### COUNTY ROAD COP INJURED

#### OFFICER GEORGE MCGUIRE SUSTAINS BROKEN LEG WHILE PUNISHING SPEEDING MOTORIST.

While pursuing a speeding motorist Officer George McGuire newly appointed county road cop, yesterday lost control of his machine on a sharp curve and crashed into a telegraph pole, breaking his right leg and shattering his motorcycle. The wounded officer was rushed to St. Francis hospital in this city, where the fracture was reduced by Dr. W. A. LeMire. The limb was broken directly above the right knee and he will be confined to the hospital for seven or eight weeks.

The accident occurred on the road between Kipling and Masonville, where the speed cop had started in pursuit of a motorist whom the officer said was running at least 50 miles an hour. In making a sharp turn in the road the officer on his motorcycle met a machine just at the curve and to prevent a collision attempted to take the extreme edge of the road. The motorcycle skidded and crashed into a pole. The officer was caught between the pole and the machine and the bone of the right leg was snapped off, in addition to the flesh of the limb being terribly lacerated.

### AGED RESIDENT PASSES AWAY

Christian Zoellner, aged 72 years, passed away at his home, at 811 Escanaba avenue on Sunday, after an illness of several weeks.

Mr. Zoellner's condition had been serious for some time and death came at 1 o'clock on Sunday afternoon. He is survived by his wife, one daughter and two sons. He enjoyed a wide acquaintance in the city and his death is a source of regret to all who knew him.

Funeral services will be conducted over the body either this afternoon or tomorrow afternoon at the Immanuel German Lutheran church. Rev. Hohenstone officiating. Interment will be at Lakeview cemetery.

### PAYS MEN \$2 A DAY TO VIOLATE SABBATH

Three teamsters employed by Injunction Judson at the Escanaba Manufacturing company's plant, while at work were questioned by an officer.

They said that they were receiving \$2 a day for ten hours' work and that they received no more for Sunday work than on regular working days. And it probably was Injunction Judson who furnished the cash to issue the dry campaign extra yesterday.

### GREAT LECTURER TO SPEAK AT GLADSTONE

Thomas Books Fletcher, one of the most versatile lecturers on the platform today, will appear tonight at the Alice Memorial Methodist church at Gladstone, in the first feature of an entertainment course arranged by the Woman's Civic League of Gladstone. Thomas Brooks Fletcher enjoys a national wide reputation and it is expected that a number of Escanaba people will go to Gladstone this evening to take advantage of the opportunity of hearing him.

### MAN MAY LOSE SIGHT OF EYE

Struck in the eye by a stray shot fired from the gun of a companion while hunting rabbits at Eustice on Sunday, Frank McGovern, a motorman employed at the Escanaba Traction company, lies at St. Francis hospital suffering terrible agony. The shot entered the ball of the eye but whether the sight was entirely destroyed will not be known for several days. While returning from the hospital, where she had been to visit her husband, Mrs. McGovern became hysterical last night and fainted in the car in which she was riding. She was accompanied by her father-in-law and it was necessary to hold the street car at Ludington and Charlotte streets, until an automobile could be summoned to take the woman to her home.

Mr. McGovern went to Eustice on Sunday morning with a party of friends to hunt rabbits. One of his companions fired at a rabbit and although the gun was not fired in the direction of the point when McGovern was standing, one of the shot glanced it is believed, from a stone or some other hard object and struck him directly in the eye.

He was rushed to St. Francis hospital here, where physicians have since been constantly in attendance.

### GAME VIOLATOR PAYS FINE HERE

John Martin, a resident of Gladstone was arrested by Deputy Game Warden Le'ner on a charge of pursuing deer with dogs in Baldwin township. He was arraigned before Judge C. D. McEwen on Monday and fined \$10.00 and costs amounting to \$4.50.

Mrs. Gladys Rodgers, daughter of Mr. and Mrs. F. L. Rodgers, 213 Oak street, submitted to an operation at St. Francis hospital Monday morning. Edgar Carson of Detroit, representative of the Clara Kimball Young company, is transacting business in this city.

## TO DOUBLE TAX RATE

The adoption of prohibition in Michigan today would raise the taxes of every property owner in the city of Escanaba to \$85 a thousand.

Taxpayers in the city of Escanaba today are paying \$43 a thousand, in taxes.

Increases in valuation by the state tax commission on property in the city of Escanaba, now made certain, will raise the taxes of every property owner, on the next city tax roll, to \$57 a thousand.

To forfeit money now received in the sale of saloon licenses to make up that deficit it will be necessary to add an additional \$28 a thousand, raising the tax rate in this city to \$85 a thousand in every city and township.

The cost of prohibition is prohibitive and prohibition does not prohibit.

### GREAT SUMS WERE BET

New York, Nov. 6.—The betting closed tonight with Hughes the favorite at 10 to 9. The largest single bet during the day was placed by John Grossberg who laid \$25,000 to \$20,000 on Hughes. The betting in Wall street was restricted to a quantity of bets rather than size. Edward McQuade placed \$150,000 on Hughes at 10 to 8. At the Waldorf hotel tonight \$200,000 of Wilson money went begging at 10 to 8.

### SAY AFFIDAVIT IS FALSEHOOD

A "dry campaign extra" circulated from the office of Muckraker Baldwin yesterday afternoon carried an affidavit signed by Mrs. Jhn Coughlan asserting that her husband had spent his wages for several weeks at the saloon of N. A. LaPorte.

Last night both Mr. LaPorte and his bartender issued signed statements that "John Coughlan" had never been in that place of business and to their absolute knowledge he never had spent a cent of his money in that saloon.

Following is the signed statement that was issued:

"A affidavit appearing in a dry extra circulated today is an absolute falsehood. John Coughlan has never been in our place of business and at no time has he ever spent one cent in this saloon. About a week ago a woman came to the door and warned us not to sell intoxicants to her husband. We asked her what his name was and she refused to tell us. We tried to tell her that we could not observe her warning unless she gave us his name or his description that we might know him. That appeared but to increase giving us the information. We made her anger and she went away without inquiry as to who her husband was and after fixing his identity we say on our oath that he has never been in this saloon.

(Signed) N. A. LA PORTE  
GUSTAVE LA PORTE.

Mrs. G. W. Benjamin, who submitted to an operation for appendicitis at Green Bay a week ago, is reported to be rapidly recovering. Mr. Benjamin returned from Green Bay on Saturday after being at the bedside of his wife since the operation.

Harold Fuller arrived in the city from Lansing on Saturday and will vote in his home precinct at Ford River today.

### VALUATIONS TO STAGGER TAXPAYERS

STATE TAX COMMISSION FIXES VALUE OF ALL PROPERTY IN DELTA COUNTY AT \$20,428,047, MORE THAN DOUBLING FIGURES OF SUPERVISORS.

### ESCANABA VALUE DOUBLE

The total value of all property in Delta county, according to figures compiled yesterday by the state tax commission is \$20,428,047. The value of all property in the city of Escanaba according to the commission, is \$8,162,155.

