

WM. IRWIN IS SUMMONED

Word was received in the city yesterday of the death at Hot Springs, Ark., of William Irwin, veteran North-Western engineer and for the past several years one of the leading insurance men of this district. Mr. Irwin passed away after the but a short serious illness from a complication of diseases and the announcement of his death received yesterday morning, thoroughly shocked all who knew him.

For the past several years Mr. Irwin had spent the winter seasons in foreign countries and visiting Hot Springs, late in each fall before leaving for his winter trips. It was while stopping at Hot Springs on his annual visit, that death came to the well known Escanaban. For the past five years Mr. Irwin had not enjoyed good health and last spring he submitted to a serious operation at Johns Hopkins hospital. He returned to Escanaba late in the summer and remained here until shortly before Christmas.

Until about 20 years ago Mr. Irwin was engaged as an engineer for the Northwestern road, running out of this city. He entered the employ of the New York Life Insurance Company at that time and became one of the special agents for that company. He was recognized as one of the best informed insurance men of this district and his ability as a business getter secured for him an eminently high standing with the company by whom he was employed.

Mr. Irwin was about 55 years of age and is survived by one sister, Mrs. F. Crocker of Iron Mountain.

His early boyhood home was at Beaver Dam, Wis., and the body will be shipped to that place, where the funeral will be conducted under the auspices of the Masonic lodge of that city.

He was a member of the Escanaba lodge of Masons and of Delta Chapter Royal Arch Masons.

OFFICERS ELECTED FOR COMING YEAR

The Ladies Auxiliary to the Order of Railway Conductors held a meeting at Odd Fellow's hall on Thursday afternoon and elected officers for the coming year. Those elected to office were:

Pres. Mrs. E. A. Valentine.
V. Pres.—Mrs. Winnie Alkon.
Sec. Treas.—Mrs. Alice Roland.
Junior Sister—Mrs. Anna Hines.
Senior Sister—Mrs. Ida Gibbs.
Chairman of the Executive Com.—Mrs. Roso Wade.

First Member—Mrs. Mayme Brown.
Second Member—Mrs. Caroline Bratow.
Guard—Mrs. Geo. Duncan.
Correspondent—Mrs. Viola Greene.
Ins. Agent—Mrs. Frances T. Valentine.

Musician—Mrs. Esse Rainy.
The work of installing the officers was carried out very nicely under the direction of Mrs. Viola Greene. The members presented to their past president in appreciation of her work for the welfare of the lodge a very pretty pin. After the business of the meeting was over with a social session was held after which a very enjoyable luncheon was served.

GIRL'S LEAGUE HOLDS MEETING

Last evening after the dismissal of school, the "Girl's League," held a brief business meeting in the auditorium of the high school. At this time the various committees were appointed to make the preparations for the informal reception to be given by the club to the faculty and high school students on February 12. This reception will be held in honor of Lincoln's birthday.

MUNICIPAL RINK OPEN TO PUBLIC

The municipal skating rink, on the bay off the south shore, has been opened to the public under the direction of the park board. The public bath house on the shore is being heated for the comfort and convenience of the skaters and an attendant is in charge to check wraps and care for the building.

Morning Press "want ads" bring results.

BANQUET WILL BE ANNUAL AFFAIR

At the banquet of the Fair store efficiency club held at the New Ludington hotel on Thursday evening, it was decided to make the event an annual affair. Proprietor Sallinsky appeared in an address in which he personally spoke to each department head and in doing so stated that he hoped that another year would find more department heads at the Fair store. The department heads to whom Mr. Sallinsky spoke are: J. B. Wilkinson, J. A. Zukerman, W. G. Thlick, J. W. Wahlstrom, Frank Genlesse, Carrol-Olmsted, C. R. Price, C. W. Carlson, E. C. Bradley and Robert Murphy.

MOTHERS CLUB IS ORGANIZED

Nearly one hundred and fifty women gathered yesterday afternoon in the auditorium of the Franklin school at which time a "Mother's Club" for that school was formally organized and officers elected. The meeting of yesterday proved to be one of the biggest of its kind and the most successful ever staged in this city, reflecting well upon the work of other such organizations that have been flourishing in the city for several months.

Mrs. W. J. Datson was named as President; Mrs. William Elliott, vice president; Mrs. R. E. Hodson, secretary and treasurer.

Following the election of officers, addresses were delivered by Supt. E. E. King and Mrs. C. E. Andrews, head of the Woman's Club.

A program was given in which children from every grade of the school took a part, this proving to be one of the most enjoyable features of the afternoon.

Refreshments were served by the teachers and the meeting demonstrates the kindly feeling for Mothers clubs in this city and with so large a membership, its progress should indeed be rapid.

CONFERENCE TO BE HELD SOON

Notices have been received in the city of the dates of Older Boy's Conference of Cloverland to be held at Calumet on Feb. 19, 20 and 21. From the program outlined in the announcement it is believed that the coming conference will equal that held here last year in point of speaking talent and attendance.

The program that will be given at Calumet is a most unusual one in its nature and includes such men as A. E. Roberts, of New York, international secretary for rural boys; J. M. Arman, of Chicago, secretary of Boy's work of the Chicago Association College; J. A. Vandy, secretary of State Boys Work and G. E. Westerman, secretary of Boys work of Upper Peninsula.

Registration cards have been received in the city and may be had upon application to W. L. Davidson, C. F. Jacobson and P. A. Lint. The cards must be turned in at Calumet not later than Feb. 13.

MAN SURPRISED BY HIS FRIENDS

Mrs. Jacob Moersch of Hale street, last evening, staged a surprise party on her husband in honor of his birthday anniversary, and his sister, Miss Elizabeth Moersch. During the evening a program of cards, music and dancing was carried out much to the delight of every person present.

In the card contests James Brown and George Cook won the men's prizes while the woman winners were: Mrs. Joseph Villemur and Mrs. Jacob Moersch.

STORY HOURS AT PUBLIC LIBRARY

The story hours which have been held at the Public Library on Saturday mornings, at 10:30 o'clock are being continued after a brief intermission during the holidays. All children in the first, second and third grades are cordially invited to attend.

