Produced by Premo Feature Film Corp.

America's best known actor in a Five Part Drama which provides him an unusual number of opportunities for the display of his versatile genius—alternating comedy with thrills.

Matinee 2:30; Evening 7:15-8:30

ADMISSION 10 CENTS

AMERICANS TO AID ARMENIANS

New York, Sept. 30.—Americans are planning immediate steps to alleviate the suffering of Armenians in Turkey, following reports that 350,000 have been massacred and the remaining 600,000 driven from their homes by the Turks.

Dr. James D. Barton, secretary of the American board of foreign missions, has gone to Washington, where he is investigating a report by American Ambassador Morgenthau on the Armenian atrocities.

It is understood that Morgenthau has strongly recommended a plan whereby the 600,000 survivors may be brought to America. At the offices of the board here, it was stated that through the efforts of Ambassador Morgenthau none of the American missionaries in Turkey have been injured. They are made as uncomfortable as possible by the Turks, however, and many of them are leaving the country.

TALKED TOO MUCH NOW LOSES POST

Washington, Sept. 30.—Thomas St. John Gaffney, American consul general at Munich, Germany, has been asked to resign his post because of partisan utterances of the European war. The consul general is understood to have made statements reflecting on the president's policy in the European war. Once before he was the subject of controversy over expressions concerning the war and as a consequence was transferred from one post.

MRS. MOHR INDICTED BY JURY AS ACCESSORY IN MURDER

Providence, R. I., Sept. 30.—The grand jury today indicted Mrs. Elizabeth F. Morr as an accessory before the fact, in connection with the killing of her husband. The three negroes implicated were indicted charged with murder.

People You Know; Things You Don't

Harry Hall, of Trombley, was in the city Thursday.

Mrs. C. Dahl, of Bark River, was in the city Thursday shopping.

Don't fail to visit Burns' fine display of Millinery Saturday, Oct. 2. 2532-273-2t.

Miss Edith Barkell left Thursday morning for Menominee, where she will visit friends and relatives, during the next two weeks.

Prompt auto service is our specialty. Call us whenever you're too tired or have too far to walk. Phone 981 2508-267-7t.

Mrs. M. Higgins, of Chicago, who has been visiting friends in the city during the past few days, returned to her home Thursday.

Mr. and Mrs. P. L. Boudro, of this city, left for Menominee Thursday, where they will attend the Menominee County Fair.

Throw away your old lamps and reduce your monthly lighting bill. Use Hygrade Lamps and reduce your light bill half—You can tell the Hygrade by the Red Triangular Label with the word "Hygrade" Phone The Fair Savings Bank and have them send up a few on trial. 10, 15, 20, 25, 40 Watt lamp 22c. 274-1t.

Mrs. Joe Raemer, of Elton, Mich., was in the city visiting this week.

Mrs. Effie Buell, of this city, left for Green Bay Thursday morning to visit with relatives and friends for a few days.

USE SKITCH

You'll never know what easy washing means until you use Skitch.

Try it, just once, and you'll never rub clothes on the washboard again. Why should you when Skitch takes the dirt out without the pesky board and without hurting the finest fabric.

It sounds too good to be true, but it's a fact. Don't use your washboard next Monday, but mix three teaspoonsful of Skitch with your soap, according to directions, and boil the clothes 20 minutes. Then rinse in luke warm water, blue—and you're through!

If your grocer doesn't sell Skitch send his name to Miss Fichtenberg, Milwaukee, Wis., and a free sample will be sent you.

7 WASHINGS WITHOUT A WASHBOARD 10¢

Theatrical . . . Gossip

THE DELFT

One of the briskest, brightest plays produced in New York last season is Geo. M. Cohan's mystery farce, "Seven Keys to Baldpate," which is easily the best product that has come from the pen of this genius of the theater. It isn't essential to reveal much of the plot of this stage entertainment which local theatergoers will have presented to them at The Delft Theater Friday, Oct. 8. The first scene is the lobby of Baldpate Inn, a summer hotel closed for the winter. A terrible snowstorm is raging outside. Here comes William Hollowell Magee, a writer of popular novels who has made a wager that he can occupy all alone a room in the deserted hostelry which, incidentally, is on the top of a mountain, and in 24 hours turn out a 10,000 word story, and in the event of success win a \$5,000 wager from his friend, who is the owner of the Inn.

