

AMERICANS WIN A SMASHING VICTORY

LAST LAP IN STAMP DRIVE NOW REACHED

Workers of County Face Enormous Task in Rolling Up Quota Which Threatens To Fall Short.

LAST DAY FRIDAY

The big War Savings Stamp drive in Delta County will be completed to-morrow night.

Capt. George F. McEwen, in charge of the county campaign and Capt. E. F. O'Leary, in charge of the city campaign, last night sent out a call to their workers to redouble their efforts today and tomorrow in a desperate move to achieve the goal fixed for the county.

Reports Not Optimistic. Reports from both the cities of Escanaba and Gladstone and from the townships last night were not optimistic. The consensus of the reports were that while people were signing pledges in large number the amounts pledged are not sufficient to allow the county to roll up its quota.

Facing Shortage.

"We are approaching the close of our drive facing an almost certain shortage in our quota. The people of means in the county must be brought to an appreciation of their duty to War Savings Stamps as well as Liberty Bonds."

Hard Work Ahead.

City Chairman E. F. O'Leary said last night: "Our work is cut out for us for the next two days. While in some sections of the city the pledges have come up to expectations in others the results have been most disappointing. Every canvasser must appreciate the importance of his work and cover every family in the district assigned to him. To reach the quota set for this city is going to entail a tremendous amount of work and no patriotic citizen placed on our list of canvassers can shirk his duty."

First Man Waives Exemption Claims

Eugene Feltner, 1219 Oliver avenue, enjoys the distinction of being the first Delta county man registered for military service on June 5 to return his questionnaire to the local exemption board. The young man waived all claims for exemption and announced his readiness to serve when he is summoned for duty.

Other new registrants who returned their questionnaires to the board yesterday were: Nell A. McColman, Wells; Wilfred Courser, 1425 MacLean avenue, North Escanaba; Raymond B. DeLoughery, Bark River, R. F. D. No. 2, and John Thomas of Gladstone.

WEATHER

Forecast: Thursday partly cloudy; probably showers; moderate south winds. Highest yesterday, 63. Lowest yesterday, 49. Precipitation, trace.

A. Kerensky Is Found In London Meet

Former Russian Dictator Declares He Will Leave Europe—Russia May Again Enter War.

London, June 26.—It was a sight so wondrous and uncanny that those who saw it have not yet recovered; most of them thought they saw a ghost; that gaunt, black bearded stranger with bowed head, ghastly pale face, and flaming black eyes, rising from his chair in the background on the speakers' tribune at the British labor conference, slowly stepping forward and bowing with winsome grace as the chairman spoke the name: "Alexander S. Kerensky."

Of his own past and future he said nothing. How he has lived since the day on which hidden under a white sheet in an ambulance, posing as dead, he made his wild race for life out of Petrograd during the red terror nine months ago and how he managed to slip unobserved into London incognito as a plain traveler—these things remain for him to tell.

Except for a brief incident, which resulted in the ejection of a member who objected to the Russian ex-premier's appearance on the labor conference platform, Kerensky's reception was cordial and enthusiastic.

He has been here since June 19. In a week or so it is said he will go to the United States.

His mission as a private citizen, according to his own modest description is to tell the democratic people of the world that Russia is about to throw off misrule of the Bolsheviks and all that is needed to put her back in the ranks as an active belligerent is allied and American aid, economic, financial and moral.

LIEUT. BOYLE MEETS DEATH

Word was received by relatives here yesterday of the death in an airplane accident at Mt. Clemens, Mich., of Lieut. John Patton Boyle, son of Mr. and Mrs. John Boyle of Fond du Lac, and well known in this city. No details of the accident were received either by relatives here or his parents at Fond du Lac.

He was commissioned last winter at San Antonio, Tex., after a course of training at Kelly field. He was assigned as instructor at the U. S. flying school at Mt. Clemens and had been in service there for several weeks when the accident occurred yesterday caused his death.

