

## RUSSIANS IN BIG GAINS

### SWEEP OVER HEIGHTS OF CARPATHIANS ENTAILING GREAT LOSSES IN DEAD AND PRISONERS ON FALLING AUSTRIAN ARMY

Paris, April 12.—The Temps received the following dispatch from Petrograd: "By the capture of the last remaining height in the main range of the Carpathians the Russians placed the western Beskids range behind them and the muscovite army over a distance of 75 miles is sweeping down the southern slope of the mountains following water courses and railways. The army is within a two days march of the great Hungarian plain. The Austrian losses are immense and reinforcements trying to hold the Carpathians are insignificant. The armies of Generals Bolerevitch, Bem and Er-moll are cut off from their base by the Russians between Storko, Smolnik and Volassate. The fourth army Arch Duke Ferdinand is imperiled."

Paris, April 12.—Details of the attack by the Germans in an attempt to recapture Fort Beausejour were told in an official report today. The Germans volunteering for the task that entered the first French trench were mowed down by artillery fire and bayonet. Out of 400 who made the dash only four succeeded in escaping.

London, April 12.—An eye witness narrative that was issued by the government today, says many Germans were drowned in the Yser when the Belgians forced the Germans to evacuate Dred Grachten. An artillery duel with the French, British and Belgian cannon pitted against the German guns, is raging daily along the northern end of the battle line.

London, April 12.—Captain Bell of the steamer Thorold, was paid \$5,800 this afternoon by the Lord Mayor of London for sinking the German submarine. He sank the submarine on Feb. 28, off Beachy Head.

Paris, April 12.—An official tonight says: "The Espargnes German counter attack started at 4:30 this morning were repulsed. At 7:30 this morning a Zeppelin dropped 7 bombs on Nancy, one fell near the Civil Hospital and two fires started by the bombs were extinguished."

Berlin, April 12.—The waters of the Rhine, Moselle and Necker rivers and their tributaries, are rapidly rising. The Fayence region is threatened with floods.

(Special to The Press.) Washington, April 12.—Captain Thierfelder of the German cruiser, Kronprinz Wilhelm today asked Aristocrat Secretary Peters an extension of the 24 hour limit given him yesterday to state his intentions so he may dock his ship for inspection. Peters said the request would be granted. The German raider then asked for a definite period of time to make repairs to enable her to reach the nearest German port.

(Special to The Press.) Berlin, April 12.—An Italian correspondent of the Cabasino Renda in an interview with Von Hindenburg states that Hindenburg speaking of the English army, said: "Even if there were a million they form no real army but a uniformed crowd of officers and non-commissioned officers lacking military cohesion. I observe many unflinching signs that the Russians are beginning to get exhausted."

(Special to The Press.) New York, April 12.—A fifty-ft. centimeter gun exceeding in power and caliber, the German 42 centimeter gun has been constructed by the French according to Maurice Beaufort, an officer of the French army at Niagara, arriving from Havre today. This gun will be the first used against the fortifications of Metz.

## ROYAL THEATER CLOSES DOORS

After proving to be one of the most popular moving picture houses in the city for many years, the Royal theater closed its doors on Sunday, following its program not to open again. Manager Sullivan will devote his whole attention and time to his Grand theater further up the street and will endeavor to give to the public the very best there is in the moving picture line.

## FANS ARE JUBILANT

Baseball fans of the Copper Country are taking kindly to the plan of President C. F. Moll, of the Wisconsin Illinois league, to enter two teams from that district in the revised league. A Copper Country correspondent says:

It begins to look like a Northern Michigan-Wisconsin baseball league. J. F. Moll of Milwaukee, who is here promoting such an organization, declares that he has received much enthusiastic support for the plan to put into Houghton and Hancock a club of a league composed of Escanaba, Calumet, Marquette-Menominee, Oshkosh, Green Bay and the Portage Lake towns.

Mr. Moll would not say that the thing is a go definitely, but he is greatly encouraged. He finds that there are a lot of Houghton and Hancock businessmen who are willing to put in a little money for the sake of seeing real baseball. His plan appeals to them.

Realizing that Houghton and Hancock would have considerable preliminary expense for a park alone Mr. Moll is willing, with the consent of the other clubs in the league, to furnish the club with a ready-made team and to furnish also the franchise. This would save the club the expense of getting the players together. The expense for players would start with the salary list.

In his discussion Mr. Moll appeared to consider that Calumet would come into the league as a matter of course. The only doubtful point to him was Portage Lake, and he is not worrying particularly about this club now.

The question of the location of a park is a matter for the future, but the near future, because the league hopes to open its season May 12. The Hancock Driving park is the only available ground that is at all in readiness for a baseball plant. But the question of locating an entirely new park is under consideration.

County Clerk N. P. Kaiser, known to every upper peninsula baseball fan as "Nick," the old master of baseball in the copper country, likes the look of the proposed league. He said:

"Ted Sullivan and I had just this league in mind in 1903 when Ted was managing the Calumet team. We would have swung the league all right but for the objection of the Calumet management. I believe this list of towns is the logical makeup of a ball league for this territory. "The mileage shows this. Here are a group of towns so close together that the maximum jump is hardly more than 250 miles with pairs of towns so close together as make most of the jumps during the season very short."

"In the old Northern-Copper country league we had a jump as long as the biggest in the majors. The trip from Duluth to Winnipeg is about 700 miles, isn't it?"

Mr. Kaiser believes that this league that Mr. Moll proposes would pay the persons interested in backing the teams. He thinks the time is ripe for organized ball in the copper country.

## TELLS OF HORRORS

Joseph Kosinski of Wilson, visited Escanaba yesterday and exhibited a letter he has received from a brother now serving in the Austrian army and telling of the horrors and devastation committed by the Russian Cossacks in portions of Austria. Mr. Kosinski's brother was formerly a prosperous druggist but his property and business have been entirely swept away while his wife and children are refugees in Vienna. He is attached to an Austrian field hospital as a druggist, having been in the service continuously for seven months.

The letter follows: Kaiser and King Field Hospital No. 87 March 15, 1915.

My Dearest Brother: I received your letter and thank you very much for that you never understand how much satisfaction it gave me to hear from you. I got at that time 14 days vacation to fix up my teeth and I was with my wife and children in Wadowice, but to Vienna they would not let me go. I am seven months in the field now and I feel good and not very hard work. You hear about what has happened to my drug store. Everything was taken by robbers, everything destroyed and thus never left a nail even in the place. The doors and windows were taken off the house, everything inside was gone completely. I work all of those years and now lose everything. I am pretty near crazy when I think what I am going to do when I come back. I expect it will be the beggar life for me. My wife left in the last minute with the children. She was afraid for awhile of the Russian hordes whose actions were something terrible. I left my home on Aug. 1 and my wife on Aug. 25. You can't understand the terrible way the Cossacks have mistreated our women, young and old and how terribly they rob and destroy everything that they come to. I am happy that my wife escaped before they caught her and had she stayed she would be dead now from hunger. Everybody is awful poor. The people that worked for the Austrian government before are hungry now. The Russians have brought their degradation into Galicia. Now we hope soon to drive these robbers and murderers out. We have done that in some places now and God helping us, we will do that soon in our own state. You hear that our brother Capt. Bernhard is in a Russian prison. We hear nothing from him. I couldn't write you any more news. Everything is poor, dark and hopeless. What are you doing? How are you feeling? Is everybody in good health? How are your children? I will be awful glad when you send me the picture of you and the children. Write me now much.

Your Brother OSCAR.

Following a critical operation to which she submitted on Tuesday, Mrs. Henry Abenstein passed away early on Sunday afternoon at a local hospital. The operation was decided upon by physicians to remove an obstruction of the intestines in a desperate effort to save the patient's life. She recovered from the shock of the operation and was thought to be on the road to recovery. On Saturday evening her condition became critical and she steadily lost strength in spite of the efforts of attending physicians. At 1:45 o'clock on Sunday afternoon, surrounded by her relatives, she passed away.

