CHEER PERSHING VETS

Jackie Band Thrills Multitude With Music Such As Only Naval Bands Can Produce.

Full 10,000 Escanabans greeted the train of war curios, the two Pershing veterans and the Great Lakes Jackie band at foot of Sarah street last night.

For Liberty Loan. The arrival of the train is the beginning of the artillery fire which will be followed in a few days by the drive for Cleveland's quota of the \$6,000,000 Liberty Loan issue.

"Pinch Hitter," He Says. After telling something of his experiences in swatting the Huns, that sent hats flying in all directions with a description of the big world series, tied in the ninth, with the allies at bat.

"Uncle Sam," he said, "was warming the bench."

"Just watch me," replied Uncle, selecting his bat.

"Wait until he grooves his fast one," said U. S., "and I'll knock it out of the lot."

"So far," said Langdon, "the fast one hasn't come over, and I see by today's papers that Bill is trying to have the game called on account of darkness, but it won't work. He's got to finish the game and Uncle Sam is the surest swatter in the big show. The allies have the bases full and when Uncle Sam connects—good night."

"Would Kill Them All." Sergeant L. W. Davis of the 41st company, 1st Engineers, was the next speaker. Davis was also a gas victim, and has been touring for the Liberty Loan.

"I wish I could back every damned Hun prisoner up against a wall and shoot them down like the dogs that

they are," he said with all the force at his command. "So would you if you had seen what I had seen in France and Belgium."

That Band. You can always tell a Jackie band—especially a Sousa Jackie band—and the 30 musicians were sure chips off the Sousa block.

Pep? Enough to favor the Atlantic ocean like a chile concarne and they dispensed their inspiring harmony without stint. They sang too and their singing pleased almost as much as their instrumental stuff.

J. F. Kelley was the director—some director too—although he is little more than a school boy and he chose his numbers well.

Of special local interest was the appearance of George Weingartner, Escanaba boy, in the cornet section.

The Exhibits. Big shells, little shells, big guns, little guns, helmets, snipers armor, trench gloves, hand grenades, swords, bayonets, machine guns, bullets, trenching tools, trench shoes, gas masks—everything our boys are using and a lot of things a few hundred dead Germans will never use again, were included.

It was viewer with much interest by the throngs that filed through the three cars.

Leave On See. The train came here from Negaunee and left early this morning for Rhineland, Wis., where it will appear today.

The stop here was but one in a 3,000 mile trip over the Ninth Federal Reserve district.

Newspaper Man Kills Wife; Leaves a Note

New York, Sept. 16.—Mrs. Charles Chapin, 60 years old, wife of the city editor of the Evening World, was found shot to death in her apartments in the Cumberland hotel, Broadway and 54th street, today. She had been dead since morning. A letter from Mr. Chapin to Don C. Seitz, business manager of the World, stated that she would be dead when the note was received. Chapin has not been located.

German Orders Say Look Out For Yanks

With the First American Army, Sept. 16.—"The Priest Wood," seem of such sanguinary fighting in 1915, "is in our possession. We are approaching Hill 327, which overlooks the Moselle as far as Pagny. Our troops are close to Vandieres—on the Moselle half way between Pont a Mousson and Pagny.

French And Servian Troops Make Gains

London, Sept. 16.—French and Servian troops in Macedonia have advanced more than eight miles on the Vardar line and have captured the first and second line trenches of the enemy taking 800 prisoners and 10 guns. This announcement was made tonight by Secretary Balfour at a dinner of the Greek business men. The Macedonian victory is but the prelude to bigger successes there, he stated.

Cardinal Farley's Condition Is Grave

Mararoneck, N. Y., Sept. 16.—Cardinal Farley is sinking rapidly, a bulletin from his bedside tonight states. The end may be expected at any time.

FULLER WILL BE OPPOSED IS WORD HERE

Delta County Man to Be Opposed for Auditor General at Republican State Convention—Unexpected

TO SEND DELEGATIONS

Contrary to the expectations of the hosts of friends of O. B. Fuller in this section and throughout the state the Delta county man is to be opposed for renomination as auditor general at the coming Republican state convention.

To assure the renomination of Mr. Fuller it will be advisable for Delta county and every other county in the upper peninsula to send complete delegations to the convention.

A report was received in Escanaba yesterday that Mr. Fuller is to be opposed by Milton Oakman, of Detroit.

Plans Are Disrupted. It had been generally agreed by Republican leaders throughout the state that the coming state convention would prove a big get-together meeting, not marred by contests for any of the offices.

According to the report received here yesterday it is the hope of the friends of the Detroit man to stampede the convention for him. Supporters of Oakman are proceeding on the theory that many upper peninsula counties will not be represented in the convention.

To meet the situation friends of Mr. Fuller will exert a strong effort to assure that every Cleveland county will have delegates on the floor when the roll is called.

At the Republican county convention here a week ago resolutions were adopted pledging the united support of the delegation from this county to the candidacy of Mr. Fuller and similar action was taken in several other counties of the district.

Fuller Is Grateful. That Mr. Fuller greatly appreciates the action taken at the convention here is shown by the following statement of Mr. Fuller in a letter to an Escanaba friend:

"I appreciate very much the action of the delegates at the Republican county convention held in Escanaba on the 10th inst. in adopting the resolution endorsing my administration of the department of the auditor general and as a member of the War Preparedness Board.

"The continued confidence of the people of my home county have in me has been an inspiration, and if my work has resulted in benefit to the people of the state, the people of Delta county are entitled to the credit.

"I know of no greater reward than the commendation and approval of the people among whom I have lived for years. Yours, truly O. B. FULLER."

Balfour Says He Will Not Predict The Time

London, Sept. 16.—"I shall not attempt to prophecy when the war shall end, although I frankly admit that that time is not affected by the Austro-Hungarian developments," said Arthur J. Balfour, British foreign secretary, in a speech here tonight. "And it is quite certain that the allies have not suffered in vain.

Britishers Down 38 German Air Machines

London, Sept. 16.—Thirty-eight German airplanes were brought down yesterday, Field Marshal Haig's night report shows. The British lost 16 machines but dropped 32 tons of bombs on various German targets.

Lenine Issues Order For German League

Stockholm, Sept. 16.—Premier Lenine who is still confined to his bed with wounds received from the gun of a would-be assassin, has sent a preliminary summons for a conference with Bolsheviki leaders for an alliance with German against the entente powers. The Czech-Slovakos are given as the reason.

ALL MEN IN CLASS ONE CALLED OUT

New Order Will Take Thousands of Men Into Military Camps—Clean Sweep to New Classes.

LID PUT ON OFFICERS

Washington, Sept. 16.—Provost Marshal General Crowder today wiped the slate clean of all Class One in the country, except those who will be so classed in the new draft.

