

## TO ESTABLISH NEW DISTRICT

REPORT PUBLISHED IN DETROIT THAT MICHIGAN IS TO BE MADE AN ARCHBISHOPRIC

(Special to The Press.)  
Marquette, Mich., Oct. 21.—"I have heard no rumors concerning the story published in Detroit that Michigan may be made an archbishopric, with several new bishoprics," said Rt. Rev. Frederick Eis, bishop of the Marquette-Soo diocese, today "and there isn't a word officially. Nothing has come to me concerning it. As it stands the report may be true and may not be true. I have had no word."

The story referred to was given out by The Detroit Journal Wednesday and it declares an archbishopric by itself, has been practically decided. The Upper Peninsula bishopric would, in that case, be detached from the province of Milwaukee and would come under the jurisdiction of the prelate who would be appointed archbishop.

Detroit, Oct. 21.—Letters from Rome to Detroit priests convey information of portentous changes in the government of the Catholic church in Michigan.

Pope Benedict, according to the writers, has settled upon this plan:

The appointment of Auxiliary Bishop Edward D. Kelly as coadjutor, with the right of succession on the passing away of Bishop John S. Foley.

The creation of a new ecclesiastical to include the whole of the state of Michigan, with the archepiscopal see in Detroit.

The elevation of Bishop Kelly to the dignity of archbishop.

The creation of a new ecclesiastical with the sees at Kalamazoo, Saginaw and probably Muskegon or Ludington, with the chances favoring Ludington.

The congregation as bishop, possibly, of Very Rev. Edward A. Caldwell, dean of Saginaw and pastor of St. Mary's church, Saginaw, or Rt. Rev. Francis Clement Kelly, head of the church extension society; or Rt. Rev. Monsignor Frank O'Brien, of Kalamazoo, and of some other clergyman whose name is not yet suggested.

The information comes from clerical sources, from men in Rome who are in touch with the Vatican, and not from Rome correspondents of news agencies, whose dispatches dealing with the affairs of the church are notoriously unreliable and consequently the Detroit clergymen to whom the forecast has been communicated give it full credit.

It is not expected that the reorganization will be ordered at once. The raising of Detroit to an archbishopric may be deferred until Bishop Kelly succeeds Bishop Foley. That event cannot, in the nature of things, be long distant and may be discussed without impropriety, since it was in his own anticipation of an early summons to eternity that the venerable head of the diocese asked the holy father to appoint a coadjutor.

The new province is to include the Upper Peninsula, at present under the spiritual direction of Rt. Rev. Bishop Frederick Eis, who, though advanced in years, is vigorous in mind and body and gives promise of remaining at his post for years.

## QUITS POST UNDER FIRE

(Special to The Press.)  
Chicago, Ill., Oct. 21.—Mrs. Ella Fagg Young, the aged superintendent of the Chicago public schools will retire. Superintendent Wirt of the Gary public schools, founder of the Gary Plan, probably will be recommended as her successor by Mrs. Young. These facts were conveyed in a letter written by Mrs. Young and made public tonight. "Constant pecking and nagging of certain board members prompts me to resign," the letter declares.

INDIAN DIES AT 118 IN OCEANA.  
Battle Creek, Oct. 21.—Frederick George Shag-Na-By, an Indian, aged 118 years, is dead near Hart, Oceana county. He was a gray-haired and bent old man in 1857 when the government drove the Indians from near Ada, Kent county, to Sopers, Oceana county. He recounted happenings of a century ago and said when these took place he was a young man.

## CLUB TO HOLD A PRIVATE PARTY

Members of the Klukqually Klub will entertain at a private skating party at the Peterson rink tonight. Invitations for the unique affair have been issued and the event will be strictly private in nature. A special musical program has been arranged for the evening and everything possible accomplished to make the evening an enjoyable one for their guests.

## GREAT CROWD WAS PRESENT

St. Patrick's church was packed to overflowing last evening when the ceremonies marking the solemn close of the Forty Hour Devotional services at that church were held. With Magr. Pinten, vicar general of the diocese, officiating the ceremonies were most impressively carried out with the members of Companies A, B and E of St. Patrick's Brigade serving as an escort in the Solemn Procession of the Blessed Sacrament. Members of Company A appeared in uniforms of white; Company B in uniforms of khaki and Company E in white dresses and wreaths, producing a scene that will remain long in the memory of many of those present. Rev. Father Tully of Marinette, delivered his final sermon of the series last night and was listened to with the deepest respect and attention.

## PASTOR QUILTS ASSOCIATION

(Special to The Press.)  
Mansfield, O., Oct. 21.—The Rev. G. A. Kienle, pastor of St. John's Lutheran church, Mansfield, resigned from the Mansfield Ministerial association because that body indorsed prohibition.

"The most intemperate man we have with us today is the prohibitionist. My ideas of temperance would not permit me to indorse the intemperate action of prohibition, and that is the reason why I, a minister of the gospel, resigned as a member of the Mansfield Ministerial association when that body adopted a resolution declaring in favor of that principle," said the Rev. Mr. Kienle in explaining his action.

The Rev. Mr. Kienle's revolt has caused considerable comment in this section of the state.

"I believe in temperance," said the Rev. Mr. Kienle. "The church should advocate temperance and I propose to do so with all the power at my command. Temperance means not only moderation and sanity in what we eat and drink, but also in what we say and do. So when a resolution was offered indorsing the proposed prohibition amendment to the constitution, I regarded that I could not approve, so I withdrew from the association."

"Sometimes persons go to extremes in action and conduct that can not be equalled by drinkers and eaters. For that reason I say that the prohibitionist is the most intemperate man we have."

"I also resigned from the Ministerial association because I could not go to the polls and vote for prohibition, thereby confiscating, or at least helping to do so, millions of dollars worth of property, depriving men of means of livelihood and still feel that I had done an act of justice."

## COUPLE WILL SPEND HONEYMOON HERE

Mr. and Mrs. Peter Steinmetz, who were married at Leona, Wis., last week, are guests at the home of the former parents, Mr. and Mrs. John Steinmetz, of 226 North Birch street. The bride was formerly Miss Katherine McDonald, a prominent young society woman of the Wisconsin village and following an elaborate wedding, the couple came to Escanaba on their honeymoon trip. Mr. Steinmetz, who is a former Escanaba lad, holds a responsible position with one of the leading firms of Leona and has prepared a home in that city for himself and his bride.

## DRYS ARE ENDANGERED

PETITIONS FOR LOCAL OPTION ARE ENDANGERED IN A DOZEN COUNTIES BY DECISION OF ATTORNEY GENERAL

(Special to The Press.)  
Lansing, Mich., Oct. 21.—Because of a ruling of Attorney-General Fellows Monday, the submission of local option in possibly a dozen counties in Michigan next spring hangs in the balance.

In that many counties the boards of supervisors are now worrying with the problem of receiving or rejecting the petitions of both "drys" and "wets," while at the headquarters of the Michigan Anti-Saloon league here there is an admission that their plans for several counties are in doubt.

Mr. Fellows decision, rendered for the prosecuting attorney of Otsego county at Gaylord, was to the effect that 10 full days must elapse between the posting of petitions and their presentation to the county clerk and that affidavits of posting, which on their face showed that 10 full days had not elapsed, invalidated the petitions. He pointed out, however, that new affidavits secured from each voting precinct in the county, naming the 10 full days, could still be presented and acted upon by the boards of supervisors at their meetings.

Following this from the attorney-general, the "wets" in Ingham county have already started after new affidavits and in some of the up-state counties the "drys" will initiate the same sort of movement Wednesday.

