YANKS PURSUING FOE

CROSS AISNE IN HANDICAPTURE HIGH GROUND

Summit of Plateau Across Vesle Now In Hands of Yanks—British and French Go Forward.

CHAUNY THREATENED

BULLETIN. London, Sept. 5.—On both sides of Peronne, east of the Somme and the Canal du Nord, the British have gained much important ground between Athies and Nuriu according to General Higg's night report. Further headway was made by the British north of Equancourt, north of Peronne. In Flanders the British-American drive has advanced to southwest of Nieppe and northeast of Wulverghen.

BULLETIN. At the American Front, Sept. 5 (7:00 p. m.)—The American troops pursuing the armies of the crown prince have reached the line of Mouridal-Romain, it was officially stated tonight. Patrols have reached the south bank of the canal.

London, Sept. 5.—The Germans are in full retreat in the 30-mile front between Cianenah, north of Soissons, to the western approaches of Rheims. Between the Vesle and Aisne they are pursued by the determined American troops.

The latter have reached the Aisne in the angle east of Soissons. The crown prince's forces, which have been "stalling" for weeks north of the Vesle are now back across the Aisne. The Yanks are meeting rear guard action in their follow-up movement, but it consists mostly of machine gun nests.

Tonight the Franco-American forces were reported just south of Vailly sur Aisne, 8 miles northeast of Soissons. Vailly lies two miles south of the slopes of Chemin des Dames.

Meanwhile the French and British are breaking the stop-gap lines east of the Canal du Nord. The French are driving on LaFere and St. Quentin, while the British are sweeping towards these points from another direction.

In Flanders the British and Americans are advancing slowly but surely in the direction of Cambrai and Douai. Chauney the last important town before LaFere is said to have been abandoned by the Teutons. It lies half way between Noyon and LaFere. Further north, east of Vesle the French have made new crossings of the Canal du Nord and tonight stand a short distance northwest of Ham at Offoy and are holding Homblex in the other direction from that important city.

CANAL IS SCENE OF GREAT BATTLE

At the British front, Sept. 5.—The Canal du Nord and the adjacent waters have been the scene of some of the fiercest fighting of the offensive.

They have thrown regiment after regiment in the path of the English. New Zealand troops in a desperate effort to halt the steady march of the British and Cambrai, and thus to relieve the British.

BRITISH FLYERS GET TO HOSTILE PLANES

London, Sept. 5.—Thirty-nine German machines were brought down by British flyers yesterday the war office statement on aviation says tonight. The British lost 15 machines. Many seen hostile balloons were shot down in flames and 23 tons of explosives were dropped on various German targets.

Larry Sherman Makes Another Rip-Snorter

Washington, Sept. 5.—Consideration of the Gore amendment which provides for the taking over of the packing houses by the railroad administration was the occasion for another wrangle which let to the most vitriolic denunciation of the Federal Trade commission ever heard in the chamber.

Senator Lawrence Y. Sherman of Illinois "tore loose" in characteristic fashion and flayed the members of the Trade body in fierce terms.

It is a rotten mess," he said, "for the incubation of political candidates. They are Bolsheviki, economic incendiaries, business failures in private life, younger brothers to the I. W. W. poor ex-public officials—a menace, a disgrace and a discredit to the country."

Senator Sherman was taken to task by Senator Ashurst, who reminded the Illinoisian that he could not be called to account for language used on the floor of the senate and said that the two commissioners named—Colver and Murdock—had no means of replying to the bitter attack.

ALL RAILMEN WILL GET IN ON INCREASE

Supplementary Order by McAdoo Will Boost Pay of Common Labor as Well As Skilled Help.

CLEAR DOWN THE ROW

Washington, Sept. 5.—Details of the new schedule for pay and hours of railroad workers were made public here by Secretary McAdoo, railroad administrator today.

The new schedule—part of which is supplementary to the first—affects the men whose pay checks are smaller and will add \$25 a month to the greater portion of those who are paid on a monthly basis and 12 cents per hour to those who come in that class. These raises are based on the pay received up to January 1, 1918.

The list includes station employes, office men, stationary engineers, boiler washers, turn table men, shop laborers, roundhouse men, warehouse and station laborers, track men, painters, masons, concrete workers etc. It is effective Sept. 1, 1918.

It is impossible, says the administration to tell how much the new schedule will add to the operating expenses because of the complications in the first increase schedule.

Havrincourt wood, a broad forest just north of Metzencourt. The prisoners taken since Sept. 1 total 17,000 it is officially stated. The British first army has taken 80 guns in two days.