DISCUSS LAW LAST NIGHT

LAWYERS OF COUNTY MEET AND HOLD FORMAL DISCUSSION ON PROPOSED JUDICATURE LAW

Attorneys of Delta county last evening staged a highly enjoyable banquet in the private dining room of the new Delta hotel at which time the matter of the proposed Judicature law was given a thorough discussion.

Starting at shortly after 6 o'clock the lawyers of the county dined until nearly 8 o'clock when the formal discussion was taken up, practically all in attendance expressing their opinion in the matter. Many objections were entered against the proposed law by the local attorneys in the discussion.

Plans were laid and a committee composed of Atty. I. C. Jennings, A. H. Ryall and H. J. Rushton, named to perfect a permanent bar association in Delta county.

Resolutions were also adopted to be presented to Atty. I. C. Jennings, expressing the deep sympathy of the attorneys of the county at his serious illness and hoping for a speedy recovery.

The meeting of last night was attended by attorneys from every section of the county and proved most delightful at every stage, coming to a close shortly before midnight.

SMEDLEY IS VICTORIOUS

After remaining in the juryroom from 5:30 o'clock until 8:30 o'clock last evening, the jury in the personal injury case of James Smedley against the Mashek Chemical and Iron Company, returned a verdict of \$1200 for Smedley.

The entire day was occupied yesterday in trying the case, five witnesses altogether, being sworn to offer testimony. Attorneys on both sides fought the case every inch of the way, making the action one of the most prominent for the present term of court. Atty. N. C. Spencer appeared for Smedley while Atty. M. D. Mead of this city and Atty. W. E. Oxtoby of Detroit appeared for the Mashek Chemical and Iron Company. The spurs of oratory of Atty. Oxtoby were the features of the day's trial.

The action grew out of an injury received by Smedley when a ladder broke on which he was climbing at the Mashek Chemical and Iron Company to fight fire. Smedley claimed that he had received injuries in the fall that had proven permanent.

OPERETTA TO BE GIVEN

Rehearsals are going forth each day for an operetta entitled "A Cruise of a Trundlebed," to be given at the high school auditorium on Feb. 5 and 6, by pupils of the primary department of the public schools of the city.

The first part of the program will be taken up by folk dances and songs by children of the Kindergarten and first grade while the operetta will make up the last half of the program and will be given by children of the first, second and third grades.

The entertainment is being arranged under the direction of Miss Francis Ryan, head of the musical department of the local public schools, assisted by Miss Marie Snyder, physical instructor for Escanaba schools.

OFFICERS INSTALLED THURSDAY AFTERNOON

The members of the G. I. A. to the B. of L. E. held the installation of officers in Grenier's hall on Wednesday afternoon. The officers installed were as follows:

President—Mrs. F. E. Buell.
Vice Pres.—Mrs. John McKeever.
Treas.—Mrs. Stanley Tyrrell.
Sec.—Mrs. M. Harrington.
Ins. Sec.—Mrs. Drake.
Chaplain—Mrs. Timothy Corran.
Musical—Mrs. Matt Sullivan.

EASTERN STARS TO HOLD PANTRY SALE

It is expected that the pantry sale to be given by the members of the Eastern Star women at Ellsworth drug store, will be well attended and patronized by local people. The women who are interested in the affair have been using all of their skill in baking to prepare a list of baked goods for today that will be, indeed, tempting. Practically everything in the bakery line will be offered for sale at this sale and this opportunity to secure home baked goods should indeed not be allowed to pass.

ATTY. RUSHED TO CHICAGO

Suffering, it is believed from a severe attack of peritonitis, Atty. I. C. Jennings, prominent attorney of the upper peninsula, leaving this city last night, will this morning be entered at the Augustana hospital at Chicago, where, if it is found necessary an operation will be performed.

While calling at the home of H. W. Reade on Wednesday evening, Mr. Jennings, who had been enjoying his usual good health, became ill and going to his home, gradually grew worse until yesterday, his condition was reported to be of a decidedly serious nature. The attorney's physician, Dr. A. F. Snyder, desiring to consult with Dr. Oehmuer, of the Chicago Augustana hospital and surgeon of national reputation, decided to remove his patient to Chicago.

Throughout the day yesterday Atty. Jennings suffered intense pain and was last night undergoing terrible pain when taken to the station for the evening southbound passenger.

The patient was accompanied to Chicago by Mrs. Jennings, his physician Dr. A. F. Snyder, and his law partner and wife, Mr. and Mrs. S. M. Matthews. The notice of the condition of Atty. Jennings and whether or not it will be necessary for him to undergo an operation, will be received in the city early today.

HIGHS BEAT ALL-STARS

In two basketball games staged at the high school gymnasium last evening, the high school "regulars" and the faculty teams proved victorious.

In the first game of the season the first high school team played an "All Star" team of the city, defeating them by a score of 20 to 18. The high school team was: Baldwin and Dahlberg, guards; Baum, center; Perrin and Cooney, forwards. Erickson substituted for Dahlberg at guard in the second half and Dahlberg played at center in Baum's position. The "All Star" team was: Corcoran and Ness, forwards; Compher and Pepin, guards; and Syverson, center.

In the second game the faculty cast defeat into the ranks of the high school second team by a score of 20 to 14. The faculty team was: Davidson, Moats, Hutto, Willerton and Lint. The second team was, Hodgekins, Murphy, O'Brien, Bjorkquist and Lambert. Corcoran officiated at the Second Team—Faculty game, while H. Guy Moats, refereed the First Team—All Star contest.

Next Thursday evening the local first team meets Munising at the high school gymnasium and on Friday night the Escanaba team goes to Marinette to meet the high school team of that city.

FRENZIED MOB LYNCH NEGROES

(Special to the Press.)
Macon, Ga., Jan. 15.—Four negroes were lynched by a mob at Monticello tonight. They were an old man, his son and two women relatives. The older man was hung and the others shot. On the night before the negroes had a fight with the police chief and sheriff as a result of a blind tiger raid. The negroes were taken from the jail.

