Second Delta County Boy Gives Life For Democracy

DELTA GIVES ANOTHER SON FOR LIBERTY

Raymond H. Leighton, Former Boy de Noc Township Young Man Dies from Injuries in France.

HAS SISTER HERE

THE RECORD Name-Raymond H. Leighton. Regiment and company-Hd. Ina. Co. 319th Inf. When he left Delta county-November, 1917. Trained at Camp Lee, Va. Age-22 years. Name of nearest relative-Mrs. C. DeSherman, (sister), 328 North Norris St. Died of injuries in France May 31, 1918.

Another Delta county young man has given his life for his nation. Official notice was received yesterday of the death from injuries in France of Private Raymond H. Leighton, son of the late Arthur Leighton, for a number of years supervisor of Bay de Noc township. The message announcing the death of the young patriot was received yesterday morning by Mrs. Claude DeSherman, 329 North Norris street, a sister of the young man.

Following in the message that was received: "Deeply regret to inform you that it is officially reported that Private Raymond H. Leighton, Infantry, died of injuries on May 31st. (Signed) "Adjutant General" Death Followed Accident. That death resulted from injuries received in an accident is the belief of relatives of the young man, as he sailed for France on May 19 and could have arrived overseas but a few days before his death occurred. The young man spent all his life in Delta county, residing at the family home in Bay de Noc township, until two and a half years ago when he went to Petersburg, Va. He went to the colors last year, being trained at Camp Lee, Va.

Two Brothers in Service. He was 22 years of age and is survived by a sister, a half sister and two brothers, who are in military service. The sister is Mrs. DeSherman of this city, while the half sister is Mrs. Nina Bartley of Ford River. The brothers are Curtis A. Leighton, now stationed at Fortress Monroe and George Leighton, engaged in civil work at New Haven, Conn.

Lieut. Walsh Will Enjoy A Furlough

Lieut. John J. Walsh of the U. S. Medical corps will arrive in Escanaba this morning to spend a brief furlough with his relatives. Lieut. Walsh will spend today in winding up his personal affairs here, incident to the extensive medical practice he abandoned to answer the call to the colors. He has been stationed at the Presbyterian hospital in Chicago since reporting for duty, but expects to be assigned soon to Camp Grant.

WEATHER Saturday fair; and warmer; diminishing northwest winds. Highest yesterday, 69. Lowest yesterday, 48.

Must Candle All Eggs In The Future

Federal Food Administrator Issues Order and Gives Reasons for New Ruling Now Effective.

According to a communication to County Agent Pattison from State Food Administrator George A. Prescott, dealers in eggs are required to candle and certify all that they place on the market after June 1. Mr. Prescott's statement follows: "The United States Food Administration has ruled that on and after June 1, all eggs handled by general merchants, egg dealers and hucksters in any way other than at retail must be candied. "Careful and conservative estimates show that for the past five years during the period from June 1 to October 1, twenty-five per cent of all the eggs were a total loss and forty per cent materially depreciated in food value. "The purpose of this ruling is to stop traffic in eggs which are unfit for human food in order to prevent them entering the channels of trade and thereby preventing an enormous wastage. "In every case of candied eggs there should be on the top layer a candling certificate, forms for which will be furnished by the Federal Food Administrator."

The new order places the burden on the dealers, who in order to protect themselves will probably be forced to accept nothing but candied eggs during the five months the order is effective. Many states have laws at the present time against the sale of uncandied eggs, but the Hoover ruling now places all in the same class.

YANK TRUCKS' DARING DASH WINS BATTLE

With the American Army in France June 7.—A wild dash by an American ammunition train on the day of June 2, helped to save the day for the Americans blocking the road from Chateau Thierry to Paris. It was only one of many such instances that reveals the amazing speed with which certain American organizations went into action in the big battle. Twelve hours after marching; orders had been received the leading units began arriving behind the Marne line, after traveling a distance, which it is not permitted to give for military reasons.

Yanks Block Road. On the night of May 31, when the first arrivals were detrainning the French commander urged them to get in line at once as the Germans were on the Chateau Thierry-Paris road. At midnight we drew in the American troops carrying a hundred rounds of ammunition, each with 2 days rations. These immediately entered action to block the enemy progress. The following day engineers arrived and the work of entrenching began. Gap Is Filled. On the night of the first of June the French commander reported a gap of more than 4 kilometers (2 1/2 miles) near the Gandelu-Montigny line, where a German attack was expected any minute. A large number of American troops dashed to the front and held the gap. Shortly after daybreak on June 2, a call came for ammunition. The nearest point where it could be obtained was at that time 45 miles away. All speed records must be broken, was the substance of the orders from the American chief of staff. He gave the ammunition train until early afternoon to make good. Thereupon thirty-two huge trucks preceded by officers in a touring car and blowing their sirens at full blast warning traffic out of the way, they dashed along the French highway at a rate of twenty-five miles, careening from side to side and throwing clouds of dust into the air. The trip was completed and the ammunition loaded and unloaded within a space of 18 hours. By noon the next day the American artillery was in position supporting the American marines and infantry.

MEN IN THE SERVICE GET PROTECTION

Attorney A. H. Ryall named as Chairman of Legal Aid Board for Soldiers and Sailors of County.

