LOCALS TAKE BALL SERIES

MANISTIQUE BOWS FOR SECOND TIME BEFORE HARD-HITTING AND FAST LOCAL AGGREGATION

Manistique's baseball team went home yesterday morning with a sorry gilt in its eye and a terrible tale of woe and it is all because the Lake Michigan City aggregation sustained two straight defeats at the hands of the locals in Saturday and Sunday's games, the locals taking the game of Sunday by the score of 7 to 3.

Krause pitched an excellent game for Escanaba Sunday in spite of the intense cold weather and at no juncture of the contest did he waver or weaken. During the game he was touched for but seven blows while O. Freeland, on the mound for Manistique came out of the bout with eight hits tied to his name in the scorers book.

Again on Sunday, Raleigh Baum, late of Keokuk, played a spectacular and hard hitting game. From the time the game opened until it closed, Baum was there, getting the only three bagger in the game.

Britton, at the head of Manistique's batting order, awaited the ball for a nice single, the first time up and was advanced by McDougal. Blackmore laid down a sacrifice, advancing both men. Britton was scored by O. Freeland. In this inning Manistique drew two of her three tallies in the initial frame.

Baum came to bat first for Escanaba and connected with the pill for a three bagger, and was scored a few moments later by Derouin's hot grounder. Aronson smashed the pill for a two bagger, as also did Nolden. Both Aronson and Derouin were scored here, netting Escanaba three runs. Manistique secured one more tally and Escanaba four before the game was concluded, making the contest thrilling and interesting for the entire district.

On next Saturday, Sunday and Monday, Oconto, "the unbeaten" comes here for a three-game series. They have not been beaten this year and promise to give Escanaba the hardest rub of the season.

The box score of Sunday's game will be published on Wednesday morning.

FLOOD MAROONS

5,000 PEOPLE

Little Rock, Ark., Aug. 30.—More than five thousand persons are homeless within a radius of two hundred miles of Newport, Ark., and many others marooned in their houses by the flood have been living in upper stories or on roofs with only scant supplies for four, five, and even six days, it was said tonight by D. J. Welty, agricultural commissioner of the St. Louis, Iron Mountain and Southern railway.

After a motor boat trip of a week through the flooded section, Mr. Welty reported that he found thousands of acres of rich farming lands inundated, heavy loss of livestock and personal property, but apparently no loss of life.

Refugees, he said, were being well cared for in the various camps. Four hundred inhabitants of the White valley were added today to the long list when the levee of the Cache river gave way, forming a lake twenty miles square.

With federal, state and municipal authorities co-operating, the sanitary relief and rescue problems occasioned by the flood are said to be well in hand.

ORGANIZATION PLANS TO FIGHT STATE INSURANCE

Detroit, Mich., Aug. 30.—Organization of federations of insurance agents and underwriters in every state in the union to fight encroachments of so-called state monopolistic insurance is one of the aims of the joint convention of the International Association of Casualty and Surety Underwriters and the National Association of Casualty and Surety Agents, which opened here on Tuesday. Delegates to the convention contend that private insurance business is seriously menaced by the growth of state monopolistic insurance.

GORDON COLLEGE OPENED TUESDAY

Mrs. E. D. Gordon has returned to her home in this city after spending the past month in Colorado Springs, Colo. and other points in the west.

Upon her return to the city Mrs. Gordon announced that the Gordon Business College will be reopened on next Tuesday morning. The college will open this fall with an unusually large attendance, according to inquiries that have been made during the summer months. The same high standard that has been maintained by the school in the past will be observed when it is reopened with Mrs. Gordon at the head, next Tuesday.

TABLET IS UNVEILED

IMPRESSIVE CEREMONY MARKED THE UNVEILING OF MARKER TO GEN. LEWIS CASS

Escanabans who on Saturday attended the ceremonies that marked the unveiling of a tablet, erected to the memory of General Lewis Cass at Mackinac Island, assert that for impressiveness the service of Saturday is without precedent in Michigan. On one of the great bluffs of the second oldest fortification now standing in the United States, the tablet is erected to the memory of one of Michigan's most distinguished statesmen. As was appropriate to the occasion, the commonwealth's chief executive and many of the state's most prominent men participated in the ceremonies. The day was pleasant and balmy. A military touch was given to the event by the presence of the Cheboygan company of the National Guard, a contingent of jacksies from the revenue cutter Morrel, and ten members of the governor's military staff, among whom was General Kirk. The soldiers and sailors paraded the streets of the city directly prior to the exercises and stood at parade rest in front of the speakers' stand during the progress of the program. A brass band from Cheboygan furnished inspiring music. It is estimated that fifteen hundred people were in attendance as spectators. Many states of the Union were represented. Patriotic ardor was manifested to an unusual degree.

The tablet to Cass, which eventually will occupy a permanent station on a rock bluff hereafter to bear the name of the general, is a gift to the state from Michigan's citizens. The fund was raised largely among Democrats, of whose party General Cass was once a foremost leader. Edwin O. Wood, of Flint, Democratic national committeeman and Colonel Wm. P. Preston, mayor of the city of Mackinac Island, were the sponsors of the movement, and it is due chiefly to their zeal and enterprize that Cass' distinguished services to this commonwealth, to the Empire of the Northwest and to the nation at large has now been given (Continued on Page Six.)

SCHOOL WAS OPENED HERE

The Escanaba public schools opened yesterday morning with the largest first day attendance ever recorded and with every teacher in place, prepared to give excellent service during the coming school year.

Several new ideas are to be carried out during the coming year, in the local public schools. One of the most important of these is the introduction of the Palmer system of penmanship. It is not experimental in any sense of the word, as it had received a thorough trial in the New York City schools and has finally been adopted. It has worked out unusually successfully in New York and is brought here with the distinct idea of raising the standard of penmanship among local pupils.

The new teachers all come here with excellent recommendations and give evidence of accomplishing excellent work.

Every seat in the high school building was filled yesterday and the morning session of the school.

(Copyright.)

CANVASS IS A SUCCESS

GREAT IMPETUS GIVEN YESTERDAY TO INTEREST IN THE NORTHERN STATE FAIR

Impetus given yesterday to the work of preparing for the forthcoming Northern State Fair here, has practically assured the success of the big county show. Twenty crews of canvassers yesterday swept Escanaba, Wells, Gladstone and the surrounding district in the interests of the fair and last night when the results were checked up, an unusual record has been established. While definite figures will not be ready for announcement for a few days, the number of membership tickets sold yesterday, it was announced last night, exceeded the wildest expectations of the promoters of the movement.

The canvassers will keep their books for a few days that stray patrons, who could not be found yesterday, may have their ticket wants cared for. At noon yesterday members of the canvassing teams met at the home of Atty. J. L. Loell, secretary of the fair society. Mr. Loell officiated as personal host to the great crowd of men at an elaborate luncheon given exactly at the noon hour. A great amount of food had been prepared and the manner in which it was served left nothing to be desired, speaking eloquently of the ability of the host in managing the affair.

During the serving of the luncheon Olmsted's orchestra furnished a musical program while the tables were tastefully decorated with flowers that were furnished by C. Peterson & Sons. At exactly 1 o'clock the luncheon was concluded and in automobiles the canvassing teams were rushed to every section of the city and from that hour until darkness came the fight for ticket selling honors was on.

LOCAL DELEGATES GO TO SAGINAW

August Blomstrom has left for Saginaw where he will represent the local Knights of Pythians at the state convention. Mrs. Charles Folio and Mrs. William Knorr will leave the city this morning for Saginaw where they will attend the state gathering of the Pythian Sisters.

MR. BURLESON TO ASK LARGE SUM TO PROVIDE RURAL DELIVERY SERVICE

Washington, Aug. 30.—Postmaster General Burleson announced tonight that he would ask the next congress for an appropriation of \$45,000,000 to provide rural free delivery service during the fiscal year beginning July 1, 1916. The last appropriation for this purpose was \$32,000,000, and the

CABARET AGAIN AT THE DELTA

Manager Merritt of the Delta hotel announces that he will resume cabaret in the main dining room of his hotel, beginning Wednesday evening. Numbers will be given from 6 o'clock each evening to 11 o'clock for the entertainment of the guests of the house. Manager Merritt says that he has secured an excellent act for the opener and it should be enthusiastically greeted by local people.

RACES DREW BIG CROWD

COLD WEATHER FAILED TO KEEP BIG CROWD OF SPEED FANS FROM FLAT ROCK SUN- DAY

In spite of cold and inclement weather on Sunday afternoon, the motorcycle races at Flat Rock were largely attended by both speed fans from this city and the surrounding district, when Earl Bourdela, driving a Harley Davidson, copped the major portion of the prize money, with Charles Byers on an Excelsior and Johnny Seymour on an Indian concluding the afternoon with second and third honors.

Seymour, riding an Indian, was the only man to take a bad spill in the races of Sunday, this being on the south turn of the track in the 10 mile contest. He had just finished the five mile race which he won and was making a desperate effort for the honors in the second race when he fell from his machine and was forced into the rear. He, however, finished within a half a lap of the winner.

In the first race, the five miler, Seymour, on an Indian, won, with Byers on an Excelsior second and Bourdela, on a Harley Davidson, running third. No time was taken on this contest.

In the 10 mile race Byers, riding his fast Excelsior, won, the Harley Davidson finished a close second and Nyholm of Marquette, on an Indian, finished third. The time was 13:27.

The real height of the afternoon's sport came in the 25 mile contest when three machines made the race of their lives with Bourdela on his Harley Davidson finishing first, Byers on an Excelsior, finished second and Gustafson, of Marquette, on an Indian, finished third.

Seymour, on his Indian, had bad luck when he fell in lap 27 and was forced to withdraw from the contest.

CONSPIRE TO CRIPPLE U. S. WAR GOODS

(Special to The Press.)
Washington, Aug. 30.—Explosives at several plants engaged in the manufacture of war material today culminated in the blowing up of the Glazing mill of the American Powder Co., at Acton, Mass. This incident has stirred the Federal Secret Agents to a renewed activity and the department agents admit that investigations are proceeding. While carefully refraining from making specific statements it is evident that some officials believe these explosions are a part of a general conspiracy to cripple the output of American made war goods.

SPEND GOLDEN WED. ON BATTLEFIELDS

Mr. and Mrs. A. H. Rolph will celebrate their golden wedding anniversary, which occurs soon, by reviewing the battlefields through the south where the former served as a captain during the Civil war.