In three calls he summoned 182,000 men to the colors. Every state is asked to send men. Negroes to the number of 29,000 will entrain Sept. 25 to 27; 10,000 more will go on October 16; 140,000 white men will be called October 7 to 11.

New Figures Incomplete. The total figures of the Sept. 12 registration were not available today. Practically complete returns have been received from Arkansas, Connecticut, Delaware, Florida, District of Columbia, Indiana, Maryland, Iowa, New Hampshire, New Jersey, Oklahoma, Rhode Island, Utah, Vermont, and Wisconsin.

Vermont registered 112 1/2 per cent of its estimated quota the largest in excess except the District of Columbia which registered 122 per cent. Utah was lowest with 89 per cent.

Departments Busy. The war and navy departments were busy struggling over the assignment of men into the army navy and marines. Registrants may be permitted to state their qualifications for either of these branches and local boards may consider same. It was stated, although this matter has not been definitely decided.

No Civil Commissions. The lid is on commissions to civilians, under a new order from the Adjutant General's office, revoking his previous or which would have been effective Sept. 24. There are a few exceptions for special departments, if men have been given deferred classifications on industrial or occupational grounds.

100,000 Are Jailed; Hundreds Murdered

Stockholm, Sept. 16.—Refugees from Petrograd deny that there is truth in the rumors that the city is in flames. They state however, that more than 800 people have been put to death in 10 days by the Bolsheviki and that 10,000 officers in the former capital have been jailed.

Teuts And Austrians Dont Get Along Well

With the First American Field Army, Sept. 16.—There is antagonism among the German and Austrian troops. Austro-Hungarian prisoners in Les Esparges bitterly complain that the Germans failed to reinforce them and provide ammunition. The German morale is lower than ever. The equipment has deteriorated, the officers even wearing patched uniforms.

LOCAL ACTION AND ENEMY SHELLS REAR

AMERICANS ON METZ FRONT SPEND QUIET DAY IN CONSOLIDATION.

PRISONERS TAKEN

French Capture Vally Northwest of Soissons While British Move Ahead Near Ypres.

BULLETIN

With the Americans in the Vosges, Sept. 16.—The Germans are today nervously shelling our back areas behind the St. Die railroad. For the first time in months they are using big calibre shells in this region. The observers on the St. Die have had instructions to photograph all of our rear areas, according to a captured observation machine pilot.

The Vosges is in Alsace, 65 miles from the Lorraine sector.

Paris, Sept. 16.—The Americans on the front of Metz spent the greater part of the past 24 hours in consolidating their lines and preparing for the larger and more important moves that are sure to come. The Germans appreciated the rest in a measure, but spent the day in nervously firing their biggest guns and sending random shells over the back areas of the Yankees, whom they have learned to watch at every turn.

Busy in Vosges. Evidently the enemy is expecting an American movement in the St. Vosges sector, for he kept shelling the back areas of the lines there, but his attempts to block traffic on the St. Die railroad, were futile and the work of bringing up needed supplies and material to the khaki clad fighters went merrily on.

Right Wing Moves. The American right wing moved slightly ahead, with more or less opposition along the Cotes de Lorraine and Moselle. This portion of the front was brought solidly to the west bank of the Moselle, all the way between Pont a Mousson and Pagny en Moselle. All of the blood-drenched Priest's wood is in American hands and Hill 327, which dominates the river, has been occupied by them.

American patrols are nearing Vandieres, half way between Pont a Mousson and Pagny.

French Marking Time. On the left and in the center, Franco-American troops appear to be marking time. No counterattacks by the enemy were reported here, although it appeared several times that the Germans were planning a move of some kind.

Aviators Busy. American and British aviators were busily engaged all day, bombing German communication lines, especially those leading out of Metz and many direct hits were scored.

Busy in Macedonia. In Macedonia, the French and Servians struck a sudden and successful blow and advanced eight miles. They overran the first and second Bulgarian and Tonton auxiliary lines and in the first hour took 800 prisoners. A number of dominant heights including Sokol were wrested from the Bulgars.

French Take Vally. The French continued their attacks on the Alsne, taking Vally, 9 miles northwest of Soissons, while between the Alsne and the Oise they took Mt. Signes from the Germans. Here 300 Hun prisoners were captured.

British Advance. British gains in the Ypres locality were reported, but there was nothing here but small scale and local operations.

Embargo On Grain By Food Administration

Chicago, Sept. 16.—Effective Sept. 18, an embargo on shipments of grain or reconsignments to Duluth, Minneapolis, Milwaukee, St. Louis, Kansas City, Council Bluffs and St. Joseph. Future shipments will be regulated by the Food Administration. The move is stated to be necessary because of congested conditions in the storage warehouses due to early movement of the crops. Permits to ship to any of these cities will be issued if the conditions warrant.

MORE PROOF OF RUSSIAN CROOKEDNESS

State Department Makes Public More Documents That Showed of Plots to Wreck U. S. Plans With Spies.

SENSATIONAL LETTERS

Washington, Sept. 16.—A timely and convincing exposure of the elaborate secret preparations Germany had made to manufacture a bogus peace is contained in today's installment of the confidential correspondence of her agents with the puppet Bolsheviki government.

At the moment when Berlin, directly and through Austria, sends out a peace offer, the United States removes all doubt as to her true motives by desisting what she terms a discussion by showing to the world the motives back of a peace move.

Here are some impressive facts bearing on this phase of the enemy's activities, either in original or photographic copies of communications which passed between the Bolsheviki chiefs and the German general staff or German agents in Petrograd.

Faked Passports. An arrangement in January of this year, whereby Leon Trotsky, the discredited Bolsheviki minister, was to provide fraudulent passports to spies, German officers, German agents and other workers to enter the United States and other allied countries for the purpose of circulating and financing peace propaganda.

2. An arrangement to permit agents, agitators and disinformationists to Vladivostok where they were to board Russian freighters for America, Japan and British colonies, all expenses to be paid by the German government through the operating fund in Russia.

3. Arrangements, at the same time, to send German agents to the camps of war prisoners of Russia to secure spies to work among the French and British soldiers under guard there, where the peace propaganda would be promoted.

U-Boats in Pacific. The documents show that arrangements had been completed to send three submarines overland by the Trans-Siberian railway to the Pacific where they could prey upon American Japanese trade. A fleet of ships, with the appearance of Russian merchant vessels manned by Russians but officered by Germans, would oppose and destroy Japanese and American ships on the high seas.

Robbed Ambassador. Other letters give full details for a daylight robbery of the British, French and Italian embassies in Russian and the hold-up in full daylight of the Italian ambassador in the hope of securing important diplomatic papers.

Russia Supposed Friendly. The point emphasized throughout was the fact that all these schemes were hatched at the time when Russia was supposed to have been an ally of the United States and the entente nations and friendly to all of them.

