

CONGRESS TO OPEN MONDAY

HISTORY MAKING SESSION OF NA-TIONS GOVERNING BODY WILL OPEN TOMORROW.

How Congress Will Be Made Up.

HOUSE	
Democrats	229
Republicans	196
Progressives	9
Socialist	1
P Independent	1
SENATE	
Democrats	53
Republicans	42
Progressive	1
Democratic majorities: In House	10; In Senate, 24.

(Special to The Press.)
(International News Staff Correspondent.)

Washington, Dec. 4.—The curtain will rise Monday on an epoch-making Congress, the stage is set for one of the most momentous sessions in the history of the nation.

The acute international situation due to the world war, the question of adequately preparing the country for defense, the problem of trying to turn a deficit into a surplus in the national pocket-book to meet heavier expenses than ever before, the partisan bickering always to be expected than presidential election year, and a multiplicity of other important pieces of legislation will combine to fill the session from beginning to end with animation.

Some of the leading roles will be played by history-creators of by-zone Congressmen who "return from Elbe" after two years' exile following the 1912 upheaval. The chief experienced actor of this class will be "Uncle Joe" Cannon, dethroned as speaker four years ago and exiled two years ago. Another of the old-time stars will be William R. McKinley of Illinois, manager of the Taft campaign in 1912.

There will be a host of new talent, however. In the House approximately 100 seats will be taken by new congressmen. The senate will see a few new faces. Of chief interest among these will be Oscar Underwood who gives up his leadership in the House to don a Senator's toga. Curtis of Kansas, is a "come-back" Senator.

STREET LIGHTS ORDERED UP

At the meeting held Friday night by the board of public works the bills for the month of November were ordered paid. Street lights were ordered to be placed on the corners of Georgia and Park avenues and at Park avenue and Sarah streets.

BARK RIVER MEN WERE IN COURT

After a hearing in Judge C. D. McEwen's court on charges of selling intoxicants to a common drunkard, Joseph Frechette, of Bark River, was found not guilty of the charge while Frank Perow was bound over to the circuit court for trial.

CHRISTMAS SHOPS HAD FINE TRADE

After being conducted for nearly an entire week, the Christmas shops arranged by the women of St. Stephen's Episcopal church at 708 Ludington st., were closed last night. Throughout the week a thriving business was conducted at all of the attractive booths arranged in the store building, making the undertaking an immense financial success.

DUCK DEMAND AT HIGH TIDE

The offer of a live duck for a full book of stamps was so well responded to yesterday that in a short time the Fair Savings Bank, the firm that made the offer, found themselves short of the feathered fowls and orders had to be given to many which will be honored on Monday when a new shipment of the birds will arrive in this city.

MANDAMUS IS DENIED

JUDGE R. C. FLANNIGAN HANDS DOWN DECISION REFUSING PETITION OF DRY FORCES IN MENOMINEE COUNTY

Judge R. C. Flannigan, in the Menominee county circuit court yesterday, handed down a decision denying the application of the "dry" forces of Menominee county for a writ of mandamus to compel the board of supervisors to reconvene and take action to allow the submission of the local option question to the voters of Menominee county at the April election.

In the decision of Judge Flannigan it is held that the board of supervisors for Menominee county acted legally when they refused to submit the local option question in that county, on the petitions that were before them. As practically the same objections to the dry petitions that were filed in this county were urged in Menominee county, where the objections were upheld and where the court has now ruled in support of the objectors, it

MEMORIAL HELD TODAY

More elaborate preparations have been completed for the annual memorial service of the Escanaba lodge of Elks for this year, which is to be staged at the Elks temple this afternoon at 2:30 o'clock, than ever before in the history of the lodge. In addition to the lodge ritual, the memorial address, several numbers by Toland's orchestra, several selections will be given by leading vocalists of the city.

MAN KNOWN HERE INSTANTLY KILLED

Word was received in the city yesterday by Hugh Burke, announcing the death near Marquette of Michael Boyle, an uncle of Mrs. Burke. Mr. Boyle was killed Thursday evening, when he was struck by a train at Big Bay. The body was brought to Marquette for burial, accompanied by his son, Charles Boyle, who resides at that place.

Mr. Boyle frequently visited Escanaba in former years, and has a host of friends in the city, who will receive the announcement of his death with deep regret. Hugh Burke left yesterday for Marquette, where he will attend the funeral.

MRS. MAC KENZIE IS BOUND OVER

Charged with conducting a disorderly house, Mrs. James McKenzie was yesterday bound over to the circuit court for trial in Judge Emil Glaser's court. A similar charge that was preferred against James McKenzie was dismissed.

DAM IS IN COMMISSION

GREAT FUND OF RESERVE POWER MADE AVAILABLE BY TURNING OF SWITCH YESTERDAY

The turning of a switch at noon yesterday at the Escanaba Traction company's new No. 3 dam, on the Escanaba river at Chandler's Falls, made available for Escanaba and Delta county's industries an additional motive force of 3200 horsepower. The power was turned on at the dam yesterday for the first time.

With the turning of the switch the traction company was given a reserve store of electric power that will be used in moving the wheels of present and future industries of the city and surrounding district.

Some of the power furnished from the new dam for the present will be applied at the plant of the Escanaba Pulp & Paper Co., where additional grinders are being installed making possible the doubling of the pulp output.

Constantly stored up and ready for instant use the power furnishing concern will have at its disposal, above all of its present demands, a fund of power that is bound to have a strong influence in attracting new industries here through the offer of cheap power.

The new dam and power station, just completed, is the last word in structures of its kind. The power producing machinery installed is of the latest type obtainable and the interest of officials of power producing companies throughout the country will be centered here for the next several months because of the installation of the new improved "umbrella" type generator. The generator is the first of its kind that has been turned out by the Allis Chambers Company of Milwaukee, after its success had been fully assured by the company's engineers, and the operation of the new generator will be equally of interest to the builders.

When the machinery was placed in operation yesterday there was not a hitch of any kind and last night the station was in full operation with every part running to the immense satisfaction of the traction company's officials.

FINNS GET A THIRD CONTINUANCE

The case of the three Finns, Paul Seaka, Andre Hill and Victor Halberg, who it is alleged, attacked and robbed Frank Maka, which was booked yesterday, was adjourned until Monday morning when they will have their hearing before Justice McEwen and an attorney will defend the accused. The hearing was adjourned until Monday on account of the illness of the prosecuting attorney, H. J. Rushton.

WELLS MAN IS TO TAKE BRIDE

At Stambaugh on Monday morning, Miss Edith Myddilyn, of that city, will become the bride of Leonard Johnson, of Wells. The bride will be attended at the ceremony by Miss Irene Lavolette of this city while Mr. Gilbert Hammond, of Wells, will serve as groomsmen. The bride of Monday is a popular young woman of Stambaugh while the groom is employed as a fireman by the Escanaba & Lake Superior Railway, running out of Wells.