The British tank crews are greatly elated over the capture of two of the three Hun tanks—the only ones the Germans have tried—during the past few days.

AMERICANS GIVE ENEMY NO BREATHING SPELL

With the American Forces Pursuing the Germans Between the Vesle and Aisne, (7:00 p. m.)—The French and Americans have crossed the plateau north of the Vesle and have reached the ravine leading to the Aisne. Our furthest advanced patrols have reached the line of Mouridal-Romain.

TWO THOUSAND SEARCH FOR CHICAGO BOMBER

Chicago, Sept. 5.—Two thousand police and Federal operatives are now engaged in the search for the man who placed the bomb which exploded in the Federal building yesterday killing four and injuring 39. Federal operatives are said to have found important clues in bits of the bomb dug out from the debris and are confident that the guilty man will be in custody within 24 hours. All known I. W. W. are being held.

TEUTONS TO DROP HOPES FOR PEACE

Berliner Tageblatt Says Such a Move Would Be Fatal to Central Powers At This Time.

MINISTERS IN COUNCIL

London, Sept. 5.—Germany has dropped—for the moment at least—all thought of a peace offensive. The word comes from the Amsterdam correspondent of the Daily Express, who quotes the Berliner Tageblatt as announcing that Admiral von Hintze and Baron Buriel, German and Austrian foreign ministers respectively, have agreed at a conference at Vienna that "in present circumstances, no action towards peace would have the slightest chance."

Would Be Fatal.

The Teuton statesmen agreed, according to the Berlin organ, that it would be "fatal" for the Central powers to "work for a positive peace," after the entente offensive has been ended.

"Cannot Invade."

The Tageblatt states that until the entente powers and America realize that an invasion of Germany would be impossible, there can be no steps for peace, such moves will be hopeless. If the allies believe that such an invasion is necessary, the paper says, the war will continue for years.

Question Arises.

The question has been raised in London circles as to whether the term "impossible" is used in the same sense that German employed it when she told the world that it would be "impossible" for the United States to send troops to Europe.

First Administration Defeat in the House

Washington, Sept. 5.—The first defeat of an administration measure in the House since the beginning of the war, was registered today against the waterpower bill. The measure was passed 231 to 223 but was opposed by President Wilson as it was reported and passed. Unless it is altered in conference, it is likely to be vetoed.

Von Hertling Resigns On Account of Health

London, Sept. 5.—Von Hertling imperial German chancellor, has handed his resignation to the kaiser because of ill health according to the Geneva correspondent of the Daily Express. The correspondent stated that it is not known whether the resignation has been accepted or not.

Wilson Given Power To Dry Up Country

Washington, Sept. 5.—Immediate bone dry prohibition by proclamation in zones of unlimited areas, was made possible by the senate today when the Kellogg resolution was passed. The power to "dry up" zones surrounding coal mines and munitions plants, is given to the president in the Minnesota senator's plan.

Rev. Dr. F. X. Barth Makes Statement

Rev. Dr. Barth, pastor of St. Patrick's church, yesterday issued the following statement to the public.

TO THE PUBLIC:

I was both surprised and pained to find my name published on the list of supposed violators of the Government's request to suspend for pleasure all automobile activities on Sundays. Now as the local fuel triumvirate have taken upon themselves grave responsibilities, I would like to ask a question. Assuming that the Government's request is a formal command, has the local Fuel Administration been given discretionary powers to punish without a hearing willful or unwilling offenders? The answer to this is important. If the affirmative be the case, then our distinguished fellow citizens, Messrs. Clark, Kates and Noreus have done nobly by the republic; but, if on the contrary the negative be the case, then our local Russian Bureaucrats, have been guilty of a stupid blunder, and should resign.

Who will settle this case? I will myself interrogate the Government on this matter. As far as my offense (if it be an offense) is concerned, I think I owe it to the people of Escanaba who on many occasions have heard me speak with all the vigor at my command, to stand in all things loyal to our country, to make some explanation.

Last Sunday at the conclusion of the eight o'clock Mass, I had my driver convey a sick priest from St. Patrick's to the hospital. The car was then returned to the garage and remained there. Is this disloyalty to the nation. Does this act merit exposure to public contempt? If so, then patriotism has degenerated in Escanaba. Is it to be understood in case of necessity like caring for the sick, that I cannot use my car? I will need greater authority to decide this matter than appears to be vested in Messrs. Clark, Kates and Noreus.

In no way do I desire to go against my native land, but I solemnly protest against the short-sighted policy of a chosen few to drive honest men crazy. Respectfully submitted, FRANCIS X. BARTH.

