CEREMONIES IMPRESSIVE

ESCANABANS WITNESSED UNVEILING OF TABLET TO JOHN NICOLET AT MACKINAC ISLAND

Escanaba people, who were present at the unveiling of the tablet, erected on Mackinac Island to the memory of John Nicolet, the first white man to enter the state of Michigan, pronounce the program to have been one of the most impressive ever to mark a similar occasion in Michigan.

In describing the ceremonies at the island on Tuesday the St. Ignace Enterprise said:

Ideal weather, large attendance, and eloquent addresses were features of the very impressive ceremonies in connection with the unveiling of a bronze tablet in honor of John Nicolet, interpreter, friend of Champlain and the pathfinder of the old Northwest territory, at Mackinac Island Tuesday afternoon. It was as though all nature smiled upon and gave approval.

The scene of the exercises was laid in the beautiful evergreens bordering on Arch Rock, among which improvised seats had been placed facing the speakers' stand at the foot of the rocks, and the presence of hundreds of eminent and distinguished citizens, representatives of many states, added to the impressiveness of the occasion. John F. Hogan, editor of "The Gateway" magazine, Detroit, was chairman and he opened the ceremonies by introducing Bishop Woodcock of Kentucky, who delivered the invocation.

(Continued on Page Six.)

MANY WILL SEE FESTIVAL

All children and parents of the city are urged to be in attendance this evening at Ludington Park, when the Play Festival is to be given by Miss Maud Voght, assisted by Miss Louise Williams, as a prelude to the opening of the Chautauqua on Sunday evening.

All has been arranged by the promoters for the event of tonight and a monster crowd of parents and children are expected to be drawn from all sections of the city.

The event of tonight will be entirely free to the general public and to possess the correct Chautauqua spirit it should receive a large patronage.

DELEGATES ARE NAMED BY D. A. R.

The monthly meeting of the Lewis Cass Chapter of the Daughters of American Revolution, was held at the home of Mrs. Atkins on Tuesday afternoon of this week. The appointment of delegates for the D. A. R. state conference at Marquette on August 18, 19 and 20, were made by the Chapter Regent, Mrs. A. H. Rolph, as follows:

Alternate to Regent, Mrs. John M. Millar; delegate, Mrs. Frank H. Atkins; Alternate, Mrs. C. J. Carlson.

Dr. Snyder had been requested by the chapter to deliver an address on "Colonial Medicine." The address commenced with the Pythagorean Age and descended to the present. But the main talk was on medicine in Colonial days, proving most entertaining and instructive.

BLUE BLOOD AT FLAT ROCK

Horse racing enthusiasts are to enjoy an excellent program at the Flat Rock track on Sunday afternoon, July 25, through plans that have now been completed. Two special matched races have been booked in addition to regulation events. In the special races the horses are evenly matched and with the sharp rivalry that exists between the owners some exciting brushes the certain. The racing program will be opened promptly at 1:30 o'clock and it is expected that a number of patrons from Escanaba will be present.

Following the entries in the two big events that have been booked for the day:

Some accounts give the total of the combatant ships in the navy in commission at the end of last fiscal year as upwards of 6,000.

L. W. OLIVER WILL ARRIVE HERE FOR A VISIT

Llewellyn W. Oliver of the 12th Cavalry, stationed at Fort S. D. will arrive in the city tomorrow for a visit at the home of his mother, Mrs. J. F. Oliver at 421 1/2 avenue. The announcement of his arrival was made by Mrs. Oliver.

CHICAGO CARMEN GET AN INCREASE OF \$1,170,000

Chicago, July 16.—The raise of three cents an hour in the pay of Chicago street car employees, announced today, will cost the companies approximately \$1,170,000 a year. The men, through their leaders, expressed themselves as happy over the result. The award will be made public in full tomorrow.

A TRIUMPH WAS SCORED

TRIO OF ARTISTS SET NEW MARK FOR MUSICAL EFFORT IN THIS CITY

Three artists combined last night to give to the people of Escanaba a recital that will long stand as the high mark in the musical record of this city. And each of those artists is an Escanaba product, a fact that made more effective the triumph achieved by each last night.

Miss Susan Christoph last night returned to her home people, after two years of study and with her beautiful voice and charming manner captivated an audience that filled the Delft theater.

Mr. Fred L. Erickson, already an organist of note in the east, also came back last night to the people who know him best and truly won the heart of every music lover.

It has been but infrequently in the past that Miss Susan Semer has been induced to appear in public, but last night, as accompanist for Miss Christoph, made possible the triumph scored by the petite little vocalist. It was this trio whose united effort made up a musical evening that will long be remembered by all who were fortunate enough to be present.

Miss Christoph a year ago surprised an audience here by the wonderfully beautiful quality of her voice. Last night she came to them the finished vocalist. With all of the improvement that has come to her in range and vocal volume the little singer has retained the charming manner that makes her at once a favorite. Her voice and her stage presence combine to make of Miss Christoph an one born to her part. Last night she presented a varied repertoire of numbers that well demonstrated her capabilities and if any were left a year ago to doubt the great possibilities then predicted for her future, they were convinced last night. Her accompaniment could not have been more perfect than that provided last night by Miss Semer, a finished pianist and a musician of which Escanaba's musical colony is justly proud.

Mr. Erickson gave to the Delft organ last night its first real test and by the quintessence of numbers rendered by him thoroughly stirred the musical blood in the veins of everyone in the great audience.

When Miss Christoph was recalled for one of the numerous encores of the evening, Mr. Erickson provided organ accompaniment for The Last Rose of Summer, making of it one of the truly delightful features of the program.

Both Miss Christoph and Mr. Erickson were liberal with their encores, that roars of insistent applause called forth, and when the whole program had been concluded it was a new mark for a musical evening that had been set in this city.

Musical artists of note have, on different occasions, appeared before audiences in this city and have won admiration and devotees, but none has ever more completely won an audience than did the trio participating in last night's program.

HARRY THAW A FREE MAN

(Special to The Press.)

New York, July 16.—Justice Hendrick upheld the verdict of the jury which declared Harry Thaw sane and Thaw will this afternoon be at liberty under bonds.

State served notice of appeal and Judge Hendrick fixed Thaw's bail at \$35,000 to insure his presence at future proceedings. A surety company is prepared to give bond, and the details are being arranged in court. In giving Thaw his freedom, Judge Hendrick commented unfavorably upon the action of alienists who assisted the state in preparing the case and then appeared as expert witnesses in court.

The bond was signed as Thaw ambled along Broadway and thousands of people cheered. He will go to Philadelphia tonight, and thence to Pittsburg.

The attorney general will reserve his decision whether an appeal of the Thaw verdict will be made until he has examined the records in Justice Hendrick's court.

SOO COMMENTS ON TRANSFER

Of the transfer of Angus McDougal, U. S. Postoffice inspector from the Soo district to this district, the Soo Evening News said:

United States Postoffice Inspector Angus McDougal of this city, expects to be transferred to Marquette shortly to fill a vacancy caused by the leaving of Inspector M. I. Schlabach of that place, who has been transferred to Elgin, Ill. Mr. McDougal has not yet received official notice of his transfer, but it has been official reported at the Marquette office. Mr. McDougal will still make his residence in the Soo, although his headquarters will be in Marquette.

At present Mr. McDougal has charge of six counties below the straits and four of the eastern counties in the upper peninsula. It is expected that after the transfer he will have charge of only upper peninsula counties.

WOMAN IS HELD UP

While walking on South Jennie street last evening, directly across from the St. Patrick's parsonage and at the alley near the residence of Coleman Nee, a Hale street woman, was the victim of a purse snatcher, who escaped in the darkness with between \$35 and \$40 in cash.

The woman, with a friend, was walking down Jennie street at about 10:15 o'clock and had arrived at a point directly before the alley, near the home of Coleman Nee, when a man, attired entirely in black, with a cap pulled well down over his eyes, leaped from the darkness, snatched the purse from the hand of the woman and a second later was lost in the dense darkness of the alley.

The woman screamed for help when she was attacked and though such came almost immediately, it was too late to lend much assistance. Officers at once responded to a call that was turned in and after securing a description of the man, spread a dragnet over the city and it is confidently believed that the robber will be taken before day break. It is thought that the man is a local character.

GERMANS ARE STILL WINNING

(Special to The Press.)