ADVICE WILL BE FREE

Attorney A. H. Ryall, chairman of the Legal Aid Board for Soldiers and Sailors of Delta county, yesterday called attention of the law adopted by congress this year, which serves as an effective financial protection for all men who are in the military service. Following is a statement issued by the government, calling attention to the provisions of the new federal law and concerning which relatives of soldiers and sailors in the service, are urged to consult Mr. Ryall, should the occasion demand: February 20, 1918. The Soldiers' and Sailors' Civil Relief Act, recently passed by Congress, aims to protect soldiers and sailors from undue hardship, due to their inability to bring or defend lawsuits and to attend to their business obligations or property rights, during their absence in military service. A soldier or sailor may owe money on a note. Or he may have bought or leased land or tools or furniture on which an installment is yet due. Or he may have started a homestead or mining claim and be unable to continue the necessary occupation in the required period of time. Or he may have carried life insurance for several years and now be unable to keep up the premium payments. Or he may have a money claim against some one and during his absence the lapse of time may raise a legal bar against suing for it when he returns. Or he may be sued on some claim in his absence and may be unable to defend the suit effectively while absent. In these and other ways he may suffer undue hardship. The object of this act is to give relief from such hardship. The provisions of the act are too numerous to set forth accurately here. Enough to point out that its main principle is as follows: (1) Let some one, on behalf of the soldier or sailor, notify the court that the party concerned is a soldier or sailor. Then the court will make prompt inquiries into the merits of the case; if the case merits it, the court has power to stay the other party from further proceedings, or to give other relief that may be appropriate. The court may also appoint an attorney to represent the soldier or sailor in the lawsuit. (2) If a lawsuit has been begun already in some court against the soldier, or sailor, go to that same court and give the notice above mentioned. If no lawsuit has yet been begun, but some landlord or other person is preparing to sell out or to take possession of property in which the soldier or sailor is interested, go to the court in whose jurisdiction the property is, notify the court as above and ask the court to summon the other party. All such persons are forbidden by law to take property in that way without first applying to court for order; but some persons may attempt to take possession without doing so in ignorance of the new law. (3) If the sailor or soldier had an insurance policy or a fraternal benefit membership, before September 1, 1917, and fears that he may not be able to keep up his payments, he should write to the War Risk Insurance Bureau at Washington and ask them for a form of application (or ask his post adjutant at the camp). The Government, on certain conditions, will guarantee the payment of the premiums, so that the policy or membership will not be forfeited during the soldier's or sailor's absence; he will then have a year after his return to pay up and save his policy or membership. This relief does not apply to all policies or memberships, and details cannot be given here; but on filling out the application and sending it to the War Risk Insurance Bureau it will be duly taken care of, if it is the kind of insurance that is protected by this Act.

The Casualties

Washington, June 7.—Forty-eight casualties in the expeditionary forces were announced today, divided as follows: Killed in action 17. Died of wounds 12. Died from disease 7. Died from accident 6. Severely wounded 6. Among those who died of wounds was Mechanician Herman Hansen, Edmore, Mich.

A DELIGHTED CROWD SEES CLASS PLAY

Youthful Theatians Score Triumph in School's Annual Dramatic Effort Last Night.

ALL SHARE IN GLORY

Members of the cast of "Charley's Aunt," the Escanaba High school's annual Senior class play, scored a triumph that will be long remembered in High school history here. The play, one of the finest bits of farce in English dramatic literature, was rendered faultlessly with the verve and vim so often lacking when amateurs attempt farce. And it was beautifully staged. Every detail was carefully handled. The girls' party dresses were especially beautiful. If ever a play came up to the oft-repeated press slogan, "a laugh a minute," it is "Charley's Aunt," and in the production last night not a laugh was lost. The audience was in an uproar from the rise of the first curtain to the fall of the final one. Miss Grace Folio in the title role, that of Donna Lucia D'Alvadorez, who returns to England after several years' residence in Brazil, was splendid. William McCauley as the errand nephew, "Charles Wykeham," and Paul Baldwin as "Jack Chesney" about whom so many of the best and funniest lines in the piece are centered left nothing to be desired in the interpretation of their difficult parts. Kathryn Horton as "Kitty Verdan," Mary Nee as "Amy Spettigue" and Vera Dawn as "Ella Delahey," all proved more than capable of handling the parts they were assigned. The work of the remaining male members of the cast, John Booth as the stern old English colonel; Roy Olson as "Stephen Spettigue"; Roy Bergman as "Lord Babberly"; and Walfred Dahlberg as "Brassett" showed careful study and much talent. In other words there wasn't a dull moment in the play nor a weak part in the cast. Those who had short parts made big parts of them; those who had long parts handled them in true "Broadway" fashion. "Did you see 'Charley's Aunt'?" is the big question on Ludington street this morning. Those who cannot answer with an emphatic "yes" missed something mighty worth while.

Lemmen Speaker At Graduation

John Lemmer who graduates from the University of Notre Dame at Notre Dame, Ind., next week has accepted an invitation to speak at the commencement exercises at St. Joseph's Parochial High school on June 14. Lemmer was winner of the inter-collegiate oratorical contest in Indianapolis, Ind., a short time ago against a field of contestants from the big universities of the middle west. He will deliver the prize winning oration at the local graduation.

RENEWAL OF HUN ATTEMPT NOW AWAITED

If Teutons Have Staked Their All On This Smash They Will Not Give Up Trial for Paris Now.