As nearly as can be ascertained here, seven counties are affected. They are: Otsego, Iosco, Menominee, Delta, Schoolcraft, Ingham and Mackinac. Unofficially it is said that Baraga county is also in line. In addition Superintendent Hudson, of the Anti-Saloon league, announces that in three counties, Menominee, Manistee and Luce, where the supervisors have already refused to submit the question, writs to mandamus will be sought to force submission. This action, he says will take place in all that refuse to order submission.

In Ingham county a resolution of submission, asked for by the "wets," was passed this afternoon and within half an hour was rescinded. It will be acted upon fairly Wednesday.

It is questioned here whether, in the larger counties in the up-state districts, where settlements are sparse, new affidavits from each voting district can be secured before the end of the week, when boards will ordinarily meet.

## PRISONER RETURNED

After having his bail bond declared forfeited in the circuit court, Aid. Carl Johnson, of the Seventh ward, was returned to the city with John Wara, from Calumet and has turned the latter over to Sheriff Andrew Iverson. Wara was charged with embezzlement and Johnson furnished his bail bond. When Wara's case was called in court he failed to appear and his bondsman started in search of his man and finding him at Calumet, returned him to this city. Wara claimed that he believed that if the county wanted him to appear an officer should be sent to Calumet for him. His bondsman, however, demonstrated concern and returned the man to the custody of the court and yesterday action was taken releasing Mr. Johnson from further connection with the matter. Wara's employer, at Calumet, expressed his willingness to go on the man's bond for any amount and it is likely that the defendant will not be required to remain in jail for long in this city.

## BAY DE NOC SENDS REPORT

That Escanaba is not alone able to produce the second crop of raspberries in a single season, an Indian woman, living near Stonington, yesterday brought to the city a branch of second crop berries. Mrs. Amelia Jaeger, of this city was the first to report a second crop of berries and yesterday the Indian woman came to the city with the proof that the second crop of the fruit was being produced in the wilds of Cloverland, in spite of one of the most backward seasons in the history of the district.

## PERKINS PARTY TO ATTRACT MANY

A number of Escanaba pleasure seekers will go to Perkins this evening to attend a dancing party arranged in that village. The musical program for the party will be furnished by Olson's five piece orchestra of Gladstone.

## VOICE HEARD 8,700 MILES

WIRELESS TELEPHONIC COMMUNICATION, ESTABLISHED BETWEEN WASHINGTON, PARIS AND HONOLULU

(Special to The Press.)  
New York, Oct. 21.—Wireless telephonic communication, between Washington, D. C. and Paris, was established by the American Telephone and Telegraph Co. this morning between midnight and one o'clock. Words uttered by B. B. Webb, engineer for the company, in the naval wireless station in Arlington, just outside of the capital, were heard distinctly by H. E. Spreece, in the Eiffel tower in Paris 3,800 miles away. As Spreece listened, Lloyd Espenshield, in Honolulu, 4,900 miles from Washington, heard Webb speak. Thus by a few simple words, Paris and Honolulu, 8,700 miles apart were linked for about 15 minutes.

## PAY RESPECTS TO MEMORY

A host of sorrowing people yesterday morning paid their final respects to the memory of Matthew Priestler, former veteran member of the Escanaba city council and pioneer citizen. Impressive funeral services were conducted over the body at St. Joseph's church at 9 o'clock. Rev. Father Julius officiating. In the presence of a body of mourners that filled the church. Employees at the NorthWestern shops, where Mr. Priestler was employed as foreman for 40 years and fraternal organizations with which he was affiliated, attended the funeral in a body and escorted the remains to their final resting place at St. Joseph's cemetery.

The funeral procession that was formed to escort the body to the cemetery, was one of the longest that has marked the laying to rest of an Escanaba citizen in many months and demonstrated eloquently the esteem in which Mr. Priestler was held by all who knew him. A great number of beautiful floral offerings were received at the home of the family, offering telling evidence of the sorrow that had been aroused and the desire of a host of people to demonstrate their sympathy to the members of Mr. Priestler's family.

## TO DEDICATE THE POLICY

(Special to The Press.)  
Washington, D. C., Oct. 21.—President Wilson will have a conference tomorrow with Senator John W. Kern, of Indiana, majority leader of the Senate, on preparedness. Early next week he will have a second conference with Chairman Hay, of the committee on military affairs. The object these two interviews is to arrange for a party caucus in both the senate and the house at which the administration's national defense plan will be adopted as the Democratic policy.

Talking to reporters from Chicago, J. J. Carty, chief engineer for the great corporation, predicted communication with Tokio as the next step and then it is inevitable that words that would travel around the globe.

T. C. Nassor is again able to be out after being confined to his home for a month with an attack of rheumatism.

## MEXICANS RAMPAGE

RAIDERS FROM VILLA'S ARMY CROSS BORDER AND CLASH WITH U. S. CAVALRY

(Special to The Press.)  
Washington, D. C., Oct. 21.—General Frederick Funston's preliminary report of the battle between Mexican raiders and United States troops at Mission, Texas, fixes the casualties as three dead and five wounded on the American side. The bodies of five Mexicans were found in the brush and many more are believed to have been wounded. Secretary of War Garrison sent a copy of the report to the state department, which seemed to greatly perplex Secretary Lansing. The only statement obtainable was that no demand could be made on Mexico until some form of stable government shall have been established.

(Special to The Press.)  
San Antonio, Texas, Oct. 21.—Three United States soldiers were killed by Mexican bandits last night, and eight others were wounded, when from 75 to 100 Mexicans attacked 15 soldiers who were guarding ranches at Ojo de Agua, 60 miles north of Brownsville. Five dead Mexicans were found when daylight came, and it is certain that at least a dozen or more were wounded by the soldiers, who beat the bandits off after 40 minutes of firing.

The attack came unexpectedly and from all sides. Outnumbered more than five to one, the soldiers quickly rallied after the first rush of the Mexicans and soon drove them off.

The dead are: Sergeant Shafer, Private Joyce, Private McConnell.

Private Hebert, McConnell was from Michigan, his home being in Detroit.

The wounded men will all recover, it is believed, although two of the men are seriously hurt. The wounded were all struck in the first few minutes of the rush by the bandits. The remaining seven soldiers stood over their comrades and fired slowly and deliberately at the bandits who were shooting from all sides.

A relieving troop, stationed several miles away, was alerted. When it arrived, the bandits had fled.

The Mexicans wore white bandanas around their hats upon which was printed: "Viva Villa."

It is believed the band is one of Villa's commands that has started on a plundering tour.

San Sebastian, Texas, Oct. 21.—A band of Mexican bandits raided a ranch near here early today. Texas rangers and deputies came to the rescue but upon their approach the bandits fled. There were no casualties although there was some firing at long range. The spot is over 50 miles from Ojo de Agua, where Mexicans attacked soldiers during the night.

## SUPPLY IS PASTEURIZED

Dr. A. J. Carlson, city health commissioner, yesterday reported that milk produced from the plant of the Pine Ridge Dairy, Emil Lied, owner, was not certified milk but pasteurized milk. "I could not certify milk a long step in advance in making Escanaba's milk supply pure and certain," said Dr. Carlson yesterday. "The plant installed by Mr. Lied is the best on the market today and milk supplied from that plant cannot but be purer than that supplied from the ordinary dairy," he continued. "The process meets with all of the health requirements for pasteurized milk but it is not certified milk as that condition is only arrived at in connection with a pasteurizing plant, similar to this, and where the source of the milk supply and other conditions are carefully guarded over by a commission."

As a pasteurizing plant the works established here by Mr. Lied are the first of their kind in the peninsula and already have attracted wide outside notice.

