IDAHO EWES MAKE BEDS IN CLOVER HERE

Forty-two Cars of Western Ewes and Lambs Placed in Back-deep Clovet at Alfred Yesterday.

53 CARS ENROUTE

Eleven thousand two hundred Idaho ewes and lambs made their beds in clover for the first time last night.

Forty-two cars of sheep in charge of their owner, J. L. Grey, of Buhl, Idaho, and accompanied by their herders and full sheep camp outfits, arrived in Escanaba yesterday enroute to Alfred.

More Sheep Coming. Fifty-three additional cars of sheep also the property of Mr. Grey, are enroute from Buhl, and will be delivered here within a week.

Owner Made Still Hunt. Mr. Grey, who heard Cloverland's message and came to this district early in May, without the knowledge of any one in Cloverland, made a still hunt through the entire territory.

Enthusiasm Sticks. None of the enthusiasm that Mr. Grey developed after his first trip through Cloverland ranges on his first trip, had worn off yesterday, when he arrived here after the long trip, with the sheep train.

Dr. Walsh Now At Camp Grant. In a letter from Dr. J. J. Walsh of the army medical corps, the Escanaba physician states that he is now stationed at Camp Grant where he is a part of the medical board examining 18,000 new arrivals this week.

First Woman On Man's Job Began Duties Monday

Miss Cecelia Demars Now On Staff of Northwestern Car Cleaners.

Miss Cecelia Demars, 321 North Charlotte street, holds the distinction of being the first woman in the Escanaba Northwestern yards, to assume the duties of a man for the duration of the war.

When her statement was repeated to an official last night he said: "Her work has been excellent. It is more than the average woman can do, but with the man power shortage we are facing, it is likely that many such jobs will be turned over to women if it is proven that they can handle them."

COLBY GETS EIGHT MORE YESTERDAY

Army and Navy Recruiters Get Ten Men for the Service—Army Man May Go Across.

SLIGER SIGNS TWO

Yesterday was a big day in the local recruiting offices. J. J. Colby, naval recruiting officer secured ten men for his branch of the service and Corporal Roy J. Sliger, the army man got two.

Following are the men who have handed their names to Uncle Sam as willing to enter his fighting forces. The navy men will leave Friday night.

TURKS MUST EXPLAIN TO WASHINGTON

Note to Constantinople May Bring a Declaration of War if Reply of Sultan is Unsatisfactory.

DEMAND ACCOUNTING

Washington, June 25.—A virtual ultimatum was today sent by the United States government to Turkey, demanding an immediate and satisfactory explanation of the Tabriz incident.

There is strong reason to believe that a delay on the part of Turkey to give favorable response will be followed by a declaration of war on the part of this nation.

The demand—the third sent to the authorities in Constantinople since the incident occurred, was forwarded by Secretary of State Lansing through the Swedish government.

To neither of the messages has the Ottoman government paid the slightest attention.

The United States demands to know whether the Turkish government avows responsibility for the outrage or whether it was the outcome of irresponsible mobbing following the capture of Tabriz by the Turks.

Officials in the state department declined to state what time if any, had been placed upon the demands for an explanation from Turkey, but it was plainly evident that the government is not disposed to wait more than a few days.

Dog Population Is On Increase

According to the records there are now 130 dogs in Escanaba, while a week ago there were but 38. The police department have located the extra hundred in the past few days.

The Casualties

Washington, June 25.—Ninety-eight casualties in the American expeditionary forces were announced by the war department today, divided as follows:

Killed in action 54. Died of wounds 7. Died of disease 5. Airplane accident 1. Other causes 2. Severely wounded 27. Degree unknown 2.

In the army list among those killed in action are Ralph Amundson, Edgerton, Wis.; Jerome Angel, Kalamazoo, Mich.; Ray C. Brandon, Morely, Mich.; William Camerton, Gilman, Wis.; Sammie C. Zech, Jackson, Mich.; Herbert Dobson, Lanville, Wis.; Leo M. Monhen, Dancy, Wis.; Stanley Mullins, Detroit, Mich.; Peter Pellinsky, Milwaukee, Wis.

