

NEW MAYOR GETS ACTION

MANY MATTERS OF IMPORTANCE RECEIVE ATTENTION WITH MAYOR MACKILLICAN AT THE HELM

Members of the city council, under the direction of Mayor B. J. MacKillican, who occupied the executive chair for the first time, last night transacted a record amount of important business for the city in record time.

Every move of the council last night, on the first occasion of Mayor MacKillican's public appearance in the direction of the city's affairs, was an action that will be of direct benefit to the people of the city and Mayor MacKillican's administration is particularly auspiciously launching.

When the council had completed its regular business last night Mayor MacKillican called the attention of the aldermen to different matters that required immediate attention and the new executive secured unanimous approval of immediate action on each of his proposals.

At the opening of the session Aldermen Norvus, Stratton and Hodack were appointed members of a special committee to formally canvass the vote on the sewer bonding question. The committee reported a total of 1243 votes cast in favor of the proposition and 744 against it.

Later Mayor MacKillican called the attention of the aldermen to the necessity for immediate action in floating the bonds that will improve work might be started and the finance committee and city attorney were authorized to take the necessary steps leading to the sale of the bonds.

What The Council Did

Canvassed the vote and officially declared carried the proposition to bond the city for \$80,000 for the construction of a trunk line sewer.

Ordered the finance committee at city attorney to draft suitable resolutions and provide for the sale of the new sewerage bonds at once, the work may be started immediately.

Authorized the Escanaba Traction Company to stop its cars on the "near corner" at the street crossings beginning May 1.

Instructed the ordinance committee and city attorney to immediately draw up and submit to the council an ordinance providing for the erection of a city scales.

Appointed a special committee to immediately provide a city isolation hospital.

Instructed the ordinance committee to immediately prepare a traffic ordinance for the control of automobiles and other vehicles on the city streets.

Authorized the city clerk and city attorney to immediately arrange a new compilation of the city ordinances.

Engaged Walter Johnson as garbage collector from May 1 to Nov. 1 at the same salary as last year.

Approved of the action of the special committee in purchasing a portion of the lot at Charlotte and Jacob streets for \$500 to be used as a location for the Fourth ward voting place.

In addition a number of minor matters were given attention.

(Continued on page six.)

ADDED ARTIST AT DELFT

In connection with the appearance of Fritz Kreisler here at the Delft theater on May 19, it will be pleasing news to the many patrons and to the public in general to learn that Miss Winnifred Tucker of New York dramatic soprano, has been added as an assisting artist. To have Kreisler and an assisting artist in one evening is very unusual, and without doubt the people of Escanaba and vicinity will show appreciation by packing the Delft on the occasion of the concert. There will be no extra charge over the prices already announced.

Miss Winnifred Tucker is a singer of no mean ability. For the past five years, she has been a pupil of Oscar Saenger of New York, one of the greatest teachers in the world. Such artists as Olive Fremstad of the Metropolitan Opera Company, Orville Harold, Marie Rappold, George Hamlin, Geraldine Farrar and others of international fame are products of Mr. Saenger's studio. In addition Miss Tucker has studied with Kariton Hackbett, George Hamlin and Warren W. Shaw of New York and

DAN BREEN GOES TO BIG CONVENTION

Daniel Breen, the local representative of The Curtis Publishing Company, left today for St. Paul, Minn., where he will attend a three days' convention of Curtis circulation agents from all parts of Michigan and the Canadian Province of Manitoba.

The convention will open on Wednesday morning, April 21, and continue throughout Thursday and Friday. The delegates will be welcomed by Mayor Powers, of St. Paul. This list of speakers in addition to the various Curtis agents and representatives from the Home Office in Philadelphia, will include J. A. McGuire, of the Minnesota Agricultural College, and Thomas P. Cooper, Director of the Experiment Station of the North Dakota Agricultural College.

\$30,000 FOR A HEART BALM

MRS. MCNAABB SECURES VERDICT MANY LONG DAYS OF RACY TESTIMONY

(Special to The Press.)

Washington, D. C., April 20.—A verdict for \$30,000 damages was returned today by a jury before Justice Stafford in circuit court No. 2 in favor of Mrs. Ida McNabb, 37 year old Milwaukee widow, who sued John S. Kinney, 78 year old millionaire and owner of Michigan for \$500,000 for alleged breach of promise. After deliberating practically all night, the jury, which took the case shortly before 9 o'clock, reported to Justice Stafford at 10:45 o'clock this morning that no agreement had been reached. It was suggested by the court that the jury "wipe the slate clean," if possible, and approach the evidence anew, but no further instructions were given. Within 30 minutes after the jury had retired the second time it was announced that an agreement had been reached. No hint was given as to the cause of the delay, but it was assumed by respective attorneys that the jurors had wrangled over the amount of "heart balm." Counsel representing the millionaire announced that steps will be taken to carry the case to the court of appeals. Neither Mr. Kinney nor Mrs. McNabb was in court when the jury returned its verdict although the aged defendant was present when the jurors reported the first time this morning.

PUBLIC INVITED TO DEDICATION

The public in general is invited to the dedicatory ceremonies to be held at the new St. Francis hospital on Thursday afternoon. The ceremonies of that time will be highly impressive and will dedicate a building to Escanaba that should be looked upon by local people as one of the biggest additions to the city's welfare.

BOYS INITIATED INTO KINGS SONS BY LARGE CROWD

John Perrin, Carroll Rushton and Edward Erickson were last night initiated into the mysteries of Kings Sonsdom, the Presbyterian church organization. The boys knew they had been initiated too when they were through. It is rumored that they will be allowed to do all serving at the coming May luncheon of the society.

DRYS CARRY BUT ONE BIG CITY

(Special to The Press.)

Chicago, April 20.—The drys carry but one of three big cities in the local option elections. Litchfield is dry by 602 votes. The wets carried Ottawa by 1,209 and Beardstown by 250. In Auburn 7 saloons went dry. It is nip and tuck in the villages.

CATHOLIC WOMAN'S CLUB IN MEETING LAST NIGHT

Members of the Catholic Woman's Club met last evening at the home of Mrs. E. P. Reynolds at her home on South Campbell street. After a business session a program was carried out which proved entirely delightful to all in attendance. Dainty refreshments were served by the hostess.

ESCANABA'S CHANCES GO

W.-I. LEAGUE PRESIDENT TAKES TWIN CITY TEAM TO WINNIPEG, CANADA

Escanaba's chances for supporting a league baseball team this season went a glimmering yesterday with the receipt of a report that C. W. Moll, president of the Wisconsin-Illinois League, has placed the Twin City team of the old W.-I. League in Winnipeg, Canada.

The announcement of the desertion of the league president came as a surprise not only to the promoters in this city but to the fans of Marinette and Menominee, from which cities the team was removed to Canada.

The Menominee Herald Leader of yesterday said:

The twin cities will be without league baseball this year.

All attempts on the part of Charles F. Moll, vice president of the Wisconsin-Illinois league and prime mover of the contemplated Wisconsin-Michigan league, gave out this statement in Milwaukee today, just before leaving for Chicago:

"I went to the copper country with the hope of organizing a six-club league, but met with little, if any, encouragement. I have tried my best to do something for the league, but the people have failed to come to my aid and now I am through," said Mr. Moll.

As a result of his failure to stir up the necessary enthusiasm, Mr. Moll has turned his attentions in other directions and has purchased an interest in the St. Boniface club of the Northern league. He will transfer the Twins to that city and will begin his training soon.