London, July 16.—Unofficial reports from Athens, telling of the pronounced progress of the Allies in the Dardanelles campaign, are believed to be forerunners of official claims of significant successes. The British dislodged the Turks from four lines of trenches near Derka Tepe, while the French gained an important success near Krithia. The most important is the report that Roumania refused to listen to the Austro-German demand that she permit munitions to flow through Roumania for the relief of Constantinople.

(Special to The Press.)

London, July 16.—After 26 days and nights of almost continuous fighting in which the Germans have struck deep into the French lines, defending Verdun, the offensive of the Crown Prince's army appears halted by the capture by the French of the dominating height known as Hill No. 233, stormed by the Germans July 13. The German drive in this section had carried them almost within range of the German heavy guns when the French check was administered.

(Special to The Press.)

London, July 16.—The final crushing German thrust at Warsaw is now under way with Field Marshal Von Sindenburg again figuring as a military genius for the Teutons, tonight's dispatches intimate. Simultaneous with the German drive of Warsaw from the North, in which Przasnysz has been taken the Teutons are advancing on the Warsaw lines and Novo Georgievsk. The great German army in Courland, according to a Berlin official, struck the Russian front north of Koltynsk and forced the passage of the Windau river which strategic value is in its natural defense of Riga.

YANTIC IS PREPARING

For Escanaba members of the local division of the State Naval Militia will view with regret the making of plans for the first cruise in several seasons aboard the steamer Yantic in which they will not take part. The cruise of this year will open on August 7, continuing until August 23, with Erie, Pa., as the base for the annual maneuvers.

Of plans being made for the cruise by members of the Hancock division, the Calumet News says:

The various divisions of the second battalion, Michigan Naval brigade, yesterday were notified by Lieut. Commander Paul Ruppe to prepare for the annual cruise. The order specifies August 7 the date of sailing for the Yantic, the training ship to stop at Marquette to take aboard the Marquette and Ashland divisions. From Marquette the Yantic will proceed to Erie, Pa., the rendezvous for the great lakes training fleet this year.

From August 11-18 inclusive, the fleet will maneuver and engage in target practice with Erie as a base. The following ships will participate: Islo De Luzon, Don Juan de Austria, Wolverine, Essex, Gopher, Dorothea and the Yantic. The activities off Erie will be in charge of Commander Moffitt of the Great Lakes Training station at Great Lakes, Ill.

The fleet will disband on August 18, and from there the various ships will cruise at will. The Hancock division expects to visit Buffalo and Detroit and according to present plans will arrive at Hancock on August 22 or 23.

Lieutenant Hecker announced today that at least 70 men will make the trip. The Hancock division has made great progress during the past year and the interest in the naval work is intense among the men. The trip is looked forward to by them as it is the biggest event in their activities.

Lieutenant Hecker has room for ten more men on this trip and these men will be eligible if they are enlisted in the division before the nineteenth of this month.

NEW ORGANIST FOR THE DELFT

Mr. Ned Meech of Detroit will arrive in the city on Monday morning to take the position as organist at the Delft theater for the summer months. Miss Alma Duford, who has so successfully served in that capacity since the opening of the house, will leave on Monday for Chicago, where she will receive organ instructions.

Mr. Meech comes to the Delft highly recommended and should please local patrons of that house.

Robert Hughitt of Chicago is a guest at the home of Mr. and Mrs. W. W. Caven.

LOCAL GOLFISTS ARE PLEASED

A party of Escanaba golfers tried out the links of the Riverside Golf Club at Menominee on Wednesday, preliminary to entering the peninsula tournament to be held there in August.

The Menominee Herald Leader says:

"The Golf Links of the Riverside Golf Club are fine." This was the opinion expressed by Dr. R. H. Banks, P. A. Lint and T. M. Judson of Escanaba who were the out-of-town men to try the links before the Upper Peninsula tournament takes place the first week in August. 5, 6, 7.

The links are being lengthened from 300 to 400 feet and will be finished in the very near future. Men are at work getting the grounds ready for the tournament.

Local players who intend to enter the tournament are practicing daily.

LOCALS PLAY MANISTIQUE

Today the Escanaba baseball team will journey to Manistique to mix with their old enemies of that city. Intense interest has been aroused in the games of today and tomorrow at Manistique and banner crowds are expected on both days.

However, Escanaba is not going to the Lake Michigan City half cocked, Krause and Garland will do mound duty for the series for Escanaba while the big Indian and Freeland will probably serve in that capacity for Manistique.

Escanaba is taking 13 men to Manistique this morning and tomorrow morning Steiny Aronson, with his "big stick" will go to that place to take his position at third.

TO PLAY LOCAL TEAM SUNDAY

The fast Garden team continued its winning streak Sunday by trimming Maple Ridge 4 to 2.

Edwin Truckey, who did the twirling for Garden, allowed but three hits while Harvey Lottie, his opponent, was found for six.

Next Sunday Garden plays the Wolverines from Escanaba and a good game is promised.

F. M. Shaw left yesterday for Chicago on business.

You See It First in the Morning Press.

AUSTRIANS INDIGNANT

DECLARE THAT U. S. PRACTISE OF SHIPPING MUNITIONS TO ALLENS MUST BE STOPPED

(Special to The Press.)

Washington, July 16.—The United States will send a note to Austria informing her that it is the view of the United States that she has no right to demand the cessation or even an abridgment of the right of citizens of the United States to sell munitions of war to any belligerents. It already has been determined by the state department that the reply to Austria and Turkey, should latter join Austria, will contain a statement of the position of the United States as formulated at the beginning of the war by the state department.

(Special to The Press.)

Vienna, via London, July 16.—The full text of the Austria-Hungarian protests to the United States against the shipment of arms is given out. It declares that special attention of the Austro-Hungarian government has, from the beginning, been drawn to the marked consequences of fact that a continued war material traffic on a large scale is going on between the United States and the Allies. It says she does not doubt the intention of America to preserve neutrality but "the situation has arisen which has frustrated and even reversed the intentions of the Washington cabinet." It states that all authorities on international law maintain that a neutral government is not permitted to allow an unhindered traffic in war contraband if such a traffic is of a kind or reaches proportions as to compromise the neutrality of a government. The note claims that the export of war material from the United States during the present war is not in conformity with the claims of strict neutrality. It suggests that America puts to an end "this flagrant and formidable export of war material by the prohibition of such exports, more particularly viewing the fact that it is well known that only one of the belligerent parties can take advantage of this export." The note urges that an

(Continued on Page Six.)

CAPT. OLIVER HAS ARRIVED HOME

Captain Llewellyn W. Oliver of the 12th U. S. Cavalry stationed at Ford Meade, S. D. arrived in the city yesterday morning and will visit for the next several weeks at the home of his mother, Mrs. J. F. Oliver at 421 1/2 avenue. Captain Oliver has scores of friends in the city who will greet the announcement of his visit here with pleasure.

Precipitation one year ago yesterday 0 inches.

Well, go to it Manistique, all that Escanaba wants is a square deal.

The boy who stretches a plan across the rainbarrel and plays see-saw, little knows how closely he resembles the European war situation.

The English are now using antiquated sailing vessels for their shipping. Looks like a deliberate effort to halt the German submarines with junk.

In the Delft, the Strand, the Grand Escanaba has a lot of lifelike theatrical names but the houses live up to their titles and it must be remembered that a rose would be as sweet by another name.

An English newspaper solemnly tells us it is dangerous to be friendly with Germany, but the more we think about those submarines the more we are convinced it's dangerous not to be friendly.

All the lies the amateur gardener tells in pointing out the superiority of his garden over that of the other fellow are truths builded on frequent telling.

Escanaba made a record last year in the Chautauqua center of Cleveland, so we've a sort of a reputation to uphold in the program opening here on Sunday. Another financial success here will go far toward convincing the people of other cities, who made failures last year, that Escanaba is the liveliest town in the peninsula.

THE HOME DYNAMO.