Mrs. Nicholas Keltner and daughter, Beulah, have returned to their home at 213 May street, after a month's visit in Chicago and Milwaukee.

Mrs. A. C. McCafferty and son, Roy, and Mrs. John O'Meara returned yesterday after spending Sunday at the home of Mr. and Mrs. S. J. Connors at Green Bay.

POLLS OPEN AT 7:00 A. M. WILL CLOSE AT 6:00 P. M.

The polls for the election of today in every voting precinct will open at 7 o'clock this morning and will be closed at 5 o'clock this afternoon.

### GRILLS WILSON ON LAST LAP

Oyster Bay, N. Y., Nov. 6.—"Mexico is at war with the United States but Mr. Wilson is at peace. I, Mr. Wilson keeps us out of a war with Mexico he failed to keep Mexico out of war with us," said Colonel Roosevelt tonight before a large audience at the Oyster Bay opera house. "I believe there is no quicker way of plunging the country into war than electing Woodrow Wilson," he concluded.

### TO SWAT THE AMENDMENT

Representatives of the fraternal insurance societies in Delta county will have workers in every voting precinct of the county today to appeal to the electors to vote against the fraternal amendment. The amendment was given a terrific beating two years ago and the workers today in every part of the estate are endeavoring to roll up against the amendment an even greater vote than before recorded.

### CUBAN PRESIDENT AGAIN ELECTED

Havana, Cuba, Nov. 6.—The latest election returns indicate that President Menocal has been re-elected. It has developed the liberals were deprived in their early returns because in many provinces the ticket was split in favor of the conservatives. The national congress held its first session today. Conditions were quiet throughout the country today.

### RUMMAGE SALE BEING ARRANGED

Members of the Ladies' Aid society of the First Presbyterian church are making plans for a rummage sale to be held on Thursday, Nov. 9. A large number of excellent articles of wearing apparel are being gathered for the sale and some tremendous bargains are promised.

### ASSISTANT OBSERVER GOES TO NEW STATION

Henry B. Lake, assistant observer at the Escanaba weather station since the opening of the season of navigation, has left for his home at Columbus, O., from which place he will be assigned to a new station within two weeks. Mr. Lake was sent to Escanaba as an aid of H. H. Spindler during the busy period of the season and last week received orders from the department to report to his home station and await orders there. Joseph Bousineau has been appointed as messenger at the station and has already assumed his duties.

### MANGUM SAYS MICH. IS SURE

CHAIRMAN OF REPUBLICAN STATE CENTRAL COMMITTEE PREDICTS AT LEAST 100,000 PLURALITY FOR HUGHES AND STATE TICKET.

Detroit, Mich., Nov. 6.—The Republican state central committee has finished its labors of the campaign and was never more sanguine of victory. Chairman Mangum places Hughes' plurality over Wilson at between 100,000 and 150,000 and says that the great or figure will be the one nearest approached.

The silent vote will be for Hughes he said today. The big majority of our people are republicans and believe in a protective tariff and when they enter the booth they will stand by Mr. Hughes and the principals he represents. The chairman reaffirmed his claim that A. E. Sleeper and the entire republican state ticket will be elected by more than 100,000 and also that both Congressman Beakes and Congressman Doremus will give way to Republicans.

### CARD PARTY TO BE GIVEN THURSDAY

The women of Section No. 3, of St. Patrick's parish are making elaborate plans for a card party to be given at St. Patrick's hall on Thursday evening of this week. In addition to the program of cards several musical numbers will be presented and luncheon will be served.

### Another Fake Shown Up

The Anti-Saloon League has been flooding this city with circulars in which Dr. R. E. Minahan of Green Bay, is quoted as asserting that "beer contains poison and is the worst rattlesnake of the liquor family."

Every man knows that beer contains less than four per cent of alcohol. And yet we find this same Dr. R. E. Minahan, of Green Bay, offering the following testimonial for Dr. Munro's Stomach Bitters, which contains 25 per cent alcohol. Read the testimonial carefully:

"After carefully reading the formula for Dr. Munro's Stomach Bitters put up by you, I am convinced that it is a preparation whose judicious use is beneficial. Your combination is such a sto make a bitters agreeable and valuable. The victim of flagging nerves can successfully appeal to it for invigoration and he who suffers the harrowing torments of a disordered digestion should take a little for his stomach's sake.—R. E. Minahan, M. D.

This testimonial offers another illuminating expose of the dry piffle that is being handed out by sorehead politicians, such as Dr. Minahan.

The dry circulars to which his name is attached are the result of a political squabble that occurred in Green Bay. Because he could not use the whip politically on the brewery interests in his home city he is endeavoring to put them out of business, by using his profession as an authority on the ill effects of their produce. But this same Dr. R. E. Minahan loves the wholesale liquor dealers in his home city so much that he gives a testimonial as to the good medicinal qualities provided in a bitters that contains 25 per cent alcohol, that is put up by them.

This is but another sample of the hypocrisy of prohibition and that of the members of the medical fraternity who use their profession to bolster up that cause.

### TEUTONS HELD ON BIG FRONT

#### RUSSO-ROUMANIAN ARMY DRIVE GERMAN-BELGAR FORCES BACK —FALKENHAYN MOVING AHEAD.

(Special to the Press) London, Nov. 6.—Russo-Roumanian counter attacks today drove the Teutons in the Dobrudja district back some distance on an 18 mile front. Bucharest calls the engagement attacks by "advanced detachments" General von Falkenhayn continues his pressure against Roumania in the Predal Pass region where he has advanced according to Berlin. The Germans claim the capture of Laoumi height in this region. Artillery activity on the Danube continues to increase.

London, Nov. 6.—An official admiralty statement issued tonight denies that orders were given that survivors of German submarine need not be arrested when in boats, in cases where submarines are sunk. The statement says the German Press, is attempting to incite American opinion against England by trying to make capital of a situation that it describes as "another Daralong case." The use of a neutral flag is justified claims the admiralty because of the German practice, as exemplified in the case of the Mosow and others.

### TALENTED SPEAKER WILL APPEAR HERE

Mrs. Ernest Vosburg of Chicago, will appear in a dramatic reading under the auspices of the Escanaba Woman's club at the Pythian hall on Wednesday evening at 8 o'clock. Mrs. Vosburg, who is a reader of great ability will give Joan of Arc, considered by many Chicago critics to be her masterpiece. The general public is invited to be present at the reading, a nominal admission fee being charged. In addition to the reading by Mrs. Vosburg, a group of French songs will be given by Mrs. P. A. Lint.

### "OVERCAST" WEATHER FOR ELECTION DAY

Observer H. H. Spindler, in charge of the Escanaba weather station, would last night offer no insurance of clear weather for election day. "A storm that is central over North Dakota today, is moving in this direction and overcast weather, probably with rain is indicated," said he.