The death of baseball in this section is a blow to the baseball fans. People in the twin cities had hoped that the copper country cities would join in with Mr. Moll, but they failed to do so and as a result the league will perhaps die from want of an

MURDER CASE TO JURY TODAY

TESTIMONY OF ALLEGED MURDERER BROKEN DOWN BY THAT OF WITNESSES CALLED FOR PEOPLE

This morning at 9 o'clock the John Miller murder case will be resumed before Judge Richard C. Flannigan in circuit court when Assistant Prosecuting Attorney T. J. Riley will open the final plea for the people to the jury. Prosecuting Attorney H. J. Rushton will probably close the case for the people while Atty. Dotsch who has defended Miller, will present his final arguments.

The Miller case occupies the entire day yesterday and not until nearly 5 o'clock last evening were the last of the witnesses concluded. The entire morning and a portion of the afternoon was occupied in hearing the testimony of the people.

On Sept. 23, 1914, John Miller was arrested by local police officers on the charge of murdering Edward Gustafson, a brother fireman aboard the ore carrier "Agnew" which was at that time tied at the local docks for loading.

To support the prosecution, three men, all employees aboard the Agnew, when the alleged murder took place, were brought to this city to testify.

Albert Carver, a wheelman, was the first witness to be called for the prosecution. He was with the party with Miller and Gustafson when they made their trip down town on the morning of the alleged murder and was a witness to a fight that is supposed to have occurred between Miller, Gustafson and a bartender at a local saloon. Carver refused to admit that he was drunk on the day of the supposed murder.

J. Allen, a fireman aboard the boat at the time, was the next called but he only substantiated the testimony of Carver.

The first and foremost witness for the people and perhaps the most damaging witness for Miller was Charles Galton, a son of the Captain, who was at that time employed

(Continued on page six.)

BUNDLE DAY WAS SUCCESS

Bundle day was a success. Scores of large, small and medium sized bundles were received by the Charity Committee of the Woman's club yesterday as a result of considerable advertising of the day.

The bundles were stored in the basement of the public library where they will be given to the poor of the city as needed. Those who did not contribute their bundle yesterday may do so by calling Mrs. Edward Erickson, chairman of the committee, who will send a driver for the articles.

Much work of this kind must be done in the city to maintain the poor and the Woman's club should be encouraged in their work.

Baseball News of Day Tersely Told

DETROIT TAKES THIRD STRAIGHT. PHILLIES CONTINUE VICTORIES

American League
(Special to The Press.)

Detroit, April 20.—Daus won the third consecutive game here today for Detroit in their clash with the Chicago White Sox, the score at the close of the contest being Detroit 6 and Chicago 3. Chicago made repeated shifts in their line-up but in spite of this played ragged ball for the entire distance.

Batteries—Detroit: Daus and McKee. Chicago: Cicotte and Schalk.

(Special to The Press.)

St. Louis, Mo., April 20.—The St. Louis Browns' pitchers were easy money for the Cleveland American leaguers here today when the locals were defeated by the score of 9 to 0. Morton, an untried recruit pitched the entire game for Cleveland, allowing but three hits.

Batteries—Cleveland: Morton and Egan. St. Louis: Perryman, Remness, Hoch and Agnew.

(Special to The Press.)

Washington, April 20.—By bunching off Gallia in the third, sixth, and seventh the Red Sox won the game from the locals here today by a score of 5 to 2. Foster for Boston tightened in the pinches.

Batteries—Boston: Foster and Thomas. Washington: Gallia, Ayers and Albin.

MAYOR "MAC" SHOWS CLASS

Mayor B. J. MacKillican last night piloted the aldermen through a maze of important city business with a snap and action that was highly impressive.

In his first session as mayor, the new executive secured action on some matters that have been discussed and advocated in this city for years.

In fact the city council last night transacted more real business for the good of the city than at any previous meeting of the city's governing body in many years.

Mayor MacKillican last night gave to his administration a launching that bespeaks a new and better order of things for the city of Escanaba.

MURDER CASE TO JURY TODAY

TESTIMONY OF ALLEGED MURDERER BROKEN DOWN BY THAT OF WITNESSES CALLED FOR PEOPLE

This morning at 9 o'clock the John Miller murder case will be resumed before Judge Richard C. Flannigan in circuit court when Assistant Prosecuting Attorney T. J. Riley will open the final plea for the people to the jury. Prosecuting Attorney H. J. Rushton will probably close the case for the people while Atty. Dotsch who has defended Miller, will present his final arguments.

The Miller case occupies the entire day yesterday and not until nearly 5 o'clock last evening were the last of the witnesses concluded. The entire morning and a portion of the afternoon was occupied in hearing the testimony of the people.

On Sept. 23, 1914, John Miller was arrested by local police officers on the charge of murdering Edward Gustafson, a brother fireman aboard the ore carrier "Agnew" which was at that time tied at the local docks for loading.

NEAR DEATH IN FLAMES

LIFE OF MAN ENDANGERED AS HE ATTEMPTS TO SAVE TWO HORSES IN BARN

About three o'clock on Monday afternoon, John French, a farmer residing in Harris township started fire to some dead grass in a field in which his house and barn was located. The high wind caused the fire to run in the direction of the buildings with great rapidity. So fast did it run that Mr. French was unable to head it off before the barn was on fire. Rushing into the barn he loosened the two horses and attempted to lead them out. The animals becoming frightened refused to move. However Mr. French persisted until forced to desist by the flames, which were fast consuming all about him. After a most heroic but unsuccessful effort to save the lives of the horses he rushed out of the burning building with his face and hands badly burned and his clothing afire in many places. With the assistance of an attendant the fire was rubbed out of his clothing, and Mr. French proceeded to Bark River to consult a physician. While Mr. French was burned quite severely and suffers great pain it is believed that he will recover.

RESOLUTIONS ARE ADOPTED

At a meeting of the members of the Board of Education on Monday evening resolutions were adopted by the body that will be submitted to the people at the school election in July in which it will be sought to bond the city for the sum of \$30,000 for the purpose of constructing the new Manual Training school in conjunction with the high school building.

The resolutions were approved and adopted by the body without deliberation and all is now in readiness for presentation to the vote of the people.

No other business of importance came before the body.

SECOND FLOOR FAIR TO BE DANCE HALL

The proprietor of the Fair store has turned over the second floor of the building for the use of his employees and friends on the night of April 27, when the dancing party and carry party is to be staged under the auspices of the Fair Efficiency club.

Good music has been secured for the evening which should prove to be one of the most unusual and enjoyable affairs ever staged by a similar organization in this city.

LONG ILLNESS WAS ENDED YESTERDAY

After an illness of four months from a complication of diseases Mr. T. Beauchamp passed away yesterday morning at the home of the family at 508 Wells avenue. Her condition had been serious for the past four months and her death was expected. Mrs. Beauchamp had been a resident of this city for the past 35 years and was known to a large number of people in the city. She was 63 years of age and is survived by her husband, two sons and three daughters. The surviving sons and daughters are: Archie and Napoleon Beauchamp of this city, Mrs. George Dillette of Canada, Mrs. David Turpin of LaBranche and Miss Anna Beauchamp of this city.

LETTER IS RECEIVED

The following letter has been received by the women of Garden from Mrs. Cecelia Storath of Stockheim, Bavaria, who had received articles sent by Garden women to the sufferers in Germany and translated reads as follows:

Dear Madam: Your presents received on Feb. 12 and from the bottom of our hearts we thank you for the same. Coming from such a great distance, from unknown hands and an unknown country, may God repay the good people of America for their good and kindness. Now my life history is as follows:

My people were poor but honest and industrious. We had our daily bread and were satisfied and contented when the war broke out. My husband, the father and provider for my children had to go to join the army. After escaping from any injuries in battle on Oct. 13 in the forest of Argonne he was killed at the front by a piece from an exploding shell. I am now alone with four little ones and have to shift for myself and family. It is hard for a wife and children and no one will know how hard it is except by going through such experiences themselves but I leave in the hands of God, the destiny of myself and family as I will not forget us.