RIBBON SALE DREW A THROG

A ribbon sale staged yesterday at the Ed. Erickson Company's store attracted to that store the greatest crowd of shoppers of the year. Last night a perfect crush of patrons was banked about the ribbon counters and windows, from which sales also were made.

Knut Knutson made a business trip to Ford River yesterday. Miss Margaret Touhy returned to her home at Oak Park, Ill., after visiting with Mr. and Mrs. John O'Meara for the past few weeks. Noel Blanchett left last night for Schaffer to spend Sunday with friends.

SITUATION IS UNUSUAL

REQUEST FOR RECALL OF GERMAN ATTACHES MAY INVOLVE U. S. WITH KAISER AND ENGLAND

Washington, D. C., Dec. 4.—The United States faces a serious controversy with Germany. Also there is the possibility of complications with Great Britain as the result of the request for the recall of Captain Karl Boy-Ed and Captain Franz von Papen. Persons close to the German embassy indicate that Germany may request information as to the grounds on which the recall of the two officials is asked and upon this, she may make representations that in her view of international law, the two members committed no offense. It is expected, however, that Germany sooner or later will comply on condition that the United States provide safe passage for the two officials as well as for their successors.

The general view is that the British government will decline to guarantee safe passage on ground that the two attaches are high officers in the German army and navy.

WILL HONOR AHMED TEMPLE

Lou B. Winsor, of Reed City, Mich., past imperial potentate of the order of Mystic Shrine of North America, will be the guest of Ahmed temple nobles at their semi-annual session to be held in Marquette on Dec. 10. The present will be the first time that a former officer of the imperial temple has visited the upper peninsula organization of Shriner, and to signalize the honor plans are being formulated to make the meeting of this week at Marquette a noteworthy one in the history of Ahmed temple. A. J. Young of this city is potentate of Ahmed temple and a great company of Escanaba shriners will accompany Mr. Young to Marquette to attend the meeting.

DAVIDSON TO LEAVE

W. I. Davidson, for the past three years instructor in science and agriculture at the Escanaba high school, has filed his resignation with the board of education to become effective on Dec. 17. Mr. Davidson has accepted a position as scout master for all of the Boy Scout troops in the city of Milwaukee. The position is a most important one and also is one that Mr. Davidson is particularly fitted to fill. He has been interested in the work of the Boy Scouts in this city since coming to Escanaba and it has been mainly through his efforts that the organization has been made a permanent one.

No instructor ever to become a member of the Escanaba high school faculty has been more popular with the students of the school or the patrons than Mr. Davidson and his decision to leave Escanaba for a greater field has been the cause of mingled feelings of satisfaction and regret among those who have come to know him best.

Miss Margaret Touhy returned to her home at Oak Park, Ill., after visiting with Mr. and Mrs. John O'Meara for the past few weeks. Noel Blanchett left last night for Schaffer to spend Sunday with friends.

WOULD STOP WAR ORDER

INJUNCTION SOUGHT IN MINNEAPOLIS TO RESTRAIN ADSIT COMPANY FROM SELLING MACHINES TO ALLIES

Indications of the wide spread demand and the general public interest at this time in the product of the Adsit company, makers of telephone lock-out instruments, which company may soon locate in Escanaba, is the report that the company has closed a deal for the sale of 100,000 instruments to England and her allies and application for an injunction in Minneapolis to restrain the Adsit company from filling the monster war order.

The application for the injunction filed in Minneapolis seeks to restrain the company "from selling or negotiating the sale of the Adsit product to diverse persons, doing business under the name of J. B. Saunders & Co. Ltd., of London, Cardiff, Swindon, Washpool, Barrow-in-Furness and Liverpool, England, said firm being generally known as "Contractors To The War Office," "The Admiralty" and "His Majesty's Board of Works," of England, and it having come to the knowledge of the plaintiffs that such negotiations were predicated on the intended sale and delivery to said J. B. Saunders & Co. Ltd., of England, by the Adsit General Electric Company of Minneapolis, Minnesota, U. S. A., of a quantity of Adsit Company's machines, known as Lock-Out instruments, composed of upwards of some 100,000 machines and that said machines are to be delivered to The Army & Navy & War Forces of the English nation and its allies for the purpose of the present war, by facilitating secret orders and secret communications, by telephones between army headquarters and advanced posts.

AND WHEREAS such use of said machines could only result in a perpetuation of, and a further increase in, the revolting carnage and bloodshed, at which the whole civilized world now stands aghast, and further in view of the fact that the acceptance and filling of such orders would also exceed the company's charter rights, we, the above named stockholders, hereby, severally and collectively pray this

(Continued on page six.)

WOMAN BOWLERS TO MEET FAIR TEAM

The Delft club A team of women bowlers have filed a challenge with Capt. Roscoe C. Bradley, of the Fair store team, for a series of three games to be staged this week. The women bowlers in their challenge, are asking for no quarter from Capt. Bradley's crack squad and the series should prove among the most interesting of the season at the alleys.

BABE'S FUNERAL HELD YESTERDAY

A large number of the friends of Mr. and Mrs. Anton Schills yesterday afternoon attended the funeral of their year-old son at the family home on Hale street. Mr. and Mrs. Schills have a host of friends in the city who demonstrated their sympathy for the young parents by attending the service. The body of the babe was interred at Lakeview cemetery.

ESCANABA HUNTERS ARE TO RETURN

A party of six Escanaba hunters who returned triumphant from a hunting trip a week ago, each bringing down a deer, from a camp in Schoolcraft county, are to return to that county on Monday to answer to charges of using a dog in their hunting operations. The entire body of men will go to Manistique on Monday morning to appear in court.

STEAMER KING IN WITH BIG CARGO

The steamer W. L. King came into port yesterday with one of the largest cargoes of coal ever delivered here. The King's cargo totals close to 11,000 tons of coal and the vessel will be tied up here for the winter, the cargo being hoisted immediately before the opening of navigation next spring.

TRAVELINGMEN WILL MEET TODAY

This morning at 11 o'clock practically all of the traveling men of this city and vicinity will meet at the Delta Hotel to make plans for the big booster holiday meeting which will be held in the city in the near future. The first meeting of the Knights of the Grip was held on Thanksgiving day and it is expected that this morning all of the plans will be completed.

FORD PARTY ON ITS WAY

W. J. BRYAN WAVES FAREWELL AS PEACE PILGRIMS START FOR BLOOD-STAINED EUROPE

By wireless aboard steamship Oscar II, via Seagate, Dec. 4.—Henry Ford sent the following message to the people of America tonight. "I think our departure from New York brought forth a great community spirit. The people of all classes say it is a most important project. The community has always represented the correct idea. I am very happy to have had such a good beginning."