LAST AND ONLY HOPE

London, June 7.—The International News Service learns that the drive toward Paris is definitely checked and that the immediate danger is over, although the general situation gives no less cause for anxiety. None of Crown Prince Rupprecht's reserves have been thrust into the latest German offensive. Most of them participating in the Rheims-Soissons drive were the Crown Prince's own and those from armies adjoining his to the east. An Austrian offensive in Italy is expected momentarily to break loose. There is no further cause for a delay. Until June 3 the Germans progressed considerably on their right flank. Since then there has been only local attacks, designed to capture the bridge heads on the Aisne, Oise and Ourcq rivers. French Strengthened. During the last three days French resistance has been greatly strengthened and several successful counter attacks made. The star was apparently aimed at establishment of a defensive position for the left flank of the crown prince, basing it on the Marne and then advancing southwestward thru the valley of the Oise and Ourcq rivers. Must Strike Again. If the Germans are to stake everything on this last battle, then they inevitably will strike again in the direction of Paris and then the natural course of the next attack would be from the Noyon-Montdidier sector. The menace of the new drive against Amiens also remains.

Delay Plans For Killian Funeral

Definite arrangements for the funeral of Timothy Killian, pioneer resident of Escanaba, who passed away suddenly on Thursday, will not be made until relatives arrive in the city from outside points today. The announcement of the sudden death of Mr. Killian came as a heavy shock to a large number of Escanaba people, many of whom had known him for many years.

NORWEGIAN SHIP SUNK

Cape May, N. J., June 7.—Survivors of the Vinland, a cargo ship, sunk 70 miles at sea this morning were landed here today and brought word that the German submarines are still lurking off the Jersey coast. Eighteen of the crew of the Vinland were picked up in life boats by a U. S. destroyer, and brought to Cape Maye Point late this afternoon. The crew are nearly all Swedes and speak little English. From information which could be gathered it developed that the Vinland was orth bound with a cargo of sugar.

To Organize A Branch Of Zion League

Jews of Upper Peninsula Will Join Move to Establish Hebrew Nation in Palestine.

Jews of the Northern Peninsula will gather in Escanaba on Sunday afternoon June 16 to organize an Upper Peninsula branch of the National Zionist League, an order which is working for the establishment of a Hebrew government in Palestine. Leon Zolotkoff of Chicago, one of the five national lecturers of the order will address the meeting which will be held in the Elks' temple. Mr. Zolotkoff is an international recognized authority on the history and development of the Jewish people. The greater portion of his life has been spent in furthering the Zionist cause. He is said to be a speaker of unusual ability and is also an author of note. Result of Long Effort. The Zionists have been working to ward the ultimate restoration of the Jewish race for many years. Their plan was, until a short time ago, to buy the country from the Turkish government. However, when the British troops drove the Hun-Turk hordes from the Holy Land last Christmas time, followed closely by Great Britain's recognition of a Hebrew government in that country, the cause of the order took a mighty stride forward. The organization has since become a great national body whose object is to persuade the United States government to follow the example set by the British parliament. The local committee in charge of the arrangements for the meeting here is composed of Herman Salinsky, and Philip Stein of Escanaba and Henry Rosenblum of Gladstone. Mr. Salinsky and Philip Stein of Escanaba who is chairman, stated last night that while his plans are not complete he expects at least 100 delegates from all parts of this section of the state. Details of the afternoon's program will be announced later.

SEC. LANSING SENDS REPLY TO HUN NOTE

Washington, June 7.—Secretary of state Robert Lansing in a note which cristles with defiance has refused the demand of the German government for the release of Captain Lieutenant von Rintelen, master spy and plotter. A threat to institute reprisals among U. S. prisoners is hurled back with the warning that the fate of Germans in the custody of the United States depends upon the strict adherence to the accepted international practices. Germans Threaten. A note received in the state department on April 29 through the Swiss minister, proposed the exchange of Siegfried Paul London, convicted by Germany as a spy in Warsaw and given 10 years penal servitude. The difference in the stations of the two prisoners and their respective values to the governments concerned is regarded as a clear example of Germany's unwillingness at any time to make a fair bargain. Siegfried Paul London is referred to in the German note as a "citizen of the United States. As a matter of fact he was born in Leipzig, Germany and has resided in Russia for the last 16 years. He took out naturalization papers in New York in 1882. Now Serving Sentence. Capt. Lieut. von Rintelen is one of the most conspicuous figures concerned in the German intrigue in the United States. He was custodian and dispersing agent for the great fund estimated at \$15,000,000, placed at his disposal by Count von Bernstorff, former ambassador in Washington. He was convicted only a few months ago on a charge of conspiracy and sentenced to serve two years in a federal prison. He is now at Atlanta and is likely to stay there, according to the authorities.

More Ground Gained

Washington, June 7.—American troops again gained ground west and northwest of Chateau Thierry and took a number of prisoners according to the official communique from General Pershing. The communique follows: Inflict Severe Losses. West and northwest of Chateau Thierry we made minor readjustments in our lines that involved several advances in the course of which we inflicted severe losses and took prisoners, among them being one officer and twenty-five unwounded men. Our advance was made in conjunction with French troops on our left. Artillery on both sides was active at points held by our troops in Picardy and the Marne front, also in the Woivre and Lorraine. In Picardy we took prisoners in the course of the raid. No Americans Captured. With the American Army at the Marne, June 7.—American marines in the second drive against the Germans together with the French, at the Marne in the battle for Paris captured 200 prisoners making a total of 390 for two days and early a score of machine guns, some of which were turned on the enemy. Our marines took the village of Boursches near Chateau Thierry and advanced beyond all their objectives, including a long strip of the Paris highway, pushing back the Germans to a depth of nearly four kilometers (2 1/2 miles) on a front of 200 kilometers (nearly 125 miles) without a single American being taken prisoner.

