BRAZIL WILL SEND TROOPS ACROSS SEAS

South American Republic Will Give Her Navy to Work of Combating Submarines in the Atlantic.

U. S. TO TRAIN THE MEN

Washington, June 21.—Considerable progress has been made in the plans drawn for the active participation by Brazil in the war against Germany.

Information to this effect was obtained tonight following the action of the senate military affairs committee today in authorizing the war department to undertake the training of Latin American nationals at cantonments in the United States.

Combat U-Boats

The American naval commission headed by Captain Theodore Vogel-sang, U. S. N., now in Brazil, is understood to have reported the readiness of the Brazilian navy to co-operate with the American navy in the warfare against the German U-boats on this side.

Train Troops Here

On the other hand, conferences are being held regularly between representatives of the war department and the allied nations on the one hand and the Brazilian military mission, headed by Lieut. Col. Alitto Gama, who has been in this country since last December, and has established permanent quarters in New York City.

Making Repairs On The Diamond

Manager Freddie Olmsted of the Escanaba ball team has a new system of training. "There is nothing like the shovel for an exerciser" say sFred, "and besides, the lot needs some repairs. If you are good boys I'll let you fellows make them."

Two More Men Are Added To The List

Two more names were yesterday added to the list of registered men of Delta county who will go to Valparaiso University on July 15 for a special course of training in mechanics.

Steamer Florida Rams The Shurz

Washington, June 21.—The United States ship Schurz was sunk in collision with the steamer Florida ten miles southwest of Cape Lookout, on the North Carolina coast at 4:40 o'clock this morning, the navy department announced late this afternoon.

One member of the crew was killed. Other persons aboard were saved. The Schurz was the former German vessel Grier which was taken over by the United States. She was 255 feet long and of 1600 tons burden.

St. Louis Not Badly Hurt Word Comes

Washington Officials Send Message to Parents Here That Escanaban Is Not Seriously Wounded.

The curtain of deep forboding sorrow that has hung over the home of Mr. and Mrs. Joseph St. Louis, Wells avenue, since Wednesday, was partially lifted yesterday when a message was received announcing that their son, Harry St. Louis, fighting with the American forces in France, reported as seriously injured, was not badly hurt.

Following is the message received from Washington at the St. Louis home yesterday:

"Cable from Paris says St. Louis wounded, not seriously. W. R. CASTLE, Jr. Director Bureau Communication" Parents Were Worried.

Since the message was received from the adjutant general's department on Wednesday announcing that the Escanaba lad's name was carried in the casualty list of the day, the parents had lived in constant fear that they would later learn that their son had been more critically injured than had been intimated in the government message.

The message yesterday announcing that his injuries were not of a serious nature, came as a great relief to the family.

Harry St. Louis was one of the first Escanaba young men to volunteer for service when the break between Germany and the United States came in the spring of 1917.

At Chateau Thierry He entered the Marines and had been in France since last summer. His company was among the group of marines who make glorious history in front of Chateau Thierry ten days ago.

That he emerged from that conflict with but minor injuries will be learned with deep gratification by his hosts of friends in this city. The action received at Washington concerning the case of the Escanaba young man proved a matter of great satisfaction to the parents.

Plan Big Picnic Independence Day At Park Grounds

Members of the Eagle Drill Team have completed plans for a big Fourth of July picnic to be held at South Park on Independence day. The park has been leased for the day and a most attractive entertainment program has been arranged.

In the afternoon an attractive program of sports and games will be carried out. The program will include sack race, potato race tub race, and a tug of war. Substantial prizes will be offered in each of the events. Refreshments will be served on the grounds throughout the day.

Young Men Must Report In Chicago

Atty. Edwin Linden and Elmer Linden, sons of O. V. Linden, editor of the Medborgaren, must report to their exemption board in Chicago and will not be allowed to accompany the contingent from their home county to Camp Custer. The arbitrary action of the Chicago board was received by the local exemption board yesterday, announcing that the request of the young men would not be granted and they will probably be forced to return to Chicago some time during the early part of next week.

Many To Custer To Visit Soldiers

A number of Escanaba people have gone to Camp Custer to visit for a few days with sons and brothers who are soon to leave for foreign service. Many of the young soldiers attempted to secure furloughs to visit at their homes here but their requests were denied because of the distance and the time necessary to make the trip.