Mr. and Mrs. Rolph were married at DeKalb, Ill., immediately following the close of the war and came north the year following. Since their marriage they have never returned to view the grounds where Mr. Rolph led his men in battle and it will be with a feeling of keen interest and pride that they recall the scenes of long ago. Before returning home Mr. and Mrs. Rolph will visit Washington, D. C.

WILL MAKE CONCESSIONS

GERMANY WILL SAY THAT SHE BELIEVES THAT THE UNITED STATES HAS BEEN GROSSLY WRONGED

(Special to The Press.)
Washington, Aug. 30.—The State Department officials expressed an opinion today that the way is being rapidly cleared for another effort by the United States to get England and Germany to agree to the principle of freedom of the seas with a direct bearing on the reopening of neutral trade with Germany. A long cable message was received today by Secretary of State Lansing from Ambassador Gerard relating to the Arabic case and was sufficiently important to require a visit of Lansing to the White House. Lansing refused to state even the subject of the matter of the cablegram, but it is known that it contained a discussion of internal politics at Berlin, and the Arabic case, and general prospects of the terms on which the agreement between the United States and Germany might be predicated. After receipt of this dispatch the British ambassador, Sir Cecil Spring Rice called on the State Department trade advisors and other officials.

After these two developments it was indicated strongly that Great Britain is willing to modify orders in council as far as they affected the exportation of dye stuffs from Germany and millions of dollars worth of goods held for shipments to the United States. Officials indicated that other concessions might be made both by Germany and England.

(Continued one page six.)

ELECTRICIAN IS BURNED

While working in the purifying room in the gas plant of the Escanaba Municipal Lighting plant, William Heltingthal, an electrician, residing at 402 South Norris street was seriously burned about the face and hands, Saturday afternoon, when an oxygen supply apparatus which he was wearing, stopped work and exploded.

When the apparatus exploded an assistant rushed to the aid of Mr. Heltingthal and removed the apparatus, but it had already done its work, leaving its victim badly burned and blistered.

Dr. Elliott was called to attend the burned man who was taken to his home. Last night the victim of the explosion was said to be resting easily at his home.

Miss Mable Larson of Gladstone was in the city yesterday attending to

TRIP WAS ENJOYABLE

UNCLE IKE FINISHES THIRTY-THIRD ANNUAL FISHING TRIP DOWN ESCANABA RIVER

Ex-United States Senator Isaac Stephenson and members of his party on Saturday completed Mr. Stephenson's thirty-third annual fishing trip on the Escanaba river, when they arrived at Wells. Members of the party immediately boarded Mr. Stephenson's yacht, the Bonita, and proceeded to Marquette. G. T. Stephenson, who was a member of the party, remained in Escanaba over Sunday and visited with friends here.

Of the trip the Marquette Eagle Star of yesterday said:

Completing a three-hundred mile circuit of forest and stream, several of the members of Senator Isaac Stephenson's thirty-third annual fishing expedition to the headwaters of the Escanaba, returned to their homes in Marquette last evening. With one exception every detail of the elaborate itinerary of the tour worked out with clock-like precision. A stiff gale was blowing when the "special" consisting of an observation car, a flat and a canoe brought the caravan from Cornell to "seaboard" Sunday noon. In consequence the Senator's private yacht Bonita which was to have conveyed the entire party to Marquette via the east shore was held in port pending fairer weather.

As usual, the six days with the scow flotilla and shifting camp fires in the balsam-scented wilderness were crowded with incident and adventure. The biggest trout nearly always got away after thrilling battle but Governor Peck, Master Ralph Culman and the corps of "professional" fishermen pulled in "speckled beauties" measuring fourteen inches without apparent effort. Edward J. Young of Madison was attacked in bed by a militant hedgehog. "Billy" Stephenson, after flopping like a pennant from a pole which hooked him under the vest, fell into the rapids with a "drowning cry" and was rescued with difficulty. John Cook and party were lost for six hours in a cedar swamp. Albert Melnhard of Burlington had to swim through a raging torrent to escape from a huge animal with black and white stripes resembling a bear. Around the blazing birch logs Grant Stephenson captivated all hearers with his "Duopokalo" Hawaiian song and Norman James of Richland Center gathered in most of the "gravy" at the "quiet little seances" with the host, Banker Vogel, and Attorneys Van Dyke and H. A. J. Upham of Milwaukee.

Three times each day Joe Kitzinger crack cook of the Menominee river drive, assisted by Fred Gorev, cooked, set before "the hungry thirty" a banquet fit for the gods. Fruit from every clime, bread and rolls and baking powder biscuit that melted in the mouth, soups, broiled meats, beanhole beans, eggs in every style, and a dozen other "lands appeared on every menu. And to top it all there were smoking hot buckwheat cakes with real maple syrup to coax the campers from their balsam couches on a frosty morning.

The expedition was routed via the C. & N. W. to Little Lake, 107 miles north of Marquette, thence on Munising, Marquette & Southwestern to Gwinn, a model city of 1200 inhabitants. (Continued on Page Six.)

DR. CARLSON PLEASURES CROWD

Dr. A. J. Carlson, the city's full time health officer, appeared before a large and attentive audience at the First Methodist church on Sunday evening under the auspices of the Men's class of that church and gave a most interesting and valuable address on "Public Health."

Dr. Carlson urged that more stringent attention be given the children, especially those who attended public schools. He declares that many communicable diseases are contracted by children through their associations in the schools. He stated that it was his intention to immediately take any child from school when it is found a victim of a contagious disease and to call the attention of the parents to many defects of children that will lead to a more harmful ailment in future time.

Dr. Carlson received excellent attention in his address of Sunday evening and his talk proved one filled with a vast amount of instruction that perhaps could not be gleaned in any other manner.

An excellent musical program

NEW TYPE SHIPS TO BE CONSTRUCTED

Washington, Aug. 30.—The next battleships built for the United States will be of a unique type with over double the present number of compartments in the parts of the hull below the armor belt. This prevents the sinking of ship after the hull received wounds either from shells or torpedoes.

Miss Fern Roland has left for P...

UNITED STATES DEPARTMENT OF AGRICULTURE

Local Office Weather Bureau

Escanaba, Mich., Aug. 31, 1915. For Escanaba and vicinity: Tuesday fair and warmer; moderate north west winds becoming variable. Highest temperature yesterday 58 degrees. Lowest temperature yesterday 41 degrees. Precipitation yesterday 0 inches. Temperatures at even hours yesterday: 2 a. m. 37, 4 a. m. 36, 6 a. m. 35, 8 a. m. 45, 10 a. m. 51, 12 noon 54, 2 p. m. 58, 4 p. m. 58, 6 p. m. 55, 8 p. m. 53. Temperatures at even hours one year ago yesterday: 2 a. m. 61, 4 a. m. 60, 6 a. m. 57, 8 a. m. 63, 10 a. m. 73, 12 noon 70, 2 p. m. 72, 4 p. m. 71, 6 p. m. 68, 8 p. m. 65. Precipitation one year ago yesterday .07 inches.

It's said that Germany has set out to reestablish old fashioned friendship with the United States. Well, we're willing.

There's one thing about that fellow Jack Frost—he's a mighty willing worker but his wages are something scandalous.

Of course we hated to do it to the only salaried team in Cloverland, but they wouldn't let it be otherwise. The alibies offered by the Manistique weeklies will be patiently awaited.

Being compelled to pay tribute to the iceman and the coal man at one and the same time, is our idea of being backed into a corner with nothing to do but pay.

Col. Bryan was kissed by a German the other day after the Commoner had delivered his Peace Plan and, now in order to keep his neutrality on straight

he should arrange to be smacked by an Englishman.

The Barber Asphalt Company has come to have a mighty wholesome regard for Escanaba and its officials. Through eight or nine years the company paid but little attention to demands for repairs to the Ludington street pavement, but when Mayor MacKillican and his street committee took over the job of running the streets, the pavement builders found an entirely different situation. They were forced to comply with the letter of their contract and when their work is finished Escanaba will have a perfectly good pavement on its business street and the company, perforce, will have the benefit of a mighty good advertisement, for after all is said and done that asphalt pavement on Ludington was about the best buy, in a pavement line, that Escanaba ever made. The pavement has now been down for ten years, and with the repairs now nearly completed and those that will be necessary from time to time, will be good for many years to come.

DIDN'T THINK

"Didn't think," is almost as bad as "Don't care." Why didn't you think? For what is your thinking machine given you? The man rocked the boat, "didn't think" he was going to drown his companions. His pleasure in hearing their frightened protests was so great that danger was put in the background. But that man knew before he tipped the boat over that there was danger. He had time to think for many years after. The boy "didn't think" the gun was loaded when he pointed it and killed one he loved. He, too, has a long time after in which to think. He knew there might be danger; he had heard of many similar accidents, but "didn't think." There are many "didn't think" in daily life. They do not always end in tragedy, but always they are a waste of mind, a waste of energy, of nerve, the cause of many needless troubles. "Didn't think" arises from selfishness. The individual is so intent on his own pleasure that he is not thinking of others. He gives no thought to possible injury of another. It is self, and self only, that he keeps in mind. Do not allow yourself to become so accustomed to self-indulgence that you forget the pleasure, comfort and even the safety of others. Think, and do not

to yourself, but others. As you would not trifle where safety of life or limb is concerned, refrain from saying unkind things, from injuring hearts and minds. Make good use of your thinking machine. "Didn't think" is the catchword of a fool.

WAR

London, Aug. 29, 10 p. m.—There are no signs as yet of any slackening of the German pursuit of the retreating Russians and according to the official report issued today in Berlin, progress has been made in all sections of the eastern battle line except in northern Courland, where the armies of Grand Duke Nicholas are offering a steady and effective resistance.

From the southeast of Kovno, where the Germans claim to have broken the resistance and must, therefore, be approaching Vilna along the Niemen to Grodno and thence southeastward through the forest of Bieloviesh and along the borders of the Pripiet river marshes, the Russians are falling back to new positions. Speculation again is being indulged in as to whether the Germans intend to follow the Russians farther or prepare positions from which they can hold the Muscovites, while the Teutons attempt an offensive in the Balkans and Belgium.

Military observers here are of the opinion that this question must be settled before many days have elapsed arguing that the summer is soon coming to an end and any ventures proposed for fall must be commenced soon. Thus far the Germans have made a move toward a great offensive in the west, and the second Austrian attack against Serbia has consisted merely of long distance artillery engagements.

