**MARINETTE AND MENOMINEE WANT TO UNITE ON BUILDING**

Marinette, Wis., Nov. 20.—Members of the Marinette Civic and Industrial association and the Menominee Commercial club are planning to hold a joint banquet soon when the matter of building a twin city coliseum will be discussed, according to President R. M. Andrews of the Menominee association. Mr. Andrews said the two cities wish to provide accommodations for automobile shows, exhibitions and conventions.

**WON'T CONCEDE TO ELECTION**

New York, Nov. 22.—Chairman William R. Wilcox of the Republican national committee took cognizance today of reports that Charles Evans Hughes had prepared a message of congratulation to send to President Wilson conceding his re-election, but had withheld it on the advice of Republican leaders, by denying that any such communication had ever been prepared. He said the reports were founded on "nothing but smoke."

Mr. Wilcox reiterated his previous statements that the time had not yet arrived for the Republicans to concede the election of President Wilson nor would he make any forecast as to when a definite statement in that regard might be expected either from him or Mr. Hughes.

He said that even when the officials count in California is known, there might still be conditions in other close states keeping the final result in doubt.

**Sufferer From Indigestion Relieved.**

"Before taking Chamberlain's Tablets my husband suffered for several years from indigestion, causing him to have pains in the stomach and distress after eating. Chamberlain's Tablets relieved him of these spells right away," writes Mrs. Thomas Casey, Geneva, N. Y. Obtainable everywhere.

**RICH OSHKOSH INDIAN WEDS A WHITE GIRL**

Oshkosh, Wis., Nov. 22.—A wedding of more than usual interest took place here today when William Lee, 19 year old Creek Indian, was united in marriage to Miss Theresa Selwitchka, a white girl. Both are well known residents of this city.

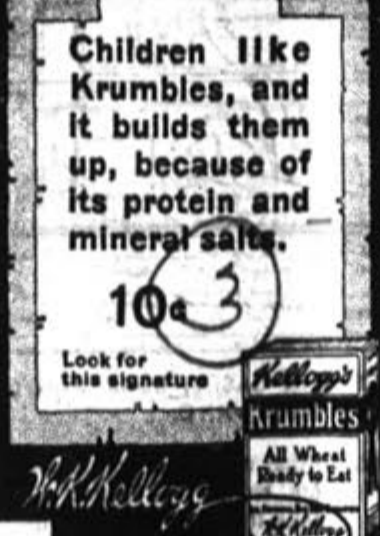

Lee, who secured the consent of his guardian to the marriage, is the owner of extensive oil well interests in Oklahoma on land allotted by the United States government. His income is said to be several hundred dollars a month.

The couple recently made two trips to Menominee, Mich., in an effort to secure a marriage license to be married, but the county clerk refused to grant it.

Lee and the Oshkosh white girl came to this city several weeks ago and were refused a marriage license by County Clerk Carl Anderson. They were told that they would have to secure a strong request from the girl's parents before a license would be granted.

The couple motored back to Oshkosh and a few days later returned to County Clerk Anderson's office but were again refused a license. County Clerk Anderson believed that the white girl should not be allowed to wed the man he thought was a negro.

**DAMAGE CLAIMS AFTER ORGY OF IOWA STUDENTS**

Iowa City, Iowa, Nov. 22.—Claims aggregating several hundred dollars will be filed with the State University of Iowa, it is expected as the result of the celebration by students early Sunday of the victory of the Iowa eleven over Ames Saturday.

More than 1,500 students participated in the celebration. Stores were broken into, it is charged by the police, wagons and boxes burned and valuable property destroyed or damaged. The police joined in the fray and repelled some of the students with drawn revolver, but were unable to learn the names of any of the participants, they said.

The celebrants, following their return from Ames, built a fire on the bank of the Iowa river north of the university and heaped upon it large dry goods boxes and several wagons stolen the police assert from local laundries.

Then the students forcibly entered a number of restaurants and candy stores and carried away merchandise valued at several hundreds dollars.

A searching investigation is to be made of the affair by members of the faculty.

**ARMORED CAR IS SWIPED FROM THE MICHIGAN GUARDS**

El Paso, Tex., Nov. 22.—After a search of 18 hours throughout the city and a close guarding of the river front the Thirty-third machine gun company, police and military officials are fearful the armored automobile of the Thirty-third has been smuggled across the Rio Grande after being stolen from in front of a downtown cafe at midnight Saturday.

