Address Of C. T. Grawn Inspiring

Central State Normal Man Delivers Splendid Address to High School Graduates.

In a masterful address, brimming full of epigrammatic pleas for higher standards of citizenship and devotion to the ideals for which America entered the great world war, Dr. Charles T. Grawn of Central State Normal gave not only the young men and women who are leaving Escanaba high school but the crowd which packed the school auditorium something to ponder over last night. Dr. Grawn's subject, "Education for Citizenship" was particularly fitting at this time and it was a straightforward, forceful and convincing discussion of present day problems.

As a whole, the program was one of the best ever presented at an Escanaba high school commencement. The musical number by the high school glee clubs and orchestra and Miss Francella French were particularly pleasing.

The diplomas were presented to the 56 members of the class by H. M. Abensteln, president of the board of education.

GREAT CROWD FILLS CITY FOR MEETING

The vanguard of Gov. Albert E. Sleeper's party for distinguished visitors to Escanaba, arrived in the city at 11 o'clock last night. In the party arriving last night were: Mark T. McKee, secretary of the American Red Cross Society of Michigan; State Insurance Commissioner Ellsworth; State Dairy and Food Commissioner Woodworth and State Senator Chas. E. Souilly. Members of the party traveled to Cloverland by way of the straits and reached Escanaba over the Soo Line last night, to complete this morning all details for the opening of the big conference.

Prominent men from every county

SERVICE IS WATCHWORD

"Service for the state and for the nation is to be the watchword of the war conference that will open in this city tomorrow" was the statement made last night by Mark T. McKee, secretary of the Counties Division of the Michigan War Preparedness Board who reached Escanaba at 11 o'clock.

"The whole plan and purpose of the conference is to coordinate all war effort in Michigan and to make this state 100 per cent perfect in every way endeavor."

"In other words this conference is for the purpose of allowing Michigan to throw every ounce of her strength, without wasted effort, behind our nation in the prosecution of the war to a successful conclusion."

of Cloverland began to pour into Escanaba yesterday afternoon. By this morning every county in the peninsula will be represented here by from 10 to 15 delegates.

Among the early arrivals yesterday afternoon were: Ex-Senator Michael Moriarity and Capt. Richards of Crystal Falls. Last night delegations came from Chippewa, counties to the north and many of the counties in the western end of the peninsula.

Hotels Are Packed.

All of the hotels of the city were packed last night and at a late hour members of the housing committee were still at work assigning rooms to those who arrived on the late trains without reservations.

Sufficient rooms were available for all of last night's arrivals but it is feared that should the influx continue through the day, a serious shortage of rooms will be faced by the committee by tonight.

ASSOCIATION BUYS STAMPS AS STARTER

War Relief Association Votes to Invest Funds in \$1,000 Worth of War Savings Stamps

MONTHLY MEET HELD

Members of the Delta County War Relief association last night voted unanimously to invest the funds of the association in \$1,000 worth of Thrift stamps and War Savings Stamps, to be distributed from the secretary's office as a means of encouraging stamp purchasers among all of the people of the county.

A communication addressed to the mayor and the city, urging the municipality to purchase stamps and turn them over to the association was ordered last night returned to the city officials with the recommendation that the city should follow the example set by the association in lending impetus and encouragement to the War Savings Stamp drive in this county.

Give \$500 for Fund.

By unanimous vote of the association's executive committee last night \$500 was ordered paid to the proper authorities of the American Jewish Relief association to aid the Jewish people of Delta county in raising a quota of \$1,000 assessed against this county. The fund is to be used for the relief of war sufferers and bears the endorsement of President Wilson.

The association last night voted \$500 for the Armenian and Assyrian relief, as this county's quota for that war relief project, endorsed by President Wilson.

Funds of Association Not Used.

President T. M. Judson was authorized last night by the members of the executive committee to issue a statement announcing that no part of the funds of the Delta County War Relief association will be used to defray any part of the expense incurred in the war conference to be held in this city for the next two days. All expenses for the conference are borne by the War Preparedness Board, an organization entirely distinct from the Delta County War Relief Board.

Oil Wagon Team Makes Wild Dash

Wheel Knocked Off of Automobile by Frightened Team on Ludington Street Yesterday Afternoon.

Clipping a rear wheel from an automobile as they turned from the alleyway west of the McDonough livery stable and dashing madly up the street a part of the time on the sidewalk, a team of Standard Oil company horses furnished a thriller yesterday that many a movie producer would have traded considerable money for, if he could have filmed it.

Patrick Andeau, the driver had just removed the bridles from the animals leaving them hitched to the heavily loaded tank wagon. They became frightened, just why has not been decided, and ran out from the rear of the McDonough barn into the street, the wagon taking the left wheel from Mr. McDonough's machine as they turned eastward. At a point about half way between Mary and Jenny streets they swerved to the sidewalk taking the wagon with them and they sent pedestrians scurrying into doorways until they reach Mary where they turned south. A telephone post about the middle of the block stopped them and they were captured. Damages aside from those suffered by the automobile were not serious, which, which almost puts the incident in the miracle class, if the distance traveled and the speed of the frantic animals is considered. How the plate glass show windows along the route taken escaped is unexplainable.

WEATHER

Forecast: Wednesday fair and cool; diminishing north west winds; highest yesterday, 89; lowest yesterday, 55.

The Casualties

Washington, June 11.—Thirty casualties in the American expeditionary forces were announced by the war department today, divided as follows:

Among those wounded severely—Harry Carter, St. Clair, Mich., Private Zouche Atanoff, Jackson, Mich., Private James J. Goss, Milwaukee, Wis., Private Henry L. Link, Menominee, Wis., Private Harry McCann, Edgerton, Wis., Private Arthur Randall Mio, Mich., Charles L. Skincer, Charlotette, Mich., Private Robert Wilson, Mondovi, Wis.

ATTENTION COMPANY F

All members of Company F are ordered to report in front of the Delta hotel promptly at 8 o'clock this morning to march to the Northwestern station and serve as an escort to Gov. Albert E. Sleeper.

