The report by Captain Winterhalter seems to indicate that the United States navy has made very little progress in the development of the submarine in contrast with the efficiency of this type of vessel now in use in European waters.

Give Much Trouble.

Secretary Daniels testified before the committee that the navy had experienced more difficulty with submarines than with any other class of vessels. He dwelt particularly on the troubles that are occasioned by the present form of storage batteries.

The navy officials have had great trouble with submarines from the steam engineering standpoint, but in general, according to the report, these have been eliminated by renewals, repairs, replacements and alterations, but the necessity of frequent overhauls still exists.

MICH. SHOULD URGE PEACE SAYS BISHOP

Grand Rapids, Jan. 7.—"With the great exposed lake coast bordering on Canada, but with no forts or dreadnaughts to create warlike spirit, Michigan has a special duty to urge peace arguments on the rest of the nation," said Bishop J. N. McCormick, of the Episcopal church, at the meeting of the Michigan branch of the World's Peace foundation here this afternoon.

Albert G. Bryant, secretary of the foundation, which was made possible by a million dollar gift of the late Edwin Ginn, publisher, represented the parent organization.

Blames Militarism and Secrecy.

He ascribed two causes for the present European war, military "efficiency" and secret alliances between the powers.

"A few weeks more, and the war, which the majority of the inhabitants of all the nations did not desire," he said, "would have been averted, but the ultimatum which was based on a secret alliance brought it on."

He said the peace foundation hopes through its members to get honest and significant opinion upon the conduct of national affairs in international crisis. It has 60 members in Michigan whose services are voluntary and are free of political influence as their individual consciences can dictate.

60-JAP PICTURE BRIDES ARRIVE

San Francisco, Jan. 7.—Sixty picture brides from Japan arrived here on the liner Shinyo Maru to meet husbands they have never seen. Fifty more arrived within the week on other ships.

Until the husbands claim them the brides are being housed on Angel Island, the United States detention station. In the eyes of the Japanese law and so far the purpose of the immigration officers, the brides have been married. There have been an exchange of photographs, an approval by the heads of the two contracting families and a formal declaration of intention in writing before a Japanese official.

The brides come tagged and numbered, are correctly awarded to the right husband and then usually are taken in hand by the Japanese association, which escorts them to the marriage license bureau, after which a religious service is held.

WINGO SIGNED BY REDS;
NOT WITH THE FEDERAL.

Cincinnati, O., Jan. 6.—According to a dispatch received Tuesday night from Atlanta, Ga., Manager Charles Herzog of the Cincinnati baseball team has signed Catcher Ivy Wingo, to a two year contract, the terms of which are not known. Wingo has been reported as having signed with the Federal league. His contract, as signed on Tuesday by the St. Louis National league club, with which he played last season.

Ayes unanimous.

Escanaba, Mich., Dec. 28th, 1914.

To the Honorable Mayor and City Council, City.

Gentlemen:

Some time ago the city laid a sewer in the alley of Campbell's Second Addition—So. 65 ft. of No. 100 ft. of Lot 4, Block 19.

The sewer is so near the surface of the ground that it is of no use to the residents in this end of the block, and we cannot see how you can oblige payment on same.

Signed,
Mrs. J. P. Brady,
Mrs. H. Antonson.

Ald. Sheahan, seconded by Ald. Johnson, moved that the communication be referred to the Sewer Committee.

Motion carried.
