

SHOW PARTIES UNITED HERE KNOW HOW TO SAY 'NO' HERE

REPUBLICAN VOTE AT THIS ELECTION GREATER THAN COMBINED VOTE OF SPLIT PARTIES FOUR YEARS AGO—PRESIDENT WILSON MADE GAINS IN COUNTY.

Members of the Delta county board of election canvassers yesterday completed their work and their report shows that while the Republican vote cast for Hughes at the election of this year was greater than the combined Republican and Progressive vote in this county four years ago, President Wilson made a substantial gain in Delta county at this election over his record in the last presidential struggle.

EVERY AMENDMENT SUBMITTED AT ELECTION A WEEK AGO WAS VOTED DOWN IN DELTA COUNTY CANVASS OF BALLOTS SHOWS.

Voters of Delta county at the polls a week ago demonstrated an aversion for each of the four amendments that were submitted at that time. Adverse majorities were given against each of the amendments, according to the complete canvass of the vote cast in the county, finished yesterday by the Delta county board of election canvassers.

RESTA WINS AUTO CLASSIC

Santa Monica, Calif., Nov. 16.—Dario Resta in a Peugeot, won the Vanderbilt cup today. Cooper in a Stutz was second. Weightman in a Duseberg was third. The time three hours and twenty-two minutes, an average of 86.90 miles an hour.

PEPIN LEADS ENTIRE LIST

County Clerk Albert J. Pepin enjoys the distinction of having received at the election a week ago the greatest number of votes of any candidate for office voted on by the electors of Delta county. The official count of the canvassers, completed yesterday, shows that Mr. Pepin received a total of 3805 votes, running far ahead of the national, state, district and remainder of the county Republican ticket.

'SHOP EARLY' IS APT THIS YEAR

"Shop Early" are the words of caution being given to Christmas buyers by all of the merchants of Escanaba. Every merchant in Escanaba is experiencing difficulty in securing the stocks of Christmas goods and in many instances goods that have been ordered will never be shipped. It is pointed out that stocks in the stores are now practically as complete as they will be for the Christmas trade and those who delay their shipping this season are bound to find slim picking.

THE COMMUNITY IDEA Comment and Suggestion Having the Welfare and Progress of Our Local Community as Its Object

The home merchant sells merchandise of known merit; he cannot afford to do otherwise. He knows that every article leaving his store must satisfy his customer; that if it is not what it should be he must make it right. Through such business conduct is the customer's interests safeguarded. He has the definite or implied guaranty of his home merchant. The merchant in turn protects himself and the customer by selling merchandise of known reputation, guaranteed by the maker.

Then the possible saving of a few pennies. Nor should it be forgotten that the home merchant is a part of the local community; that he is interested in the things in which we are interested. With us, he wants to see the community prosper; and he knows this can only be accomplished through the prosperity of the citizens of the community. He realizes that his own business can thrive only as we, of the community, thrive and show progress. Isn't it likely then, that he will do everything within his power to study our needs and supply them promptly, conveniently, efficiently and economically? And that with such an incentive he is much more likely to succeed than is the mail order house which has no vital interest in local affairs.

Must Have One Object The city of Escanaba stands today at the parting of the ways. Escanaba must either progress or retrogress and we who know and appreciate this city's possibilities must dedicate ourselves to the building up of a militant spirit that will battle against retrogression to the last ditch.

GREAT POWER DEAL CLOSED

NORTHWESTERN TO ABANDON PRIVATE ELECTRICAL PLANT AND WILL PURCHASE POWER FROM ESCANABA TRACTION CO.—MOTORS TO TAKE PLACE OF STEAM.

A deal has been closed by the Northwestern Railway company and the Escanaba Traction company for the electrification of practically all of the railway company's property in this city. The work of setting poles for a power line that will follow the North western right of way from Wells to the yards and the lower shops and buildings of the railway company will be started by a crew of traction company employes at once.

