GEN. FUNSTON CONFIRMS REPORT THAT BODY OF U. S. SOLDIER WAS MUTILATED

Washington, Oct. 1.—The war department today sent to the state department a report from Gen. Funston on the death of Trooper Richard J. Johnson, of the Twelfth cavalry, who was tortured and mutilated by the Mexicans.

The question of reparation is now in the hands of the state department. The war department, according to officials, is powerless to act to avenge the crime, as American soldiers are without authority to cross the boundary.

Gen. Funston's report follows: "Fort Sam Houston, Tex., Sept. 29, 1915.—Following is the report of mutilation and murder of a United States soldier just received from Capt. Mission, Tex.:

"On suggestion of Deputy Sheriff J. S. Mayfield, I interviewed one Guadalupe Cuellar, held at Pharr under civil charges, who stated what occurred in the fight near El Progreso, Sept. 23 and 24, in substance as follows:

"Under the command of the Carranzista officers stationed at Las Pelados with his troop, recently arrived from Matmoras, a crossing was made during the night in their boats. The detachment of American soldiers at the crossing was shot up and overpowered, but presumably Johnson was made prisoner and taken across to the Mexican side, where he was without provocation shot five times.

"His ears and head were cut off and carried away as souvenirs, the remains thrown into the Rio Grande. The horses and arms captured from the American detachment were taken across and held in the curia of the Carranzista soldiers at Las Pelados, which is only a quarter of a mile from the crossing and scene of fight."

The Carranza agency in Washington made public a message from Gen. Nafarrete, in command at Matmoras, across the river from Brownsville, in which he said:

"I informed the Americans of my willingness to co-operate with them to prevent Texas rebels from seeking refuge in our territory, but American forces, instead of acting in conjunction with my troops, have fired at our detachments, killing and wounding many of our soldiers."

ESCANABAN MET DEATH

The body of John M. Fitzpatrick, a former Escanaba man and son of Mrs. Catherine Fitzpatrick, of 108 North Jennie street, who was killed in an accident at Oakland, Cal., on Saturday of last week, will be brought to Escanaba tonight. Mr. Fitzpatrick was a structural iron worker and it is supposed that he met death while following his hazardous occupation, although details of the accident will not be known by the members of his family here, until the funeral party reaches Escanaba tonight with the body. The body is being accompanied by Mrs. Fitzpatrick and two small children and they are scheduled to arrive in Chicago at 7:45 o'clock this morning. It is believed that sufficient time will be given the members of the party to transfer to the North Western station and catch the train which arrives here at 7:25 o'clock tonight.

Mr. Fitzpatrick was born in this city on July 31, 1873 and continuously made his home here until nine years ago when he left with his family for the west. For years he was employed by the Delta Hardware Company here and numbered his friends by the score. The announcement of his untimely death has come as a severe shock to all who knew him.

He is survived by his mother, two brothers and two sisters. George Fitzpatrick of this city, is one of the surviving brothers while the sisters are Miss Mary Fitzpatrick and Mrs. O. F. Chenail, both of Chicago and who this morning will meet Mrs. Fitzpatrick and accompany the body of their brother to Escanaba.

Definite arrangements for the funeral will not be made until after the body reaches the city tonight.

George Britz and family, of Lathrop, arrived in the city Friday morning and will make their future home here.

CHANGE DATE FOR MASONIC PARTY

Announcement was made yesterday by officers in charge of the series of Masonic dancing parties to be given during the fall and winter seasons, that the first party will be held on the evening of Oct. 12 instead of Oct. 7, as first planned. The change in the date for the opening party was made that a conflict might not occur with another attraction arranged in the city.

WAR HAMPERS NAHMA EVENT

The European war intervened last night to hamper a musical program and dance at Nahma.

Because of the strict rules established by the immigration officials, since the opening of the war at the international boundary, at Sault Ste. Marie, Ont., Frank Tolan was prevented from reaching Nahma last night. Mr. Tolan went to Sault Ste. Marie, Ont., a week ago to take a position in an orchestra there. He had previously participated in the booking of the Musical Tolans at Nahma for last night. He had made arrangements with his employers to fill the Nahma engagement but when he attempted to take the train yesterday afternoon he was turned back by immigration officials. The fact that it appeared in his passport that his mother was of German parentage, he became a suspect as a German spy and his arguments that he was a citizen of the United States and was entitled to pass, were in vain. He wired to his father in this city but the message did not reach here until Carl Tolan and members of an orchestra had left for Nahma by auto and expecting to meet Frank Tolan at Nahma Junction.

IS NATION INTEMPERATE?

Joel Shomaker, in Leslie's Weekly says:

The drink bill of the people of the United States approximates \$2,000,000,000 a year. That represents a large amount of money, especially when it is considered, by many people, as a useless waste. It causes unnecessary worry to zealous laborers in the vineyards of morality, and gives rise to the fallacy that the people of this nation are given to drunkenness. But we are living in a big country. Our population now exceeds 93,000,000. If we divided the money expended for liquors among people we would have only about 420 per capita, for an entire year. That would be only about six cents a day for each man, woman and child, and would buy at retail a little more than one glass of beer daily. Under such conditions it is fair to say that our people are becoming drunkards.

This great and growing country requires money to keep the wheels of government in motion. We get that money from internal revenues, an income tax, a tariff on foreign goods, and other minor sources. The cash income to the general government for the year 1913, reported as internal revenues from alcoholic beverages, was \$230,147,000. The revenue derived from liquors and tobacco amounted to 48.68 per cent of total revenue of the government.