In turning over the key of the place to the story writer, the caretaker explains that it is the only one in existence, and thus assured the young man begins his literary task.

Almost at once he is disturbed by the arrival of a second key, and no sooner has he disposed of this intruder than a third and a fourth key appear in an appearance, until, as he expresses it, the hotel seems to have as many keys as a Steinway piano. But as each is in the hand of a particularly interesting person, who comes on a mysterious mission, even murder, it gives the novelist as well as the audience, all the excitement they could possibly ask for.

This is as much of the story of "Seven Keys to Baldpate" as it would be fair to reveal. Of course there is a unique solution to the problem and it has been worked out by the author, Geo. M. Cohan, in a highly dramatic and original manner, and it is sure to interest and thrill you as no play of recent years has succeeded in doing.

Marc Pepin left for Menominee Thursday to attend the Menominee County Fair.

Felix Roberts left for Menominee Thursday morning, where he will attend the Menominee County Fair.

Look into your lamp sockets and see how many lamps you need—Phone your order to the Fair Savings Bank for a few Hygrade Tungsten Lamps. 274-1t.

Miss Gertrude Jaeger, of Chicago, who has been visiting here with relatives during the past two months, returned to her home Thursday.

Miss C. DuBay of Negaunee, was in the city Thursday on her way to Chicago, where she will make her future home.

Mrs. Benjamin of Traverse City is the guest of her son at his home at 819 Ludington street.

Atty. T. E. Strom returned yesterday from a short visit in Menominee.

Joseph Kosinsky of Wilson was in the city yesterday.

See the country either on business or pleasure in one of our new comfortable Overland cars. Our rates are exceptionally reasonable. Phone 981. 2508-267-7t.

Mrs. Nicholas Britz of Lathrop, visited in the city yesterday.

Joseph Beauchamp was over from Nahma yesterday on business.

Atty. A. W. Wolfe was over from Gladstone yesterday.

Mr. and Mrs. U. I. Dupple and son of Schaffer, motored to the city yesterday.

The regular 27c, 10, 15, 20, 25 and 40 Watt Hygrade Lamps can be had at the Fair Savings Bank for 22c—5 lamps to a carton—each lamp in a corrugated cuff. Phone your order for some of them. 274-1t.

Miss Frances Defnet, daughter of Mr. and Mrs. F. J. Defnet, has left for Ann Arbor where she will enter the literary department of the University of Michigan.

Mrs. F. Lusardi, of Trombley, was in the city on a shopping trip Thursday.

Which shall I use? The only fully guaranteed Tungsten Lamp on the market or buy a lamp using more current and having a shorter life. 274-1t.

LOTTERY GAME IS NOW ENDED

San Francisco, Sept. 30.—The distinction of being the only large city in the United States where lotteries flourished in the open, was lost officially today to San Francisco. Orders were sent to lottery concerns by the board of police commissioners, notifying them they must stop work.

The lottery game here has been embodied in many books of fiction and was considered an unique feature of city life. Lottery agents thronged streets and office buildings, and some local papers printed the winning numbers and the names of prize winners which often included prominent business men.

Theoretically, 60 per cent of the lottery was paid out in prizes. A local paper has been conducting a campaign, claiming that the amount paid out was much less and the prize winners were not left to chance.

Miss Correta Hartho, of Wilson, is a guest at the home of Mr. and Mrs. H. T. Hansen.

Mrs. A. G. Hart and son, Neville Lyn, left for Green Bay Thursday morning where they will visit with friends and relatives for a few days.