## YOUTHFUL OFFENDERS ARE TO BE CAUGHT

Boys who have been annoying residents in all parts of the city, on Wednesday evening, reached the summit of the patience of residents and the police when they dumped ashes over the porch of a Campbell street residence. The lads who adopted the new stunt of annoying property owners are suspected and officers in plain clothes, who are patrolling the streets, are expected to make arrests and make public the names of the boys involved, in a few days.

## HELD FUNERAL HERE YESTERDAY

Funeral services were conducted yesterday afternoon at 2:30 o'clock over the body of Mrs. J. W. Lloyd, pioneer of Escanaba, at the home of the family at 520 Murray avenue. Many of the old residents of the city attended the funeral and accompanied the body to its final resting place at Lakeview cemetery. A large number of beautiful floral offerings were received at the home, demonstrating eloquently the esteem in which Mrs. Lloyd was held by those who knew her best.

## WILL OPEN THE BIJOU

The Bijou Amusement Company, of Chicago, has leased the Bijou theater in this city and will reopen that house tomorrow with a matinee performance. Carl J. Tolna has been engaged as manager of the house and will conduct the amusement place as a five cent house, limiting the admission fee for all time to that amount.

Matinee film programs of four reels with daily changes, will be offered by the management and every effort will be exerted to return the Bijou to its old time popularity. Announcement of the complete program for the reopening of the Bijou will be made tomorrow by the new management.

## HIRN PLAYS FULL BACK

Eddie Hirn, of this city, according to announcement in Chicago yesterday, will play full back for the Northwestern University football team against Illinois on Saturday. Although showing up late for practice with the purple squad the Escanaba lad has made a most favorable impression with the coaches. Patterson, veteran fullback of the team, has been shifted to right half, to make room for Hirn and every indication was offered yesterday that the Escanaba lad will start the game in the coveted position. The addition of Hirn to the squad being two Escanaba leads to Northwestern University's team as Stromberg, of this city is center and captain of the squad.

The Chicago Herald yesterday said: Coach Murphy's hospital list showed first signs of recovering last night when Quarter Back Underhill was sent in against the freshmen for the first time since the Iowa game. The rest seemed to have given him considerable more ginger, as he was the most consistent gainer against the yardline in the hour's scrimmage which followed the long signal drill.

With Williams still suffering from the bumps of the Hawkeye contest, the Purple coaches sought another combination in the back field to make an impression on the Illinois eleven. Patterson was shifted from full back, where he has played the last two seasons, to right half back, with Driscoll as a running mate. Hirn, Murphy's late hope in the ranks of the yard men to report, was given a chance at full back, and made such an impression on the coaches that he will in all probability be given first call to start the Illinois game Saturday. Although weighing only 147 pounds, he is a remarkable line plunger and will do a great deal to improve the Purple offense.

## HOLD FUNERAL THIS MORNING

Funeral services will this morning at 9 o'clock at St. Patrick's church, mark the laying to rest of another pioneer of Escanaba, Peter Sullivan, who had continuously made his home here for over 48 years. A large number of the older residents of the city will this morning attend the funeral of one who had an important part in the development of Escanaba from the village of long ago to the city of today. Relatives and friends from a wide territory have been gathered here to attend the funeral. Those who have come from outside points are: Mrs. J. Lynch, Miss L. Lynch, of Gladstone; D. Sullivan, of Houghton; a son; Mrs. Hanley, of Atlantic; John Hanley, of Atlantic; Mrs. R. J. Wick's, of Munising, a daughter, and Gene Sullivan, a son, of Fond du Lac.

## GERMANS FAIL TO HEAR PLEA

BRAND WHITLOCK IN BELGIUM MAKES FRUITLESS EFFORT TO SAVE NURSE, SERBS BEING CRUSHED

(Special to The Press.)  
London, Oct. 21.—The efforts of American Minister Brand Whitlock at Brussels, continued to the last minute, failed even to delay the execution of the death sentence passed on Miss Edith Cavell, an English nurse, by the German Military authorities for helping English, French and Belgian soldiers to escape from Belgium. Secretary Hugh S. Gibson held positive assurances from Conrad, an official of the German civil branch in Belgium, that the American legation could be kept fully informed of all developments in the case. This promise was renewed as late as 6:29 o'clock, the night before Miss Cavell was shot. Two hours later it was learned that sentence had been passed, even before this promise was made, and that the nurse was to face death during the night. Secretary Gibson and the Spanish minister, with D. De Leval, legal counsel to the American legation hastened to the quarters of Baron Von Der Lancken, governor general of the military province, and communicated him by telephone and made a strong plea for mercy. All efforts were futile. Before the court of last resort, Emperor Wilhelm, could be reached, the execution had been carried out. These facts were given out by Ambassador Page's correspondence tonight.

(Special to The Press.)  
London, Oct. 21.—Serbia, cradle of the world's war, tonight faces the possibility of extermination as an independent nation. Today's official statement from Nish admits that the Serbs are being crushed between the Austro-German steam roller of Marshal Von Mackensen on the north and the sledgehammer drive of the Bulgars on the west. "The arrival of Allied troops is awaited anxiously," the statement continues.

Almost if in reply to the plea comes the announcement that 400,000 British and French troops are to be sent to the Balkans. The allied troops that were landed at Saloniki are useless since the Nish-Solomki railroad has been cut.

London, Oct. 21.—German forces, under Field Marshal Von Hindenburg, have advanced to within twelve miles of Riga, the Russian Baltic port, for the possession of which a great battle has been under way for several weeks. The new offensive extends along a front of 70 miles.

(Special to The Press.)  
London, Oct. 21.—Declarations for the Teutonic allies in both Galicia and Serbia are admitted today in official statements issued in Berlin and advances from Petrograd say that the headway now being made by General Ivanoff against the Austrians and Germans in Galicia is so rapid that within a short time the Russians will be enabled to carry out a new campaign for the re-occupation of all or

## FIRST TEAM BACKS UP

Coach Hutto, of the Escanaba high school first team, announced yesterday that he will not allow his squad to appear in a game with the second team at South Park, as intended. The second team held the first string players to a scoreless tie on Wednesday and the refusal of Coach Hutto to send his charges against the seconds for a big game, is not appreciated by the student body who had hoped to see a crucial tryout for the first eleven. Coach Hutto's defense of the possible injury on players in the second team game, to seriously cripple his team for the Menominee game, is not taken seriously as if his team is not able to decisively trim the second string squad they are by no means fit to carry the Escanaba colors against Menominee in the game one week from Saturday. The local first team has won but one game this season and in the light of their past performances, should accept all opportunities that are offered for practice. Because of the failure of the first team to accept a game that was scheduled the second team Saturday will clash with the faculty squad at South Park.

6 a. m. 53	4 p. m. 62
8 a. m. 59	6 p. m. 59
10 a. m. 69	8 p. m. 57
Precipitation one year ago yesterday 0 inches.	

Escanaba says it's a going to take a year for the reconstruction of Mexico. In the meantime what?

Memominee is all "het" up over her water problem. If she had had one of those things on her hands as long as

Escanaba she'd grow accustomed to it without excitement.

Whether it will be policy to send Escanaba's first or second team against Memominee will be decided Saturday.

Time was when a term of circuit court here was a long drawn out session for exchange of legal wit and knowledge. When we can close up all of the work of a court term in less than three days it's a mighty good sign that we're a peaceful, law-abiding community, after all.

A little matter like a world war is not going to keep England and Germany from making additions to their navies that will measure up to the rather extensive plans in that direction held by Uncle Sam.