I again give you my heartfelt thanks for what you have done for me and I will teach my children to pray to God for your welfare and protection. I enclose a photograph of my dear husband.

With kind regards, Yours,
The war made widow,
CECELIA STORATH.

ST. STEPHEN'S CHOR HAS 6 O'CLOCK DINNER PARTY

Members of the choir of St. Stephen's Episcopal church on Monday evening enjoyed a delightful 6 o'clock dinner in the parlors of the church. Each member of the choir invited or guest making the affair one of considerable magnitude and adding much to the enjoyment of all. Mrs. C. C. Thompson, Mrs. A. J. Carlson and Mrs. Lewis were in charge of the affair of Monday evening.

GARDEN WILL BOOM BASEBALL TEAM

(By Special Correspondent)

Garden, Mich., April 20.—Garden is in line with the baseball boosters. They have always had a fine team and this year have prospects of eclipsing all former successes.

The season will start with a special four reel benefit show at the Gem Movie theater on Wednesday evening, April 21.

The team has already been successful in procuring two good batteries. Pitchers "Monte" Olmsted and Norman Mainville, Willie Hynes and Steelwagen will catch.

Dates are open for any teams in Delta or Schoolcraft county. The date of the first game is as yet undecided.

GRAIN IS SOWN AN PERRONVILLE

M. Perron yesterday started sowing oats and barley at his farm at Perronville. This is believed to be the first grain that has been sown in this section of the peninsula this season. Mr. Perron says the ground is in a highly desirable condition and predicts that the grain will not be made in the ground here before.

RUSSIA FAILS UNDER STRAIN

LONG BATTLE OF RESISTANCE APPARENTLY WEAKENS ARMIES OF CZAR. DEFEAT SEEMS CERTAIN

(BULLETIN)

Petrograd, April 20.—Large German reinforcements have entered action in north Hungary as a vanguard to the Austro-Germans in their attempt to counter attack against the Russian positions among the southern Carpathian hills. Six hundred thousand Austro-German troops are engaged. The fighting is desperate. The Russians are slowly wearing under resistance.

(BULLETIN)

Vienna, April 20.—An official statement says:

"The general situation is entirely unchanged. There are isolated artillery combats only the whole front."

(BULLETIN)

Paris, April 20.—Fifty incendiary shells were dropped on Rheims. Slight advances are made between Meuse and Moselle. The Germans charged violently bombarding the French LePetre woods, but were stopped by artillery.

(BULLETIN)

Rome, April 20.—The Trieste News says the public schools are closed as the buildings are destined to house the German troops. Military preparations are proceeding feverishly along the border.

(BULLETIN)

Berlin, April 20.—Berlin school children have telegraphed their sympathy of classmates of eight children slain in the latest French bombardment of Freiburg and Baden. The funerals were held at the city's expense and the whole population participated.

(BULLETIN)

Copenhagen, April 20.—A Zeppelin followed the Norwegian steamer "Uranus", off Lowestoft, England, and threw two bombs but missed.

(BULLETIN)

Constantinople, April 20.—A torpedo flotilla attempted to approach the Dardanelles but after two were stopped by fire all retired. A Turk aviator dropped bombs on the enemy's warships and returned uninjured.

(Special to The Press.)

Berlin, April 20.—An official denial is published of a statement that German officers in Belgium are becoming discouraged and are expecting to leave. They declare that the military government is aiding the Belgian farmers with seed potatoes and oats, under condition that the farmers divide the harvest.

(Special to The Press.)

Berlin, April 20.—A Sofia dispatch to the Cologne Gazette says:

Signs are evident in Turkey of preparations in the Adrianople district, indicating a foresight against the possible Russian undertaking, but there is not so much distrust of Bulgaria.

(Special to The Press.)

Petrograd, April 20.—By official dispatch it is said that on Sunday Russia repelled the enemy's attacks near Teletsch and Polen. The German attack on the height of Oravichk was first successful, but the stubbornly fighting Russians recaptured 100 prisoners and four machine guns were taken following the explosion of a mine under a German trench.

(Special to The Press.)

Berlin, April 20.—Mail reports from east Africa state that the Germans in a two day battle near Jassiri route de corps of British. Cruisers were also routed. The British lost 700 men, including four companies captured. The Germans lost 20 killed and 26 wounded.

(Special to The Press.)

Washington, April 20.—The report that some of the crew of the Prinz Eitel Friedrich have arrived at Copenhagen on false passports is being investigated by acting Navy Secretary Franklin D. Roosevelt. He does not believe the report. The whereabouts of the men suspected is known to Rear Admiral Beatty.

(Special to The Press.)

The Misses Virginia and Ross Lusard passed through here Monday on their way to their home at Thornby from Green Bay, where the lat-

UNITED STATES DEPARTMENT OF AGRICULTURE.

Local Office Weather Bureau.

Escanaba, Mich., Apr. 21, 1915. For Escanaba and vicinity: Wednesday fair; fresh northeast and east winds.

Highest temperature yesterday 49 degrees. Lowest temperature yesterday 40 degrees.

Precipitation yesterday 0 inches. Temperatures at even hours yesterday.

Table of temperatures at even hours: 2 a. m. 48, 4 a. m. 45, 6 a. m. 40, 8 a. m. 41, 10 a. m. 45, 12 noon 46, 2 p. m. 49, 4 p. m. 49, 6 p. m. 44, 8 p. m. 40.

Anyway, Dad Hull got here with the first boat.

The weather man says fair but colder. Discretion is the better part of valor, so better keep 'em on.

It's just possible that if someone dug up what the court said about Al, it wouldn't be quite the martyr as now is, in the eyes of some.

To our thinking, it's a very small man who says peace should not come until some particular end, that he regards as desirable, has been achieved.

A controversy is developing over what to name the present war. If most of us had our way we'd call it the "late unpleasantness" which is correct on the "late."

Escanaba will now proceed to unconditionally release an unsigned league team. Here's one instance, anyway, when a release won't hurt player's standing.

Ex-President Roosevelt is on trial in New York, sued for \$50,000 for libel. Just about two years ago the shoe was on the other foot and Theodore was suing an upper peninsula man on a similar charge.

Now we have it that Charlie Moll has passed us all up and placed the former Twins in Canada. At least, we are no worse off than we were before and some of us drew considerable innocent amusement by thinking for a time that we were going to enjoy league baseball instead of the usual bush variety.

PLAYING FAIR

Today a prodigal will be welcomed in Chicago. Leslie Dunlap, aged 18, who left home a week ago was found by his father in Paducah, Ky., yesterday. The boy was apparently not suffering from want; indeed he had a job of some sort and was working. But he was very ready to return, and no doubt the fatted calf will suffer and the youth will be something of a hero. But did he play square? For two or three weeks he stayed out of high school where it was his business to be. That isn't a terrible crime; we have heard of boys who did that and became great men later on, but usually the story ran that they took their medicine. This boy, however, knew his playing hooky wouldn't be popular at home, and so he left. The result: A broken-hearted father and distracted mother, spending money freely in every way that might possibly help them find him, not knowing whether he was living or dead, knowing only too well that the chances were that such a false start would ruin his life. A week of wretchedness, then the prodigal is found and he's welcomed home, because father hearts and mother hearts aren't often capable of holding much resentment. We hope the boy won't feel himself much of a hero. Perhaps he doesn't; perhaps he'll be able to see that he owes that father and mother a little extra tenderness for the rest of his days. Perhaps he will see that it is up to him now as it never was before to make good. At least, that would be our idea of playing fair.

GOOD THINGS TO EAT At Money-Saving Prices!