OILING OF ROADS WILL BEGIN SOON

Highway Engineer Reports That Garden Road Is Now Being Used With Much Satisfaction.

MANY REPAIRS COMING

Delta county's road work is progressing more than satisfactorily. Ten or twelve miles of oil will be put down in the near future. Highway Engineer R. P. Mason stated to the Morning Press last night. Much of the road where this improvement has been prepared already and the rest is being pushed along with all possible rapidity.

The grading on the Garden road, especially the stretch between Isabella and Fish Dam, has reached a stage where it may be used with a degree of comfort, in the past this road has been a thorn in the side of Delta county motorists. At times, in the recent past, it has been almost impassable. That day is gone now, however, and drivers are expressing their satisfaction with the improvement that has been made.

The government has requested that the building of roads be curtailed during the war, so that all possible labor may be placed for war work. This does not apply, however, to repair work, which the government desires taken care of as usual.

Rumor Circulated Is Again Denied

It was reported yesterday that rumors continue to float about the city and through the county that some portion of the expense of the state war conference held here last week is to be paid out of the funds of the Delta County War Relief association.

To effectively and fully deny the rumor for all time President Judson of the War Relief association last night issued the following statement:

"Although the idea is preposterous and could by no manner of means have the slightest foundation, I desire to assure the people of Delta county that not one cent of the funds of the Delta County War Relief association is to be used to defray the expenses incurred in the war conference held here last week. Our by-laws specifically provide that our funds shall be used only for war relief purposes endorsed by the President of the United States, thus proving that the rumor that our funds are to be used for any other purpose must be without foundation."

INFANTS' FUNERALS.

Services for the twin daughters of Mr. and Mrs. Andre Bernard were held yesterday morning from St. Ann's church with interment in the cemetery of that parish.

At St. Joseph's church, Father Julian officiated yesterday morning at the funeral for Archie, 9 months old son of Mr. and Mrs. C. T. Tremper, 517 South Jennie street. Interment was in Lakeview cemetery.

Services for Herbert C. Jansen, 3-months old son of Mr. and Mrs. James Jansen were held from the residence on Hartnett avenue yesterday afternoon. Interment was in Lakeview.

County Coming Through Nicely

"When National Savings Day" comes on June 28, Escanaba and Delta county will be on hand with a mark for others to envy," said County Director George McEwen for the War Savings Stamp campaign yesterday. Figures on the canvass are not available at this time but the reports from all of the county's organization are most encouraging.

It is assured that the pledges returned will insure an over subscription of the quota assigned to both the city and county.

The Casualties

Washington, June 21.—Casualties in the American expeditionary forces were announced by the war department today, divided as follows:

- Killed in action 6
Died of wounds 1
Died of disease 3
Wounded severely 27
Degree unknown 1
One hundred and twenty-seven casualties in the marines, attached to the American expeditionary forces were announced at marine corps headquarters today, divided as follows:
Killed in action 10
Died from wounds 19
Severely wounded 98
Manistique Marine Dies.

Among those who died of wounds in the Marines are Ira H. Banister, Dryden, Mich.; Frank T. Quinlan, Manistique, Mich.

Among those severely wounded are Sergt. Henry Caskey, Atlantic Mine, Mich.; Sergt. Harry H. Gay, Mount Pleasant, Mich.; Cor. Roland J. Matthews, Saginaw, Mich.; John P. O'Connor, Detroit, Mich.; Raymond J. Lutes, Hancock, Mich.; Walter C. Cooper, Grand Rapids, Mich.; Alonzo M. Buck, Kalamazoo, Mich.; James H. Pickering, Weldman, Mich.; Edward J. Pecsenye, Detroit, Mich.; Vergil V. Ingham, Hopkins, Mich.

Youngsters Will Offer Real Show

Manager Olmsted Announces Men Who Will Meet Iron Mountain Next Sunday.

So much good material that it will be difficult to make a selection of nine players for Sunday's game, is the problem faced by Manager Fred Olmsted of the local baseball team which opens its local season in a clash with Iron Mountain, Three slasters and five gardeners, all anxious to work and able to deliver, will be in uniform.

The infield positions are practically fixed. Perow will wear the mask and it is predicted that he will show local fans the best in that line that they have seen for some seasons. Manager Olmsted will handle the initial bag, Moody the second sack, Hanson the look-in corner and Derouin will play short. The latter youngster has been showing more class than ever in this position and his batting eye is still with him. The whole infield is showing some snappy and heady big circuit form.