Mrs. Abenstein was a quiet, home-loving woman, who held the love and esteem of all who knew her. In her death scores of Escanaba people have lost a sincere, devoted friend.

She was born in this city 48 years ago, all of her life had been passed here and in her list of acquaintances were many of the city's pioneer residents whom from girlhood she had watched the growth and development of her home city.

By an unusual circumstance it was the anniversary of her forty-eighth birthday that she submitted to the operation.

She is survived by her husband and little daughter Catherine, two years of age, in addition to Anna and Austin Abenstein, children of her husband. She is also survived by her aged parents, Mr. and Mrs. Jacob Buchholtz and three brothers, Rev. Father Buchholtz of Negaunee, Alderman William Buchholtz of this city and John Buchholtz of Green Bay.

Funeral services will be conducted over the body at St. Joseph's church at 9 o'clock on Wednesday morning. Interment will be at St. Joseph's cemetery.

Solemn Requiem High Mass will be celebrated by Rev. Father Buchholtz, assisted by Rev. Father Barth, of St. Patrick's church as deacon; Rev. Father Corcoran of Iron Mountain, sub-deacon and Rev. Father Julius, of St. Joseph's church, master of ceremonies. A short sermon will be delivered by Rev. Father Barth.

A number of priests of the surrounding district, to exhibit their sympathy for Father Buchholtz in the death of his sister, will come to Escanaba to be present at the services.

Miss Martha Elizabeth Dart yesterday morning became the bride of Mr. Arthur Moberg at St. Joseph's church. Miss Mae Dart, a sister of the bride and Arthur Messier of Wells attended the couple.

The groom is employed in the office of the Escanaba and Lake Superior railway company. The couple will receive the congratulations of their scores of friends.

By action of the council last night, Mayor Chatfield named Alderman Cuthbert, Folio and Tolan as members of a license committee to assume charge of the work of receiving the liquor licenses of the city and submitting a report to the council.

The city clerk was instructed to furnish each alderman and the city attorney with a copy of the list of applicants for liquor licenses.

## NEW CITY DAD IS CHEERED

The popularity of Dr. R. E. Hodson, newly elected member of the city council, was demonstrated last night, when he entered the council chambers to take his seat for the first time. The room was crowded with spectators and as Ald. Hodson appeared he was greeted with a roar of applause. He attempted to ignore the compliment but the insistent audience finally forced him to his feet to deliver a true Chesterfield salute.

The council's purchasing and building committees were authorized to spend not to exceed \$500 in purchasing a site for the Fourth ward voting booth and to make the city's building to the lot and make necessary repairs to that building and the voting place in the sixth ward.

## MRS. MC NABB IS AROUSED

DECLARES THAT WOMAN ATTORNEY IS ATTEMPTING TO LINK HER NAME WITH J. C. McMILLEN

(Special to The Press.) Washington, D. C., April 12.—"I did not, and you know that I did not, Miss Freebey," indignantly responded Mrs. Ida M. McNabb, in answer to her inquiry from the counsel for J. S. Kinney, reputed Millionaire Michigan mine owner, if the witness had not registered at a hotel in Florence, Wisconsin, May 12, 1910, as the wife of J. C. McMillen and occupied the same room with him.

Asked by her counsel, on redirect examination, if she had omitted any of the conversation with the defendant in July 1912, while he was showing her his properties, as they drove through the country, the witness said the millionaire told her that Miss Freebey was the smartest lawyer in the United States and that "She was a little bit in the market herself."

Mrs. McNabb declared she told him Miss Freebey would make him a better wife with her learning, and that he had better reconsider.

To this she responded, she said, that he did not wish to reconsider, as he thought "I was younger than Miss Freebey."

"Now you made me tell that. I did not want to," said the witness.

The cross examination of Mrs. McNabb was resumed this morning at the opening of the session of the trial of her suit to recover \$500,000 damages for alleged breach of a contract to marry. Daniel W. Baker, former United States attorney for the District of Columbia, entered his appearance today as associate counsel for the defense.

He prompted Miss Freebey toward the end of the cross examination.

Mrs. McNabb most emphatically negated all the questions propounded by the counsel for the defense, by which it was attempted to connect improperly her name with J. C. McMillen and others. The plaintiff said she has known for a year that attempts would be made to blacken her character. It was to refute such charges, she said and to exonerate her in the eyes of the public that she had insisted that Mr. McMillen come to Washington as a witness.

Depositions taken a few weeks ago in Escanaba were read in court today. The testimony submitted in this manner was nothing short of sensational. A former traveling associate of Mrs. McNabb was the chief witness. She told of staying at the same hotel in Florence, Wis., and also at Sault Ste. Marie, Ont., where Mrs. McNabb and J. C. McMillen were registered as man and wife.

She said that at Ishpeming, Mich., she found them both in the same room of a hotel when she went to bid Mrs. McNabb goodbye.

Two other Escanaba witnesses testified that Mrs. McNabb had called Kinney "an old fool" when speaking of him to them.

Members of the Delta county board of supervisors for the year 1915-16 will hold their first session of the year at the court house today. The first work of the board will be to formally elect a chairman for the year and it is likely that honor will again go to R. E. MacLean, of Wells. The committee assignments will then be made and the regular work of the board for the year will be launched.

Mr. James Russel, warden of the Marquette Penitentiary, will speak before the Escanaba Woman's Club on "Causes of Criminality," Wednesday afternoon, April 14, at 3:30 o'clock, in the Knights of Pythias hall. Criminology is a subject which is occupying the attention of many experts at the present, and which is interesting to all intelligent citizens. For this reason, the State Federation of Woman's Clubs has requested each club to hold one meeting open for a discussion of this subject. This is a splendid opportunity and all people interested are invited to attend.

Miss Hester Cotton, a student at the Lawrence University at Appleton, is ill at the home of her parents, Dr. and Mrs. W. A. Cotton on Michigan avenue.

## COUNCIL MAKES A NEW OFFICE

After a brisk fight on the floor of the council the aldermen last night, by ordinance, formally established the office of city stenographer. The salary of the office will be fixed later by the council and the office will be filled by Mayor MacKillican's appointment. It was pointed out by the sponsors for the movement that the city is to undertake extensive improvements this season and a great amount of stenographic work will be entailed, making it more economical for the city to engage a regular stenographer than to hire the work done by outside parties as occasion demands. When the ordinance was introduced establishing the office, Ald. Smith attempted to sidetrack immediate action by moving that it be referred to the finance committee. His motion was lost by a vote of 9 to 5 and when the vote on the adoption of the original motion was taken, 11 votes were cast in its favor and but three in the negative, Ald. Smith, Wood and North voted in the negative.

## LUTHERANS MAY BUILD

Swedish Lutherans of the conference district of northern Michigan and northern Wisconsin, are seeking a site for a denominational college to be located in some upper peninsula city. A letter outlining the plans of the officers of the conference district have been sent to the officers of commercial organizations in many cities of the peninsula. The letter states that the organization will establish a college in the city furnishing a suitable site and some financial assistance toward the construction of the building.

The letter sent out to different cities follows: "The Superior conference of the Swedish Lutheran Augustana synod includes the entire upper peninsula and the northeastern portion of Wisconsin. The total membership in the conference is nearly 13,000 people in sixty-five congregations. For educational purposes we are not limited to these congregations only, but also to people of our synod in the western part of Wisconsin and the Swedish people in general in Wisconsin and Northern Michigan.

"We intend to build a school for higher education somewhere within the boundaries of this conference. Our schools are founded on Protestant principles, but with a curriculum that will offend neither Jews nor Catholics, since religious studies are not required for graduation. "The school we need now in this part of the country is a preparatory school or academy, with courses leading up to the bachelor of arts and bachelor of science degrees. At the same time the school must also contain a commercial, music and possibly a domestic science department. "What we must look for in a place where we would locate our school is, first a suitable tract of land of not less than five acres, and also some financial backing from the community in which the school is located. "We have in view a student body of one to two hundred persons a year."