Received word Of Mother's Death

Word was received in the city yesterday of the death at Madison, Wis. of Mrs. B. H. Nienaber, mother of F. M. Nienaber of this city. Mrs. Nienaber was 80 years of age. While walking in her garden on Aug. 30, she fell and sustained a fracture of the hip. She was taken to a hospital and it was believed that the danger of serious results developing had passed. Complications suddenly appeared and her death came yesterday morning.

Spaulding Lad Is Accidentally Shot

Harry Perket aged 10, of Spaulding, is in a very serious condition at St. Francis hospital here, as a result of a gun-shot wound received about 9 p. m. yesterday when he with two companions of his own age were playing with a 22-calibre rifle. Details of the accident are meagre. Neither the injured lad or the other boys are able to tell how the tragedy occurred.

The bullet entered the back of the head, fracturing the skull. He was brought to the local hospital at once by the attending surgeon. But slight hope is held for his recovery.

Forecast: Friday fair and continued cool; moderate north winds. Highest yesterday, 62. Lowest yesterday, 41.

BOSTON GETS BREAKS AND COPS FIRST

Red Sox Pull Through Tight Win Before Big Crowd of Fans at Comiskey Park Yesterday Afternoon

TYLER PITCHES TODAY

Chicago, Sept. 5.—Well, Boston hit one at the right spot and we did not. That's all there is to it. That was all there was to the game. This brief synopsis of the opening game of the world's series, played at Comiskey park and viewed by 19,274 persons, was made after the battle by Manager Fred Mitchell of the Cubs. As Mitch said, "that's about all there was to it."

Score 1 to 0.

The score was 1 to 0 in favor of the Red Sox. A line pass to Shean in the fourth, a single by Whitman that put Shean on second, then Stuff McInnis' sharp drive to left that enabled Shean to scamper home, was the way the lonesome tally was counted. This was the only spot in the whole game where the Red Hoop had a regular opportunity. Big Jim Vaughn held them the other rounds.

Barrow Picked Ruth.

Manager Barrow of the Victor surprised experts and astounded dopsters by naming Babe Ruth, slabster extraordinary, and southpaw of renown as the machine-gunner for his club. Carl Mays, with his underhand delivery, was expected to be the first to the firing line in the series because of his peculiar style. But Ruth pitched 6-hit ball. He walked one and hit another but easily prevented his gifts from being cashed into runs.

The crowd received its money's worth and was satisfied with the game—although the outcome might have pleased Chicago fans better in case the Cubs had won—despite the fact that the weather bureau sent overcoat temperature and rain was threatened until shortly before the curtain went up.

The 19,274 fans paid \$30,348.97 to see the game. Of this sum \$16,387.93 will go into the players' fund, \$4,462.54 to the clubs and \$3,034.50 to the National commission.

Tyler Today.

Tyler will be the Cub pitcher today. Mays will oppose him, according to present indications.

The box score of the first game follows:

Will Be Fine Dancing Hall

Work on the second floor of the new Semer building in the Delta block above the new home of the Penny store, is rapidly nearing completion. It will be one of the best arranged and modern dance halls in the upper peninsula. With sound proof floors and walls, two large cloak rooms with all conveniences, a well arranged orchestra pit with a sounding board and plenty of ventilation, it should prove immensely popular as the scene for social events of all kinds.

Senate Wants Investigation On the Roundup

Washington, Sept. 5.—The senate passed a resolution today authorizing an investigation by the committee on military affairs, to find out who was responsible for the recent sensational raid on slackers in New York in which 40,000 men were arrested.

Wilson, it was learned, has written to Attorney General Gregory, asking for a detailed report.

Nobody in Washington seems to know who instituted the round-up. Provost Marshal General Crowder has denied that his office issued the order. Senators Bennett of South Carolina and Calder of New York, stated that they had received a general denial of any knowledge of the drive by the department of justice.

The New York raid was bitterly denounced as employing military force instead of civil proceedings. Senator Johnson of California stated that in his opinion it was worse than methods practiced by the kaiser and compared it to the Reign of Terror of the French revolution when jails were filled with innocent men.

HARNEY WILL MEET BOYCE ON SATURDAY

Hot Match Between Harney and Mashek Feature of Semi-Finals in the Golf Club Championship.

IS INTERESTING SERIES

After a long, interesting and hard fought series of excellently played matches, the finals have been reached in the local Golf club's city championship. C. J. Harney is to meet W. B. Boyce for the title on Saturday. Both men are among the best golfers in the upper peninsula. The event is looked forward to with a great deal of interest by fans here.