The artillery has been the chief mode of warfare on the western line. Utmost activity has been displayed here by the guns of the allies, which have been shelling virtually the entire German line. In addition, the allies have been using their air craft in large squadrons to bombard the German trenches and positions.

It has been vaguely hinted here that mid-October has been slated as the time for the long postponed offensive of the allies in the west, but the point at which the attack is to take place is not being mentioned.

The general public does not expect a strong offensive movement yet, but in some circles there would be no surprise should General Joffre, the French commander in chief, find it possible to attempt some kind of forward movement before mid-October.

There has been more heavy fighting on the Gallipoli peninsula according to the German official report. This claims that the allies suffered severe losses in a series of attacks attempted by them last Friday. Neither the Paris nor London war offices has made any mention of these engagements.

Constantinople, via London, Aug. 30.—A new attack by land and sea on the Turkish positions at the Dardanelles has resulted in heavy fighting. The Turkish war office announced today that several onslaughts have been repulsed with heavy losses to the allies.

It also was said that a cruiser and a transport of the allies had been hit repeatedly by the German guns.

Paris, Aug. 30.—Another raid by French aeroplanes on military establishments of the Germans was announced by the war office today. Barracks and railway stations in the Ardennes and Argonne were attacked.

Berlin, Aug. 30.—The Overseas News Agency says that Bulgaria, previously reported to have signed a treaty with Turkey, has postponed ratification of the agreement on a short sharp warning from the allies.

"According to Sofia," the News Agency says, Bulgaria has postponed for some days the signing of a treaty with Turkey, the quadruple entente having notified her that such action at the present time would be regarded as a wilfully unfriendly act. Nevertheless the two powers are in complete agreement."

Berlin, Aug. 30.—The new Austro-German offensive movement in eastern Galicia has forced a Russian retreat over a long section of front. This announcement was made today by army headquarters which also stated that the position of the Russians near Kovno had been broken and that in the center of the line Prince Leopold's forces are pursuing the Russians further, having almost over-taken the right wing.

Amsterdam, via London, Aug. 30.—Japan's decision to assist Russia by increasing her output of war munitions has been communicated officially from Petrograd. A message from Petrograd to the Telegraph says that Japan has notified Russia that she is preparing to mobilize her entire industrial resources for this purpose.

Despondency Due to Indigestion.

"About three months ago when I was suffering from indigestion which caused headache and dizzy spells and made me feel tired and despondent, I began taking Chamberlain's Tablets," writes Mrs. Geo. Hon. Macdon, N. Y. "This medicine proved to be the very thing I needed, as one day's treatment relieved me greatly. I used two bottles of Chamberlain's Tablets and they rid me of this trouble." HEBREW TRAVELING MEN HAVE PLAN

Jewish traveling salesmen of the United States—and they number thousands—are planning to obtain unique, but effective revenge for the murder of Leo Frank by a gang of Georgia assassins.

The travelers are to wear conspicuous mourning for a period of 60 days to prevent the public from forgetting the shame that is the state's whose coat of arms bears the lofty inscription, "wisdom, justice, moderations."

Meanwhile, efforts are to be made to unite the Jewish wholesale concerns of the country into what virtually will amount to a financial boycotting of Georgia dealers. The whole salers are to be urged to refuse credit to purchasers in the southern state and avoid as far as possible any business dealing with Georgians, whatsoever. It is predicted the boycott will cost the state of Georgia millions of dollars in the next few years.

Traveling men "making" Escanaba in the last day or two commented at length on the scheme, which has been unfolded to them by Hebrew members of their calling.

"One Jewish traveling salesman attracted considerable attention in a Chicago hotel the other day by his peculiar funeral raiment," said a traveling man at the Delta Hotel. "His mourning garb consisted of a specially designed black-and-white-striped shirt, the edges of the cuffs being tipped with black and the bosom having horizontal black stripes. Even his collar was edged with black, while from the upper pocket of his coat peeped a black-and-white handkerchief."

"Thousands of other Jewish traveling salesmen are wearing similar mourning, and the number will be greatly increased in the next week or 10 days, according to conversations I have heard between those active in the movement."

GIVES METHOD OF HANDLING WHEAT

Washington, D. C., Aug. 30.—Much of the new crop of wheat as delivered from the farm this year has a high moisture content which if put into storage without special treatment is very likely to cause trouble by becoming musty and hot.

By mixing high-moisture and low-moisture wheat together, a method whereby part of damp wheat of this year's crop can be put into good condition was demonstrated in an experiment at Baltimore which was directed by a grain standardization specialist of the Department of Agriculture in cooperation with the Gambrell Manufacturing company of that same city.

The experiment described was performed to determine if it would be possible or feasible to handle damp wheat in such a way that it would not be necessary to put it through a commercial drier and yet insure its keeping safely in storage or during shipment.

For this experiment one car of Pacific Coast white wheat containing 1098 bushels was mixed with one car of Eastern red winter wheat containing 1126 bushels, and put into storage in an elevator bin. On July 29, samples taken from the white wheat while it was still in the car tested 9.7 per cent in moisture. Samples taken from the red wheat on July 31 while this wheat was also still in the car tested 15 per cent. These wheats were thoroughly mixed on August 3 and the mixture was then put into storage in an elevator bin and allowed to remain there until August 6, when it was transferred tested 12.9 per cent moisture for the red wheat and 12.2 per cent for the white wheat. The wheat was allowed to remain in the second bin until August 10 when it was transferred to a third bin. Samples taken at this time showed that the moisture content of the red wheat was 12.5 per cent and the white wheat, 12.9 per cent.

PROPAGANDA CHARGE AGAINST MAGAZINES

New York—Fac-similes of a letter and a check for \$5,000 bearing the signature of "J. Bernstorff," sent to a pro-German magazine in this city, are published by The World.

The check is made payable to The Fair Play Printing & Publishing Co., and is dated May 28, 1915. The letter, dated March 15, is addressed to Marcus Braum, editor of Fair Play. The heading is that of the German embassy in Washington and the file number appears to be "J., No. 4344." The letter reads:

"My Dear Mr. Braum: In answer to your favor of 12th instant, I beg to say that I have read the monthly review, Fair Play, for the last three years, and I can state that this publication has been living up to its name, and that it has always taken the American point of view. During the last seven months Fair Play has, in its editorial policy, treated all belligerents justly and thereby rendered great services to the millions of foreign born citizens of this country, especially to those of German and Austro-Hungarian origin. Fair Play has fought for the rights of the latter and for truth, always maintaining an American attitude and showing true American spirit.

KAYSER SHOT BY HIS OWN WEAPON

Gary, Ind., Aug. 28.—Rev. Edmund A. N. Kayser, who was shot and killed in his home at Polleston, Ind., a suburb, last Tuesday night, was buried today the mystery surrounding his death apparently still unpenetrable seventy-two hours after his body, bound with cord, was discovered in a yard near his home, near the church of which he was pastor.

The arrest of Thomas Modjesch, an inspector at the Gary steel mills, on a statement by State's Attorney Clyde Huner that Kayser was slain by his own revolver as a result of a quarrel over business matters with persons who called upon him the night of his murder, furnished the chief development of the day in the search for a motive and participants in the crime.

Statements made to Chief of Police Heintz by Attorney Jaul J. Tomanczy who was reported to have talked with Kayser an hour before his body was found by a passerby, resulted in the arrest of Modjesch, who is being held pending an examination. The nature of the information leading up to the arrest of Modjesch was guarded by Chief Heintz, who said tonight that he merely wished to question the former.

E. W. Andre, president of the German Alliance of Hammond, Ind., late tonight asserted that he had come to the conclusion that Kayser was murdered by a sympathizer of the allies because of the pastor's denunciations of England, Russia and France, and because of the stirring lectures and published articles in which he made these attacks. Andre stated that Kayser had recently confessed that he feared his life was in danger as a result of these utterances.

NOTICE

Sealed bids will be received by the undersigned Chairman of the Fair Grounds Committee of the Board of Supervisors until noon, Wednesday, Sept. 1st, for loading, hauling and delivering at the New Fair grounds site, 3600 yards of clay to be taken from the clay banks on the east side of the county road north of the Extract plant. These bids must quote a price per yard.

EX-GOV. SLATON LAUDS MOTIVE

Los Angeles, Cal., Aug. 30.—John M. Slaton, former governor of Georgia, who commuted the sentence of Leo M. Frank, condoned today what he called the "motive" that led to the Frank lynching. He said: "There is no compromise in my mind regarding that lynching. I am unalterably opposed to mob law. But I, who know my people better than any one else, am forced to pay tribute to the motive for that lynching. It can be attributed only to the chivalry of the south; perhaps too hot-blooded, but fine—the chivalry which reared the entire country over the pathos of a poor little working girl, with her toes nearly out of her shoes, going to her factory to collect her \$1.20 wages."

"I shall go back into politics on my return to Georgia, but I can't say just what place I shall seek, for at present there is no office open."

Asked if he had any comment to make on the report that Frank's prosecutor will become a candidate for the gubernatorial nomination, Mr. Slaton said: "If he does, that brings Frank's lynching straight into politics. It will be the big issue."

Very sincerely yours, "J. BERNSTORFF."

HEALTH BOARD TO ENFORCE LAW

Physicians are being supplied with a list of names of 25 diseases, that must be reported as soon as they are discovered. This list has been compiled by the state board of health, and Dr. Abrams, upper peninsula member of the board, says the board at its last meeting voted for the rigid enforcement of this law.

The list has been prepared as a result of an amendment to the health laws making it a criminal offense for physicians to fail to report disease, which the state board says must be reported.

The amendment became effective last Tuesday, and the list includes many diseases commonly considered

WILSON TO NAME FIRST AID BOARD

Washington, Aug. 20.—Plans have been made for the appointment by President Wilson of a board of first aid standardization.

Sturgeons who are gathered here from all over the United States for a first aid conference admit that this country is hopelessly weak in its preparations for care of a large number of wounded in case of war.

As a result resolutions were adopted that the board be composed of seven members one surgeon each to be appointed from the army, navy, United States public health service, Red Cross, American Medical association, American Surgical association, and American Association of Railway Surgeons.

The action of the surgeons was taken immediately following an address on conditions in France, which was made by Dr. George W. Crile, of Cleveland, who spent three months on the firing line during the present war.