### THE PACIFIC MAIL

We have had dinner into our ears a tremendous lot about driving the American flag from the seas. And in proof thereof, we have been informed a few times a week for very many months of certain facts about two steamship lines known as the Pacific Mail and the Dollar line. One had visions of two tremendous steam merchant fleets; the flag flying from every port of the Pacific at once suddenly fluttered down and the banner of Japan took its place. All because congress had moved for a little better conditions for American seamen. It was rather disconcerting to discover that Pacific Mail and Dollar line together had not mustered a dozen ships under the American flag.

The five ships of the Pacific Mail have been sold. Here is the golden grain of undeniable fact. Mr. Redfield tells us that the general manager

of the line knew months before the sale that the LaFollette seamen's law would not have the effect that has been attributed to it. He adds that the general manager had been told that the company was overcapitalized and had not paid a dividend for sixteen years. He further comments that the sale of the ships for the Atlantic trade showed a very gratifying profit. Mr. Redfield even goes further to the statement that other capital is ready to enter the field in the Pacific that this line has vacated.

Following the explosion of the Dollar line's flag, this rather furled the sails of the fashion about driving the American flag from the seas. Mr. Redfield is off the facts for the consideration of the public. And it may as well be said that despite all the gentle things that will be said of him, no one can, for a moment that Mr. Redfield is lying or overstating things. Much is yet to be learned about the effect of the LaFollette seamen's law. But the lachrymose epic of its driving the American flag from the seas will have to have better foundations than the Pacific Mail-Dollar line serial has provided.

### ORDINANCE NO. 218.

An ordinance to prohibit and punish the practice of spitting and expectorating upon and throwing banana and orange peelings upon the sidewalks of any street or alley, park or public grounds, or upon the floors, stairs or steps of any public hall, theater or public building, frequented by the public, or upon the floors of any street car, or other vehicles used for public travel within the city of Escanaba.

The City of Escanaba ordains: Section 1. It shall be unlawful, within the City of Escanaba, for any person or persons to spit, expectorate or throw any banana or orange peelings upon any sidewalk or walk upon any of the streets, alleys, public grounds or parks of said city, upon the floors, stairs or steps of any public hall, or upon the floor of any street car or other vehicle used for public travel.

Section 2. Any person who shall violate any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and upon conviction in the City of Escanaba, and to license venue thereof, shall be sentenced to pay a fine of not less than one dollar, nor more than ten dollars, and costs of prosecution, or by imprisonment in the city or county jail not more than thirty days, or by both such fine and imprisonment in the discretion of the court.

Section 3. All ordinances or part of ordinances in conflict with the foregoing are hereby repealed.

Section 4. This ordinance shall take effect twenty days after its passage. State of Michigan.

O. V. LINDEN, Clerk of the City of Escanaba.

I, O. V. Linden, Clerk of the City of Escanaba, and keeper of the records thereof, do hereby certify that the above ordinance was read the second

time, and adopted by a majority vote of the aldermen elected, at a regular meeting of the Common Council for the said City of Escanaba, held at the council chambers on the Nineteenth day of October Nineteen hundred and fifteen.

O. V. LINDEN, City Clerk.

### ORDINANCE NO. 219.

An ordinance to provide for the standing committees of the City Council.

The City of Escanaba ordains: Section 1. That at the first regular meeting of the City Council in each year, there shall be appointed by the Mayor the following regular or standing committees, to-wit: A committee on Finance and Taxation; a committee on Claims and Accounts; a committee on Purchasing and Printing; a committee on Ordinances; Petitions, Motions and Resolutions; a committee on Fire Department; a committee on Health Department; a committee on Water; a committee on Sewer Department; a committee on Buildings; a committee on Parks; a committee on Poor; a committee on Sidewalks; a committee on Garbage. Each of said committees shall consist of three members.

Section 2. All ordinances or part of ordinances in conflict with the foregoing are hereby repealed.

Section 3. This ordinance shall take immediate effect. State of Michigan.

O. V. LINDEN, City Clerk.

I, O. V. Linden, Clerk of the City of Escanaba, and keeper of the records thereof, do hereby certify that the above ordinance was read the second

time, and adopted by a majority vote of the aldermen elected, at a regular meeting of the Common Council for the said City of Escanaba, held at the council chambers on the Nineteenth day of October, Nineteen Hundred and fifteen.

O. V. LINDEN, City Clerk.

I, O. V. Linden, Clerk of the City of Escanaba, and keeper of the records thereof, do hereby certify that the above ordinance was read the second

time, and adopted by a majority vote of the aldermen elected, at a regular meeting of the Common Council for the said City of Escanaba, held at the council chambers on the Nineteenth day of October, Nineteen Hundred and fifteen.

O. V. LINDEN, City Clerk.

I, O. V. Linden, Clerk of the City of Escanaba, and keeper of the records thereof, do hereby certify that the above ordinance was read the second

time, and adopted by a majority vote of the aldermen elected, at a regular meeting of the Common Council for the said City of Escanaba, held at the council chambers on the Nineteenth day of October, Nineteen Hundred and fifteen.

O. V. LINDEN, City Clerk.

I, O. V. Linden, Clerk of the City of Escanaba, and keeper of the records thereof, do hereby certify that the above ordinance was read the second

time, and adopted by a majority vote of the aldermen elected, at a regular meeting of the Common Council for the said City of Escanaba, held at the council chambers on the Nineteenth day of October, Nineteen Hundred and fifteen.

O. V. LINDEN, City Clerk.

I, O. V. Linden, Clerk of the City of Escanaba, and keeper of the records thereof, do hereby certify that the above ordinance was read the second

time, and adopted by a majority vote of the aldermen elected, at a regular meeting of the Common Council for the said City of Escanaba, held at the council chambers on the Nineteenth day of October, Nineteen Hundred and fifteen.

O. V. LINDEN, City Clerk.

STRAND THEATRE

To-day Matinee & Night Saturday Matinee Only

WORLD FILM CORPORATION Presents

The Distinguished Artist Jose Collins

"THE IMPOSTOR"

A dramatization of the successful play by Douglas Murray. The remarkable adventures of twin brothers and a fascinating gypsy girl.

Produced by Wm. A. Brady Picture Plays, Inc

Matinee 2:30-5:30. Evening 7:15-8:15, 9:15. Admission 10c

ALLIES PREPARE FOR 25 MONTHS OF STRIFE.

New York.—The allies are preparing for twenty-five more months of war. Contracts for munitions and supplies are being placed in the United States for delivery during 1917. Credits established at American banks are subject to payments during the same year. Most of the big concerns have accounted for their capacity during the next two years, and smaller establishments are participating in the orders. A combination of machine shops in the middle west is being effected, it is said to turn out shrapnel in bulk. The promoters have about close contracts involving approximately \$50,000,000, deliveries to be made through 1916 and 1917.

Stocks of some of the war supplies are becoming exhausted. This is particularly true of barbed wire which no longer to be had galvanized. It being delivered now finished only in single coat of gray paint, which does not even promise to be rust-resisting.

SERBIAN WOMEN MAY FORM AN ARMY OF A QUARTER MILLION.

Chicago, Oct. 20.—An army of 250,000 Serbian women, equal in numbers to the entire Serbian regular army, will be on the firing line against German and Austrian forces, according to John R. Palander, publisher of three of the leading southern Slavonic newspapers in America. "No women in the world are more courageous than the Serbian women, and they are not going to sit at home and let their fathers, husbands and brothers driven out of Serbia," said Mr. Palander. "Many Serbian women have been killed fighting at the front, and I have learned from my native land that it will be but a short time until the army of women soldiers will equal that of the men."

Theatrical . . . Gossip

THE DELFT.

The Two Orphans, carrying a least interest story that must appeal to all is to be the feature attraction of tonight's bill at the Delft.