WON'T RISK MEN'S LIVES

That the lives of employes of the state tax commission, assigned to cruise timber and farm lands in Cloverland counties, may not be endangered during the hunting season all work in the peninsula has been suspended for a period of six weeks. The employes of the commission who were engaged in reassessing Delta county, have scattered to their homes in various parts of the state and will resume their work again about Dec. 15.

BRAMPTON PEOPLE ENJOYED PROGRAM

A social that was marked by unusually enjoyable features, was held at Brampton on Saturday evening when the school house was packed to its capacity. The event was one of a series that has been planned for the winter season and was attended by a host of Brampton people and many from outside points. M. E. Sibole served as literary instructor for the evening and assisted by a number of young people most delightful presented a number of poems by James Whitcomb Riley and Allan Tyrrell, of Brampton. Following the program a luncheon was served. The affair was one of the most pleasing ever arranged at Brampton, a town in which a live community interest is always in evidence and where programs of this nature have been repeatedly given.

FIFTY KILLED BY SHIP EXPLOSION

Stockholm, Nov. 16.—A local newspaper says that recently an explosion occurred on board the Russian ammunition steamer Baron Mrecent, at Archangel, causing the death of 50 persons and wounding 650.

MAN DIES WHO WROTE 'QUO VADIS'

New York, Nov. 16.—Herik Siemhewicz, the Polish novelist who was the author of "Quo Vadis" is dead in Vevey, Switzerland, according to a dispatch.

MANY SKATERS ENJOY PROGRAM

One of the largest crowds of skaters of the season last night flocked to the Coliseum, where the first moon light roller party of the season was held. The musical program provided on the reconstructed organ at the rink was the subject of much favorable comment. Skating programs will be held on Saturday afternoon and evening and again on Sunday. Manager Flath is making extensive plans for the first masquerade party for the season to be held on Thursday evening of next week.

TO HOLD FUNERAL SUNDAY AFTERNOON

The body of Mrs. Harry Carlson, who passed away on Wednesday was yesterday removed to the family home, at 1123 Oliver avenue. Funeral services will be conducted on Sunday afternoon at 2:30 o'clock at the Swedish Mission church. Rev. Carlson pastor of the church, will officiate at the service. Interment will be at Lakeview cemetery.

CERTAIN DEATH WAS ACCIDENTAL

Under-Sheriff Frank O'Dess has returned from Fayette where he made a complete investigation of the drowning of Frank Pizzala, of Fayette, on Friday evening last week. Mr. O'Dess is confident that the drowning was accidental and that no blame should be attached to anyone. All of the people of Fairbanks township are deep ly grieved over the accident and efforts to recover the body of the unfortunate young man have never been abated.

CAPTURE MAN AT STOCKADE

New London, Conn., Nov. 16.—An unidentified man was captured near the stockade where the Deutschland lies. He is said to have had gunpowder and acid in his possession. Efforts made to suppress publicity but it is believed here that the man's capture frustrated an effort to sink the boat.

RETALIATORY PLANS FORMED

BOTH TREASURY AND STATE DEPARTMENT AT WASHINGTON TO CO-OPERATE TO BRING GREAT BRITAIN TO TIME—EARL GRAY IGNORED REAL ISSUE

Washington, D. C., Nov. 16.—The treasury department is said to be ready to resort to retaliatory measures against the enforcement of the English blacklist law. It is understood that the department will refuse to give any ship a clearance that refuses to carry goods of an American merchant merely because his name is on the blacklist.

The state department is busy preparing a list of all the acts that have been committed injurious to American commerce. Officials here said today that Viscount Grey ignored the American contention which did not state that the blacklist was illegal but that it was injurious to American commerce. It was the opinion of the authorities that England could not afford to adopt reprisals to any retaliatory legislation by the United States as that would result in a commercial warfare which would deprive England of much needed American goods.