Home is a small word, but it speaks much to every heart. Love of home, love of family is a strong restraining influence to keep one in the right way. The making of home is the highest calling. The preaching of ministers and the receipts of great thinkers have little influence until taken into the home. Both husband and wife have the responsibility, but it is the wife and mother who gives life and power to the home. Home happiness is not dependent on a house; it may be hut or palace. Happiness comes from the hearts of the home-makers. Love must be the ruling spirit, and where love is, there is no room for selfishness. Love quiets the angry retort; love displaces envy, jealousy and malice; love inspires kindness. All things that wealth can procure may be desirable or convenient, but they cannot make home happy unless love is there. Love can make a feast of the plainest meal; love can glorify the humblest surroundings.

To make an ideal home is no small task. It takes tact, wisdom and administrative ability as great as those required of any ruler. The interests of home are best promoted by an interest in all that goes on in community or nation, in all noble lives and great deeds. The good home is a force that, like charity, reaches out in all directions. The welfare of the nations depends on the home. "Travel abroad, but dwell at home," and know that there the highest work in the world may be done.

WHITE STAR LINER SAILS PROTECTED BY SAND BAGS.

New York, July 16.—As a protection against gunfire from submarines a shelter of sandfilled bags was piled along the decks of the White Star liner Baltic, which sailed today for Liverpool with 314 passengers and a full cargo, part of which consisted of ammunition.

ARE YOU FEELING FIT?

Do you envy the man or woman of untiring energy, strong body and happy disposition? All these depend upon good health, and good health is impossible when the kidneys are diseased. Foley Kidneys Pills help the kidneys cast out poisons that cause backache, rheumatism, and other symptoms of dangerous kidney and bladder troubles. Sold everywhere.

BRITISH MINERS CEASE WORKING

London, July 16.—With the exception of two small collieries, employing about eight hundred men, all the coal mines in South Wales, from which coes the coal for the navy, were idle today and the miners, despite the action of the government in bringing the industry under the munitions of war act, and the entreaties of the responsible labor leaders, and their own executive council, decided, by a vote of 180 to 113 not to accept the recommendation to continue work day by day until an arrangement could be concluded.

The delegates voting for the strike represented 88,950 men, and those against the strike 41,500. Thus, although opinion is divided, the extremists are in the large majority. The conference, however, agreed to meet the president of the board of trade; Walter Runciman, tomorrow to discuss the situation.

There is a general impression, however, that the strike will not last long but that the men, after a short holiday perhaps over the week end, will return to work. All the responsible labor leaders of the country are opposing to the strike and while it is hard to see how the government can enforce the penalties of the munitions act, it is believed the men will be influenced by the fact that they are opposing an act which was passed for the safety of the country.

The strike has been forced by the men of the Aberdare valley, who are strong syndicalists, and have declared that the present was a good time to force the government to take over the mines. This policy has been advocated by the Independent Labor party, which is ore extreme than the regular labor party.

Geneva, via Paris, July 16.—A report has reached Basel that a big strike is threatened at the Krupp works at Essen, Germany the movement being headed by the Union of Metallurgical Workmen and the Association of Mechanics. They demand higher wages because of the cost of living and shorter hours because of the great strain under which they work, the report says. The workmen acting to these advices, are in angry mood and threaten the destruction of machinery unless their demands are granted immediately.

The Frankfort Gazette, according to the news reaching Basel, has warned the administration of the Krupp plant of the seriousness of the situation and has advised that the demands of the men be granted. Meanwhile, the report states, several regiments have been moved to the vicinity of the works in the event of a strike resulting.

TWO MORE NAVY MEN ALLOWED TO RESIGN

Washington, July 16.—Secretary Daniels today accepted the resignations of Naval Constructors William B. Ferguson and John E. Otterson, both of whom are said to have been offered positions with private ship-building companies at salaries far exceeding their pay as officers in the navy.

Legal experts of the navy hold that the president may use his discretion in accepting or rejecting resignations of any officers, but Mr. Daniels decided that Constructors Ferguson and Otterson should be permitted to leave the service because they had fulfilled agreements to serve at least eight years, entered into when they were given special education at government expense, after finishing their course at Annapolis.

FORM OF BID FOR TRUNK LINE SEWER

Escanaba, Mich., June 29, 1915. Bid Opened July 15, 1915: Sealed proposals will be received by the Board of Public Works of the city of Escanaba, Michigan, until July 12th, A. D. 1915, at 2:00 o'clock P. M. for the construction of a trunk line sewer. The system includes substantially 1915 ft. of 8 in. Terra Cotta Pipe. 509 ft. of 10 in. Terra Cotta Pipe. 1699 ft. of 15 in. Terra Cotta Pipe. 2546 ft. of 18 in. Terra Cotta Pipe. 2986 ft. of 20 in. Terra Cotta Pipe. 3731 ft. of 24 in. Terra Cotta Pipe. 2710 ft. of 27 in. Terra Cotta Pipe. 300 ft. more or less of 36 in. Terra Cotta Pipe. 45 manholes complete. Estimated cost Fifty Thousand (\$50,000) Dollars. For the purpose of bidding, plans and specifications may be had at the office of the City Engineer upon the deposit of ten (\$10.00) dollars which will be refunded on the return of the plans and specifications. Work to be completed by the last day of December, A. D. 1915. Successful bidder to employ local labor, and use local material. The mayor, and one member of the city council, and one member of the Board of Public Works to be the judge as to how labor and material. BOARD OF PUBLIC WORKS. 2101-1E1-1E.

SAYS MANY PERSONS MADE INSANE

Chicago, July 16.—Religious dementia, according to Dr. Susan A. Price of Williamsburg, Va., is one of the worst forms with which alienists and neurologists have to cope. She told a medical gathering at the Auditorium, in session today, that "church revivals, camp meetings and Billy Sunday revivals always bring an increase of those thus affected."

"The young woman," said Dr. Price, "is especially affected. A model in her community, reserved and retiring, active in Sunday school work—often the organist—suddenly becomes careless, loud voiced, bold, vulgar, a menace to the community."

Dr. Price said the Thaw case has been closely studied by alienists and neurologists the world over. She said they are divided as to whether Thaw is now or ever has been sane.

Dr. A. C. Atherton of Watertown, Ill., another speaker declared that the "social gangster" and the man who typifies the slum gangster "have the same thing wrong with their heads."

"The man who is an inveterate frequenter of tango teas," said Dr. Atherton, "is as much 'off' as the tough lad who nightly goes to bask in the presence of his gang leader."

ORE CHARTERING TRADE IS ACTIVE

Cleveland, O., July 16.—Chartering in the ore trade has been more active during the week than any time since the start and a number of wild carriers secured cargoes.

The general opinion is that the demand will grow and that the trade will take care of more tonnage from now on. The big iron markets is in better shape and the feeling is firm with an upward tendency. With prices looking up in that trade it is expected the furnacemen, who are holding off will get busy and that more orders for ore will be booked.

If the other lines were in as good shape as the ore trade the freight market would be fairly active and there would be employment for all vessels in commission. The coal movement is slow and the grain trade is not taking care of enough tonnage to cut any figure.

GERMANY SEEKS PEACE THROUGH U. S., SAYS PAPER.

London, July 16.—The Financial News today displays with great prominence reports from "quarters in close touch with German sources of information" that Germany is making tentative peace proposals, through the United States.

How Mrs. Harrod Got Rid of Her Stomach Trouble.

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful heaviness after eating up from pain in the stomach," writes Mrs. Linda Harrod, Fort Wayne, Indiana, obtainable everywhere.

CHANCERY SALE.

State of Michigan: The Circuit Court for the County of Delta. In Chancery.

Matt N. Smith, Complainant, vs. John Dausey and Cora Dausey, his wife, Defendants.

In pursuance of a decree of the Circuit Court for the County of Delta, in Chancery made and entered on the 16th day of January A. D. 1915 in the above entitled cause, I, the subscriber, a Circuit Court Commissioner of the County of Delta, shall sell at public auction or vendue to the highest bidder at the front door of the Court House in the city of Escanaba in said county of Delta on the 24th day of August A. D. 1915, at ten o'clock in the forenoon of that day all those certain lands and premises situate in the Township of Escanaba, County of Delta and State of Michigan, and more particularly described as follows: The Southeast one quarter of the Southeast one quarter (S. E. 1-4 of S. E. 1-4) of Section Sixteen (16), Township forty (40), North of Range twenty-three (23) West.