Lieut. Boyle entered the first officers training camp at Fort Sheridan and from that school was assigned to service in the aviation section going to the Texas training camp. He was possessed of indomitable grit and passed through the arduous training there with flying colors.

He had frequently visited with relatives and friends in Escanaba to whom his tragic death yesterday came as a terrible shock.

Knew Czar When He Was Working

Chicago, June 26.—"Funny thing, I knew that fellow when he had a pretty fair job" said Howard Wilson, Morgan Park, as he read an account of the Czar's assassination in a Chicago paper. "He has been out work for some time I guess." Wilson was formerly a trainer of horses in the deposed ruler's stables.

Grinnell Store Will Be Moved

The branch music store of Grinnell Brothers of Detroit, which has been operating in this city for several years, will be closed at once and the stock moved back to the auto city, it was announced by the firm yesterday. The change was made because of a shortage of man power in the music business which the closing of a number of their branches. The building vacated by the firm will be used by the Escanaba Steam Laundry for a rug and carpet cleaning department.

OBSERVANCE WILL FOSTER PATRIOTISM

Big Patriotic Demonstration, Instead of Celebration, Planned for Independence Day—Details Fixed.

NO EXPENSE ATTACHED

Escanaba will observe Independence Day with a monster patriotic demonstration in strict keeping with the spirit of the times.

The program planned for the day here will be none of the old-time Fourth of July celebration features. The plans as outlined will be carried out without expense of any kind being attached to the project. The big feature of the day will be a parade that will mark the morning, with the parade line leading to Ludington park where a patriotic address will be delivered.

The Escanaba Military band has been engaged for the entire day and evening and in addition to appearing in the parade will present patriotic musical programs at the park both during the afternoon and the evening.

Parade Is Feature.

The parade feature will be made the big event of the day. In the parade line will be city and county officials, G. A. R. members, W. R. C. D. A. R., Michigan State Troops, St. Joseph's Drum Corps, Eagles Drill team, Red Cross, Junior Red Cross, school children, granges, labor organizations and automobiles decorated with patriotic colors.

Special features in the parade will be a Liberty Bond float, a War Saving Stamp float, Red Cross float and other features to represent the various war activities.

A special invitation will be extended to all of the granges of the county and every effort will be made to induce the people of the county districts to come to Escanaba for the day and participate in a patriotic demonstration that will aid in cementing closer together the whole body of people in loyally backing the government for the prosecution of the war.

Every automobile owners in the county is urged by the committee in charge to decorate his car with the national colors and to appear in the automobile section of the parade, a feature that it is hoped to make the biggest of its kind ever attempted here.

The parade will be formed at the city hall at 9 o'clock and will move from that place at 10 o'clock.

Line of March. The line of march will be west on Wells avenue to Maple street, north on Maple to Ludington, east on Ludington to Harrison avenue and south on Harrison to Ludington park.

Members of the committee in charge of plans for the day are C. W. Kates, B. J. Mackilligan and J. A. Allo.

COUNCIL TO TAKE ACTION ON INCREASE

Aldermen Will Meet Tonight to Consider Plans for Blocking Water Company's Rate Raise.

RAISE IS BLUDGEON

Members of the Escanaba city council will meet in special session tonight to take steps to prevent the North Michigan Water company from placing in effect on July 1 an increase in water rates in this city.

What program of action will be carried out by the council was not divulged yesterday.

Mayor C. M. Cuthbert and City Atty H. R. Dotch returned yesterday from Detroit where they have been in consultation with members of the law firm of Lucking, Helfman & Lucking, general counsel for the city in the water cases.

Will Take Stand.

A determined stand will be taken by the council to prevent the water company from carrying its plans into effect to raise water rates 25 per cent in this city.

Members of the council have become convinced that the company has adopted this course to club the city into purchasing the company's property. It is pointed out that if the water company proves its ability to raise rates 25 per cent now there will be nothing to prevent the company from making another increase effective within a few months.

EIGHTY ONE SELECTIVES LEAVE TODAY

Large Contingent of New Soldiers to Leave for Camp Custer This Evening—No Formal Demonstration.