Henrietta, (Theda Bara), and Louis (Jean Sothorn) are the two orphans. Henrietta is vividly beautiful and Louise, while equally fair to look upon, is blind. On the death of their parents in a French province, they are sent to Paris where an uncle has promised to provide for them. On their arrival in the capital, Henrietta, who has attracted the eye of the rascally Marquis De Presles, is abducted by his orders. Louise falls into hands of Mother Frochard, a professional beggar. Mother Frochard has two sons, Jacques, a swaggering handsome daredevil, too proud to work, and Pierre, a hunch-back, who earns an honest living as a knife grinder. In the squalid cellar that the Frochards call home, Louise is terrified by the same attentions paid to her by Jacques. Pierre, on the other hand, does all in his power to protect the blind wail. Meanwhile Henrietta has been taken to the Marquis's chateau. Frightened by her experiences and half mad with apprehension, she appeals to the assembled guests, one of whom, Chevalier De Vaudrey, rescues her after a duel with De Presles. Won by Henrietta's appealing beauty, the Chevalier wishes to marry her. His father indignantly refuses Lis consent and causes the girl to be sentenced to prison and exile. How she escapes this fate and with her blind sister finds the way to peace and happiness, makes a story of compelling charm and thrilling interest. "The Two Orphans" well deserves the term "photoplay supreme."

THE STRAND

The name of Jose Collins inevitably recalls that of her celebrated mother, Lottie Collins, who made a worldwide reputation in vaudeville theaters of the English-speaking world. Jose has done her distinguished parentage the utmost credit, for she has earned fame as a light opera star, and now appears before the world for the first time as a motion picture artist in the World Film Corporation's motion picture on Douglas Murray's successful play "The Impostor."

Miss Collins plays the part of "The Tearer," a wild gypsy girl, who marries a man who impersonates his dead brother. The dual role is in the hands of Alec B. Francis.

This is the second production for World Film of H. Capellani, the famous French director, who produced "The Face in the Moonlight," in which Robert Warwick is starred, a thrilling dramatic success, also on a dual role theme. The story is powerful and exciting, and holds from beginning to end. The acting is very intense and convincing, and the film makes a thoroughly sound offering which will please all patrons of the movies.

"The Impostor" will be shown at the Strand theater today, matinee and evening.

Get one of the new savings banks today at Farrel & Lohmiller's jewelry mas present. 2629-294-1f.

LETTERS PRAISE U.S. LOYALTY MOVEMENT

New York—One of the first to endorse the efforts of William Lustgarten to form an organization of foreign-born citizens who do not believe in hypenating their names, Eugene F. Kinkead, sheriff of Hudson county, N. J., who is known throughout the country because of his success in bringing about a settlement of the recent Standard Oil strike at Bayonne.

In his letter to Mr. Lustgarten, Sheriff Kinkead, says:

"I congratulate you on your efforts among our foreign born to cause them to drop the hyphen. Let us be Americans. I happen to have been born in Ireland, but my parents were American citizens at the time."

Extracts from other letters of commendation are as follows:

Chamber Commerce: "It is about time Americans of German or other foreign descent spoke up and condemned the hot air of the excited hypenated individuals. I have traveled and seen much of Germany and am proud of her historic past and achievement in industry and commerce, but I am in no sympathy with her military endeavor."

Dr. William Gotthell a leading New York physician: "I have always been opposed to separatist societies and newspapers, and I have had to fight it for years in the medical circles. Now that it has culminated in the 'dual nationalist' heresy it is time that some thing should be done. Kindly enroll me as a member."

STATES POCKET BOOK IS FLAT

Lansing, Mich., Oct. 21.—But \$535,000 remains in the general fund of the state treasury, and only \$889,000 in all funds, including trust funds for the state institutions and boards. More than \$111,000 was paid out of the general fund Saturday. This financial situation which the state treasury is facing bears out the statement made several months ago that the general fund of the treasury would be depleted by January.

With ordinary conditions surrounding the state it takes on an average of \$500,000 to run the general fund of the state each month, and receipts are about done for this year. From now on it will be a steady drain on the general fund. State taxes are due in December, but the county treasurers do not make their returns until late in January.

The auditor-general has informed all the state institutions that the state is temporarily on the financial rocks and warns all of them to be as careful as possible about making requisitions. All the institutions are apparently willing to get along with as small an amount as possible until the situation can be relieved by the payment of state taxes.

People You Know; Things You Don't

Mrs. W. D. Dixon, of Calderwood, who was called to this city on account of the death of her grandmother, the late Mrs. J. W. Loyd, of this city, returned to her home Thursday evening.

You Make No Mistake By Waiting?

The biggest and guaranteed bona-fide sale of Kratze Bros.' enormous stocks will soon be thrown open to the people of Escanaba and vicinity. This is not to be a sale of odds and ends, old style merchandise and of manufacturers' job lots, wagons loaded into a store for fooling the public, but a guaranteed, genuine, electrifying price-reducing sale of the entire stock of high class merchandise for which Kratze Brothers have the reputation for carrying.

This is to be an opportunity of a life-time, one that will not occur soon again and it is up to you to supply your personal as well as household needs at the sensational low prices we are putting on the goods. Our entire force has been busy daily for weeks, remarking and reducing prices.

Watch For It! Wait For It! WHAT? The Day of The Announcement

Mrs. J. E. DeJarlé, of Chicago, who was called to this city to attend the funeral of her uncle, the late Matthew Preister, left for her home Thursday evening.

BRITISH MARINES MASSACRED CREW

Washington, Oct. 20.—German embassy officials announced last night that they had filed at the state department a copy of a dispatch made recently in New Orleans by American reporters of the British steamship Neoslan, which that morning and sailors of the British patrol boat Baralong killed the commander and 19 men of the German submarine who were seeking refuge after their vessel had been sunk.

and that four of the Germans who had boarded the Neoslan and the six clinging alongside were shot down.

The submarine commander, he said, was killed by volleys fired after he had dived overboard and was holding up one hand in token of surrender.

Current also asserted that later he saw a letter sent by the captain of the Neoslan, asking him to caution his men, particularly the Americans, to say nothing about the incident or their arrival at Liverpool or their return to America.

A. L. Summers of Racine is visiting with relatives and friends in the city. Prompt auto service is our specialty. Call us whenever you're too tired or have too far to walk. Phone 381 444-W only. 2508-267-1f.

BRITISH CHURCH HEAD BARS TABLET CALLING GERMANS "MURDERERS"

London, Oct. 20.—"The wall of a church is not an appropriate place to perpetuate hatred," was the reason given by Sir Phillip Wilbraham, chancellor of the diocese of Chester, in refusing to permit a Lusitania memorial tablet in a church to bear the inscription "who was murdered on the Lusitania by the Germans." The words "murdered," Sir Phillip said, would have to be taken out of the tablet. He argued that the inscription should read: "Whot lost his life when the Lusitania was torpedoed by the Germans." This was agreed to.

CARD OF THANKS We wish to thank all our friends for their comforting assistance during the last illness and death of our wife and mother, and to express our appreciation of the many beautiful flowers which were sent as tokens of love and esteem. J. E. Brunelle and Family.

OUR OPENING A SUCCESS

## THE WAR

London, Oct. 21.—A Rome dispatch to the Daily Mail gives the report that the entente allies will send an ultimatum to Greece, insisting that she defend her position.

London, Oct. 21.—Battles south of Riga where the Germans have made some progress in the new thrust at the Baltic province port and in Vol-

hynia and Galicia, where the Russians have gained rather important victories are now competing in interest with the operations in the Balkans. The Germans have concentrated very large forces with a great amount of artillery, south of Riga, and as a result a stubborn battle has been in progress for several days. Field Marshal von Hindenburg who is in command in this region, reported two days ago that his forces had reached the river Dvina, but, as on previous occasions this broad and fast running waterway appears to have held him up for the time being.