OFFICERS LAUD MEN

London, June 7.—Tonight's report from Field Marshal Haig, says: "The French improved their lines in Loere, (Flanders), this morning and captured a few prisoners. "We raided the German lines near Brassac at daylight this morning, taking nine prisoners and a machine gun. We suffered no casualties. "Otherwise there is only artillery activity to report." French Report. Paris, June 7.—Thirteen German machines were brought down by the French and four balloons were driven down in Flanders. Twenty-seven tons of explosives were dropped on Lore, St. Quentin and Soissons, causing fires, the war office announced tonight. The text of the official communique follows: "Between the Aurocq and the Marne rivers, minor operations were successfully continued. "Franco-American troops enlarged their gains north of Veully as far as the eastern borders of Checy, and have taken Veully-LaPoterie as well as Bourresche. They appreciably improved their positions on the Torcy Bourresche front. "Between the Marne and Rheims the village of Bligny was recaptured in its entirety. "More than 200 prisoners were taken. "There is fairly great artillery activity both north and south of the Ourcq and west of Rheims. German Report. Berlin, London, June 7.—Southwest of Sarcy (southwest of Rheims) German troops took the allied lines on both sides of the Avre, with 200 prisoners, the war office states in the day report. "Local attacks," were repulsed north of the Aisne and northwest of Chateau Thierry, the statement asserts. "A raid in Flanders, west of Kemmel brought two officers and fifteen men as prisoners from the French lines, it averred. Berlin, London, June 7.—Tonight's war office statement says: "There is no change in the situation."

DESPITE THE BIG BEND.

When the German advance, now referred to as the battle for Paris, began, military experts noted the disadvantage of the Allies as compared with their opponents in the matter of effecting quick movements of troops to particular points of attack, owing

to the great bend in the western battle front.

A German army concentrated near LaFere, it was pointed out, would be approximately forty miles from Rheims, thirty miles from Montdidier and fifty miles from Arras. But Arras by the semi-circle which allied troops would have to follow, is perhaps one hundred and twenty miles from Rheims. Yet in spite of the benefit they gained from being located on the inside instead of the outside of the bend and notwithstanding their readiness to sacrifice men in the carrying of positions, the Germans slowed down and finally seem to have come to a standstill.

General Foch's strategic skill and the resolute resistance offered by his stalwart soldiers apparently have proved superior to "the German will to win," aided as it was by a geographical advantage so great that many military experts had come to the conclusion that the French general would feel it prudent to order a gradual retreat and surrender more ground in order to straighten his front. If, as seems probable, the German drive has been stopped, the importance of the achievement is very great.

Fred M. Warner has shied his hat into the Senatorial ring. Pretty fast game for a politician of yesterday.

If you have a flag, fly it. If you haven't a flag get one. And above all

fly it. Fly it when the governor of Michigan comes to Escanaba and then get the habit and fly it every day.

If you've got a boy, or a brother, or a friend "over there", hunt out the slackers and forget that there is such a thing as restraint.

Nothing so strange about moving the capitol of Michigan to Escanaba—aren't we the metropolis of the peninsula anyway?

Whenever they let those Yanks go, they go and when they get back the Huns know someone has been there.

The farther we get into this war the more firmly convinced we become that this is going to be a hard place for profiteers to get along. The government now proposes to raise the tax on excess profits to 80 per cent. No one but the profiteers will yelp.

-THEATRES-

AT THE STRAND

Mrs. John Warfield, wife of John Warfield who recently inherited the Grayfriar estate, England, was slain in her boudoir by Guido Garcia, Italian agitator of New York's East Side. The murderer culminated his crime by hurling himself to his death from the Grayfriar castle, built on a cliff. All the principals in the tragedy are Americans.

The crime was the result of Garcia's failure to win Mrs. Warfield back to plans for revolutionizing society which she had once shared with the slayer and her husband.

Garcia was a queer, misshapen creature who seemed to possess limitless sums of money. He met Mr. Warfield when the latter was holding forth on the East Side as a cart-tall orator and agitator, and financed him.

Mrs. Warfield, the murdered woman, was then Goldie Shephard telephone operator. She, also, hated the rich and joined forces with the two in agitational work. When the Grayfriar estate came into John Warfield's hands through the death of his mother she married him.

"The Answer" is the name of the great sociological and heart-interest photoplay which embodies this story. It is an unusual story, a gripping, absorbing one, with that tense play on the emotions that keeps one right in his seat, every faculty riveted on the plot. Alma Rubens, the radiant jewel of the screen who darts her thousand facets of glorious acting into the great moments of this superb drama of realism is in the lead. "The Answer" will be shown at the Strand theatre today.

AT THE DELFT

Conveying in no uncertain language the message that riches without love is a mockery, "Rich Man, Poor Man" is the latest picture starring that charming screen star, Marguerite Clark, was received with marked manifestations of approval by an audience at the Delft theatre yesterday. Both the star and picture sustained themselves with the dignity that attaches to superiority, and the interest of the audience frequently manifested itself in hearty applause.

Here is a photoplay that, because of its powerful theme, capable direction and the individual efforts of an exceptionally fine cast of players, is well worth any one's while to see, not once, but several times.

In addition to "Rich Man, Poor Man" there will be vaudeville today as well as a two-reel Mack Sennett comedy.

Grange Plans An Institute In Escanaba

State Offices Will Speak on Farm Topics in This City on June 22.

County Agricultural Agent B. P. Pattison has been notified that the Michigan State Grange will stage a Grange Institute in Escanaba on June 22. Details, which include the meeting place and complete program, are not completed, but will include talks on agricultural topics by several state officers of the organization.