Constipation and Indigestion

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good." writes Eugene S. Knight, Wilmington.

RUSSIANS OBSERVE THEIR NEW YEAR'S DAY WITHOUT FEW ACTIVITIES ALONG BATTLE LINE

DEATH LIST IS TERRIBLE

THOUSAND UPON THOUSANDS OF PERSONS ARE FOUND DEAD IN AWFUL DISASTER

(Special to the Press.)
Rome, Jan. 15.—Official and semi-official reports to Premier Salandra from 24 towns and villages in the earthquake stricken district report approximately 27,800 dead. Forty-four towns have not been heard from yet. The Premier said he thought the number dead would be reduced as many were found buried alive. Since Wednesday the Seismograph has registered 120 shocks. It was announced today that in view of the international situation in Europe the Italian government will refuse the offer of help from foreign countries without exception. Lake Fucina is dammed now and if an outlet is not given to the water it will deluge the valley where Avezzano stood.

(Special to the Press.)
Rome, Jan. 15.—Work of rescue is most difficult in nature despite continual reinforcement of troops. Avezzano is completely obliterated. Where the walls are standing the threat to fall at any moment. Five towns including Avezzano are completely destroyed, these having a population of 38,000. Most of these are supposed to be dead.

(Special to the Press.)
Rome, Jan. 15.—Six hundred refugees arrived here this afternoon on five trains from the earthquake stricken district. Most of them were injured. Nineteen died enroute.

\$18,000 IS LEFT WHEN LAKE ANGELINE QUILTS

Negaunee, Mich., Jan. 15.—How to dispose of \$18,000, which has accumulated in the aid fund of the Lake Angeline mine for the last 25 years is an interesting problem which is now being considered in probate court.

The mine, which has been in existence for more than 30 years, will soon be worked out and this club money, which has been stowed away by some 15,000 miners, will have to be distributed in some manner.

Following the custom of many other Michigan mines the management of the Lake Angeline commenced the creation and maintenance of an aid fund for the benefit of its employees. Both the men and the company contributed stated sums monthly. In the year 1886, in this case the men contributed 50 cents monthly. When a man was injured he received \$1 a day during his illness and a certificate of \$400 was given out in case of death. These distributions, however, fell far below the receipts and hence the large surplus.

WILSON MAY JOIN SUFFRAGIST RANKS

Washington, Jan. 15.—An intimation that President Wilson may espouse the cause of woman's suffrage in New Jersey was contained in a statement by Dr. Anna Howard Shaw, Dr. Shaw, Mrs. Medill McCormick and Mrs. Winston Churchill called on the president to discuss the suffrage amendment to the New Jersey constitution now pending in the legislature.

"We have come away from our interview with the distinct impression that very shortly the president will come out with a statement favorable to suffrage in the state of New Jersey," Dr. Shaw said.

President Wilson has repeatedly told delegations of suffragists he believed their question was one for the states.

At the White house it was stated the president had not indicated in any way what position he would take.

Miss Margaret Sullivan returned to take up the duties of her position in Chicago, after visiting with her parents, Mr. and Mrs. George Sullivan, for the past two weeks.

GERMANS MAKE GAINS UNDER KAISER'S EYE

Rumors are Afloat That in Event That They are Unsuccessful in Winter Campaign---Austrians to Open Peace Negotiations

STEEL MAKERS ARE OPTOMISTIC

A particularly optimistic attitude toward the future of the steel trade is evidenced among the steel manufacturers in the Mahoning and Shenango valley and predictions are being made that by Feb. 1 practically every mill in the Sharon district, owned by the United States Steel corporation, Republic Iron & Steel and the Youngs town Sheet & Tube companies, will be operated at nearly normal capacity. The tin plate mills are showing particular gains. The Shenango tin mills of the American Sheet & Tin Plate company have resumed with a full force.

The iron and steel trade has been gaining ground since the first of the year and buying by railroads is now more of a factor than for a year past. It is expected that a substantial tonnage in rail orders will be placed during January. Some of the Eastern railroads are sending out inquiries for rails and locomotives. Spring work on the railroads is bound to be heavy.

During the latter part of November and in December 2,500,000 tons of pig iron were sold. Many important orders have been placed within the past two or three weeks for bridge material by the Pennsylvania and other railroads.

Railroad officials in various parts of the country report a moderate increase in the volume of traffic since the first of the year. Merchandise shipments are of the year. Merchandise shipments are picking up and the coal movement is heavier than for some months past. The timber movement is also better than earlier in the season, as a result of the recent snow falls in many districts where logging operations are being conducted.

NAVAL RESERVES FILL TO SHOOT

A Washington dispatch says:

In his report to the navy department on the 1914 cruise of the Michigan Naval Reserves on the Don Juan de Austria, Lieut. Emmerson, U. S. N., who went along as naval observer, makes many complimentary remarks about the energy and eagerness of the reserves. When it comes to reporting on the ship herself, the report is somewhat otherwise. Here is one instance: "Collision drill was executed in a manner that served very well as an illustration of the manner of using and the need for a collision mat. The mat itself could not be found and consequently an improvised method was necessary. The collision mat was reported to have been in very poor condition when last seen."

Similarly with the Don's guns—most of them are antiquated and few are complete in all their parts. Three of the 6-pounders had no firing pins.

The report concludes with the remark: "There was no target practice on the cruise."

Over in Britain, where they are training the second army, the idea is to subordinate all else to teaching the men how to shoot.

A fine lot of preparation the Michigan Naval Reserves are getting for real warfare, by going off on the cruise in an antiquated tub without proper apparatus for drills, with guns that won't shoot and with target practice dispensed with.

ANNOUNCE LIST OF INSTITUTES

F. E. Keeler, superintendent of public instructions, has issued a list of the mid-winter teachers institutes to be held in the peninsula under the supervision of the state department. The list follows with the normal school

BULLETIN

Berlin, Jan. 15.—Today's reports from the army headquarters reveal the fact that the fighting in north and east of Soissons and partly witnessed by the Kaiser, has resulted in much greater German success than previous reports indicated. The disaster to the French is complete. According to the official statement the north bank of the Aisne is 'definitely cleared of French and upwards of 4000 bodies are found on the battlefield.'