In the outfield Olmsted has his choice of Hirt, Perrin, Burge, Aronson and Rammette. Probably all of them will get the swing at it before the game-dies away. Add on the slab it will be either Blackhall, Germain or Hirt.

Iron Mountain is coming with a strong aggregation of old timers and the locals are expecting to show the fans some real baseball.

Camp Custer Men Taking Big Chances

Camp Custer, June 21.—Falling to obtain leaves enabling them to visit their people before the 85th division departs for overseas, the men at the camp have been going "over the hill" in large numbers. The habit has become so common in the last few days that the officers have ordered that all men going home without permission be brought back to camp by the sheriff of their county.

One company today reports 19 men missing. Heretofore when absent without permission they have been held for "absence without leave" and if gone ten days are held for desertion.

Just what will be done with these boys is not known. Few have any idea of deserting but evidently reasoned it out that a summary course is better than starting overseas without a glimpse of the home folks. The great danger arising is the fact that no man positively knows when his unit is to leave and he runs the risk of being left behind—technically a deserter.

Forecast: Saturday fair; fresh north west winds. Highest yesterday, 63. Lowest yesterday, 53.

WILL FLY TO BATTLE LINE EXPERTS SAY

British Controller General of Equipment is working on Plan With Own Airplane Makers.

TRIP IN 40 HOURS

Washington, June 21.—British and American aeronautical experts believe swarms of American made airplanes will be flying across the Atlantic to the battle fields of France next year. The first of the new sea planes is being prepared for the initial test flight. It is hoped to make the new record for continuous over-sea flights in September of this year.

The first official announcement of the undertaking was made today by Maj. Gen. Branker, controller general of the equipment division of the British Royal Flying forces, who recently arrived in this county to consult with the American aircraft producers.

Secretary of War Baker conferred with Major General Branker on the plan and said today: "It is very dearly desired and anything the war department can do to help in any way, it will do."

Major General Branker said: "There are three problems of paramount importance in accomplishing the flight across the Atlantic. First we must have strong machines equipped with an engine that can be depended upon to run continuously for 40 hours. The machine must be capable of carrying four men and the necessary fuel. In the second place we must have good weather; in the third place we must be able to predict with considerable certainty the kind of weather we will meet."

Grange Meeting In Town Today

With three state officers of their order, including State Master Ketchum and State Lecturer Laura Buckman, billed for a meeting here this afternoon the Grangers of this section are expecting a mighty interesting and instructive time at their institute. The morning will be given over to official business of the order. In the afternoon the public is invited to attend the session at the city hall.

Tonight, meetings will be held at Bark River, South Ford River and at Rapid River. Mr. Ketchum, one of the best known Grange workers in the United States will have an interesting message for all who are interested in that work.

Must Register Sure Saturday

Voters who expect to cast a ballot in the special election for charter revision, must register Saturday at the city hall if they have not already done so. This matter is important and the city officials are desirous of having the situation understood.

Roumanian Would Help Free People

George Jurgele Enlists In Engineers To Help His Country—Captain Compliments Sliger.

George Jurgele a native of Roumania, was a recruit at the army station yesterday, selecting the engineering corps for his branch of the service and leaving last night for Jefferson Barracks. Jurgele is 33 years of age and has been in this country for three years. He left Roumania before the declaration of war but is now anxious to avenge the devastation of his country by Hun hordes. Corporal Roy J. Sliger stated that the man was "ticked to death" when it was determined that he had passed his physical tests and would be permitted to fight under the banner of his adopted country.

Joe Fillion of Spaulding ran up against a bit of hard luck in his attempt to get into the service. He gave his age at the recruiting office as 18. His mother, however, informed Corporal Sliger that the young man will not be 18 for several months and refused to give her permission for his enlistment.

Captain Robert E. Brooks, of Chicago, in charge of recruiting in this territory was an official visitor at the station here yesterday. He expressed himself as very well pleased at the results Sliger has been getting in this locality and added that Delta county is well up on the list in the records of the district. "The corporal is doing splendid work," he said.

Three Cornered Contest Today

A triangular match will be played at the Golf Club grounds this afternoon between five man teams from Iron Mountain, Menominee and Escanaba. It will begin at 2 o'clock in the afternoon, consisting of one player from each club.