The situation, however, is consid-

ed by the Russians to be more serious than it has been for a long time and there is again talk of the evacuation of Riga by the military, who have been in sole occupation of the city since the civilian population left a month ago.

At the other end of the eastern front the position is just the reverse. General Ivanoff, who has proved himself to be the most aggressive of the Russian commanders, has been striking hard at the Austro-German forces on the middle Stry and all along the fringe of Galicia that is still in Russian hands. At several places he has driven his opponents back and there is a report tonight that the Austrians have evacuated Czernowitz, a report which finds some confirmation in an Odessa dispatch declaring that the Russians have abandoned their contemplated evacuation of the northern district of Bessarabia.

The progress of events in Serbia is surrounded by considerable mystery. The Austro-Germans and the Bulgarians are advancing all along the various fronts, but not with the speed anticipated. The Austro-Germans apparently have spread their army over a wider front, as Berlin tonight reports that they are advancing on Shabatz, which is a long distance west of Belgrad, while for the Bulgarians, it is claimed that they have captured Sultan Tepe, southwest of Egri Palanka, and that in advancing toward Kumanovo they took two thousand prisoners. Both of these places are east of Uakup.

There is still some doubt as to whether they have cut the railway near Vranja, the Serbian government denying the report that they have done so, while other accounts say the Bulgarians reached the city but were driven back.

The general opinion is that the Germans, in the first place, aim at the Serbian grain country, of which Pozarevac, already has been reached by them in the center, while the Bulgarians are making straight across the country for Macedonia, where they will find part of the population friendly to them.

The Anglo-French forces have been in action near the Greco-Bulgarian frontier, but seemingly the battle was not an important one, as no official report has been issued with regard to it.

The Germans, according to the British and French statements, attempted offensive movements near Hulluc and Rheims yesterday, but again suffered severe reverses. On the other hand the Germans claim success near Prunay in the Champagne district.

C. W. Hutchinson, of Menominee, is transacting business in this city this week.

## DAILY LETTER

The further sensational advance in Bethlehem Steel today to 59 7/8 was the feature of the day. This was an advance of seventy points from last night's closing. All the steel shares and Motor stocks were higher, Studebaker gaining 17 points. A prominent New York News Agency wires that large producer of copper said that in inquiries for copper from Europe aggregate a total of close to 100,000,000 pounds. He further adds that one of the largest foreign buying movements in copper since the war began likely to set in at any time. According to all reports, the demand for copper during the past ten days has not been slack by any means. It is even estimated that close to 50,000,000 pounds have been sold. Notwithstanding the favorable outlook from the metal stand point, copper shares were slow today. There has been steady liquidation in inspiration the past few days. We are told that Isle Royale is going to be a leader in the lake shares. Greene looks attractive to us to buy, and we believe that the sale of inspiration and the purchase of Greene, Calumet & Arizona and Steel Common will prove profitable.

## Boston Markets

Copper shares were again very dull and uninteresting. Lake Copper reported some sales at 17 1/2-5 to 7-8.

## TWO CHILDREN HAD CROUP

The two children of J. W. Nix, Cleveland, Ga., had croup. He writes: "Both got so choked up they could hardly breathe. I gave them Foley's Honey and Tar and nothing else and it completely cured them." Contains no opiates. Cuts the phlegm; opens air passages. Sold everywhere.

"Last winter I used a bottle of Chamberlain's Cough Remedy for bad bronchial cough. I felt its beneficial effect immediately and before I had finished the bottle, I was cured. I never tire of recommending this remedy to my friends." writes Mrs. Wm. Ham Bright, Ft. Wayne, Ind. Obtainable everywhere.

**Horses in Australia.**  
Australia contains about 45 horses to every 100 residents.

### MAKE DISCOVERY OF ANTISEPTIC

Paris, Oct. 21.—Dr. Alexis Carrel and Dr. Henry M. Dakin in making their discovery of the new antiseptic for gunshot wounds carried on the work with artillery fire sounding almost constantly. Several houses near the chemical laboratory of the Rockefeller Foundation at Compiègne were struck by the huge 42 centimeter shells. However, Dr. Carrel has continued on duty in his laboratory without permitting his researches to be interrupted.

The antiseptic is the result of eight months of experimental study in the laboratory and of six months' test in various French military hospitals. As it has met the required tests, it is expected that the antiseptic will be used on a large scale by the surgeons of the French army. In connection with a statement concerning the new qualities of the antiseptic, Dr. Carrel said that while there had been a surprising lack of epidemic diseases this past summer in the trenches, the greatest medical need of the war was an antiseptic which might be used immediately after a soldier had been wounded in order to prevent the frightfully rapid infection which sets in at the early stage of the wounds.

He explained it was not wounds but infection, caused through the carrying of soiled bits of clothing into wounds by projectiles, that brought about the majority of deaths. He said that antiseptics therefore known, while often good for external use, were not effective for washing deep wounds, where the infection was most violent.

During the later work on the new antiseptic, Drs. Carrel and Dakin laid down the general principle that neither antiseptic powders nor antiseptics dissolved in oils or vaseline should be used, but that an antiseptic should be applied in liquid form.

The new antiseptic, which is based on hypochlorite of soda with its irritating properties neutralized by the use of carbonate of lime and boric acid, may be left on a wound without any inconvenience. The antiseptic is prepared by the decomposition of chlorate of lime with a solution of carbonate of soda, filtered and then boric acid added. This final solution of the antiseptic should not be kept more than a week nor should it ever be injected into the veins. By the use of alcohol, a solution may be obtained that remains efficient for at least a month. Such a solution has already been placed at the disposition of Paris surgeons.

The antiseptic was found to destroy gangrene tissues. It also possesses the quality of arresting blood flow in a limited measure. In practical hospital work the antiseptic developed remarkable strength.

### GAINS \$2 CASH WHEN HIS MONEY IS BURNED UP.

Janesville, Wis., Oct. 21.—John Burns concealed \$450 in an unused gas heater. His wife lighted the heater and the paper money was burned to a crisp. The charred bits were sent to Washington and the government sharps figured out \$487 and sent it to him.

### MIX THREE SPOONFUL With Your SOAP

### SKITCH

Here's a recipe for taking the hard work out of washday. First throw your washboard out of the window—you won't need it. Next mix three level teaspoonful of *Skitch* with your soap, according to directions printed on the box, and boil the clothes 20 minutes. Then rinse in lukewarm water, blue—and you're through!

That is absolutely all there is to it. The clothes come out of the boiler spotlessly white and not a thread of the finest fabric injured. If your grocer doesn't sell *Skitch*, send his name to Hans Fichtensberg, Milwaukee, Wis., and a free sample will be sent you.

### NEW TEMPLE IS THE EXACT REPLICA

Washington, D. C., Oct. 20.—To the many memorable events which cluster about the making of the nation's capital must be added one other, the dedication of the new Scottish Rite Temple today. The occasion was made notable by the presence of the entire membership of the Supreme Council of the Ancient and Accepted Scottish Rite for the Southern Jurisdiction of the United States, together with other prominent representatives of the order from all parts of the country. The dedication ceremonies were presided over by Sovereign Grand Commander George Flemming Moore.

The new temple is considered one of the most beautiful and artistic buildings in Washington. It has been in course of construction more than four years and has cost about \$1,750,000. The building proper is of Indiana limestone, while the steps, an important feature, are of Massachusetts granite. The steps leading to the main entrance are 200 feet in length, larger than those of the capitol, and said to be the largest in the

city, even considering the government structures.