MAKES APPLICATION FOR SPECIAL TRAIN

Plans were launched yesterday by J. E. Byrns, chairman of the local committee in charge of plans for the invasion of Lahpeming on Oct. 7, by the Escanaba lodge of Elks, to secure a special train to carry the members of the party to the Hematite City and return. Application for the train was made yesterday with local North Western officials and it is probable that a definite answer to the request will be received by the local officers from Chicago today. The special train, if it is secured, will leave Escanaba at 3 o'clock on the afternoon of Oct. 7, and returning will leave Lahpeming at the conclusion of the ceremonies, allowing members of the local party to reach their homes here in the early morning.

SUPREME TEST COMES TODAY

ESCANABA HIGHS CLASH WITH HEAVY MARQUETTE TEAM IN LAKE SUPERIOR CITY

Primed to the top notch of enthusiasm and trained to the limit members of the Escanaba high school football team will go to Marquette this morning to clash with the Marquette highs this afternoon. Although weakened by the elimination of some of the strongest players of the squad, the locals go to Marquette prepared to put up a game fight and with a strong hope for victory. Last night Coach Hutto announced that his team was in as good condition as could be expected so early in the season and barring serious accidents today should be able to win from Marquette in spite of the superior weight obstacle against them.

Coach Hutto sent all of his players to their beds at 8 o'clock last night that all may be in readiness for the early rising hour this morning to make the 4:40 north bound train. Yesterday afternoon, in the final workout for the Marquette game, Coach Hutto put his players through only light scrimmage and signal practice and the finishing touches were given to several new plays that will be sprung for the first time at Marquette this afternoon.

A number of high school students will accompany the football team on the northern trip today to cheer them on from the sidelines. The players, with their accompanying rooters, will return to Escanaba tonight.

MARQUETTE MAN WILL ENTER CAMP

Joseph C. Gannon, of Marquette, well known in this city, has gone to Fort Sheridan, Ill., to enter the citizens military training camp and to remain until the close of the encampment.

The other Marquette man at the camp is B. L. Sherman, who was there from the beginning, and they are the only recruits from this part of the upper peninsula. Mr. Gannon is a veteran of the Spanish-American war. He was enlisted in the naval reserves and served on the Oregon, the ship that made the famous passage to the Atlantic coast around Cape Horn. He was on the Oregon during the time she was stationed in Cuban waters and until after the war closed. He was instrumental in securing a division of the Michigan Naval reserves for Marquette and has been one of the officers of the division since its organization.

COMMISSION MEN ARE UP IN ARMS

Local commission men are up in arms over what they claim is a successful effort on the part of outsiders to escape payment of a city license and the dumping on the Escanaba public of a quantity of fruit that was refused sale in larger cities. It is claimed that at least four carloads of fruit have been shipped to Escanaba and who after their arrival here, arrange with local men to make deliveries about the city. The local men handling the fruit here claim that it is their property and thus escape the necessity of taking out peddlers licenses.

ESCANABA WOMAN IS MADE SECRETARY

Mrs. M. Haring, of this city, has been honored at the Calumet meeting of the Marquette Baptist association, by being elected as secretary of literature for the district missionary society. The officers of the missionary society are: President—Mrs. Edward J. Lee, Calumet. Vice president—Mrs. S. F. Stockley, Marquette. Secretary-treasurer—Mrs. Joseph McLaughlin, Sault Ste. Marie. Secretary of literature—Mrs. M. Haring, Escanaba.

GOES TO MILWAUKEE TO ATTEND FUNERAL

Solomon Greenhoot left last night for Milwaukee, called there by the death of Mrs. Phillip Carpeles, mother of Mrs. Greenhoot. Mrs. Greenhoot's mother passed away before her daughter, who left Escanaba on Thursday evening, could reach her bedside.

SOLD CARGOES IN DISPUTE

PROPERTY OF PACKERS SOLD IN ENGLAND BEFORE DECISION IS GIVEN BY COURT OF APPEALS

(Special to The Press.) Washington, D. C., Oct. 1.—The state department has been informed officially that Great Britain has sold most of the packers cargoes, which were seized by the English prize court; that packers have not been paid for the cargoes and that the sales were made before the prize court of England, to which an appeal was taken, had passed upon the validity of the prize court decree.

Officials of the department say this unusual situation is totally at variance with precedents under international law and the customs and practices of courts which have the custody of goods in dispute.

SITE WAS SELECTED

(Special to The Press.) Washington, D. C., Oct. 1.—The state department made public today the text of the note from Sir Edward Grey, denying that Great Britain, while interfering with American trade with such neutral countries as Holland, Denmark Sweden and Norway, is taking advantage of the blockade to increase her own trade with those countries. The British foreign secretary admits that exports of many staple articles from Great Britain to these countries have increased greatly since the war but he contends that American exports of the same articles have shown a still greater increase. His note carried a mass of figures with which he attempts to prove this statement.

YESTERDAY'S BASEBALL RESULTS

American League.

(Special to The Press.) Chicago, Ill., Oct. 1.—Ed. Walsh showed old time for today when he pitched the White Sox to an 8 to 6 victory over St. Louis. The former star hurler of the Sox stuff never in his palmy days had more stuff than today. Koob, Phillip and Hoff were used against him.

RAPID RIVER HAS WHITEWAY

UPPER BAY TOWN TURNED ON FIRST ELECTRIC LIGHTS WITH FITTING CEREMONIES LAST NIGHT

Rapid River last night most fittingly celebrated the turning on of the first electric lights in the village.

Escanaba people in autos went to Rapid River late yesterday afternoon to participate in the ceremonies that marked the completion of one of the most important jobs that has yet been taken in Rapid River's advancement. Electric lights were turned on early in the evening in the business places about the town but the street lights were not switched on until the formal ceremonies had been performed and then, by the pushing of a button, the main street was turned into a real "white way."