You make no mistake when you get your job printing at the Morning Press. Nothing but first-class work.

You Can Enjoy Life Eat what you want and not be troubled with indigestion if you will take a Rexall Dyspepsia Tablet before and after each meal.

CANADA DENIES VESSEL FOUNDERED

Berlin, Aug. 20.—Passengers on the Holland American liner Ryndham arriving in Amsterdam bring a report that a British transport with two thousand Canadian troops on board was sunk off the Scilly Islands on August 15.

No hint has come from other sources of the forgoing report. While it is probable, had such an event occurred, the British censors withheld the news it is improbable in view of the fact that official announcement was made of the torpedoing of the transport Royal Edward in the Aegean sea with a loss of about one thousand men.

The Royal Edward was sunk on August 14, one day before the date mentioned in the wireless dispatch from Berlin and it is probable that the report brought in by the Ryndham's passengers is a garbled version of this incident.

Ottawa, Ont., Aug. 20.—Official denial was given tonight to the report given by the Berlin wireless to Sayville, N. Y., that a Canadian troop ship carrying two thousand troops had been sunk off Scilly Islands.

The military authorities issued the following statement regarding the report: "Between the 31st of July and the 24th of August only two troop ships with more than three hundred troops on board have been despatched from Canada and they both arrived safely at their destination."

DID MICH. WOMAN DROWN ON ARABIC

Ludington, Aug. 20.—"Mrs. Fisher," listed among the passengers lost on the torpedoed liner Arabic, is it is feared, Mrs. Samuel Fisher of this city who has been in England for the last two years and who had written to friends here of her determination to risk the voyage home at her first opportunity.

Mrs. Fisher, an English woman by birth and more than 30 years of age, had been with friends at Clive Place, Welshpool, Eng., where she went in the hope of establishing her claim to a great fortune which she believed belonged to her family.

The Belle C. Will make a regular trip every Sunday leaving the Merchant's dock at 10 a. m. and running to both docks at Stonington.

POLK IS GIVEN LANSING'S JOB

Washington, Aug. 20.—Corporation Counsel Frank L. Polk, New York, has been offered and has accepted the post of councillor for the state department.

Mr. Polk is a son-in-law of James Potter, Philadelphia. His wife was Miss Elizabeth Sturgis Potter.

Mr. Polk was wounded last April when a bullet fired at Mayor Mitchell, New York, struck him in the jaw, while he was riding beside Mayor Mitchell in the mayor's automobile on Park Row.

The bullet was fired by an aged man, who made the attempt to assassinate the mayor because he fancied he had grievances against the city administration. Mr. Polk's jawbone was shattered by the bullet and several of his teeth were knocked out.

BURN NEGRO WITH BODY OF BROTHER

Sulphur Springs, Tex., Aug. 20.—Revenge for the slaying of a deputy sheriff J. B. Butler was taken by a mob here late on Sunday, when King Richmond, a negro, seriously wounded, and the body of his brother, Joe, killed in a fight with a posse, were burned at the state in Budford Park.

Earlier in the day the two negroes, resisting arrest, had shot and killed Deputy Sheriff Nathan A. Flippen and inflicted wounds on Sheriff Butler which physicians said Sunday night would cost him his life.

A large crowd, hearing of the capture of the negroes, was awaiting the posse on its arrival here and insistent demands were heard that the negroes be burned in the public square.

George Prince of Powers motored to the city yesterday. George Neumer, of Janesville, Wis., now a prominent merchant of that city and formerly manager of the dry goods department at the Fair store here, is visiting with relatives and friends in the city for a few days.

STATE MINES TO RETURN REVENUE

St. Paul, Aug. 20.—J. A. O. Preus, state auditor, today estimated that 2,000,000 tons of ore will be shipped from state-owned mines on the Iron range before the end of the ore year.

"More than 1,000,000 tons of ore were sent from the state-owned mines in the first half of the ore year," said Mr. Preus. "Future annual shipments will grow rapidly. According to the records, there is an admitted tonnage of ore on state properties aggregating 144,000,000. Deposits making up this tonnage are contained in the area covered by forty-seven leases, which on the average have thirty-four years to run, thus making the average an annual output required to exhaust these mines about 4,250,000 tons."

He added that at a royalty of 25 cents a ton there is a total future royalty revenue in sight for the state's permanent school, university and swamp lands funds of approximately \$36,000,000 in addition to the sums to their credit.

WILL ASK CONGRESS TO AID GALVESTON

Galveston, Aug. 20.—Federal aid in rebuilding the Galveston causeway wrecked by the recent hurricane will be asked at the next session of congress, it was announced today, by Congressman A. W. Brett, of Palestine, Tex. He said he also would seek government assistance in strengthening other storm protections here.

The conditions of the city have been restored almost to normal. Street cars and other public service corporations have resumed business. Trains will resume service to Galveston next Wednesday. The water supply is still out of all needs but there is plenty of drinking purposes.

What is the Best Remedy for Constipation? This is a question asked us many times each day. The answer is Rexall Orderlies. We guarantee them to be satisfactory to you. Sold only by us, 10 cents. Ellsworth's Drug Store.

LIVE ITEMS of INTEREST

Mrs. W. J. Davis who recently underwent an operation at the St. Joseph's hospital in Hancock is said to be recovering.

Miss Irene McCauley of Wilson has entered the local high school.

Misses Adeline and Florence Henry have returned to their home in this city following a visit with relatives at Minneapolis.

Miss Pearl Kress has returned from a visit with friends and relatives at Menominee.

Stewart Gargan of Alpha, Mich., who has been visiting in the city for the past few days, left yesterday morning for Big Rapids, Mich., where he will enter the Ferris Institute.

ARTIST WHO PAINTED PICTURES MOVES

August Klagstad, of Marinette, who painted pictures of Judge W. Stone and Judge Claudius B. Grant, that are hung in the Delta county court house, has decided to leave Marinette and locate in Minneapolis.

August Klagstad, the artist who for twenty years has pursued his profession in Marinette, leaves this week for Minneapolis, at the end of a series of farewell demonstrations given by his many friends in the city.

Mr. Klagstad is leaving in order to develop the more artistic side of his work—mural decorations and portrait painting—and to get in touch with the artistic circles and atmosphere of a larger city.

Mr. Klagstad calls Manistique, Mich. his home town, for it was to that place that he came with his parents when they left Norway. When a young man, he acquired his education at Valparaiso, later going to Chicago. For nine years he studied at the art institutes of Chicago, Brooklyn and Boston.

At that time a Marinette firm was doing a large business in portrait enlargements, and was trying to get a Chicago artist to come to Marinette to work for them. The head of the firm made three trips to Chicago and finally induced Mr. Klagstad to come here, in September, twenty years ago. At first the artist intended to work only until after the holidays that year.

Some weeks after Mr. Klagstad came here, the firm went out of business, and at the instance of the people formerly employed by it, Mr. Klagstad took up the work. Since that time he has been busily engaged in this field of endeavor, though in later years he has been devoting considerable time to the development of his talent as a mural artist and a portrait painter.

His work in mural paintings, especially for churches, has been growing and he has executed over 500 altar paintings for churches from Maine to California, and from Canada to the Gulf. He has also taken a number of commissions for oil portraits of judges and others.

It is this part of his work which Mr. Klagstad hopes to develop in Minneapolis, though he expresses his regret at leaving Marinette. He has already exhibited paintings at artists exhibitions, notably at the Northwestern Artists exhibit in St. Paul last year. He has two paintings in the Wisconsin Rotary exhibit, which will probably come to Marinette this year.

The artist married a Manistique girl two years after coming to Marinette, and four children have been born to the union. Mr. Klagstad and his family have the best wishes of a host of friends in this city.

Good Opportunity to Learn. If you are married you will have just as much time as if you were single—if you know how to find it. Your wife will give you plenty of time waiting for her. Don't fret and fume during this interim—read. I have known men to pick up a liberal education reading while waiting for their wives to go out.

Nut Cake Simply Delicious. By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine. In giving this recipe, Mrs. Hill believes it to be one of the best all-around cake recipes it has been her good fortune to make. The simplicity and uniformly good results will appeal to every housewife.

One-half cup butter; 1 1/4 cups granulated sugar; 1/2 cup milk; 2 cups flour; 1/2 teaspoonfuls K. C. Baking Powder; 1 cup of nut meats chopped fine; whites of 4 eggs, beaten dry. Sift flour and baking powder together, three times. Cream the butter, add the sugar; then alternately the milk and the flour mixing evenly. Beat the whites of eggs and nut meats. Bake in a shallow tin thirty or forty minutes. When cold cover with the icing and decorate with whole nut meats. This is also an excellent white cake recipe when nuts are omitted. Chocolate Icing. One cup granulated sugar; 1/4 ounce chocolate; white of 1 egg, beaten dry; 1/4 teaspoonful vanilla extract; 1/4 cup water. Stir the sugar, chocolate and water until the mixture boils; cover and let boil three minutes. Uncover and let boil till when tested in cold water a soft ball may be formed; beat into the white of egg, then beat until cold, add vanilla. The nut caramel frosting given on page forty of the K. C. Cook's Book may be used in place of the chocolate frosting, if desired. A copy of the Cook's Book, handsomely illustrated in 9 colors, will be mailed free, if you will send the enclosed certificate, packed in 25-cent case of K. C. Baking Powder to the Jacobsen Baking Co., Chicago.

Low Round Trip Fares TO Colorado California North Pacific Coast Yellowstone National Park

Be sure your ticket reads via Chicago & North Western Railway "The Best of Everything" Now is an opportune time to make a Western trip—Low Round Trip fares enabling you to visit both California Expositions and see the most interesting and scenic spots in the West are in effect daily until Nov. 30, 1918. Liberal stopovers and return limits—wide choice of direct and scenic routes and splendid train service. Any ticket agent of the Chicago & Northwestern Ry. will be pleased to help you plan your tour; quote railroad and sleeping car fares; give you detailed information regarding side trips, stopovers, etc. Ask for "Itineraries of Some of the Forty Ways and More to the California Expositions"—invaluable in planning your trip.

AMONG THE THEATRES WILSON WILL BE CAMPAIGN ISSUE

THE DELFT. Today Manager Jacobs of this house is offering for public approval "Wildflower" in which the celebrated Marguerite Clark is appearing in the leading role.