Intervention In Russia Is Now Possible

Administration Willing to Lend Aid To Any Russ Body That Guarantees Allegiance To Allies.

Washington, June 11.—Intervention in Siberia will only come in line with the principles President Wilson laid down two months ago—that there must be no violation of Russia sovereignty but events are rapidly working toward a situation where intervention will be possible.

This is the interpretation placed in diplomatic and official circles upon rapid and important developments in the Russian situation today.

They were as follows:

No. 1. It was authoritatively indicated that the administration has abandoned all hope in the Bolsheviks. They will not be recognized in Washington as speaking for the Russian people.

No. 2. Boris Bakneteff, anti-Bolshevik but still recognized by the state department as Russian ambassador here presented a plea for intervention from the Russian Cadet party which while not accepted as conclusive, was welcomed in official quarters as a straw showing which way the wind will blow.

No. 3. The president's speech to the Mexican editors is accepted as a reiteration of his representations to Japan against intervention when that measure was first proposed two months ago.

No. 4. Swedish press reports received by the state department indicate that anti-German feeling in Ukrainian and even in Moscow has reached fever heat.

No. 5. Intervention with members of the foreign relations committee of the senate show that body favors intervention and is waiting for the president to speak.

No. 6. It was indicated in well formed quarters that the administration stands ready to lend aid to any Russian body that guarantees allegiance to the cause of the allies.

STAMP DRIVE IS ORGANIZED IN ESCANABA

Plans for the launching of a vigorous War Savings Stamp campaign in this city and throughout Delta County on June 20 have practically been completed.

City Chairman E. F. O'Leary has energetically assumed charge of the plans for the campaign in the city and is now giving the finishing touch to an organization that it is believed will set a new record for result getting.

Mr. O'Leary is infusing into the campaign a spirit of optimistic energy that is inspiring to those who have had charge of previous campaigns in the city and county.

Get Military Titles.

A suggestion made by City Chairman O'Leary that the entire county be organized along military lines for the drive has been carried out. General M. N. Smith county chairman and Major George F. McEwen, county campaign manager are directly in charge of the county-wide campaign.

On the staff of Gen. Smith with Maj. McEwen are Capt. J. P. Norton, Capt. B. J. Mackilligan, Capt. T. E. Strom, Capt. J. F. Cuddy, Capt. Charles Follo and Capt. E. F. O'Leary.

Capt. O'Leary has appointed his ward lieutenants as follows: First ward, Lieut. Peter Jensen and Lieut. James C. Tolan; Second ward, Lieut. R. H. Banks and Lieut. L. K. Edwards; Third ward, Lieut. Charles Gunderson and Lieut. A. J. Connolly; Fourth ward, Lieut. W. J. Hanrahan and Lieut. C. W. Malloch; Fifth ward, Lieut. W. A. LeMire and Lieut. James E. Payton; Sixth ward, Lieut. P. F. Geniesse, and Lieut. George McGuire; Seventh ward, Lieut. J. P. Carlson and Lieut. Max Kellerman.

The lieutenants of the Fourth ward met last night and named their sergeants and corporals and in every ward by Thursday a similar organization will be perfected.

HUNS WASTE THOUSANDS IN ATTEMPT

New Divisions Driven Into Shell Torn Gaps to be Slaughter by Allied Fire, Orr Says.

FRENCH TAKE 1,000

(By Ernest P. Orr.)

Paris, June 11.—The losses the Germans are suffering in the present drive are described by correspondents at the front as almost fantastic.

The Germans are living up to their boast that they would waste 1,500,000 men to reach Paris.

Constantly fresh divisions are called up from all parts of the western front and are thrown into the battle. The Teuton advances below Ridecourt where the Germans are exchanging wounds of dead for bits of French soil.

The Paris military critics believe the Germans is a vast encirclement of the forest of Compeigne and Villers Coteret and to reach the Criel Senlis Meau in order to bombard Paris.

The enemy masses are heavy below Bethencourt and Vignemont converging in the direction of Compeigne. The French press emphasizes the fact that the Amelne offensive was launched on a 60 mile front; the latter drive toward the Marne on a 30 mile line, while the present drive is only on a 20 mile front.

Marcel Hutin, military critic says: Two fresh divisions of Prussian guards of Crown Prince Rupprecht's Bavarian army have had to be withdrawn because of the heavy losses.

London, June 11.—Thirteen German machines were brought down by the British yesterday and five British machines were last, the war office announced tonight.

Despite the cloudy weather the British flyers yesterday co-operated actively with the French aviators in spying on the German advance on the Montdidier-Noyon front and harassing German movements behind the front. Eight tons of bombs were dropped on various targets.

London, June 11.—A total of 208 prisoners including 5 officers were taken in last night's British raids on Wourlancourt (below Albert) tonight's report from Field Marshal Haig says. There is nothing further to report from the other fronts, it adds.

Paris, June 11.—Belloy woods and Souillis have been recaptured by the French.

A thousand prisoners were taken by them during the day the official night communique says.

Germans Pushed Back.

The French launched a vigorous counter offensive on a front of 7 1/2 miles from Rubescourt to St. Maur on the French left) and reached the 'serotry heights. The Germans were pushed back from the Hogessarm and from Dauthenil.

Many guns also were captured by the French.

The French reached the southern outskirts of St. Maur. Heavy losses were inflicted on the Germans.

(NOTE)—Belloy woods is southeast of Noyon. Belleau wood which the Americans captured is northwest of Chateau Thierry.

On the French right the Germans gained a foothold in the village of Machamont (2 1/2 miles southwest of Ridecourt).

Violent attacks on Chevincourt, however, were repulsed. Possession of Dethancourt village is being disputed in bitter fighting.

Huns Make Wild Claims.

FLY THE FLAG

"The Yanks are coming!"

Germany's doom is "made in America."

And the Teutons thought we would not fight.

Tobacco is classed as a necessity by the fuel administration — keep the trench fires burning!