Berlin Tells Of Big Raid On French City

Berlin, Sept. 16.—Twenty-two tons of bombs were dropped on the city of Paris last night according to the day war office report.

CANT TREAT WITH THEM SAYS WILSON

Has Repeatedly States Terms for Peace and Cannot Consider Any Other Says Chief Executive.

IN JUST HALF HOUR

Washington, Sept. 16.—President Wilson tonight flatly refused the Austro-Hungarian suggestion for a peace parley. His reply is without precedent in history. It was made public within half an hour after the original text of the note was delivered by the Swedish minister.

The president again spoke for the civilized world and in so doing wrote "fins" to the proposition. His answer couched in the simplest language, was brief, as compared to the several thousand words of the Austrian note. He said:

"The government of the United States feels that there is only one reply that it can make to the suggestion of the Imperial Austrian Hungarian government. It has repeatedly and with the utmost candor, stated the terms on which it will consider peace and it can entertain no other thoughts or take no other position."

Tomorrow a message for diplomatic embellishment will be given to the Swedish minister in exactly the same text which appears in the one given out by Secretary Lansing. It will be transmitted to Austria today.

Broke All Records. Chronologically, the answer is the fastest chapter in the history of the war and the reason for this is evident. It is that the United States sees Germany's hand in the Austrian suggestion.

It was 6:20 when the Swedish minister delivered the note to Secretary Lansing and 33 minutes later that Secretary Lansing gave the announcement of the contents of the President's reply to the press.

"Working Hours." The tabloid was enacted in much the same manner as suggested in the telegram of a certain American citizen to the president today: "Tell Austria that America does not talk during working hours," it said. Wilson's answer is sufficient evidence that the president and the American people will not talk peace during working hours.

To the Front. It is believed that it will bring America, "right about face," to the business of winning the war. There is no fear that business will be forgotten, but there is every assurance that no hope for an Austro-Hungarian peace suggestion will be fostered in American minds and in the minds of the other allied nations.

Wilson has not given an opportunity for anything but business and all "working hours" in America.

British Advance In Flanders Haig Says

London, Sept. 16.—The British advanced slightly in Flanders today, Field Marshal Haig's report states. Patrols brought in German prisoners.

Berlin Says Germans Took Yank Prisoners

Berlin, via London, Sept. 16.—"We took prisoners in the course of the day's engagements on the Lorraine front," says tonight's war office statement.

Postoffice Issues A Novel Fraud Order

Washington, Sept. 16.—A fraud order was issued here today by the postoffice department against "Vic" Britton famous jockey, who is charged with selling fake tips on the races by mail. His brother, A. L. Britton is also implicated.

DRAFT ARMY IS TO NEED 5 BILLIONS

Chairman Sherry, chairman of the house appropriations committee, today had a long conference with General Crowder, in which the latter stated \$14,000,000 will be needed for the immediate use of his department in working out the draft law. The engineering department has asked for \$35,000,000 and the air department \$117,000,000. Besides these sums, the war department will need immense sums for payment of officers and men, gun clothing, munitions, etc.

May Drop Taxes.
The house amended the revenue bill where it provided for income taxes at the rates of the present, supreme court justices and other federal officers, as well as state, county and municipal officials.
Representative Graham of Pennsylvania opposed the amendment, which was introduced by Representative Walsh of Massachusetts. Graham insisted that it would humiliate the president and justices to pass upon the merits of the measure, which he believed to be unconstitutional.

Yom Kippur Is Observed Here By Ceremonies

Yom Kippur the greatest of all days in the Jewish religion, was appropriately observed by the entire Jewish population of Escanaba yesterday. Impressive services were held at the North Star hall, Rabbi Levi, of M'pleton officiating.
In addition to its religious significance the day also was marked by a drive for the Jewish War Relief for several hundred dollars being raised during the day. Members of the committee in charge of the drive are Philip Stein, M. Coplan and Jacob A. Perovitz.

Giant Plane Is Shot Down By Paris Gun

Paris, Sept. 16—A giant airplane was brought down here last night by our anti-aircraft guns. The bodies of three German aviators were extricated from the ruins of the machine. No damage was done.

INFANT DIES HERE.
The infant son of Mr. and Mrs. John Binzer died Monday at his home, 1211 Stephenson avenue. Funeral services will be held this afternoon at the home at 2:30. Rev. Lunn will have charge of the services.

Washington, Sept. 13—President Wilson has signed the joint resolution empowering him to establish prohibition zones around shipyards, munition factories and other war industries.
Under the general terms of the resolution, more drastic restrictions than now prevail may be ordered at all war plants, and the measure is aimed specifically at the town of Oliver, Wis., which has sprung up with many saloons. It is across the river from Duluth. It is understood an order for a wide zone about the Duluth industries center close upon Oliver, will go out immediately.

FOR SALE (CHEAP) Team of war horses, weight 2100, price \$1275, mare, weights about 1200 with wagon and harness for \$100. Whole outfit for \$200. Enquire of H. T. Hansen, 608 S. Jennie St. 119-296-21.

County Board Proceedings

Escanaba, Mich., Aug. 9, 1918.
At a meeting of the Board of Supervisors for the County of Delta, was held at the Court House, in the City of Escanaba, on the above named date.
Present: Supervisors Atkins, Barry, Bruce, Leachamp, Chatfield, Cuthbert, Daniel, Good, H. J. Greene, Charles Green, Halvorson, Harmon, Harvey, Lancour, Soren Johnson, Murphy, Olmsted, Pederson, Riley, Swan, Villemure, Young and MacLean.
Absent: Supervisors Frank Johnson and J. P. Miller.
Moved by Supervisor Atkins supported by Supervisor Bruce that the minutes of the preceding meeting be approved as printed. Motion carried.
Order closing or suspending the open season for taking or hunting partridge in the counties of the state, except Kalkaska, Antrim and Schueller, for a term of one year commencing fifteenth day of July, 1918. State of Michigan, County of Michigan, ss.
Whereas, a petition having been filed in my office in the City of Lansing, signed by a majority of the members of the board of Supervisors of the counties of the state, asking that a time and place be fixed in said county, to hold a public hearing to determine the advisability of making an order to suspend, abridge or otherwise regulate the present open season now fixed by law for the taking or hunting of the following birds, to-wit: partridge, because of the threatened depletion or extermination of said animals or birds. And
Whereas, a proper notice of said hearing was duly published in accordance with law, and hearing thereon having been held in the city of Lansing, on the twenty-fourth day of April, 1918, at which time and place all persons appearing were heard both for and against the issuance of such an order.
Therefore, I, John Baird, State Game, Fish and Forest Fire Commissioner of the Public Domain Commission of the State of Michigan, after due deliberation of the evidence submitted at such hearing thereon, do hereby order that the open season provided by Section 18 of Act 277 of the Public Acts of 1917 as amended or the following birds, to-wit: Partridge is hereby suspended or closed for a term of one year from fifteenth day of July, 1918, during which time it shall be unlawful to pursue, hunt, or kill any such birds, under the penalties provided by Section 5 of Act 3 of the Public Acts of 1917.
Signed, sealed and ordered published at this sixth day of June, 1918.
JOHN BAIRD,
State Game, Fish, and Forest Fire Commissioner of the Public Domain Commission.