In this picture Escanaba people will find a picturization of one of the most wonderful productions ever to be shown in this district. This picture was constructed especially for Miss Marguerite Clark and in this production she is undoubtedly appearing at her best. Never before has she appeared more charming in any production and that Manager Jacobs has brought her to Escanaba in this spectacular production, should be greeted with real pleasure.

THE STRAND. Today again, Manager Hines is presenting "The Sins of Mothers." This picture is shown because of its real adaptability for the occasion. Not in many a week has a more pleasing production been given here. The Strand manager is well aware of the real worth of this production and takes especial pleasure in presenting it to the public again today and tonight.

WEDDED HERE JULY 3 KEPT VOWS A SECRET

Announcement has just been made at Menominee of a wedding that occurred in this city on July 3, when Miss Margaret Kehoe and Leslie Goodrich, both of Menominee, were secretly married here.

The Menominee Herald Leader says: News of the secret marriage of Leslie Goodrich and Miss Margaret Kehoe of this city, which took place in Escanaba, July 3, leaked out yesterday and resulted in a charivari last evening at the Goodrich home on Dunlap avenue.

The couple eloped to Escanaba without the knowledge of their relatives or friends. Then the bride did not resume her position at the Menominee Electric Works on Monday. But no suspicions were aroused. Yesterday however, the groom who is manager of the Dudley Steel Repair Works "fessed up to their marriage."

A large crowd of friends of the groom and bride assembled at the Goodrich home last evening and charivari the couple with speeches and noise-making instruments. Mr. Goodrich is a son of Mr. and Mrs. Dell Goodrich. The groom has been a resident of Menominee for the past twelve years. The bride is a daughter of Mrs. Mary Kehoe, Spieg avenue. The couple will make their home with the bride's mother for the present.

MARSHALL 'FESSES UP; DOESN'T KNOW WHY WORLD WAR STARTED.

Edwardsville, Ill., Aug. 20.—"I have read with great care the history of all the European countries for the last 100 years and I have read all the state documents issued in connection with the present war, but I confess that I don't know why this war is being fought," declared Vice-President Marshall in an address here Friday night. Speaking of immigrants, Mr. Marshall said: "I believe inviting the foreigners of all nations to come to the United States, but when they do come here they must assimilate. If a man cannot concentrate on the needs of the United States and take his mind off the country from which he came that man should go back immediately. The recruiting offices are always open in London, Paris and Berlin."

AMERICAN FAMILY SOAP For Seventy-five Years this pure soap has been used by every housewife. Always the same quality—Harmless to Clothes and Hands.

Your Agent in Every Office Every telephone in the Bell System is an agent for you on the premises of every subscriber whom you would make your customer or client. Remember that when you telephone, you seldom fail to get immediate attention and an attentive hearing from your business prospect or social acquaintance. Use the Bell Local and Long Distance lines. Michigan State Telephone Company

MUNISING MAYOR MAKES A REPLY

Mayor T. G. Sullivan, of Munising, who is well known in this city, has issued a statement to the voters of his city in reply to critics who have inaugurated a recall campaign against him.

"Third charge is: That our city marshal, Mr. Wilson, is a defaulter. If so it is news to me. I have investigated and learn as follows: Mr. Wilson was treasurer of this county. At the expiration of his term of office an 'expert' accountant examined his books and found Mr. Wilson had to pay in some more money to balance his accounts. Mr. Wilson paid immediately the amount required. Mr. Wilson is not an expert bookkeeper, and even if he was, any man is liable to error, and if shown the error, he pays in full, he is an honest man. Mr. Wilson intends taking legal proceedings against his accusers and he is justified in so doing and making the guilty suffer."

"Fourth charge is: That I discharged Peter Schilling from the job of fire teamster. Such is as false, as all the other charges. My opponents do not seem to have any regard for truth. For Mr. Schilling quit driving the team of his own accord. He was not discharged by me or by any of the commissioners. He quit and Mr. Lamerand has been driving the team since. We consider him a good trustworthy man as teamster or he would not have been placed in the position. The commissioners, Mr. Stewart and Mr. Johnson, join with me very fully in getting the best possible results for all the citizens as we consider we are their servants, not their masters."

"When we took hold of the reins of government of this city last February it was not an inviting place for us, an empty treasury, the credit of the city exhausted, and an indebtedness of some \$50,000. Readers please look at what we have had to contend with. But with economy and good judgment I will have our city in a shape before my term of office expires."

"T. G. SULLIVAN, Mayor."

"For curiosity I read the names of the men that signed the recall petition, and except three all are laboring men who are employees of the C. C. I. Co. However, I am pleased to state the great majority that signed the petition are hardworking, honest men. I am against coercion directly or indirectly. It is said of old, you can lead a horse to water, but it is somewhat difficult to make him drink. The just statement is very applicable in such cases as this."

"I now wish to give our citizens this opportunity to judge for themselves of the charges made against me, as lots of sunlight makes good linen."

"First charge is: That I have not enforced the state laws relating to the retail of liquors. My answer is without any fear of successful contradiction that there is not a city or town in our state where the liquor laws are more closely observed than they are here."

"Second charge is: That gambling is allowed here. My answer is: If there is gambling here, I know nothing of it. And I ask those that so charge to bring me proof and I will enforce the law. If they that so

BOHEMIANS PLEDGE LOYALTY TO WILSON

Chicago, Aug. 30.—The Bohemian National Alliance of America has prepared a memorial of allegiance to the United States, which is on its way to President Wilson and the Austro-Hungarian ambassador. In it the organization declares "There are no Bohemian-Americans. We owe allegiance to the United States only." The memorial was sent to the Austrian representative as a protest against the movement to utilize former subjects of the Austro-Hungarian government in a propaganda against the export of munitions of war from the United States. It declares:

"We emphatically deny the assumption that the export of munitions of war violates in any way the neutrality of the United States.

"As loyal American citizens and as residents, we endorse the principle of free export of all our products, agricultural and industrial, including the munitions of war, a principle long recognized by international law.

"We express our complete confidence in the government of this republic for its careful and correct attitude as the one great neutral power, and we repudiate most emphatically the immoral and hypocritical campaign conducted against countries that defend violated Belgium.

"We desire to say that we are not making this declaration as hyphenated Americans. There are no Bohemian-Americans. We owe no divided allegiance and we stand as a unit in our desire to see America as prosperous and as peaceful as possible."

GEORGIA MORALITY NOT IMPROVED

The Message of Governor Slaton to the Georgia Legislature, June 21st, 1915, called attention to "the large number of inmates located at the prison farm, and the increasing cost of their maintenance. He also quoted the report of the prison commission showing the inmates of the penitentiary to have increased to approximately 3,000. The Chattanooga Times, commenting on the message of the governor and the congested prisons of prohibition Georgia, says editorially: 'Great increase of crime in Georgia does not seem to justify the promise of the political uplifters that there would be a comparative end of the political uplifters that there would be a comparative end to the lawlessness and crime. Thinking it all over, Tennessee is in very much the same condition as Georgia crime and lawlessness on the increase, with the jails and penitentiaries full; criminal costs piling up everywhere and the spread of general contempt for statutory compulsion of any kind. There is not the slightest doubt that legislature-made morality is of the most fragile and independent kind.'

Ann Arbor, Mich., Aug. 30.—Dr. A. C. Camp, nervous disease specialist of the University of Michigan says: "The part played by drugs and alcohol in causing nervous diseases is overestimated. The most common cause of the so-called functional diseases of the nervous system is a faulty mental attitude toward the problems of every-day life. In many cases the primary cause of the nervous disorders of adult life is to be found in the faulty training of the infant."

Muncie, Ind., Aug. 30.—Gas City, the second largest city in Grant County, voted to continue the licensed saloons in an option election just held.

DECLARES GERMANY IS VICTIM OF A WRONG EDUCATIONAL SYSTEM.

Oakland, Cal., Aug. 30.—That Germany was the victim of a wrong system of education was the declaration made by John Mez, of Munich, Germany, at the closing session here Friday night of the National Education association. "Internationalism" was the subject of his address. He said in part:

"Those in my country, who made war meant it for the world's gain. They did not mean to destroy. They are the victims of a wrong system of education. They have been taught nothing beyond an irrational conception of militarism."

"Every one who lives in the United States and loves civilization and humanity should be grateful to the man who has kept America out of the war."

HIG LUMBER PLANT AT BOYNE CITY BURNED.

Boyne City, Aug. 30.—Fire, which started from an unknown cause, destroyed the big flooring plant and planing mill of the W. H. White company at Boyne City Friday night. Besides the flooring plant, the big storage shed is a mass of ruins together with many thousand feet of flooring which was ready for shipment.

A conservative estimate places the loss at \$300,000. As near as can be learned this morning there is about \$175,000 insurance on the destroyed plant.

SCORES INJURED IN COLLISION

Chicago, Aug. 30.—More than a score of persons were injured and about two hundred were severely shaken tonight when a train on the Metropolitan elevated railroad ran into the rear of an Aurora, Elgin & Chicago railroad train which was standing at a station at Oak Park, a suburb. The rear car of the standing train was partly telescoped.

- Paulson, Joseph.

CHINESE NEGOTIATE FOR HUNDRED SUBMARINES AT COST OF \$75,000,000.

New York, Aug. 30.—Financial circles were interested in a rumor that the Chinese commission of naval experts recently sent to this country were negotiating for the purchase of one hundred submarines at a total cost of \$75,000,000. While the representative of one New England submarine company admitted that some of the Chinese had inspected his plant, he denied that any contract had as yet been signed.

SIX CHAINS AROUND SUNKEN SUBMARINE; RAISED 800Y.

Washington, Aug. 30.—Rear Admiral Bousch reported from Honolulu today that two pontoons, specially constructed, brought across the Pacific from San Francisco, to raise submarine F-17 which sank several months ago, have been placed over the submarine and six chains have been passed around the wreck. It is expected that the hull will be brought to the surface without further delay.

BRACKMAN WAS CURED.

F. A. Wootsey, Jacksonville, Texas, writes: "I was down with kidney trouble and rheumatism; had a backache all the time and was tired of living. I took Foley Kidney Pills and was thoroughly cured." Thousands have written similar letters. Foley Kidney Pills are the best and are recommended by the world's leading physicians.

Mack Keeping Tab on Game.

Slowly and laboriously, but without cheaply, Connie Mack is building a chassis for a new machine. His material is costing him nothing, and all the elongated leader is out in the time he puts in training in the way it would shoot.