County Agents Hold Conference At Marquette

B. P. Pattison of Delta County Goes To Attend Meeting.

County Agent B. P. Pattison is attending the "school of instruction" for agricultural agents of the upper peninsula in Marquette. The meeting is being held in the supervisors' rooms in the court house in that city and practically all of the up-state agricultural directors are in attendance.

The meeting was called for the purpose of making the various branches of extension work more effective during the war. Those branches connected with the extension work is on garden work, agricultural work and home demonstrations.

The agents will be addressed by R. S. Shaw, head of the department of agriculture of the Michigan Agricultural college. Prof. R. J. Baldwin, director of the extension work is on the program for a number of speeches and lectures.

DELTA HONOR MEN REPORT ON THURSDAY

Next to Largest Contingent Called From County Since Outbreak of War Leaves Escanaba Tomorrow.

Eighty-one men of Delta county will respond to the call to the colors tomorrow morning.

All details have been fixed by the members of the Delta county exemption board for forwarding to Camp Custer on Thursday night next to the largest contingent of men called from this county since the outbreak of the war.

No plans have been made for other than the usual demonstration in honor of the departing soldiers to be, the board members having found that the members of the Delta county exemption board prefer to be left with their families on the night of their departure rather than appeal in a big parade to the station.

Members of the Delta county contingent will be joined here by one of the largest delegations yet called from Schoolcraft county, who will arrive in Escanaba on the evening So Line train.

To Travel Special. The two contingents will leave the city by special train over the Northwestern at 9 o'clock on Thursday night.

At Powers they will be met by the contingent from Gogebic county and at Menominee they will pick up the largest delegation yet called from that county.

Members of the Delta county delegation will report to the local exemption board at the court house here at 9 o'clock on Thursday morning.

A warning from the Delta County War Relief association, that all worthy and legitimate requests for financial aid would be taken care of through the office of the organization, probably saved Henry Jahnke of Bark River from contributing to the support of the solicitor yesterday.

Fortunately Mr. Jahnke remembered his membership in the association. Otherwise he would have helped what he believed to be a worthy cause, he said.

At the hearing in Gladstone yesterday afternoon Botrow was positively identified by Mr. Jahnke and his son. His fine was fixed at \$10 and costs, totalling \$19, and Botrow was required to give bond to refrain from repeating the performance.

Late last night Botrow again fell into the clutches of the law when a stolen bicycle was found at his place in Gladstone.

On Merit Only. It is stated on the authority of members of the house close in the confidence of the war department that Mr. Baker was inclined to the belief that the draft age question should be handled as a separate proposition on its merits.

As revised by Senator Fall on the advice of Senator Chamberlain, the amendment changes the draft age to between 20 and 40. Originally it fixed them at 18 to 45.

Iron County Men Landed In Jail

Indicating the possibility of a similar raid on automobile parties bringing intoxicants from Marinette and through Menominee county, was that made by members of the Michigan constabulary on Saturday night when 12 automobile parties traveling from Florence, Wis., to Crystal Falls were nabbed.

All of the members of 12 parties were locked in the jail at Crystal Falls and many were forced to remain behind the bars until yesterday when they were able to produce bail.

It is reported that a considerable traffic had developed in carrying intoxicants from Florence into Iron county. The constabulary maintained the closest secrecy as to their plans and on Saturday night, all of the members, in civilian garb, took their places on the Florence-Crystal Falls road and searched every automobile coming from Florence.

War Lecture By Canadian At The Delft

Howard Johnson, recently discharged from the Canadian army because of physical disability resulting from three severe wounds and the effects of Hun gas, will deliver a lecture on his experiences at the Delft theatre on Friday.

He saw active service during the bloodiest engagements of the war—the second battle of Ypres; the first battle of the Somme, and Vimy Ridge. It was at the latter, probably the bloodiest battle in all history, that he received wounds that put him in a hospital for seven months and destroyed his health so that he was given his discharge for physical reasons.

Johnson will describe the five forms of gasses in use in the European struggle, tell about the bombing parties and trench raids and outline the military significance of many of the terms found in the official war office statements, familiar to all newspaper readers but little understood.

