# FLAG, TO BE **FINISHED BY JULY FOURTH**

More Than 6,000 Stones Used In National Emblem Now Being Placed In Ludington Park.

More than 6,000 stones, gathered from all parts of the city-some even from Lake Superior-have been utilized in making the flag in the city Foat of paint. The work has been and the city could have the benefit done under the auspices of the Woman's Relief Corps and under the di- June. rection of Superintendent F. E. King of the city schools. Children from all of the schools, public and parochial, have had a hand in it.

The emblem will be, when completed, 10x19 feet, strictly the proportions fixed by the government and will be "tied to a staff," also constructed of pebbles. The blue starry field will be 7 feet 7 inches by 5 feet 5 inches and will contain the required 48 stars. It will be painted two varnished. Practically all of the material used in the flar, including gravel, and cement, have been donated by local merchants and dealers. Severals days were required to gather and sort the stones which are "about the size of oranges." The excavating was completed the first of the week and the stones set in the cemet base for all of the flag except the star field last night. This will be completed today. The work of paint-

Superintendent King organized the student workers into a "Flag Makers" Army." The organization as given below does not include the names of all who had a part in the work but those who have worked straight through the job. They are grouped as "commissioned oficers" and "enlisted men," as follows:

# City Will Save \$20 InterestBy Buying 'Em Now

Purchase of Thrift Stamps Today To Save Month's Interest.

Today will see the city of Escanaba in possession of \$1,000 worth of War Savings Stamps, authorized by the council in its Thursday evening ses-

Why today?

Because Uncel Sam offers an additional month's interest if they are purchased before July 1. While the pledge made by the aldermen was to buy the little patriotic stickers sometime during the year, City Clerk Carl Anderson, in whose hands the matter was left after the appropriation was made, decided that Uncle Sam could park, now almost ready for the first have the use of the money at once of the lower price in the month of

Consequently, the stamps will reach the city's vaults sometime this morning. After the last day of June, the back interest of one cent per month becomes payable with the purchase and a cent a month on \$1,000 worth of the stamps means a saving of \$20. ----[Buy W. S. S.]----

Registrants Engaged in Non-Productive Occupation Must Appear Before Board Within Few Days.

# ing will begin as soon as the cement RULES ARE PRESCRIBED

Members of the Delta county exemption board are soon to open hearings to determine the disposition of registered men engaged in non-productive occupations in Delta county. Under the provisions laid down by the provost marshal general after July 1 no registrant can remain idle or in a non-productive occupation.

Under the rules provided for procedure of the board, a list must be prepared of all registrants in the county who are either idle or engaged in occupations, considered by the federal officials as non-produc-

Must Post Names.

The list of names must be posted by the board and a notice forwarded to the posted men to apear before the board. Upon receipt of the notice the registrant is given not less than three days nor more than seven days to appear for a hearing. He will be allowed to present the facts surrounding his case and the board will then decide whether he shall be required to change his occupation or inducted into military service.

Any individual upon whom notice is served and who falls to appear within the time limit specified, it is pro vided, will be placed in Class One and forwarded to a training camp with the next conlingent leaving the

Citizens Notify Board.

Under the provisions of the rules. it is the duty of all citizens to report to the board the names of all men between the ages of 21 and 30 years who are either idle or engaged in non productive employment.

Upon ruling upon the case of any registrant the local board will send his questionnaire with all of the papers in the case to the district board and that body will announce a final decision either upholding, or reversing the verdict of the local board.

# VERY LITTLE FROM FRONT

Washington, June 28.-The Italian situation tonight in a large measure, remains unchanged. The Diaz army is still harrassing the tired, discouraged Austrian rear guard in the moun tain front. On the Piave, Italians are held back somewhat, by the swollen condition of the stream and marshy bottom land which makes the transportation of heavy artillery almost out of the question. The greater portion of the Austrian army has fled from the terrific onslaught of the advancing Italians, seeking safety on the high land where they can not, for the present at least, be reached by the opposing guns.