By this same simple method, Mack built up the most famous machine in two decades—the late lamented Athletics—only to see it cough, splutter, and finally go headlong into the ditch in October, 1914. Mack, it will be remembered, paid practically nothing for Collins, McNair, Barry and Baker, the four members of the famed "100,000 infield." One cog netted him \$50,000, which was practically so much clear profit, and but for the defalcation of J. Franklin Baker, the Athletics' stockholders probably would have stuck another \$50,000 in their pockets.

So these hot summer days find the famous leader in exactly the same position he was in the days of 1908 and 1909, when the Tigers were on the topmost pinnacle of fame—laboriously building and planning for the future.

There has been a constant flow of college and semi-pro boys through Shibe park this season. No school has been barred from sending its proteges to Mr. Mack's institution of

learning. Return tickets are always supplied, and most of them used. Connie always gives them a fair show, too. A good example of this was seen recently when the New Yorkers were playing the Mackmen a double-header.

Mack started a young collegian named Haas on the mound. The Yanks drew 15 hits and 16 bases on balls off the youngster and walloped the Philadelphia, 15 to 7. Yet Mack didn't take the kid out—he let him stick and take his medicine. The kid, though, used his return ticket to Worcester academy that night.

That same day, however, Mack drew what looks to be a diamond in the rough. He is a young collegian named Crowell from Brown. Pitching his first professional game, he let the Yanks down with three hits, but lost by the tough-luck score of 3-2, when his mates kicked the game away.

There is probably another reason why Mack is laboring so diligently to build up a new machine—he wants to give some of his knockers the big gutfaw—those who knocked him following the series with the Braves. The roar of the multitude still is sweet to the tall leader, too, and it doesn't seem right to him that he should be completely out in the cold as far as praise is concerned.

BEST BAD BASEBALL PLAYER

Outfielder Gus Williams Holds His Job Through Inability to Capture Files in Outer Garden.

Gus Williams, formerly of the St. Louis Americans and who has just been released to the Toronto club of the International league, is the best bad ball player in baseball; likewise he's a game guy. Anybody who would take the chances of getting maimed for life by liners that he faces every day deserves a Carnegie medal. No

Gus Williams.

other player in the history of the game ever capitalized his inability to catch fly balls into an asset that earned him a major league salary.

Williams' miff of Hartzell's liner in a game with the Yanks was a classic. Gus didn't move. He turned his eyes heavenward and held out his hands, like a blind man asking for alms.

The pill rammed Gus amidships and bounded away with the resilience of a tennis ball hurled against a concrete statue. Awakening with a start, Gus pursued the elusive sphere and shot it to second, but Hartzell beat the throw.

Stallings is optimistic. Stallings hasn't weakened. He says the Braves will cop.

NOTES of the DIAMOND

Rollie Zeider seems to have taken a second lease on life.

Boone of the Yankees has fallen off in his batting to an alarming degree.

While batting only .237, Bancroft of the Phillies still is playing a brilliant short field.

Most of Mordecai Brown's defeats this year with the Whales have been through errors.

"Bobby" Jones, third baseman of the San Francisco club, has been sold to the Detroit Americans.

In the American league just as soon as a team develops a winning streak Walter Johnson comes along.

Some day a ball club will score a run against Grover Alexander and he'll be taken out of the box.

Herzog has laid down a strict rule that none of his players are to take a glass of beer during the season.

The pirates have a clever young catcher named Murphy to help out Gibson and Schang behind the bat.

Mathewson, under a tropical sun, can pitch as well as ever. He'll win many a game before the race ends in October.

Eddie Collins is playing a wonderful game and furnishing more than his share of the aggressiveness for the White Sox.

Since Cobb started swinging three bats instead of two, nine out of ten of those 198 hitters to the plate with three war clubs.

Brenahan figures that the Cubs will win the pennant because they will play nearly all of their games at home after Labor day.

Tom Seaton is far from being the terror of last season. His main fault seems to be in fighting the umpires and then losing absolute control.

...of which
...I beg to refer to an official document filed by the German embassy with the state department on June 13, 1915, from which you will note that so far from our then contemplated purchases of war materials having been secretly conducted, our intention were fully explained to the state department, accompanied by the offer to resell to the United States government 'any' or all of the materials purchased.

Y., Aug. 30.—Dr. Hein... private secretary of the... empire, gave out the following statement in reply to the attacks on the German propaganda published in the New York World:

"In view of the wide publicity that has been given the documents and memoranda that were stolen from me, and the wholly false and unwarranted deductions that are sought to be drawn from them, as evidenced by news comments and editorials, I have concluded in justice to the public and to the cause I represent, as well as to myself to present a brief summary of the facts.

"It is inevitable that all sorts of wild and irresponsible offers, proposals and suggestions should be addressed from every conceivable quarter to one holding the official position in which I am placed as an accredited agent of one of the great nations engaged in this unfortunate world-wide war. That is the character of most of the 'documents' that were contained in the portfolio that was abstracted from me.

"The published letter from a Mr. McLane to the effect that Mr. McLane 'has a plan for precipitating a strike of auto workers' and that a 'strike could be brought about in the munitions factories of Detroit, Cleveland and Cincinnati for about \$50,000' is a fair illustration of the worthless sort of junk on which the representatives of my country are charged with conspiring against the industrial peace of this community and are sought to be held up to public reprobation.

"Letters and documents of this sort from strangers with whom we have had no dealings or communications, and whose very identity is unknown to us, are paraded under blinding headlines, as though they constituted evidence of actual transactions with us, or were matters of which we were cognizant or for which we are responsible. It is anywhere suggested that the slightest attention was ever paid to that or any other letter of like import or that \$50,000 or 50 cents was ever paid or agreed to be paid upon any such enterprise?

"Yet it is upon that sort of 'evidence' and that alone, that we find one of our leading metropolitan papers editorially indulging in the unseemingly false and reckless charge against the government of buying strikes and industrial turmoil, inciting sedition against the government and organizing treason. It seems that every crank who chooses to write a letter containing any sort of wild or disreputable proposal has the power to make his ridiculous proposals, the basis of charging me with disloyalty to the country whose protection and hospitality I enjoy and deeply appreciate, and which I have in no way abused or infringed.

"I have however, lived here long enough to have learned that although your people are at times disposed to jump to hasty conclusions on insufficient evidence, there is too much of the spirit of fair play among them to permit of your forming your final judgments on such manifestly false and slender premises, when your attention is called to the facts. It is because of that conviction that I take the liberty of pointing out the flimsy and unreliable character of the publications and of the implied accusations on which they are based.

"It is said that the documents indicate that the German government has been engaged in the purchase of munition factories and war materials, while at the same time it or its ally has been insisting upon the supporting a propaganda in favor of an embargo by this country against the export of arms and ammunition. This is charged to be an inconsistent attitude and as evidence of bad faith. I insist that is capable of no such construction and that the two positions are entirely consistent, although in point of fact there has been as yet no purchase made, contracted for or arranged by any munition or other factory, and none is in contemplation.

While Germany and Austria-Hungary had hoped that there would be such an embargo and have been expecting that the action of Great Britain in seizing control of the seas against neutral countries and in destroying neutral commerce in violation of international law would result in prompt reprisals of that character, we have still considered it our right and duty, while Great Britain endeavored to protect ourselves against this course of international brigandage by stopping the exportation of war material to the allies wherever it can be accomplished, whether by our purchase of factories or war materials, even though we are not in a position at this time to make further use of them in our own defense.

"I am unable to understand on what theory our action in that direction should be the subject of criticism. If we had the means and the opportunity we would buy every munition factory in the United States, if in that way we could keep munitions from the enemy. We should, however, still earnestly urge and insist that it is unjust to require us to protect ourselves in that way, if it were possible to do so, which it is not. If there is anything

MARQUARD MAY GOT O DODGERS

New York, Aug. 30.—There is a bare possibility that Rube Marquard, recently canned by the management of the Giants, may wear a Dodger uniform before many days. The once great southpaw is anxious to join Robinson's team and Ebbetts would welcome him.

Marquard has been in conference with Messrs. Ebbetts and Robinson is willing to sign a contract mutually satisfactory to himself and the Brooklyn management provided the New York club will release him from his obligations to go to Toronto, or the International league.

President Ebbetts of the Dodgers who waived on Marquard a few days ago is now willing to pay the waiver price of \$1,500 to New York, but is not willing to assume the contract the pitcher holds with New York. Marquard has agreed to accept a much lower salary in Brooklyn in order to save himself the ignominy of a trip to the brush.

"The matter rests with the New York and Toronto clubs," said Ebbetts today. "I have not tampered with Marquard in any way. I told him that if he could arrange his affairs satisfactorily with the Giants I would be willing to pay the waiver price for his services, but would not assume the contract he holds with New York. I have not heard how the New York club regards Marquard's proposition to play with us."

Manager John J. McGraw, however, does not favorably regard Marquard's fight to escape a return to the minors. He so expressed himself today.

"Marquard's case is a point of discipline," McGraw declared. "I am tired of having high-salaried stars loaf on me only to work their heads off for other managers as soon as they have been transferred to other teams. Jack Murray and Fred Snodgrass are examples. I do not propose to have the New York club drive easy bargains for our disgruntled men."

RUSSIA IS RAISING TWO MILLION MEN.

London, Aug. 30.—General Plivanoff, Russian minister of war, announces that Russia is raising another two million men and that the fate of the campaign will not be decided before some time next year, according to the Petrograd correspondent of the Times.

RESOLUTIONS OF THE CITY COUNCIL.

RESOLVED, By the Common Council of the City of Escanaba, that it is hereby proposed to amend Section Three (3) of Chapter Twenty-Six (26), of Act No. 215 of the Public Acts of 1895, being "An Act to Provide for the Incorporation of Cities of the Fourth Class," and being Chapter Section 3249 of the Compiled Laws of 1897, to comply with subdivision (b) of Section Four of Act No. 279 of the Public Acts of 1909, entitled "An Act to Provide for the Incorporation of Cities and for changing their boundaries," as amended by Act No. 203 of the Public Acts of 1911, entitled "An Act to amend the title and sections two, four, five, eighteen, nineteen, twenty, twenty-one, twenty-five and twenty-eight of an act entitled 'An act to provide for the incorporation of cities and for changing their boundaries,' approved June second, nineteen hundred nine, being act number two hundred seventy-nine of the public acts of nineteen hundred nine, and to add a new section thereto," as amended by Act number five of the Public Acts of 1913, entitled "An act to amend the title and sections four, eighteen, twenty-one, twenty-two, twenty-three, twenty-four, twenty-five, twenty-seven and thirty-five of act number two hundred seventy-nine of the Public Acts of nineteen hundred nine, entitled 'An act to provide for the incorporation of cities and for changing their boundaries,' as amended by act number two hundred three of the Public Acts of 1913, and to add a new section thereto," to read as follows:

MAYBE you're one of these reformed grinders yourself and know how they like to meet and talk about the little chew that satisfies. When you meet a non-member puddling a big wad in his cheek don't you feel like stopping him and giving him the facts about the Real Tobacco Chew?