Deferred Classes Are Being Combed To Find Soldiers

Members of the Delta county legal advisory board, now engaged in combing the Delta county registration list, for material for military service, are pulling up a host of cases for investigation by the exemption board. Each member of the advisory board has been given 180 cases to investigate and all of the members are recommending a considerable number of men to be taken from deferred classes and placed in Class One. The members are looking carefully into each case and where doubt develops as to the proper classification of the registrant a recommendation is made for a further and closer investigation by the draft board.

Following instructions recently issued by the provost marshal general all men who were married since June 18, 1917, and who have been granted deferred classifications, are being recommended for placing in Class One available for immediate military service. It was estimated yesterday that Class One will be enriched by 100 men when all investigations recommended by the attorneys of the county will have been completed.

Name Left Off Thru An Error

Announcement was made yesterday by the exemption board that through an error the name of Edwin Gray of Garden was omitted from the list of registered men of Delta county who will be called to the colors on June 27. Notice was sent to Mr. Gray yesterday by the board to report here next Thursday to leave for Camp Custer with the contingent of men from this county.

War Bride Is Added To List

Another war bride is to be added to Delta's already considerable list. John Wepala, of Kipling, who is due to leave for Camp Custer with the contingent called for June 27, yesterday received a license to marry Miss Ella Mattila, also of Kipling.

RIOTERS ARE SLAUGHTERED IN AUSTRIA

Disorder In Vienna Fills Royal Hearts With Fear As Austrians Surrender to Italians on Plave Front.

ITALIANS STILL HOLD

Consternation and widespread disorder reigned in the Austrian capital tonight.

Her legion bested along the whole stretch of the Plave river, crossing through the heavy Venetian plains of Italy, the whole front of the dual monarchy is showing deeper and deeper fissures.

And dispatch follows dispatch from neutral points that cracks in the morale of the Austrian Hungarian army becomes more discernible with each hour.

"We must have bread, or lacking bread, other food stuffs," is the insistent demand made by the municipal authorities of numerous cities and towns, and the reply comes back: "We have subsisted on short rations and no reserves. You must do likewise."

German Embassy Attacked. Sanginary riots are occurring in the streets of Vienna and more are reported to be impending.

An angry mob has attempted an attack on the German embassy only to be repulsed by the armed police with many injured and others arrested.

A dispatch from Amsterdam says word has been received from German sources that the Vient disturbances have been marked by many casualties. Austrian munition workers, ordinarily farmers, intent upon the wresting of food from the earth, have left their lathes and furnaces idle in the Vienna district and have taken the lead in the clamor for food. They assumed a leading place in the big procession of hungry people scattered by the police.

Send Us Food. "We are hungry, send us food," cried the Viennese and Count Tizsa, the former Hungarian premier tells parliament that the situation in Hungary is no better than that in Vienna.

Italians Advance

London, June 21.—The Italian success in the counter attacks against the Austrians on the Montello plateau is increasing, according to dispatches from Rome this evening.

The correspondent of the Corriere Della Serra at Italian headquarters telegraphed that the Italian counter attacks at Montello were on a front of 3 1/2 miles. The Italians recaptured the railway station of San Andrea and there was bitter fighting in the streets of Montello itself.

The Austrians, it is said, were pinned in a bend on the river bank. A number of dispatches forecast the surrender of large Austrian detachments, while the correspondent of the Corriere D'Italian estimates the enemy's losses at 120,000.

Italians Regain Losses

Rome, June 21.—Strong enemy pressure on Montello was withheld and the Italians regained some ground," the Italian war office announced this evening.

"On the front from Fagare to Zenson on the Plave, the Italian counter offensive," the war office added, "retook the ground lost two days ago and several hundred of the enemy were made prisoners."

"Four enemy attempts at Losson failed with heavy losses. The Italians extended their bridgehead at 'S. Luccholina'."

The statement gives official recognition of the participation of American aviators in the battle.

London, June 21.—The Italians have reentered Mervasa on the Montello. (Continued on Page Four)

FLY THE FLAG

The Eagle isn't going to scream in
Escanaba on Independence Day, but
he's going to flap his wing rather vig-
orously.

The man who allows his name to
remain on the Delta County Slacker
List without a protest or effort to se-
cure his removal, has no place here.
He should seek protection under the
wing of his God—the Kaiser.

The administration is advising cau-
tion in dealing with the Turks. They
used anything but caution in sack-
ing the American consulate. If reports are
to be credited.