The lecture will be given at 7:30 in the afternoon and at 7:30 and 9:30 at night. It will be in addition to a fine bill of moving pictures. Prices for the afternoon will be five and fifteen cents; for the evening lecture, five, ten, fifteen and twenty.

G. O. P. Opposes Henry Ford Now

New York—What purported to be the answer of the Republican organization in Michigan to the suggestion that it accept Henry Ford as its candidate for United States senator came from the headquarters of the Republican national committee, Fifty-avenue and Fortieth street, but not from Will Hays, chairman of that committee.

Mr. Hays had been in conference the greater part of the day with John D. Mangum, chairman of the Michigan state committee. The two discussed the Ford matter thoroughly and, it is understood, talked with some Michigan leaders over the long distance telephone. When they emerged Mr. Mangum was asked whether he would make any comment on the Ford suggestion. He replied:

"The Republican organization in Michigan will certainly not endorse the candidacy of Mr. Ford or anyone else. The interference by the real head of the Democratic political organization in the country in an effort to control the Republican party's affairs in a state 100,000 Republican will not affect us.

Will Nominate Republican.
"The Republican primary will continue, of course. There are several candidates, and a Republican will be nominated who is supremely pro-American, who has always been and will forever be for the country's cause in this war, and who will stand when elected for the great principles of the party. This Republican, whoever he is, when nominated, will be elected." Mr. Hays stood beside Mr. Mangum, but did not show signs of approval or disapproval.

No Primary Registration.
The situation in Michigan promises to be much involved, for the reason that there is no primary registration. A qualified voter may vote in the primary of either party. Thus, Democrats may vote in the Republican primary to make Mr. Ford the Republican nominee.

HN BOYCOTT MAY STOP CRUELTY TO U. S. PRISONERS

Tighten Up Sugar Rules July First

In a telegram concerning the certificate system for distributing sugar effective July 1, the state food administration said yesterday:

"Under the sugar regulations in effect July 1, all manufacturers using sugar will be conducted under the certificate plan.

"One important change is that ice-cream and tobacco have been taken from the 'essential list'. The percentages for 'less essential' manufacturers have been reduced.

"Ice cream manufacturers will be allowed 75 per cent of their normal requirements while other 'less essential' manufacturers will be allowed only 50 per cent.

"In addition to the manufacturing concerns, beginning June 1, all retailers, public eating places and bakeries will be placed upon the percentage basis can purchase sugar only upon certificates issued by the state administration."

THRIFT STAMP GAMBLING GETS FEDERAL APPROVAL

San Francisco—San Franciscans gasped with horror when they learned through responsible sources that gambling was "going on" in the local custom house, and not only had been sanctioned by the United States government officials, but that the government itself was the "keeper of the game."

Employees and even visitors buy chances on a dollar's worth of thrift stamps and choose a numeral up to nine. If that number proves to be the final figure of the day's city bank clearings the holder wins the thrift stamp. Since March 25 \$700 worth of stamps have been sold in this manner.

Lawyer And J. Dugas In Scrap

Marinette, Wis.—An altercation that caused considerable excitement occurred at the noon hour today on Dunlap Square in front of the Samuelson shoe store.

Jean Dugas of Menominee committed a brutal assault on Attorney Lee Frink of this city according to Mr. Frink. He states that Dugas approached him apparently in a friendly way putting out his hand and then grabbing him by the throat. The two men then went to the walk together and scuffling ensued, Dugas kicking and pummeling the attorney, according to bystanders. A crowd collected quickly and Dugas got up and left for Menominee over the bridge.

"I had no idea what was going to happen" said Mr. Frink and when I fell I hit my head on the concrete walk, the jar knocking me nearly insensible. Dugas is probably incensed over action I took in the suit for \$50,000 damages which he has started against The Chicago Tribune. I took a witness to Chicago in the matter for the Tribune and Dugas resented it."

"I intend to swear out a warrant against him and he will be prosecuted to the full extent of the law if he comes on this side of the river again" concluded Mr. Frink.