Five or ten years of war would be short compared with the long drawn out unhappiness, oppression and peril that would follow an unjust peace.

ESCANABA IS HONORED.

The city of Escanaba has been signally honored in being permitted to entertain for two days, a large group of men who are today writing a marvelous page in the history of this state and of the nation.

Governor Albert E. Sleeper and other officers of the state; the heads of every war relief organization in Michigan; men of national repute who are aiding in the direction of nation-wide movements for the support of our fighting forces and men of this peninsula who are taking an important part in raising of men and money for the prosecution of this war to a successful conclusion, come to Escanaba today for the first war conference ever to be held in this section.

The purpose of the war conference opening here today is to co-ordinate war relief measures in the state and to eliminate overlapping of individual and community efforts.

Today's conference is typical of Michigan. It is a meeting designed to place our war activities on a business basis. Our state has a reputation in the nation for business solidity and methodical progress. To place our war giving on a business foundation was to be expected of Michigan and the conference here represents the carrying of that plan into effect.

Michigan is a state of monster business interests and the placing of our war activities on a methodical basis insures their carrying on a big typical Michigan way.

It may have been coincidence and it may have been deliberate design that caused the first war conference to be held in the county which was one of the first in the state to carry into successful effect the war chest plan.

It may also have been purely accidental that the conference has come to a county that has established a Red Cross production record of which our people are enormously proud.

Whatever may have been the causes that combined to bring to Escanaba the honor of furnishing the setting for this history-making conference, it is an honor splendidly appreciated by our people and one of which Escanaba and Delta county will strive heartily to be worthy of.

Hoover Explains Brewing Policy

Lansing, June—Many church congregations in the state when asked to go on a wheatless diet a week ago adopted resolutions calling upon the U. S. Food Administrator to prohibit the use of cereals in the manufacture of beer. "You are probably aware," says Mr. Hoover, in a letter on the subject to Senator Sheppard of Texas, "that I have been a life-long believer in national temperance; on the other hand, as a purely administrative officer of the government, I have felt strongly that I should not enter into any contentions."

Hoover is Personally a Dry Advocate. As a pronounced dry Mr. Hoover feels, from a national viewpoint, the complete extermination of beer would do more damage to constructive prohibition through the deliberate encouragement of whiskey and gin drinkers, of which there is enormous supply still left in the country, than could possibly come, from the small saving of wheat now consumed in America in the manufacture of beer.

There is a long supply of whiskey—gin and other 20 per cent to 40 per cent distilled drinks in the country. We have reduced the consumption of foodstuffs in brewing by 30 per cent and reduced the alcohol contents of beer to 2 3-4 per cent. If we stop brewing the saloons of the country will still be open, but confined practically to a whiskey and gin basis.

The Food Administration has gone as far as it can towards temperance without precipitating a worse situation. If the American people or Congress will stop the sale of distilled liquors, the administration will find no difficulty in stopping brewing.

STOP PASSING THE BUCK—APPEAL TO CONGRESS

If the American people want prohibition it should prohibit by legislation to that end and not force the Food Administration to the responsibility for an orgy of drunkenness. It is mighty difficult to get drunk on 2 3-4 per cent beer; it will be easy enough if we force a substitution of distilled drinks for it.

The Food Administration has gone as far as it can towards temperance without precipitating a worse situation. If the American people or Congress will stop the sale of distilled liquors, the administration will find no difficulty in stopping brewing.

PEG DISAPPEARS, BUT PEGGY SITS ON NEST.

San Francisco, June—"Peg" a one-legged seagull known by all frequenters of the San Francisco waterfront, disappeared a few days ago and was much regret.

Then "he" was found and as a result is no longer known as Peg but as Peggy. The re-christening was considered necessary because "Peg" was found sitting on a nest of eggs.

The legend of the waterfront is that the gull's lost leg was bitten off by a shark.

HEROINE IS BENEFICIARY IN SOLDIER'S WILL

Bellaire, Ohio, June—Wilbur Day, a local soldier, with no one to make his insurance payable to, has named as his beneficiary seventeen-year-old Elizabeth Workman, who recently lost both legs when she dashed before a train and saved her little sister's life.

WITH OUR ARMY POETS

Briquet Brilliance

I had a little briquet. As usual, made of brass; The thing was awfully tricky, Sometimes quite short o' gas.

At other times the fine stone Was worn beyond a chance, But when the thing worked rightly I'd matches in my pants.

I swore I'd bought my last ones, But yet I fell some more, Forgetting all the past ones, And trying once encores.

At last I got a good one That worked at slightest touch; A thing of little beauty, In work it counted much.

And men are like those briquets, Who make a fine display In starting off with brilliance But it's soon the other way.

While other folks, much plainer, Ne'er sparkle with flame; They have the gas of their desire, And spark of work the same.

—Daniel T. Balmer, U. S. A. S.

To the Subway

I used to ride you every night At five or maybe six; And every night I used to say I'd rather ride the Stix.

I was shoved and pushed and stepped on, I was elbowed, jostled and jammed; It used to take a chunk off me Each time that side door slammed.

But though I used to curse you, I pay a million fare To hear the guard yell out tonight: "Forty-Second Street—Times Square!" — Q. S. M.

My Dog.

I found him in a shell hole, With a gash across his head, Crouching down beside his master, Who he must have known was dead.

Hell was popping all about us, So we stayed there through the fight Got to sort o' like each other, Through the misery of that night.

He has fleas; I have cooties; He speaks French; I "no compree"; So the rule fifty-five goes Between my dog and me.

You wouldn't say he's handsome, He's been wounded several times! But when we boys go over, Over with us Frenchie climbs.

And when the Boche is gassing, And we want to test the air, We try it on my dog first, But he doesn't seem to care.

He gets not blessed medals, No Distinguished Service bar, But just our admiration, Doubled by each honored scar.

And when the war is over, And to our homes we go, My dog is going back with me— What's mine is his, you know. —Sgt. F. C. McCarthy, Aerog Squad.