The real cost of electric lighting is in the cost of electric current, for which you pay the lighting company at so much per thousand Watts. By using the "Hygrade" lamps you can effect a substantial saving in your light bill—By giving more and better light without increasing your light bill. 274-1t.

Mr. and Mrs. Geo. Hovers, left Thursday for Marinette, where they will visit with friends for a few days.

H. Kenton, of New York City, transacted business here Thursday.

G. E. Clarke, of Detroit, transacted business in the city Thursday.

Don't take any substitute—insist on "Hygrade" Lamps. They are the last word in Tungsten Lamps many improvements over other Lamps. If you forget the name, ask for the lamp with the red triangle trademark. The Fair Savings Bank—the agents for this Famous Lamp. 274-1t.

Mrs. M. O'Connell and daughter Miss Margaret, have returned home after spending the past week visiting relatives and friends in Minneapolis and Chicago.

RECEIVE BIDS ON NEW DEFENSE 'SUB'

Washington, D. C., Sept. 30.—A big forward strike in the new program of naval development was taken today, when estimates were received at the navy department for the construction of 16 coast defense submarines, the building of which was provided for by Congress in the naval appropriation act of March 3, 1915. The new vessels will be similar in size to the "L" type boats now in commission. They will have a surface cruising radius of between 5,000 and 6,000 miles and be equipped with new 5 inch disappearing guns recently developed by naval engineers.

SHE BEAR FIGHTS DOGS WHEN HER CUB IS KILLED

Chippewa Falls, Wis., Sept. 30.—William Poppo brought a large female bear and a cub to the city. He killed them yesterday ten miles north of the city in the heavy timber on Popple lake. His three hounds chased the cub up a tree, where he was shot. The mother then rushed from a nearby thicket. He wounded her and the dogs and the old bear engaged in a furious fight. She knocked off two of the dogs badly wounded before Mr. Poppo was able to dispatch her. He reports it as one of the best fights between the dogs and bears he ever witnessed. It lasted twenty minutes.

BRAKEMAN WAS CURED.

F. A. Wootsey, Jacksonville, Texas, writes: "I was down with kidney troubles and rheumatism; had a backache all the time and was tired of living. I took Foley Kidney Pills and was thoroughly cured." Thousands have written similar letters. Foley Kidney Pills are tonic in effect and act promptly. Sold everywhere.

EVERY MAN, WOMAN AND CHILD CAN AFFORD TO BUY A WATCH ON OUR JITNEY PLAN.

WARRELL AND LOHMILLER JEWELERS
-ESCANABA - MICHIGAN-

William Fox presents Marie Corelli's greatest play and novel WORMWOOD at the Delt Theater tonight

THREE NIGHTS A WEEK FOR BEAUX STENOGRAPHER HEADS MIDVALE CO.

Ypsilanti, Sept. 30.—Fourteen hundred and nineteen students have enrolled at the Michigan State Normal college.

This is \$1 in excess of last year at a corresponding time. More will enroll next week, and President McKenny estimates that this year's attendance will eclipse all previous records by over 100.

Social regulations for students are about the same as last year. Students are not permitted to room in houses not on the approved list, which is published each year shortly before the opening of college. The 10 o'clock rule will be enforced. Girls are required to be in their rooms by 10 o'clock, except when attending lectures or social functions approved by the institution. Engagements with men are limited to Friday and Sunday evenings, and terminate at 10 o'clock. Students leaving the city over night must have the permission of the dean of women. Student associations are maintaining a free employment bureau for students.

Philadelphia, Sept. 30.—The Midvale Steel Co., now controlled by a syndicate headed by W. E. Corey, first president of the United States Steel corporation was reorganized, with the election of Joseph Entwisle, a young stenographer, as president; W. P. Barba, former general manager, vice president, and Mr. Corey, Percy A. Rockefeller and S. M. Pryor, directors. Entwisle was elected president to facilitate the transfer of stock. Mr. Corey will be elected president at the next meeting.