- Armour's Star Hams, 16c per pound. Galvanic White Laundry Soap, 10 bars for 39c. Tomatoes, extra fancy tall can, 18c. 3 for 50c. Sugar Peas, small sweet and tender per can 15c, 6 cans for 83c. FRESH VEGETABLES

We will have a fresh shipment today of asparagus, New Beets, Cabbage, Carrots, Cucumbers, Horse Radish, Head and Leaf Lettuce, Silver-skin Onions, Green Onions, Parsley, Parsnips, Peppers, Pie-Plant, Radishes, Spinach, Tomatoes, etc.

HANRAHAN BROS. QUALITY GROCERS

Phones 148 and 149 609 Ludington Street

RECIPE IS AN ANCIENT ONE

Noel Cake for Many Years a Favorite Both in This Country and in England.

To three cupsful of sugar add two and one-half cupsful of softened butter and whip to a light, white cream. Add ten eggs, two at a time, beating for about five minutes. To this mixture add four well sifted cupsful of flour to which one teaspoonful of baking powder has been added; mix the whole well and add one-half cupful of shredded citron, four cupsful of washed and dried currants, one teaspoonful each of nutmeg and cloves and one-half cupful of fruit juice. Mix well and pour into a paper-lined tin, which is also well protected with paper on the outside. Bake for two and one-half hours in a moderate oven. This should be made at least a week before serving it. When ready to serve, wrap each slice in white paraffin paper, tied with a red ribbon and a sprig of fir tucked under the ribbon.—The Mother's Magazine.

Beef Used in Salad.

Although beef is not at all an ideal salad meat, surprisingly good meat salad may be made from a small piece of boiled beef (bouilli). A half cupful of this meat cut in small pieces and mixed with dainty cooked vegetables and a mayonnaise dressing may be very tasty and will make an unexpectedly large salad. The vinaigrette of beef, a popular way with the French of using left over boiled beef, is practically the same thing as a beef salad, except that the meat is cut in as pretty slices as possible and allowed to lie in the dressing for a time before it is served. This is what is called marinating the beef. It is good for luncheon with hot vegetables.

Diminutives.

The man who is "below five feet in height" may well be reckoned as being among the "diminutives." The average height is around five feet six inches. A man is "tall" when he is six feet or over. Under five feet five he is "short."

KALAMAZOO AND G. R. FIRES SET

Grand Rapids, April 19.—That the mysterious "woman in black," who made an attempt Tuesday night to fire Powers' theater by using a combustible chemical, is the same person who set fires at Kalamazoo Wednesday night and caused a loss of considerable property, is the belief of Police Superintendent Carroll. The fact that no reason can be assigned by the Kalamazoo police for the work there, strengthens the belief that the demented woman set the fires. Although Detectives Youngs and Blinston have secured a good description of the woman, they have been unable to locate her since her appearance at Jandorf's Wednesday. It is expected that she is now in Kalamazoo and that she may continue her "fire bugging" activities in other cities in the state.

"I think Chamberlain's Liniment is just splendid for rheumatism," writes Mrs. Dunburgh, Eldridge, N. Y. "It has been used by myself and other members of my family time and time again during the past six years and has always given the best of satisfaction." The quick relief from pain which Chamberlain's Liniment affords is alone worth many times the cost. Obtainable everywhere.

All the news that is fit to print, you see it first in the Morning Press.

DOG SAVES DRUNKEN MAN ON THE TRACK

Despite Warning Barks, Engines Have Hit Canine's Master 14 Times.

Morton, Wash.—Every night when Bert Bagley, son of the builder of the Tacoma Eastern line and engineer on the one passenger train a day between Tacoma and Morton, reaches this end there is a confab in the reading room of the Hotel Hilt. Last night Bert was telling about how many times he has struck with

The Dog Keeps Watch Over Him.

his engine a certain homesteader living between Tanwax and Morgan Lake.

In the most recent occurrence of this kind—and Bert hopes it is the last—the homesteader was lying on the end of the ties "dead to the world." The snow plow hit just right to shove him off the track and not injure him very badly. He was picked up and taken in to Kapowsin, and next morning was taken to Tacoma and tried for trespassing on railroad property. This makes seven times Engineer Bagley has hit him, and other engineers on the road have struck him a total of as many more. The homesteader has a dog, and whenever he gets drunk and lies on the track the dog keeps watch and when a train is heard approaching the dog runs toward it barking and the engineers know the "master" is in the way.

BIG EAGLE SWOOPS UPON DOG

Drops Animal, Breaking Leg, After Carrying it a Short Distance.

Hastings, N. Y.—While a maid was exercising a Pomeranian dog on the roof of Miramonte, the residence here of Mr. and Mrs. J. W. Wuppermann, a big gray eagle swooped down on the little dog and grabbed it up and started away with a great flapping of wings. The girl screamed, and the eagle, apparently startled, dropped the dog, which fell to the lawn. The dog's leg was broken, and it was carried in the Wuppermann automobile to the Ardsley kennels, where it is being treated. After it dropped its prey the eagle flew toward the Fallsades.

Miramonte is the home of Frank P. Wuppermann, son of Mr. and Mrs. J. W. Wuppermann. He married Miss Alma Muller, daughter of Mr. and Mrs. R. J. Muller of Monticello, N. Y., secretly, last March. His bride left him to study art abroad, and doubly surprised her friends, when they first learned of her wedding, by announcing that she had ceased to love her husband and did not want to be bound to him.

PUTS BAR AND CHAIN ON SON

Penalty Inflicted on Wisconsin Boy for Going to Dance in Defiance of Father's Orders.

Phillips, Wis.—As a penalty for having disobeyed and gone to a dance, Albert Hartmann, Jr., for three days wore a 21-pound railroad iron chained to his neck with seven feet of log chain, according to neighbors, who finally threatened his father's arrest. The boy was brought here by Sheriff Hicks to have a blacksmith cut the chain.

With the thermometer 26 degrees below zero, the boy went to school three days, carrying the heavy burden three miles each way before the authorities interfered.

Thawing Milk Explodes.

Evansville, Ind.—While trying to thaw a bottle of frozen milk, Donald Sims, a bartender, was struck on the face by flying glass when the bottle exploded. He may lose the sight of an eye.

Courtesy in War.

London.—One English soldier badly wounded was found lying alongside a wounded German who was shot in both arms. A cigarette was in the German's mouth and the English soldier was holding it while his enemy smoked it.

GOVERNOR SIGNS DEAD RAT BILL

Lansing, April 19.—Governor Ferris today signed the Penny rat bill which provides for a bounty on dead rats. When the bill goes into effect the state of Michigan will pay five cents for every dead rodent.

Proper Treatment for Billiousness.

For a long time Miss Lulu Skelton, Churchville, N. Y., was bilious and had sick headache and dizzy spells. Chamberlain's Tablets were the only thing

ASPIC JELLY BY OLD METHOD

Flavor Universally Acknowledged as Far Superior to That Made in the Easier Way.

Old-fashioned housekeepers cling to the old way of making aspic, claiming that its flavor is far superior to the easier made product. It is indeed excellent and in cold weather keeps its form quite as well as where gelatin is used to stiffen.

Get from the butcher a knuckle bone of ham, a calf's foot and a knuckle of veal. Put into two quarts of cold water, and set over the fire where it will come slowly to a boil. Add one onion with four cloves stuck into it, a large carrot, a bunch of soup herbs and a spice bag. Cook gently for four or five hours until the water is reduced about one-half. Strain and set aside to cool.

When cold remove every suspicion of fat and return the thickened jelly to a clean saucepan with the crushed shells and beaten whites of two eggs, a tablespoonful of tarragon vinegar, and lemon juice or wine as preferred, to season. Salt and pepper to taste, and keep stirring until the jelly nearly reaches the boiling point and a thick scum has formed. Remove that, then draw to one side of the fire and simmer gently for 15 minutes. Set back covered, until the jelly settles, then strain through a jelly bag two or three times until quite clear. Pour into a mold that has been soaked in cold water, then pack in a pan of snow or broken ice until hard. If you desire to have the jelly a pretty red color, add sufficient tomato to color at the same time and add the lemon or wine.