GERMAN TEXT BOOKS DESTROYED BY CITIZENS

Janesville, Wis.—Aroused by the failure of the school officials to heed the resolution adopted by the town board condemning the teaching of German in the public schools here, a citizen's committee seized the German text books in the high school and then burned them.

RED MAN ALSO LINES UP FOR FOOD CONSERVATION

Omaha, Neb.—Indians are not one whit behind the white man when it comes to food conservation. They want their squaws to have a "food matron" just like their white brethren. Fifty leaders of the Omaha Indian tribe called on State Food Administrator G. W. Wattles and asked him to intercede with the "great white father" at Washington to have Food Administrator Hoover appoint a matron to explain to the squaws how to save the wheat by using substitutes. In the past nothing but wheat has ever been used on the reservation, but the Indians have not only sent their boys to fight for Uncle Sam, but they want to do their bit at home.

OFFENSIVE INDICATES WEAKENING OF HUNS

Paris.—The official announcement today that another phase of the German offensive had opened between Montdidier and Noyon was interpreted by the public as having a hopeful aspect. The point was made that the latest attack is on a front of only fifteen to eighteen miles, compared with a front of fifty miles for the first offensive this year, on March 21 and of twenty-five miles for the attack along the Aisne on May 27. This is regarded as an indication of the diminution of the power of the attacking masses.

FAMILY BUYS BOND FOR "DANDY"—100 P. C. PLUS

Junction City, Kan.—Liberty Loan workers are yet undecided how to classify one family living here. There are many 100 per cent families here, where the father, mother and children each own a bond. The uncertain family went them all one better. Besides purchasing a bond for every member of the family, they bought one for the old family dog. The bond was made out to "Dandy". For want of a better rating the family is now rated '100 per cent plus.'

MOUNTAINEERS PRODUCE BURIED COIN FOR BONDS

Johnson City, Tenn.—Thousands of dollars in money that had been buried by the mountaineers of east Tennessee was dug up recently and invested in Liberty Bonds. Gold and silver currency was lifted from fireplace corners dug up from under the garden trees and taken from the trunks of hollow oaks. Some of the money paid for bonds dated back more than half a century. The third loan is the only one in which the mountaineers largely participated.

The Food Administration's Record For Twelve Months

(By George A. Prescott, Food Administrator for Michigan.)

Here, briefly stated, are a few results of the food administration in the past year.

At the time Mr. Hoover was appointed that is on May 15, 1918, the price of flour per barrel at Minneapolis was \$16.75, while on May 4, 1918, it was \$9.80, a decrease of 41 per cent. On the former date, the difference between what the farmer got for his wheat and the wholesale price of flour was equivalent to \$5.68 a barrel while on the later date this difference amounted to only 64 cents.

Producers' prices for March, 1918 when weighed with the relative value of the product for the nutrition of the nation shows a marked increase over August, 1917; but for all this, consumers' prices on the same basis have decreased, though not to so great an extent.

As for sugar, the wholesale price of the refined article at the end of 1918 was 7.3 cents a pound while a year ago it was 8.33 cents a pound, a decrease of 12 per cent. At the same time the margin between the price of raw and refined sugar has been reduced from 2.12 cents to 1.3 cents per pound. And this in spite of the fact that sugar as well as wheat, offered unprecedented opportunities for speculation. During the Civil War, sugar went up to 30 cents a pound, with no real sugar shortage in the world. Refiners have declared that had not the Food Administration controlled the price and distribution of sugar, it would have gone as high as 35 cents a pound (for we faced an absolute shortage, which was not the case during the Civil War.) A rise of one cent on a pound of sugar costs the American public \$80,000,000 in the course of a year, so that a two or three hundred per cent rise would have cost had better be left to the imagination.

Urge Class Cens For Maple Syrup

East Lansing, Mich.—Michigan Maple syrup, which heretofore has wended its way to the breakfast tables of the nation in tin containers, will do its traveling in 1919 in glass bottles if recommendations of members of the Michigan Maple Syrup Makers association are heeded by producers. The association, speaking through the forestry department of M. A. C., is asking the producers to order bottles for next year so that the can be saved for war work.

War Board Now Buys The Butter

Lansing, June.—The War Purchase Board, composed of representatives of the army, the navy, the Allies, the neutral nations, the Federal Trade Commission and Food Administration, has recently taken over the direction of the purchases of butter for the Army, the Navy and for export to Europe.

Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned.

NOTICE

Alpina Gets Heavy Frost

A heavy frost at Alpina Sunday night with a temperature within three degrees of freezing at Sault Ste Marie were reported to Weather Observer H. H. Spindler yesterday. Mr. Spindler states that all indications are toward warmer weather—real summer weather in fact—for Escanaba in the near future.

Chronic Constipation

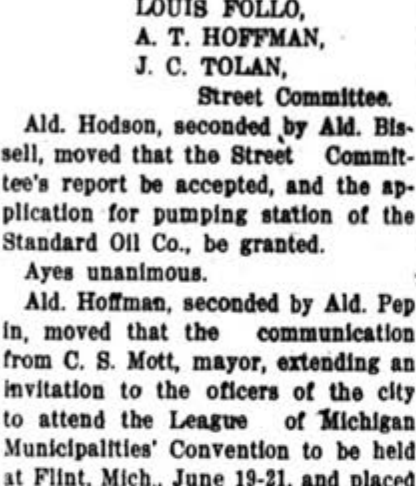

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take a lot of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.

A. Bissell from A. R. Bissell, from A. R. Rogers, Liberty Loan chairman for the Ninth Federal Reserve district.

WAR INQUIRIES ENORMOUS

Lansing, Mich.—Owing to the enormous increase of government war work the governmental departments at Washington ask Michigan residents to refrain from making inquiries on every conceivable subject concerning the war, as it has been found a physical impossibility for the clerks, though they number an army in themselves now, to give many of these inquiries proper attention and reply.

GERMANY BEGINS TO FEEL FORCE OF U. S.

