Tuesday: \$50.00 Prize Photoplay

AMONG THE THEATRES

THE DELFT

The Wichita, Kansas Beacon, has a world of praises for the company which will play "A Pair of Sixes" in

Escanaba this afternoon and evening. In fact the Wichita people had one of the best laughs of a lifetime when they saw the show there on Feb. 26. Of the appearance of "A Pair of Sixes" in Wichita, the Beacon says:

Farce in large quantities was given to Wichita people at two performances of the "Pair of Sixes," at the Crawford Theater yesterday afternoon and last night. The bill was given under the auspices of the local patrol of Shiners to help defray expenses of their trip in special trains to Seattle and the Pacific Coast Expositions. The house was well filled at both performances. The audience was kept in a continual uproar of laughter by the continual quarreling of Nettleton and Johns, business partners, portrayed by George Laffingwell and Harry Stubbs; the manipulations of their lawyer, John Houston, in arranging a poker game to dispose of Johns, his rival in love; Miss Beatrice Maud, as Florence Cole, in love with Johns, and Helen Dahl, as Mrs. Nettleton, added to the plot by their schemes. Every member of the cast was an artist.

THE BIJOU

For this afternoon and evening Manager Hines of this house presents Harry Myers and Rosemary Theby in "Cards Never Lie." This is a beautiful sale of a gipsy girl's faithful love for a world rover. The second best number of the bill for today is "The Mystery Woman." This is a 101 Bison feature. On Tuesday will be given a \$50 prize photoplay. The person who gives it a name will receive \$50.

Miss Frechette, who teaches at Maple Ridge, arrived in the city last evening to spend Sunday with her cousin, Miss Ella Frechette.

LIVE ITEMS of INTEREST

Mrs. E. J. Bergman of Bark River was in the city yesterday shopping. Miss Naomi Carroll who is teaching at Perkins, arrived in the city last evening to spend the week end with her parents here.

Try a \$2.50 boys suit at L. A. Erickson's. 86-11.

Atty. M. D. Mead spent yesterday in Gladstone.

Mr. C. G. Walters, representing the Burtworth Carpet Co., will be in our carpet department today and Monday, giving the Escanaba people an opportunity of selecting any room size rug desired. The E. L. Erickson Co. 86-11.

J. Wade Weston, agricultural agent for the Michigan Agricultural College, who has taken up his headquarters in the Federal building here, was in Manistique yesterday on business. Charles Harris of Detroit is in the city on business.

Don't miss our \$10.00 Coat Sale at the Fashion Suit Co. 1674-86-11.

H. S. Wells of DePere is in the city on business.

L. W. Andrews of Chicago spent yesterday in Escanaba on business.

Lester Winegar of Calgary, who has visited with his parents, Mr. and Mrs. B. D. Winegar on Park avenue, and with relatives in Milwaukee and Chicago for the past ten days, left last night for Seattle, in the interests of the engineering department of the Canadian Pacific Railway.

Surprise your son with one of our nifty \$2.50 suits. It has the true L. A. Erickson quality. 86-11.

Mrs. John Hughson and son Emmet, returned last evening from a visit with friends and relatives at Manistique.

Special for Saturday, \$12.50 Coats for \$10.00 at the Fashion Suit Co. 1674-86-11.

Miss Fannie M. Brown and Miss Mabel Hermanson, teachers in the public schools of Manistique, stopped in the city last evening, enroute to their homes at Duluth and Ishpeming, where they will spend their Easter Vacation.

Paul Amundson of Appleton was in the city yesterday on business.

W. A. your boy's favorite Erickson a trial with his \$2.50 suits and see if you aren't better pleased than ever before. 86-11.

A. F. Wenk of Bearcat, Idaho, was in Maple Ridge yesterday on business.

The Baptist Ladies Aid Society will be entertained at the home of Mrs. M. A. Haring at her home at 516 So. Sarah St. on Tuesday afternoon. Lunch will be served. 86-21.