New York, Dec. 4.—The good ship Oscar II, with Henry Ford's peace pilgrims aboard, set sail for blood-stained Europe at 3:13 o'clock this afternoon. Cheers and tears flooded Holoken's water front. William Jennings Bryan stood on the end of the thronged dock, waving a red robe and murmuring "God Bless You."

Behind Bryan stood Thomas A. Edison, Mrs. Ford and her son, Edsel. Behind these stood ten thousand howling men and women. And out of those ten thousand one man went insane and jumped into the water. Ford was standing in the bow with his hat in his hand and his face turned skyward. Around him were a dozen women singing "America." In front of him the cameras were clicking and cinematograph machines were whirring.

ROLLER RINK TO BE OPEN TODAY

This afternoon and evening the young folks of this city will have an opportunity to enjoy themselves in the roller skating rink at the Peterson opera house. Many young people of Gladstone contemplate coming to this city today to enjoy themselves in this popular place of amusement.

FALLS TEAM IS BEATEN

Escanaba's bowling squad last night defeated Crystal Falls before a tremendous crowd of spectators at the Delft club alleys. The locals copped the three game series by a margin of 156 pins, having a total in the series of 2,697, while Crystal Falls total was 2,541. The individual scores of the members of the two teams follow:

Crystal Falls			
Flood	170	168	174
Robinson	138	159	180
Jacka	161	178	158
Trombley	163	148	177
Fuller	180	178	189
Totals	832	831	878
Escanaba			
Vande Wiele	197	170	136
Boyer	149	163	167
Matt	194	188	162
Lahale	162	196	178
Schuldes	191	242	211
Totals	892	955	849

Mrs. J. Johnson is visiting with relatives in Negaunee for a few days. P. H. Enderes, general manager for the Learned Cedar company, with headquarters in this city, returned yesterday from a business trip to Minneapolis.

FEW DEMANDS ARE ALLOWED

GREECE GIVES ENTENTE POWERS A BASE FOR OPERATIONS AND FREEDOM OF HARBORS

(Special to The Press.)
London, Dec. 4.—Grecian Macedonia has been turned over to the entente as a base according to dispatches reaching here tonight. The following demands of the allies have been granted by Greece.

1. Use of the Macedonian railways.
 2. Freedom of all harbors in the Aegean.
 3. Permission to Serbians to use Greek territory.
- Announcement of this action was made in the Berliner Tageblatt. The paper adds, however, that King Constantine has refused to accede to the entente demands that German troops be disarmed and interned if they pursue the allied forces across the Greek frontier.

(Special to The Press.)
London, Dec. 4.—The Press bureau tonight announced that during the day Premier Asquith, Earl Kitchener and First Lord of Admiralty Balfour, with their military and naval advisers, conferred at Calais with Premier Briand of France, Minister of War Gallieni, and Minister of Marine Lacaze. They returned to London tonight.

(Special to The Press.)
Athens, Dec. 4.—A wireless S. O. S. call reached Athens this morning from an unnamed American ship. The message stated she was being attacked by an Austrian German submarine south of the island of Crete. Subsequent efforts to communicate with the vessel were fruitless. The collier Caesar, which is in the eastern Mediterranean waters, may be in the vicinity from which the message was sent.

(Special to The Press.)
(By Camillo Cianfara)
Rome, Dec. 4.—Reports that Greece had rejected the allies latest demands stirred Italy today to a new war fever. It was admitted on all sides that if the report should prove true a serious crisis will have arisen and it will be exceedingly difficult to prevent Italy from taking warlike action against Greece.

(Special to The Press.)
London, Dec. 4.—Austrians have made a great desperate effort to smash the Italian encircling lines, and, according to an official report issued in Rome tonight, have failed.

Washington, Dec. 4.—The state department has received no official information regarding the reported attack on an American ship. Officials thought there was little possibility that the collier Caesar was the ship referred to.

a little of Christmas to more than a few hours they now have, preceded by a day of weariness and to be followed by another?

To this we might well add the selfish argument that our greetings and remembrances are much more sure to arrive in time if we do not wait until the rush of the last week, but it ought to be enough in this season of good will that we may by our thoughtfulness lighten a burden that our thoughtlessness has built up beyond all reason.

Of course you cannot do it today, but Monday would be a mighty good time to do that Christmas shopping.

A grand jury in Chicago returned indictments bearing 6,946 counts against 16 defendants. As long as they were about it they might have had those counts at an even number.

These are great days. You don't have to argue about anything you don't like; just say it's hysterical.

The fact that both English and German sympathizers are weeping copiously over our plans for preparation, should influence us to make our plans just a little bit faster and a little more complete than we first intended.

CHRISTMAS SENDING.

To the well-known advice about Christmas buying, we may well add the maxim to do our Christmas sending early, whether it be by mail, express or freight. It is not possible for everyone to cease from work on Christmas day; it ought to be possible to make lighter the line the burden that Christmas giving has become to those who handle our gifts—a burden that is not for one day but for weeks, that does not mean laboring on a holiday merely, but reaching the holiday time almost exhausted. There is no chance that we shall do away with the extra burden of Christmas mail. No postal facilities not grossly extravagant for most of the year could handle without largely increased burdens the Christmas business. Put everything from card to heavy parcel that is mailed early will help to ease the peak load that almost overwhelms the men who serve us. Do not let them be entitled to more than

BUYS ONE FIFTH OF U. S. COPPER

New York, Dec. 3.—Orders for copper aggregating nearly one-fifth of the annual production in the United States, have been placed by German representatives with copper concerns in this country. It was reported today. As copper was quoted at 20 cents a pound, the cost of the German purchases amounts to \$40,000,000. In instances where the contracts have been placed the metal has been placed in storage under an agreement to ship to Germany immediately after the war. The orders placed in America amount to nearly four times the annual production of copper in Germany. America produced 1,110,662,000 pounds of copper in 1914.

The German government has been commandeering copper wherever it could be found in the German empire.

MADE OVER AGAIN.

Mrs. Jennie Miner, Davidson, Ind., writes: "I can't truthfully say Foley Cathartic Tablets are the best I ever used. They are so mild in action. I feel like I had been made over again." They keep stomach sweet, liver active and bowels regular. They banish constipation, indigestion, biliousness, sick headache. Sold everywhere.

Enterprising Youth.

Coming in on the train the other day was a little nervous mother and a flock of children. As the train neared Boston the mother began to question if everything was all right. "Have you got all the umbrellas, Johnny?" "I should say I had. I had four when I started, and now I've got six!"—Boston Transcript.