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

ASK YOUR DEALER FOR W-B CUT CHEWING TOBACCO. IT IS THE NEW REAL TOBACCO CHEW—CUT LONG SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength the chew suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it's The Real Tobacco Chew. That's why it costs less in the end.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

(Notice how the salt brings out the rich tobacco taste.)

WEYMAN-BRUTON COMPANY, 50 Union Square, New York City

(3249) Sec. 3. It shall be lawful for any such City, for the purpose of acquiring, operating, constructing or purchasing a water-works system for said City, to borrow money on the credit of the City in a sum not to exceed two per centum of the assessed value of all the real and personal property of the city as shown by the lost assessment roll, and the City may also, for the purpose of acquiring, operating, constructing or purchasing such water-works system, issue mortgage bonds therefor, beyond the general limit of bonded indebtedness prescribed by law; PROVIDED, That such mortgage bonds issued beyond the general limits of bonded indebtedness prescribed by law, shall not impose any liability upon such City, but shall be secured only upon the property and revenues of such water-works system, including a franchise, stating the terms upon which, in case of foreclosure, the purchaser may operate the same, which franchise in no case shall extend for a longer period than twenty years from the date of the sale of such water-works system, and franchise or foreclosure. Seventy-five per cent of the net earnings of such water-works system shall be kept and set aside and for a sinking fund, for the payment of the mortgage bonds at maturity and the interest thereon. The Council shall have the power to fix the time and place of the payment of the principal and interest of the debt contracted under the provisions of this section, and to issue the bonds as herein provided, but the rate of interest shall not exceed six per centum per annum; PROVIDED, That the total amount expended for acquiring, operating, constructing or purchasing such water-works system shall not exceed the estimate of expense provided for in section four of this chapter.

IT IS FURTHER RESOLVED By said Common Council, That it is hereby proposed to amend section four of said chapter, being compilers section 3250 of the Compiled Laws of 1897, so that the same shall read as follows:

(3250) Sec. 4. Before any money shall be borrowed, appropriated, raised or expended for the purchase, construction or extension of water-works in the City of Escanaba, the Council shall make an estimate of the expenses thereof, and the question of raising the amount required for such purpose will be submitted to the electors of the City at its next annual election, or at a special election called for that purpose by the Council, as provided in this act, and shall be determined as three-fifths of the electors voting at such election by ballot shall decide; PROVIDED, however, that after water-works have been purchased or constructed by said City, the Council may then raise and expend in making repairs or alterations, or in extending such works, such sum as they may see fit, without submitting the question to the electors of the City, but the sum to be raised for such purpose shall be included in and shall not increase the total amount which, by the provisions of section five, chapter thirty of this act, section five, chapter thirty of this act, the council is authorized to raise.

41-231-238-245-252

TO THE OWNER OR OWNERS OF ANY AND ALL INTERESTS, IN, OR LIENS UPON THE LAND HEREIN DESCRIBED:

TAKE NOTICE, That sale has been lawfully made of the following described land for unpaid taxes thereon, and that the undersigned has title thereto under tax deed or deeds issued therefor, and that you are entitled to a reconveyance thereof, at any time within six months after return of service of this notice, upon payment to the undersigned or to the register in chancery of the county in which the lands lie of all sums paid upon such purchase, together with one hundred per centum additional thereto, and the fees of the sheriff for the service or cost of publication of this notice, to be computed as upon personal service of a declaration as commencement of suit, and the further sum of five dollars for each description without other additional cost or charges. If payment as aforesaid is not made, the undersigned will institute proceedings for possession of the land. (This notice is in accordance with Act No. 270—Public Acts of 1909.)

To Irving M. Ballard or his heirs, executor, administrator or assigns.

"...ing" was the...
 several telegrams to con...
 the Churchill that the president...
 really their prospective tenant. It...
 is reported that even then Churchill...
 did not care to lease his scenic estate...
 but that Mrs. Churchill insisted, and...
 finally won the day—or rather night—...
 for the Churchills set up all one...
 night during the exchange of tele...
 grams with the real estate dealer, de...
 bating whether they would become...
 landlord to the president.

"Wanted—A skunk exterminator...
 guaranteed. Apply Woodrow Wilson."
 This might have been a newspaper...
 advertisement for President Wilson...
 because Harlakenden House recently...
 actually was "suffering" in the throes...
 of a skunk epidemic. The odorifer...
 ous ones were thick about the "Sum...
 mer Capital."

Having a president as a real and im...
 portant factor in the good roads move...
 ment is being experienced by the lo...
 cal authorities. Good roads have mul...
 tiple stucco President Wilson chose...
 this section for his summer home...
 Thousands of dollars have been spent...
 and are being spent on new roads, the...
 era of road building being coincident...
 with the president's arrival here. It...
 was known what an ardent motorist...
 he is.

For a Sprained Ankle

 lain's Liniment and observe the direc...
 tion given therewith faithfully, you...
 will recover in much less time than is...
 usually required. Obtainable every...
 where.

At this time Mr. and Mrs. Churchill...
 were visiting in California and Har...
 lakenden House was closed. The real

ARRANGED HERE

The Oregon City Woolen Mills ex...
 hibit, arranged yesterday in the win...
 dows of the Fair store, is attracting...
 wide attention and the array of woo...
 len garments shown is the subject of...
 considerable comment. The display is...
 in charge of W. H. Selkirk, traveling...
 representative of the firm, who will...
 remain here probably through Thurs...
 day.

The company is one of the largest...
 concerns making exclusively woolen...
 products in the United States. Its fa...
 cilities enable the company to pro...
 duce practically every thing in the...
 woolen line from the finest fabrics...
 that are used in men's clothes to the...
 wide variety of goods, such as are no...
 w displayed at the local store. The ex...
 hibit is the replica of that made by...
 the company at the Panama and San...
 Diego expositions and includes auto...
 mobile robes and garments in wide...
 variety, Navajo aircraft blankets and...
 novelties. The Navajo designs are...
 strikingly distinctive and vivid in co...
 loring and embrace in the showing...
 such useful articles as motor robes...
 and sport coats and hats, caps and...
 gaiters, lam-o-shanters to match, bath...
 robes, steamer rugs and robes, bed...
 blankets, papoose blankets and em...
 broidered blankets.

Since 1904 the company has won 14...
 grand prizes for the excellence of its...
 exhibits at expositions. Orders are...
 being taken for these goods and a...
 selection can be made and the order...
 given to Mr. Selkirk at the Fair store...
 and will be filled in due time.

SUFFRAGETTE LEADER COMES TO CITY

Mrs. Wilber Brotherton of Detroit...
 auditor of the Michigan Equal Suffrage...
 Association, has written here to an...
 nounce an address at the City Hall...
 on the night of Sept. 11.

Not only will Mrs. Brotherton ad...
 dress meetings in Escanaba but in the...
 other counties in the upper peninsula...
 in the Eleventh Congressional dist...
 rict.

Women here who are interested in...
 the equal suffrage question as well as...
 the men, will be attracted to this...
 meeting next week.

PRESIDENT WILL REMAIN IN WASHINGTON UNTIL SITUATION IS CLEARED UP

Washington, Aug. 30.—President...
 Wilson decided definitely today to re...
 main in Washington until the situa...
 tion between the United States and...
 Germany has been cleared up.

Officials have been urging him to...
 go to Cornish N. H. for a rest, but he...
 has announced that he will stay here...
 pending the receipt of further word...
 from Berlin.

The president, it was said author...
 itatively, has been led by the state...
 ment of Count von Bernstorff, the...
 German ambassador, to Secretary...
 Lansing, and by reports received...
 from American Ambassador Gerard...
 at Berlin to hope for a solution for...
 the submarine controversy with Ger...
 many would be found.

He is waiting, however, for the im...
 perial government's formal disavowal...
 of the attack on the Arabic and as...
 surances that the lives of Americans...
 traveling on unarmed merchantmen...
 would not be endangered again.

Count Von Bernstorff left today for...
 the summer embassy on Long Island...
 He probably will not return to the...
 capital until the note from Berlin...
 arrives.

U. S. PLANS MANUFACTURE OF ITS OWN CHEMICALS

Washington, Aug. 30.—Investigation...
 of the American chemical industry...
 with a view to promoting the produc...
 tion in the United States of vast quan...
 tities of chemicals now imported, is...
 announced by Dr. S. E. Pratt, chief...
 of the bureau of foreign and domestic...
 commerce. The inquiry will be made...
 by Dr. Thomas H. Norton, a bureau...
 expert, who says the United States...
 has available raw material out of...
 which can be produced probably 75...
 per cent of the \$9,000,000 worth of...
 chemicals now imported.

An investigation already has been...
 made by the dyestuffs situation with...
 excellent results. The general inquiry...
 now ordered will cover 100 articles...
 Data will be collected on the extent...
 of demand and consumption in the...
 United States and net export trade...
 the supply of raw materials, processes...
 and cost of production and the ability...
 of American manufacturers to meet...
 foreign competition when trade con...
 ditions become normal.

CHIEF MEYERS WILL RANCH IT RATHER THAN GO TO MINORS

The rumor to the effect that wate...
 rs had been asked on Chief Meyers...
 of the New York Giants appears to be...
 unfounded. One of the club owners...
 says his office has received no such...
 request. The chief says that if he...
 should be transferred he will not go...
 to the minor leagues. Rather than...
 do that he will return to his home in...
 Riverdale, Cal., and spend the rest...
 of his days on a ranch. The chief has...
 saved his money and is pretty well...
 fixed. He should worry.

Miss Katherine Clark has returned...
 to her home at Memphis, Tenn., fol...
 lowing a two weeks visit with Miss...
 Hensell.