Miss Adrienne Tousignant is seriously ill at the St. Francis hospital and will this morning submit to a surgical operation. The condition of Miss Tousignant is said to be most grave.

DAMAGE IN POLAND AND GALICIA EXCEEDS BILLION AND QUARTER.

Berlin, March 24.—According to a Craoow report, damages due to the war in Poland and Galicia amount to one and quarter billion dollars. In Galicia, a hundred cities and market places and no less than six thousand villages were more or less damaged and 250 villages were destroyed.

Eight hundred thousand horses, a half million cattle and all grain and provisions in Galicia were taken away by the Russians.

In Poland two hundred cities and nine hundred villages were destroyed or damaged.

THE ROYAL AND GRAND

For today Manager Sullivan presents the popular Marc MacDermott in "An Invitation and An Attack." This is a two reel Edison feature that should attract crowds to this house today. The splendid George Ade fable for today will be "The Club Girls and the Four Times Veteran."

George Ade comedies have attracted a great amount of attention in Escanaba and this number at the Royal and Grand today should attract many.

THE AUTOCRAT OF THE BREAKFAST TABLE

"Myra, lets have another of those juicy pot roasts tomorrow. We have not had any since Mr. Thomas was over for dinner." "All-right John, what else would you like?" "Well now, I like that. I want Dumplings, brown potatoes and gravy, surely you saved that receipt that PETERSON published some weeks ago didn't you?—and say—get some of his creamery butter. He handles the "MONO-GRAM" brand and you know it can't be beat. It may be a cent or two higher, but it's worth it. Now be sure to order that POT ROAST from PETERSON, he handles only one kind of beef, and it is the best obtainable. No two kinds to pick from." John is again right, we offer you today the new kind of juicy pot roast at 14c. We will have an extra man to answer the phone today, so you will be sure of prompt service.

Carl O. Peterson Telephone 879 531 Stephenson Ave.

DECLARES RACINE WON'T AFFILIATE

Racine, Wis., March 26.—"Talking through his hat," said Oscar Christianson, president of the local baseball club, when he was asked regarding the statement of President Weeks, who said that Racine would stay with Wisconsin-Michigan league.
We will not go into the northern circuit under any consideration. The season for the failure of the league will be long.

distance between playing centers. If we should go into the Wisconsin-Michigan league the same fault would exist, with Racine at one end of the circuit and Menominee on the other.
"If the Bi-State league does materialize the local club will be in it. A meeting of the league will be held in Chicago next Monday when the matter of the other city in the circuit will be brought up. There will be a meeting of the board of directors at the Commercial club this evening, when the matter of signing a manager and players will be taken up together with other league matters."

URGE GRANGERS TO GET BEHIND BILLS

Lansing, Mich., March 26.—One thousand letters to the various grangers of the state have been sent out from Lansing this week at the instance of Chairman Thomas M. McNaughton of the legislative committee of the state grange.

Chief among the bills recommended by the committee for immediate action is the measure for the Torrens system of land transfers.
On the temperance question, the committee urges support of the local granges for the bill prohibiting the sale of liquor within five miles of any state institution of learning. It urges support and petitions in favor of the guaranty of bank deposits.

The committee also approves Representative Lewis' bill giving rural telephone companies doing business without profit, the right to organize without the approval of the railway commission.

The market commission bill is endorsed and the committee points out that the time to act has come if the propaganda of the state grange is to succeed.

The market commission bill is endorsed and the committee points out that the time to act has come if the propaganda of the state grange is to succeed.

"It is noted by comparison with the last bulletin of this character that several issues then urged have been dropped. Among these are the mortgage tax law amendment; the live stock shipping bill; amendments to the primary law; establishing of a standard for galvanizing wire fencing and the repeal of the double reward for trunk line highway construction.

The Court of Last Resort.

Around the store of the cross roads grocery is the real court of last resort, for it finally over-rules all others. Chamberlain's Cough Remedy has been brought before this court in almost every cross roads grocery in this country and has always received a favorable verdict. "It is in the country where man expects to receive full value for his money that this remedy is most appreciated. Obtainable everywhere."