ALFRED P. PIERSON, Circuit Court Commissioner. RUSHTON & RILEY, Solicitors for Complainant Smith. Dated at Escanaba, Mich. this 2nd day of July, A. D. 1915. 2115-184-7sat

STATE OF MICHIGAN

(July 10, 1915 to July 24, 1915.) The Probate Court for the County of Delta.

Notice is hereby given that four months from the sixth day of July A. D. 1915, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court, at the probate office, in the city of Escanaba in said county, on or before the twelfth day of November A. D. 1915 and that said claims will be heard by said court on Monday, the fifteenth day of November A. D. 1915, at ten o'clock in the forenoon. Dated July 6, A. D. 1915. JUDD YELLAND, Judge of Probate.

July 3, 1915 July 17, 1915 State of Michigan, the Probate Court for the county of Delta.

At a session of said court, held at the Probate office in the city of Escanaba, in said county, on the thirtieth day of June, A. D. 1915. Present: Hon. Judd Yelland, Judge of Probate.

In the matter of the estate of Alme Rochefort, Sr., deceased, Alme Rochefort, Jr., executor named in the will of said deceased, having filed in said court his petition, praying that a certain instrument in writing, purporting to be the last will and testament of said deceased, now on file in said court be admitted to probate and that the administration of said estate be granted to Alme Rochefort, Jr., or to some other suitable person.

It is ordered, that the twenty-sixth day of July, A. D. 1915, at ten o'clock in the forenoon at said probate office, be and is hereby appointed for hearing said petition.

It is further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Escanaba Morning Press, a newspaper printed and circulated in said county.

JUDD YELLAND, Judge of Probate.

MARIE WEDS AND THEN SHE FLED

Detroit--Marie Breen and Edward Aaron knew each other when they were wee children in Chicago.

Marie, is now 19 years old, tall and lithe with beautiful black hair. Edward is dark and also good-looking, with an abundance of black, curly hair which he brushes straight back. He is 23 years old. The two played together and talked of marrying when they grew up.

Eight weeks ago they were wed and came directly to Detroit, although Marie didn't know exactly why. She learned Sunday when her husband was looked up as a fugitive; she is now on her way to her mother's home.

"When Edward came to me eight weeks ago and nervously stated that we had better get married right away I thought it was funny, but I was so much in love with him I didn't give it further thought," said the young woman after she had bid Edward a tearful farewell. "I am going back to mother and wait."

Miss Breen is a dancing instructor and was engaged in this work just before her marriage.

Edward was much affected when his wife bade him good-by and gave her all the money he had--\$12.

"It won't be enough to help me out," he insisted. "There probably will be several warrants for me to answer when I get back to Chicago. That was why I brought you to this city."

A short time later a telegram was received from Chicago stating that Aaron was wanted for passing several forged checks.

LONGYEAR WINNER IN MUCH-TRIED CASE

Marquette, Mich., July 15.--In the circuit court in Dickinson county this afternoon, Judge Flannigan decided the much fought Case-Longyear suits dismissing the bill of the plaintiff and granting a decree on Mr. Longyear's cross bill. The suit was over the title of approximately 15,000 acres of land scattered throughout the Upper Peninsula. Mrs. Sophia L. Case brought suit to secure possession of these lands on the grounds that deed given by her husband to Mr. Longyear in 1899 were in reality only mortgages. The bill was dismissed and a decree was entered quieting Mr. Longyear's title. The case has been in the courts for about four years and went to the supreme court once on a demurrer.

BRITAIN BUILT AIRSHIPS A YEAR BEFORE WAR, PUBLIC IS INFORMED

London, July 15.--The annual accounts of the British dockyards expenditures for the last year reveal for the first time to the public that airship "No. 16" was in the course of construction in 1914. It had been the impression that at that time Great Britain had confined its aerial activities almost exclusively to aeroplanes and the fact that sixteen airships had been built was known only to the initiated.

The same accounts give the total cost of the combatant ships in the British navy in commission at the end of the last fiscal year as upwards of \$870,000,000.

CAPT. L. W. OLIVER WILL ARRIVE HERE FOR A VISIT

Capt. Llewellyn W. Oliver of the 12th U. S. Cavalry, stationed at Fort Meade, S. D. will arrive in the city this morning for a visit at the home of his mother, Mrs. J. F. Oliver at 421 Ogden avenue. The announcement of the visit of Capt. Oliver to Escanaba will be received with interest by his many friends here. His stay here will probably extend over several weeks time.

CHAMP CLARK SURE OF PROSPERITY ERA WITHIN 60 DAYS.

San Francisco, July 16.--Immediate and country-wide prosperity was proclaimed here today by Speaker Champ Clark in an address before the Commercial club of San Francisco.

"I predict that within sixty days every person in America desiring to work will find employment at a fair wage," he said. "I believe we are on the verge of a long era of prosperity."

Benefited by Chamberlain's Liniment. **Traveling Man's Experience**

"Last winter I used Chamberlain's Liniment for rheumatic pains, stiffness and softness of the knees, and can conscientiously say that I never used anything that did me so much good."--Edward Craft, Elba, N. Y. Obtainable everywhere.

AMONG THE THEATRES

THE STRAND
The matinee this afternoon "Little Miss Brown" will undoubtedly attract a monster crowd to this splendid new house. The feature was shown last evening and delighted a great number of local people.

This evening the pretty feature "Homage" will be shown. It will delight those who love purity and grace. It will appeal to higher and nobler womanhood and manhood.

THE DELFT
For today the sixth of the series of "Who Pays" will be shown at this house. The picture tonight is entitled "Houses of Glass" and will be displayed in three parts.

Today it is believed by the management of the Delft that the most striking section is to be shown in which the gossiping of women leads to more unhappiness than all other things combined. It is not the portrayal of the back fence gossipers who are not accountable for their doings, but rather than that, the scandal making talk emanating from the mouths of rich women and women who believe themselves. This picture should furnish a strong lesson to many local people.

Dr. R. H. Banks, T. M. Judson, P. A. Lint and F. E. King motored to Mphomine on Wednesday.

HOW BIG, REALLY IS BRITISH ARMY?

London, July 16.--Lord Lansdown, in the house of lords today said:

"The six divisions of the British arm that went out at the very outset of the war have been followed by others and yet others, and unless I am mistaken, we have at this moment in the European theater of war approximately 440,000 men."

April 21, David Lloyd George in the house of commons, said the British force at the western front had been increased to about 700,000 men.

March 17 the London Daily Chronicle said: "The army under Sir John French steadily expanded until today its strength cannot be far short of the entire force put into the field by Germany in the eventful month of August, 1870, or about 1,100,000 men."

The battle line on the western front is 400 miles long. Of this the British forces are defending forty miles.

Politeness III Rewarded.
"A man kin be too polite an' obligin'," said Uncle Eben. "I know a man dat stood wifout kickin' while his wife dressed him up in a fancy lounjin' coat an' a gorgeous necktie an' a smokin' cap. Den she inspected him an' decided dat she couldn't live wif such a lookin' man, nohow."

CARRANZA TO FOLLOW JEFFERSONIAN IDEAS

Vera Cruz, July 16.—Asserting that the Constitutionalists are endeavoring to establish in Mexico a government along the lines advocated by Thomas Jefferson and comparing President Wilson to Jefferson, Venustiano Carranza, first chief of the Constitutionalists, gave out an interview which is regarded here as a bid for recognition by the United States.

"We feel that we are entitled to the sympathy of the American government in all we are trying to do," said Carranza. "We have such faith in the democratic purpose of President Wilson that we are confident he will give to the Constitutional party his whole support."

Gen. Carranza said that he would call an election for congress, that he would make a report to the congress and that congress would call an election for president. The new government, he added, would grant amnesty to all except those guilty of crime.

EX-BALL PLAYER ARRESTED AS SPY

Richard Craemer, former first sack-er for the Menominee baseball team and known to many fans in this city, was recently arrested as a German spy in Canada and was only released after representations had been made to his citizenship in Marinette and Menominee. Of the predicament in which the former Menominee ball player found himself in Canada the Marinette Eagle Star says:

Richard Craemer, the Marinette man who was arrested in Canada and detained as a spy, has been released by the military authorities and is on his way to Marinette. A telegram to this effect has been received by his parents, Mr. and Mrs. John Craemer of Marinette.

Craemer, with another American was detained by the military authorities of Canada and lodged in the barracks at Quebec. Craemer's companion was given his hearing first, and was released. He took the word to Mrs. Craemer that her husband's hearing was due soon and told her not to worry.