MEN HAVE CHANGED ON MEXICAN LINE

El Paso, Nov. 2.—Michigan troops quartered on the border have acquired something which cannot be measured in dollars and cents and which will be priceless in the years to come. That is health.

Most of the cases recorded were due to sore feet, and in most of these cases it was discovered they had been improperly fitted with shoes.

Units from other states, which had been on the border but a short time, were not so fortunate.

A canard which has gained circulation in some quarters to the effect that the men were not properly fed is also controverted by the appearance of the men.

On the other hand, quite a number of officers, those who had reached or passed middle life and taken on a preponderance of flesh, have disposed of superfluous weight and girth.

Perhaps in spite of the financial loss, the separation from friends and the many inconveniences encountered, thousands upon thousands of young city men have been taken, at a critical time in their lives, and given an opportunity which in most cases they would never have gotten in any other way to place themselves on a basis of perfect health—the greatest asset a man can have.

They will go back to their pursuits with a vim and energy they never had before. The benefits to the men concerned and to future generations will be so great as to make the financial cost appear infinitesimal.

Indicating the mood of the war department as it applies to the movement of Michigan troops is an order received Saturday by the supply depart-

ments of each of the three regiments in the brigade. The order states lumber shall be drawn at once to board up mess tents, company and officer quarters, in preparation for winter.

For two weeks infirmaries have been treating quite a number of men for colds contracted because of inadequate protection from the frosty night and mornings of the district. More than two weeks ago a requisition was placed with the quartermaster's department for woolen clothing and overcoats for Michigan men.

DEUTSCHLAND IN NARROW ESCAPE

New London, Conn., Nov. 3.—When the German seagoing freighter Deutschland approached New London harbor about midnight Tuesday the United States government dredger Atlantic barely escaped running her down, it was learned. According to the Atlantic's skipper the near accident was due to a mistake in reading the code signal lights. The dredger which was off Eastern Point made out the lights of the submarine which was coming nearly head on. The Atlantic kept on its course expecting the Deutschland to steer outside; when she did not, the Atlantic averted to one side and slowed her engines down, passing the Deutschland with about 100 yards to spare.

Then manifest of the Deutschland's cargo was filed at the customs house here and it will not be made public for some time, officials of the Eastern Forwarding company said. Unloading began at once, 100 selected negro stevedores wheeling out hundreds of small boxes and piling them in the warehouses on the wharf. Eighty of the freight handlers came here from Baltimore, where they helped discharge the boat's cargo after her maiden trip. The boxes were of various sizes, the smallest being a cubic foot and the largest eight and ten cubic feet. The cargo proper, exclusive of the precious stones, is said to be worth one and one-half million dollars. The dyes stuffs brought over will be shipped to commercial houses in New York, Boston and Philadelphia. The remainder of the freight will be stored here temporarily.

Dr. George Ahrens, an attaché of the German embassy at Washington, spent considerable time with Captain Koenig on the Deutschland and received five pouches filled with mail and a box. Questioned as to whether the

Deutschland would carry mail back to Germany, he said: "Why should she carry United States mail over? If the United States can't get mail to Germany it is time to stop."

Officials of the Forwarding company said it was unlikely that any mail would be sent by the submarine, except official communications from Count von Bernstorff to the emperor. It was also said that the Deutschland would not carry any medical supplies to Germany.

Commander David Boyd and Commander Yates Stirling of the United States submarine base here, inspected the Deutschland and said they were satisfied she was a commercial ship.

THEATRES

THE STRAND. "The Little Girl Next Door" described as the most sensational expose of vice ever made in the United States and based on the findings of the Illinois vice commission in the city of Chicago will be presented for the first time at the Strand theatre today. The films for the sensational picture will remain at the Strand for two days being shown both today and tomorrow. While the feature was being shown at the LaSalle theatre in Chicago, Rev. Boynton, pastor of the Woodlawn Baptist church said: vice commission motion picture "The Adverse Criticism of the O'Hara Little Girl Next Door," was characterized as "criminally disastrous" to the morality of the community by the Rev. M. P. Boynton, pastor of the Woodlawn Baptist church, at his evening service.

Until the general public comprehends the evils of white slavery, the minister declared, such evils cannot be eliminated, and no better method of bringing about this comprehension could be used than the film which is now being exhibited at the LaSalle opera house.

The conditions shown by the pictures are said to have been discovered in Chicago by the recent Senate commission which the Lieutenant Governor headed.

LABOR'S ENEMY—THE PROHIBITIONIST. Big Interests want prohibition in Michigan. 50,000 jobless men, who would become job-seekers instead of wage earners under a program of state prohibition, would be a great help to Big Interests. Big Interests could then tell every worker that—"50,000 other men are looking for a job—your job." Big Interests could strangle organized labor in Michigan—IF—PROHIBITION WERE IN EFFECT. Big Interests are doomed to disappointment. Prohibition will not carry in Michigan. Sane voters will protect 50,000 workers and property valued at \$30,000,000. Sane voters will vote "NO" against prohibition November 7. Big Interests will still be forced to meet with organized labor. Big Interests will be denied the weapon wanted—50,000 jobless men. In Colorado, after prohibition went into effect, thousands of men marched in a body to the state capital to DEMAND WORK. Big Interests are now slowly strangling to death organized labor in Colorado. Big Interests favor the "dry" agitators in Detroit. Big Interests would throttle labor organizations in Detroit. In Witness whereof—read labor's own story, from the Detroit Labor News, the publication of organized workers. Cadillac Company Can't Break Up Machinists' Noon Day Meeting. Not all the power of the poorly paying open-shop Cadillac Motor Car Co. with the Detroit Employers' Association, founded according to his own statement by Henry Leland, president of the Cadillac concern, was able to stop the organizers of the International Association of Machinists from speaking near the big plant out on Woodward avenue last Monday noon. Organizers went there Friday noon, but police officers stopped them, several organizers being taken to the police station. General Executive Board Member Nicholson interviewed Detroit's new police chief, James Couzens, Monday morning. He gave permission to hold noon-day meetings at the Cadillac or any other plant. Nicholson and others proceeded to the Cadillac plant. The police were there to receive them. They declared no meeting would take place. Speakers for the "dry" campaign were not bothered, but were permitted to continue their talks. The police declared that the union men were blocking the sidewalk as soon as they opened up, although the "dry" men were not criticised. One of the union officials called Police Commissioner Couzens on the telephone. He ordered the lieutenant of the Bethune station to go at once to the scene. He did so and he and all others could see five mounted policemen and seven patrolmen, all the men from the neighboring fire station and a crowd of from five to seven thousand men. He ordered the police to let the machinists talk. But even then a sergeant did his best to break up the meeting. The meeting was successful and considerable literature given the Cadillac employees. "Commissioner Couzens and the police superintendent gave us a fair shake; it was a sergeant down there who was giving all the orders against us," declared James Henderson, the machinists' union organizer. **PAPER MAKERS GETTING RICH**

Washington, Nov. 4.—In a statement tonight announcing virtual completion of its investigation of newspaper paper prices, the federal trade commission declares that during the first half of this year, when prices already were soaring to unprecedented figures, the average cost in producing newspaper paper in domestic mills was less than \$1.45 per hundred pounds, or below the average cost in the past three years.