BULLETIN

London, Jan. 15.—Yesterday being New Year's day according to the Russian calendars, the Serbian minister sent a telegram of good wishes to Premier Asquith.

Havre, Jan. 15.—The Belgian government has decided to make a call upon all unmarried men between the ages of eighteen and thirty. Those not wishing to perform military services will be occupied with useful public work. Every one will have to make a declaration before the consul in his district.

BULLETIN

Paris, Jan. 15.—Tonight's official bulletin merely says: "No important incident is reported."

BULLETIN

Rotterdam, Jan. 15.—A correspondent of a newspaper states he received a letter from a friend at Hamburg who reported that provisions were getting scarce and becoming more expensive. All classes are compelled to be very economical.

(Special to the Press.)
London, Jan. 15.—A Central News dispatch from Petrograd reports that belief is current in Hungarian political circles that in event of a failure in forthcoming Austro-German operations the Austrian government has decided to open peace negotiations with all states warring upon Austria.

(Special to the Press.)
Petrograd, Jan. 15.—The official report tonight says:

"During the night of the Russian New Year and on the following day comparative quiet prevailed along all the fronts. The Germans made some attacks on the advanced posts in the Lotzen district but they were unsuccessful. On the right bank of the Vistula we continued pressing the German cavalry which was supporting small bodies cavalry."

(Special to the Press.)
Berlin, Jan. 15.—The official press bureau announces the impending appointment of Karl Theodore Helfferich managing director of the Deutsche bank, to the post of secretary to the Imperial Treasury. Helfferich is one of the greatest authorities on matters of finance.

(Special to the Press.)
Plymouth, England, Jan. 15.—The American steamer Pathfinder, with a cargo of cotton was ordered into Plymouth today by British warship and after a few formalities of inspection were undergone, the ship was immediately released. The Pathfinder was bound for Bremen.

(Special to the Press.)
Petrograd, Jan. 15.—From the Russian occupation of Serpe, 33 miles north of Ploek, it appears that the Russians have assumed the aggressive on a broad front against the southern frontier in East Prussia. Little details of the fighting are heard.

Inspiration.
Half the difficulty of fighting any severe battle or accomplishing any hard task vanishes when a man feels that he has comrades at his side fighting in the same cause, or that the eyes of those he loves are upon him, and their hearts praying for his victory.—C. J. Perry.

The Mystery of Grayson Hall

Eclair two reel drama

The Star Gazer

Featuring Murdock MacQuarrie

"Mr. Noads Adless Day"

Joker comedy

OVER TEN THOUSAND JEWS ARE FIGHTING

London, Jan. 15.—More than 10,000 Jews are now serving in the British army and navy and the army casualty lists show that six officers and over 40 enlisted men have been killed and 150 reported wounded or missing, in addition.

These figures are compiled by the Rev. Michael Adler, the senior Jewish chaplain to the forces. The Rev. Adler has a son in the Royal Fusiliers, and he himself expects to leave for the front soon.

"Before the war," says the Rabbi, "there were only 500 Jews in the service. Since the war, all sections of Jewery, rich and poor, have responded. Two of our men received distinguished conduct medals. There are a large number of Jewish officers and men in the Australasian forces in Egypt, while others took part in the operations in Samoa and New Guinea.

AMONG THE THEATRES

THE DELFT

Lena Rivers today

Lena Rivers is the orphaned grandchild of Granny Nichols. Lena's mother Helena has gone to the city and secretly married Harry Graham, a young Southerner who has assumed the name of Rivers as a prank.

He is falsely accused of murder and sent to prison.

Helena, thinking she is deserted, returns to her home to die of a broken heart.

Granny rears Lena, but poverty compels them to seek a home with Granny's son, John, in Kentucky.

Lena's cousin, Caroline, makes her life miserable with her jealousy, and when Durward Belmont falls in love with Lena, Caroline, who loves him contrives to blacken Lena's reputation. Graham has married Durward's mother in the meantime and meeting Lena realizes she is his daughter, but makes her promise not to tell his secret.

Lena's happiness is very nearly wrecked before the truth is revealed, but Graham finally makes known his relationship to her and all ends well.

ROYAL AND GRAND

Manager Sullivan has, as his feature for tonight an Edison Two Reel comedy "Grand Opera in Rubenville." The picture is something that is decidedly unusual and is well acted.

"The Mexican" is a Selig western drama and "His Mother's Home" is an unusual story of a mother's sacrifice and compassion for a son. The pictures is one that should touch the heart of any audience.

One other good picture will be shown.

A ten reel matinee will be shown at the Grand this afternoon. Special stress is laid on this afternoon program.

Manager Sullivan has "The Drus Terror" coming for next Monday in a matinee and night show. The picture is said to be one of the most thrilling ever offered for public approval in this city. Children under 16 years of age will not be admitted to this show.

THE BIJOU

"The Mystery of Grayson Hall" is the Eclair two reel picture drama that is to be offered by Manager Hines of the Bijou this afternoon and evening. Following this feature will be "The Star Gazer in which Murdock MacQuarrie will be featured.

The joker comedy for the afternoon and evening shows today is "Mr. Noads Adless Day."

The entire program of pictures will be of high quality today.

GERMANS USING POINTED BULLET

London, Jan. 15.—Dr. J. Hartnell Davis, late director of the British field hospital for Belgium and Dr. H. S. Soutair, assistant surgeon in the West London Hospital, contribute to The British Medical Journal an article relating their experiences in the treatment of the wounded, in the course of which they say:

"The destruction of tissue in bullet wounds is so great that each side has repeatedly accused the other of using dum-dum bullets. This is based on an entirely mistaken reading of the evidence. Our opponents do not use such bullets for the very good reason that they have discovered something far more deadly at long range.