Mashek's Hard Luck. George Mashek, for the third time in the championship series, reached the 19th hole. Twice previously he won his match in the semi-finals, pitted against Harney, the breaks were not his.

With the match all square at the end of the 18th, both drove off nicely and got good seconds. Mashek got a nice lie and made a good mashie shot, but got a bad kick. Harney had a lie that looked almost impossible but took his heavy mashie arc and his ball on the green. Mashek again almost held his putt but the ball hit the edge of the cup and bounded out. Harney held his putt.

Mashek shot 43, 43—86 and Harney's score was 44, 43—87.

TO COLORS ON FIRST DRAFT ANNIVERSARY

Ten Men Entered Service Here Yesterday, One Year from Date of Establishment of First Contingent.

1026 MEN IN YEAR

Ten Delta county lads last night had the distinction of going to the colors on the first anniversary of the sending of registered men for military service from this county.

One year ago last night the first contingent of registrants left Escanaba for Camp Custer. The contingent was made up of 16 men and since that date a total of 1026 registered men of this county have answered the call of their nation.

Of the sixteen men who went to the colors one year ago last night all but three are now in service with the American Expeditionary Forces in France.

The First Contingent

The men who made up the first contingent were Lawrence Bruce, Harry Compher, P. J. Darion, E. H. Gilley, Anton LeMance, Allan M. Buchanan, E. W. Moore, Edward F. Anderson, Charles J. Carr, Harry B. Desnoyers, Frank Anderson, William J. O'Connell, Elmer Swanson, H. A. Nelson, J. J. Bender and John A. Wade. With the exception of Lieut. Harry Compher, John Wade and Charles Carr, all of the men of the first contingent are now overseas.

On Anniversary.

The men who went to the colors on the anniversary of Delta county's first contingent are Ralmy Danust, Schaffer, Walter J. Doucet, city, Pat J. (Donnell, city; George A. Ben Gladstone; Elmer Johnson, Oscar L. Hansen, city, Jas. E. Sm city, and Olof Carlson, Gladstone.

In addition Lawrence D. Johnson, will embark from Dungrik, N. Y., and Benjamin F. Yandell formerly a clergyman at Rapid River, will embark from Newport News. Jacob Moses, of Nahma an Indian, was the only man called yesterday who failed to appear.

Ralmy Danust, formerly of Schaffer but in recent years a vaudeville actor of prominence, was appointed as military police in charge of the party for the trip to Syracuse, N. Y., where they will enter a recruit camp.

Performance Remarkable

The performance of the local board acting on the release for voluntary enlistment or induction into military service for a total of 1026 men, within a space of a year, is considered a remarkable accomplishment. The number includes all of the registered men who secure releases to volunteer in either army or the navy and all who were formally inducted.

In a year over one-third of the total number of men registered for military service in this county have gone to the colors, which number, with those who volunteered from this county before the draft machinery was placed in operation, gives to Delta county a most imposing total.

Robbery Charged By Local Firm

Bennie Richie, 15 years old was arrested yesterday on a charge of rifling the "tilt" at Hansen & Jensen's market. It is alleged that he secured somewhere near \$80. Arraigned before Judge Glaser yesterday he plead not guilty and was held to await the action of the circuit court. Bonds were fixed at \$300, but he was unable to furnish them and he was sent to jail.

ILL HEALTH CLOSES BUSINESS

Mrs. M. A. Hess, who for many years had conducted a boarding house on Ladington street, has been forced, by ill health, to retire from the business. Mrs. Hess' boarding house the year has been the home of many soldiers and other of the city.

WAR DOGS RETIRED.
One of the first steps taken by the government of the United States after entering the war was to purchase a number of dogs for the use of soldiers in the trenches.

Often the dogs showed almost human intelligence in faithfulness and in courage they upheld the traditions of their race. It is not without reason that the dog is accounted man's best friend among dumb creatures.

human brains, Pyramus, carrying a vital range correction message thru a barrage, stopped tranquilly in some crater shelter and pawed at his mask until he had four good-sized breathing holes, then trooped on through fire and crashes. He delivered the message and then fell down. Sont Pyramus was coughing piteously. Later he passed away.

The same authority states that as a result of the increase of gas attacks by the German, the American forces in France are providing no kennels for the training and use of dogs. The radiograph and its only rival, the carrier pigeon, henceforth must be the army's swiftest message bearers.

The pigeon's power of flight enables him to keep above the reach of the volumes of mephitic vapors which roll along the earth and fill the trenches, sometimes making them untenable for days, while the dog, by reason of his low stature, is even more exposed to peril of gas attacks than man.