At the hearing of the former Marinette man, he was fortunate in securing an immigration officer from the American side of the line, who was able to establish Craemer's identity as an American citizen. The supposed German was accordingly released.

The paper mill forty miles from Quebec, where Craemer was employed has shut down on account of a strike it is said, and for this reason Craemer is coming home to visit his parents.

"BOMB STEAMER" SAFE; MORE THREATS SENT

Norfolk, Va., July 15.—The British steamship Howth Head, aboard which it was feared a bomb had been placed before she cleared from New Orleans on July 8, arrived here safely tonight.

Boston, July 15.—An afternoon paper announces the receipt of an anonymous communication in which the writer, describing himself as a German spy, states that two bombs have been placed in the state house and another in the customs tower and that these will be exploded "about Friday." A letter crudely lettered with a lead pencil, stated that the governor is to be killed. It was turned over to the police.

CHICAGO WILL HAVE ANOTHER TASTE

Chicago, will have another taste of speedway racing on October 16 of this year, when the Speedway Park association will promote what it chooses to call its annual fall championship race over a distance of 350 miles for a purse of \$25,000.

Announcement of the decision of the executive board of the speedway to hold a fall race at the close of the season for speedway racing was made by David F. Reid president of the association, on Tuesday.

The object of the race is to bring together all the speedway winners of the year for a final test of their prowess. The distance was selected because the local management thinks it possible the speed merchants will lower the records set here on June 26 by Darlo-Resta at New York's opening on October 2. The cars will be in better condition for the New York race than they were here, and the distance is shorter than was the first local race.

MISS TURNER IS HOSTESS TO NUMBER OF FRIENDS

Miss Kathleen Turner entertained a number of her girl friends at her home at 523 Ogden avenue at a pot-luck supper at 6:30 o'clock. Following the elaborate repast which was served, the members of the party went to the Delft theater where they watched the program of pictures.

WAR TO END IN OCTOBER, KAISER TELLS BANKER

London, July 14.—The German emperor according to the Times, in a speech to a deputation bankers, stated that the war would end in October.

The bankers are alleged to have declared that even if the war was brought to an end immediately and an indemnity obtained, Germany's position would be difficult, but that if the war was prolonged the German empire would become utterly bankrupt.

It was in reply to these representations, according to the Times, that the emperor is understood to have declared that the war would end in October.

ALLIES HAVE TAKEN 450,000 SQUARE MILES.

London, July 16.—Four hundred and fifty thousand square miles of German colonial possessions have been occupied by the Entente allies during the war. This official estimate was announced today by A. Bonard Law, the British secretary for the colonies.

You See It First in the Morning Press.

CHICHESTER'S PILLS

The Belle C. Will make a regular trip every Sunday leaving the Merchant's dock at 10 a. m. and running to both docks at Stoughton. Returning the boat will leave Stoughton at 4 p. m.

MAKE DYESTUFFS WHEN PROTECTED

Philadelphia, July 16.—It is entirely feasible and practical to manufacture dyestuffs in this country, and American financiers stand ready to provide the capital for its production "provided sufficient protection afforded to guarantee their investment after the termination of the European war."

This statement was set forth in a resolution adopted at a special meeting of officers, members of the board of directors and the advisory board of the National Association of Hosiery & Underwear Manufacturers here today. The meeting was called to consider the "acute conditions in the knit goods industry, due to a cessation in the importation of dyestuffs."

Copies of the resolution will be sent to President Wilson, all United States senators and members of congress.

MENOMINEE? NO ITS A TAXLESS TOWN

Harrisville, W. Va.—Residents of this town, one of the few if not the only taxless community in the United States, are making preparations to celebrate the opening of the town's first railroad.

The line, which will be known as the Harrisville Southern Railroad, connects this place with Cornwalls, six miles distant.

Harrisville is located in the midst of an oil and gas-producing region. Twenty years ago the authorities acquired a gas well and piped the town. Later the municipal gas plant was leased to a private company for sufficient rental to meet all expenses of the local government and to make all public improvements.

PRESS GREATLY INCREASED

Petrograd, July 16.—Prince Scherbatoff, the new minister of the interior in a recent speech to a gathering of newspapermen who were invited to the home office, said that he did not believe in a heavy fettering of the freedom of the press, even in war times, and declared that he purposed to ask representatives of the war office, the admiralty and the ministry of the interior to discuss the whole question with the leading newspaper editors, in an effort to reach a more satisfactory arrangement than that in force at present.

The mere fact that the minister personally met and talked with the representatives of the newspaper marks a surprising departure from tradition.

TY STEALS MORE THAN TWO OTHER LEADERS COMBINED

Ty Cobb, leading the American league in base stealing, has swiped more sacks than the two leaders of the National and Federal leagues combined.

Cobb has pilfered fifty-one times in seventy-four games. Robertson, Giant outfielder, leads the National with seventeen steals and "Benny" Kauff, Brooklyn, leads the Federal with twenty-three. Kauff and Robertson total forty steals.

Robertson has been in sixty-five games, Kauff in sixty, a total of 125 games, Kauff sixty, a total of 125 games.

WAR TO END IN OCTOBER, KAISER TELLS BANKER

London, July 14.—The German emperor according to the Times, in a speech to a deputation bankers, stated that the war would end in October.

The bankers are alleged to have declared that even if the war was brought to an end immediately and an indemnity obtained, Germany's position would be difficult, but that if the war was prolonged the German empire would become utterly bankrupt.

It was in reply to these representations, according to the Times, that the emperor is understood to have declared that the war would end in October.

BOSTON MARKETS

The copper share market was dull and featureless today. Lack of public interest the chief cause. Interest mostly in "War Babies" which advanced from 3 to 6 points all around.

Among the best stocks in local market that shows any signs of moving is Mass Gas. This stock is well bought each day and much higher prices are talked for it.

HEAD OF STATE'S G. A. R. IS DEAD

Ypsilanti, Mich., July 16.—Henry C. Rankin of Ypsilanti, commander-in-chief of the Michigan Grand Army of the Republic died last night of pneumonia at his home here after an illness of 14 days.

Mr. Rankin was for many years a prominent educator. He was a graduate of the Michigan State Normal college and was superintendent of schools at Uchaman, Leslie, Cassopolis and Lapeer.

Surviving him are his widow and three children.

DAILY LETTER

Markets were irregular today though the tendency was upward. Copper Range in the Coppers was a feature. It is generally realized that the company is piling up a large cash reserve and that this is the policy of the management, so that dividends may not come for a month or so. In the war stocks, Crucible Steel was a feature advancing from 34 to 44 1-2. So. Pas. was weak as was also the general rail list. Steel Common made a new high on this movement selling up to 63 7-8. Lake has started shipments to the Tri-Mountain Mill. One head and possibly two will be used so that a good sized production is assured. Verde Extension was well bought today.

RECEIPTS TO DECIDE SIZE OF POSTOFFICE BUILDINGS.

Washington, July 16.—The treasury department hereafter will construct postoffices and other federal buildings in accordance with the needs and importance of places where they are located instead of spending all that congress appropriates.

Postoffice, Assistant Secretary New ton announced today, would be considered in four classes:

Those having receipts of more than \$300,000 a year; those having between \$60,000 and \$300,000; those having from \$15,000 to \$60,000, and those below \$15,000.

To Sleep Well in Summer.

Slight inflammation of the bronchial tubes causes a distressing cough and makes sleep impossible. Foley's Honey and Tar Compound stops that racking, tiring cough. Good for all annoying tickling and relieves the coughs, colds, croup and bronchial affections. Sold everywhere.

GREEK PARLIAMENT WILL NOT MEET UNTIL THE KING IS BETTER

London, July 15.—A dispatch to Reuter's Telegram company from Athens says:

"It is virtually certain that the meeting of parliament, which it was expected, would result in the fall of Premier Gounaris and his cabinet, will now be adjourned indefinitely owing to the declaration of the physicians of King Constantine that the king is too weak to give attention to state matters. Thus the king's slow convalescence seems to favor the cause of former Premier Venizelos' political adversaries."

RAPS SOLONS FOR JUDICATURE ACT

Cadillac, July 16.—Criticism was leveled at the last state legislature by Judge Kieber P. Rockwell of Pontiac, at the opening meeting of the Michigan Association of Probate Judges here.