WILL OF BISHOP FILED IN COURT

Green Bay, Wis., March 26.—As he had done during his life, give most of his money above his living expenses to the church or to church institutions, Right Reverend Joseph J. Fox left practically all of what he had upon his death to the diocese of Green Bay, of which he was bishop for 10 years. His will was filed in court for probate today and revealed the above facts. In his will the bishop requests that Archbishop Sebastian G. Messner of Milwaukee province, and Monsignor Peter J. Lochman, now administrator of the Green Bay diocese, act as administrators of his estate. Because he gave liberally to churches for various purposes, the bishop's estate is not large. Property he was interested in he held merely as bishop and the property is owned by the diocese. This applied to the mansion in which he resided. The bishop's successor will be privileged to occupy it. Senator Isaac Stephenson, a friend for many years of Bishop Fox, contributed a sum toward the cost of the re-

TRAITOR POWDERS LEAD TO ARREST

Paris, March 26.—Five persons are under arrest here, charged with participation in a conspiracy to supply soldiers at the front with the means of tricking the army surgeons and getting themselves sent home as no longer fit for military service. Several days ago the postal authorities opened an envelope addressed to a soldier, and found four packets of a grayish powder, wrapped in a sheet of note paper which bore the following message: "Dear Husband—I have at last discovered a powder which will give you such palpitations of the heart that the surgeons will send you home." The police immediately arrested the writer of the note and her confession resulted in the arrest of a gang of five whom it is alleged, had been driving a lucrative trade in the sale of "traitor powders" to soldiers at the front. Whether the powders were really efficacious is not stated by the police. You see it first in the Press.

GRANTS ROADS RATE INCREASE

Lansing, March 25.—While the railway committee of the house has been carefully guarding the secret of what it proposes to offer in the substitute passenger rate bill agreed on, it claimed the measure is nothing less than the bill now asked by the railway companies. Representative Symonds and Wylie, the two house members who are leading the battle to obtain a showing on the part of the state before the relief is granted unhesitatingly condemn the proposal which, in short, is designed to grant the increased rate for two years, and appoint a committee to investigate the justice of the passenger rate boost in the meantime. In a joint interview with the Chronicle Representative Wylie and Symonds handle the subject without gloves. They say: "This seems to us about the nerveless proposition that has been suggested in connection with the railway passenger fare issue. All they ask is that the railroads be handed \$4,000,000 to \$6,000,000 a year for two years and then appoint a commission to see whether they are entitled to it. In other words, give the patient his medicine and then send for the doctor to determine whether he has given the right dose. "If this plan were followed and the commission should find that the condition of the railroads was not due to insufficient passenger rates or that their real condition was not as stated by them, the companies would have \$8,000,000 or more and the state would have its commission, plus a bill for its expenses. Continuing the discussion, Mr. Wylie said: "This is the suggestion I made to Mr. Webb of the Chicago and Northwestern road at the beginning of the session when the matter was first broached and before I had given it any study, and when I was inclined to take the railroads' statements and figures at par. "Since that time I have been digging into their data and from my investigation I am absolutely convinced that for rate making purposes their figures and statements cannot be considered as reliable data without an examination and impartial investigation. The house of representatives in Indiana recently turned down the railway request for a passenger rate increase of 25 to 55. In Ohio they could not get a bill of either house to introduce their bill. Missouri passed a bill making the maximum rate of 2 1/2 cents and provided it should not go into effect until the state railway commission after a thorough examination should decide that the companies were entitled to the increase. They provided that the commission must make a physical appraisal of the railroads and this will require from two to five years. Paul H. King, operating receiver of the Pere Marquette Railway, who is making a lone fight to obtain the increase in the hope of thus saving the system from dismemberment, is much encouraged at the outlook. He says in spite of the doubtful outlook at the start we now believe the company will get relief."