In spite of the fact that the Hunns have their backs on Paris and are back towards Berlin, no one wants to think this war is anywhere approaching the end. In fact it is just now entering the critical stage when propagandists, inspired by Germany, will make every possible effort to win a diplomatic victory for Germany. The pacifist must be swatted and Lord. America and the nations have their eyes fixed on Allied peace and nothing less can under any conditions be accepted.

With a united, continuous effort by its own people Escanaba has become the metropolis of the peninsula. How much greater might have been this city's growth and how much brighter might this municipality's future be, if this old town were given just a little help in its growing job.

Saving for the proverbial rainy day is a mighty good quality at any time, and every good citizen should figure now it's going to rain and rain hard about Sept. 28, when the Fourth Liberty Loan campaign opens.

The Delta County Fuel Committee, makes the following corrections of cars listed as being used on Sunday, Sept. 1:

Car of J. B. Frechette of Bark River, was used by his daughter, Mrs. Frank Nolden, in coming to Escanaba to cable Mr. Nolden, who is with the American forces in England.

The name of John E. Jackson was an error, as it should have been John J. Jackson.

The name of John L. Judson was an error, as the car in use, No 191740, had been sold by Mr. Judson to Everett Stebbins of Amasa.

The name of P. N. Peterson was an error, as it should have been P. M. Peterson

Another Co. L Boy Killed In Battle

"Deeply regret to inform you that Mechanic Fred St. Peter, was officially reported killed in action on July 31. M'CAIN, Adjutant General

The foregoing message received from the war department shortly after noon yesterday was the first word which Mr. and Mrs. Ovid St. Peter, 534 Almyra street, Menominee, have received from their son, Mechanic Fred St. Peter, since his arrival in France with Company L, last February.

That the announcement of his death should be the first message the parents have received from him gives his supreme sacrifice, made on the fields of France, which have already been sanctified with the blood of other Menominee young men, an added pathos.

Fred St. Peter was a mechanic with Company L of Menominee He enlisted about three years ago and saw service with the company at the Mexican border. Later he returned with the company to Escanaba and went south last fall, when the unit was ordered to Camp MacArthur, Waco, Texas, for overseas training.

He arrived in France late in February, and since that time his parents have not received a single word from him. Daily the heartbroken mother watched for the mail carrier, expecting a message from her son, that he was well, but none came.

Today, like a bolt out of the clear sky a message was received announcing that he was officially reported killed in action on July 31, the day on which Company L distinguished itself in the great Aisne-Marne offensive, which cost the lives of seven of its members.

LACE CURTAINS OF FRENCH FOR BANDAGES
With the American Army in France just beyond Juvigny during their advance the Americans captured a German dressing station and several wounded Germans and rescued two wounded Americans. The rescued Americans had had little food for two days and virtually no attention. The Americans did not complain, however, as the German wounded were not given much attention either. This was due to the confusion of the retreat and the great numbers of wounded Germans who poured into the station as the Americans advanced.

In the dressing station were found quantities of French lace curtains which had been cut into strips for bandages, also crepe paper used for the same purpose. The lace had been taken by the Germans from French homes in various sections sterilized and medicated, cut into strips and rolled the same as regulation bandages. French officers who examined the lace said that it was unquestionably of French make. The Germans had evidently been obliged to use bandages of this type because of the shortage of material in Germany.

LOSERS COMMISSION; ENLISTS AS PRIVATE IN THE MARINES
Detroit—"Broken" and losing his commission after winning one at an officers' training camp for a minor infraction of the military laws, Stanley E. Yeager of Detroit, has after repeated efforts, succeeded in enlisting as a private in the Marines. Yeager is anxious to serve and the officers declare his evident patriotism is of an unusual nature, for in his heart there is no rancor because the shoulder straps were taken from him. They believe he will again win his way up the ladder.

CONSCRIPT PROPERTY BEFORE LABOR
Chicago.—The administration's attitude toward conscription of labor was outlined before the Association of Commerce today by Louis Post, assistant secretary of labor.

"The time may come," he said, "When we will have to conscript workers in mines, forests and factories, but in the name of democracy these men shall not be conscripted until we have first conscripted the places where they shall work. This democracy will not stand for conscription of the men to work for the profit of other men. If conscripted a man must work for Uncle Sam and no one else."

Miss Marie Sidi has resigned her position at the A. J. Kirstin Co. to accept one with the Delta Printing Co.