After being ill for but a few days with peritonitis, Patrick Daly, a resident of Escanaba for 25 years and well known to many people in this city, passed away at a local hospital on Sunday. Mr. Daly was about the city last week and to his friends complained that he did not feel well.

He at first ridiculed the idea of consulting a physician but when his condition became serious a physician was called. He was taken at once to the hospital where he was given every possible care but the disease had gained a firm grip and efforts of the physicians to save his life were in vain.

The body was removed to the undertaking rooms of J. A. Allo where it was prepared for burial and yesterday afternoon was removed to the home of Mrs. D. E. Glavin, a cousin, at 416 Wells avenue.

Mr. Dalley was born in county Clair Ireland, 66 years ago. At an early age he came to the United States and for a number of years resided with an uncle at Albion, N. Y. In 1882 he came to Escanaba and had since made this city his home continuously. During all of the time that he resided in this city he was engaged as a farmer and truck gardener. His immediate surviving relatives are two brothers, who reside in Ireland and one sister, who lives in Illinois, but whose exact residence is not definitely known. In addition he is survived by Miss Bridget Dalley and Mrs. D. E. Glavin, cousins, of this city.

Funeral services will be conducted over the body at St. Joseph's church at 9 o'clock this morning. Rev. Father Julius officiating. Interment will be given by Mrs. Patrone of that place.

A closing sermon of prayer is announced for this morning between the hours of nine and ten. The sessions throughout Friday.

Those who will serve as pallbearers at the funeral of this morning are Timothy Maher, Milo Shields, James Kennedy, Sr., James B. Doherty, Fred

## MAC KILLIGAN WAS SEATED

NEW CHIEF EXECUTIVE GOES IN TO POWER BY ACTION OF COUNCIL AND TAKES FORMAL OATH

B. J. MacKillican was last night formally declared elected as mayor of the city of Escanaba for the coming year by a majority of the members of the city council.

Immediately following the council session Mr. MacKillican went to the office of the city clerk where he formally took the oath of office. As the new mayor formally signed the record his friends gathered in the office set up a tremendous cheer and then followed an informal reception when Mayor MacKillican received the congratulations of all those present.

At the opening of last night's session, when the report of the committee was submitted recommending the seating of Mr. MacKillican, but 12 aldermen were present, Ald. Sheehan entering later in the meeting. The aldermen who voted in favor of the adoption of the committee's report were: Aldermen Tolan, Noreus, Cuthbert, Stratton, Swan, Hodson, Pryal and Folio. Those voting in the negative were Aldermen Wickert, Smith, Wood, Johnson and North.

The council chambers were packed to the guards last night and in the main they were MacKillican sympathizers, judging from the tremendous applause that broke forth as occasion presented. The council proceeded to the business of considering the report of the recount committee without ado. The report was read by Ald. Swan and was promptly adopted by a vote of 8 to 5. A minority report was then submitted by Rld. Johnson, setting up findings contrary to those offered in the majority report. That report was as promptly voted down by a vote of 8 to 5.

No legal decisions were called for and no speeches were made and as soon as the majority matter had been disposed of the council proceeded to the transaction of other city business.

Following was the formal report submitted by the committee and adopted by the council: To The Honorable The Mayor And The Common Council of The City Of Escanaba.

Gentlemen: Your committee having under consideration the recount of the ballots cast for Mayor of said city at the election held in the several wards thereof on April 5th, 1915, beg leave to report that pursuant to your di-

As a political bungler, Ald. Ed without question, can be given a place at the head of the class.

And they won't even want Gif Pin shot in Europe. What are our pet reformers up against?

A Chicago woman, on her way to vote, found a baby. That's carrying the suffrage movement just a little too far.

Italy's position in relation to the war game reminds one strikingly of "Auntie." She's waiting to be certain which side is going to win before tossing her castor in the ring.

When Ald. Ed starts into monkey with the political game outside of his own little ballwick, he finds a great many things of which he never heard.

One house of the legislature has already passed a bill appropriating \$4,000 a year for the establishment and maintenance of a bacteriological laboratory in the peninsula.

But Colonel Roosevelt has constituted himself the merciless critic of President Wilson's administration. No rabid reactionary in the standpat camp of the republican party has equalled the Colonel in his almost malevolent attacks on the present administration.

parts of the district and train and mail services are such that every part of the district could be most admirably served.

THE COLONEL'S DILEMMA

Colonel Roosevelt's has not committed himself to the support of the republican nominee for the presidency in the 1916 campaign. He told Correspondent Gilson Gardner so, and there is no reason why he should commit himself.

To be candid about it, the ex-president seems to be facing a dilemma. There is no way out that seems to permit the former president to be consistent and at the same time to be an active figure in the 1916 campaign.

It is perfectly evident that the Bull Moose party, even headed by Colonel Roosevelt again could not hope to take more than a formal part in the campaign. The Colonel doubtless has a much larger share of his personal following still with him than his enemies are willing to concede.

Resolved, That the Finance Committee, are hereby authorized and directed to negotiate for the loan of seven thousand (\$7,000.00) dollars for and in behalf of the city of Escanaba, for a period of time not exceeding sixty (60) days, at a rate of interest not exceeding six per cent (6 per cent) per annum.

How he can adopt a course, or advise the Bull Moose party to adopt a course the obvious effect of which will be to put President Wilson back in the White House it is hard to imagine. And the position the Colonel

lakes, or took, regarding the duty of the United States toward Belgium in the European war makes him impossible as a republican candidate as has been suggested.

STATE OF MICHIGAN

The Circuit Court for the County of Lucy Lawrence, complainant.

Joseph Lawrence, Defendant. Suit pending in the Circuit Court for the county of Delta in Chancery, at the city of Escanaba in said county, on the 27th day of March, A. D., 1915.

In this cause it appearing from affidavit on file, that the defendant, Joseph Lawrence, is not a resident of this State, but resides at Milwaukee, in the State of Wisconsin.

On motion of Torval E. Strom, solicitor for the complainant, it is ordered that the said non-resident defendant, Joseph Lawrence cause his appearance to be entered in this cause within four months from the date of this order; and in case of his appearance he cause his answer to the complainant's Bill of Complaint to be filed, and a copy thereof to be served on said Solicitor for the complainant, within fifteen days after service on said non-resident defendant, of a copy of said Bill and Notice of this order; and that in default thereof, said bill be taken as confessed by said non-resident defendant.

And it is further Ordered, That within twenty days the complainant cause a notice of this order to be published in the Escanaba Morning Press, a newspaper printed, published and circulating in said county, and that such publication be continued therein at least once in each week for six weeks in succession, or that she cause a copy of this order to be personally served on said non-resident defendant at least fifteen days before the time above prescribed for his appearance.

### AMONG THE THEATRES

#### ELKS MINSTREL

who has produced so many successful home talent Minstrel shows, both in Escanaba and other cities, and under whose direction is the big Minstrel Show. He is one of the best known producers and promoters in the business. He is an experienced show man, a Live Wire, and a business man of real value, a man who directs the goods.

This is to be an old fashioned minstrel show, incorporating up-to-date ideas. The entire company will be dressed in elegant and costly costumes and will make as pretty a scene as is ever seen on any stage. Good music, good dancing, special features and good clean jokes are the features of the Big Minstrel production.

Olio, or second part in this year's production is extremely strong. The vaudeville acts are in the hands of the cream of the amateurs, who act better than any professionals. No money has been spared an duo stone as been left unturned, so that it will be remembered in years to come, and will make a new high water mark on affairs of this kind in this vicinity.

The talent that Mr. Allo has developed for this cast are without a doubt in a position at the present time to take their place in the professional ranks and we wish to give the theater goers a hint to buy their tickets early and take the whole family.