W. F. Taylor of New Era, deputy state master, is in charge of the tour which will cover the important cities of the state with one meeting in each section of Michigan. In the party are State Master John C. Ketcham of Hastings, and Mrs. Dora Stockman of Lansing. State Grange Lecturer W. F. Taylor of New Era and other.

Afternoon Meeting Open. The public without reference to Grange membership, is invited to attend the afternoon meeting, which should be of wide interest to those interested in the agricultural development of the Upper Peninsula.

In the evening following the Institute, State Master Ketcham will go to Rapid River, where he will deliver an address.

Wants Big Delegation. All of the Granges of Delta county are urged by the county officials to send as large delegations as possible to the institute as it is desired that the state officials may be greeted here by a representative gathering of Grange members.

GERMAN WOMAN LOSES 25 OF HER RELATIVES IN WAR

Berne.—As bearing upon the war losses of some German families, a statement made today to the Associated Press correspondent by a German woman now in Berne, is interesting.

"Twenty-five of my relatives have been killed; five are invalids and only two are left unharmed out of thirty two engaged in the war," said this woman whose husband was killed on the German front near Arras.

"My uncle," she continued, "sent seven sons into the war and six of them were killed within two months." The losses of the Germans since the March offensive began have been terrific, she added.

Miss Gertrude Lindsay has arrived in the city to spend the summer with her parents, Mr. and Mrs. John S. Lindsay.

JOHN PLANS RETURN WITH ONE OF KAISER'S BUTTONS

Kingman, Kas.—When John Barfield, colored, comes home from France, if he ever does, and brings a button off the coat or trousers of Kaiser Bill he will have a fine assessed against him by Police Judge Harlow. John recently "hung a shovel" around the neck of a fellow worker. He was fined a few dollars. Before he paid the fine he was called to the colors. The judge told him what he could do, and the negro replied: "That's sho' fair 'nough, boss. I'll do mah best to bring back dat button."

Michigan Plans Great Patriotic Meets July 8

Eight thousand five hundred war meetings—the greatest patriotic demonstration ever held in any State in the Union—will be held simultaneously in Michigan on Monday, July 8th, when in every school district of the state the voters will combine the annual election of school district officers with a "For America" rally.

The counties division of the Michigan War Preparedness Board, with the co-operation of the State Board of Education, is planning these meetings as a state wide rally to further spur the Michigan citizens to aid the American armies in France win the world war.

The rural communities have little opportunity for such gatherings and rallies as are common to the cities, and the plan of holding patriotic meetings in connection with the school election was evolved so as to give every farmer of Michigan an opportunity to attend such a meeting in his home district and upon an occasion when the exercise of citizenship duties can be combined with a display of patriotism without lost time—highly valuable at that season of the year to the producer of foodstuffs.

State Superintendent of Education Fred L. Kessler, who evolved the plan, and William A. Comstock, Chairman of the Education Committee, are in charge of the general arrangements. "We are heartily in favor of the plan," said Secretary McKee of the Counties Division of the War Board, "and will co-operate in every way with the state educational authorities. The County War Boards will have the burden of making these meetings a success, but their work in the Third Liberty Loan and the recent Red Cross drive leaves no reason to doubt the success of the plan."

Dead Line On Sugar Reports

Delta county manufacturers of candies and soft drinks who use sugar in their products must forward their statements of how much of this material the respect to use during the coming year to the office of George W. McCormick before June 10 or their supply may be cut off altogether, according to a statement from the Delta County Food Administration yesterday.

In case the statements are filed in time they will be permitted to use a quantity 80 per cent as large as last year, according to a recent Hoover ruling, which applies to all products classed as non-essentials. The Delta county warning statement which is in the nature of a final warning, follows: "All manufacturers in Delta county must have sworn sugar statements in the office of George W. McCormick at Menominee before June 10, no matter whether they will need additional sugar or not. Otherwise they may be cut off from their supply of sugar for the remainder of the year. Please give this matter your immediate attention."

B. F. PATTISON, Food Administrator, Delta County.

All Absentees Ordered Back To Camp Custer

Camp Custer, Battle Creek, Mich.—Indicative of the Eighty-fifth division's plan to be ready for overseas duty whenever called, officers and men absent from camp on special duty have been ordered to return at once. These include all sent to motor schools in Wisconsin, the school of fire at Fort Sill, Okla., and other camps.

All men still having civilian clothing and suitcases in their barracks have been ordered to send them home unless they prefer to turn the stuff over to the local representatives of the Belgian relief commission.

Inspector Looks 'Em Over. Brigadier-General Donnellson, inspector general of the United States army, is at Camp Custer, looking over the Eighty-fifth division. It is believed he will suggest to Washington the place this division should have on the priority list, determining the order in which the divisions go overseas. The war department has shut off on the flow of men from Kentucky. About 1,000 of the 3,000 due here have arrived, but it has developed one trainload of the 3,000 due here have arrived, but it has developed one trainload of the last shipment was switched, on short notice, to Camp Sheridan at Camp Taylor yards, heading for Custer, when the order shifting one load to Sherman arrived.

Liberty Bond Owners Beware Of Swindlers

Owners of Liberty bonds who are approached by persons desiring to buy these securities, are warned against would-be swindlers who offer them less than the face value of the bonds, or who endeavor to trade other securities for those of the government.

Many investors in Liberty bonds of small denominations have made practically their first investment when purchasing these patriotic securities, and are innocent of the ways of the sharpers who seek to get the better of them and procure for a percentage of their face value these gift-edged government bonds.

Reputable men of finance send this word to the small investor: "Don't trade your Liberty bond for anything. Put it away and keep it, for it is better and safer than any stock or bond given in exchange. If anyone attempts to buy your Liberty bond below its face value, notify the police."