Practically all of the Escanaba people who went to Rapid River participated in the big harvest festival supper that was served and many remained for the ball that was opened following the regular ceremonies of the evening.

Throughout the evening an excellent musical program was presented by the Eagle's Band of Escanaba, the selections striking the popular fancy of the big audience who lent encouragement to the musicians by frequent encores.

SITE WAS SELECTED

The Old Folks and Orphans Home, of the Lake Superior Conference district of the Swedish Lutheran church, will be located at Marinette. The conference committee has purchased a site of eight acres of land near Marinette and work on the construction of the first building will be started next spring.

A Marinette dispatch says: The old folks home of the Lake Superior conference of the Augustana Synod of the Swedish Lutheran church, has been located in Marinette. Land has been purchased and actual construction work on the institution will begin next spring. It will cost, when completed between \$25,000 and \$30,000.

The site selected is eight acres adjoining Pine Beach on the road that runs into the Beach from Eleventh street. It is part of the Wolf farm located right next to Pine Beach on the right hand side of the road going in. The purchase was recently completed and the conference now owns the property. Plans for the building will be completed during the winter and construction will be started in the spring.

The first building to be erected will be of solid brick and will cost \$8,000. It will be so built that additions can be made from time to time so as to make a completed structure to cost about \$25,000. Rev. F. O. Linder, pastor of the Swedish Lutheran church in Menominee, is president of the charities committees of the conference. Speaking of the fact that the Old Folks home is to be built here he said, "Yes, we chose a portion of the Wolf farm next to Pine Beach. We have bought eight acres there and will begin construction next spring. Besides an Old Folks' Home the new institution will also be a receiving place for orphans. It will serve sixty-nine congregations in the Lake Superior conference which includes the upper peninsula and upper Wisconsin from Green Bay to Abbotsford north. The location is a splendid one and we are all much pleased with it. We had other sites on Eleventh street offered us, but thought the Wolf farm best because it was away from the main highway and in a quiet place. The Pine Beach people have also tendered us the use of the grounds for our inmates which is another splendid thing."

Notice is hereby given that said petition will be brought on for hearing before me at my office in the Houghton National Bank Building, Houghton, Michigan, on the 11th day of October, A. D. 1915, at ten o'clock in the forenoon, at which time the said creditors may be heard either for or against the said petition.

Dated at Houghton, Michigan, October 1st A. D. 1915.

TO PLAY BALL AT BARK RIVER

The management of the Bark River baseball team wishes to announce that the game between Maple Ridge and Bark River which was to be played on Sept. 26, and was postponed on account of inclement weather, will be played Oct. 3.

ESCANABA HORSE WON HANDILY

Baron J. Cecil, owned by Charles Ehnerd, of this city, took first place in his race at the Menominee county fair on Thursday. The race proved one of the best of the afternoon's card as it was claimed that several horses had been entered with a deliberate purpose of humbling the Escanaba horse but his magnificent bursts of speed on the stretches won him first money.

POSTMASTER TAKES HOLD

John O'Meara yesterday formally assumed the duties of the office of post master at the Escanaba office, succeeding Michael Doherty, resigned.

For the past two weeks Mr. O'Meara had spent much time at the post office and when he assumed formal charge yesterday morning he was acquainted with many of his most important duties. In retiring after slightly more than a year's service from the Escanaba postmastership, Mr. Doherty has made a record of which he may well be proud, as it was under his administration and mainly through his efforts that the receipts of the local office for the first time in history, were raised to the volume permitting the Escanaba office to be promoted from the second to first class.

Mr. Doherty has extensive interests in the west and as soon as he has closed up his personal business affairs here, he will leave for the west to locate permanently.

DECIDE DISPOSITION OF STORE STOCK

A hearing will be held before Referee R. T. Looney, at Houghton, on Oct. 11, when it will be decided in what manner the stock of goods in the store of M. L. Fried, bankrupt, in this city, shall be disposed of.

The following notice has been issued by Referee Looney:

To The Creditors of Said Estate: Whereas, the Trustee of the Estate of said Bankrupt has filed a petition in said Court setting forth that it is for the best interest of said estate that a portion of the assets of said estate, consisting principally of a stock of men's furnishing goods, boots and shoes, novelties, furniture and fixtures, and all other personal property belonging to said bankrupt, should be sold at public or private sale, either in bulk or in parcels, and praying the Court for authority to sell the same.

Notice is hereby given that said petition will be brought on for hearing before me at my office in the Houghton National Bank Building, Houghton, Michigan, on the 11th day of October, A. D. 1915, at ten o'clock in the forenoon, at which time the said creditors may be heard either for or against the said petition.

Dated at Houghton, Michigan, October 1st A. D. 1915.

TOOK BODY TO HOME OF PARENTS

The body of Arthur Devel, whose life was claimed on Thursday as the result of a mania for speed, was taken to the home of his sorrowing parents, at Kipling yesterday. Funeral services will be conducted over the body at All Saints church, at Gladstone, at 9 o'clock on Monday morning. Rev. Father Bennett, officiating Interment will be at the Gladstone cemetery.

The ludicrous effort of the afternoon publication to make the unfortunate death of the young man, a sensational mystery, was pronounced yesterday by officials who made a complete investigation of the affair, but "the agent of a perverted imagination."

Mr. and Mrs. A. H. Rolph have returned from a trip that carried them through the greater number of the famous civil war battle fields of the south.