In referring to the judicature act passed by the 1915 legislature, Judge Rockwell said:

"Most of its provision, an creditably informed, were never read by the members of the legislature. I am not opposing the many changes provided by the act because they are new, but I am in sympathy with legislation fraught with so much importance being enacted with so little knowledge of its contents."

Judge Rockwell urged the association to help obtain legislation which would make it possible to appeal from the decrees of the probate court to the supreme court, instead of the circuit court.

"I know of no good reason why a case should have two trials of the facts in different courts," he said. "Trials by jury could be provided in the probate court for will contests, insane hearings and other contested matters."

About 75 probate judges were present at the opening meeting. Many judges were accompanied by their families.

BLINDED BY ACID LEAPS TO DEATH

Benton Harbor, Mich., July 16.—Benton Harbor, Mich., July 16.—There is now no doubt that Garret W. Voorhees of 3446 West Harrison street, Chicago, jumped to his death off the steamer Puritan, Chicago, to this port, Saturday night. When the boat landed Sunday morning a steward found a coat, hat and a pair of shoes on a cabin floor. In a pocket was found a letter addressed to Mrs. G. Voorhees. No trace of the writer could be found.

Monday the post man took the letter to Mrs. Voorhees. In part it read:

"My Dear Wife: I have been looking at the beautiful water. It is a delightful green. It reminds me of my childhood. It is as calm as the night when we first met. How happy we were. I am in a quiet, dark place. Every place is dark now that I have lost the power to see the light."

"I feel that I am in the way. My affliction is more than I can bear. There is nothing left but to end it all. You will no doubt remember how often I told you that a suicide is a coward. Now I realize that one must be brave indeed to give up. Raise our two little children in honor. Friends in need are friends indeed, but I have found none. God give you strength to bear it. I feel the water's call. Good-bye and love to all."

"GARRETT"

In the same envelope was another letter. It said:

"I Garrett Voorhees, hereby give and bequeath all my earthly possessions, real and personal, to my wife, Minnie."

Six months ago a woman threw a pot of lye in the face of Voorhees. He lost the sight of one eye and physicians gave up hope of saving him from total blindness. The woman Marie McIntenry, was sent to an asylum.

FOR SALE—Saddle horse. Fine for lady to drive. Inquire Dr. Trieber, Bark River, Mich. 2264-195-31.

OR SALE—We have some new houses for sale at a bargain in good locations. If you are interested we will give you the benefit of our special liberal terms. Call at our office or details. Arntzen Brothers, Phone 102-W. 1857-121-17.

FOR SALE—70 foot front lot on Michigan avenue. This is one of the best residence lots in the city. Inquire Jas. S. Doherty, Morning Press. 157-17.

Even the most delicate of breads raised with K C without yeast. Try K C Baking Powder breads if yeast-raised bread does not agree with you.

WAR

London, July 16.—Abandoning, for the moment, their attempt to outflank Warsaw from the south, the Germans, probably under Field Marshal von Hindenburg, who is reported to have said a few days ago that he would shortly astonish the world, have renewed their attack on the Polish capital from the north. They have not only captured a large number of prisoners south of Kolno, according to the report issued at Berlin today, but have occupied Prasnysz, a fortified town fifty miles north of Warsaw, which was taken by von Hindenburg in his great drive from East Prussia last winter, but was retaken by the Russians in their counter offensive.

This claim is partly confirmed by the Russian official report issued yesterday, which stated that the Russians, in the face of strong German forces, withdrew to their second line of intrenchments. This move on the part of the Germans has taken the military critics by surprise. It was generally supposed that General von Mackensen, would, after being strengthened, continue his attempt to reach the Lublin-Cholm railway, thus forcing the evacuation of Warsaw. But as in all their operations, the Germans have done the unexpected.

The new offensive will probably be general and extend from the Baltic around the East Prussian border to the Vistula, west of Warsaw, for all the Russian troops in this section must be kept busy to prevent them from concentrating at the point where the Germans hope to break through. This is the second time Field Marshal von Hindenburg has tested this. His last effort, while it freed East Prussia of the Russians, cost the Germans an immense number of men and very nearly involved them in disaster, owing to the muddy condition of the ground.

Now, however, there are only bad roads or lack of roads to contend with but it is possible that the Germans have built railways to their northern front, as they have done in Central Poland.

In France the Argonne continues to be the scene of the hard fighting, but of the operations here, as elsewhere in the west, the official accounts are as contradictory, as usual. At any rate no great movement has been undertaken and no change has occurred in the line that could be recognized on an ordinary map.

A German submarine sank the Norwegian steamer Ryn in British home water today. One of the merchantman's engineers was killed. The rest of the crew was saved.

That British troops are now in Serbia fighting for the Serbians against the Austro-Hungarians was given official confirmation today. The strength of the British forces in Serbia is not stated.

The fighting in the Italian war theater continues, according to Vienna, about on the same order as for days past—artillery engagements and here and there infantry attacks in which no great success has been gained.

London, July 16.—Two strongly held Turkish lines, defending the Dardanelles have been captured by the Anglo-French forces on the Gallipoli peninsula, according to an announcement given out this evening by the British press bureau. According to this report four hundred prisoners were taken.

The Turks, on the other hand, claim to have repulsed the allies' attacks. As anticipated, progress against the Turks is very slow, owing to the natural and strongly fortified positions, they hold. But British military authorities express satisfaction with the gain of an occasional line of trenches relying on breaking the morale of the Turks and exhausting their supply of ammunition.

Germany's eagerness to have Roumania allow the passage of ammunition through that country to Turkey is taken to mean that the supply is running short.

Washington, July 15.—Although officials were pleased today by receipt of a memorandum from Ambassador Gerard, formally transmitting Germany's admission of liability and expression of regret for the attack by a German submarine on the American steamer Nebraskan, they practically decided that the legal points the dispatch of a note on the subject further to conserve American rights in the war zone.

Germany admits that the Nebraskan was torpedoed by a submarine and assures the United States that the attack "was not meant for the American flag, but is to be considered an unfortunate accident." This disposes of the question whether the Nebraskan was struck by a torpedo or by a mine.

Legal officers pointed out that in many respects the case resembled that of the William P. Frye, an American sailing ship, sunk by the Prinz Regal Friedrich. In both cases the German government has expressed regret at the occurrence and offered to compensate American citizens for losses sustained, but the action of the German commanders has been declared justified under the circumstances.

To admit this officials here say would establish a dangerous precedent. Germany in the Frye case contended that from the language of the Prussian-American treaty of 1823 that an American ship carrying contraband could be destroyed if there was no other way to stop the transportation of the contraband. The United States vigorously objects to this construction. Officials take the view that the case of the Nebraskan proves conclusively that a merchantman must be visited in order to determine its nationality and the character of its cargo before being attacked. Some do not believe the United States would insist that in exercising the right of visit the submarine commanders actually be required to board a merchantman, but would hold that a ship could be "visited" by signalling a warning to stop and asking for the submission of papers.

Washington, July 16.—The United States probably will send within a fortnight a reply to the note recently received from the Austro-Hungarian government, which contended that the extensive shipments of war supplies from this country to the allies was "not in consonance with the definition of neutrality."

Unofficially word came today that Turkey would follow Germany and Austria in making representations on this subject and should a note from the Ottoman government arrive officials would delay the sending of their answer so as to simultaneously inform the Germanic allies of the unfavorable view of the United States on arms shipments.

While Germany has admitted the legal right of individuals in a neutral country to sell munitions to belligerents, some emphasis was placed on the super-normal growth of the American industries for the manufacture of arms and explosives. In the Austrian note, extracts of which appeared in dispatches today from Amsterdam, this idea is developed almost entirely to the exclusion of the legal question involved.

It points out that the American government would be "entitled to prohibit the export of war material" if the trade in contraband takes the form of dimensions whereby the neutrality of the country will be endangered.

STATE ATTORNEY DENIES STARTING MURDER CASE TO GET "BLOOD MONEY"

Bedford, Ia., July 15.—The justice court hearing of the so-called double murder and treasure case took on a dramatic turn late today when W. W. Bulman, attorney assisting in the prosecution of Samuel Scribner, Bates Huntsman and John and Henry Dame wood, took the stand in the midst of the examination of Samuel Anderson, a state's witness, to deny hotly an intimation on the part of Attorney B. J. Flick for the defense, that he and Anderson had started the case in order to get "blood money" from the defendants.