The small investor should realize that he bought the Liberty bond to help the government, but when he sells or trades it he is not helping, as the man who secures it usually sells it on the market, and if everybody did this there would be no market.

If the owner of a bond is obliged to sell it, he can always find a ready market for it, through any reputable banker or broker, who will charge only the regular brokerage, which at most is but 25 to 50 cents on a small bond.

BERLIN PAPERS TOLD TO TONE DOWN ENTHUSIASM

London—Berlin newspapers apparently have been given orders to tone down their war enthusiasm, says the Amsterdam correspondent of the Daily Express, reporting on German comment on Monday's fighting along the Aisne. The Cologne Volkszeitung says of the fighting: "Our new success shows us again how justified is our confidence in our great leaders. It would be premature to draw final conclusions, but it is enough for the German people to know that its confidence in the spirit of the troops can never be disappointed."

Germans Fear American Power

Washington, D. C.—Germany, by striking with her submarines at the very doors of America has admitted to the world that the American army will turn the tide against her on the battlefields of France.

Naval officials declared that the American anti-submarine forces in home water were ample to meet the attack.

All along the coast line, naval flying boats, submarine chasers and numerous other naval craft immediately got into action. All officials declared that the navy department was fully equipped to meet the thrust at the very fountain head of the flow of American troops to Europe and that all its agencies were being brought into full force to find the submarines and destroy them.

Challenge Will Be Met

This challenge to the fighting forces of the United States would be met officials said, with the same measures which have driven the submarines to cover in the war zone, and the steady flow of American transports to France would be guarded with the same effective protection which has carried them through the infested waters of the British isles and France with a remarkably low loss of life.

Raid Anticipated

Submarine blockade in the principal lanes and about the territory containing the principal embarkation ports for the American army has long been counted upon by American naval officers as one of Germany's last cards and preparations have been made to meet it.

Escanaba Men Set New Record On Fishing Trip

With what is considered to be the finest box of game fish ever brought into Escanaba was that which accompanied three Escanaba men from a fishing trip to Star Lake, Wis. The members of the party are Dr. H. W. Long, F. B. Houston and O. C. Curtis.

Mr. Curtis won the distinction of catching the largest muskellunge taken at Star Lake in the past several years. The fish, which was in the collection brought here last night, weighed 27 pounds and measures 46 inches. Mr. Houston and Dr. Long each captured muskies tripping the scales close to 10 pounds. In addition they took the limit of bass, pickerel and trout.

Red Cross Fund Still Growing

Washington—The American Red Cross second war mercy fund totals \$166,439,291, with indications that when all reports from the drive are tabulated a \$70,000,000 over subscription of the \$100,000,000 goal will be shown.

In announcing these figures, Henry P. Davison, chairman of the Red Cross war council, said the returns show that more than 47,000,000 Americans—nearly half the total population of the country—contributed. Those giving to the first fund last year numbered only about 5,000,000.

Not only did every Red Cross division in the country over-subscribe but one—the Gulf—turned in more than three times the amount of its quota, while five others, the Atlantic, Mountain, Northwestern, Southern and Southwestern, more than doubled their allotments. Every state attained its goal, five more than tripled it and sixteen others and the district of Columbia more than doubled their allotment.

BEST IN THE LONG RUN

Who Began Trench Warfare?

THE trench, which always encircled the Roman castra, or camp, was brought to France by Julius Caesar and used by him on the very battlefield where today the Allies and the Huns have 25,000 miles of trenches.

With rings of trenches, gradually drawn smaller, probably the first modern trench warfare, the Turks in 1667 took Candia.

Vauban, builder of Verdun, in 1673 employed the first parallel trenches, the system of the present war.

Defeat, not foresight, turned the Germans to trench warfare. But Goodrich never had to dig in.

Since twenty-two years ago Goodrich manufactured the first American pneumatic automobile tire, Goodrich has driven ahead to the big, graceful, masterful—

GOODRICH SERVICE VALUE TIRES

But whether Goodrich was revolutionizing tire manufacture by bringing forth the first American clincher tire—

Or originating the one practical non-skid, the cross-bar, safety-tread, or tough black tread rubber—

Goodrich built tires to one end—SERVICE VALUE—what they are worth to the motorist on his car and on the road in COMFORT of an easier riding car—ECONOMY in gasoline saved,—and LONG MILEAGE.

Small difference whether you buy GOODRICH SILVERTOWN CORDS, or BLACK SAFETY TREADS, you get SERVICE VALUE TIRES.

CHILL GETS HEATED OVER WAR—COOLS OFF IN JAIL

Pine Bluff, Ark.—August Chill undertook to chill the efforts of the United States to whip Germany. Now Chill is cooling off in jail, awaiting action of the Federal Grand Jury. Chill, despite this worldly prosperity, remained loyal to the Fatherland, and when the United States entered the war against Germany, Chill got busy. He is specifically charged with obstructing the draft, failing to register as an alien enemy and declaring publicly that the Germans would win the war and that within two years Americans would be living under German rule.

Outlook Is Gloomy For Ball Team

Loss of Two Players for Military Service Is Serious, Manager Olmsted States.

Manager Fred Olmsted of the Escanaba ball team is not a pessimist but he is unable to see many sunny rays of hope in the present outlook for a successful season here.

Two players, Loeffler and Moody, who will be in the service, in fact Loeffler left last night with a detachment of naval recruits. Moody will be sent to camp with the next contingent of selectives. Their departure means that an army and navy team somewhere in the United States will have the services of two top notch fielders but Uncle Sam's gain will not plug up the holes in Olmsted's infield.