Approved by the Public Domain Commission this 7th day of June, 1918.
AUGUSTUS C. CARTON,
Secretary.
Moved by Supervisor Murphy supported by Supervisor Olmsted that the order closing partridge season be spread upon the minutes. Motion carried.
To the Honorable Board of Supervisors, Delta County:
We, your committee to whom was referred the matter of a sanitarium to be erected jointly and operated by Menominee, Delta, Iron and Dickinson counties, beg leave to report.
That the committee was unable to secure an interview with the Chairman of the Iron County Board, because of his absence from the county but that from previous discussion with the Iron County members, we do not believe that there is much hope of having Iron county enter into such a proposition, and that any further delay waiting for Iron county is unnecessary.
Dickinson county from the information secured by the committee desires to postpone further consideration until building conditions are more favorable also that conditions are unfavorable for securing a proper physician for superintending such institution.
Dickinson county is favorable to the proposition when the proper time arrives then they will proceed jointly.
Menominee county from the information your committee has received is agreeable to proceeding jointly with Delta county, only in the construction of a sanitarium and not delay the matter any, awaiting the action of any other county.
We your committee believe that we should delay any further action until Dickinson county is favorably inclined to proceed, that this committee recommends that we be allowed to continue in the matter, and that upon Menominee and Dickinson counties being ready to proceed then in that event, this committee be allowed by this Board to proceed in the premises according to law.
T. J. RILEY,
H. J. GREENE,
GEO. HARVEY,
F. W. GOOD,
SOREN JOHNSON.

Moved by Supervisor Lancoeur supported by Supervisor Atkins that the report of the Sanitarium committee be accepted. Motion carried.
Moved by Supervisor Soren Johnson supported by Supervisor Harvey that the Board procure a Service Flag with one additional star in honor of George Nebel, who since the last meeting enlisted in the army. Motion carried.
(To Be Continued.)

All Cards Here Get New Number Affixed In Hurry

Members of the Delta county exemption board on Sunday completed the work of affixing serial number to the 4038 registration cards signed by Delta county men on Registration Day. The big task was completed in record time and yesterday clerks employed by the board began the work of preparing five complete lists of the names on file at the clerk's office.
One list will be forwarded to the adjutant general; one to the provost marshal; one to be posted at the office of the exemption board; one to be filed at that office and one copy for publication in the newspapers of the county.
Complete Lists.
As soon as the lists are completed everything will be in readiness for the drawing of the order numbers at Washington, when order numbers will be assigned to cards and the lists.
Immediately after the order number have been assigned the work of sending out questionnaires to all registrants will be undertaken. They will follow the classification and final examination of the registrants.

Soldier Clerk Is Assigned To Delta Draft Board

A permanent soldier clerk has been assigned to the Delta county exemption board and is expected to arrive in Escanaba for duty on some day of this week.
According to the announcement received by the board yesterday from Major Petermann, judge advocate, the soldier clerk assigned to the local board will work directly under County Clerk A. J. Pepin and will relieve that official of many of his present burdens.
Throughout the time the soldier is stationed here he will be in military service and will be required to report at a certain hour each morning and to give the board a certain number of hours of his time each day.

Labre Car Hits Buggy Yesterday

The George Labre automobile, in which Mr. and Mrs. Labre and Mrs. Irene Douglas were passengers, crashed into a buggy driven by Joseph Pulsky on the Bark River road early yesterday afternoon. There was little damage save for a scratched head received by Mr. Labre, no one was injured. Mr. Pulsky's horse ran a short distance after the buggy tipped over but was quickly captured and quieted.

Chemist Wins Lasting Gratitude

"I tried several doctors and all kinds of medicine, and had about given up all hope of getting better. I did not think it possible that any medicine could be so wonderful in its effect as Mayr's Wonderful Remedy has proven in my case. You sure have won my lasting gratitude. I cannot work at all and had constant pain in my stomach before taking your medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

Two Lads Win Commissions

Two Delta county young men were commissioned as lieutenants at the fourth officers' training camp at Camp Fremont, according to formal notice received here.
Jacob A. Blinck of this city and Louis Deloria of Garden were commissioned as second lieutenants in the infantry.
Good for Billions.
"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. Seeing Chamberlain's Tablets advertised I concluded to try them. I improved rapidly."—Miss Emma Verbyke, Lima, Ohio.

Delta Men Will Go To The Colors Wednesday Night

Three Delta county men will be sent to East Lansing on Sept. 18 for special training in mechanics before entering active military service. Five men have been summoned to report to the exemption board at the court house at 8 o'clock on Wednesday morning. The men summoned are L. L. Foote, Garden; Harold Baum, Escanaba; Daniel O'Donnell, Escanaba and Nicholas F. Petry, Escanaba.
Miss Helen Klinger left Sunday night for Chicago where she will spend a two weeks' vacation.

THE COLORED AMERICANS
In continuing the work of the 19 of 16 colored soldiers confined in the courts-martial proceeding out of the Houston, Texas, riots some time over a year ago, President Wilson says:

"I desire the clemency here indicated to be a recognition of the splendid loyalty of the race to which the soldiers belong and an inspiration to the people of that race to further zeal and service to the country of their adopted home."

Both German and Austrian now want peace. Little wonder—the Yanks are about to step over the German border and do a little job of business on the specifications of a German ship by the Huns in France.

CLOVERLAND

McDONOUGH IN ARMY.
Capt. M. S. McDonough, formerly prosecuting attorney of Iron county and for nearly a year a trainer in the various camps of the country, arrived home the fore part of the week and has since been visiting with his family and legion of friends.

Sapt. McDonough is looking fine and says he has never felt better in his life. He entered the officers' training camp at Fort Sheridan nearly a year and a half ago and after winning his commission as captain in the infantry he has been forging right ahead as one of Uncle Sam's best trainers and disciplinaries, as the members of the local company of state troops can testify from the grueling drilling he gave them last Tuesday evening.

Capt. McDonough expects to leave tomorrow evening for the U. S. academy at West Point or the training camp at Camp Lee, Virginia, where he will be a senior instructor. He is now a captain in the regular army, having passed the examination in a highly creditable manner. He has no doubt whether his family will seek with him or not, but says that as far as his work is concerned it will be devoted to military duties hereafter, which means that his home will be somewhere in the future, which many friends will be sorry to hear at will heartily congratulate him on his success that he has made in the service of Uncle Sam.