Garden has by no means covered
herself with glory in any of the Lib-
erty Loan drives nor in campaigns
for relief projects. Her record in the
War Savings Stamp campaign will be
closely watched by the remainder of
the county.

Judging from the utterances of
some good Republicans in the state
Hank Ford's flirtation with the Demo-
cratic party bids fair to split the G.
O. P., just as the Democrats planned
it would. The sentiment may be ex-
cused, but it's darn poor politics from
a Republican viewpoint.

The war has now developed the crit-
ical stage observed in a match be-
tween two evenly matched teams in a
tug of war. Germany has strained
every effort and has been unable to
advance on the western front. Aus-
tria has made a fiasco of her Italian
drive. But the Allies, it appears are
incapable of delivering the punch that
will crush for all time Prussian
militarism. America is the nation
that must grasp the rope with the
team of the Allies and drag the en-
emies of world democracy to their
doom.

WHAT WAR STAMPS DO
The war savings stamp is a dam
against the stream of small wastes.
The investor, with scarcely any knowl-
edge of what he is doing is accumu-
lating stores against the time of trou-
ble or need. War stamps pay interest
compounded. In 1923, the owner may
cash his 1918 purchases and have
sums in hand no part of which he
would have—the chances are—if some
genius had not suggested the scheme
to Uncle Sam.

War Savings stamps are put out to
day to help the government in the
prosecution of the war. They are
frankly sold for that purpose. But
the chief beneficiary is not the gov-
ernment. The one who makes the
most from these stamps is the man
or woman or child who buys them.
There is not a citizen who does not,
in small way or big, spend money
that he need not. The pocket of the
average American has not simply one
opening, but many. However, little
it may leak in certain instances, it
yet leaks. The little stamps that
Uncle Sam has put out absorb the
leaks. What would be irretrievably
lost is saved—for our Uncle Samuel's
present convenience and our future
profit and happiness.

To Prevent Belching.
Make a regular habit of eating
slowly, masticate your food thorough-
ly, and you may have no further
trouble. If you should, take one of
Chamberlain's Tablets immediately
after supper.

Miss Sarah Hero and Joe Sikley
left Thursday evening to visit with
friends at Camp Custer.

NOTICE IS HEREBY GIVEN that
on Monday, the 29th day of July, A.
D., 1918, at 10 o'clock in the forenoon,
I intend to make application to the
Probate court for the County of Del-
ta, Michigan, for an order changing my
name from John Burczikowski to
John Burch, according to the statute
in such case made and provided.

I was born at Hermanville, Me-
nominee county, Michigan, September
28th, 1883, and have resided in the
State of Michigan and the County of
Delta for more than one year last
past.

I desire to have my name changed
from John Burczikowski to John
Burch for the following reasons, viz:
The name Burczikowski is diffi-
cult to write and spell and leads to
considerable confusion and annoyances
and further it is of German Polish
origin, and being a natural born Am-
erican citizen, I do not want to have
any difficulty and trouble because my
name is of German origin.

I further state that such proposed
change of name is not sought with
any fraudulent or evil intent.

Dated at Escanaba, Michigan, June
third, A. D., 1918.

Sounds "30" To
All Bachelorhood

George W. Rowell, Jr., the wide-
awake secretary of the Upper Pen-
insula Development bureau, sound-
ed "30" to bachelorhood, too his many
friends, both gentlemen and ladies, by
surprised in the form of an announce-
ment of his marriage to Miss Mary
Elizabeth Berigan, at Omaha, Neb.,
Tuesday, June 18. The wedding was
solemnized at St. Cecilia's Cathedral
in Omaha.

His host of friends were very
much surprised to receive word of
Mr. Rowell's marriage, as he was be-
lieved to have been a confirmed bachel-
or.

His more intimate friends deny
this, and say that George had always
intended the course he has just taken.
An evidence that he is more than
pleased with his new life is shown in
the following appear he sent a friend
urging him to join the great and
mighty majority—and you will find
that the weeds of ignorance in the
garden of bachelorhood are poor
substitutes for the roses of content-
ment in the green pastures of wedded
life.

Mr. and Mrs. Rowell will be at
home at 322 East Hewitt avenue, Mar-
quette, Michigan, after July 1.