McLaughlin-Kitalar.
A number of Escanaba and Gladstone people have returned from DePere where on Wednesday they attended the wedding of Miss Dymphna McLaughlin, daughter of Mrs. John McLaughlin of DePere formerly of this city, to Mr. John L. Kitalar.

Of the wedding the Green Bay Press Gazette says:
This morning St. Mary's church was the scene of a very elaborate ceremony. Attended by all the pomp and splendor of a solemn high mass, Miss Dymphna Mae McLaughlin became the bride of John L. Kitalar. Both have made their homes in DePere and have taken an active part in social affairs of the younger set for several years.

At 10:30 o'clock the party entered the main door of the church, marching to Father Dobbleson's superb rendition of Mendelssohn's wedding march. The procession was ushered in by Henry Hoks of this city and Daniel Thompson of Green Bay. Next came the flower girls, the little Misses Eileen Tierney and Margaret Brogan of Green Bay. These were followed by the maid of honor, Miss Rose Rutherford of Escanaba aunt of the bride, attired in a pink gown of gorette crepe and satin and carrying an arm bouquet of bride's roses and sweet peas. Next in order were the bridesmaids, Miss Margaret Gallagher of Escanaba, cousin of the bride and Miss Edith Spear of this city. The former wore a gown of white net, trimmed with white satin, while Miss Spear's costume consisted of white crepe de chine with silver trimmings. Both carried arm bouquets of Ophelia roses. Then came the bride, presenting a beautiful picture of youthful loveliness in her attractive gown of ivory white satin with trimmings of pearl and a court train. A white tulle veil draped in cap effect and fastened with pearls extended to the end of her train and the costume was completed with white satin pumps and white kid gloves. She was led to the altar by her brother, Frank McLaughlin who was dressed in the regulation uniform of the United States army.

The party proceeded up the main aisle to the altar railing, where it was met by the groom attended by George Carr of Escanaba. After the giving away ceremony, all knelt while the "Vent Creator" was sung. The nuptial mass was then celebrated by the Rev. Wm. Van Rosmalen, pastor of St. Mary's church and uncle of the groom. He was assisted by Fathers Dillon and DeKort as deacon and sub-deacon respectively. Several prominent members of the Catholic clergy attended in the sanctuary. At the conclusion of the mass a "Te Deum" was sung by the full parish choir. The procession then filed out of the church.

Immediately following the church services a reception was held at the bride's home on Onleda street. The house was tastefully decorated with ferns, palms and gladiolus.

Mr. Kitalar is well known throughout this and neighboring cities as a young artist of exceptional talent and great promise. He is a graduate of the Royal Academy of Fine and Applied Arts of Bois de Lue, Holland, and an alumnus of St. Norbert's college. He has been engaged in portrait work and the fine arts of church and interior decorating.

The bride is a graduate of West De Pere High school and has served in the capacity of supervisor in Red Cross work since the inception of the local chapter. The popularity of both was attested by the large attendance at the church.

The out of town friends and relatives in attendance were the Misses Ruth Boyle and Gallagher, Mr. Geo. Carr, Mr. James Doherty of Escanaba; Mrs. M. Henke of Gladstone, Mr. and Mrs. W. H. Tierney, Mrs. Ellen Tierney Mr. and Mrs. James Brogan, Miss Margaret Brogan, Miss Eileen Tierney Mrs. N. Thompson, Mr. and Mrs. W. H. Delaney, Master Ralph Delaney, Miss Nell Burns, Mr. J. Burns of Green Bay and Mr. Frank McLaughlin of New York.

The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.

GERMAN CROWN PRINCE SEVERELY CRITICIZED
London.—The crown prince of Germany is "in bad" again. This time it is the trouncing he got at the Marne that has caused the quarrel in which according to the Essen newspaper Tageszeitung, the kaiser took part. Here's the account this paper gives:

"At a council of war in the presence of the kaiser the crown prince was severely criticized by Ludendorff, who angrily put forth something resembling a demand that will be relieved of his command.

"The kaiser conceded Ludendorff had some reason for his anger, but held 'dynamic considerations must prevail over purely military considerations."

Allied Flyers Put Cannon Out Of Action

Behind British Lines in France—A British-American airplanes squadron in a certain section of the front in Northern France won the everlasting gratitude of the civilian population of a little market town in the mining district this week by putting out of action a big German gun which had started in to make life miserable for the local inhabitants.

The gun opened up very suddenly one market day, at an hour when the streets were at their busiest. Without warning about noon there was the crash of a terrific explosion in the central square, which by the way was located more than eight miles behind the front line.