Several members of the company went to town last night in the car and stopped at the cafe for lunch. Before returning home the car disappeared while they ate. City police and military authorities were immediately notified by Captain A. C. Crossman of the company. A patrol was thrown out along the river and a detail of police began searching the city. No machine guns were in the car.

**WILL COLONIZE IN SCHOOLCRAFT**

Manistique, Mich., Nov. 22.—A great colonization scheme for Schoolcraft county is being planned by the Western Land Securities company. Large drainage propositions are now under way thus reclaiming for agricultural purposes thousands of acres of rich, low lands which are now lying idle. In Indian Lake ditch is now nearly completed in Hiawatha and Thompson townships. Laterals will soon be started thus adding to the lands ready for settlers.

**MAY ALLOW BOXING IN STATE OF MICHIGAN.**

Detroit, Mich., Nov. 21.—Michigan boxing enthusiasts, who have been closely watching efforts of promoters to tilt the lid in Detroit, are interested in a report that an effort may be made to pass a bill legalizing boxing at the next legislature. A state commission to regulate the game probably will be provided for in the proposed bill.

**AMERICANS IN FRENCH AERIAL CORPS VISIT U.S.**

New York, Nov. 22.—American aviators fighting with the French forces on the western front have brought down a total of twenty-one German airplanes, according to Lieutenant William Thaw, a member of the Franco-American aviation corps, who arrived here today on the steamship La Touraine for a three weeks visit among relatives. Lieutenant Thaw was accompanied by C. C. Johnson, also an American aviator whose home is in New York.

"Regulations of the French army forbids us talking of our work," Lieutenant Thaw said. "My personal part in the fighting has been told in the cable dispatches and one of the twenty-one German machines brought down one is credited to me. We heard nothing before leaving France rewarding the request of the Americans government to drop the name 'American' from the Franco-American corps. All of us have sworn allegiance to the French government."

Mr. Johnson said that for some time the work of American aviators has been confined to scouting flights. Both of the aviators talked with Norman Prince, just prior to his going on what proved his last flight. They said he volunteered back to the French lines, after an air engagement and in alighting struck some telegraph wires, turning over and Prince received injuries that resulted in his death.

**DEUTSCHLAND TO RESUME VOYAGE**

New London, Conn., Nov. 22.—Freedom from legal entanglements which have accumulated since she sank one of her convoys in the Race last Friday the German merchant submarine Deutschland was prepared tonight to resume her interrupted voyage to Bremen. While officials of the Eastern Forwarding company were as secretive as usual concerning plans there were strong indications that the submarine would steal out to sea within the next twenty four hours.

From reliable sources it was learned that repairs were completed yesterday afternoon and tests today proved that the craft was not seriously damaged in the collision. Iron bars have been riveted crosswise in her bow however as that damage appear on the surface.

Captain Koenig discarded civilian dress tonight and wore his naval uniform. Shore leave was denied to the Deutschland's crew and sailors on the North German Lloyd liner Willehad were not allowed to leave the pier.

**GUN DISCHARGED; HUNTER IS KILLED**

Trout Lake, Mich., Nov. 22.—James Nichols, aged 38, was shot and killed last evening by a young man named Warner at Fiborn Quarry, about six miles west of here.

Nichols and Warner had been hunting deer all day and returning to their camp about dark, Nichols was preparing to shave, while Warner was cleaning his gun. In some manner the weapon was discharged and the bullet entered Nichols back coming out below the heart.

Dr. Norris, of Trout Lake, was summoned but Nichols died before medical aid reached him.

Nichols was a married man and lived at Sault Ste Marie Mich. and leaves a wife and four children.

**CLOVERLAND BUTTER IS PRIZE WINNER**

Bessemer, Mich., Nov. 22.—Cloverland Brand butter, made by the Bessemer Creamery company of this city carried off first prize for butter, for Michigan in the National Creamery Butter Makers association meeting in Minneapolis. Its score was 94.50. There were 651 entries.

**JOHN POE'S MOTHER OFFERS FOOTBALL CUP.**

Princeton, N. J., Nov. 22.—In memory of John P. Poe, Jr., his mother told President Hibben she desires to give annually the "John P. Poe memorial football cup" to a member of the Princeton team. The cup will be of silver and Mrs. Poe will present it each year during her life-time. Poe played on the 1891-92 and 1892-93 teams. He enrolled in the British

**ORE RATES ARE NOT YET CERTAIN**

That the 1917 ore-carrying charge for the ports of Marquette and Escanaba have not yet been fixed, is asserted in the following dispatch from Cleveland:

"After figuring several weeks the ore rate from ports at the head of Lake Superior for 1917 was established today, when two leading shippers made freight contracts to run for the season at \$1 a ton, free and shippers announced that they would pay that figure."