The commission announces that before issuing its report public hearings will be conducted and manufacturers, publishers and others interested given an opportunity to appear. No date is set for the hearing but the report is said to be ready to send to the press in the near future.

Certain facts developed by the inquiry are made public now, because most of the publishers' contracts for paper are about to expire. Contract prices rose this year from less than \$2 per hundred to \$3 and \$3.50, and on current market purchases the publishers have paid \$7 or more for paper bought in the same way prior to Jan. 1 for between \$2 to \$3.

The statement follows in part: "The price advance in news print paper which occasioned this investigation began early in 1916 and has continued down to the present. Before the price advance began, contract prices for news print paper was generally less than \$2 per hundred pounds P. O. B. mill. During the first half of 1916 contract prices for large quantities in some instances went as high as \$3 per hundred pounds, and since July 1, 1916, have run as high as \$3.50.

"The average cost for the manufacture of news print paper in domestic mills was less than \$33 per ton or \$1.45 per hundred pounds, during the

first half of 1916, as shown by the manufacturers own cost sheets and by the cost as revised by the accountants of the commission. Furthermore these average costs were slightly lower than the average cost in any years from 1913 to 1915.

The quantity of news print paper produced by domestic manufacturers in the first half of 1916, was somewhat greater than in any preceding half year since the middle of 1913.

"The quantity of news print paper imported which came chiefly from Canada, equalled about one-third of the domestic production and showed a great increase in the first half of 1916. The quantity exported also increased during this period, though the exports were small compared with imports. The prices, however, offered by foreign buyers were high.

"An increase in demand for news print paper is also indicated by the fact that the sworn statements respecting the circulation of newspapers made to the postoffice department generally show larger issues by the leading newspapers and by the fact that the number of pages of the larger newspapers have very generally increased on account of large increases

in advertising and news matter.

"It is not intended in this statement to make any prediction about the future course of news print paper prices but merely to indicate some important facts to those interested in the buying and selling paper in order that they may act more advisedly in making new contracts.

**102 YEARS OLD, TO VOTE FOR 36TH PRESIDENT.**

Danville, Ill., Oct. 31.—Marcus Kolt, 102 years old, hopes to cast his twenty first straight Democratic vote for President on Nov. 7. He cast his first vote in 1836, when Andrew Jackson was the candidate.

Kolt is a survivor of four wars. He suffered a crippled arm in the California, stopped a mine ball in the Texas war, went through the Mexican war without being wounded, then was put out in the Civil War after he had been a soldier for fifteen years and four months. He now is a member of the old soldiers' home here. He never was married. He says he is afraid of domestic strife.

**DEUTSCHLAND WILL LEAVE THIS WEEK**

New London, Conn., Nov. 6.—Captain Paul Koenig, of the German Deutschland, which arrived here last Wednesday, indicated today that he would make his homeward dash next Friday, probably late in the afternoon. While the captain would not make a definite statement there was plenty of evidence tending to show that preparations were being made for an early start back to Bremen.

A gang of negro stevedores worked steadily all day loading a cargo of crude rubber and nickel; the Deutschland's crew was engaged in overhauling the engines and five mechanics from a local shipyard practically completed the work of tightening rivets on the craft's bow which had become loosened by tossing in the high seas on the voyage over.

Captain Koenig visited the government submarine base and later conducted Commander Stirling and his officers through the Deutschland.

Religious services were held on the Wilhelm for members of the submarine crew this afternoon.

**STRAW VOTE ON TRAIN**  
HUGHES, 28; WILSON 5  
Menominee, Mich., Nov. 3.—Some idea of the overwhelming Hughes sentiment among travelers in Cloverland was given in a straw vote taken on the Northwestern train which left Menominee at 4:55, north-bound yesterday afternoon.

A poll was taken of all men on the train. The poll showed 28 for Hughes and only five for Wilson. The straw vote was taken by F. D. Davis of Escanaba.

**LOST BASEBALL TASTE SIGN OF INSANITY**  
New York, Oct. 31.—Is suddenly lost interest in baseball a sign of mental deficiency? This is the point brought up in court here by Charles P. Doelger, who is trying to break the will of his father-in-law, the late Ernest G. Woertz, millionaire brewer. Doelger produced a servant who testified Woertz was accustomed to ask how the Giants fared every day. Shortly before his will was executed, she said, he ceased to inquire: "Who won the game?"

# Begging the Question

- Prohibitionists in Michigan teach not the doctrine of prohibition.
- The doctrine of prohibition cannot stand the searchlight of public opinion.
- Prohibition, as its Michigan advocates display it, is something political that lurks about—a wolf in the clothing of a sheep.
- Prohibition means confiscation of property valued at \$30,000,000.
- Prohibition means the throwing of 50,000 jobless men into the labor market.
- Prohibition means the creating of 50,000 "job-seekers" to take the place of wage earners.
- Prohibition, the kind Michigan voters are urged to endorse, provides for the shipping into Michigan of train-loads of beverages.
- Boot-leggers will receive these beverages—blind-tigers will dispose of these beverages—
- AND—
- THE MONEY SO SPENT WILL GO OUTSIDE THE CONFINES OF THE STATE.
- Michigan prohibitionists would prohibit 50,000 men from making a living wage.
- Michigan prohibitionists would wantonly destroy, by confiscation, property valued at \$30,000,000.
- Michigan prohibitionists would cut off millions in revenue.
- Michigan prohibitionists would FORCE the home-owner, the worker, and the small business man to meet a state treasury deficit.
- Michigan prohibitionists stand for higher taxes.
- Michigan prohibitionists would first destroy property and beverages before they destroy the theater, the dance, and the pipeful of tobacco the worker now uses.
- Michigan prohibitionists are backed by Big Interests.
- 50,000 jobless men would be a weapon in the hands of Big Interests whereby organized workers could be strangled.
- This is why Michigan prohibitionists teach not the doctrine of Prohibition, but beg the question, and attack Home Rule—the measure whereby every city, every village, and every township could settle for themselves the question of license and regulation.
- Send for the pamphlet—"Prohibition and the Worker."

Daily Talk by Dwight G. F. Warner, Campaign Manager Home Rule League

# Keep Your Mind's Eye On The Main Issue

When you go to the polls next Tuesday you will vote—not on SIDE ISSUES—but on the AMENDMENTS as PRINTED on the BALLOTS.

ONE of these amendments is a SO-CALLED prohibition amendment. The issue that it raises is simply this—Shall the WINE, CIDER, WHISKY and BEER USED by MICHIGAN people be made and sold lawfully by MICHIGAN people or shall these beverages be made ELSEWHERE and SHIPPED into Michigan for LAWFUL use and UN-LAWFUL sale?