"These pointed bullets are carefully constructed so that its center of mass is far back. On striking any tissue, soft or hard, it turns over and passed through backward, the uncovered base mushrooming as it advances. The point of the bullet is under these circumstances unaltered. In the course of operations we have repeatedly met with specimens demonstrating the correctness of this view. The minute wound of entrance, the great internal destruction, the position of the bullet and its mushroomed base, admit of no other explanation."

LIVE ITEMS of INTEREST

Joseph Kosinski of Wilson was in the city yesterday on business.

Joseph Moreau left for a business trip to Powers, last night.

Mrs. F. E. Buell and son, Raymond left for Green Bay last night, called there by the serious illness of Dr. H. P. Hurley, a former resident of this city.

A 10 pound son was born to Mr. and Mrs. Grover Lewis of 331 North Sarah street yesterday morning.

Mr. and Mrs. Floyd Artley and daughter, Beryl, of Minneapolis, Minn., are visiting in the city with their parents, Mr. and Mrs. J. H. LaClaire, 1023 Escanaba avenue.

Too Long to Be Entirely Valid.

Oliver Knox read some published letters in a breach-of-promise suit, and laughed. "This idiot wrote to the girl that he would love her always," he commented. "Now I contend that 'always' is the longest word in the dictionary, and no wise man ever uses it." "No," retorted his discerning wife, "and no wise woman would believe him if he did."

Some Help.

Mrs. Datus—"Do you find your gymnasium work helpful?" Mrs. Artigue—"Helpful! Why, this morning I was the first one to reach a bargain counter out of a bunch of a hundred starters."

You see it first in the Press.

Selig western drama

HIS MOTHER'S HOME

An unusual story of a woman's self-sacrifice and compassion, remarkably well acted.

One Other Picture, Sunday—"THE ERRING."

How would you like to buy your groceries at the same rock bottom prices we have been selling you meats at in the past? As we don't have to put so much elbow grease behind the groceries as we have to in cutting meats, we will sell you canned goods at from 1 to 1 1-2c over and above whole sale prices; coffees at 2c per lb. over cost; sugar by the hundred weight, at 25c over wholesale; flour at 50c per barrel over cost; soaps by full box at 25c over wholesale; package goods at from 1 to 1 1-2c over cost; butter at 2c over wholesale; butterine at 3c over cost. Your nicker will deliver 100 pounds and under to any part of the city.

We will cheerfully produce our bills from wholesalers as to our cost to any doubting Thomas. Fair and square—open and above board at all times shall be our dealings. To successfully carry out all of above would ask you to kindly favor us with your patronage as well as any suggestions you may have to offer for improving the service as well as the life of an institution which will always do unto you as they would have you do unto them.

A Secret of Success

is "keeping in the bank the money you have and working for more."

Men do not attain success by spending more than they earn. Every successful man you know has a bank account. He can get assistance from this bank when he needs it.

Not because he is successful but because of the qualities in the man which have made him successful.

Having a Bank Account is one of the first requisites of Success. We will be pleased to serve you.

MUST PROVE HE IS ALIVE TO GET PAY

London, Jan. 15.—Officially entered on the war office rolls as dead over four months ago, Sergeant C. Bennett of the Norfolk Regiment has had to prepare documentary proof of being alive in order to obtain his pay. The sergeant was wounded at the outbreak of the war. On his discharge from the hospital he went home to remain his strength. A few days ago, he took a trip to his regimental headquarters and applied for his back pay. His major, who knew him well, re-

gretted that he was unable to do anything, since it is not army custom to pay dead men.

Bennett is now obtaining affidavits from his former employers, his pastor and the police to convince the war office that he is still alive and entitled to pay.

The Gist of It.

"Last December I had a very severe cold and was nearly down sick in bed. I bought two bottles of Chamberlain's Cough Remedy and it was only a very few days until I was completely restored to health," writes O. J. Metcalf, Weatherby, Mo. If you would know the value of this remedy, ask any one who has used it. Obtainable everywhere.

WOULD ELIMINATE FAKE INSURANCE

Lansing, Jan. 15.—The principal work before both branches of the state legislature this week will be the introduction of bills, with scores of measures, covering a wide range of subjects, prepared and ready for submission.

The state insurance commissioner's office leads off with three bills which are intended to safeguard the public relative to the work of insurance corporations and their guests and repealing all laws inconsistent with the provisions of the proposed legislation.

One bill requires that all insurance corporations shall register with the state insurance commissioner, paying a registry fee of \$10. Agents, other than clerical help and attorneys representing the companies must also register with the insurance commissioner on the payment of a fee of \$5.

Would Stop Fakers.

The object of the bill is to stop fake insurance placing and to prevent agents from falsifying as to the returns their company will pay to the insured. The insurance commissioner is given power to question agents and thereby determine if they are fit persons to engage in the business. This is in accordance with the move by the state to raise the standard of insurance workers.

Insurance companies are also forbidden advertising their business in a way that will be misleading to the public, or to hold out inducements by urging persons insured in other companies to drop their insurance to enter some other company.

Fraternities operating purely as beneficiary organizations are exempt from the provisions of the bill. A fine of \$500 and costs, with a severe jail sentence, is provided for violation of the law.

A second bill refers to fire insurance companies, and is aimed to prevent fraudulent advertising and misstatements, or to conceal the identity of the company doing the insuring.

The third bill provides for an average or pro rata rider, clause to be attached to the Michigan Standard Fire Insurance policy, to be used in reckoning losses.

G. W. MERRICK IS STATE BANKING COMMISSIONER

Lansing, Mich., Jan. 15.—Governor Ferris shook the political tree Tuesday afternoon and the best plum to ripen on the democratic branches this year—fell to George W. Merrick of Pigeon, who, until a week ago, was not considered as a candidate for this important position.

Merrick is cashier of the state bank at Pigeon and has had many years' experience in the banking business. State Senator Fred Woodworth, who is intimately acquainted with Merrick, says that Governor Ferris has made a good selection and Woodworth is confident that the new commissioner of banking will make good.