Paris—Havas Agency, in an article in La Liberte, Lieutenant Roussel says that American co-operation in the war is developing rapidly and brilliantly and is beginning to cause a deep impression beyond the Rhine more so as American resources are organized so as to supply 200,000 men monthly.

PRUDEN URGES PEOPLE LAY IN COAL SUPPLY NOW

Farmers Will be Doing a Patriotic Service to Set Aside Hard Coal Burner and Use Wood. Lansing.—The state fuel administrator while urging people in cities to buy coal now in order that another fuel famine such as was experienced last winter will not be repeated, calls upon farmers and others located where wood is easily accessible to lay in a store of that kind of fuel for several reasons.

Bartley-Hendricks.
Miss Irma Bartley, daughter of Mr. and Mrs. Casper Bartley of this city and Edward M. Hendricks of Wausau, Wis., were quietly married at Battle Creek last Friday where the groom is a member of the officers' training camp. Original plans were to have the event take place in Escanaba sometime during this month but it was impossible for the groom to get leave of absence at this time. The bride will return to Escanaba this week and will reside with her parents until the end of the war.

Mr. Hendricks is well known here, having been employed by the Chicago and Northwestern here for several years. The event came as a surprise to the many friends of the young people in this city.

SAYS NAVY WAS TOO SAFE; WANTED—HUBBY IN ARMY

Pittsburgh, Pa.—I'll sign a release for him to join the army, but not the navy. It is too safe." So declared Mrs. John Bendthson, when she appeared in court against her husband, charged with non-support. After much argument Mrs. Bendthson was convinced that the navy was as dangerous as the army and she signed her husband's release.

Paul Baldwin left yesterday for Chicago where he will enter a school of linotype operating.

Bulgars And Turks Are In Command

Amsterdam—Unity of military command has been extended from Germany and Austria to embrace Bulgaria and Austria, reports the *Zeitung*, of Berlin, reports. The supreme war council of the central powers will have the right to transfer troops from one army to another. This was brought about, the newspaper states, by the recent visit to Constantinople and Sofia of the Austro-Hungarian foreign minister, Baron Burian.

JAP WANTS TO BE COP.

Los Angeles, June—If persistence is a qualification for a policeman Frank Ojo, twenty-four, an American born Japanese, will soon be on the Los Angeles force. Ojo claims that as there are 12,000 Japanese in the city, and that as there are negro officers to look after the negroes there should be a Japanese officer to watch the Japanese. Ojo's application has been turned down by Chief Butler at least twenty times, but every day sees him at the station in a renewed attempt to start work as a cop.

Thomas Beaton of the Great Lakes training station spent Sunday with his parents at Wells. A reception was given in his honor on that day. He expects to be assigned for active service on his return.

WHEAT WILL HALT GERMAN DRIVE

FARMERS WHO MARKET WHEAT NOW ARE HELPING NATIONAL DEFENSE.

"Humanity and Patriotism Combine in Making This Appeal," Says Prescott.

"The Allies are still hungry and if you can spare a little more flour, for God's sake send it," was the plea made recently by a British officer to an American audience.

And who, having heard it, having realized the necessity for the cry from the brave nations of Europe, can help saving wheat.

There are two definite appeals to us voiced there.

The one is to patriotism and to common sense. The Allies' cause is our cause; our men are fighting shoulder to shoulder with their men. If food falls the fighters must fall; the war must be lost. None of us are too ignorant to know what a Germany victory would mean, especially to the women and children of the land. So, our love of country, our love of our homes, our every instinct of self-preservation must make us do each thing, whether great or small, towards victory.

The other appeal is that of humanity. Who can refuse to deny himself because of his greediness, his love of his own food habits, when the thought comes of the Allies suffering?

Can any one with either sense or sensibility keep on eating wheat products in the present need? Does it not seem a petty disgusting weakness to insist upon having food requiring white flour?

Let that cry sound in your ears: "If you can spare a little more flour, for God's sake send it!"

If You Eat THESE CONTAIN WHEAT You Eat Wheat

White Wheat Bread, made from flour refined from the starchy white center of the wheat kernel.

Whole Wheat Bread, made from flour made from the starchy center and some of the outer brown layers (bran) of the wheat kernel.

Graham Bread and Graham Crackers, made from flour containing all the wheat kernel, including the bran.

Macaroni, Spaghetti, Noodles, made from wheat flour.

Wheat Breakfast Foods, sold under various names, not advertised as wheat products made from the whole or part of the wheat kernel.

Victory Breads, contain 75 per cent wheat.

If You Eat THESE CONTAIN NoWheat No Wheat

Oatmeal, potatoes, rice,—barley, and 100 per cent substitute bread.

100 Per Cent Breads.

Corn pone, muffins, biscuits, all kinds of bread made only from corn, oats, barley and all the other wheat substitutes.

These are usually made with baking powder or soda and sour milk instead of yeast and are sometimes known as "Quick Breads".

Eat No Wheat.

NORTH COUNTRY STEPPING ALONG

In McMillan township, Luce county, the drive has been launched with a school demonstration and addresses by outside speakers. The English department at Montrose is drilling Four Minute speakers.

William Balte, writing from Houghton, says:

"You may rest assured the people in the schools in Houghton and Keeweenaw counties are working hard to do all they can to win the war."

At Prattville plans are being made to organize in the fall as soon as schools open. "Every school in the city has been organized," is the message from Muskegon Heights. In Clare sales have netted about \$1,000 according to the last report.

In Washtenaw county sales were stimulated to \$5,000 by the offer of books for the libraries for the best records made in 129 schools. Twenty-three volumes were awarded for per capita sales and 20 for the largest aggregates.

CHARLOTTE SHOWS A SPIRIT.
In Sebawing both public and parochial schools are devoting one day a week to sales of Thrift and War Stamps. In Charlotte, where sales average about \$2.50 per pupil, sales were nearly \$500 one week.

Pupils at the Trufant schools bought a \$50 bond, which at maturity is to be invested in new books for the school library. War Stamps are being boosted and purchased by the "Loyal Reserve" of Trufant. On two days a week at Battle Creek the Junior Council of National Defense members acted as salesmen for stamps visiting the 40 rooms in the high school building.