TAMARACK ADS STARS.
Two Tamarack young men have made the supreme sacrifice on the battlefield and two gold stars will be placed on Tamarack's community service banner, signifying that two of its sons have given their lives for democracy. They are Albert Kargela, son of Mr. and Mrs. Matt Kargela, of 322 Oak street, and William Husband who left here last fall to join the Canadian forces.

SERGEANT RETURNS HOME.
Miss Sergeant Ralph Brown of C. I. Marinette, who has been in the thick of the fight in France is expected home in a few days. The above is a text of the telegram received by Mrs. Ralph Brown from her husband, who is now in Virginia, on his way to Marinette. It is expected that Sergeant Brown will be used as an instructor in one of the large army cantonments in this country.

PENITENT BRAWL VICTIM.
Joe Santine was discharged and Joe Santine was bound over to court by Justice Bernady after a hearing on the stabbing fray in Penitence Wednesday night in Dominic's saloon. Both Santine and Maruff were mixed up in a saloon brawl Wednesday night with Joe Hale, who suffered three serious gashes in his body and a nose at the M. & M. hospital in a very serious condition.

ANDREWS IS HONORED.
R. M. Andrews of Marquette today received a telegram from the director of the Federal Reserve Bank asking him to be one of the two speakers to accompany the Great Lakes fleet to the Fourth Liberty Loan tour through lower Michigan. The alternating speaker at these meetings will be the Hon. Arthur H. Vandenberg, of Grand Rapids.

STICK TO THE END.
"The war will scarcely end before a year from now; the boys do not wish to come home until it is over; they would like to be returning now but would not be satisfied to return unless they knew beyond all doubt that the enemy was beaten to a frazzle." The boys are well and in excellent spirits and send a message of good cheer to Houghton. The enthusiasm of the Michigan soldiers and that includes the Engineers, reached such great heights in their engagements with the Boche it was impossible to hold them back. They literally plunged into the most hideous dangers and positions with an eagerness which words will not describe.—Lieut. Theriault.

Lieut. Elmer Theriault, who, as acting captain, led Company G, of Houghton, "over the top" in the Chau-Thierry fight in July, has arrived home from France. His return was the occasion of a demonstration the like of which has seldom been witnessed in the copper country. The entire city joined in welcoming him.

American Bacon Welcomed Abroad

London, Sept. 13.—E. Ford of the District Freight Office of the Great Western Railway at Cardiff, Wales, writes the following to the Daily Mail:
"We are all very glad to see the large stocks of American bacon now exposed for sale and to have a share of it. But cannot this bacon be 'In the army, navy, munitions and other departments the Allies have thrown all their special knowledge and appliances into the common pot and we are benefiting thereby.'"

"Why not take the principle a step further and do the same in the commercial world, and so far as the Americans are concerned let them into the secret of how to turn out bacon equal to our own Wiltshire and Irish, and hams equal to our own York ham, etc.?"

The Piffle Hook

By Slim Pickens

SUCH A CREATURE!
I saw a queer monster that wore on its head,
A helmet constructed of leather and lead,
There were pads on its knees, on each shoulder a pillow;
Each shinbone was cased in a stocking of willow.
Its hoofs carried spikes that dug deep in the ground,
And its nose was constructed of rubber, I found.
"Wha' is it," I gasped. Said my son with a laugh,
"Wha' Dad, don't you know? That's McNutt, our left half."

A man marries to get a home and then turns around and forgets what he got married for.
Isn't it too bad, since there are so many things to lose in this world, there are so few good losers?

OLD VERSE REVAMPED.
A fool there is and he made his vow (Even as you and I)
Cigars cost more than my wages allow.
I'm going to stop them, here and now.
And did he stop? Well you know how (Even as you and I)

There will be little change in men's trousers this season," announces a tailoring company's ad in the well known Saturday Evening Post. Probably has reference to the pockets.

GLAD HER IN PURPLE AND FINE LIXEN AND PLACE A CHAIN OF GOLD ABOUT HER NECK!
Dear Slim: My wife thinks you stuff is funny. What would you suggest?

POOR CY!
Cy says, he would not like to dwell within the city's broad domain. He says the way they charge in there, give him an awful inward pain. They taxed him fifteen cents for pan-cakes.

Ten for coffee—mighty high—
And kept the dog knives so sharp.
He cut his mouth while eating pie.

Some men go out looking for trouble. Others stay single and are sued for breach of promise.

Beauty is only skin deep and clothes don't make the man, but in a love affair, a curly haired Apollo in a uniform is mighty hard competition for a mush-faced geek in overalls.

NOTHER MYSTERY.
A funny thing came down the line,
In black and purple checks,
It wore a wristwatch and a cane,
And heavy shelled rimmed specks,
I pon its lip there grew so neat,
A little row of fuzz,
A brindled pup was leading it,
I don't know what it was!

Every girl knows that kisses contain death dealing microbes, but gosh, how bravely some of them face death.

YOU BET WE DO!
"Heavy" hastens to admit that he remembers, "Just Because She Made Them Goo-Goo Eyes," and wonders if Slim Pickens remembers, Maude S. Ethel Levy and "I Ain't Got No Use for Sleep."

Slim rushes to assure "Heavy" that not only does he remember all of these, but can also recall:
Lou Dillon.
Death Valley Scotty.
When Fred Macy starred in "The Empire."
Peg-top trousers.
3-Star Hennessy.
"Meet Me in St. Louis."
Our fashions for women may be nutty, but think of hoop-skirts.
FINIS.
Of course we could write on and on,
And fill a husky volume,
But that means work and so we'll pen
A verse to close the column.

Closeups and Fadeouts

By Imogene

Thomas H. Ince is building a \$300,000 studio at Culver City. It will cover eleven acres and the plans call for eighteen buildings.

Mae Marsh is a devoted admirer of the famous operatic star, Geraldine Farrar, and watches her work with interest. Jerry, it is true, has ruled that there be on-lookers present when she is acting, but Miss Marsh is the lucky exception.

General Crowder has given forth a ruling to the effect that motion picture actors and "other skilled persons necessary to the production of motion pictures," are engaged in an essential industry and are not affected by the work or fight law.

Tom Moore, is a regular star, now, for Goldwyn. It used to be Madge Kennedy, Mae Marsh, or Mable Norman, "supported by Tom Moore," but now it's Tom Moore going to be "supported." His first picture for Goldwyn is "Just for Tonight."