FRENCH FIGHT DESPERATELY

BRITISH HELD BY GERMANS BUT SONS OF NAPOLEON MAKE PROGRESS IN DRIVE ON LENS

(Special to The Press.) London, Oct. 1.—If London has been dark before, it was darker than ever tonight as the result of new police regulations which further reduce street and private lighting. Regulations are being strictly enforced, bright lights being permitted only where.

(Special to The Press.) London, Oct. 1.—Fighting from trench to trench in the Givenchy woods, the French have realized further progress in their drive on Lens, Paris tonight officially reports. The heaviest fighting of the day took place in Artois, while minor gains were made in Champagne.

The British, following the initial drive which carried them past Loos and to the crest of Hill Number 79, have not added to their gains and are fighting off violent German counter attacks.

Herlin claims progress north of Loos but Field Marshal French, in a message from the front, says that all German attacks have been repulsed with the exception of one which won 150 yards of trenches, northwest of Hulluch. The fighting along the entire front has resolved itself into a grim struggle for positions which may last for weeks.

The Germans, in their desperate defense, have introduced a new weapon of warfare—a projectile, the fumes of which blind men.

Sweeping forward under a drenching downpour of shrapnel and through a thick cloud of machine gun bullets, the French have extended positions east and southeast of Neuville, the Paris communique tonight states.

(Special to The Press.) London, Oct. 1.—Hope expressed yesterday that war in the Balkans might be averted has been virtually abandoned, according to the belief expressed in official quarters tonight. A statement was made by Sir Edward Grey, British foreign secretary, this afternoon confirming rumors that Austro-German officers had arrived in Bulgaria just as they did before Turkey threw her lot with the German allies, is taken by officials to mean that Bulgaria has definitely decided to enter the war.

(Special to The Press.) Washington, D. C., Sept. 1.—Great Britain has discovered and put into effective operation a means of combating submarines, which according to official reports of the United States government already have resulted in a loss estimated at between fifty and seventy-five German submarines. The British admiralty confidently believes it has crushed the German under-sea menace.

BIG LOAN SUBSCRIBED

(Special to The Press.) (By B. C. Forbes.) New York, Oct. 1.—The loan has practically all been taken" was the unofficial but authoritative statement received this evening. The subscription list for the \$500,000,000 Anglo-French, 5 year 5 percent loan, could have been closed today, it was added, but the syndicate managers desired to give western and southern bankers ample opportunity to digest the terms before subscribing.

CLERK KEPT BUSY ISSUING LICENSES

Yesterday was the banner gun license day of the season at the office of County Clerk A. J. Papin, when over 100 certificates were issued to hunters of Delta county. The total number of licenses now issued from the clerk's office is slightly over 750.

BRITAIN LIKES ARRANGEMENTS

London, Sept. 30.—The definite announcement of the terms on which the Anglo-French loan is to be issued in the United States are about in line with the British expectations.

The question of exchange is now of first importance. The belief is expressed in banking exchange circles that further measures will be necessary to bring the rate more nearly to a normal figure.

The loan now arranged will cancel part of the adverse trade balance, but in view of the coming shipments of cotton and grain, which will swell this balance, persons close in touch with the exchange situation here are of the opinion further action will be necessary.

U. S. BATTLESHIPS GO TO RESERVE; LACK CREWS.

Philadelphia, Oct. 1.—The battleship Wisconsin, Ohio and Missouri are to be transferred from the first line fleet to the reserve because of lack of trained men, it is said at the Philadelphia navy yard. The pressing need of more men for the newer dreadnoughts was given as the reason for the withdrawal of a large number from each of these ships.

The Ohio and the Missouri were built in 1900 and have an average speed of 18 knots. The Wisconsin built in 1897, attains a speed of seventeen knots.

For Indigestion. Never take pepsin and preparations containing pepsin or other digestive ferments for indigestion, as the more you take the more you will have to take. What is needed is a tonic like Chamberlain's Tablets that will enable the stomach to perform its functions naturally. Obtainable everywhere.

Theatrical . . . Gossip

THE STRAND

As a fitting production with which to inaugurate its new program the Metro Pictures Corporation selected the B. A. Rolfe screen play, "Satan Sanderson," in which the prominent stage star, Orrin Johnson, makes his first screen appearance.

"Satan Sanderson," based on the novel and play of the same name, tells the story of a wayward son, a loving girl, an indulgent father, and retribution in one of its varied forms. It brings into play the powerful dramatic ability of the star and the superb cast and its many delicate scenes poignant situations and virile climaxes, combine to make this one of the really attractive photo-play productions of the day. "Satan Sanderson," with Orrin Johnson and Irene Warfield, comes to the Strand today.

THE DELFT

George M. Cohan's "Seven Keys to Baldpate" will be acted at the Delft theater Friday night, Oct. 2nd. The play which varies between farce and comedy, met with instantaneous success in New York and Chicago where it had an uninterrupted run of ten months. Mr. Cohan calls his unique work a mystery farce, the adjective applying to a succession of strange and highly mysterious events that transpire in an old inn on top of a mountain during a terrible winter's night.

When you are told that Baldpate is the name of the mountain inn and that the old caretaker of the place hands the hero "the only key to Baldpate," you may get a remote notion that the other six keys are going to turn up in quite a mysterious way.

Philip Beath will leave this evening for Ann Arbor where he will enter the University of Michigan.

Mrs. F. Nienaber left Friday morning for Milwaukee, where she will visit with friends for a few days.

LONDON COMPLAINS OF U.S. OPPOSITION

London, Sept. 30.—Complaint is voiced by the financial correspondent of The Times of strong opposition to the Franco-British loan from various quarters in the United States such as German communities and the pacifists. He asserts that this opposition has raised the terms for the loan and says that if the report that the interest rate to be 5 1-2 per cent is correct, it certainly will be higher than expected.