Mrs. Elizabeth Benson, of Dover, Okla., sister of Mrs. Maria Collins Porter, and widow of Jonathan Dark, said to have been a member of the alleged gang of Taylor county outlaws, who supposedly robbed and murdered Nathaniel Smith, the Missouri cattleman, and his son, in September, 1876, took the stand for the state. She refused to admit that she knew anything about the alleged murder or the counterfeiters' cave on the Collins' farm.

Samuel Anderson was followed on the stand by his brothers, Robert and Henry, who corroborated his testimony regarding his years of digging for the treasure chest at the direction of Bates Huntsman.

FEARED MINERS WILL HURL BEEF AT GOVERNMENT

London, July 15.—The latest developments seem to indicate a way out of the coal strike difficulty. A Cardiff dispatch says that Walter Runciman, president of the board of trade, has acceded to the request of the miners' executive council to resume negotiations with the miners at the point at which they were broken off, and that thus fortified the executives will be able to meet in conference to settlement with the hope of arriving at a settlement.

London, July 15.—Despite the action of the government in applying the munitions of war act to the coal mining industry, which will make the miners subject to severe fines, if they strike, it is practically certain that a large number of men will stop work in South Wales tomorrow, thus curtailing the supply of coal for the naval vessels.

The Federation of Miners of the United Kingdom, the labor leaders and the general public, upon whose support the miners would depend to make the strike a success, are all urging them to continue work until an agreement can be reached, but the executive council of the South Wales union, by a majority vote, refused to support this recommendation and a large proportion of the men are preparing to lay down their tools.

It is not believed, however, that the strike will last long, as the men themselves are divided and the South Wales union has not the funds to finance a long struggle.

MICH. GENEROUS IN CONTRIBUTIONS

Contributions from western states to the destitute people of Belgium shows unremitting generosity, and reports to the Commission for Relief in Belgium, 71 Broadway, New York, from various sources, indicate that although there may be a lessening of activities during July and part of August, no cessation of campaign work on behalf of the Belgians is contemplated.

Michigan's "Buy-a-Sack-of-Flour" campaign has been decidedly successful, and the most recent reports from Chairman Charles B. Warren of the Michigan committee show that the committee has raised a goodly part of the \$20,000 contemplated by it by the efforts of local committees throughout the state.

The slogan, "Give one-hundredth part of your crop to the Michigan Ship," brought liberal response, and a call for sealed bids for supply 400 tons of flour was recently issued. These bids were opened at the offices of the state committee, Detroit, by Chairman Warren and the awards were made on the basis of samples of the flour furnished by Michigan millers and submitted to standard test. Grand Rapids also contributed a carload of flour, which was entrained at Detroit with other cars, making a goodly sized trainload which was shipped to New York.

WEDDING DAY PUT OFF BRIDE ENDS HER LIFE

Blackwood, N. J., July 16.—Her wedding date postponed by her fiancé—a Scranton, Pa., physician—Irene Barker, well known in social circles in Camden and Philadelphia, ended her life at her home here by firing a bullet through her heart. She arrayed herself in her wedding garments just before shooting herself.

PARIS BOWS HEAD TO COMPOSERS ASHES

Paris, July 16.—With impressive ceremony, the ashes of Captain Claude Joseph Rouget De Lisle, composer of the Marseillaise were placed today in the Hotel Des Invalides. Thousands stood with heads uncovered as the coffin upon a gun carriage of the revolutionary period, passed under the Arc De Triomphe in the Avenue Des Champs-Elysees, across the Alexander bridge of the Esplanade.

President Poincare and all members of the cabinet, the presidents of the senate and chamber and the highest officials of the government marched behind the gun carriage while a detachment of dragoons led the way.

While the cortege was passing the hospitals in the hotels along the Avenue Des Champs-Elysees, every balcony and every window was filled with wounded men and in the dense crowds on the pavement many maimed soldiers and many bronzed reservists, hoe on leave, saluted the bier and the president of the republic in solemn silence.

There were no cheers or manifestations until the procession passed the Grand Palais, when the Republican guards band struck up the "Marseillaise," "Vive La France," and "Vive L'Armee" shouted the crowd in a spontaneous burst of enthusiasm.

A flotilla of aeroplanes, flying low circles over the Arc de Triomphe at the start and followed the line of the procession to the Hotel Des Invalides. "Whenever it resounds," said President Poincare speaking at the Hotel Des Invalides "the Marseillaise evokes the idea of a sovereign nation that has a passion for independence and whose sons all of them prefer deliberate death to servitude."

"Its striking notes speak the universal language understood today throughout the world. A hymn like this the generous thought of France." President Poincare rapidly sketched the events in Europe leading up to the war, finding everywhere a deliberate purpose of Germany and Austria-Hungary "to provide war for their own objects, as history will show."

FEDERAL INCOME TAX MAY EXCEED \$90,000,000

Washington, D. C., July 16.—Final figures on the receipts from the personal and corporation income tax will not be available until the middle of August, but treasury officials were inclined on Tuesday to believe that the total will be between \$85,000,000 and \$90,000,000. The ten days' grace given by congress expired on Monday.

"WETS" AND "DRYS" DIVIDE LOCAL OPTION ELECTIONS.

St. Paul, Minn., July 16.—Wets and drys divided honors in Monday's county option elections, according to completed returns. Goodhue county, where Red Wing newspapers made a valiant fight, and Sherburne county went wet. Anoka and Freeborn counties were gained by the drys.

The Morning Press

Is read daily by more people than all the other newspapers in Delta County combined.

WHY?

Because
The Morning Press prints the news when it is news

Because
The Morning Press presents each morning the news of the entire previous day and previous night.

Because
The Morning Press, with its unsurpassed telegraphic service, gives each morning the complete story of the great European war, up to the early morning hours.

Because
The Morning Press guards its columns from all matter not fit to be read in the home.

Because
If its news and is right and fit to print, you see it first in *The Morning Press*.

WE MUST HELP THE PRESIDENT

Ambia, Ind.—Charging that Germany was the first of the European nations to violate the rules of civilized warfare, but that the other nations since had done the same thing, Congress man Joseph G. Cannon, of Illinois, said this afternoon that nevertheless the only position for the United States to take was that of absolute neutrality.

In that connection Mr. Cannon, partisan of partisans in other matters, with all the solemnity which his age could give, impressed on his audience in the Ambia Chautauqua that Woodrow Wilson was the president of all the people and should have behind him the unflinching support of the whole country.

"Are we going to raise an army of half a million of 3,000,000 or more of men? And if we take sides which one shall it be? Shall we fight all of them? If we undertake that we will have our hands full," said Mr. Cannon.

"They began the conflict, they must end it. In the meantime, we must stand as a great neutral nation, preserving neutrality to the end. When the war ceases the door of the United States will swing in and the poverty stricken nations will find a home in this country where the people rule."

"In the meantime, my friends let us remember that Woodrow Wilson is our president—my president, although I did not vote for him. He was elected under the constitution and the laws of our country. You and I must uphold his hands in this crisis."

TRY TO BETTER TIME OF FLYER

New York, July 16.—One hundred and seventeen nifty motorcyclists are going to attempt to beat the train time from New York city to San Francisco. They are not going to ride in a bunch, but three at a time, one to relieve the other when fatigued, or when mishap, puts anyone out of the race. Riding night and day, over good roads and bad, these boys expect to better the time of four and one-half days necessary for the United States mail to cross from ocean to ocean.

It is not merely a prank, they are not going to all this trouble simply to satisfy the whim of some motorcycle enthusiasts. They are giving the war department at Washington practical demonstration of the real worth of the power-driven two-wheeler in dispatch service. That's why it is called a dispatch relay. The first rides will be provided with a message by President Wilson in front of the capitol in Washington. This message, which is addressed to the major general at the Presidio in San Francisco, will be pushed by motorcycle relay on to New York where the real start will be made from the military station at Governor's Island.

Ten o'clock on the morning of Monday, July 19, is set for the start at Washington. Three relays will be employed to get the message to Governor's Island. Changes will be made at Baltimore, at Philadelphia, and again at New York, where, according to schedule, the boys are due to arrive at 4:20 in the afternoon.