Announcements of the Churches

St. Anne's Church.
Father Marceau, pastor, Father Blin, assistant. Sunday, Low mass at 8:00 a. m. High mass at 10:00 a. m. Vespers and benediction at 7:30 p. m. Daily, mass at 7:30 a. m.

For the purpose of correcting and completing the lists of the qualified voters of the city. The several boards will be in session from eight o'clock in the forenoon until eight o'clock in the afternoon of the said day.
O. V. LINDEN, City Clerk.

Bear This in Mind

"I consider Chamberlain's Cough Remedy by far the best medicine in the market for colds and croup," says Mrs. Albert Blosser, Lima, Ohio. Many others are of the same opinion, obtainable everywhere.

NEUTRALS FAIL TO GUARD LAWS

London, Dec. 3.—Neutrals have failed in my opinion to seize a tremendous God-given opportunity to safe-guard international law, civilization and humanity," said Sir Edward Carson today in discussing the war before the American Luncheon club.
Carson, who recently resigned as attorney general because he did not consider the government's war policy vigorous enough, did not specifically name the United States.

"Although the great luminous notes sent by neutral government doubtless were perfectly sound in law and probably saved the conscience of their own citizens," continued Carson. "I am afraid they have not been based on a broad conception of the underlying issues of the present struggle.
"Neutrals ought to remember that if this war is allowed to end without a triumph of the principles so dear to all free peoples, the very best that can be hoped will be an era of armed peace and of colossal armaments greater and more costly than ever."
"Though the former attorney general refrained from naming America in his criticism of neutrals' attitude in closing he did acknowledge a debt of gratitude owed by the allies to the United States for such help as they have received from her, though he admitted that they had looked for more active support.

NOTICE OF SPECIAL ELECTION.

WHEREAS, at a regular session held on the 22nd day of October, A. D. 1915, the Common Council of the City of Escanaba, determined and proposed by resolution by more than three-fifths of all aldermen elect, to amend Section Three (3) of Chapter twenty-six (26) of Act No. 215 of Public Acts of 1895 as amended, being a part of the charter of said City of Escanaba, so that the same will read as follows: (3249) Sec. 3. It shall be lawful for any such City, for the purpose of acquiring, operating, constructing or purchasing a water-works system for said city, to borrow money on the credit of the city in a sum not to exceed two per centum of the assessed value of all the real and personal property of the City, as shown by the last assessment roll, and the city may also, for the purpose of acquiring, operating, constructing or purchasing such water-works system, issue mortgage bonds therefor, beyond the general limit of bonded indebtedness prescribed by law; PROVIDED, That such mortgage bonds issued beyond the general limits of bonded indebtedness prescribed by law shall not impose any liability upon such City, but shall be secured only upon the property and revenues of such water-works system, including a franchise, stating the terms upon which, in case of foreclosure, the purchaser may operate the same, which franchise in no case shall extend for a longer period than twenty-years from the date of the sale of such water-works system, and franchise on foreclosure. Seventy-five per cent of the net earnings of such water-works system shall be kept and set aside as and for a sinking fund, for the payment of the mortgage bonds at maturity and the interest thereon. The Council shall have the power to fix the time and place of the payment of the principal and interest of the debt contracted under the provisions of this section, and to issue the bonds as herein provided, but the rate of interest shall not exceed six per centum per annum; PROVIDED, That the total amount expended for acquiring such water-works system, or for purchasing such

water-works system shall not exceed the estimate of expense provided for in section four of this chapter."
AND WHEREAS, At a special session held on the 29th day of November, A. D. 1915, the Common Council of the City of Escanaba, in compliance with the statute in such case made and provided, called and appointed a special election of the electors of said city, to be held in all the wards and voting precincts of said City, on Monday, the 20th day of December, A. D. 1915, for the purpose of voting upon said amendment.

THEREFORE, Notice is hereby given that on Monday, the 20th day of December, A. D. 1915, by virtue of said resolutions and proceedings, a special election will be held in said city of Escanaba, at the different wards and voting precincts hereinafter stated, for the purpose of voting upon the said proposed amendment to the charter of the City of Escanaba. The said polls will be opened from seven o'clock in the forenoon until five o'clock in the afternoon of said day. The voting places of the different wards and precincts will be held in the following named places, to-wit:
FIRST WARD—Fire Station No. 2 on Douglas avenue.
SECOND WARD—Carnegie Public Library Building on Campbell street.
THIRD WARD—City Hall Building on South Mary street.
FOURTH WARD—City's Building on Ayer street.
FIFTH WARD—First Precinct, Washington School on Ayer street.
SIXTH WARD—Second Precinct, Houlard Machine Shop on Stephenson avenue.
SEVENTH WARD—City's Building on South Sarah street.
EIGHTH WARD—Fire Station No. 3 on Hartnett avenue.
339-346-349

What are children?

Flowers! They are flowers of the invisible world; indestructible, self-perpetuating flowers, each with a multitude of angels and evil spirits underneath its leaves, toiling and wrestling for dominion over it. Blossoms! They are the blossoms of another world, whose fruitage is angels and archangels. Or dewdrops! They are dewdrops that have their source, not in the chambers of the earth, nor among the vapors of the sky, which the next breath of wind or the next flash of sunshine may dry up forever, but among the everlasting fountains and inexhaustible reservoirs of mercy and love.—John Neal.

HOCK'S WIDOW ONE OF 32 DIES OF STARVATION

Chicago, Dec. 3.—A widow of Johann Hock—one of the thirty-two—died of starvation yesterday and with her death is brought back a thrill of the long hunt, the return to Chicago, the trial, the conviction and hanging of Koch, the arch-tyrant and slayer of women.

She was Mrs. Mary Hoch Wernke and she died in the county hospital, whence she had been taken after she had been found in her home, 658 Rees street, near death from pneumonia and on the point of collapse from starvation.

Neighbors had not seen the aged woman—she was 65—for several days and telephoned the Hudson avenue police station.

Det. Ernest Miller came to the house with policemen and after trying to gain admission, kicked in the front door. In her bed was found the frail form of the once robust woman who broke into national fame as one of the wives of Koch.

A police ambulance was called and Mrs. Wernke was removed to the county hospital. An immediate attempt was made to restore her with light food, but lack of nourishment for many days had rendered her body unfit to receive it and she had not sufficient strength to make a fight for life.

Her body was sent to the county morgue. Lieut. Max Loftis, who was prominent in the Hoch trial and who was the hero of the return of the murderer from New York attempted last night to find out if the woman left sufficient property to insure her burial.

Why You Should Use Chamberlain's Cough Remedy.