Other explosions followed with a deadly regularity at intervals of ten minutes. The death dealer was a high velocity 15-inch gun of the naval type. It was using shrapnel and casualties among troops and civilians were numerous.

Gun is Located. The task of locating the gun was handed over to the nearby British-American airplane squadron with certain directions as to probabilities. Within a few hours the task was duly accomplished and photographs were brought in which showed the position plainly.

Unfortunately the job of putting the big gun out of action was not so simple. Its position was too far back to be reached by the ordinary counter-battery guns and howitzers, and it happened that there were no long-range guns in the area capable of dealing with it.

To bring such guns from another part of lines would mean considerable delay and speed was vital. It was therefore decided that the big gun must be bombed from air plane. And well bombed it was, that very day, by the same squadron which had located it.

Bombs varying all the way from 20 pounds to 112 lbs each descended upon and around the emplacements. The satisfactory results were testified by the fact that no more 15-inch shells have disturbed the market place.

FUNERAL TODAY. Funeral services for Miss Gladys Goodnough, who died at the home of her parents, 25 Highland avenue, will be held from the late residence at 2 o'clock this afternoon Rev. C. A. Lund officiating. Burial will take place in Lakeview.

Sees Advance Of Americans

With the American Army—After four days and nights spent in an observation post in the region of Juvigny, Sergeant Croshaw, of Grand Rapids, Michigan, returned today to division headquarters after witnessing virtually all of the American daylight action in the attack on the plateau that began early in one morning Sunday afternoon while the Americans were eastward bound. He saw infantrymen cross, trench by trench, until he wondered how they stood the strain of shells and machine gun fire pouring upon the plateau. Time and again the advancing infantrymen were compelled to halt and cut broken down wire entanglements to get thru. Many trenches were so wide that the advancing soldiers were compelled to take them on the running jump or get down on one side and up on the other.

Fire Losses May Be Prevented By More Precautions

Urging that every precaution be taken to prevent fires by removing any possible causes for a blaze, the state fire marshal's office appeals to householders to inspect all heating plants, see that fires are clean, wires repaired and rubbish destroyed. The message cautions in the use of gasoline, oily waste, cigarets and matches.

"The fire losses in Michigan last year totaled \$16,500,000, and 143 lives were lost through fires. Investigation conducted by the fire marshal's department show that much of this enormous loss might have been prevented, had the proper precautions been taken.

"There were 9,716 fires in 1917, the causes being as follows: Sparks, 1,384; defective chimneys, 1,038; defective stoves and furnaces, 885; gasoline and kerosene explosions, 506; careless use of matches, 629; defective wiring, 452; careless smokers, 372; spontaneous combustion and rubbish, 276; open fires and lights, 275; gas, 276; open fires and lights, 276; gas, 113; defective pipes, 101; hot ashes and coals, 97.

Brandy Freed On Payment Of All The Costs

John Brandy, who had spent several weeks in the county jail since his arrest on charges of "loafing, loitering," and general practice of his natural aversion to toil, was arraigned before Judge Glaser yesterday.

John has agreed to take out his naturalization papers, but because he is not of draft age, he could not get into the army by the induction route and enlistments have been stopped.

In the understanding that he is to find work in a shipyard at Milwaukee at once, he was released after he had settled all the costs in the case, including his board bill at the county jail.

Will Train Men For Clerical Work

Two limited service men, qualified for clerical work, will go to the colors on Sept. 7, to be trained for work under the local draft boards of the nation.

The call is the first step by the war department to place the clerical work of the local draft boards in the hands of soldiers instead of civilians.

It is understood that the men will be sent to a camp where they will be trained especially for work under the county and district draft boards and when their training is completed they will be permanently assigned.

The local board is awaiting telegraphic instructions for the induction of the two men to be summoned from this county.

Auto Suggestion Is Not In Favor

A suggestion made yesterday that the city traffic ordinance, which prohibits autos from turning in the middle of the block, did not meet with the approval of members of the city council. The change was urged as the means of saving gasoline. Members of the council pointed out that the traffic rule, which requires cars to run to street intersections to make the turn, had been adopted for the purpose of saving lives, and under no conditions could be intertered with.

Guild Meets Today

A meeting of St. Stephen's Guild of the Episcopal church will be held at the rectory this afternoon. All members are asked to attend.

A marriage license was issued yesterday to Frank Bousan and Miss Rose Macabee, both of Esauigan.

Two New Stores Thronged With Shoppers Thurs.

Two stores opened to the public yesterday, were visited by hundreds of people.

The Railway Employees' Co-operative store in the Jepson block had a large patronage. The neatly arranged goods attractively displayed in every department were greatly admired. "More than satisfactory" is the manner in which the management summed up the opening of the institution.