You See It First in the Morning Press.

ESCANABA TO MAYWOOD

After July 1st, however, the route between Escanaba and Maywood can be made on street cars and the Gladstone Ferry Boat. 50c round trip tickets on sale on the cars or boat.

Everybody should go and enjoy an outing at this beautiful spot. Special rates to large parties.

ESCANABA TRACTION CO.

SHRAPNEL AND GAS PREDICTED

Rome, July 16.—The Leonardo da Vinci, of whom the world thinks only as a great painter, is now set forth in the Italian papers as a great prophet of what might come to pass in warfare. In the latter part of the fifteenth century, his versatile genius included skill as a scientist, engineer, mechanic and architect, as well as a painter and musician, and his imagination led to the design of many remarkable implements of war, among which was a steam gun which was run by boiling water. In this invention, incidentally, it is said he anticipated the steam engine.

In certain of his works he told of several forms of bombarding engines, one of which threw minute particles, like a storm of hail, producing quantities of dense smoke to frighten the enemy. Among his papers are found what may be called the ancestors of the terrible cannon for throwing burning liquid at a great distance, which the Krupp and Essen factories are said to have turned out. "There will issue from the earth," he wrote, that which, with faithful sounds, will deafen the surrounding and with its breath will kill men and ruin cities and fortresses." He suggested the use of powder which would stun and suffocate the enemy, and at the same suggested a remedy. "To send poison in powder," he said, "be careful to have a wind which will not send the powder upon yourself, or have the nose and mouth covered by a thin wet cloth, so that the powder cannot pass."

He left sketches of mortars and other heavy engines of war which suggest the modern heavy and quick-firing guns, and seemed even to have imagined a submarine and aeroplane. Of the former, he wrote, according to the quotations given in the Italian papers, "I do not publish or divulge my way of staying under water because of the bad nature of men, who would use it for assassination under the sea, by ripping open the bottoms of ships."

TWO MORE LETTERS TELL OF BOMBS

New Orleans, July 16.—Two more letters signed "Pearce" in which the writer threatens disaster to British merchant and mule ships, were delivered here today by mail, one to an afternoon newspaper and the other to the chief of police. In both letters the writer demanded the release of Hans Halle, held in connection with receipt of a similar letter by the New Orleans Times-Picayune Sunday night. Some, who have been watching the case closely, are inclined to believe today's letters are a hoax.

Halle today appealed to the newspapers to state that he had nothing to do with the threats. The writer of today's letters stated that Erish Muenster had "taught him explosives from A. to Z," and that by one of his methods he could blow up the most of New Orleans within a few hours. He wrote that he would start at the criminal courts building. He added that ship captains were foolish to look for bombs on ships he intended to destroy, as his "methods were more modern," and more certain. He writes he is made. Halle is held as a dangerous and suspicious character.

Norfolk, Va., July 15.—No word had been received here tonight from the British steamer Howth Head, enroute from New Orleans for Dublin and Belfast via Norfolk, but agents for the steamer said she was not expected until Thursday. The agents said they felt but little apprehension for the vessel's safety, although the writer of a letter to a New Orleans newspaper intimated that he had placed a bomb aboard the ship.

WANTED NOW.
Right now, when hay fever is attacking its victims and when asthma is causing so much distress, there is a demand for Foley's Honey and Tar Compound—the remedy that brought relief to thousands in previous years. Don't continue to suffer. It will help you. Contains no opiates. Sold everywhere.

CEREMONY IMPRESSIVE

(Continued From Page One.)

Col. William P. Preston, mayor of Mackinac Island, gave the address of welcome, an address that made every resident of the island proud of the head of the municipality. The mayor was at his best and his talk was most appropriate and interesting.

In the absence of Hon. A. D. Poplin, president of the Park Commission, who was unavoidably detained at home, the response was delivered by Hon. Edwin O. Wood, vice-president of the commission. Mr. Wood, eloquent as always, struck the key note of the gathering when he suggested that the exercises should have a religious bearing, for was not this historical spot the mecca of those early pioneer missionaries and pathfinders who gave their lives and suffered untold hardships in bringing to the savages of the old Northwest their first word of christianity. He intimated that this was the first of many similar scenes that would be enacted in the future in honor of the men whose deeds of valor and christianity in connection with the island have gone down in history and song.

The address of the day was delivered by Rev. Thomas J. Campbell, S. J., the eminent scholar and historian of New York. Mackinac Island in the days gone by has heard many eloquent addresses, but none more eloquent or impressive than that of Father Campbell on John Nicolet. It was a masterpiece of diction and the attention of the large gathering was centered on the utterance of every word. Father Campbell needed no notes or studied preparation for this special occasion. Through a research of many years the life of John Nicolet from the time he entered America as a mere boy until he gave up his life in an attempt to save the life of an Indian friend and prevent a war of butchery among savage tribes was to him an open book. He took up the life of the man to whom the day was given up to honor his memory from his first entry in this country and brought out many new and interesting facts unknown to the average student of history. His wanderings as a pathfinder to the old Northwest territory, the hardships he experienced among the Indians, his search for the river, that was believed to be the source of a passageway to China, the love of the savages for the young Frenchman and their great grief when he lost his life were all most vividly portrayed and eloquently commented upon by the speaker. It will long live in the mind of every person who was so fortunate as to be among the audience.

The tablet was presented to the state by Rt. Rev. Monsignor O'Brien of Kalamazoo, president of the Michigan Historical Commission, and as the beautiful inscribed plate was unveiled there was a round of applause. The speech of acceptance in behalf of the state was delivered by Hon. Lawton T. Hemaas of Mason, Michigan historian and author and a member of the railroad commission.

The tablet will be placed at the left of Arch Rock on a vista to be known as Nicolet Watch Tower, surrounded by an iron railing and overlooking the water. The spot must have been passed by Nicolet when he first visited this section and made his landing at the island.

AUSTRIANS INDIGNANT

(Continued From Page One.)
embargo be levied on supplies to the Allies unless they permit trade between the United States and the German allies. "America by doing this would not only follow the traditions of protection of lawful trade by sea, which have always been respected in America, but it would at the same time reap great moral reward by restraining the criminal efforts of Austria-Hungary's enemies to utilize hinge as their ally."

(Special to The Press.)

Washington, July 16.—The confidential and friendly conference today between Count Von Bernstorff, the German Ambassador and Secretary of State Lansing has done more, officials say, to bring about a cordial understanding between Germany and the United States than any previous diplomatic steps. Secretary Lansing, fully convinced of the tremendous importance of the representations of the German Ambassador, would make absolutely no statement on them. He asserted, however, that this government had been fully apprised that Germany desires the United States to immediately open up with England all the important question of freedom of the seas. The German government has advised the United States that it too stands for the free sea principle and that a final discussion of the Lusitania case and disposition of that controversy should be inseparably connected with the greater question of the rights of all nations to the free use of the sea lanes.

AMERICAN CONSUL DENIES RAIDER HAD BEHIND BARK.

Washington, July 16.—Denial of published reports that a German submarine used the American bark Normandy as a screen from which to sting the Russian steamer Leo was cabled to the state department today by the American consul at Liverpool.

MANY WILL GO ON EXCURSION

This morning the steamer Saugatuck will leave this port, with what promises to prove a capacity load of passengers, for Manitowish and Beaver Island. Much interest has been aroused in the excursion as many people in this city have relatives residing at Beaver Island, who will take advantage of this opportunity to spend a day with them. Others will make the trip because of the historical interest that is centered about Beaver Island, where for a number of years the only monarchy ever established within the confines of the United States for a time flourished.

Diarrhoea Quickly Cured.

"About two years ago I had a severe attack of diarrhoea which lasted for over a week," writes W. C. Jones, Buffalo, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Obtainable everywhere.

KILLED WHILE HUNTING RIFLE CAUGHT ON BUSH.

Maynard, Wis., July 16.—Paul Jefferys, a prominent Indianapolis man, was instantly killed while hunting near here today. As he and his guide were sitting down to lunch the trigger of his gun caught in a shrub, discharging the cartridge. The bullet entered his body near the heart.

NOTICE From City Treasurer.

Notice is hereby given that the city's portion of Taxes for the year 1915 is now in my hands for collection.