Mr. Pryor, the new director, is vice president of the Remington Arms Co., and director in the Baldwin Locomotive works, the General Motors Co., and the Simmons Hardware Co., and is financially interested in corporations which have received war contracts aggregating millions.

"Mr. Pryor is a strong man and one we need in the directorate," said Mr. Jarba. "His other affiliations have nothing whatever to do with the reorganization."

The purchase of the Midvale plant by Corey and his associates is one of a series of moves in a financial war growing out of the desire of financiers to get control of the steel industry. It is readily to J. P. Morgan & Co., to obtain some of the profits from war contracts in which Charles M. Schwab, president of the Bethlehem company, has had a virtual monopoly.

GERMANS CAN'T GET HALF BILLION

London, Sept. 30.—The terms of the Anglo-French loan in the United States are considered generally satisfactory.

It is realized that the terms are rather high for British credit; the real test is the willingness to subscribe to a large foreign loan at all, and adds that "it is certain that Germany could not raise such a loan in the United States at any price."

The financial writer of The Morning Post thinks that investors in the United States have good reason to congratulate themselves on obtaining such an excellent bargain.

DATES FOR SERIES ARE DECIDED ON

Game No. 1.—Comiskey park, Wednesday, October 8. Game No. 2.—Cub park, Thursday, October 7. Game No. 3.—Comiskey park, Friday, October 8. Game No. 4.—Cub park, Saturday, October 9. Game No. 5.—Comiskey park, Sunday, October 10. Game No. 6.—Cub park, Monday, October 11. Game No. 7 (if necessary)—To be decided by tossing of a coin.

Chicago, Sept. 30.—The dates have been decided upon for the annual White Sox and Cubs. The first game will be played at the South Side park on October 6 and the teams will then alternate at the two grounds.

The names of the players eligible have been given out as follows: White Sox—J. Collins, E. Collins, Weaver, Johns, Blackburne, Fournier, Jackson, Felsch, Liebold, Murphy, Schalk, Mayer, Daly, Walsh, Russell, Scott, Cleotte, Benz, Faber, Wolfgang, Row land.

Cubs—Good, Fisher, Schulte, Zimmerman, Saler, Williams, McLarry, Archer, Bresnahan, Knisely, Murray, Phelan, Hargrave, Schultz, Vaughn, Standridge, Lavender, Zabel, Adams, Pierce, Humphries.

The Sox are the favorites in the betting because of the recent slump of the Cubs.

ORIGINAL BACKER OF BILLY SUNDAY OPPOSES HIM

Windom, Minn., Sept. 30.—Bishop Joseph Berry, Minnesota conference Methodist Episcopal church, one of the original backers of the Rev. Billy Sunday, criticized that evangelist severely at the state conference here.

"The Billy Sunday movement is a mania, sweeping over the land. It is burning over the ground. Nothing can be done for twenty years afterward. The Billy Sunday revival has too much to say about Sunday and not enough about Jesus Christ."

The Iron Review

Cleveland, O., Sept. 30.—The Iron Trade Review tomorrow will say: While many rumors of steel works consolidation disturb the stock market, the iron trade moves steadily along with increasing prosperity. To the heavy buying for export and by automobile manufacturers is now added the placing of orders much more freely by the railroads.

Renewed inquiry for pig iron for export is a feature of the market. Some iron is being shipped from Canada by Chicago and New Orleans to France. Eastern basic has touched a new figure at \$17.75, delivered, at which a Harrisburg company took 7,500 tons. Recent sales of the Martin Iron & Steel Co., Ironton, O., to two eastern buyers amounted to 19,000 tons. The General Electric Co., which has been in the market for 32,600 tons of various grades, has placed 5,000 tons with Buffalo makers and some additional tonnage elsewhere, but has not covered for the full amount required for. The appearance of some resale iron in the Cincinnati district at \$1.50, Birmingham, for No. 2, has had a tendency to weaken the southern market. The resale iron, amounting to from 75,000 to 100,000 tons in the Cincinnati territory, was purchased at from \$9.50 to \$10.00 per ton.