WILL NOT PARADE

Eighty-one Delta county selectives will leave Escanaba for Camp Custer today, to enter the National army. They will be in charge of William Patrie, who has been chosen by the local exemption board as commander for the trip. The men will answer preliminary roll call at 9 o'clock this morning after which they will be given their liberty until 5 in the afternoon when they will again be required to respond to the roll. Then they will be placed on their honor to take the special train at 9. There will be no formal demonstration. The men will be given, instead, the chance to spend every possible minute with their families.

This leaves but 208 men eligible for active service in Class One. While no formal call has been received by the local board, the July 22 entrainment is expected to be the largest in Delta county's history. This belief is based on the fact that Marinette county has been asked for 227 men and Delta county has always been asked for a number similar in size to the above. With a total of 294 men in Class 1 and 84 of these eligibles for limited service only, a call for more than 200 will take practically all of the Class 1 registrants.

At the 5 o'clock roll call the men will be given comfort kits by the ladies of the W.R.C. and the W.C.T.U. These were delivered at the court house yesterday and are in readiness for the men.

Company F, Michigan State Troops St. Joseph's drum corps and the Eagle deck team will march to the station this evening to give the boys a send-off.

Court Calendar Heavy But Only Few Cases Tried

Absence of Jury at July Term of the Circuit Court Will Cause Postponement of Many Actions.

Forty-two cases will make up the calendar for the July term of circuit court for Delta county, which will open at the court house in this city on Monday, July 8, with Judge R. C. Flannigan presiding.

No jury will be called for service at the coming court term and only non-jury matters will be disposed of, although a number of criminal and law cases will be faced for action.

All cases requiring a jury trial will be continued until the October term of court.

The calendar is made up of 13 criminal cases; 9 law cases; 14 chancery cases and 4 cases in which no action has been taken for a year or more.

Of the 13 criminal cases on the calendar nine are the outgrowth of violations of the state prohibitory laws discovered by officials of the county immediately after the dry regime became effective.

Rock Plans For A Big Affair Friday

A ladies dressing room has been installed for the convenience of those motoring in and a large crowd is expected as the roads are now in excellent condition. A statement will be published in the Press and the proceeds turned over to the Red Cross on that day. This is the first affair given for the Red Cross of Maple Ridge and every one is working to make it a success.

Vimy Ridge Vet Comes To Delt

Howard Johnson of Marquette will speak at the Delt theatre Friday afternoon and night on his ten months experiences in the trenches. Johnson is a veteran of Vimy Ridge, where he received wounds that placed him in a hospital for seven months.

Hun Captive Tells Yanks Wild Tales

Officers Told Him New York Had Been Taken by Germans and Invaders Were Moving Westward.

With the American Army in France: June 26.—A sulky German lieutenant who was captured by us in the recent fighting on the front, offered the following remark today to vent his feelings:

"Germany's war against the Americans has just begun. We will wipe out the American divisions as if they were as many companies."

A different tale was that of a German army was invading America and had captured New York and were marching on Philadelphia. They said our U-boats had sunk scores of ships off New York. We were also told that America's tortured and killed their prisoners. We were surprised to find so many American soldiers here and amazed at the use of the Americans. You fellows sure do fight like devils."

SERVICES HELD YESTERDAY

Mr. and Mrs. Charles Swanson, Frank Sandblom, Alfred Anderson, Ethel Platte, Elmer and Edna Swanson, Erwin and Herman Anderson accompanied the body of Mrs. Mary Rasmussen to Peshigo, where funeral services were held yesterday afternoon.

ERICKSON FUNERAL.

Funeral services for Mrs. Amelia Erickson, who died at her home on North Bay Shore Monday morning, were held at the Wilkinson undertaking parlors yesterday afternoon. Rev. Land in charge, and interment took place in Lakeview cemetery.

BAKER WANTS BIGGER ARMY

Washington, June 26.—New and enlarged plans for the United States army were proposed to congress today by Secretary of War Newton C. Baker.