M. C. A. stationery on May 10.

State Gives Over 75,000 Men To Cause

Detroit—How Michigan has responded to the call to arms and given of her youth to defeat the threat of Prussian world domination, is shown in figures just made available—detailing the work of the draft-boards in the 12 months that have passed since the first registration under the selective service law.

Just a year ago, 377,179 Michigan men of draft age registered under the law. Since that date approximately 55,000 of them have been inducted into service. Besides these approximately 20,000 men of all ages have enlisted in the regular army and a large number have entered the navy and marine corps.

Round Up Delinquents.

Three months to a day after the registration—September 5, 1917—Michigan's first contribution to the national army reached Camp Custer. It was a small beginning—officers outnumbered privates for a time. But the building up of the draft army went forward rapidly and in another three months, Michigan had called 24,000 of her youths into service. December 15, the questionnaire method of determining liability for service became effective, and these resulted in 83,500 men being placed in Class One. Out of this number 31,000 to late have been called into the national army, making the total since the registration 55,000.

After deductions for various reasons are made there remain today of the original registration 24,500 physically fit Class One men. The number, however, will be considerably augmented by the ultimate rounding up of the 13,500 delinquents—men who did not return questionnaires, and who automatically go into Class One; 5,000 in Class One who are listed as unable for service by minor operations, and by the registration of men reaching the age of 21 since June 5, 1917. It has been estimated that 40,000 additional Michigan men will be listed in the second registration, but no estimate has been made of how many will fall in Class One, although the percentage undoubtedly will be large.

The deductions that must be made from the Class One men of the original registration include 1,400 who are employed by the Emergency Fleet Corporation; 11,000 who are qualified only for limited military service, owing to some slight physical defect, and a large percentage of the 20,000 who have enlisted in the army since July 1, 1917. The navy and marine corps have attracted a large number of Michigan men, but the exact number is not available at this writing.

All factors considered, Michigan feels it has reason for pride in the showing of the last twelve months.

PROFITEERING LANDLORDS TO BE BROUGHT TO PINE

Cleveland, Ohio—The City Council has, by unanimous vote, decided to take action against the landlords who are charging exorbitant rents. With the great influx of war workers to the city in the last year living space has been at a premium and landlords have forced the rents in many cases up to twice what they charged a year or so ago. The council held this unjustified and a form of war profiteering and adopted resolutions calling for immediate measures to regulate rents and for a study of methods by which to combat the rent profiteering.

TAXICAB DRIVERS KNIT, BUT THEY ARE WOMEN

Cleveland, Ohio—One of the least surprising things to be seen on the streets of Cleveland now is a taxi-cab driver calmly sitting in a taxi at its stand, pulling and dropping, while sox and sweater develops before your eyes. But the drivers are girls, for Cleveland is rapidly getting a large proportion of its day driver from the other sex.

Mr. and Mrs. W. D. Hughes of Fairport arrived in the city last night to visit for a few days.

RECORDS OF SCHOOL ARE REMARKABLE

Fresh Air Students in Washington School Annex Make Wonderful Progress During the Year.

SUCCESS IN EVERY WAY.

An experiment which has proven a wonderful success and which will probably lead to a material extension of the work in the Escanaba schools during the next few years, is the fresh air department in the Washington school annex. Under capable care and instruction, twelve weak and backward children ranging in age from eight to twelve and in grades from second to fifth, have not only kept their scholarship on the level with their fellows of like grades in the other schools but have made great physical advances.

Provisions had been made to care for but twelve of the little sufferers. One room and a kitchen was equipped and Miss Exella Treado was chosen as teacher. This choice has proven a happy one for Miss Treado's cheerful personality and her deep interest in the work have gone a long way towards making the class the success that it has proven to be. With a course in physical training, nourishing lunches and a carefully outlined program of lessons, she has worked unceasingly for the welfare of her charges.

Everyone of the twelve pupils made a gain in weight; the largest eight pounds and the smallest one pound. The average is between four and five pounds per pupil. During the school year the average gain in height has been one inch with a minimum of three fourths of an inch and the maximum of one and seven-eighths inches.

Two lunches a day have been prepared and served to the children by the teacher at a cost of less than four cents a day per pupil. During the cold winter months hot soups were served in the morning, hot chocolate, crackers and jellies in the afternoons. When the warmer months came the soups were varied with oat meal, cornmeal and dry cereals, with prune and apple sauces. The exact cost since November 26 for all of the foodstuffs was \$46.90 or exactly 1.8 cents per lunch per pupil.

Not only have the physical conditions of the students been splendid, but there has been a great gain in scholarship. When examination time came around the children were sent into other classes at the school and without exception not only passed the written tests with the others but the most of them were among the leaders. So it is readily seen that although physical training and dieting have had their part in the school work, the other side has not been neglected. The temperature in the room was kept, during the winter months at an average of fifty through Miss Treado says that the children were comfortable with the mercury at 40 degrees and ten degrees lower did not prove to be too cold for most of the little ones.

A dining room is greatly needed for the department next year, Miss Treado says. Whether it will be added or whether the enrollment will be increased has not been decided by the school officials.

Mr. and Mrs. A. S. Putman and Mr. and Mrs. Fred Carrol of Manistique were among the earlier arrivals for the Conference.

Mayor and Mrs. Henry Schwelienbach and son of Spaulding, were visitors here yesterday.

Miss Katherine O'Brien, who has been attending the Oshkosh normal returned home yesterday for her summer vacation.

Ernest Peterson of the Great Lakes training station is spending a short furlough with his parents here.

Mrs. Bloomberg and children, Harold and Margaret are visiting with relatives in Chicago.

Mr. and Mrs. Charles Glavin and children of Buenos Aires, Argentina, are guests at the Colman Nee home on South Jennie street.

Mrs. M. P. Penelon who spent the winter in the south returned home Monday. Dr. Penelon who is in Chicago, will return home this week.