Owing to the scarcity of semi-finished material, some manufacturer of plates and sheets have been making sales of steel and a scarcity of the finished product seems probable. Already prices are advancing and one eastern company is asking \$1.45c, Pittsburgh, for delivery the remainder of this year.

The outlook is that some structural mills will make a new record for shipments this month. The number of large contracts pending is not, however, large. The very active demand for bars for export is unabated.

Orders for lathes for export now pending and likely to be closed at any time include from 3,000 to 4,000 machines, most of which will be delivered after Jan. 1, because manufacturers cannot give earlier delivery. There is, however, a order for 1,000 lathes which will probably be closed within a few days. French, English and Russian buyers are picking up all the machines they can find. There is an increasing demand from abroad for milling machines and radial drills.

The railroads are beginning to realize that the filled-up condition of the mills may mean long deferred shipments on railroad orders and the placing of business by the railroads is much more active. Car orders for the past week have amounted to between 5,000 and 6,000 and numerous inquiries are pending. The Pennsylvania railroad has distributed 120,000 tons of rails among a number of mills. The Burlington and Erie have been among the recent purchasers of rails and inquiries from the Reading, Hocking Valley, New Haven and other lines are pending.

DAILY LETTER

The coppers got their stride today, scoring sensational advances, as in the case of Inspiration, Utah Copper, Copper Range, etc. The advances were made in the face of realizing sales in the industrial and war stocks, indicating that it is beginning to be realized that the coppers are as much entitled to advance as some of these stocks that have trebled and quadrupled on value, such as Bethlehem Steel, Crucible Steel, etc. This is along the lines of our comments in these letters for the past two weeks. The market today further proved that there are few copper shares for sale and it would be nothing to see copper shares duplicate the action of some of the war stocks in the market. There is only one point to follow for the benefit of the "Safety First" idea, and that is, take the seasoned coppers, the ones that are earning money and paying dividends. The action of the market today leads us to the belief that the big sales of metal have been consummated and that we are to have an announcement soon of these sales in a very few hours.

Boston Markets

The Boston Copper and zinc stocks showed great strength this afternoon and advanced very fast. It was learned this afternoon that the Guggenheim interests today sold \$6,000,000 pounds of copper at 18 cents, making 22,000,000 pounds in the first four days of this week. The metal market continues firm, leading producers quoting 18 1/4 cents.

Good Values
 From Our
Grocery Section

Every good economical housekeeper is always on the lookout—seeking a source of supply that will guarantee her the lowest cost and all around good service and satisfaction.

We are constantly seeking a larger outlet if possible doubling our sales—our only reward for low cost net—price selling.

If you are not one of our large family—better join hands with us without further delay—it is the only logical step a good clear-headed housekeeper can take. What we are doing today—we are doing every day in the year—giving the very most money can buy of good quality guaranteed goods.

You may be told that our low prices on groceries do not represent the same quality of goods as that offered by many other dealers at higher prices—and yet we give you the most binding guarantee—that goods is exactly as represented—the best obtainable—always fresh and good.

We do not ask you for one dollar of grocery business to which we are not entitled on the basis of equal or better value.

MARQUETTE HIGHS DRILLING HARD

That the management of the Marquette high school football team is making plans to give the local high school players a heated reception when they meet the Lake Superior City aggregation on Saturday, is shown by the following from the Marquette Chronicle:

With Monday's tussle with Ishpeming a matter of history, Coach Cushman lined his squad of pigskin artists up on Longyear field this afternoon to begin what he declares will be the hardest week of practice that his proteges have ever went through, which will not only be the most important game to be played in Marquette this season, but will decide whether Marquette has a chance for the championship of the Upper Peninsula.