From 10 to 12 per cent of the Motion picture "man power" of the United States is in the war. Among the number are the names of stars and general favorites: Lieutenant Tom Forman, Lasky; Walter Long, Griffith's prize villain, and formerly an Escanaban; Jack Pickford, "Free Kiss" of "Tom Sawyers," whichever you wish; S. Rankin, who went down behind the German lines fighting seven German armies; Eugene James Zukor; Harold Lloyd, comedian; Kenneth Harlan, matinee idol; Eugene Palette whose last picture was "Vivette"; William D. Taylor, Mary Pickford's director, and Lieutenant Edward Langford, Ethel Clayton's leading man. There are scores of others too and the number is growing.

Bryant Washburn has a new leading lady, Florence Vidor. You remember her—the girl who sprang into fame overnight by her characterization of the pathetic little seamstress with William Farnum in "A Tale of Two Cities."

Announcement is made this month of the marriage of Alma Buebens, Triangle star, to Franklin Farnum. Mr. Farnum is now with the Metro.

William Russell and Charlotte Burton have decided that one year of married life, with each other, is enough of a good thing. All Miss Burton wants is \$350 alimony and friend husband's automobile.

June Caprice has left Fox. She is, if you remember, William Fox's proof that he could take any pretty intelligent girl and make a star of her.

Irene Castle has appeared for the last time before the American public. She is going to France to enter in the boys' act, to carry on the work for which her heroic husband gave his life.

Eugene O'Brien, the good looking cynical Irishman who makes love to Norma Tammage in Select productions, has decided to desert the screen next season for the noisy state. This is a hard blow to fanettes, but then something may turn up to change his mind.

Milred Manning, the O Henry girl is taking a long vacation for screen work.

Not long ago Charles Spenser Chaplin stood before a great crowd in New York to speak for the Liberty Loan, but the dark young man was a total stranger, and his sober words created little or no impression. Suddenly a hoarse voice in the audience yelled, "Wal' funny!" Charles Spenser hesitated for one second and then Charlie walked funny. The crowd went wild and after the laughter subsided the subscriptions came in tens of thousands.

Paramount has made a new discovery in the person of sixteen year old Lily Lee. She was a charming juvenile personage called "Cuddles." Mr. Lasky saw her, gave her a contract and now they are sure she'll make good. Which brings to light a startling fact—they are telling the truth about "Cuddles."

Those of you who have read and enjoyed Edna Ferber's clever stories about "Mrs. Emma McChesney" will be interested to know that Ethel Barrymore has completed "Our Mrs. McChesney," on the screen, for Metro Ralph Ince directed it throughout the story.

The boys of Co. D 115th Engineers, whom Dorothy Dixon, Ince star, has adopted, presented her, with a medal on which is inscribed, "To Our Godmother, Dorothy Dixon, from Co. D, May 4, 1918." Dorothy is keeping to D. well supplied with candy, smoke and entertainment.

Metro has acquired two new stars. The first is Hale Hamilton, who has appeared opposite May Allison and Viola Dana. His first picture is "The Five Thousand Dollars an Hour." The second is Olive Tell who does splendid work in the Metro superpicture, "To Hell with the Kaiser." Both have played leads for the Metro at times, but now they will star continuously.

Shirley Mason and Ernest Frazer are co-stars in Paramount productions under the supervision of John Emerson and Anita Loos, a combination guaranteed to make a howling success of almost anything.

and found that the young women he loved had been spirited away—to some place unknown to him. In "One Hour" this situation arises early in the photoplay, which is to be seen at the Strand theatre today and the subsequent events are many and exciting. A picture of strong romantic flavor. "One Hour" has much fibre to attract motion picture patrons who want something vigorous in the stories. Produced by Harry Rapf, and taken over as a Hoffman-Foursquare, this feature has attracted the New York reviewers as one of the pictures likely to create a sensation during the present season. Zena Keefe and Alan Hale are the two stars.

For a Weak Stomach.
The great relief afforded by Chamberlain's Tablets in the multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.

Fair And Warmer Weather Man Says

Today will be fair and slightly warmer, according to the local weather observatory's daily statement which says:

Within the last twenty-four hours substantial rains fell in Missouri and the south central portions of the Rocky Mountains and Plains states and light showers occurred in the vicinity of the Great Lakes. A moderate depression occupied the west Gulf region. A decided change to cooler has taken place in the Rocky Mountain and Plains States, due to the prevalence of a high-pressure area in the middle western sections.

Fair and continued cool weather is indicated for this locality tonight with frost. Tuesday will be fair and slightly warmer.

COW INJURED.

Dr. Firlus was called to Harris Sunday where a valuable cow belonging to Arthur Sunberry had been hit by a train.

Even Wild Bill's Picture Isn't Safe In Esqy

"That's the kaiser, sic 'em, sic 'em" urged a small boy Sunday night, as he and his dog looked over the war posters in the windows of the Delta Loan & Title Co.

And the dog stood 'em shrilly, wildly enthusiastically, vigorously.

Fortunately for a collection of interesting news pictures, the plate glass window stood the onslaught. But it was lots of fun.

LEMIRE WINS NOMINATION BY 48 VOTES

Official Figures Were Received from the Secretary of State Yesterday by Successful Candidate.

CLOSEST IN HISTORY

Dr. W. A. LeMire of this city, was nominated as senator from the Thirtieth senatorial district by a majority of 48 votes over Atty. H. J. Rushton, also of Escanaba.

The figures given in the official canvass show that Dr. LeMire carried Delta, M. nomination and Schoolcraft counties while Atty Rushton carried the counties of Chippewa, Luce and Mackinac.

Vote Was Close.

It is believed that never in the history of the Thirtieth district has such a close vote been recorded in two candidacies. For several days following the primary election the result was in doubt, although the election of Dr. LeMire was indicated. The official figures came yesterday to confirm the result as announced by the newspapers of the district.

The Official Vote.

Following is the official vote by counties:

Table with 3 columns: County, LeMire, Rushton. Rows: Chippewa, Delta, Luce, Mackinac, Menominee, Schoolcraft.

Hoover's Task Is Commended By U. S. Senator

Lansing, Mich., Sept. 16.—Senator Oscar W. Underwood of Alabama, recently gave out the following statement concerning the activities of the Food Administration:

A little over a year ago, on August 10, 1917, Herbert Hoover was appointed Food Administrator by President Wilson under the Food Control Act, under which he has worked ever since, became a law.

In a world unsettled by the chaos of war he undertook a task of colossal difficulty and has achieved remarkable results. While I have always had the utmost faith in the Food Control Act as a war measure, I frankly admit that Mr Hoover has far surpassed my expectations in the good he has accomplished.

He got to work at once; he stimulated food production, regulated distribution, did away with hoarding and speculation, established just margins of profit for dealers and kept up a flow of exports from our shores that lifted the Allies over dreary months when their fate hung in the balance, and with it the fate of the cause for which we are now fighting with them.