A marriage license was issued in Chicago yesterday to Harry A. Larsen of Escanaba and Miss Katherine Posenka of the Illinois city.

Myron Legg, son of Mr. and Mrs. Peter Legg of Gladstone has enlisted in the navy and is now to be stationed at Bremerton, Wash. Two other members of the Legg household Harold Parsons who lived at the Legg home for six years and George Weingartner, who made his home there for three years are in the naval training station at Great Lakes, Ill.

Benjamin Salinsky, of New York, formerly of this city, has arrived in Escanaba to look after his business interests.

Sliger Is Keeping Up Good Work

Youthful Recruiting Officer Has Sent 115 Men to Army Service Since Arrival Here in April.

Corporal Roy J. Sliger, army recruiting officer for this district, took the enlistment of two more Delta counter men yesterday. William Akery of Rock added his name to the string of those who chose the heavy artillery for their branch of the service and M. Dwyer Peller of Gladstone was enlisted for the medical department. Akery left last night for Chicago and Jefferson Barracks at St. Louis, while Peller will remain here until Friday.

A downcast visitor to the recruiting office yesterday afternoon was Pvt. Seward McDonald of Manistique, who applied for transportation back to the forestry engineers' training school at Washington, D. C. McDonald had been home for several weeks on sick leave and while he was absent his regiment—the 20th engineers—were started for France. He had hoped to get back into service in time to take the big voyage with them. His transportation arrived last night and he left for the national capital, hopeful that he would not be forced to stay in this county until the next regiment is ready.

Half a dozen other young men have informed Sliger that they expect to leave this week but their enlistments have not yet been closed up. Since the young recruiter arrived in Escanaba on April 4, he has sent 115 men to the colors and he believes that chances are excellent for increasing the number to 150 before the first of July.

In spite of his phenomenal success on recruiting duty, the corporal is not satisfied. He wants to go to France and help fight the battle over there, but he sees little hope for him at the present time. "No men who have not had regular army experience are given recruiting jobs and there isn't nearly enough of us to go around," he explained yesterday. "They tell me I'm doing the service more good over on this side and I suppose they know. But I waited six years in the regular army for a chance like that and now I can't get into it."

"I only hope that every man I enlist likes the service as well as I do," he added.

A Special Red Cross Program

Pupils in the public and parochial schools will participate in the special Red Cross program which will be presented at the High school tomorrow afternoon in connection with the exhibit of Red Cross Junior work. Edward G. Cooley, former superintendent of schools here, Miss Dora of Milwaukee, Sidney T. Miller, Michigan Red Cross chairman and ex-Senator Everett Colby of New Jersey will attend. School children will furnish the musical numbers.

Marchers Asked To Carry Flags

All school children who march in the parade this morning when Governor Sleeper arrives and all those who are watching are asked to display or carry an American flag. The suggestion comes from Superintendent of Schools F. E. King and is heartily approved by the committee in charge. "Let's show the governor more American flags than he ever saw at one time before," was the remark of one of them.

Two Exhibits Of Junior Work

Conference visitors who are interested in Junior Red Cross work will find two exhibits in the city this week. They are invited to call either at the Junior Headquarters or at the high school where specimens of the work from every school in Delta county may be viewed attractively displayed.

George Young On Arlington

George Young formerly of this city, was on board the S. S. Arlington when that big merchant ship was attacked by a subsea boat off the Maine coast a short time ago according to a letter received by Escanaba friends yesterday. He states that it was very narrow escape.

CARD OF THANKS.

Miss Florence Lemance desires to express her thanks for the kindnesses offered during the illness and at the time of the death of her little grand-son. Especially is she grateful for the many beautiful flowers.

HUNS WASTE-War Conference

(Continued from Page One.) 10,000 the war office announced in the day report.

This brings the total number of prisoners taken by the crown prince's army since May 27 up to 75,000, the statement says.

Berlin, via London, June 1.—The attacks launched Sunday and Monday, under the direction of General von Hutler led to the intended result, mainly the occupation of the hilly district, southwest of Noyon, the war office says in the day bulletin.

French reserves in counter attacks yesterday were repulsed in bitter fighting, the statement says. "Renewed attacks by the enemy to northwest of Chateau Thierry broke down with heavy losses," the war office statement says.

The text of the official day report follows: "Army Group of Crown Prince Rupprecht of Bavaria: Fighting activity was moderate throughout the day, but later it was renewed from both sides of the Somme. The enemy in the evening at Ancre on the Somme effected a local break through on the Corbie-Bray road but was brought to a standstill by counter attacks. On the rest of the front attacks broke down with sanguinary losses.

Army Group of the German Crown Prince: "During the two storming (storme) days attacks of the army of Gen. von Hutler led to the intended result which were to put us in possession of the hilly district southwest of Noyon. The attack was against the strongest positions of the enemy, but in spite of this the French divisions could not withstand the shock of our troops.

Divisions of the French reserves were brought up and centered in counter attacks but were repulsed in yesterday's bitter fighting.

Situation Unchanged. On the front from the Oise to Rheims the situation is unchanged. Renewed attacks northwest of Chateau Thierry (where Americans are fighting) broke down with heavy losses.

Berlin via London, June 11.—The night war office statement says: "On the battle field of southwest of Noyon French failed in attacks and suffered the heaviest losses.

Injured Boy Is Now Improving

The six year old son of Mr. and Mrs. John Lund, of Kipling, who was seriously injured by a motorcycle Sunday, is improving slowly. It was announced today. He is however, not yet out of danger, although his condition is more hopeful.

Tonight Is Junior Prom

Beautiful decorations of evergreens and red, white and blue streamers with special lighting effects, convert the high school gymnasium into a beautiful ball room for tonight's Junior prom. The invitations are limited to members of the Senior and Junior classes and the High school faculty. All indications are towards one of the most enjoyable affairs of commencement week.

Hubbard Talks In Rapid River

Hubbard, Frank W. Hubbard of Lansing, director of the War Savings Stamp sales campaign will speak at Rapid River tonight it was announced yesterday. He will assist in the organization of the coming drive in that locality.