Three reel Bison drama

Billie Richie, past master of farce comedy in

"The Avenging Dentist"

L-Ko comedy in two parts.

Friday N. Y. Hudson Theatre

sensation "The Fight" in 5 acts

AMONG THE TEATHRES

THE DELFT

There is a vaudeville act at this house today that departs almost entirely from anything ever shown here in the vaudeville line. It is traveling under the head of "Vino's Models" and by the excellent posing of the four women have portrayed some of the most famous paintings of the world. In their appearance here they have proven themselves far above the ordinary plane acts of this kind and they have won the confidence of local people.

Exceptionally good pictures are shown at this house today in the way of features and chief among the lot is "Mother's Roses."

THE BIJOU

A three reel Bison drama of unusual interest to be produced at this house today is "Ridgeway of Montana."

An L-Ko comedy that is a real laugh producer for today is "The Avenging Dentist."

For Friday Manager Hines has the very excellent picture "The Fight" booked. It was for 32 weeks the sensation at the New York Hudson theatre.

THE GRAND

The featured picture at this house today is the sensational Selig multiple reel drama "A Child of the Desert." "The Hearst Selig News Pictorial" or the world before your eyes is also one of the big features at this house today. A drama of unusual merit to be shown here today is "A Voice of Conscience."

Vinaigrette of Beef.

Cut in thin slices some left over boiled beef and let it lie an hour in a marinating mixture made as follows. Thin one scant teaspoonful of mustard with enough oil and vinegar to soak the meat in. Use half and half oil and vinegar, or three times as much oil as vinegar, according to taste. Add salt and pepper and chopped fine herbs to taste. A little chopped onion may be used and the dish in which the meat is marinated may be rubbed with a clove of garlic.

Rice and Bacon.

Boil one cupful of rice in plenty of boiling salted water until done. Put in a colander and wash several times in cold water or hold under faucet and let plenty of water run over it. Then place in a round casserole with one-fourth cupful hot water. Sprinkle the top with paprika and cover with very thin slices of bacon. Cover and bake 30 minutes in a slow oven. Uncover and brown the bacon and serve at once.

Spinach With Eggs

Melt two tablespoonfuls of butter; when bubbling blend in one tablespoonful of flour, then add one quart of finely chopped spinach and cook and stir five minutes. Add half cupful of cream, season with pepper and salt; cover and stir three minutes longer and range in a mound on a heated dish. Garnish with slices of hard-boiled eggs and serve at once.

Prune Cocktail.

Soak over night, stew and strain the largest prunes. Sweeten slightly, then cool thoroughly on ice and chop small. Add to the prune juice orange and lemon juice to flavor, strain through fruit and serve in glasses banked with crushed ice.

To Clean Brass Beds.

To clean brass beds that have become tarnished, apply a mixture of olive oil and whiting, then rub clean with a soft, dry fannel or chamolis skin.

COOKS MUCH RICE AT ONCE

Housekeeper Recommends Her Way as Time Saving and Making for Economy.

In winter, owing to the low temperature, I cook a large supply of rice at one time, as much as four cupfuls. The wholesale cooking saves fuel and enabled me to have a constant supply on hand, which I use in the following way:

Some I use as a side dish with meat instead of potatoes, for I find it is cheaper and more nourishing, pound for pound, being in addition much easier to prepare. While the rice is still hot, I line a ring mold with about one cupful of it, and set away to shape and cool. At the same time, I set aside in a small pan enough for a small pudding on the following day and another portion I beat with eggs and at once shape as rice cakes for breakfast. Sometimes I save a portion to be used with croquettes. I serve the ring of rice with leftovers of any kind of meat, heated with a warm, rich gravy, filled into the center of the ring, which makes a substantial second meal. Sometimes I combine it with a cheese sauce.—Exchange.

SOUP LIKED BY JAPANESE

Has Fish as Foundation, but the Other Ingredients Are Many and Varied.

Procure a head of salmon or bass and place in a saucepan with a sliced carrot, a sliced onion, two branches of celery, two branches of parsley, one bay leaf, a sprig of thyme and a clove. Moisten with three quarts of water. Season with two teaspoonfuls of salt, half a teaspoonful of pepper, one teaspoonful of curry powder and gently boil one and a half hours. Strain the soup through a cheesecloth into another saucepan, add three ounces of raw rice and gently boil 15 minutes. Finely chop one branch of parsley and one small onion. Add to the soup, lightly mix and boil five minutes longer. Remove the skin and bone from a pound of fresh halibut, then cut in half-inch square pieces, add to soup and simmer 15 minutes. Dilute an egg yolk in half a cupful of cream and the juice of half a sound lemon. Add to soup, carefully mix with wooden spoon when cooking two minutes, but do not allow to boil.

In Making Salad.

If you take the heart of lettuce or the Romaine lettuce cut it into halves if it is small and quarter it if large. Wash the leaves well and dry with a cloth. There are twenty or more attractive salads, according to the way you combine fruits or vegetables.

Though there are not the same number of dressings, there are a number made by adding different ingredients to the ordinary dressing. The best known and most popular of these are French dressing, mayonnaise, thousand island and Roquefort cheese. The simplest of these salads is the hearts of lettuce with thousand island dressing, or the Roquefort cheese dressing. The Romaine salad is good either with the French dressing or with the Roquefort cheese dressing.

Guinea Fowl Breasts Benaïsaie.

Take the breasts from the bones and remove the skin of small guinea fowls, dust with salt and pepper and place in a buttered pan; cover with a buttered paper and bake for 15 minutes. Remove the paper, pour over them a little melted butter, finish cooking until they are slightly browned. Place each one on a piece of toast, cover with a very thin slice of boiled ham, pour over each a spoonful of bearnaise sauce and garnish the dish with artichoke fonds and small sweet red peppers, the fonds filled with asparagus tips and the peppers filled with chopped mushrooms.

Cream Puffs.

They are very nice and not very expensive. One cupful boiling water, butter size of egg. Melt in water. While boiling stir in one-cupful sifted flour, stir thoroughly. When cool stir in two eggs, one at a time unbeaten, and a pinch of soda size of pea. Beat well and drop in tin far enough apart so they will not touch while baking. Bake in very hot oven. Makes nine puffs. Filling: One cupful milk, one egg, one teaspoonful flour or cornstarch, and sugar to taste. Flavor with vanilla.

LIVE ITEMS of INTEREST

Grant T. Stephenson is visiting with his parents, Mr. and Mrs. Isaac Stephenson at Marinette.

Edgar Payette visited over Sunday with relatives and friends in Menominee.

FOSTER CIT YNEWS

Mrs. Cien Larson paid a short visit in Hardwood with friends, before leaving for her home in Nadeau.

Mrs. Joseph Kelly was a Hardwood visitor Thursday.

Alaf Rhiam from Felch was in town Thursday.

Commissioner of Schools Mr. O'Hara was in town Thursday.

R. W. Pierce was in Oshkosh a few days last week.

M. J. Doyle of Menominee was in town Friday.

Charles Terron and son Alton, left Friday for Schaffer to be present at the funeral of his sister, Miss Terron, who passed away at her home in Minneapolis and will be brought to Schaffer to be buried.

The ball game here Sunday between Hardwood and Foster City nine was 3 to 4 in favor of Hardwood.

Credit's Drawback.
"What is the trouble with credit?" asks a financial organ. The collectors it brings around if you must know, Detroit Free Press.

Worth While Quotation.
"Great men had good mothers, but if all good mothers had great sons there would be a surplus."

Danger of Lockjaw in Feet.
That commercial gelatin, charcoal and other substances useful in medicine and surgery may contain the germs of lockjaw is well known. Quite recently it was found that felt so commonly used in orthopedic retentive dressings may also contain these germs in abundance. Two patients who had been treated at a German hospital lost their lives as a result of infection from the felt plates used to make a retention support.