"Chartering was not very heavy, as the bulk of the tonnage was tied up ahead. It is estimated that the business done today established the rate for more than 40,000,000 tons of vessel capacity. Nearly all the shippers have reserved tonnage at the going rates and now that the carrying charges have been fixed the reservations will be turned into contracts."

"The amount is the highest contract rate paid on ore since 1909, when season chartering was done on the basis of \$1.25 a ton, gross, from parts at the head of Lake Superior. The carrying charges from Marquette and Escanaba have not been fixed. They may settle by making the Marquette rate 10 cents less and the Escanaba rate 20 cents less than the charge from the head of the lakes. That would make the Marquette rate 90 cents and the Escanaba rate 80 cents free."

"Season contract ore rates were marked up 10 cents a ton early in the season, but the advance did not mean much to the vessel men as operating expenses were increased all around and boats that carried contract ore all the season made very little money. It is asserted that boats of that class have run behind during the last few weeks. The advance made today means that vessel owners next year will get some of the prosperity that has been on the job in other lines during the present season."

"The advance in freight rates probably will mean that the price of ore will be marked up from \$1.25 to \$1.50 a ton as the cost of operating will be included all around."

"The vesselmen will be ready to take up coal rates for next season as soon as they arrange their ore schedules and coal shippers will have to bid up to make season contracts. All kinds of rates are being discussed. As many of the long time contracts expire this year, a large amount of vessel capacity will be wanted in that trade."

"Aside from the season chartering in the ore trade the freight market was quiet all around today. Some tonnage was placed for ore at the old rates, but there was little inquiry for capacity in the grain trade. Three cents for November loading was the best rate offered at the head of the lakes. A big steamer was placed to load the oats in South Chicago next week for spring delivery in Buffalo at three cents."

"There is not much change in the dock situation at either end of the route and ore carriers are taking considerable delay."

**CHICAGO DIET SQUAD WEIGHS IN FOR TWO WEEKS TEST.**

Chicago, Nov. 21.—City Health Commission John Dill Robertson's "diet squad" weighed in this morning preparatory to the test they are to begin Wednesday whether one can live, and live well, on forty cents a day.

Seven men and four women will make the experiment, the weight of the women ranging from 111.5 to 127 pounds, that of the men from 147 to 219 pounds. Dr. Robertson gave the members of the "squad" copies of the rules of the test which were adopted by a citizen's committee. A sub-committee of citizens met this afternoon to prepare the first menu.

**CLOVERLAND MEN REAPING HARVEST**

Ewen, Mich., Nov. 22.—"I should worry" is the way Joe Borbot expresses the reports that potato crops are not up to standard this year. This Cloverland farmer says that he secured 2,400 bushels of potatoes from ten acres of land. His high quality crop was sold at \$1.25 a bushel, thus netting \$3,000.

Charles Goarn, another Cloverland farmer is smiling over a production of 1,500 bushels from seven acres or 214.28 bushels to the acre. This farm is one of the oldest in the Upper Peninsula, having been started just after the Civil War. Since then it has been setting many records for Cloverland farmers.

Mrs. Michael Harris of Harris, was a business caller here Wednesday.

**FIVE REASONS WHY THE Morning Press**

Stands Pre-eminent among The Newspapers of Delta County And The Section of Cloverland Served by It

1. It offers to its readers the news when it is news.
2. It offers more local and district news than any other newspaper in this section.
3. It offers the world's news in concise, interesting essentials.
4. Its news columns are guarded against matter unfit to be read in the home.
5. And finally and primarily because its publishers believe implicitly in the future of Escanaba and Cloverland and accept as a bounden duty the service of giving publicity, in season and out of season to Escanaba and Cloverland's multitudinous advantages.

*These are the reasons why THE MORNING PRESS has become*

**The BIG Newspaper**

*of Delta County*

Its Past is a History of Achievement; Its Future is Limitless

IF IT'S RIGHT AND FIT TO PRINT YOU'LL SEE IT FIRST IN THE MORNING PRESS