Opportunity, but knocks twice, Wednesday and Thursday evening, April 14 and 15. 101-74.

#### THE DELFT

##### Potash and Perlmutter

If you want to see the latest styles in cloaks and suits and laughs get our application in early for the grand display of goods of that enrapturing firm of "Potash and Perlmutter" at the Delft theater on Sunday April 18. Applications accompanied by check will be accepted at the box office of that theater and don't forget that Abe and Morris do strictly one-price business. Their day here will be limited to one night as the demand for their goods is burning in from every corner of the United States and Canada and Abe and Morris don't want to disappoint any of their customers. "Potash and Perlmutter" did a driving business in New York for two seasons during which time nearly a million delighted customers kept the salesrooms in the so. M. Cohan theater crowded to the doors.

#### THE BJOU

There is a five reel program at this house today. The third episode of "The Black Box". This feature has attracted a great amount of attention while "The Wolves of Society" will attract many to this house today.

#### THE GRAND

The celebrated Cohan and Harris "Stop Thief" is to be shown at the Grand theater today in both three and night performances. The picture will be displayed for public approval in five complete parts. The

#### ROAST BEEF AND BROWN GRAVY

Roast Beef and brown gravy make a complicated product. One thing is certain: An order to get good Roast Beef one must have good blood in the meat—the gravy is something that may be left to the cook. Taken from Country Gentleman, April 10th, 1915.

We have the beef that has that rare, rich, juicy taste. Your order handled by us will insure a pleased palate.

The Best Meal, an expert cut, and the extreme satisfaction of knowing that what you will have for dinner tomorrow is right, because it came from the best to be had.

We also have for tomorrow veal, pork and chickens. Phone your order early and you will not be disappointed.

## IRON COUNTY HAS COSTLY FIRE

Iron, River, Mich., April 12.—Fire starting in the general store of J. J. Drey at Palatka at 8:30 o'clock tonight caused a loss of \$35,000 in the Old Caspian part of that iron county mining location. The origin of the blaze is unknown. Practically all of the interior of the store was in flames when the existence of the fire was discovered.

The Drey establishment was destroyed, as were grocery of J. O. Prosser and the Palatka postoffice. The three buildings adjoined on the main street. They were owned by the Verona Mining company and were valued at \$6,000 to \$7,000. Mr. Drey and his family lived in apartments above the store. The contents of this building and of the one housing the grocery of Mr. Prosser were burned. The postoffice fixtures were saved. The loss on the Drey stock and furniture is estimated at \$30,000, partly covered by insurance of \$18,500. Mr. Prosser's loss is figured at \$2,500. The stock was insured in part.

The Old Caspian is practically without fire protection, the only water procurable being from the small service pipes supplying the dwelling houses of the location. But for the fact that the wind was blowing in a favorable direction, it is likely the whole settlement of some sixty two-story houses would have been destroyed. The wind kept the flames from leaping the street. A bucket brigade did effective work in preventing the fire from communicating to dwellings on the same side of the street as the buildings burned. The distance from the postoffice to the nearest house is 100 feet. Several times the roof of the latter became ignited.

## GERMANY'S PRISONERS MAKE BIG PARADE

Berlin, April 12.—To visualize the number of Russian prisoners and guns taken by Von Hindenburg in the so-called "Winter's Battle" to the east of the Masurian Lakes, one of the German papers has figured out what a great procession they would make.

If the 194 prisoners, the 300 pieces of artillery and the 2,000 wagons, it says, were to form a procession with four men abreast, with the artillery and wagons in usual marching order, they would reach 112 miles in length. It would require 20 hours for such a procession to pass a given point. In the same way it is figured that all the prisoners of war now held by Germany—a total of 780,000 men—would make a procession 625 miles long.

## MINIMUM WAGE BILL REPORTED

Lansing, April 12.—The bill providing for the creation of a minimum wage commission and the payment of a minimum wage to the women wage earners of Michigan was reported out by the house committee on labor affairs with the recommendations that it pass.

Representative Seymour Persons' bill converting the state railroad commission into a public utilities board and giving it jurisdiction over gas companies, power companies, lighting plants, etc., was reported out by the house committee on private corporations with a favorable recommendation.

## REP. EMPSON OFFERS BILL

Representative G. Raymond Empson of Gladstone, from this district has introduced a legal bill in the legislature at Lansing, which, if passed, will materially benefit jurists and courts in all sections of the state. The bill of Mr. Empson embodies many things which have been discussed by attorneys for years, but until this time no attempt has been made to secure action by the legislature. The outcome of the Empson bill will be carefully watched by local people.

The introduction of the bill, the Detroit Free Press says:

Representative G. Raymond Empson of Delta, offered a bill to provide for the entering of judgment notwithstanding the verdict in certain cases. The bill, according to its author, would result, in fewer appeals and retrials. In cases where a motion to direct a verdict is made, if the trial court should err in deciding such a motion, all that can be done now is to set aside such action and order a new trial. The Empson bill would permit the trial judge to submit the case to the jury, take its verdict, and thereafter hear arguments of counsel. If he determined that such motion should have been granted, he could enter judgment, notwithstanding the verdict. If on appeal, the supreme court should find that the trial judge erred in so entering judgment it could set aside his action, re-instate the verdict and order judgment thereon, unless there was error which would have entitled the party against whom the verdict was rendered to a new trial.

## 50 CAR BILL IS GIVEN DEFEAT

Lansing, April 12.—The "train length bill," to limit freight trains to 50 cars, engine, tender and caboose, was defeated in the house yesterday afternoon after an hour's debate in which the general railroad situation was referred to frequently.

Rep. Oakley of Bay City, who introduced the bill, made an opening statement in which he declared that it was a "safety first" measure drawn in the interest of the train men who operate freights. He said that the cost would not be excessive to the roads, for they had to put double crews on long trains.

Rep. Newell Smith and several other members argued against the bill, declaring that it would cause heavy expense to the railroads which now are before the legislature asking for increased fares in order that they may have a chance to make some money.

The final vote on the bill showed 35 members for it and 59 opposed. Railroad representatives over the result taking it as a sign that a house majority looks favorably on the roads for fare increases.

## SHIPWRECKED SAILORS LIVE FIVE DAYS

Liverpool, Nova Scotia, April 12.—After living on a water logged schooner five days on rations of from three to six crackers a day apiece, Capt. R. S. Cooke and his crew of five were rescued at sea and brought into this port aboard the schooner Oriole.

The schooner was wrecked in the northeast gale of April 2. The crew adrift on the wreck, found they had only a few crackers for food. Six crackers apiece were dealt out each day, but later this was reduced to three. There were only five crackers left when the Oriole sighted the wreck. The shipwrecked sailors suffered intensely from cold and exposure.

## Social Happenings of the Day

Miss Eunice Shaw Hostess.  
Miss Eunice Shaw was hostess at a Delft theater party last evening for Miss Nydia Corcoran, who, with her mother, leaves this week for her home in California. After gathering at the Shaw home early in the evening the young women went to the Delft theater where they witnessed the performance of "The Man From Home." Following the show the party returned to the Shaw home on South Campbell street, where refreshments were served by the hostess.

When the repast was served special cards containing poetry appropriately composed by Miss Shaw, were presented to the guests.

Mrs. Gensiver Honored Guest.  
Mrs. Leonard Gensiver, of Marquette, who is a guest at the home of Miss Edith Connors, was the honored guest last evening at a 7 o'clock dinner party at the Delta hotel.

Following the serving of a decidedly elaborate menu in the private dining room of the new Delta hotel, the party attended the showing of "The Man From Home" at the Delft theater.

Those who attended the affair of last evening are: Miss Elizabeth Bonnekamp, Miss Maude Cusson, Miss Edith Connors, Miss Catherine Walsh, Miss Mary Hughes, Miss Mayme Ehner, Mrs. Viola Primeau Bartley, Miss Mae McGuire and Ella Sullivan.