The J. C. Penny Co. opened its doors for business in the Delft block, where it moved from 602 Ludington street. The new quarters are far more spacious, the show windows larger and more attractive and the room made necessary by the firm's steady growth is provided.

National Club To Give Prize At Local Fair

Secretary J. C. Baker has been informed by the National Home Garden association, that one-half book of thrift stamps will be offered at the Northern State Fair by that body, for the best five cans of any sort of canned goods. This award will be in addition to the premiums offered by the Fair association.

ELECTRIC WELDER DRAWS CROWD FOR A MINUTE

A considerable crowd of spectators was attracted on lower Ludington street yesterday when a crew of the Escanaba Traction company, placed an electric welding machine in operation to repair a switch. Although the crowd gathered quickly, it did not remain congregated long, as the intense light from the welder forced all to turn away to secure relief for their eyes.

DETROIT MAN IS NAMED WARDEN OF JACKSON PRISON

Jackson, Mich.—Acting on the demand of Governor Sleeper for the election of a warden of the Michigan state prison here to succeed Colonel Bruce P. Disque, who is now in the United States army, the prison board of control elected as warden Harry L. Hulbert, 777 Newport avenue, superintendent of the Andrew Sisman company, Detroit.

The board accepted the resignation of Colonel Disque and by the selection of Mr. Hulbert automatically displaced Edward Frensdorf, of Hudson, who has been acting as warden since Colonel Disque's departure. Mr. Frensdorf will remain at the prison until the new warden is familiar with his duties.

KAISER'S HAIR SAID TO NOW BE SNOW WHITE

Geneva—Swiss who saw Emperor Wilhelm and King Ferdinand quite closely at their Naubelm conference recently, according to the Democrat, declare that the German ruler has greatly aged; that his hair is snow white and his shoulders stopped. The emperor's eyes are feverish, his gestures abrupt and his face, which is severely lined and tanned, gives the general impression of a man suffering a great sorrow.

The Democrat learns that the emperor's visit to King Ferdinand was for the object of obtaining Bulgarian divisions for the western front in order to relieve German reserves, similar to the way Austro-Hungarian troops are being used to fill the gaps caused by the heavy losses during the present retreat in the meantime German recruits barely 18 years old have received orders to prepare to join the fighting forces on the first of October.

Murray Winegar who has been visiting in the city will leave today for Marquette to visit an uncle who is ill. He will return to the Great Lakes Naval Training station next week.

Mr. and Mrs. George Caswell and Mrs. Thomas Ryan of Oshkosh are guests at the home of Mr and Mrs. B. D. Brophy.

Earl and Roy Johnson, who had spent their vacation with Mr. and Mrs. Charles Carlson at Alfred, have returned home.

Never in the history of the Northern State fair have things moved so briskly about the office of the president. A son was born yesterday to Mr. and Mrs. Arthur Peterson. All concerned are doing splendidly.

Miss Ethel Dewey wishes the Press to state that she has not gone to Chicago, as has been reported, and that all engagements for violin lessons will be filled as arranged.

C. J. Beidelman, enlisted in the U. S. Marine and stationed at Paris Island, is visiting with relatives in the city.

A marriage license was issued yesterday to Howard S. Perrett of Peshigo and Miss Edna I. Snopes of Marquette.

Lieut. Philip Beath left last night for Camp Meade, to report for duty.

Peter Asp of this city has received a letter from Gus Asp, with the King George greeting given to all American soldiers who arrive in England.

Although I paid only \$2.00 for 2 bottles of Mayr's Wonderful Remedy I wouldn't take \$100 for what 2 doses have done for me. My partner also has taken a dose with wonderful results. He was threatened with an operation for stomach and bowel trouble and is sure he will be all right now. We both suffered from indigestion and bloating with gas. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Mother Of Mrs. Davis Is Dead In Auto City

Word was received here yesterday of the death in Detroit of Mrs. Mary Green, mother of Mrs. F. D. Davis, 1012 Second street. Mrs. Green had made her home with Mrs. Davis during a portion of the past ten years and was well known to many Escanaba people.

The body will be taken to her old home in Connecticut for burial. Mrs. Davis was with her mother when the end came. Death followed an illness of more than a year.

Deceased was the widow of Edwin Green, pioneer upper peninsula mining man, who died about 20 years ago. The family formerly resided at Ne-gaunee.

Mrs. Samuel Rodgers is visiting with relatives in Sault Ste Marie. Archie Godin was down from Little Lake yesterday.