Another amendment is known as the Home Rule Amendment. The issue that is raised by this amendment is—Shall the governmental UNITS in Michigan govern THEMSELVES as provided by the 1909 Constitution, or shall they continue to be DISFRANCHISED and OVERRULED by larger units?

DESPERATE attempts have been made by the PROFESSED prohibitionists to distract attention from these main issues, but these attempts have failed.

There was an attempt to get up a dispute on whether it is right or wrong to take a drink.

But the proposed prohibition amendment not only PERMITS unlimited shipments of liquor for personal USE but expressly provides that it shall be lawful to MAKE and SELL alcoholic liquors for MEDICINAL and SACRAMENTAL purposes.

Then an attempt was made to drag the SALOON into the arena—

But it was shown that the saloon is NOT an issue—the saloon is only a place in which liquors are sold for beverage purposes—Such places will exist—EITHER as REGULATED, LICENSED places under the license system—or as UN-REGULATED, UN-LICENSED places—under SO-CALLED prohibition law.

As between the LICENSED and REGULATED saloons of MICHIGAN, under LICENSE and the LAWLESS DEGENERATE DIVES of MAINE under PROHIBITION there could be but ONE intelligent choice.

OTHER attempts have been made by the professed prohibitionists to BEFOG the issue but they have been thwarted all along the line by the repetition of one VITAL question—

WHY did the Professed prohibitionists REFUSE to put into the proposed prohibition amendment a clause that would STOP the SHIPMENT of liquor into Michigan?

SEVERAL "answers" have been made to this question—One REVEALED the truth—other "answers" were intended to HIDE the truth.

ONE answer was that the shipping of liquor across State-lines is under Federal control and that NO State law can stop such shipments.

In reply to that falsehood I quote from the 1916 American Prohibition Year Book (Page 110-111) as follows:

"The Webb-Kenyon Law, REMOVING the special privileges of Interstate Commerce from the liquor traffic, WAS PASSED over the veto of President Taft early in 1913. For many years the temperance people of the United States had urged the passage of a law PROTECTING Prohibition territory from interstate shipments of liquor\*\*\* the CHIEF IMPORTANCE of the law is that it puts inter-state shipments of liquor under the SOLE jurisdiction of the STATE into which they are consigned."

ANOTHER "answer" made by the professed prohibitionists was a FLAT CONTRADICTION of the first, this being that the State Legislature could enact laws to STOP or to REGULATE and control the shipping of liquors—as if a LEGISLATIVE act could have power above a section of the Constitution.

A third "answer"—printed and SPREAD BROADCAST over the signature of the Michigan Dry Campaign Committee—is as follows: "and they know, that, HAD ANY SUCH CLAUSE BEEN INSERTED IT WOULD HAVE VERY LIKELY DEFEATED STATE-WIDE PROHIBITION."

In OTHER words, the insertion of a PROHIBITION clause in the so-called PROHIBITION law would have defeated PROHIBITION.

Now let us GET this—and not FORGET it—

The PROFESSED Prohibitionists ADMIT that they were AFRAID to offer a REAL Prohibition amendment for FEAR that it would be DEFEATED—and yet they ask HONEST Prohibitionists to vote for an admitted fake—

Then they say that the State could NOT STOP inter-state shipments—

Then they DENY it and say that the Legislature CAN STOP inter-state shipments.

Now there must be some VOTE-CATCHING plan behind all of this SKULDUGGERY of the PROFESSED prohibitionists—

They MUST be trying to please SOME voters and SUPPORTERS that are neither REAL Prohibitionists nor advocates of the LAWFUL manufacture and SALE of liquor in Michigan—

WELL, they may get some support from—

- The BOOT-LEGGING Prohibitionists—
- The LIQUOR-DRINKING Prohibitionists—
- The LIQUOR-SHIPPING Prohibitionists—
- The ALCOHOLIC-MEDICINE Prohibitionists—
- The ALCOHOL-PRESCRIPTION-WRITING-DOCTOR Prohibitionists—
- The CONTINUOUS-AGITATION-MEAL-TICKET Prohibitionists—
- The BLIND-PIG Prohibitionists—
- The DON'T-KICK-MY-HIP-POCKET Prohibitionists—
- The SECRET-DRINKER-HYPOCRITE Prohibitionists—
- The WAGE-SLAVE Prohibitionists—

BUT— They will have to SHOW ME that such prohibitionists constitutes a majority of the voters in Michigan.

The Republican County Ticket

**GEORGE F. MC EWEN**  
Candidate for County Treasurer.  
By his efficient handling of the affairs of the office of register of deeds Mr. McEwen has made a record of which he may well be proud. The office of county treasurer is a highly important one and Mr. McEwen is a man to fit the office.

**ANDREW IVERSON**  
Candidate for Sheriff.  
Andrew Iverson has made for Delta county one of the most efficient sheriffs ever to serve the people. The public records show that in a single year he reduced the expenses of the sheriff's office by \$4,000 and in addition he has been faithful and efficient in the discharge of his duties.

**ATTORNEY T. E. STROM.**  
Candidate for Prosecuting Attorney.  
Atty. T. E. Strom enjoys the unusual compliment in this election of being unopposed and the honor that has come to him is richly deserved.

**FRANK J. HESS.**  
Candidate for Register of Deeds  
Mr. Hess is one who has faithfully served the people in various capacities and has proven his dependability and worth. In becoming a candidate for the office of Register Mr Hess is prepared to apply the technical knowledge that he has gained to the service of the people and that his record will receive recognition is assured.

**DR. W. A. LE MIRE**  
Candidate for Representative.  
Dr. LeMire is one of Delta county's self made men. Raised on a farm at Cassel Mich. Dr. LeMire earned his way through school and college and 17 years ago began the practice of his profession in Delta county. He has held various offices of prominence and in every instance has been found a true friend of the people. As representative of the Delta county district in the state legislature he will truly represent the people of this county.

**ALBERT J. PEPIN**  
Candidate for County Clerk.  
No clerk in the history of Delta county has ever more efficiently served the people than Albert J. Pepin. He has been courteous, painstaking and alert to guard the finances of the taxpayers. His is a record that richly deserves recognition by the voters on Tuesday.

**JUDGE JUDD YELLAND**  
Candidate for Judge of Probate.  
Judge Yelland is one of Delta county's officials who has been tried and not found wanting. His manner of handling the affairs of the probate court has won for him the close friendship and sincere respect of all who have had dealings with that office. In fact his record has been such that in this campaign it has been held up as a model in a neighboring county giving to Delta county's probate judge a compliment for which the people of Delta will show their appreciation on election day.

Walter Wickert returned Monday to Ishpeming, where he is employed after spending the week end in this city with his parents.