Miss Anna Moersch Hostess.  
Miss Anna Moersch was hostess on Sunday evening to a number of her friends at a pedro party at her home on Hale street. Those who took the first prizes, during the evening are: Lawrence Perry and Miss Freda Dahn, and those who took the consolation prizes are: August Holzgrebe and Rose Holzgrebe.

At midnight most delightful refreshments were served.

Miss Hines to Entertain.  
Miss Doris Hines will entertain this evening at her home on South Campbell street, in honor of Miss Nydia Corcoran, who will leave shortly for California, where she will make her future home.

Young Woman Surprised.  
Miss Evelyn Gaynor was delightfully surprised on Sunday evening at her home at 914 Hale street by about 20 of her friends. During the evening games were played and refreshments served, after which the guests returned to the various homes, declaring that their evening had been a most pleasant one.

Boys Entertain Girls.  
Boy members of the Catch a Girl Club staged one of the most enjoyable parties on Saturday evening at the home of Hugh Beath, that has been arranged in the city in some time by members of the younger social circle.

Arranged in honor of the birthday anniversary of Hugh Beath, the boys entertained the girls of the club most royally. The evening was spent at dancing and music after which refreshments were served.

Arthur Moran tried hard to catch a certain girl during the evening, but he was beaten out by his cousin Ned Moran, it is said.

While the affair was in progress, one of the chief diversions was the composition of the poetry below, by the boys:

WITH APPOLOGIES  
The shades of night were falling fast  
As up and down the course there passed  
Loud voices echoing with rage  
And words unfit for this here page—  
"Boybringmeanbliek"

From trap to trap I heard the cry  
A muttered curse—a smothered sigh—  
A wail of anguish down the vale  
That ended ever in this wail—  
"Boybringmeanbliek"

Five Hundred Club Entertained.  
Mrs. Winchester of Wells yesterday afternoon entertained at her home for the members of the Wells Five Hundred Club. During the afternoon the game was played and Mrs. August Blomstrom carrying off the prize.

Refreshments were served.

KILL HIS WIFE AS A SACRIFICE

MICHIGAN WOMEN DIS-OWN CHILDREN

KILL HIS WIFE AS A SACRIFICE  
Paris, April 10.—Captain Herail, an officer in the French cavalry, will be tried by court martial on Saturday for killing his wife at Compiègne because she persisted in following the army to be near him, in direct violation of orders issued by the military authorities. For some time after the crime Captain Herail was a mental and physical wreck. It was feared he would not survive, but recently he recovered and was turned over to the military police by the hospital authorities. He will be defended by Mr. Henri Roberts.

MICHIGAN WOMEN DIS-OWN CHILDREN  
Detroit, April 12.—Michigan women do not own their own children, according to an obsolete law on the statute books," said Judge Alfred Murphy, in an address on "The Legal Status of Michigan Women Tax-payers' league."

"You women should unite in changing this law," continued the jurist. "You women should work for a law making parents joint guardians of their children. Under this old law, a father has the right to name a testamentary guardian, in his will, thus taking away the natural guardianship of the mother."

"If the mother is not satisfied she may be heard in probate court, which has power to set aside the husband's will and name a guardian she may select. The court may even name the widow, providing she comes up to the law's requirements."

"There are six states that have enacted new law making parents equal guardians. There is no reason why Michigan should not do so. If women are interested, undoubtedly they would have no difficulty in obtaining a new law. The old one could not withstand united action on the part of Michigan's Women."

"This old law is a remnant of medieval times, when under the common law a woman's separate existence was wholly suspended, and her individuality and identity merged into that of her husband. This is no longer the case. It is a dead letter law so far as practice is concerned. But it is the books, and it should not be there, under the new order of things."

LUMBERMEN AWAIT COMING OF SPRING  
Duluth, Minn., April 10.—With the coming of spring rains, predicted today, the big log drives down the streams emptying into the Mississippi will begin, and millions of feet of timber are awaiting the spring break-up. The ice on most of the lakes and streams is badly rotted and a warm rain would clear the way for the drives.

WAR

Newport News, Va., April 12.—The German converted cruiser Kronprinz Wilhelm, the elusive raider of commerce in the South Atlantic, slipped into this port today and asked for fuel and provisions. Reported destroyed many times the former North German Lloyd liner has evaded hostile warships for eight months, while she sent fourteen merchantmen to the bottom. Her officers said she was forced to steal her way by four allied cruisers of the Virginia class to reach this refuge.

"We got in without being seen by the enemy and we can get out the same way," declared her commander, Lieutenant-Captain Paul Thierfelder, formerly navigating officer of the German cruiser Karlsruhe, in a statement tonight.

When she dropped anchor the Kronprinz Wilhelm had less than twenty-five tons of coal and scanty provisions for the crew of five hundred men and sixty-one prisoners from British merchant ships sunk in the South Atlantic. Of the fourteen ships that the 15,000-ton cruiser sank, nine were British, four French and one Norwegian. The value of these ships and their cargoes officers of the Wilhelm tonight estimated at \$7,000,000.

When the Kronprinz Wilhelm arrived off Thimble shoals, after passing in the Virginia capes early today two United States submarines, the G-1 and D-2, met her. The appearance of the submarines caused considerable surprise among the crew, but there was no demonstration as the little vessels conveyed the German raider to quarantine, where Dr. McCafferty, United States quarantine officer, boarded her. Commander Thierfelder reported sixty-six of the crew and prisoners were ill with beri-beri, and requested that they be taken to a hospital. The Kronprinz Wilhelm followed in the wake of the interned Prinz Eitel Friedrich, which arrived here a month ago yesterday after thrilling and effective operations for the German army.

In her raid of the seas since she slipped out of New York harbor on Aug. 3, last, as a German merchant and passenger steamer, the Kronprinz Wilhelm never touched land and took 960 prisoners from various vessels destroyed.

Most of these prisoners were sent to South American ports at different times on German ships, which met the raider in response to wireless calls. The sixty-one now on board who will be landed here tomorrow, are British sailors from the steamships Tamar, destroyed on March 25, and Coleby, destroyed on March 27, last.

ALL INVOLVED IN 'SLUSH FUND'

Lansing, April 10.—Everyone involved in the probe of the alleged "slush fund" in connection with the bill now before the legislature to increase the passenger rate has been given a clean bill of health by the special investigating committee.

In a report unanimously supported by the various members of the committee it is set forth that there has been no developments tending to prove that any improper methods have been used to further the interests of the railroads.

In the words of the committee there has never existed a "slush fund" or publicity fund of \$100,000, but the evidence discloses that there was a fund of \$15,000 for legitimate publicity purposes, a portion of which has been used in a legitimate manner. No unfavorable criticism should be heaped upon Representatives Wiley or Symonds or upon Frank M. Sparks, special correspondent of the Grand Rapids Herald or upon any state official for any utterances growing out of controversy relative to increased passenger rates, says the committee.

'DRYS' JUBILENT OVER ELECTION

Lansing, Mich., April 10.—Flushed with the success of the "drys" at Monday's elections, prohibition elators in the legislature are predicting the speedy passage of the Straight state-wide prohibition bill by the legislature and its ultimate success before the people.

"A dry Michigan by May 1, 1917," is the prohibition slogan now.

To that end the Straight bill may go through the legislature in a hurry, all other liquor measures in the senate will be sidetracked and it is expected that the same method will be followed in the house.

There are pending now in the senate four other liquor measures—the Straight bill, prohibiting the sale of liquor within the corporate limits of certain places having higher educational institutions; the Damon anti-treating bill; the Damon bill enlarging the posting law, and the bill of Senator Hilsendagen, stopping the sale of liquor within a mile of rifle ranges.

Lieutenant Governor Dickson, one of the "dry" leaders, predicts the "drying" of the entire state in 1916.