GRACE LUSK DONS PRISON GARB; BEGINS HER TERM

Waupun, Wis.—Miss Grace Lusk, school teacher and convicted slayer of Mrs. Mary Newman Roberts of Waukesha, arrived here on Wednesday and has donned the prison garb.

Good behavior may greatly reduce the sentence. The law provides that she may be paroled under certain provisions, at the expiration of ten years.

Miss Lusk, immediately upon her arrival entered into the routine of prison life in the female department. She will spend her time at hard labor, which consists of needle work, making and repairing clothing, and linen used in the taking care of her thirty prison mates.

Dr. H. P. Lusk, upon calling at the Waukesha jail Wednesday morning, found Miss Lusk in a nervous and depressed condition and protested the departure for Waupun. Dr. G. S. Love advised Sheriff Bert Morris that she was able to travel, however.

No Surrender To Democrats-- Osborn Stand

Sault Ste. Marie—Before leaving for Detroit this evening to address a Mexican Mission of 20 distinguished Spanish and Mexican editors, Chase S. Osborn too took occasion to express his opinion of traitors within the party who would capitulate to the Democratic intrigue to "kill off" Republican opposition in the Michigan senatorial campaign.

Of eight members of the G. O. P. state committee Alex J. Groesbeck is the only man who came out for Ford as the Republican choice for the senate after questioning by a Detroit paper Tuesday. Groesbeck seemed not to feel the sense of offense felt by the others at having President Wilson attempt to insert himself into Michigan campaign just as he did in the Wisconsin campaign, when Wilson's choice was severely beaten.

"I am sorry to have read a reported pronouncement of Alex, Groesbeck in favor of Henry Ford's intriguing Democratic candidacy," said Mr. Osborn. "It suggests the old time 'vote swapper's league' in Detroit. Surely such a harmful influence cannot be extended to the state of Michigan. It would amount to the destruction of the potential independence of the Republican party."

"No one sufficiently represents the Republican party individually to warrant the assumption of authority that would permit surrendering the party to the Democrats or forming an alliance that would be both dangerous and discreditable.

"The life and usefulness of the Republican party are more than the welfare of any man's candidacy. First consideration should be given by all Republicans to this fact. If they cannot rally around the party standard at this critical time the Republican party has at least temporarily lost its usefulness, which may extend indefinitely.

"I call on all Republicans to stand firm and loyal in their faith. They must not retreat precipitantly before the first gas attack of the insidious enemy."

Valet Returns With Four Uniforms

San Francisco—Hotel valets are not necessarily military experts on uniforms, as witness the great little mess a Francisco valet made of an Italian, and American, a British and a Belgian army uniform.

Major A. M. Hall, U. S. A.; Major Leon Osterrieth, Belgian army; Captain H. C. Metcalf, British army, and Lieutenant D. Garabaldi, Italian army, were to participate in a military parade here, so they sent their uniforms out to be cleaned and pressed. All four officers were stopping at the same hotel.

When the uniforms were returned on the morning of the parade they were apportioned as follows:

To the Belgian major, British coat and Italian trousers; to the American officer, his own coat and British trousers; to the Italian coat, and to the British captain, Belgian coat and American knickerbockers.

The four officers got together for a war conference and unscrambled the eggs.

"What's the difference?" laughed the British officer. "We're all Allies."

Junior Workers Are Still Busy

Heavy demands for knitting yarn at the Junior Red Cross headquarters furnish evidence of continued interest in the work in spite of the closing of the schools. Summer Junior activities will be confined to knitting as the sewing is done in the schools and under the supervision of the teachers. An increase in the amount of yarn converted into garments for the soldiers may be expected during the summer months, however.

Wide District Hit By A Frost

Although early crops in Delta county suffered from the latest spring frost recorded here in many years, the damage caused by the near freeze of Sunday morning was yesterday reported to be less than feared on that day. In the vicinity of Escanaba, the beans and early potatoes were struck but the frost settled in streaks, damaging patches in fields and leaving some portions of the crop unscathed.

In this district, Houghton and Sault Ste. Marie also reported frosts while through the west killing frosts were reported in Wisconsin and as far south as Indiana.