It has been generally understood that Cecil Peck of Port Huron was the choice of the democratic leaders, but some time ago the governor announced that he was going to pick a good democrat for the job, but added that he would be careful to select a candidate who would be capable of filling the office in a satisfactory manner.

Ever since the November election Governor Ferris has been pestered by applicants for the appointment of state banking commissioner. The position yields a salary of \$3,500 per year and the appointment is good for four years. It is believed in the state house that the position of deputy will be tendered to John H. Robson of Ovid, who has twice been the democratic candidate for state treasurer.

There is considerable patronage at stake in the office of the banking commissioner and state house politicians predict a wholesale house cleaning within the next few months. The governor has declared that he would give the new commissioner absolute control of the department and would hold him responsible for the conduct of the office.

Albert Manning of Lansing has been in the banking department for ten years and has acted as deputy during the four years that E. H. Doyle has been commissioner. Although Deputy Manning is regarded as an expert on banking matters it is believed that he will be decapitated by the political axe when the new administration comes into power.

Live Longer on Peninsulas.

It is stated that the residents of islands and small peninsulas live longer than persons who dwell on the mainland.

What She Wanted

"I want to stop my baby's cough," said a young mother Tuesday, "but I won't give him any harmful drugs." She bought Foley's Honey and Tar Compound. It loosens the cough quickly, stimulates the mucus membranes and soothes the inflamed throat.

PETERMANN WILL BE FAIR WITH GRANGERS

Lansing, Mich., Jan. 15.—Rep. A. E. Petermann of Calumet, is chairman of the House committee on taxation, to which the tonnage tax bill will be referred, if introduced. On it are two more upper peninsula members. Averill of Grand Rapids, McGraw of Detroit, Rogers of Muskegon, Whiteley of the Presque Isle district, C. J. Reed of Jackson and Miller of Montcalm are the lower peninsula men who are on the committee.

Considerable disappointment was felt over the naming of Petermann as chairman among the Grangers interested in the tonnage tax bill. They all conceded Petermann is probably the ablest man in the House and for that reason they are afraid of him. John C. Ketcham, master of the State Grange, was here today, and when asked about the tonnage tax bill declared it would probably not be introduced now that Petermann had been named chairman of the committee on general taxation. "What's the use of putting in a bill before a packed committee and seeing it stifled before it starts?" he said.

Petermann Promises To Be Fair. But Petermann is a bigger man than that. When he was asked about it, he said:

"If any tonnage tax bill comes to my committee it will be reported out if I have any influence with the balance of the committee. I don't believe in smothering it. On the other hand, I believe the case of the mining companies against me has bill is so meritorious that we can kill the measure on the floor of the House. I shall report out the bill and then make my fight against it with all my might in the open and on the floor of the House. The Grangers need not worry about what I will do to it in the committee."

Women of Sedentary Habits:

Women who get but little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.

NOTICE

The members of the North Star Society are notified to meet at the North Star hall Saturday afternoon at 1:30 o'clock, to attend the funeral of our late brother, BERT T. RONNEBERG. Signed: FRED SWANSON, President. 1460-15-21.

Best Way to Keep Apples.

The best vessels in which to keep apples are crates or baskets that permit ventilation, and also permit handling the fruit to prevent bruising. When it commences to reach its full stage of ripening it is well to sort it occasionally, and remove and use any that are commencing to decay, or that are becoming soft or overripe. Firm specimens can be wrapped in pieces of ordinary newspaper and put in ventilated crates, baskets or barrels in a cool place, and there kept for a longer time than when not so wrapped.

Truth.

Truth itself, according to Locke's fine saying, will not profit us so long as she is but held in the hand and taken upon trust from other minds, not wooed and won and wedded by our own.—George Elliot.

FORD WILL MAKE PLAN PERMANENT

Detroit, Jan. 15.—The \$10,000,000 profit sharing plan inaugurated by the Ford Motor company one year ago today will be made permanent. This announcement came today from F. L. Klingensmith, secretary of the company. Klingensmith made public interesting statistics showing that each profit-sharing employe of the Ford company is depositing in banks or investing in homes and lots on an average of \$48.76 per month. Bank deposits of Ford Workers during the past years have increased 130 1-2 per cent per man. Klingensmith's statistics showed.

Father of Income Tax.

Britain's Income tax, which the prime minister thinks should be revised, was first imposed in January, 1799, by the ingenious financier, Pitt. It was submitted to by an indignant nation, who got rid of the abolition in three years. But Napoleon could not in three years get without it, and it made spasmodic entrances and exits, until in 1842 it became a hardy annual. Ireland managed to struggle on without it until 1857.

Cause of Water Bubbling.

There is an erroneous impression that water bubbling violently is hotter than water at the boiling point. As a matter of fact, the ebullition is caused by the escaping steam, which means lost heat. All water (except in a high elevation) reaches the boiling point at 212 degrees Fahrenheit and however fast or slow the water may be boiling it remains at that temperature.

Peculiar Harvest Festival.

At the end of the harvest season in Malabar there takes place the dance of the drummers, a popular function, in which the principal character is a weird figure supposed to represent the sacred cow of the gods. A small boy carries this about while the other performers decked out in primitive fashion with painted bodies and hideous masks go through a weird dance, accompanied by much drum beating and singing.

JACK JOHNSON MAY GET INTO TROUBLE

El Paso, Tex., Jan. 15.—The Carranza government will oppose the entry into Mexico of Jack Johnson, the American negro prize fighter, who is booked to fight Jess Willard in Juarez on March 6, according to predictions made today by Andres Garcia, the Carranza consul here.

Garcia today telegraphed to the first chief of justice in the United States and suggested that he must present recently issued American passports before he be allowed to pass through any port held by the Carranza forces.

Must Pass Carranza Lines. Johnson at present is at Buenos Aires, Argentina, on his way north. He naturally would attempt to enter Mexico through the east coast ports of Tampico or Vera Cruz, both of which are held by Carranza troops. The trip from some Central American border port would be as difficult as any entry from the west coast. The latter would require a hard ride over the mountains which might effect the condition of the negro.