Within two or three months he told the senate military affairs committee the enlarged program will be ready for presentation to the legislative body.

A bigger army than heretofore conceived with greater provisions for the necessary transportation to Europe is said to be involved.

Pending the submission of the plans Secretary Baker persuaded the committee to withdraw its support from the Fall amendment to the army appropriation bill, changing the draft age limit to 20 and 40 years.

As a result of the response of the committee to Mr. Baker's request prospects of a change in the draft ages at this session at least dwindled considerably.

There is a persistent belief in many well informed quarters that the decision for a larger army is intimately connected with the developments in the Russian situation and the steady pressure of the Allies in behalf of the military intervention in Russia with United States troops in the forefront.

During the Senate debate Senator Hitchcock declared the figures presented to the committee, showed that before Class One is exhausted there will be 1,450,000 men in Europe and 2,000,000,000 in the United States. This Republican members hotly disputed.

Allies Owe Us \$5,972,591,000

Washington, June 26.—Credit extended to aid Belgium today of \$2,150,000, bringing the total of the financial aid this country has given her to \$122,800,000. The aggregate credits to the allies to date totals \$5,972,590,000.

FRENCH SEE YANKS WIN BIG BATTLE

Bellean Wood Northwest of Chateau Thierry Is Again Scene of Some Sanguinary Fighting.

300 PRISONERS TAKEN

"America's untrained troops" have administered another smashing defeat to some of the Kaiser's veterans on the Marne front. They smashed from the Germans the last remaining position of tactical value around the hotly contested Belleau woods, northwest of Chateau Thierry in a brilliant night attack that netted them nearly 300 prisoners and much booty.

One of the crack divisions of the German army faced the Yankees. "The French war office describes the action as 'brilliant' and French officers who witnessed it are quoted in the front dispatches as expressing their unbounded admiration of the American dash.

With Italy.

On the Italian front the situation has become somewhat stabilized, but General Diaz's legions are allowing the defeated Austrians on the Piave and in the mountains to respite.

Wisely refraining from a pursuit in force across the Piave, which is again badly swollen, the Italian command contents itself with harrassing operations.

In the mountains the Italians are keeping up their pressure along the whole line and several local successes, particularly at Mt. Grappa, are recorded in Rome dispatches. An advance of a mile also was registered southwest of Mt. Asolone. Altogether the Italians have now taken nearly 20,000 prisoners since their counter thrust set in.

Austria's losses in killed and wounded and missing and prisoners, are conservatively estimated at 200,000.

London, June 26.—"There is nothing to report other than artillery activity." Field Marshal Haig announced in the night report.

Berlin Statement.

Berlin, via London, June 26.—The war office in its day report announces the repulses of an attack northwest Chateau Thierry.

The statement follows: "An enemy attack northwest of the Chateau Thierry was repulsed." "South of Scarpa British attacks were thrown back.

"Between Fenchy and Neuville Vitasse and at other points attacks broke down."

The statement adds that at night artillery activity prevailed on the entire front.

You May Begin Paying Taxes On July First

Must Be Paid Before September 15th To Avoid Penalty.

City taxes will be payable in Escanaba on July 1 or shortly afterward, depending upon the exact date on which the assessor completes his records for the use of the city treasurer.

The tax this year for the general city fund is 1.25 per cent and in addition there is the 1.5 mills sinking and interest fund, making a total of 1.4 per cent for the two. This is an increase of 1.65 mills over last year.

That means if your assessed valuation for each of the years was \$1,000 you will pay \$14 to the city this year as compared with \$12.35 last. This raise is due, largely to the loss of retail liquor license revenue and also to some recent improvements.

These taxes may be paid until September 15 without penalty. After that time, the delay is costly.