BRITS THROW ENEMY BACK

Berlin, Nov. 16.—Yesterday's fighting on the west front—the Britons, in an effort to break the lines of the Germans on both sides of the Ancre, made a desperate infantry attack after covering the German positions with heavy calibre gunfire. While the Germans were thrown back ten kilometres and lost Beaumont and St. Pierre, they are now in the most promising second line of defense and they have lost nothing of strategic value. The German line extends north to Hebuterne and east of the Ancre to Grancourt. Though the Germans admit heavy losses they claim that the loss of life for the unimportant villages does not warrant the price the allies have paid for their gain.

POPE WILL PROTEST ON DEPORTATION

Paris, Nov. 16.—A dispatch from Rome says the pope is about to send a note to German protesting strongly against the reported wholesale deportation of Belgians. The dispatch says this decision of the pontiff was announced semi-officially in vatican circles. About 2,000 unemployed in the Belgian city of Ghent have been deported to Germany for work in munition factories according to news from the frontier. A compulsory registration of unemployed took place a few days since and the present labor compulsion is the sequel thereto. Former employes of various engineering work at Ghent who gave no heed to the call were seized in their beds at night by German soldiers and thrown into prison, it is alleged.

STILL AWAIT FINAL COUNT

CANDIDATE HUGHES AND CHAIRMAN WILCOX WILL MAKE NO ANNOUNCEMENT UNTIL OFFICIAL VOTE IN CALIFORNIA IS ANNOUNCED—NATIONAL COMMITTEEMAN ON JOB.

New York, Nov. 16.—Charles E. Hughes and Republican National Chairman Willcox today were mute on the latest California returns which indicate that President Wilson will retain his plurality. They persist in awaiting the officially completed returns before acknowledgment of defeat. Mr. Hughes and Chairman Willcox will start for Lakewood, N. J. tomorrow.

San Francisco, Cal., Nov. 16.—A member of the Republican National committee has arrived in California to investigate the election in this state. Because of the intense interest taken in the count, Secretary of State Jordan has asked each party to send representatives to his office to participate in his count which he must certify to the electoral college. It is said that a representative of the Republican National committee will be present at this count.

There is a report that Harrison Otis Gray and other standpaters are claiming that more attention was paid to the election of Johnson in billboard advertising than was paid to Hughes and that some of the money which should have been expended for national purposes were spent in the state campaign.

STORY HOUR IS FEATURE

Members of the Barr School Mothers' club will no longer be prevented from attending the meetings of the club because of the fact that they have small children with whom they must remain at home. Through the efforts of Mrs. W. L. Kennedy, president of the Barr school club, a story hour has been arranged for the children of the Barr school mothers to be held simultaneously with the mothers' meetings. All of the mothers of that school are urged to attend the meetings and to bring their children with them. Two young women have been secured to assume charge of all the children upon their arrival at the building and will amuse them during the time that the mothers are in the meeting. The mothers will be able to participate in the sessions secure in the knowledge that their children are being properly cared for. The first meeting of the Barr School Mothers' club under the new story hour plan, will be held this afternoon at the Barr school building at 3:30 o'clock. All mothers of the school are urged to attend the meeting with their children.

F. D. Hodgkins of Marquette is visiting with relatives and friends here.

FARM PAYING FINE RETURNS

MORGAN CEDAR-LUMBER COMPANY'S FARM AT FOSTER CITY RAISES WONDERFUL CROPS IN AN UNFAVORABLE SEASON.

That diversified farming can be carried out successfully and on an extensive scale on Cloverland lands has been proven by R. W. Perce, superintendent for the Morgan Cedar Lumber company, at Foster City. In spite of an unfavorable season Mr. Perce has harvested tremendous crops of all kinds in addition to providing vegetables throughout the season to feed 75 men at the company's boarding house. Exclusive of what was used during the season the following crops have been harvested from the 217 acre farm and the figures given are actual weights and measurements and are not estimates: Alfalfa 17 tons; clover 250 tons; timothy 109 tons; ensilage 83 tons; potatoes, 4051 bushels, raised on 14 acres; mangels, 2780 bushels; carrots 522 bushels; rutabagas, 59 bushels; table carrots 40 bushels; beets, 27 bushels; speltz, 56 bushels; peas, 136 bushels; barley 279 bushels; oats, 1260 bushels; corn 217 bushels and straw 75 tons. In addition a herd of 26 high grade dairy cows are pastured on the farm and the returns from the dairying department of the farm have been unusually large.