The Times says: "In view of German falsehoods and insinuations, we think it well to put it on record that in this matter Great Britain and France are not seeking a financial favor from the United States. The loan is purely mutual accommodation. A loan on reasonable terms unquestionably is the most desirable solution. There are other solutions to which the allies could have recourse. In the long run, they would be far less favorable to the Americans than the advance of a loan, for they might easily lead to restrictions of Anglo-French trade with America in nonessentials and to the transfer of gold in payment for essentials.

DAILY LETTER

There was a big market in the copper shares this morning, especially during the first hour. Prices were generally higher and transactions were on an enormous scale. Several stocks made gains of one and two points, and the market was buoyant until around the noon hour when it relaxed into dullness with a sagging tendency. Osceola was the feature selling up to 88 on talk of a \$4 dividend. Inspiration according to good authority will earn \$6 per share on 14 cent metal and \$10 on 18 cent metal. The action of Steel Common today was the feature of the market, closing with a net gain of two points. There must be some big deals under consideration in these steel stocks and more to the market than most people think, for the sales in New York are running at the rate of 1,500,000 shares a day. We rather expect Anaconda to be taken in hand, and if it has any advance the entire copper share market will follow.

Boston Markets

The local copper shares developed greater activity and strength in today's session than for several months. Several specialties scored sharp advances. Osceola was strong on rumor of dividend, of \$4.00. They sold off a little in the afternoon on evening up.

"BE LOYAL TO U. S."
BISHOP URGES POLES

Chicago, Sept. 28.—"Be loyal to America, your country. Stand by the United States in times of peace, in time of trial and through any crisis," Polish-American Catholics applauded this statement from Bishop Paul P. Rhode, who spoke at a farewell demonstration in his honor on the eve of his leaving Chicago for the diocese of Green Bay, Wis.

An album, inlaid with gold, was presented to the prelate. It contains signatures of several thousand persons.

The theater receipts, about \$1,200 will be turned over to the bishop as part of the Bishop Rhode fund for the relief of the war victims of Poland.

J. W. Smith, of Chicago transacted business here this week.

IS NATION INTEMPER.

(Continued From Page One)

It is estimated by those competent to give figures, that at least 2,000,000 people are engaged in some of the many fields of industry dependent on the liquor industry.

"We must avoid intemperance in eating, drinking, language, work and recreation," is an old doctrine of one of the leading national organizations of farmers. The idea of total abstinence is not advanced by that society, but it does insist that members must be temperate not only in drinking but in all other things.

Prohibition originated in New England, and was intended to prevent the Indians from getting fire water and disturbing peace. About the middle of the last century the States of Massachusetts, Rhode Island and Vermont followed the plan adopted in Maine, and passed prohibitory bills, closing the saloons. In a short time Massachusetts and Rhode Island repealed these measures as impracticable. No one familiar with conditions sees good results from closed legal saloons and opening of illegal "blind pigs," such as exist in Maine.

Iowa gave prohibition a trial and returned to the system known as the Muley Law, when it was discovered that liquors were sold and consumed in practically every section of the State. Michigan had prohibition for

a time and then went back to the license plan.

Kansas may be considered the banner prohibition state, but in 1913, according to the official revenue reports, there were 735 tax stamps issued permitting the sale of liquors in that State, and there are twenty-eight wholesale liquor houses in the state. Prohibition does not prohibit the sale, or use, of liquors in Kansas, as the imports of liquors for 1913 amounted to about 18,000,000 quarts, mostly whiskey.

Those who drink alcoholic beverages do not become total abstainers simply because laws are enacted and public places closed. The secret places where liquors are dispensed are more dangerous to young and old, male and female, than the licensed and regulated saloon. In former years I served as a soldier in the United States Army and witnessed the effects of the military post, with and without the canteen. When the soldiers conducted their own clubhouse and saloon there was little drunkenness, few enlisted men disgraced the uniform, and the guard-house was practically empty. When the canteen was closed and the soldiers went away to neighboring cities for drink, there was drunkenness, arrests and fights with the police and general disorder among the troops.

One day, while acting as a clerk at military headquarters, I was visited by an elderly woman, who appeared to be full of sorrow. She asked me to assist in getting her son to enlist in

the army. When I asked why she seemed so anxious about the matter, she said: "If my son is a soldier he will be under the care of the officers, and I will know where he is and can go to bed and sleep without a worry. If he goes out into the city, visits secret places of vice and follows the path of many other youths I will never know where he is, what company he is keeping or what vices he is forming."

No mother can guess at what habits her son or daughter may be forming in the secret drinking chambers.

FEDERAL BOARD CRITICIZES BANK

Washington, Sept. 30.--The Minnesota reserve bank is on slightly strained terms with the federal reserve board because it has been criticized for alleged inactivity in serving the farmers.

It was said that the secretary of the treasury and some members of the federal reserve board fear that the Minneapolis reserves bank is too much under the influence of the member banks. The latter, it has been said, have plenty of money of their own to lend and hence they are supposed to be keeping the resources of the reserve bank under cover. The farmers wrote

to Washington in great numbers to know why they could not have government money deposited, as had been done in the Dallas, Atlanta and Richmond districts. Members of the board said they found that the regulations under which the Minneapolis bank can make loans had been given insufficient publicity in the northwest.

The federal reserve board did not send money to the northwest, but it sent the regulations which are the same for all districts. The reason for not sending money, as given, is that the Minneapolis bank has a large loaning capacity over and above anything it has put out to date. But if it needed money it could get on the same conditions as the southern banks, it was said.