Miss Catherine Van Patton, who has...
 been visiting in Escanaba with...
 Mr. and Mrs. F. W. Hunt, left for...
 her home at Menominee yesterday m...
 orning.

Miss Della Pommerehne has returned...
 to Grand Bay where she will con...
 tinue her vacation for some time.

TO MAKE CONCESSIONS

(Special to The Press.)

New York, Aug. 30.—The interna...
 tional News Service Cable is to pre...
 sent from a high and authoritative...
 source the exact concessions on sub...
 marine warfare offered to Secretary...
 Lansing by Ambassador Bernstorff...
 Official confirmation of these concess...
 ions is expected by Ambassador Bern...
 storff within the next 48 hours and...
 possibly within 24 hours. Germany...
 admitted, in diplomatic terms that...
 in her submarine warfare she had grie...
 vously wronged America. She promised...
 without qualification that life of no...
 American citizen should in future be...
 endangered by a submarine.

Whatever form of diplomatic repre...
 sentation may have been, Germany...
 did, without reservation, assume the...
 full responsibility for the loss of Am...
 erican lives aboard the Lusitania. Her...
 offer of reparation was so unqualified...
 that the only method of determining...
 the damage remains to be ascertained...
 She doesn't disavow the destruction...
 of the Lusitania but says the fact that...
 the Lusitania carried munitions and...
 contraband doesn't justify Germany...
 taking American lives.

Neglect Opportunity.

The maple trees of the nation pro...
 duce 47,000,000 pounds of maple sug...
 ar annually—about half a pound for...
 each person. And the demand for the...
 product, it is estimated, is ten times...
 greater than the supply. Despite this...
 fact, statistics show that less than...
 half of the trees available for the...
 purpose are utilized. This means that...
 a good many farmers throughout the...
 country are neglecting to take advan...
 tage of an important source of income.

TRIP WAS ENJOYABLE

(Continued From Page One.)

ing Co. has established within the...
 past few years and named after its...
 president, William Gwinn Mather. Laid...
 out by a Boston landscape artist, pos...
 sessing a fine hospital and beautiful...
 club house with swimming pool and...
 all the modern accessories, Gwinn is...
 already one of the show places of...
 the upper peninsula.

Arriving at this beauty spot late...
 in the afternoon of Tuesday, August...
 24, Senator Stephenson's party was...
 conveyed by boat and automobile to...
 the fork of the east branch with the...
 main river about two miles distant...
 It was on the shore opposite this...
 site that Senator Stephenson had one...
 of his logging camps in 1852, a stop...
 ping place for the Green Bay to Mar...
 quette toboggan mail service in the...
 winters of that early time.

Sterling Miller, Fred ("Ben. Villa")...
 Hutchinson and others brought in a...
 catch of trout that filled a dishpan...
 to start things right and the little...
 city of nine tents remained there two...
 nights while the main river was...
 ed down from Cataract.

Thursday morning camp was brok...
 en and the flotilla of seven flat boats...
 moved fifteen miles down the river...
 past Hedgehog Landing, a camping...
 ground of former years, to Sawmill...
 Creek. About this time the early...
 mornings revealed a quarter of an...
 inch of ice in the water falls but...
 the days were warm and fair. Sawmill...
 Creek and the west branch were...
 fished during the two nights stay at...
 this camping ground. The final leg...
 of the fifty-mile river trip brought...
 the party Saturday evening to the...
 brink of Boney's Falls. Next morning...
 four touring cars conveyed such of...
 the guests as did not care to go...
 over the falls in boats to Cornell...
 where the special train was waiting.

Senator Stephenson's guests and...
 the roster of the camp included the...
 following: Ex-Governor George W...
 Peck, Fred Vogel Jr., president of...
 the First National bank; Attorney W...
 D. Van Dyke and H. A. J. Upham, Grant...
 T. Stephenson and son, Tom, all of...
 Milwaukee; Norman L. James and...
 Ray Pierce of Richland Center; Ed...
 ward J. Young of Madison; Albert...
 Melhardt, of Burlington, Wis.; John...
 A. Cook; Charles L. Lauenstein, W...
 E. Stephenson, A. S. Miller, Master Isaac...
 W. Stephenson, Master Ralph Caines...
 Fred W. Hutchinson, Joseph Kitch...
 ings, Fred Corey, Dan O'Hara, Victor...
 Laumierian and Joe Clark, all of...
 Marquette; E. H. Van Clave of Escan...
 aba; Max Carr, Joe Pappert, John...
 Hally, Raymond Way, Joe Moller, ...
 of Escanaba and Eugene ...

Result of Small Savings

The following table shows what may be accomplished by regularly depositing a portion of your income at 4 per cent interest, compounded semi-annually, in the Savings Department of this bank:

Monthly Deposit	In 3 years amounts to	In 5 years amounts to
\$ 4.00	\$150.79	\$259.06
5.00	187.47	333.81
6.00	226.30	438.83
8.00	301.00	518.15
10.00	378.99	647.70

SMALL AS WELL AS LARGE ACCOUNTS INVITED

TABLET WAS UNVEILED

(Continued From Page One.)

lasting, if tardy, tribute. Mr. Wood...
 a member of both the Mackinac Island...
 State Park commission and the Michi...
 gan Historical commission, presided...
 Saturday as chairman. Colonel Pres...
 ton gave the address of welcome. On...
 the platform with them was a notable...
 assemblage. Mrs. Ferris accompanied...
 the governor. Seating near her were...
 Justice of the United States Supreme...
 Court Wm. B. Day, Judge Brown of...
 Chicago, United States Senator Atlas...
 Pomerene of Ohio, Mgr. Frank O'Brien...
 of Kalamazoo, a member of the state...
 historical commission; Hon. Edwin...
 Henderson of Detroit, speaker of...
 the day; A. R. Canfield of...
 Clare secretary of the Democratic...
 state committee, and others. Two...
 four-year-old boys, the sons, respec...
 tively, of Judge Wm. F. Connolly of...
 Detroit and the secretary of the park...
 commission, unveiled the tablet under...
 direction of Frank A. Kenyon, park...
 superintendent.

Governor Ferris was given an en...
 thusiastic reception when he appear...
 ed on the platform with Mrs. Ferris...
 and again when he delivered his ad...
 dress accepting the tablet in behalf...
 of the state. The governor disgressed...
 at times from his prepared manu...
 script, a paper relating to the work...
 of Cass, to contrast the conditions...
 here and abroad and to extol the po...
 licies of President Wilson. He plead...
 ed eloquently for support for the na...
 tion's executive and spoke earnestly...
 of the blessings of peace. The gover...
 nor's patriotic sentiments found re...
 flection in his harangue, and the ap...
 plause was continuous, culminating...
 finally in a stirring ovation. Mr...
 Henderson, speaking at length, gave...
 a masterly prepared and intensely...
 interesting address dealing with the...
 career of General Cass and drawing...
 from the life of the man examples in...
 loyalty which, he declared, should be...
 emulated by every true American...
 Born in Ohio in 1812 and passing in...
 1886, Mr. Henderson said, General...
 Cass succeeded General Wm. Hull, the...
 first executive, as governor of the...
 territory of Michigan in 1813, serving...
 in that office for a score of years. In...
 1845 he was appointed regent of the...
 university, and 1857 secretary of state...
 at Washington. General Cass served...
 in the United States senate from...
 1849 until he entered the cabinet...
 eight years afterward. For a time he...
 was minister to France. Mr. Hender...
 son extolled the general's great labor...
 in preserving to the nation the Em...
 pire of the Northwest in the early...
 days of the Nineteenth century and...
 in that connection he detailed his...
 strenuous journey of 4,000 miles...
 through the trackless wilderness of...
 what is now, among others, the state...
 of Michigan, Minnesota, Wisconsin...
 and Iowa, a journey that took Cass...
 and his little band along the southern...
 shore of Lake Superior, past the site...
 of the future city of Marquette. Cass...
 last public appearance was at Bill...
 dale, Mich., in the days of the Civil...
 war, which he delivered a fervid ad...
 dress appropriate to the time.

Called upon by Chairman Wood...
 Senator Pomerene justified his reputa...
 tion as one of the most gifted mem...
 bers of the upper branch of the na...
 tional legislature by giving an elo...
 quent extemporaneous address of pa...
 triotic tenor. There is no room here...
 for hyperbated Americans; the senator...
 declared, a statement that elicited...
 vociferous cheers. In a tribute to...
 Mr. Ferris, and to Mrs. Ferris, Mgr...
 O'Brien spoke of the work of the...
 State Historical commission, a work which...
 under the guidance of the governor...
 had now been put on a proper basis...
 A unique figure at the exercises was...
 the venerable Dr. Seth Reid, of Fillet...
 the oldest clergyman in the state. Dr...
 Reid is aged ninety-two. He was a...
 neighbor of Cass in Detroit, and with...
 witty remarks that provoked laugh...
 ter and applause he recounted inci...
 dents in the life of the general that...
 personally had come to his attention...
 A large measure of the success of the...
 exercises is accorded to Mr. Wood...
 not only by reason of his efforts which...
 made the tablet unveiling possible...
 but by reason of his happy oratory in...
 introducing the speakers. Mr. Wood...
 is eloquent, witty, intensely patriotic...
 He played a large part in arousing...
 the assemblage to a high pitch of enthu...
 siasm.

Many Upper Michigan men were in...
 attendance, among them M. C. Scully...
 of Marquette, John J. Cleary of Es...
 canaba, Thomas Dundas of Ishpeming...
 and John W. Shinn of the Soo. The...
 contributors to the tablet fund each...
 donated one dollar. The amount...
 realized was sufficient not only to...
 erect the enduring memorial to Cass...
 but to care for all proper expenses...
 The success of the movement is em...
 inently gratifying to its promoters.

SONS OF PEACE ARE PLAIN CLOTHES MEN TO ATTEND CONVENTION

Chicago, Aug. 30.—One hundred...
 "plain clothes" policemen have been...
 asked for by J. J. Tobias, chair...
 man of the local committee of the...
 "sons of peace" to preserve order at...
 the convention of the society which...
 will be opened here on Sunday after...
 noon. Five thousand delegates are...
 expected to be present. Five trainloads...
 are coming from the eastern states...
 It is planned to present to the con...
 vention petitions signed by half a...
 million persons calling for an embargo...
 on the export of ammunition.