Because it has an established reputation won by its good works.
Because it is most esteemed by those who have used it for many years, as occasion required, and are best acquainted with its good qualities.
Because it loosens and relieves a cold and aids nature in restoring her system to a healthy condition.
Because it does not contain opium or any other narcotic.
Because it is within the reach of all. It only costs a quarter. Obtainable everywhere.

Mrs. Richard Bell of Menominee is in the city visiting with friends and relatives.

A. V. Rushton of this city is ill at his home.

Theatrical . . . Gossip

THE DELFT

One of the most extraordinary films of the past year is George Kleine's latest product, "The Money Master," founded on Cleveland Moffet's famous stage drama, "The Battle." It may truly be said to surpass anything of its kind in magnificence and constructive detail, requiring some four months to complete, and costing vastly in excess of modern features of its type. "The Money Master" is a story of the gold lust and the Ghetto, showing the two extremes of society from the mansion of the oil king to the tenement slums of the East side.

Frank Sheridan, long known to the theatre-going public for his remarkable work in similar roles, plays John Haggerton, the millionaire, flint-hearted business master, supported by Paul McAllister, Paula Marinoff and Malcolm Duncan. "The Money Master" will be seen at the Delft theater today.

THE GRAND

Blanche Walsh in "Resurrection," is the feature attraction at the Grand today matinee and night. Never before in the history of the movies in this city have feature films of such high-grade quality, as Blanche Walsh in "Resurrection" been shown at five cents, and crowded houses may be looked for at both afternoon and night performances.

"Resurrection is the realistic portrayal of the life of a Russian peasant girl, who more sinned against than sinning, has been forced to lead a life of shame, but later, experiencing a spiritual resurrection, becomes the magic touchstone whereby her betrayer, a sensual, pleasure-seeking profligate, undergoes a moral regeneration. The eminent actress, Blanche Walsh, plays the part of the principal character, Katusha Maslova, in a manner which bristles with action and startling situations. All these are bound together with masterly skill in one of the world's most heart-rending tragedies.

On Monday the attraction will be Charlie Chaplin in a very funny Keystone comedy, and on Tuesday a Famous Players feature will be shown entitled "The Ring and the Man," starring the well known actor Bruce McRae. Among Bruce McRae's recent stage triumphs are numbered "Nobody's Widow" and "Nearly Married."

THE STRAND

Edward Sheldon who wrote the play upon which this film is based probably read Walter Besant's "All Sorts and Conditions of Men." The scene of this book was laid in the East End of London just about the time when the Salvation Army was founded by the late William Booth, 40 years ago. One's knowledge of the world is incomplete without personal study of the great East End of London; compared with it New York's East Side is a sanctuary of all the virtues. Booth made his first converts in the East End of London where the Army is still a vastly potent force in the social uplift.

In Sheldon's play and in the California film version which is to be released by World Film Corporation, you can just as well locate the action in London, Paris, Bombay, Tokio, Peking, Manchester, Liverpool or Chicago as in New York. The theme is universal in its appeal. Salvationism drags Nell up from the abyss of infamy in which she stands in danger of being permanently submerged. Salvationism is doing the very same things all over the world right now and is the only human agency which deliberately sets out to do this. Booth went after the "submerged tenth," and Nell was in that class.

Beatriz Michelena has the most dramatic part of her motion picture career in that of Nell and here is a strong supporting cast. It is by far the best picture California has made; there is an ephotography to emphasize a good production; splendidly powerful acting. "Salvation Nell" will be presented at the Strand Theater on Tuesday.

THE STRAND TODAY

Hobart Bosworth, the brilliant dramatic actor, will be presented this afternoon and evening at the Strand theater in the "Fatherhood" which comes in four acts. This picture is out of the ordinary type of pictures that the people of this city have been witnessing for the past several months. It is said to be as glorious as a sunset and as big as the all out-doors. Besides this brilliant drama, a comedy will also be shown.

WENT TO THE HOSPITAL.

C. E. Blanchard, postmaster, Blanchard, Cal., writes: "I had kidney trouble so bad I had to go to the hospital. Foley Kidney Pills completely cured me." Men and women testify they banish lame back, stiff joints, sore muscles and sleep disturbing bladder ailments. Sold everywhere.

Import Half a Million Birds. About 500,000 live birds are imported to the United States every year, including about 1,500 species, of which canaries, parrots and game birds are the most numerous. No birds can be imported without a permit from the department of agriculture, which issues about 500 a year.

DULUTH ROADS MAKING READY FOR ORE CALLS

Duluth, Minn., Dec. 4.—Extensive additional equipment to meet the expected heavy demand for ore next year has just been ordered by W. A. McManis, president of the Duluth, Missabe & Northern railroad, and F. E. House, president of the Duluth & Iron Range road. The expenditure will be about \$3,000,000.

Eleven locomotives and 1,950 steel cars comprise the order. Besides this a large sum is to be spent this winter by the Missabe road increasing terminals at Proc or, Minn., and putting in additional track scales, which would be necessary to meet the expected coming demand. That the ore business next year will be vastly increased is evidently beyond the gate this stage, as evidenced by the purchases just made by the roads and by the briskness of chartering boats to move ore next season, in some cases charters being made for as much as

four years ahead with an advance of ten cents a ton in rates.

The purchases made by the two railroads call for delivery in March, 1916, and are as follows:

For the Missabe: Two grade climbing Mallet compound locomotives, six locomotives of the Santa Fe type, similar to those used on that road's mountain division; one thousand steel hopper ore cars to be furnished by the Western Steel Car & Foundry company of Hegewison, Ill., and two hundred steel hopper coal cars to be made by the Pullman car company.

For the Iron Range: Seven hundred and fifty steel hopper ore cars from the American Car & Foundry and Standard Steel Car companies, and three Mikado type locomotives for heavy freight service.

Owes Her Good Health to Chamberlain's Tablets.

"I owe my good health to Chamberlain's Tablets," writes Mrs. R. G. Neil, Crookston, Ohio. "Two years ago I was an invalid due to stomach trouble. I took three bottles of these Tablets and have since been in the best of health. Obtainable everywhere."

STUDENTS VOTE FOR COMPULSORY ARMY TRAINING

Ann Arbor, Mich., Dec. 3.—Preparedness scored a point in the University of Michigan when the students on a straw ballot voted 1,040 to 922 in favor of establishing compulsory military training on the campus.

A light vote was polled, the coeds particularly failing to turn out. Less than 65 women voted and most of them opposed compulsory training for the men. The test was conducted by The Michigan Daily, the student pa-

per, to gauge student sentiment for the benefit of the board of regents which will consider the question formally. The university senate has already recommended that military training be made compulsory for first and second year students in all but one or two departments, beginning with the fall of 1916.