Garcia's objections were based on his assertion that the Johnson-Willard match would increase the war chest of Villa, who is combating Carranza in the present Mexican controversy.

Read the news when it is news and read it first in the Morning Press.

SELF TRAINED ATHLETES ARE THE BEST—GOTCH

Ames, Iowa, Jan. 15.—Frank Gotch, world's champion wrestler, in a recent talk to the students of Ames university on the subject of athletic training revealed some interesting data as to his method. Gotch disagrees with some of the noted physical culture exponents on present day methods, and incidentally gives the system a rap. The following are Gotch's ideas on the subject:

"I dare say," declares Gotch, "that if each man should take on himself the responsibility of being his own trainer he would be a much better athlete than he would be otherwise. If it were possible for the coaches to study the needs and characteristics of the individual man and work with each one as a unit, instead of training them as a group, the present day athletes would be superior to what they now are."

Study of Self-interests. "I have found it a great pleasure to solve the problems of my own physical machine, to find out just what it ought to do and just what it ought not to do. During my training, I was always careful not to overtax my strength. For instance, one day I

would take 20 miles of road work and the next day five. When I started out I discovered just how much I could stand, and I never was all in.

"A man should quit training, feeling vigorous, snappy and full of life, and not like the present day athlete who is told to quit after the coach has worked him until all worn out and exhausted.

"Defeat is a good thing for an athlete. A reserval instills a greater amount of fighting spirit into a man. When I first started in the wrestling game I took three good beatings, and it was the best thing that ever happened to me. I then learned to fight my battles alone and to fight gamely. I have a son 10 months of age whom I want to see get his share of the knocks in this world so that he can fight and not back down in adversity."

Bans Tobacco. "Tobacco should not be used in any form. It was my hardest task to abandon tobacco smoking habit.

"Moderation in wrestling is good for the collegeman, but too much of it is bad. I believe that wrestling takes into acting every part of the body better than any other form of athletics. Wrestling is good for the college man if he limits himself to 15 minutes of it in a good stiff manner. That is all he should take at one time.

"To the college man who achieves greatness in athletics I give the greatest credit. He is carrying twice the load I carried when I was following the wrestling game. He has mental and physical tasks, while I only had the latter. But above all, in order to achieve greatness in athletics, a man must live a clean, wholesome life."

FINANCIERS ARE MORE CHEERFUL

Milwaukee, Wis., Jan. 15.—There is a distinctly better feeling in financial circles in the east than a month ago," said President O. C. Fuller, Wisconsin Trust Co., who has just returned from extensive conferences with New York financiers. "This is largely due to the marked improvement in the foreign exchange situation. All apprehension of the possibility of gold exports has been removed by the market decline in the rate of sterling exchange, which is now well below the point at which, under normal conditions, an import movement of gold might be expected.

Money Accumulating. "Everywhere money seems to be accumulating in the banks and a period of unusual ease in that respect seems to be just ahead of us. How long that condition will last depends somewhat on the duration of the war, the resumption of normal commercial conditions and also somewhat on the degree of inflation that will be injected in our currency system by the new federal reserve banks when in full operation.

"Bankers have some apprehension over what conditions may be at the close of the war and hence they are reluctant to make long-range investments where money will not be available for a long time. With the number of uncertain factors, bankers are not willing to take a long chance on the future. But call money and short time paper are going down steadily. Commercial paper is low, which is also a stimulus to business.

"The optimism, however, is manifesting itself in a livelier demand for securities than at any time during the last twelve months. The demand is especially for conservative securities like municipal bonds.

Money Rates After War a Puzzle. "The question of money rate after the war is an enigma. Some of the best financiers believe that the rehabilitation of Europe will require an enormous amount of money which will make interest rates high for years. Other equally shrewd financiers believe that European governments will have a long period of enforced economy and reduced armaments after the war; that the people will also have to live on the most limited scale and that therefore the buying of commodities will be greatly reduced and prices will go down and money will accumulate and interest rates will be low. There were figures to show that after the Franco-Prussian war."

EXPECTS WOMEN TO SURPASS MEN

Ann Arbor, Jan. 13.—George T. Hamilton, director of the Detroit School of Design, told the delegates to the Woman's Vocational conference, in session at the University of Michigan, that in any business or profession a woman may engage she must expect to be able to do better work than the male competitors in the same line.

"People demand more and better work from a woman than from a man," he said.

Mr. Hamilton discussed "Interior Decorating as a Field for Women," and it was his opinion that while there is such a field, a woman is handicapped by the feeling people have that such work is a man's job.

Adam Strom, head librarian of the Detroit library, read a paper in which he set forth that there is plenty of opportunities for women to become librarians.

Miss Florence Jackson of the Woman's Educational and Industrial union of Boston, gave her hearers a practical talk on "Secretarial Work for Women," emphasizing that the woman who wants to succeed in any profession must demonstrate to her employers that she is a time saver.

MILWAUKEE MAN MAY BE BISHOP

Green Bay, Wis., Jan. 15.—According to the Milwaukee Journal, Edward Kozlowski, auxiliary bishop of the Milwaukee arch-diocese, is one of the candidates recommended by the bishops under the jurisdiction of Archbishop S. G. Messmer for the office of bishop of the Green Bay diocese. The article in which reference is made to the alleged candidacy of the Milwaukeean is as follows:

"The name of Auxiliary Bishop Edward Kozlowski, Milwaukee Catholic archdiocese, is among the three sent to Rome by Archbishop S. G. Messmer. It is understood as a candidate for the head of the Green Bay diocese, to succeed Bishop J. J. Fox, resigned. From among the three the College of Cardinals will select the new bishop, and announcement of the appointment will be made from Rome.

"The appointment of Bishop Kozlowski, a Pole, would meet with great favor among the Polish Catholics here since they have for many years been seeking to have one of their countrymen named as bishop.

Bishop Kozlowski's predecessor here was Bishop Joseph M. Kondelka, a Bohemian, who has since become head of the Superior, Wis., see, to succeed Bishop A. F. Schinner, who resigned to go west.