"I said last week that if Berrien county went dry, state-wide prohibition would be easy," said the lieutenant-governor.

"I have no reason to take that back. I consider Berrien about what the average would be all over the state, and for that reason I was most concerned as to what that county would do."

"And the vote in Berrien county proves that the people of the state are ready for a state-wide vote; it proves, to that, that the people want to vote on state-wide for the simple reason that more than 500 more votes were cast at the local option election yesterday than were ever cast before."

"Yesterday's results, to my mind, made the possibility of statewide prohibition much easier. In fact, they made it certain."

While the vote of Monday may have driven some few members of the senate and house to vote for the Straight bill, there is no certainty as to the date of its submission to the people. The Straight bill calls for submission in November of 1916, at the presidential and gubernatorial election. The political organization leaders in both the Republican and Democratic parties are against a vote at the time.

The "old liners" in both parties look upon the state-wide question as a two-edged sword, politically. They are aware it is going to slash some party, but they do not know which party is going to get it. They want the referendum at a spring election and amendments to that end will be offered.

Although there will be no general spring election until 1917, good lawyers say there is nothing wrong in the legislature calling a special election for the spring of 1916. This would have the entire affair over with before the presidential election.

Although there is no indication back, admitting that they have no here as to how the "wets" will fight chance to beat the bill in the legislature, there is a rumor to the effect that they will adopt the same tactics as they did in Ohio last year. By initiating an amendment to the constitution making the entire state "wet," they could have that voted on at a general election in the fall of 1916.

The Straight bill is now upon general orders in the senate and will in all probability be reached tomorrow.

"There is no question, in my mind, but that the people are ready to vote on the question at the November election in 1916 and that it will carry," Senator Straight said tonight. "There is no question but that John Barleycorn knocked Pugilist Johnson out in his recent fight and he will knock out anyone or any nation that fosters his interests."

Mrs. George Putman, who has been confined to the St. Francis hospital for the past several weeks, has returned to her home at Garden.

Detroit—"I have four ex-wives, not to mention my present wife, all very much alive, on the outside of this jail. No, I don't want to get out. I hope nobody puts up enough money to get me out."

Thus spoke Edward Christian as he stretched himself lastly and luxuriously in the county jail. He was sent to jail for failure to pay back alimony amounting to \$102, by Judge Codd.

This was about a month ago and the alimony has grown at the rate of \$3 a week since then.

"If I stay here long enough I'll have the distinction of owing my ex-wife more than anybody else ever owed a wife," commented Edward, with the life of hopeful anticipation in his eyes.

But it was not always thus, according to a close friend of Edward. When the former barber in the Hotel Pontchartrain first went to jail he wrote letters to men he had shaved, massaged, singed and otherwise beautified, asking that they "kick in" \$5 each to make up the sum he needed to gain freedom.

The money began coming in, but slowly, just about as fast as new alimony accrued with the lapse of time. It began to look like the old problem of the frog in the well—if the frog was in a well 30 feet deep and jumped up a foot and a half every day and back two feet every night, how long before he would reach the top? When asked about this, Edward blushed a rosy red, hesitated and finally said:

"No, I just asked these people for spending money. Some old friends you know. I certainly appreciate what they sent."

It was evident that Edward did appreciate it. His hair was as carefully trimmed and beautifully glossed as that of any of the dandies he waited on in bygone days. His face was clean shaved, massaged and the skin kept and the nails manicured. His personal appearance would be a credit to any jail. Some of Detroit's best known Beau Brumfells might to their profit, order the chauffeur to drive to the county jail, ask a deputy to guide them to Edward Christian's cell and there ask Edward how he does it. If Edward can look as if he had stepped from the well-known band-box at 8 o'clock in the county jail, the scions of wealth and fashion should find out how he does it.

"I'm all right here," said Edward. "My trouble is I'm too attractive to the ladies. But I can't break any hearts here and can't win any. I'm safe."

"Man, do you know what it means to a fellow that's been married five times to feel safe? Oh, it's a blessed world. Nobody to be jealous of you; nobody to demand the little roll you have saved up to buy a new suit; no bills to pay and your meals always served hot and on time. It's glorious; that's what it is. Women aren't like they used to be. When I was a kid, women always got meals on time. Now they cook with a cauldron."

they feel like it, and the inspiration opener and serve meals whenever doesn't come very often.

locked up here all the time, like me. Oh, I'm a lucky guy, all right. "Take it from me, I hope my friends don't pay that back alimony."