This is the principal matter that will occupy the attention of the board, but it is almost certain that it will not be disposed of finally at this time. The board is by no means united on the subject.

Another matter of importance that will come before the board is the summer school budget for next summer. The administration officers of the summer school look for a record-breaking attendance next year, for it is Henry Ford's peace ship falls in the mission the war in Europe will still be restricting foreign travel and with no fairs on the Pacific coast as coun-

ter attractions it is thought that more teachers and students will enter the summer schools of the mid-west universities.

FOOTBALL SCANDAL MARKS COAST GAME.

Portland, Ore., Dec. 3.—A scandal arising from the University of Oregon's victory by a 16 to 3 score over the Multnomah club Thanksgiving day developed yesterday when L. W. O'Rourke, tackle of the club eleven, issued a statement that he had been approached by gamblers prior to the contest and told that he could get \$150 if he would throw the game. O'Rourke did not play. O'Rourke, however, points to a play in the last half when the club was leading 8 to 0 and tried a place kick from the 7-yard line, but with two yards to go on the fourth down. He maintains that he was told prior to the game by gamblers that the game had been "fixed."

DECLARES FORD'S MOVE GROTESQUE

Syracuse, N. Y., Dec. 3.—Terminating Henry Ford's proposed "peace expedition" grotesque and declaring that it will accomplish nothing but ridicule of the country...

The answer to the request was sent to Louis P. Lochner, Mr. Ford's secretary, and the text follows:

My dear sir: I have carefully considered Mr. Ford's request that I select a student of Syracuse university to join his peace excursion, etc., etc.

"Second—Any effort to stop the present war would encourage that element that should receive no mercy and discourage thousands of men who are fighting for the cause of human liberty."

Third—Your plan is grotesque and will accomplish nothing but the ridicule of the country. Nothing could be more ineffective.

Laughter Aids Digestion.

Laughter is one of the most healthful exertions; it is of great help to digestion. A still more effectual help is a dose of Chamberlain's Tablets.

Bankrupt. To The Creditors of Said Bankrupt: NOTICE IS HEREBY GIVEN that the Trustee of the Estate of said Bankrupt has made a report showing certain moneys in his hands liable for the payment of dividends, and that a meeting of the creditors of said bankrupt will be held in the office of the undersigned referee, in the Houghton National Bank Building, Houghton, Michigan, on the 15th day of December, A. D., at ten o'clock in the forenoon, for the purpose of declaring and directing the payment of a first dividend of three (3) per cent upon their said claims.

Dated at Houghton, Michigan, December 3rd, 1915.

RICHARD T. LOONE, Referee in Bankruptcy.

MAPES IN FAVOR OF MORE DEFENSE

Grand Rapids, Dec. 3.—Congressman Carl E. Mapes, representing the Fifth Michigan district, departed this afternoon for Washington, where he will begin his second term at the opening of the sixty-fourth session of congress.

Mr. Mapes believes this will be one of the most important sessions held in years as there are many problems of state to come before congress. Questions of great moment to the country he said, are to be considered.

He stands for army and navy preparedness, tariff revision to prevent possible revenue deficits and for the upbuilding of the national guard.

As President Wilson's views on national guard.

As President Wilson's views on national guard preparedness have been given only in tentative outlines, no bill being presented to congress, Mr. Mapes does not know exactly whether his views and those of the president on army and navy preparedness coincide.

"I am for preparedness, all right," he said, "and I also favor the building up of the national guard as an auxiliary to the regular army. I cannot discuss the details of the bill, as it has not yet been drawn."

Relative to the tariff, Mr. Mapes believes congress will restore the tax on sugar in order to keep down to a minimum any possible deficit in the revenues. Otherwise, there appears now to be very little scheduled in the way of tariff tinkering.

Relative to the Mexican situation, it's an old subject," he said. "There is little now to say about it."

Mr. Mapes does not expect to return from Washington until next spring, unless exigencies arise which cannot now be figured on. As a member of the District of Columbia committee, which makes the laws for and governs the district in which the city of Washington is situated, his time will be entirely occupied with official duties.

REC'D \$400 FOR AFFIDAVIT FROM AUSTRO CONSUL

Cleveland, Dec. 3.—Special Federal Investigator to Washington the de- Investigator Dewoody announced that he is sending to Washington the details of the statement he said was given him by Dr. E. W. Ritter alleged he received money from Austrian Consul Ludwig, in Cleveland, for affidavit charging that the Lusitania carried gun cotton when sunk.

Finder return to millinery department Fair store and receive reward', 'OPERATOR DIVES AMID SHARKS AFTER CABLE SEVERED BY GERMAN', 'San Francisco, Dec. 3.—Hugh Gregg, an operator for the British government at the Fanning island cable station in the mid-Pacific, dived at the risk of his life into the shark infested water and recovered the lost end of the cable soon after the German cruiser Nurnberg completed its work of destroying the station', 'EVERYBODY IS DOING IT; SUCING FEDERAL LEAGUE', 'It is a dully day when law suits are not started against the Federal league', 'Charles A. (Chief) Bender, the pitcher, filed in United States court at New York a suit to recover a judgment of \$8,666 from the league', 'Philadelphia American league' states claims he was released unconditionally by the Baltimore Federal league last August, in violation of the terms of his contract, which is said to have been for two years at \$7,500 per annum.

Will She Start?

That's always a question with the man who doesn't take care of his storage battery.

Even a Willard will rebel at persistent neglect.

Drop in and let us tell you the few simple things that will make you always sure of good lights and a quick start.

It's more important than ever during the winter—whether you run your car or store it—the batteries that are starved and neglected are the ones that freeze.

Ask for free inspection card and pamphlet on winter care of storage batteries.

AIRMEN ARE MOST MODEST

British Headquarters, in France, Dec. 2.—Modesty and personal effacement are a strong tradition in the British Royal Flying Corps.

An airman and observing officer when flying on October 28 at 10,000 feet in a Morane parosol on escort duty for photographic reconnaissance...

Meantime a fourth Aviatik opened fire on the British airmen from above and glided in to the German lines with its propeller stopped.

Another brilliant fight against odds occurred on November 4, when one of the British machines, engaged in an artillery observation flight...

Meantime another British aeroplane had noticed the engagement and flew directly underneath at a distance of about 30 yards.

On the same day another engagement against odds was reported. The British machine first encountered an Albatross which passed in front of it about 200 yards range.

Simultaneously a Fokker monoplane passed to the right of the British firing machine gun. This aeroplane on receiving a drum from the British machine gun, at once flew off.

The pilot watched the machine go down several thousand feet in this way and the observer could subsequently see the German aeroplane fall among some trees whence what appeared to be a cloud of dust then arose.