WILLARD'S WIFE SHARES HONORS

Los Angeles, Cal., April 17.—Jess Willard undoubtedly has a clear claim to the title of world's champion, but he must share the title with another.

When he sent that huge right fist of his crashing to the jaw of Jack Johnson, knocking the big black out, his victory was due as much to the unseen presence as to his own efforts.

Mrs. Jess Willard made her husband champion of the world. In a later she received from him yesterday he told her that during every minute of that terrible battle of a week ago he was thinking of her and the plan they have made for the future of their children. He gave her credit for having prepared him for the triumph.

"Jess gives me too much credit to his success, but I am glad to share the championship with him if he wants it that way," said Mrs. Willard. "I am glad that I have been able to help him, but just remember that Jess is naturally a good, clean living man and it has not taken any effort on my part to keep him in the right path."

"There is never any danger of Jess going the way so many champions have gone. He will not be led into fast company just because he has to associate with a lot of sporting men. Jess has good, sturdy stock in him. He has lived a simple, honest life, but best of all, he loves his wife and children and will keep his name clean on their account."

NOTICE.
The identity of the party who took a dog from 1523 Ludington street is known and unless the dog is returned immediately an arrest will be made.

CONDUCTOR ON CAR WRECKED AT DETROIT FACES GRAVE CHARGE

Detroit, April 19.—George Asam, conductor of the street car which was wrecked last Wednesday night in collision with a freight train at a grade crossing in this city with a loss of fifteen lives, was arrested late on Friday on orders from the prosecuting attorney. He is charged with manslaughter.

The prosecutor declined to state the exact nature of the evidence on which his action was based, but it was learned that several eyewitnesses of the accident have told the prosecutor that Asam, who ran ahead of his car to see if the track was clear, signalled his motorman to come ahead, without actually looking up and down the railroad to make sure there was no train approaching.

J. C. Westover, the student-motorman, who was handling the car, and Richard Vallade, the regular motorman an instructor, are still held.

It Vanished.
"Now," said the great unclean, rolling up his sleeves to show that he had no concealed mechanism to deceive the eye. "I shall attempt my never-failing experiment. Taking from his pocket a five-dollar bill, he said: 'I shall cause this bill to disappear utterly.' So saying, he lent it to a friend.

Makes 61 Feel Like 16.
"I suffered from kidney ailment for two years," writes Mrs. M. A. Bridges, Robinson, Miss., "I commenced taking Foley Kidney Pills about ten months ago. I am 61 years of age and feel like a 16-year-old girl." Foley Kidney Pills invigorate weak and derange kidneys relieve backache, rheumatism

Read the news when it is news and immediately an arrest will be made.

Hesitation!

Mrs. L. Tanner, of Grand Rapids, Mich., is in Escanaba for the purpose of organizing dancing classes. Private classes and clubs; will teach in private homes if desired. I teach the standard, modern, latest dances. The six step is one of the latest. Music Moon-Winks or Silver Star. The 401 one-step is very late. Free demonstrations next Friday evening at 8:30 in Clark's Hall. Have been teaching in the Copper Country since September. Had eight schools. Some classes 75 in number. Five hundred pupils in all. Have had 25 years experience. Prices reasonable. Seven years in California. Have taught in nearly every state in the union. Private lessons daily. Phone 752-W. Waltz and two step taught in two hours.

FIRE IN NOSE CAUSES ALARM

People have had fires in their noses, their private effect, but not until Saturday night when Ivy English attempted to light a cigarette was a fire ever started in a man's nose. It was a real, for sure fire too, and no monkey business about it. Ivy will vouch for the latter statement and in addition will tell you how he nearly broke his nose attempting to extinguish the flames.

An explanation is necessary and it is easy to explain. Mr. English had been suffering for several days with blood poisoning in his nose and in accordance with the physicians' instructions he had filled his nostrils

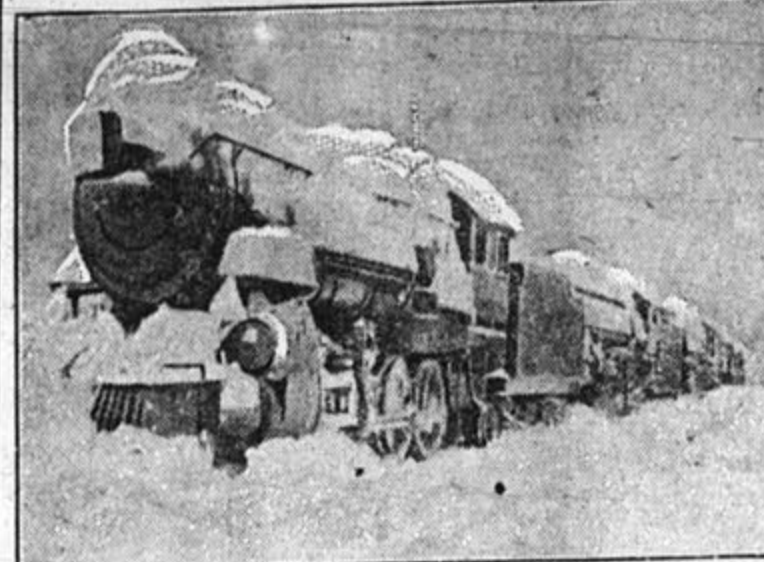

with cotton batten. Before retiring Saturday night Mr. English gave the nose its final attention and its final application of medicine. He then thought it would be a most pleasing and splendid idea for him to have a smoke before retiring. He secured the cigarette and started to light it when the cotton caught fire.

His alarm was only exceeded by his surprise and he fought like a noble fireman momentarily before the nose-destructing fire could be extinguished. After it was all over Mr. English says he sat down and laughed.

"The only reason I didn't turn in the fire alarm," said Mr. English, "was because I knew the firemen were all up at the Carl Johnson hardware fighting fire there."

Want something? Ask for it with a Morning Press "want ad." They always bring results.

AFTER BEING DUG FROM SNOWDRIFT

TRIUMPH OVER STEAM

ELECTRIC LOCOMOTIVES PROVE GREAT SUCCESS.

Test Made at Bluefield, W. Va., Proves That George Westinghouse Had the Right Idea—Other Roads May Copy It.

What was a day dream of a great inventor has been realized by a test made at Bluefield, W. Va., on the most powerful electric locomotive ever built. Fourteen thousand horse power was used to start a single full tonnage train, while nearly eight thousand was used to propel it.

These giant locomotives were built especially to haul the heavy freight trains over the steep mountain grade of this division.

Two locomotives are used on each train, one at each end, because otherwise the enormous strain on the car coupling from concentrating at one point the enormous amount of energy required to operate the train would be dangerous. Each locomotive weighs 270 tons, or over one million pounds per train. Their capacity exceeds that of any steam or electric locomotive ever built, or enough to move a 250-car train, or one two miles long on a level track.

The train moved by these locomotives weighed nearly four thousand tons and consisted of cars each carrying 100 tons of coal. It was started and handled with perfect ease on the two per cent grade of what is known as one of the most difficult pieces of construction in America.

A test was also made on the electric braking of the train down the mountain grade, resulting in the electric engines holding the train at a steady speed without the use of the train brakes. This is accomplished by the mechanical energy of the train on down grade being transformed into electric energy by the motors acting as generators. This energy is then returned to the system for use by other trains. This is the first time that this system of regaining energy has been put into use in this country, and is destined to be far-reaching in its effect.

The enormous energy utilized in operating these trains is fed to the locomotive from a single-phase alternating-current system over one wire no larger than a lead pencil, at 13,000 volts, a pressure 20 times greater than that used in the New York subway. The energy is generated by steam turbines in a special power house built by the railroad company to operate this division. It is located by the railroad tracks near the mines at Bluefield, from which coal can be economically secured.