**"Prohibition A Failure"**

**Famous Committee of 50 Declared**

"Prohibition has failed to exclude intoxicants completely **EVEN FROM DISTRICTS WHERE PUBLIC SENTIMENT IS STRONGLY IN ITS FAVOR.**

"Prohibition has failed, of course, to subdue the drinking passion."

This was the verdict of the famous committee of 50 appointed by President McKinley to investigate and report to him on the operation of prohibition laws and the liquor question in all its aspects. This committee was composed of the following men, leaders in the church, in education, in law, in medicine, in science and in business. They were:

- Hon. Seth Low
- Chas. Dudley Warner, Esq.
- Francis G. Peabody, D. D.
- Wm. E. Dodge
- J. S. Bilings
- Pres. Chas. W. Eliot
- Col. Jacob L. Greene

- Rev. W. S. Rainsford
- Jacob Schiff
- Prof. C. W. Shields
- Prof. Wm. M. Sloane
- Rev. Frederic H. Wines
- Dr. P. M. Wise

Before arriving at any conclusions the committee examined

- "Prohibition in Maine.
- "Prohibition in Iowa.
- "South Carolina Dispensary System.
- "Restrictive System in Massachusetts.
- "Liquor Laws of Pennsylvania.
- "Ohio Liquor Tax.
- "Liquor Laws in Indiana Since 1851.
- "Missouri Local Option Law.

This committee of fifty pointed out the following evils of prohibition:

- "Open Defiance of Law.
- "Evasion of Law.
- "Courts Have Been Weakened.
- "Two-Faced and Mercenary Law Officers.
- "Hypocritical and Truckling Candidates for Office.
- "Unfaithful Office-Holders."

Here we have **FIFTY GREAT MEN** of the United States—men of unimpeachable integrity—who spent sixteen months investigating this subject for the then president of the United States, and who reported to him that **PROHIBITION** was a failure.

Will anybody dare to impugn the motives of the lamented martyr-president in causing this investigation to be made, or will anybody dare to say that this committee was influenced by men engaged in the liquor business?

Hadn't you better take their judgment—the judgment of the brainiest men of their time—and **VOTE AGAINST PROHIBITION**, than to follow a few misguided fanatics who are paid to stir up hatred in a community?

### Iron County Rejects Prohibition

The failure or success of any rule is best judged by those who have tried it.

The people of Iron county for a year and a half have tried prohibition and last week practically two thirds of the voters of that county went on record asserting that prohibition is a farcical failure. A total of 1200 voters of Iron county last week went before the board of supervisors in that county and demanded that they be given an opportunity to vote back the licensed saloon next April.

To drive out the blind pig and bootlegger that have openly flourished in Iron county for the past year and a half, a petition signed by only 725 voters of the county was necessary for the submission of the question, but 1200 qualified electors of Iron, openly signed that petition.

The people of Iron county have tried prohibition and they know that prohibition does not prohibit.

The people of Iron county have tried prohibition and they have seen that county flooded with blind pigs and bootleggers who have supplied intoxicants to all who want it, in defiance of the law.

The people of Iron county have tried prohibition and they have seen more lawlessness and drunkenness than ever before in the history of that county.

The people of Iron county, have tried prohibition and they have witnessed a farcical effort to enforce the law, that has cost the taxpayers of that county \$14,000 more than during a similar period under the licensed saloon. The people of Iron county have tried prohibition and they have seen their taxes unwarrantedly increased and conditions made far worse than ever before. The people of Iron county are tired of prohibition and they proved their disgust with the dry regime last week in no unmistakable manner.

The people of Michigan today at the polls will say that a rule already proven a monstrous farce, shall not be adopted in this state.

The people of state of Michigan at the polls today will say the \$100,000 worth of property in the state shall not be deliberately confiscated, for the benefit of blind piggers and mail order liquor sellers.

The people of the state of Michigan at the polls today will say that the demands of the paid agitators of the Anti Saloon League shall not be granted, to increase taxes in Delta county alone from \$43 a thousand to \$71 a thousand.

The people of the state of Michigan will say at the polls today that 50,000 wages earners shall not be thrown out of employment, to gratify a band of paid leeches.

Prohibition is a proven farce that can accomplish no good; it stands convicted as an ally of the Devil and is supported only by those who are paid for their work and the few who have been duped.

### THEY BOTH ARE CERTAIN OF VICTORY

O. P. Chatfield, chairman of the Republican county committee yesterday issued the following forecast of the result of today's election: "Hughes will carry Delta county by a majority of over 1,200 over Wilson and the Republican county ticket will be elected by majorities around 2,500. In this state as well as in the nation I am confident that Hughes is a winner by a tremendous margin for the swing of the Republican candidate for the last three weeks in this county as well as throughout the United States has been a veritable avalanche that will be reflected when the votes are counted."

William Finnegan, chairman of the Democratic county committee, yesterday issued the following forecast of the result of today's election: "President Wilson will carry Delta county and if he does not carry the state of Michigan we will curtail the Republican majority to not more than 15,000. It is the quiet vote that will count at the election of tomorrow and that vote is for Wilson.

"President Wilson will have 344 votes in the electoral college and that I am right will be proven by the returns tomorrow night."

### George F. McEwen Candidate for County Treasurer

Mr. McEwen has served the county for two terms as Register of Deeds. The records in that office have always been considered to be among the best kept in the state and Mr. McEwen, during his term, has maintained in every detail their high standard of excellence and has shown himself to be especially well qualified to perform the duties of treasurer.

### PRES. WILSON IS CONFIDENT

The following telegram signed by President Woodrow Wilson, was received yesterday by William Finnegan, chairman of the Democratic county committee for Delta county:

Long Branch, N. J. Nov. 4, 1916.

Wm. Finnegan, Dem. Chrm., Delta Co. Escanaba, Michigan.

I thank you heartily for the splendid work done by all workers in the cause of progressive principles at issue in this campaign. The fight is won, I fully believe, though I take this means of urging you to renewed exertion and vigilance to see that belated efforts to confuse the public judgment do not succeed. Our country is prosperous, secure and happy in its prosperity is upon a sound basis. Steps to protect our commerce and industry in any emergency after the European war ends have been taken. The anti-dumping clause of the so-called war revenue act provides the executive with ample power to prevent the "dumping" of European surplus manufactures upon our markets. The tariff commission will shortly be appointed and at work to provide the facts which will determine what other legislation is necessary or desirable. I need not add that the federal reserve act is a guarantee against panics and that the federal trade commission will aid as it already has helped to preserve the stability of our domestic and foreign commerce. I am confident that the time has come in America when votes cannot be bought, the ballot box defiled by corrupt practices or the judgment of the American people determined or influenced in any way by the use of money. It is, however, our duty to take every precaution lest conscienceless agents of the sinister forces working in opposition to progressive principles and popular government resort in their desperation to industrial coercion to the evil and insidious practices of a decade and more ago.

### TRAIN HITS AUTO; THREE ARE KILLED

Haddenfield, N. J. Nov. 6.—Four women and three men were killed this evening when a train struck their auto at Freeman station near here. Three were instantly killed and the fourth died in a nearby hospital.