HERE'S NEW ONE IN ALIBIS

Atlanta, Ga.—"Judge, I thought you
meant not to steal any more in At-
lanta," said Ross Gilley, a negro,
brought back to court for stealing an
automobile near Chattanooga, after be-
ing at liberty on probation following a
similar previous theft. But Judge
Hill refused the alibi and Gilley is
"making small ones out of large
one" now.

U. S. Has Type Of
Gun That Halts
Tanks In Flash

Washington—United States ordi-
nance factories are now producing an
improved type of the thirty-seven
millimeter French cannon which will
prove the undoing of the German tank
according to artillerymen who have
seen tests of the new weapon.

The new gun will fire sixty one-
pound shells or twenty-five aimed
shots a minute. A variety of shells
are being made, the most successful
being an armor-piercing shell and an
explosive shell.

One of the chief advantages of the
new gun is its mobility and the fact
that it can be used from the fire
tranches of a first-line system. The
gun weighs about 175 pounds, includ-
ing the mounting. It is therefore impos-
sible, in an attack, for two men to
carry the cannon and two men or
three men to carry the mount. More-
over, the weapon can be assembled
so rapidly that during a barrage it
can be dismantled and hidden in dug-
out, yet placed in action between the
time the offensive barrage lifts and
the attacking forces reach the ad-
vance posts.

Weapon is Accurate.

The features of the gun which
makes it of far greater value than
the Stokes mortar, which has proved
one of the best rapid fire guns in the
war, is the fact that the thirty-seven
millimeter gun has a low trajectory,
even at a range of 1,500 meters.
Moreover, it is so accurate that its
shells can be easily placed in loop-
holes of the enemy's cement pill
boxes, three shot usually sufficing to
put the pill box out of action.

Already the gun has been used
against the German tanks and has
demonstrated that it can stop them
in a few well-placed shot. It is un-
derstood that the gun can also be
mounted on some of the larger type
planes.

BEST IN THE LONG RUN
The First Infantry Guns
Weighed 75 Pounds
FOOT soldiers began to carry firearms about 1350,
huge, clumsy guns weighing from 25 to 75 pounds.
Mere hand cannon, iron or copper tubes, they were
levelled by a forked support, and fired at a touch hole.
With the invention of the wheel-lock arquebus, in 1517,
the first self-firing gun, the musket, was a quick step.
Like the first guns, automobile tires, when Goodrich
began to develop them, were crude, clumsy affairs, and
it's a long, long road of improvement to the symmetrical—
GOODRICH
SERVICE VALUE TIRES
The history of the last twenty-two years of The
B. F. Goodrich Rubber Company is pretty much the
history of pneumatic automobile tire.
But whether Goodrich was bringing forth America's
first clincher tire, or America's first cord tire—
Goodrich built tires to but one end—SERVICE VALUE
to the user—the worth of the tire to the motorist in his
car and on the road in comfort, economy, dependability
and durability, and mileage.
That is why the tire user to-day gets the utmost SER-
VICE VALUE in GOODRICH SILVERTOWN CORDS,

NEW 'UNSYNKABLE' SHIP.

Washington, D. C.—A new type of "unsinkable" ship is being built in America. Contracts for ten of the vessels have been let by the French government to an American yard. The design is the work of a Frenchman and embodies principles hitherto untried, details of which are secret.

Since the adverse reports on the buoyancy box system tried out in the steamer Lucia, the shipping board has not undertaken any new efforts to frustrate the work of the submarine torpedo. The work of continuing, however, in increasing the bulkheads of vessels, which was begun some months ago.

It has been learned the Germans had to use three torpedoes to sink the transport President Lincoln because the increased number of bulkheads

prevented the first two explosions from flooding sufficient space to sink the vessel.

The Doctor Away From Home When Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save your life.

-THEATRES-

AT THE DELFT.

Constance Talmadge in a delightful comedy called "Scandal" holds the screen at the Delft theatre today. Admirers of this charming leading woman—and there are many of them in Escanaba—say that they have never seen her in anything that suited her capabilities so well. The story is cleverly outlined and all of the characterizations are true to type. In addition, Max Sennett will show a comedy, "His Smothered Love."

The Saturday and Sunday night vaudeville will be Gus Henderson, bills himself as "The Rube on the Wire," who has a wire act of unusual merit.

TRUMAN H. NEWBERRY

A Worker

TRUMAN H. NEWBERRY is a worker—always has been and always will be—because he loves work.

As a lad he went out and joined a railroad construction gang and worked up to be passenger and freight agent of the road.