Rather peculiar, isn't it, that Ger-
many should again propose peace
terms on the heels of the disastrous
defeat suffered by her chief ally at the
hands of the Italians? Germany would
like peace on the face of things now,
but she will want it a lot worse be-
fore she gets it. The mettle of this
and other allied nations is due for a
rigorous testing out in the next few
months. The collapse of the Austrian
army will spur Germany forward to
make every possible effort to con-
clude some form of peace that will al-
low the nation that started this war
to save its face. Concession after
concession must be expected and ev-
ery concession must be met by a
stern allied refusal until Germany
has been brought to her knees and
made to suffer in some measure the
horrors she has visited upon the na-
tions whose lands she has invaded.

Appropriated A
Bottle Lost By
Marinette Man

Henry Norman and William Johnson
arrested for drunkenness and disor-
derly conduct, pleaded guilty in the
court of Justice Emil Glaser Tues-
day and paid fines and costs amount-
ing to \$11.50 each. Johnson had been
picked up by the police the previous
day and Norman had offered himself
as bondsman. Questioned by the po-
lice yesterday, Norman admitted that
he was also guilty and was immedi-
ately arrested.

Questioned by Prosecutor Strom and
the court as well as the police, Nor-
man stated that the liquor had been
left in his establishment by a man
from Marinette who inadvertently for-
got to take it along. Johnson said
that he had placed a quantity in stor-
age at his home for his personal con-
sumption before the dry law went in-
to effect. Their stories could not be
shaken. The department was unable
to locate the "man from Marinette"
who had made a hurried get away,
apparently, after his supply had got-
ten into circulation.

The Doctor Away From Home When
Most Needed.

People are often very much dissa-
pointed to find that their family phy-
sician is away from home when they
most need his services. Diseases like
pain in the stomach and bowels, colic
and diarrhoea require prompt treat-
ment, and have in many instances
proven fatal before medicine could be
procured or a physician summoned.
The right way is to keep at hand a
bottle of Chamberlain's Colic and

prescribe a better medicine for these
diseases. By having it in the house

Horse Races Mark
Flat Rock Program

Extensive plans are being made for
a big Fourth of July celebration ar-
ranged under the auspices of the
Holy Family church at Beauchamp's
grove at Flat Rock on Independence
Day.

The big feature of the day's program
will be a horse racing program that
will mark the afternoon. The races
will be the first of the season ar-
ranged in this county and will serve
as a tryout for a number of new horses
that have been purchased by fanciers
of the game since last fall. The entry
list is the largest ever provided for
a matinee event in the county and
some sharp and exciting brushes are
confidently looked forward to.

The women of the parish will serve
both dinner and supper at the grove
and a great host of patrons for that
feature of the plans for the day is
certain.

As a separate feature of the program
the Flat Rock Joy club will stage a
dancing party at the park pavilion
throughout the day.

Each year the Fourth of July pro-
grams at Flat Rock have attracted
patrons in large numbers and unpre-
cedented success is looked forward
to in the event planned for this year.

Chronic Constipation.

Perhaps you have never thought of
it, but this disorder is due to a lack
of moisture in the residual matter of
the food. If you will drink an abun-
dance of water, eat raw fruits and
take a lot of outdoor exercise, you
may be able eventually to overcome
it entirely. In the meantime use the
most mild and gentle laxatives.
Strong and harsh cathartics take too
much water out of the system and
make a bad matter worse. Chamber-
lain's Tablets are easy and pleasant
to take, and most agreeable in effect.
Give them a trial.

Week's Games To
Finish Up The
Baseball Here

With gate receipts barely large
enough to meet expenses for the Sun-
day game; with Hirn, Perrin, Ger-
main and Moody to leave the city very
shortly and in view of the difficulty
that he has been experiencing in se-
curing games, Manager Freddie Olm-
sted announced yesterday that the
Saturday twilight game at Niagara
and the Sunday game at Iron Moun-
tain would probably finish up the lo-
cal season.

The size of the crowd was disap-
pointing to both the management and
the players. The manager has work-
ed hard and consistently to give Es-
canaba baseball this year and he had
expected a good sized crowd.

Coupled with this, Hirn is in the
draft and will be sent to camp shortly.
Germain has enlisted in the army and
expects to be called this week. Moody
expects to go to the navy next week
and Perrin will become physical di-
rector in a boys' summer camp in
Wisconsin.