The building is said to be the only exact duplicate of King Solomon's Temple that has ever been built. It is rectangular in shape, the central part, above the base, being surrounded by a colonnade of 33 monolithic columns, each 36 tons. By these is supported a classic frieze, surmounted by a rectangular, pyramidal roof.

At each side of the main entrance stands an enormous stone sphinx. The blocks of stone from which they were carved are said to be the largest ever quarried in this country, weighing 55 tons each. Owing to the fact that they were taken to the site of the new temple on a freight car drawn by horses on rails laid through the street.

There are many special features of the temple, not the least attractive being the library, containing the most complete collection of Masonic literature in the world. Probably the most beautiful chamber in the great structure is the council chamber in which is to be installed one of the most magnificent pipe organs in the country. This chamber is 75 feet square and 75 feet high, and no expense has been spared in its furnishings.

You make no mistake when you get your job printing at the Morning Press. Nothing but first class work.

### ORDINANCE NO. 221

An Ordinance to require a permit be obtained from the Building Committee for the erection of a new building, or the alteration of an existing building, where the expense involved exceeds the sum of One Hundred Dollars, and where the premises are outside of the Fire Limits, and to establish a building line.

The City of Escanaba Ordains: Section 1. That hereafter no person, firm or corporation shall cause a new building to be erected in the City of Escanaba, outside the fire limits of said city, or any material alterations or additions to be made to any already existing building in said city outside the fire limits, where the expense of the construction or alteration exceeds the sum of One Hundred dollars, without obtaining a permit from the Building Committee; Provided That, no new building or any material alteration to any already existing building where the premises are within the fire limits, shall be made without compliance with the ordinance governing the fire limits of the city of Escanaba.

Sec. 2. It shall be the duty of any person, firm or corporation desiring to build a new building in the City of Escanaba, or to make any substantial alterations or additions to any already existing building in the City of Escanaba, where the premises are located outside the fire limits, and where the cost of the construction or alterations exceed the sum of One Hundred Dollars, to make a statement in writing to the Building Committee, which shall plainly and fully set forth the size and probable cost of the proposed new building, or the size and probable cost of any material or substantial alteration or addition to any already existing building, and shall set forth the proposed location of said building, alteration or addition upon the land upon which it is to be constructed, and the street and number of the property.

This statement shall be made on a blank to be furnished by the city, which may be had at the City Clerk's office, and no person, firm or corporation shall proceed to erect any new building in the City of Escanaba, or cause the same to be erected, where the expense of the construction exceeds the sum of One Hundred Dollars, or make any alterations or additions to any existing building in the City of Escanaba, where the expense of such alteration exceeds the sum of One Hundred Dollars, without first having made such application to the Building Committee of the City of Escanaba, in writing.

Section 3. Upon receiving such application, the Building Committee shall cause two copies thereof to be made, and file one with the building committee, and the other with the City Assessor of the City of Escanaba, and the original shall remain on file in the office of the City Clerk, and

thereupon the Building Committee shall issue a permit, if the proposed construction or alteration is not in any way in violation of any of the said ordinances.

Sec. 4. That hereafter no person, firm or corporation shall cause a new building to be erected in the City of Escanaba, or any material alteration or addition to any already existing building in said city, except in conformity of the well established building line of the block or street upon which such building, alteration or addition is to be erected, and beyond which such buildings shall not extend, as such building lines may from time to time be established by authority of the Council; Provided, however, that if the buildings upon any street are upon different lines or constructed at different distances from the line of such street, then in such case, before a new building shall be erected on such street, or before any material alteration or addition shall be made to any existing building, it shall be necessary for the owner or contractor thereof to first obtain a permit, as required by Section 3 of this ordinance, and authority from the Common Council of said City to construct or repair such building on a line to be established by said council.

Sec. 5. No permit shall be valid unless acted upon within one year from the date of its issuance.

Sec. 6. Any person, firm or corporation who shall erect or cause to be erected a new building in the city of Escanaba, or shall assist as contractor or employee in carrying on such construction, or in making any substantial alterations or additions to any already existing building where the cost of the new construction or the alteration exceeds the sum of One Hundred Dollars, without having obtained a permit provided for in this ordinance, shall be deemed to have violated this ordinance, and upon conviction in any court of competent jurisdiction, shall be punished by a fine of not less than five dollars or more than fifty, or imprisonment in the city jail or county jail of Delta County not to exceed thirty days, or both such fine and imprisonment, in the discretion of the court, before whom such conviction shall be had. This ordinance shall take effect twenty days after its passage.

State of Michigan, City of Escanaba. I, O. V. Linden, Clerk of the City of Escanaba, and keeper of the records thereof, do hereby certify that the above ordinance, was read the second time, and adopted by a majority vote of the aldermen elected, at a regular meeting of the Common Council for the said City of Escanaba, held at the council chambers on the Nineteenth day of October, Nineteen hundred and Fifteen.

O. V. LINDEN, City Clerk.

### DIVIDE U.S. AMONG FIGHTING COUNTRIES

Paris, Oct. 21.—The subjoined curious communication written on thick official-looking folio paper without any indication of its origin has been delivered by messenger at the office of the Agence Havas, the principal news agency in France:

"The United States as the prize for settlement of the present European conflict.

"It is stated on high authority that suggestions have been made in the diplomatic circles of European chancelleries declaring that the easiest solution and the one most acceptable to all the warring nations would be the partition among them of the United States of America. The United States of America are a most inviting prize as compensation for the sacrifices rendered by these nations, and an arrangement on the basis of the respective relations of the different nations is surprisingly practicable.

"So far from being a visionary scheme for a solution of this great world conflict, the fact is only too apparent that only a small part of the effort expended in the sanguinary

struggle, now raging would have sufficed to satisfy all nations in their respective ambitions.

"A noted diplomat declared his surprise that this idea of the partition of the United States had not emerged sooner, because the land is so largely made up of the constituency of all the warring nations.

"The tentative plan to satisfy thus the national ambitions of the European countries at war, instead of prolonging the internecine struggle, is broadly outlined as follows:

"Great Britain is to occupy New England Maryland, Virginia, North Carolina and South Carolina, Georgia and Florida.

"France is to get the French parts of Eastern Canada and the states of Louisiana, Mississippi, Alabama, Arkansas, Tennessee and Kentucky.

"Germany is to occupy the states of New York, Pennsylvania, Ohio, Indiana, Michigan, Illinois, Missouri, Iowa, Wisconsin and Minnesota.

"Japan is to take the Pacific Coast; the State of Oregon, Upper and Lower California.

"Mexico is to be compensated for Lower California by ceding to it Arizona, New Mexico and Alaska.

"Russia will receive Alaska.

"The Panama Canal will be declared free, to let the Western states, North and South Dakota, Kansas, Oklahoma, Washington, Montana, Wyoming, Idaho, Utah, and Colorado will be con-

solidated into an imperial crown- domain of the German Empire.

"Though these 'satisfactions' are to be acquired in a concerted campaign each of the several nations is to effect the occupation of its own allotted territory.

Iconfi-filweF.P. ???Mblule.

"Thus, it is claimed would best be met the rights and interests of the different nations of old Europe, as it would safeguard their national under their respective flags.

"Whatever be said about this bold solution it should be appreciated that in many ways it is more feasible than the three successive partitions of Poland, which nevertheless are historic facts.

"Truth is sometimes stranger than fiction. This alleged tentative under a dog of the powers at war may be designated to imaginative fiction, but it is surely not stranger than the best truth, and it might easily take its form."

### Disquieting Announcement.

Three-year-old Alice and her parents were going away for a visit. The morning of their departure, a train time named, Alice watched excitedly for the cab to take them to the depot. As the vehicle came in sight she ran to her mother screaming, "Mamma, mamma! Our horses has come!"