The farm is conducted by Mr. Perce on a scientific basis. The men working on the farm receive the same wages as men working in the company's mill and yards and work the same number of hours that do others of the company's employes and accurate accounts that have been kept each year show handsome returns on the investment.

CHICAGOAN FOUND DEAD IN MINNESOTA WOODS

Duluth, Minn., Nov. 15.—Horace Jackson, aged 63, wealthy member of the Chicago board of trade, was found late this afternoon north of Ely where he had been lost since Friday. He was in an exhausted condition, but his friends in Duluth have been informed that after a few days' rest and medical attention he will be none the worse for his experience.

WELLS MAN HAS PRIZE WINNERS

Joseph Villemure of Wells, has won sweeping honors with his pens of Wyndottes during the past season and has now added a male bird of exceptional qualities to his flock. The new cock took second honors at the Chicago poultry show this fall. When shown as a cockerel at Appleton he was selected as first cockerel of the show and a year later in the same city repeated his first victory.

In addition to winning four ribbons on five entries at the Northern State fair in this city Mr. Villemure's Wyndottes won three blue ribbons at the Stephenson fair and his collection was awarded a silver cup for the best birds in the show, this honor being won in competition with 200 entries.

What Do I Get Out of It? The age-old query of the selfish man. Its going out of fashion, of course, in this day of co-operation and service and interdependence and general consciousness of civic duty, but it will be with us in some form while human nature lasts. Every man owes to himself the selection of a location in which he can make a success of life. If business conditions are not what they should be in his city, he owes to himself, his business, and his family such efforts as he can put forth to provide remedies. The Commercial Club is the medium thru which the citizens of the community exercise their civic spirit. When the Commercial Club works for the industrial, commercial and civic development of the community, it is working for you. Are you doing your part? BLAME LAWS FOR MOST TROUBLES

Boston, Nov. 16.—Speaking tonight before the Boston City Club Ivy Lee, formerly assistant to the president of the Pennsylvania railroad, declared that the United States this winter faces the most acute railway congestion it has ever known.

"Otherwise," added Mr. Lee, "private capital put its money elsewhere, and government ownership, with all its inevitable blight upon our national life, with all its red tape, waste and cost to the people, will be the only recourse."

"We are threatened with commercial apoplexy because our transportation arteries are not large enough to accommodate the circulation of our trade."

"Further than that, while industrial companies are earning enormously increased profits with promises of still more, the railroad business during the coming year faces the probability of greater traffic and reduced profits."

"Industries may meet enlarged expenses by charging higher prices for their product—and thus enlarge their profits more and more as prosperity increases."

"But the railroad no matter what the demand for its product, must hold its prices stationary and in seasons of greatest prosperity see its gross income crumble before a rising tide of costs."

"The railroad manager—as a railroad manager is content to go along as matters are now, but the public cannot get along without more railroad facilities."

"As a citizen therefore, the railroad manager points out the meaning of conditions—and the fact that certain elementary economic laws are certain to assert themselves of courts, legislatures, commissions or people."

El Paso, Tex., Nov. 16.—Francisco Villa referred to Americans as "white Chinese" at Parral, when he entered the town at the head of his troops following its evacuation by General Luis Herrera, a Mexican refugee from Parral, who came to the border last night disguised as a peon, declared.

In a speech to the people of Parral Villa said he intended to kill all Chinese and "White Chinese," meaning Americans, the refugee reported.

U. S. SENDS FIRST MESSAGE TO JAPAN

San Francisco, Calif., Nov. 16.—Emperor Yoshihito of Japan, replied tonight by wireless to the message of President Wilson, relayed from Bolinas, Calif.

The emperor's message said: "It affords me much pleasure that the first use of the installation of wireless telegraphy between Japan and the United States has been to transmit you cordial message.