### MAKE TEST ON A NEW ANGLE

At a time when grade crossing accidents at the source of ever increasing expenditures by the railroads to cover the cost of damage suits; of further protection of crossings by grade separation, gates, watchmen, warning devices, lighting signs, etc. and unremitted "SAFETY FIRST" campaigns among employees and the public alike, it is refreshing to be reminded that some responsibility rests on the public and furthermore that the responsibility may be translated into dollars and cents. On June 3rd a passenger train on the Chesapeake and Eastern Illinois was approaching a crossing in open country near Danville, Ill., at its usual speed. The view was unobstructed and the whistles sounded soon enough for the driver of a vehicle near the crossing to have ample time to stop to let the train pass. A man, who was driving an automobile toward the crossing at the time, paid no heed to the warnings, it is alleged, and was struck and killed. His automobile derailed and wrecked the locomotive and baggage car and caused injuries to the engineer, which later resulted in his death.

### HOLD RECEPTION FOR NEW PASTOR

A reception will be held at 8 o'clock this evening at the church parlors of the Swedish M. E. church in honor of Rev. and Mrs. Louis Johnson. All members and their friends are cordially invited to attend.

### PRICE OF SMOKES WILL MOVE UP

The Agreeable Gentleman, who has been accustomed to filling his pockets with "three for" a quarters and the equally agreeable person who stuffs his pockets with the kind that you get "six for a quarter" are having hard sledding these days. The fact is that the cigar market is in the midst of an upward swing every bit as violent and disconcerting as food, clothing or any other necessity. And in a campaign year when dreams for the next four years are manufactured out of smoke—either Havana or domestic—the situation is even more alarming.

### FEARS ARE FELT FOR AMERICANS

Washington, D. C., Nov. 6.—The state department is alarmed over the fate of the nine Americans said to be in peril of a Villa attack on Parral. The unconfirmed report that Dr. H. C. Fischer an American, has been murdered at Santa Rosalia caused much uneasiness. Inquiries are being made tonight through the British and French consuls in Mexico but the move has been hindered by the cutting of telegraph lines around Chihuahua.

### SUPERIORITY AGAIN SHOWN

The Michigan crop report for October, issued by Coleman C. Vaughan secretary of state, again demonstrates the superiority of the agricultural lands of Cloverland over any other section of Michigan. In yields this district leads all other portions of Michigan in wheat, corn and cloverseed. In beans and potatoes alone is Cloverland surpassed the southern counties having the greatest yield for beans the northern counties of the lower peninsula slightly leading this district in potatoes.

The crop report for October follows: Lansing, Mich., Nov. 14.

Wheat—The final estimated yield of wheat in the State in 1916, in the southern counties 16.23, in the central counties 16.23, in the northern counties 14.64 and in the Upper Peninsula 22.19 bushels per acre. The estimated total yield for the State is 12,404,710 bushels. The condition of growing wheat as compared with an average per cent is 86 in the State, 82 in the southern counties, 81 in the central counties 99 in the northern counties and 92 in the Upper Peninsula.

The total number of bushels of wheat marketed by farmers in October at 58 flouring mills is 123,413 and at 61 elevators and to grain dealers 128,922 or a total of 252,335 bushels. Of this amount 191,389 bushels were marketed in the southern four tiers of counties, 40,959 in the central counties, and 19,987 in the northern counties and Upper Peninsula.

The estimated total number of bushels of wheat marketed in the three months, August-October is 3,500,000. Thirty-four mills, elevators and grain dealers report no wheat marketed in October.

Corn—The estimated average yield per acre of corn, in bushels is 21.05 in the State, 20.40 in the southern counties, 22.83 in the central counties, 23.46 in the northern counties and 24.22 in the Upper Peninsula.

Clover Seed—The per cent of acreage of clover seed harvested as compared with average years is 103 in the State, 108 in the southern counties 104 in the central counties, 90 in the northern counties and 100 in the Upper Peninsula. The average yield per acre in bushels is 1.51 in the State and southern counties, 1.64 in the central counties, 1.97 in the northern counties and 2.00 in the Upper Peninsula.

Beans—The final estimated average yield per acre in bushels is 6.71 in the State, 6.21 in the southern counties, 7.11 in the central counties, 6.95 in the northern counties and 6.79 in the Upper Peninsula.

Potatoes—The estimated average yield per acre, in bushels is 45.23 in the State, 92 in the southern counties, 38.48 in the central counties, 74.84 in the northern counties and 71.30 in the Upper Peninsula.

Commercial Fertilizers.—The per cent of farmers who have used commercial fertilizers on their wheat this fall is 34 in the State, 39 in the southern counties, 33 in the central counties 11 in the northern counties and 13 in the Upper Peninsula.

From many correspondents we received reports of acreage of corn, potatoes and beans not harvested because of entire or partial failure and we have decided that fully 25 per cent of a reduction from figures given in above table will closely represent the yield of these crops, viz:

	Yield per acre	Total yield, bushels
Corn	1,490,265	31,372,183
Potatoes	271,200	32,266,664
Beans	326,656	2,151,862
The ten year average from 1906 to 1915 inclusive, on corn, potatoes and beans is as follows:		
Corn	53,585,454	32 bushels per acre.
Potatoes	28,776,634	86 bushels per acre.
Beans	4,965,627	127 bushels per acre.
A considerable per centage of the corn and potatoes will not be marketable being too soft and too small.		

COLEMAN C. VAUGHAN, Secretary of State.

Mrs. M. O'Connell has returned from a visit in Marquette.

### CENTRAL POWERS GRANT FREEDOM

Berlin, Nov. 6.—Polish provinces occupied by troops of the central powers says the Over Seas News agency were the scenes of a great and momentous historic event. Germany and Austria Hungary by joint action, proclaimed Warsaw and Lublin the kingdom of Poland and re-established the right of the Polish nation to control its own destinies to live independent national life and to govern itself by chosen representatives of the nation.

A few days ago a Polish delegation had called upon the imperial chancellor, Dr. Von Bethmann-Hollweg. Its members were representative Poles of all classes, all parties, all ranks of society and all creeds. They transmitted to the German government the wishes of the Polish nation which now have been granted to them.

Thus the ancient kingdom of Poland from which in the past came famous rulers like the Jagellones (a dynasty founded by Jagello which reigned in Poland from 1286 to 1572) and glorious soldiers like the great Sobieski is now resurrected to new life. The Poles are now free from Russian oppression! no more to be trodden under the heels of the Cossacks. The liberty that had been destroyed a century ago on Russian invasion now is restored. The rule of the knout has been abolished. Poland has been given back to western civilization.