The German airmen, by the common consent of British officers, have "played the game" and thus there exists between the two rivals flying corps the chivalrous spirit which has, unfortunately been crushed out of existence elsewhere.

When an airplane of either army is forced down a machine of the opposing side takes earliest opportunity of letting the enemy know what has been the fate of their comrades—whether they have been killed or wounded or have escaped unhurt.

Recently two British officers were doing photography work when they were attacked at a height of 7,000 feet by a Fokker airplane.

The machine began to spin, and the wounded observer, seeing that his comrade was actually hit, clambered over between the two back struts—the superb nerve of the man is almost indroldible—and caught hold of the control lever.

getting the machine under control, brought it to earth.

The trials of the two men were not even yet at an end. The machine turned over and the pilot was thrown out. However, the observer managed to assist his friend and both men were seen afterwards attended to by men of the French Red Cross.

An equally warm reception was given two Britishers who were dropping hand grenades and steel-arrows on a town towards the end of last month. The observer was almost at once hit in the hand and his face grazed.

Too Wet to Go Home. A story is told of a lecturer who, on one very rainy night, addressed an audience that might have been much larger without taxing the seating capacity of the hall.

MILITIA CALLED OUT TO CAPTURE 3 DESPERADOES

Rhineland, Wis., Dec. 4.—Barred from themselves. In an abandoned leading street in the dense swamp near Gugen, three desperadoes who Wednesday afternoon shot two members of the sheriff's department who attacked their stronghold...

The desperadoes have been identified as Kentuckians of a colony located a short distance from Gugen. A squad of local militiamen was retained to the scene shortly after midnight.

The Kentuckians had robbed a saloon at Starks and had taken refuge in the impenetrable marsh land a few miles distant. Undersheriff Hans Rind and Deputy Sheriff Andrew Anderson, who trailed the bandits, came upon them abruptly in a small clearing before the abandoned shack.

As the undersheriff commanded the men to surrender one opened fire. A rifle ball entered Rodd's scalp. As he fell he opened fire with a revolver. Anderson received a charge from a shotgun in the shoulder. He replied until his weapon was emptied.

Realizing the futility of venturing to be clearing to besiege their shack, the officers returned to Starks and spread an alarm. The men were sent to Rhineland, where they were given medical attention.

Skunk's Pelt Valuable. The pelt of the skunk is of great value, and makes the bearer second in importance among the fur-bearing animals of this country.

AD WOLGAST IS BADLY BEATEN

Philadelphia, Pa.—Jimmy Murphy scored the most brilliant victory of his splendid career at the Olympia, A. A. when he conquered Ad Wolgast, the Michigan wildcat, in six-hair-raising rounds.

Murphy's victory was close, although it came near a decisive ending in the first round, when he almost knocked Ad out. About a minute after the start Murphy brushed aside a left hook and waded into Wolgast with his right and left, working like piston rods.

The Dutchman's eyes rolled and his knees sagged and he very nearly toppled to the floor, but managed to stagger across the ring with Murphy in pursuit.

WELSH-WHITE BOUT CLOSED

New York, Dec. 3.—Harry Pollok, manager of Freddie Welsh, today signed articles for his champion to meet Charley White of Chicago in a twenty-round battle within the next six weeks, the match to be decided before the club offering the best terms. Welsh, as the champion, and White, as the challenger, agreed to meet before the club offering the best inducements, all bids for the bout to be received no later than Thursday, Dec. 16. The pugilists agreed to weigh 135 pounds at 2 p. m., on the afternoon of the battle if the contest is held in the evening, or 165 pounds at 10 a. m. in case it is fought during the afternoon. Their managers each posted \$1,000 forfeit for weight and further agreed to place an additional \$1,500 each in the hands of the stakeholder for appearance at the time the bout is awarded at the club offering the best inducements.

Gerald Leitch of this city has left for Chicago where he will visit with friends and relatives.

Atty. T. E. Strom has returned from Manistique where he spent the day on business.

George Parker of Green Bay is in the city visiting with friends.

Mrs. L. M. Murphy of this city has returned from a visit in Green Bay.

Mrs. John Stephens of Carney is in the city visiting with relatives.

MAN WATCHES HIS WIFE DIE IN FIRE

Alma, Dec. 3.—Powerless to save her, Herman Joss, 65 stood at the edge of the flames which were consuming his aged, invalid wife early this morning and watched her burn to death.

Joss discovered a fire in the home in North Star township, near Alma and hurried outside to get some water while he was gone, his wife awoke and in her fright fell into the flames.

When Joss returned with two pails of water, the fire had gained such headway he could come only within 10 feet of her and stood praying and weeping as the woman was consumed.

The Joss home was completely destroyed.

THE GRAND

Today's feature is one that the people of this city have been in hopes of seeing for the past several years. The Resurrection, an immortal drama written by Tolstol who in this great picture is featuring one of the greatest emotional actresses that the movie world has ever known. Blanche Walsh is known throughout the world and she has made many a playhouse popular with the showing that she has made in her features.

Tomorrow another of the Charlie Chaplin features will be shown. In addition to this, Manager Sullivan has secured a great feature the name of which is not yet known.

It pays to advertise in the Morning Press.

WHITLOCK TO GO TO HAVRE

Washington, D. C., Dec. 4.—Brand Whitlock, American Minister to Belgium, will not return to Brussels. He will go to Havre, where the Belgian government now is located, according to authoritative information. The United States recognizes that under international law a minister of the United States has no authority to continue his duties at Brussels. State officials said tonight that the minister had remained so far "under the tolerance of the German government."

MISCHIEVOUS BOY CAUSES ALARM

A mischievous boy touched an innocent appearing key on the alarm receiving apparatus at the abandoned No. 2 fire station, early last night, with the result that a false fire alarm was recorded. The error was discovered immediately and the fire companies did not respond to the alarm. The boy who meddled with the key was interviewed by Chief Meyers. He will not repeat the offense.

DEATH CAME SUDDENLY

After being ill for only a week, Rose LeRoux, 16-year-old daughter of Mr. and Mrs. Joseph LeRoux, passed away last night at the home of the family at Gladstone. The young woman was popular with a large circle of friends at Gladstone and her death, after such a short illness, came as a heavy shock to all. Funeral services will be conducted over the body at All Saints church, of Gladstone, at 9 o'clock on Monday morning. Interment will be at the Gladstone cemetery.

MANDAMUS DENIED

(Continued from page one.) It is quite evident that the board of supervisors for Delta county erred materially when they disregarded the objections and voted for the submission of the question.

The decision of the attorney general on the points involved was submitted to the Delta county board of supervisors and was ignored. Now comes the opinion of the court to sustain the decision of the attorney general, which was in sharp contrast to the advice that was finally followed by the local board of supervisors.