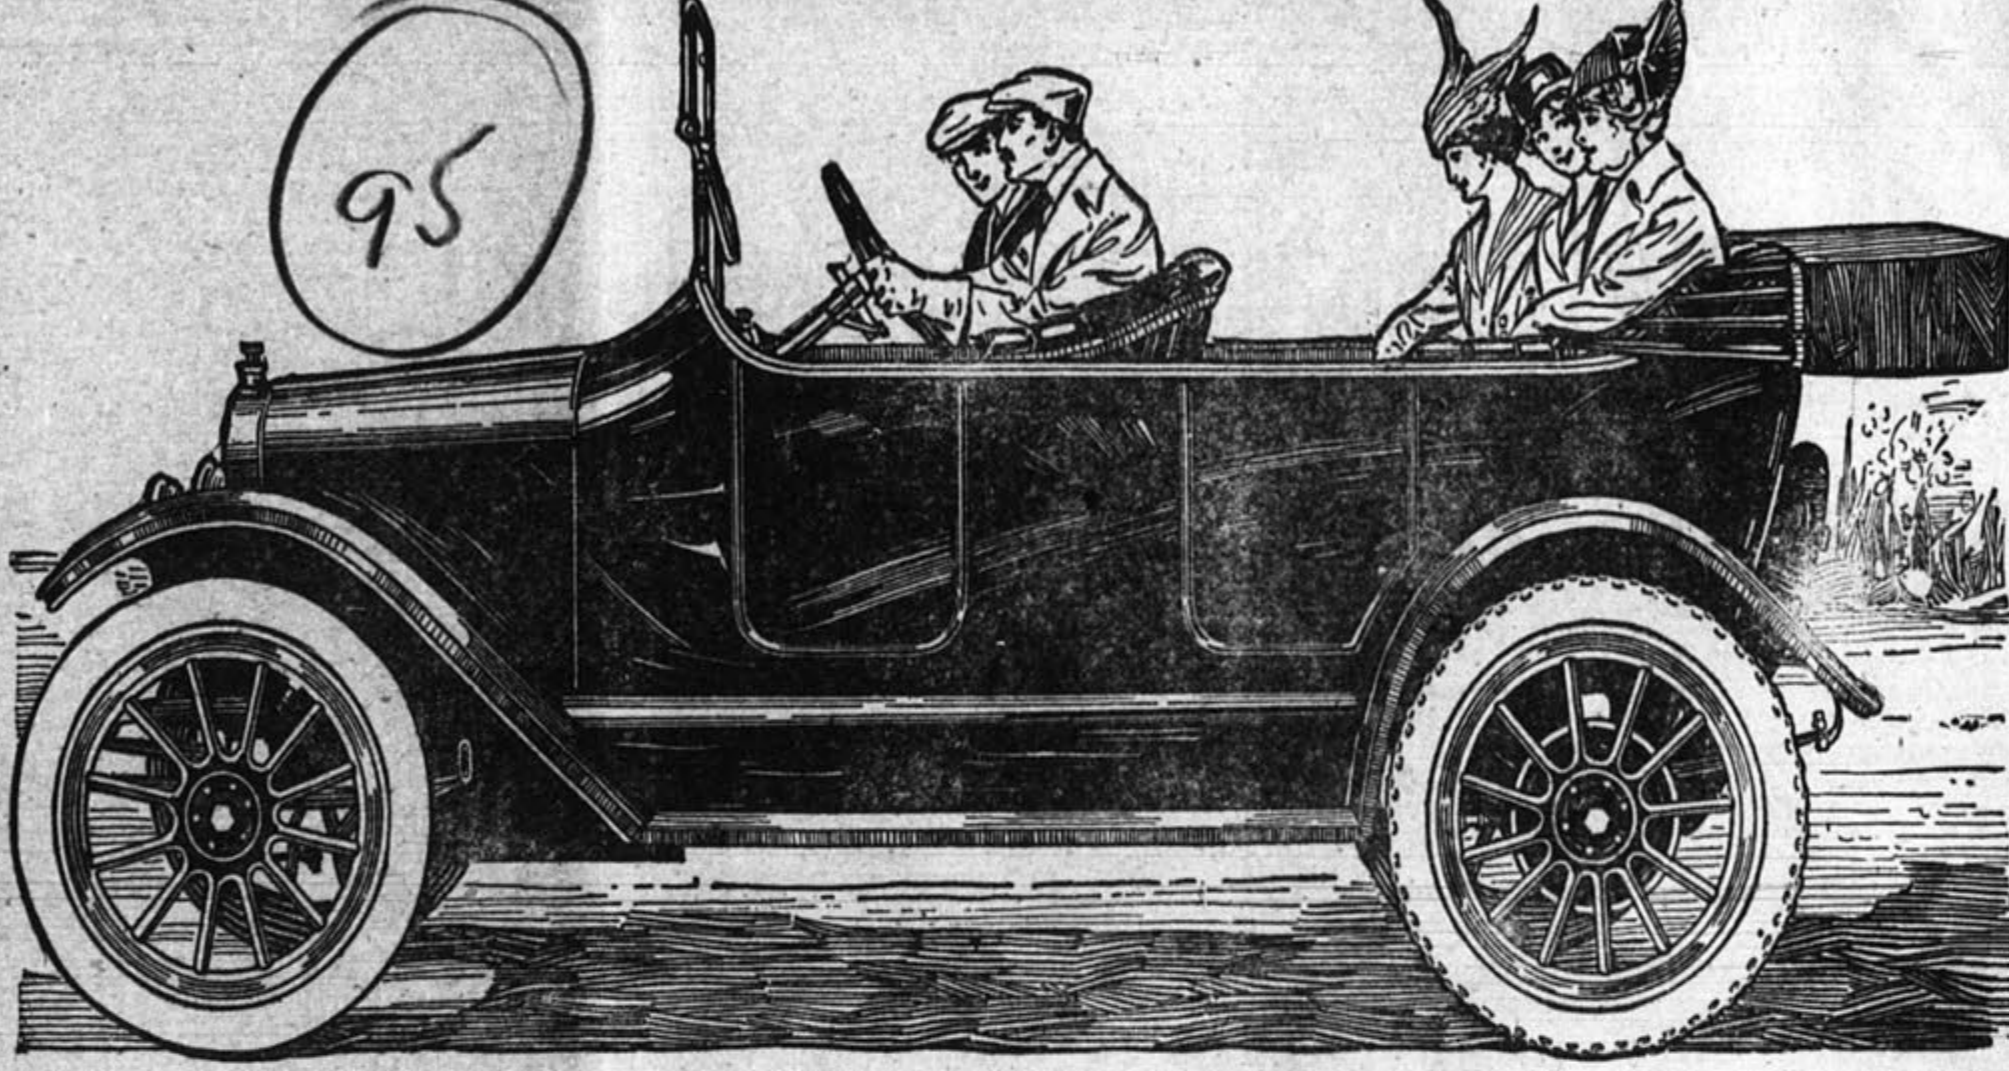

I paid it once, anyway, but didn't take receipts."

## "The Wonder Car"

You will have only yourself to blame if you are "talked into" buying an "unsuitable" or a "theoretical" Car.

The two commonest mistakes made in buying an automobile are—*First*, Buying a car not suited to your needs.—*Second*, Buying a car that has not passed the theory stage.

The first mistake—buying an "unsuitable" car—is perhaps made even less often than the second. But for your own sake study your needs sensibly, just as you study your household needs, and buy a car you can afford to enjoy—a car you will have pride in, and yet one that will not be a "ghost of reproach" to your good sense.

The second mistake—buying a "theoretical" car—is perhaps the sadder mistake of the two—because when you have made this mistake, you have on your hands some engineer's or designer's untried theory, instead of a tried, known, successful car. And you have paid a price that, put in the right car, would never have been a reproach—but would have

bought an automobile of real pride and joy.

It is because we see these two mistakes being constantly made—because we see sensible people being constantly talked into these "automobile fiascos" that we boast so much about the record of the car we sell—The Maxwell.

38,000 happy satisfied Maxwell owners are driving 38,000 handsome streamline Maxwell Cars to-day—at an up-keep cost that any man of any standing can afford, and at an original cost that is simply a practical investment.

### 200 Maxwell Cars Every Day

Twelve hundred a week, five thousand a month. That is the actual output of "The Wonder Car" right now and constantly increasing.

Not bare promises that cannot be kept, but actual deliveries to Maxwell Dealers.

Stop! Think a moment. There must be something back of a production so great. There must be the hearty approval and confidence of the public in the car they buy and the car must merit it all.

26 Maxwell cars every hour of the business day. Yes, that is just what the public are buying, and when you order a Maxwell, you get one the day you want it.

Back of each Maxwell stands one of the greatest and most efficient organizations in the industry, and one strong enough financially to insure you against the purchase of an "orphan car" and to give you actual deliveries of a wonderful car on the day you want it.

### The Maxwell Company's Guarantee of Service to Maxwell Owners

No other automobile is backed by a more reliable service than that guaranteed every Maxwell owner. More than 2,000 Maxwell dealers—in every part of this country—are always ready to give expert advice, to make adjustments, and to supply new parts at reasonable prices.

This splendid Maxwell dealer service organization is perfected and completed by the chain of Maxwell owned and Maxwell operated Service Branches. Sixteen great Maxwell Service Stations are so located throughout the country that a Maxwell dealer can supply any part for an owner within a few hours if not in his stock. Maxwell Service is one of the great advantages enjoyed by Maxwell owners.

Order a Maxwell from us now, and when you want it delivered, we will give you your car—not an excuse on delivery day

#### THE CLIENT GETS GOOD NEWS FROM HIS LAWYER

JUDGE, HE'S ONE OF OUR MOST FAMOUS LAWYERS AND HE TELLS ALL HIS CLIENTS ABOUT THE REAL TOBACCO CHEW.

I CERTAINLY AM GLAD TO HAVE YOU TELL ME ABOUT THE REAL TOBACCO CHEW.

WELL, SIR, I'LL BET THEY ARE ALL MIGHTY GLAD TO HEAR ABOUT IT.

IT'S sure good news to a tobacco chewer to have a friend tell him about "Right-Cut," the Real Tobacco Chew.

Then, once he gets the real comfort of tobacco himself, you couldn't stop him from passing the word along to a personal friend or two.

A little chew of pure, rich, mellow tobacco—cut fine, short shred—seasoned and sweetened just enough, cuts out so much of the grinding and spitting.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.

### PASTOR IS HONORED

and Saturday and the services yesterday were well attended. The features last night were the sermon of Rev. J. S. Kunkle, a missionary to China, who spoke on "The New China," and an address on "Our National Responsibility" by Mrs. W. K. Fitchell, of Detroit, president of the missionary society.

Delegates to both conventions will pay a visit to Marquette prison between 10 to 12 o'clock today.

Few changes were made in the lists of officers of either the presbytery or the missionary society. The rosters follow:

—Presbytery—  
Moderator—Rev. Hugh McCarroll, Gladstone.  
Temporary Clerk—Rev. William Roberts, Iron Mountain.  
Stated Clerk—Rev. M. M. Allen, Ishpeming.  
Commissioners to General Assembly at Rochester, N. Y., in May—Rev. Dr. Stalker, Calumet; and Elder Simpson, of Menominee.  
Rev. P. T. Tmstutz, pastor of the Marquette church, was delegated to visit Munising Sunday for the purpose of preaching to the congregation and conferring with it relative to calling a pastor to the Munising church.