The manifesto issued at Warsaw and Lublin reads as follows: His Majesty the German Emperor and His Majesty the Emperor of Austria and Apostolic King of Hungary inspired by firm confidence in a final victory of their arms, and prompted by a desire to lead the districts conquered by their armies under heavy sacrifices from Russian domination, towards a happy future, have agreed to form of these districts a national state with a hereditary monarchy and a constitutional government. The exact frontiers of the kingdom of Poland shall be outlined later.

### TRAIN HITS AUTO; THREE ARE KILLED

The new kingdom will receive the guarantees needed for the free development of its own forces by its intimate relations with both powers. The glorious tradition of the ancient Polish armies and the memories of the brave comradeship in the great war of our days, shall revive in a national army. The organization, instruction and command of this army shall be arranged by common agreement.

The allied monarchs express the confident hope that Polish wishes for the evolution of a Polish state and for the national development of a Polish kingdom shall now be fulfilled, taking due consideration of the political condition prevailing in Europe and of the welfare and safety of their own countries and nations.

The great realm which the western neighbors of the kingdom of Poland shall have on their eastern frontier shall be a free and happy state enjoying its own national life and they shall welcome with joy the birth and prosperous development of this state.

### AUTHORITIES AND I. W. W. IN BATTLE

Everett, Wash., Nov. 6.—At least five men were killed and forty injured on Sunday in a battle at the Everett city wharf between 250 members of the Industrial Workers of the World, who came here from Seattle on the steamer Verona, and a posse of 150 citizens headed by Sheriff Don McRae. Sheriff McRae is among the seriously wounded.

The number of casualties aboard the Verona is not known. After the shooting in which 1,000 shots were exchanged, the Verona turned around and started back to Seattle. Many men were seen to fall on the deck of the steamer and others panic stricken jumped overboard. Some were taken from the water, but other disappeared and it is believed they were drowned.

The Verona reached Everett shortly before 2 o'clock. The coming of the party of invaders had been announced in messages sent to Everett from Seattle headquarters. A call to Industrial Workers of the World members from all over the state had been issued earlier in the week and the citizens of Everett at a meeting held Saturday night, planned to meet the invaders and deny them the privilege of landing.

When the Verona reached the city wharf Sheriff McRae, who was backed by a posse of deputy sheriffs and citizens stepped forward and informed the men on the boat that they would not be permitted to land. One of the men, evidently spokesman for the party, began arguing with the sheriff and then made a speech.

Apparently as a signal the man dropped his hand and armed men on the steamer opened fire on the posse at the wharf. The first man to fall was Sheriff McRae, seriously injured. One man was killed instantly and in a moment the crowd on shore was panic-stricken. Deputy sheriffs on the wharf quickly rallied their forces, however, and returned the fire.

Men on the wharf and on the boat were seen to fall and the Verona immediately backed out of the dock and started back toward Seattle.

### FORMER RAPID RIVER MAN BADLY INJURED

J. Labubard, for a number of years a resident of Rapid River but employed for some time as a barber at Trout Lake, is suffering from a bullet wound through his hand, sustained through the accidental discharge of a revolver. A deputy sheriff at Trout Lake had entered the shop where Labubard was employed and before entering the chair took his revolver from his pocket and placed it on a shelf. Another patron entered and picked up the gun. In handling it, as Labubard stood at his side, the revolver was discharged the bullet tore through Labubard's hand. He came to the Laing hospital in this city to have the injury treated and is now able to be about.

### KIPLING WOMAN DIES SUDDENLY

While returning to her home at Kipling, after attending church service in Escanaba on Sunday, Mrs. John Klingenberg, passed away at the home of the family at 8 o'clock on Sunday night. Mrs. Klingenberg appeared to be enjoying excellent health on Sunday morning and when she and her husband started on the return trip to Gladstone she did not complain of being ill. She became ill before Kipling was reached, however, and physicians who were called, could do nothing to save the life, death resulting from an affection of the heart.

She is survived by her husband and one son, the latter being employed as an instructor in an Indian school in Arizona.

### TELEPHONE COMPANY WILL GIVE RETURNS

The Michigan State Telephone company will furnish election returns to their subscribers free of charge, by calling the central and ask for the election returns. The operator will switch the subscriber over to the information operator giving the returns and the bulletins will be read to the subscriber.

### IS TO BE A 30 YEAR WAR

Lansing, Nov. 6.—A thirty year war—that is what Dr. Wm. D. Klein of the state board of health tuberculosis survey declared in a public statement Michigan's fight against tuberculosis will amount to. He declared in the statement that in that length of time, if the fight against the disease is vigorously prosecuted, tuberculosis can be brought down to its "irreducible minimum."

There are some people who, like the Union soldiers in the early excitement of the civil war, think that the coming fight is no more than a holiday affair. But those who have studied the situation know that it is no such thing, but that it will be hard, long battle.

It is estimated, basing the estimate on the present state board board of health survey, that there are approximately 30,000 cases of tuberculosis in Michigan today. To reduce this number to practically zero is a vast work even for thirty years. That army of victims and prospective victims will require wise attention; housing conditions must be improved; labor conditions must be bettered; prejudice and ignorance in regard to tuberculosis must be overcome; a thousand obstacles must be cleared out of the way.

A thirty years' fight seems a long one now, but the results that the state board of health has already achieved in its brief survey seem to justify any amount of time and effort spent on finally conquering this disease which kills more than 2,500 Michigan citizens each year.

### ATTY. CUDDY HAS ISSUED STATEMENT

Atty. Joseph F. Cuddy yesterday issued the following statement to the voters of the county:

I have made a complete canvass of the entire county and talked to and with men of all shades of political belief. Wilson will surely win in Delta county. The farmers are for him and the laborers are for him. The only sentiment I find for Hughes is largely among "organization" Republicans, men who feel it their duty to support their candidate in order to maintain their own "leadership" in their respective localities. But they are obviously and confessedly depressed in spirits and view the future with gloomy forebodings.

I feel that my own election as Judge of Probate is assured. The generality of the voters feel that my opponent has been in public office long enough. Eight years as probate judge and four years as prosecutor with additional years as city attorney is regarded as quite enough. The American people believe in fair play and in giving every man a chance. And the same may be said for all our other candidates.

The outlook for Democratic success all along the line is very bright and very encouraging to us all.

The campaign has been very interesting and we had many pleasant experiences. We were very kindly received in our travels throughout the county and win or lose we are all glad we made the race.

### UNUSUAL PROGRAM AT DELFT THEATRE

A continuous program of pictures and the presentation of election returns from the county, state and nation, makes up the unusual offering of tonight at the Delft theatre. The program will open at 7:15 o'clock, at which time some of the election returns will be known. The program is one of the most unusual ever provided in this city and will provide many with ideal accommodations for election night.

Miss Katherine Burns entertained last evening at her home on North Sarah street at a miscellaneous show or complimentary to Miss Nora Cleary who is soon to become the bride of Mr. Arthur Kublej. The bride-to-be received many pretty and useful gifts. A pleasant evening was spent after which refreshments were served. Miss Cleary will be married to Arthur Kublej, on Wednesday morning.