The Food Administration is to be especially congratulated upon the manner in which it enlisted the whole population of the nation in its service. To tell 10,000,000 people, far from the actual seat of war, to change entirely their habits of eating is a step that seemed almost revolutionary in our country. Yet the response was instantaneous and wholehearted.

America's womanhood has been especially willing to serve, both in the home and in performing community duties having relation to food conservation. Hundreds of thousands of homes were put on an absolutely wheatless basis last spring, when the Allies had to have wheat to go on. The adaptability of the American housewife, who used wheat, meat and sugar substitutes, under the direction of the Food Administration is as fine a quality as any brought out by the war itself. It stood for true sacrifice.

I have admired particularly the flexibility of the food program. A thousand adverse conditions have had to be met; drought and flood and unforeseen weather that destroyed or impeded transportation, and threw out the finest calculations; submarine sinkings that cut off various commodities before they reached Allied shores; sudden demands from Europe for particular foodstuffs, the sending of which meant change in the diet of the American home, which had to go without; and the necessities of our own constantly-expanding military organization which is increasing consumption of food tremendously and leaving fewer men in the fields to produce it.

The Food Administration has met all these emergencies in a manner which has excited my admiration and that of every true American, as well as of the nations of Europe that have benefited by its activities. When the whole story of the war is told, I do not doubt that the chapters dealing with the great food adventure undertaken by Herbert Hoover will be among the brightest that illumine the pages of our history.

"Dr." Wetherell Is Much Sought Thru Cloverland

That "Doctor" G. H. Wetherell, who recently left Escanaba forfeiting a cash bailbond when arrested on a charge preferred at the instance of a representative of the State Medical Registration Board, operated in a number of upper peninsula cities, is shown by the following from the Calumet News:

"Doctor" George Wetherell, an itinerant "physician" who recently visited Calumet for the purpose of practicing and who came into contact with the authorities as a result of a justice court charge alleging cruelty to animals apparently has run amok of the law in the iron country. His case has come to the attention of the state board of health and it is said that he is sought on a charge of fraudulent practicing.

The state medical registration board has taken steps to apprehend Dr. George Wetherell who a few days ago announced that he intended to establish a hospital somewhere in Marquette county and who was later arrested in Escanaba, charged with obtaining money under false pretenses.

Wetherell put up a cash bail, but failed to appear in Escanaba, at the time of the hearing. He did not return to Escanaba as he announced he would to meet patients who desired to consult. He has not been heard of since he disappeared from Escanaba and it is assumed that he is now somewhere from the upper peninsula, perhaps working his trade in some other place under a different name.

While it is believed that Wetherell was among the crowd of "physicians" and "surgeons" run out of Detroit by the authorities it is now thought that he operated there under a different name from the one he used here, as there was no Dr. Wetherell among those whom the authorities ordered to leave the city. His advertisements announced that he had come from Detroit and it is assumed that he practiced there or had been in the city and was familiar with it.

The expose of fraud by the "bloodless and electric" surgeons was made by a reporter on a Detroit paper, who went around to the different "doctors" and conducted an investigation, as a "patient" who was supposed to be suffering from some disease, but who, in reality, was in perfect health. All the "doctors" he consulted told him he was in a bad way. After he had completed the rounds he wrote a story for his paper, showing up the whole outfit. Then the police got busy and within a few days there were a number of vacant offices where crowds of afflicted persons had been coming for weeks. It is said that the fakirs cleaned up a lot of "easy" money. If Wetherell was one of the "doctors" his pockets are doubtless pretty well lined and it was no trouble for him to put up a cash bail in Escanaba.

Gasless Sunday Observed Here

Gasless Sunday in Delta county was all that it implies. There will be but a very small list of violators for publication by the Fuel administration this week. The number of cars was very small and practically all of these came in the "exempt" class.

You Can't Eat Meat 100 Miles Away

Preparing meat is only a part of Swift & Company's usefulness. The finest meat in the world wouldn't do you any good one hundred miles away from your table. Swift & Company efficiency has made it possible to place complete lines of products in the smallest and most remote communities. To be sure the work is done well Swift & Company, through its branch houses and car routes, brings the meat to the retail dealer for you. Swift & Company lays out car routes covering towns—big, little, medium size—which are not served by a Swift branch house. Salesmen find out in advance what is wanted by the dealers in every town. They are followed by refrigerator cars loaded with retailers' orders, which are delivered at each town—fresh, clean, and sweet—once or twice each week. Swift & Company operates a large number of car routes like this, from fourteen distributing plants. This is a necessary and natural part of the packer's usefulness. It fits into the industry in an orderly, effective way. It makes better meat cheaper from one end of the land to the other.

BANKERS IN SOO SESSION MAKE PLANS

M. N. Smith of Escanaba, Retires As Chairman of Group One, Michigan Bankers' Association.

ADDRESSES DELIVERED

M. N. Smith, retiring from Group One, Michigan Bankers' Association, has returned from Sault Ste Marie where he attended the annual meeting of the Group.

Representative bankers from the fifteen counties in the upper peninsula were in attendance. The Soo was honored in the election of Fred S. Cass as chairman of the group, succeeding M. N. Smith of Escanaba, and by the election of A. Wesley Clarke to succeed Mr. Cass on the executive committee.

The business meeting in the afternoon was opened by an eloquent address of welcome by Francis T. MacDonald, Edward S. Bice, vice president of the First National bank of Marquette, responded, after which Chairman M. N. Smith read a formal address detailing the year's progress and achievements of the group.

The concluding feature of the gathering was an address by Leo C. Harman, who is not only a banker of Manistique, but president of the Upper Peninsula Development Bureau. Mr. Harman's talk was on "The Bankers' Part in the Great Sheep and Sable Movement to Cloverland."

Talks On Good Roads.
After welcoming the visiting bankers, including representatives of the four great banks of Canada, who were present from Soo, Ont. Mr. Cass called upon Frank F. Rogers, state highway commissioner, who delivered an address upon "The Financial Value of Good Roads," giving facts and figures on Michigan's road building achievements of great interest.

"Chippewa county early realized the value of roads by spending \$100,000 on her's years ago," he said, "and I was some time before the department caught up with her." He declared it was good sound economy to satisfy the economic demands of the community using them and gave decidedly interesting facts concerning the present roadbuilding progress both in lower and upper Michigan.

"The war work of the highway department in building roads as feeders to Camp Custer and the Selfridge aviation field was touched upon, a fact was the fact that one-third of the 1917 personnel of the department is now in khaki fighting for the overthrow of Hunnism."