Washington, June 28.-President Wilson held a long conference with the French Ambassador M. Jules Jesserand, in the White House today, which is understood to have related almost exclusively to plans for aiding

No official statement was authorized but the French diplomat is said to have communicated the views of General Ferdinand Foch, commander in chief of the allied forces, on the question of intervention in Siberia What these recommendations were as yet are known only to President Wilson and Ambassador Jesserand.

After the conclusion of the conference, the president announced h would not receive any additional callers before next Monday. Much of the intervening time it is said would be employed by the chief executive in preparing the Fourth of July address he will deliver at Mt. Vernon. It is reported in diplomatic quarters that the policy concerning Russia will be announced on that date.

Wilson to Send Agent.

A well known man who has on previous occasions served the administration has been seeleted by Col. E. M. House, the president's confidential advisor, to start for Asiatic Russia in the next few days. It is believed he will be the official bearer of the message that will go to the Russian people announcing the new plan active support.

This man reached Washington last night and was in conference with representatives of the state department today. It is his opinion that any movement President Wilson may suggest will be only sufficent to guarantee the safety of those to be employed in the extensive plan of economic uplift.

Bolshevist Fall Expected. The reported downfall of the Bolsheviki government caused little concern among those who are interested in saving Russia from the Germans.

The only information received by the statedepartment was a cablegram quoting excerpts from Swedish and Norwegian newspapers. These were identical with the London report to the effect that Grand Duke Nicholas

Like ghost shadows of a time believed to be forever dead, the names of Ulustrious princes and famous generals of the crar's regime appeared in the day's Russian dispatches. Some of them have been reported slaves many times since the Marc revolution and have, by the world, been buried

# DRAFT AGES. **NOT RAISED**

Washington, June 28.-The senate deferred to the war department's request this afternoon on the Fall amendment to the army bill, increasing the draft ages from 21 to 31, to 20 to 40. The vote was 29 to 25 against the annulment. The senators accepted the recent statements of the secretary of war, the chief of staff and the provost marshal general that a large army program would be issued in September and the inference is that at that time the draft age extensions will be recommended.

However, before the senate cast this vote it defeated by a viva voce vote, Senator Harding's amendment to prevent any under 21 from being used as soldiers. Many senators took this as an unexpected indication that the senate would not actually oppose low ering the draft age.

A somewhat similar amendment by Senator Sterling of North Dakota providing that youths under 21 could not be called except for training purposes was likewise defeated.

Senator New of Indiana cast his bill for universal training of youths from 20 to 21 into the arena. This was also defeated, but not until Senator Warren of Wyoming, brother-inlaw of General Pershing had said the New amendment would cloud the is sue because: "We should not enact a law and have to follow it with another. We should get the best fighting arm possible and that is from men 18 to 45. There is no use to handle been a serious political upheaval in the matter with kid gloves. We must stop fighting. Differences of opinion here show we are not ready to deal with the matter. Let's settle it latter with a wide age limit."

A rumor spread about the capitol today that the president would favor universal military service when the allied army program was presented, but this could not be confirmed. This however, supporters of the New amendment said, bad an efect up their amendment.

Untrained girls looking for work are often faced with the question as to whether a "companion" position with some wealthy old lady would not be the best thing they could find. There are many who have tried this life, but it is one of the most exacting, discouraging and thankless works a woman can do. Treated neither as a social equal nor quite as a servant, the no real position in life. Billie Burke 3rd day of September, 1918. in her latest picture, "The Land of Promise" playing at the Delft theatre shows vividly the life of a "companion" to a wealthy, crabbed old woman.

The crowds who saw it yesterday pronounced it one of the best offerings of the year at the Delft. The rural scenes in Canada and the types found here, are especially good and Miss Burke is always charming.

Chronic Constipation. Perhaps you have never thought of

t, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take a lot of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.