ROCKEFELLER'S MINES SHOW DEFICIT AGAIN.

Denver, Oct. 1.--John D. Rockefeller, Jr., spent the entire day going over the balance sheet of his Colorado properties and found himself \$335,000 worse off than last year.

Rockefeller heard, what he has heard year after year, that there was not dividend for the \$34,000,000 of common stock and no dividend this year for the \$2,000,000 preferred stock. There was a funded debt of more than \$45,000,000 on which the interest had to be paid. They had run behind last year just \$334,661. The previous fiscal year they ran behind \$905,948, so that he really made a gain of close to \$600,000.

The welfare work of the company will be enlarged despite the deficit.

CHEAP SCALE FOR WORLD'S SERIES

Boston, Sept. 30.—The prospective world series games to be played at the Braves' field next month may be seen at prices ranging from 450 cents to \$5, according to an announcement made by the management of the Boston Red Sox today.

The highest price will be for box seats. Other reservations in the grand stand will cost \$3. The number of seats which may be obtained by reservation has been increased by setting aside the stand which runs back of third base. These seats will sell at \$2. Tickets in these three classes will be sold in advance only in blocks of three, covering the first three games that may be played here.

Tickets for the right field bleachers at \$1 and in the bleachers at 50 cents will be placed on sale at the grounds before each game. The seating capacity of the Braves' field is now being checked up, to determine just how many persons can be cared for. No additional stands will be erected.

RED SOX WATCH PHILLIES WIN RAG

Philadelphia clinched the 1915 National league championship Wednesday when Cactus Cravath whaled a home run to the far corner of left field in the first inning with two men on and Grover Alexander followed by pitching a one-hit game against the Braves, the former champions. The final count was 5 to 0, and it seemed quite fitting that the pennant should be nailed to the mast mainly by the work of Pat Moran's two stars.

Sitting in the boxes on the first base side of the diamond were Manager Carrigan and members of the Boston Red Sox, who have to win only one more game to clinch the American league title and earn the right to battle the Phillies in the world's series. They gazed in awe when Cravath delivered his mighty blow almost at the start of the game, and they continued to gaze in awe at the pitching prowess of the great Alexander as he mowed down the Braves round after round. In seven of the nine innings they fell before him, three in a row.

Pat Moran was the hero. It was "Pat Moran day," and a crowd of more than 3,000 came down from Fitchburg Mass., the old home town, to cheer for their famous townsman. He was presented with a big floral horseshoe by Gov. Walsh before the game. Pat accepted it with marked reserve, but as soon as the last man was out in the ninth inning and Pat knew that he had won a pennant for the Phillies, the first one they have won in thirty-two years, all the reserve and modesty disappeared, and for the first time this year the new "miracle man" lost control of himself.

FIVE CANDIDATES IN RACE FOR SUPREME BENCH.

Lansing, Oct. 1.—Circuit Judge Kelly S. Searle, of Ithaca, has made formal announcement of his candidacy for the Republican nomination for judge of the supreme court to fill the vacancy on the Republican ticket caused by the death of Justice A. V. McAlvay.

The battle for the judgeship promises to be one of the features of the G. O. P. convention next fall. Judge John McDonald, of Grand Rapids, Judge Mayne, of Charlevoix, Judge Howard Wiest, of Lansing, of Hudson, are also expected to be candidates.

HOW TO BE EFFICIENT.

Nothing saps the vitality like kidney trouble. It causes backache, headaches, stiff joints, sore muscles, "always tired" feeling, rheumatism and other ills. To be efficient, you must be healthy. Foley Kidney Pills strengthen the kidneys, help them do their work of filtering out from the system the waste matter that causes the trouble. Sold everywhere.

NOTICE Notice is hereby given that the annual meeting of the Delta county board of supervisors will be held at the court house, in the city of Escanaba, on Monday Oct. 11. All persons having bills against the county are requested to file the same with the county clerk on or before Oct. 9.

GOT LUDERUS WHEN CHANGE WAS JEALOUS

Philadelphia, Oct. 1.—As a rule there is a splendid feeling among the players of major league teams and they get along together most harmoniously. Especially is this true of teams made up of unmarried players, or if the wives of those who are married do not meet each other too often at the games or social function. Which reminds me that this was the excuse given my Mrs. Moran one evening when I made a social visit to Mr. and Mrs. Pat and Baby Pat and asked her why she so seldom attended any of the games, remarked Horace Fofel, former president of the Phillies.

But there crop out little bickerings and petty jealousies in the best managed teams, no matter how good the discipline, of which the public never hears, and if they found their way in to print the players concerned and the management would deny them. They Chicago Cubs were looked up to six or seven years ago as the model baseball organization for other clubs to copy—models of perfection of play and inside work, in individual and collective brains and skill and model in deportment and discipline.

That was the surface view the public had of this team, but as I found out in 1910, when I got on the inside there was more jealousy and internal dissensions in this camp than in any other of the seven National league clubs. And if it had not been for this state of affairs perhaps the Cubs would have made a better showing in the world serie with the Athletics that fall than they did.

There was jealousy between Kling and Archer, the club's two star catchers, and they were a pair of real stars. Reulbach and Zimmerman and Schulte were sore at Manager Chance, and each wanted me to make a deal for him so he could join the Phillies. I tried at various times to get these men, as well as Kling, but couldn't gold-brick Murphy into letting any one of the quartet go.

But I did succeed in taking advantage of Chance's hostile feelings to the Phillies in the world's series. They gazed in awe when Cravath delivered his mighty blow almost at the start of the game, and they continued to gaze in awe at the pitching prowess of the great Alexander as he mowed down the Braves round after round.