### MOTORBOAT USED IN DUCK HUNTING

Marquette, Oct. 21.—The investigation by the state game department of reports from Marquette campers on Au Train lake that persons were hunting ducks on that lake with motor boats at night led to the arrest a few days ago of Donald S. Boynton, of Chicago, and his subsequent fine of \$25 and costs which he paid in Justice Tracy's court in Munising.

Reports of the alleged law violation reached State Game Warden Octave about a week ago and he immediately ordered Deputies Thornton and Vixen of Alger county to investigate, and Boynton's arrest followed. Boynton is a member of a Chicago club of sportsmen who camp at Au Train lake every year. Boynton plead guilty to the charge against him but said that he did not know it is unlawful to hunt ducks from a motor boat in Michigan.

That Kept Her Busy. "My wife speaks four languages. Mine only finds time to speak one." Boston Transcript.

It's two for one tomorrow and as long as the supply holds out—two cakes of your favorite Palmolive for the price of one.

Just tear out the coupon that appears below. It's "legal tender" at any store where the soap is sold—will buy you one cake of Palmolive Soap if you buy another. You get two cakes for only 10 cents by presenting this free 10-cent coupon.

It isn't necessary, here, to dwell upon the excellence of Palmolive and the qualities which make it the great and favorite toilet soap.

If you have used Palmolive even once you know, and will be the first to use the coupon.

If you haven't, this is your chance to prove the truth of all you have heard about Palmolive. To make the acquaintance of this great Palm and Olive oil soap.

Take the coupon to any dealer that sells soap and he will honor it.

## If You Will Present This Coupon

You Buy This

We Give You This

10c

This coupon will be accepted (if presented within thirty days) as full payment for one cake of Palmolive Soap when the holder purchases another cake at the regular price.

Only one coupon may be presented by each family and the name and address of the party receiving soap must be signed in full to the following:

I hereby certify that I have this day purchased one cake of Palmolive Soap from my dealer and received one cake of Palmolive Soap Free.

NOTICE TO DEALERS: This coupon will be redeemed at 10c in cash only under following conditions: It must be returned direct to the U. S. Johnson Soap Company, Inc. It must bear the full name and address and be signed by the party receiving the soap. WE POSITIVELY WILL REFUSE TO REDEEM COUPONS CUT FROM NEWSPAPERS PURCHASED BY DEALERS.

### NO PENNANT TO PLAY FOR

Although Escanaba can but have a passing interest in the matter, it develops that there is to be no upper peninsula football championship this season. It is said that such an agreement was reached at the annual convention of the Upper Peninsula Educational Association at Marquette. A Marquette school official has written to the Mining Journal concerning the matter, as follows:

To The Mining Journal: In view of the fact that there has been considerable comment in Marquette, Menominee and Escanaba papers over the upper peninsula high school football championship and the alleged existence of various aspirants thereto, it seems best to state the position of the Marquette High school concerning this matter.

First, Marquette High school has not, does not, and will not lay claim to the upper peninsula championship, for the reason that there is no such championship. No championship series of games has been arranged, and the school authorities of the upper peninsula are practically unanimous in their opinion, expressed at a meeting during the recent convention in this city, that there should be no talk of championship.

Second, Marquette does claim to have a rattling good team and to have made a splendid record. It has two hard games yet ahead, one with Sault Ste. Marie on Oct. 23, and one with Calumet on Oct. 30. The result of these games might be to put a stop to all plans for a game with a Southern Michigan team.

Third, if a game is arranged with Menominee, it will be for the purpose not of deciding any upper peninsula championship, but to determine which of two very strong teams can gain a decision over the other.

Fourth, if a game is arranged with a Lower Michigan team, it will be arranged not on the basis of Marquette's having won an upper peninsula championship, but on the basis of Marquette's having made a sufficiently strong record to cause a Lower Michigan team to regard the Marquette team as a worthy opponent, and a good drawing card.

Sincerely yours,  
H. D. HUGHES.

### GERMANS FAIL TO HEAR

(Continued from page one.)  
Galicia and Bukovina.

The Berlin official statement says that in the region of Riga further progress is being made by General Von Hindenburg, but that south of the Styr river, in Galicia, the German forces were "further compelled to retreat, losing a few cannon."

St. Petersburg does not specifically mention this retreat, but does announce a battle south of the Styr in which the Russians were victorious, drove three divisions of Austrians into a retreat that broke up the organizations, and captured more than 20 cannon, besides several machine guns and supplies.

In Serbia, the official statement admits the repulse, with heavy loss, of the Teutons in the Baranovichi region. Nish says concerning this Serbia victory that the Serb forces captured 2,600 Germans, 10 machine guns, several cannon, a quantity of ammunition and transport wagons and supplies.

On the other hand, the Bulgarians appear to have successfully negotiated the cutting of the Saloniki road and to have captured Vranja and Volosso, on that road. French troops are operating here, but they have succeeded in cutting the allied forces to the south of Vranja from those to the north and it is now a question whether the two forces will be able to unite until further reinforcements are sent. The official statement from Nish today says that the Bulgars have cut the railroad but says that already Serbian and French troops are engaged with the enemy with a view to driving him out and restoring communication.

London, Oct. 21.--The British government has formally offered to cede the islands of Cyprus to Greece in case she makes cause with the allies against Bulgarian and the Teutonic allies. The proposal is not unanimously approved in London, the Press Standard saying:

"We object to bribes, especially useless bribes. If Greece refuses to carry out her bargain with Serbia, how can we be sure she will carry out another?"

Cyprus is the third largest island in the Mediterranean. It formerly belonged to Greece but was taken by Turkey. Later the British government forced Turkey to accept a British resident-governor because of the alleged cruelties of the Turkish rulers.

Daily Thought.

It is only through labor and full effort, by grim energy and courage, that we move to things--Theodore Roosevelt

### DRYS ARE ENDANGERED

(Continued from page one.)  
ly quit. Should the boards adjourn until January the matter can be fixed then, but in "wet" counties, the "drys" fear that the boards will not adjourn till January, which will block the whole submission.

Particularly does the adjournment proposition enter into the case in Washtenaw county. There, through misinformation given to the "drys," signatures of but 30 per cent of the registered voters were secured, whereas 33 1-3 per cent were necessary. The petitions contained just one name less than the needed one-third. The board has voted to adjourn without date so that Washtenaw will stay wet at least another year.

St. Ignace, Mich., Oct. 21.--The supervisors of Mackinac county have thrown out the petitions asking the submission of local option to the voters in the spring.

The vote was nine to eight and was based on the decision of the attorney-general.

There was a grave irregularity in taking up the petitions in the different wards and townships.

East Tawas, Mich., Oct. 21.--Local option petitions, submitted to the Isoco supervisors by the "drys" have been withdrawn because of irregularities found by the "wets'" attorney, John A. Stewart. An affidavit had not been filed in time. The supervisors' committee asked the opinion of the chairman of the "drys" and acting on his advice reported O. K. and the supervisors adopted the report.

### WILL TEST OUT A CITY ORDINANCE

The validity of the city ordinance prohibiting the location of slaughterhouses in certain portions of the city, is to be tested in the courts. Dr. A. J. Carlson, city health commissioner yesterday made complaint against Nicholas Gunter, charging the operation of a slaughter at 419 Ludington street. Mr. Gunter has demanded a jury trial and this morning the case will be heard in Judge C. D. McEwen's court. Mr. Gunter asserts that on two previous occasions he has established his right to conduct a slaughter house at the location, by appealing to the circuit court and insists that he will again appeal to the higher court if a decision adverse to him is rendered the lower court today.

Chronic Constipation.

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs. John Newton, Irving, N. Y. Obtainable everywhere.