Regular Honolulu-Japan commercial service was inaugurated today by the Marconi Wireless Telegraph Company with the message sent by President Wilson and other prominent men Honolulu, to the emperor of Japan and other dignitaries in that country.

The president's message said: "His Imperial Majesty. The emperor of Japan: The government and people of the United States of America send greetings to your imperial majesty and to the people of Japan and rejoice in this triumph of science which enables the voice of America from the far west to speak to Japan in the far east hailing the dawn of a new day."

SALE

Begins at This Store TODAY--FRIDAY Will Continue All Day SATURDAY and NEXT WEEK
It's going to be the most remarkable Money-Saving Sale of Canned Goods ever held in Escanaba--standard well known brands of Fruits and Vegetables.

PRICES MANY INSTANCES BELOW TODAY'S PREVAILING WHOLESALE.
The present condition in the grocery business is extraordinary. The market is short on canned goods—prices consequently have gone up—still going up and some items are almost impossible to get at any price.

We contracted for canned good months ago before any advances took place—so now our ware houses are jammed to the ceiling—Have several more carloads on the way—and in order to make room for these shipments we must make room—so consequently holding this sale as a means of unloading some of the stock now on hand to make room for the other shipments.

No matter how we dislike to offer goods at way under market value—in this instance we are forced to take our medicine and sell about 500 cases of canned goods at today prevailing wholesale value.

THIS SALE WILL CONTINUE FOR EIGHT DAYS ONLY—when enough have been sold to make room for what's on the way—prices on these goods will be regular.

Prices here quoted are for consumers only—must refuse to sell to other dealers—we want the consumers to draw the full benefit from this sale. Even to customers we reserve the right to reduce quantities when orders seem too excessive for their own use.

SOCIAL EVENTS

CIRCLE TO MEET TODAY.
The Mission Circle of the Presbyterian church will hold their annual praise services at the home of Mrs. Brown at the manse, 208 Royce avenue, this afternoon at 2:30 o'clock.

NAHMA CLUB PLANS PARTY.
Members of the Triple K Club, of Nahma, are making extensive plans for a dancing party to be given at the Nahma opera house on Saturday evening of this week. The musical program for the evening will be furnished by Olmsted's orchestra of this city. All of the parties arranged in the past at Nahma have proven delightful successes and the club members intend to maintain their reputation as royal entertainers at the function of this week.

BOWLING TEAMS GET IN ACTION

By a margin of 151 pins in a series of three games the meat salesmen of the city trimmed the butchers at the Delft club alleys last night. In a three game series between the druggists and the barbers, the pill rollers ran away with the match, taking each of the three games.

The scores follow:

SAY CHARGES ARE ENTIRELY FALSE

Berlin, Nov 16—Assertions that the German submarine which sank the British ship, Rowanmore, on which there were several Americans, fired upon the lifeboats of the Rowanmore containing the members of the crew, is dismissed as utterly false in the report to the German admiralty by the commander of the German submarine. The commander insists that the men who were on board the Rowanmore owe their lives to the precautions taken by the Germans during their 20-minute pursuit of the steamship. He asserts that the shots from the submarine were fired accurately astern in order to limit the danger to the crew of the British ship, the members of which were congregated in the bow of the vessel. The Rowanmore was hit 10 times, says the report. No Americans were hurt.

D. A. Oliver has returned from a hunting trip at Stonington, bringing home a fine doe.

MAN AND WOMAN ARE SHOT TO DEATH

Detroit, Mich., Nov. 16.—The bodies of Mrs. Richard Catrarotta, sixteen years old, and Petro Danmore, twenty-two, riddled with bullets were found by the police in the home of Mrs. Catrarotta on the east side today. The police were summoned by neighbors who heard the shooting. When the officers arrived they found the bodies in a room which bore evidence of a terrific struggle. Six bullets had been fired into Mrs. Catrarotta's body and seven into that of Danmore. The police declare the woman's husband was seen entering the house shortly before the shooting but that they have not been able to find him since.