Consequently, Olmsted has cancelled
the four Fourth of July games sched-
uled with the Rockford Maroons and
as no other Fourth of July games are
to be had he expects to "give up the
ghost."

It is the belief of all who saw his
team in action Sunday that the boys,
with a little experience would be
able to give a first class account of
themselves, especially with the bene-
fit of Olmsted's heady direction. Fans
generally will receive the news of the
disbanding of the team with consid-
erable regret.

The Truth About the
"Special Discount" Tire
No other evil in the tire business is so whole-heartedly con-
demned by us Goodyear Service Station Dealers as the fallacy
of the "special discount" tire.
It is a delusion that leaves both dissatisfaction and disappoint-
ment in its wake; an encouragement of that discredited theory
that one can get something for nothing; it is a disturber of
honest values, a foe to square-deal trade.
It presupposes that in the case of tires there is no merit in
quality, no virtue in the service which will translate such quality
into mileage for the user, that first cost is the all-important
cost, that cheapness is another word for economy.
In short it is one of the most expensive misconceptions that
the average tire-buyer can possibly entertain.
When a dealer offers you a "special discount" to get you to
buy a tire, you may fairly be sure that he is doing one of two
things.
Either he is offering you a tire on which he, himself, gets a
special discount from its maker, or he is withholding from you
the helpful service necessary to get the maximum mileage from
that tire.
In the one case the quality of the tire is lowered at its source
by compromised manufacture; in the other the tire is handicapped
in its capacity for service by neglect.
Remember that only the conscientious dealer who gets his fair
margin can afford to sell you quality tires and back them with
the kind of service such tires should have.
This sign identifies the Good-
year Service Station Dealer.
Goodyear Tires, Tubes and Ac-
cessories are always kept in stock.

**THE MIDNITE KABARAY**

The management has left nothing undone to make this event one to be long remembered in dancing circles. You have, no doubt, heard of the "Hoodoo dance" and the "Karnival dance" and the riot of fun the dancers and spectators had. Don't let anyone tell you about the "Midnite Kabaray" but go and see for yourself you will enjoy it. Watch for the bills with the big red "K" they tell a story of a night of pleasure worth while living for. A special car has been engaged for the Gladstone patrons to leave Escanaba at 2 a. m.  
Dancing until 2 a. m. at the Coliseum will be a treat in itself. 178-11

**New Schedule For Junior Red Cross**

Beginning July 1 and until further notice is given, the Junior Red Cross headquarters will be open but two afternoons a week, Wednesday and Saturday. This change is made because of the closing of schools for the summer vacation, which stopped the sewing work under teachers' supervision. Several large boxes have been sent to headquarters this week by the Junior department.

**AT THE DELFT.**  
They were widely enthusiastic audiences who saw Rupert Julian's thrilling production, "The Beast of Berlin" at the Delft yesterday. "One of the greatest things ever," was the digest of opinions heard as they emerged from the theatre.

Admirers of Mr. Julian for years learned to hate him almost in a flash, so well did he portray the part of William Hohenzollern, the "Mad Dog of Europe."

The audience showed its hatred for the vain, cunning, bragging cruel Master Hun at frequent intervals throughout the screening of the piece last night. The pride and boastfulness he displayed at the violation of Belgian neutrality, at the sinking of the Lusitania and other crimes he has committed, heated the blood of every good American to the boiling point, which reached its maximum temperature when he chuckled "First France then England, then America."

The picture may be seen at the Delft again today.

**AT THE STRAND.**  
Bryant Washburn again appears in a feature that far excels any of his past performances, entitled, "Twenty-one." You will remember Mr. Washburn in the "Skinner" series. In his latest feature he has a dual role, that of pugilist and a young millionaire. He hits the high spots in differentiating the two parts and pleases.

In addition to "Twenty-one" the Strand Screen Telegram, the world's greatest screen graphic will be shown —[Buy W. S. S.]—