Later, he sailed the Lakes and worked his way to a pilot's license, which he holds to-day as one of his proudest possessions.

Afterward, he went into business life, where, by hard work, he made a name and place for himself.

As Assistant Secretary of the Navy under President Roosevelt, he gave the closest attention to his duties and his good work advanced him to the position of Secretary of the Navy and a member of Roosevelt's Cabinet.

To-day his work as a Commander in the Third Naval District is winning widespread approval.

As a worker, he knows about other workers, understands them and their problems. He was one of the first business leaders to declare publicly in favor of the rights of the laboring man, and his reputation for fairness and straightforward dealing attracted wide and favorable attention in industrial circles.

While Secretary of the Navy he made it possible for the men in the Brooklyn Navy Yard to have an organization for mutual benefit and sought their suggestions on the work they had in charge, gave them an opportunity to examine and approve the wage scale and put the working force into such a frame of mind as to secure their fullest co-operation. The men were with him and he got results.

His Record Speaks for Itself

As a worthy United States Senator, Truman H. Newberry will be "as good as" for the workers of Michigan and the whole country.

AT THE STRAND

Once in a lustrum or a decade come a play fashioned according to the classic model of great character, straight-forward unity of plot, terrific emotional power, truth to life and art. Such, say many who have seen it in New York, Chicago and Philadelphia is Triangle's civil war play, "The Coward" starring Frank Keenan. And it undoubtedly excited greater interest than any other recent offering, whether in the film or the regular stage world.

The scenes of "The Coward" are laid in the valley of Virginia, in 1861. The story is that of a proud father, a type like Coriolanus or Spartacus and a weak timid son of the Hamlet-like type.

Grace Darmond in Strong Role.

Grace Darmond, conceded one of the smartest gowned stars in moving pictures, is seen to splendid advantage in "The Seal of Silence" the Vitagraph Blue Ribbon Feature which will be seen at the Strand Theatre on Sunday. Earle Williams has the leading male role in this fascinating story.

Chronic Constipation.

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take a lot of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.

MRS REKA FLATH IS SERIOUSLY ILL AT HOME

The condition of Mrs. Reka Flath, who is ill at her home on Georgia street, was yesterday reported to be unchanged, Richard Flath, who is stationed at Camp Custer and who was called to Escanaba because of his mother's serious illness, will be forced to return to Custer tonight, unless he is granted an extension by the officers of his company.

Rioters Killed In Austria

(Continued from Page One)
to ridge and also have reoccupied half of the ground between the Sile canal and the Plave river, according to notices received tonight.

Vienna Statement.
Vienna, June 21.—Undiminished enemy effort on the Plave at Carzo and Montello failed with sanguinary losses, the Austrian war office declared tonight.

Berlin Statement.
Berlin, via London, June 21.—French local attacks southwest of Noyon and American attacks in the Cateau Thierry region broke down with heavy losses to the enemy, the war office announced tonight.

Heavy losses were sustained by the British in an attack on the German garrison and dugouts on the Scarpe, it is added.

British Win.
London, June 21.—Heavy losses were inflicted on the Germans north of the Scarpe by British troops in penetrating German trenches and attacking dugouts, the British war office reported tonight.

"The raid was carried out last night and was aimed at the enemy garrison."
"A number of prisoners were taken."

A number of dugouts and several machine guns were blown up and destroyed.
"Nothing of special interest occurred during the day."

"Clouds of rain hampered flying operations on the British front," the war office announces.
"One enemy machine was brought down and one British machine is missing."

"Sleigh Ride" Dope Just Playing Lasses

San Francisco.—Frank Silva, fireman on the steamship San Pedro, chucked with glee after trading his \$18 watch for a large can of "hop," which was confidentially exhibited to him by an innocent Chinaman in Guaymas. The can of opium would be worth at least \$150 in the San Francisco "market."
When the vessel reached port here Silva walked down the gangplank with the valuable "dope" secreted in two cans, one tied to each leg beneath the roomy trousers. The customs inspector noticed the bulging ankles and a search revealed the two cans.
The opium was taken to the Government chemist. He pronounced it molasses.

Three Men Listed For Spruce Brigade

Three men have been listed by the Delta county exemption board for service in the spruce division at Vancouver barracks, Washington. The three men who have volunteered for that service are Lawrence Pepin, Harry A. Dahn and A. Geroux. They will leave for the western cantonment on June 2. One additional volunteer can be accepted by the board for the service.