The importance of this installation can hardly be overestimated in marking an advance in the electrification of steam railroads. It is interesting to note that this electrification is the practical realization of the ideas which the late George Westinghouse, inventor of the air brake, had nourished for many years, and his successful conclusion is due in no small measure to his activity along these lines.

It is confidently expected that the excellent results obtained on this installation will lead a number of other roads to adopt electricity as a means of increasing their capacity.

UNDER SNOWDRIFT FOR WEEK

Three Locomotives Buried in Yard at Schenectady, New York, During Recent Blizzard.

Three freight locomotives were completely buried in a snowdrift during a blizzard, while standing in a yard at Schenectady, N. Y., and it was necessary to dig them out before they could be moved. The condition of the locomotives after they had been hauled from the drift is shown in the illustration. These were new locomotives that had never been in service, and had just been made ready for the "messengers" who were to accompany them to their destination on the purchasing railroad, when they were buried in the drift and snow-bound for a week.—Modern Mechanics.

STANDARD FIRST AID KIT

Emergency Remedies Have Been Most Conveniently Arranged in a Glass Jar.

M. W. Alexander, West Lynn, Mass. secretary of the national affiliated safety organizations, announces that the conference of the constituents of this organization—large associations of manufacturers—has agreed on a standard first aid jar, made of glass, which contains a considerable larger number and variety of medicines and appliances than are generally found in railroad first aid kits, says the Railway Age Gazette.

The jar is nine and one-half inches in diameter, six inches high and complete, with contents, weighs about twelve pounds. Besides the usual appliances and tools it contains eight two ounce bottles of approved remedies. The bottles are ingeniously arranged in the jar so that their labels are visible through the sides of the jar and any one bottle can be taken out without disturbing the others. These bottles contain aromatic spirits of ammonia, white wine vinegar, castor oil, burn ointment and Jamaica ginger. The jar has been made strong by special annealing treatment, and its walls are plain, so that the jar may easily be kept clean.

The conference board has issued a circular of brief instructions to laymen for first aid treatment of common injuries and disorders, which includes illustrated directions for resuscitating persons who have suffered electric shocks; the inside of the cover of the jar is also filled with printed instructions.

It is the intention to furnish the jars and their contents at cost price.

Best Paying Railroad.

The railroad that pays the biggest dividends on the capital invested is, according to the Technical World Magazine, the Grand Island railroad. It is in northern Alberta, Canada, 200 miles from any trunk line or feed. It is only a quarter of a mile long and built of scrap iron on wooden rails. Its rolling stock consists of two battered freight cars which are pushed along the road by the men who ship the freight, no locomotives being used.

The freight that is handled on this road consists principally of furs, which are towed up the Athabasca river on scows hauled by men, are laden on the cars, pushed down the railroad and shipped again on other scows, thereby circumventing the dangerous Grand rapids. Returning, the scows carry all sorts of freight for the Hudson Bay company's factors, and are floated down the river. The Hudson Bay company charges \$2.50 a ton for all freight on this little railroad, and the shipper must handle his own goods and push the cars himself.

Postal Railroad in London.

A nine-foot tunnel is about to be constructed in London for the conveyance of mail. It will contain two tracks with island platforms at the eight stations from Paddington to Whitechapel, inclusive. The train will be run without operators from distant control stations at an average speed of 25 miles per hour. At the island platforms there will be electric elevators to transfer the mails to the sorting offices.—Scientific American.

To Get His Money Back.

A dismissed employee of a railroad company is entitled to recover his contributions to a relief fund while he was in the company's employ. A decision to that effect was made in the District of Columbia court of appeals when it reversed the finding of a lower court and directed the Pennsylvania railroad company, as trustee of the fund, to account to George W. Vermillion for his payments into the fund.

AS AN ACTOR WILLARD APPEARS BETTER

New York, April 20.—It is not improbable that Jess Willard, the new heavy weight champion, will be seen in action at one of the local New York clubs before next fall. His engagements in New York were not crowned with the success that his manager and admirers had expected them to be.

Instead of running several weeks with a house sold out at kitted prices at Hammerstein's, as Jack Johnson did, Jess played to little more than a normal crowd. The first week's performance ended his work there, notwithstanding the management of the theater has an option on his services for another week.

Thomas M. Carroll, manager of the Hotel Hermitage, where Willard stopped, and a friend of the champion, was outspoken last night in his criticism of the Willard management. He declared that Willard had been taken over the roofs into the theater and had been forbidden to mix at clubs as hotels as other champions have done.

Beans Spanish.

Soak overnight two cupsful of pink beans, then boil them until tender. Boil three sweet red peppers and put them through a sieve. Fry three slices of bacon until brown, then add the pepper pulp and one green pepper that has been minced fine and one shredded onion. Then put in the beans, adding plenty of juice, a little salt and some grated cheese. Cook together thoroughly.

Poached Eggs.

Put some water in saucepan to boil, add a pinch of salt and a little vinegar; let it boil very hard. Break eggs on to a plate one at a time and drop them into the boiling water exactly where it bubbles. Take eggs out with a skimmer and trim them nicely, although there should be no trimming necessary if properly done. Place each egg on a piece of toast and serve while hot.

Dry-Cured Hams.

For one hundred pounds of meat take four pounds of fine salt, four ounces of saltpeter and one pound of brown sugar; mix well, and rub the hams with the mixture every other day until all is absorbed.

Truth and Duty.

Truth waits on duty. If we do not live up to what we already know of what use to give us more truth? "Every duty we omit," says Ruskin, "obscures some truth we might have known." This is just, and we cannot resent it. To do the duty that lies next us is the only way to take a step toward larger vision.

Happiness Ever by You.

Only learn to catch happiness; happiness is ever by you.—Goethe.

Have You Saved \$1000 Yet?

When you have saved \$1,000 you begin to feel a satisfying sense of achievement. You have gained confidence in your self. Your record thousand looks, and is easier of accomplishment. You are a capitalist. Opportunity seeks you.

There are thousands of people right here in Escanaba who could save \$1,000 but haven't tried. Only the incentive has been wanting. Think this over: Couldn't you save \$1,000 at the State Savings Bank in a reasonable time? Remember three per cent compound interest will help considerably in doing it.

MURDER CASE TO JURY

(Continued from page one.)
 heard the Agnew.
 His testimony could not be shaken in any way, shape or manner in the cross examination. He testified that Miller returned to the boat with his eye blackened. Asking him what had happened, Galton said, Miller told him that Gustafson had "beaten him up" but that he would "get" him yet. The witness said that he paid little attention to the talk but did remember that he saw Miller slip something inside his coat before starting out up the walk under the docks. The witness then testified that the next time he saw Miller was when he returned to the boat, a short time later, saying that he "had got" Gustafson and that he had put him in the bay.
 Galton was cool through his period on the stand and in fact was one of the best witnesses of the trial.
 In the afternoon Dr. Fenelon, Dr. Kitchen and Dr. Bartley were called by the prosecution to explain the manner in which the man's skull was fractured which brought his immediate death.
 Officers Carney and Nelson, who arrested the man, then told the story of the arrest in the tie yard.
 City Engineer McDonald testified as to a number of distances about the docks, he having drawn plans of the locations.
 Miller was then placed on the stand. In his direct examination by his counsel he was a most admirable witness but when the cross examination was taken up by Pros. Atty Rushton his memory suddenly became poor and for several minutes he refused to admit even that he had made a confession statement to the Pros. Atty. T. E. Strom. After a whirlwind of questions by the prosecutor Miller, who was plainly uneasy and with sweat streaming down his face, began admitting bit by bit the statement which he made to the prosecutor. As a witness for himself, Miller was a failure.
 Atty. Strom was then called and testified to having taken the statement of Miller.
 Atty. Strom was the last witness of the day and court was adjourned until this morning. It is thought that the case will be given to the jury shortly before the noon hour.