Hans Reig Will Visit Gladstone

Hans Reig, chief of the foreign language department of the United States treasury department will speak between the acts at the Gladstone theatre tonight. He will discuss War Savings Stamps.

War Conference Opens Here Today

(Continued from Page One.) Joseph's Drum Corps of this city.

Headed by the Escanaba Military band the parade line will leave the station and will lead to the Delta hotel when Governor Sleeper and members of his party will make their headquarters during their stay in the city. Arrangements were complete yesterday for the taking of a moving picture of the parade line and the crowds on Ludington street during the parade from the station to the hotel.

The Governor's Party.

In Governor Sleeper's party will be: Governor and Mrs. Sleeper; Secretary of State and Mrs. Coleman C. Vaughan; Auditor General and Mrs. O. B. Fuller; Attorney General Groosbeck; State Pure Food Commissioner Woodworth; J. J. Morgan and John Baird of the public domain commission; Col. Von de Cook; Col. J. P. Petermann; Col. Roger M. Andrews, Menominee; John H. Ginterbotham, Washington, D. C.; W. K. Prudden, state fuel administrator; George M. Prescott, state food administrator; Sidney T. Miller, chairman American Red Cross for Michigan; T. F. Hubbard; C. A. Parcels, State Treasurer Samuel O'Dell; William B. Bredford; Dr. Caroline Bartlett Crane, and Mrs. D. D. Ashbaugh; U. S. Senator Colby of New Jersey; Hans Reig of Washington, D. C.; Lieut. Gov. Dickinson, B. Towne, Washington, D. C., representing the National Council of War; Miss Helen Keeper of Detroit; Col. Kimball of the Salvation Army and L. M. Wiggins, director of the Bureau of Development of Chicago.

First Session at 10 O'Clock. After registration of the delegates from the various counties of the upper peninsula, the first general session of the conference will be opened at the Delft theatre at 10 o'clock with Governor Sleeper presiding.

The morning session will be so taken with addresses of welcome and responses, followed in the afternoon by divisional conferences.

Sheep and Victory.

One of the big meetings of the afternoon will be the Sheep and Victory conference at the Delft theatre, over which Colonel Roger M. Andrews of Menominee will preside. That meeting will be attended by a large number of Cloverland boosters who have been vitally interested in the development of this district as a sheep raising territory. The movement is now meeting with tremendous success and the session here today is planned to make permanent the success already scored in that direction.

Various sectional conferences will mark the afternoon, the high school building and in several halls of the city.

This evening a big public reception will be tendered Governor Sleeper and members of his party at the Coliseum.

Program at Park. At 9:30 at Ludington park, high school pupils will appear in a big open air physical exercise demonstration, under the direction of Miss Edgerton. The Escanaba Military band will furnish the musical programs throughout the day and evening.

Show Feature Picture. At the Delft theatre following the Sheep and Victory meeting this afternoon a war feature film "France in Arms" released to the American Red Cross society by the French government will be shown and tonight will be twice repeated at the theatre. No admission fee will be charged for any of the performances.

FUNERAL FOR CHILD.

Funeral services for George Sullivan, aged 7, who died Sunday at the home of his grandmother, Mrs. Florence Lemance, 209 North Charlotte, after a brief illness with brain fever, were held at St. Joseph's church at 2 o'clock yesterday afternoon. Interment took place in St. Joseph's cemetery. The little fellow was a favorite both in the neighborhood where he lived and at St. Joseph's school and the services were largely attended.

Meeting Of Food Administrators

One of the most important meetings of the conference will be the gathering of food administrators of the upper peninsula. State Food Administrator George M. Prescott of Lansing, Upper Peninsula Administrator Geo. W. McCormick and J. S. Kennedy of Ironwood, field man for the federal organization will be present. They will have some important matters to discuss with the county administrators. The hour for the meeting has not yet been decided.

FAIR AND COOLER.

Today will be fair and cooler in this vicinity the weatherman says. The wind will diminish. Of general weather conditions in this section he predicts that there will be cooler weather throughout upper Michigan with possibly some showers. The sun rose at 4:57 this morning and will set at 8:33 p. m.

CLUB SHOOT POSTPONED.

Announcement was made yesterday by officers of the Escanaba Gun and Game club that the regular weekly shoot of the club has been abandoned for this week but will be held next week at the usual time.

They Need Food "Over There"

"We must not only feed our soldiers at the front but the millions of women and children behind our lines."

This is General Pershing's call from across the seas to the American farmer.

It is humanity's plea to civilization.

Our country looks forward with confidence to our farmer patriots to respond as one man with the answer:

"The crops will be produced."

The Escanaba National Bank

ESCANABA, MICHIGAN

Is Prepared To Register Alien Women

Supplies needed for the registration of female citizens of enemy countries have been received by Chief of Police John J. Tolan. Dates for the listing of the residents of Delta county classed as above are June 17 to 24. The women must call at the police station and besides the answering of a long list of questions, they must produce four certified photographs and submit to the taking of their finger prints.

Heavy penalties are provided for failure to register. By complying with the law, those subject to registration are showing a desire to respect the mandates of our government and furnishing evidence of their peaceful disposition.

The procedure is practically the same as when male alien enemies registered. Registration cards will be issued and registrants will be expected to be in a position to display them at any time.

Ernest Bowers of Nortland spent Sunday with relatives here.

Junior Red Cross

Most interesting exhibits of Junior Red Cross work has been arranged at the headquarters and at the high school.

The Silverdale school, Miss Nellie Weberg teacher, raised \$11.65 through a patriotic program given at the school and the donation has been received by the Junior headquarters.

A donation of articles has been received by the Junior Red Cross from Mrs. Wilkinson, through Miss Carrie Bacon.

Word was received yesterday that Ben Chaffield and P. Pintal of Escanaba and Carl P. Morris of Gladstone who had been intraining in an army school at Chicago, for mechanics, have completed their courses and have left for the east.