The action of Judge Flannigan in the Menominee case has been watched with great interest throughout the peninsula and particularly in Delta county where analogous objections to dry petitions filed with the supervisors were fruitlessly made.

With the decision of Judge Flannigan in the Menominee case, in every county in the peninsula where a decision has so far been reached, the dry forces have lost in their effort to force elections upon the people through legal technicalities.

In addition to the now most apparent error that was made by the local board in providing for the submission of the local option question, on petitions filed by the dry leaders of this county, it has developed through a careful checking of the names on the petitions filed that out of the 1500 signers, whose names were placed before the supervisors but 700 of that number are legal voters in Delta county. Thus it is most evident that the dry forces presented to the supervisors here less than one-half of the required number of legal signatures. But under the laws of the state the objectors to the petitions were not able to inquire into the voting qualifications of the signers of the petitions before the list was submitted to the supervisors, and the discovery at this time that only 700 out of the total of over 1500 signers were citizens and voters of Delta county, is valuable only as added evidence that the people of Delta county at this time needlessly face two elections designed for the same purpose.

INDICTED MEN GIVEN BONDS

Chicago, Ill., Dec. 4.—After several hours wrangle today over the amount of bonds to be given in the union labor cases, in which the state's attorney's office and attorneys for the indicted men disagreed, Judge Burke unraveled the tangle and released twenty-seven of the men on a \$2,500 bond each. Twenty-seven of the defendants did not appear in court.

BURY BOAT COOK MONDAY P. M.

The body of Harry Penn, a vice cook, who was found dead in his bunk aboard the steamer Republic here, will be held at the undertaker's rooms of J. A. Allo on Monday afternoon. Rev. W. J. Dutton, rector of St. Stephen's Episcopal church, will officiate at the service. Interment will be at Lakeview cemetery. All efforts to locate relatives of the young man in the east proved to be futile.

WOULD STOP ORDERS

(Continued from page one.)

Court enjoin the Adsit General Electric Company, its officers and board of directors, and one Thos. W. Hicks, its general manager, from further negotiating such sale of said instruments to be used for such purposes as outlined herein etc, etc.

"The serving of the injunction was like a bolt from the blue" to the officers of the company," said Thos. W. Hicks, the manager, when interviewed regarding the matter.

"It is true that we have been negotiating with several foreign countries the past few months for the sale of Lock-Out attachments. It does not necessarily follow however that these attachments are to be used wholly for war purposes and the company certainly does not admit having an order of any such proportions as intimated in the complaint.

Mr. Franklin W. Adsit, the inventor and Vice President of the company, said: "The business end of the organization is in other hands, but if we have received an order for 100,000 Lock-Outs at \$8.00 each from the Allies or from anyone else, I think it is all right from every point of view to accept such business and I presume the attorneys representing this company will endeavor to find a way whereby we can proceed in a perfectly legal way."

CONGRESS TO OPEN

(Continued from page one.)

ator, being one of the Conservative Republicans driven out in 1912. Broussard, of Louisiana, will move from the House into the Senate. Two of the most conspicuous absentees will be Elihu Root, of New York, and Theo. Burton, of Ohio. Their places will be taken respectively by James Wadsworth and Warren G. Harding, both of whom will be enrolled in the commonly regarded conservative element of the Senate.

Here are some of the problems with which Congress will begin wrestling today after tomorrow: National defense, tariff tinkering, rural credits, conservation, merchant marine, seamen's bill amendment, currency bill amendment, anti-trust bill amendment, the international situation the Far-eastern question, an embargo on arms, Mexico, the Philippines, Porto Rico, Haiti, the Colombian and Nicaraguan treaties, the serious deficit in the national revenues, continuing the war tax, taxing munition of war profits, building an armor plate factory, prohibition, suffrage, codification of the federal statutes, and good road building. These are all on the present schedule. Many more entertaining questions are bound to develop after Congress gets in full swing.

Sentiment of a large element in the country is considered certain to inspire some members to renew efforts for an embargo on munitions of war to the Allies. If such a measure is introduced, as it in all probability will be, some lively argument on the neutrality question may be expected. The president is known to be of the same mind now on this question as he was last session, that is, that an embargo on arms, far from assuring the United States' impartiality in the war would actually be in direct violation of true neutrality. The agitation for an arms embargo has shown itself chiefly in German communities, where it is felt that Germany is being discriminated against because of her inability to obtain munition from America.

Indications of the bitterness to characterize the battling over the Philippine question have already been seen in the attacks of Republican members of the insular affairs com-

Talk It Over With Your Wife
SEE what she says, before doing anything that concerns your home—especially in money matters.
 A man's wife has much to do with his success or failure. If she is thrifty, his success is assured.
 Many housewives have accounts here, independent of their husband's account. This practice affords double security to the home and family.
 We'll be glad to explain the advantages of banking to thrifty women of this community.

 ESCANABA, MICH.

mittes upon the administration of Governor General Harrison, Democrat appointed less than two years by President Wilson. Charges of misgovernment made in public statements by the Republic of the insular affairs committees have been refuted by Democratic members who have visited the islands recently. Harrison, according to his Democrat members, has been made a target of criticism by Americans in the Philippine because he has been over-zealous in working for the welfare of the Filipino.

Legislation will be re-introduced, and probably passed this session providing limited autonomy for the Philippines. Just how limited it shall be will form the chief subject of controversy over its passage. One school of thought in Congress wants to give the Filipinos liberal rein in self-government while the other believes in maintaining the United States' present control over the islands until the natives are better prepared to rule themselves.

Of the other island possessions of the United States, Porto Rico, promises to furnish topic for considerable argument. Recent investigations by the Industrial Relations Commission into labor conditions on the island produced shocking revelations. Better welfare advocates in Congress undoubtedly will prepare legislation for remedying the conditions here.

The Mexican policy always may be counted upon to occupy a conspicuous position in the limelight of Congress. As depredations, loss of American lives and property, and disorder continue in the turbulent republican members are gathering ammunition for vigorous attacks upon the administration's recognition of Carranza. The administration, however, is confident that the situation is clearing up and that conditions will be so improved before the first of the year that the Mexican muddle will be taken entirely out of politics in the coming presidential campaign.

Anti-dumping legislation will be brought in early in the session upon recommendation of the department of Commerce and perhaps of the President. This measure will aim to prevent the dumping of European goods into the United States after the war at below-the-market prices to reclaim lost trade. It is proposed to impose a tax upon such goods sufficient to bring their selling price in America up to the regular market price.

An amendment to the anti-trust laws to permit American manufacturers to combine for the purpose of maintaining cooperative selling agencies abroad will be attempted also. Under the present laws, American corporations find prohibitive the cost of operating individual selling agencies