ANTISEPTIC KISS IS ACCOMPLISHED

Madison, March 26.—At last it has come—the patent germless, diseaseless and wholly shy sweethearts dust their lips with sterilizing powders, as has been their wont, before osculating. No longer need the careful mother dole herself of the last salute as her offspring rushes merrily off to school for fear of transpiring disease to his lips. All barriers are down. The means for accomplishing this wonder are still a secret, but will remain so for only one week more. The University of Wisconsin is the donor of this great gift to pining humanity, and at its exposition next week a demonstration will be given to show just why a kiss should be delivered thru the antiseptic screen. How the demonstration is to be made is a secret, but the sighing swain will at last have an opportunity to learn what happens when he kisses and how the germs are translated from one pair of lips to another, to thrive multiply and afflict the object of his affections. Then will come the antiseptic kiss—the goal of mankind from the days when Eve said to Adam: "My Love, I wish you would stop eating onions," and he retorted: "I have to eat onions to protest myself against the gum you are chewing—and it is not an onion at all, it is a clove." With the antiseptic kiss the inevitable returning from lodge will have only to keep from talking to conceal ails condition, and alibis, cloves and other odoriferous will fall in disuse. It is hoped that the antiseptic screen will be pocket size or at least made to fold. Consider the case of the wooer handicapped by a large antiseptic, guaranteed germ-proof screen. Consider the heart-broken husband in tears at the station as his spouse leaves for her six-week's vacation, seeking thru his many pockets for his kiss-screen while the conductor, watch in hand calls "all aboard." The new eugenic babies will have a hard time of it, too. Perhaps there will be a competition to place the new screen on the market and sulphur disinfectant and sterilizing fluid will vie to fill the common demand. Are eyes to be troubled with signs such as "Kiss Early and Often with Jones' Osculation Sterilizers," "Antiseptic Kisses please the Misses. Use Our Patent. You Get Kiss—We Take the Risk"—and so on? Whatever may be the outcome, it is a great relief to the minds of the students who have worked for so many years for a germless and sanitary kiss, but probably many unappreciative persons will remain who will persist in unsanitary osculation instead of taking advantage of this new method that has been worked out for them.

STRONG MENTALITY FOUND BY NOVELIST

London, March 26.—H. G. Wells, in an article in the English Review on "The Peace of the World," has this to say on America's part in the Great War: And there has been much in America, much said and much done, since the war broke out that has surprised the world. I may confess for myself, and I believe that I shall speak for many other Europeans in this matter, that what we feared most in the United States was levity. We expected mere excitement, violent fluctuations of opinion, a confused irresponsibility and possibly mischievous and disastrous interventions. It is no good hiding an open secret. We judged America by the peace headline. It is time we began to offer our apologies to America and democracy. The result of reading endless various American newspapers and articles; of following the actions of the American government; of talking to representative Americans, is to realize the existence of a very clear, strong, and mental a firm, self-controlled, collective will far more considerable in its totality than the world has ever seen before. We thought the United States would be sentimentally patriotic and irresponsible; that they would behave as though the "new world" was included a separate plane, and as though they had neither duties nor brotherhood in Europe. It is quite clear, on the contrary, that the people of the United States consider this war as their affair also, and that they have the keenest sense of their responsibility for the general welfare of mankind.

TRY THE PANTORIUM

"Tell Me the Secret"

"How do you make such delicious muffins? Mine are always so dry. And if I make the batter thin they fall. How do you do it?"

"I make them about as you do, only I use K C Baking Powder. Mine always turn out well, so it must be the baking powder."

It is the baking powder. To make muffins, cakes and pastry rich and moist, yet light and feathery, a modern double acting baking powder must be used—one that will give off leavening gas in the oven as well as in the mixing bowl.

K.C. BAKING POWDER

is really a blend of two baking powders, one of which starts to raise as soon as moisture is added. The other is inactive until heat is applied. This sustains the raise until your muffins, biscuits or cake is done. K.C. Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way. Try a can at our risk and be convinced.