In addition to his other troubles, the manager finds that games are to be extremely hard to find this year. He has tried diligently for a week to book a contest for Sunday without avail. No one seems to want to play ball this year.

However, he is far from being discouraged and as long as Escanaba fans evidence their desire for baseball here he will continue his efforts to fill the bill.

"With the right sort of support," he said last night, "we may be able to put it over. The loss of two infielders is a severe setback to the present plan and it remains to be seen whether we will be able to put it over or not."

In Society

Enjoy a Luncheon.

Girls of the Kirstin company enjoyed a delightful luncheon at the City Park Friday noon, given in honor of Miss Grace Barkell, who will leave Sunday evening for Tacoma, Wash. to make her future home.

Attends Graduation.

Mrs. Peter Lemmer left last night for Notre Dame, Ind., where she will attend the graduation exercises of the class of 1918, University of Notre Dame. Her son, John Lemmer, is a member of the class. He will receive his degree from the College of Liberal Arts. Mrs. Lemmer expects to be absent about ten days.

Motor Party.

Miss Marie Boudreau gave a motor party to Marinette Tuesday afternoon in honor of her cousin, Sergeant Gordon Bray, who has gone back to Camp Fremont, Calif., after a visit with relatives here. Those who made up the party were Mrs. William Bray, Mrs. F. R. Parkhurst and Miss Lillian Greiner.

Farewell Party.

Thirty-five friends of Arthur Barron gave him a farewell party at his home at Flat Rock Thursday night. Barron left last night with the party of naval recruits who are on their way to Milwaukee for final examinations.

Bodies of Former Residents Arrive

The bodies of Mr. and Mrs. Ferd Darling, former residents of Rapid River, who succumbed to attacks of pneumonia within a few days of each other at Twin Falls, Idaho, arrived in the city yesterday morning, accompanied by George Valind, brother of Mrs. Darling.

The bodies were taken to the home of J. C. Valind, 506 Stephenson avenue.

Funeral services over the body of Mr. Darling will be conducted at the home at 2:30 o'clock on Sunday afternoon. Rev. W. J. Datson, rector of St. Stephen's Episcopal church, officiating. The funeral of Mrs. Darling will be conducted at St. Joseph's church at 9 o'clock on Monday morning. Rev. Father Julius officiating. Following the service the bodies of the husband and wife will be taken to St. Joseph's cemetery, where they will be interred together.

Flat Rock Woman Answers The Call

Mrs. Joseph Germain, a resident of Delta county for many years and known to a large number of people passed away yesterday at a local hospital after a prolonged illness. Mrs. Germain suffered from a complication of diseases and that she could not recover had been known for some time. She was 60 years of age and survived by her husband, two sons and two daughters.

Funeral services will be conducted over the body at the Holy Family church at Flat Rock at 9 o'clock on Monday morning. Interment will be at the Holy Family cemetery.

Eleven New Names Are Added To The Registration List

Eleven more names were added to the Delta county registration list yesterday, by the receipt of registration cards signed by young men of this county, who are temporarily located in different cities of the country.

Following are the name and registration numbers given to those whose cards were received yesterday:

- 215 Frank Klug, 403 Delta Ave., Gladstone.
- 216 Tom Haka, Rock.
- 217 George Freshberg, 1419 Ludington St., Escanaba.
- 218 Roy Charles McCarty, 524 Sarah St., Escanaba.
- 219 Matt Erickson, Rock.
- 220 Victor Luoma, Rock.
- 221 George Raymond McCarty, 226 Rose St., Escanaba.
- 222 Phillip Walter Hendrickson, Kipling.
- 223 John Whistson, 420 S. Norris St., Escanaba.
- 224 Gerald Joe McDonald, 1119 4th St., Escanaba.
- 225 Clarence J. J. Mollin, 206 North Charlotte St., Escanaba.

Registration List Posted By Clerk

Registration numbers of all young men of 21 years in Delta county, who registered here on Wednesday, were yesterday posted at the office of County Clerk A. J. Pepin. The list is identical with that published in yesterday's issue of the Morning Press.

The men who registered for military service on Wednesday, unlike those who registered a year ago on that date, will be given no serial numbers.

The present list of registrants will have only their registration numbers and their order numbers. The method of determining the order numbers has not yet been determined but they will be announced later by the provost marshal general.

Bazaar Proved A Big Success

A basket bazaar for the benefit of St. George's church, was given last Wednesday evening. The ladies had been busy for some time making preparations for the event with the result that a great number of baskets done up in the most attractive and artistic manner was presented to the men who flocked there in great numbers, expecting to procure a basket from the lady of their choice, but as the sale progressed it was found that man's desires in this direction was balked each man had to run a chance as to the value of his purchase.

This method of distribution created many amusing and ludicrous incidents especially among swains who expected to secure a basket from the lady of their choice.

The event was both a social and financial success, having netted over \$40 for the church. It is also said that it has hastened quite a few of the bachelors towards the hymen shrine.

Number Called Is Not Yet Public

Speculation as to the number of men to be called from Delta county on the next draft is now being made and the consensus of belief is that between 60 and 70 men will be called to the colors during the five day period opening on June 24.

The number called from Michigan on that date is somewhat over half the number apportioned to this state on the call of May 25 when this county was required to furnish 110 men.

Official orders have not yet been received by the local draft board either as to the number of men or the definite date on which they will be summoned.