In seven of the nine innings they fell before him, three in a row. Pat Moran was the hero. It was "Pat Moran day," and a crowd of more than 3,000 came down from Fitchburg Mass., the old home town, to cheer for their famous townsman. He was presented with a big floral horseshoe by Gov. Walsh before the game. Pat accepted it with marked reserve, but as soon as the last man was out in the ninth inning and Pat knew that he had won a pennant for the Phillies, the first one they have won in thirty-two years, all the reserve and modesty disappeared, and for the first time this year the new "miracle man" lost control of himself.

Well, such happen to be the case, and Moran didn't wise me up to it, either. I found it out by accident. That night I asked Moran about Luderus, and needless to say Pat gave me a correct tip on Ludy's ability. Pat also expressed the opinion that I could get Luderus if I made Chance an acceptable offer for him, and it would be a master stroke to get him. Brasfield's injured leg was in bad shape at the time and we were sorely in need of a fire base man.

That was the excuse I used the next morning when I went around to Murphy's office and tackled Chance on the proposition of a deal for Luderus. Moran also tipped me off on Stack, a young pitcher, who looked good on Pat on the spring training trip, but Chance didn't like him. After sparring with Chance for several days, he went first this player, then that one—for instance, Moore or McGee or McQuillan or Doolan—in exchange for Luderus, but to which propositions I would not listen, we finally came together on a straight out sale. The price set on Luderus by Chance was satisfactory to me, but I let on it wasn't, and on that bluff I finally got him to "throw in Stack, "in the bargain," to use the trader's vernacular.

Moran and Luderus became fast friends and roommates almost from the day Fred joined the Cubs, and they have been the same ever since. The first year we had Ludy the big fellow played sensational ball. Then he hurt his leg, which handicapped him greatly in his work, and to add to his worries Doolin plainly showed that he was weaking on him. Charley really taking the heart of "Ludy" when he tried out Magee at first to take his place. Fred is a big-hearted, hard-working, earnest player, but very sensitive so that he is easily discouraged.

I knew when Moran was made manager that Luderus would come back to life with renewed ambition and play great ball under Pat, and I made this prediction freely in the spring. And that prediction has been verified.

You See It First in the Morning Press.

WILL ALEXANDER DUPLICATE FEAT

Boston critics and fans say they do not fear Alexander because world series history shows that no one pitcher ever won the title. But in rebuttal the fact is cited that when Detroit and Pittsburgh played for the world title in 1909 a young man named "Babe" Adams, at that time without a reputation, was the direct cause of the Tigers' undoing, for he won three of the four games which the Pirates needed to make them world champions.

If Alexander can appear in three games of the coming series and win them all it would look like a cinch that the Phillies would win. Manager Moran is pointing Alexander for the world series. He is giving him lots of rest and just enough occasional work to keep him on edge in the hope that he will come through during the series.

But Alexander is not to carry the brunt of the series. Eppa Rixey, too, is being trained for the ordeal, and he should be in form he is sure to be a troublesome chap for the Red Sox.

JOHNSON FAVORS OPENING ON OCT. 8

Chicago, Oct. 1.—President Johnson of the American league announced yesterday that a meeting of the national commission had been called for Saturday morning at 11 o'clock in New York to arrange the schedule and complete plans for the world's series.

Regarding the report that National league interests would endeavor to delay the opening of the big event until Oct. 9, Mr. Johnson said: "We shall ask to start the series on Oct. 8, and I see no reason why that date should not be acceptable to everybody. The Philadelphia and Brooklyn teams have an open date on October 6 and can easily play off their game of Oct. 7 on that date.

"By opening on Oct. 8, it will be possible to schedule two games in one city for Friday and Saturday, leaving Sunday for an easy jump to the other city for the third and fourth games. To open the series on Oct. 9 would entail scheduling games for Saturday and Monday in one city, then jumping over night to the other for games on Tuesday and Wednesday. The chief argument of the National league in favor of opening the big show on Oct. 9 seems to be to give Manager Moran the advantage of being able to work Alexander in the first two games, if a Sunday intervenes.

FARMERS BACK WILSON POLICY

Omaha, Oct. 1.—The question of endorsing President Wilson's foreign policy led to discussion at the convention of the Farmers' National congress which resulted, 215 to 48, in the congress declaring their approval of the president's course. This resolution was introduced by Frank G. O'Dell, Omaha.

"Resolved, by the Farmers' National congress, representing the citizens of this country, who in time of peace must feed our people, and in time of war must fight their battles. "That we commend the foreign policy of President Wilson, who has stood at the head of the most critical and trying periods of its history. "Resolved, That we express confidence in his patriotism, courage and diplomatic ability.

"Resolved, That we pledge him our unwavering support in his endeavor to defend the rights of American citizens and to maintain inviolable the neutrality of this nation. "Mr. O'Dell led the fight for the resolution and John Schmidt, Wahoo, led the opposition. Schmidt was seconded by Charles Wooster, who declared President Wilson's foreign policy to be weak. "He's a big bully—a bully of nations," declared Wooster.

A test vote taken on the question of tabling an amendment offered by Schmidt, resulted in a vote of 215 to 48 in favor of the resolution supporting Wilson. W. L. Ames, Oregon, Wis. presided at the convention.

BISHOP GIVEN A WARM WELCOME

Green Bay, Wis., Oct. 1.—Green Bay and cities in this vicinity accorded Bishop Paul Peter Rhode of Chicago a tremendous ovation upon his arrival last night to be installed as bishop of the Green Bay Catholic diocese. From the time of his entrance into the precincts of the diocese at Oshkosh, one city after another along the route of the North-Western road gave the prelate the warmest of welcomes.