—Missionary Societies—  
President—Mrs. W. H. Sheldon, Stambaugh.

The deleg. men met Saturday morning in the Episcopal chapel for devotional service, after which the spring business session of the presbytery was held. At noon all delegates were entertained at a banquet in the parlors of the Presbyterian church. The members of the presbytery reconvened in the Episcopal chapel at 2 o'clock. All branches of church work were discussed. Lunch was served at 6 o'clock at the Presbyterian church, and at 7:30 a joint meeting of the presbytery and the missionary societies was held. Rev. Mr. Kunkle, who addressed this meeting gave an interesting talk on "Eight Years in China." He had with him a number of Chinese articles for exhibition. He is a fluent speaker and his remarks were followed with great interest. Mr. Kunkle spoke again at a service held yesterday afternoon at 1 o'clock.

## MANY TO BE ATTRACTED

Hundreds of local people will this evening be attracted to the Delft theater when the lecture is to be given by Rev. Father F. X. Barth, under the auspices of the Charity Committee of the Escanaba Woman's Club. Father Barth will take for his topic this evening "The Power of Parental Love." It is a subject of interest to all and scores of local people will secure a distinct lesson from the discourse of this evening.

The program which is to be given in connection with the lecture is: Organ prelude, "Celebrated Minuet," Bocher. Miss Duford Double Trio, "The Snow"—Elgar—Mesdames Lint, Royce, Barras and Misses Lindsay, Morrell and Ryan. Lecture—Rev. Fr. F. X. Barth Violin Solo, "Fantasie of Bohemian Folk Songs"—Bastl. ## BATTLE WILL BE HARD ONE

The seat race for the Clabby-Chip fight to take place in Marinette on April 25th, has indicated that there will be a banner house. The fans here are anxiously awaiting the arrival of both boys who will do their training here.

George Chip defeated Al McCoy a few nights ago in New York and showed Championship form. It is expected by big fight bugs all over the country that Chip will give Clabby the hardest fight of his career on the 25th owing to the smallness of the ring the boys will box in. When they met in Frisco last November the ring was 24 ft., but that of the Vernon Athletic club here is only eighteen and this will be very advantageous to the Italian slugger.

Larney Lickenstein has written in saying that he expects to bring Clabby by up here any day to start work and that right after this match he and Jimmy will leave for Havana, Cuba where Clabby boxes Mike Gibbons in a twenty round contest.

Chip is built on the order of a locomotive and is a rushing tearing slugger, while Clabby although possessing a wallop, that has never been accredited as much, will endeavor to stop Chip's rushes by punches and nips by side steps. Clabby stated in Chicago recently that what the public wanted for a champion was a mixer and that from now on he would devote his time to learning that part of the game.

The Vernon Athletic club has opened offices in the Armory and "Tex" Vernon the promoter is busy every day sending out advertising matter on this bout as he wishes every body in this northern country to take advantage of this opportunity of seeing a championship bout right at their back doors.

### WIFE SLAYS JIU JITSU ARTIST

St. Louis, Mo., April 12.—For 13 years Mrs. Mary Highley was subjected to abuse by her husband, Jefferson L. Highley, considered one of the best officers of the St. Louis police department. Highley was the jiu jitsu expert of the force. He used the tricks of the Japanese to torture his wife, she said today, day in and day out. This morning he took her into a room and twisted and tossed her until she screamed with pain. Five minutes later she shot him. Two hours afterwards he was dead.

"I love him but I lived in purgatory," she wept in a jail cell after the shooting. "He used to abuse me when we had our little family quarrels. When he learned this jiu jitsu. From that time he seemed to take delight in using the Japanese torture on me. There is not a mark on my body but there can be no greater pain than I was subjected to."

"His favorite method was to twist my arm in a way that only an expert knows how to do to produce a pain one cannot stand. I have cried for hours after he has done this, just from the pain that seemed to last so long."

They had three children.

### WESTERN UNION IS DIRECTLY CONNECTED WITH WASHINGTON

While securing Morning Press matter regarding the Kinney-McNabb breach of promise suit last night, the local Western Union office was directly connected with Washington, D. C. The operator who was in charge, declared that he could hear almost as plainly as though the matter was coming from Chicago. This is the second time that this feat has been performed at the local office while securing Morning Press matter from Washington.

Read the news when it is news and see it first in the Morning Press.

### MAC KILGICAN IS SEATED

lections, we have fully and fairly canvassed and recounted all of the votes cast at said election in all of said wards and after hearing the arguments of counsel for both the petitioners, Benjamin MacKillican and Edward Smith and after consultation with the City Attorney and after deliberation among ourselves, respectfully find and report as follows:

That at said election there were two regularly nominated party candidates running for said office to-wit: Oliver P. Chatfield, the Republican candidate and Benjamin J. MacKillican the Non-Partisan candidate; and that at said election one Edward Smith was voted for as a candidate for said office upon slips, by certain voters voting the Republican ticket and upon slips, by certain other voters voting the Non-Partisan ticket. That at said election there were cast for Benjamin J. MacKillican seven hundred fifty six (756) votes. That upon an examination of all of said ballots your committee found that a large number of ballots cast at said election for Benjamin J. MacKillican were void and should not be and could not be and were not legally counted for him for said office for the reason that the same contained thereon expressed his intention in the manner expressly prescribed by the laws of this state and that all of such rejections of votes cast for Benjamin J. MacKillican as aforesaid were rejected by the unanimous action of your committee and by the agreement of the attorneys representing both contestants in said recount.

Your committee further finds that at said election there were cast for Benjamin J. MacKillican for said office as the Non-Partisan candidate or mayor seven hundred eleven (711) legal votes. That at said election there were cast for Oliver P. Chatfield as Republican candidate for said office four hundred forty-eight (448) legal votes. That for Edward Smith as Republican candidate for the office of Mayor there were cast seven hundred five (705) votes but that none of said votes (except one) could be counted under the laws of this state for the reasons hereinafter stated. That for Edward Smith as Non-Partisan candidate for Mayor there were cast eighty eight (88) votes but that none of said votes could be counted under the laws of this state for the following reasons:

1. That said ballots contained marks and devices unauthorized by law and constituting distinguishing marks under the laws of this state.

2. That said ballots were not marked by the voter thereof in the proper place there on prescribed by law.

Your committee finds that the largest number of legal votes cast at said election for any candidate for Mayor of said city was seven hundred eleven (711) votes cast for Benjamin J. MacKillican on the Non-Partisan ticket and that said Benjamin J. MacKillican was and duly and legally elected mayor of the city of Escanaba and we recommend that the council of said city so declare by its resolution and that a certificate of such election be issued to said Benjamin J. MacKillican as mayor.

Rev. Stanley R. Brown, pastor of the First Presbyterian church, and wife, will leave on Thursday for Braidwood, Ill., where they will spend a month with friends. Rev. Brown has been ill since being selected to fill the local pastorate and has been urged by his congregation to make a much needed rest to which he has consented.

Rev. Brown will be absent from the city for four Sundays, during which time supply's will fill the local pulpit.

## A Vital Question

How much you can earn is an important question but how much you can SAVE is more vital.

It is not what they earn, but what they save that makes men and women financially independent and finally rich.

If you earn a large income and spend all of it you are less well off than if you earned only a moderate amount and saved something.

We invite deposits from \$1 upwards.

## Simple, When You Know How

Saving money, like any other undertaking, becomes a simple, ordinary action—if you know how.

Earning money does not teach saving. The best savers are often those who earn only a few dollars a week. Those who earn more often are unable to save at all.

But having a Savings Account teaches how to save—it teaches because it helps—and it is the Safe Way To Save.

We invite your Savings Account—\$1.00 or more to start. Try it.