Boy Of Two Is Real Traveler

Little Roy Cass, two year old son of Mr. and Mrs. Edward T. Cass of 925 South Norris street, grew tired of the hum drum existence of his neighborhood Friday morning and strolled down to North Escanaba to take in the sights. Incidentally he caused his mother a great deal of anxiety and Sergeant Joseph P. Carney of the local police department considerable search.

The little fellow was found shortly before noon, asleep on the street, more than a mile from his home. He was worn out and more than willing to have the officer return him to South Norris street.

FOUND—A watch. Owner can have same by proving property and paying for this ad. Call at 305 S. Oak, upstairs. **625-159-31**

FOR SALE—9500 feet of hemlock and pine lumber; one-half 2x8 and 2x4, and balance 1 inch; will sell for \$150, if taken at once. Chas. Whitlock, Nahma, Mich. **625-159-31**

J. Burecikowski Wants New Name

Because his name is of German Polish origin and its owner is a patriotic native born American citizen, John Burecikowski—a Delta county resident for a year past, has applied to the circuit court to have it legally changed to John Burch. Although the name has been a source of annoyance to Mr. Burecikowski for many years, he has endured it with patience but since war was declared he found that it directly connected him with an enemy country and he has since decided that it is more than one name should be asked to stand for. The hearing will be held in circuit court on July 29th.

St. Joseph Team Books Two More

Dan Breen manager of the St. Joseph's parochial high school baseball team has been unable to arrange for a game for this coming Sunday. However, he has booked his players for a contest at Gladstone on June 16 and Maple Ridge on June 23. The boys lack a lot of being discouraged over their defeat at Nahma last Sunday and have been hard at work the past week. Closing of school will not mean the disbanding of the team, Breen said last night.

Former Escanaba Girl Injured In Car Accident

Word has been received in the city that Miss Donna White daughter of Mr. and Mrs. T. B. White formerly of this city, recently was the victim of a street car accident in Detroit which resulted in her confinement to a Detroit hospital until this week. She has now been removed to the home of her parents at Plainwell where she is rapidly recovering.

Sophomores Win Afghan Contest

The afghans recently completed by the members of the Girl's League at the Escanaba High school were placed on display yesterday in the Erickson store window. They will be sent later to Miss Kendal, an Escanaba girl who is now in the Red Cross service in France.

One blanket was made by the members of each class in the High school under the direction of a teacher. The Sophomore blanket received the first award and the Junior class received second.

Laying Plans For Races On June 16

D. A. Villemure is making unusually elaborate plans for the opening motorcycle races of the season to be staged at the county fair grounds track on Sunday, June 16. Five riders, including John Seymour, who on that date may make his final appearance as a rider here until he returns from military service, have been booked by Mr. Villemure. The track is reported to be unusually fast this season and with four big races scheduled for the afternoon a record-breaking crowd of spectators is expected.

No Volunteers So Local Board Must Draft Men

Because no registrants of Delta county volunteered to enter an eight weeks' course of training in mechanics at the Michigan College of Mines, the Delta county exemption board will draft eleven qualified men of the county to fill the quota.

The period for accepting volunteers for the training course closed yesterday and under instructions from the adjutant general the board must now proceed to draft the necessary number of men called for by the quota. The men drafted must be Grammar school graduates and must have some mechanical experience of an aptitude for mechanics.

When the names of the eleven men will be selected has not yet been announced by the board.

Thirteen More Men For Navy

Recruiting Officer J. J. Colby of the impending naval recruiting station, sent thirteen Delta county young men to Milwaukee for final physical examinations this morning. Four of them were signed Friday morning. They are John O. Erickson, Rudolph L. Erickson, Clyde B. Fitzpatrick and Joseph LaFleur, all of Escanaba. The others in the party had enlisted earlier in the week. They are John E. Green, Adolph Van Rossen, E. Noblet, A. J. Cossette, Arthur Barron, John L. Carlson, Con McCauley, E. Pepin and Henry Roberts.

In case they are accepted for service by the examiners at Milwaukee, they will either be sent to Great Lakes III, or to the new station on Puget Sound on the Pacific Coast.

Six For Army

Corporal Slinger, in charge of army recruiting here also sent six men last night. They are Arthur Matthews, Frank Kargle, Jr., Rubert Artley and Gordon Jones, who enlisted for the Quartermaster corps and William J. Feeney and William C. Murgoch, who will become members of the Coast Artillery corps. All of these men are from Gladstone and are under the conscript age. They go to Jefferson Barracks at St. Louis, Mo.

Fred Faulkner and William Boucher both of Thompson, have enlisted for the cavalry and will leave next week.

Eighth Graders To Get Diplomas

Plans have practically been completed for the eighth grade exercises of the Escanaba public schools to be held at the High school auditorium on Monday evening of next week. An unusually large class of pupils will receive their diplomas following a most interesting program that has been arranged to mark the occasion.

It grieves us to take your money and give you so very little for it.

A dollar buys but a mere handful nowadays. We are powerless. The farmer and the other man higher up bids us rob you. We have to do the dirty work in order to make a living. The money goes to a dollar-mad producer and manufacturer. How much better off were all the world if we all would do unto one another—live and let live as they do at

The Ideal—the Patriotic Footwear for summer is "white"

Wear White Shoes

For Men, Women and Children there is nothing so cool, so stylish or so comfortable in Summer Footwear as white and its not so hard to keep clean either in these days where there are so many excellent and easy to use whiteners and cleansers on the market.

The Government—and that means each one of us individually—is making great demands on all available leather supplies and it surely is fitting that we do our share in conserving what ever possible.

You will see at Manning-Peterson's a display of White Footwear that is bound to make a hit with you, not only in the point of style, but in price.