The Ishpeming game was easy, and while the Marquette men showed up well at straight football, a number of new trick plays must be perfected before Saturday if they expect to gain ground against the heavy Escanaba eleven. Against Ishpeming, the Red and White backfield showed remarkable ability at open-field running, and what few forward passes that were executed were completed in commendable style by Capt. Morrison and his ends. The defensive strength of the local team, however, is yet to be seen for in the Ishpeming game it was on the offensive practically the entire game.

Coach Cushman will put the boys through stiff signal practice and hard scrimmages every night this week and will hold evening "chalk talks" in the school to teach his men some of the new trick plays, among which are several lateral passes allowed under this year's rules. He will also give the men more tackling and blocking practice and will attempt to develop more speed in the team's heavy line.

The satisfactory manner in which Marquette ran away with Ishpeming has left the student body of the high school "up in the air" with excitement and has produced a spirit the like of which never existed in the school before. Girls as well as boys are supporting the team and hoping against hope that the Red and White will get ample revenge next Saturday for the defeat which it suffered in Escanaba last fall, the only loss of the season for Marquette.

SENDS REPORT ON DEATH OF TROOPER

(Special to The Press.)
 Washington, D. C. Sept. 30—The war department sent to the state department the report from Gen. Funston on the death of Trooper Johnson. The question of reparation is now in the hands of the state department. The war department, according to officials, is powerless to avenge the crime as American soldiers are without authority to cross the boundary.

FRENCH GAIN ADVANCE

(Continued From Page One)
 The great drive of the allies in the west is making important progress, especially in the Champagne district. Combined French and English forces are pushing their way towards Lens meeting with success in the taking of several so-called "impregnable" field fortifications. Throughout the Champagne district generally, the French have gained numerous footholds on the German second line of defense. Heavy reinforcements have arrived for the German forces, but notwithstanding, judging even from Berlin official reports, they are unable to stem the allies onward movement.

In an official statement today Berlin admits the capture by the French of Hill No. 191, north of Massiges. The French are also entrenched on Hill No. 140, east of Vimy, which commands an extensive network of railroads to the east, and the main line running from Lens southward, and which is the main command of French guns, the German movements in that district are seriously hampered. The railroad junction just north of Massiges appears to be another of the principal French objectives, and they have, it is believed, reached it by controlling Hill No. 191.

Paris also announces that the French have also captured important defensive works of the Germans south of Rupont, where the Germans were

pushed back more than a mile in one day's fighting.

Berlin reports that the allied attacks in the west extend over a front of less than 30 miles but both British and French statements contradict this.

In England, the general opinion is that the allied attack is only a beginning of a tremendous offensive movement. The landing of troops in the Balkans is taken as an indication that the allies intend to make the invasion that Serbia, which now official declares its army to number 600,000 men, is preparing with the aid of British and French infantry and artillery, to carry into Austria.

INDIVIDUAL EFFORT

YOU MEN WHO HAVE SONS; YOU HAVE AMBITIONS FOR THESE SONS.

WILL LAUNCH CAMPAIGN

(Continued From Page One)
 turns are thrown on the screen. I have sent for Michigan music and we are arranging a special musical program. Seats will be set aside for the Alum-I. After this program has been rendered, we will retire to either the K. P. Hall or the Delta Hotel where the smoker will be held and where we will be addressed by able speakers. We will receive a telegram during the

course of the evening announcing the results of the Michigan-Syracuse football game and giving us other matters of interest. While the smoker will of necessity permit of the men only, we are anxious to have all of the women alumni present at the theater. Later on we will arrange a banquet and we will plan then to have all of the alumni present. This banquet will be held on October 30th. I shall expect to hear from each member of the alumni stating whether he or she will be present at the Delta theater promptly at nine o'clock and how many persons will be in his or her party. To the

men I would suggest that they make provision for the escorting of the ladies after the performance at the theater so that all of the men can be present at the smoker. Let us all make a special effort to be present at this time and show our loyalty to one of the greatest Universities in this country.

Very truly yours,
 JOHN L. LOELL,
 Chairman.