ADDED ARTIST AT DELFT

(Continued from page one.)
 Philadelphia. She has been singing the past year for the Board of Education of Greater New York appearing before audiences of from three to five thousand weekly. During the winter she gave a series of three recitals at the Three Arts Club in New York, a feat which has not been duplicated by any other artist in the history of this ultra exclusive club. One of the appearances was in connection with Emma Fames, and the comments of the press were laudatory in the extreme. It is predicted that Miss Tucker in a few years will be in the front rank of American singers. The program which she will present here will consist largely of English songs, possibly two numbers in German as a contribution to the art. The detailed program will be announced later.
 Interest in the coming concert is growing daily, as is evidenced from the number of orders for seats still coming in. An order for a block of twenty seats has been received from Menominee and Marinette alone, with promises of more to follow. The coming of Mr. Kreisler has placed Escanaba before this section of the country has the appearance of no other attraction in years. The Women's club and the Music Club, under whose auspices the concert will take place are using every effort to make this a record breaking event, and present interest would indicate that their efforts are being successful. Subscriptions may still be made through any of the ladies of the above mentioned clubs, or to L. J. Jacobs of the Delft Theater.

ATTY. J. L. LOELL NOT POEM WRITER

Atty. John L. Loell was not the editor of the poem credited to him in last evening's publication. Atty. Loell made it plain in his address at the Jennings Memorial service that he felt that his own words were too weak to express his high regard for Atty. Jennings and for that reason chose the splendid poem which he recited.
 Though splendidly appropriate, Atty. Loell does not wish it to be understood that he was the writer of the poem which he gave.

NEW ATTITUDE IN MEXICAN AFFAIRS THOUGHT IN FEW DAYS

Washington, April 20.—A new attitude toward the Mexican affairs will probably be announced by the administration in two weeks upon the report of Spagent Duval West now conferring with Zapata. It is believed that the officials will deal with Carranza as Mexico's military power. The Villistas are claiming victories in northeastern Mexico.

NEW MAYOR GETS ACTION

(Continued from page one.)
 The salary of the members of the council recount board was fixed at \$5 per day and action was taken to refund to Mayor MacKillican \$50 that had been deposited by him to secure eye blackened. Asking him what had happened, Galton said, Miller told him that Gustafson had "beaten him up" but that he would "get" him yet. The witness said that he paid little attention to the talk but did remember that he saw Miller slip something inside his coat before starting out up the walk under the docks. The witness then testified that the next time he saw Miller was when he returned to the boat, a short time later, saying that he "had got" Gustafson and that he had put him in the bay.
 Galton was cool through his period on the stand and in fact was one of the best witnesses of the trial.
 In the afternoon Dr. Fenelon, Dr. Kitchen and Dr. Bartley were called by the prosecution to explain the manner in which the man's skull was fractured which brought his immediate death.
 Officers Carney and Nelson, who arrested the man, then told the story of the arrest in the tie yard.
 City Engineer McDonald testified as to a number of distances about the docks, he having drawn plans of the locations.
 Miller was then placed on the stand. In his direct examination by his counsel he was a most admirable witness but when the cross examination was taken up by Pros. Atty Rushton his memory suddenly became poor and for several minutes he refused to admit even that he had made a confession statement to the Pros. Atty. T. E. Strom. After a whirlwind of questions by the prosecutor Miller, who was plainly uneasy and with sweat streaming down his face, began admitting bit by bit the statement which he made to the prosecutor. As a witness for himself, Miller was a failure.
 Atty. Strom was then called and testified to having taken the statement of Miller.
 Atty. Strom was the last witness of the day and court was adjourned until this morning. It is thought that the case will be given to the jury shortly before the noon hour.

ESCANABA CHANGES GO

(Continued from page one.)
 thusiasm.
 It is not believed here that any more attempts will be made to start a league in this section so that Menominee and Marinette will now be obliged to go back to the old style of inter-city games.
 Manning Vaughn, sporting editor of The Milwaukee Sentinel, has the following to say of Mr. Moll and his new venture:
 "Charles F. Moll, the Milwaukee baseball shark, who is generally recognized as one of the keenest judges of young players in the business, will show the natives of Winnipeg, Can., how the national game should be played, this season.
 "Charles, who ran the Marinette-Menominee club in the Wisconsin-Illinois league last season, has purchased an interest in the St. Boniface club of the Northern league.
 "The St. Boniface club is located at Winnipeg, Can., and will play in the same league as the Moll club. Moll will be secretary of the club and will conduct all its affairs for M. D. McWhirter, principal owner of the team. McWhirter, who is a prominent business man of Winnipeg and member of the Canadian parliament, has recently erected stands costing \$25,000 at his park, so Moll will have a modern baseball plant to start with. In addition, he will have a real ball club for all the stars of the Twin City club will be taken to the Canadian city.
 Charley, who was president of the Wisconsin-Illinois league for seven years, off and on, says that he will have a population of 250,000 people to draw from, so he thinks his club will be a much better proposition than he had in the W.-I. wheel.
 The St. Boniface team will train in Milwaukee, starting April 23, and will play the Poles on the south side on Sunday, April 25. The club will remain here, working out at Athletic park, until April 30, when it will go to Winnipeg.
 "Moll, who has picked several stars for big league clubs, says he has two wing for the St. Boniface club, and or three likely prospects under his eye he expects them to take their place in another year or two with Luderus of Philadelphia, Stengel and Miller of Brooklyn, Warhop of New York, Bill Schardt of Indianapolis and Happy Felch and Larry Chappell of the White Sox, all of whom were 'found' by him."

HEAR DISCUSSION THIS AFTERNOON AT ST. STEPHEN'S

This afternoon at 2:30 o'clock the women of St. Stephen's church will meet in the parlors of the church under the auspices of the Woman's Auxiliary, when the subject "St. Matthew 28" will be taken up. Refreshments will be served by the Monday Bible class of the church.

THE ESCANABA NATIONAL BANK
 ESCANABA, MICH.
 THE BANK OF THE PEOPLE

The Power of Nickles and Dimes

To many people a nickel or a dime seems too small a coin to deserve much attention and these small amounts are spent carelessly and needlessly without a thought to their real power.

During the year 1913 the Woolworth Stores, which deal entirely in 5 and 10 cent articles received these coins to the value of \$66,228,072.

This enormous total indicates the tremendous importance of small sums. Add every one that you can possibly spare to your Savings Account—they will build up your balance in a surprising manner.

SMALL AS WELL AS LARGE ACCOUNTS INVITED

ROOSEVELT OUTLINES HIS ENTIRE LIFE

(Special to The Press.)
 Syracuse, N. Y., April 20.—Roosevelt outlined vividly his entire life today. He received the hardest blow when the defense objected to the introduction of testimony not mentioned in the pleadings. "Barnes insisted Brady," and other Democrats, who contribute to Republican funds must not think that the legislation has offended them." Judge Andrews is considering admissibility of the testimony about Barnes and the posse.

WANTED—Girl for general household work. Apply at 706 Bay street or phone 645-W. 1796-111-31

NOTICE TO ELKS
 At 8:30 o'clock Thursday evening initiation and installation ceremonies will be staged at the Elks Temple. All Elks of the city are urged to be present on this occasion.

3% ON SAVINGS

Simple, When You Know How

Saving money, like any other undertaking, becomes a simple, ordinary action—if you know how. Earning money does not teach saving. The best savers are often those who earn only a few dollars a week. Those who earn more often are unable to save at all. But having a Savings Account teaches how to save—it teaches because it helps—and it is the Safe Way To Save. We invite your Savings Account—\$1.00 or more to start. Try it.