With bells pealing, bands playing and fireworks displays, the bishop was escorted from the depot to the cathedral, where Archbishop S. G. Messmer of Milwaukee conferred the title of bishop of Green Bay upon him.

High church dignitaries, 6,000 members of Catholic societies, the militia company, a squad of Polish cadets from Pu'aski, city and county officials and men prominent in business and profession either marched or rode in carriages and automobiles in the procession. The line of march was nearly three miles long. Several thousand persons were lined along the route of the parade.

Among prominent churchmen who came for the ceremonies were Dr. D. J. Dunn of the Cathedral college of the Sacred Heart, Chicago; Bishops Schwebach of LaCrosse, Els of Marquette, Koudelka of Superior; Msgr. Ralner of St. Francis seminary, Milwaukee; Archbishop A. McGavick, Chicago and Rev. M. J. Fitzsimmons, administrator of the Chicago diocese.

The bishop was escorted into the cathedral by 400 priests. After the chanting of Versicles, Msgr. P. G. Lochman extended the welcome of the bishop on behalf of the clergy. Greetings on behalf of the city were extended by Mayor Winford Abrams and for the laity by P. H. Martin of Green Bay. Following the addresses of welcome, Rev. J. A. Marx, chancellor of the diocese, read the papal bulls and the clergy showed allegiance to the new bishop by kissing the Episcopal ring as the prelate was stationed in the sanctuary.

Oshkosh, Wis., Oct. 1.—Three thousand adults, aided by as many children from parochial schools, shouted a welcome to Bishop Rhode shortly after 5 o'clock Wednesday evening when his special train, bearing the prelate and a large number of Chicago Catholics, pulled into the North-Western station. This city was the first territory reached by Bishop Rhode in this his new diocese.

MAN KNOWN HERE HAD EIGHTS WIVES

The Milwaukee police are searching for Charles Pitcher, until recently a member of the crew aboard the revenue cutter Tuscorora and who is known to a number of Escanaba people through his frequent visits to this port. It is charged that Pitcher has eight wives. A Milwaukee newspaper says:

A man, accused by District Attorney Zabel and Capt. John Sullivan, of hav-

ing eight wives, is being hunted. The man, it is charged, is Charles Pitcher, who was a member of the Coast Guard cutter Tuscorora. Pitcher, it is said, has disappeared from the cutter, and, according to District Attorney Zabel, has left the city. In his flight, it is alleged, Pitcher was accompanied by a 17-year-old Manitowoc girl. The authorities consider the disappearance of the man an alleged attempted escape and also an elopement. Pitcher became acquainted with her when the cutter was in drydock in Manitowoc. The exact chronological record of Pitcher's alleged marital ventures have not been given out by the police, other than the bare statement that Pitcher has been married eight times.

Detective Davis O'Brien has all of this information in his possession and brought it to District Attorney Zabel, who did not make a duplicate record of the alleged marriages. After Mr. Zabel listened to the story of the alleged trips to the altar he issued a warrant charging Pitcher with bigamy. Two of the alleged marriages are cited in the warrant. This is sufficient under the law. This is the third warrant for bigamy issued in less than one month. The complaint is made by Mrs. Anna Poppert Pitcher, who Mr. Zabel says is wife No. 6. Mr. Zabel does not know her present whereabouts, although she is in Milwaukee. Her residence has not been disclosed, although Detective O'Brien visited the district

attorney's office with her. Mrs. Poppert, who is about 42 years of age which is about the same age of Pitcher, alleges that she became his wife on June 15, 1913, in Milwaukee. She also alleges that Pitcher was then the husband of Bertha Pitcher, whom he married on July 10, 1907, in Sioux City, Ia. Mr. Zabel did not make any record of the other alleged marriages. "I was shown the list of eight wives," said Mr. Zabel. "Pitcher has wives in St. Paul, Manitowoc, Sioux City and other cities. I understand that he has fled." E. P. MONFORT COMMANDER

(Special to The Press.)
Washington, D. C., Oct. 1.—Elias P. Monfort, of Cincinnati, Ohio, was unanimously elected Commander in Chief of the Grand Army of the Republic at the final session of the forty-ninth encampment today, as predicted in these dispatches.

MANN DECLARES G.O.P. PLAN REFUGE

St. Louis, Oct. 1.—"The first duty of the Republican party when it comes into power again will be to write a protective tariff law and provide for a tariff commission of experts," said Congressional Leader Mann in a speech urging Missourians to make the state Republican.

RACE SUICIDE IS INDICATED

Anti race suicide advocates should find Escanaba a fertile field for their labors, according to the city's birth record for September. During last month but 17 births were recorded in this city, while the normal monthly total of new arrivals for Escanaba is usually twice the September record. But the number of deaths recorded here last month was also unusually low, but eight deaths being reported to City Clerk O. V. Linden.

He said it is the duty of the government to permit prosperity at home and maintain rights of citizens abroad by national defense measure. He referred to the laws against child labor and to high wages as a basis for a demand by employers for tariff protection. He admitted tariffs should not be high enough to permit exorbitant charges for goods—they should be reasonable. But he said it would take a long time for the tariff commission to settle schedules, and the rates should be raised in the meantime to allow old industries and many new ones to start.

For Indigestion. Never take pepsin and preparations containing pepsin or other digestive ferments for indigestion, as the more you take the more you will have to take. What is needed is a tonic like Chamberlain's Tablets that will enable the stomach to perform its functions naturally. Obtainable everywhere.