Model 11-F 11 Horsepower Three-Speed Twin Cylinder with Step-Start, \$275.00 F. O. B. Factory

Why Harley-Davidson Factories Are Working Night and Day

SINCE THE 1915 HARLEY-DAVIDSON ANNOUNCEMENT OF THE HARLEY-DAVIDSON FACTORIES HAVE BEEN RUNNING DAY AND NIGHT TO TAKE CARE OF THE DEMAND FOR THE 1915 THREE-SPEED TWIN. THE 1915 HARLEY-DAVIDSON IS THE FIRST MOTORCYCLE TO CARRY A DEFINITE GUARANTEE OF HORSEPOWER. RATED AT 11 HORSEPOWER, EVERY 1915 HARLEY-DAVIDSON TWIN WHICH HAS LEFT THE FACTORY HAS DEVELOPED WELL IN EXCESS OF THAT RATING.

By winning the National F. A. M. championship, the 1915 Harley-Davidson proved the claim in the announcement that it was the fastest stock motorcycle ever built.

By winning the Cleveland Road Race at an average of 77 miles per hour, and by covering 74 miles within one hour and 350 miles in 227 1/2 minutes at Sioux City, the Harley-Davidson proved that it not only had the speed but the reliability and endurance necessary to make it stand up under the most strenuous road service.

Another large addition to the main Harley-Davidson factory just completed enables us to get prompt deliveries right now.

MICHIGAN COPPER SOLD AT 16 CENTS

New York, March 25.—Copper, Lake Superior copper, for delivery in July, today was sold for 16 cents. It was a small lot. This is the top price for copper for seven years and compares with 11 cents which was the delivery price last July.

Generally the advocate in the price of the metal to 16 cents occasion optimism, but the copper buyers point out that this price is for Lake Superior copper only and is made because the necessity of purchasing this copper for munitions of war, practically no other American copper participating in this unusual demand.

Two years ago electro copper was selling on a par with the Lake brand but the Lake brands again have attained their higher position. Other copper, without specification, sold today at 15 1/2 cents for July delivery.

It can be stated on authority, that the dissolution of the famous Amalgamated Copper company, the \$153,887,900 holding company, is contemplated. The recent sale of \$16,000,000 note by the Anaconda to finance the purchase of the stock of the United Metals Selling company and other copper companies, was one step toward this end.

Anaconda Copper company has declared usual quarterly dividend of 25 cents a share. This is the same amount as has been paid in the prior two quarters. The dividend is payable April 14 to holders of April 1.

The Nipissing Mines company has declared the usual quarterly dividend of three per cent.

U. S. MAIL CARRIES FLOUR TO GERMANY

Washington, March 24.—Pending a further investigation as to whether it violates neutrality the postoffice department is permitted the shipment of parcel post to belligerent European countries. The most active business along this line according to postoffice advices are carried on at Chicago and the centers of the wheat milling industry. Official estimates are that 12,000 pounds have been sent abroad during the past month.

Postmaster Praeger of Washington said that quite a number of shipments had been made from this city, but not to the extent reported from other sections. The destination of the local shipments has been largely Germany and Austria, the movement, having been initiated fostered by Dr. Barthelme, the correspondent here of the Cologne Gazette.

Miss Anna Garry of Escanaba leaves this morning for Milwaukee to visit with her sister, who has been ill for some time. She will return in a few days.

U.S. FISHERMEN WILL LEARN MINE PLANTING

Washington, March 24.—Fishermen of the Atlantic and Pacific coasts will become an auxiliary for the nation's defense, according to the plans being worked out by the army and navy departments. The fishing vessels will be used as mine-layers in event of impending attack by any foreign country. The idea was adopted by the officials because of the success of the trawlers in doing this work in the North Sea.

The first steps in teaching the fishermen the art of mine-laying will be taken in May, during the navy maneuvers. The fishermen operating in Chesapeake Bay will receive the first instruction, the Gloucester and Boston fleets to be next in line, and the Pacific fishermen will also be trained during the present year, according to plans made here.

Oswald Van Wald of Green Bay is visiting with relatives in this city.