VOERWAERTS SEES TROUBLE

Amsterdam.—The Berlin Vorwaerts, the German Socialist organ in announcing the increase in the price of bread to five pennings per pound, says this price will bring the landowners 1,000,000,000 marks surplus profits and necessarily will be followed by increase in the cost of milk, butter and beef.
The Socialist party says the newspaper, has formally protested to the government on the ground that the increases will be sure to create the greatest of ill-feeling.

BEGGAR HAD \$500

Memphis, Tenn.—John Johnson, a professional beggar, cursed a white woman when she refused to buy a pencil from him. He was arrested. At the city jail when he was searched \$500 in currency was found in his clothes.

In Society

Triple O Party Tonight.
It is expected that a large number of pleasure seekers of the city will be attracted to the dancing party to be given by members of the Triple-O club at Dittreich's hall at Hyde tonight. The musical program for the evening will be furnished by Olmsted's orchestra and everything possible will be accomplished to make the event an enjoyable one for all who attend.

Party for Friends.
Mrs. Moses Beauchamp entertained fifteen young people Thursday night at her home on Ayer street. Music and dancing furnished the entertainment for the evening, at the close of which a delightful luncheon was served.

Camp Fire Girls Meet.
The Oneway Camp Fire Girls met yesterday afternoon at the home of Mrs. J. Sourwine, 913 First street. Plans were made for a camping trip to Maywood, some time within the next few weeks.

Gives Annual Function.
J. B. Frechette of Bark River, last night entertained a company of his friends in this city at his annual stag dinner at his summer home at the mouth of the Ford River.
The affair of last night was arranged in honor of Auditor General O. B. Fuller who is now visiting in the city. The guests left for the scene of the function in automobiles yesterday afternoon and returned to the city last night.

Card Party.
There will be a card party at St. Anne's hall on Monday night, June 24. A small admission fee will be charged and the proceeds will go to the support of the church. Lunch will be served by the ladies of the parish. An enjoyable evening is in store for all who attend.

Surprised
Miss Rose Lafleur was most pleasantly surprised at her home, 1300 Ludington street, last night by a company of friends who arranged the affair as a farewell party. Miss Lafleur will leave tomorrow for Marquette, where she will attend summer school at the State Normal. The evening was spent a games and music and a luncheon was served.

Schedule Of War Savings Stamp Talks

Captain McEwen of the Delta County War Savings Stamp Army, announced last night four meetings to be held in the county tonight.

Judge Yelland will address a meeting at Maple Ridge.
T. E. Strom will speak on the subject of stamps at a Grange meeting to be held at South Ford River.

George Carroll of Detroit will speak at Garden in conjunction with the showing of a war movie.
W. J. Miller will speak at a Grange meeting in Masonville township.
Other meetings later in the week will be announced later.

Police Recover Stolen Bicycles

Two bicycles the property of John Nelson, 803 South Sarah and Wilford Laure of the Appleton hotel, were recovered by the police department yesterday. Both bikes had been stolen earlier in the week and sold to Theodore Smith, local repair man and dealer, one for \$7 and the other for \$10. Mr. Smith stated that he would be able to identify the man who sold them and the police were on the lookout for him last night.

PROSPEROUS ALASKANS SACRIFICE ALL FOR WAR

Denver, Col.—To "mush" 121 miles over fields of ice and snow, travel thousands of miles by foot, rail and water and give up a \$10,000 a year business and get in the "big game" on the other side is the experience and sacrifice of Howard Patton, who has reached Denver from Alaska. Patton came home to enlist in the Signal Corps. He was conducting a confectionery store at Anchorage, Alaska, when he and sixty other young business men of the town decided to enlist.

W.S.S.
WAR SAVINGS STAMPS
ISSUED BY THE UNITED STATES GOVERNMENT

We are engaged in the serious business of war. Every individual is called upon to save and to give. Criticisms and investigations make us sometimes wonder just how successfully our leaders are discharging their duty.

We are progressing all right. Big things are being done in a big way and it takes a long time. Mistakes are being made, certainly, but that is expected, but the exaggeration makes them bigger than they really are.

Back them up! Back up their leaders! Say in every way possible "WE KNOW YOU'LL COME BACK HOME VICTORIOUS."

That's the real spirit today "HAVE FAITH."