"Bishop Kozlowski administered the affairs of the archdiocese during the absence of Archbishop Messmer in Europe. He is pastor of St. Stanislaus' Polish church here."

Demand for the Efficient

Aert, keen, clear headed, healthy men and women are in demand. Modern business cannot use in office, factory or on the road, persons who are dull, lifeless, inert, half sick or tired. Keep in trim. Be in a condition that wards off disease. Foley Cathartic Tablets clean the system, keep the stomach sweet, liver active and the bowels regular. For sale by all dealers.

For a good lunch, go to the Majestic. No waits. Quick service. 400 Ludington street. 1357-343-44

COUPLE SOUGHT HERE FOUND AT GREEN BAY

Mackinac county officers passed through Escanaba on Monday on their way from Green Bay to St. Ignace in charge of Clarence Londo and Ida Claire, said to have been enticed from her home at Rexton by her male companion, Mr. and Mrs. Claire came to Escanaba in search of their daughter and through the cooperation of local officials the couple was located at Green Bay.

A pitiful tale of how their only daughter, a girl of tender years, was enticed from her home by a man old enough to be her father, was told by the parents. The officers were moved to immediate action, and late yesterday afternoon word was received that the pair had been arrested in Green Bay and were being held for instructions.

It is stated that a warrant charging the man with abduction has been issued, and that he will be held on the charge when he is taken to St. Ignace.

Five Cents Proves It

A Generous Offer. Cut out this ad, enclose with 5 cents to Foley & Co., Chicago, Ill., and receive a free trial package containing Foley's Honey and Tar Compound for coughs, colds, croup, bronchial and lagrippe coughs; Foley Kidney Pills and Foley Cathartic Tablets. For sale in your town by all dealers.

Deodorizing a Cavity. A large cavity in a tooth can be deodorized by dipping a pellet of cotton, held by pliers, into water, then taking up with it a small quantity of sodium perborate from a saucer or glass slab and quickly introducing this dressing into the cavity. The perborate liberates oxygen, which renders the cavity odorless and relatively aseptic.

Personal Ambition

Personal ambition is a quite honorable motive. The desire for approval and praise is something which nobody should despise. But a man should not stake everything upon those; otherwise, when his works fail to obtain recognition he is disappointed. He should have in himself as his primary motive something which makes him independent of those things, something which prevents him from doing all those little things which impede public work, and make it difficult for men to work with others.—Sir Edward Gray.

OUR BIG Annual Clearing Sale! Has Just Commenced To-Day

Will be the big day for lovers of fine clothes. Many, who ordinarily can't afford to wear Hart Schaffner & Marx and Society Brand clothes can do so now. The prices are lower than you have to pay for the ordinary kind. Those who can afford them and have been wearing same, should not miss this opportunity to lay in a supply. Buy your summer togs now. It's a good investment. Our shoe department is filled with bargains in men's, women's and children's shoes.

DARNELL MAY FACE MANN ACT CHARGE

Chicago, Jan. 15.—Prosecution of Rev. James Morrison Darnell under the Mann act may follow the investigation started by the federal government.

In search of evidence of the minister's alleged interstate trips with Doris Helen Vaughn, Ruth Soper and Ethel Spurgeon, special agents from the bureau of investigation of the United States department of justice were put on the trail.

Complaints of alleged violations of the white slave traffic act by Darnell were received by Hinton C. Clabaugh, head of the investigating bureau, according to the report in the federal building. Officials of the bureau refused to discuss the complaints which are said to have come by mail and telephone.

Miss Spurgeon "Wife."

In the meantime Darnell, who is being referred to in church circles as "the devil in the pulpit," issued a new and revised edition of his matrimonial adventures.

Seventeen-year-old Doris and her mother and an attorney appeared before the clerk of the circuit court and filed suit for divorce from the brilliant young pulpit orator.

Here's Darnell's latest "Darnello-gram."

"I recognized but one wife. She is Ethel Spurgeon Darnell of Avon, Ill. I never married Ruth Soper, although I introduced her as my wife to my congregation at Kenosha. We lived there as man and wife, but her baby is not mine.

"Doris Vaughn is not my wife, either. I went through a ceremony with her but the marriage license was never made and is not now on file, and it never will be."

Development indicated either by accident or design on the part of Darnell all three "marriages" contained technical, if not legal, flaws that

might impair their validity.

If Darnell's "marriages" are bigamous or polygamous, he will be prosecuted under the state laws. Assistant State's Attorney Charles Center Case, Jr., has detectives investigating the three marriages. If Darnell's "marriages" were bogus and as a consequence he traveled with the young women through Illinois, Wisconsin and Minnesota, he will be prosecuted under the Mann act.

Had Cold Quickly Broken Up.

Mrs. Martha Wilcox, Gowanda, N. Y., writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a hard cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine, and all who have used it speak of it in the highest terms." Obtainable everywhere.

You see it first in the Press.

PROHIBITION

The lawful liquor trade of the United States is opposed to state prohibition. It favors a licensed, regulated and controlled traffic, which will respect itself and be respected by the people whom it serves. It advocates temperance, and believes that individual training and self-control will do more to retain temperance among the American people than ill-considered laws under which the people rather tend to disregard traditional habits of self-restraint. It opposes national prohibition as absolutely contrary to our scheme of government.

CHOICE
59c

Colors, black, blue, brown, red and Green

Thousands of dollars worth of splendid, reasonable merchandise are included in this final disposal, winding up a most successful season's business. Bear this fact in mind, it is not a matter of cost or profit now, but one of immediate, complete clearing of this entire stock of winter as well as staple stock. "Empty the shelves, cases and boxes of all winter goods and surplus stock." Our gain lies in the fresh start each season with brand new, clean stock

As fast as any of the here advertised lots sell out, new ones just as desirable and at a reduction equally as low, will take their place, plenty of reserve stocks for additional bargains. On account of the limited space in this page, only a small part of the merchandise coming under the final clearing list is advertised.

New Lots Will Be Advertised Every Day During This Great January Clearing Sale