John Black of Houghton, upper Michigan director of the Federal Reserve bank, spoke briefly on the growth of the Federal Reserve bank since inception 4 years ago, lauded upper peninsula bankers for their cooperation with it, and paid a strong tribute to the work done in Chippewa county by William M. Snell, to whom he declared, a great share of the success of the last two loan campaigns of which Mr. Snell was chairman, is due.

Sailor Placed Under Restraint

William Brown of Chicago, a sailor on the Natanfa, an ore boat, was placed under restraint by Sheriff Iverson Sunday at the request of the captain. Brown had been acting strangely for several days and Sunday it was deemed best to leave him where he could be treated. He talks irrationally about a number of subjects but is not in any way violent. A formal hearing will be held in Judge Yelland's court this morning.

Marquette Man To Speak Here

George Tucker of Marquette, will deliver an address at the First Methodist church, corner of Hale and Wolcott street next Sunday evening at 7:30 o'clock. Mr. Tucker is a very eloquent speaker and is much in demand not only in this state but in other states as well. He delivered a patriotic address in this city about a year ago and all who heard him pronounced the address to be a masterpiece. It will surely be a treat to Escanaba folks to have Mr. Tucker here again to deliver an address and it is expected that all who can will take advantage of the opportunity to hear him. His subject has not yet been announced but he is filled with patriotic zeal and it is expected therefore that he will speak along patriotic lines. He has delivered patriotic addresses in many of the large cities of the country, including Milwaukee, where he was the principal speaker at a large patriotic demonstration where he held the audience spell bound from start to finish.

Mr. Tucker will be here as a guest of the Men's Club. The address will be free and open to everybody.

Bennie Richie Given A Chance

Bennie Richie, 18, who had been held in the county jail on a charge of robbing a money drawer at Hansen and Jensen's was given a preliminary examination before Judge Glaser yesterday. The case was continued for thirty days, during which time Richie promised the court and County Prosecutor Strom that he would go to work and repay the money he is alleged to have taken.

8 Year Old Girl Dies At Beaver

Marie Hanis, 8-year-old daughter of Mr. and Mrs. George Hanis of Beaver, died at the home of her parents at 8 o'clock yesterday morning after a week's illness with peritonitis. Funeral services will be held this afternoon in the Swedish Lutheran church at Perkins, and interment will take place there.

Lathrop Man Is Dead Here

August Gustafson, a timber contractor of the Lathrop community, died Sunday in a local hospital after an illness of several weeks. He was 50 years of age and well known in most parts of the county. He leaves a wife and two daughters, who reside at Manistique. The body was taken to the Wilkinson undertaking parlors and prepared for burial. Funeral arrangements have not been made.

Carlson Held To Await The Circuit Court

Charles Carlson, whose wild attempt to elude Motor Officer Jordeals a short time ago led to a motor race over considerable territory was held yesterday by Judge Glaser to await the action of the circuit court on the charge of bringing liquor into the state.

William Johnson and Carl Banks, who were with Carlson in the latter's machine, and were taken into custody at the same time, were allowed to go on their way.

Carlson, it will be remembered, was stopped by Bourdelais on the Ford River road. The officer found a quantity of liquor in the car and ordered the drive to proceed to town. Carlson proceeded, but at a speed of 40 miles per hour. Numerous bottles and jugs of whiskey were tossed overboard on the way. Finally the machine stopped and they asked Bourdelais to examine the cargo. Bourdelais, however, examined the roadside instead and collected a few unbroken exhibits. The men were arrested the next day when Carlson pleaded guilty to a charge of speeding and paid a \$25 fine. The liquor charge was continued till yesterday with the results stated above.

Another Held To Await Trial

Kasper Kabusick of Manistique was arrested at the police station yesterday morning on a charge of bringing liquor into the state. A bottle of the fire water was found in his pocket.

Kasper claimed that his wife is ill in Manistique and needed stimulants and that he made the trip to Marinette to secure them. While there he also secured some for himself for when he arrived in Escanaba he was in an intoxicated condition. Judge Glaser held him for trial by the circuit court.

Felix Rivers, arrested Saturday on a similar charge, was also held for the sitting of that body.

Local Woman Dies Sunday

Mrs. Florence A. Work aged 48 died at the family home, 614 Georgia street Sunday. She had been an Escanaba resident for the past 19 years.

Mrs. Work was born in Illinois in 1870. She is survived by her husband, Harry C. Work, a daughter, Josephine, aged 9, two sisters, Mrs. Anna White and Miss Fannie Hunt, both of Hanover, Ill. and three brothers, William Hunt of Wichita, Kans., Earl Hunt of Fargo, N. D., and Elmer Hunt of Fredericksburg, Ia.

Funeral services which will be private will be held from the residence at 10:30 this morning. Rev. R. Stanley Brown of the First Presbyterian church in charge, and interment will take place in Lakeview cemetery.

Masonville To Have A Record In Short Time

Any idea that might have existed that the Masonville Township fair was not to be pulled off this year with the usual "pep" was fully dispelled when the directors and a bunch of boosters met to complete the plans and go over some little details that required attention for the coming fair to be held the 25th, 26th and 27th of the present month.

Over a hundred names to the membership of the present association were added at the price of one dollar each and it is now assured that the entire township from one end to the other will be pulling for the success of the association stronger than ever before.

The money added by the sale of the membership cards, the \$200 which was appropriated by the county board of supervisors, together with that which the township appropriates and what comes in at the gate, as well as some outstanding accounts which are collectable; puts a sum available to the various committees and of improvement to the premium list over previous years, that the committees are in clover so far as funds for their various requirements are concerned and there will be an array of free attractions never dreamed of when the association was organized a few years ago.

More extensive advertising, program and enlarged premium lists will be mailed out all over the county the first of the coming week and all is in readiness for the biggest and best Masonville Township fair ever held.

The Attention of Telephone Subscribers Is Invited to the Following Order of the Postmaster General

ORDER NO. 1931. August 28, 1918.

"Owing to the necessity for conserving labor and material and to eliminate a cost which is now borne by the permanent user of the telephone, a readiness to serve or installation charge will be made on and after Sept. 1, 1918, for all new installations, also a charge for all changes in location of telephones.

Installation charges to be as follows:

Where the rate is \$2.00 a month or less	\$ 5.00
Where the rate is more than \$2 but not exceeding \$4 a month	10.00
Where the rate is more than \$4 a month	15.00

The moving charge to subscribers will be the actual cost of labor and material necessary for making the change.

"In accordance with Bulletin No. 2, issued by me August 1, 1918, stating that 'until further notice the telegraph and telephone companies shall continue operation in the ordinary course of business through their regular channels,' in all cases where rate adjustments are pending or immediately necessary, they should be taken up by the company involved through the usual channels and action obtained wherever possible. In all cases, however, where rates are changed such changes should be submitted to me for approval before being placed in effect."

A. S. BURLESON,
Postmaster General.
